84.407 TRANSITION PROGRAMS FOR STUDENTS WITH INTELLECTUAL DISABILITIES INTO HIGHER EDUCATION

FEDERAL AGENCY:

Office of Postsecondary Education, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, as amended., Title VII, Part D, Section 767 and 777(b), 20 U.S.C 1140G.

OBJECTIVES:

To support model demonstration programs that promote the successful transition of students with intellectual disabilities into higher education.

Funds also will support a coordinating center for institutions of higher education that offer inclusive comprehensive transition and postsecondary programs for students with intellectual disabilities.

TYPES OF ASSISTANCE:

Cooperative Agreements; Project Grants (Discretionary)

USES AND USE RESTRICTIONS:

An institution of higher education (IHE) shall use grant funds to establish a model comprehensive transition and postsecondary program for students with intellectual disabilities that 1) serves students with intellectual disabilities, 2) provides individual supports and services for the academic and social inclusion of students with intellectual disabilities in academic courses, extracurricular activities, and other aspects of the IHEs regular postsecondary program, 3) provides a focus on academic enrichment, socialization, independent living skills, including self-advocacy, and integrated work experiences and career skills that lead to gainful employment, 4) integrates person-centered planning in the development of the course of study for each student with an intellectual disability participating in the model program, 5) participates with the coordinating center established under section 777(b) of the Higher Education Act, as amended, in the evaluation of the model program, 6) partners with one or more local education agencies to support students with intellectual

disabilities participating in the model program who are still eligible for special education and related services under the Individuals with Disabilities Education Act, 7) plans for the sustainability of the model program after the end of the grant period, and 8) creates and offers a meaningful credential for student with intellectual disabilities upon the completion of the model program.

The coordinating center will provide recommendations related to the development of standards, provide technical assistance and evaluations for model demonstration programs. The center will assist in the development, evaluation, funding, outreach, and continuous improvement of model transition programs.

Applicant Eligibility:

Institutions of Higher Education or a consortia of IHEs are eligible for awards under this program.

Beneficiary Eligibility:

Grant funds establish model comprehensive transition and postsecondary programs for students with intellectual disabilities. Funds also support a coordinating center that provides technical assistance for all comprehensive transition and postsecondary programs for students with intellectual disabilities.

Credentials/Documentation:

Each IHE or consortia of IHEs desiring a grant under this program shall submit an application to the Department at such time, in such manner, and containing or accompanied by such information as the Department may reasonably require. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Each IHE or consortia of IHEs must submit an application covering a 5-year period to the Department of Education.

Award Procedure:

Applications are reviewed for quality and compliance with statutory and regulatory requirements, and are scored by peer reviewers based on criteria included in the application package. The Department determines which applications will be funded based on the quality of the applications and the following factors: 1) providing for an equitable geographic distribution of grants, 2) providing grant funds for model comprehensive transition and postsecondary programs for students with intellectual disabilities that will serve areas that are underserved by programs of this type, and 3) giving preference to applicants that form a partnership with any relevant agency serving students with intellectual disabilities such as a vocational rehabilitation agency, integrate students with intellectual disabilities into housing offered to nondisabled students, or involve students attending the IHE who are studying special education, general education, vocational rehabilitation, assistive technology, or related fields in the model program.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days. The estimated range of time need to approve/disapprove an application is usually 3 months after the deadline for submission.

Appeals:

Not Applicable.

Renewals:

Grants are awarded for a period of 5 years, subject to the availability of appropriations.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program.

Matching Requirements: Percent: 25.%. Grantees must provide matching funds for model transition programs, in cash or in kind, of at least 25 percent of the cost of the grant.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Grants are made for up to 5 years, subject to the availability of funds. See the following for information on how assistance is awarded/released: Grants funds are awarded by electronic transfer.

Reports:

Grantees must submit an annual performance report at such time, in such manner, and containing or accompanied by such information as the Department may reasonably require. Cash reports are not applicable. Progress report: Report requirements will be included in grant award documents. Expenditure reports: Report requirements will be included in grant award documents. Performance monitoring: Report requirements will be included in grant award documents.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

Records:

Grantees must maintain appropriate records pertaining to grant funds, compliance and project performance, for 3 years after the completion of activities for which the grant or subgrant funds were used. This documentation should be sufficient to establish fiscal accountability and facilitate an effective audit.

The administration of the discretionary grant program is governed by the statute and EDGAR (34 CFR 74, 75, 77, 79, 82, 84, 86, 97, 98, and 99).

Account Identification:

84.408 POSTSECONDARY EDUCATION SCHOLARSHIPS FOR VETERAN'S DEPENDENTS

Iraq and Afghanistan Service Grant (IASG)

FEDERAL AGENCY:

Department of Education

AUTHORIZATION:

Higher Education Act of 1965, Executive Order Subpart 10, Title IV, Part A, Subpart 10, Section 420R.

OBJECTIVES:

To provide eligible veteran's dependent undergraduate postsecondary students with non-need based grant assistance to help meet educational expenses.

TYPES OF ASSISTANCE:

Direct Payments for Specified Use

USES AND USE RESTRICTIONS:

The student must be an eligible veterans dependent whose parent or guardian was a member of the Armed Forces of the United States and died as a result of performing military service in Iraq or Afghanistan after September 11, 2001. At the time of the parent or guardians death, the student was less than 24 years of age or enrolled at an institution of higher education. The student must also be a U.S. citizen or eligible noncitizen who has been accepted for enrollment in, and is making satisfactory academic progress at an eligible institution of higher education. Eligible schools may be public or private nonprofit institutions of higher education, (such as colleges, universities, vocational-technical schools, hospital schools of nursing), and for-profit institutions (proprietary). Eligible males who are at least 18 years or older and born after December 31, 1959, can receive aid only if they have registered with the Selective Service. Graduate students and students who have already earned a bachelor's degree are not eligible for assistance, except those enrolled in an eligible program leading to a professional certification in teaching.

Applicant Eligibility:

The student must be an eligible veterans dependent whose parent or guardian was a member of the Armed Forces of the United States and died as a result of performing military service in Iraq or Afghanistan after September 11, 2001. At the time of the parent or guardians death, the student was less than 24 years of age or enrolled at an institution of higher education. Undergraduate students and students pursuing a teaching certificate enrolled as regular students in an eligible program at an eligible institution of higher education and making satisfactory academic progress. The applicants must be U.S. citizens or eligible noncitizens and have a high school diploma, a GED, or demonstrate the ability to benefit from the program offered. Applicants must apply annually using the Free Application for Federal Student Aid (FAFSA). To be eligible, the applicant must meet all IAS Grant eligibility requirements, and must not have a Federal Pell Grant eligible Expected Family Contribution (EFC).

Beneficiary Eligibility:

Eligible veterans dependent undergraduate students, and students pursuing a teaching certificate that are U.S. citizens or eligible noncitizens. Students must be: regular students in an eligible program and enrolled in institutions of higher education, making satisfactory academic progress. Incarcerated students, except those incarcerated in local penal facilities, are ineligible. Students must sign a statement of educational purpose, not owe a refund on a Title IV grant, and not be in default on a Title IV loan. Eligible males that are at least 18 years old and born after December 31, 1959, can receive aid only if they have registered with the Selective Service. The eligible veterans dependent student cannot receive both an Iraq and Afghanistan Service Grant and Federal Pell Grant during the same award year.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. This

program is excluded from coverage under OMB Circular No. A-110. Student completes a "Free Application for Federal Student Aid" and submits it to the processing agency specified on the form. Students may apply using a paper application, an electronic application, or via the Internet. The Department of Education calculates the student's financial eligibility for assistance and returns a notification to the student of his or her eligibility for assistance. The student submits this notification to the institution of his or her choice in order to have his or her award calculated.

Award Procedure:

Institutions act as disbursing agents for the Department of Education. The institution that the student attends calculates and disburses the IASG. The Secretary shall award grants under this section in the same manner, and with the same terms and conditions, including the length of the period of eligibility, as the Secretary awards Federal Pell Grants, except that the award rules and determination of need applicable to Federal Pell Grants shall not apply to grants under IASG. The amount of the IASG award is the same as the maximum Pell Grant for the award year, adjusted for the students enrollment status and cost of attendance.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Not Applicable.

Appeals:

An institution may adjust on a case-by-case basis a student's FAFSA data elements used to calculate his or her EFC and cost of attendance due to unusual circumstances documented by the institution.

Renewals:

Eligibility is determined annually.

Formula and Matching Requirements:

Statutory Formula: Higher Education Opportunity Act (HEOA), Public Law 110-315; Higher Education Act of 1965, Title IV, Part A, Subpart 10, Section 420R, as amended. The Department shall award grants under this formula section in the same manner, and with the same terms and conditions, including the length of the period of eligibility, as the Department awards Federal Pell Grants, except that the award rules and determination of need applicable to Federal Pell Grants shall not apply to no match grants under IASG. The amount of the IASG award is the same as the maximum Pell Grant for the award year, adjusted for the students enrollment status and cost of attendance. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Students are limited to one Iraq and Afghanistan Service Grant during any award year (July 1 through June 30). IASG funds are disbursed by each payment period, at least twice during an award year. Students may only receive an IASG until they have received a bachelor's degree, except for those enrolled in an eligible program leading to a professional certification in teaching. Students are limited to a maximum of 18 semesters or equivalent of IASG funding to receive their bachelors degree. Method of awarding/releasing assistance: lump sum.

Reports:

Not Applicable.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. IAS Grant recipient and all fiscal management records must be maintained by the institutions for a period of 3 years or until an acceptable audit has been completed, whichever is later.

84.409 CIVIL LEGAL ASSISTANCE ATTORNEY STUDENT LOAN REPAYMENT PROGRAM

Civil Legal Assistance Attorney Loan Repayment Program

FEDERAL AGENCY:

Department of Education

AUTHORIZATION:

Higher Education Act of 1965, as amended, Title IV, Part B, Section 428L.

OBJECTIVES:

To encourage qualified individuals to enter and continue employment as civil legal assistance attorneys.

TYPES OF ASSISTANCE:

Direct Loans

USES AND USE RESTRICTIONS:

The Civil Legal Assistance Attorney Student Loan Repayment Program provides benefits to borrowers on a first-come, first-served basis. Loan repayment commitments are limited to the amount appropriated for the program for a given fiscal year by Congress and are only available to eligible applicants until those funds are fully committed. A loan repayment commitment to a

borrower in one fiscal year does not guarantee a commitment for the remainder of the years covered by the borrowers Service Agreement or in future years. The Department cannot provide any benefits to a borrower for a year for which Congress does not appropriate funds.

Applicant Eligibility:

A borrower employed on a full-time basis as a civil legal assistance attorney who meets all of the criteria for student loan repayment, under the borrowers Service Agreement with the Department, may receive repayment of up to \$6,000 of the outstanding balance of the borrowers eligible student loans for each year of completed service, subject to the availability of funds for the fiscal year, under one or more Service Agreements, up to a total amount of \$40,000 per borrower. The borrower also must not be in default on a loan for repayment, be continually licensed to practice law and execute a service agreement with the Secretary.

Beneficiary Eligibility:

Upon an employers certification of an applicants completion of a given year of required service, the Department will send the repayment amount to the applicants loan holder to be applied to their outstanding balance of eligible student loans, not to exceed the annual maximum of \$6,000. A borrower who voluntarily ceases qualifying employment before completing the full period of service required under the agreement, or who is involuntarily separated from qualifying employment due to misconduct, will be required to repay any repayment benefit received.

Credentials/Documentation:

Applicants will need to provide certification of employment prior to receiving loan repayment benefits. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. This program is excluded from coverage under OMB Circular No. A-110. Application/service agreement materials are available on the Departments website. Applicants may submit completed and signed application/agreements to the Department electronically, by fax, or by mail.

Award Procedure:

Applications/service agreements are received by the Department and reviewed for completeness and consistency with statutory eligibility requirements. Loan repayment commitments are limited to the amount appropriated for the program for a given fiscal year by the Congress and are only available to eligible applicants until those funds are fully committed. Therefore, awards are made to eligible borrowers on a first-come, first-served basis based on the receipt date of the borrowers application/service agreement.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Successful applicants will be notified by September 30 of the year in which they apply.

Appeals:

Not Applicable.

Renewals:

A loan repayment commitment to a borrower in one fiscal year does not guarantee a commitment for the remainder of the years covered by the borrowers service agreement or in future years. Priority for student loan repayment in any fiscal year is given to borrowers who have received forgiveness benefits during the preceding fiscal year and have not yet completed the three years of service under their first service agreement and to new applicants who have practiced law for a period of five years or less and have spent not less than 90 percent of that period working as civil legal assistance attorneys. (As fiscal year 2010 is the first year of this program, these priorities will not apply for 2010 awards).

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Applications will be accepted and loan repayment benefits will be paid only for years in which Congress appropriates funds for the program. If no funds are appropriated, benefits will not be paid even if a borrower has a valid service agreement. See the following for information on how assistance is awarded/released: Electronically.

Reports:

Not Applicable.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

Records:

Schools must maintain proper administrative and fiscal procedures and all necessary records as set forth in the regulations in 34 CFR 685 and 34 CFR 668. Schools must keep all records involved in any loan, claim, or expenditure questioned by a Federal audit until resolution of any questions. In addition to records required by 34 CFR 668, for each Direct Loan received under 34 CFR 685 by or on behalf of this student, a school shall maintain a copy of the loan application and data electronically submitted to the Secretary.

Account Identification:

91-0201-0-1-502.

Obligations:

(Direct Loans) FY 10 \$5,000,000; FY 11 est \$0; and FY 12 est \$0

Range and Average of Financial Assistance:

A borrower employed as a civil legal assistance attorney who meets all of the criteria under the service agreement may receive repayment of up to \$6,000 for each year of completed service, up to a total amount of \$40,000, contingent on availability of funds.

84.410 EDUCATION JOBS FUND

Ed Jobs Fund

FEDERAL AGENCY:

Department of Education

AUTHORIZATION:

Title I, Public Law 111-126.

OBJECTIVES:

To provide funds to States to assist local educational agencies (LEAs) in saving or creating education jobs during the 2010-2011 school year.

TYPES OF ASSISTANCE:

Formula Grants

USES AND USE RESTRICTIONS:

Each State may reserve up to 2 percent of its allocation for the costs of administering the program. The State must award the remaining portion of its allocation (at least 98 percent) to LEAs. The Governor may not award funds to entities other than LEAs.

A State may not use program funds, directly or indirectly, to establish, restore, or supplement a rainy day fund, or to supplant State funds in a manner that has this effect. Furthermore, a State may not use program funds, directly or indirectly, to reduce or retire debt obligations incurred by the State or to supplant State funds in a manner that has that effect.

An LEA must use its funds only for compensation and benefits and other expenses, such as support services, necessary to retain existing employees, to recall or rehire former employees, and to hire new employees, in order to provide early childhood, elementary, or secondary educational and related services.

The statute prohibits LEAs from using Ed Jobs funds for general administrative expenses or for other support services expenditures as those terms were defined by the National Center for Education Statistics in its Common Core of Data as of the date of enactment of the Act. These prohibited expenses would include administrative expenditures related to the operation of the superintendents office or the LEAs board of education, including the salaries and benefits of LEA-level personnel. Prohibited activities would also include the payment of expenditures for fiscal services, LEA planners/researchers, and human resource services. Further, an LEA may not pay for compensation and benefits of individuals who are not employees of an LEA.

Applicant Eligibility:

States are eligible to receive these funds. In the event that Governors do not apply, other entities, including SEAs, are eligible to receive these funds.

Beneficiary Eligibility:

State and local educational agencies as well as public elementary and secondary schools, students, teachers, and parents.

Credentials/Documentation:

The following OMB circular(s) apply to this program. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. This program is excluded from coverage under OMB Circular No. A-110. The Department reviewed State applications on a rolling basis.

An approvable application is one that includes:

The Governors assurance that the State will comply with programmatic and fiscal requirements;

The Governors assurance that the State will submit the required maintenance-of-effort (MOE) data to the Department within 60 days of the States grant award; and

The LEA distribution method.

Award Procedure:

The Secretary of Education made awards to States on a formula basis upon approval of the State application.

Deadlines:

Sep 09, 2010 The Governor of a State must submit an approvable application within 30 days of enactment of the Act. The Department must make awards within 45 days of enactment if the Governor submits an approvable application by the submission deadline. If the Governor fails to submit an approvable application by the submission deadline, the Department may distribute the States allocation to another entity or other entities in the State.

Range of Approval/Disapproval Time:

Approval time will vary by State.

Appeals:

Not Applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Sixty-one percent of State allocations were based on relative shares of individuals aged 5 to 24, and thirty-nine percent were based on relative shares of total population. The Secretary awarded up to one-half of one percent of the appropriated funds to the outlying areas and one-half of one percent to the Secretary of the Interior for schools operated or funded by the Bureau of Indian Education.

Matching requirements are not applicable to this program.

This program has MOE requirements, see funding agency for further details.

Length and Time Phasing of Assistance:

Funds are to be used to carry out activities during the 2010-2011 school year.

84.411 INVESTING IN INNOVATION (I3) FUND

Investing in Innovation (i3) Fund

FEDERAL AGENCY:

Office of Innovation and Improvement, Department of Education

AUTHORIZATION:

American Recovery and Reinvestment Act of 2009 (ARRA), Title XIV, Public Law 111-5.

OBJECTIVES:

To provide competitive grants to (a) local educational agencies (LEAs) or (b) partnerships between a nonprofit organization and one or more LEAs or a consortium of schools with a record of improving student achievement and attainment in order to expand the implementation of, and investment in, innovative practices that are demonstrated to have an impact on improving student achievement or student growth, closing achievement gaps, decreasing dropout rates, increasing high school graduation rates, or increasing college enrollment and completion rates.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

The Department will award three types of grants: Scale-up, Validation, and Development. Funds will 1) allow eligible entities to expand and develop innovative practices that can serve as models of best practice; 2) allow eligible entities to work in partnership with the private sector and the philanthropic community; and 3) support eligible entities in identifying and documenting best practices that can be shared and taken to scale based on demonstrated success.

Applicant Eligibility:

(1) LEAs and (2) nonprofit organizations in partnership with (a) one or more LEAs or (b) a consortium of schools.

Beneficiary Eligibility:

High-need students in LEAs will benefit.

Credentials/Documentation:

OMB Circulars No. A-110 and A-122 apply to this program. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact

information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. The Department of Education application procedures and criteria to award grants on a competitive basis. Applicants must select one of three types of grants: Scale-up, Validation, or Development and must apply to one of four absolute priorities. Applicants for all types of grants may choose to write to any of six competitive preference priorities. Applications are reviewed by panels of peer reviewers. Points are awarded on the basis of the published selection criteria, are ranked on the basis of the points awarded, and selected for funding based on the rank order.

Award Procedure:

To be eligible to receive an i3 grant, applicants must implement practices, strategies, or programs for high-need students. An LEA applying on its own must demonstrate that it has: (a) closed achievement gaps or improved achievement for all groups of students, and (b) achieved significant improvement in other areas. A partnership involving a non-profit organization must demonstrate that the non-profit organization has a record of significantly improving student achievement, attainment, or retention through its record of work with an LEA or schools. Applicants must also 1) address one of the absolute priorities; 2) secure matching funds from the private sector equal to 10% (Scale-up), 15% (Validation), and 20% (Development) of the award; and 3) meet the evidence requirement applicable to the type of grant for which the applicant applied.

OBJECTIVES:

To promote and encourage "cutting edge" innovation in the vast arena of homeland security.

TYPES OF ASSISTANCE:

Direct Payments with Unrestricted Use

USES AND USE RESTRICTIONS:

The assistance can be used to further research or as the recipient chooses.

Applicant Eligibility:

This is a competition NOT a grant application. Individuals/companies compete and their accomplishments are judged on how they are making measurable and constructive contributions related to basic and/or advanced research in the area of homeland security. Nominees must be involved in the field of homeland security. In public/private partnership with AgustaWestland North America, the Christopher Columbus Fellowship Foundation will present four \$25,000 Homeland Security Awards to advance research and honor individuals or companies pursuing new discoveries in the field of homeland security. One \$25,000 Homeland Security Award will be presented in 2011. Nominations are categorized in the following four fields: 1) Biological, Radiological, Nuclear, Chemical and Explosive Attacks; 2) Border and Transportation Security; 3) Cyber Security and Information Sharing; and 4) Emergency Response to Natural and Man-made Disasters. The winner may be selected from any field.

Beneficiary Eligibility:

U.S. citizens/companies permitted by their employer or any other relevant authority to accept a monetary award bestowed by the Christopher Columbus Fellowship Foundation, a Federal government agency. The individuals/companies will be honored for making measurable and constructive contributions related to basic and/or advanced research in the area of homeland security.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2010: In 2010, the \$25,000 Columbus Foundation Community Grant went to the Arthritis Magic team from Madison Middle School in Madison, MS. Highlighting the problems people with arthritis have gripping objects, making opening doors a difficult task, the team developed Arthritis Magic: a pull system designed to turn a doorknob and open a door when pulled. The team from Learning Without Limits Science Club, West Branch, IA, won gold medals and \$2,000 U.S. Savings Bonds for each team member for their Lights Out community awareness program. This outreach project highlights the benefits of retrofitting inefficient T12 lighting systems used in local business with energy efficient T8 or T5 lighting systems. The team from All Saints Catholic School from Manahawkin, NJ, won gold medals and \$2,000 U.S. Savings Bonds for each team member for their Kreepy Krawlers community outreach program. Highlighting the problems and damage caused by an increase in the local gypsy moth population, this outreach program educates the community about various ways to control the gypsy moth population. Fiscal Year 2011: In 2011, the \$25,000 Columbus Foundation Community Grant went to The River Rangers team from Ripley Aquarium, Myrtle Beach, SC. Highlighting the problems brought about by abandoned boats on rivers and the Intercoastal Waterway, the team developed a Community outreach to educate the community about the environmental problems created by abandoned boats, and creation of an alarm system to alert boaters of navigational hazards. The Pickup Patrol team from Mont Vernon Village School, Mont Vernon, NH, won gold medals and \$2,000 U.S. Savings Bonds for each team member. Highlighting the communications problems between parents and school administration when students' end-of-day travel plans change, the team developed the Pickup Patrol, an electronic system that allows parents to change

a child's after-school travel plans with the school by computer or mobile device.

The Solar Solution to Fossil Fuels team from the Mirman School, Los Angeles, CA, won gold medals and \$2,000 U.S. Savings Bonds for each team member. Highlighting the problem of the diminishing supply of fossil fuels and the pollution they cause, the team developed The Solar Solution to Fossil Fuels, a unique solar collection system that is functional anywhere in the world. OBJECTIVES:

The Life Sciences Awards are designed to encourage and promote cutting edge innovation in the field of life sciences. Monetary Awards will be presented to an adult scientist; three high school educators; and three high school students.

TYPES OF ASSISTANCE:

Direct Payments for Specified Use; Direct Payments with Unrestricted Use

USES AND USE RESTRICTIONS:

No restrictions for Direct Payments for award to scientists, secondary school educators or current secondary students. Restrictions apply only to the additional \$25,000 in research funds that will be presented to the recipient of the Chairmen's Distinguished Life Sciences Award which may be used to hire a graduate student to assist with the research or the funds may be used toward the research itself. Funds for the research project will be released in increments, not to exceed two years, based on the progress of the research, with a final report on the results due upon completion.

Applicant Eligibility:

This is a competition NOT a grant application. Individuals compete and their accomplishments are judged on how they exemplify excellence in life sciences. Nominees must be involved in the field of life sciences research or life sciences education as follows: one adult scientist; three current high school educators; three current high school students in Biology, Chemistry or other life sciences courses.

Beneficiary Eligibility:

In public/private partnership with the U.S. Chamber of Commerce, the Foundation will present seven Life Sciences Awards to U.S. citizens permitted by their employer or any other relevant authority to accept a monetary award bestowed by the Christopher Columbus Fellowship Foundation, a Federal government agency. Seven monetary awards will be presented as follows: one \$25,000 award to an adult scientist with an additional \$25,000 for research; three \$10,000 awards to current high school educators; and three \$5,000 awards

to current high school students in Biology, Chemistry or other life sciences course who are judged to exemplify excellence in life sciences.

Chairmen's Distinguished Life Sciences Award

The \$25,000 Chairmen's Distinguished Life Sciences Award will be presented to an adult scientist who is making or has recently made a significant and positive contribution related to developing a "cutting edge" innovation in the field of life sciences. In addition, \$25,000 in research funds will be presented to be used to hire a graduate student to assist with the research or the funds may be used toward the research itself. In order to receive the research funds, a comprehensive outline on the research project must be submitted and approved by the Foundation.

Life Sciences Educator Awards

Three \$10,000 Life Sciences Educator Awards will be presented to current high school educators, with at least five years of teaching experience, and who are making or have recently made significant and positive contribution related to promoting the study of life sciences to students.

Life Sciences Student Awards

Three \$5,000 Life Sciences Student Awards will be presented to current high school students who are making or have recently made significant and positive contributions related to the study of Biology, Chemistry and other life science courses.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. This program is excluded from coverage under OMB Circular No. A-110. Only Nominations that meet the eligibility requirements are accepted. Nominations will be accepted from all 50 States. All Nominations are received online at www.columbusfoundationawards.org. The deadline is Tuesday, April 5, 2011.

As a part of the Nomination for the Chairmen's Distinguished Life Sciences Award, a comprehensive outline of the specific research project must accompany the initial Nomination, and will be judged as part of the overall Nomination packet submitted.

Award Procedure:

All Nominations are read by the Board of Trustees of the Christopher Columbus Fellowship Foundation to select the Semifinalists. Nominators are notified of the Nominees selection as a Semifinalist and asked to provide background material to support the Nomination. A national Evaluation Committee reviews and comments on the Semifinalists background material. The Foundation Board and the U.S. Chamber ultimately select the winners. The Awards were presented in Washington, D.C., on July 11, 2011.

(Direct Payments for Specified Use) FY 10 \$25,000; FY 11 est \$25,000; and FY 12 est \$0 - An additional \$25,000 in research funds will be presented to the recipient of the Chairmen's Distinguished Life Sciences Award to be used to hire a graduate student to assist with the research or the funds may be used toward the research itself. In order to receive the research funds, a comprehensive outline on the research project must be submitted and approved by the Foundation. (Direct Payments with Unrestricted Use) FY 10 \$65,000; FY 11 est \$95,000; and FY 12 est \$70,000 - In 2008 and 2009, Awards were presented as follows: one \$25,000 Award per year to a scientist/researcher; one \$10,000 Award per year for a high school AP Biology or AP Chemistry teacher; one \$5,000 Award per year for an AP Biology student and one \$5,000 Award per year for an AP Chemistry student.

In 2010, the number of awards was increased to seven as follows: one \$25,000 award to an adult scientist or researcher with an additional \$25,000 for research funds; three \$10,000 awards to a current high school educators; and three \$5,000 awards to current secondary high school students who are judged to exemplify excellence in the field of life sciences. Two high school student awards were presented in 2010.

Range and Average of Financial Assistance:

\$5,000-\$25,000.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2010: Number of Awards will increase from four to seven Awards, plus an additional \$25,000 for research for the Chairmen's Distinguished Life Sciences Award.

In 2010, the third annual Life Sciences Awards, sponsored by the public-private partnership of the Christopher Columbus Fellowship Foundation, a Federal government agency, and the U.S. Chamber of Commerce were presented on July 13, 2010 in Washington, D.C. James F. Leary, Ph.D., SVM Professor of Basic Medical Sciences and Biomedical Engineering, Birck Nanotechnology Center, Purdue University, Lafayette, IN, was awarded the 2010 \$25,000 Chairmen's Distinguished Life Sciences Award. Dr. Leary's research involves designing "next-generation", advanced nanodelivery systems for drugs and genes to combat cancer and other diseases. He has invented a variety of new nanomedical devices with targeting molecules that deliver therapeutic drugs precisely to diseased cells to perform single cell "nanosurgery", which eliminate the diseased cells while trying to preserve nearby normal cells, allowing for much smaller drug doses and fewer side effects. Dr. Leary will also receive up to \$25,000 in research funds.

Derrick C. Wood, Chemistry Educator, Conestoga High School, Berwyn, PA, was awarded the 2010 \$10,000 Life Sciences Educator Award. Teaching at Conestoga High School since 2004, Derrick instills the same passion for Chemistry that he experiences - by showing his students that Chemistry is not an exercise in futility, but is extremely relevant to their lives. He authored Case-Studies for his High School Chemistry curriculum and uses them as an alternative and authentic way of integrating the lab component into Chemistry,

giving his students the opportunity to experience science in the same way it is done outside the classroom. Derrick has given presentations at NSTA and ACS National Conventions where he shared his curriculum with teachers across the country. In Derrick's opinion though, his greatest accomplishments are the students that have graduated from Conestoga with a passion for science and have pursued college majors and careers as a result of the same love for science that I embrace.

Michelle Bagley, Biology Educator, Centennial High School, Ellicott City, MD, was awarded the 2010 \$10,000 Life Sciences Educator Award. Michelle has been an educator for 30 years teaching biology and research, a passion she developed doing science fair projects during her own school years. Michelle has written curriculum for the county and the National Association of Biology Teachers and has made numerous presentations for conferences and organizations on a variety of topics. She has been at Centennial High School since 1991 and currently works with students in the Intern/Mentor Program as part of the Gifted and Talented Program. Among her students, she boasts winners in the Siemens Competition, Christopher Columbus Life Science Student Award, Intel Science Talent Search, Intel International Science and Engineering Fair, and many others. She has been honored as a Presidential Scholar Teacher, a Coca-Cola Educator of Distinction, and Intel Teacher of the Year.

Ryan Templeton, Biology Educator, Mathematics and Science High School at Clover Hill, Middlethian, VA, was awarded the 2010 \$10,000 Life Sciences Educator Award. Ryan teaches freshman biology and AP Biology at the Mathematics and Science High School at Clover Hill, where he also serves as Research Coordinator. Ryan is also Director of the Virginia Summer Governor's School for Life Sciences and Medicine at Virginia Commonwealth University. Emphasizing and encouraging student research in his classes, his students conduct independent research projects and present their findings at national and international competitions. His efforts have been recognized by the Virginia Academy of Science with an E.C.L. Miller Teaching Award, and a Virginia Presidential Award for Excellence in Mathematics and Science Teaching, as well as commendations from the Virginia Department of Education and Virginia Mathematics and Science Coalition.

Jason Gandelman, a senior at Staples High School, Westport, CT, was awarded the 2010 \$5,000 Life Sciences Student Award. Jason's high school research investigated toxic compounds called Advanced Glycation End-products (AGEs), which are known to contribute to the long-term health problems associated with diabetes, a disease his family has a long history with. Jason's study showed that yeast has evolved mechanisms to minimize the formation of toxic AGE compounds. Attempting to identify a protein that will block the human body's receptor sites from binding with AGEs, Jason believes his study will lead to new medications to prevent or cure blood vessel and kidney damage associated with diabetes. Jason aspires to continue conducting research in biological chemistry at Harvard University.

Anirudh Mohan, a senior at Thomas Jefferson High School for Science and Technology, Alexandria, VA, was awarded the 2010 \$5,000 Life Sciences Student Award. Anirudh's primary passion lies in the field of biomedical engineering, with an interest in pursuing both technical and business perspectives. During his last two years of high school, he conducted nanobiotechnology research at George Mason University. His research involved the nanoengineering of polymers to synthesize novel, smart diagnostic devices which can be utilized in lieu of conventional techniques, such as differential diagnosis. He published his results in American Chemical Society journals, earned semifinalist status in the Siemens Competition, and received multiple science fair honors at the Virginia state level. In the Fall, he will begin to pursue his studies as an Angier B. Scholar at Duke University. Fiscal Year 2011: In 2011, the Fourth Annual Life Sciences Awards, sponsored by the public-private partnership of the Christopher Columbus Fellowship Foundation, a Federal government agency, and the U. S. Chamber of Commerce were presented on July 11 in Washington, D.C. The Awards are intended to recognize, through seven monetary awards and research funds, one scientist and provide research funds; three high school educators; and three current high school students who are judged to exemplify excellence in the field of life sciences.

Melissa Knothe Tate, Ph.D., Professor of Biomedical Engineering, Case Western Reserve University, Cleveland, OH, was awarded the \$25,000 Chairmen's Distinguished Life Sciences Scientist Award. Dr. Knothe Tate is an internationally recognized leader in the fields of orthopaedic mechanobiology as well as the development and clinical translation of novel technologies and materials. Dr. Knothe Tate's work involves studying the mechanobiology of living cells and how stresses, strains and mechanical forces affect cell signaling, differentiation, etc. This expands understanding of bone healing and supports development of synthetic tissues. Dr. Knothe Tate will also receive up to \$25,000 in research funds.

Deborah Wasylik, Life Sciences Educator, Dr. Phillips High School, Orlando, FL, was awarded the \$10,000 Life Sciences Educator Award. Creating curiosity in science class is important to Deborah Wasylik. She accomplishes this when she tells her students that before she became a teacher she had climbed inside a pyramid, jumped out of an airplane and sold drugs! She was a pharmaceutical sales rep. For the last 10 years she has enjoyed teaching life sciences at Dr. Phillips High School. Deborah has been the recipient of many awards including being selected last year as a NASA Endeavor STEM Fellow and previously received the Presidential Award of Excellence in Mathematics and Science Teaching from President Bush at the White House.

Coit Hendley, Chemistry Educator, Eleanor Roosevelt High School, Greenbelt, MD, was awarded the \$10,000 Life Sciences Educator Award. Mr. Hendley has been teaching for 32 years, and currently teaches AP Chemistry and Research Practicum. The AP Chemistry program he developed has been recognized by the College Board since 2006 for having the most number of African-American students with a score of 3 or better. A National Board Certified grant writer, Coit has received many grants used to fund such projects as the Watershed Integrated Study Program, in which teams of students measure the water quality of fourteen sites in the area and use the data to study local and general water quality.

Leslie Brinson, Biology Educator, North Carolina School of Science and Mathematics (NCSSM), Durham, NC, was awarded the \$10,000 Life Sciences Educator Award. A teacher for 30 years, Leslie has been teaching at the NCSSM since 1995, and has come to believe that there is no better educational environment than NCSSM. In this residential setting, students are provided a competitive and nurturing pedagogical setting to conduct their own research and pursue a myriad of science competitions within North Carolina and beyond.

The highlight of the school year is when she leads students to Belize where they are immersed in research projects on the coral reef. Inspired by her colleagues, Leslie has also enthusiastically embraced a key mission of the school - providing outreach to biology teachers throughout the State.

Amy Chyao, Junior, Plano East Senior High School, Plano, TX, was awarded the \$5,000 Life Sciences Student Award. Amy became intrigued by science in the first grade. Inspired by Marie Curie's dedication to discoveries and scientific contributions, Amy was determined to follow her example. Amy's passion for science led her to a unique opportunity offered by the University of Texas at Dallas. She joined the 2009 Nano-Explorers summer program and stepped into the intricate world of nanotechnology. Her passion for science propelled her to work hard and to excel as she continues to work toward becoming a next generation scientist. In 2010, she was the winner of the first Gordon Moore Award at the Intel ISEF. She also had the honor to attend President Obama's 2011 State of the Union Address.

Kayla Dowell, Junior, Germann Hills Christian School, Manhattan, KS, was awarded the \$5,000 Life Sciences Student Award. In just the last three years, Kayla Dowell has become proficient in the use of near-infrared spectroscopy (NIRS) technique which measures the traits of biological materials. Kayla learned about NIRS as a student volunteer with the USDA Agricultural Research Service. In 2009, Kayla used her NIRS skills at a malaria research lab in Tanzania, Africa, conducting research on mosquitoes that transmit malaria. In 2010, at a medical clinic at an orphanage in Zimbabwe, she showed that NIRS could be used to determine artemisinin content in extracts of a local plant, *Artemisia annua*, which is used to cure malaria. This research could be used to rapidly evaluate new cultivars of this important cure for a disease that kills over 1 million people each year. Her research has prompted further studies by scientists in Tanzania, Kenya and Nigeria.

Christopher Duncan-Lewis, Senior, Winter Springs High School, Winter Springs, FL, was awarded the \$5,000 Life Sciences Student Award. From a young age, Christopher has shown interest in the medicine and health sciences.

Excelling in science courses, Christopher undertook a significant research project during his junior and senior high school years. Christopher believes his research on the harmful effects of certain compounds on the sense of smell provide evidence against the use of such compounds in the nasal passage, and have the potential to increase our understanding of the sense of smell. His research report has been accepted for publication in Comparative Medicine: a medical journal. A National Achievement Scholar, AP Scholar, and AXA Achievement Scholar, in addition to many other awards, Christopher won a second prize in medicine and health at the 2011 Intel International Science and Engineering Fair. Christopher will attend the University of Pennsylvania in the Fall, majoring in biochemistry. Fiscal Year 2012: Seven awards.

85.105 AGRISCIENCE AWARDS

Agriscience Awards

FEDERAL AGENCY:

Christopher Columbus Fellowship Foundation

AUTHORIZATION:

Christopher Columbus Quincentenary Coins and Fellowship Foundation, Title IV, Section 400-429, Public Law 102-281, 106 Stat. 139-145, 20 U.S.C 5701-5708.

OBJECTIVES:

To encourage and promote "cutting edge" innovation in the field of Agriscience.

TYPES OF ASSISTANCE:

Direct Payments for Specified Use; Direct Payments with Unrestricted Use

USES AND USE RESTRICTIONS:

No restrictions for Direct Payments to scientists/researchers, current high school educators or current high school students. Restrictions apply to Research projects only, as described below. Research project funds only: Additional funds for the scientist/researcher project will be released in increments based on the progress of the research, not to exceed two years, with a final report on the results due upon completion.

Applicant Eligibility:

Nominees must be involved in the field of Agriscience research or Agriscience education in one of the following areas: adult scientists or researchers; current high school educators; or current high school students.

Beneficiary Eligibility:

In public/private partnership with the American Farm Bureau Federation, the Foundation will present eight Agriscience Awards to U.S. citizens permitted by their employer or any other relevant authority to accept a monetary award bestowed by the Christopher Columbus Fellowship Foundation, a Federal government agency. Eight monetary awards and research funds will be presented as follows: Two \$25,000 Distinguished Agriscience Scientist Awards will be presented to adult scientists who are making or have recently made significant and positive contributions in the field of agriscience. In addition, \$25,000 will be presented to each scientist recipient to be used to hire a

graduate student/researcher to assist with a specific research project or to be used toward the project itself. The awards will provide incentive for continuing the research. Three \$10,000 Agriscience Educator Awards will be presented to three current high school educators, with at least 5 years of teaching experience, and who emphasize concepts, principles and applications in their curriculum to promote the study of agriscience to students. Three \$5,000 Agriscience Student Awards will be presented to current high school students who are making or have recently made significant and positive contributions related to the study of agriscience.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. This program is excluded from coverage under OMB Circular No. A-110. Only Nominations that meet the eligibility requirements stated above are accepted. Nominations will be accepted from all 50 States. All Nominations are received online at www.agriscienceawards.com. The deadline is Tuesday, April 5, 2011. As a part of the Nomination for the Distinguished Agriscience Scientist Awards, a comprehensive outline of the specific research project must accompany the initial Nomination, and will be judged as part of the overall Nomination packet submitted.

Award Procedure:

The Awards are sponsored by a public-private partnership between the Foundation and the American Farm Bureau Federation. All Nominations are read by the Board of Trustees of the Christopher Columbus Fellowship Foundation to select the Semifinalists. Nominators are notified if a Nominee is selected as a Semifinalist and asked to provide background material to support the Nomination. A national Evaluation Committee reviews, ranks and comments on each Semifinalist. The Board of Trustees ultimately selects the winners of each award. The Award were presented in Washington, D.C., on July 12, 2011.

(Direct Payments with Unrestricted Use) FY 10 \$95,000; FY 11 est \$95,000; and FY 12 est \$70,000 - Eight direct payments of unrestricted use awards totalling \$95,000 in lump sum payments in FY 2010 and FY 2011.

Range and Average of Financial Assistance:

\$5,000 - \$25,000.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2010: This is the inaugural year of the Awards. The Awards are intended to recognize, through eight monetary awards and research funds, two adult scientists and provide research funds; three current high school educators; and three current high school students who are judged to exemplify excellence in the field of Agriscience and to highlight the importance of agriculture in the 21st century.

Patricia Kennedy, Ph.D., Professor in the Department of Fisheries and Wildlife at Oregon State University, Eastern Oregon Agricultural Research Center, Union, OR, was awarded the \$25,000 Distinguished Agriscience Scientist Award. Dr. Kennedy has a unique faculty position; she is one of the few wildlife biology faculty at a land grant institution who is stationed at an Agricultural Experiment Station. She represents the future of these stations where research into agricultural sustainability requires both a commodity and ecological perspective. Dr. Kennedy is renowned for her practical and proactive approach to endangered species management, with research aimed at reducing the need to list wildlife as threatened or endangered. Currently, Dr. Kennedy directs a variety of collaborative investigations on management alternatives that promote sustainable livestock and crop production in the inter-mountain west. Dr. Kennedy will also receive up to \$25,000 in research funds.

Thomas J. Jackson, Ph.D., Research Hydrologist with the U.S. Department of Agriculture, Agricultural Research Service, Hydrology and Remote Sensing Lab, Beltsville, MD, was awarded the 2010 \$25,000 Distinguished Agriscience Scientist Award. Dr. Jackson's research involves the application and development of remote sensing technology in hydrology and agriculture, primarily microwave measurement of soil moisture, resulting in over 300 scientific publications. The focus of his current research is the development of the Soil Moisture Active Passive (SMAP) satellite, scheduled for 2014. He is the SMAP science team lead for calibration and validation. Dr. Jackson will also receive up to \$25,000 in research funds.

Crystal Retzlaff, Agriculture Educator and FFA Advisor, Oconto Falls High School, Oconto Falls, WI, was awarded the 2010 \$10,000 Agriscience Educator Award. Crystal has been teaching at Oconto Falls High School for seven years. She teaches Genetics, Biotechnology, Pet/Companion Animals, Exploring Agriculture, Veterinary Science, Food Science, Introduction to Career Foods, Food Processing, Wildlife/Forestry, Animal Science, Landscape/Floriculture, and Anatomy/Physiology. She also advises the local FFA consisting of over 125 members.

Lisa Konkel, Agriscience Educator and FFA Advisor, Big Foot Union High School, Walworth, WI, was awarded the \$10,000 Agriscience Educator Award. Lisa is a veteran teacher with 17 years of teaching experience. When she started at Big Foot, it was a half-time program which quickly became a full-time program after her first year and is now a two-person Agriscience Department. Curriculum transformation has occurred in the past 15 years from a primarily production agriculture focus to the balance of production and agribusiness concepts with a strong emphasis on science incorporation.

Byron L. Ernest, Department Head for Agriculture, Lebanon Community School Corporation, Lebanon, IN, was awarded the \$10,000 Agriscience Educator Award. Mr. Ernest was recruited to start Lebanon's Agriculture Department which now, in its 7th year, has four teachers and an enrollment of 584 students in grades 8-12, the largest in Indiana. Byron teaches Advanced Life Science courses in animals, plant and soil, and food science. These are dual credit courses with Purdue University College of Agriculture. In cooperation

with AgReliant Genetics, he has developed project/inquiry-based agriscience lessons where students are doing actual research, and publish their findings through the use of pod-casts and wiki sites. This transparency allows actual scientists from around the world to critique the students' work. Byron was named the 2010 Indiana Teacher of the Year, the first time an Agriculture Instructor has ever been selected for this honor.

Rosemary Chapple, Senior, Waterloo High School, Waterloo, IL, was awarded the 2010 \$5,000 Agriscience Student Award. Raised on a small Angus cattle farm in Southern Illinois, Rosemary has been a 7-year, 4-H member, showing cattle and chickens. Her three chick experiments led her to 24 different competitions including two international science fairs and three national FFA agriscience fairs. Rosemary recently won the Illinois State SAE award in Emerging Technologies featuring her experiments. A member of the Waterloo FFA, she served on the State officer team as president of 14 FFA chapters. In the Fall, Rosemary will attend the University of Illinois majoring in Aerospace Engineering.

Stephanie Hoskins, Senior, Lincoln Park Academy High School, Fort Pierce, FL, was awarded the 2010 \$5,000 Agriscience Student Award. From a young age, Stephanie was intrigued by the enigmas of natural science. In 7th grade, she began researching the use of bacteria isolates as biological control agents against plant pathogenic fungi and has developed her research over the past six years. At the conclusion of her research, she has confirmed *Paenibacillus lentimorbus* and *Burkholderia pyrrocinia* as biological control agents against 13 plant pathogenic fungi and is the first person to identify the genes responsible for the observed antimicrobial activity. Stephanie will attend Vanderbilt University in the Fall and plans to become a microbiologist.

Jake Carlson, Junior, Elk Grove High School, Elk Grove, CA, was awarded the 2010 \$5,000 Agriscience Student Award. Jake has been showing livestock since he was eight, and he currently owns 35 head of Toggenburg and Saanen dairy goats. Jake has successfully exhibited his goats in California and across the western United States. Jake also completed his Eagle Scout requirements this year by building and installing 10 wood duck nesting boxes in Deer Creek Wildlife Preserve. He will begin serving as President of the Elk Grove FFA Chapter, as well as Sacramento Section Vice President, and plans to run for a California State FFA office. After high school, Jake plans to attend Fresno State University and major in biological sciences, with a future goal of becoming a large animal veterinarian. Fiscal Year 2011: In 2011, the Second Annual Agriscience Awards, sponsored by the public-private partnership of the Christopher Columbus Fellowship Foundation, a Federal government agency, and the American Farm Bureau Federation were presented on July 12, in Washington, D.C. The Awards are intended to recognize, through eight monetary awards and research funds, two scientists and provide research funds; three high school educators; and three current high school students who are judged to exemplify excellence in the field of agriscience and to highlight the importance of agriculture in the 21st century.

Randall Prather, Ph.D., Distinguished Professor of Reproductive Biotechnology, Division of Animal Science, The University of Missouri, Columbia, MO, was awarded the \$25,000 Distinguished Agriscience Scientist Award. Dr. Prather's research has focused on the early mammalian embryo, and he cloned the first pigs and some of the first cattle, by nuclear transfer, while at the University of Wisconsin-Madison. Now at the University of Missouri, his lab has made over 495 cloned pigs representing over 25 different genetic modifications for agriculture and medicine. Dr. Prather is a co-Director of the NIH-funded National Swine Resource and Research Center. Dr. Prather will also receive up to \$25,000 in research funds.

Andrew H. Paterson, Ph.D., Distinguished Research Professor at the University of Georgia was awarded the \$25,000 Distinguished Agriscience Scientist Award. Dr. Paterson is the head of the Plant Genome Mapping Laboratory, and is jointly appointed in three Departments (Crop and Soil Science, Plant Biology, and Genetics). His research uses genomic tools and approaches to study crop improvement, plant biodiversity, and molecular evolution. His lab has contributed to knowledge of sorghum, cotton, sugarcane, peanut, Miscanthus, switchgrass, Bermuda grass, broccoli, cauliflower, cabbage, rice, tomato, maize and other crops, as well as several major weeds, one nitrogen-fixing bacterium (*Azospirillum*), and a group of viruses important in poultry. Dr. Paterson will also receive up to \$25,000 in research funds.

Michele Sutton, Agriscience Educator and FFA Advisor, Tompkins Seneca Tioga BOCES, Ithaca, NY, was awarded a \$10,000 Agriscience Educator Award. Michele left a ten-year career in government to pursue an education degree when she realized she wanted to work with students in the field of agriculture. During her first secondary school teaching position, she transformed an outdated, struggling program of 13 students into a program of more than 100 students in two short years. She is now a teacher of the BOCES New Visions in Life Sciences program for area high school students at Cornell University where she has taught agricultural science for the past six years.

Melissa Braun, Agriscience Educator and FFA Advisor, Gillett Secondary School, Gillett, WI, was awarded a \$10,000 Agriscience Educator Award. For the last eight years, Melissa has taught agriscience to students in grades 7-12. This Fall she begins a new venture at Shawano High School in the agriculture department. Melissa teaches a wide array of agriscience courses, but has a great interest in the areas of food science, horticulture, and greenhouse management. Her teaching includes many hands-on activities and field trips to reinforce the scientific principles throughout her lessons. She follows an agricultural education model which involves all components--classroom instruction, FFA involvement and a Supervised Agricultural Experience Project.

Paul Heasley, Agriscience Educator and FFA Advisor, State College Area School District, State College, PA, was awarded a \$10,000 Agriscience Educator Award. Mr. Heasley has taught Agricultural Sciences in grades 9-12 for 30 years. The program's courses are grouped in Career Paths including: Ag Mechanics, Animal Science, Natural Resources and Plant Sciences. A senior year option includes a "Dual Enrollment" with The Pennsylvania State University's College of Agricultural Sciences and 18 different agricultural Science courses provided on campus or through the World Campus. The program has active chapters in the FFA and Young Farmers.

Laura Lane, Senior, Aztec High School, Aztec, NM, was awarded a \$5,000 Agriscience Student Award. Laura's love of science inspired her project to tackle indicators of soil ecosystem health for oil and gas reclamation. One out of every three abandoned wellsite does not reestablish plant biodiversity, leaving thousands of acres of undesirable soil that cannot support grazing. Laura has worked with Habitat for Humanity, and last summer went to Guatemala on a build. In the Fall she plans to attend New Mexico Tech to study pre-medical; and major in biochemistry or chemical engineering. After her undergraduate studies, she wants to attend medical school and become a trauma doctor.

Bhiravi Rathinasabapathi, Senior, Eastside High School, Gainesville, FL, was awarded a \$5,000 Agriscience Student Award. Bhiravi's interests include science, service and literature. She is currently researching the biofortification of crops with iron. Biofortification is the breeding or genetic modification of plants to increase their nutrient content. Bhiravi is examining the effects of the overexpression of a ferritin gene on plants' iron content and biomasses. This research may eventually lead to an iron-biofortified crop. Such a crop would combat anemia, which affects an estimated two billion people worldwide. Stephen Bethel, Senior, Lake Brantley High School, Altamonte Springs, FL, was awarded a \$5,000 Agriscience Student Award. Stephen's research "Evaluation of Ubiquitin Promoter Express Abilities for Potential Use in Transgenic Grape Vine" (*Vitis vinifera*), explored consumer-friendly genetic alternatives to replace viral DNA currently used in genetically modified produce. Stephen met Nobel Laureate, Dr. Martin Chalfie, a biological sciences researcher who first demonstrated the value of GFP, a luminous genetic tag that Stephen used in his work. This Fall, Stephen will attend the University of Florida Honors Program in Aerospace Engineering. Fiscal Year 2012: No Current Data Available

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

89.001 NATIONAL ARCHIVES REFERENCE SERVICES_HISTORICAL RESEARCH

FEDERAL AGENCY:

National Archives and Records Administration

AUTHORIZATION:

National Archives and Records Administration Act of 1984, Public Law 98-497, 98 Stat. 2280.

OBJECTIVES:

Objectives: To provide professional reference service to members of the general public and employees of the Federal government who are conducting research in Federal records or in historical materials in Presidential Libraries; provide advice and information to the public through conferences, workshops and other outreach activities on the availability and use of Federal records and publications in NARA's custody.

TYPES OF ASSISTANCE:

ADVISORY SERVICES AND COUNSELING; DISSEMINATION OF TECHNICAL INFORMATION; USE OF PROPERTY, FACILITIES, OR EQUIPMENT

USES AND USE RESTRICTIONS:

The assistance provided by NARA is designed to assist the public in obtaining access to information contained in records which are in the custody of the National Archives. Restrictions on the use of accessioned records in the National Archives of the United States are divided into two categories: general restrictions and specific restrictions. General restrictions apply to all records regardless of origin and apply to types of information or classes of records exempt from disclosure under the Freedom of Information Act, for example, national security information. Specific restrictions are specified by the transferring agency or donor and apply only to records in a particular record group or a portion of that record group. Access to records in the records center operations within NARA's regional records services facilities; in the National Personnel Records Center; and in the Washington National Records Center is controlled by the agency which created the records. General restrictions apply to all records regardless of origin, and apply to types of information or classes of records exempt from disclosure under the Freedom of Information Act. Specific restrictions are specified by the transferring agency or donor, and apply only to records in a particular record group or a portion of that group. All procedures are included in 36 CFR 1256.

Applicant Eligibility:

Anyone (general public).

Beneficiary Eligibility:

Anyone (general public).

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2010: National History Day - Purpose: NARA and National History Day (NHD) have had a productive cooperative relationship dating back to 1992. The Archivist of the United States has been an institutional member of the National History Day (NHD) Board of Trustees, and is a member of the NHD Advisory Council. In 2006, the Parties entered into a cooperative agreement to further strengthen this relationship and continue efforts to promote American history education by providing funding support to increase the reach of the NHD program, enabling it to involve more teachers and, therefore, more students of history. This cooperative agreement was renewed for fiscal year 2010 to continue this relationship.

Council on State Archives - Purpose: NARAs National Historical Publications and Records Commission entered into an agreement with the Council on State Archives to provide the means for CoSA to promote cooperative efforts among State Historical Records Coordinators.

American Association of State and Local History - Purpose: The purpose of the Agreement is to further engage the professional library and museum community, and by extension, the public, in education, exhibits and research opportunities. Through the agency's long association with the Presidential Sites and Libraries quadrennial conferences, NARA has expanded visibility for the agency and promoted scholarship, education and outreach throughout the community of presidential sites and libraries for all presidents. 93.006 STATE AND TERRITORIAL AND TECHNICAL ASSISTANCE CAPACITY DEVELOPMENT MINORITY HIV/AIDS DEMONSTRATION PROGRAM

CTA/CD

FEDERAL AGENCY:

Office of Minority Health, Department of Health and Human Services

AUTHORIZATION:

OMH is authorized to conduct this program under 42 U.S.C. Section 300 u-6, Section 1707 of the Public Health Service Act, as amended.

OBJECTIVES:

A collaborative effort to demonstrate that the involvement of State and Territorial Offices of Minority Health in coordinating a statewide response to the HIV/AIDS crisis in minority communities can have a greater impact on the communities' understanding of the disease, and the coordination of prevention and treatment services for minority populations, than agencies and/or organizations working independently; and to stimulate and foster the development of effective and durable service delivery capacity for HIV prevention and treatment among organizations closely linked with the minority populations.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Funds are to be used to support minority-targeted health education and prevention strategies which will help to eliminate or reduce the risk for acquiring or transmitting HIV/AIDS and increase access to services and treatment; and to provide technical assistance and capacity development to community based minority-serving organizations to enhance their delivery capacity for HIV/AIDS prevention and treatment. Funds are not to be used for the provision of health care services, construction, augmentation of ongoing Office of Minority Health (OMH) supported demonstrations, or to supplant ongoing project activities.

Applicant Eligibility:

State/Territorial Offices of Minority Health or, for those states and territories that do not have established Office of Minority Health, a state or territorial minority health entity located within a State or Territorial Department of Health which functions in the capacity of an Office of Minority Health; and community based, minority-serving organizations.

Beneficiary Eligibility:

Members of the minority groups: American Indians or Alaska Natives; Asians; Blacks or African Americans; Hispanics or Latinos; Native Hawaiians or other Pacific Islanders; or subgroups of these populations.

Credentials/Documentation:

Proof of nonprofit status is required as part of the application submission, where applicable. Documentation to verify official status as a State or Territorial Office of Minority Health signed by a State/territorial level authorizing official (e.g., Governor or designated official, Commissioner of Health or designee) or documentation to verify official status as a State or territorial minority health entity signed by the Commissioner of Health or designee in the Department of Health, as applicable. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. All open grant opportunities are posted on www.grants.gov. Additional information and application kits may be requested by calling 240-453-8822 or writing to: Office of Public Health and Science (OPHS) Office of Grants Management, 1101 Wootton Parkway, Suite 550, Rockville, MD 20852.

Award Procedure:

Accepted applications will be reviewed by a panel that will make recommendations on the technical merit based on the published criteria. After considering the recommendations of the panel, the Deputy Assistant Secretary for Minority Health, will make a final decision on funding projects and a notice of grant award will be issued.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 90 to 120 days.

Appeals:

Not Applicable.

Renewals:

> 180 Days. Varies, but a project period is generally limited to 3 years or less. Within a project period, continuation applications must be submitted annually on a noncompeting basis for each year of support.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

The grants will have a project period not to exceed 3 years, with 12-month budget periods. Following the initial budget period, continued funding is subject to the availability of funds and satisfactory program performance. Necessary instructions regarding payment procedure will be provided at the time the award is issued. Method of awarding/releasing assistance: by letter of credit.

Reports:

Annual Program reports are required. Cash Reports are due on a minimum basis of quarterly. Progress reports are required for each budget period. Financial status reports are due at the end of each budget period. A final performance report is due 90 days following the end of the project period.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

Records:

HHS and the Comptroller General of the United States or any of their authorized representatives shall have the right of access to any books, documents, papers, or other records of a grantee, subgrantee, contractor, or subcontractor, which are pertinent to the HHS grant, in order to make audits, examinations, excerpts and transcripts. In accordance with 45 CFR Part 74.53 and 45 CFR Part 92, grantees are required to maintain grant accounting records 3 years after the end of a budget period. If any litigation, claim, negotiation, audit or other action involving the records has been started before the expiration of the 3-year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

93.009 COMPASSION CAPITAL FUND

CCF Program

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Section 1110 of the Social Security Act governing Social Services Research and Demonstration activities; the Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act of 2004. , Public Law 107-116.

OBJECTIVES:

To provide grants to charitable organizations to emulate model social service programs and to encourage research on the best practices of social service organizations. This is accomplished through the goal of assisting faith-based and community organizations to increase their effectiveness, enhance their ability to provide social services, expand their organizations, diversify their funding sources, and create collaborations to better serve those most in need. This is accomplished by funding experienced intermediary organizations in well-defined geographic locations with a proven track record of providing technical assistance to smaller faith-based and community organizations in their communities, providing one-time \$50,000 grants to smaller faith-based and community organizations to build their capacity, and providing grants to strengthen broad-based collaborative community that are working to reduce gang involvement, youth violence, and child abuse and neglect and to foster positive youth development.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Intermediary organizations use the CCF funds to provide two services within their communities: 1) Training assistance to faith-based and community

organizations; and 2) Financial support through sub-awards to some subset of the faith-based and community organizations in their communities. Technical assistance activities funded under CCF are to be conducted at no cost to interested faith-based and community organizations. Applicants must have demonstrated experience in the delivery of capacity-building assistance to smaller organizations in several of the following areas: strategic planning, financial management, board development, fund development, and outcome measurement. Technical assistance should be provided on a long-term, on-going basis to smaller organizations. The program goals are further accomplished through the issuance of sub-awards by the funded intermediary organizations to a diverse set of small faith-based and community organizations that seek to increase program and organizational effectiveness for a 12-month period. Sub-award recipients must adhere to the following: sub-award recipients must be chosen from fair and open competitive process; sub-award recipients must not be pre-selected; the awarding process must be fair and open competition and include outreach to both faith-based and community organizations; intermediary organizations must provide on-going technical assistance and capacity-building support to the organizations to which they issue sub-awards; and the criteria for selection must not include consideration of the religious nature of the program it offers. Priority for sub-awards is given to organizations that historically have not received grants from the Federal government. Intermediaries must not require sub-award applicants to provide matching funds even if the applicants offer matching funds in their applications. Intermediaries must not require sub-award applicants to have 501 (c) (3) status or to identify a sponsoring organization with 501 (c) (3) status; Organizations that partner with an intermediary to deliver technical assistance or provide a cost-sharing fund for the proposed project are not to be eligible for sub-awards, unless approved by the Administration for Children and Families; Sub-awards should not be used to assist organizations in differing stages of development. Sub-awards may also be provided to promising organizations to expand the reach of existing programs; Sub-awards must not be used to provide direct services, but rather improve the sub-awardee's efficiency and capacity. The Office of Community Services (OCS) will not fund any project, where the role of the applicant is primarily to serve as a conduit for funds to organizations other than the applicant. The applicant must have a substantive role in the implementation of the project for which funding is requested. This prohibition does not bar the making of sub-grants or sub-contracting for specific services or activities needed to conduct the project. CCF monies shall not be used to support inherently religious practices such as religious instruction, worship, or proselytization. Grant or sub-award recipients, therefore, may not and will not be selected based on religious criteria. Neutral, non-religious criteria that neither favor nor disfavor religion must be employed in a selection of a grantee and sub-award recipients.

93.010 COMMUNITY-BASED ABSTINENCE EDUCATION (CBAE) (CBAE)

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Title XI, Section 1110 of the Social Security Act.

OBJECTIVES:

To promote abstinence education, as defined by Section 510(b)(2) in Title V of the Social Security Act, for adolescents aged 12 through 18. The entire focus of these programs is to educate young people and create an environment within communities that supports teen decisions to postpone sexual activity until marriage. The CBAE program was discontinued in FY10. No new funds will be available and no new awards will be made.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Pursuant to Section 510(b)(2) of Title V of the Social Security Act, the term "abstinence education," for purposes of this program means an educational or motivational program that:

- (A) Has as its exclusive purpose, teaching the social, psychological, and health gains to be realized by abstaining from sexual activity;
- (B) Teaches abstinence from sexual activity outside marriage as the expected standard for all school age children;
- (C) Teaches that abstinence from sexual activity is the only certain way to avoid out-of-wedlock pregnancy, sexually transmitted diseases, and other associated health problems;
- (D) Teaches that a mutually faithful monogamous relationship in the context of marriage is the expected standard of human sexual activity;
- (E) Teaches that sexual activity outside of the context of marriage is likely to have harmful psychological and physical effects;
- (F) Teaches that bearing children out-of-wedlock is likely to have harmful consequences for the child, the child's parents, and society;
- (G) Teaches young people how to reject sexual advances and how alcohol and drug use increases vulnerability to sexual advances; and
- (H) Teaches the importance of attaining self-sufficiency before engaging in sexual activity.

Applicant Eligibility:

Public and private agencies responsible for the administration (or supervision of the administration) of projects under Section 1110 of the Social Security Act that teach abstinence, using the definitions contained in Section 510(b)(2) of the Act, to adolescents ages 12 through 18. Eligible applicants include: State governments; County governments; City or Township governments; independent school districts; private institutions of higher education; special district governments; public and State-controlled institutions of higher education; Native American Tribal governments (Federally recognized); public housing authorities/Indian housing authorities; Native American Tribal organizations (other than Federally recognized Tribal governments); non-profits having a 501(c)(3) status with the IRS, other than institutions of higher education; non-profits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education; for-profit organizations other than small businesses; and, small businesses. Faith-based and community organizations that meet the statutory eligibility requirements are eligible to apply under this announcement. Sex education programs that promote the use of contraceptives are not eligible for funding under this program. The CBAE program was discontinued in FY10. No new funds will be available and no new awards will be made.

Beneficiary Eligibility:

Adolescents ages 12 through 18.

93.011 NATIONAL ORGANIZATIONS OF STATE AND LOCAL OFFICIALS

NOSLO

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Sections 301 and Title III Sections 330A and 330(l) of the Public Health Service (PHS) Act, as amended; and Section 711(b) of the Social Security Act as amended (42 U.S.C.912(b)).

OBJECTIVES:

The National Organizations of State and Local Officials (NOSLO) program has the following goals: (1) integrate primary care and public health activities and examine key issues that affect health care delivery in underserved urban and rural communities; (2) improve public health programs at the national, state, and local levels, by partnering with state and local government entities and programs that contribute to population health and health policy development, (3) incorporate indicators of primary care and public health system integration, such as establishing multi-stakeholder coalitions that align with national and

regional health and human services initiatives; (4) address a broad range of cross-cutting issues that affect state and local governments, including policy and data and environmental analyses associated with emerging health reform issues; and (5) leverage key strategic objectives at the state and local level, including safety net provider workforce development, health information technology and exchange, health equity, and safety net funding programs, such as Medicare and Medicaid.

The purpose of the National Organizations of State and Local Officials cooperative agreement is to: (1) engage national organizations, representing state and local officials, to provide training and technical assistance to promote primary care and public health initiatives for their constituencies; (2) strengthen the organizational capacities of state and local health departments, Primary Care Organizations (PCOs), small rural hospitals, State Medicaid agencies, and legislatures through information exchanges that support public and private sector initiatives at the state and local level to improve health and achieve health equity for the communities they serve; and (3) develop technical assistance materials and training activities that benefit health centers providing services to underserved communities.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

This program will support national organizations that represent the following groups: State/Territorial Health Department Officials, Local County and City Health Department Officials, State Medicaid Directors, and State Legislatures to address cross-cutting, publicly-funded health program integration and health access issues identified by the states and local governments and entities. The NOSLO cooperative agreements are multi-faceted and include opportunities for policy information exchange and collaboration, as well as for providing training and technical assistance to health centers and other health care entities to address the needs of the underserved and targeted populations. The cooperative agreements will also address program priorities for the U.S. Department of Health and Human Services, such as the implementation of health reform activities at the state and local level, including addressing the implications of health reform provisions to achieve improved outcomes for beneficiaries and better services and value for state Medicaid programs.

Applicant Eligibility:

Eligible applicants include nonprofit national service organizations that can provide training and technical assistance on a national level. The applicants must have effective organizational infrastructures and capacities (i.e., systems, leadership, resources) to carry out the proposed activities. Applicants must be national in scope and have established long term relationships with the following groups: state legislatures; state government entities such as Primary Care Offices, State Rural Health Associations (SRHA) and State Offices of Rural Health (SORH); state and local health departments; state policymakers; and local county and city government entities.

Beneficiary Eligibility:

Eligible beneficiaries include the following entities: Federal; Interstate; Intrastate; State; Local; Public nonprofit institution/organization; Other public institution/organization; Non-Governmental General; Minority group; Specialized group (e.g., health professionals, students, veterans); Small business (less than 500 employees); Private nonprofit institution/organization; Quasi-public nonprofit institution/organization; Anyone/general public; Native American Organizations; Health professional; Black; American Indian; Spanish origin; Asian; Other non-white; Migrant; U.S. citizen; Refugee/Alien; Veteran/Service; Person/Reservist (including dependents); Women; Disabled (i.e., Deaf, Blind, Physically Disabled).

Administration on Aging, Department of Health and Human Services

AUTHORIZATION:

Older Americans Act of 1965, Title VI, Public Law 89-73, 92 Stat. 1513.

OBJECTIVES:

To promote the delivery of supportive services, including nutrition services, to older Indians, Alaskan Natives, and Native Hawaiians and to enable tribal organizations to provide multifaceted systems of support services to family caregivers. Services are comparable to services provided under Title III of the Older Americans Act of 1965, as amended.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Funds are available through grants to eligible Indian Tribal Organizations for services comparable to those provided under Title III. Services must include

nutrition services and information and referral, and may include transportation and other services authorized under Title III. Funds may be used for staffing senior centers. Indian Tribes receive funds based on a formula that considers the number of eligible elder Indians sixty years of age or older represented by the tribal organizations with population ranges from 50-100, 101-200, 201-300, 301-400, 401-500, 501 to 1,500, and 1,501+. Grants also are available to private or nonprofit organizations having the capacity to provide services to older Native Hawaiians.

