H
Dear Army Corp. of Engineers,
Please find a compromise so
us kids at Carlton Landing Academy
can have a mature center and
also have positive effects
on the lake.

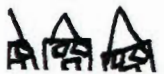

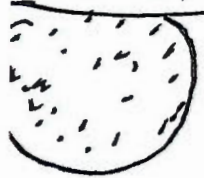

Sincerely,
Bo Channel

Kids

Nature Center

I think we should have a Nature center so that we can investigate and learn a lot science and the world around us. I also think we should have a Nature center so we can have fun exploring animals, plants, fish, birds, and bugs. 😊

Sincerely:
London Peterson 😊
