

# **SECNAV INNOVATION AWARDS PROGRAM NOMINATION FORM**

**AWARD:** Additive Manufacturing

**DESCRIPTION:** This award seeks to highlight DON achievements in the field of additive manufacturing. Submissions should focus on those efforts that result in direct benefit to the operational forces through cost savings, improved readiness, expanded fleet or fleet support capabilities or led to innovative warfighter solutions.

---

## **GENERAL INSTRUCTIONS:**

- Innovation Award nominations may be submitted via this form or directly inputted into the Innovation Awards portal at:
  - <https://portal.secnav.navy.mil/cop/nin/2015Awards/>
- If the Submitter uses this nomination form, they should ensure that each answer is completed.

### NOTES:

- All entries should be written in sentence case (DO NOT USE UPPERCASE)
  - Submissions that exceed the word limit in Part II will not be accepted.
  - Supplementary material may be submitted with the nomination form, but is not required.
- The Submitter may forward the form to an Endorser, but it is not required.
  - The Submitter/Endorser then emails the completed form and any applicable supplementary material to [DON\\_Innovation@navy.mil](mailto:DON_Innovation@navy.mil) with “Innovation Awards Submission – Additive Manufacturing” as the subject. A Quick Link is provided below:
    - [Additive Manufacturing](#)
  - Questions may be submitted to [DON\\_Innovation@navy.mil](mailto:DON_Innovation@navy.mil).
    - FAQs will be posted on the Innovation Awards portal and the DON Innovation website:
      - <http://www.secnav.navy.mil/innovation/pages/awards.aspx>
  - The Verifier must be an O-5 Commanding Officer; or any O-6/GS-15 or higher (e.g. Director, Department Head, etc...). The Verifier may be contacted to provide additional information, to include (but not limited to) the Innovation Merit and Operational Impact.