Applicant Eligibility:

Tribal organizations of Indian tribes eligible for assistance under Section 4 of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450b), and public or nonprofit private organizations which serve Native Hawaiian Elders, which represent at least 50 Indians or Hawaiians 60 years of age or older. Applicants must demonstrate that they have the ability to deliver supportive and nutrition services.

Beneficiary Eligibility:

Indians who are 60 years of age and older, and in the case of nutrition services, their spouses. Tribes also have the authority to define Indians under 60 years of age as "older Indian" making them eligible for services.

Credentials/Documentation:

Applicable costs and administrative procedures will be determined in accordance with Part 92 of Title 45 of the Code of Federal Regulations. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. In order to receive a grant, the eligible tribal organization, or for Native Hawaiians, the nonprofit private organization serving Native Hawaiians, must submit an application in accordance with instructions published in the Federal Register and/or Grants.gov by the Administration on Aging.

Award Procedure:

Notification of award will be issued to the grantee.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days. Usually within 60 to 120 days from closing date or receipt of application.

Appeals:

Appeals are processed in accordance with Administration on Aging regulations in 45 CFR 1326 and 1328.

Renewals:

Renewals within the grant period are based on satisfactory performance during the prior year, and the availability of funds.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Funds for grants are awarded for no less than a 12-month period. See the following for information on how assistance is awarded/released: Payment Management System.

AUTHORIZATION:

Section 301(a) of the Public Health Service Act [42 U.S.C. Sections 241], as amended.

OBJECTIVES:

This program is intended to build the capacity of legislators and relevant legislative health committee experts through an organizational membership that represents legislatures from all 50 states and territories as part of the nations efforts to expand and sustain national investment in prevention and public health programs.

The purpose of this 1-year activity is to ensure that legislators have the knowledge, information, and other resources they need to identify, develop, and support policies that maintain essential public health services, while also facilitating the changes needed in the public health system to increase effectiveness and efficiency through better use of resources. This program addresses the Healthy People 2020 focus area of Public Health Infrastructure and the CDC Office for State, Tribal, Local and Territorial Supports mission to increase the capacity and performance of the public health system, available at <http://www.healthypeople.gov>.

TYPES OF ASSISTANCE:

93.064 LABORATORY TRAINING, EVALUATION, AND QUALITY ASSURANCE PROGRAMS

(Quality Assurance in Pathology and Laboratory Medicine)

FEDERAL AGENCY:

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Section 317(k)(2), 42 U.S.C 247b(k)(2).

OBJECTIVES:

To improve the quality of laboratory testing practices relevant to clinical and public health settings and to determine standardized approaches to quality assurance in pathology and laboratory medicine that can be applied in multiple, diverse settings (e.g. community hospitals, academic medical centers, and independent laboratories) that demonstrate measurable and sustainable improvements over time.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Funding opportunities are made available to evaluate quality assurance methods for addressing the pre-analytic, analytic, and post-analytic components of laboratory testing in clinical and public health laboratory settings; and to provide technical assistance and training to public health laboratory scientists and leaders on laboratory standards and quality improvement models applicable to laboratory management services.

Applicant Eligibility:

Applications may be submitted by public and private nonprofit organizations and by governments and their agencies, such as: Public nonprofit organizations, private nonprofit organizations, universities, colleges, research institutions, hospitals, community and faith based organizations, State and local governments or their Bona Fide Agents (this includes the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, the Commonwealth of the Northern Mariana Islands, American Samoa, Guam, the Federated States of Micronesia, the Republic of the Marshall Islands, and the Republic of Palau).

Beneficiary Eligibility:

Applicants must have experience in the administration and evaluation of standardized quality assurance programs in multiple, diverse laboratory sites (including community hospitals and academic medical centers). This experience is required for an applicant to be able to assess the effectiveness of these quality assurance programs and to determine best practices.

Credentials/Documentation:

Title 2 of the United States Code section 1611 states that an organization described in section 501(c)(4) of the Internal Revenue Code that engages in lobbying activities is not eligible to receive Federal funds constituting an award, grant, or loan. For all other nonprofit grantees, costs will be determined in accordance with HHS Regulations 45 CFR 74, Subpart Q. For-profit organizations' costs are determined in accordance with the Federal Acquisition Regulations, 48 CFR 31. This program is excluded from coverage under OMB Circular No. A-87.

93.067 GLOBAL AIDS

(FEDERAL AGENCY)

FEDERAL AGENCY:

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

Sections 307 and 317(k)(2), Public Health Service Act, 42 U.S.C. 242I and 247b(k)(2) as amended; United States Leadership Against HIV/AIDS, Tuberculosis and Malaria Act of 2003, Public Law 110-293, the Tom Lantos

and Henry J. Hyde United States Global Leadership Against HIV/AIDS, Tuberculosis, and Malaria Reauthorization Act of 2008, 22 U.S.C 7601.

OBJECTIVES:

The U.S. President's Emergency Plan for AIDS Relief (PEPFAR) is the U.S. Government initiative to help save the lives of those suffering from HIV/AIDS around the world. This historic commitment is the largest by any nation to combat a single disease internationally, and PEPFAR investments also help alleviate suffering from other diseases across the global health spectrum. PEPFAR is the cornerstone and largest component of the U.S. Presidents Global Health Initiative. With a special focus on improving the health of women, newborns and children, the Global Health Initiatives goal is to save the greatest number of lives by increasing and building upon what works and, then, supporting countries as they work to improve the health of their own people.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Reimbursement of pre-award costs is not allowed. No funds shall be used to distribute sterile needles or syringes for the hypodermic use of any illegal drug. Funds may be spent for reasonable program purposes, including personnel, travel, operating costs including supplies, fuel for transportation, utilities, staff training costs including registration fees and purchase and rental of training related equipment, renovation of clinical or lab facilities; and purchase of HIV testing reagents, test kits and laboratory equipment for HIV testing and services. Equipment may be purchased if deemed necessary to accomplish program objectives; however, prior approval by CDC officials must be requested in writing. All requests for funds contained in the budget shall be stated in U.S. dollars. Once an award is made, CDC will not compensate foreign grantees for currency exchange fluctuations through the issuance of supplemental awards. The costs that are generally allowable in grants to domestic organizations are allowable to foreign institutions and international organizations, with the following exception: With the exception of the American University, Beirut, and the World Health Organization (WHO), Indirect Costs will not be paid (either directly or through sub-award) to organizations located outside the territorial limits of the United States or to international organizations regardless of their location. The applicant may contract with other organizations under this program; however the applicant must perform a substantial portion of the activities (including program management and operations, and delivery of prevention services for which funds are required). You must obtain an annual audit of these CDC funds (program-specific audit) by a U.S. - based audit firm with international branches and current licensure/authority in-country, and in accordance with International Accounting Standards or equivalent standard(s) approved in writing by CDC. A fiscal Recipient Capability Assessment may be required, prior to or post award, in order to review the applicant's business management and fiscal capabilities regarding the handling of U.S. Federal funds. Prostitution and Related Activities The U.S. Government is opposed to prostitution and related activities, which are inherently harmful and dehumanizing, and contribute to the phenomenon of trafficking in persons. Any entity that receives, directly or indirectly, U.S. Government funds in connection with this document (recipient) cannot use such U.S. Government funds to promote or advocate the legalization or practice of prostitution or sex trafficking. Nothing in the preceding sentence shall be construed to preclude the provision to individuals of palliative care, treatment, or post-exposure pharmaceutical prophylaxis, and necessary pharmaceuticals and commodities, including test kits, condoms, and, when proven effective, microbicides. A recipient that is otherwise eligible to receive funds in connection with this document to prevent, treat, or monitor HIV/AIDS shall not be required to endorse or utilize a multisectoral approach to combating HIV/AIDS, or to endorse, utilize, or participate in a prevention method or treatment program to which the recipient has a religious or moral objection. Any information provided by recipients about the use of condoms as part of projects or activities that are funded in connection with this document shall be medically accurate and shall include the public health benefits and failure rates of such use. In addition, any foreign recipient must have a policy explicitly opposing, in its activities outside the United States, prostitution and sex trafficking, except that this requirement shall not apply to the Global Fund to Fight AIDS, Tuberculosis and Malaria, the

World Health Organization, the International AIDS Vaccine Initiative or to any United Nations agency, if such entity is a recipient of U.S. government funds in connection with this document.

Applicant Eligibility:

Competition is limited, or single eligibility by authorizing legislation.

Award Procedure:

Successful applicants will receive a Notice of Grant Award (NGA) from the CDC Procurement and Grants Office. The NGA shall be the only binding, authorizing document between the recipient and CDC. The NGA will be signed by an authorized Grants Management Officer, and mailed to the recipient fiscal officer identified in the application.

Deadlines:

Oct 01, 2011 Applications must be received in the CDC Procurement and Grants Office by 5:00 p.m. Eastern Time on the deadline date.

Range of Approval/Disapproval Time:

From 90 to 120 days.

Appeals:

Not Applicable.

Renewals:

From 60 to 90 days. Renewals are made by competitive applications and Reviews.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

From one to five years. Throughout the project period, CDC's commitment to continuation of awards will be conditioned on the availability of funds, evidence of satisfactory progress by the recipient (as documented in required reports), and the determination that continued funding is in the best interest of the Federal Government. Method of awarding/releasing assistance: lump sum.

Reports:

No program reports are required. No cash reports are required. As specified in the Founding Opportunity Announcement. No expenditure reports are required. As specified in the Founding Opportunity Announcement.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Foreign recipients are subject to audit requirements specified in 45 CFR 74.26(d). A non-Federal audit is required, if during the recipients fiscal year, the recipient expended a total of \$500,000.00 or more under one or more HHS awards (as a direct recipient and/or as a subrecipient). The recipient either may have (1) A financial related audit (as defined in the Government Auditing Standards, GPO stock #020-000-00-265-4) of a particular award in accordance with Government Auditing Standards, in those case where the recipient receives awards under only one HHS program; or, if awards are received under multiple HHS programs, a financial related audit of all HHS awards in accordance with Government Auditing Standards; or (2) An audit that meets the requirements contained in OMB Circular A-133. Please forward a copy of the completed audit to the following address: Procurement and Grants Office, Centers for Disease Control and Prevention, Attn: Grants Management Officer, 2920 Brandywine Road, MS-K75, Atlanta, GA 30341. If your audit was completed in accordance with number two (2) above, in addition to the address listed above, you are required to send a copy of the audit report to: Department of Health & Human Services, National External Audit Review Center Lucas Place, Room 514, 323 West 8th Street, Kansas City, MO 64105.

Records:

Financial records, including documents to support entries on accounting records and to substantiate charges to each grant, must be kept readily available for review by personnel authorized to examine PHS grant accounts. Records must be maintained for three years after the end of a budget period. If questions still remain, such as those raised as a result of audit, related records should be retained until the matter is completely resolved.

93.069 PUBLIC HEALTH EMERGENCY PREPAREDNESS

PHEP

FEDERAL AGENCY:

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act , Section 319C-1, Public Law 112-10, as amended by Pandemic and All-Hazards Preparedness Act , Public Law 109-417.

OBJECTIVES:

The PHEP cooperative agreement is a critical source of funding, guidance, and technical assistance for state, territorial, and local public health departments. Preparedness activities funded by the PHEP cooperative agreement are targeted specifically for the development of emergency-ready public health departments that are flexible and adaptable. These efforts support the National Response Framework (NRF), which guides how the nation responds to all types of hazards including infectious disease outbreaks; natural disasters; biological, chemical, and radiological incidents; and explosions.

To help public health departments with their strategic planning, CDC identified 15 public health preparedness capabilities to serve as national public health preparedness standards. State and local jurisdictions can use CDC's Public Health Preparedness Capabilities: National Standards for State and Local Planning to better organize their work and identify the capabilities they have the resources to build or sustain. These standards help ensure that federal preparedness funds are directed to priority areas within individual jurisdictions.

The 2011 PHEP cooperative agreement guidance assists the 62 PHEP awardees in demonstrating measurable and sustainable progress toward achieving the 15 public health preparedness capabilities and other activities that promote safer and more resilient communities.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

The purpose of the Public Health Emergency Preparedness (PHEP) cooperative agreement program is to assist state, local, and territorial/freely associated state health departments in demonstrating measurable and sustainable progress toward achieving the 15 public health preparedness capabilities and other activities that promote safer and more resilient communities. Funds can only be used for non-research activities.

Applicant Eligibility:

State health departments of all 50 States, the District of Columbia, the nation's three largest municipalities (New York City, Chicago and Los Angeles County), the Commonwealths of Puerto Rico and the Northern Mariana Islands, the territories of American Samoa, Guam and the U.S. Virgin Islands, the Federated States of Micronesia, and the Republics of Palau and the Marshall Islands.

Beneficiary Eligibility:

All State, County, and Local Health Departments.

Credentials/Documentation:

Applicants should review the individual CDC Guidance documents issued under this CFDA program for any required proof or certifications which must be submitted prior to or simultaneous with submission of an application package. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. CDC provides an Internet-based system for submitting applications, including narrative and budget, electronically. This system will also enable applicants to complete most required forms electronically, which can then be signed and uploaded into the system. Applicants are required to use this system in lieu of paper-based applications. Under separate cover, CDC will provide detailed instructions on obtaining a digital certificate to access the CDC web portal <https://sdn.cdc.gov> and use the electronic application system. This program is subject to the provisions of 45 CFR Parts 74 and 92, as appropriate.

Award Procedure:

After review and approval of an application, a notice of award is made in writing and issued by the Grants Management Officer, Procurement and Grants Office, CDC. Also, appropriate notification is made to the public.

93.070 ENVIRONMENTAL PUBLIC HEALTH AND EMERGENCY RESPONSE

FEDERAL AGENCY:

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act Sections 301, 307, 311, 317, and 319C (42 U.S.C. Sections 241, 2421, 243, 247b and 247d-3), as amended, Public Law 109-417, Public Law 109-147, U.S.C 241-2421-243.

OBJECTIVES:

To bring public health and epidemiologic principles together to identify, clarify, and reduce the impact of complex environmental threats, including terrorist threats and natural disasters, on populations, domestic and foreign. These programs and activities focus on safeguarding the health of people from environmental threats; providing leadership in the use of environmental health sciences-including environmental epidemiology, environmental sanitation, and

laboratory sciences-to protect public health; and responding to issues and sharing solutions to environmental health problems worldwide. To accomplish the above, the CDC: (1) conducts surveillance and investigations that increase the knowledge about the relation between human health and environmental threats; (2) uses this knowledge to develop national public health programs and policies to prevent or control public health problems; (3) plans, prepares, and responds to emergencies, including terrorist threats, technologic accidents, and natural disasters; (4) provides direct service delivery to partners engaged in environmental health services such as food, safety, rodent control, water quality, and sanitation; (5) develops and applies laboratory science to prevent disease and death caused by exposure to environmental chemicals and to improve the diagnosis, treatment, and prevention of selected chronic diseases; (6) conducts Biomonitoring to assess individual human exposure to environmental chemicals by measuring them in human specimens (e.g. blood and urine); and, (7) conducts activities on emerging environmental threats such as climate change and the built environment.

93.086 HEALTHY MARRIAGE PROMOTION AND RESPONSIBLE FATHERHOOD GRANTS

(Healthy Marriage Promotion and Responsible Fatherhood Grants)

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Social Security Act, Title IV, Part A, Section 403; The Claims Resolution Act of 2010 (CRA), Public Law 111-291.

OBJECTIVES:

Included three objectives: (1) To fund Healthy Marriage Promotion activities that will help couples, who have chosen marriage for themselves, gain greater access to marriage education services on a voluntary basis. These services will help couples acquire the skills and knowledge necessary to form and sustain a healthy marriage; (2) To fund Responsible Fatherhood promotion activities specifically designed to promote responsible fatherhood to reverse the rise in father absence and its subsequent impact on our nation's children. ACF will award these funds on a competitive basis to States, territories, Indian tribes and tribal organizations, and public and nonprofit community entities, including faith-based organizations; and (3) Award competitive based demonstration projects designed to test the effectiveness of tribal governments or tribal consortia in coordinating the provision to tribal families at risk of child abuse or neglect of child welfare services and services under tribal programs funded under this part.

TYPES OF ASSISTANCE:

DISSEMINATION OF TECHNICAL INFORMATION; PROJECT GRANTS

USES AND USE RESTRICTIONS:

The Secretary may not award funds on a noncompetitive basis, and may not provide any such funds to an entity for the purpose of carrying out healthy marriage promotion activities or for the purpose of carrying out activities promoting responsible fatherhood unless the entity has submitted to the Secretary an application which describes how the programs or activities proposed in the application will address, as appropriate, issues of domestic violence; and what the applicant will do, to the extent relevant, to ensure that participation in the programs or activities is voluntary, and to inform potential participants that their participation is voluntary; and contains a commitment by the entity to not use the funds for any other purpose; and to consult with experts in domestic violence or relevant community domestic violence coalitions in developing the programs and activities.

Applicant Eligibility:

The Healthy Marriage and Responsible Fatherhood grants will be competitively awarded for a one (1) year budget period and three-year (3) project period. The

awards will be made final no later than September 2011 and will run for three consecutive years up through September 2014. There are no subsequent competitive awards for this program. For years two and three, awards will be made via non-competitive continuation application. Eligible organizations for Healthy Marriage Grants in general are public and private entities. This includes, but is not limited to: States; County governments; City or township governments; Special district governments; State controlled institutions of higher education; Native American tribes and tribal organizations; Nonprofit organizations; Private organizations of higher education; For-profit organizations; and faith-based and community organizations. Application Eligibility for Responsible Fatherhood Grants include: States; territories; Indian tribes and tribal organizations; and public and non-profit community entities, including Faith-based organizations. Application Eligibility for Tribal TANF Child Welfare TA Grants includes Native American Tribal governments.

Beneficiary Eligibility:

Families, couples, individuals in need of assistance with Healthy Marriage services, including marriage enhancement and relationship education and Responsible Fatherhood activities, including parenting education, economic stability services. In general these funds will assist in the efforts to enhance and expand the ability of States, Native American governments, local governments, for-profit organizations, non-profit community organizations and other public entities to provide family formation and responsible fatherhood services to those in need.

Credentials/Documentation:

Any nonprofit agency is required to provide proof of its nonprofit status through one of the following: (a) A reference to the applicant organization's listing in the Internal revenue Service's (IRS) most recent list of tax-exempt organizations described in the IRS code. (b) A copy of a currently valid IRS tax exemption certificate (c) A statement from a State taxing body, State Attorney General, or other appropriate State official certifying that the applicant organization has a nonprofit status and that none of the net earnings accrue to any private shareholders or individuals. (d) A certified copy of the organization's certificate of incorporation or similar document that clearly establishes nonprofit status. (e) Any of the items in the subparagraphs immediately above for a State or national parent organization and a statement signed by the parent organization that the applicant organization if it's local nonprofit affiliate. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. This program is excluded from coverage under OMB Circular No. A-110. Applicants needed to complete all the standard forms required for making application for awards under this announcement. Applicants that requested financial assistance submitted Standard Forms 424, 424A, 424B and the associated certifications and assurances. Specific instructions were published in the official program announcement.

Award Procedure:

Applications received by the due date will be reviewed and scored competitively. Peer reviewers, generally persons from outside the Federal government, will use the evaluation criteria listed in Section V of the Funding Opportunity Announcement to review and score the applications. The results of the review will be a primary factor in making funding decisions. ACF may also solicit comments from other Federal agencies. ACF may consider a variety of factors in addition to the review criteria identified above, including geographic diversity/coverage and types of applicant organizations, in order to ensure that the interests of the Federal Government are met in making the final selections. The successful applicants will be notified through issuance of a Financial Assistance Award document which sets forth the amount of funds granted, the terms and conditions of the grant, the budget period for which initial support

will be given, and the total project period for which support is contemplated. In accordance with the authorizing legislation, preference will be given to those applicants that were awarded any prior Responsible Fatherhood, Healthy Marriage, or Tribal Child Welfare funds between 2005 and 2010 and that have demonstrated the ability to have successfully carried out their program.

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2010: Information on the RPG program progress to date is available in the report, Targeted Grants to Increase the Well-Being of, and to Improve the Permanency Outcomes for, Children Affected by Methamphetamine or Other Substance Abuse: First Annual Report to Congress. It is available at <http://www.childwelfare.gov/responding/substance.cfm>. Fiscal Year 2011: The RPG program continues to advance cross-systems collaboration and service integration between child welfare and substance abuse treatment agencies. The preliminary indicator data and qualitative review information from the 53 grantees to date illustrate the successes and challenges in working across systems, and how these approaches can improve child well-being, permanency and safety and sustained recovery for parents. For example, children in the RPG program, in contrast to children in grantees comparison groups, had significantly better outcomes in several areas including RPG children are less likely to be removed from the home; more likely to be reunified within 12 month; and less likely to experience repeat maltreatment. Of the nine 3-year grantees, three completed their projects as of September 30, 2010 and have submitted their final reports; the other six grantees have no cost extensions to continue their work for up to one year. Fiscal Year 2012: The RPG program continues to advance cross-systems collaboration and service integration between child welfare and substance abuse treatment agencies. Analysis of the

indicator data and qualitative review information from the 53 grantees will be used to understand the successes and challenges in working across systems, and how these approaches can improve child well-being, permanency and safety and sustained recovery for parents.

CRITERIA FOR SELECTING PROPOSALS:

Applications are evaluated on the basis of the degree to which proposals meet specific objectives defined in the program announcement including, but not limited to: (1) demonstration of regional impact of methamphetamine or other substance abuse; (2) organizational capacity to collaborate with other service providers; and (3) relevance of proposed services and activities in enhancing the well-being of children in foster care or at risk of foster care due to a parent's or caretaker's substance abuse.

OBJECTIVES:

To establish and maintain a national interoperable network of state systems. Each system is maintained by a State or group of States for the purpose of verifying the credentials, certifications, licenses, relevant training, and hospital privileges of health care professionals who volunteer to provide health services during a public health emergency.

TYPES OF ASSISTANCE:

Project Grants (Discretionary)

USES AND USE RESTRICTIONS:

Grant funds may be used for ESAR-VHP related activities only. Grants funds may not be used for construction and/or major rehabilitation of buildings. Grants funds may not be used for basic research (e.g. scientific or medical experiments.). When appropriated and apportioned; all funds available will be used for discretionary grant awards.

Applicant Eligibility:

State health departments of all 50 States, the District of Columbia, the nation's three largest municipalities (New York City, Chicago and Los Angeles County), the Commonwealths of Puerto Rico and the Northern Mariana Islands, the territories of American Samoa, Guam and the United States Virgin Islands, the Federated States of Micronesia, and the Republics of Palau and the Marshall Islands.

Beneficiary Eligibility:

All State health departments listed above, hospitals and supporting health care systems.

Credentials/Documentation:

Applicants should review the individual ASPR funding opportunity

announcement issued under this CFDA program for any proof or certifications which must be submitted prior to or simultaneous with submission of an application package. OMB Circular A-122 applies to this program. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Grant applications and required forms for this program can be obtained through Grants.gov - FIND. Applicants should visit Grants.gov - FIND for the funding opportunity announcement and Grants.gov - APPLY to download application materials to complete and submit their applications in accordance with the funding opportunity announcement (FOA).

Award Procedure:

Applications that successfully proceed through initial screening (as outlined in the FOA) will be objectively reviewed based upon the review criteria specified in the FOA. Applications selected for funding will be processed and the applicant notified in writing through the issuance of a Notice of Award from the Office of the Assistant Secretary for Preparedness and Response.

Deadlines:

Sep 30, 2010: Applicable deadlines and due dates are specified in the funding opportunity announcement.

Range of Approval/Disapproval Time:

From 90 to 120 days. None.

Appeals:

Not Applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Project periods are limited up to 36 months. Budget periods are limited up to 12 months. See the following for information on how assistance is awarded/released: Awardee is issued a Notice of Award, a legal document that informs the awardee that a grant award has been made. Awardee may draw down funds in advance of the incursion of an expenditure (up to three days) from the Payment Management System.

Reports:

Grantees are required to submit program reports, also know as Program Progress Reports. Recipients must report cash transaction data via the Payment Management System (PMS) using the cash transaction data elements captured on the Federal Financial Report (FFR), Standard Form (SF) 425. Recipients will utilize the Transactions section of SF425 in lieu of the SF272. The FFR SF425 cash Transaction Report is due 30 days after the end of each calendar quarter. Grantees are required to submit semi-annual Program Progress Reports as well as final Program Progress Reports. ASPR requires cumulative financial reporting through consecutive funding periods on the SF269 FSR long form. The FFR SF425 was designed to replace the Financial Status Report SF269 and the Federal Cash Transactions Report SF272 with one comprehensive financial reporting form. Until HHS fully migrates to the SF425 FFR, recipients are still required to submit the SF269 Financial Status Report (FSR) semi-annually within 30 days after the first 6 month period and within 90 days of the budget period end date. Grantees are required to submit final Financial Status Reports (SF-269). Performance monitoring is not applicable.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit

conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

Records:

Records must be kept available for 3 years after submission of the final expenditure report.

93.090 GUARDIANSHIP ASSISTANCE

GUARDIANSHIP ASSISTANCE

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Social Security Act, Title IV, Part E, Section 473; as amended.

OBJECTIVES:

To provide Federal Financial Participation (FFP) to States, Indian Tribes, Tribal organizations and Tribal consortia (Tribes) who opt to provide guardianship assistance payments for the care of children by relatives who have assumed legal guardianship of eligible children for whom they previously cared as foster parents.

TYPES OF ASSISTANCE:

Formula Grants

USES AND USE RESTRICTIONS:

Federal assistance may be used only in support of the care of children who meet the eligibility requirements and their siblings under certain situations as specified in the statute. All relatives assuming guardianship of such children are eligible for the nonrecurring expenses associated with obtaining legal guardianship up to \$2000. States and Tribes may receive Federal Financial

Participation (FFP) only if title IV-E plans have been approved by the Secretary.

Applicant Eligibility:

Funds are available to States, the District of Columbia, Puerto Rico, and to Tribes with approved title IV-E plans.

Beneficiary Eligibility:

Beneficiaries are children who meet the following requirements: (1) the child has been eligible for title IV-E foster care maintenance payments while residing for at least six consecutive months in the home of the prospective relative guardian; and (2) the State or Tribe has determined that the permanency options of being returned home or adoption are not appropriate for the child; and (3) the child demonstrates a strong attachment to the prospective relative guardian and the prospective guardian is committed to caring permanently for the child; and (4) for children who have attained the age of 14, the child has been consulted regarding the kinship guardianship arrangement. Beneficiaries may also be siblings of eligible children placed in the same kinship guardianship arrangement. FFP is available to States and Tribes for payments made to a relative guardian in accordance with a kinship guardianship agreement that is in writing, negotiated and is binding.

Credentials/Documentation:

Costs are to be determined in accordance with OMB Circular No. A-87 and 45 CFR Part 92. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110.

Award Procedure:

Quarterly awards are made on the basis of estimated expenditures, which are later revised to include only actual allowable expenditures. Final decisions and awards are made by the Headquarters Office.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

HHS will approve/disapprove applications (title IV-E plans or amendments to them) within 45 days of receipt by HHS.

Appeals:

Refer to 45 CFR Part 16.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Statutory Formula: Funding is provided on an open-ended basis. Federal Financial Participation (FFP) is equal to the Federal Medical Assistance Percentage (FMAP) rate (as defined by sec. 1905(b) of the Social Security Act and as temporarily enhanced through Section 5001 of Public Law 111-5, the American Recovery and Reinvestment Act of 2009 (ARRA)) for the total expended for kinship guardianship assistance payments; 75% of staff training costs; and 50% of other administrative costs. Short term training provided to kinship guardians is subject to a special FFP rate that varies by fiscal year (60% FFP in FY 2010; 65% for FY 2011, 70% for FY 2012). Matching Requirements: The non-Federal share of program costs (difference between total cost and FFP) in each funding category constitutes the required match to be met by the title IV-E agency. Matching funds from State agencies must be appropriated monies raised from non-Federal revenue sources. Matching funds from Tribal agencies must also be appropriated monies, but may at the option of the Tribe include Federal funds specifically authorized by Federal statutes to be used as match for other Federal programs and, for a specified portion of administration and training costs only, in-kind expenditures (or contributions) from specified third party sources. This program does not have MOE requirements.

Matching Requirements: Federal Financial Participation (FFP) for kinship

guardianship is equal to the FMAP (as defined by sec. 1905(b) of the Social Security Act) for the total expended for kinship guardianship assistance payments; 75% of staff training costs; and 50% of other administrative costs. Short term training provided to kinship guardians is subject to a special FFP rate that varies by fiscal year (60% FFP in FY 2010; 65% for FY 2011; 70% for FY 2012).

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Federal financial participation is available to a State or Tribe operating under an approved title IV-E plan. The title IV-E agency may implement and claim allowable guardianship assistance program costs beginning on the first day of the quarter in which an approvable title IV-E plan amendment is submitted to the Administration for Children and Families (ACF) to implement the guardianship assistance program. Method of awarding/releasing assistance: quarterly. Method of awarding/releasing assistance: quarterly.

Reports:

Other reports as may be required by the Secretary. PSC-272. No progress reports are required. A report of estimates and expenditures (form CB-496) is required 30 days after the end of the quarter; other reports as required by the Secretary. No performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Audits are conducted in accordance with the requirements in 45 CFR 92.

Records:

States and Tribes must maintain records necessary for the proper and efficient operation of the program, including records of applications, determinations of eligibility, allocated and direct administrative and training costs, and the provision of financial assistance. See also 45 CFR 92.42.

93.092 AFFORDABLE CARE ACT (ACA) PERSONAL RESPONSIBILITY EDUCATION PROGRAM

PREP

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

The Patient Protection and Affordable Care Act, Title II Role Of Public Programs, Subtitle L, Maternal and Child Health Services , Title V, Section 2953, Public Law 111-148, 42 U.S.C 713(c)(1), as amended by The Affordable Care Act, Public Law 111-148.

OBJECTIVES:

The purpose of this program is to educate adolescents and young adults on both abstinence and contraception for the prevention of pregnancy and sexually transmitted infections, including HIV/AIDS. The Affordable Care Act was established and provided funding for this program through FY 2014.

TYPES OF ASSISTANCE:

Formula Grants; Project Grants

USES AND USE RESTRICTIONS:

To carry out personal responsibility education programs designed to educate adolescents on both abstinence and contraception for the prevention of pregnancy and sexually transmitted infections, including HIV/AIDS. The State program component must fund teen pregnancy prevention and personal responsibility education programs that have been proven on the basis of rigorous scientific research to change behavior, which means delaying sexual activity, increasing condom or contraceptive use for sexually active youth, or reducing pregnancy among youth. State programs must teach adulthood preparation subjects including healthy relationships, adolescent development, financial literacy, parent-child communication, educational and career success, and healthy life skills. Applicants for innovative program funding should describe the research base for proposed projects, such as the rationale for substantial modifications to evidence-based models and/or developmental research that suggests an innovative model is likely to be effective with a vulnerable or underserved population. The list of evidence-based models developed by the HHS Office of Adolescent Health (OAH) is published on the OAH website at

<http://www.hhs.gov/ash/oah/prevention/research/programs/index.html>.

Additionally, the innovative practices component must implement programs to target high-risk, vulnerable, and culturally under-represented youth populations. Such programs must be either significant modifications of the above list of evidence-based models or are based upon other promising approaches with a strong research basis. All programs must agree to participate in a rigorous Federal evaluation of their project. Innovative programs must conduct their own rigorous, independent evaluations unless they are selected for the Federal evaluation. From the \$75,000,000 appropriation, \$10,000,000 (13.3%) is designated for demonstrations of innovative teen pregnancy prevention and personal responsibility education programs; \$3,250,000 (5% of the appropriation after the \$10,000,000 is removed) is set aside for Tribes and Tribal organizations; \$6,500,000 (10% of the appropriation after the \$10,000,000 is removed) is designated for program support and evaluation. The remaining \$55,250,000 (73.7% of the appropriation) is for States to implement evidence-based demonstration projects and is allotted by formula. However, beginning in 2012, funds from States that have not applied for FY10 or FY11

funding may be distributed on a discretionary basis to community-based organizations within those States.

Applicant Eligibility:

Funds are allotted to 59 States and Territories to enable them to carry out personal responsibility education programs. Eligible applicants include the 50 United States, the District of Columbia, Puerto Rico, Virgin Islands, Guam, American Samoa, Northern Mariana Islands, Micronesia, the Republic of the Marshall Islands, and the Republic of Palau. If any States or Territories do not apply for funding in FY 2010 or 2011, they will no longer be eligible to apply for this program and their allotments will be made available to community-based organizations for the same State or territory.

Funds (\$10,000,000) shall be reserved to award grants to entities to implement innovative youth pregnancy prevention strategies and target services to high-risk, vulnerable, and culturally under-represented youth populations.

Funds shall be reserved for grants to Indian tribes and tribal organizations.

Funds shall be reserved for program support that may be provided directly or through a competitive award process. Program support includes research, training and technical assistance, providing consultation and resources on a broad array of teen pregnancy prevention strategies, and developing materials to support grant activities. Funds shall also be reserved to evaluate programs and activities.

Beneficiary Eligibility:

Personal responsibility education programs shall provide services to adolescents and young adults. Applicants are encouraged to serve youth populations that are the most high-risk or vulnerable for pregnancies or otherwise have special circumstances, including youth in and aging of out foster care, homeless youth, youth with HIV/AIDS, pregnant youth who are under 21 years of age, mothers who are under 21 years of age, and youth residing in areas with high birth rates for youth. Applicants must include the most recent pregnancy data for the State for youth ages 10 to 14 and youth ages 15-19, and the most recent birth rates among the same age groups, and trends in those rates for the most recently preceding 5-year period for which data are available.

Credentials/Documentation:

A signed letter from the authorized representative must accompany each application; it should include documentation establishing the authorized representatives authority to apply for and administer the Personal Responsibility Education grant program funds on behalf of the State or Territory.

For other funding available under this CFDA number, non-profit organizations applying for funding are required to submit proof of their non-profit status. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. The PREP program includes formula and competitive grant awards to a range of entities. The OMB circulars that are relevant vary according to the funding opportunity and the kind of organization that will be implementing the grant award.

Award Procedure:

For funds allotted to States and Territories (States), the Administration for Children and Families (ACF) will advise States and Territories of the funding opportunity through a Federal Register notice and/or by a Request for Application (RFA). Applications will be rated Approved, Approved with Conditions, or Approval Pending by Program administrators. Applicants that receive an Approved rating will receive grant awards and will not need to send further information. States that submit applications that are Approved with Conditions" will receive grant awards with descriptions of weaknesses and subsequent conditions that must be met in order to receive Approved status. The States will be given a set period to send to a response to ACF that

addresses the conditions. States that submit applications that are rated Approval Pending will receive a list of weaknesses cited by the reviewer and directions for submitting an amended application that addresses the weaknesses. The State will not receive a grant award until the State submits a satisfactory application. The States will be notified of a final due date for submission of a satisfactory application.

For funds reserved for innovative strategy grants, applications will be reviewed on a nationwide basis and in competition with other submitted applications. Eligible applications will be reviewed by an Objective Review Committee which will apply the criteria given in the Request for Application (RFA) in order to derive priority scores. The review may include both expert peer reviewers and Federal staff who will review each application that meets the responsiveness and screening criteria. Additionally, the review results may form the basis for development of the programmatic terms and conditions of the cooperative agreement. Applications will be provided to the Director of the Office of Adolescent Health and the Commissioner for the Administration on Children, Youth and Families (ACYF) in order by score and rank determined by the review panel. Final award decisions will be made collaboratively by the Director of OAH and the Commissioner of ACYF. In making the award decision, the Director and the Commissioner will take into account the score and rank order given by the Objective Review Committee, and other considerations given in the RFA.

Funds reserved for grants to Indian tribes and tribal organizations will be made in a manner determined by the Secretary, in consultation with Indian tribes and tribal organizations, to be appropriate.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

From 90 to 120 days. Consult the RFA or contact the headquarters office, as appropriate, for application deadlines.

Appeals:

Not Applicable.

Renewals:

From 90 to 120 days.

Formula and Matching Requirements:

Statutory Formula: Title V.

Matching Requirements: Cost sharing or matching of non-Federal funds is not required. However, funded programs should build on but not duplicate or replace current Federal programs as well as state, local or community programs, and programs should coordinate with existing programs and resources in the community.

This program has MOE requirements, see funding agency for further details. This program has an MOE requirement for states and local entities to require that expenditure of non-federal funds for activities, programs or initiatives allowed in this program be no less than such expenditures in FY 09. The intent is to supplement and not supplant the funds expended in FY 09.

Length and Time Phasing of Assistance:

Funds allotted to States and Territories for a fiscal year shall remain available for expenditure by the State through the end of the second succeeding fiscal year. If a State or territory does not submit an application for fiscal year 2010 or 2011, they will no longer be eligible to submit an application to receive funds from the amounts allotted to the State for each of fiscal years 2010 through 2014. Those funds shall be used for awarding three year grants to local organizations and entities for the same purpose and in the same geographic region.

Additional information about the availability of funding will be provided in the funding opportunity announcement. Method of awarding/releasing assistance: quarterly.

Reports:

Each award recipient will report annual progress. Grantees must submit all required reports in a timely manner and in recommended format (to be provided). The grantees shall submit an annual Financial Status Report (FSR).

An FSR is due no later than 90 days after the end of the applicable 12 month period and failure to submit these in a timely manner could affect future funding. The report is an accounting of expenditures under the project that year. There will be data collection, performance measurement, and reporting (e.g., monitoring requirements) for the State and Innovative Practice grantees, as the Secretary determines. However, Federal oversight of the Tribal component may be subject to the outcomes of the Tribal Consultation. The recipient shall submit an annual SF-425 Financial Status Report due no later than 90 days after the end of the applicable 12 month period. The report is an accounting of expenditures under the project that year. More specific information on this reporting requirement will be included in the Notice of Grant Award. No performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grantees must comply with the relevant sections of the Code of Federal Regulations and OMB circulars to perform required audits.

Records:

All financial records are to be maintained for 3 years after termination of the project or until audit is completed, whichever occurs first.

Account Identification:

RELATED PROGRAMS:

93.010 Community-Based Abstinence Education (CBAE) ; 93.235 Abstinence Education Program

EXAMPLES OF FUNDED PROJECTS:

Not Applicable.

CRITERIA FOR SELECTING PROPOSALS:

Funded State programs must replicate evidence-based, effective programs or strategies that substantially incorporate elements of effective programs that have been proven on the basis of rigorous scientific research to change

behavior, which means delaying sexual activity, increasing condom or contraceptive use for sexually active youth, or reducing pregnancy among youth. The programs must include activities to educate youth who are sexually active regarding responsible sexual behavior with respect to both abstinence and the use of contraception. Such activities should teach adulthood preparation subjects including healthy relationships, adolescent development, financial literacy, parent-child communication, educational and career success, and healthy life skills. The programs must: be medically-accurate and complete; include activities to educate youth who are sexually active regarding responsible sexual behavior with respect to both abstinence and the use of contraception; place substantial emphasis on both abstinence and contraception for the prevention of pregnancy among youth and sexually transmitted infections; and must provide age-appropriate information and activities. The information and activities carried out under the program must be provided in the cultural context that is most appropriate for individuals in the particular population group to which they are directed.

REQUIREMENTS OF INNOVATIVE STRATEGIES PROJECTS: Proposals will be funded based on how effectively they can develop, replicate, refine, and test innovative strategies for preventing teenage pregnancy. Programs must be medically accurate, age appropriate, and target services to identified vulnerable and at-risk populations. Funded projects are expected to generate lessons learned so others can benefit from these strategies and innovative approaches and increase the capacity of communities to develop, implement, and evaluate interventions for dissemination and replication by others. Funded projects must show that the proposed intervention is: (a) based on some preliminary evidence of effectiveness; (b) a significant adaptation of an evidence-based program; or (c) is a new and innovative approach to teenage pregnancy prevention with a sound basis in research.

REQUIREMENTS OF TRIBAL REQUIREMENTS OF TRIBAL PROJECTS: Criteria for Tribal projects will be developed as the Secretary, in consultation with Indian Tribes and Tribal Organizations, deem appropriate.

93.093 AFFORDABLE CARE ACT (ACA) HEALTH PROFESSION OPPORTUNITY GRANTS

HPOG

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Social Security Act, Title XX, Section 2008, Public Law 111-148, 42 U.S.C 1397.

OBJECTIVES:

To provide eligible individuals with the opportunity to obtain education and training for occupations in the health care field that pay well and are expected to either experience labor shortages or be in high demand. The Affordable Care Act was established and provided funding for this program through FY 2014.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

The funds can be used to provide education and training to eligible individuals interested in entering the health care field. This funding must be used to provide education and training for occupations in the health care field. The occupations must pay well, either experience labor shortages or be in high demand. Eligible individuals are individuals receiving assistance under the State TANF program or other low income individuals as described by the applicant. At least three grants must be awarded to an eligible Indian Tribe, Tribal Organization or Tribal College or University. The entire \$80,000,000 will be used for discretionary grants.

Applicant Eligibility:

An eligible applicant is a State, an Indian tribe or tribal organization, an institution of higher education, a local workforce investment board established under section 117 of the Workforce Investment Act of 1998, a sponsor of an apprenticeship program registered under the National Apprenticeship Act or a

community-based organization.

Beneficiary Eligibility:

Eligible individual beneficiaries are individuals receiving assistance under the State TANF program; or other low-income individuals described by the eligible entity in its application for a grant under this section.

Credentials/Documentation:

Non-profit organizations applying for funding are required to submit proof of their non-profit status. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Applicants must demonstrate that they have consulted with the State agency responsible for administering the State TANF program, the local workforce investment board in the area in which the project is to be conducted (unless the applicant is such board), the State workforce investment board established under section 111 of the Workforce Investment Act of 1998, and the State Apprenticeship Agency recognized under the Act of August 16, 1937 (commonly known as the National Apprenticeship Act) (or if no agency has been recognized in the State, the Office of Apprenticeship of the Department of Labor) and that the project will be carried out in coordination with such entities. An environmental impact statement is required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. None.

Award Procedure:

Grant applications are reviewed by a panel of non-federal professionals with expertise in the field.

Deadlines:

Jun 21, 2010 to Aug 05, 2010 The program office does not anticipate funding being available for a grant competition in FY 11 and FY 12.

Range of Approval/Disapproval Time:

From 60 to 90 days.

Appeals:

Not Applicable.

Renewals:

From 60 to 90 days. Each year following the initial competitive funding, non-competitive continuation applications will be received and processed within 60-90 days.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements. None.

This program does not have MOE requirements. None.

Length and Time Phasing of Assistance:

Grants are available for not less than one year and not more than five years.

Renewal funding for multiple-year grants is dependent upon grantee performance and availability of funds.

Budget period: Each budget period is for one year beginning September 30.

See the following for information on how assistance is awarded/released:

Funds are drawn down by grantees on a periodic basis, typically each month.

Reports:

An eligible entity awarded a grant to conduct a demonstration project under this program shall submit interim reports to the Secretary on the activities carried out under the project and a final report on such activities upon the conclusion of the entities participation in the project. Such reports shall include assessments of the effectiveness of such activities with respect to improving outcomes for the eligible individuals participating in the project and with respect to addressing health professions workforce needs in the areas in which the project is conducted. The grantees shall submit an annual Financial Status Report (FSR). An FSR is due no later than 90 days after the end of the applicable 12 month period and failure to submit these timely could affect future funding.

The SF 425 FFR will be used to report Financial Status and Cash Transactions. The report is an accounting of expenditures under the project that year. Office of Minority Health (OMH) is authorized to conduct this program under 42 U.S.C. Section 300 u-6, section 1707 of the Public Health Service Act, as amended.

OBJECTIVES:

To improve and expand the capacity for linguistic and cultural competence of health care professionals and paraprofessionals working with Limited-English-Proficient (LEP) minority communities and improve the accessibility and utilization of health care services among the LEP minority populations.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Funds are to be used to support projects that provide bilingual/bicultural assistance in the delivery of health services for minority populations. Funds are not to be used for the provision of health care services, construction, augmentation of ongoing Office of Minority Health (OMH) supported demonstrations, or supplantation of on-going project activities.

Applicant Eligibility:

Public and private nonprofit minority community-based organizations or health care facilities serving a targeted LEP minority community may apply.

Beneficiary Eligibility:

Members of the minority groups whose native language is other than English: American Indians or Alaska Natives, Asians, Blacks or African Americans, Hispanics or Latinos, Native Hawaiians or other Pacific Islanders, or a subgroup of any of these groups.

Credentials/Documentation:

Proof of nonprofit status is required as part of the application submission. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. All open grant opportunities are posted on www.grants.gov. Additional information and application kits may be requested by calling 240-453-8822 or writing to: Office of Public Health and Science (OPHS) Office of Grants Management, 1101 Wootton Parkway, Suite 550, Rockville, MD 20852.

Award Procedure:

Accepted applications will be reviewed by a review panel that will make recommendations on the technical merit based on the published criteria. After considering the recommendations of the panel, the Deputy Assistant Secretary for Minority Health, will make a final decision on funding projects and a notice of grant award will be issued.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days. Approximately 90 days from the application deadline date.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program.

Matching requirements are not applicable to this program.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Grant projects can have a 3-year project period, with 12-month budget periods. Following the initial budget period, continued funding is subject to the availability of funds and satisfactory program performance. Payments will be made either on a monthly cash basis or under a letter of credit. Necessary instructions regarding procedures will be provided at the time the Notice of Grant Award is issued. Method of awarding/releasing assistance: by letter of credit.

Reports:

Annual Program reports are required. Cash Reports are due on a minimum basis of quarterly. Progress reports are required for each budget period. Financial status reports are due at the end of each budget period. A final performance report is due 90 days following the end of the project period.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

Records:

HHS and the Comptroller General of the United States or any of their authorized representatives shall have the right of access to any books, documents, papers, or other records of a grantee, subgrantee, contractor, or subcontractor, which are pertinent to the HHS grant, in order to make audits, examinations, excerpts and transcripts. In accordance with 45 CFR Part 74.53 and 45 CFR Part 92, grantees are required to maintain grant accounting records 3 years after the end of a budget period. If any litigation, claim, negotiation, audit or other action involving the records has been started before the expiration of the 3-year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

Fiscal Year 2010: Thirteen organizations were funded through this 5 year program, the grantees supported partnerships between community-based, minority serving organizations and health care facilities and addressed: cultural and linguistic barriers to effective health care service delivery; and access to quality and comprehensive health care for limited English-proficient (LEP) populations, particularly individuals who are racial and ethnic minorities. This program has concluded. Fiscal Year 2011: No Current Data Available Fiscal Year 2012: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

Complete review criteria are published in the Federal Register Notice or can be obtained from the Program contact. Listed below are some criteria used to review applications: (1) consistency of project's goals and objectives with the Office of Minority Health's mission; (2) coherence and feasibility of methodology and activities selected to address the problem as evidence in the proposed implementation plan; (3) strength of proposed grant organization's management capability; (4) adequacy of qualifications, experience and cultural competence of proposed personnel; and (5) strength of analysis of potential impact or innovation the project proposes to generate.

93.107 AREA HEALTH EDUCATION CENTERS POINT OF SERVICE MAINTENANCE AND ENHANCEMENT AWARDS

AHEC-POSME

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Title VII, Sec. 751 of the Public Health Service Act (42 U.S.C. 294a), as amended by Sec. 5403 of the Patient Protection and Affordable Care Act, Public Law 111-148.

OBJECTIVES:

The Patient Protection and Affordable Care Act, Public Law 111-148, amended the PHS Act, Section 751, Area Health Education Centers. The required program activities in the amended legislation embrace the following goals to: (1) educate and train students to become culturally competent primary care health professionals who will provide healthcare in underserved areas and to health disparity populations; (2) increase the number and variety of primary care health professionals who provide care to underserved populations in Health Professional Shortage Areas (HPSAs) and other medically underserved areas; and (3) recruit into health careers individuals from underrepresented minority population or from disadvantaged or rural backgrounds. The Area Health Education Centers (AHEC) Point of Service Maintenance and Enhancement awards consist of cooperative agreements with accredited schools of medicine and nursing to maintain and improve the effectiveness and the capabilities of an existing AHEC program, and make other modifications to the program that are

appropriate due to changes in demographics and needs of populations served. The AHEC awardees link the academic resources of medical schools and participating health profession schools with local educational and clinical sites, and thereby establish a network of primary care oriented community-based training sites to provide educational services to health profession students, faculty-preceptors and health care providers in underserved areas, and ultimately to improve the delivery of health care in an underserved region or in an entire state. Grantees shall allocate not less than 75 percent of the award to area health education centers to coordinate community-based training and interdisciplinary/interprofessional training in underserved areas and for health disparity populations. AHEC health careers recruitment activities shall be coordinated, where practicable, with Department of Labor workforce investment boards, and shall include an emphasis on careers in public health. Interdisciplinary/interprofessional training shall involve physicians, physician assistants, nurse practitioners, nurse midwives, dentists, psychologists, pharmacists, optometrists, community health workers, public health and allied health professionals, as practicable.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Funds shall be used to recruit individuals from underrepresented, disadvantaged, or rural backgrounds into the health professions; establish and maintain community based placements or preceptorships with an emphasis on primary care; conduct interdisciplinary/interprofessional training involving an array of health professionals; deliver or facilitate continuing education; propose and implement outcomes measurement and evaluation strategies. Not less than 75 percent of the total amount provided to an Area Health Education Centers (AHEC) program under subsection 751(a) (2) shall be allocated to the area health education centers participating in the program. The aggregate amount of awards to schools in the State for the fiscal year under Point of Service Maintenance and Enhancement AHEC authority shall be not less than \$250,000 annually per area health education center, including program office funds. If amounts appropriated to carry out Section 751 are not sufficient to comply with the amount stated in the preceding sentence, the Secretary may reduce the per center amount as necessary.

Applicant Eligibility:

An entity eligible to apply for AHEC Point of Service Maintenance and Enhancement awards under section 751 (a) (2) means an entity has received funds under this section (751), is operating an area health education center program, including an area health education center or centers, and has a center or centers that are no longer eligible to receive financial assistance under subsection (a)(1).

Beneficiary Eligibility:

Accredited public or nonprofit schools of allopathic medicine or osteopathic medicine, the parent institution on behalf of such schools, and accredited schools of nursing, which have received funds under section 751 to operate an AHEC program. Beneficiaries include also a full range of trainees: high school students, health profession students, and practicing health professionals and faculty preceptors.

Beneficiaries include also a full range of trainees: high school students, health profession students, faculty and practitioners.

Credentials/Documentation:

Applicants should review the individual HRSA funding opportunity announcement issued under this CFDA program for any required proof or certifications which must be submitted prior to or simultaneous with submission of an application package. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. HRSA requires all applicants to apply electronically through Grants.gov.

Award Procedure:

All qualified applications will be forwarded to an objective review committee. Based on the advice of the objective review committee, the HRSA program official with delegated authority is responsible for final selection and funding decisions. When making final funding decisions regarding Section 751 awards, consideration will be given to the Sense of the Congress that there be an area health education center program in each state.

Notification is made in writing by a Notice of Award.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

3 to 4 months after the review of the application.

Appeals:

Not Applicable.

Renewals:

During the final budget year of the approved project period, competing continuation applications may be submitted.

Formula and Matching Requirements:

This program has no statutory formula. Matching Requirements: Percent: 50%. Matching Funds: With respect to the costs of operating a program through a grant under section 751, to be eligible for assistance under section 751, an entity shall make available (directly or through contributions from State, county or municipal governments or the private sector) recurring nonfederal contributions in cash or in kind toward such costs in an amount that is equal to not less than 50 percent of such costs. At least 25 percent of the total required non-Federal contributions shall be in cash. This program has MOE requirements, see funding agency for further details.

Length and Time Phasing of Assistance:

Funds are available for expenditure during the appropriate budget period. See the following for information on how assistance is awarded/released: Grantees drawdown funds, as necessary, from the Payment Management System (PMS). PMS is the centralized web based payment system for HHS awards.

93.110 MATERNAL AND CHILD HEALTH FEDERAL CONSOLIDATED PROGRAMS

Special Projects of Regional and National Significance SPRANS, including the Community Integrated Service Systems CISS; Public Health Service Act - Section 399BB Programs under the Combating Autism Act of 2006; The Heritable Disorders Program and the Congenital Conditions Program.

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Social Security Act, Title V, Section 502(a)(1) and (b)(1), as amended; 42 U.S.C. 702.; Section 399BB of the Public Health Service Act; Section 1109, 1111 and 1112 of the Public Health Service Act and Section 399T of the Public Health Service Act.

OBJECTIVES:

To carry out special maternal and child health (MCH) projects of regional and national significance; to conduct training and research; to conduct genetic disease testing, counseling, and information development and dissemination programs; for grants relating to hemophilia without regard to age; and for the screening of newborns for sickle cell anemia, and other genetic disorders. and to support comprehensive hemophilia diagnostic and treatment centers. These grants are funded with a set-aside from the MCH Block grant program. SPRANS grants are funded with 15 percent of the Block Grant appropriation of up to \$600 million. When the appropriation exceeds \$600 million, 12.75 percent of the amount over \$600 million is set aside for the Community Integrated Service Systems grants. 15 percent of the balance remaining over \$600 million is also for SPRANS. The CISS program is to develop and expand the following: (1) Home visitation; (2) increased participation of obstetricians and pediatricians; (3) integrated service delivery systems; (4) maternal and child health centers for women and infants, under the direction of a not-for-profit hospital; (5) services for rural populations; and (6) community-based services for children with special health care needs in order to enhance or develop an integrated services system. In FY 2008 Congress first funded the Combating Autism Act program, which is for early detection, education and intervention activities on autism and other developmental disorders.

First funded in 2004, the Heritable Disorders Program is established to improve the ability of States to provide newborn and child screening for heritable disorders and affect the lives of all of the nations infants and children.

Newborn and child screening occur at intervals across the life span of every child. Newborn screening universally provides early identification and follow-up for treatment of infants affected by certain genetic, metabolic, hormonal and/or functional conditions. It is expected that newborn and child screening will expand as the capacity to screen for genetic and congenital conditions expands.

First funded in 2009, the Congenital Conditions program is established to provide information and support services to women and their families that have received a diagnosis for Down Syndrome, Spina Bifida, Dwarfism and other prenatally or postnatally diagnosed conditions.

TYPES OF ASSISTANCE:

The standard application forms, as furnished by PHS and required by 45 CFR, Part 74, (for institutions of higher education, hospitals, and other non-profit organizations), and 45 CFR, Part 92, (for State and local governments), must be used for this program. Applications are reviewed and evaluated by a group composed primarily of nonfederal scientists. The review is conducted by a panel of experts in the specific study area proposed. This program is subject to the provisions of 45 CFR, Part 74, 45 CFR, Part 92, and OMB Circular No. A-102 (administrative guidelines and standards for states and local governments), and OMB Circular No. A-110 (administrative guidelines and standards for institutions of higher education, hospitals, and other non-profit organizations).

Award Procedure:

After considering the recommendation of the review group, the Deputy Assistant Secretary for Population Affairs makes the final decision on the funding of approved applications. All applicants are notified in writing of actions taken on their applications. A Notice of Grant Award is issued for those applications that are approved and funded.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 120 to 180 days. From 3 to 5 months.

Appeals:

Not Applicable.

Renewals:

> 180 Days. Projects may be approved for 1 year; a project may be renewed for two additional 1-year periods based on submission of an application, including a progress report and evidence of plan compliance.

Formula and Matching Requirements:

This program has no statutory formula. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Grants may not exceed 3 years with budget periods not to exceed 12 months. Payments will be made either on a monthly cash request basis or under an Electronic Transfer System. Necessary instructions for the appropriate type of payment will be issued at the time an award is made. Method of awarding/releasing assistance: by letter of credit.

Reports:

Not Applicable.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

Records:

HHS and the Controller General of the United States or any of their authorized representatives, shall have the right of access to any books, documents, papers, or other records of a grantee, subgrantee, contractor, or subcontractor, which are pertinent to the HHS grant, in order to make audits, examinations, excerpts, and transcripts. In accordance with 45 CFR, Part 74.53, and 45 CFR, Part 92, grantees are required to maintain grant accounting records 3 years after the end of a budget period. If any litigation, claim, negotiation, audit or other action involving the records has been started before the expiration of the 3-year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

Account Identification:

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2010: No Current Data Available Fiscal Year 2011: This program has funded projects for the following purposes: (1) Adolescents at risk; and (2) adoption versus parenting. Fiscal Year 2012: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

(All applications are subject to peer review, in a system established by 42 CFR Section 52h.8, which must find a project to be of scientific merit before it can be awarded a grant.) Criteria include: (1) Scientific and technical significance and originality; (2) adequacy of methodology; (3) qualifications and experience of principal investigator staff; (4) availability of necessary resources; (5) reasonableness of budget and duration; and (6) adequacy of protection of humans, animals, and the environment.

93.113 ENVIRONMENTAL HEALTH

National Institute of Environmental Health Sciences

FEDERAL AGENCY:

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Title III, Part A, Section 301 and Title IV, Part A, Section 401, Public Laws 78-410 and 99-158, as amended, 42 U.S.C. 241, as amended, 42 U.S.C. 288, Public Law 99-500, Small Business Research and Development Enhancement Act of 1992, Public Law 102-564.

OBJECTIVES:

To foster understanding of human health effects of exposure to environmental agents in the hope that these studies will lead to: the identification of agents that pose a hazard and threat of disease, disorders and defects in humans; the development of effective public health or disease prevention strategies; the overall improvement of human health effects due to environmental agents; the development of products and technologies designed to better study or ameliorate the effects of environmental agents; and the successful training of research scientists in all areas of environmental health research. Supported grant programs focus on the following areas: (1) Understanding biological responses to environmental agents by determining how chemical and physical agents cause pathological changes in molecules, cells, tissues, and organs, and become manifested as respiratory disease, neurological, behavioral and developmental abnormalities, cancer, and other disorders; (2) Determining the

mechanisms of toxicity of ubiquitous agents like metals, natural and synthetic chemicals, pesticides, and materials such as nanoparticles, and natural toxic substances, and their effects of on various human organ systems, on metabolism, on the endocrine and immune systems, and on other biological functions; (3) Developing scientific information about potentially toxic and hazardous chemicals by concentrating on toxicological research, testing, test development, and validation efforts; (4) Conducting broad-scale efforts in biometry and risk estimation for determining, monitoring and predicting the probable health risks of cancer, organ system toxicities, and diseases and disorders resulting from human exposures to various environmental hazards, including the development of new statistical analytic tools and methods; (5) Conducting environmental public health research that requires communities as active participants in all stages of research, dissemination, and evaluation to advance both the science and the development of practical materials for use in communities, with a focus on translating research findings into tools, materials, and resources that can be used to prevent, reduce, or eliminate adverse health outcomes caused by environmental exposures; (6) Expanding and improving the SBIR program; to increase private sector commercialization of innovations derived from Federal research and development; to increase small business participation in Federal research and development; and to foster and encourage participation of socially and economically disadvantaged small business concerns and women-owned small business concerns in technological innovation; (7) Expanding and improving the STTR program to stimulate and foster scientific and technological innovation through cooperative research and development carried out between small business concerns and research institutions; to foster technology transfer between small business concerns and research institutions; to increase private sector commercialization of innovations derived from Federal research and development; and to foster and encourage participation of socially and economically disadvantaged small business concerns and women-owned small business concerns in technological innovation; (8) Providing support for broadly based multi-disciplinary research and training on environmental health problems in Environmental Health Sciences Core Centers. These Centers serve as national focal points and resources for research and manpower development. The Centers for Neurodegenerative Science addresses the need for integrated research efforts involving basic and clinical scientists in a quest to discover the causes of and possible treatments for neurodegenerative diseases. The Breast Cancer and the Environment Research Program (co-funded with NCI) studies the impact of prenatal to-adult environmental exposures that may predispose a woman to breast cancer. A special emphasis is on the impact of environmental factors on a girls pubertal development, a known risk factor for breast cancer. Through these programs, NIEHS expects to achieve the long range goal of developing new clinical and public health applications to improve disease prevention, diagnosis, and therapy. Additional Centers programs developed in recent years, include the Centers for Oceans and Human Health (P50)(co-funded with NSF), Children's Environmental Health Centers (P01)(co-funded with US EPA) and the Autism Centers of Excellence (co-funded with NIMH) (U54) and the ; (9) Supporting research training programs which serve to increase the pool of trained research manpower with needed expertise in the Environmental Health Sciences through support of Individual and Institutional National Research Service Awards (NRSAs); (10) The Outstanding New Environmental Scientist Program which provides first time research grant funding to outstanding junior scientists in the formative stages of their career who are proposing to make a long term commitment to environmental health sciences research and to address the adverse effects on environmental exposures on human biology, human pathophysiology and human disease.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Research Grants and Cooperative Agreements are intended to support the direct costs of a project, in accordance with an approved budget, plus an appropriate amount for indirect costs. SBIR Phase I grants (of approximately 6-months' duration) are to establish the technical merit and feasibility of a proposed research effort that may lead to a commercial product or process. Phase II grants are for the continuation of the research initiated in Phase I and that are likely to result in commercial products or processes. Only Phase I awardees are eligible to receive Phase II support. STTR Phase I grants (normally of 1-year duration) are to determine the scientific, technical, and commercial merit and

feasibility of the proposed cooperative effort that has potential for commercial application. Phase II funding is based on results of research initiated in Phase I, scientific and technical merit, and commercial potential of the Phase II application. Career development awards such as Independent Scientist Awards (Supersedes former Research Career Development Award): These awards are in amounts up to \$75,000 (plus fringe benefits, eight percent indirect costs, and \$25,000 for research support) and are made to institutions to provide salary and research support for research scientists who need an additional period of sponsored research as a way to gain experience in a research area new to the candidate or in an area that would demonstrably enhance the candidate's scientific career. Supplementation from nonfederal funds is allowed. Mentored Clinical Scientist Development Awards and Mentored Patient-Oriented Research Career Development Awards (encompass the previous Physician Scientist Awards and Clinical Investigator Awards): Awards up to \$75,000 (salary), \$25,000 for research support plus eight percent indirect costs and fringe benefits, to provide for specialized study for clinically trained professionals who are committed to a career in research and have the potential to develop into independent investigators. Supplementation from nonfederal funds is allowed. Midcareer Investigator Award in Patient Oriented Research: These awards provide salary for levels of effort between 3-6 person months per year (plus fringe benefits) and \$25,000 of career development support to provide support for mid-career health professional doctorates at the mid-career level protected time to devote to patient oriented research and to act as mentors, primarily for clinical residents. The Mentored Quantitative Research Development Award: Awards up to \$75,000 salary (plus fringe) and up to \$40,000 in Career Development Expenses to junior faculty with quantitative and engineering backgrounds to allow them to refocus their research on NIH-relevant topics. Supplementation from non-federal funds is allowed. The Pathways to Independence Award provides up to five years of support consisting of two phases. The initial phase provides 1-2 years of mentored support for highly promising postdoctoral research scientists. Phase 2 consists of up to 3 years of independent research support contingent on securing an independent tenure track or equivalent research position. The total costs per year for the mentored phase should not exceed \$90,000 per year, and the total costs for the independent phase may not exceed \$249,000 per year. NIEHS Core Center grants (P30) are primarily intended to provide infrastructure support and the support of core research facilities. In addition, an appropriate indirect cost is provided as determined by negotiated agreement with the grantee's cognizant government organization. National Research Service Awards (NRSAs): Individual predoctoral and postdoctoral training awards are made for the support of fellows who engage in research training in environmental toxicology, environmental pathology, environmental mutagenesis, or environmental epidemiology/biostatistics. These training grants enable institutions to make awards to individuals selected by them, for both predoctoral and postdoctoral research training in the aforementioned areas. Each individual who receives a postdoctoral NRSA is obligated upon termination of the award to comply with certain service and payback provisions.

Applicant Eligibility:

Research Grants, Cooperative Agreements, Science Education Grants, SBIR Grants, Independent Scientist Awards, Mentored Research Scientist Development Award, Mentored Clinical Scientist Development Award, and the Academic Career Awards: A university, college, hospital, State, local or tribal governments, nonprofit research institution, or for-profit organization may submit an application and receive a grant for support of research by a named principal investigator. Candidates for Academic Career Awards and Midcareer Investigator Awards in Patient Oriented Research must have a doctoral degree and peer-reviewed, independent, research support at the time the award is made. Candidates for Mentored Clinical Scientist Development Awards and Mentored Patient Oriented Research Career Development Awards must have a clinical degree or its equivalent and must have initiated post graduate clinical training. Candidates holding a Ph.D. degree are ineligible. Candidates who have served as principal investigators on PHS-supported research projects are ineligible. A candidate for Academic Career Awards must have a clinical or research doctorate degree. Those eligible for the Development Award must be able to devote at least 75 percent effort. SBIR grants can be awarded only to domestic small businesses (entities that are independently owned and operated for profit, are not dominant in the field in which research is

proposed, and have no more than 500 employees). Primary employment (more than one-half time) of the principal investigator must be with the small business at the time of award and during the conduct of the proposed project. In both Phase I and Phase II, the research must be performed in the U.S. and its possessions. STTR grants can be awarded only to domestic small business concerns (entities that are independently owned and operated for profit, are not dominant in the field in which research is proposed and have no more than 500 employees) which "partner" with a research institution in cooperative research and development. At least 40 percent of the project is to be performed by the small business concern and at least 30 percent by the research institution. In both Phase I and Phase II, the research must be performed in the U.S. and its possessions. To be eligible for funding, a grant application must be approved for scientific merit and program relevance by a scientific review group and a national advisory council. Centers: A university-based, nonprofit research institution, or for-profit organization proposing an integrated research program established to accomplish a stated mission, covering activities ranging from very basic research to the actual application of research results in the prevention and control of environmental health problems, may submit an application under the direction of a named Center Director. National Research Service Awards: (1) Nonprofit domestic organizations may apply for the Institutional NRSA; (2) Individual NRSA awardees must be nominated and sponsored by a public for-profit or nonprofit private institution having staff and facilities appropriate to the proposed research training program; (3) all awardees must be citizens or have been admitted to the United States for permanent residence; (4) to be eligible, predoctoral awardees must have completed the baccalaureate degree and postdoctoral awardees must have a professional or scientific degree (M.D., Ph.D., D.D.S., D.O., D.V.M., Sc.D., D.Eng., or equivalent domestic or foreign degree).

Beneficiary Eligibility:

For Research Grants: Any nonprofit or for-profit organization, company, or institution engaged in biomedical research. For Centers and Training Grants: University-based nonprofit institutions; for-profit organizations conducting research; and individuals nominated by a private institution conducting research.

