SAILING ADVISORY FOR TRANSIT

POOL 15: NM 347.5 – 348.1

McCLELLAN-KERR ARKANSAS RIVER NAVIGATION SYSTEM, OKLAHOMA

A 125 foot wide channel has been dredged between NM 347.5 and NM 348.5. Mariners should sail the green line while transiting this area. Dredging is still in progress along the red line. The Dredge Franklin will be monitoring channel 16 for approaching traffic. Mariners are advised to contact the dredge or Lock 15 in advance to allow the contractor time to clear the channel. Until dredging is complete, vessels should continue to use extreme caution while transiting this section.

The Pool 15 elevation deviation will also be removed with this Navigation Notice. Pool 15 will return to normal operating elevations of 458 to 460.

Waterway users are asked to check with Lock No. 15 for the latest information. Questions or request for additional information concerning this notice should be directed to Mr. Vic Heister; Navigation Field Engineer: 918-669-7244 or Mr. Rodney Beard; Navigation Project Manager: 918-775-4475 ext 5890.
