

# Baker Dam Recreation Area

## Site Information

### Amenities

Access roads within the campground and day use area are graded gravel. Both the campground and day use area have accessible vault toilets, picnic tables, and fire pits with grills. Each campsite has RV or vehicle parking and a tent pad. Trash collection is provided. Water and electrical hookups are not available. Campsites are first come, first served.

### Fees

Interagency Annual, Access, Senior, Volunteer, and Military Passes are honored for day use fees only. All fees collected at this site are used to fund operations, improvements, and repairs at the recreation area.

### Camping Restrictions

Stays are limited to 14 days. To protect the area's natural resources and to minimize impacts to private property, camping is prohibited on BLM managed lands within one mile of the recreation area.

### Private Property

Much of the reservoir's shoreline is private, but is open for public access. Tread Lightly and Leave No Trace.

## Vicinity Map

## Directions

### From St. George

From Interstate 15 Exit 6, head north on Bluff Street (State Route 18). Travel 24 miles and turn right onto the Baker Dam Reservoir Road. Continue .6 miles and turn right into the recreation area.

Explore • Enjoy • Protect

# Baker Dam Recreation Area

In the early 1980s, the **Baker Dam Recreation Area** was developed to take advantage of the recreational opportunities provided by the reservoir. Increased public demand led to an expansion of the recreation area in 1994 that included enlarging the campground and adding a day use section. Today, the recreation area serves as a base camp to enjoy not only the reservoir, but adjacent public lands as well. Please protect your resources by acting responsibly and following the rules.

**Camping**  
**\$6 per night per site**  
**Day Use**  
**\$2 per vehicle**

## **Fishing**

» Baker Dam Reservoir is known for its cold water game fish. It is annually stocked by the Utah Division of Wildlife Resources with rainbow and brown trout, but is also home to non-game, non-native species such as the reidside shiner and green sunfish.

## **Birding**

» Migratory and year-round birds enjoy the reservoir's open water and the Santa Clara River's riparian habitat. View birds at the reservoir as well as along the Overlook Trail. Look for Eagles, Gray Flycatchers, Herons, and other waterfowl.

## **Hunting**

» Hunting is permitted on public lands in accordance with Utah state laws and regulations outside of the recreation area. There are opportunities to hunt for deer, quail, and rabbit. Keep off highway vehicles on existing roads and trails.

## **Off Highway Vehicle Use**

» OHVs may travel on BLM managed lands and the Dixie National Forest on existing roads and trails; however, OHV use is not permitted within the recreation area. Please be informed of all laws and regulations relating to OHVs.

## **Dixie National Forest**

» Pine Valley Ranger District abuts BLM managed lands to the north and east. The Forest provides fishing, hiking, camping, and hunting. Cooler temps prevail with elevations reaching over 6,500 feet in the Pine Valley Mountains.