Credentials/Documentation:

No Credentials or documentation are required. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Research Grants, Science Education Grants, Cooperative Agreements, SBIR Grants and Awards: Application forms and instructions for their submission are available from the Division of Extramural Outreach and Information Resources, National Institutes of Health, 6701 Rockledge Drive, MSC-7910, Bethesda, MD 20892. Small Business Technology Transfer (STTR) program uses same procedure as SBIR immediately above. The standard application forms, as furnished by PHS and required by 45 CFR, Part 92, must be used for this program by those applicants which are State and local units of government. SBIR and STTR Grant Solicitations and SBIR Contract Solicitation may be obtained electronically through the NIH's "Small Business Funding Opportunities" home page at <http://grants.nih.gov/grants/funding/sbir.htm> on the World Wide Web. The Solicitations include submission procedures, review considerations, and grant application or contract proposal forms. SBIR and STTR grant applications should be submitted to grants.gov at <http://grants.gov>. For Center grants and NRSA Training grants the standard application forms, as furnished by PHS and required by 45 CFR 92, must be used for this program by those applicants that are State or local units of government. Centers: Consultation with National Institute of Environmental Health Sciences staff is essential prior to submission of an application. National Research Service Awards (Individual): Prior to formal application, an applicant must arrange for acceptance at sponsoring institution by a sponsor who will supervise the training. Application Kits and instructions for submission are available from the Division of Extramural Outreach and Information Resources, Office of Extramural Research, National

Institutes of Health, Room 6207, 6701 Rockledge Drive, MSC-7910, Bethesda, MD 20892-7910. Specific information concerning Centers may be obtained by contacting the office indicated under Information Contacts. This program is subject to the provisions of 45 CFR, 92 for State and local governments and OMB Circular No. A-110 for nonprofit organizations.

Award Procedure:

Made on the basis of dual review by peer groups of all applications. The first level of reviews is by a study section for scientific merit. In addition, a national advisory council provides a secondary level of review for all applications. As required by P.L. 109-482, the NIH Health Reform Act of 2006, all research grant and cooperative agreements must undergo Advisory Council/Board review and approval prior to funding, including those \$50,000 and under in direct costs. Review of Individual NRSA applications by an Advisory Council/Board is not required. Final approval of these recommendations and decisions concerning funding are made by the Director, NIEHS. All accepted applications are evaluated first for technical merit by an appropriate scientific review group and then by a national advisory council. All accepted SBIR and STTR applications are first evaluated for scientific and technical merit by an appropriate scientific peer review panel, then by a national advisory council. All applications receiving a priority score compete for available SBIR/STTR set-aside funds based on scientific and technical merit and commercial potential of the proposed research, program relevance, and program balance among the areas of research.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

> 180 Days. From 6 to 9 months. SBIR and STTR: About 7-1/2 months. Centers and Institutional National Research Service Awards: From 6 to 9 months. Individual National Research Service Awards: From 6 to 8 months.

Appeals:

A principal investigator (P.I.) may question the substantive or procedural aspects of the review of his/her application by communicating with the staff of the Institute. A description of the NIH Peer Review Appeal procedures is available on the NIH home page <http://www.grants.nih.gov/grants/guide/notice-files/not97-232.html>.

Renewals:

Research Grants, Cooperative Agreements, Center Grants, and Institutional Training Grants: Renewal applications are subject to same criteria as new applications. Independent Scientist Awards, Mentored Research Scientist Development Awards, Mentored Clinical Scientist Development Award, Academic Career Awards, and Individual Training grants are non-renewable.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Research Grants, Cooperative Agreements, Center Grants, and NRSA Institutional grants may be awarded for up to 5 years, generally in 12-month budget periods and may be extended through a competitive renewal. Science Education Grants may be awarded for up to 5 years, in 12-month budget periods, and are not renewable. Independent Scientist Awards are awarded for 5 years in 12-month budget periods, and are non-renewable. Mentored Research Scientist Awards are for up to 5 years, 12-month budget periods, and are non-renewable. Mentored Clinical Scientist Development Awards and Academic Career Awards are for up to 5 years and are renewable. SBIR: Normally, Phase I awards are for 6 months; normally, Phase II awards are for 2 years. STTR: Normally, Phase I awards are for 1 year; normally, Phase II awards are for 2 years. National Research Service Awards: Individual awards are non-renewable and may be for 1, 2, or 3 years, but no individual may receive NRSA support at the predoctoral level for more than 5 years and at the postdoctoral level for more than 3 years. See the following for information on how assistance is awarded/released: Funds are released primarily on basis of an Electronic Transfer System.

Reports:

Annual and final progress reports are required for all Grant Awards. Annual financial reports are due for a subset of grant awards. Final financial reports are due for all grant awards. Additional reports are required after termination of National Research Service Awards to ascertain compliance with the service and payback provisions. Cash reports are not applicable. Annual and final progress reports are required for all Grant Awards. Annual financial reports are due for a subset of grant awards. Final financial reports are due for all grant awards. Additional reports are required after termination of National Research Service Awards to ascertain compliance with the service and payback provisions. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. In addition, grants and cooperative agreements are subject to inspection and audits by DHHS and other Federal officials.

Records:

Expenditures and other financial records must be retained for 3 years from the day on which the grantee submit the last expenditure report for the report period.

Account Identification:

75-0862-0-1-552.

Obligations:

(Project Grants) FY 10 \$335,494,000; FY 11 est \$329,491,000; and FY 12 est \$333,486,000

Range and Average of Financial Assistance:

Range: \$2,000 to \$2,691,763

Average: \$371,114.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2010: In fiscal year 2010, 675 RPG awards (including SBIR and STTR awards), 29 Center grants, 55 Individual and 51 Institutional NRSAs were made. In Fiscal Year 2010 several FOAs were issued for new initiatives. An FOA for a new initiative titled Engineered Nanomaterials: Linking Physical and Chemical Properties to Biology (U19) was released for funding in FY 2010. The objective of this program is to understand how physical and chemical characteristics of engineered nanomaterials (ENMs) influence their molecular interactions with biological matrices and elicit biological responses. Awards made through this FOA use a multi-project cooperative agreement (U19) mechanism. Five awards were issued. The Virtual Consortium for Translational/Transdisciplinary Environmental Research (ViCTER) (R01) is a new initiative released through an FOA in FY 2010. The intent of the ViCTER program is to foster transdisciplinary collaboration and promote translational research efforts between and among basic (technology and mechanism oriented), clinical (patient-oriented) and population-based researchers and other individuals with expertise relevant to environmental health who have come together in common interest around a particular environmental stressor(s) of interest. Seven awards were issued. An FOA established The Childrens Environmental Health Formative Centers (P20) initiative that allows for the development of new research teams, connections with communities and other stakeholders, in order to obtain preliminary data on childhood diseases and disorders where the evidence of an environmental contribution has yet to be fully established or appreciated. Six awards were issued. In addition to these programs, the EHS Core Centers Program and the ONES program were re-announced for funding in FY 2010. Fiscal Year 2011: In fiscal year 2011 it is anticipated that 657 RPG awards (including SBIR and STTR awards), 29 Center grants, 55 Individual and 50 Institutional NRSAs will be made. In Fiscal Year 2011 several FOAs were issued for new initiatives. An FOA for a new program titled Validation and Field Testing of New Tools for Characterizing the Personal Environment was released for funding. The objective of this program to conduct field testing and initial validation of existing prototype tools for characterizing the personal environment including chemical exposures,

diet, physical activity, psychosocial stress and the use of addictive substance. Awards made through this FOA will use the R01 award mechanism. It is anticipated that eight to ten awards will be made. An FOA for a new initiative titled Validation and Field Testing of Novel Biomarkers of Response to Environmental Stressors was released for funding. The objective of this initiative is to conduct pilot testing of novel candidate biomarkers and technologies that measure biological responses to chemical toxicants and other environmental stressors. Awards made through this FOA will use the R01 award mechanism. It is anticipated that five to six awards will be made. An FOA for a new initiative titled Deepwater Horizon (DWH) Disaster Research Consortia: Health Impacts and Community Resiliency was released for funding. The objective of this program to create one or more consortia of university-community partnerships to: address health issues of concern to the residents of the Gulf States affected by the DWH disaster; enhance capacity to respond to potential future disasters and to prevent or minimize adverse health effects arising from them. Awards made through this FOA will use the U19 Cooperative Agreement award mechanism. It is anticipated that three to four awards will be made. An FOA for a new initiative titled Epigenomics of Human Health and Disease was released for funding. The objective of this initiative is to discover and define epigenetic marks or features and their possible interactions in cells and tissues that are representative of various human disease states, conditions or processes. Awards made through this FOA will use the R01 award mechanism. It is anticipated that ten to fifteen awards will be made. An FOA for a new initiative titled Research Consortium for 2-Year Bisphenol A Toxicity Study was released for funding. The objective of this initiative is to develop a research consortium to assess disease endpoints in a chronic BPA toxicity study. Awards made through this FOA will use the U01 Cooperative Agreement award mechanism. It is anticipated that seven to ten awards will be made. An FOA for a new initiative titled Identification of Biomarkers for Early Detection of Environmentally-Induced Mitochondrial Dysfunction was released for funding. The objective of this initiative is to develop biomarkers of mitochondrial dysfunction using animal models and other experimental models that can help to identify environmental stressors that inhibit normal mitochondrial function, improve our mechanistic understanding of the effects of mitochondrial toxicants, and develop approaches and candidate markers that will serve as the basis for developing biomarkers of early mitochondrial dysfunction in human population studies linking exposure to disease. Awards made through this FOA will use the R01 award mechanism. It is anticipated that six to eight awards will be made. An FOA for a new initiative titled Assessing and Modeling Population Vulnerability to Climate Change was released for funding in FY 2011. The objective of this initiative is to inform climate change adaptation and public health interventions to reduce current and future vulnerability of various populations to the health effects of climate change. Awards made through this FOA will use the R01 award mechanism. It is anticipated that ten to fifteen awards will be made. In addition to these programs, the EHS Core Centers Program and the ONES program were re-announced for funding in FY 2011. Fiscal Year 2012: In fiscal year 2012 it is anticipated that 645 RPG awards (including SBIR and STTR awards), 27 Center grants, 55 Individual and 50 Institutional NRSAs will be made. In Fiscal Year 2012 several FOAs may be issued for new initiatives. Initiatives that will be released or renewed for funding in FY 2012 include an FOA titled Dietary Influence on the Human Health Effects of Environmental Exposures (10 R21 awards anticipated), an FOA entitled Centers for Oceans & Human Health (4 P01 and 4 R01 awards anticipated), an FOA entitled Environmental Influences on Stem Cells in Development, Health, and Disease (2 R21 and 5 R01 awards anticipated), and the ViCTER (5 R01 Awards anticipated) and Climate Change and Health (6 R21 awards anticipated) will be reissued.

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2010: The following are examples of projects funded in FY 2010: (1) a research project to investigate the role of DNA polymerase eta (Pol eta) structure and function in translesion synthesis using a combination of biochemical, genetic, and structural approaches to determine how Pol eta; mediates proficient and error-free replication through DNA lesions such as a UV induced cis-syn TT dimer, an 8-oxoguanine formed from oxidative damage, and a cisplatin G-G crosslink formed upon cisplatin chemotherapy; (2) a research project to investigate the factors that influence an individuals susceptibility to arsenic toxicity using a nested case-control epidemiology design that tests the hypotheses that the capacity to methylate As is influenced by As methyltransferase (AS3MT) genotypes and that AS3MT genotypes and As methylation are associated with risk for skin lesions; (3) a research project to test the hypothesis that prenatal DES exposure leads postnatally to increased susceptibility to autoimmunity and cancer by altering the positive and/or negative selection of T cells in the thymus leading to generation of skewed T cell repertoire with enhanced reactivity towards self antigens and decreased response against non-self antigens; (4) a research project by a new investigator supported through the ONES Program to understand copy number variation (CNV) as a mechanism of human disease using Daphnia to test the hypothesis that exposure to environmental contaminants increase the rate of mutations resulting in CNVs, which have functional consequences on gene expression; and (5) a research project funded through the BCERP that will utilize a unique existing cohort of girls followed from ages 6 and 7, who have had semiannual examinations over 3-5 years to better understand the relationships between timing of onset and pathway of puberty with menarche, interaction between endocrine disruptors and polymorphisms, and changes in body composition. Fiscal Year 2011: Actual funded projects will be reported after 2011. Fiscal Year 2012: Actual funded projects will be reported after 2012.

CRITERIA FOR SELECTING PROPOSALS:

The major elements in evaluating proposals include assessments of: (1) The

scientific merit and general significance of the proposed study and its objectives; (2) the technical adequacy of the experimental design and approach; (3) the competency of the proposed investigator or group to successfully pursue the project; (4) the adequacy of the available and proposed facilities and resources; (5) the necessity of the budget components requested in relation to the proposed project; and (6) the relevance and importance to stated program objectives. The following criteria will be used in considering the scientific and technical merit of SBIR/STTR Phase I grant applications: (1) The soundness and technical merit of the proposed approach; (2) the qualifications of the proposed principal investigator, supporting staff, and consultants; (3) the technological innovation of the proposed research; (4) the potential of the proposed research for commercial application; (5) the appropriateness of the budget requested; (6) the adequacy and suitability of the facilities and research environment; and (7) where applicable, the adequacy of assurances detailing the proposed means for (a) safeguarding human or animal subjects, and/or (b) protecting against or minimizing any adverse effect on the environment. Phase II grant applications will be reviewed based upon the following criteria: (1) The degree to which the Phase I objectives were met and feasibility demonstrated; (2) the scientific and technical merit of the proposed approach for achieving the Phase II objectives; (3) the qualifications of the proposed principal investigator, supporting staff, and consultants; (4) the technological innovation, originality, or societal importance of the proposed research; (5) the potential of the proposed research for commercial application; (6) the reasonableness of the budget requested for the work proposed; (7) the adequacy and suitability of the facilities and research environment; and (8) where applicable, the adequacy of assurances detailing the proposed means for (a) safeguarding human or animal subjects, and/or (b) protecting against or minimizing any adverse effect on the environment.

93.116 PROJECT GRANTS AND COOPERATIVE AGREEMENTS FOR TUBERCULOSIS CONTROL PROGRAMS

Tuberculosis Prevention and Control and Laboratory Program

FEDERAL AGENCY:

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Section 317(a)317E, 42 U.S.C. 247b-b(a), as amended; Health Services and Centers Amendments of 1978, Public Law 95-626; Omnibus Budget Reconciliation Act of 1981, as amended, Public Law 97-35; Preventive Health Amendments of 1984, Public Law 98-555; Public Health Service Act of 1987, as amended, Public Law 100-177; TB Prevention Amendments Act of 1990, as amended, Public Law 101-368.

OBJECTIVES:

To assist State and local health agencies in carrying out tuberculosis (TB) control activities designed to prevent transmission of infection and disease. Financial assistance is provided to TB programs to ensure that the program needs for the core TB prevention and control activities are met: finding all cases of active tuberculosis and ensuring completion of therapy; finding and screening persons who have had contact with TB patients, evaluating them for TB infection and disease, and ensuring completion of appropriate treatment, and conducting TB surveillance and TB public health laboratory activities that are essential to addressing these priorities. Each of these core activities (completion of therapy, contact investigation, TB surveillance, and TB laboratory activities) is essential to effective TB prevention and control, and they are mutually reinforcing. Thus, they constitute a "package" of core activities. These are the highest priority TB prevention and control activities and should be carried out by all State and local TB prevention and control programs.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Project funds may be used to support both local personnel and individuals in direct assistance (i.e., "in lieu of cash") positions under Section 317 of the Public Health Service Act and to purchase equipment, supplies and services directly related to project activities, particularly directly observed therapy, patient outreach, morbidity surveillance, outreach and program assessment.

Project funds may not be used to supplant State or local funds available for tuberculosis control, or to support construction costs or inpatient care.

Applicant Eligibility:

Under Section 317 of the Public Health Service Act, official public health agencies or their bona fide agents of State and local governments, including the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, the Northern Mariana Islands, the Federated States of Micronesia, the Republic of the Marshall Islands, the Republic of Palau, and American Samoa.

Beneficiary Eligibility:

Official public health agencies of State and local governments, including the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, the Northern Mariana Islands, the Federated States of Micronesia, the Republic of the Marshall Islands, the Republic of Palau, and American Samoa.

Credentials/Documentation:

Applicants should document the need for assistance, state the objectives of the project, outline the method of operations, describe the evaluation procedures, and provide a budget with justification of funds requested. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. This program is excluded from coverage under OMB Circular No. A-110. Information on the submission of applications may be obtained from the Grants Management Officer, Grants Management Branch, Procurement and Grants Office, Centers for Disease Control and Prevention. The standard application forms, as furnished by PHS and required by 45 CFR 92 for State and local governments, must be used for this program. This program is subject to the requirements described in 45 CFR 92.

Award Procedure:

After officials review and approve applications, a Notice of Award is prepared and processed, and appropriate notification is made to the public.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 90 to 120 days.

Appeals:

From 120 to 180 days.

Renewals:

From 60 to 90 days. Information on the submission of applications may be obtained from the Grants Management Officer, Grants Management Branch, Procurement and Grants Office, Centers for Disease Control and Prevention. The standard application forms, as furnished by PHS and required by 45 CFR 92 for State and local governments, must be used for this program. This program is subject to the requirements described in 45 CFR 92.

Formula and Matching Requirements:

This program has no statutory formula. This program has no matching requirements. Although there are no matching requirements, applicants must assume part of the project costs and fiscal information must be provided in the narrative portion of the application pursuant to provisions of Section 317(b)(2)317E. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Project Period: From one to five years. Budget Period: One year. Method of awarding/releasing assistance: lump sum.

Reports:

No program reports are required. No cash reports are required. Quarterly or semiannual narrative and performance statistical reports are required of the recipient. Semiannual reports should address the recipients progress of achievement of the stated objectives. Annual financial status reports are also required of the recipient no later than 90 days after the end of each budget period. Final financial status and are required 90 days after the end of a project period. No performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. In addition, grants and cooperative agreements are subject to inspection and audits by DHHS and other Federal officials.

Records:

Financial records, supporting documents, statistical records, and all other records pertinent to the project shall be retained for a minimum of 3 years, or until completion and resolution of any audit in process or pending resolution. In all cases, records must be retained until resolution of any audit questions. Property records must be retained in accordance with PHS Grants Policy Statement requirements.

(Cooperative Agreements) FY 10 \$98,923,282; FY 11 est \$99,043,905; and FY 12 est \$98,923,282

Range and Average of Financial Assistance:

\$86,938 to \$9,931,764 with an average of \$1,454,714.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2010: Support was provided for the 68 cooperative agreements with special emphasis on the completion of treatment, contact investigation, and targeted testing of high-risk populations. Fiscal Year 2011: It is estimated that support will continue for the 68 cooperative agreements in fiscal year 2011 with continued special emphasis on the completion of treatment, contact investigation, and targeted testing of high-risk populations. Fiscal Year 2012: It is estimated that support will continue for the 68 cooperative agreements in fiscal year 2011 with continued special emphasis on the completion of treatment, contact investigation, and targeted testing of high-risk populations.

REGULATIONS, GUIDELINES, AND LITERATURE:

Subpart A of 42 CFR 51b is applicable, including all regulations incorporated by reference under Section 51b.105. PHS Grants Policy Statement, DHHS Publication No. (OASH) 94-50,000, (Rev.) April 1, 1994, is available.

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2010: TB cooperative agreements were provided to 68 state, big-city, and territorial health department TB programs to intensify TB elimination and laboratory support operations. Funds supported TB outreach, directly observed therapy, contact investigation and evaluation, and contracts for direct patient services. Fiscal Year 2011: TB cooperative agreements

continues to be provided to 68 state, big-city, and territorial health department TB programs to intensify TB elimination and laboratory support operations. Funds are provided to support TB outreach, directly observed therapy, contact investigation and evaluation, and contracts for direct patient services. Fiscal Year 2012: It is anticipated that the TB cooperative agreements will continue to be provided to 68 state, big-city, and territorial health department TB programs to intensify TB elimination and laboratory support operations. Funds will be provided to support TB outreach, directly observed therapy, contact investigation and evaluation, and contracts for direct patient services.

CRITERIA FOR SELECTING PROPOSALS:

Applications will be evaluated in 2012 on 2009 data including the total number of cases reported, the number of bacteriologically confirmed cases reported, the bacteriologically substantiated rate of disease, the number of TB cases among racial and ethnic minorities, significant TB problems among the homeless, cumulative number of TB/AIDS cases, and significant increases in TB morbidity. The number of TB cases under current supervision which have organisms resistant to one or more anti-TB drugs will also be considered in evaluating and prioritizing projects for funding. In addition, the overall potential effectiveness of the applicants plan of operation in meeting the objectives of proposed projects will be considered in evaluating and prioritizing projects.

93.117 PREVENTIVE MEDICINE RESIDENCY PROGRAM

Preventive Medicine Residency Program

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Title VII, Sec. 768, 42 U.S.C. 295c, as amended by the Patient Protection and Affordable Care Act (Pub. L 111-148).

OBJECTIVES:

Grants are intended to promote postgraduate education in the specialty of preventive medicine. Preventive Medicine is the specialty of medical practice which focuses on the health of individuals and defined populations in order to protect, promote, and maintain health and well-being and prevent disease, disability and premature death. It is one of the 24 specialties recognized by the American Board of Medical Specialties. Preventive Medicine encompasses three areas of specialization: (1) General Preventive Medicine and Public Health, (2) Occupational Medicine, and (3) Aerospace Medicine.

An applicant must demonstrate to the Secretary that it has or will have available full-time faculty members with training and experience in the fields of preventive medicine and support from other faculty members trained in public health and other relevant specialties and disciplines.

TYPES OF ASSISTANCE:

PROJECT GRANTS; Training

USES AND USE RESTRICTIONS:

Grants are intended to assist in meeting the costs of planning and developing new preventive medicine programs; maintaining or improving existing residency training programs in preventive medicine; and providing financial assistance to medical residents enrolled in such programs. Grants may not be used for construction or for the provision of direct patient services.

Each trainee receiving stipend support must: (a) be a citizen of the United States, a non-citizen U.S. national, or a foreign national having in his or her possession a visa permitting permanent residence in the United States; (b) be a physician who has graduated from an accredited school of medicine or osteopathic medicine in the United States; or if a graduate from a foreign school, meet the criteria of the Educational Commission for Foreign Medical Graduates, for entry into the program supported by this grant; and (c) plan to complete the grant-supported program and engage in the practice and/or teaching of preventive medicine, especially in positions which meet the needs of medically underserved populations.

Applicant Eligibility:

Eligible applicants are: (1) an accredited school of public health or school of

medicine or osteopathic medicine; (2) an accredited public or private nonprofit hospital; (3) a State, local, or tribal health department; or (4) a consortium of 2 or more entities described in (1) through (3). An applicant must demonstrate to the Secretary that it has or will have available full-time faculty members with training and experience in the fields of preventive medicine and support from other faculty members trained in public health and other relevant specialties and disciplines.

An applicant must demonstrate to the Secretary that it has or will have available full-time faculty members with training and experience in the fields of preventive medicine and support from other faculty members trained in public health and other relevant specialties and disciplines.

Beneficiary Eligibility:

U.S. citizens, noncitizen nationals, and those foreign nationals who possess a visa permitting permanent residence in the United States may receive a stipend under this program.

Credentials/Documentation:

Applicants should review the individual HRSA funding opportunity announcement issued under this CFDA program for any required proof or certifications which must be submitted prior to or simultaneous with submission of an application package. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. HRSA requires all applicants to apply electronically through Grants.gov.

All qualified applications will be forwarded to an objective review committee. Based on the advice of the objective review committee, the HRSA program official with delegated authority is responsible for final selection and funding decisions.

Award Procedure:

Notification is made in writing by a Notice Grant Award.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 4 to 6 months after receipt of applications.

Appeals:

Not Applicable.

Renewals:

Competitive continuation applications may be submitted during the final budget period of the approved project period. Applications must be submitted in accordance with instructions and deadlines for competitive applications.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Project periods are for up to 3 years. See the following for information on how assistance is awarded/released: Grantee drawdown funds, as necessary, from the Payment Management System (PMS). PMS is the centralized web based payment system for HHS awards.

Reports:

Annual progress reports, in the form of HRSA's performance reporting system, are required. Electronic reporting requirements can be viewed at www.HRSA.gov. Financial reports are required within 90 days after the end of each budget period. A final progress report and final financial status report must be submitted within 90 days after the end of the project period. See the funding opportunity announcement for further information. No cash reports are

required. No progress reports are required. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Information on the scope, frequency, and other aspects of the audits can be found on the Internet at www.whitehouse.gov/omb/circulars.

Records:

Grantees are required to maintain grant accounting records 3 years after the date they submit the Federal Financial Report (FFR). If any litigation, claim, negotiation, audit or other action involving the award has been started before the expiration of the 3-year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

CRITERIA FOR SELECTING PROPOSALS:

Competing applications are reviewed by consultants who make technical merit recommendations based on the potential effectiveness of the proposed project in carrying out the training purposes of section 768 of the PHS Act. Approval of any application will be based on an analysis of the following factors: PREVENTIVE MEDICINE - purpose, need and rationale, project plan, project management, fiscal plan, trainee diversity, and project effectiveness. For applicants who are currently funded grantees or applicants who are not currently funded, but have received funding within the previous four years, reviewers will examine the progress report summary to determine the current or prior project's: impact on preventive medicine education both locally and nationally; ability to carry out grant-specific objectives and BHP performance objectives; and dissemination activities.

93.118 ACQUIRED IMMUNODEFICIENCY SYNDROME (AIDS) ACTIVITY

FEDERAL AGENCY:

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Section 301(l).

OBJECTIVES:

To develop and implement HIV prevention programs of public information and education.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Support for cooperative agreements for HIV activities.

Applicant Eligibility:

Public and private organizations, both nonprofit and for-profit (universities, colleges, research institutions and other public and private organizations); State and local governments, U.S. Territories and possessions; including American Indian/Alaska Native tribal governments or tribal organizations located wholly or in part within their boundaries, small and minority businesses, and businesses owned by women.

Beneficiary Eligibility:

Official health and education agencies, as well as individuals subject to AIDS.

Credentials/Documentation:

Nonprofit institutions: Costs will be determined by HHS Regulations 45 CFR Part 74, Subpart Q, for nonprofit organizations. For-profit institutions: Costs will be determined by Federal Acquisition Regulations 48 CFR 31. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." 93.121 ORAL DISEASES AND DISORDERS RESEARCH

Dental and Craniofacial Research.

FEDERAL AGENCY:

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

Small Business Research and Development Enhancement Act of 1992; Public Health Service Act, Title IV, Section 301.

OBJECTIVES:

To improve oral, dental and craniofacial health through research, research training, and the dissemination of health information. The research portfolio supports basic, clinical and transitional research from molecular biology to patient-oriented and community-based clinical investigations. The Developmental Biology and Genetics Program supports research on etiology, pathogenesis, epidemiology, prevention, diagnosis, and treatment of inherited craniofacial-oral-dental diseases and disorders (e.g., ectodermal dysplasia, cleft lip and palate, amelogenesis imperfecta, dentitionogenesis imperfecta, osteogenesis imperfecta, and other inherited diseases that have craniofacial-oral-dental manifestations) as well as on normal craniofacial-oral-dental development, and genome-wide association studies. 2. The Translational Genetics and Genomics program supports genetic/genomic research using epidemiologic and family-based methods, gene discovery using high throughput technologies, and gene-environment interactions. 3. The Microbiology Program supports basic and translational research on the role of oral microbes in health and disease including the etiology, pathogenesis, diagnosis, treatment, and prevention of oral infectious diseases. Areas of interest include biofilms and microbial ecology, microbial genomics and metagenomics, microbial virulence and disease pathogenesis, prevention and treatment. 4. The AIDS and Immunosuppression Program supports basic, translational and clinical research on HIV infection and AIDS to advance understanding of the underlying molecular, cellular, and genetic mechanisms that enable or prevent HIV infection and development of oral complications associated with AIDS and AIDS malignancies. 5. The Immunology and Immunotherapy Program supports basic and translational research on the immune aspects of oral diseases such as caries and periodontal diseases. The program includes host responses to microbes, immunology of biofilms, oral inflammation, systemic diseases, immunotherapy, immunopathologies, and host susceptibility to infection. 6. The Epithelial Cell Regulation and Transformation Program supports basic and translational research on the molecular mechanisms of oral epithelial cell regulation as they relate to the development and progression of diseases of the oral mucosa, including head and neck cancer. The program also supports and encourages the application of genomic, proteomic, and imaging technologies through research on the early diagnosis, prevention, and treatment of head and neck cancers. 7. The Mineralized Tissue and Salivary Gland Physiology Program supports basic and translational research on craniofacial skeletal biology and pathobiology including the physiology of tooth, bone and cartilage, and associated disorders and diseases, saliva and salivary glands, and pharmacogenetics. The goal of the program is to promote interdisciplinary and multidisciplinary approaches to advance the understanding of normal and abnormal processes underlying oral, dental and craniofacial diseases and disorders. 8. The Molecular and Cellular Neuroscience Program supports basic and translational research on orofacial pain and neuropathies, temporomandibular joint and muscle disorders, development of biomarkers for diagnostics and prognostics and development of therapeutics. 9. The Tissue Engineering and Dental and Craniofacial Regenerative Medicine Program supports basic and translational research on the reconstruction, remodeling and repair of the oral and craniofacial tissues damaged as a result of disease or injury. The goal of this scientific program is to promote interdisciplinary and multidisciplinary approaches to engineering of biocompatible oral and craniofacial tissue constructs and their functional integration into the host tissue microenvironment. The program also supports efforts that employ bioengineering approaches for restoration, remodeling and regeneration of diseased and injured native host tissues. 10. The Dental and Biomaterials Program supports basic and translational extramural research on dental

materials and devices, dental implants, biocompatibility of dental restorative materials, and biomaterials for craniofacial reconstruction. 11. The Behavioral and Social Sciences Research Program supports basic and applied BSS research to promote oral health, to prevent oral diseases and related disabilities, and to improve management of craniofacial conditions, disorders and injury. 12. The Center for Clinical Research supports clinical trials, dental practice based research networks, epidemiology research, and health disparities research. The Research Training and Career Development Program insures the future of dental and craniofacial research by developing an outstanding and diverse scientific work force through training and fellowship programs designed primarily for graduate, and post-doctoral stages of education, including dual degree (DDS, PhD) programs, as well as for continued career development of scientists and retraining of mid-career scientists. Diversity fellowships serve to expand the diversity of the scientific work force by supporting the training of predoctoral students from underrepresented groups. The Small Business Innovation Research (SBIR) program seeks to increase private sector commercialization of innovations derived from Federal research and development; to increase small business participation in Federal research and development; and to foster and encourage participation of socially and economically disadvantaged small business concerns and women-owned small business concerns in technological innovation. The Small Business Technology Transfer (STTR) program seeks to stimulate and foster scientific and technological innovation and foster technology transfer through cooperative research and development carried out between small business concerns and research institutions; to increase private sector commercialization of innovations derived from Federal research and development; and to foster and encourage participation of socially and economically disadvantaged small business concerns and women-owned small business concerns in technological innovation.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Research Grants: Research Grants provide funds for salaries, equipment, supplies, travel, and other expenses associated with scientific investigation in the oral health sciences. They are awarded to universities, colleges, medical and dental schools, hospitals, and other nonprofit and for-profit institutions. Awards include investigator-initiated project grants, exploratory and developmental grants, small grants, program project grants, center grants, and career development awards. Individual and institutional Dentist Scientist Awards provide support for research career development in both clinical and basic science areas. National Research Service Awards (NRSAs) provide support directly to individuals for research training in specified biomedical areas, and can be made to institutions to enable them to accept individuals for research training. Individuals who receive NRSAs may be obligated upon termination of the award to comply with service and payback provisions. SBIR Phase I grants (duration of approximately 6 months) provide support to establish the technical merit and feasibility of a proposed research effort that may lead to a commercial product or process. Phase II grants support the continuation of the research initiated in Phase I to further develop the commercial products or process initiated in Phase I. Only Phase I awardees are eligible to receive Phase II support. STTR Phase I grants (duration of typically 1 year) support cooperative efforts between small businesses and research institutes to determine the scientific and technical merit, and commercial feasibility of a product or process with potential for commercial application. Phase II funding is based on the results of the research initiated in Phase I and the scientific and technical merit, and commercial potential of the Phase II application.

Applicant Eligibility:

Grants: Scientists at universities, medical and dental schools, hospitals, laboratories, and other public or private nonprofit and for-profit institutions. NRSA and career development awards: (1) Nonprofit domestic organizations may apply for institutional awards. (2) Individual candidates or applicants must arrange sponsorship by a public or nonprofit private institution having staff and facilities appropriate to the proposed research training program. (3) All awardees must be citizens, or non-citizen nationals, of the United States or have been admitted to the United States for permanent residence, except for K99/R00 and T90/R90 grants. (4) To be eligible, postdoctoral NRSA and career development awardees must have a professional or scientific degree (M.D.,

Ph.D., D.D.S., D.V.M., Sc.D., D.Eng., or equivalent domestic or foreign degree). Institutional applicants must be able to provide the staff and facilities suitable for the proposed research training. SBIR and STTR grants can be awarded only to domestic small businesses (entities that are independently owned and operated for profit, are not dominant in the field in which research is proposed and have no more than 500 employees). Primary employment (more than one-half time) of the principal investigator must be with the small business at the time of award and during the conduct of the proposed project for SBIR awards. For STTR awards, the small business must "partner" with a research institution in a cooperative research and development project where at least 40 percent of the project is to be performed by the small business and at least 30 percent by the research institution. In both Phase I and Phase II for both SBIR and STTR, the research must be performed in the U.S. and its possessions. To be eligible for funding grant applications must be evaluated for scientific merit and program relevance by a peer scientific review group and a national advisory council.

Beneficiary Eligibility:

Any nonprofit or for-profit organization, company or institution engaged in biomedical research.

Credentials/Documentation:

Grants: Applications for research grants must include the objectives (specific aims), research strategy, significance, innovation, methodology, and resources for the specific project, and must present the relevant background and experience of the applicant. NRSA and career development awards: (1) Individual Candidates: the applicant's academic record, research experience, citizenship, institutional sponsorship, proposed research area, and plan for training, must be included in the application. (2) Institutional Candidates: the application must include the objectives, methodology, and resources for the research training program, the research qualifications and experience of participating faculty in training students and fellows, and the criteria to be used in selecting individuals for support. Costs will be determined in accordance with OMB Circular No. A-87 for State and Local Governments. Costs for for-profit organizations are determined in accordance with Subpart 31.2 of the Federal Acquisition Regulations. For other than State and Local Government grantees, costs will be determined by Health and Human Services (HHS) Regulations 45 CFR, Part 74, Subpart Q. For SBIR and STTR grants, the applicant organization (small business) must present an idea in the research plan that has potential for commercialization and furnish evidence that scientific competence, experimental methods, facilities, equipment, and funds requested are appropriate to carry out the plan. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Grants: Scientists at universities, medical and dental schools, hospitals, laboratories, and other public or private nonprofit and for-profit institutions. NRSA and career development awards: (1) Nonprofit domestic organizations may apply for institutional awards. (2) Individual candidates or applicants must arrange sponsorship by a public or nonprofit private institution having staff and facilities appropriate to the proposed research training program. (3) All awardees must be US citizens or non-citizen nationals of the United States or have been admitted to the United States for permanent residence, except for K99/R00 and T90/R90 grants. (4) To be eligible, postdoctoral NRSA and career development awardees must have a professional or scientific degree (M.D., Ph.D., D.D.S., D.V.M., Sc.D., D.Eng., or equivalent domestic or foreign degree). Institutional applicants must be able to provide the staff and facilities suitable for the proposed research training. SBIR and STTR grants can be awarded only to domestic small businesses (entities that are independently owned and operated for profit, are not dominant in the field in which the research is proposed and have no more than 500 employees). Primary employment (more than one-half time) of the principal investigator must be with the small business at the time of award and during the conduct of the proposed project for SBIR awards. For STTR awards, the small business must "partner" with a research institution in a cooperative research and

development project where at least 40 percent of the project is to be performed by the small business and at least 30 percent by the research institution. In both Phase I and Phase II for SBIR and STTR awards, the research must be performed in the U.S. or its possessions. To be eligible for funding, grant applications must be evaluated for scientific merit and program relevance by a peer scientific review group and approved by a national advisory council.

Award Procedure:

Grants: All accepted applications competing for research project grants, career development awards, and NSRA awards are reviewed by two advisory groups. Primary review is conducted by an initial review group composed of extramural peer scientists, and secondary review by the National Advisory Dental and Craniofacial Research Council. Secondary review of NRSA fellowship applications is conducted by NIDCR staff rather than by the Advisory Council. All accepted SBIR/STTR applications are evaluated for scientific and technical merit by an appropriate initial review group and by the Advisory Council. All applications receiving a priority score compete for available SBIR/STTR set-aside funds on the basis of scientific and technical merit and commercial potential of the proposed research, program relevance, and program balance among the areas of research.

Deadlines:

Oct 01, 2009: See Other Deadline Information. The deadlines for Funding Opportunity Announcements (RFAs and PAs) are as specified in the published announcements. All new, renewal, resubmission, and revision institutional NRSA (T32, T90/R90): September 25. All new research project (R01, U01) applications: February 5, June 5, and October 5. All renewal, resubmission and revision R01s: March 5, July 5, and November 5. All new career development applications: February 12, June 12, and October 12. All renewal, resubmission and revision career development applications: March 12, July 12, and November 12. New, renewal, resubmission and revision of other research grant applications (R03, R21, R34): March 16, July 16, and November 16. All renewal, resubmission and revision of small business SBIR and STTR applications: April 5, August 5, and December 5. All renewal, resubmission and revision of NSRA individual awards, fellowship series, except diversity fellowships (F30, F32, F33): April 8, August 8, and December 8. All renewal, resubmission and revision of Diversity Fellowship applications (F31): April 13, August 13, and December 13. All renewal, resubmission and revision of conference grant applications (R13/U13): April 12, August 12, and December 12. All renewal, resubmission and revision of Academic Research Enhancement Awards (R15): February 25, June 25, and October 25. All renewal, resubmission and revision of AIDS and AIDS-related applications: May 7, September 7, and January 7.

Range of Approval/Disapproval Time:

> 180 Days. Research Project Grants and NSRA: From 6 to 9 months. SBIR/STTR: About 7-1/2 months.

Appeals:

From 90 to 120 days. A Principal Investigator (PI) may question the technical or procedural aspects of the review of his/her application by communicating with the program staff of the Institute. A description of the NIH Peer Review Appeal procedures is available on the NIH home page: http://grants.nih.gov/grants/peer_review_process.htm#Appeals and in the Notice: <http://grants.nih.gov/grants/guide/notice-files/NOT-OD-11-064.html>.

Renewals:

> 180 Days. Grants: Applications for approval beyond the approved project period must be submitted at least 6 to 9 months in advance of the termination date. NRSA: Institutional Awards may be made up to 5 years. No individual may receive NIH/NRSA support at the postdoctoral level for more than 3 years, unless a specific waiver is requested and approved.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Grants: Approval of a project includes a determination of support for the authorized project period (generally not to exceed 5 years). Awards to support the project are made on an annual basis. At the time of initial award, the grant

provides funds for the conduct of the project during the first budget period (usually 12 months) and the Notice of Grant Award (Form PHS-1533) indicates the support recommended and expected to be made available for the remainder of the project beyond the approved project period, an application for renewal must be submitted in accordance with the deadline dates and instructions attached to the form. SBIR Phase I awards are generally for 6 months; Phase II awards normally are for 2 years. STTR Phase I awards are generally for 1 year; Phase II awards are for 2 years. See the following for information on how assistance is awarded/released: Awards are made annually.

Reports:

No program reports are required. No cash reports are required. Annually. Annually. No performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. In addition, grants and cooperative agreements are subject to inspection and audits by DHHS and other Federal officials.

Records:

Expenditures and other financial records must be retained for 3 years from the day on which the grantee submits the last expenditure report for the report period.

CRITERIA FOR SELECTING PROPOSALS:

The primary criteria for evaluating grant applications include assessment of: (1) the scientific merit, significance and overall impact of the proposed study and its objectives; (2) the competency of the proposed investigator(s) to successfully pursue the project; (3) the innovation and novelty of the concepts, approaches, or methodologies; (4) the technical adequacy of the experimental design and approach; (5) the adequacy of the available proposed facilities and resources; (6) the necessity of the budget components requested in relation to the proposed project; and (7) the relevance and importance to the posted institute program objectives. Also evaluated, where applicable, but not scored are: (1) protections for human subjects; (2) inclusion of women, minorities, and children; (3) animal welfare; and (4) adequate protection of research personnel and/or the environment, biosafety, biocontainment and the security of select agents. In addition, the following criteria will be used in considering the scientific and technical merit of SBIR/STTR Phase I grant applications: the potential of the proposed research for commercial application. Phase II grant applications will be reviewed based upon the following criteria: (1) The degree to which the Phase I objectives were met and feasibility demonstrated; (2) the scientific and technical merit of the proposed approach for achieving the Phase II objectives; (3) the technological innovation, originality, or societal importance of the proposed research; and (4) the potential of the proposed research for commercial application.

NRSA individual fellowship applications will be evaluated for: (1) overall impact/merit; (2) suitability of the applicant; (3) qualifications of the sponsor(s)/collaborator(s); (4) scientific merit of the research training plan; (5) training potential; and (6) institutional environment and commitment to training. NRSA institutional training grants are assessed for: (1) overall impact; (2) merit of the training program and institutional environment; (3) the experience and success of the training program directors, PIs, and mentors; (4) the trainee recruitment plan and selection; and (5) the training record of the program and/or institution.

Career Development applications will be evaluated for: (1) overall impact; (2) qualifications of the candidate; (3) the career plan and career goals/objectives of the candidate; (4) scientific merit of the research plan. (5) qualifications of the mentor(s), consultant(s) and collaborator(s); and (5) institutional environment and commitment to career development.

93.123 HEALTH PROFESSIONS PREGRADUATE SCHOLARSHIP PROGRAM FOR INDIANS

FEDERAL AGENCY:

Indian Health Service, Department of Health and Human Services

AUTHORIZATION:

Indian Health Care Improvement Act, Public Law 94-437.

OBJECTIVES:

To provide scholarships to American Indians and Alaska Natives for the purpose of completing pre-graduate education leading to a baccalaureate degree only in the following areas: (1) Pre-Medicine: priority as follows: senior, junior, sophomore, freshman; (2) Pre-dentistry: priority as follows: senior, junior, sophomore, freshman.

TYPES OF ASSISTANCE:

Training

USES AND USE RESTRICTIONS:

Scholarship awards are limited to persons of American Indian or Alaska Native descent. Support is limited to 4 years of full-time education, or part-time equivalent for a maximum of 8 years.

Applicant Eligibility:

Individuals of American Indian or Alaska Native descent, who have successfully completed high school education or high school equivalency, and have been accepted for enrollment or are enrolled in an accredited pre-graduate program in a pre-medicine or pre-dentistry curriculum.

Beneficiary Eligibility:

Individuals of American Indian or Alaska Native descent.

Credentials/Documentation:

Students must submit proper documentation of Indian eligibility in order to be considered. The applicant's advisor must also provide verification that the courses to be taken are required for an undergraduate curriculum leading to a bachelor's degree in pre-medicine or pre-dentistry curriculum and represents the number of credit hours which the school requires to be full-time or at least 6 hours of part-time study. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. Application form OMB No. 0917-0006 and instructions are provided by the Indian Health Service and are usually available to interested individuals in February. An application form and required documentation (official transcripts, letter of acceptance by college, curriculum verification, Indian eligibility, tuition verification, faculty evaluations) are submitted to IHS Headquarters for review and approval/disapproval.

Award Procedure:

Grants are awarded on a competitive basis. Funding covers only Tuition and Fees. Tuition and fee payments are made to the recipient's college or university.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days. Grants are approved or disapproved within 90 days of receipt of grant applications by the Indian Health Service, Division of Grants Management.

Appeals:

Not Applicable.

Renewals:

Continuation applications must be submitted annually. Continued funding is subject to the availability of funds and satisfactory performance.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Tuition payments are paid upon receipt of invoices from the universities.

Method of awarding/releasing assistance: lump sum.

Reports:

No program reports are required. No cash reports are required. Students are required to submit their official transcripts as they are received. Initial progress reports are required for each quarter. Notification of Academic Problem/Change is required at any time a problem or change occurs. No expenditure reports are required. No performance monitoring is required.

Audits:

No audits are required for this program.

93.124 NURSE ANESTHETIST TRAINEESHIPS

NAT

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Title VIII, Section 811(a)(2) of the Public Health Service (PHS) Act, (42 U.S.C. 296j(a)(2)), as amended by Section 5308 of the Patient Protection and Affordable Care Act, Public Law 111-148.

OBJECTIVES:

Grants are awarded to eligible institutions to provide financial support through traineeships for licensed registered nurses enrolled as full-time students in a master's or doctoral nurse anesthesia program.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

To meet the costs of traineeships that will pay all or part of the costs of tuition, books, fees, and reasonable living expenses for the program for registered nurses to become nurse anesthetists for up to a maximum of 18 months of full-time study. Restricted uses: Indirect costs and trainee travel are not allowed. The Affordable Care Act (ACA) of 2010 removed the No more than ten percent of the traineeship funds under this section may be obligated for individuals in doctoral degree programs restriction.

Applicant Eligibility:

Eligible applicants are collegiate schools of nursing, academic health centers, and other private or public nonprofit entities accredited by a recognized body or bodies or State agency, approved for the purpose of nursing education by the Secretary of Education, which provide registered nurses with full-time anesthetist master's or doctoral education and have evidence of accreditation from the American Association of Nurse Anesthetists (AANA) Council on Accreditation of Nurse Anesthesia Education Programs.

Beneficiary Eligibility:

Traineeship recipients are selected by the participating institutions. A candidate must be a citizen of the United States, non-citizen national, or foreign national who possesses a visa permitting permanent residence in the United States, be enrolled full-time in an accredited nurse anesthetist master's education program.

Credentials/Documentation:

Applicants should review the individual HRSA funding opportunity announcement issued under this CFDA program for any required proof or certifications which must be submitted prior to or simultaneous with submission of an application package. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. Grant applications and required forms for this program can be obtained from Grants.gov. HRSA requires all applicants to apply electronically through Grants.gov and the HRSA EHBs.

Award Procedure:

Notification of award is made in writing by a Notice of Grant Award.

93.134 GRANTS TO INCREASE ORGAN DONATIONS

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Reimbursement of Travel and Subsistence Expenses toward Living Organ Donation: Section 377 of the Public Health Service (PHS) Act, as amended, 42 U.S.C. Section 274f. Clinical Interventions to Increase Organ Procurement (CIOP): Section 377A of the Public Health Service (PHS) Act, as amended, 42 U.S.C. Section 274f-1(b). Social and Behavioral Interventions to Increase Solid Organ Donation: Section 377A of the Public Health Service (PHS) Act, as amended, 42 U.S.C. Section 274f-1. Public Education Efforts to Increase Solid Organ Donation: Section 377A of the Public Health Service (PHS) Act, as amended, 42 U.S.C. Section 274f-1. Donation and Transplantation Community of Practice Initiatives to Increase Organ Donation (DTCPIOD): Public Health Service Act, Section 377A, as amended, 42 U.S.C. Section 274f-1(d).

OBJECTIVES:

To support grants for the purpose of increasing public commitment to organ donation and the number of organs recovered and ultimately transplanted. To that end, the Division of Transplantation has cooperative agreements and grant programs with the following objectives:

Reimbursement of Travel and Subsistence Expenses toward Living Organ Donation: The purpose of this program is to operate a national system to provide reimbursement of travel and subsistence expenses, and other non-medical expenses that may be authorized by the Secretary to individuals making living donations of their organs.

Clinical Interventions to Increase Organ Procurement (CIOP): This program provides support for the implementation of highly promising research in clinical management of deceased organ donors. The program supports an evaluation of model interventions for identifying appropriate Donation after Neurological Determination of Death (DNDD) and Donation after Circulatory Determination of Death (DCDD) candidates, evaluating donated organs, maintaining donor stability, and optimizing methods for organ procurement. Recent CIOP research requests have focused upon Donor Management Research primarily in DNDD candidates.

Social and Behavioral Interventions to Increase Solid Organ Donation: This program provides support for the implementation and rigorous evaluation of highly promising strategies and approaches for increasing public attitudes, practices and ultimately commitment to organ donation as well as family consent at a relative time of death. Projects may increase the knowledge of options available through living donation among patients who may need transplants and/or individuals considering serving as a living donor, but may not promote living donation.

Public Education Efforts to Increase Solid Organ Donation: The purpose of this program is to support the implementation of public education and outreach programs that show promise of increasing organ donation. Specifically, this program supports the replication of strategies demonstrated in the Divisions grant program Social and Behavioral Interventions to Increase Solid Organ Donation or through other research efforts to be effective in increasing organ donation. The program also supports the implementation of efforts to increase

organ donation that adopt and replicate strategies demonstrated in the public health literature as being effective methods for modifying other health behaviors. The program also supports the implementation of public education and outreach efforts that are based on an established framework for successful public health outreach programs. This grant program is supportive of the Divisions mission to educate the public about deceased and/or living donation and to encourage individuals to document their decision to be a donor in their statewide donor registry or by some other mechanism where a registry is unavailable. Projects may focus on increasing knowledge of opportunities for and the process, risks, advantages and disadvantages of deceased and living donation, but may not promote living donation.

Donation and Transplantation Community of Practice Initiatives to Increase Organ Donation (DTCPIOD): This program supports in the planning of strategic development and implementation of a comprehensive group of programs and professional experiences to increase organ donation and transplantation in the United States.

TYPES OF ASSISTANCE:

Cooperative Agreements; Project Grants

USES AND USE RESTRICTIONS:

Reimbursement of Travel and Subsistence Expenses toward Living Organ Donation: Funds made available through this program may not be made available to donating individuals when payment for qualified reimbursement expenses has been made, or can reasonably be expected to be made: (1) under any State compensation program, under an insurance policy, or under any Federal or State health benefits program; (2) by an entity that provides health services on a prepaid basis; or (3) by the recipient of the organ.

Clinical Interventions to Increase Organ Procurement: Funds may not be made available to animal or living donor research, long-term transplantation outcomes research, interventions to increase tissue donation alone, practices related to pronouncement of death, and technologies that do not have sufficient benchmarking.

Social and Behavioral Interventions to Increase Solid Organ Donation Grant Program, Public Education Efforts to Increase Solid Organ Donation, and Donation and Transplantation Community of Practice Initiatives to Increase Organ Donation: Funds under these announcements may not be used for the following purposes: to purchase or improve land, or to purchase, construct, or make permanent improvements to any building except for minor remodeling; to make payments to recipients of services, except for reimbursement of reasonable and allowable out-of-pocket expenses associated with participation in project activities; to support: (a) biomedical and clinical research; (b) the development and/or assessment of the efficacy of new or improved clinical methods of donor management, organ recovery, or organ preservation; (c) fundamental research focused on new or improved evaluation tools and methodologies; (d) fundamental research focused on the development of new behavioral theories relevant to health attitudes, practices, and decision-making; efforts to encourage people to be living organ donors; or (e) interventions inconsistent with existing Federal law; to implement efforts to promote (rather than educate about) living donation; to conduct interventions to increase tissue donation alone; to evaluate clinical outcomes of donation after cardiac death (DCD) organs; to fund staff time devoted to project activities that is being supported by other sources.

All Programs: Funds may not be used for activities that are reimbursable under Medicare. Funds must be used in a manner consistent with program policies developed by DoT and with the HHS Grants Policy Statement, January 1, 2007, available at the HRSA grants web site at <http://www.hrsa.gov/grants>.

Applicant Eligibility:

Reimbursement of Travel and Subsistence Expenses toward Living Organ Donation: As specified in Section 377 of the Public Health Service Act, as amended, eligible applicants include States, transplant centers, qualified organ procurement organizations under section 371, or other public or private entities.

Clinical Interventions to Increase Organ Procurement Grant Program (CIOP): As specified in Section 377A (b) of the Public Health Service Act, as amended, the Secretary may make peer-reviewed grants to public and nonprofit private

entities. If the applicant is an OPTN member, and if the applicant is working with a consortium that includes OPTN members, the applicant and all other OPTN members are expected to comply with the final rule governing the operation of the OPTN Section 121.11(b2).

Social and Behavioral Interventions to Increase Solid Organ Donation Grant Program: As specified in Section 377A(b) of the Public Health Service Act, as amended, the Secretary may make peer-reviewed grants to public and nonprofit private entities for the purpose of carrying out studies and demonstration projects to increase organ donation and recovery rates, including living donation. If the applicant is an OPTN member, and if the applicant is working with a consortium that includes OPTN members, the applicant and all other OPTN members are expected to comply with the final rule governing the operation of the OPTN Section 121.11(b2).

Public Education Efforts to Increase Solid Organ Donation: As specified in Section 377A(b) of the Public Health Service Act, as amended, the Secretary may make peer-reviewed grants to public and nonprofit private entities for the purpose of carrying out studies and demonstration projects to increase organ donation and recovery rates, including living donation. If the applicant is an OPTN member, and if the applicant is working with a consortium that includes OPTN members, the applicant and all other OPTN members involved in the project are expected to comply with the final rule governing the operation of the OPTN Section 121.11(b2).

Donation and Transplantation Community of Practice Initiatives to Increase Organ Donation: Eligible applicants include nonprofit private or public entities eligible for funds under Section 377A(b) of the PHS Act as amended, (42 U.S.C. 274f-1(b)). Eligible applicants that are public and nonprofit private entities may include state and local governments, Indian Tribal Governments, institutions of higher education, other nonprofit organizations such as faith-based and community-based organizations and Tribal organizations. For-profit organizations may participate in a grant project but are not eligible to apply as the applicant institution. If the applicant is an Organ Procurement and Transplant Network (OPTN) member, and/or if the applicant is working with a consortium that includes OPTN members, the applicant and all other OPTN members involved in the project are expected to be in compliance with the final rule governing the operation of the OPTN (42 CFR Part 121), which can be found at http://www.optn.org/policiesAndBylaws/final_rule.asp.

Donation and Transplantation Community of Practice Initiatives to Increase Organ Donation Cooperative Agreement is awarded for a 12-month budget period over a three-year period. See the following for information on how assistance is awarded/released: Grantees drawdown funds, as necessary, from the Payment Management System (PMS). PMS is the centralized web based payment system for HHS awards.

Reports:

No program reports are required. No cash reports are required. Reimbursement of Travel and Subsistence Expenses toward Living Organ Donation: Two progress reports are required in addition to annual financial reports. Final reports and final financial status reports are due 90 days from the end of the project period. The grantee also submits quarterly updates to HRSA on the number and characteristics of applications received and funded by the Program.

Clinical Interventions to Increase Organ Procurement Grant Program: Two progress reports are required for all awardees in addition annual financial reports. Final progress reports and final financial status reports are due 90 days from the end of the project period.

Social and Behavioral Interventions to Increase Organ Donation Grant Program: Two progress reports are required for all awardees in addition to annual financial reports. Final reports and final financial status reports are due 90 days from the end of the project period.

Public Education Efforts to Increase Solid Organ Donation: Two progress reports are required for all awardees in addition to annual financial reports. Final reports and final financial status reports are due 90 days from the end of the project period. No expenditure reports are required. No performance monitoring is required.

Donation and Transplantation Community of Practice Initiatives to Increase Organ Donation: Mid-year and end-of-year progress reports are required. Reports indicate progress on proposed activities and plans for the remainder of the budget period. Awardee will receive information electronically about the specific requirements and formats of the reports, and are required to submit the reports electronically. Further information will be provided in the award notice. A final report is due within 90 days after the project period ends. The final report collects program-specific goals and progress on strategies; core performance measurement data; impact of the overall project; the degree to which the awardee achieved the mission, goal and strategies outlines in the program; awardee objectives and accomplishments; barriers encountered; and responses to summary questions regarding the awardee's overall experiences

over the entire project period. The final report must be submitted on-line by awardees in the Electronic Handbooks (EHBs) at <https://grants.hrsa.gov/webexternal/home.asp>. No expenditure reports are required. No performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

Records:

Grantees are required to maintain grant accounting records for 3 years after the date they submit the Federal Financial Report (FFR). If any litigation, claim, negotiation, audit, or other action involving the award has been started before the expiration of the 3-year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

Donation and Transplantation Community of Practice Initiatives to Increase Organ Donation: one award \$2,997,744.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2010: Reimbursement of Travel and Subsistence Expenses toward Living Organ Donation Program: HRSA, through a competitive process, renewed the cooperative agreement with the Regents of the University of Michigan for another four years on September 1, 2010. The Regents of the University of Michigan in collaboration with the American Society of Transplant Surgeons will continue to operate the Program through the National Living Donor Assistance Center (NLDAC). Through May 2011, the Program facilitated 909 living donor transplants. An additional 212 prospective living donors have been approved for reimbursement pending the organ donation procedures. The median household income for transplant recipients who received an organ facilitated by NLDAC is \$25,476. On August 2, 2011, NLDAC received its 2,000th application since the Program was launched on October 7, 2007. On July 7, 2011, ASAE awarded the 2011 Power of A Gold Award to the Program for the Power to Enrich Lives.
Clinical Interventions to Increase Organ Procurement Grant Program: Grants funded for FY 2007-2010 demonstrated the difficulties involved in achieving kidney transplantation via Uncontrolled Donation following Circulatory Determination of Death (UDCDD). Delay in instituting the UDCDD protocol resulted from governmental (City, State and Federal) concerns regarding consent, declaration of death and possible neurological reanimation via

reinstitution of cardiopulmonary support after declaration of circulatory death. A major accomplishment of the CIOP grant program resulted in three successful donation after circulatory determination of death heart transplants from neonates born with birth asphyxia into infants with failing hearts. Publication of the results stimulated considerable academic discussions regarding the protocol and ethics of UDCDD heart transplantation.

Social and Behavioral Interventions to Increase Solid Organ Donation Grant Program: Studies funded through this grant program have resulted in the identification of several successful approaches to increase organ donor registration and family consent for donation at time of death. Many of the current organ donation best practices evolved from projects funded under this grant program, including the use of in-house organ donation coordinators in large trauma centers, the use of like-requestors, the presumptive approach to consent and various educational interventions involving both the general public and medical and other professionals that demonstrated effective approaches to increase the intent and consent to become an organ donor. Many of these best practices have been widely disseminated through a series of HHS-sponsored Breakthrough Collaboratives that began in 2003. As a result of these efforts and other efforts of HHS and the donation community, the number of deceased organ donors increased 24% from the end of 2003 to the end of 2008. In contrast, the rate of increase for the previous 5-year period was 12%. In addition to direct transfer of best practices through the Breakthrough Collaboratives, findings from grants funded through this program have been widely disseminated through presentations and publications, including more than 81 journal articles.

Public Education Efforts to Increase Solid Organ Donation: This 2-year grant program began in FY 2007 with four funded grants with 15 additional grants funded in FY 2008 through FY 2011. Preliminary findings show positive outcomes, including several projects that resulted in a significant number of new donor registrations.

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2010: Reimbursement of Travel and Subsistence Expenses toward Living Organ Donation Program (FY 2010 through FY 2013): HRSA awards a cooperative agreement to the Regents of the University of Michigan to continue the operations of the National Living Donor Assistance Center to provide reimbursement of travel and subsistence expenses to living organ donors who meet the program eligibility guidelines. Transplant centers screen prospective donors for program eligibility requirements and submit applications and supporting documents to the program on behalf of their prospective donors.

Clinical Interventions to Increase Organ Donation Grant Program: Fiscal Year 2010: No new grants were funded; Fiscal Year 2011: No Current Data Available; Fiscal Year 2012: No Current Data Available

Social and Behavioral Interventions to Increase Organ Donation: FY 2010 funded projects include social and behavioral interventions to promote awareness of the need for donors and commitment to organ donation through the workplace, in schools, on Native American Indian reservations, in departments of motor vehicles, and in other community settings, projects to increase the knowledge of living donation among patients waiting for an organ, family members and the public, and one project to increase donor registration among people 50 to 70 years old. Fiscal Year 2011: No Current Data Available Fiscal Year 2012: No Current Data Available

Public Education Efforts to Increase Solid Organ Donation Grant Program: FY 2010 funded projects under this grant program include a replication in Illinois of a successful project that used trained volunteers to increase donation enrollments at DMV sites, a project creating an online game promoting organ donation, and a project improving dialysis providers ability to educate dialysis patients about living donation. 93.135 CENTERS FOR RESEARCH AND DEMONSTRATION FOR HEALTH PROMOTION AND DISEASE PREVENTION

(Prevention Research Centers)

FEDERAL AGENCY:

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Title 42, Part 330u-5, Section 1706.

OBJECTIVES:

To: (1) To establish, maintain, and operate academic-based centers for high-quality research and demonstration with respect to health promotion and disease prevention; (2) to establish linkages, where applicable, between ongoing, basic research in a wide array of fields and applied research in disease prevention and health promotion; (3) to bring the knowledge and expertise of

academic health centers to bear on practical public health problems; (4) to field test and rigorously evaluate more cost-effective methods and strategies for preventing unnecessary illness and promoting good health; and (5) to shorten the time lag between the development of new and proven effective disease prevention and health promotion techniques and their widespread application. 6) to involve the community in the development, conduct, and implementation of prevention research.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Funds are available for costs directly attributed to the performance of research and demonstration projects pertaining to health promotion and disease prevention plus certain indirect costs of the grantee in accordance with established policies of the Public Health Service. Grantees may not award subgrants but may enter into consortia agreements or contracts as necessary to achieve the aims of the program.

Applicant Eligibility:

Eligible applicants are accredited schools of medicine, schools of osteopathy, and schools of public health as defined in Section 701 (4) of Public Health Service Act.

Beneficiary Eligibility:

Academic health centers, scientist/researchers, operational public health programs, targeted high risk groups, selected demonstration areas, and the general public.

Credentials/Documentation:

Costs will be determined in accordance with HHS Regulations, 45 CFR 74. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. To apply for this funding opportunity, use application form SF 424. Forms and instructions are available in an interactive format on the CDC web site, at the following Internet address: www.cdc.gov/od/pgo/forminfo.htm. Submit the signed original and five copies of your application by mail or express delivery service to: Technical Information Management, CDC Procurement and Grants Office, 2920 Brandywine Road, Atlanta, GA 30341.

Award Procedure:

Approved grants are funded based on priority score ranking from a scientific review, as well as availability of funds, secondary review and such other significant factors deemed necessary and appropriate by the agency. Initial award provides funds for the first budget period (usually 12 months) and Notice of Grant Award (Form PHS 5152-1) indicates support recommended for remainder of project period, allocations of Federal funds by budget categories, and special conditions, if any.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 120 to 180 days. From six to nine months.

Appeals:

Not Applicable.

Renewals:

Applications for renewal will be reviewed in the same manner as new applications and will compete for available funds with other applications.

Formula and Matching Requirements:

This program has no statutory formula.

Matching requirements are not applicable to this program.

This program does not have MOE requirements. The Prevention Research

Centers Program does not receive allocations over \$100 million in the fiscal year.

Length and Time Phasing of Assistance:

From one to five years (renewable, based on competitive applications and availability of funds). See the following for information on how assistance is awarded/released: Lump sum unless there are funding restrictions due to pending issues (e.g., IRB concerns.).

Reports:

Prevention Research Center applications are reviewed on the basis of scientific/technical merit, with attention given to such matters as: (1) The degree to which the applicant satisfies the essential requirements and possesses other desired characteristics, such as depth, breadth, and scientific merit of the overall application relative to the types of research and demonstration projects proposed; (2) clarity of purpose and overall qualifications, adequacy and appropriateness of personnel to accomplish proposed prevention research projects and demonstration projects, and the nation's health priorities and needs; (3) ability to generalize, translate and disseminate to State or local health departments, boards of education and other appropriate national, regional, and local public health agencies and organizations; (4) reasonableness of the proposed budget in relation to the work proposed.

93.136 INJURY PREVENTION AND CONTROL RESEARCH AND STATE AND COMMUNITY BASED PROGRAMS

National Center for Injury Prevention and Control

FEDERAL AGENCY:

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Sections 301, 317, 391, 392, 393, and 394, as amended, 42 U.S.C. 241.

OBJECTIVES:

RESEARCH GRANTS: (1) To support injury control research on priority issues; (2) to integrate aspects of engineering, public health, behavioral sciences, medicine, engineering, health policy, economics and other disciplines in order to prevent and control injuries more effectively; (3) to rigorously apply and evaluate current and new interventions, methods, and strategies that focus on the prevention and control of injuries; (4) to stimulate and support Injury Control Research Centers (ICRCs) in academic institutions which will develop a comprehensive and integrated approach to injury control research and training; and (5) to bring the knowledge and expertise of ICRCs to bear on the development of effective public health programs for injury control. STATE AND COMMUNITY PROGRAM GRANTS/COOPERATIVE AGREEMENTS: (1) To develop and evaluate new methods or to evaluate existing methods and techniques used in injury surveillance by public health agencies; and (2) to develop, expand, or improve injury control programs to reduce morbidity, mortality, severity, disability, and cost from injuries.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Funds are available for costs directly attributed to the performance of research and demonstrations of surveillance or interventions/evaluations programs pertaining to injury prevention and control plus certain direct costs of the grantee in accordance with established policies of the Public Health Service. Grantees may not award subgrants but may enter into contracts as necessary to achieve the aims of the program.

Applicant Eligibility:

For INJURY PREVENTION AND CONTROL RESEARCH PROGRAMS, AND INJURY CONTROL RESEARCH CENTERS: Eligible applicants may include any nonprofit or for-profit organization; for STATE AND COMMUNITY PROGRAM GRANTS/COOPERATIVE AGREEMENTS: State and local governments or their Bona Fide Agents (this includes the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, the Commonwealth of the Northern Mariana Islands, American Samoa, Guam, the Federated States of Micronesia, the Republic of the Marshall Islands, and the Republic of Palau) and political subdivisions of States (in consultation with States). Federally recognized or state-recognized American Indian/Alaska Native tribal governments, American Indian/Alaska native tribally designated organizations, Alaska Native health corporations, Urban Indian health

organizations, Tribal epidemiology centers; for COMMUNITY-BASED PROGRAMS: public, private, nonprofit and for-profit organizations may be eligible.

Beneficiary Eligibility:

FOR RESEARCH GRANTS: Academic health centers, scientist/researchers, operational public health programs, State and local governments, and public and private organizations involved in injury research. FOR STATE AND COMMUNITY-BASED GRANTS AND COOPERATIVE AGREEMENTS: State and local health departments, and community-based organizations.

Credentials/Documentation:

For all nonprofit grantees, costs will be determined in accordance with HHS Regulations 45 CFR 74, Subpart Q. For-profit organizations' costs are determined in accordance with the Federal Acquisition Regulations, 48 CFR 31. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. This program is subject to the provisions of 45 CFR Part 92 for State and local governments and OMB Circular No. A-110 for nonprofit organizations, as appropriate. Funding Opportunity Announcements for this program are posted on www.Grants.gov, the official federal agency wide e-grant Web site. Application forms and instructions specific to each announcement are posted at that site. Electronic Submission: CDC strongly encourages the applicant to submit applications electronically by utilizing the forms and instructions posted on www.Grants.gov. Registering your organization through www.Grants.gov is the first step in submitting applications online. Registration information is located in the "Get Started" screen of www.Grants.gov and the one-time registration process will take three to five days to complete. While application submission through www.Grants.gov may be optional for various announcements, we strongly encourage you to use this online tool. Please visit www.Grants.gov at least 30 days prior to filing your application to familiarize yourself with the registration and submission processes. We suggest submitting electronic applications prior to the closing date so if difficulties are encountered, you can resolve them prior to the deadline. For further assistance contact GrantsInfo, Telephone: (301) 435-0714, E-mail: GrantsInfo@nih.gov. For the hearing impaired: TTY (770) 488-2783. If you do not have access to the Internet, or if you have difficulty accessing the forms on-line, you may contact the CDC Procurement and Grants Office Technical Information Management Section (PGO-TIM) staff at: (770) 488-2700. DUNS Number: Applications must have a Dun and Bradstreet (D&B) Data Universal Numbering System number as the universal identifier when applying for Federal grants or cooperative agreements. The D&B number can be obtained by calling (866) 705-5711 or through the web site at <http://www.dnb.com/us/>.

