NCEPLIBS Trac Opened Tickets

Firefox browser window showing the NCEPLIBS Trac website. The page title is "{1} Active Tickets - NCEPLIBS - Mozilla Firefox". The address bar shows the URL: https://svnemc.ncep.noaa.gov/trac/nceplibs/report/1. The page content includes a search bar, navigation tabs (Wiki, Timeline, Roadmap, Browse Source, View Tickets, New Ticket, Search, Admin), and a list of active tickets. The tickets are displayed in a table with columns: Ticket, Summary, Component, Version, Milestone, Type, Owner, Status, and Created. The table contains 8 rows of ticket information. Below the table, there is a note: "Note: See TracReports for help on using and creating reports." and a section for "Download in other formats" with links for RSS Feed, Comma-delimited Text, Tab-delimited Text, and SQL Query. The Windows taskbar at the bottom shows the Start button, system tray, and several open applications including X-Session, Eugene.Mir..., 2 Microsoft..., 3 Firefox, and various Microsoft Office applications. The system clock shows 12:47 PM on 4/27/2012.
