## LIBRARY INFORMATION

The NOAA Library and Information Network Catalog (NOAALINC) resides on Stilas, an integrated library system provided by the Sirsi Corporation. NOAALINC represents the automated holdings of the NOAA Central Library in Silver Spring, Maryland and 22 other NOAA libraries located around the U.S. Currently, the NOAALINC contains records for more than 200,000 items with 5,000-10,000 added each year.

NOAALINC provides several search methods to locate records of items. Users can search for keywords in titles, subject headings, authors, or series. Users can browse indexes of titles, subject headings, authors, series, or call number. Each bibliographic record shows a brief description of the item with a list of which libraries hold the item. The list of libraries will show the call number, item's specific information, and whether the item is available for circulation.

NOAALINC is available to anyone, without restriction, 24 hours a day, every day of the year. Visitors to the NOAA Central Library can access the catalog thru workstations located throughout the Library. Remote users can access the catalog thru a link from the NOAA Central Library's homepage at - <http://www.lib.noaa.gov/>.

NOAA personnel may contact the nearest NOAA Library or the NOAA Central Library and arrange to borrow materials. Members of the general public should contact their local library to arrange for an interlibrary loan. Restrictions apply on circulation of certain materials.