Award Procedure:

Applications will be reviewed for completeness by the Procurement and Grants Office (PGO) staff, and for responsiveness by the National Center for Injury Prevention and Control and PGO. Incomplete applications and applications that are non-responsive to the eligibility criteria will not advance through the review process. Applicants will be notified the application did not meet submission requirements. Successful applicants will receive a Notice of Award (NOA) from the CDC Procurement and Grants Office. The NOA shall be the only binding, authorizing document between the recipient and CDC. The NOA will be signed by an authorized Grants Management Officer, and mailed to the recipient fiscal officer identified in the application. FOR RESEARCH GRANTS: Applications that are complete and responsive to the announcement will be evaluated for scientific and technical merit by an appropriate peer review group convened by NCIPC in accordance with the review criteria stated below. All applications will: undergo a selection process in which only those applications deemed to have the highest scientific merit, generally the top half of applications under review, will be discussed and assigned a priority score; receive a written critique; receive a second level of review by the Board of Scientific Counselors. FOR NON-RESEARCH GRANTS/COOPERATIVE

AGREEMENTS: Applicants are required to provide measures of effectiveness that will demonstrate the accomplishment of the various identified objectives of the grant or cooperative agreement. Measures of effectiveness must relate to the performance goals stated in the "Purpose" section of the announcement. Measures must be objective and quantitative and must measure the intended outcome. The measures of effectiveness must be submitted with the application and will be an element of evaluation. An objective review panel will evaluate complete and responsive applications according to the criteria listed. The objective review process will follow the policy requirements as stated in the GPD 2.04, <http://198.102.218.46/doc/gpd204.doc>.

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2010: 1) Injury Control Research Centers (ICRC) have undertaken a broad range of work to address injury-related topics. (2) Funded Injury Prevention and Control Research Projects address priority research concerns with a focus on traumatic brain injuries, childhood injuries, acute injury care, suicide, and poisoning. As examples, researchers are investigating the mechanism of traumatic brain injury due to impact, other investigators are defining risk factors for intimate partner violence and another group is evaluating the effectiveness of trauma systems. (3) Surveillance programs address E- coded hospital discharge data; model surveillance systems to address nonfatal injuries resulting from intentional and unintentional injuries. (4) Community-Based Grant Programs focus on motor vehicle safety, older adult falls, youth violence, teen dating and child maltreatment prevention. Fiscal Year 2011: (1) Injury Control Research Centers (ICRC) will continue to undertake a broad range of work to address injury-related topics. (2) Funded Injury Prevention and Control Research Projects address priority research concerns with a focus on traumatic brain injuries, childhood injuries, acute injury care, suicide, and poisoning. As examples, researchers are investigating the mechanism of traumatic brain injury due to impact, other investigators are defining risk factors for intimate partner violence and another group is

CRITERIA FOR SELECTING PROPOSALS:

Applications are reviewed on the basis of scientific/technical merit, with attention being given to such matters as: (1) The degree to which the applicant satisfies the essential requirements and possesses other desired characteristics, such as richness, breadth, and scientific merit of the overall application relative to the types of research, demonstrations, and special projects proposed; (2) clarity of purpose and overall qualifications, adequacy and appropriateness of personnel to accomplish proposed activities; (3) feasibility and likelihood of producing meaningful results based on the significance of the proposed activities and relevant evaluation procedures; (4) overall match between the proposed programs and the nation's health priorities and needs; and (5) reasonableness of the proposed budget in relation to the work proposed.

93.137 COMMUNITY PROGRAMS TO IMPROVE MINORITY HEALTH GRANT PROGRAM

Community Partnership

FEDERAL AGENCY:

Office of Minority Health, Department of Health and Human Services

AUTHORIZATION:

OMH is authorized to conduct this program under 42 U.S.C. Section 300 u-6, Section 1707 of the Public Health Service Act, as amended.

OBJECTIVES:

To support minority community health coalitions to develop, implement, and conduct demonstration projects which coordinate integrated community-based screening and outreach services, and include linkages for access and treatment to minorities in high-risk, low-income communities; and to support minority community health coalitions involving non-traditional partners in carrying out projects to increase the educational understanding of HIV/AIDS, increase testing, and improve access to HIV/AIDS prevention and treatment services.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Funds are to be used to conduct collaborative efforts to modify the behavioral and/or environmental conditions which are implicated in the health problems of minority groups: for example, cancer; cardiovascular disease and stroke; chemical dependency; diabetes; homicide, suicide, and unintentional injuries; infant mortality; human immunodeficiency virus (HIV) infection and acquired immunodeficiency syndrome (AIDS). These projects are to address socio-cultural and linguistic barriers to care and should have the potential for replication in similar communities. Funds are not to be used for the provision of health care services, construction, augmentation of ongoing Office of Minority Health (OMH) supported demonstrations, or to supplant ongoing project activities.

Applicant Eligibility:

Eligible applicants are private nonprofit community-based minority serving organizations which will serve as the grantee organization for the coalition. Faith based organizations are eligible to apply.

Beneficiary Eligibility:

Members of minority groups: American Indians or Alaska Natives; Asians; Blacks or African Americans; Hispanics or Latinos; Native Hawaiians or other Pacific Islanders; or subgroups of these populations.

Credentials/Documentation:

Proof of nonprofit status is required as part of the application submission. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should

consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. All open grant opportunities are posted on www.grants.gov. Additional information and application kits may be requested by calling 240-453-8822 or writing to: Office of Public Health and Science (OPHS) Office of Grants Management, 1101 Wootton Parkway, Suite 550, Rockville, MD 20852.

Award Procedure:

Accepted applications will be reviewed by a review panel that will make recommendations on the technical merit based on the published criteria. After considering the recommendations of the panel, the Deputy Assistant Secretary for Minority Health, will make a final decision on funding projects and a notice of grant award will be issued.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 90 to 120 days. Approximately 90 to 120 days from the application deadline date.

Appeals:

Not Applicable.

Renewals:

> 180 Days. Grant projects can have a 3-year project period with 12-month budget periods.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Grant projects can have a 3-year project period with 12-month budget periods. Following the initial budget period, continued funding is subject to the availability of funds and satisfactory program performance. Payments will be made either on a monthly cash request basis or under a letter of credit. Necessary instructions regarding payment procedure will be provided at the time the notice of grant award is issued. Method of awarding/releasing assistance: by letter of credit.

Reports:

Annual Program reports are required. Cash Reports are due on a minimum basis of quarterly. Progress reports are required for each budget period. Financial status reports are due at the end of each budget period. A final performance report is due 90 days following the end of the project period.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

Records:

HHS and the Comptroller General of the United States or any of their authorized representatives shall have the right of access to any books, documents, papers, or other records of a grantee, subgrantee, contractor, or subcontractor, which are pertinent to the HHS grant, in order to make audits, examinations, excerpts and transcripts. In accordance with 45 CFR, Part 74.53 and 45 CFR, Part 92, grantees are required to maintain grant accounting records 3 years after the end of a budget period. If any litigation, claim, negotiation, audit or other action involving the records has been started before the expiration of the 3-year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular

3-year period, whichever is later.

93.138 PROTECTION AND ADVOCACY FOR INDIVIDUALS WITH MENTAL ILLNESS

PAIMI

FEDERAL AGENCY:

Substance Abuse and Mental Health Services Administration, Department of Health and Human Services

AUTHORIZATION:

Protection and Advocacy for Individuals with Mental Illness Act of 1986, 42 U.S.C 10801, et seq.; Developmental Disabilities Assistance and Bill of Rights Act, as amended October 30, 2000, 42 U.S.C 6041 et seq.

OBJECTIVES:

To enable the expansion of the Protection and Advocacy system established in

each State to: (1) Protect and advocate the rights of individuals with mental illness; (2) investigate incidents of abuse and neglect of individuals with mental illness if the incidents are reported to the system or if there is probable cause to believe that the incidents occurred; (3) investigate incidents of serious injury and deaths in public and private care and treatment facilities and non-medical community-based facilities for children and youth; and (4) to receive reports of all serious injuries and deaths related to incidents of seclusion and restraint in public and private care and treatment facilities in the States and Territories.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Funds may be used to assist in meeting the costs of planning, developing, expanding, and implementing activities to support attainment of the protection and advocacy goals. Grant funds must supplement, not supplant, nonfederal funds available in the State in which the protection and advocacy system is established. Not more than 10 percent of an allotment can be used for providing technical assistance and training for staff, and a system which is a public entity cannot be required by the State to obligate more than 5 percent of the allotment for administrative expenses.

Applicant Eligibility:

State and local government agencies, public or private organizations designated by the Governor under Part C of the Developmental Disabilities Assistance and Bill of Rights Acts as systems to protect and advocate the rights of persons with developmental disabilities in that State.

Beneficiary Eligibility:

Individuals with significant mental illness or severe emotional impairment (children) who are at risk for abuse, neglect, or civil rights violations while residing in care or treatment facilities have service priority. Persons with significant mental illness and severe emotional impairment living in the community, including their own home, may be served as determined by their state protection and advocacy systems PAIMI program funded priorities and objectives and available resources includes persons who are in the process of being admitted to a facility rendering care or treatment, persons being transported to such a facility, or persons who are involuntarily confined in a municipal detention facility, jails, or prisons.

Credentials/Documentation:

Costs will be determined in accordance with OMB Circular No. A-110 for non-profit organization. OMB Circular No. A-87 applies to this program.

93.142 NIEHS HAZARDOUS WASTE WORKER HEALTH AND SAFETY TRAINING

Superfund Worker Training Program

FEDERAL AGENCY:

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

Superfund Amendments and Reauthorization Act of 1986, as amended, Title I, Section 126, Public Law 99-499; Public Health Service Act, Section 405(b)(1)(C), as amended, Public Law 99-158.

OBJECTIVES:

To provide cooperative agreements and project grant support for the development and administration of model worker health and safety training programs consisting of classroom and practical health and safety training of workers and their supervisors, who are engaged in activities related to hazardous materials, hazardous waste generation, treatment, storage, disposal, removal, containment, transportation, or emergency response. To assist organizations in the development of institutional competency to provide appropriate training and education to hazardous waste workers.

TYPES OF ASSISTANCE:

Project Grants (Cooperative Agreements)

USES AND USE RESTRICTIONS:

Cooperative agreements and project grants are intended to support the direct costs of a project, in accordance with an approved budget, plus indirect costs at a pre-established rate. Both the award and use of funds are subject to applicable provisions of basic statutory authorities, appropriations acts, pertinent regulations, and operating policies of the National Institute of Environmental Health Sciences (NIEHS), the National Institutes of Health (NIH), and the Department of Health and Human Services (DHHS).

Applicant Eligibility:

A public or private nonprofit entity, including tribal governments, that provide worker health and safety education and training, may submit an application and receive a cooperative agreement or project grant for support of waste worker education and training by a named principal investigator. Recipients/grantees may use services, as appropriate, of other public or private organizations necessary to develop, administer, or evaluate proposed worker training programs, as long as the requirement for awards to nonprofit organizations is not violated. Nonprofit organizations which are incorporated under 501(c)(4) are prohibited from receiving grants.

Beneficiary Eligibility:

Any public or private entity providing worker safety and health education and training will benefit from this program.

Credentials/Documentation:

Applications must be signed by appropriate officials of the submitting institution. Costs will be determined in accordance with OMB Circular A-21 for universities, and A-122 for private nonprofit other than universities. For other recipient/grantees, costs will be determined by HHS Regulations 45 CFR 74, Subpart Q. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. Application forms and instructions for their submission are available from the Office of Extramural Outreach and Information, National Institutes of Health, 6701 Rockledge Drive, MSC 7910, Bethesda, MD 20892-7910. Telephone: (301) 435-0714; e-mail: ASKNIH@odrockml.od.nih.gov and the National Institute of Environmental Health Sciences (MD 3-01), P.O. Box 12233, 104 Alexander Drive, Research Triangle Park, NC 27709. The standard application forms, as furnished by PHS and required by 45 CFR, Part 92, must be used for this program by those applicants that are State and local units of government. This program is subject to the provisions of 45 CFR, Part 92 for State and local governments and OMB Circular No. A-110 for nonprofit organizations, as appropriate.

Award Procedure:

As required in HHS Regulations, 42 CFR Part 65, applications will be reviewed administratively by NIEHS staff for completeness and responsiveness to the program announcement. Applications then will be reviewed on a competitive basis for technical merit by an ad hoc review committee composed primarily of non-government members with expertise in occupational safety and health

training and hazardous waste operations convened by the NIEHS. A second level of review will be conducted by the National Advisory Environmental Health Sciences Council. This second level of review will be for program relevance. The final approval of these recommendations and decisions concerning funding is made by the Director, National Institute of Environmental Health Sciences (NIEHS) or, if in conflict, by appropriate NIH staff. Formal award notices are sent to successful applicants.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

> 180 Days. From 8 to 9 months.

Appeals:

> 180 Days. A principal investigator (P.I.) may question the substantive or procedural aspects of the review of his/her application by communicating with the staff of the Institute. A description of the NIH Peer Review Appeal procedures is available on the NIH home page <http://grants.nih.gov/grants/guide/notice-files/not97-232.html>.

Renewals:

> 180 Days. Renewal awards are subject to the same criteria as new applications.

Formula and Matching Requirements:

This program has no statutory formula. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Full program cooperative agreements may be awarded for up to 5 years, generally in 12-month budget periods. Funds are released primarily on the basis of an Electronic Transfer System. The Request for Application announcement is expected to be released in the summer of 2013. See the following for information on how assistance is awarded/released: Funds are released primarily on the basis of an Electronic Transfer System.

Reports:

A detailed annual cooperative agreement or project grant summary report is required with the renewal application for all program recipients/grantees. Annual and final progress reports, and financial status reports are required for all awardees. Cash reports are not applicable. A detailed annual cooperative agreement or project grant summary report is required with the renewal application for all program recipients/grantees. Annual and final progress reports, and financial status reports are required for all awardees. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. In addition, grants and cooperative agreements are subject to inspection and audits by DHHS and other Federal officials.

Records:

Expenditures and other financial and program records must be retained for 3 years from the day on which the awardee submits the final financial status report for the report period.

Account Identification:

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2010: WETP developed and implemented services to Spanish-speaking workers - meeting their needs for training they can understand and implement. The WETP prepared for disasters that are certain to occur; for example, curricula and trainers are being prepared for the requirements of a long-term response to a major, chemical disaster. And the WETP continued to maintain a gold standard of safety and health training - real hands-on and classroom training that our evaluations show reduces occupational death, disease, and injury. Fiscal Year 2011: During the current year (2011), WETP will continue to develop and implement services to Spanish-speaking workers - meeting their needs for training they can understand and implement. The WETP will continue to prepare for disasters that are certain to occur; for example, curricula and trainers are being prepared for the requirements of a long-term response to a major, chemical disaster. And the WETP will continue to maintain a gold standard of safety and health training - real hands-on and classroom training that our evaluations show reduces occupational death, disease, and injury. Fiscal Year 2012: During FY 2012 WETP will continue to develop and implement services to Spanish-speaking workers - meeting their needs for training they can understand and implement. And the WETP will continue to maintain a gold standard of safety and health training - real hands-on and classroom training that our evaluations show reduces occupational death, disease, and injury.

CRITERIA FOR SELECTING PROPOSALS:

The following factors considered for applications for full program cooperative agreements include: (1) Methods and techniques to be used for identifying, describing, and accessing target worker populations and anticipated impact of the proposed program; (2) evidence of the organization's performance and effectiveness in planning, implementing and operating appropriate worker health and safety training and education programs; (3) adequacy of the detailed program plan for curricula development, training of instructors, distribution of course materials, and direct student training; (4) technical and professional expertise of the proposed program director, present or proposed staff, and consultants; (5) methods proposed for evaluating appropriateness, quality, and effectiveness of training; (6) availability of appropriate facilities and equipment to support the described educational and training activities including hands-on

instruction and demonstration; (7) evidence of the organization's past performance and effectiveness in planning, implementing, and operating training and education programs for workers; (8) the likelihood that the program will continue beyond the grant period; and (9) reasonableness of the proposed program activities.

93.143 NIEHS SUPERFUND HAZARDOUS SUBSTANCES_BASIC RESEARCH AND EDUCATION

NIEHS Superfund Research Program

FEDERAL AGENCY:

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

Superfund Amendments and Reauthorization Act of 1986, Title I, Section III, and Title II, Section 209, Public Law 99-499, as amended; Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended, Section 311(a), Public Law 96-510; Public Health Service Act, Section 301, Public Law 78-410, as amended; Public Law 99-500.

OBJECTIVES:

To establish a unique program linking biomedical research with engineering, geoscience and ecological research. The goals of the Program are to establish and support an innovative program of basic research and training consisting of multi-project, interdisciplinary efforts and individual investigator projects. Areas of research may include: (1) methods and technologies to detect hazardous substances in the environment; (2) advance techniques for the detection, assessment, and evaluation of the effects of hazardous substances on humans; (3) methods to assess the risks to human health presented by hazardous substances; and (4) and basic biological, chemical, and physical methods to reduce the amount and toxicity of hazardous substances. It is intended that advanced or graduate training be integrated into the multi-project research program to provide opportunities in biomedical and environmental health, environmental sciences, ecology, and geosciences. The Program encourages the integration of interdisciplinary training to ensure that its students are prepared to tackle the complex issues presented by hazardous waste sites.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Research grants are intended to support the direct costs of a project, in accordance with an approved budget, plus an appropriate amount for indirect costs. Grants made under this program are for university-based programs, and the objective is to establish and maintain coordinated research efforts that link basic biomedical research with related engineering, hydrogeological and ecological studies. In addition, the Superfund Research Program supports small business research through the Small Business Innovative Research (SBIR) and Small Business Technology Transfer (STTR) programs. The award and use of funds are subject to applicable provisions of basic statutory authorities, appropriations acts, pertinent regulations, and operating policies of the National Institute of Environmental Health Science (NIEHS), the National Institutes of Health (NIH), and the Department of Health and Human Services (DHHS).

Applicant Eligibility:

An accredited institution of higher education, as defined in the Higher Education Act, 20 U.S.C. (annotated) 3381, may submit an application and receive a grant for support of research by a named principal investigator. Subcontracts may be made with public and private organizations, including: generators of hazardous wastes; persons involved in the detection, assessment, evaluation, and treatment of hazardous substances; owners and operators of facilities at which hazardous substances are located; and State, local and Tribal governments. Nonprofit organizations which are incorporated under 501(c)(4) are prohibited from receiving grants. Organizations applying for a grant under the SBIR/STTR programs must qualify as a U.S.-owned Small Business Concern (SBC).

Beneficiary Eligibility:

Any accredited institution of higher education engaged in biomedical research and/or engineering and ecological research. SBIR and STTR awards are restricted to small business that meet NIH's criteria for SBC. Tribal entities that meet these requirements are eligible to apply.

Credentials/Documentation:

Applications must be signed by appropriate officials of the submitting institution. Costs will be determined in accordance with OMB Circular Nos. A-87 for State and local governments, A-21 for universities, and A-122 for private nonprofit other than universities. For-profit organizations, costs are determined in accordance with 48 CFR, Subpart 31.2 of the Federal Acquisition Regulations. For other grantees, costs will be determined by HHS Regulations 45 CFR 74, Subpart Q. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. Letter of Intent Prospective applicants are asked to submit a letter of intent. Although it is not required, is not binding, and does not enter into the review of a subsequent application, the information that it contains allows IC staff to estimate the potential review workload and plan the review. It is due one month prior to the receipt of the applications. Applications for the Superfund Research Program are accepted in response to funding opportunity announcements (FOA) which are posted on National Institute of Environmental Health Sciences website (www.niehs.nih.gov) under the tab "funding opportunities". Applications submitted in response to a multi component FOA must use the PHS 398 (version dated 6/09) paper submission. Application instructions are available at <http://grants.nih.gov/grants/funding/phs398/phs398.html> in an interactive format. Applications submitted in response to an individual investigator FOA must be submitted electronically through Grants.gov (<http://www.grants.gov>) using the SF424 Research and Related (R&R) forms and the SF424 (R&R) Application Guide. SBIR/STTR grant applications are accepted in response to the NIH Omnibus solicitation using the SF424 electronic application process (<http://www.grants.gov>). The omnibus grant solicitation is released in early spring of each year and has 3 receipt dates: April 5, August 5 and December 5.

Award Procedure:

Grants are awarded on the basis of a dual review by peer groups of all applications. The first level of review is by a Special Emphasis Panel of peers for scientific merit. The National Advisory Environmental Health Sciences Council provides a secondary level of review for all applications.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

> 180 Days. From 9 to 12 months.

Appeals:

> 180 Days. A principal investigator may question the substantive or procedural aspects of the review of his/her application by communicating with the staff of the Institute. A description of the NIH Peer Review Appeal procedures is available on the NIH home page <http://grants.nih.gov/grants/guide/notice-files/not97-232.html>.

Renewals:

> 180 Days. Renewal requests are subject to the same criteria as new applications.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Research Grants for the multi component and individual investigator may be awarded for up to 5 years, generally in 12-month budget periods. See the following for information on how assistance is awarded/released: Funds are released primarily on the basis of an Electronic Transfer System.

Reports:

No program reports are required. No cash reports are required. Annual and final program reports and financial status reports are required. No expenditure reports are required. No performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. In addition, grants are subject to inspection and audits by DHHS and other Federal officials.

Records:

Expenditure and other financial and program records must be retained for 3 years from the day on which the grantee submits the final financial status report for the report period.

Account Identification:

Range and Average of Financial Assistance:

Range: \$7,500 to \$3,272,308
Average: \$1,229,605.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2010: In Fiscal Year 2010, Superfund Research Investigators reported that residents of Bangladesh exposed to well water with arsenic concentrations as low as 10g/L are at potentially increased risk of death. An estimated 21% of deaths from all causes and 24% of deaths linked to chronic diseases could be attributed to drinking arsenic-contaminated well water at concentrations greater than 10g/L. These findings have important public health implications for other populations that have low-level arsenic exposure through drinking water. The current arsenic standard for drinking water is 10g/L or 10 parts per billion. Fiscal Year 2011: In FY 2011, the Superfund Research Program will continue to support research and make advances in the areas germane to its legislative mandates: to develop methods to detect hazardous substances in the environment; advance techniques for the detection, assessment, and evaluation of the effects of hazardous substances on humans; research methods to assess the risks to human health presented by hazardous substances; and develop basic biological, chemical, and physical methods to reduce the amount and toxicity of hazardous substances. Fiscal Year 2012: In FY 2012, the Superfund Research Program will continue to support research and make advances in the areas germane to its legislative mandates: to develop methods to detect hazardous substances in the environment; advance techniques for the detection, assessment, and evaluation of the effects of hazardous substances on humans; research methods to assess the risks to human health presented by hazardous substances; and develop basic biological, chemical, and physical methods to reduce the amount and toxicity of hazardous substances.

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2010: In Fiscal Year 2010, five awards were made. First, a newly funded a multi-project grant awarded in the amount of \$9.9 million over four years, focusing on Superfund metal mixtures, biomarkers, and neurodevelopment. The projects take advantage of geographically isolated cohorts to derive insights into developmental outcomes of metal exposures in children and funds research into the characterization of sites with soils and water contaminated with metals.

In another new multi-project grant awarded in Fiscal Year 2010 in the amount of \$9.4 million over four years, researchers are defining the relationship between exposure to Superfund-related contaminants and preterm birth. Funds are also being used to develop new technology for the discovery, transport characterization, and green remediation of Superfund and related contaminants in karstic aquifers.

A previously funded multi-project grant was renewed in Fiscal Year 2010 for five years for a total of \$12.2 million. In this grant researchers are characterizing the fate and transport of hazardous materials from Superfund sites, and are developing new technologies for thermal and bioremediation of toxic waste. A biomedical component to the grant will employ classical technologies and a rapid immunochemical and cell based analyses to evaluate sites, validate models of transport and determine human susceptibility, exposure, and effect. The grantee is also developing biomarkers to serve as biological dosimeters in exposure studies.

In another grant renewal, \$15.3 million was awarded over five years to identify routes of exposure to polychlorinated biphenyls (PCBs) to find ways to prevent exposure or reduce the effects. The investigators are working to measure sources, transport, and exposures of PCBs, their distribution, metabolism and toxicity in animals and humans, and develop novel methods of phytoremediation. This grant includes a community based participatory research component that includes low income minorities into the research process

In a third renewal, \$13.1 million was awarded over five years to study hazardous waste risk and remediation. Investigators are examining the mechanism of arsenic toxicity in target tissues and potential therapeutic approaches. The grant also investigates how arsenic and TCE/PCE can be optimally characterized for risk assessment and remediation. Additionally, Investigators will evaluate the effects of currently allowed levels of arsenic in drinking water, dust, and chlorinated solvents. Fiscal Year 2011: In Fiscal Year 2011, NIEHS renewed three new multi project grants. One grant provides \$ 12.9 million over a period of five years to enhance the broad understanding of chemical impacts on developing organisms and develop approaches for reducing these impacts. This research concentrates on a mechanistic approach: mechanisms underlying developmental perturbations, mechanisms underlying ameliorations of and adaptations to these effects, and mechanisms underlying engineered solutions for the ultimate removal of these chemicals from the environment. A major cross-cutting theme is that of potential biological "costs" of early life exposures to humans and ecosystems, and of remediation strategies.

In another grant, \$14.7 million over five years will be used to study the human health and environmental risks associated with hazardous waste sites, with the goal of more accurately assessing risks and more efficiently remediating hazardous waste sites. It will focus is research on developing biomarkers of exposure and effect for human and experimental models of environmental disease; applying new molecular and analytical tools in a systems biology

framework to understand metabolic pathways critical for environmental disease; elucidating mechanisms that associate maternal cadmium exposure with poor newborn health outcomes and identifying molecular pathways that underlie susceptibility to metal-induced toxicity; determining the genetic and metabolic factors contributing to dermal absorption and the relationship of internal dose to total systemic exposure; elucidating the modes of action for major chlorinated hydrocarbons and polycyclic aromatic hydrocarbons and examining whether modes of action hold constant over the range of likely exposures; evaluating the extent to which remediation and bioremediation practices result in measurable reductions in toxicity and genotoxicity; and developing and evaluating remediation methods in complex, field-relevant systems for their potential to reduce overall human exposures and risks. In a third grant, \$14.5 million is being directed to using state-of-the-art technology, including 'omics' and nanotechnology, to develop biological markers and apply them in human population studies, especially those involving susceptible populations such as children and pregnant women; to improve chemical detection; and facilitate and lower the cost of waste site remediation. This highly integrated research endeavor is focusing on environmental exposures currently encountered at hazardous waste sites and several contaminants of emerging human health concern. Specific aims are to develop advanced techniques for the detection, assessment, and evaluation of the effect of hazardous substances on human health and improve methods to assess the risks to human health presented by benzene, arsenic, trichloroethylene and other hazardous substances. It is using nanotechnology to develop methods to detect hazardous substances in the environment in a simple, inexpensive fashion and is developing biological, chemical, and physical methods to remediate waste sites and reduce the amount and toxicity of hazardous substances.

It is anticipated that a fourth grant will be award later in the fiscal year to addresses the synergistic interactions of combustion-generated organic pollutants and particles that increase their chemical and biological activity. Goals include understanding the relationships between the origins, mechanisms of formation, nature of emissions; biological availability; and biological activity of toxic combustion by-products. Research will focus on the origin and health impacts of four classes of pollutants: combustion generated ultra-fine particles (UFPs); persistent free radicals (PFRs); chlorinated hydrocarbons (CHQs); and brominated hydrocarbons (BHG).

In 2011, NIEHS released an RFA, Innovative Bioavailability Assays to Assess the Effectiveness of Contaminated Sediment Remediation for individual investigator project grants. Grants awarded in response to this RFA will be for three years and directed to the development of innovative assays of bioavailability that may be used to determine the effectiveness of sediment remediation in reducing risks to humans. The ultimate goals of funding grants under this solicitation are two-fold: first, to develop and introduce new tools to assess whether remediation efforts are protective of human health; and second, to increase use of bioavailability in risk assessment through providing scientifically-valid, practical, and cost-effective tools. It is anticipated that four five awards will be made in 2011.

In 2011, the Superfund Research Program funded three new Small Business Innovative Research grants for a total of \$1.2 million. The grants will be for the detection and remediation of hazardous substances. Fiscal Year 2012: No data is available for 2012.

CRITERIA FOR SELECTING PROPOSALS:

Major factors considered in the evaluation of responsive applications include: (1) Scientific merit of each proposed project, including the novelty, originality, and feasibility of the approach and the adequacy of the experimental design; (2) technical merit and justification of each core unit; (3) competence of the investigators to accomplish the proposed research goals, their commitments, and the amount of time they will devote to the program; (4) scope of the overall effort in relation to the objective of the program to create unique interdisciplinary programs to eventually include, not only biomedical components, but also engineering, ecological and/or hydrogenological components; (5) adequacy of the facilities to perform the proposed research; (6) integration of the various projects and core units into an effective program and plans for interactions among investigators; (7) adequacy and commitment of institutional resources to administer an integrated, collaborative program; (8) appropriateness of the budget for the proposed program; (9) relevance of

proposed research to problems associated with hazardous waste substances; and (10) progress of program to date for completing renewal applications.

93.145 AIDS EDUCATION AND TRAINING CENTERS

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Section 2692 of the Public Health Service Act (42 U.S.C. 300ff-111), as amended by the Ryan White HIV/AIDS Treatment Extension Act of 2009 (Public Law 111-87).

OBJECTIVES:

(1) To train health personnel, including practitioners in programs under this title and other community providers, in the diagnosis, treatment, and prevention of HIV disease, including the prevention of the perinatal transmission of the disease, including measures for the prevention and treatment of opportunistic infections, and including (as applicable to the type of health professional involved), prenatal and other gynecological care for women with HIV/AIDS; (2) To train the faculty of schools of, and graduate departments or programs of, medicine, nursing, osteopathic medicine, dentistry, public health, allied health, and mental health practice to teach health professions students to provide for the health care needs of individuals with HIV/AIDS; (3) To develop and disseminate curricula and resource materials relating to the care and treatment of individuals with such disease and the prevention of the disease among individuals who are at risk of contracting the disease; and (4) To develop protocols for the medical care of women with HIV/AIDS, including prenatal and other gynecological care for such women.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Grants will be awarded for the establishment of AIDS Education and Training Centers.

Applicant Eligibility:

Applicants must have extensive experience in the field of health professional training and adult learning, HIV disease and disease management, and program administration and monitoring.

Beneficiary Eligibility:

Primary health care personnel and organizations that employ healthcare providers/clinicians.

Credentials/Documentation:

Applicants should review the individual HRSA funding opportunity announcement issued under this CFDA program for any required proof or certifications which must be submitted prior to or simultaneous with submission of an application package. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. HRSA requires all applicants to apply electronically through Grants.gov.

All qualified applications will be forwarded to an objective review committee. Based on the advice of the objective review committee, the HRSA program official with delegated authority is responsible for final selection and funding decisions.

Award Procedure:

Notification is made in writing by a Notice of Grant Award.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 6 months.

Appeals:

Not Applicable.

Renewals:

Annual noncompetitive, competitive awards typically are for up to 3 or 5 years.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Grants are typically awarded for up to a 3 or 5-year project period with 12-month budget periods. See the following for information on how assistance is awarded/released: Grantees drawdown funds, as necessary, from the Payment Management System (PMS). PMS is the centralized web based payment system for HHS awards.

Reports:

Annual program reports, OMB-approved data reports, and special reports (if any) are required. A Financial Report is to be submitted within 90 days after the close of each budget period and a final Financial Report is required 90 days following the end of the project period. Refer to the funding opportunity announcement re: progress reporting. No expenditure reports are required. No performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

Records:

Grantees are required to maintain grant accounting records for 3 years after the date they submit the Federal Financial Report (FFR). If any litigation, claim, negotiation, audit, or other action involving the award has been started before the expiration of the 3-year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

CRITERIA FOR SELECTING PROPOSALS:

In making grants, the Secretary shall give preference to qualified projects which will -- (A) train, or result in the training of health professionals who will provide treatment for minority individuals with HIV/AIDS and other individuals who are at high risk of contracting such disease; (B) train, or result in the training of minority health professionals and minority allied health professions to provide treatment for individuals with such disease; and (C) train or result in the training of health professionals and allied health professionals to provide treatment for hepatitis B or C co-infected individuals. The acronym HIV stands for "human immunodeficiency virus", the etiologic agent for acquired immune deficiency syndrome (AIDS).

93.150 PROJECTS FOR ASSISTANCE IN TRANSITION FROM HOMELESSNESS (PATH)

(PATH)

FEDERAL AGENCY:

Substance Abuse and Mental Health Services Administration, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Title V, Part C, Section 521, as amended, 42 U.S.C 290cc-21 et seq; Stewart B. McKinney Homeless Assistance Amendments Act of 1990, Public Law 101-645.

OBJECTIVES:

To provide financial assistance to States to support services for individuals who are suffering from serious mental illness or serious mental illness and substance abuse; and are homeless or at imminent risk of becoming homeless. Programs and activities include: (1) Outreach services; (2) screening and diagnostic treatment services; (3) habilitation and rehabilitation services; (4) community mental health services; (5) alcohol or drug treatment services; (6) staff training; (7) case management services; (8) supportive and supervisory services in residential settings; (9) referrals for primary health services, job training, educational services, and relevant housing services; and (10) prescribed set of housing services.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Funds may be used at the discretion of the State to achieve the described objectives except that funds cannot be used: (1) To support emergency shelters or construction of housing facilities; (2) for inpatient psychiatric or substance abuse treatment costs; or (3) to make cash payments to intended recipients of mental health or substance abuse services. Not more than 20 percent of the

payment may be expended for housing services; not more than 4 percent of the total allocation may be expended for administrative expenses. The applicants must agree that the payments will be expended solely for making grants to political subdivisions of the State, and to nonprofit private entities (including community-based veterans organizations and other community organizations) for the purpose of providing the services.

Applicant Eligibility:

States, District of Columbia, Guam, American Samoa, the Commonwealths of Puerto Rico and the Northern Mariana Islands, and the Virgin Islands.

Beneficiary Eligibility:

Individuals who have a serious mental illness or serious mental illness and substance abuse; and are homeless or are at imminent risk of becoming homeless.

Credentials/Documentation:

This program is subject to 45 CFR 92, Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

There is no preapplication requirement. This program is not subject to the intergovernmental review requirements of E.O. 12372, as implemented through DHHS regulations at 45 CFR 100. However, individual States may require, or an applicant State mental health agency may want to implement, coordination procedures similar to those specified in E.O. 12372. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. The Chief Executive Officer of a State or Territory must apply annually for an allotment. Applications include a completed application form and a set of assurances.

Award Procedure:

Applications are reviewed for completeness and for compliance with legislative requirements. Grant awards are issued directly by the Center for Mental Health Services (CMHS) to the designated State agency.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 30 to 60 days. Approximately 8 weeks.

Appeals:

Formula and Matching Requirements:

Statutory Formula: Title 45, Part 92, Public Law 101-645.

Matching Requirements: The formula is cited in Section 524 of the Public Health Service Act, as amended by Public Law 101-645. The formula allots funds on the basis of the population living in urbanized areas of the State, compared to the population living in urbanized areas of the entire United States except that no State receives less than \$300,000 (\$50,000 for Territories). States must agree to make available, directly or through donations from public or private entities, nonfederal contributions equal to not less than \$1 (in cash or in kind) for each \$3 of Federal funds provided in such grant. Territories have no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Each allotment is available for obligation for the award period (1-year); payments are made through an Electronic Transfer System. Method of awarding/releasing assistance: lump sum.

Reports:

Each State shall prepare and submit to the Secretary of Health and Human Services annual reports on its activities necessary for securing a record and a

description of the purposes for which funds received under Section 521 were spent and the recipients of such funds, and for determining whether such amounts were expended in accordance with the provisions of the legislation. No cash reports are required. No progress reports are required. No expenditure reports are required. No performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

Records:

Grantees are required to maintain grant accounting records 3 years after the end of a budget period. If any litigation, claim, negotiation, audit or other action involving the records has been started before the expiration of the 3-year period, the records shall be retained until completion of the action and resolution of all issues which arise from it.

93.153 COORDINATED SERVICES AND ACCESS TO RESEARCH FOR WOMEN, INFANTS, CHILDREN, AND YOUTH

Ryan White Program

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Sections 2671 and 2693 of Title XXVI of the Public Health Service Act (42 U.S.C. 300ff-71 et seq.), as amended by the Ryan White HIV/AIDS Treatment Extension Act of 2009 P.L. 111-87.

OBJECTIVES:

The purpose of this funding is providing family-centered care involving outpatient or ambulatory care (directly or through contracts) to women, infants,

children, and youth with HIV/AIDS, and may be used to provide additional support services to patients and families through the provision of coordinated, comprehensive, culturally and linguistically competent, family-centered services. Funds will be used to support programs that provide primary medical care and : (1) Link established systems of care to coordinate service delivery and ensure that HIV-infected women, infants children, and youth have access to the existing and emerging HIV treatments that can make a difference; (2) Implement HIV care and prevention programs for pregnant woman to decrease the transmission of HIV from mother to child; (3) Educate clients about the opportunities for participation in clinical research and other research activities; and (4) Address the intensity of service needs, high costs, and other complex barriers to comprehensive care and research experienced by medically underserved and challenging populations.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

All funds granted must be expended solely for carrying out the approved project in accordance with application guidelines, the conditions of award and the applicable cost principles.

Applicant Eligibility:

Public and nonprofit private entities that provide primary care services, either directly or by another entity that is linked with the grantee, either through a contract, written partnership, or other formal agreement. Proof of nonprofit status is required for nonprofit organizations. Organizations may include State and local governments, their agencies, and Indian Tribes or tribal organizations with or without Federal recognition. Primary care providers must show proof of Medicaid eligibility.

Beneficiary Eligibility:

Women, infants, children, and youth with HIV/AIDS and their affected family members.

Credentials/Documentation:

Applicants should review the individual HRSA funding opportunity announcement issued under this CFDA program for any required proof or certifications which must be submitted prior to or simultaneous with submission of an application package. 93.156 GERIATRIC TRAINING FOR PHYSICIANS, DENTISTS AND BEHAVIORAL/MENTAL HEALTH PROFESSIONALS

GTPD

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Title VII, Sec. 753(b) of Public Health Service Act (42 U.S.C-294c), as amended by the Health Professions Education Partnerships Act of 1998 (P.L. 105-392) and the Patient Protection and Affordable Care Act (P.L. 111-148).

OBJECTIVES:

Grants are given for faculty training projects in geriatric medicine, dentistry, and behavioral or mental health. The purpose of this grant program is to provide support, including fellowships, for geriatric training projects to train physicians, dentists and behavioral or mental health professionals who plan to teach geriatric medicine, geriatric dentistry or geriatric behavioral or mental health.

TYPES OF ASSISTANCE:

PROJECT GRANTS; Training

USES AND USE RESTRICTIONS:

A grant may be made to meet the cost of a project which will propose: (1) a 1-year retraining program in geriatrics for: (a) physicians who are faculty in departments of internal medicine, family medicine (including osteopathic general practice), gynecology, geriatrics, and behavioral or mental health at schools of medicine and osteopathic medicine; (b) dentists who are faculty members at schools of dentistry or at hospital departments or dentistry; and (c) behavioral or mental health professionals who are faculty members in departments of behavioral or mental health; and/or (2) a 2-year internal medicine or family medicine fellowship program providing emphasis in geriatrics which shall be designed to provide training in clinical geriatrics and geriatrics research for: (a) physicians who have completed graduate medical education programs in internal medicine, family medicine (including osteopathic general practice), behavioral or mental health, neurology, gynecology, or rehabilitation medicine; (b) dentists who have demonstrated a commitment to an academic career and who have completed postdoctoral dental training, including postdoctoral dental education programs or who have relevant advanced training or experience; and (c) behavioral or mental health professionals who have completed graduate medical education programs in behavioral or mental health. Each project for which a grant is made must: (1) be staffed by full-time teaching physicians who have experience or training in geriatric medicine or geriatric behavioral or mental health; (2) be staffed, or enter into an agreement with an institution staffed by full-time or part-time teaching dentists who have experience or training in geriatric dentistry; (3) be staffed, or enter into an agreement with an institution staffed by full-time or

part-time teaching behavioral or mental health professionals who have experience or training in geriatric behavioral or mental health; (4) be based in a graduate medical education program in internal medicine or family medicine or in a department of geriatrics or behavioral or mental health; (5) provide training in geriatrics and expose fellows to the physical and mental disabilities of elderly individuals through a variety of service rotations, such as geriatric consultation services, acute care services, dental services, geriatric behavioral or mental health units, day and home care programs, rehabilitation services, extended care facilities, geriatric ambulatory care and comprehensive evaluation units, and community care programs for elderly mentally retarded individuals, and (6) provide training in geriatrics through one or both of the two training options. See above. The Patient Protection and Affordable Care Act, Public Law 111-148 expanded the definition of behavioral and mental health professionals to now include psychiatry, psychology, psychiatric nursing, social work, substance abuse disorder prevention and treatment, marriage and family counseling, or professional counseling. The expanded definition applies to the 1-year retraining option. See above.

93.157 CENTERS OF EXCELLENCE

Centers of Excellence (COEs)

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Title VII, Section 736, 42 U.S.C. 293, as amended by the Patient Protection and Affordable Care Act of 2010 (P.L. 111-148) Section 5401.

OBJECTIVES:

The goal of this program is to assist eligible schools in supporting programs of excellence in health professions education for underrepresented minority (URM) individuals. The Centers of Excellence (COE) program is a catalyst for institutionalizing a commitment to under-represented minority (URM) students/faculty and to serve as a national resource and educational center for diversity and minority health issue. Additionally, the COE program will help to strengthen the national capacity to produce a culturally competent healthcare workforce whose diversity is representative of the United States Population.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Section 736 authorizes awarding funding to health professions schools to: (1) develop a large competitive applicant pool through linkages with institutions of higher education, local school districts, and other community-based entities; and establish an education pipeline for health professions careers; (2) establish, strengthen, or expand programs to enhance the academic performance of underrepresented minority students attending the school; (3) improve the capacity of such school to train, recruit, and retain underrepresented minority faculty including the payment of stipends and fellowships as the Secretary may determine appropriate; (4) carry out activities to improve the information resources, clinical education, curricula and cultural competence of the graduates of the school as it relates to minority health issues ; (5) facilitate faculty and student research on health issues particularly affecting underrepresented minority groups, including research on issues relating to the delivery of health care; (6) carry out a program to train students of the school in providing health services to a significant number of underrepresented minority individuals through training provided to such students at community-based health facilities.

These facilities provide such health services and are located at a site remote from the main site of the teaching facilities of the school; and (7) provide stipends as the Secretary determines appropriate in the amounts the Secretary determines.

Applicant Eligibility:

Eligible applicants include designated Historically Black Colleges and Universities and health professions schools that are accredited schools of allopathic medicine; osteopathic medicine; dentistry; pharmacy; or a graduate program in behavioral or mental health; or other public and nonprofit health or educational entities that meet the required conditions regarding: underrepresented minorities as described in Section 736 or the Public Service Act

Eligible applicants must also have:

- (1) a significant number of under-represented minority individuals enrolled in the schools;
- (2) been effective in assisting under-represented minority students of the schools to complete the program of education and receive the degree involved;
- (3) been effective in recruiting under-represented minority individuals to enroll in and graduate from the school, including providing scholarships and other financial assistance to such individuals and encouraging under-represented minority students from all levels of the educational pipeline to pursue health professions careers; and
- (4) made significant recruitment efforts to increase the number of under-represented minority individuals serving in faculty or administrative positions at the school.

Beneficiary Eligibility:

Designated HBCUs and eligible health professions schools must recruit and train a significant number of underrepresented minority students in medicine, dentistry, and pharmacy; recruit, train, and retain underrepresented minority faculty recruitment, and facilitate faculty and student research activities.

Credentials/Documentation:

Applicants should review the individual HRSA funding opportunity announcement issued under this CFDA program for any required proof or certifications which must be submitted prior to or simultaneous with submission of an application package. CRITERIA FOR SELECTING PROPOSALS:

The Centers of Excellence have 7 criteria:

(1) NEED (20 points) - The extent to which a description of a) the problem, and the associated contributing factors. b) the need with respect to students, faculty development, and URM's in the health professions, and c) geographic factors, such as the size of the area that will be served, and any regional issues.

(2) RESPONSE (40 points) The extent to which project responds to the Purpose included in the program description. This includes the clarity of the proposed goals and objectives and their relationship to the identified project and achieving the seven legislative requirements. The extent to which the activities (scientific or other) described in the application are capable of addressing the problem and attaining the project objectives.

For Centers of Excellence, the response should focus on the statutory purposes:

a) Competitive Applicant Pool: To develop a large competitive applicant pool through linkages with institutions of higher education, local school districts, and other community-based entities and establish an educational pipeline for health professions careers; b) Student Performance: To establish, strengthen, or expand programs to enhance the academic performance of underrepresented minority (URM) students attending the school; c) Faculty Development: To improve the capacity of such schools to train, recruit, and retain URM faculty including payment of such stipends and fellowships as the Secretary may determine is appropriate; d) Information Resources, Clinical Education, Curricula, and Cultural Competence: To carry out activities to improve the information resources, clinical education, curricula and cultural competence of the graduates as they relate to minority health issues; e) Faculty/Student Research: To facilitate faculty and student research on health issues particularly affecting URM groups, including research on issues relating to the delivery of health care; f) Student Training in Providing Health Care Services: To carry out a program that trains students of the school and (g) Stipends: To provide stipends as the Secretary determines appropriate.

(3) EVALUATIVE MEASURES (10 points) - The effectiveness of the method proposed to monitor and evaluate the project results. Evaluative measures must be able to assess to what extent the program objectives have been met and to what extent these can be attributed to the project.

(4) IMPACT (5 points) - The extent and effectiveness of the dissemination of the project results, the extent to which the project results may be national in scope, the degree to which the project activities are replicable, the sustainability of the program beyond the Federal funding and established linkages/collaboration with key stakeholders. It may include the extent to which disseminating COE project is to the Health Professions Education community regionally or nationally.

(5) RESOURCES /CAPABILITIES (10 points) The extent to which project personnel are qualified by training and/or experience to implement and carry out projects. This includes the capabilities of the applicant organization, and the quality and availability of facilities and personnel to fulfill the needs and requirements of the proposed project. This may include whether the health professions school has a significant number of URM individuals enrolled in the school, including individuals accepted for enrollment and successful completion in the school and the extent to which the applicant's activities influence the recruitment, training and retention of URM faculty

(6) SUPPORT REQUESTED (10 points) - The extent to which the overall

budget, including non-trainee expenses, is a) cost effective, reasonable, and consistent with the stated objectives and proposed activities, b) expenditures are well justified, and c) in-kind contributions are documented.

(7) **CULTURAL COMPETENCE DEVELOPMENT** (5 points) The extent to which the COE application reflects the institutions commitment to developing culturally competent health professionals by establishing a system that values the importance of culture in the delivery of health care services to all segments of the population. The practices and initiatives of the applicant institution demonstrate their commitment to increasing the number of culturally competent and diverse health professionals.

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Title III, Section 3381, 42 U.S.C. 254 q-1(h). Section 10503 of the Affordable Care Act (P.L. 111-148).

OBJECTIVES:

To increase the availability of primary health care in health professional shortage areas (HPSAs) by assisting States in operating programs for the repayment of educational loans of health professionals in return for their practice in HPSAs.

TYPES OF ASSISTANCE:

Direct Payments for Specified Use; PROJECT GRANTS

USES AND USE RESTRICTIONS:

Funds under this grant must only be used to repay the qualifying educational loans of health professionals who have entered into State Loan Repayment Program (SLRP) contract with the States. Funds cannot be used for the following purposes: costs of administering the program, State matching funds, or any other purpose. Funds under this grant must only be used to repay the qualifying educational loans of health professionals who have entered into SLRP contract with the States.

Applicant Eligibility:

Eligible entities include the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, Palau, the Marshall Islands, and the Commonwealth of the Northern Mariana Islands.

Beneficiary Eligibility:

Applicants for State programs must have completed a course of study required to practice independently without supervision, as one of the following health care professionals: Doctors of Allopathic Medicine or Osteopathic Medicine, General Practice Dentists (D.D.S. or D.M.D.), Pediatric Dentists, Primary Care

Certified Nurse Practitioners, Certified Nurse-Midwives, Primary Care Physician Assistants, Registered Clinical Dental Hygienists, Health Service Psychologist (formerly Clinical or Counseling Psychologists (Ph.D. or equivalent), Licensed Clinical Social Workers (masters or doctoral degree in social work), Psychiatric Nurse Specialists, Mental Health Counselors, Licensed Professional Counselors (masters or doctoral degree with a major study in counseling), Marriage and Family Therapists (masters or doctoral degree with a major study in marriage and family therapy). The primary care specialties approvable for physicians are: family medicine (and osteopathic general practice), internal medicine, including geriatricians, pediatrics, obstetrics/gynecology, and geriatrics and general psychiatry. General practitioners (physicians who have not completed residency training programs) are not eligible for funding under the SLRP. The primary care specialties approval for nurse practitioners and physician assistants are: adult, family, pediatrics, psychiatry/mental health, geriatrics, or womens health.

Participants must provide full-time clinical service for a minimum of two years in a public or non-profit entity located in a federally designated health professional shortage area (HPSA).

Refer to the NHSC State Loan Repayment Program Guidance for specific requirements.

Credentials/Documentation:

Applicants should review the individual HRSA funding opportunity announcement issued under this CFDA program for any required proof or certifications which must be submitted prior to or simultaneous with submission of an application package. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. HRSA requires all applicants to apply electronically through Grants.gov.

All qualified applications will be forwarded to an objective review committee. Based on the advice of the objective review committee, the HRSA program official with delegated authority is responsible for final selection and funding decisions.

Award Procedure:

Notification is made in writing by a Notice of Award.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 120 days.

Appeals:

Not Applicable.

Renewals:

From 120 to 180 days. Subsequent funding depends upon the availability of funds and program performance. Renewals are funded through a non-competitive process each year.

Formula and Matching Requirements:

This program has no statutory formula. Matching Requirements: Percent: 50%. Fifty-percent (50%). States must agree to make available (directly or through donations from public or private entities) non-Federal contributions in cash toward SLRP contracts in an amount not less than \$1 for each \$1 of Federal funds provided in the grant. A State may not use any Federal funds or in-kind contributions to satisfy the non-Federal match requirement. A State must verify that contributions from sources other than State appropriated funds are non-Federal. States may use non-Federal funds in excess of the \$1 for \$1 minimum match to supplement the repayment of qualifying loans of health professionals.

The Federal share must be used to repay the government and commercial loans of health professionals for tuition, educational expenses and living expenses described in Section 338B(g)(1) of the Public Health Service Act. States must assume administrative costs.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

A grant award is for 1 year. Applicants may propose a project period of up to 4 years. States are asked to commit the full amount of funding for their loan repayment awards to practitioners in the current fiscal year to avoid out-year commitments for additional Federal funds. See the following for information on how assistance is awarded/released: Grantee drawdown funds, as necessary, from the Payment Management System (PMS). PMS is the centralized web based payment system for HHS awards.

Reports:

Recipient States must submit: (1) a Financial Report within 90 days of the end of each budget period; (2) Semi-Annual Field Strength Reports through the HRSA Electronic Handbooks System (EHBs); (3) non-competing continuation application(s) report through the EHBs; (4) a Final Report. All grantees are required to submit a final report within 90 days after the project period ends. No cash reports are required. See above. No expenditure reports are required. No performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

Records:

Grantees are required to maintain grant accounting records 3 years after the date they submit the Federal Financial Report (FFR). If any litigation, claim, negotiation, audit or other action involving the award has been started before the expiration of the 3-year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

Account Identification:

CRITERIA FOR SELECTING PROPOSALS:

For new and competing continuation grants the following criteria will be used to evaluate State applications to determine which States are to be supported under this notice: (a) The extent of the State's need for health professionals consistent with the health professions and specialties identified later in this notice; (b) the number and type of providers the State proposes to support through this program; (c) the appropriateness of the proposed placements of State LRP recipients (e.g., consistency and coordination with State-based plans to improve access to primary health services for the underserved communities and individuals); (d) the appropriateness of the qualifications, the administrative, and managerial ability of the staff to implement the proposed project; (e) the suitability of the State's approach and the degree to which the plan of a State is coordinated with Federal, State, and other programs for meeting the State's health professional needs and resources, including mechanisms for ongoing evaluation of the program's activities; (f) the source and plans for the use of the nonfederal match (the degree to which the nonfederal match exceeds the minimum requirements or has increased over time and the amount of the match relative to the needs and resources of the State); (g) for competing continuation applicants only, the grantee's progress in achieving stated goals and objectives for the previous year's grant; this includes a progress report on the impact the State LRP placements have had on the State's short-term and long-term professional needs; (h) an assessment of the reasons for initial breaches by health professionals of repayment contracts; and (i) the grantee's history of compliance with reporting requirements. Noncompeting continuation applications will be evaluated on the grantee's progress in achieving stated goals and objectives for the previous year's grant; this includes a progress report on the impact the State LRP placements have had on the State's short-term and long-term professional needs; (j) and assessment of the reasons for initial breaches by health professionals of repayment contracts; and (k) the grantee's history of compliance with reporting requirements.

93.173 RESEARCH RELATED TO DEAFNESS AND COMMUNICATION DISORDERS**FEDERAL AGENCY:**

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Sections 301, 464 A-F, and 487, as amended; 42 U.S.C. 241, 285m, 285m-3, and 288; Public Law 100-553; 102 Stat. 2769; Small Business Research and Development Enhancement Act of 1992, Public Law 102-564.

OBJECTIVES:

To investigate solutions to problems directly relevant to individuals with deafness or disorders of human communication in the areas of hearing, balance, smell, taste, voice, speech, and language. The National Institute on Deafness and Other Communication Disorders (NIDCD) supports research including investigation into the etiology, pathology, detection, treatment, and prevention of disorders of hearing and other communication processes, primarily through the support of basic and applied research in anatomy, audiology, biochemistry, bioengineering, epidemiology, genetics, immunology, microbiology, molecular biology, the neurosciences, otolaryngology, psychology, pharmacology, physiology, psychophysics, speech-language pathology, and other scientific disciplines. The NIDCD supports: (1) Research into the evaluation of techniques and devices used in diagnosis, treatment, rehabilitation, and prevention of disorders of hearing and other communication processes; (2) research into prevention and early detection and diagnosis of hearing loss and speech, voice, and language disorders and research into preventing the effects of such disorders by means of appropriate referral and rehabilitation; (3) research into the detection, treatment, and prevention of disorders of hearing

and other communication processes in the elderly population and its rehabilitation to ensure continued effective communication skills; and (4) research to expand knowledge of the effects of environmental agents that influence hearing or other communication processes. Small Business Innovation Research (SBIR) program: To increase private sector commercialization of innovations derived from Federal research and development; to encourage small business participation in Federal research and development; and to foster participation of socially and economically disadvantaged small business concerns and women-owned small business concerns in technological innovation. Small Business Technology Transfer (STTR) program: To stimulate and foster scientific and technological innovation through cooperative research and development carried out between small business concerns and research institutions; to foster technology transfer between small business concerns and research institutions; to increase private sector commercialization of innovations derived from Federal research and development; and to foster and encourage participation of socially and economically disadvantaged small business concerns and women-owned small business concerns in technological innovation.

TYPES OF ASSISTANCE:**PROJECT GRANTS****USES AND USE RESTRICTIONS:**

Project Grants and Centers Grants may be used to provide salaries, equipment, supplies, travel, and other expenses for research. The grantee institution is obliged to expend grant funds prudently for the purposes as stated in the application and award document. Some National Research Service Awards (NRSAs) are made directly to individuals for research training in specified biomedical and behavioral research areas. Other training grants are made to institutions to enable them to make NRSAs to individuals selected by them. Each postdoctoral individual who receives an NRSA may be obligated, upon termination of the award, to comply with certain service and payback provisions. Mentored and unmentored career development awards are made to enhance the independent research capability of highly promising individuals during the formative stages of their careers. Small Business Innovation Research (SBIR) Program: Phase I grants (of approximately 6 months duration) are to establish the technical merit and feasibility of a proposed research effort that may lead to a commercial product or process. SBIR Phase II grants are for the continuation of the research efforts initiated in Phase I and that are likely to result in commercial products or processes. Only Phase I awardees are eligible to apply for Phase II support. STTR Phase I grant (normally of 1-year duration) are to determine the scientific, technical, and commercial merit and feasibility of the proposed cooperative effort. Phase II funding is based on results of research initiated in Phase I and scientific and technical merit and commercial potential of Phase II application. Grant funds may be expended only for the purpose stated in the application and award document.

Applicant Eligibility:

Project Grants and Centers Grants: Any public, private, nonprofit, or for-profit institution is eligible to apply. For-profit institutions are not eligible for institutional National Research Service Awards. All proposals are reviewed for scientific merit, for evaluation of the qualifications of the investigators, for adequacy of the research and/or research training environment and for significance of the problem. Approved proposals compete for available funds. Awardees of almost all Research Career Development Programs must be citizens or have been admitted to the United States for permanent residence. Candidates must be nominated for the program by a nonfederal public or private nonprofit institution located in the United States, its possessions or Territories. To be eligible, postdoctoral NRSA trainees and fellows must have a professional or scientific doctoral degree (M.D., Ph.D., D.D.S., D.O., D.V.M., Sc.D., D.Eng., or equivalent domestic or foreign degree). SBIR grants can be awarded only to domestic small businesses (entities that are independently owned and operated for profit, are not dominant in the field in which research is proposed, and have no more than 500 employees). Primary employment (more than one-half time) of the principal investigator must be with the small business at the time of award and during the conduct of the proposed project. In both Phase I and Phase II, the research must be performed in the United States or its possessions. To be eligible for funding, an SBIR grant application must be approved for scientific merit and program relevance by a scientific review group and a national advisory council. STTR grants can be awarded only to

domestic small business concerns which "partner" with a research institution in cooperative research and development. At least 40 percent of the project is to be performed by the small business concern and at least 30 percent by the research institution. In both Phase I and Phase II, the research must be performed in the U.S. and its possessions. To be eligible for funding, a grant application must be approved for scientific merit and program relevance by a scientific review group and a national advisory council.

Beneficiary Eligibility:

Health professionals, graduate students, health professional students, scientists, physicians, and other health and allied health professionals.

Credentials/Documentation:

Project Grants are awarded to an institution in the name of an individual investigator. Centers Grants are also awarded to an institution in the name of an investigator designated as the Program Director. Persons qualified to carry out research related to the NIDCD grant programs described above may apply for funds through their institution to support their investigations. Research career development must be conducted under the direction of a competent sponsor. A candidate for a Career Award must have an earned M.D., Ph.D. or equivalent degree and have had prior research experience. National Research Service Awards: (1) Individual NRSA Fellowship Awards for predoctoral and postdoctoral training: The candidate's academic record, research experience, citizenship, institutional sponsorship, and the proposed area and plan of training must be included in the application. (2) Institutional Training Grants for predoctoral and postdoctoral training: The applicant institution must show the objectives, design and resources for the research training program; the qualifications and experience of directing staff and training preceptors; the criteria to be used in selecting individuals for stipend support; and a detailed, justified budget for the numbers and type of trainee positions requested. For-profit organizations' costs are determined in accordance with 48 CFR, Subpart 31.2 of the Federal Acquisition Regulation. For other grantees, costs will be determined in accordance with HHS Regulations 45 CFR, Part 74, Subpart Q. For SBIR and STTR grants, the applicant organization (small business concern) must present in a research plan an idea that has potential for commercialization and furnish evidence that scientific competence, experimental methods, facilities, equipment, and funds requested are appropriate to carry out the plan. Grant form SF 424 (R&R) is used to apply for SBIR Phase I and Phase II. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. Applications must have a Dun and Bradstreet (D&B) Data Universal Numbering System (DUNS) number as the Universal Identifier when applying for Federal grants or cooperative agreements. The DUNS number can be obtained by calling (866) 705-5711 or through the web site at: <http://www.dunandbradstreet.com>. The NIH is converting to SF424 (R&R) Research and Related forms and electronic submission through Grants.gov for the submission of all grant applications. Visit <http://era.nih.gov/ElectronicReceipt> for information and updates on this new process and www.nidcd.nih.gov/funding/foa to identify funding opportunity announcements relevant to NIDCD. Research Fellowships: Prior to formal application, a candidate must be accepted at an institution as a doctoral student or postdoctoral fellow and have a sponsor who will supervise the training. Fellows may be sponsored by a (domestic or foreign) nonprofit institution. Application forms and information concerning current areas being supported under the Research Fellowship Award Program should be obtained from the Office of Research Manpower, National Institutes of Health, Bethesda, MD 20892. Application forms for Individual or Institutional NRSA's and information concerning the areas of science being supported may be obtained from the Office of Research Manpower, Center for Scientific Review, National Institutes of Health, Bethesda, MD 20892, and should be submitted to the same address. This program is subject to the provisions of 45 CFR, Part 92 for State and local governments, and OMB Circular No. A-110 for nonprofit organizations. SBIR and STTR Grant Solicitations and SBIR Contract Solicitation may be obtained electronically through the NIH's "Small Business

Funding Opportunities" home page

<http://www.nih.gov/grants/funding/sbir.htm>. For further assistance in all above areas, contact GrantsInfo, Telephone (301) 435-0714, Email: GrantsInfo@nih.gov.

Award Procedure:

Research grant, career development, and research training program applications are reviewed initially by technical panels composed of scientific authorities, and by the National Deafness and Other Communication Disorders Advisory Council composed of 18 leaders in medicine, science, education, and public affairs. Approved applications will compete on a merit basis for available funds. Formal award notices are transmitted to the grantee or awardee. All accepted SBIR/STTR applications are evaluated for scientific and technical merit by an appropriate scientific peer review panel and by a national advisory council. All applications receiving a priority score compete for available SBIR/STTR set-aside funds on the basis of scientific and technical merit and commercial potential of the proposed research, program relevance, and program balance among the areas of research.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

> 180 Days. Research Grants and Centers Grants: Approximately 6 to 9 months. Career Program: From 6 to 9 months. SBIR/STTR applications: About 6 to 9 months. Institutional Training Grants: From 10 to 12 months. Individual Fellowships: From 4 to 6 months.

Appeals:

A principal investigator (P.I.) may question the substantive or procedural aspects of the review of his/her application by communicating with the staff of the Institute. A description of the NIH Peer Review Appeal procedures is available at <http://grants.nih.gov/grants/guide/notice-files/NOT-OD-11-064.html>. Final decisions on unresolved appeals are made with the advice of the National Deafness and Other Communication Disorders Advisory Council.

Renewals:

> 180 Days. By application and review in the same manner as new applications. Research career awards are not renewable.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Research Grant awards are made for a 12-month period with recommendation of up to 4 years of additional support. Center Grant awards support may be for a period not to exceed 5 years. Career development awards provide support for up to 5 years. NRSA fellowship and traineeship awards are usually for a 12-month period, with recommendation of additional support of no more than 5 years for predoctoral training and no more than 3 years for postdoctoral training. SBIR Phase I awards are generally for 6 months; Phase II awards normally may not exceed 2 years. STTR Phase I awards are generally for 1 year; Phase II awards normally may not exceed 2 years. See the following for information on how assistance is awarded/released: After the progress report is evaluated and deemed satisfactory, a notice of grant award for each grant is issued annually.

Reports:

Program reports are not applicable. The grantee organization submits quarterly cash 272 reports. A progress report is required yearly for each grant. A financial status report is due either annually or at the end of the project period, depending upon the type of grant. Performance monitoring is covered in the annual progress report.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a

year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. In addition, grants and cooperative agreements are subject to inspection and audits by DHHS and other Federal officials.

Records:

Expenditures and other financial records must be retained for 3 years from the day on which the grantee submits the last financial status report for the report period.

Account Identification:

Obligations:

(Project Grants) FY 10 \$336,882,000; FY 11 est \$335,655,000; and FY 12 est \$348,563,000

Range and Average of Financial Assistance:

Competing Grants: FY10 \$3,000-\$1,876,173; Average: \$344,673.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2010: This year, 1,231 competing and non-competing awards were funded. The Institute supports a wide variety of basic and applied research studies concerning balance control, hearing, the senses of smell and taste, as well as speech, voice, and language. Encouraging progress has been made in each of these areas and is expected to continue. Clinical topics under investigation include vertigo; mild, moderate and profound hearing impairment; the design and efficacy of hearing aids and cochlear implants; aphasia; specific language impairment; disorders of taste and smell; stuttering, and voice disorders. Fiscal Year 2011: Grant awards are continuing at a pace similar to FY 2010. Absolute numbers are not yet available. Fiscal Year 2012: No Current Data Available.

REGULATIONS, GUIDELINES, AND LITERATURE:

Project Grants and Centers Grants: 42 CFR 52 or 52a; 42 CFR 66; 45 CFR 74; 45 CFR 92; Grants will be available under the authority of and administered in accordance with the NIH Grants Policy Statement and Federal regulations at 42 CFR 52 and 42 USC 241; Omnibus Solicitation of the Public Health Service for Small Business Innovation Research (SBIR) Grant and Cooperative Agreement Applications. Omnibus Solicitation of the National Institutes of Health for Small Business Technology Transfer (STTR) Grant Applications.

CRITERIA FOR SELECTING PROPOSALS:

The major elements in evaluating applications include assessments of: (1) The scientific merit and general significance of the proposed study and its objectives; (2) the technical adequacy of the experimental design and approach; (3) the competency of the proposed investigator or group to successfully pursue the project; (4) the adequacy of the available and proposed project; (5) the necessity of budget components requested in relation to the proposed project; (6) the relevance and importance to announced program objectives; (7) innovation; (8) risk to human subjects, including inclusion of minorities and children, and animal protection. The following criteria will be used in considering the scientific and technical merit of SBIR/STTR Phase I grant applications: (1) The soundness and technical merit of the proposed approach;

(2) the qualifications of the proposed principal investigator, supporting staff, and consultants; (3) the technological innovation of the proposed research; (4) the potential of the proposed research for commercial application; (5) the appropriateness of the budget requested; (6) the adequacy and suitability of the facilities and research environment; and (7) where applicable, the adequacy of assurances detailing the proposed means for (a) safeguarding human or animal subjects, and/or (b) protecting against or minimizing any adverse effect on the environment. Phase II grant applications will be reviewed based upon the following criteria: (1) The degree to which the Phase I objectives were met and feasibility demonstrated; (2) the scientific and technical merit of the proposed approach for achieving the Phase II objectives; (3) the qualifications of the proposed principal investigator, supporting staff, and consultants; (4) the technological innovation, originality, or societal importance of the proposed research; (5) the potential of the proposed research for commercial application; (6) the reasonableness of the budget requested for the work proposed; (7) the adequacy and suitability of the facilities and research environment; and (8) where applicable, the adequacy of assurances detailing the proposed means for (a) safeguarding human or animal subjects, and/or (b) protecting against or minimizing any adverse effect on the environment.

93.178 NURSING WORKFORCE DIVERSITY

NWD

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Title VIII, Section 821 of the Public Health Service Act (42 U.S.C. 296m), as amended by Section 5404 of the Patient Protection and Affordable Care Act (P.L. 111-148).

OBJECTIVES:

To increase nursing education opportunities for individuals who are from disadvantaged backgrounds (including racial and ethnic minorities under-represented among registered nurses) by providing student stipends and scholarships, stipends for diploma or associate degree nurses to enter a bridge or degree completion program, student scholarships or stipends for accelerated nursing degree programs, pre-entry preparation, advanced education preparation, and retention activities.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Funds may be used for salaries of personnel specifically employed for the project; consultant fees; supplies and equipment necessary to conduct the project; essential travel expenses and student stipends or scholarships; and other expenses related to the project. Indirect costs are allowed for administrative costs incurred as a result of the project, limited to 8 percent of direct costs exclusive of equipment and tuition and fees. The maximum annual (12-month) amount for stipends is \$3000 per eligible student. Scholarships are limited to a maximum of \$7,000 per eligible student per year for upper division nursing students. The maximum amount that can be requested for scholarships in a grant is \$40,000 per year.

Applicant Eligibility:

Eligible applicants are accredited schools of nursing, nursing centers, academic health centers, State or local governments, an Indian Tribe or Tribal organization, other public or private non-profit entities including faith-based and community organizations, and for-profit entities capable of carrying out the legislative purpose. Schools of nursing providing formal degree programs must be accredited by a national nurse education accrediting agency or State approval agency recognized by the U.S. Department of Education.

Beneficiary Eligibility:

Accredited public and nonprofit private schools of nursing and other public or nonprofit private entities.

Credentials/Documentation:

Applicants should review the individual HRSA funding opportunity announcement issued under this CFDA program for any required proof or certifications which must be submitted prior to or simultaneous with submission

of an application package. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. HRSA requires all applicants to apply electronically through Grants.gov.

All qualified applications will be forwarded to an objective review committee. Based on the advice of the objective review committee, the HRSA program official with delegated authority is responsible for final selection and funding decisions.

Award Procedure:

Notification is made in writing by a Notice of Award.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 6 months after receipt of applications.

Appeals:

Not Applicable.

Renewals:

Competing continuation applications may be submitted for continuance of a grant beyond the initial project period. A competing continuation application shall be submitted during the beginning of the third year of the initial project period. The submission date is the same for new applications and competing continuation applications. These applications are reviewed in the same manner and at the same time as new competing applications.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Competing and competing continuation grant applications are submitted for three (3) years of support. See the following for information on how assistance is awarded/released: Grantee drawdown funds, as necessary, from the Payment Management System (PMS). PMS is the centralized web based payment system for HHS awards.

Reports:

No program reports are required. No cash reports are required. All Bureau of Health Professions grantees are required to submit a progress report to HRSA on an annual basis. This report has two parts. The first part demonstrates grantee progress on program-specific goals. The second part collects core performance measurement data to measure the Bureau's progress through its grantees. A final progress report must be submitted within 90 days after the end of the project period. A Federal Financial Report (FFR) must be submitted within 90 days after the end of each budget period. A final financial report must be submitted within 90 days after the end of the project period. See above for reporting requirements.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

Records:

Grantees are required to maintain grant accounting records 3 years after the date they submit the Federal Financial Report (FFR). If any litigation, claim,

negotiation, audit or other action involving the award has been started before the expiration of the 3-year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

93.184 DISABILITIES PREVENTION

(Disability and Health)

FEDERAL AGENCY:

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Title 42, Part 241(a), Section Section 301(a) , Public Law USC-42 U.S.C. 247(b).

OBJECTIVES:

To (1) Provide a national focus for the prevention of secondary conditions in persons within selected disability domains including mobility, personal care, communication, and learning; (2) build State capacity to coordinate program activities and assess the magnitude of disability in States; (3) employ epidemiological methods to set priorities and direct health promotion interventions for persons with disabilities; (4) conduct research projects to

understand secondary conditions and measure the impact of the environment on the lives of persons with disabilities, and conduct studies on the effectiveness of interventions in targeted groups of persons with disabilities; (5) fund and support a national limb loss information center; (6) fund and support a national information center on physical activity for persons with disabilities; (7) fund and support a national paralysis and quality of life/health promotion information and resource center; (8) fund and support a national spina bifida information and resource center and (9) fund and support intellectual disability projects and 10) fund and support the Healthy Athletes screening program.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

CDC issued continuation awards in fiscal year 2011 for 16 State disability and health cooperative agreements. CDC issued competitive awards to four information/resource centers to address the prevention of secondary conditions and health promotion for persons with disabilities. State capacity cooperative agreements: These awards are providing financial assistance to: 1) Establish and/or sustain State offices of disability and health to promote the visibility of preventing secondary conditions as a State public health priority, and serve as a technical assistance resource and statewide focus for the prevention of secondary conditions; 2) support an advisory function to coordinate and provide policy and program direction guidance in the State; 3) develop and/or implement a State strategic plan or policy instrument for health promotion for persons with disabilities; 4) establish and implement university partnerships to support and complement State project activities; 5) maintain and refine prescribed public health surveillance or survey activities for disability domains of mobility, personal care, communications, and learning in order to implement prevention efforts and program evaluation activities; 6) provide technical assistance to communities; and 7) promote education and health promotion programs for persons with disabilities, conduct training of health professionals, and facilitate access to services for persons with disabilities. Research project grants: Financial assistance under this program is being used to: 1) Implement and evaluate programs to identify and quantify preventable secondary conditions within disability domains which include physical, medical, cognitive, emotional, and/or psychosocial conditions and their prevention; 2) determine the risk and protective factors in specified populations of persons who have a disability; 3) measure the effectiveness and costs of preventive interventions; and 4) develop measurements of the environment that can facilitate or hinder access to participation for persons with a disability. National Limb Loss Information Center: Financial assistance has been awarded to operate a national clearinghouse to provide educational materials and self-help guidance to persons with limb loss and limb difference their families, and develop a peer visitation training initiative for the conduct of education and training sessions in hospitals, rehabilitation facilities, and support groups. The National Center on Physical Activity and Disability provides multiple sources of information and references on a vast array of inquiries on exercise, fitness and health promotion activities. Christopher and Dana Reeve Foundation: Financial assistance has been awarded to operate a national resource center for persons with paralysis, their families, and their caregivers. National Spina Bifida Information and Resource Center: Financial assistance has been awarded to expand local programs for those affected by spina bifida, seed research into spina bifida, and expand information resources. Special Olympics, Inc: Financial assistance has been awarded to conduct the Healthy Athletes program. In these cases, project funds may not be used to supplant State, local, or institutional funds available for these activities, or for construction costs, or to purchase facilities or space. Grantees may enter into contracts as necessary to help achieve the objectives of their respective programs.

Applicant Eligibility:

Based on available funding for fiscal year 2011, CDC issued continuation awards for 16 State projects. Eligibility for the programs in the future are State health departments or other official organizational authority (agency or instrumentality) of States, including the District of Columbia, the Commonwealth of Puerto Rico, and any territory or possession of the United States. Also, four national information centers on limb loss, physical activity, paralysis, and spina bifida were funded. Eligible applicants for competing applications in fiscal year 2011 included public and private nonprofit entities,

including universities, university-affiliated systems, not-for-profit medical centers, research institutions and rehabilitation hospitals, disability service groups such as advocacy and voluntary organizations and independent living centers, and federally recognized Indian Tribal Governments. For the limb loss information center, the physical activity, paralysis and spina bifida resource center projects; continuation applications were solicited for these programs in FY 2011. New competitive applications were solicited from States in FY 2007.

Beneficiary Eligibility:

In addition to the eligible applicants, other groups who will receive benefits from the program include persons with disabilities and family members of persons with disabilities, persons with limb loss, minority populations, refugees, infants, children, youth, adults, senior citizens, women, all educational levels, all income levels, urban, suburban, and rural populations, health/rehabilitation professionals, scientists, educators, and researchers.

Credentials/Documentation:

State disability and health applicants documented in their fiscal year 2007 competitive applications the need for assistance, indicated the objectives of their projects, presented their approaches to meet set objectives, and outlined the method of operation. Current information centers requested continuation funding to meet original protocols and objectives. For nonprofit recipients, costs will be determined in accordance with HHS Regulation 45 CFR 74. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

The guidelines will indicate whether or not an application is subject to Executive Order 12372. If the application is subject for review per State Executive Order 12372, please follow these instructions:

1. The SPOC should be contacted as early as possible to receive any necessary instructions on the State process. If the project serves more than one State, the department should contact the SPOC of each affected State.
2. The necessary information should be mailed to the SPOC.
3. Please provide a copy of the cover letter sent to the SPOC to Grants & Contracts along with the hard copy application. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. To apply for this funding opportunity, use application form PHS 398 (OMB number 0925-0001 rev. 5/2001). Forms and instructions are available in an interactive format on the Grants.gov web site, at the following Internet address: www.grants.gov. Submit the final application using the www.grants.gov website. This program is subject to the provisions set forth in 45 CFR 92, for State and local governments and OMB Circular No. A-110 for nonprofit organizations.

Award Procedure:

State disability and health cooperative agreement competitive awards are determined by an internal objective committee review process at CDC. Research project grant competitive awards are determined by an external peer review. At such times, awards will be based on evaluation criteria set forth in the respective Program Announcements, the availability of funds, and such other significant factors as deemed necessary and appropriate by CDC. Awards for State disability and health projects will be issued for expected project periods of 5 years. Future awards for Research project grants are not expected to be issued until fiscal year 2013 given the funding cycles for those projects. The Notices of Grant Award will indicate financial support for the first budget year, allocations of Federal funds by budget category, and special conditions, if any.

CRITERIA FOR SELECTING PROPOSALS:

There was a recent competition for State awards in February 2007. New Research projects may be awarded in September 2013. In these cases, applications are reviewed based on evaluation criteria explicit in the respective Program Announcements. Applications must address demonstrated program need, the magnitude of the problem, the management work plan, collaborative associations, and the approach toward setting and meeting overall project objectives and time frames. These future competitive applications would also be evaluated on the capacity of the applicant to demonstrate effective collaborations with other agencies and data sources critical to preventing secondary conditions, identifying and addressing health promotion needs for persons with disabilities, denoting the capability of the project to address minority and low-income populations in the prevention of secondary conditions, promoting accessibility to all program services for persons with disabilities, and offering sound proposals toward development of surveys and surveillance for useful data bases within outlined targeted disability activities.

93.185 IMMUNIZATION RESEARCH, DEMONSTRATION, PUBLIC INFORMATION AND EDUCATION_TRAINING AND CLINICAL SKILLS IMPROVEMENT PROJECTS

FEDERAL AGENCY:

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

None.

OBJECTIVES:

To assist States, political subdivisions of States, and other public and private nonprofit entities to conduct research, demonstration projects, and provide public information on vaccine-preventable diseases and conditions.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Project funds may be used for the costs associated with organizing and conducting these projects, and in certain circumstances, for purchasing vaccine. Requests for direct assistance (i.e., "in lieu of cash") for personnel, vaccines, and other forms of direct assistance will be considered. Funds may not be used to supplant existing immunization program activities.

Applicant Eligibility:

Under Section 317(k) of the Public Health Service Act: States, political subdivisions of States, and other public and private nonprofit entities.

Beneficiary Eligibility:

Under Section 317(k) of the Public Health Service Act: States, political subdivisions of States, and other public and private nonprofit entities.

Credentials/Documentation:

Applicants should document the need for assistance, state the objectives of the project, outline the method of operation, describe the evaluation procedures, and provide a budget with justification of funds requested. For nonprofit recipients, costs will be determined in accordance with HHS Regulations 45 CFR 74, Subpart Q. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

**93.186 NATIONAL RESEARCH SERVICE AWARD IN PRIMARY CARE MEDICINE
FEDERAL AGENCY:**

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Section 487 of the Public Health Service Act and Division D, Title II, Section 218 of the Consolidated Appropriations Act of 2010, Public Law 111-117.

OBJECTIVES:

The Ruth L. Kirschstein National Research Service Awards (NRSA) in Primary

Care Program is a five-year initiative that seeks to develop a diverse and highly trained primary care research workforce by supporting grantees that prepare qualified individuals for careers that will have significant impact on the nation's primary care research agenda. Within the framework of the programs' longstanding commitment to excellence and projected need for investigators in particular areas of research, attention must be given to recruiting individuals with proven experience in biomedical and behavioral sciences and health systems.

TYPES OF ASSISTANCE:

Project Grants (Capacity Building and Complaint Processing, Training)

USES AND USE RESTRICTIONS:

NRSA grants are made to approved institutions to enable them to provide up to five years of fellowship support to qualified postdoctoral individuals undertaking primary care research training. Each NRSA trainee is obligated to comply with Federal service and payback provisions. Trainees in the first 12 months of postdoctoral support incur one month of service payback obligation for each month of support. Postdoctoral trainees in the 13th and subsequent months of NRSA support do not incur any further service obligation. In addition, the 13th and subsequent months of postdoctoral training serve to discharge the NRSA payback obligation.

Applicant Eligibility:

Domestic public or private nonprofit organizations or institutions may apply for training grants. The applying institution must be an entity that trains primary care providers in medicine or dentistry and has received federal support as evidenced by receipt of a grant under Title VII, section 747 of the Public Health Service Act, designed to prepare the primary care health workforce. State or local governments and U.S. Territories are eligible. For-profit organizations are not eligible. All persons supported as fellows or trainees must be citizens or non-citizen nationals of the United States, or have been lawfully admitted for permanent residence.

Beneficiary Eligibility:

Individuals and public or private nonprofit organizations or institutions, including State or local governments and U.S. Territories.

Credentials/Documentation:

Applicants should review the individual HRSA funding opportunity announcement issued under this CFDA program for any required proof or certifications that must be submitted prior to or simultaneous with submission of an application package. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. HRSA requires all applicants to apply electronically through Grants.gov. All qualified applications will be forwarded to an objective review committee. Based on the advice of the objective review committee, the HRSA program official with delegated authority is responsible for final selection and funding decisions.

Award Procedure:

Notification of award is made in writing by a Notice of Grant Award.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 2 to 3 months from receipt of application.

Appeals:

Not Applicable.

Renewals:

Competitive continuations may be submitted during the final budget period of

the approved project period.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

No individual trainee may receive more than three years of aggregate National Research Service Award support at the post-doctoral level, including any combination of support from institutional and individual awards. Institutional training grants may be awarded for project periods up to five years. Awards are made on an annual basis and it is expected that expenditures will be made within the budget period awarded. After awards are issued, funds are released in accordance with the payment procedure established by the grantee with the Department of Health and Human Services (DHHS), which may be the Electronic Transfer System or a Monthly Cash Request System. See the following for information on how assistance is awarded/released: See the following for information on how assistance is awarded/released. Grantees drawdown funds, as necessary, from the Payment Management System (PMS). PMS is the centralized web based payment system for HHS awards.

Reports:

No reports are required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

Records:

Grantees are required to maintain grant accounting records 3 years after the date they submit the Federal Financial Report (FFR). If any litigation, claim, negotiation, audit or other action involving the award has been started before the expiration of the 3-year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

93.189 HEALTH EDUCATION TRAINING CENTERS CONTINUING EDUCATIONAL SUPPORT FOR HEALTH PROFESSIONALS SERVING IN UNDERSERVED COMMUNITIES

Health Education Training Centers

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Public Health Service (PHS) Act, Title VII, Section 752, as amended by the Patient Protection and Affordable Care Act, P.L. 111-148, Section 5403.

OBJECTIVES:

The legislative purpose of this initiative is to improve health care, increase retention, increase representation of minority faculty members, enhance the practice environment, and provide information dissemination and educational support to reduce professional isolation through the timely dissemination of research findings using relevant resources. Grantees will use a variety of educational approaches (e.g., distance learning, collaborative conferences, continuing education activities, electronic and telelearning activities) to deliver information to primary care providers located in underserved and rural areas including border areas.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Funds awarded under this section shall be used to provide innovative activities to enhance education through distance learning, continuing educational activities, collaborative conferences, and electronic and telelearning activities, with priority for primary care.

Applicant Eligibility:

Grant applications shall be accepted from health professions schools, academic health centers, or other appropriate public or private nonprofit entities.

Beneficiary Eligibility:

Same as applicant eligibility above.

Credentials/Documentation:

Applicants should review the individual HRSA funding opportunity announcement issued under this CFDA program for any required proof or certifications which must be submitted prior to or simultaneous with submission of an application package. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. HRSA requires all applicants to apply electronically through Grants.gov.

Award Procedure:

All qualified applications will be forwarded to an objective review committee. Based on the advice of the objective review committee, the HRSA program official with delegated authority is responsible for final selection and funding decisions.

Notification is made in writing by a Notice of Award.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 90 to 120 days.

Appeals:

Not Applicable.

Renewals:

Competitive continuation applications may be submitted during the final budget period of the approved project.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The first project period will be up to 3 years to allow for the development and implementation of health education training centers and primary care continuing education programs. See the following for information on how assistance is awarded/released: Grantee drawdown funds, as necessary, from the Payment Management System (PMS). PMS is the centralized web based payment system for HHS awards.

Reports:

A Uniform Progress Report (UPR) - Comprehensive Performance Management System (CPMS) Report must be submitted annually and can be submitted electronically. No cash reports are required. An annual progress report must be submitted and can be submitted electronically. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

Records:

Grantees are required to maintain grant accounting records 3 years after the date they submit the Federal Financial Report (FFR). If any litigation, claim, negotiation, audit or other action involving the award has been started before the expiration of the 3-year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

Account Identification:

Fiscal Year 2010: No Current Data Available. Fiscal Year 2011: No Current Data Available. Fiscal Year 2012: No Current Data Available.

CRITERIA FOR SELECTING PROPOSALS:

NEED- Demonstrates an understanding of the purpose of the HETC program, and demonstrates an understanding of the identified need(s).

RESPONSE- The degree to which the proposed project responds to the program requirements as set forth in sections.

EVALUATE MEASURES- The adequacy of the evaluation strategies to monitor and evaluate project results.

IMPACT- The potential of the proposed HETC program to disseminate information and deliver continuing education programs to primary care providers in underserved and rural areas including border areas.

RESOURCES/CAPABILITIES- Evidence of qualifications in key personnel bio-sketches; evidence of adequate staffing plan for proposed project; evidence of ability to implement complex programs with similar requirements; evidence of institutional support.

SUPPORT REQUESTED- Evidence of a reasonable detailed budget and budget rationale to accomplish the project objectives.

93.191 PATIENT NAVIGATOR AND CHRONIC DISEASE PREVENTION PROGRAM

Patient Navigator and Chronic Disease Prevention Program (PN)

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

GPE: as amended by the Health Professions Education Partnership Act of 1998, PL 105-392

PN: Section 340A of the Public Health Service Act (42 U.S.C. 256a), as amended by the Patient Protection and Affordable Care Act, Pub. L. 111-148.

OBJECTIVES:

GPE: The Graduate Psychology Education Program addresses the interrelatedness of behavior and health and the critical need for integrated health care services. Grants will be awarded to assist eligible entities in meeting the costs to plan, develop, operate, or maintain graduate psychology doctoral, doctoral internship, and doctoral residency programs accredited by the APA. These programs must foster an integrated approach to health care services and

address access for underserved populations by training psychologists to work with underserved populations including children, the elderly, victims of abuse, the chronically ill or disabled; and in areas of emerging needs.

PN: The Patient Navigator Program focuses on improving patients health outcomes through enhanced chronic disease management by using patient navigators and the implementation of PN programs to include recruitment, training, assignment, and employment of such navigators.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

GPE: Funds may be used for predoctoral and postdoctoral stipend support of students. Funds may not be used for student tuition or fees or for direct health care service delivery.

PN: Funds may be used for the recruitment, training, assignment, and employment of patient navigators to perform the following six duties: (1) Acting as contacts, including by assisting in the coordination of health care services (such as screening clinics, diagnosis centers, treatment facilities, and clinical trials) and provider referrals for individuals who are seeking prevention or early detection services for, or who following a screening or early detection service are found to have a symptom, abnormal finding, or diagnosis of cancer or other chronic disease; (2) Facilitating the involvement of community organizations in assisting individuals who are at risk for or who have cancer or other chronic diseases to receive better access to high-quality health care services (such as by creating partnerships with patient advocacy groups, charities, health care centers, community hospice centers, other health care providers, or other organizations in the targeted community); (3) Notifying individuals of clinical trials and, on request, facilitating enrollment of eligible individuals in these trials; (4) Anticipating, identifying, and helping patients to overcome barriers within the health care system to ensure prompt diagnostic and treatment resolution of an abnormal finding of cancer or other chronic disease; (5) Coordinating with relevant health care ombudsman programs to provide information to individuals who are at risk for or who have cancer or other chronic diseases about health coverage, including private insurance, health care savings accounts, and other publicly funded programs (such as Medicare, Medicaid, health programs operated by the Department of Veterans Affairs or the Department of Defense, the Children's Health Insurance Program, and any private or governmental prescription assistance programs); and (6) Conducting ongoing outreach to health disparity populations, including the uninsured, rural populations, and other medically underserved populations, in addition to assisting other individuals who are at risk for or who have cancer or other chronic diseases to seek preventative care. Funds may not be used to fund legal fees or costs, referral fees, research or other services, including the delivery of health care services other than the patient navigator duties, or facilities or real property.

Applicant Eligibility:

GPE: Eligible entities are accredited health profession schools, universities, and other public or private nonprofit entities. Only applicants whose training program is accredited by the American Psychological Association (APA) and who provide such documentation can be funded. The eligible entity must demonstrate that the training within an accredited psychology training program will occur in collaboration with one or more disciplines other than psychology. Disciplines include, but are not limited to, family medicine, general internal medicine, and pediatrics. Funding is available for accredited doctoral programs, internships, and post-doctoral training programs.

PN: Eligible applicants include public or non-profit private health centers (including federally qualified health centers), health facilities operated by or pursuant to a contract with the Indian Health Service, hospitals, cancer centers, rural health clinics, academic health centers, and non-profit entities that enter into a partnership or coordinate referrals with such centers, clinics, facilities or hospitals to provide navigation services.

Beneficiary Eligibility:

GPE: Public or private nonprofit schools, universities, or other educational entities which provide for graduate psychology education and training or other public or private nonprofit entities capable, as determined by the Secretary, of carrying out the objectives of the project.

PN: Eligible beneficiaries include health disparity populations who have or are

at risk for cancer or other chronic diseases.

Credentials/Documentation:

Applicants should review the individual HRSA funding opportunity announcement issued under this CFDA program for any required proof or certifications which must be submitted prior to or simultaneous with submission of an application package. CRITERIA FOR SELECTING PROPOSALS:

The patient navigator program has 8 review criteria which are used to review and rank applications. Applicants should pay strict attention to addressing all of these criteria, as they are the basis upon which the reviewers will evaluate applications.

Criterion 1. Need (10 points)

The applications will be reviewed on the extent to which the application describes the problem(s) and associated contributing factors to the problem(s) as follows:

- i. The application describes the health care service and chronic disease management environment in the service area and the need for Federal funds to support patient navigator services.
- ii. The project targets a health disparity population. The application describes the target population and documents their unmet chronic health care and health literacy needs and uses demographic data where appropriate.
- iii. If the applicant chooses to focus on a specific age group, a justification for this approach is provided.
- iv. The applicant describes the communities current assets and needs in regards to:
 - 1) Coordination of health care services and provider referrals for individuals who are seeking prevention services, early detection of, or care for cancer or other chronic disease.
 - 2) Involvement of community organizations in assisting individuals who are at risk for or who have cancer or other chronic diseases to receive better access to high-quality health care services.
 - 3) Notification of individuals with chronic disease of clinical trials.

- 4) Prompt diagnostic and treatment resolution of abnormal findings of cancer or other chronic disease.
- 5) Provision of health insurance information to people who are at risk for or who have cancer or other chronic diseases.
- 6) Outreach to health disparity populations, including the uninsured, rural populations, and other medically underserved populations, in addition to assisting other individuals who are at risk for or who have cancer or other chronic diseases to seek preventative care.
- v. The application explains sufficiently why the community cannot meet the chronic disease management needs of the population in the service area.
- vi. The application addresses relevant barriers in the service area that the project hopes to overcome. The following barriers are discussed in relationship to the project:
 - 1) geographic isolation
 - 2) lack of quality health care providers
 - 3) cultural and linguistic barriers,
 - 4) limited transportation services
 - 5) lack of health insurance and information about health options, and
 - 6) socioeconomic status.
- vii. A map of the service area depicting the communities to be served and relevant service providers and community organizations is included.
- viii. Currently available resources and services relevant to the service area are identified.

Criterion 2. Response (20 Points)

The extent to which the proposed project responds to the Purpose included in the program description. The extent to which the goals and activity plans described in the application are capable of addressing the problem and attaining the project objectives as follows:

- i. Clearly demonstrates the sites capability of initiating patient navigation services, including technological capabilities.
- ii. The application identifies the projects proposed goals which are in line with the identified community needs and program objectives outlined in the application guidance. There is clear evidence and rationale to support how health care outcomes of underserved populations who are at risk for or who have chronic diseases including cancer will be improved as a result of the project.
- iii. The application presents an outlined, effective, comprehensive, coherent strategy to carry out grant-funded activities in order to reach proposed goals.
- iv. Provides information potential project partners, including expertise and how the expertise relates to the goals of the PN program. The application explains why the project has decided not to partner with relevant providers or organizations.
- v. Discusses how the PN program will coordinate with existing authorized programs in order to facilitate access to high-quality health care services.
- vi. Identifies similar programs in the community, their role, and justifies the need for an additional program (this program) to serve this population.
- vii. Addresses the issue of how the PN program will resolve differences in executing the project and resolve turf issues should they arise.
- viii. Identifies how the PN program will strengthen health providers and relevant community organizations ability to serve the chronic disease needs of the community.
- ix. Describes how navigation efforts for the chronic diseases selected as a focus of navigation are coordinated with existing programs.
- x. Describes how the proposed project goals and objectives align with Healthy People 2010.
- xi. The applicant included a clear work plan matrix (See Attachment 7) that is reasonable, clearly articulated, and defines the goals, strategies, activities, measurable outcomes and process measures. The objectives are: specific; measurable; achievable; realistic with the proposed personnel, facilities, equipment, and community network; and doable in the stated time frame. An evaluation method is described for each objective that is effective and includes outcome measures. The work plan defines the person or organization responsible for carrying out each activity and includes an anticipated time frame. For applicants in the earlier planning stages, the applicant has identified as much of the described detail as possible and noted plans for approaching each requested steps. The work plan should include tasks for or identify plans for addressing each of the following five areas:

- 1) Recruitment of Patient Navigators:
 - a. Methodology for identifying and recruiting potential patient navigators
 - b. Plan to attract individuals with the appropriate skill mix, local knowledge, and desire to serve the target population
 - c. Proposed number and justification for the number of navigators needed or explanation of how this number will be obtained.
 - d. Evidence of an interested and eligible patient navigator applicant pool, including patient navigator candidates from underrepresented minority and disadvantaged populations with knowledge of local health disparity populations.
- 2) Training Plan
 - a. Applicants must provide assurances that patient navigators recruited, assigned, trained, or employed using grant funds meet minimum core proficiencies, as defined by the applicant. These proficiencies must be tailored for the main focus or intervention of the navigator involved.
 - b. Has defined minimum core proficiencies that are tailored for the main focus or intervention of the navigator involved.
 - c. Provides assurance that each patient navigator recruited, assigned, trained, or employed meets the core proficiencies in h above.
 - d. A description of and timeline for the proposed trainings for each project year, including justification for these trainings.
 - e. Names and roles of any academic institutions or other partners to be involved in the training activities.
 - f. Rationale for the proposed training methodologies and description of infrastructure and approvals for any distance learning.
 - g. Plans to participate in or present at local, regional, State or national conferences focused on chronic diseases, patient support, health care systems, payment education or information on SCHIP and Medicaid or other related subjects part of the ongoing training efforts.
 - h. Discussion of how the program will ensure that all training is culturally competent.
 - i. Identification of how the program will maintain flexibility to address unanticipated training needs of patient navigators in a timely manner.
- 3) Employment of Patient Navigators
 - a. Discussion of how the program will meet the requirement for hiring the navigators with direct knowledge of the community to be served.
 - b. Discussion of choice to utilize volunteer and/or employed patient navigators.
 - c. Methodology for determining salary and benefits for the navigators.
 - d. Minimum qualifications for patient navigator employment (or how the project will establish such standards) to include: education requirements, prior work experience, appropriate background checks, specified levels of expertise in health care or the community, oversight or supervision requirements by licensed professionals, and the ability to effectively communicate in a culturally sensitivities manner.
 - e. Supervision of patient navigators
 - f. Plans for utilization of clinical specialists.
 - g. If the project does not use lay health workers as navigators, a justification for the use of health professionals and discussion of how the decision impacts the recruitment and budget of the program.
- 4) Assignments of Patient Navigators
 - a. Programs plan for assigning patient navigators and for defining the roles and responsibilities of the patient navigators.
 - b. Discussion of whether every patient navigator will be trained in all chronic diseases or if they might specialize in a chronic disease.
 - c. Explanation of how decisions will be made in the geographic and demographic distribution of patient navigators.
- 5) Program Management

In addition to describing how the applicant will recruit, assign, train, and employ patient navigators, the work plan should describe how the PN program will:

 - a. Track and report on common data elements provided by HRSA, as well as develop site-specific measures.
 - b. Participate in technical assistance through monthly conference calls and peer-learning workshops.
 - c. Proof that the program meets or has a plan to meet requirements for local,

regional and national accreditation/approval requirements for patient care and the educational program necessary to implement the project.

d. Obtain Institutional Review Board (IRB) approval or describe the planned process for IRB review with timelines.

xii. The proposed patient navigator projects goals contribute to meeting Healthy People 2010 objective.

xiii. The application discusses potential challenges in designing and implementing the program activities and proposes logical, effective approaches to resolve such challenges.

Models that Work

The applicant states whether or not the project proposal is based on another program that succeeded in another community. If it is based on another program, the applicant describes the program, how it was funded, and they believe it will succeed in a new community.

Criterion 3. Impact (15 Points)

i. The extent to which significant community impact (stable access to care) is attainable given the proposed level of staff, resources available, proposed activities and length of the project period.

a. The extent to which the program facilitates access to financial support and services to include prescription drug access.

ii. The extent to which the project will increase communication among the local health care providers with an emphasis on reducing duplication of services and creating more efficient and cost effective care.

a. The extent to which the applicant plans to collaborate and partner with health providers in the community and proposes an inclusive process for developing a sustainability plan.

iii. The extent to which the project will meet the community's need for culturally competent patient navigators.

iv. If another similar program is or has been operational in the community, the extent to which the application should address the most pressing needs of the community.

v. Future program sustainability after grant funding expires has been considered.

a. The extent to which proposed training materials can be used as a community resource for future training of patient navigators.

vi. The extent to which the project activities are or will be established to be replicable elsewhere and the presence of plans for dissemination of project information and results.

Criterion 4. Evaluative Measures (20 Points)

The effectiveness of the methods and plans proposed to monitor and evaluate the project in relation to local needs. Responses must address current project plans as they relate to:

i. An outline for how the applicant organization proposes to establish baseline measures and benchmarks that meet the Secretary's requirements to evaluate program outcomes.

ii. Ongoing quality assurance/improvement strategies that will allow the early detection and modification of ineffective strategies.

iii. An understanding of how the applicant will integrate HRSA provided data measures and tools into existing evaluation systems.

iv. Proposed outcome measures (crosscutting and clinical as described above) that are site-specific, given local populations and chronic disease(s) chosen, and how analysis of those measures will contribute to evaluating the project effectiveness.

v. Methods to monitor and evaluate the project results and identifies the project evaluator if applicable.

Criterion 5. Resources/Capabilities (15 Points)

i. The extent to which the applicant organization is capable of successfully meeting program requirements and implementing the proposed project. The organization has quality resources available to fulfill the needs of the project.

ii. The extent to which current or proposed project personnel are qualified to implement and carry out the proposed project.

iii. The extent to which current or proposed linkages with partners, such as community agencies, including small grassroots faith-based and community-based organizations, and other relevant Federal and local partners,

enhance the capabilities for implementation of the project.

iv. The extent to which the program shows demonstrated support (financial, in-kind, and other) from community leaders, agencies, institutions and other relevant local organizations for the project and its activities.

v. The extent to which the applicant has a financial management system in place and the capability to manage the grant.

vi. If distance learning methodologies are planned, the organization has infrastructure to support this and users will have access to technology support.

vii. The extent to which the program has plans in place to ensure acceptable oversight or supervision of patient navigators.

Criterion 6. Support Requested (5 Points)

The fiscal plan describes a budget that demonstrates:

i. The applicants itemized budget table or spreadsheet is clearly presented.

ii. A budget narrative (bulleted points are fine) is clearly articulated in detail for each item presented in the budget tables.

iii. The budget narrative logically documents how and why each line item request (such as personnel, travel, etc.) supports the goals and activities of the proposed grant-funded activities.

iv. The estimated cost to the government of proposed grant-funded activities appears reasonable.

v. The budget does not include request for funding for direct health care services delivery; to purchase, construct or renovate facilities or real property; or to purchase vehicles.

Criterion 7. Health Literacy, Diversity and Cultural Competence (5 Points)

The application needs a plan to ensure project diversity and cultural competence to include:

i. Clear documentation that the organization's strategic plan, policies, and initiatives demonstrate a commitment to serving the specific target population and familiarity with the culture and literacy level of the particular target group;

ii. Assurance that there will be navigators from underrepresented minorities and/or from other disadvantaged backgrounds consistent with local population demographics; and

iii. Convincing and clear documentation assuring that navigators will be prepared to provide culturally competent information and support.

Criterion 8. Proven History of Successful Patient Navigation Program (10 Points)

If applicable, the applicant has demonstrated that they have implemented a successful patient navigation program for at least six (6) months including:

i. Having recruited, assigned, trained, and employed patient navigators within their organization for at least six (6) months.

ii. Have demonstrated through qualitative and quantitative means that their PN program has been successful at reducing health disparities and improving health care outcomes.

In making awards of grants under this section, preference will be given to any qualified applicant that (A) has a high rate for placing graduates in practice settings having the principal focus of serving residents of medically underserved communities; or (B) during the 2-year period preceding the fiscal year for which such an award is sought, has achieved a significant increase in the rate of placing graduates in such settings; or (C) fulfills the requirements for new programs. Applicants should review the HRSA Guidance documents issued under this CFDA program for preference requirements.

In making awards of grants under this section, preference will be given to any qualified applicant that (A) has a high rate for placing graduates in practice settings having the principal focus of serving residents of medically underserved communities; or (B) during the 2-year period preceding the fiscal year for which such an award is sought, has achieved a significant increase in the rate of placing graduates in such settings. Applicants should review the HRSA Guidance documents issued under this CFDA program for preference requirements.

PN: The patient navigator program has 8 review criteria which are used to review and rank applications. Applicants should pay strict attention to addressing all of these criteria, as they are the basis upon which the reviewers will evaluate applications.

93.193 URBAN INDIAN HEALTH SERVICES

The Indian Health Service (IHS), Office of Urban Indian Health Programs (OUIHP)

FEDERAL AGENCY:

Indian Health Service, Department of Health and Human Services

AUTHORIZATION:

Indian Health Care Improvement Act, Executive Order Sections 503, Title V, Section 511, Public Law 94-437; Indian Health Care Improvement Act, Title V, Public Law 102-572.

OBJECTIVES:

To provide health-related services to Urban Indians including: (1) Alcohol and substance abuse prevention, treatment, rehabilitation, and education; (2) mental health needs assessment and services; (3) health promotion and disease prevention services; (4) immunization services.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

These grants are limited to established urban Indian health services. The recipient organization must be an urban Indian organization with whom the Secretary has entered into a contract or grant under Title V of the Indian Health Care Improvement Act (25 U.S.C. 1651 et seq). 100% funds under the Urban Indian Health Program are discretionary activities.

Applicant Eligibility:

Urban Indian organizations with whom the Secretary has entered into a contract or grant under Title V of the Indian Health Care Improvement Act.

Beneficiary Eligibility:

Urban Indians residing in the urban centers in which the organization is located.

Credentials/Documentation:

The applicant must provide documentation of: (1) Nonprofit status; and (2) that it has a current contract or grant with the Indian Health Service under Title V of the Indian Health Care Improvement Act. Costs will be determined in accordance with OMB Circular No. A-122, Nonprofit Institutions. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program.

Award Procedure:

Grants are awarded to all eligible organizations based on a competitive grant process. Applications are processed and grants are awarded by Indian Health Service Headquarters. Funding level available to an organization is based on specific criteria in the Act to include size of urban Indian population, accessibility to, and utilization of, other health resources available to that population and identification of need for services.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days. Grants are approved or disapproved within 90 days of receipt of grant applications by the Indian Health Service, Division of Grants Management.

Appeals:

Not Applicable.

Renewals:

Renewal of multi-year cooperative agreements is on a year-to-year basis and requires the submission of continuation applications.

Formula and Matching Requirements:

This program has no statutory formula.

Matching requirements are not applicable to this program.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Grants will be awarded for project periods of up to 5 years. Method of awarding/releasing assistance: quarterly.

Reports:

No program reports are required. Grantees will be required to submit quarterly Federal Financial Report (SF-425 or FFR) to the Division of Payment Management Branch. Depending on services provided, progress and financial reports will be required either quarterly or semi-annually with final performance and financial status reports due 90 after the end of the project period. Grantees will be required to submit quarterly Federal Financial Report (SF-425 or FFR) to the Division of Payment Management Branch. IHS grants are monitored by the Division of Grants Management for financial compliance and by the IHS Program Staff for programmatic compliance.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. In addition, grantees are subject to site visits and audits by the Department of Health and Human Services (DHHS) and other Federal officials.

Records:

DHHS and the Comptroller General of the United States or any of their authorized representatives, shall have the right of access to any books, documents, papers, or other records of a grantee, subgrantee, contractor, or subcontractor, which are pertinent to the grant in order to make audits, examinations, excerpts, and transcripts. Grantees are required to maintain grant accounting records for 3 years after the end of a budget period. If any litigation, claim, negotiation, audit or other action involving the records has been started before the expiration of the 3-year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

93.197 CHILDHOOD LEAD POISONING PREVENTION PROJECTS STATE AND LOCAL CHILDHOOD LEAD POISONING PREVENTION AND SURVEILLANCE OF BLOOD LEAD LEVELS IN CHILDREN

(Childhood Lead Poisoning Prevention Program (CLPPP))

FEDERAL AGENCY:

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

Executive Order Section 317 (k)(2) and 3171 of the Public Health Service Act, [42 U.S.C. Sections 247b and 247b-10], as amended, Title 42, Part 247b, Section 247b-10.

OBJECTIVES:

To (1) Develop and/or enhance a surveillance system that monitors all blood lead levels; (2) assure that children who are potentially exposed to lead receive follow up care; (3) assure awareness and action among the general public and affected professionals in relation to preventing childhood lead poisoning in high risk areas in collaboration with other government and community based organizations.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Awards are to be used by State and local government agencies to develop, improve, and expand their capacity to address the problem of childhood lead poisoning in communities with demonstrated high-risk populations. Recipients of awards are expected to: (a) write, implement and evaluate a jurisdiction-wide childhood lead poisoning elimination plan; (b) write, implement and evaluate screening plans to target resources to children at the highest risk for lead poisoning; (c) maintain a jurisdiction-wide childhood lead surveillance program, with an analysis plan for collected data, (d) conduct primary prevention activities for pregnant women and/or families with children at high risk for lead poisoning, (e) develop an assurance plan for timely and appropriate case management of children with elevated blood lead levels, (f) demonstrate strategic partnering with community organizations and with other state/local agencies involved in environmental and child health activities, (g) coordinate with organizations and agencies involved in lead-based paint hazard reduction activities and development of protective policy; and (h) evaluate programmatic impact on childhood lead poisoning within the applicant's jurisdiction. Awards cannot supplant existing funding for childhood lead poisoning prevention programs or activities. Grant awards may not be expended for medical care and treatment, or for environmental remediation of lead sources, however, there must be an acceptable plan to ensure that these program activities are appropriately carried out. The surveillance component of this grant is intended to assist State health departments in implementing or enhancing a complete surveillance system to track all PbB levels in children. This is essential for grant recipients to target interventions to high-risk populations and to track progress toward eliminating childhood lead poisoning.

Applicant Eligibility:

Assistance will be provided to State health departments or their bonafide agents and the health departments of the following five local jurisdictions (or their

bonafide agents) that have the highest estimated number of children with elevated blood lead levels : New York, NY; Chicago, IL; Detroit, MI; Los Angeles County, CA, and Philadelphia, PA, or their bona fide agents. Also eligible are health departments or other official organizational authorities of the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, the Commonwealth of the Northern Mariana Islands, American Samoa, Guam, the Federated States of Micronesia, the Republic of the Marshall Islands, the Republic of Palau, and federally recognized Indian tribal governments. Competition is limited by authorizing legislation.

Beneficiary Eligibility:

In addition to the eligible applicants, others who receive benefits from the program include infants and children from six months to six years of age who are screened for lead poisoning and family members who care for lead-poisoned children. Lead poisoning potentially affects all children, but disproportionately affects minority children and children of low-income families. Since the effects of lead poisoning can be long lasting, benefits of the program can also affect youth and adults, persons at all educational and income levels, and urban, suburban, and rural populations.

Credentials/Documentation:

Applicants should document the need for assistance, state the objectives of the project, present their approach to meeting the objectives, and outline the methods of operation. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. This program is excluded from coverage under OMB Circular No. A-110. Application forms are both available from and submitted to the Grants Management Branch, Centers for Disease Control and Prevention, 2920 Brandywine Road, Room 3000, Atlanta, GA 30341. Standard application forms, as furnished by CDC and required by 45 CFR 92 must be used for this program. This program is subject to the provisions set forth in 45 CFR 92 for State and local governments.

Award Procedure:

Approved grants are funded based on a priority score ranking from an objective review process coordinated by the Centers for Disease Control and Prevention. CDC will give funding preference to state programs with significant estimated numbers of children with elevated blood lead levels that direct federal funds to localities with high concentrations of children at risk for childhood lead poisoning. CDC will also give funding preference to the five local jurisdictions with the highest estimated number of children with elevated blood lead levels. Awards are made based on availability of funds and other significant factors as deemed necessary and appropriate by the agency. Funds are awarded for a one-year (12 month period). A Notice of Grant Award (Form PHS 5161-1) is provided which indicates the current award as well as support recommendations for the remainder of the project period (up to three years). The Notice of Grant Award indicates allocations for Federal funds by budget categories and any special conditions, if applicable.

Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. In addition, these grants are subject to inspection and audits by DHHS and other Federal officials.

Records:

Financial records, supporting documents, statistical records, and all other records pertinent to the project must be kept readily available for review by personnel authorized to examine PHS grant accounts. Records must be maintained for a minimum of 3 years after the end of a budget period. If questions still remain, such as those raised as a result of an audit, records must be retained until completion or resolution of any audit in process or pending resolution. Property records must be retained in accordance with PHS Grants Policy Statement requirements.

93.209 CONTRACEPTION AND INFERTILITY RESEARCH LOAN REPAYMENT PROGRAM

(CIR LRP)

FEDERAL AGENCY:

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, 42 U.S.C. 288-2, Title IV (National Research Institutes), Part G (Awards and Training), Section 487B (Loan Repayment Program for Research with Respect to Contraception and Infertility), as amended by Public Law 105-392.

OBJECTIVES:

The CIR-LRP is designed to provide an incentive for health professionals to work in areas of reproductive research directly related to contraceptive development and/or infertility diagnosis and treatment by providing assistance in repaying educational loans for individuals. The CIR-LRP will pay up to \$35,000 of the principal and interest of a participant's educational loans for each year of commitment not to exceed one-half of the remaining loan balance. In addition to the loan repayments, the CIR-LRP may pay participants up to 39 percent of the amount paid to lenders as partial payments on the increased income tax liability caused by the Program's loan repayments. In return for these loan repayments, applicants must agree to commit to a period of obligated service of not less than 2 years conducting research with respect to contraception and/or infertility. The long-range objective of the CIR-LRP is to stimulate the commitment of researchers to sustaining a career focus on contraception and/or infertility research.

TYPES OF ASSISTANCE:

DIRECT PAYMENTS FOR A SPECIFIED USE

USES AND USE RESTRICTIONS:

The assistance provided by the CIR-LRP is entirely of a financial nature in the form of loan repayments. The monies provided by this program are restricted to the repayment of pre-existing, qualified loans procured by the participant for educational expenses incurred in the pursuit of undergraduate or graduate degrees.

Applicant Eligibility:

Applicants must be a U.S. citizen (or U.S. national or permanent resident) and a physician, Ph.D.-level scientist, nurse, physician's assistant, graduate student, or postgraduate research fellow training in the health professions. You must commit to conduct contraception and infertility research for 50% of your time (at least 20 hours weekly based on a 40 hour week) for two years and it must be funded by a domestic nonprofit or U.S. Government (Federal, state or local) entity. Also, the research must not be prohibited by Federal law or NIH policy. Complete eligibility information is available at <http://www.lrp.nih.gov/about/lrp-contra.htm>.

Beneficiary Eligibility:

Assistance in the form of loan repayments will be made to qualified health

professionals (including graduate students) who are participants in the CIR-LRP.

Credentials/Documentation:

In order to be considered for selection into the CIR-LRP, eligible applicants must complete and submit the electronic application materials located at www.lrp.nih.gov, which include: (1) a Loan Verification Form for each loan to be considered for repayment; (2) an institutional statement providing assurance that the applicant will be engaged in employment/training at an NICHD intramural laboratory or in a qualified domestic nonprofit institution (tax-exempt under 26 USC 501), for not less than two years from the anticipated effective date of the NIH Loan Repayment Program Contract between the individual and NICHD (this assurance is conducted electronically); and (3) a signed NIH Loan Repayment Program Contract by which the applicant agrees to serve the obligated minimum period of two years conducting contraception and/or infertility research at an NICHD intramural laboratory or in a qualified domestic nonprofit institution (tax-exempt under 26 USC 501). OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Information regarding the CIR-LRP and the preparation of forms for application to the CIR-LRP can be obtained by contacting the CIR-LRP headquarters office at the National Institute of Child Health and Human Development, NIH, or via the World Wide Web at www.lrp.nih.gov. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. This program is excluded from coverage under OMB Circular No. A-110. Qualified individuals interested in participating in the CIR-LRP should visit the NIH Loan Repayment Program Website at www.lrp.nih.gov for all application forms and requirements. The application will be evaluated by a Review Committee, convened for this purpose by the Division of Scientific Review, NICHD, NIH, HHS. In selecting applicants for participation in the CIR-LRP, the panel will consider eligibility status, quality of the applicant, and applicant's career plan focus. All selections are subject to final approval by the Director, NICHD. The NICHD will notify the sponsoring grantee institution and the applicant of the outcome of the review.

Award Procedure:

Once the applicant is selected to participate in the CIR-LRP, the applicant and the Director, NICHD, as a designate of the Secretary of Health and Human Services, will sign a written binding contract stating the terms and conditions for participating in the CIR- LRP. The effective date of the contract will be the date it is signed by the Director, NICHD, or the date employment/training begins at an NICHD-funded Specialized Contraception or Infertility Research Center, whichever is later.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

> 180 Days. The selection process takes from 6 to 8 months following receipt of application.

Appeals:

Not Applicable.

Renewals:

> 180 Days. A CIR-LRP participant completing the initial 2-year period of obligated service conducting research with respect to contraception and/or infertility has an option to extend the obligatory period of service on an annual basis.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The CIR-LRP will pay equal quarterly payments to the lenders. Each payment will be made shortly after the end of each full quarter of satisfactory service.

Method of awarding/releasing assistance: quarterly.

CRITERIA FOR SELECTING PROPOSALS:

Review criteria for CIR-LRP applications include: (1) Appropriateness of the applicant's previous training and experience as preparation for a career in contraception and infertility research; (2) Suitability of the applicant's proposed clinical research activities in the two-year period to foster a career in contraception and infertility research; (3) Assessment of the applicant's commitment to a research career as reflected by the personal statement of long-term career goals and the plan outlined to achieve those goals; (4) Strength of recommendations attesting to the applicant's potential for a career in contraception and/or infertility research; (5) Availability of appropriate scientific colleagues to achieve and/or enhance the applicant's research independence; and (6) Quality and appropriateness of institutional resources and facilities.

93.210 TRIBAL SELF-GOVERNANCE PROGRAM: IHS COMPACTS/FUNDING AGREEMENTS

(OTSG Compacts)

FEDERAL AGENCY:

Indian Health Service, Department of Health and Human Services

AUTHORIZATION:

Indian Self-Determination and Education Assistance Act (ISDEAA), Title V, Public Law 93-638; Tribal Self-Governance Amendments of 2000, Public Law 106-260, 25 U.S.C 458aaa.

OBJECTIVES:

To make financial assistance awards to Indian tribes to enable them to assume programs, functions, services, and activities (PFSA) (or portion thereof) with respect to which Indian tribes or Indians are primary or significant beneficiaries, administered by the Department of Health and Human Services (DHHS) through the Indian Health Service. Such assumptions will be by compact, Funding Agreement or construction project agreement entered into under Title V of the ISDEAA.

TYPES OF ASSISTANCE:

Direct Payments for Specified Use

USES AND USE RESTRICTIONS:

Funds are to be spent in accordance with Pub. L. 93-638, as amended, applicable regulations and negotiated compact, funding agreement, or construction project agreement under Title V terms. Per 42 C.F.R. 137.167 and 137.168, a Self-Governance Tribe must apply the cost principles of the applicable OMB Circular, except as modified by: (a) section 106(k) of the Act (25 U.S.C. 450j-1), (b) other provisions of law, or (c) any exemptions to applicable OMB circulars subsequently granted by the OMB. No other audit or accounting standards shall be required by the Secretary. Per 42 C.F.R. 137.100, pursuant to section 508(h) of the Act 25 U.S.C. 458aaa7(h), a Self-Governance Tribe may retain and spend interest earned on any funds paid under a compact or funding agreement. Per 42 C.F.R. 137.101, a Self-Governance Tribe is under a duty to invest and manage the funds as a prudent investor would, in light of the purpose, terms, distribution requirements, and provisions in the compact or Funding Agreement and Title V. This duty requires the exercise of reasonable care, skill, and caution, and is to be applied to investments not in isolation, but in the context of the investment portfolio and as a part of an overall investment strategy that should incorporate risk and return objectives reasonably suitable to the Self-Governance Tribe. In making and implementing investment decisions, the Self-Governance Tribe has a duty to diversify the investments, unless, under the circumstances, it is prudent not to do so. In addition, the Self-Governance Tribe must: (a) Conform to fundamental fiduciary duties of loyalty and impartiality; (b) Act with prudence in deciding whether and how to delegate authority and in the selection and supervision of agents; and (c) Incur only costs that are reasonable in amount and appropriate to the investment responsibilities of the Self-Governance Tribe.

Applicant Eligibility:

Per 42 C.F.R. 137.18, to be eligible to participate in self-governance, any Federally-Recognized Indian tribe must have: (a) successfully completed the planning phase described in 42 C.F.R. 137.20; (b) requested participation in self-governance by resolution or other official action by the governing body of each Indian tribe to be served; and (c) demonstrated, for three fiscal years, financial stability and financial management capability. Per 42 C.F.R. 137.21, the Indian tribe provides evidence that, for the three years prior to participation in self-governance, the Indian tribe has had no uncorrected significant and material audit exceptions in the required annual audit of the Indian tribe's self-determination contracts or self-governance Funding Agreements with any Federal agency. Per 42 C.F.R. 137.26, an Indian tribe does not need to receive a planning or negotiation cooperative agreement to be eligible to participate in self-governance. An Indian tribe may use other resources to meet the planning requirement and to negotiate. For each fiscal year, an additional 50 Indian tribes that meet the eligibility criteria shall be entitled to participate in self-governance.

Beneficiary Eligibility:

Federally-recognized Indian tribes and tribal organizations (as defined in 25 U.S.C. 450b(l)) may benefit.

Credentials/Documentation:

No Credentials or documentation are required. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Per 42 C.F.R. 137.18, to be eligible to participate in self-governance, any Federally-Recognized Indian tribe must have: (a) successfully completed the planning phase described in 42 C.F.R. 137.20; (b) requested participation in self-governance by resolution or other official action by the governing body of each Indian tribe to be served; and (c) demonstrated, for three fiscal years, financial stability and financial management capability. Per 42 C.F.R. 137.21, the Indian tribe provides evidence that, for the three years prior to participation in self-governance, the Indian tribe has had no uncorrected significant and material audit exceptions in the required annual audit of the Indian tribe's self-determination contracts or self-governance funding agreements with any Federal agency. Per 42 C.F.R. 137.26, an Indian tribe does not need to receive a planning or negotiation cooperative agreement to be eligible to participate in self-governance. An Indian tribe may use other resources to meet the planning requirement and to negotiate. For each fiscal year, an additional 50 Indian tribes that meet the eligibility criteria shall be entitled to participate in self-governance.

Award Procedure:

Funds are transferred to Indian tribes who have successfully negotiated a compact, Funding Agreement, or construction project agreement entered into under Title V.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

Grants are approved or disapproved within 90 days of receipt of grant applications by the Indian Health Service, Division of Grants Management.

Appeals:

See 42 C.F.R. 137.410-445, for regulations governing compacts, Funding Agreements, and construction project agreements entered into under Title V.

Renewals:

Per 42 C.F.R. 137.35, upon approval and execution of a self-governance compact, the compact remains in effect for so long as permitted by Federal law or until terminated by mutual written agreement or retrocession or reassumption of all PSFA. Per 42 C.F.R. 137.55, a Funding Agreement shall have the term mutually agreed to by the parties. Absent notification from an Indian tribe that it is withdrawing or retroceding the operation of one or more PSFA identified in the Funding Agreement, the Funding Agreement shall remain in full force and effect until a subsequent Funding Agreement is executed.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program.

Matching requirements are not applicable to this program.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Not applicable. Method of awarding/releasing assistance: lump sum.

Reports:

See 42 C.F.R. 137.200-207 for reporting requirements for Self-Governance Tribes under Title V. Per 42 C.F.R. 137.200, compacts or Funding Agreements negotiated between the Secretary and a Self-Governance Tribe must include a provision that requires the Self-Governance Tribe to report on health status and services delivery. These reports may only impose minimal burdens on the Self-Governance Tribes. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that

year, except as noted in Circular No. A-133. Per 42 C.F.R. 137.165, under the provisions of section 506(c) of the Act 25 U.S.C. 458aaa5(c), Self-Governance Tribes must undertake annual audits pursuant to the Single Audit Act, 31 U.S.C. 7501 et seq. Per 42 C.F.R. 137.166, exceptions are described in 31 U.S.C. 7502 of the Single Audit Act.

Records:

In accordance with 42 CFR - 137.175, Tribes are required to maintain records and provide Federal agency access to those records as provided in 137.177 - 137.176, except to the extent that a Self-Governance Tribe specifies otherwise in its compact or funding agreement, the records of the Self-Governance Tribe shall not be considered Federal records for purposes of chapter 5 of title 5, U.S.C. - 137.177, after 30 days advance written notice from the Secretary, the Self-Governance Tribe must provide the Secretary with reasonable access to such records to enable the Department to meet its minimum legal recordkeeping system requirements under sections 3101 through 3106 of title 44 U.S.C. - 137.178, at the option of a Self-Governance Tribe, patient records may be stored at Federal Records Centers to the same extent and in the same manner as other Department patient records in accordance with section 105(o) of the Act 25 U.S.C. 450j(o). - 137.179, a Self-Governance Tribe may make agreements with the Federal Records Centers regarding disclosure and release of the patient records stored pursuant to 137.178. - 137.180, a Tribe must consider the potential application of Tribal, Federal and state law and regulations that may apply to requests for access to Tribal patient records, such as the provisions 42 CFR 2.1.2.67 pertaining to records regarding drug and/or alcohol treatment.

93.211 TELEHEALTH PROGRAMS

There are three separate telehealth programs as follows:

Telehealth Network Grant Program (TNGP)

Telehealth Resource Center Grant Program (TRCGP)

Licensure Portability Grant Program (LPGP)

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

The Telehealth Network Grant Program (TNGP) and the Telehealth Resource Center Grant Program (TRCGP) is authorized by Sec. 3301(d)(2) of Public Health Service Act (42 U.S.C. 254c-14(d)(2), as amended.

The Licensure Portability Grant Program (LPGP) is authorized by Section 330L of Public Health Service Act as amended, (42 USC 254c-18).

OBJECTIVES:

The Telehealth Network Grant Program (TNGP) has two provisions: Telehealth Networks (TNGP-TH) grants demonstrate how telehealth networks improve healthcare services in rural communities. Telehomecare Networks (TNGP-THC) grants fund demonstration or pilot projects for telehomecare, services that may include, but are not limited to, case management by physicians, hospitals, medical clinics, home health agencies, or other health care providers who supervise the care of patients in their homes.

The Telehealth Resource Center Grant Program (TRCGP) is designed to expand the availability of technical assistance in the development of telehealth services, leveraging the experience of mature programs with expertise in providing and implementing telehealth services.

The Licensure Portability Grant Program (LPGP) supports State professional licensing boards to carry out programs under which licensing boards of various States cooperate to develop and implement State policies that will reduce statutory and regulatory barriers to telemedicine.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Telehealth Network Grant Program (TNGP) - Funds support the use of telehealth (electronic information and telecommunications technologies to support and promote long-distance health care and ancillary services) in two ways:

- 1) Telehealth Networks, for improving access to health care services; provide a baseline of information for a systematic evaluation of telehealth systems; purchase or lease and install equipment; and to operate and evaluate the telehealth system.
- 2) Telehomecare Networks, for improving access to health services for patients in their homes and for evaluating the cost and effectiveness through provision of clinical care and remote monitoring of patients in their own homes using telehealth technologies. Primary expenses for telehomecare shall be for personnel costs for provision of services and for evaluation. Overall, not more than 40 percent of grant funds may be expended for equipment. Not more than 15 percent of grant funds may be expended for indirect costs. Grant funds may not be used for purchasing and installing telecommunications transmission equipment (e.g., microwave towers, satellite dishes, amplifiers, digital switching equipment or laying cable or telephone lines) or to acquire real property. Construction costs are allowable only for minor renovations related to the installation of equipment.

Important: For both Telehealth and Telehomecare Networks, the Telehealth Network Grant Program (TNGP) seeks to fund non-profit or public organizations with a network of partners in place and committed to the project as of the date of application. Projects with prospective network partners not committed to the project will not be competitive. Applicants failing to submit verifiable information with respect to the commitment of network partners will not be funded. Projects selected for funding must provide clinical services for which performance measures can be developed. In addition, an applicant must

provide evidence to show that it will be ready to begin to implement the project upon grant award.

Applicants must provide an evaluation design to measure quantitative outcomes, which should be measured in the following areas: impact on quality of care; appropriateness of use of the technology; whether access was improved; whether clinical outcomes were improved; and, how the cost of service delivery was affected in terms of efficiency and effectiveness of care. Of particular interest will be programs that can clearly measure the costs of their telehealth services and measure the impact of the telehealth program on : 1) improving access to health care services for residents of communities that did not have such services locally before the program; 2) hospitalization rates and emergency room visit rates per year for patients receiving disease management services for diabetes, congestive heart failure, stroke and other chronic diseases, as well as for patients receiving home care/home monitoring services; 3) controlling blood glucose levels in diabetic patients; 4) improving the efficiency of health care; 5) reducing medical errors; and, 6) other clear outcome measures.

Telehealth Resource Center Grant Program (TRCGP) - Funds support the development of regional Telehealth Resource Centers (TRCs), which serve as a regional focus for supporting telehealth activities throughout their respective regions and one national Telehealth Resource Center. Grant funds are used for salaries, equipment, operating, travel expenses, or other costs for: providing technical assistance, training and support; disseminating information and research findings related to telehealth services; promoting effective collaboration among telehealth resource centers and HRSA; conducting evaluations to determine the best utilization of telehealth technologies to meet health care needs; promoting the integration of the technologies used in clinical information systems with other telehealth technologies; fostering the use of telehealth technologies to effectively provide healthcare information and education for health care providers and consumers; and, implementing special projects that involve collaboration among TRCs to advance the field of telehealth. Grant funds are not used for: acquiring real property; equipment costs of more than 40% of total grant funds; for equipment or transmission costs not directly related to the grant purposes; to purchase or install general purpose voice telephone systems; construction costs; and indirect costs exceeding 15% of total grant funds.

The Licensure Portability Grant Program (LPGP) - Grant funds are used for salaries, equipment, software development, operating, or other costs associated with developing legislative, administrative, and technical projects to address licensure barriers that hinder the practice of telemedicine across state lines. Grant funds may also be used for activities involving significant expansion of existing state agreements for cross-state recognition of professional licenses to other states.

Applicant Eligibility:

Telehealth Network Grant Program (TNGP) - A grantee must be a nonprofit or public entity that will provide services through a Telehealth Network (TNGP-TH) to rural communities or through a Telehomecare Network (TNGP-THC) to patients in their homes located in either urban underserved or rural communities. Telehomecare Network (TNGP-THC) grantees should have demonstrated experience in providing telehomecare services. For both Telehealth Networks (TNGP-TH) and Telehomecare Network (TNGP-THC) networks, proof of non-profit status is required. Each entity participating in the network may be a nonprofit or for-profit entity. Faith-based and community based organizations are eligible under the Telehealth Network Grant Program (TNGP).

Telehealth Resource Center Grant Program (TRCGP) - A grantee must be a public or private nonprofit organization. Faith-based and community based organizations are eligible to apply. Services may be provided to rural or urban communities.

Licensure Portability Grant Program (LPGP) - A grantee must be a State professional licensing board, or a national organization of professional licensing boards that provides services to state licensing boards. Note: American Indian and/or Alaska Native Tribal Organizations are eligible provided those

organizations meet the eligibility requirements above.

Beneficiary Eligibility:

Telehealth Network Grant Program (TNGP) - Health care providers in rural areas, in medically underserved areas, in frontier communities, and for medically underserved populations. TNGP-TH grantees include in the network at least two (2) of the following entities (at least one (1) of which shall be a community-based health care provider: (a) community or migrant health centers or other federally qualified health centers; (b) health care providers, including pharmacists, in private practice; (c) entities operating clinics, including rural health clinics; (d) local health departments; (e) nonprofit hospitals, including community (critical) access hospitals; (f) other publicly funded health or social service agencies; (g) long-term care providers; (h) providers of health care services in the home; (i) providers of outpatient mental health services and entities operating outpatient mental health facilities; (j) local or regional emergency health care providers; (k) institutions of higher education; or (l) entities operating dental clinics. TNGP-THC grantees are experienced in providing telehealth services, have a substantial caseload, are targeted to patients with chronic illnesses and senior citizens, have a history of doing evaluations and monitoring telehomecare network performance in terms of quality, cost, and effectiveness of services.

Telehealth Resource Center Grant Program (TRCGP) - Health care providers in rural areas, in medically underserved areas, in frontier communities, and medically underserved populations. The regional telehealth resource centers must support the activities of existing or developing telehealth networks in their regions to meet the health care needs of rural or other populations to be served, including the improvement of access to services and the quality of the services received by those populations. Regional TRCs should have expertise in at least seven (7) of the following areas: A wide Range of Clinical Telemedicine Services; Telecommunications Technologies; Critical or Emergency Care; Residential telehealth (home care)/chronic disease management; Nursing Home/Inpatient Care; Distance Education and Training; Telehealth Technologies both Interactive and Store-and-Forward. A Regional TRC collaborates with other TRCs or organizations to address any of the seven areas where the TRC may not be expert. The National TRC exhibits expertise in the following areas: Reimbursement (Medicare, Medicaid, private insurance); Licensure (legislative and regulatory issues); Privacy, security, and confidentiality legislation at federal and state levels; Food and Drug Administration regulation; Telecommunications legal and regulatory issues; and, Private credentialing and accreditation organizations and issues (e.g., Joint Commission on Accreditation of Health Care Organizations). Note: American Indian and/or Alaska Native Tribal Organizations are eligible beneficiaries provided those organizations meet the beneficiary requirements above.

Licensure Portability Grant Program (LPGP) - State professional licensing boards to carry out programs under which licensing boards of various States cooperate to develop and implement State policies that will reduce statutory and regulatory barriers to telemedicine. Non Competing Continuation grants will continue to focus on licensure issues for physicians and nurses. The funded projects are to build on the first year of efforts to develop national models for implementing model agreements to expedite the licensure process and eliminate redundancies associated with applying for physician licenses in multiple jurisdictions.

Credentials/Documentation:

Applicants should review the individual HRSA funding opportunity announcement issued under this CFDA program for any required proof or certifications which must be submitted prior to or simultaneous with submission of an application package. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110

applies to this program. Applications are generally solicited by a program announcement in the HRSA Preview.

HRSA requires applicants (for new competitions) or grantees/awardees (for continuation applications) to submit applications electronically through Grants.gov.

The program guidance contains detailed application and submission instructions, including information on the non-competitive continuation application and submission process. Grantees/awardees must submit proposals according to the program guidance which specifies required forms, and contains additional general information and instructions for grant applications, including proposal narratives, and budgets. The program guidance, when available, may be obtained by: Downloading from <http://www.grants.gov>; or, Contacting the HRSA Grants Application Center: The Legin Group, Inc., 910 Clopper Road, Suite 155 South Gaithersburg, MD 20878, Telephone: 877-477-2123, HRSA.GAC@hrsa.gov. Application information may also be found by visiting <http://www.hrsa.gov/grants/default.htm>.

All qualified applications will be forwarded to an objective review committee. Based on the advice of the objective review committee, the HRSA program official with delegated authority is responsible for final selection and funding decisions.

Award Procedure:

For FY 2012, new competitions for the TNGP,TRCGP and LPGP will be conducted. All final funding decisions are made by the Associate Administrator, Office of Rural Health Policy, Health Resources and Services Administration, based on recommendations made by the Director, Office for the Advancement of Telehealth.

Notification is made in writing by a Notice of Grant Award.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

2 months.

Appeals:

Not Applicable.

Renewals:

Renewals have not been determined.

Formula and Matching Requirements:

This program has no statutory formula. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Competitions are conducted every three years, with up to a 3-year project period. For projects awarded under a competition, grants are made annually each year for up to 3 years. For example, projects awarded in FY 2009 have a 3-year project period commencing September 1, 2009 and ending August 31, 2011. A new competition is being conducted in FY 2010 for a 3-year project period, commencing September 1, 2010 and ending August 31, 2012. Payments are made through an electronic transfer system or cash demand system. See the following for information on how assistance is awarded/released: Grantees drawdown funds, as necessary, from the Payment Management System (PMS). PMS is the centralized web based payment system for HHS awards.

Reports:

No program reports are required. No cash reports are required. Six-month Progress Reports are required. Annual progress and financial status reports are required 90 days from the end of the budget period and the final performance report and final financial status report are due 90 days from the end of the project period.

As required by the Government Performance and Review Act (1993), all

federal agencies must develop strategic plans, describing their overall goals and objectives. These "GPRA Plans" must provide annual performance reports containing quantifiable measures of each program's progress in meeting the stated goals and objectives. The performance assessment instruments developed by the Office for the Advancement of Telehealth (OAT) with its grantees fulfill GPRA requirements to report to Congress on the impact of OAT's telehealth grant programs. Moreover, OAT hopes to use the information derived from these instruments to demonstrate the "value-added" that telehealth services contribute to improving health care. OAT has incorporated these performance assessment tools into the routine reporting required as part of the "mid-year or mid-cycle" and annual reports required under each grant. Each of the programs will also get reports comparing themselves to the entire set of grantees, on these same measures. There are two data reporting periods each year; during these biannual reporting periods, data is reported for the previous six months of activity. Grantees have approximately six weeks to enter their data during each biannual reporting period. No expenditure reports are required. See above for additional information.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

Records:

Grantees are required to maintain grant accounting records 3 years after the date they submit the Federal Financial Review (FFR). If any litigation, claim, negotiation, audit or other action involving the award has been started before the expiration of the 3-year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

Account Identification:

75-0350-0-1-550.

Obligations:

(Project Grants) FY 10 \$350,000; FY 11 est \$350,000; and FY 12 est \$700,000 - LPGP program. (Project Grants) FY 10 \$5,450,000; FY 11 est \$6,063,000; and FY 12 est \$5,450,000 - TNGP program. (Project Grants) FY 10 \$2,900,000; FY 11 est \$3,873,000; and FY 12 est \$3,873,000 - TRCGP program.

Range and Average of Financial Assistance:

TNGP In FY 07 through FY 11, awards each year ranged from approximately \$226,000 to \$270,000, with an average award each year of approximately \$240,000.

TRCGP In FY 10 through FY 11, the financial assistance ranged from approximately \$300,000 to \$325,000. The average award was approximately \$320,000.

LPGP From FY 09 through FY 11 one grantee received \$350,000 a year, each year.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2010: The OAT Programs are an integral component of the Improve Rural Healthcare Initiative to expand the use of telecommunications technologies that increase the access to and quality of healthcare provided to rural populations. The Telehealth Programs strengthen partnerships among rural health care providers, recruit and retain rural health care professionals, and modernize the health care infrastructure in rural areas. Fiscal Year 2011: The OAT Programs are an integral component of the Improve Rural Healthcare Initiative to expand the use of telecommunications technologies that increase the access to and quality of healthcare provided to rural populations. The Telehealth Programs strengthen partnerships among rural health care providers, recruit and retain rural health care professionals, and modernize the health care infrastructure in rural areas. Fiscal Year 2011: Twenty five TNGP grants were awarded. Nine of them were going into their second year, and 16 were going into their third year of their three-year funding cycle. Of the TNGP grantees,

17 are Telehealth grantees and nine are telehomecare grantees. In FY 11, Four competitive TRCGP grantees were funded, including a National TRC, in addition to eight continuation TRCGP grantees. This brings the number of states covered by Regional Telehealth Resource Centers up to 42. In FY 11, the LPGP grantee received continuation funds. Fiscal Year 2012: Data not available.

REGULATIONS, GUIDELINES, AND LITERATURE:

Telehealth programs are subject to the provisions of 45 CFR Part 92 for State, local and tribal governments and 45 CFR Part 74 for institutions of higher education, hospitals, other nonprofit organizations and commercial organizations, as applicable.

HRSA awards are subject to the requirements of the HHS Grants Policy Statement (HHS GPS) that are applicable based on recipient type and purpose of award. The HHS GPS is available at <http://www.hrsa.gov/grants>.

RELATED PROGRAMS:

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2010: TRCGP example - The purpose of the Georgia Partnership for Telehealth is to provide an applied approach to technical assistance services and telehealth education to health care providers, facilities, and organizations in order to streamline implementation and better utilize telehealth applications and technology, and to be a resource to promote early adoption of telehealth technology for new and developed programs. This grantee is working together with GA, FL, and SC to achieve improved access to care and health outcomes through relevant statewide telehealth programs measured by establishing a baseline level of activity then evaluating client satisfaction and the efficiency / effectiveness of services. They are also working on the development of a virtual School for Applied Telehealth in collaboration with another TRCGP located in California.

TNGP example The purpose of the University of Virginia TNGP is to improve access to high level prenatal care via our telehealth network, providing earlier access to prenatal care, improved disease control, and reduced preterm birth. Health care providers in other specialties at the University of Virginia hub site will utilize the telehealth network to provide non-obstetric health care encounters. Patient education will be provided for obstetric patients with diabetes, and preterm birth education for all. The system may also be used for staff education and program planning meetings related to this Office for the Advancement of Telehealth funded program.

LPGP example The purpose of the Federation of State Medical Boards of the United States, Inc., is to reduce the redundancies that complicate and delay the process of obtaining licensure in multiple jurisdictions, and promote the utilization and expansion of telehealth services across state lines while not compromising the level of protection for patients that is provided by state licensure. Their specific activities include reducing amount of time and paperwork required to issue a license; enhancing the online uniform application used by physicians to apply for licensure in multiple states; and increasing the utilization of the centralized credential verification process by state medical boards and physicians. Fiscal Year 2011: N/A. Fiscal Year 2012: N/A.

CRITERIA FOR SELECTING PROPOSALS:

For FY 2012, the Agency is conducting competitions for the TNGP and the TRCGP for the project period commencing September 1, 2012 and ending

August 31, 2015. For the competing LPGP grant program, the project period will commence on July 1, 2012 and end on June 30, 2015.

TNGP

Applications will be funded based on the extent which documentation is provided in the following areas:

- Need, the documented need for the project and the likely demand for the proposed services;
- Response, the extent to which project objectives, activities and benefits are consistent with the objectives of the grant program and the needs for the project;
- Evaluative Measures, the extent to which the project measures success in meeting its goals and objectives;
- Impact, the level of local involvement in planning and implementing the project, level of commitment as evidenced by cost participation of applicant, other network members and/or other organizations, and long-term plans for sustainability;
- Resources/Capabilities, the ability of network members, including clinicians, to implement the project and the corresponding feasibility of the projects plan of activities;
- Support Requested, the reasonableness of the budget to proposed activities and anticipated outcomes/results; and,
- Technology/Integrating Administrative and Clinical Systems, the extent to which the applicant proposes to integrate administrative and clinical information systems and effectively deploy technology.

The TNGP will seek to select projects that have demonstrated skill in evaluation. In addition, applicants must evidence a successful track record in providing telehealth services and to demonstrate how the proposed funds will expand services to new communities and/or populations. Applicants must provide an evaluation design to measure process and outcomes. Quantitative outcomes should be measured in the following areas: impact on quality of care; appropriateness of use of the technology; whether access was improved; whether clinical outcomes were improved; and, how the cost of service delivery was affected in terms of efficiency and effectiveness of care.

Of particular interest will be programs that can clearly measure the costs of their telehealth services and measure the impact of the telehealth program on :
1) improving access to health care services for residents of communities that did not have such services locally before the program; 2) reducing hospitalization rates and emergency room visit rates per year for patients receiving disease management services for diabetes, congestive heart failure, stroke and other chronic diseases, as well as for patients receiving home care/home monitoring services; 3) controlling blood glucose levels in diabetic patients; 4) improving the efficiency of health care; 5) reducing medical errors; and, 6) other clear outcome measures. Also, of particular interest are networks that include Community Health Centers funded by the Health Resources and Services Administration (HRSA) in the network (i.e., 330 grantees).

TRCGP

TRC applicants will be assessed on their current activities and success in addressing the following areas:

- Telecommunications, industry standards, and technology assessment;
- Extensive experience in providing technical assistance at the local, regional, and national levels
- Breadth of clinical services offered by their network and integration of clinical information systems;
- Ability to overcome reimbursement and other policy challenges to achieve sustainability of their networks;
- Comprehensive evaluation strategy (including collecting baseline data) and implementation as evidenced by publications, especially ones that address effectiveness, costs, and productivity;
- Experience in maintaining a strong and efficient operational/management structure; and
- Experience in developing and implementing strategic/business plans.

LPGP

The LPGP seeks projects that can clearly serve as national models and have

implications for overcoming State statutory and regulatory licensure barriers to cross-state practice of telemedicine for all the health professions, with an emphasis on projects proposed by boards or national organizations of professional licensing that have demonstrated success in pioneering creative programs to address these issues. As a result, grantees must display a clear understanding of the barriers to cross-state practice and a realistic, feasible approach to overcome legislative, regulatory, or administrative barriers to cross-state practice and the clarity of the proposed goals and objectives and their relationship to the identified project.

Non-Competing Continuation Funding

For FY 2012 non-competing continuation funding for Telehealth grantees will be based upon an evaluation of each of the grantees first and second years of respective performance, as applicable, the third year program design, and expenditure justifications.

93.212 CHIROPRACTIC DEMONSTRATION PROJECT GRANTS

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Title VII, Section 755(b)(3), 42 U.S.C. 294e(3) as amended; Health Professions Education Partnerships Act of 1998; Public Law 105-392.

OBJECTIVES:

The objective of CDP is to carry out demonstration projects in which chiropractors and physicians collaborate to identify and provide effective treatment for spinal and lower back conditions.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Grant funds may be used for personnel, equipment, supplies, domestic travel, consultants and guest lecturers, rental of space, renovations, and other costs directly related to the project as described in the approved application. Program funds may not be used for construction of facilities, acquisition of land, foreign travel, or support of students, including fellowships, stipends, tuition, fees, or travel allowances. Program funds may not be used to support patient care costs.

Applicant Eligibility:

To be eligible for a Chiropractic Demonstration Project, the applicant shall be: a health professions school, an academic health center, or a public or private nonprofit accredited schools of chiropractic. Applicant organizations must be located in the United States, the District of Columbia, the Commonwealth of Puerto Rico, the Commonwealth of the Northern Mariana Islands, the Virgin Islands, Guam, American Samoa, the Republic of Palau, the Republic of the Marshall Islands, or the Federated States of Micronesia.

Beneficiary Eligibility:

Health professionals will benefit.

Credentials/Documentation:

Applicants should review the individual HRSA funding opportunity announcement issued under this CFDA program for any required proof or certifications which must be submitted prior to or simultaneous with submission of an application package. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. HRSA requires all applicants to apply electronically through Grants.gov.

Award Procedure:

All qualified applications will be forwarded to an objective review committee.

Based on the advice of the objective review committee, the HRSA program official with delegated authority is responsible for final selection and funding decisions.

Notification is made in writing by a Notice of Award.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 4 to 6 months from receipt of application.

Appeals:

Not Applicable.

Renewals:

During the final budget year of the approved project period, competing continuation applications may be submitted.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Project periods are up to 3 years. See the following for information on how assistance is awarded/released: Grantee drawdown funds, as necessary, from the Payment Management System (PMS). PMS is the centralized web based payment system for HHS awards.

Reports:

No program reports are required. No cash reports are required. Annual progress reports, in the form of HRSA's performance reporting system, are required. Electronic reporting requirements can be viewed at www.HRSA.gov. Financial reports are required within 90 days after the end of each budget period. A final progress report and financial status report must be submitted within 90 days after the end of the project period. No expenditure reports are required. No performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

Records:

Grantees are required to maintain grant accounting records 3 years after the date they submit the Federal Financial Report (FFR). If any litigation, claim, negotiation, audit or other action involving the award has been started before the expiration of the 3-year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

Account Identification:

93.213 RESEARCH AND TRAINING IN COMPLEMENTARY AND ALTERNATIVE MEDICINE

National Center for Complementary and Alternative Medicine

FEDERAL AGENCY:

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Section 485D, , Title VI, Section 601, Public Law 105-277, 112 Stat. 2681-387, 42 U.S.C 281 as amended.

OBJECTIVES:

To evaluate alternative, complementary, or unconventional medical treatments. The following objectives support this goal: (1) coordinate and facilitate the investigation of alternative medical practices through peer-reviewed grant solicitations; (2) interface with the Center's National Advisory Council; (3) conduct technology assessment conferences for the purpose of establishing areas of Clinical and Pre-clinical research that need to be further developed within Alternative Medicine; (4) maintain a comprehensive bibliographic data base in conjunction with the National Library of Medicine; (5) and (6) establish an intra- and extra-mural clinical research fellowship program focusing on broad areas of clinical, scientific, and administrative training in CAM.

The National Center for Complementary and Alternative Medicine (NCCAM) regularly examines and redefines its research priorities. In setting research priorities, NCCAM considers its existing research portfolio, its 5-year strategic plan, the recommendations of the National Advisory Council for Complementary and Alternative Medicine, current scientific advances, the plans of other NIH institutes and centers, and input from expert panels and stakeholders. Research constituting a rigorous evidence base for CAM practices will be developed through a range of research strategies including basic and translational research, and clinical investigation.

Current research priorities are shaped by the following considerations regarding Research Approaches, Areas of Special Interest, and Areas of Lower Program Priority.

Research Approaches

Basic, translational, efficacy and effectiveness research
CAM interventions, approaches, and disciplines need to be studied across the continuum of basic, translational, efficacy, and effectiveness research. NCCAM continues to emphasize basic research that defines biological effects and mechanisms of action; clarifies scientific hypotheses; supports development of translational tools to understand biological effects and mechanisms of action. NCCAM also continues to encourage efficacy studies to determine specific clinical effects of CAM interventions under carefully controlled conditions that minimize nonspecific and contextual effects. There is also the need to strengthen translational and preliminary clinical research required to design and implement definitive clinical research and "real world" outcomes and effectiveness research that capitalizes on the reality that many CAM interventions are in widespread public use.

NCCAMs support of translational research addresses the need for valid, reliable and relevant research tools, outcome measures, and innovative methodology to enhance the rigor of CAM clinical studies and to ensure that they are maximally informative. NCCAM emphasizes studies that inform the design of future trials such as those that will: develop and validate outcome measures; standardize treatment protocols or algorithms; validate treatment algorithms and/or; develop measures of quality control or treatment fidelity; assess effects of various doses or intervention durations; develop preliminary clinical evidence regarding efficacy and safety to support estimates of sample size; or establish feasibility of interventions or study designs in specific populations for future studies.

NCCAM's clinical research portfolio utilizes clinical trial, case-control, observational, cohort, qualitative, and other experimental methodologies to determine safety and estimate the efficacy of CAM approaches. The clinical research portfolio also includes effectiveness studies of the contribution to improved health and wellness made by CAM interventions as they are practiced in "real-world" settings.

In general phase III clinical trials will be supported under the cooperative agreement mechanism after careful consideration by NCCAM Staff. Investigators interested in proposing phase III studies are strongly encouraged to contact a relevant NCCAM Program Officer.

Areas of Special Interest

Although a wide range of research topics are of interest to NCCAM, studies focusing on CAM interventions used frequently by the American public (including the context(s) in which these interventions are used), and that are amenable to rigorous scientific inquiry are particularly encouraged. These areas include, but are not limited to, investigations of the effects of CAM modalities on chronic pain syndromes and inflammatory processes, and in disease prevention and improving health and wellness. Among all types of studies, attention to a range of endpoints meaningful to improved health, well-being, and quality of life, as well as a biological signature that provides mechanistic information, is strongly encouraged.

In addition for their use to promote health and wellness, CAM approaches are most often used to manage symptoms that may be idiopathic or associated with underlying diseases and conditions, including back pain, neck pain, arthritis, and other musculoskeletal pain. Research to understand more clearly whether and how such interventions add value to existing approaches and to identify the biological and/or behavioral mechanisms by which they exert beneficial effects will advance the science and practice of symptom management.

Newly emerging evidence suggests that CAM use may be associated with greater degrees of positive health behaviors. While causal relationships between CAM use and healthy behavior have not been established, the claims and preliminary data deserve investigation given the formidable public health challenges in motivating behavior change. Research is needed to explore, clarify, and examine the hypothesis that certain CAM approaches or practices can, in fact, be useful in encouraging better self-care, an improved personal sense of well-being, and a greater commitment to a healthy lifestyle.

Areas of Scientific Promise

The expanding evidence base includes a large body of intriguing albeit preliminary evidence that points towards specific opportunities to improve health care and health promotion using CAM strategies that have been divided into two groups- mind and body and natural products. Mind and Body interventions, practices and disciplines are based in mental or physical procedures or techniques administered or taught to others by a trained practitioner or teacher. Natural products include a large and diverse group of

orally or topically administered substances such as herbal medicines, botanicals and probiotics.

Examples of important clinical research opportunities and needs in the mind and body portfolio include but are not limited to the development of better, comprehensive strategies for management of chronic back pain and defining the roles of acupuncture, spinal manipulation, and massage in those strategies; exploration of the role of specific promising CAM practices or disciplines (e.g., meditation, yoga, or acupuncture) in developing better strategies for alleviating symptoms (e.g., chronic pain, stress) or in promoting healthier lifestyles; exploration of the association between well-characterized pathways of pain processing and acupuncture analgesia or the placebo response; exploration of the associations of major pathways of cognitive processing and emotion regulation by meditative practices; and studying the influence of the provider-patient/client interaction, context effects, and the placebo response on outcomes of CAM interventions

Examples of important clinical research opportunities and needs in the natural products area include but are not limited to studying the molecular targets and biological effects of potentially beneficial small molecules that are constituents of natural products or diet (e.g., quercetin, curcumin, or other polyphenols and flavonoids); defining the anti-inflammatory actions of omega-3 fatty acids; employing state-of-the-art tools and technologies to study the effects of probiotics on the human microbiome; and developing evidence regarding the safety profile of certain widely used natural products, including interactions with drugs and other herbals or dietary supplements.

Early Stage and New Investigators

NCCAM is strongly committed to assisting new and early stage investigators in establishing a research career. Early stage investigators are those within 10 years of completing their terminal research degree, or their medical residency, or its equivalent. New investigators are those who have yet to compete successfully for a substantial (e.g., R01) NIH research grant. Each Advisory Council round, based on available funds, NCCAM: 1) will consider early stage or new investigator status as one of the criteria for designating grant applications as being of high program priority and 2) may make additional R01 grant awards to new and early stage investigators with percentiles or scores out of payline order..

NCCAM continues to accept applications in areas not listed listed as a specific priority area via the investigator initiated funding opportunities. All investigators are urged to discuss potential applications with the relevant NCCAM Program Officer.

TYPES OF ASSISTANCE:

PROJECT GRANTS; TRAINING

USES AND USE RESTRICTIONS:

Project grants and cooperative agreements may be made to eligible institutions for the support of various projects in CAM. The grants may be used for personnel, consultant costs, equipment, supplies, travel, patient costs, animals miscellaneous items, and indirect costs. For the individual post-doctoral training grant, support is for salary of the trainee, tuition and fees, self-only health insurance, research supplies, equipment, travel to scientific meetings, and related items.

Applicant Eligibility:

The awardee will be either a university, college, hospital, public agency, nonprofit research institution, or for-profit organization that submits an application and receives a grant or cooperative agreement for support of research by a named principal investigator.

Beneficiary Eligibility:

Any nonprofit or for-profit organization, company, or institution engaged in biomedical research.

Credentials/Documentation:

For-profit organizations costs are determined by in accordance with 48 CFR, Subpart 31.2 of the Federal Acquisition Regulations. Costs will be determined in accordance with HHS Regulations 45 CFR 74, Subpart Q. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under

E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. This program is excluded from coverage under OMB Circular No. A-110. NIH is in the process of converting to SF424 (Research and Related (R&R)) forms and electronic submission through Grants.gov. Information on this plan and on registering for electronic submission is available at <http://grants.nih.gov/grants/guide/notice-files/NOT-OD-05-067.html>. Updates regarding the transition process are at <http://era.nih.gov/ElectronicReceipt/>.

Award Procedure:

Award Procedure: All accepted applications are evaluated for scientific and technical merit by an appropriate scientific peer review panel and by a national advisory council or board. All applications receiving a priority score ranging from the best (10) to worst (90) compete for available funds based on scientific merit, program relevance, and program balance and are made annually. Initial award provides funds for the first budget period (usually 12 months) and Notice of Grant Award (Form PHS 1533) indicates support recommended for remainder of project period, allocation of Federal funds by budget categories, and special conditions, if any.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Grants and Cooperation Agreement: Approximately 10 months. Training: For 9 months.

Appeals:

A principal investigator (P.I.) may question the substantive or procedural aspects of the review of his/her application by communicating with the staff of the Office. A description of the NIH Peer Review Appeal procedures is available on the NIH homepage www.nih.gov/grants/guide/1997/97.11.21/n2.html.

Renewals:

Applications submitted for renewal are reviewed and selected for funding on a competitive basis.

Formula and Matching Requirements:

This program has no statutory formula. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Grants and cooperative agreements: Average 3 to 4 years, maximum of 5 years with prior approval before submission. Renewals may be awarded for additional periods of up to 5 years (with prior approval before submission) based on competitive peer review. Funds are provided through Monthly Demand Payment System or an Electronic Transfer System. Method of awarding/releasing assistance: lump sum.

Reports:

No program reports are required. No cash reports are required. Type 5 progress reports are required. Expenditure reports on a quarterly basis are sent to the data warehouse. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. In addition, grants and cooperative agreements are subject to inspection and audits by DHHS and other Federal officials.

Records:

Expenditures and other financial records must be retained for 3 years from the day on which the grantee submits the last financial status report for the report period.

Account Identification:

75-0896-0-1-552.

Obligations:

(Project Grants) FY 10 \$94,740,000; FY 11 est \$94,484,000; and FY 12 est \$95,652,000

Range and Average of Financial Assistance:

range from low to high: R21, \$193.2 thousand to DP2 \$2.415 million. Average of financial assistance is \$395.6 thousand.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2010: Translational Tools - \$1.168 million
Dietary Supplements Research Centers - \$3.441million. Fiscal Year 2011:
Translational Tools - \$1.168 million
Dietary Supplements Research Centers - \$3.441million. Fiscal Year 2012:
Translational Tools - \$1.168 million
Dietary Supplements Research Centers - \$3.441million.

CRITERIA FOR SELECTING PROPOSALS:

The major elements in evaluating proposals include assessments of: (1) The scientific merit and general significance of the proposed study and its objectives; (2) the technical adequacy of the experimental design and approach; (3) the competency of the proposed investigator or group to successfully pursue the project; (4) the adequacy of the available and proposed facilities and resources; (5) the necessity of the budget components requested in relation to the proposed project; (6) the relevance and importance to the announced program objectives; and (7) the interfacing of conventional researchers and technology with unconventional/alternative clinicians for the purpose of providing clinical and scientific collaborations when and where appropriate.

93.217 FAMILY PLANNING SERVICES

FP Services

FEDERAL AGENCY:

Office of Population Affairs, Department of Health and Human Services

AUTHORIZATION:

Title X Statute and Regulations: Requirements regarding the provision of family planning services under Title X can be found in the statute (Title X of the Public Health Service Act, 42 U.S.C. 300 et seq.) and in the implementing regulations which govern project grants for family planning services (42 CFR part 59, subpart A.), 42 U.S.C 300 et seq.

OBJECTIVES:

To provide educational, counseling, comprehensive medical and social services necessary to enable individuals to freely determine the number and spacing of their children, and by so doing helping to reduce maternal and infant mortality, promote the health of mothers, families and children.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Grants must be used for family planning services including contraceptive services, infertility services and special services to adolescents. Family planning services include information on all medically approved methods of contraception including natural family planning methods; counseling services, physical examinations including cancer detection and laboratory tests; STD and HIV prevention education, screening and referral; contraceptive supplies, and periodic follow-up examinations. Infertility services include assessment, information, education, and arrangements for referral if necessary. Special services to adolescents include in-depth information, education including abstinence education counseling, and referral to and from other social and medical service agencies, and such ancillary services as are necessary to facilitate clinic attendance for adolescents who need contraceptive services. These family planning services must be available without coercion and with respect for the privacy, dignity, social and religious beliefs of the individuals being served. To the extent possible, entities which receive grants under this subsection shall encourage family participation in projects assisted under this subsection. Funds may not be used in programs where abortion is a method of family planning. Funds may not be used for purchase or construction of buildings; salaries of personnel paid from other Federal grant funds; and certain other miscellaneous items as specified in the regulations. Priority in the provision of services will be given to persons from low-income families. Grants must be used for family planning services including contraceptive services, infertility services and special services to adolescents. Family planning services include information on all medically approved methods of contraception including natural family planning methods; counseling services, physical examinations including cancer detection and laboratory tests; STD and HIV prevention education, screening and referral; contraceptive supplies, and periodic follow-up examinations. Infertility services include assessment, information, education, and arrangements for referral if necessary. Special services to adolescents include in-depth information, education including abstinence education counseling, and referral to and from other social and medical service agencies, and such ancillary services as are necessary to facilitate clinic attendance for adolescents who need contraceptive services. These family planning services must be available without coercion and with respect for the privacy, dignity, social and religious beliefs of the individuals being served. To the extent possible, entities which receive grants under this subsection shall encourage family participation in projects assisted under this subsection. Funds may not be used in programs where abortion is a method of family planning. Funds may not be used for purchase or construction of buildings; salaries of personnel paid from other Federal grant funds; and certain other miscellaneous items as specified in the regulations. Priority in the provision of services will be given to persons from low-income families.

Applicant Eligibility:

Any public (including city, county, local, regional, or State government) entity or nonprofit private entity located in a State (including the District of Columbia, Puerto Rico, Guam, the Commonwealth of the Northern Mariana Islands, American Samoa, the Virgin Islands, the Federated States of Micronesia, the Republic of Marshall Islands and the Republic of Palau) is eligible to apply for a grant. Faith based organizations are eligible to apply.

Beneficiary Eligibility:

Persons who desire family planning services and who would not otherwise have access to them. Priority to be given to persons from low-income families. Individuals from other than low-income families will be charged a fee in accordance with an established fee schedule although inability to pay must not be a deterrent to services.

Credentials/Documentation:

A nonprofit private entity must provide evidence of its nonprofit status. Allowability of costs charged to the grant will be determined in accordance with the following cost principles: OMB Circular No. A-21 for educational institutions, OMB Circular No. A-87 for state and local governments, and OMB Circular No. A-122 for non-profit organizations. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or

her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. The standard application forms, as furnished by PHS and required by 45 CFR 74 (for institutions of higher education, hospitals, and other non-profit organizations), and 45 CFR 92 (for state and local governments) must be used for this program. All other applicants should submit completed Form OPHS-1,(Revised 6/2001), U.S. Department of Health and Human Services Public Health Service Grant Application, documenting the need for the grant and the proposed amount of the grant. The Regional Health Administrator has approval authority for the program. Contact should be made with the appropriate Regional Health Administrator (see name/address in Appendix IV) to obtain the Application Kit. This program is subject to the provisions of 45 CFR 74, 45 CFR 92, as well as OMB Circular No. A-102 (Administrative Guidelines for state and local governments) and OMB Circular No. A-110 (Administrative Guidelines for Institutions of Higher Education, Hospitals, and Other Nonprofit Organizations).

Award Procedure:

Following approval by the Regional Health Administrator, the Office of Grants Management, OPHS prepares a Notice of Grant Award, secures necessary clearances and approval signatures, issues the Notice of Grant Award, enters the approved award in the grant payment process, and provides notification of grant approval to the public.

93.220 CLINICAL RESEARCH LOAN REPAYMENT PROGRAM FOR INDIVIDUALS FROM DISADVANTAGED BACKGROUNDS

(NIH Clinical Research Loan Repayment Program; CR LRP)

FEDERAL AGENCY:

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Title IV, Part G, Section 41631, Public Law 100-43, 288-5 U.S.C.

OBJECTIVES:

To recruit and retain health professionals from disadvantaged backgrounds to conduct clinical research at the National Institutes of Health (NIH) by providing for the repayment of educational loans for participants with substantial amounts of educational debt relative to income, who agree by written contract to engage in clinical research as employees of the NIH for a minimum two-year period.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

To provide repayment of extant educational loans incurred by health professionals engaged, as employees of the NIH, in clinical research. Recipients must agree by written contract to engage in such research, initially, for a minimum of 2 years; individuals who have conflicting service obligations may not participate in this program until those obligations are satisfied or have been deferred during the period of program service. One-year continuation contracts are available, dependent upon the level of debt and continued involvement in clinical research. Maximum program benefit is \$35,000 per year in loan repayments and \$13,650 per year in Federal tax reimbursements. Recipients must have qualified educational debt in excess of 20 percent of their annual salary, which is referred to as their "debt threshold." An amount equal to half of this "debt threshold" will not be repaid by NIH and must be paid by the Program participants.

Applicant Eligibility:

Eligible applicants must: (1) Be a citizen, national, or permanent resident of the United States; (2) possess a M.D., Ph.D., D.O., D.D.S., D.M.D., D.V.M., D.P.M., A.D.N., B.S.N., or equivalent degree; or hold the position of Physician Assistant; (3) come from a disadvantaged background as determined by the Secretary of Health and Human Services; (4) have qualified educational debt, which results from governmental or commercial loans obtained to support their undergraduate and/or graduate education, in excess of 20 percent of their annual NIH salary on the program eligibility date; (5) be appointed under any temporary or permanent employment mechanism in the Intramural Research Program of the NIH, so long as their employment has the potential to last a minimum of 2 years; (6) are not eligible to participate in the CR-LRP if they have an existing service obligation to Federal, State, or other entities, until such obligation is discharged or unless it is deferred during the period of program service; (7) submit an application to participate in the CR-LRP; and (8) sign and submit to the Secretary of Health and Human Services, at the time of agreeing to accept repayment of educational loans, a contract agreeing to engage in clinical research as an employee of the NIH for a minimum of 2 years.

Beneficiary Eligibility:

Clinical researchers from disadvantaged backgrounds who have unpaid educational loans will benefit from this program.

Credentials/Documentation:

Applicants must submit documentation of the following, as appropriate: (1) Copies of loan applications and agreements from governmental or commercial educational loans which are being submitted for repayment; (2) copies of the standard student budget from each school attended during period when debt was incurred; (3) copies of recommendations, special skills, certifications, or other copies of loan documentation; (4) certification from the school(s) attended that the applicant qualified for participation in an educational assistance program for individuals from disadvantaged backgrounds which are sponsored by the Secretary of Health and Human Services or self-certification describing circumstances which qualify him/her under the Secretary's definition of an individual from a disadvantaged background; and (5) other documentation as may be required by law. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. This program is excluded from coverage under OMB Circular No. A-110.

Applicants must access and submit the Loan Repayment Program application electronically via the website www.lrp.nih.gov; seek qualified employment with a sponsoring Institute or Center (IC) of the NIH. Once an application has been submitted, the Loan Repayment Committee reviews it at a regularly scheduled review meeting and a determination of loan repayment recipients is made.

Award Procedure:

The NIH Loan Repayment Committee (LRC) will review, rank, and approve or disapprove applications recommended for program participation by each Institute or Center (IC). Applications approved for program participation by the LRC will be notified by the Program Director. The Secretary, or his designee, will sign the service contract of program participants, provide a copy to the participant, and notice of the amount of approved loan repayment.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 90 to 120 days. The approximate time for approval/disapproval is 3 months.

Appeals:

From 90 to 120 days. Employees of the NIH who are not approved as a result of this process may ask for reconsideration through the standard appeal procedures available to employees.

Renewals:

From 90 to 120 days. At the conclusion of the initial 2-year contract, participants may apply and be recommended for subsequent 1-year continuation contracts under the application and approval procedures specified above.

Formula and Matching Requirements:

This program has no statutory formula. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Assistance is available for a minimum 2-year period. One-year, continuation contracts are available for individuals whose educational debt exceeds the maximum repayable amount for 2 years and whose renewal ranking scores within the funding range. Payments are made directly to lenders, following each quarter of the participant's satisfactory service, unless otherwise agreed upon by the participant and Secretary of Health and Human Services. Method of awarding/releasing assistance: quarterly.

Reports:

Program participants must be certified quarterly as to having satisfactorily performed their research assignments. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

No audits are required for this program.

Records:

The NIH will maintain applicant records for 3 years after rejection and participant records for 6 years after completion of final service obligation.

Grantees generally must retain financial and programmatic records, supporting documents, statistical records, and all other records that are required by the terms of a grant, or may reasonably be considered pertinent to a grant, for a period of 3 years from the date the annual FSR is submitted. For awards under SNAP (other than those to foreign organizations and Federal institutions), the 3-year retention period will be calculated from the date the FSR for the entire competitive segment is submitted. Those grantees must retain the records pertinent to the entire competitive segment for 3 years from the date the FSR is submitted to NIH. Foreign organizations and Federal institutions must retain records for 3 years from the date of submission of the annual FSR to NIH. See 45 CFR 74.53 and 92.42 for exceptions and qualifications to the 3-year retention requirement (e.g., if any litigation, claim, financial management review, or audit is started before the expiration of the 3-year period, the records

must be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken). Those sections also specify the retention period for other types of grant-related records, including F&A cost proposals and property records. See 45 CFR 74.48 and 92.36 for record retention and access requirements for contracts under grants.

In accordance with 45 Code of Federal Regulations, Part 74.53(e), the HHS Inspector General, the U.S. Comptroller General, or any of their duly authorized representatives have the right of timely and unrestricted access to any books, documents, papers, or other records of recipients that are pertinent to awards in order to make audits, examinations, excerpts, transcripts, and copies of such documents. This right also includes timely and reasonable access to a recipients personnel for the purpose of interview and discussion related to such documents. The rights of access are not limited to the required retention period, but shall last as long as records are retained.

Account Identification:

75-6846-0-1-552.

Obligations:

(Project Grants) FY 10 \$251,397; FY 11 est \$361,000; and FY 12 est \$293,000

Range and Average of Financial Assistance:

For initial 2-year contracts, loan repayments range from \$4,000 to \$70,000, Tax reimbursements range from \$1,977 to \$34,598. The average contract cost which includes loan and tax reimbursement is \$68,454.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2010: In 2010, five awards were granted. Fiscal Year 2011: In 2011, four awards were granted. Fiscal Year 2012: In 2012, it is projected that seven awards will be made.

93.225 NATIONAL RESEARCH SERVICE AWARDS_HEALTH SERVICES RESEARCH TRAINING

FEDERAL AGENCY:

Agency for Healthcare Research and Quality, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, 42 U.S.C 487.

OBJECTIVES:

To provide predoctoral and postdoctoral training opportunities in health services research. Individual fellowships will be awarded directly to applicants for postdoctoral research training. Domestic institutions will also be awarded grants to enhance predoctoral and postdoctoral training programs and provide support to trainees selected by them. The purpose of these awards is to provide fellows and trainees with both academic training and actual experience in the application of research methods to the systematic analysis and evaluation of the organization, financing, utilization, and delivery of health care services.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Fellowship support is available for full-time health services research training. An institutional allowance is provided to the sponsoring institution for each fellow. Also, research training grants are awarded to institutions to provide support to trainees selected by the training program director at the grantee institution. This support is available for predoctoral and postdoctoral trainees.

Offsets for tuition and fees are allowable for trainees, and an amount for training related expenses will be provided. Facilities and administrative costs may be requested at 8 percent of allowable direct costs (less tuition and fees), or the negotiated facilities and administrative cost rate, whichever is less. Postdoctoral fellows and trainees in the first 12 months of postdoctoral NRSA support incur one month of payback obligation for each month of support. The thirteenth and subsequent months of postdoctoral NRSA support are considered payback service for prior postdoctoral support. Predoctoral fellows and trainees do not incur a service payback obligation.

Applicant Eligibility:

Domestic public or private nonprofit organizations or institutions may apply for training grants. The applicant institutions must have or expand training programs designed to develop competent investigators in the methods and techniques of conducting health services research. State or local governments and U.S. Territories are eligible. Profit-making organizations are not eligible. Individual applicants for postdoctoral fellowships must have received a clinical or research doctoral degree. All persons supported as fellows or trainees must be citizens or noncitizen nationals of the United States, or have been lawfully admitted for permanent residence.

Beneficiary Eligibility:

Individuals and public or private nonprofit organizations or institutions, including State or local governments and U.S. Territories, are the beneficiaries of this program.

Credentials/Documentation:

An individual applicant for a postdoctoral fellowship must document receipt of a doctoral degree and acceptance by an appropriate institutional sponsor. Institutional applicants for training grants must document their research and training experiences, staff, curriculum, facilities, and other resources available. Costs will be determined in accordance with HHS Regulations 45 CFR, Part 74. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Information about health services research areas being supported is available from AHRQ. Individual fellowship applicants and institutions should submit Form SF 424 R&R. For State agencies, no State Plan is required. For State and local governments, the standard forms, as furnished by PHS and required by 45 CFR, Part 92, may be used. This program is subject to the provisions of 45 CFR, Part 92 for State and local governments.

Award Procedure:

Applications are reviewed for scientific merit by a committee including nonfederal consultants who are selected from appropriate scientific fields. AHRQ considers the recommendations of the review committee, program interest, and the availability of funds in the final selection of grantees. When such decisions are made, applicants are notified and a Notice of Award is issued. Before receiving support, all individual fellows and institutional postdoctoral trainees must submit required forms, including a payback agreement.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

> 180 Days. Contact Headquarters Office for deadline dates for Institutional Training Grants. Individual applications for postdoctoral fellowships are due: April 8, August 8, and December 8.

Appeals:

Not Applicable.

Renewals:

If additional support is desired to continue a grant beyond the approved project period, an application for competing continuation must be submitted for review in the same manner as a new application. Generally, no individual may receive

more than 3 years of aggregate National Research Service Award support at the postdoctoral level, or 5 years at the predoctoral level, including any combination of support from institutional and individual awards.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Fellowship support at the postdoctoral level is generally limited to 3 years and at the predoctoral level to 5 years. Institutional training grants may be awarded for project periods up to 5 years. Awards are made on an annual basis and it is expected that obligations will be made within the budget period awarded. After awards are issued, funds are released in accordance with the payment procedure established by the grantee with DHHS, which may be an Electronic Transfer System or a Monthly Cash Request system. Method of awarding/releasing assistance: lump sum.

Reports:

Program reports are not applicable. Grantees must submit quarterly SF272 reports to PSC. Annual and final progress reports are required. For Institutional Training Grants, a final progress report is due at the close of the project period. Annual reports of activities for tracking payback provisions are required of all fellows and trainees upon termination of support. Annual and final Federal Financial Reports (FFR; SF425) are required for Institutional National Research Service Awards. Annual Federal Financial Reports must be submitted within 90 days after the end of the calendar quarter in which the budget period ends. A final FFR must be submitted within 90 days after the end of the project period. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. In addition, grants records are subject to audit and inspection by Federal auditors.

Records:

Records must be retained for at least three years; records shall be retained beyond the three year period if audit findings have not been resolved. Records relating to individual payback obligations are retained for one year after the individual has fulfilled or has been excused from fulfilling the payback obligation.

Account Identification:

CRITERIA FOR SELECTING PROPOSALS:

For Individual fellowship applications, the following review criteria will be used: (1) The applicant's past academic and research accomplishments; (2) research goals; (3) research training proposed; (4) qualifications of the sponsor; (5) appropriateness of training environment; and (6) reference reports. For Institutional training grant applications, the following review criteria will be used: (1) goals of the proposed training and probability of achievement; (2) substantive content, including courses offered; (3) qualifications and responsibilities of program director and faculty; (4) ability to recruit trainees; (5) extent of institutional participation through provision of necessary space, curriculum time, financial support, and appropriate facilities; (6) documented cooperation of related agencies in providing research experience; (7) proposed number of students; (8) methods for monitoring and evaluating trainees; and (9) reasonableness of budget. In all cases, AHRQ will consider the recommendations of the review committee, the Council program interests, and availability of funds in making the final selection of grantees.

93.226 RESEARCH ON HEALTHCARE COSTS, QUALITY AND OUTCOMES**FEDERAL AGENCY:**

Agency for Healthcare Research and Quality, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Title IX, 42 U.S.C 299 ff.

OBJECTIVES:

To support research and evaluations, demonstration projects, research networks, and multidisciplinary centers and to disseminate information on health care and on systems for the delivery of such care involving: (1) The quality, effectiveness, efficiency, appropriateness and value of health care services; (2) quality measurement and improvement; (3) the outcomes, cost, cost-effectiveness, and use of health care services and access to such services; (4) clinical practice, including primary care and practice-oriented research; (5) health care technologies, facilities and equipment; (6) health care costs, productivity, organization, and market forces; (7) health promotion and disease prevention, including clinical preventive services; (8) health statistics, surveys, database development, and epidemiology; and (9) medical liability. In support of this research, the Agency has a special interest in health care and its delivery in the inner city, in rural areas, and for priority populations (low-income groups, minority groups, women, children, the elderly, and individuals with special health care needs).

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

The research should contribute to the health services knowledge base from which empirically based information can be derived by policymakers, both immediately and over the coming decades. Grants include funds for direct costs (such as personnel, travel, equipment, or supplies) necessary to carry out an approved project as well as funds for the reimbursement of applicable indirect costs (also referred to as facilities and administrative costs). Unallowable costs are indicated in the HHS Grants Policy Statement.

Applicant Eligibility:

Federal, State or local government agencies, federally-recognized Indian Tribal Governments, U.S. Territories, sponsored organizations, non-government organizations, minority groups, specialized groups, public or private institutions of higher education, and other public or nonprofit private agencies, institutions, or organizations. Research project grants may also be awarded to individuals.

For-profit organizations are eligible to apply for these grants only if "cooperative agreement" is the designated funding mechanism. Organizations described in section 501(c)4 of the Internal Revenue Code that engage in lobbying are not eligible.

Beneficiary Eligibility:

Federal, State or local government agencies, federally-recognized Indian Tribal Governments, public or private nonprofit institutions, U.S. territories, Native American organizations, sponsored organizations, consumers, students, minority groups, specialized groups, health or education professionals, individuals, scientist/researchers, and the general public.

Credentials/Documentation:

Nonprofit organizations must submit proof of their nonprofit status when applying for grants. Costs will be determined in accordance with DHHS Regulations 45 CFR 74. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Applications must be submitted in response to a Funding Opportunity Announcement (FOA). All FOAs are posted on www.Grants.gov. Refer to the FOA of interest for specific requirements regarding the application procedure as AHRQ is in the process of transitioning to the new SF-424 Research and Related (R&R) grant application form and to electronic submission through www.Grants.gov for competing awards. For FOAs for which applications have not yet been transitioned to electronic submission through [Grants.gov](http://www.Grants.gov), nongovernmental applicants should submit using Form PHS-398 (Rev. November 2007); State and local governments may submit using the standard application forms, as furnished by PHS and required by 45 CFR Part 92. For State agencies, no State Plan is required. Applications are reviewed and evaluated by a group composed primarily of nonfederal scientists. The review is conducted by a panel of experts in the specific study area proposed. This program is subject to the provisions of 45 CFR Part 92 for State and local governments.

Award Procedure:

Applications are reviewed for scientific merit by a committee including nonfederal consultants who are selected from appropriate scientific fields. AHRQ considers the recommendations of the review committee, program interest, and the availability of funds in the final selection of grantees. When such decisions are made, applicants are notified and a Notice of Award is issued.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Grants may be approved for project periods of up to 5 years, depending on the grant program and based on the availability of funding. Refer to the FOA of interest for information regarding the maximum duration of the project period. Awards are made on an annual basis and it is expected that obligations will be made within the budget period awarded. After awards are issued, funds are

released in accordance with the payment procedure established by the grantee institution with DHHS, which may be an Electronic Transfer System or a Monthly Cash Request System. Method of awarding/releasing assistance: lump sum.

Reports:

Program reports are not applicable. Grantees must submit quarterly SF425 reports to PSC. Progress reports are required on an annual basis. Some programs also require quarterly progress reports. A final progress report must be submitted within 90 days after the end of a project. Inventions are to be reported immediately. A Final Invention Statement must be submitted within 90 days after the end of a project. An annual Federal Financial Report (FFR; SF425) must be submitted within 90 days after the end of the calendar quarter in which the budget period ends. A final FFR must be submitted within 90 days after the end of the project. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. In addition, grants and cooperative agreements are subject to inspection and audits by DHHS and other Federal government officials.

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2010: AHRQ-supported grants focused on health services research in the area of patient-centered outcomes research, prevention and care management, value research, health information technology, patient safety, and quality, effectiveness and efficiency research. Fiscal Year 2011: In addition to noncompeting grant support, AHRQ will fund new grants related to patient-centered health research; prevention and care management related to the

complex patient; health information technology research as it works to improve quality, safety and effectiveness; patient safety research, including simulation; healthcare-associated infections; support for Consumer Assessment of Healthcare Providers and Systems (CAHPS); and new support for investigator-initiated health services research. Fiscal Year 2012: Based on the availability of funding, it is anticipated that AHRQ-supported grants will focus on health services research in the area of patient-centered outcomes research, prevention and care management, value research, health information technology, patient safety, and quality, effectiveness and efficiency research.

CRITERIA FOR SELECTING PROPOSALS:

The proposals must first be reviewed by review groups of peers and recommended for approval on the basis of scientific and technical merit. This includes consideration of the qualifications of the principal investigator and staff to conduct the research using appropriate methodology and budget. Those approved proposals which are most relevant to the identified program priority issues of the AHRQ are funded to the extent that funds are available.

93.228 INDIAN HEALTH SERVICE_HEALTH MANAGEMENT DEVELOPMENT PROGRAM

(Indian Health)

FEDERAL AGENCY:

Indian Health Service, Department of Health and Human Services

AUTHORIZATION:

Public Law 83-568, 42 U.S.C. 2001-2004a; Indian Self-Determination and Education Assistance Act, Section 104 (b), Public Law 93-638, 25 U.S.C. 450, Section 9, Public Law 98-250; Public Law 100 - 472.

OBJECTIVES:

To improve the quality of the health of American Indians and Alaska Natives by providing a full range of curative, preventive and rehabilitative health services; and to improve the management capability of American Indians and Alaska Natives to assume operation of all or part of an existing Indian Health Service (IHS) direct-operated health care program.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

The assistance is used for four types of management related projects: (1) Feasibility Studies; (2) Planning; (3) Tribal Health Management Structure Development; and (4) Evaluation. Tribal management grants may not be used to support operational programs, or to supplant existing public and private resources. This assistance is available to Federally-recognized Indian Tribes and Tribal-sanctioned Tribal organizations.

Applicant Eligibility:

Federally-recognized Tribes and Tribally-sanctioned Tribal organizations.

Beneficiary Eligibility:

Individuals who are members of an eligible applicant Tribe, band, or group or village and who may be regarded as within the scope of the Indian health and medical service program and who are regarded as an Indian by the community in which he lives as evidenced by such factors as Tribal membership, enrollment, residence on tax exempt land, ownership of restricted property, active participation in Tribal affairs or other relevant factors in keeping with general Bureau of Indian Affairs practices in the jurisdiction.

Credentials/Documentation:

Certification of Native Indian or Alaskan descent is required for direct services. Provisions of grants under Public Law 93-638 and its amendments require Tribal endorsement in the form of a Resolution to sanction Tribal participation. Costs will be determined in accordance with OMB Circular No. A-122 for Nonprofit Organizations as implemented through program regulations 42 CFR 36 and applicable grant administration regulations 45 CFR, Part 92, (45 CFR 74 for nonprofit organizations). OMB Circular No. A-87 applies to this program.

93.231 EPIDEMIOLOGY COOPERATIVE AGREEMENTS

FEDERAL AGENCY:

Indian Health Service, Department of Health and Human Services

AUTHORIZATION:

Indian Health Care Improvement Act, Public Law 94-437, 25 U.S.C 1621m.

OBJECTIVES:

To develop epidemiology centers and public health infrastructure through the augmentation of existing programs with expertise in epidemiology and a history of regional support. Activities should include, but not be limited to, development of surveillance for disease conditions, epidemiological analysis, interpretation, and dissemination of surveillance data, investigation of disease outbreaks, development and implementation of epidemiological studies, development and implementation of disease control and prevention programs, and coordination of activities with other public health authorities in the region. Proposed activities which cover large population and/or geographical areas that do not necessarily correspond with current Indian Health Service (IHS) administrative areas are encouraged.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Grant funds may be used to develop and conduct activities to achieve at least one epidemiology programs in each of the 12 Areas of Indian country. The recipient activities will coordinate and participate in projects, investigations, or studies of national scope; and share surveillance and other data collected. IHS activities will convene workshops/meetings; provide technical assistance and consultation; provide training; conduct site visits; and coordinate all epidemiological activities on a national basis. Funds will be used to support activities that are directly related to the grant project. All indirect costs will be issued based on the indirect cost rate agreement that is negotiated by the recipient, as appropriate. 100% are discretionary funds.

Applicant Eligibility:

Any federally recognized Indian tribe or tribal organization, as defined in Section 4(d) and 4(e) of the Indian Health Care Improvement Act, Public Law 94-437, as amended. An inter-tribal consortium or Indian organization, if it is incorporated for the primary purpose of improving Indian health, and it is representative of the tribes or urban Indian communities in which it is located. An urban Indian organization is defined as a nonprofit corporate body situated in an urban center eligible for services under Title V of the Indian Health Care Improvement Act, Public Law 94-437, as amended.

Beneficiary Eligibility:

American Indians and Alaska Natives will benefit.

Credentials/Documentation:

The applicant must provide documentation of: (1) Nonprofit status; (2) tribal resolution(s); and (3) letters of support and collaboration with regional IHS, State, or university organizations. CRITERIA FOR SELECTING PROPOSALS:

Selection criteria are introduction, current capacity and project objectives, approach and results and benefits, project evaluation, organization capabilities and qualifications, and budget. Consideration will be given to applicants: (1) Proposing to provide services to large regions consisting of more than a single IHS administrative area; and (2) demonstrating evidence of past and current epidemiological activities.

93.232 LOAN REPAYMENT PROGRAM FOR GENERAL RESEARCH

(NIH General Research Loan Repayment Program; GR-LRP)

FEDERAL AGENCY:

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Title IV, Part VI, Section 487C, Public Law 100-43, 42 U.S.C 288-3.

OBJECTIVES:

To recruit and retain health professionals performing research in fields required by the NIH to carry out its mission by providing educational loan repayment for participants with substantial amounts of educational debt relative to income, who agree by written contract to engage in laboratory or clinical research as employees of the NIH for a minimum 3-year period.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

To provide repayment of extant educational loans incurred by health professionals engaged, as employees of the NIH, in laboratory or clinical research. Recipients must agree by written contract to engage in such research, initially, for a minimum of 3 years; individuals who have conflicting service obligations may not participate in this program until those obligations are satisfied or have been deferred during the period of program service. Continuation contracts for 1-year terms are available, dependent upon the level of debt and continued involvement in research that supports the research and institutional needs and the mission of the NIH. Maximum program benefit is \$35,000 per year in loan repayments and \$13,650 per year in Federal tax reimbursements. Recipients must have qualified educational debt in excess of 20 percent of their annual salary, which is referred to as their "debt threshold."

Applicant Eligibility:

Eligible applicants must: (1) Be a citizen, national, or permanent resident of the United States; (2) possess a M.D., Ph.D., D.O., D.D.S., D.M.D., D.V.M., D.P.M., A.D.N., B.S.N., or equivalent degree, or hold the position of Physician Assistant; (3) have qualified educational debt, which results from governmental or commercial loans obtained to support their undergraduate and/or graduate education, in excess of 20 percent of their annual NIH salary on the program eligibility date; (4) be appointed to the NIH Intramural Research Program under any temporary or permanent employment mechanism, so long as the employment has the potential to last a minimum of three years; (5) not be under any existing service obligation to Federal, State, or other entities, until such obligation is discharged or unless it is deferred during the period of program service; (6) submit an application to participate in the Loan Repayment Program for General Research; and (7) sign and submit to the Secretary of Health and Human Services, at the time of application submission, a contract agreeing to engage in research as an employee of the NIH for a minimum of 3 years.

Beneficiary Eligibility:

NIH researchers who possess substantial unpaid educational debt relative to income will benefit from this program.

Credentials/Documentation:

Applicants must submit documentation of the following, as appropriate: (1) Copies of loan applications and agreements from government or commercial educational loans which are being submitted for repayment; (2) copies of the standard student budget from each school attended during the period in which the debt was incurred; and (3) other documentation as may be required. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. This program is excluded from coverage under OMB Circular No. A-110. Applicants must access and submit the Loan Repayment Program application electronically via the website www.lrp.nih.gov; seek qualified employment with a sponsoring Institute or Center (IC) of the NIH. Once an application has

been submitted, the Loan Repayment Committee reviews it at a regularly scheduled review meeting and a determination of loan repayment recipients is made.

Award Procedure:

The NIH Loan Repayment Committee (LRC) will review, rank, and approve or disapprove applications recommended for program participation by each Institute or Center (IC). Applications approved for participation by the LRC will be notified by the Program Director. The Secretary, or his designee, will sign the service contract of program participants, provide a copy to the participant, and notice of the amount of approved loan repayment.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 90 to 120 days. The approximate time for approval/disapproval is 3 months.

Appeals:

From 90 to 120 days. Employees of the NIH who are not approved as a result of this process may ask for reconsideration through the standard appeal procedures available to NIH employees.

Renewals:

From 90 to 120 days. At the conclusion of the initial 3-year contract, participants may apply and be considered for subsequent 1-year continuation contracts under the application and approval procedures specified above.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Assistance is available for a minimum 3-year period. One-year continuation contracts are available for individuals whose educational debt exceeds the maximum repayable amount for 3 years. Payments will be made directly to lenders, following each quarter of the participant's satisfactory service, unless otherwise agreed upon by the participant and Secretary of Health and Human Services. Method of awarding/releasing assistance: quarterly.

Reports:

Program reports are not applicable. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

This program is excluded from coverage under OMB Circular No. A-133. Records must be available for review or audit by appropriate officials of the Federal agency, pass-through entity, and Government Accountability Office (GAO). In accordance with 45 Code of Federal Regulations, Part 74.26, for-profit (commercial) organizations are subject to audit requirements for a non-Federal audit if, during its fiscal year, it expended \$500,000 or more under HHS awards and at least one award is a HHS grant or subgrant. The regulation incorporates the thresholds and deadlines of OMB Circular No. A-133, but provides for profit organizations with two options for the type of audit that will satisfy the audit requirement: 1. a financial related audit of the HHS awards in accordance with Government Auditing Standards, or 2. an audit that meets the requirements of OMB Circular No. A-133. In accordance with NIH grants policy, Foreign grantees are subject to the same audit requirements as for-profit (commercial) organizations.

Records:

The NIH will maintain applicant records for 3 years after rejection and participant records for 6 years after completion of final service obligation. Grantees generally must retain financial and programmatic records, supporting documents, statistical records, and all other records that are required by the terms of a grant, or may reasonably be considered pertinent to a grant, for a period of 3 years from the date the annual FSR is submitted. For awards under SNAP (other than those to foreign organizations and Federal institutions), the 3-year retention period will be calculated from the date the FSR for the entire competitive segment is submitted. Those grantees must retain the records

pertinent to the entire competitive segment for 3 years from the date the FSR is submitted to NIH. Foreign organizations and Federal institutions must retain records for 3 years from the date of submission of the annual FSR to NIH. See 45 CFR 74.53 and 92.42 for exceptions and qualifications to the 3-year retention requirement (e.g., if any litigation, claim, financial management review, or audit is started before the expiration of the 3-year period, the records must be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken). Those sections also specify the retention period for other types of grant-related records, including F&A cost proposals and property records. See 45 CFR 74.48 and 92.36 for record retention and access requirements for contracts under grants. In accordance with 45 Code of Federal Regulations, Part 74.53(e), the HHS Inspector General, the U.S. Comptroller General, or any of their duly authorized representatives have the right of timely and unrestricted access to any books, documents, papers, or other records of recipients that are pertinent to awards in order to make audits, examinations, excerpts, transcripts, and copies of such documents. This right also includes timely and reasonable access to a recipients personnel for the purpose of interview and discussion related to such documents. The rights of access are not limited to the required retention period, but shall last as long as records are retained.

**93.233 NATIONAL CENTER ON SLEEP DISORDERS RESEARCH
FEDERAL AGENCY:**

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

NIH Reauthorization Act of 1993, Public Health Service Act, Section 503: Subpart 2, Part C, Title IV, Section 424, 42 U.S.C. 285b et seq.

OBJECTIVES:

The National Center on Sleep Disorders Research (NCSDR) supports research and research training related to sleep disordered breathing, and the fundamental functions of sleep and circadian rhythms. The center also stewards several forums that facilitate the coordination of sleep research across NIH, other federal agencies and outside organizations, including the Sleep Disorders Research Advisory Board and a Trans-NIH Sleep Research Coordinating Committee. The center also participates in the translation of new sleep research findings for dissemination to health care professionals and the public. Small Business innovation Research (SBIR) program: to stimulate technological innovation; to increase private sector commercialization of innovations derived from Federal research and development; to increase small business participation in Federal research and development; and to foster and encourage participation of socially and economically disadvantaged small business concerns and women-owned small business concerns in technological innovation. Small Business Technology Transfer (STTR) program: To stimulate and foster scientific and technological innovation through cooperative research and development carried out between small business concerns and research institutions; to foster technology transfer between small business concerns and research institutions; to increase private sector commercialization of innovations derived from Federal research and development; and to foster and encourage participation of socially and economically disadvantaged small business concerns and women-owned small business concerns in technological innovation.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Grants may support salaries, equipment, supplies, travel, and patient hospitalization as required to perform the research effort. Restrictions or limitations are imposed against the use of funds for entertainment, foreign travel, general-purpose equipment, alterations and renovations, and other items not regularly required for the performance of research. National Research Service Awards (NRSAs) are made directly to individuals for research training in specified biomedical shortage areas. Grants may be made to institutions to enable them to make NRSA's to individuals selected by them. Certain service and payback provisions apply to individuals upon termination of the award. SBIR Phase I grants (of approximately 6-months' duration) are to establish the technical merit and feasibility of a proposed research effort that may lead to a commercial product or process. Phase II grants are for the continuation of the research initiated in Phase I and which are likely to result in commercial products or processes. Only Phase I awardees are eligible to apply for Phase II support. STTR Phase I grants (normally of 1-year duration) are to determine the scientific, technical, and commercial merit and feasibility of the proposed cooperative effort that has potential for commercial application. Phase II funding is based on results of research initiated in Phase I and scientific and technical merit and commercial potential on Phase II application. . Fast-Track is an option whereby Phase I and Phase II SBIR or STTR projects are submitted and reviewed concurrently with the aim of reducing or eliminating the funding gap between Phase I and Phase II. While the intent of the STIR/STTR programs is commercialization (Phase III), no SBIR/STTR funds are allowed for commercialization activities such as patents; market and sales; market research; business development/product development/market plans; legal fees, travel and other costs including labor relating to license agreements and partnerships.

Applicant Eligibility:

Any nonprofit organization engaged in biomedical research, as well as

institutions or companies organized for profit, may apply for grants with the exception of NRSAs. An individual may apply for a NRSA or, in some cases, may qualify for a research grant if adequate facilities in which to perform the research are available. SBIR grants can be awarded only to domestic small businesses (entities that are independently owned and operated for profit, are not dominant in the field in which research is proposed and have no more than 500 employees). Primary employment (more than one-half time) of the principal investigator must be with the small business at the time of award and during the conduct of the proposed project. In both Phase I and Phase II, the research must be performed in the U.S. and its possessions. To be eligible for funding, a grant application must be approved for scientific merit and program relevance by a scientific review group and a national advisory council. SBIR projects must be performed at least 67% by the applicant small business in Phase I and at least 50% of the Project in Phase II. STTR grants can be awarded only to domestic small business concerns (entities that are independently owned and operated for profit, are not dominant in the field in which research is proposed and have no more than 500 employees) which "partner" with a research institution in cooperative research and development. At least 40 percent of the project is to be performed by the small business concern and at least 30 percent by the research institution. In both Phase I and Phase II, the research must be performed in the U.S. and its possessions. To be eligible for funding, a grant application must be approved for scientific merit and program relevance by a scientific review group and a national advisory council.

Beneficiary Eligibility:

Any nonprofit or for-profit organization, company or institution engaged in biomedical research.

Credentials/Documentation:

Applicants for individual National Research Service Awards must be citizens of the United States or have been admitted for permanent residency; must hold a doctoral degree (M.D., Ph.D., D.D.S., D.O., D.V.M., Sc.D., D. Eng., or equivalent domestic or foreign degree); and must designate a desire for training in one of the health or health-related areas specified by the National Institutes of Health. Each applicant must be sponsored by an accredited public or private nonprofit institution engaged in such training. For-profit organizations' costs are determined in accordance with Subpart 31.2 of the Federal Acquisition Regulations. For other grantees, costs will be determined in accordance with HHS regulations 45 CFR, Part 74, Subpart Q. For SBIR and STTR grants, applicant organization (small business concern) must present in a research plan an idea that has potential for commercialization and furnish evidence that scientific competence, experimental methods, facilities, equipment, and funds requested are appropriate to carry out the plan. SBIR and STTR applicants must use the SF424 Research and Related (R&R) application for electronic submission through grants.gov. Electronic submission of SNAP Progress Reports (eSNAP) apply for non-competing continuations (e.g., second year of Phase II). OMB Circular No. A-87 applies to this program. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. Grant applications are submitted electronically. Visit the following link to obtain application information and instructions (<http://grants1.nih.gov/grants/funding/424/index.htm>)

Award Procedure:

All accepted applications are evaluated by an appropriate initial review group (study section). All grant applications receive a final secondary review by the National Heart, Lung, and Blood Advisory Council. Staff informs applicants of the results of the review. If support is contemplated, staff initiates preparation of awards for grants. All accepted SBIR/STTR applications are evaluated for scientific and technical merit by an appropriate scientific peer review panel and by a national advisory council or board. All applications receiving a priority score compete for available SBIR/STTR set-aside funds on the basis of scientific and technical merit and commercial potential of the proposed

research, program relevance, and program balance among the areas of research.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

> 180 Days. Regular Grants: From 7 to 9 months. SBIR/STTR Grants: About 7-1/2 months.

Appeals:

A principal investigator (P.I.) may question the substantive or procedural aspects of the review of his/her application by communicating with the staff of the Institute. A description of the NIH Peer Review Appeal procedures is available on the NIH grants information page <http://www.grants.nih.gov/grants/guide/notice-files/not97-232.html>.

Renewals:

No performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133, but records must be available for review or audit by appropriate officials of the Federal agency, pass-through entity, and Government Accountability Office (GAO). In accordance with 45 Code of Federal Regulations, Part 74.26, for-profit (commercial) organizations are subject to audit requirements for a non-Federal audit if, during its fiscal year, it expended \$500,000 or more under HHS awards and at least one award is a HHS grant or subgrant. 93.234 TRAUMATIC BRAIN INJURY STATE DEMONSTRATION GRANT PROGRAM

TBI

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Title XII, Section 1252 (42 USC 300d-52) as amended by the Childrens Health Act of 2000, sec.1304, PL 106-310, as further amended by the Traumatic Brain Injury Act of 2008, sec. 6(a), PL 110-206.

OBJECTIVES:

To improve access to health and other services for individuals with Tramatic Brain Injury (TBI) and their families.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Project grants to States to improve access to health and other Traumatic Brain Injury (TBI)-related services for people of all ages are established within HRSA. Any State seeking TBI grant funds is required to agree to establish or have an advisory board within the appropriate health department of the State or within another department as designated by the Chief Executive Officer of the State. The Board's composition as specified must include representatives of the involved State agencies; public and nonprofit private health related organizations; disability advisory or planning groups; members of an organization or foundation representing individuals with TBI; State and local injury control programs if they exist, and a substantial number of individuals with TBI and/or their family members. The grants are called "Implementation Partnership Grants." These grants are to be used in building a statewide system to assure access to comprehensive and coordinated TBI services. Grants can address a wide range of activities and should reflect gaps or needed system change identified through the statewide TBI needs assessment.

Applicant Eligibility:

Only State and Territorial governments are eligible to apply for funding under the TBI grant program. The application for Implementation Partnership funds may only come from the State agency designated as the lead for TBI services. The State maternal and child health program is expected to be involved in the program. Only one application from each State may enter the review process and be considered for an award under this program.

Beneficiary Eligibility:

Individuals with TBI and their families, including those in high risk groups, such as children and youth, the elderly, Native Americans and Alaska natives, military service members and veterans.

Credentials/Documentation:

Applicants should review the individual HRSA funding opportunity announcement issued under this CFDA program for any required proof or certifications which must be submitted prior to or simultaneous with submission of an application package. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. HRSA requires all applicants to apply electronically through Grants.gov.

All qualified applications will be forwarded to an objective review committee.

Based on the advice of the objective review committee, the HRSA program official with delegated authority is responsible for final selection and funding decisions.

Award Procedure:

Notification is made in writing by a Notice of Award.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Final decisions are made approximately 3 to 4 months after receipt of applications.

Appeals:

Not Applicable.

Renewals:

No renewals; grants are approved for up to four years for Implementation Grants.

Formula and Matching Requirements:

This program has no statutory formula.
Matching Requirements: Percent: 50%. States must make available nonfederal cash or in-kind matching funds in an amount that is not less than \$1 for each \$2 of Federal funds provided under the grant.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Awards are made annually in accordance with the project period method of awarding grants. Payments are made through a Letter of Credit or Cash Demand System. Project periods are for 1, 2, 3, or 4 years. See the following for information on how assistance is awarded/released: Grantees drawdown funds, as necessary, from the Payment Management System (PMS). PMS is the centralized web based payment system for HHS awards.

Reports:

Annual Reports are required. Federal financial report cash transaction report. Refer to the funding opportunity announcement. No expenditure reports are required. No performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

Records:

Grantees are required to maintain grant accounting records for 4 years after the date they submit the Federal Financial Report (FFR). If any litigation, claim, negotiation, audit, or other action involving the award has been started before the expiration of the 4-year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 4-year period, whichever is later.

CRITERIA FOR SELECTING PROPOSALS:

Applications are reviewed by nonfederal consultants who make recommendations to the Secretary of the Department. The Secretary will approve projects which best promote the purposes of TBI grants. Review criteria: The following review criteria apply to the State implementation grant: (1) the adequacy of the State's proposed method for linking its Statewide TBI Action Plan to the findings of the statewide needs assessment; (2) the extent to which the proposal reflects the involvement of necessary public/private organizations and agencies to assure a comprehensive approach and the necessary support to aid sustainability (3) the qualifications, experience, and commitment to the program as indicated by time that will be devoted to the program, of the designated lead person for TBI within the State; (4) the extent to which the proposed plan addresses those groups within the State that are at highest risk of sustaining a TBI, including, these groups, identified by the CDC: Children from 0-4, Adolescents from 15-19, the elderly, Native Americans, and other underserved populations. In addition, there should be a plan to assist veterans and service members and their families who request assistance. (5) reasonableness of the proposed budget, and effectiveness of the proposed plan to accomplish the goals and objectives the State has for its TBI program.

93.235 AFFORDABLE CARE ACT (ACA) ABSTINENCE EDUCATION PROGRAM

Abstinence Education Program

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Title V, Section 510 of the Social Security Act.

OBJECTIVES:

To enable States to provide abstinence education, and at the option of the State, where appropriate, mentoring, counseling, and adult supervision to promote abstinence from sexual activity, with a focus on those groups which are most likely to bear children out-of-wedlock. The Affordable Health Care Act (ACA) appropriated funding for this program through FY 2014.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Pursuant to Section 510(b)(2) of Title V of the Social Security Act, the term "abstinence education" means an educational or motivational program that: (A) has as its exclusive purpose, teaching the social, psychological, and health gains to be realized by abstaining from sexual activity; (B) teaches abstinence from sexual activity outside marriage as the expected standard for all school age children;

(C) teaches that abstinence from sexual activity is the only certain way to avoid out-of-wedlock pregnancy, sexually transmitted diseases, and other associated health problems;

(D) teaches that a mutually faithful monogamous relationship in the context of marriage is the expected standard of human sexual activity;

(E) teaches that sexual activity outside of the context of marriage is likely to have harmful psychological and physical effects;

(F) teaches that bearing children out-of-wedlock is likely to have harmful consequences for the child, the child's parents, and society;

(G) teaches young people how to reject sexual advances and how alcohol and drug use increases vulnerability to sexual advances; and

(H) teaches the importance of attaining self-sufficiency before engaging in sexual activity.

Applicant Eligibility:

Funds are allotted to 59 States and Territories to enable them to carry out abstinence education programs. Eligible applicants include the 50 United States, the District of Columbia, Puerto Rico, Virgin Islands, Guam, American Samoa, Northern Mariana Islands, Micronesia, the republic of the Marshall Islands, and the Republic of Palau.

Beneficiary Eligibility:

School-age girls and boys, adolescents, at-risk populations subject to out-of-wedlock births, parents, youth serving professionals and families.

Credentials/Documentation:

A signed letter from the authorized representative must accompany each application; it should include documentation establishing the authorized representative's authority to apply for and administer the Abstinence Education grant program funds on behalf of the State or Territory. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. Application procedures will be given in the Funding Opportunity Announcement (FOA).

Award Procedure:

ACF will recruit and train Federal staff and contractors to review State applications. Program administrators will review observations and comments of reviewers to assure they are in compliance with guidelines and Federal law. Applications will be rated Approved, Approved with Conditions, or Approval Pending. States that submit applications that are Approved will receive grant awards and will not need to send further information. States that submit applications that are Approved with Conditions will receive grant awards with descriptions of weaknesses and subsequent conditions that must be met in order to receive Approved status. The applicants will be given a set time period to send to ACF a response that addresses the conditions. States that submit applications that are rated Approval Pending will receive a list of weaknesses cited by the reviewer and directions for submitting an amended application that addresses the weaknesses. The State will not receive a grant award until the State submits a satisfactory application. The applicants will be notified of a final due date for submission of a satisfactory application.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 30 to 60 days.

Appeals:

Not Applicable.

Renewals:

From 90 to 120 days.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: Percent: 75.%. There is a required match of 3 nonfederal dollars for every 4 federal dollars. For example, if a states federal award is \$100,000, the State must provide a match of \$75,000, which would represent 43% of the total project cost of \$175,000 (counting both federal grant and state match). The match can be reached by use of state dollars, local government dollars, private dollars including foundation dollars, in-kind support, or any combination thereof. This program does not have MOE requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

In accordance with Section 503 of the Social Security Act, Any amount payable to a State under this title from allotments for a fiscal year which remains unobligated at the end of such year shall remain available to such State for obligation during the next fiscal year. For example, funds appropriated and allocated to the States in FY 2009 (starting October 1, 2008) are available for obligation and expenditures through September 30, 2010. Two-year budget periods are contingent upon Congressional re-authorization or the continued extension of the authorization and funding of the program. Method of awarding/releasing assistance: quarterly. Method of awarding/releasing assistance: quarterly.

Reports:

Progress reports and financial expenditure reports are required. The SF-425 is required. Specific guidance regarding data to be reported will given in the program announcement. Program guidelines allow States to expend abstinence education funds over a two-year period. An interim Financial Status Report (SF-425) is due semi-annually, and a final fiscal report is due 90 days after the end of the project period. Performance monitoring occurs by reviewing program progress reports, conducting monitoring phone calls and conducting monitoring site visits.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. As described in Title V, Section 506(b)(1) of the Social Security Act, each state shall, not less often than once every 2 years, audit its expenditures from amounts received under this title.

Records:

Records of the recipient shall be made available to the Secretary to secure an accurate description of the activities for which funds were spent in achieving the purposes of this section. States shall make available copies of reports and audits for public inspection within the State. Within 30 days following the completion of each audit report, the State shall submit a copy of that audit report to the Secretary.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

The uses are to strengthen State health agency environmental health programs. Services include public health assessments, consultations, exposure investigations, health education, and follow-up health investigations/studies. Funds may be expended for reasonable program purposes, such as personnel, travel, supplies and services. Funds for contractual services may be requested. However, the awardee, as the direct and primary recipient of PHS grant funds, must perform a substantive role in carrying out project activities and not merely serve as a conduit for an award to another party or provide funds to an ineligible party. Equipment may be purchased with cooperative agreement funds; however, the equipment must meet applicable Federal requirements. These funds may not be used by the recipient to conduct activities at any Federal site where the State is a party to litigation at the site.

Applicant Eligibility:

Eligible applicants are the official public health agencies of States or their bona fide agents or instrumentalities, to include the District of Columbia, American Samoa, the Commonwealth of Puerto Rico, the Virgin Islands, the Federated States of Micronesia, Guam, the Northern Marina Islands, the Republic of the Marshall Islands, and the Republic of Palau, and the Federally- recognized Indian tribal governments.

Beneficiary Eligibility:

Beneficiaries are individuals and/or families living in communities near or in proximity of Superfund sites.

Credentials/Documentation:

. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. This program is excluded from coverage under OMB Circular No. A-110. Applicants must use application Form PHS 5161-1. Application packets are available from: Grants Management Branch, Procurement and Grants Office, Centers for Disease Control and Prevention, 2920 Brandywine Rd., Room 3000, Mailstop K-75, Atlanta, GA 30341. By formal agreement, the CDC Procurement and Grants Office will act for and on behalf of ATSDR on this matter.

Award Procedure:

The Assistant Administrator, ATSDR, determines applications to be approved and the priorities for funding. When an application is approved for funding, the Grants Management Officer, CDC, acting as the agent for ATSDR, will prepare a Notice of Award.

CRITERIA FOR SELECTING PROPOSALS:

Applications for core activities only were reviewed and evaluated based on the following criteria: (1) Proposed Program: (a) Merit scientific and technical merit of the proposed project to perform public health assessments, consultations, exposure investigations, health education and public health studies consistent with ATSDR guidance and in a timely manner. Applicant's ability to evaluate the public health impact of hazardous waste sites using health, environmental, and demographic data, and health-related concerns from the local community. (b) Requirements Applicant's understanding of the requirements, objectives, and complexities of the interactions required for a successful program. c) Collaboration Applicant's plan to collaborate with

political and private subdivisions of Federal, State, and local health and environmental agencies and community groups to obtain information needed for evaluating the public health impact of hazardous waste sites, disseminate results of findings, and prevent exposure if identified. (2) Program Personnel: The principal investigator or project director and his/her ability to devote time and effort to provide effective leadership, and the qualifications of the support staff. (3) Applicant Capability: Adequacy and commitment of institutional resources, facilities, space, and equipment necessary for conducting the project are available and sufficient. (4) Program Budget: Extent to which the budget is reasonable, clearly justified, and consistent with intended use of funds. The priority order for funding cooperative agreements was as follows: (a) Number of proposed and/or listed National Priority List (NPL) sites (Federal and nonfederal) based on the most current EPA list, (b) number of Comprehensive Environmental Response, Compensation, and Liability Information System (CERCLIS) sites (Federal and nonfederal) based on the most current EPA list; (c) applicants who applied for both Core Activities and optional Activities; and (d) geographic distribution across the United States. (5) Human Subjects: Applicant's plan for adequate protection of human subjects. Applications for conducting Core Plus Optional Activities were reviewed and evaluated based on the following criteria: Proposed Program: In addition to the criteria outlined above for Core Activities, the applicant had to indicate an understanding of and capability for conducting human health studies as contained in the proposed site-specific protocol which had to include: (a) The approach, feasibility, adequacy, and rationale for the proposed study design, (b) the technical merit of the proposed study, (c) the proposed timeline, including measurable objectives, (d) proposed method for disseminating the results of the study.

93.241 STATE RURAL HOSPITAL FLEXIBILITY PROGRAM

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Continuing Appropriations Act, 2011 (P.L. 111-242); Title XVIII, Section 1820 (g)(6) of the Social Security Act (42 U.S.C. 1395i-4), as amended by Sec. 4201 (a) of P.L. 105-33; and Sec. 121 of the Medicare Improvement for Patients and Providers Act of 2008, P.L. 110-275.

OBJECTIVES:

The Medicare Rural Hospital Flexibility Grant Program provides funding to state governments to spur quality and performance improvement activities; stabilize rural hospital finance; and integrate emergency medical services (EMS) into their health care systems. Flex funding encourages the development of cooperative systems of care in rural areas -- joining together Critical Access Hospitals (CAHs), EMS providers, clinics, and health practitioners to increase efficiencies and quality of care.

The Medicare Rural Hospital Flexibility Program Evaluation Cooperative Agreement and Information Services to Rural Hospital Flexibility Program Grantees provide technical assistance, support, monitoring and evaluation to the State Rural Hospital Flexibility Program grantees and Critical Access Hospitals.

The Rural Veterans Health Access Program provides funding to states to develop and strengthen networks and collaborations for health care organizations to meet the needs of rural veterans targeting states with high percentages of veterans to the total population.

The Delta Health Initiative (DHI) Cooperative Agreement Program addresses longstanding unmet rural health needs (access to health care, health education, research, job training, and capital improvements) of the Delta Region in the State of Mississippi.

TYPES OF ASSISTANCE:

Formula Grants (Cooperative Agreements); PROJECT GRANTS

USES AND USE RESTRICTIONS:

All funds awarded are to be expended solely for the purposes outlined in the approved projects.

Applicant Eligibility:

Flex and Rural Veterans Grants: Only States with certified Critical Access Hospitals are eligible for this Grant Program. The Governor designates the eligible applicant from each State. All other States need to submit an application to the Regional Administrator of their CMS Regional Office that expresses the State's interest in developing a Medicare Rural Hospital Flexibility Program before they can apply for grant funds.

Medicare Rural Hospital Flexibility Program Evaluation Cooperative Agreement: Eligible applicants include public and private nonprofit entities. Faith-based and community organizations are eligible to apply for this cooperative agreement. Applicants must have experience in analyzing rural health issues as defined by the following: key staff for the project must have authored or co-authored at least two articles about rural health published in peer-reviewed scientific journal(s) (such as Journal of Rural Health, American Journal of Public Health, Journal of Aging and Health). Applicants that fail to show such experience will not be considered.

Information Services to Rural Hospital Flexibility Program: Any public or private entity is eligible to apply for this Federal funding opportunity. Applicant organizations that are Federally-recognized Native American Tribes or Tribal organizations are eligible to apply. Faith-based and community-based organizations are eligible to apply for this cooperative agreement.

Delta Health Initiative: To be eligible an organization must be a non-Federal, not-for-profit alliance that demonstrates the capacity to determine what programs/projects would have the greatest bearing on reducing health care disparities, along with experience in diabetes education, disease management protocols, other health education practices and wellness attainment strategies for promoting healthy communities in the MS Delta Region.

Beneficiary Eligibility:

States with at least one hospital located in a non-metropolitan statistical area or county and provides CMS with necessary assurances.

Delta Health Initiative - A not-for-profit, non-governmental organization operating in an alliance in the Delta Region of MS.

Credentials/Documentation:

Applicants should review the individual HRSA funding opportunity announcement issued under this CFDA program for any required proof or certifications which must be submitted prior to or simultaneous with submission of an application package. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. HRSA requires all applicants to apply electronically through Grants.gov.

All qualified applications will be forwarded to an objective review committee. Based on the advice of the objective review committee, the HRSA program official with delegated authority is responsible for final selection and funding decisions.

Award Procedure:

Notification is made in writing by a Notice of Award.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 3 to 5 months.

Appeals:

Not Applicable.

Renewals:

The Medicare Rural Hospital Flexibility Grant Program awards may be made for up to 5-year project periods. Subject to availability of funds, after initial awards, projects may be renewed non-competitively contingent upon submission and approval of an application, availability of appropriated funds, and awardees satisfactory performance.

Medicare Rural Hospital Flexibility Program Evaluation Cooperative Agreement awards may be made for up to 5-year project periods. Subject to availability of funds, after initial awards, projects may be renewed non-competitively contingent upon submission and approval of an application, availability of appropriated funds, and awardees satisfactory performance.

Information Services to Rural Hospital Flexibility Program Grantees- awards may be made for up to 5-year project periods. Subject to availability of funds, after initial awards, projects may be renewed non-competitively contingent upon submission and approval of an application, availability of appropriated funds, and awardees satisfactory performance.

The Rural Veterans Health Access Program awards may be made for up to 3-year project periods. Subject to availability of funds, after initial awards, projects may be renewed non-competitively contingent upon submission and approval of an application, availability of appropriated funds, and awardees satisfactory performance.

Delta Health Initiative Cooperative Agreement Program- awards may be made for up to 3-year project periods. Subject to availability of funds, after initial awards, projects may be renewed non-competitively contingent upon submission and approval of an application, availability of appropriated funds, and awardees satisfactory performance.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Awards are made annually. Funds are available to grantees on an as needed basis throughout the budget period and payments are made through the DHHS Payment Management System. See the following for information on how assistance is awarded/released: Grantee drawdown funds, as necessary, from the Payment Management System (PMS). PMS is the centralized web based payment system for HHS awards.

Reports:

A performance progress report is submitted with each noncompeting continuation application. A financial status report is to be submitted within 90 days after the close of the budget period. An annual data report is due within 30 days of the end of the budget period. A final program report is to be submitted within 90 days after the close of the project period. In addition, grantees are required to participate in a national program evaluation. No cash reports are required. Refer to funding opportunity announcement. No expenditure reports are required. No performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

Records:

Grantees are required to maintain grant accounting records for 3 years after the date they submit the Federal Financial Report (FFR). If any litigation, claim, negotiation, audit, or other action involving the award has been started before the expiration of the 3-year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

93.242 MENTAL HEALTH RESEARCH GRANTS

FEDERAL AGENCY:

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

Small Business Research and Development Enhancement Act of 2000; Public Health Service Act, Title III, Section 301, 42 U.S.C 241.

OBJECTIVES:

To support research and research training to understand the biological, psychological, and functional changes that are involved in the causes and course of mental illness; to hasten the translation of science advances into innovations in clinical care; to conduct studies of the risk factors for major psychiatric disorders; to conduct clinical neuroscience studies to elucidate causes and functional effects of these disorders; to conduct research on psychosocial, pharmacological, and somatic treatment development; to support research and research training with the ultimate goal of preventing and curing mental disorders that originate in childhood and adolescence; to conduct research across basic behavioral/psychological processes, environmental processes, brain development, genetics, developmental psychopathology, and therapeutic interventions; to translate knowledge from basic science to discover the developmental origins of mental disorders and effect their prevention and cure. To provide support for integration of research on neurobehavioral mechanisms of psychopathology; understanding of the trajectories of risk/illness; and the design and testing of innovative and personalized treatments. To support research in the areas of basic neuroscience, genetics, basic behavioral science, research training, resource development, technology development, drug discovery, and research dissemination; to support studies that will generate relevant basic science knowledge which can then be utilized to improve diagnosis, treatment, and prevention of mental and behavioral disorders; to support research to evaluate the effectiveness of pharmacologic, psychosocial, rehabilitative, and combination interventions on mental and behavior disorders; to evaluate interventions for children, adolescents, and adults, focusing on acute and long-term therapeutic effects; to conduct mental health services research, including studies of services organization and delivery; interventions to improve the quality and outcomes of care; and research on the dissemination and implementation of evidence-based interventions into service settings; to develop and disseminate behavioral interventions that prevent HIV/AIDS transmission; to clarify the biological, psychological, and functional mental health effects of HIV/AIDS infection and alleviate the associated consequences. Research supported by the National Institute of Mental Health may employ theoretical, laboratory, clinical, epidemiological, and field studies. Studies may involve individuals with a mental disorder diagnosis, individuals with symptom levels that do not meet diagnostic thresholds, and healthy individuals of all ages. Research also may involve animal, computational, and mathematical models appropriate to the system being investigated and the state of the field. Areas eligible for research support are: basic and clinical neuroscience; genetics; geriatrics research; adult psychopathology; experimental therapeutics; developmental, behavioral, clinical, and epidemiological research relevant to mental disorders, behavioral disorders, and HIV/AIDS, in terms of the causes, prevention, treatment, and service delivery; basic (brain and behavior), clinical, and services research on the mental health problems of women, minorities, and rural populations; and research designed to reduce and eliminate mental health disparities both within and outside the United States.

TYPES OF ASSISTANCE:

Cooperative Agreements; Project Grants

USES AND USE RESTRICTIONS:

(1) Research project grants provide support for clearly defined projects by a named investigator in an area representing his/her specific interests and competencies. (2) Exploratory/Development and Clinical Exploratory/Developmental Grants encourage the development of new research activities in categorical program areas; (3) Small Research Grants provide research support specifically limited in time and amount for studies in categorical program areas; (4) Collaborative Clinical Research Grants support

evaluations of various methods of therapy and/or prevention; (5) Program Project and Center grants support large-scale, broad-based programs of research, usually interdisciplinary, consisting of several projects with a common focus; and (6) Cooperative Agreements support single or a group of related research activities with greater involvement of federal staff. Standard small grants are limited to \$50,000 direct costs for a period of 2 years or less, while other small grants are for less time and funds. SBIR and STTR grants are awarded in two stages: Phase I grants are awarded to establish the technical merit and feasibility of a proposed research and development effort; only Phase I awardees are eligible to receive Phase II support.

Applicant Eligibility:

Public, private, profit, or nonprofit agencies (including State and local government agencies), eligible Federal agencies, universities, colleges, hospitals, and academic or research institutions may apply for research grants. SBIR grants can be awarded only to domestic small businesses, and STTR grants can be awarded only to domestic small businesses which "partner" with a research institution in cooperative research and development. For further definitions, requirements, and restrictions see the SBIR and STTR Omnibus Solicitations of the NIH, CDC, and FDA for SBIR and STTR Grant Applications.

Beneficiary Eligibility:

Public, private, profit, or nonprofit organizations.

Credentials/Documentation:

For-profit organizations' costs will be determined in accordance with 48 CFR, Subpart 31.2 of the Federal Acquisition Regulations. For all other grantees, costs will be determined in accordance with HHS Regulations 45 CFR, Part 74, Subpart Q. For SBIR and STTR grants, applicant organization (small business concern) must present in a research plan an idea that has potential for commercialization and furnish evidence that scientific competence, experimental methods, facilities, equipment, and funds requested are appropriate to carry out the plan. Instructions for electronic submission may be found with the federal SF424 (R&R) form packages that are found in the SBIR/STTR funding opportunity announcements. Instructions are provided for SBIR Phase I and Phase II awards, respectively; as well as for STTR Phase I and Phase II awards, respectively. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. Most applications must be prepared and submitted electronically. Most applicants use the SF 424 (Research & Related) for electronic submission. Information about the SF 424 form may be found on <http://grants.nih.gov/grants/funding/424/index.htm>, but application packages should be accessed through the appropriate funding opportunity announcement, found either on the NIH Guide to Grants and Contracts (<http://grants1.nih.gov/grants/guide/index.html>) or through the Grants.gov website (<http://www.grants.gov/>). Some institutions may submit the grant data directly (using what is called a system-to-system transfer). For further details, see grants.gov or eRA Commons. Application forms for SBIR and STTR grants may be obtained through the SBIR/STTR funding announcements posted on the NIH Guide to Grants and Contracts and the Grants.gov sites (see URLs listed above). All SBIR and STTR applications must be submitted electronically. The timeline for transition to electronic applications and the new forms may be found at: <http://era.nih.gov/ElectronicReceipt/>. For further assistance contact GrantsInfo, Telephone (301) 435-0714, Email: GrantsInfo@nih.gov.

Consultation on a proposed project may be obtained from the NIMH branch or office responsible for the research area of interest. Applications are reviewed by principally nonfederal consultants recruited nationwide from the mental health field. The amounts of the award and period of support are determined on the basis of merit of the project and the nature of the grant mechanism. Electronic applications are submitted through the Grants.gov website.

Award Procedure:

All applications for research grants, cooperative agreements, SBIR and STTR grants are evaluated for scientific and technical merit by an appropriate scientific peer review panel and by the National Advisory Mental Health Council. All competitive applications compete for available funds on the basis of scientific and technical merit, program relevance, and program balance. All SBIR and STTR applications receiving a priority score compete for set-aside funds on the basis of scientific and technical merit and commercial potential of the proposed research, program relevance, and program balance among the areas of research.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

> 180 Days. Applications: From 240 to 270 days from submission of application. SBIR/STTR applications: About 7- 1/2 months; Mental Health Education Programs and Various/Small Grants: From 5 to 6 months. AIDS-related research is determined in 180 days.

Appeals:

A principal investigator may question the substantive or procedural aspects of the review of his/her application by communicating with the staff of the Institute. A description of the NIH Peer Review Appeal procedures is available on the NIH homepage <http://grants.nih.gov/grants/guide/notice-files/NOT-OD-11-064.html>.

Renewals:

Support is recommended for a specified project period, not in excess of 5 years. Prior to termination of a project period, the grantee may apply for renewal of support for a new project period. An application for renewal is processed as a new competing request. Small grants, exploratory, and dissertation grants are for 1-3 years (depending on program) and are not renewable.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Varies, with a project periods ranging from 1 to 5 years. Funding commitments are made annually. SBIR: Generally, Phase I awards are for 6 months, and Phase II awards are for 2 years. STTR: Generally, Phase I awards are for 1 year and Phase II awards are for 2 years. Information on how assistance is awarded/released: A formal notification in the form of a Notice of Award (NoA) will be provided to the applicant organization. See the following for information on how assistance is awarded/released: A formal notification in the form of a Notice of Award (NoA) will be provided to the applicant organization.

Reports:

No program reports are required. No cash reports are required. Reports must be submitted as follows: (1) Interim progress reports annually as part of a non-competing application for previously recommended support; (2) terminal progress report within 90 days after end of project support; (3) annual financial status report within 90 days after termination of annual grant for some programs. In addition, immediate and full reporting of any inventions is required. No performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. In addition, grants and cooperative agreements are subject to inspection and audits by DHHS and other Federal government officials. Per the regulations, a for-profit (commercial) organization is subject to audit requirements for a non-Federal audit if, during its fiscal year, it expended \$500,000 or more under HHS awards and at least one award is a HHS grant. For-profit organizations have two options regarding the type of audit that will satisfy the audit requirements either: (1) a financial related audit

(as defined in the Government Auditing Standards, GPO Stock #020-000-00-265-4, <http://www.gao.gov/govaud/ybk01.htm>) of the HHS awards in accordance with Government Auditing Standards, or (2) an audit that meets the requirements contained in OMB Circular No. A-133(<http://www.whitehouse.gov/OMB/circulars/a133/a133.html>).

Records:

Records must be retained at least 3 years; records shall be retained beyond the 3-year period if audit findings have not been resolved.

93.243 SUBSTANCE ABUSE AND MENTAL HEALTH SERVICES PROJECTS OF REGIONAL AND NATIONAL SIGNIFICANCE

(PRNS)

FEDERAL AGENCY:

Substance Abuse and Mental Health Services Administration, Department of Health and Human Services

AUTHORIZATION:

Children's Health Act of 2000, Section 520 A-J,581,582, Public Law 106-310; Public Health Service Act, Title V, Section 509; 516, 42 U.S.C 290bb.

OBJECTIVES:

Substance Abuse and Mental Health Service Administration (SAMHSA) was reauthorized by the Children's Health Act of 2000, Public Law 106-310. Under this reauthorization, SAMHSA was given the authority to address priority substance abuse treatment, prevention and mental health needs of regional and national significance through assistance (grants and cooperative agreements) to States, political subdivisions of States, Indian tribes and tribal organizations, and other public or nonprofit private entities. Under these sections, CSAT, CMHS and CSAP seek to expand the availability of effective substance abuse treatment and recovery services available to Americans to improve the lives of those affected by alcohol and drug addictions, and to reduce the impact of alcohol and drug abuse on individuals, families, communities and societies and to address priority mental health needs of regional and national significance and assist children in dealing with violence and traumatic events through by funding grant and cooperative agreement projects. Grants and cooperative agreements may be for (1) knowledge and development and application projects for treatment and rehabilitation and the conduct or support of evaluations of such projects; (2) training and technical assistance; (3) targeted capacity response programs (4) systems change grants including statewide family network grants and client-oriented and consumer run self-help activities and (5) programs to foster health and development of children; (6) coordination and integration of primary care services into publicly-funded community mental health centers and other community-based behavioral health settings funded under Affordable Care Act (ACA).

CRITERIA FOR SELECTING PROPOSALS:

There are three (3) review criteria for the Geriatric Academic Career Award:

A. Career Development Plan (Maximum Value: 32 points; 4 points per each):

Extent to which the applicants career goals as identified in the career development plan meet the purpose of the Geriatric Academic Career Award to develop into an academic geriatrician who emphasizes teaching geriatrics, including teaching interprofessional teams.

1. Clear acknowledgement that the applicant will uphold the special administrative procedures of the GACA Program (please refer to pages 12-13 of the application guidance).
2. The extent to which the applicant identifies a five-year outcome that will enhance academic clinical geriatrics and the individuals own career as an academic geriatrician.
3. The specificity of objectives and plans for achieving the overall goal as an academic geriatrician.
4. The extent to which identified objectives and specific plans are likely to lead to meeting the career goal.
5. The specific and detailed interprofessional education plan to train others health professionals in clinical geriatrics.
6. The extent to which specific plans will result in educational publication opportunities and productivity in national professional societies.
7. The extent to which specific plans will result in a) meeting the statutory service requirement (75% time pursuing the goals of the GACA), b) interacting with and learning from other clinician-educators locally and nationally, c) obtaining the necessary pedagogical skills to achieve career goals, and d) addressing HRSA's cultural and linguistic competence.
8. The quality of the applicants plan for assessing his or her own progress toward meeting career goals, including his or her effectiveness as a teacher.

B. Applicants Training and Experience (Maximum Value: 38 points):

The purpose of the GACA is to promote the career development of junior faculty as academic geriatricians. Therefore, applicants should demonstrate that they are early in their academic career as junior faculty member. The extent to which the applicants training and experience will contribute to the achievement of the goals, objectives, and plans described in the applicants Career Development Plan.

1. Length of time as a faculty member (8 points, the longer the time in a junior faculty position, the lower number of points should be awarded).
2. New GACA applicant who never received funding as a GACA recipient (10 points)
3. Fellowship experience (4 points)
4. Clinical experience (4 points)
5. Teaching experience (4 points)
6. Evidence of commitment to geriatrics through educational publications (4 points)

93.251 UNIVERSAL NEWBORN HEARING SCREENING

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Section 399M of the PHS Act, (42 U.S.C. 280g-1), as amended by the Early Hearing Detection and Intervention Act of 2010.

OBJECTIVES:

This program supports state programs for reducing the loss to follow-up of infants who have not passed a physiologic newborn hearing screening examination prior to discharge from the newborn nursery. Although more than 95% of newborns are screened for hearing loss in the first few days of life, nationally about 20-40% of infants for whom further assessment is indicated cannot be documented as having appropriate follow-up. This funding opportunity is to initiate new activities to significantly reduce this loss to follow-up. Support is also provided to one national technical resource center.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

This program supports state programs for reducing the loss to follow-up of infants who have not passed a physiologic newborn hearing screening examination prior to discharge from the newborn nursery. 93.255 CHILDREN'S HOSPITALS GRADUATE MEDICAL EDUCATION PAYMENT

CHGME Payment Program

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Section 340E of the Public Health Service Act (42 U.S.C. 256e), as amended by the Children's Hospital GME Support Reauthorization Act of 2006.

OBJECTIVES:

The Children's Hospitals Graduate Medical Education (CHGME) Payment Program provides funds to children's teaching hospitals to support the training of pediatric and other residents in graduate medical education (GME) programs. Federal funding for graduate medical education (GME) is extensively provided by the Centers for Medicare and Medicaid Services (CMS). Prior to the enactment of the CHGME Payment Program, children's teaching hospitals received a disproportionately low amount of this Federal funding when compared to teaching hospitals that serve adult patients. The purpose of the CHGME Payment Program is to compensate for the disparity in the level of Federal funding for pediatric teaching hospitals versus other types of teaching hospitals. The CHGME Payment Program is administered by the Bureau of Health Professions (BHP), Health Resources and Services Administration (HRSA), Department of Health and Human Services (DHHS).

TYPES OF ASSISTANCE:

Formula Grants

USES AND USE RESTRICTIONS:

Funds are restricted to eligible children's hospitals for direct expenses and the other indirect expenses associated with operating approved graduate medical residency programs. See above for additional information.

Applicant Eligibility:

Applicants (children's teaching hospitals) must meet the following eligibility requirements in accordance with the Federal Register Notice, Vol. 66, No. 41 published on March 1, 2001: (1) Participate in an approved graduate medical education program; (2) have a Medicare provider agreement as defined by section 340E(g)(2) of the PHS Act; (3) be excluded from the Medicare Inpatient Prospective Payment System (PPS) under Section 1886(d)(1)(B)(iii), of the Social Security Act and its accompanying regulations; and (4) be a "freestanding" children's hospital.

Beneficiary Eligibility:

Any public or private nonprofit and profit children's teaching hospital with an accredited residency training program which meets all eligibility requirements may apply.

Credentials/Documentation:

Applicants should review the individual HRSA funding opportunity announcement issued under this CFDA program for any required proof or certifications which must be submitted prior to or simultaneous with submission of an application package. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under

E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. This program is excluded from coverage under OMB Circular No. A-110. HRSA will use a two-tier submission process for the CHGME applications via Grants.gov and the HRSA's EHBs.

Phase 1. Grants.gov application - Standard Form SF-424 R&R and HHS Checklist Form HHS-5161 must be submitted via <http://www.Grants.gov>

Phase 2. HRSA's EHBs: registration and applications must be complete and successfully submit through HRSA's EHB. Please note that applicants can only begin Phase 2 in HRSA's EHBs after Phase 1 in Grants.gov has been completed by the applicable due date and HRSA has assigned the application a tracking number.

Documents for Phase 2 are available electronically via the CHGME Payment Program web site at <http://www.bhpr.hrsa.gov/childrenshospitalgme/>.

All qualified applications are reviewed by HRSA Staff. The CHGME Payment Program statute requires a yearly assessment of the full-time resident counts reported by children hospitals. Fiscal intermediaries working under contract to HRSA, assess those reported counts. Final grant payment determinations are based on the final audited numbers.

Award Procedure:

Notification is made in writing by a Notice of Grant Award (NGA).

Section 340E(a) requires the Secretary of DHHS to make payments for direct and indirect expenses associated with operating approved graduate medical residency training programs for each fiscal year. The two statutory formulas (direct medical education and indirect medical education) outline payments to eligible children's teaching hospitals.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Not Applicable.

Appeals:

Hospitals can appeal the determination of FTE resident counts by CHGME fiscal intermediaries to the Provider Reimbursement Review Board (PRRB) under section 1878 of the Social Security Act.

Renewals:

Eligible children's hospitals must complete a CHGME Payment Program application for inclusion in the program for each fiscal year that they are applying for funds. They must also submit a reconciliation application that will reflect the Secretary determination of the Final FTE resident counts carried out by CHGME fiscal intermediaries led by the Blue Cross and Blue Shield Association (BCBSA). The BCBSA is under contract to the Bureau of Health Professions (BHP) to conduct the assessments of residents counts reported by children's hospitals on their initial applications for funds.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

In accordance with the Healthcare Research and Quality Act, 1999, Public Law 106-129, the Secretary of DHHS shall determine the number of resident FTE counts before the beginning of each fiscal year that payments are made for a hospital. The amounts of the payments for direct and indirect medical education are made to each hospital in 12 equal interim installments during the Federal fiscal year. The Children's Health Act, Public Law 106-310, amends the length of the CHGME Payment Program through fiscal year 2005. Public Law 109-307 re-authorizes the program, through fiscal year 2011. See the following for information on how assistance is awarded/released: Both interim payments (prior to audits) and final payments are computed using a zero sum gain

payment model. The calculations of both direct and indirect graduate medical education payments are formula based. Once payments are determined, grantees drawdown funds, as necessary, from the Payment Management System (PMS). PMS is the centralized web based payment system for HHS awards.

Reports:

Public Law 109-307 requires children's hospitals receiving CHGME payments to submit an annual report that focuses on their GME training program. The Department required to submit a report to Congress by 2011. The children's hospitals comply with the Government Performance Result Act (GPRA) and submit performance data each fiscal year as part of their reconciliation applications for funds. No cash reports are required. No progress reports are required. No expenditure reports are required. Performance monitoring is not applicable.

Audits:

This program is excluded from coverage under OMB Circular No. A-133. DHHS, or any other authorized Federal agency, may conduct an audit to determine whether the applicant has complied with all governing laws and regulations in its application for funding. Any and all information submitted to DHHS by an applicant or participating hospital during or after the award of funds is subject to review in an audit. Eligible hospitals are subjected to the terms of the Full-Time Equivalent Assessment Process Guidance and Assessments which is available electronically via CHGME Payment Program web site noted in Application Procedure above.

Records:

Grantees are required to maintain grant accounting records for 3 years after the date they submit the Federal Financial Report (FFR). If any litigation, claim, negotiation, audit, or other action involving the award has been started before the expiration of the 3-year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

93.256 STATE HEALTH ACCESS PROGRAM

SHAP - State Health Access Program

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Section 301 of the Public Health Service Act, as amended (42 U.S.C. 241(a)); Public Law 111-8.

OBJECTIVES:

The purpose of the State Health Access Program is to support States that demonstrate they are ready to implement a program design which provides the uninsured with access to health insurance. The overarching program goal is to provide support to States to implement program designs already developed which provide access to affordable health care coverage to all or a segment of the uninsured citizens in a State.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

The purpose of the State Health Access Program (SHAP) is to support States that are ready to implement a program design to provide the uninsured with access to affordable health care coverage. Eligible States will be required to demonstrate that they have achieved the key State and local statutory or regulatory changes required to implement the new program within twelve months of the grant start date. The types of activities that can be supported through this grant can be widely varied, including but not limited to: three share community coverage (employer, State or local government, and the individual); reinsurance plans that subsidize a certain share of carrier losses within a certain risk corridor; subsidized high risk insurance pools; health insurance premium assistance; creation of a State insurance connector authority to develop new, less expensive, portable benefit packages for small employers and part-time and seasonal workers; development of statewide or automated enrollment systems for public assistance programs; health savings accounts; and innovative strategies to insure low-income childless adults. States may choose to implement one activity or a combination of activities. Other innovative programs that expand insurance to a targeted or comprehensive uninsured population will also be considered.

The majority of awarded funds are to be spent directly on implementation activities to start up program operations that are important to the implementation of the health care coverage program. Examples could include funding the administration of a connector model, designing or expanding a management information system to enhance enrollment capacities, development and dissemination of outreach and enrollment materials, development of a comprehensive website which facilitates education of and enrollment into the program, or to pay the start up costs of providing premium subsidies to those eligible for the program.

The intention behind the funding of these types of activities is to demonstrate how a state can significantly increase the States health care coverage under an expansion program. For example, the funded activity may result in an important increase in enrollment or a measurable improvement in progress

toward attracting hard to reach target populations. Thus, an evaluation plan must be included in the application which describes the evaluation design and data collection methods to be used.

Two types of State grants are available under this program: 1) targeted grants of \$2-4 million a year for a 5 year grant period for States focusing health coverage initiatives on a limited sub population(s); and 2) grants of \$7-10 million a year for a 5 year grant period for States planning more comprehensive coverage initiatives .

Applicant Eligibility:

States and US Territories and Possessions.

Eligible applicants are any public State entity designated by the Governor of that State. The Governor must be the requestor of the grant and only one entity per State is permitted to apply. For purposes of this grant program, the term State refers to any of the 50 States, the District of Columbia, Guam, the Commonwealth of Puerto Rico, the Northern Mariana Islands, the Virgin Islands, American Samoa, and the Trust Territory of the Pacific Islands.

Beneficiary Eligibility:

See above.

Credentials/Documentation:

A letter signed by an authorized individual on behalf of the lead State agency or organization designated by the Governor must be included. The letter should indicate the potential grants principal contact person, the amount of funding requested, and the names of all agencies and organizations participating in the proposed program. The project must be directed by a component of State government.

Applicants should review the individual HRSA funding opportunity announcement issued under this CFDA program for any required proof or certifications which must be submitted prior to or simultaneous with submission of an application package. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. Grant applications and required forms for this program can be obtained from Grants.gov. Please visit the Grants.gov Web site at www.grants.gov to both find and apply for all Federal grant opportunities. All qualified applications will be forwarded to an objective review committee. Based on the advice of the objective review committee, the HRSA program official with delegated authority is responsible for final selection and funding decisions.

Award Procedure:

Each of the applications will undergo an eligibility and conformance review by Federal staff at the State Health Access Program Office. Applications that meet the eligibility and conformance review criteria will be assigned to members of an Objective Review Committee (ORC) that will review them based on the evaluation criteria listed in the application guidance. The results of the ORC reviews will be shared with the Associate Administrator, Healthcare Systems Bureau, who will make the final decisions. Notification is made in writing by a Notice of Award.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

The time required for the applications to be approved or disapproved is projected to be 90 days.

Appeals:

Not Applicable.

Renewals:

Applicants responding to this announcement may request funding for a project period of up to five (5) years. Renewals will be determined by the Associate

Administrator, Healthcare Systems Bureau. Extensions must be requested in writing addressed to the Grants Management Specialist.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program.
Matching Requirements: Percent: 20%. States shall be required to demonstrate their seriousness of intent by matching twenty (20) percent of the Federal grant through non-Federal resources, which could be a combination of State, local, and private dollars from insurers, providers, and other private organizations. Waiver of the matching requirement shall be possible if financial hardship is demonstrated. Evidence of financial hardship should be strongly supported through a letter from the States Budget or fiscal Officer with thorough justification provided. In addition, States are required to demonstrate their ability to financially sustain the health care coverage program without Federal grant funding after the five-year grant period. .
MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Funds are available to grantees on an as needed basis throughout the budget period and payments are made through the DHHS Payment Management System. Proposals will be evaluated to determine which would best promote the purposes of the authorizing legislation, taking into account: (1) The increase in delivery of services to people, particularly low-income groups, with a high percentage of unmet need for family planning services; (2) the promise of the program to fulfill the family planning services needs of the area to be served; (3) capacity to use assistance rapidly and effectively; (4) the administrative and management capability and competence of the applicant; (5) competence of the project staff; and (6) compliance with pertinent regulations and guidelines.

**93.262 OCCUPATIONAL SAFETY AND HEALTH PROGRAM
FEDERAL AGENCY:**

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

Federal Mine Safety and Health Act, Section 501(a), 30 U.S.C 1(NOTE) & 951(a); Occupational Safety and Health Act of 1970, Section 20(a) and 21(a), 29 U.S.C 669(a) & 670(a); Public Health Service Act, Section 301(a) and 405, 42 U.S.C 241 and 284; Executive Order Federal Regulations 42 CFR 52 and 45, Part 74 and 92.

OBJECTIVES:

To (1) recognize new hazards; (2) define the magnitude of the problem; (3) follow trends in incidence; (4) target exceptional hazardous workplaces for intervention; and (5) evaluate the effectiveness of prevention efforts. The goal of this program is to increase worker safety and health. To develop specialized professional and paraprofessional personnel in the occupational safety and health field with training in occupational medicine, occupational health nursing, industrial hygiene, occupational safety, and other priority training areas. To perform medical monitoring and treatment for World Trade Center Responders and non-Responders and to create a Registry of affected workers.

TYPES OF ASSISTANCE:

Project Grants; Training

USES AND USE RESTRICTIONS:

Research grants and cooperative agreements are intended to support the direct costs of a project, in accordance with an approved budget, plus an appropriate amount for indirect costs. Training grants: Funds may be used for long term training programs and/or education and research centers. Support is provided for the direct costs of the program, plus certain indirect costs determined by Public Health Service policy on training programs. Amounts of stipends and other details are in accordance with Public Health Service policy. SBIR Phase I grants (of approximately 6-months duration) are to establish the technical merit

and feasibility of a proposed research effort that may lead to a commercial product or process. Phase II grants are for the continuation of the research initiated in Phase I and that are likely to result in commercial products or processes. Only Phase I awardees are eligible to apply for Phase II support.

Applicant Eligibility:

Eligible applicants include for-profit or non-profit organizations, public or private institutions, such as universities, colleges, hospitals, and laboratories, units of State and local governments, eligible agencies of the Federal government, domestic or foreign institutions/organizations, faith-based organizations, Indian Tribes, Tribal Government, College and/or Organizations. Racial/ethnic minority individuals, women, and persons with disabilities are encouraged to apply as Principal Investigators. Training Grants: Any public or private educational institution or agency that has demonstrated competency in occupational safety and health training at the technical, professional, or graduate level may apply. Trainees must be admissible to the grantee institution and must be enrolled in occupational safety and health training programs. SBIR grants can be awarded only to domestic small businesses (entities that are independently owned and operated for profit, are not dominant in the field in which research is proposed and have no more than 500 employees). For SBIR grants primary employment (more than one-half time) of the principal investigator must be with the small business at the time of award and during the conduct of the proposed project. In both Phase I and Phase II, the research must be performed in the U.S. and its possessions.

Beneficiary Eligibility:

Research institutions and agencies as well as workers affected by occupational hazards.

Credentials/Documentation:

Applications must be signed by appropriate officials of the submitting institution. For-profit organizations' costs are determined in accordance with 48 CFR Subpart 31.2 of the Federal Acquisition Regulations. For other grantees, costs will be determined by HHS Regulations 45 CFR Part 74, Subpart Q. For SBIR grants applicant organization (small business concern) must present in a research plan an idea that has potential for commercialization and furnish evidence that scientific competence, experimental methods, facilities, equipment, and funds requested are appropriate to carry out the plan. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. Applications are prepared and submitted following instructions provided in Funding Opportunity Announcements (FOAs). NIOSH publishes FOAs at <http://www.Grants.gov>, and in the NIH Guide for Grants and Contracts at <http://grants1.nih.gov/grants/guide/index.html>. Grants.gov is the portal for applications. Appropriate forms are specified in each FOA. Research and training programs utilize either the SF-424 R&R for electronic submission or the PHS 398 application form and instructions which are available on the Internet at: <http://grants1.nih.gov/grants/forms.htm>.

Award Procedure:

Awards are made on the basis of a two-step review of an investigator-prepared application. Applications are initially reviewed for scientific and technical merit by a scientific peer review group. The second level of review is performed by the NIOSH Secondary Review Committee for program relevance. Final approval of funding recommendations is made by the Director, NIOSH.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

> 180 Days. Research Grants and Awards: 7-9 months. Training Grants: 9-10 months. SBIR: 7-8 months.

Appeals:

From 120 to 180 days. A principal investigator may question the substantive or procedural aspects of the review of his/her application by communicating with the staff in the NIOSH Office of Extramural Programs.

Renewals:

> 180 Days. Support is recommended for a specified project period, usually not in excess of 5 years. Prior to the end of a project period, the grantee may apply for renewal of support for a new project period. Applications for renewal (competing continuation, Type 2) will be reviewed in the same manner as a new application and will compete for available funds with other applications.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Research and Training Grants and Cooperative Agreements may be awarded for project periods ranging from one to five years depending on the recommendations of the scientific review group and the Secondary Review Committee, and on demonstration of successful performance and the availability of funds. SBIR Grants: Normally, Phase I awards are for 6 months; normally, Phase II awards are for 2 years. See the following for information on how assistance is awarded/released: Notice of Grant Award.

Reports:

Terminal progress report (including citations of all resulting publications) within 90 days after end of project support. Cash reports are not applicable. Interim progress reports (including citations of all resulting publications) annually as part of a non-competing continuation application for previously recommended support. Annual financial status report within 90 days after the conclusion of each budget period. No performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. In addition, grants and cooperative agreements are subject to inspection and audits by DHHS and other Federal government officials.

Records:

Financial records, including documents to support entries on accounting records and to substantiate charges to each grant, must be kept readily available for review by personnel authorized to examine PHS grant accounts. Records must be maintained for three years after the end of each budget period. If questions still remain, such as those raised as a result of an audit, related records should be retained until the matter is completely resolved.

Funds may be used for costs associated with establishing and maintaining a hepatitis surveillance and prevention program for the management, coordination, and evaluation of activities directed towards prevention of viral hepatitis infections including the identification, counseling and referral for medical management of persons with chronic HBV or HCV infection and integration of viral hepatitis prevention services into health care and public health services for adults at risk for viral hepatitis.

Applicant Eligibility:

Nonprofit with 501C3 IRS status (other than institution of higher education); Nonprofit without 501C3 IRS status (other than institution of higher education); For-profit organizations (other than small business); Small, minority, and women-owned businesses; Universities; Colleges; Research institutions; Hospitals; Community-based organizations; Faith-based organizations; Federally recognized or state-recognized American Indian/Alaska Native tribal governments; American Indian/Alaska native tribally designated organizations; Alaska Native health corporations; Urban Indian health organizations; Tribal epidemiology centers; State and local governments or their Bona Fide Agents (this includes the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, the Commonwealth of the Northern Mariana Islands, American Samoa, Guam, the Federated States of Micronesia, the Republic of the Marshall Islands, and the Republic of Palau); Political subdivisions of States (in consultation with States).

Beneficiary Eligibility:

The general public will benefit from the objectives of this program.

Credentials/Documentation:

Applicants should document the need for assistance, state the objectives of the project, outline the method of operation, describe the evaluation procedures and provide a budget justification of funds requested. Costs for nonprofit recipients will be determined in accordance with HHS Regulations, 45 CFR Part 74 and Part 92. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. This program is excluded from coverage under OMB Circular No. A-110. Information on the submission of applications may be obtained from the Grants Management Officer, Grants Management Branch, Procurement and Grants Office, Centers for Disease Control and Prevention. Telephone: (770) 488-2700. The standard application forms must be used for this program as

furnished by the Public Health Service and requirement by OMB Circular No. A-110 for nongovernmental applicants.

Award Procedure:

After review and approval of an application, a notice of award is prepared and processed, along with appropriate notification to the public.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days. From 3 to 6 months.

Appeals:

Not Applicable.

Renewals:

Project periods are for 1 to 5 years with 12-month budget periods. Applications must be obtained from Grants Management Officer, Grants Management Branch, Procurement and Grants Office, Centers for Disease Control and Prevention. Telephone: (770) 488-2700.

Formula and Matching Requirements:

This program has no statutory formula. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Support is recommended for a specified project period not to exceed 5 years. Method of awarding/releasing assistance: by letter of credit.

Reports:

Annual financial status reports are required no later than 90 days after the end of each budget period. Financial status reports are required 90 days after the end of a project period.

Also see FOA for additional information. Quarterly or semiannual narrative and performance report are required of the recipient. Semiannual reports should address the recipient's progress of achievement of the stated objectives. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. In addition, grants and cooperative agreements are subject to inspection and audits by DHHS and other Federal government officials.

Records:

Property records must be retained in accordance with the HHS Grants Policy Statement requirements.

Account Identification:

93.273 ALCOHOL RESEARCH PROGRAMS

FEDERAL AGENCY:

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, as amended, Sections 301 and 464H, and 42 U.S.C. 290Gb; Small Business Research and Development Enhancement Act of 1992, Public Law 102-564, Public Law 78-410, 42 U.S.C 241.

OBJECTIVES:

To develop a sound fundamental knowledge base which can be applied to the development of improved methods of treatment and more effective strategies for preventing alcoholism and alcohol-related problems. The National Institute on Alcohol Abuse and Alcoholism (NIAAA) supports research in a broad range of disciplines and subject areas related to biomedical and genetic factors, psychological and environmental factors, alcohol-related problems and medical disorders, health services research, and prevention and treatment research. Small Business Innovation Research (SBIR) program: to increase private sector commercialization of innovations derived from Federal research and development; to increase small business participation in Federal research and development; and to foster and encourage participation of socially and economically disadvantaged small business concerns and women-owned small business concerns in technological innovation. Small Business Technology Transfer (STTR) program: To stimulate and foster scientific and technological innovation and technology transfer through cooperative research and development carried out between small business concerns and research institutions; to increase private sector commercialization of innovations derived from Federal research and development; and to foster and encourage participation of socially and economically disadvantaged small business concerns and women-owned small business concerns in technological innovation.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

(1) Research Project Grants provide support for clearly defined projects or a small group of related activities, and when appropriate, support of conferences; (2) Program Project Grants are for large-scale, broad-based programs of research, usually interdisciplinary, consisting of several projects with a common focus; (3) Small Grants are for small-scale exploratory and pilot studies or exploration of an unusual research opportunity; Small Grants are limited to \$50,000 for direct costs for a period of up to 2 years; and (4) Exploratory/Developmental Grants are limited for a period of up to 2 years, and a maximum of \$275,000 for direct costs for the entire 2- year period. Funds may be used only for expenses directly related to the approved research project. SBIR Phase I grants (of approximately 6- months' duration) are to establish the technical merit and feasibility of a proposed research effort that may lead to a commercial product or processes. Phase II grants are for the continuation of the research initiated in Phase I, and that are likely to result in commercial products or processes. STTR Phase I grants (normally of 1-year duration) are to determine the scientific, technical, and commercial merit and feasibility of the proposed cooperative effort that has potential for commercial application. Phase II funding is based on results of research initiated in Phase I and scientific and technical merit and commercial potential of Phase II application.

Applicant Eligibility:

Public or private profit and nonprofit agencies, including State, local, or

regional government agencies, universities, colleges, hospitals, academic or research institutions may apply for research grants. SBIR grants can be awarded only to domestic small businesses (entities that are independently owned and operated for profit, are not dominant in the field in which research is proposed, and have no more than 500 employees). Primary employment (more than one-half time) of the principal investigator must be with the small business at the time of award and during the conduct of the proposed project. In both Phase I and Phase II, the research must be performed in the U.S. and its possessions. To be eligible for funding, a grant application must be approved for scientific merit and program relevance by a scientific review group and a national advisory council. STTR grants can be awarded only to domestic small business concerns (entities that are independently owned and operated for profit, are not dominant in the field in which research is proposed and have no more than 500 employees) which "partner" with a research institution in cooperative research and development. At least 40 percent of the project is to be performed by the small business concern and at least 30 percent by the research institution. In both Phase I and Phase II, the research must be performed in the U.S. and its possessions. To be eligible for funding, a grant application must be approved for scientific merit and program relevance by a scientific review group and a national advisory council.

Beneficiary Eligibility:

Public, profit and nonprofit private organizations.

Credentials/Documentation:

For-profit grantees' costs will be determined in accordance with Subpart 31.2 of the Federal Acquisition Regulations. For other grantees, costs will be determined in accordance with HHS Regulation 45 CFR Part 74, Subpart C, Section 74.27. For SBIR and STTR grants, applicant organization (small business concern) must present in a research plan an idea that has potential for commercialization and furnish evidence that scientific competence, experimental methods, facilities, equipment, and funds requested are appropriate to carry out the plan. Grant forms PHS 6246-1 and PHS 6246-2 are used to apply for SBIR Phase I and Phase II, respectively. Grant forms PHS 6246-3 and PHS 6246-4 are used to apply for STTR Phase I and Phase II, respectively. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. The standard application forms, as furnished by PHS, must be used by grant applicants. Application kits, containing the necessary forms and instructions, if not available at the applicant institution, may be obtained from the NIAAA. Consultation on proposed projects is also available. Preapplication consultation with NIAAA staff is required before submission of a Program Project grant application or any unsolicited new grant application requesting \$500,000 or more direct costs in any one year. Applications are reviewed by nonfederal consultants recruited nationwide. The amount of the award and period of support are determined on the basis of the merit of the project. This program is subject to the provisions of 45 CFR Part 92 for State and local governments and OMB Circular No. A-110 for nonprofit organizations. SBIR and STTR Grant Solicitations and SBIR Contract Solicitation may be obtained electronically through the NIH's "Small Business Funding Opportunities" home page at www.nih.gov/grants/funding/sbir.htm on the World Wide Web. A limited number of hard copies of these publications are produced. Subject to availability, they may be obtained by contacting the NIH support services contractor: Telephone: (301) 206-9385; Fax: (301) 206-9722; E-mail: a2y@cu.nih.gov. The Solicitations include submission procedures, review considerations, and grant application or contract proposal forms. SBIR and STTR grant applications should be submitted to the Center for Scientific Review, 6701 Rockledge Drive, Room 1040 - MSC 7710, Bethesda, MD 20892-7710.

Award Procedure:

Research Grants in support of projects recommended for approval by the National Advisory Council on Alcohol Abuse and Alcoholism and approved for

payment are awarded directly by the NIAAA to the applicant institution. All accepted SBIR/STTR applications are evaluated for scientific and technical merit by an appropriate scientific peer review panel and by a national advisory council or board. All applications receiving a priority score compete for available SBIR/STTR set-aside funds on the basis of scientific and technical merit and commercial potential of the proposed research, program relevance, and program balance among the areas of research.

Deadlines:

Aug 15, 2012 February 1, June 1, and October 1. SBIR: April 15, August 15, and December 15. STTR: December 1, only. AIDS related research applications January 7, May 7, and September 7. Other deadlines as specified in FOAs.

Range of Approval/Disapproval Time:

From 240 to 270 days from submission of application for grant support. SBIR/STTR applications about 7-1/2 months. AIDS related research applications about 6 months.

Appeals:

A principal investigator may appeal the substantive or procedural aspects of the review of his/her application by communicating with the staff of the Institute. A description of the NIH Peer Review Appeals procedures is available on the NIH home page <http://grants.nih.gov/grants/guide/notice-files/NOT-OD-11-064.html>.

Renewals:

Support is recommended for a specified project period, usually not in excess of 5 years. Prior to termination of a project period, the grantee may apply for renewal of support for a new project period. An application for renewal is processed as a competing request. Small Grants and Exploratory/Developmental Grants are not renewable, but grantees may apply for research project grants on the same topics.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Varies, but a project period is generally limited to 5 years or less. Grantee may apply for renewal of support on a competing basis. Within the project period, continuation applications must be submitted on a non-competing basis for each year of approved support. Small Grants are limited to 2 years or less and are not renewable. Exploratory/Developmental Grants are limited to 3 years or less and are not renewable. Payments will be made either on a Monthly Cash Request System or under an Electronic Transfer System. Necessary instructions for the appropriate type of payment will be issued shortly after an award is made. SBIR: Normally, Phase I awards are for 6 months; normally, Phase II awards are for 2 years. STTR: Normally, Phase I awards are for 1 year; normally, Phase II awards are for 2 years. See the following for information on how assistance is awarded/released: Awards will be released electronically to applicant institution. Funds are released annually.

Reports:

Program reports are not applicable. Cash reports are not applicable. Annual progress reports as a part of the continuation application. A final expenditure report is required at the conclusion of the project. The NIAAA Program officers will monitor performance by evaluating the annual progress report.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

Records:

Grantees generally must retain financial and programmatic records, supporting documents, statistical records, and all other records that are required by the terms of a grant, or may reasonably be considered pertinent to a grant, for a

period of 3 years from the date the annual FSR is submitted. For awards under SNAP (other than those to foreign organizations and Federal institutions), the 3-year retention period will be calculated from the date the FSR for the entire competitive segment is submitted. Those grantees must retain the records pertinent to the entire competitive segment for 3 years from the date the FSR is submitted to NIH. Foreign organizations and Federal institutions must retain records for 3 years from the date of submission of the annual FSR to NIH. See 45 CFR 74.53 and 92.42 for exceptions and qualifications to the 3-year retention requirement (e.g., if any litigation, claim, financial management review, or audit is started before the expiration of the 3-year period, the records must be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken). Those sections also specify the retention period for other types of grant-related records, including F&A cost proposals and property records. See 45 CFR 74.48 and 92.36 for record retention and access requirements for contracts under grants. In accordance with 45 Code of Federal Regulations, Part 74.53(e), the HHS Inspector General, the U.S. Comptroller General, or any of their duly authorized representatives have the right of timely and unrestricted access to any books, documents, papers, or other records of recipients that are pertinent to awards in order to make audits, examinations, excerpts, transcripts, and copies of such documents.

This right also includes timely and reasonable access to a recipients personnel for the purpose of interview and discussion related to such documents. The rights of access are not limited to the required retention period, but shall last as long as records are retained.

CRITERIA FOR SELECTING PROPOSALS:

The following considerations will be used in determining projects to be funded: (1) Scientific and technical merit of the proposal; (2) program balance; and (3) relevance to NIAAA priorities and public health issues. The following criteria

will be used in considering the scientific and technical merit of SBIR/STTR Phase I grant applications: (1) The soundness and technical merit of the proposed approach; (2) the qualifications of the proposed principal investigator, supporting staff, and consultants; (3) the technological innovation of the proposed research; (4) the potential of the proposed research for commercial application; (5) the appropriateness of the budget requested; (6) the adequacy and suitability of the facilities and research environment; and (7) where applicable, the adequacy of assurances detailing the proposed means for (a) safeguarding human or animal subjects, and/or (b) protecting against or minimizing any adverse effect on the environment. Phase II grant applications will be reviewed based upon the following criteria: (1) The degree to which Phase I objectives were met and feasibility demonstrated; (2) the scientific and technical merit of the proposed approach for achieving the Phase II objectives; (3) the qualifications of the proposed principal investigator, supporting staff, and consultants; (4) the technological innovation, originality, or societal importance of the proposed research; (5) the potential of the proposed research for commercial application; (6) the reasonableness of the budget requested for the work proposed; (7) the adequacy and suitability of the facilities and research environment; and (8) where applicable, the adequacy of assurances detailing the proposed means for (a) safeguarding human or animal subjects, and/or (b) protecting against or minimizing any adverse effect on the environment.

93.275 SUBSTANCE ABUSE AND MENTAL HEALTH SERVICES-ACCESS TO RECOVERY

ATR I, ATR II

FEDERAL AGENCY:

Substance Abuse and Mental Health Services Administration, Department of Health and Human Services

AUTHORIZATION:

The Public Health Act, Section 501(d)(5), 509, Public Law 106-310, 42 U.S.C. 290aad5-290bb-2.

OBJECTIVES:

To implement voucher programs for substance abuse clinical treatment and recovery support services pursuant to sections 501 (d)(5) and 509 of Public Health Service Act (42 U.S.C. sections 290aa(d)(5) and 290bb-2). This program, called Access to Recovery (ATR), is to provide client choice among substance abuse clinical treatment and recovery support service providers, expand access to a comprehensive array of clinical treatment and recovery support options (including faith-based programmatic options), and increase substance abuse treatment capacity. Monitoring outcomes, tracking costs, and preventing waste, fraud and abuse to ensure accountability and effectiveness in the use of Federal funds are also important elements of the ATR program. Through the ATR grants, States, Territories, the District of Columbia and Tribal Organizations (hereinafter collectively referred to as "States") will have flexibility in designing and implementing voucher programs to meet the needs of clients in the State. The key to successful implementation of the voucher programs supported by the ATR grants will be the relationship between the States and clients receiving services, to ensure that clients have a genuine, free, and independent choice among eligible providers. States are encouraged to support any mixture of clinical treatment and recovery support services that can be expected to achieve the program's goal of achieving cost-effective, successful outcomes for the largest number of people.

TYPES OF ASSISTANCE:

Project Grants (Discretionary)

USES AND USE RESTRICTIONS:

Funds (including direct costs and indirect costs) may be used only for expenses clearly related and necessary to carry out approved activities. Funds may be used for 15 percent administrative cost and 85 percent voucher. Also follow the policies and procedures that applies to the eligible entity. Funds may be used for 15 percent administrative cost and 85 percent voucher.

Applicant Eligibility:

Eligibility for Access to Recovery (ATR) grants is limited to the immediate office of the Chief Executive (e.g., Governor) in the States, Territories, District of Columbia; or the head of a Tribal Organization. (A "Tribal Organization" means the recognized governing body of any Indian tribe or any legally established organization of Indians, including urban Indian health boards,

inter-tribal councils, or regional Indian health boards, which is controlled, sanctioned, or chartered by such governing body or which is democratically elected by the adult members of the Indian community to be served by such an organization.) The Chief Executive of the State, Territory, or District of Columbia, or the head of the Tribal Organization must sign the application. Eligibility is limited to the immediate office of these Chief Executives because only they have the authority to leverage funding across the State, implement the necessary policy changes, manage the fiscal responsibilities, and coordinate the range of programs necessary for successful implementation of the voucher programs to be funded through these grants. No more than one application from any one Chief Executive or head of a Tribal Organization will be funded.

Beneficiary Eligibility:

93.276 DRUG-FREE COMMUNITIES SUPPORT PROGRAM GRANTS

(Drug-Free Community Grants)

FEDERAL AGENCY:

Substance Abuse and Mental Health Services Administration, Department of Health and Human Services

AUTHORIZATION:

Drug-Free Communities Act of 1997, Public Law 105-20; Reauthorized by Public Law 107-82.

OBJECTIVES:

To increase the capacity of community coalitions to reduce substance abuse, and over time, to reduce substance abuse among adults through strengthening collaboration among communities, public, and private entities. To disseminate state-of-the-art information on practices and initiatives that have proven to be effective in reducing substance abuse among youth.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

The Drug Free Communities Program (DFC) was created by the Drug Free Communities Act, 1997 (Public Law 105-20), reauthorized through the Drug Free Communities Reauthorization Act of 2001 (Public Law 107-82) and reauthorized again through the Office of National Drug Control Policy Reauthorization Act of 2006 (Public Law 109-469). The latest reauthorization extended the program for an additional five years until 2012.

Applicant Eligibility:

Community coalitions must demonstrate that the community coalition has worked together for a period of not less than 6 months on substance abuse reduction initiatives. The coalition must: meet the composition requirements; ensure that there is substantial community volunteer effort; ensure that the coalition is a nonprofit, charitable, educational organization, or unit of local government, or is affiliated with an eligible organization or entity; possess a strategy to be self-sustaining; provide a 100-150 percent cash or in-kind match; and agree to participate in an evaluation of the coalition's program.

Beneficiary Eligibility:

Community coalitions, children, youth, and adults, those at-risk of substance abuse, and private nonprofit, and public community agencies.

Credentials/Documentation:

Cost Principles that apply are A-21 for educational institutions, and A-122 for nonprofit organizations. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. The Drug Free Community (DFC) is a collaborative initiative sponsored by Office of National Drug Control Policy (ONDCP) and Substance Abuse and Mental Health Services Administration (SAMHSA). Applications will be screened initially by ONDCP and SAMHSA to determine whether the applicant meets all the eligibility requirements. Applications submitted by eligible coalitions that meet all requirements will then be evaluated, scored, and rated by a peer review panel.

Award Procedure:

Upon approval by the Office of National Drug Control Policy and Substance Abuse and Mental Health Services Administration, a Notice of Award (NoA) signed by SAMHSA's Grants Management Officer is sent to the applicant agency. The NoA is the sole obligating document that allows the grantee to receive Federal funding for work on the grant project.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 90 to 120 days. From 1 to 4 months.

Appeals:

None.

Renewals:

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: Drug-Free Communities Support Program grants awarded under the Drug-Free Communities Act do require a 100-150 percent cash or in-kind match depending on funding.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Under the Drug-Free Communities Act, awards will be made for one year. Method of awarding/releasing assistance: lump sum.

Reports:

Program reports are not applicable. Quarterly report SF272 requires by the Division of Payment Management. Under the Drug-Free Communities Support Grants biannual progress and annual financial reports are required. Expenditure reports are not applicable. classification tool survey is due each year.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. These audits are due to the cognizant Federal agency not later than 9 months after the end of the grantee's fiscal year.

Records:

Grantee must keep complete records on the disposition of funds, and records related to the grant must be retained for 3 years.

The criteria are published in the Federal Register as part of the individual program announcements. Applications undergo a competitive peer review process as outlined in HHS.

93.279 DRUG ABUSE AND ADDICTION RESEARCH PROGRAMS

FEDERAL AGENCY:

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Sections 301, 405, 464L, 464N, and 464P, 42 U.S.C. 241, 42 U.S.C. 284, 42 U.S.C. 295, 42 U.S.C. 2850-2, and 42 U.S.C. 2850-4; Small Business Research and Development Enhancement Act of 1992, Public Law 102-564.

OBJECTIVES:

To support biomedical, basic and clinical neuroscience, behavioral and social science, epidemiologic, health services and health disparity research to develop new knowledge and approaches related to the prevention, diagnosis, treatment, etiology, and consequences of drug abuse and addiction, including HIV/AIDS. To support research training and research scientist development. To support dissemination of research findings. Small Business Innovation Research (SBIR) program: to expand and improve the SBIR program. The legislation is intended to expand and improve the SBIR programs to emphasize and increase private sector commercialization of technology developed through Federal SBIR research and development; increase small business participation in Federal research and development; and foster and encourage participation of socially and economically disadvantaged small business concerns and women-owned small business concerns in the SBIR program. The legislation intends that the Small Business Technology Transfer (STTR) program stimulate and foster scientific and technological innovation through cooperative research and development carried out between small business concerns and research institutions; foster technology transfer between small business concerns and research institutions; to increase private sector commercialization of innovations derived from Federal research and development; and foster and encourage participation of socially and economically disadvantaged small business concerns and women-owned small business concerns in technological innovation.

TYPES OF ASSISTANCE:

PROJECT GRANTS; TRAINING

USES AND USE RESTRICTIONS:

(1) Research project grants provide support for clearly defined projects or a small group of related research activities, and when appropriate, support of research conferences; (2) program project and center grants support large-scale, broad-based programs of research, usually interdisciplinary, consisting of several projects with a common focus; (3) small grants support newer, less experienced investigators; investigators at institutions without a well developed research tradition and resources; the testing of new methods or techniques; small-scale exploratory and pilot studies, or exploration of an unusual research opportunity; small grants provide research support of up to \$50,000 direct costs per year for a period of up to 2 years; (4) research training grants including fellowships and institutional training grants, career development grants and loan repayment contracts; (5) SBIR Phase I grants (of approximately 6-months' duration) are to establish the technical merit and feasibility of proposed research or research and development efforts to determine the quality of performance of the small business grantees. Phase II grants are for the continuation of the research initiated in Phase I and that are likely to result in commercially viable products or processes. Only Phase I awardees are eligible to apply for Phase II support; STTR Phase I grants (normally of 1-year duration) are to determine the scientific, technical, and commercial merit and feasibility of the proposed cooperative effort that has potential for commercial application and the quality of performance of the small business concerns. Phase II funding is based on results of research initiated in Phase I and scientific and technical merit and commercial potential of the Phase II application.

Applicant Eligibility:

For research grants the following organizations/institutions are eligible to apply: Public/State Controlled Institutions of Higher Education; Private Institutions of Higher Education: Hispanic-serving Institutions, Historically Black Colleges and Universities (HBCUs), Tribally Controlled Colleges and Universities (TCCUs), and Alaska Native and Native Hawaiian Serving Institutions; Nonprofits with 501(c)(3) IRS Status (Other than Institutions of Higher Education); Nonprofits without 501(c)(3) IRS Status (Other than Institutions of Higher Education); Small Businesses; For-Profit Organizations (Other than Small Businesses); State Governments; Indian/Native American Tribal Governments (Federally Recognized); Indian/Native American Tribally Designated Organizations; County Governments; City or Township Governments; Special District Governments; Independent School Districts;

Public Housing Authorities/Indian Housing Authorities; and Other(s): Eligible Agencies of the Federal Government, Faith-based or Community-based Organizations, U.S. Territory or Possession, Indian/Native American Tribal Governments (Other than Federally Recognized), Regional Organizations, and Non-domestic (non-U.S.) Entities (Foreign Organizations). Eligible Individuals: Any individual, or individuals (multiple PDs/Pis), with the skills, knowledge, and resources necessary to carry out the proposed research as the PD/PI is invited to work with his/her organization to develop an application for support. Individuals from underrepresented racial and ethnic groups as well as individuals with disabilities are always encouraged to apply for NIH support. SBIR grants can be awarded only to domestic small businesses (entities that are independently owned and operated for profit, are not dominant in the field in which research is proposed, and have no more than 500 employees). Primary employment (more than one-half time) of the principal investigator must be with the small business at the time of award and during the conduct of the proposed project. In both Phase I and Phase II, the research and/or development must be performed in the U.S. and its possessions. To be eligible, an SBIR grant application must be approved for scientific merit and program relevance by a scientific review group and by a national advisory council. STTR grants can be awarded only to domestic small business concerns (entities that are independently owned and operated for profit, are not dominant in the field in which research is proposed and have no more than 500 employees) which "partner" with a research institution in cooperative research and development. At least 40 percent of the project is to be performed by the small business concern and at least 30 percent by the research institution. In both Phase I and Phase II, the research must be performed in the U.S. and its possessions. To be eligible for funding, a grant application must be approved for scientific and technical merit and program relevance by a scientific review group and a national advisory council.

Beneficiary Eligibility:

Public or private profit and nonprofit sponsored organizations and individuals, minority groups, small businesses, health professionals, students, trainees, scientists and general public.

Credentials/Documentation:

No Credentials or documentation are required. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. The National Institutes of Health is using www.grants.gov to accept electronic submission of applications. Applications are also available from the NIH web site at www.nih.gov. Information concerning NIDA and the types of research supported may be found at www.drugabuse.gov or www.nida.nih.gov. Consultation on a proposed project may also be obtained from NIDA. Applications are reviewed by primarily nonfederal consultants recruited nationwide. The amount of the award and period of support are determined on the basis of scientific merit of the project as well as financial and programmatic consideration. SBIR and STTR Grant Solicitations and SBIR Contract Solicitations may be obtained electronically through the NIH's "Small Business Funding Opportunities" home page at <http://www.nih.gov/grants/funding/sbir.htm>. A limited number of hard copies of these publications are produced. Subject to availability, they may be obtained by contacting the NIH support services contractor: Phone: (301) 206-9385; Fax: (301) 206-9722; E-mail: a2y@cu.nih.gov. The Solicitations include submission procedures, review considerations, and grant application or contract proposal forms. SBIR and STTR grant applications should be submitted to the Center for Scientific Review, 6701 Rockledge Drive, Room 1040 - MSC 7710, Bethesda, MD 20892-7710.

Award Procedure:

Grants with which the National Advisory Council on Drug Abuse has concurred with the recommendations of the Scientific Review Groups and approved by NIDA for payment are awarded directly by NIDA to the applicant institution. SBIR/STTR applications are evaluated for scientific and technical

merit by an appropriate scientific peer review panel and by the National Advisory Council. All applications receiving a priority score compete for available SBIR/STTR set-aside funds on the basis of scientific and technical merit and commercial potential of the proposed research, program relevance, and program balance among the areas of research.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 240 to 270 days from submission of grant application. For AIDS applications the range will not exceed 180 days from cited receipt dates. SBIR/STTR applications: About 225 days.

Appeals:

A principal investigator (P.I.) may question the substantive or procedural aspects of the review of his/her application by communicating with the staff of the Institute. A description of the NIH Peer Review Appeal procedures is available on the NIH home page www.nih.gov/grants/guide/notice-files/not-od-11-064.html and [not-od-11-101.html](http://www.nih.gov/grants/guide/notice-files/not-od-11-101.html).

Renewals:

Support is recommended for a specified project period, usually not in excess of 5 years. Prior to termination of a project period, the grantee may apply for additional support via competing continuation application unless otherwise restricted. Small and exploratory/developmental grants are limited to up to 2 years.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Varies, but a project period is generally limited to 5 years or less. Grantee may apply for renewal of support on a competing basis unless otherwise restricted. Within the project period, continuation applications must be submitted on a non-competing basis for each year of approved support. Small grant support is limited to no more than 2 years. SBIR: Normally, Phase I awards are for 6 months; normally, Phase II awards are for 2 years. STTR: Normally, Phase I awards are for 1 year; normally, Phase II awards are for 2 years. Method of awarding/releasing assistance: quarterly.

Reports:

No program reports are required. No cash reports are required. Interim progress reports annually as part of a non-competing application for previously recommended support. Annual financial status report within 90 days after termination of annual grant and immediate and full reporting of any inventions. No performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. For nongovernmental grant recipients, audits are to be carried out in accordance with the provisions set forth in OMB Circular No. A-133. In addition, grants and cooperative agreements are subject to inspection and audits by DHHS and other Federal officials.

Records:

Records must be retained for at least 3 years; records shall be retained beyond the 3-year period if audit findings have not been resolved.

Account Identification:

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2010: (1) Epidemiology of drug abuse among minority populations; (2) Studies of AIDS among IV Drug Abusers; (3) Studies of Narcotic-Induced Respiratory Depression; (4) Endorphins: Metabolism, Release, and Tolerance; (5) Neurobiological and Behavior Mechanisms of Addictive and Compulsive Behavior; (6) Maternal/Paternal Effects of Drugs of Abuse; and (7) Effects of Drug Abuse on Adolescent and Development. Fiscal Year 2011: (1) Epidemiology of drug abuse among minority populations; (2) Studies of AIDS among IV Drug Abusers; (3) Studies of Narcotic-Induced Respiratory Depression; (4) Endorphins: Metabolism, Release, and Tolerance; (5) Neurobiological and Behavior Mechanisms of Addictive and Compulsive Behavior; (6) Maternal/Paternal Effects of Drugs of Abuse; and (7) Effects of Drug Abuse on Adolescent and Development. Fiscal Year 2012: (1) Epidemiology of drug abuse among minority populations; (2) Studies of AIDS among IV Drug Abusers; (3) Studies of Narcotic-Induced Respiratory Depression; (4) Endorphins: Metabolism, Release, and Tolerance; (5) Neurobiological and Behavior Mechanisms of Addictive and Compulsive Behavior; (6) Maternal/Paternal Effects of Drugs of Abuse; and (7) Effects of Drug Abuse on Adolescent and Development.

CRITERIA FOR SELECTING PROPOSALS:

The following considerations will be used in determining projects to be funded:

(1) Scientific and technical merit; (2) the feasibility of the research; (3) potential contribution to the national drug abuse problem; and (4) relevance to NIDA priorities. The following criteria will be used in considering the scientific and technical merit of SBIR/STTR Phase I grant applications: (1) The soundness and technical merit of the proposed approach; (2) the qualifications of the proposed principal investigator, supporting staff, and consultants; (3) the technological innovation of the proposed research; (4) the potential of the proposed research for commercial application; (5) the appropriateness of the budget requested; (6) the adequacy and suitability of the facilities and research environment; and (7) where applicable, the adequacy of assurances detailing the proposed means for (a) safeguarding human or animal subjects and/or (b) protecting against or minimizing any adverse effect on the environment. Phase II grant applications will be reviewed based upon the following criteria: (1) The degree to which the Phase I objectives were met and feasibility demonstrated; (2) the scientific and technical merit of the proposed approach for achieving the Phase II objectives; (3) the qualifications of the proposed principal investigator, supporting staff, and consultants; (4) the technology.

93.280 NATIONAL INSTITUTES OF HEALTH LOAN REPAYMENT

PROGRAM FOR CLINICAL RESEARCHERS

(NIH LRP-CR)

FEDERAL AGENCY:

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Title IV, Part G, Section 487F, Public Law 106-505, 42 U.S.C 288-5A.

OBJECTIVES:

To attract and retain health professionals to clinical research careers by offering educational loan repayment for participants who agree by written contract to engage in clinical research in a qualifying nonprofit institution for a minimum of 2 years.

TYPES OF ASSISTANCE:

Direct Payments for Specified Use

USES AND USE RESTRICTIONS:

To provide repayment of extant educational loans incurred by health professionals engaged in clinical research. Your research must be supported by a domestic nonprofit foundation, university, professional association, or other nonprofit institution, or a U.S. government agency (federal, state, or local). A domestic foundation, professional association, or institution is considered to be nonprofit if exempt from federal tax under the provisions of Section 501 of the Internal Revenue Code (26 U.S.C. 501). NIH grants and university salaries are considered eligible funding. Your primary employment must be with a nonprofit institution. Any employment or income outside of the nonprofit institution must be separate from your research and cannot represent a significant amount of your total income.

Recipients must agree by written contract to engage in such research, initially, for a minimum of 2 years; individuals who have conflicting service obligations may not participate in this program until those obligations are satisfied or have been deferred during the period of program service. Participants may apply for and the Secretary may grant extension contracts for one-year or two-year periods, as determined by the Secretary, if the individual continues to engage in qualifying research. Renewal applications are competitively reviewed and the submission of a renewal application does not assure the award of benefits. The maximum program benefit is \$35,000 per year in loan repayments and \$13,650 per year in Federal tax reimbursements. Recipients must have qualified educational debt in excess of 20 percent of their annual salary, which is referred to as their "debt threshold."

Applicant Eligibility:

(1) A U.S. citizen, U.S. national, or permanent resident of the United States; (2) Have a Ph.D., M.D., D.O., D.D.S., D.M.D., D.P.M., Pharm.D., D.C., N.D., or equivalent doctoral degree from an accredited institution; (3) Have total qualifying educational loan debt equal to or in excess of 20 percent of their institutional base salary on the date of program eligibility (the effective date that a loan repayment contract has been executed by the Secretary of Health and Human Services or designee); (4) Conduct qualifying research supported by a domestic nonprofit foundation, nonprofit professional association, or other nonprofit institution, or a U.S. or other government agency (State or local); (5) Engage in qualified clinical research. Clinical research is patient-oriented clinical research conducted with human subjects, or research on the causes and consequences of disease in human populations involving material of human origin (such as tissue specimens and cognitive phenomena) for which an investigator or colleague directly interacts with human subjects in an outpatient or inpatient setting to clarify a problem in human physiology, pathophysiology or disease, or epidemiologic or behavioral studies, outcomes research or health services research, or developing new technologies, therapeutic interventions, or clinical trials; (6) Engage in qualified clinical research for at least 50 percent of their time, i.e., not less than 20 hours per week based on a 40 hour week; (7) Agree to conduct research for which funding is not prohibited by Federal law, regulation, or HHS/NIH policy, and in accordance with applicable Federal, State and local law (e.g., applicable human subject protection regulations); and (8) Sign and submit to the Secretary of Health and Human Services, at the time of application submission, a contract agreeing to engage in clinical research in a qualifying institution for a minimum of 2 years. Full-time employees of Federal Government agencies are ineligible to apply for LRP benefits. Part-time

Federal employees who engage in qualifying research as part of their nonfederal duties for at least 20 hours per week based on a 40 hour week, and who are not compensated as a Federal employee for their research, are eligible to apply for loan repayment if they meet all other eligibility requirements.

Beneficiary Eligibility:

Health professionals who are interested in pursuing clinical research careers and who have unpaid educational loans will benefit from this program.

Credentials/Documentation:

Applicants electronically transmit the following documents to the NIH: Applicant Information Statement, Biosketch, Personal Statement, Description of Research Activities, 3 Recommendations, Loan Information including current account statement(s) and promissory note(s) or disclosure statement(s), Assessment of Research Activities Statement (completed by the research supervisor), and Description of the Research Environment (completed by the research supervisor), Training or Mentoring Plan (completed by the research supervisor). Institutional Contacts electronically transmit a certification that: (a) assures the applicant will be provided the necessary time and resources to engage in the research project for two years from the date a Loan Repayment Program Contract is executed; (b) assures that the applicant is or will be engaged in qualifying research for 50 percent of their time (or not less than 20 hours per week based on a 40 hour week); (c) certifies that the institution is nonprofit (exempt from tax under 26 USC 501), and (d) provides the applicant's institutional base salary. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. Applicants must access and submit the Loan Repayment Program application via the website www.lrp.nih.gov. Applications submitted to the NIH Division of Loan Repayment are first examined to determine if the basic eligibility requirements are satisfied. If these requirements are met, the application is forwarded to the NIH Center for Scientific Review for a determination regarding which NIH Institute or Center the application will be assigned to for review, scoring, and ranking.

Award Procedure:

The NIH Institutes and Centers approve or disapprove applications for participation in the Loan Repayment Program for Clinical Researchers. When an Institute or Center approves an application, the NIH Office of Loan Repayment notifies individuals of their award amount, provides a repayment schedule that covers the period of participation, and a Loan Repayment Program Contract is executed by an authorized representative of the Secretary, DHHS. If the approved research assignment changes, or if the employing research institution changes, the participant must have their continued eligibility re-certified by the Institute or Center which approved their application. Contact the NIH via e-mail at LRP@NIH.GOV for further guidance.

Deadlines:

Nov 15, 2011: At 8:00 p.m. EST. Review the Loan Repayment Program website www.lrp.nih.gov, or contact the Headquarters Office listed below for the application deadlines.

Range of Approval/Disapproval Time:

The approximate time for approval/disapproval is 6 months from the closing date of the annual application period.

Appeals:

Not Applicable.

Renewals:

At the conclusion of the initial 2-year contract, participants may apply and be considered for subsequent 1 or 2-year continuation contracts under the application and approval procedures specified above. Eligible renewal applications that score within the funding range receive continuation contracts.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Assistance is available for a minimum 2-year period. One or 2-year continuation contracts are available. Payments will be made directly to lenders, following each quarter of the participant's satisfactory service, unless otherwise agreed upon by the participant and Secretary of Health and Human Services. See the following for information on how assistance is awarded/released: check with the program office.

Reports:

Program participants must be periodically certified by their research supervisor to have been engaged in the qualifying research project for a minimum 50 percent effort (not less than 20 hours per week based on a 40 hour week) during the service period. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

Not Applicable.

Records:

The NIH will maintain applicant records for 3 years after rejection and participant records for 6 years after completion of final service obligation.

Account Identification:

75-4554-0-1-552.

Obligations:

(Direct Payments for Specified Use) FY 10 \$45,000,000; FY 11 est \$45,000,000; and FY 12 est \$45,000,000

Range and Average of Financial Assistance:

For initial two-year contract periods, loan repayments awards may range from \$2,298 to \$70,000; Tax reimbursements range from \$896 to \$27,300. The average cost which includes loan and tax reimbursement is \$42,457.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2010: 934. Fiscal Year 2011: NIH projects that 932 awards will be made in fiscal year 2011. Fiscal Year 2012: NIH projects that 900 awards will be made in fiscal year 2012.

REGULATIONS, GUIDELINES, AND LITERATURE:

Pertinent information is contained in Public Health Service Act, Title IV, Part G, Section 487F, Public Law 106-505, 42 USC 288-5a. The NIH LRP-CR was initially announced by publication of a Notice in the Federal Register (Vol. 66, No. 173), and updated in Federal Register (Vol. 68, No. 61).

93.281 MENTAL HEALTH RESEARCH CAREER/SCIENTIST DEVELOPMENT AWARDS

(Research Career/Scientist Development)

FEDERAL AGENCY:

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Title III, Section 301, 42 U.S.C 241.

OBJECTIVES:

To provide support for research career development relating to causes, risk, diagnosis, genetics, development, epidemiology, prevention, treatment, and services use for mental illness, behavioral disorders, and HIV/AIDS; and relating to basic neuroscience and basic behavioral science research addressing basic and clinical research pertinent to mental disorders; in order to increase the number of individuals who are competing to advance research supported by the National Institute of Mental Health support, including women, individuals from underrepresented racial and ethnic minority groups, individuals with disabilities and individuals from disadvantaged backgrounds.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Mentored Research Scientist Development Award (K01, MRSDA), Mentored Clinical Scientist Development Award (K08, MCSDA), and Mentored Quantitative Research Career Development Award (K25) provide support for individuals with research potential who need additional mentored development and/or experience in a productive research environment. Awards are available for up to 5 years of salary support (up to \$90,000 per year) for the individual candidate, fringe benefits, and 8 percent F&A costs. Specialized training costs and limited research costs are allowable under justified circumstances. Mentored Patient-Oriented Research Career Development Award (K23) supports the career development of individuals who have made commitment to focus their research endeavors on patient-oriented research. Awards are available for three to five years up to \$90,000 per year to help offset the full time salary requirement of the candidate. The NIH Pathway to Independence (PI) Award (K99/R00) provides up to 2 years of mentored support (K99) for a postdoctoral individual followed by up to 3 years of support after the awardee transitions to research independence (R00). K99/R00 awards are awards for up to 5 years of support. During the K99 phase, awards typically provide up to \$50,000 per year for the salary of the individual candidate as well as fringe benefits, and 8 percent F&A costs. Specialized training costs and limited research costs are allowable under justified circumstances. Salary support for all mentored awards may be supplemented by the sponsoring institution from nonfederal funds. The Independent Scientist Award (K02, ISA) is for independent scientists whose careers are developing rapidly; the Mid-career Investigator Award in Patient-Oriented Research (K24) is for outstanding clinical scientists engaged in patient-oriented research. No specialized training costs are available; limited research costs for K24s and K02s in theoretical areas are available.

Applicant Eligibility:

All awards in these series are made to appropriate domestic research centers, medical schools, departments of psychiatry, non-medical academic departments, psychiatric hospitals or hospitals with psychiatric services, community mental health centers, and biomedical research institutes on behalf of individuals who need the opportunity to realize research potential. Except for the NIH Pathway to Independence (PI) Award (K99/R00), the individuals must be citizens or nationals of the United States or have been lawfully admitted for permanent residence. The NIH Pathway to Independence (PI) Award (K99/R00) is open to both U.S. citizens and non-U.S. citizens. Individuals must qualify by scholastic degree and previous training and/or experience.

Beneficiary Eligibility:

Public and private profit or nonprofit organizations will benefit.

Credentials/Documentation:

For other grantees, costs will be determined in accordance with HHS Regulation 45 CFR Part 74, Subpart Q. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. This program is excluded from coverage under OMB Circular No. A-110.

Applications must be prepared and submitted electronically using the SF 424 (Research & Related). Information about the SF 424 form may be found on <http://grants.nih.gov/grants/funding/424/index.htm>, but application packages should be accessed through the appropriate funding opportunity announcement, found either on the NIH Guide to Grants and Contracts (<http://grants1.nih.gov/grants/guide/index.html>) or through the Grants.gov website (<http://www.grants.gov/>). For further assistance, contact GrantsInfo, Telephone (301) 435-0714, Email: grantsInfo@nih.gov. Information and instructions may be obtained from the program officials at the National Institute of Mental Health. Applications are reviewed by nonfederal consultants and recommended for support on the basis of merit. This program is subject to the provisions of OMB Circular No. A-21 for educational organizations and 45 CFR, Part 52.

Award Procedure:

All "K" Series awards are recommended for approval by the National Advisory Mental Health Council and those approved are awarded directly by NIMH to the applicant institution.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 240 to 270 days from submission of the application. Review of AIDS-related applications is expedited.

Appeals:

A principal investigator may question the substantive or procedural aspects of the review of his/her application by communicating with the staff of the Institute. A description of the NIH Peer Review Appeals procedure is available on the NIH home page at <http://grants.nih.gov/grants/guide/notice-files/NOT-OD-11-064.html>.

Renewals:

K01, K08, K23, K25 awards are made for up to 5-year periods with no renewal. K02 and K24 awards are made for a 5-year period, renewable once (unless holder has held a previous K02 or K24 award). K99 awards are made for up to 2-year periods with no renewal.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Varies, with a project periods ranging from 1 to 5 years. Funding commitments are made annually. See the following for information on how assistance is awarded/released: A formal notification in the form of a Notice of Award (NoA) will be provided to the application organization.

Reports:

No program reports are required. No cash reports are required. Reports must be submitted as follows: (1) Interim progress reports annually as part of a non-competing application for previously recommended support; (2) terminal progress report within 90 days after end of project support; (3) annual financial status report within 90 days after termination of annual grant for some programs. In addition, immediate and full reporting of any inventions is required. No performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. In addition, grants and cooperative agreements are subject to inspection and audits by DHHS and other Federal government officials. Per the regulations, a for-profit (commercial) organization is subject to audit requirements for a non-Federal audit if, during its fiscal year, it expended \$500,000 or more under HHS awards and at least one award is a HHS grant. For-profit organizations have two options regarding the type of

audit that will satisfy the audit requirements either: 1. a financial related audit (as defined in the Government Auditing Standards, GPO Stock #020-000-00-265-4, <http://www.gao.gov/govaud/ybk01.htm>) of the HHS awards in accordance with Government Auditing Standards, or 2. an audit that meets the requirements contained in OMB Circular No. A-133(<http://www.whitehouse.gov/OMB/circulars/a133/a133.html>).

Records:

Records must be retained at least 3 years; records shall be retained beyond the 3-year period if audit findings have not been resolved.

93.282 MENTAL HEALTH NATIONAL RESEARCH SERVICE AWARDS FOR RESEARCH TRAINING

(NRSA Program)

FEDERAL AGENCY:

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Title IV, Section 487, 42 U.S.C 288.

OBJECTIVES:

To ensure a continuing and adequate supply of well-trained scientists who are able to conduct research on mental health problems. The program provides training grants to institutions and fellowships to individuals at both the predoctoral and postdoctoral levels. There are awards to medical students proposing to acquire doctoral research degrees in addition to their medical degrees. Awards are made for training in the areas of basic and clinical neuroscience, genetics, developmental, behavioral, clinical, epidemiological,

prevention, treatment and services research relevant to mental illnesses, behavioral disorders, and HIV/AIDS. These programs encourage training individuals in mental health research who are from underrepresented racial and ethnic groups, individuals with disabilities, or individuals disadvantaged because of educational or other circumstances that have inhibited their ability to pursue such a career.

TYPES OF ASSISTANCE:

Training

USES AND USE RESTRICTIONS:

Individual fellowships are made to students seeking predoctoral or postdoctoral support for full-time research training or who are enrolled in an formal M.D./Ph.D. program. An institutional allowance will be provided to the sponsoring institution for each awardee. In addition, any domestic public or nonprofit institution may apply for an institutional research training grant in a specified area of research from which a number of stipend awards will be made to individuals selected by the training program director at the institution. Support is available for both predoctoral and postdoctoral trainees and will include an amount for institutional expenses. Indirect costs may be requested at 8 percent of total direct costs, exclusive of tuition and related fees and expenditures for equipment, or actual indirect costs, whichever is less. Postdoctoral students receiving fellowships or stipend support under either individual or institutional grants for 12 months or less are obligated to pay back this support through an equivalent period of continued postdoctoral training or a period of health related research and/or teaching activities after the completion of their training. Postdoctoral individuals in their thirteenth and subsequent months of support will incur no further obligation, and such support will be considered acceptable postdoctoral payback service. Research training support may not be used for internships or other clinical training.

Applicant Eligibility:

For a training grant, an institution must be a domestic public or nonprofit private organization. The applicant institution must have, or be able to develop, the staff and facilities to provide the proposed research training in an environment suitable for performing high-quality research. An applicant for individual predoctoral fellowship support must be enrolled in a research doctoral degree program by the proposed activation date of the fellowship. A postdoctoral applicant must have received a Ph.D., Psy.D., M.D., D.D.S., Sc.D., D.N.S., D.O., D.S.W., or equivalent degree from an accredited institution to be eligible for an individual postdoctoral fellowship. An applicant for an M.D./Ph.D. individual fellowship must be enrolled in an M.D./Ph.D. program at an approved medical school, accepted in a related scientific program, and supervised by a mentor in the related scientific field. All individuals to be supported under the NRSA program must be citizens or noncitizen nationals of the United States, or have been lawfully admitted to the United States for permanent residence.

Beneficiary Eligibility:

Individuals and nonprofit organizations will benefit.

Credentials/Documentation:

Costs will be determined in accordance with OMB Circular No. A-21 for educational institutions. For other grantees, costs will be determined in accordance with HHS Regulations 45 CFR Part 74, Subpart Q, and 42 CFR Part 66. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. Applications must be prepared and submitted electronically using the SF 424 (Research & Related). Information about the SF 424 form may be found on <http://grants.nih.gov/grants/funding/424/index.htm>, but application packages should be accessed through the appropriate funding opportunity announcement, found either on the NIH Guide to Grants and Contracts (<http://grants1.nih.gov/grants/guide/index.html>) or through the Grants.gov website (<http://www.grants.gov/>). For further assistance contact GrantsInfo,

Telephone (301) 435-0714, Email: GrantsInfo@nih.gov. Information concerning current areas of science being supported is available from the National Institute of Mental Health (NIMH). Completed paper forms should be submitted to the Center for Scientific Review, National Institutes of Health, 6701 Rockledge Drive, Room 1040, MSC 7710, Bethesda, MD 20892-7710 or Bethesda, MD 20817 (for express/courier service). This program is subject to the provisions of 45 CFR Part 92 for State and local governments and OMB Circular No. A-110 for nonprofit organizations.

Award Procedure:

Applications are reviewed for scientific merit by nonfederal consultants recruited nationwide from the mental health field. Applications other than fellowships must also be reviewed by the National Advisory Mental Health Council. If an institutional training grant is recommended for approval and a decision to make an award is made, a formal award notice will be sent to the applicant institution. If an individual fellowship is recommended for approval and a decision to make an award is made, a formal award notice will be sent to the designated sponsoring institution business official. Postdoctoral students to be supported must submit required appointment forms, including a payback agreement and a Statement of Non-Delinquency on Federal Debt Certification. Predoctoral trainees whose appointments began after June 10, 1993, no longer incur a payback obligation.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

> 180 Days. From 5 to 7 months. Review of AIDS-related applications is expedited.

Appeals:

A principal investigator may question the substantive or procedural aspects of the review of his/her application by communicating with the staff of the Institute. A description of the NIH Peer Review Appeal procedures is available on the NIH home page at <http://grants.nih.gov/grants/guide/notice-files/NOT-OD-11-064.html>.

Renewals:

By law an individual may receive no more than 6 years of support in the aggregate at the predoctoral level and no more than 3 years of support in the aggregate at the postdoctoral level under the NRSA program (through an individual and/or institutional award). Any exception to these limitations requires a waiver from the Director of the awarding Institute based on review of justification from the awardee and the program director for the institutional grant.

93.283 CENTERS FOR DISEASE CONTROL AND PREVENTION INVESTIGATIONS AND TECHNICAL ASSISTANCE CDC Investigations, Technical Assistance and Affordable Care Act Projects FEDERAL AGENCY:

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Title 42, Section 243, 247b(k)(2).

OBJECTIVES:

To assist State and local health authorities and other health related organizations in controlling communicable diseases, chronic diseases and disorders, and other preventable health conditions. Investigations and evaluation of all methods of controlling or preventing disease and disability are carried out by providing epidemic aid, surveillance, technical assistance, consultation, and program support; and by providing leadership and coordination of joint national, State, and local efforts. STEPS- To enable communities to reduce the burden of chronic disease, including: preventing diabetes among populations with pre-diabetes; increasing the likelihood that persons with undiagnosed diabetes are diagnosed; reducing complications of diabetes; preventing overweight and obesity; reducing overweight and obesity; and reducing the complications of asthma. STEPS will achieve these outcomes by improving nutrition; increasing physical activity; preventing tobacco use and exposure, targeting adults who are diabetic or who live with persons with asthma; increasing tobacco cessation, targeting adults who are diabetic or who live with persons with asthma; increasing use of appropriate health care services; improving the quality of care; and increasing effective self-management of chronic diseases and associated risk factors. REACH - REACH U.S. supports community coalitions that design, implement, evaluate, and disseminate community-driven strategies to eliminate health disparities Racial and ethnic groups targeted include: African American/Black, American Indian/Alaska Native, Asian, Native Hawaiian/Other Pacific Islander, and Hispanic/Latino. Health priority areas include: breast and cervical cancer; cardiovascular disease; diabetes mellitus; adult/older adult immunization, hepatitis B, and/or tuberculosis; asthma; and infant mortality. ACA funding: Policy Education --To ensure public policy leaders have the tools and knowledge to support improvements in the public health infrastructure so that the public health system is prepared to respond to both acute and chronic threats relating to the Nation's health.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

To strengthen State and local disease prevention and control programs, such as tuberculosis, childhood immunization, and sexually-transmitted diseases. To support national and local programs to combat disability related to epilepsy through education, partnership development, and enhanced communication. Services and program support: Epidemic aid; technical assistance (field studies and investigations of ongoing disease problems; occupational safety and health); consultation; dissemination of technical information; and provision of specialized services and assistance, including responses to public health emergencies. Training: Training State and local health professionals in broad areas of epidemiology, disability, and research programs such as hospital infections, hepatitis, vector-borne diseases, food-borne diseases, epilepsy, and tuberculosis, at the State or other health related organization's request.) To support capacity building, program planning, development, implementation, evaluation, and surveillance for current and emerging chronic disease conditions related to tobacco use. To achieve four Program Goals through community interventions and mobilization; counter-marketing; policy development and implementation, and surveillance and evaluation. Goals include preventing initiation to tobacco use among young people; eliminate exposure to second hand smoke; promote cessation among adults and young people who use tobacco; and identify and eliminate tobacco-related disparities among specific population groups. Lead regional efforts to prevent and reduce the use of tobacco and exposure to secondhand smoke. Conduct evaluations and implementation of culturally relevant and community competent tobacco control and prevention strategies and continue regional capacity building efforts. To address goal four of the National Tobacco Control Program (Identify and Eliminate Tobacco-Related Disparities). To eliminate health disparities among segments of the population, including differences that occur by gender, race or ethnicity, education, income, disability, geographic location, or sexual orientation. Establish a National Network consortium among six priority populations to coordinate and evaluate tobacco control and prevention initiatives through a broad national strategy to prevent and reduce tobacco use and exposure to second hand smoke and to eliminate tobacco-related disparities among priority populations. To provide funding to establish and/or enhance state-based telephone quitlines to provide tobacco cessation telephone counseling to the public at large. To fund projects that address the promotion of cessation among adults and young people who use tobacco (quitlines.) Address

at the National level the promotion of cessation among adults and young people who use tobacco (quitlines). To build state arthritis programs that exponentially expand access and use of evidence-based interventions by embedding intervention programs into existing systems, conducting surveillance and data analysis to inform decision making, and developing state-level intervention, policy, and communication focused partnerships that further program goals. To strengthen state oral health programs and public health core capacity and to reduce inequalities in the oral health of targeted populations. To improve state public health programs, including support for program leadership and staff, to monitor oral health risk factors, and for developing and evaluating prevention programs. To support evidenced- based interventions to prevent oral disease, including community water fluoridation and school-based dental sealant programs. To identify and disseminate information on best practices for state and community oral health programs. To assess state programs and provide recommendations to address gaps and weaknesses. To collaborate in development of the National Oral Health Surveillance System and to cosponsor the annual National Oral Health Conference. To develop initiatives related to oral disease prevention and chronic disease and health promotion capacity. To improve and strengthen state oral health infrastructure by providing technical assistance to state health agencies and coalitions, developing and implementing a plan to advance the Surgeon General's National Call to Action to Promote Oral Health. To coordinate the dissemination of comprehensive oral disease prevention information and health promotion programmatic expertise among state and local agencies and public and private sector organizations in the United States. To develop and promote policies to address oral disease prevention for high-risk adults. To identify modifiable barriers to optional care across diverse managed care settings. To promote public awareness and partnership, provide interstitial cystitis (IC) education for the general public and for health care providers, and develop and enhance communication channels to allow for improved interaction and information sharing among those with IC, advocates for persons with IC and their families, those who provide care and services for persons with IC, researchers and public health scientists. To promote public awareness and partnerships, assess the impact and burden of cognitive impairment within states and nationally, describe the characteristics of expanded data on caregivers and care from a public health perspective, provide Alzheimers disease and cognitive health education for the general public and health professionals, and develop and enhance communication channels to allow for improved interaction and information sharing about cognitive impairment and Alzheimers disease.

ACA funding: Conduct policy education aimed at strengthening public health infrastructure and performance including: 1) training/education about health reform as it relates to improvement of public health infrastructure investments; 2) networking between jurisdictions to ensure peer support and intra-jurisdictional learning about the role of public health in health reform; and 3) technical assistance in policy development that supports public health goals.

Applicant Eligibility:

States, political subdivisions of States, local health authorities, Federally recognized or state recognized American Indian/Alaska Native tribal governments and organizations with specialized health interests may apply. Colleges, universities, private nonprofit and public nonprofit domestic organizations, research institutions, faith-based organizations, and managed care organizations for some specific programs such as Diabetes.

Beneficiary Eligibility:

States, political subdivisions of States, local health authorities, and individuals or organizations with specialized health interests will benefit. Colleges, universities, private non-profit and public nonprofit domestic organizations, research institutions, faith-based organizations, and managed care organizations for some specific programs such as Diabetes.

Credentials/Documentation:

For other grantees, costs will be determined by HHS regulations 45 CFR 74, Subpart Q. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should

consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. Forms and instructions are available in an interactive format on the CDC web site, at the following Internet address: www.cdc.gov/od/pgo/forminfo.htm. To apply for research funding opportunities, use application form PHS 398 (OMB number 0925-0001 rev. 5/2001). Submit the signed original and five copies of your application by mail or express delivery service to: Technical Information Management, CDC Procurement and Grants Office, 2920 Brandywine Road, Atlanta, GA 30341. State and local governments may use Form 5161. An original and two copies must be submitted. This program is subject to the provisions of 45 CFR Parts 74 or 92, as appropriate.

Award Procedure:

After review and approval, a notice of award is prepared and processed, along with appropriate notification to the public, initial award provides funds for first budget period (usually 12 months) and Notice of Award indicates support recommended for the remainder of project period, allocation of Federal funds by budget categories, and special conditions, if any. However, applicants are encouraged to call CDC for programmatic technical assistance prior to the development and submission of their assistance application.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 90 to 120 days. About 120 days from receipt of application.

Appeals:

Not Applicable.

Renewals:

If additional support is desired to continue a research project beyond the approved project period, an application for competing continuation must be submitted for review in the same manner as a new application. Projects are renewable for periods of 1 to 3 years.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Assistance is available for a 12-month budget period within project periods ranging from 1 to 5 years. After awards are issued, funds are released in accordance with the payment procedure established by the grantee institution with DHHS, which may be an Electronic Transfer System or a Monthly Cost Request System. Method of awarding/releasing assistance: lump sum.

Reports:

Financial status and progress reports are required annually. Upon completion of the project, final financial status and performance reports are required. Interim reporting requirements may be delineated in the FOA. Cash reports are not applicable. Progress reports are required annually. Interim reporting requirements may be delineated in the FOA. Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. In addition, grants and cooperative agreements are subject to inspection and audits by DHHS and other Federal

government officials.

Records:

Financial records, supporting documents, statistical records, and all other records pertinent to the project must be kept readily available for review by personnel authorized to examine PHS grant accounts. Records must be maintained for a minimum of 3 years after the end of a budget period. If questions still remain, such as those raised as a result of an audit, records must be retained until completion or resolution of any audit in process or pending resolution. Property records must be retained in accordance with PHS Grants Policy Statement requirements.

Injury Prevention Program for American Indians and Alaskan Natives Cooperative Agreements

FEDERAL AGENCY:

Indian Health Service, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Section 301a.

OBJECTIVES:

To improve the quality of the health of American Indians and Alaska Natives by developing the capacity of tribes to address their injury problems.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

The assistance is used for three types of injury prevention related projects: (1) Part I Basic: Build or enhance local injury prevention capacity; and (2) Part II Intervention: Implement a proven or promising injury prevention intervention. This assistance is available to federally-recognized Indian tribes, tribal organizations, and urban Indian organizations. All IHS funds are discretionary funds.

Applicant Eligibility:

Federally-recognized tribes, tribal organizations, non-profit organizations serving primarily American Indians and Alaska Natives, and urban Indian organizations may apply.

Beneficiary Eligibility:

Individuals who are members of an eligible applicant tribe, band, or group or village and who may be regarded as within the scope of the Indian health and medical service program and who are regarded as an Indian by the community in which he lives as evidenced by such factors as tribal membership, enrollment, residence on tax exempt land, ownership or restricted property, active participation in tribal affairs or other relevant factors in keeping with general Bureau of Indian Affairs practices in the jurisdiction.

Credentials/Documentation:

Certification of American Indian or Alaska descent is required for direct services. Provisions of cooperative agreement require tribal endorsement in the form of Resolution to sanction tribal participation. Costs will be determined in accordance with OMB Circular No. A-87 for State, local, and Indian tribal governments (and Circular No. A-122 for Nonprofit Organizations) implemented through applicable grant administration regulations 45 CFR, 92 (45 CFR, 74 for nonprofit organizations). OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Standard application forms, as furnished by IHS and required by 45 CFR, 92, for State and local governments and 45 CFR, 74, for nonprofit organizations, must be used for this program. Injury Prevention Programs are processed and administered by IHS Headquarters. This program is subject to the provisions of 45 CFR 92 for Indian tribes and Part 74 for Nonprofit organizations.

Award Procedure:

Cooperative agreements are awarded on a competitive basis with processing and final approved by Indian Health Service Headquarters.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days. Grants are approved or disapproved within 90 days of receipt of grant applications by the Indian Health Service, program office.

Appeals:

Cooperative agreement appeals will follow PHS appeals procedures: 42 CFR, Part 50 Subpart D and DHHS appeals procedures: 45 CFR, Part 16.

Renewals:

Renewal of multi-year cooperative agreements is on a year-to-year basis and requires the submission of continuation applications.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program.

Matching requirements are not applicable to this program.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

IHS Grants are usually 3 to 5 years for a project period. Method of awarding/releasing assistance: quarterly.

Reports:

Program reports are not applicable. Grantees will be required to submit quarterly Federal Financial Report (SF-425 or FFR) to the Division of Payment Management Branch. Progress reports are required annually, semi-annually or quarterly depending on the time lines set by the IHS program. A final progress report is due 90 days after the end of each budget period and at the end of the final project period. Grantees will be required to submit quarterly Federal Financial Report (SF-425 or FFR) to the Division of Payment Management Branch. IHS grants are monitored by the Division of Grants Management for financial compliance and by the IHS Program Staff for programmatic compliance.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. In addition, grants and cooperative agreements are subject to inspection and audits by DHHS and other Federal government officials.

Records:

HHS and the Comptroller General of the United States or any of their authorized representatives, shall have the right of access to any books, documents, papers, or other records of a grantee, subgrantee, contractor, or subcontractor, that are pertinent to the HHS grant in order to make audits, examinations, excerpts and transcripts. In accordance with 45 CFR, 92.42, grantees are required to maintain grant records 3 years after they submit their final expenditures report. If any litigation, claim, negotiation, audit or other action involving the records has been started before the expiration of the 3-year period, the records must be retained until completion of the action and resolution of all issues arising from it, or until the end of the regular 3-year period, whichever is later.

Account Identification:

EXAMPLES OF FUNDED PROJECTS:

Not Applicable.

CRITERIA FOR SELECTING PROPOSALS:

(1) The apparent capability of the applicant to organize and manage the proposed project successfully considering the adequacy of staff, management systems, equipment and facilities; (2) the soundness of the applicant's plan for conducting the project and for assuring effective utilization of grant funds; (3) the adequacy of the budget in relation to the scope of the project and available funds; and (4) the relative effectiveness of the applicant's plan to carry out each of the requirements as set forth in the application.

93.286 DISCOVERY AND APPLIED RESEARCH FOR TECHNOLOGICAL INNOVATIONS TO IMPROVE HUMAN HEALTH FEDERAL AGENCY:

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Title IV, Section 401(b)(1) &467z.

OBJECTIVES:

To support hypothesis, design, technology, or device-driven research relation to the discovery, design, development, validation, and application of technologies related to biomedical imaging and bioengineering. The program includes biomaterials (biomimetics, bioprocessing, organogenesis, rehabilitation, tissue engineering, implant science, material science, interface science, physics and stress engineering, technology assessment of materials/devices), biosensors/biotransducers (technology development, technology assessment, development of algorithms, telemetry), nanotechnology (nanoscience, biomimetics, drug delivery systems, drug bioavailability, microarray/combinatorial technology, genetic engineering, computer science, technology assessment), bioinformatics (computer science, information science, mathematics, biomechanics, computational modeling and simulation, remote diagnosis and therapy), imaging device development, biomedical imaging technology development, image exploitation, contrast agents, informatics and

computer sciences related to imaging, molecular and cellular imaging, bioelectrics/biomagnetics, organ and whole body imaging, screening for diseases and disorders, and imaging technology assessment and surgery (technique development and technology development).

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Research Grant funds may be used for salaries, consultation, equipment, travel and other usual costs, subject to Federal regulations applicable to the grant. Individual National Research Service Awards (NRSA) are made directly to individuals for research training in specified areas related to the mission of NIBIB. Institutional NRSA may be made to institutions to enable them to accept individuals for research training. Each individual who receives a NRSA postdoctoral fellowship or traineeship is obligated upon termination of the award to comply with certain service and payback provisions. Small Business Innovation Research (SBIR) Phase I grants are to establish the technical merit and feasibility of a proposed research effort that may lead to a commercial product or process. Only Phase I awardees are eligible to apply for Phase II support. Small Business Technology Transfer (STTR) Phase I grants are to determine the scientific, technical, and commercial merit and feasibility of the proposed cooperative effort that has potential for commercial application. Phase II funding is based on results of research initiated in Phase I and scientific and technical merit and commercial potential of the Phase II application.

Applicant Eligibility:

Any corporation, public or private institution or agency, or other legal entity, either nonprofit or for-profit, may apply for a research grant. An applicant for an individual NRSA must be a citizen of the United States or lawfully admitted for permanent residence. Those on temporary or student visas are not eligible. An eligible institution for an institutional NRSA must be capable of providing predoctoral and/or postdoctoral research training opportunities for engineers, bioengineers or other. SBIR grants can be awarded only to domestic small businesses (entities that are independently owned and operated for profit; are not dominant in the field in which research is being proposed; and have no more than 500 employees). Primary employment (more than one-half time) of the principal investigator must be with the small business at the time of award and during the conduct of the proposed project. In both Phase I and Phase II, the research must be performed in the United States or its possessions. To be eligible for funding, a grant application must be reviewed for scientific merit and program relevance by a scientific review group and a national advisory council. STTR grants can be awarded only to domestic small business concerns (entities that are independently owned and operated for profit, are not dominant in the field in which research is proposed and have no more than 500 employees) which "partner" with a research institution in cooperative research and development. At least 40 percent of the project is to be performed by the small business concern and at least 30 percent by the research institution. In both Phase I and Phase II, the research must be performed in the U.S. or its possessions. To be eligible for funding, a grant application must be approved for scientific merit and program relevance by a scientific review group and a national advisory council.

Beneficiary Eligibility:

Any nonprofit or for-profit organization, company, or institution engaged in biomedical research.

Credentials/Documentation:

Credentials/Documentation: Each applicant for research projects must present a research plan and furnish evidence that scientific competence, facilities, equipment, and supplies are appropriate to carry out the plan. For an individual NRSA, the applicant's academic record, research experience, citizenship, and institutional sponsorship should be documented in the application. For an institutional NRSA, the applicant organization must show the objectives, methodology and resources for the research training program, the qualifications and experience of directing staff, the criteria to be used in selecting individuals for awards, and detailed budget justification for the amount of grant funds requested. Costs will be determined in accordance with OMB Circular No. A-21, Cost Principles for Educational Institutions and OMB Circular No. A-87 for State and local governments. For-profit organizations' costs are determined in accordance with Subpart 31.2 of the Federal Acquisition Regulations. For

other grantees, costs will be determined by HHS Regulations 45 CFR, Part 74, Subpart Q. For SBIR and STTR grants, applicant organization (small business concern) must present in a research plan an idea that has potential for commercialization and furnish evidence that scientific competence, experimental methods, facilities, equipment, and funds requested are appropriate to carry out the plan. Use of SF424 (R&R) Adobe Version B series or PHS 398 (Rev. 11/2007), and associated forms are required for all applications submitted to the NIH. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. Application Form PHS 398 (Rev. 11/2007) is the standard form. Application kits are available on-line at <http://grants1.nih.gov/grants/oer.htm>. Completed applications should be submitted via Grants.gov (<http://www.grants.gov>) or to the Center for Scientific Review, National Institutes of Health, Bethesda, MD 20892. The standard application forms, as furnished by PHS and required by 45 CFR Part 92 for State and local governments, must be used for this program. The same application form will be used for all types of applications including training (NRSA), both individual and institutional, and SBIR/STTR. The training (NRSA) program is subject to the provisions of 45 CFR Part 92 for State and local governments and OMB Circular No. A-110 for nonprofit organizations. SBIR and STTR Grant Solicitations and SBIR Contract Solicitation may be obtained electronically through the NIH's "Small Business Funding Opportunities" home page at www.nih.gov/grants/funding/sbir.htm on the World Wide Web. SBIR and STTR grant applications should be submitted electronically through Grants.gov (<http://www.grants.gov>) using the SF424 Research and Related (R&R) forms and the SF424 (R&R) SBIR/STTR Application Guide.

Award Procedure:

All applications for research or training are reviewed for scientific merit by an appropriate initial review group and then by a national advisory council. All applications favorably recommended compete for available funds on the basis of scientific merit and program emphasis. All accepted SBIR/STTR applications are evaluated for scientific and technical merit by an appropriate scientific peer review panel and by a national advisory council or board. All applications receiving a priority score compete for available SBIR/STTR set-aside funds on the basis of scientific and technical merit and commercial potential of the proposed research, program relevance, and program balance among the areas of research.

Deadlines:

Feb 01, 2009 Research Grants: February 1, June 1, and October 1. Renewals: March 1, July 1, and November 1. Individual NRSA's: April 5, August 5, and December 5. Institutional NRSA's: January 10, May 10 and September 10. SBIR or STTR: April 1, August 1, and December 1.

Range of Approval/Disapproval Time:

> 180 Days. Research Grants: From 6 to 9 months. NRSA's: From 6 to 9 months. SBIR/STTR: About 7.5 months.

Appeals:

From 30 to 60 days. A principal investigator (P.I.) may question the substantive or procedural aspects of the review of his/her application by communicating with the staff of the Institute. A description of the NIH Peer Review Appeal procedures is available on the NIH home page <http://grants.nih.gov/grants/guide/notice-files/NOT-OD-11-064.html>.

Renewals:

> 180 Days. Research Grant applications submitted for renewal are reviewed and selected for funding on a competitive basis. NRSA awards may be made for 1 to 5 years. No individual may receive more than 5 years of aggregate NRSA support beyond the predoctoral level, and no individual may receive NRSA support for more than 3 years of support beyond the postdoctoral level. Institutional awards may be renewed.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Research Grant awards are usually made annually with no project periods to exceed 5 years in length. NRSA Institutional awards may be made for up to 5 years, and Individual awards may be made for up to 5 years at the predoctoral level, 3 years at postdoctoral level, and 2 years at senior level. Normally SBIR and STTR Phase I awards are for 6 months and Phase II awards are for 2 years. See the following for information on how assistance is awarded/released: Normally, awards are released each fiscal year.

Reports:

No program reports are required. Cash reports are not applicable. Annual Progress Reports are required. Instructions are found: <http://grants1.nih.gov/grants/guide/notice-files/NOT-OD-09-139.html>. Annual financial status reports are required. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. For nongovernmental grant recipients, audits are to be carried out in accordance with the provisions set forth in OMB Circular No. A-133. In addition, grants and cooperative agreements are subject to inspection and audits by DHHS and other Federal officials.

Records:

Expenditures and other financial records must be retained for 3 years from the day on which the grantee submits the last financial status report for the report period.

CRITERIA FOR SELECTING PROPOSALS:

The major elements in evaluating proposals include assessments of: (1) Significance: Does this study address an important problem? If the aims of the application are achieved, how will scientific knowledge be advanced? What will be the effect of these studies on the concepts or methods that drive this field? (2) Approach: Are the conceptual framework, design, methods, and analyses adequately developed, well-integrated, and appropriate to the aims of the project? Does the applicant acknowledge potential problem areas and consider alternative tactics? (3) Innovation: Does the project employ novel concepts, approaches or method? Are the aims original and innovative? Does the project challenge existing paradigms or develop new methodologies or technologies? (4) Investigator: Is the investigator appropriately trained and well suited to carry out this work? Is the work proposed appropriate to the experience level of the principal investigator and other researchers (if any)? (5) Environment: Does the scientific environment in which the work will be done contribute to the probability of success? Do the proposed experiments take advantage of unique features of the scientific environment or employ useful collaborative arrangements? Is there evidence of institutional support? (6) the appropriateness of the proposed budget and duration in relation to the proposed research; (7) the relevance and importance to announced program objectives; (8) the adequacy of plans to include both genders, minorities and their subgroups, and children as appropriate for the scientific goals of the research. Plans for the recruitment and retention of subjects will also be evaluated; (9) the adequacy of the proposed protection for humans or the environment, to the extent they may be adversely affected by the project proposed in the application; and (10) the adequacy of the proposed plan to share data, if appropriate. The following criteria will be used in considering the scientific and technical merit of SBIR/STTR Phase I grant applications: (1) The soundness and technical merit of the proposed approach; (2) the qualifications of the proposed principal investigator, supporting staff, and consultants; (3) the technological innovation of the proposed research; (4) the potential of the proposed research for commercial application; (5) the appropriateness of the budget requested; (6) the adequacy and suitability of the facilities and research environment; and (7) where applicable, the adequacy of assurances detailing the proposed means for (a) safeguarding human or animal subjects, and/or (b) protecting against or minimizing any adverse effect on the environment. Phase II grant applications will be reviewed based upon the following criteria: (1) The degree to which the Phase I objectives were met and feasibility demonstrated; (2) the scientific and technical merit of the proposed approach for achieving the Phase II objectives; (3) the qualifications of the proposed principal investigator, supporting staff, and consultants; (4) the technological innovation, originality, or societal importance of the proposed research; (5) the potential of the proposed research for commercial application; (6) the reasonableness of the budget requested for the work proposed; (7) the adequacy and suitability of the facilities and research environment; and (8) where applicable, the adequacy of assurances detailing the proposed means for (a) safeguarding human or animal subjects, and/or (b) protecting against or minimizing any adverse effect on the environment.

93.288 NATIONAL HEALTH SERVICE CORPS SCHOLARSHIP PROGRAM

NHSC Scholarship Program

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Title III, Section 338A of the Public Health Service Act (42 USC 254I), as amended Sections 338C-H of the Public Health Service Act (42 USC 254m-q), as amended Section 10503 of the Affordable Care Act (P.L. 111-148).

OBJECTIVES:

The National Health Service Corp (NHSC) Scholarship Programs objective is to increase the supply of primary care physicians, dentists, certified nurse midwives, primary care nurse practitioners, and physician assistants and, if needed by the National Health Service Corps, other health professionals in Health Professional Shortage Areas (HPSAs) within the United States by providing service-obligated scholarships to health professions students.

TYPES OF ASSISTANCE:

DIRECT PAYMENTS FOR A SPECIFIED USE

USES AND USE RESTRICTIONS:

Service-obligated scholarships for full-time students of allopathic (M.D.) and osteopathic (D.O.) medicine, dentistry, primary care nurse practitioner, nurse midwifery, and primary care physician assistants. Other health disciplines may be included if needed by National Health Service Corps. Scholarships pay tuition and required fees to the school, a stipend to students and a single annual payment to the student to assist with other reasonable educational expenses. Reasonable expenses may include books, supplies, equipment, uniforms, travel for the provision of clinical services, etc. The program requires 1 year of service for each year of scholarship support, with a minimum 2-year service commitment post graduation. A maximum of 4 years of support may be awarded. Service sites are selected by the scholarship recipient from the list of high priority sites in HPSAs identified by the NHSC.

Refer to the NHSC Scholarship Program Guidance for specific requirements.

Applicant Eligibility:

At the time of award, the applicant must be a U.S. citizen or national. The applicant must be enrolled or accepted for enrollment in an accredited school in a State, the District of Columbia, or a U.S. Territory as a full-time student in a course of study leading to a degree in medicine, osteopathic medicine, dentistry, or other health professions. The applicant must be eligible for Federal employment, be free of any Federal judgment liens or service obligation, not be excluded, debarred, suspended or disqualified by a Federal agency, and have no conflicting service obligation. The applicant must submit an application and a signed contract to the National Health Service Corps agreeing to accept payment of scholarship and provide full-time primary health services in a Health Professional Shortage Area.

Beneficiary Eligibility:

U.S. citizens or nationals enrolled or accepted for enrollment in a State in a course of study leading to a degree in medicine, osteopathic medicine, dentistry or other health profession.

Credentials/Documentation:

Applicants should review the individual HRSA funding opportunity announcement issued under this CFDA program for any required proof or certifications which must be submitted prior to or simultaneous with submission of an application package. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. This program is excluded from coverage under OMB Circular No. A-110. HRSA requires all applicants to apply electronically through Grants.gov.

Award Procedure:

All qualified applications will be forwarded to an objective review committee. Based on the advice of the objective review committee, the HRSA program official with delegated authority is responsible for final selection and funding decisions. Notification in writing is made to those in the final selection by a Notice of Award.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Notification to successful and rejected applicants is made no later than 6 months after deadline from receipt of application.

Appeals:

Not Applicable.

Renewals:

Renewal applications are not necessary for students in compliance; contracts may be multi-year funded through graduation (1 to 4 years, if the applicant signs the contract through the graduation date).

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Each award covers up to 1 to 4 years of support, as requested. No awardees may receive more than 4 years of support. See the following for information on how assistance is awarded/released: Direct Deposit in recipients accounts through PSC.

Reports:

Annual reports by schools indicating average student educational expenses. The academic institution where the student is enrolled must complete and submit a Verification of Enrollment Form each semester.

The employing facility must complete and send a semi-annual Employment Verification Form verifying that the participating health professional is providing service. The certification includes a signature by an appropriate official of the facility. No cash reports are required. No progress reports are required. No expenditure reports are required. No performance monitoring is required.

CRITERIA FOR SELECTING PROPOSALS:

By statute, first priority will be given to any applicant for such assistance, who has previously received a scholarship under this section or under section 758 of the PHS Act. Second priority will be given to students who are from a "disadvantaged background." Third priority will be given to all other applicants who display characteristics that indicate the likelihood that they will continue professional practice in a Health Professional Shortage Area when they complete their service obligation.

93.289 PRESIDENT'S COUNCIL ON FITNESS, SPORTS, AND NUTRITION

President's Council on Fitness, Sports, and Nutrition (PCFSN)

FEDERAL AGENCY:

President's Council on Physical Fitness and Sports, Department of Health and Human Services

AUTHORIZATION:

Executive Order Executive Order 13265, dated June 6, 2002, as amended by Executive Order 13545, dated June 22, 2010.

OBJECTIVES:

The objectives of the PCFSN are to expand interest in and awareness of the importance of regular physical activity, fitness, sports participation and good nutrition for Americans of all ages by encouraging the development, improvement, or enhanced coordination of programs that address physical activity and good nutrition. 93.290 NATIONAL COMMUNITY CENTERS OF EXCELLENCE IN WOMEN'S HEALTH

(CCOE or Community Centers of Excellence)

FEDERAL AGENCY:

Office of the Secretary, Department of Health and Human Services

AUTHORIZATION:

42 U.S.C. 300u-2(a), 42 U.S.C 300u-2(a).

OBJECTIVES:

To provide recognition and funding to community-based programs that unite promising approaches in women's health across the following six components: (1) Comprehensive health service delivery; (2) training for lay and professional health providers; (3) community- based research; (4) public education and outreach; 5) leadership development for women as health care consumers and providers; and (6) technical assistance to ensure the replication of promising models and strategies that coordinate and integrate women's health activities at the community level and improve health outcomes for underserved women. The focus of the CCOE initiative is to integrate, coordinate, and strengthen linkages between activities/programs that are already underway in the community in order to reduce fragmentation in women's health services and activities.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

A majority of the funds from the CCOE award must be used to support staff and efforts aimed at coordinating and integrating the major components of the CCOE program. The Center Director, or the person responsible for the day-to-day management of the CCOE program, must devote at least a 75 percent level of effort to the program. Additionally, 25 percent of the award funding must target efforts to foster the transfer of lessons learned/successful strategies from the CCOE program (technical assistance). Funds may be used for personnel, consultants, supplies (including screening, education, and outreach supplies), and grant related travel. Items costing less than \$5,000 are considered to be supplies. Funds may not be used for construction, building alterations, medical treatment, equipment, or renovations. All budget requests must be fully justified in terms of the proposed CCOE goals and objectives and include a computational explanation of how costs were determined. Applications from academic health centers or organizations that are part of academic health centers and state, county and local health departments will not be accepted. To ensure a wide geographic distribution of the Center of Excellence in Women's Health model, applications will not be accepted from organizations in States or territories that currently have a CCOE or a CoE program. Applications will not be accepted from organizations in the following States/Territories: AZ, CA, IL, IN, LA, MA, MI, MO, MN, NM, NY, OH, PA, PR, VT, WA, and WI.

Applicant Eligibility:

The CCOE applicant must be public or private nonprofit community-based

hospitals, community health centers, or community-based organizations serving underserved women. Community entities/organizations, including faith-based organizations, that have alliances, partnerships, networks with, or have other affiliations with an academic health center are also eligible to apply for a CCOE grant as long as the community entity/organization has a leading management role in the activity and maintain control of all funds. Organizations that have previously submitted CCOE applications, but were not funded, are also eligible to reapply for this award.

Beneficiary Eligibility:

Underserved women will benefit.

Credentials/Documentation:

Each applicant for a cooperative agreement funded under this CCOE announcement must, at a minimum: (1) present a plan to integrate all six components of the CCOE program by the end of the first year of funding, although only four components have to be in place at the time the application is submitted; (2) develop a CCOE advisory board or ensure that their already established advisory board is included in the decision-making process for CCOE program development, identification of community-based research questions, and formulation of CCOE policies; (3) be a sustainable organization with an established network of partners capable of providing coordinated and integrated women's health services in the targeted community; (4) have an established clinical care center/facility, an operating public educational/outreach program, and a community identified as the recipient of technical assistance at the time the application is submitted; (5) demonstrate the ways in which the organization and the care that are coordinated through its partners are women-focused, women-friendly, women-relevant, and sensitive to the importance of patient/provider communication/relationships for medically underserved women of all ages; (6) detail/specify the roles and resources/services that each partner organization brings to the program, the duration and terms of agreement as confirmed by a signed agreement between the applicant organization and each partner, and describe how the partner organizations will operated within the CCOE structure; (7) describe in detail plans for the local evaluation of the CCOE program and when and how information obtained from the evaluation will be used to enhance the CCOE program; and (8) describe in detail the planned community-based research and the research methodology/procedure. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. All available grant opportunities are posted on www.grants.gov. Application kits may be requested by calling 240-453-8822 or writing to: Office of Assistant Secretary for Health, Office of Grants Management, 1101 Wootton Parkway, Suite 550, Rockville, MD 20852.

Award Procedure:

Applications will be screened upon receipt. Those that are judged to be incomplete, arrive after the deadline, or are from states that already have a CCOE or a CoE program will be returned without comment. Accepted applications will be reviewed for technical merit in accordance with OASH policies. Applications will be evaluated by a technical review panel composed of experts in the fields of program management, community service delivery, community service delivery, community outreach, health education, community-based research, education, training, leadership/career development, and technical assistance to other communities. Funding decisions will be determined by the Director, Division for Program Management, Office on Women's Health and will take into consideration the recommendations and ratings of the review panel; program needs, stated preferences; geographic location; and recommendations of DHHS Regional Women's Health Coordinators. Preference will be given to DHHS regions that do not have a CCOE or a CoE program and to programs proposed to be implemented in

medically underserved areas, enterprise communities, empowerment zones, and applications from Regions IV and VIII.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days. Approximately 90 days from the application deadline date.

Appeals:

(6) Adequacy of demonstrated knowledge of systems of health care for underserved women at the local level; demonstrated need within the proposed local community and target population of underserved women; demonstrated support and established linkages in place to operate a fully functional CCOE program; demonstrated access to medically underserved women; and documented past efforts/activities outcome with underserved women.

93.291 SURPLUS PROPERTY UTILIZATION

(Federal Property Assistance Program)

FEDERAL AGENCY:

Program Support Center, Department of Health and Human Services

AUTHORIZATION:

Federal Property and Administrative Services Act of 1949, Section 203(k), Public Law 81-152, 40 U.S.C. 484., Section 203(k), Public Law 81-152, 101 Stat. , 40 U.S.C 484; Stewart B. McKinney Homeless Assistance Act of 1987, Section 501, Public Law 100-77, 101 Stat. 509, 42 U.S.C 11301.

OBJECTIVES:

To convey or lease all surplus Federal real properties made available by the disposal agency which are needed and usable by eligible organizations and institutions to carry out health programs, including homeless assistance programs.

TYPES OF ASSISTANCE:

SALE, EXCHANGE, OR DONATION OF PROPERTY OR GOODS

USES AND USE RESTRICTIONS:

Real property must be used for eligible health purposes including research. It may consist of land with or without buildings and other improvements or buildings only. A discount of up to 100 percent based on the proposed-use program is granted. This discount applied against the fair value of the property, is earned by approved use over a prescribed period of 30 years for land with or without improvements, and a lesser time for leased facilities and improvements

which are sold without land. Allowance of less than 100 percent requires payment of the difference in cash at the time of conveyance. Property must be used for the purpose for which conveyed, and may not be sold, leased, mortgaged, or encumbered without consent of the Department. Property must be used for the approved purpose for a specific period of time (i.e., 30 years); property can not be sold, encumbered, mortgaged, etc. without prior approval of office; grantee required to submit annual utilization reports; grantee must not discriminate in its use of the property; etc.

Applicant Eligibility:

States, their political subdivisions and instrumentalities; tax-supported public health institutions, and nonprofit institutions which (except for institutions which lease property to assist the homeless under Title V of Public Law 100-77) have been held exempt from taxation under Section 501 (c) (3) of the 1986 Internal Revenue Code.

Beneficiary Eligibility:

Anyone attending, working with or for, or served by the eligible applicants. Examples of potentially eligible use programs are hospitals, public health clinics, water and sewer systems, institutions for the rehabilitation of mentally or physically handicapped, health research institutions, homeless assistance facilities, and other institutions with basic health programs.

Credentials/Documentation:

Applicants must demonstrate current need for properties they request and the ability to carry out the proposed program. Applicants must also provide documentation of its authority to hold title to real property and evidence of tax-exempt status. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Notice of availability of surplus real property is sent by the Division of Property Management, Program Support Center (PSC), Department of Health and Human Services (DHHS), to all known potentially interested institutions. When applying for real property, an informal preapplication conference either in person or by telephone is recommended. At that time, consultation and assistance are available to aid in the preparation of an application. Applicants are required to submit factors for consideration of potential environmental impact, in accordance with the Environmental Questionnaire furnished with the application instructions. An environmental impact assessment is required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. This program is excluded from coverage under OMB Circular No. A-110. Applicants interested in acquiring Federal real properties must contact the Division of Property Management, PSC, DHHS.

Award Procedure:

Real property is awarded to the applicant whose programs of use are determined to be in the highest public interest. Land (with or without improvements) is conveyed by quitclaim deed or lease; buildings for off-site removal are by agreement of sale.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Normally, approval or disapproval is made within 30 days after an application has been submitted for real property. For properties to assist homeless individuals under Title V of the McKinney Act, approval or disapproval is made 25 days after a complete application is received.

Appeals:

Not Applicable.

Renewals:

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Deed restrictions run for a period of 30 years and Agreements of Sale are normally for 5 years, after which the transferee has clear title to the property. Restrictions on leased property run for the period of the lease. See the following for information on how assistance is awarded/released: Via deed or lease.

Reports:

Transferee is required to submit an annual utilization report on the operation and maintenance of the property. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. The Department's Audit agency makes periodic audits of the headquarters operation and may make spot checks of the utilization by real property transferees.

Records:

Transferees of real property, who expend funds to rebuild, refurbish, or to otherwise improve property under restrictions, should maintain records of these costs in the event they wish to dispose of the property prior to termination of the restriction period.

93.303 NURSING SCHOLARSHIP PROGRAM

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Section 846, as amended, Nurse Reinvestment Act of 2002, Public Law 107-205.

OBJECTIVES:

To increase the supply of registered nurses (RN) in approved health care facilities with a critical shortage of nurses by providing service-obligated scholarships to nursing students.

TYPES OF ASSISTANCE:

DIRECT PAYMENTS FOR A SPECIFIED USE

USES AND USE RESTRICTIONS:

Service-obligated scholarships are awarded to full-time and part-time students of nursing. Scholarships pay tuition and required fees to the school, a monthly stipend to students and a single annual payment to the student to assist with other reasonable educational expenses that include books, supplies, instruments, and uniforms. The program requires 1 year of service for each year of scholarship support, with a minimum 2-year service commitment post graduation. A maximum of four years of educational support may be awarded. Service obligation must be fulfilled at a health care facility with a critical shortage of nurses.

Refer to the Nursing Scholarship Program Guidance for specific requirements.

Applicant Eligibility:

The applicant must be a U.S. citizen or national, enrolled or accepted for enrollment in a fully accredited academic institution with a graduate, baccalaureate, associate degree or diploma nursing program located in a State,

the District of Columbia, or a U.S. Territory. The applicant must be free of any Federal judgment liens or service obligation, not have breached a prior service obligation, is not excluded, debarred, suspended, or disqualified by a Federal agency, and have no conflicting service obligations. Financial need is also reviewed as part of the eligibility determination. The applicant must submit an application and a signed contract, agreeing to accept payment of scholarship funds and provide health care services in a health care facility with a critical shortage of nurses for a minimum of two years.

Beneficiary Eligibility:

United States citizens or nationals enrolled or accepted for enrollment in a fully accredited graduate, baccalaureate, associate degree or diploma nursing program.

Credentials/Documentation:

Applicants should review the individual HRSA funding opportunity announcement issued under this CFDA program for any required proof or certifications which must be submitted prior to or simultaneous with submission of an application package. All qualified applications will be forwarded to an objective review committee. Based on the advice of the objective review committee, the HRSA program official with delegated authority is responsible for final selection and funding decisions. Notification in writing is made to those in the final selection by a Notice of Award.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Notification is made within 4-5 months after deadline for receipt of application.

Appeals:

Not Applicable.

Renewals:

Renewal applications are not necessary for students in compliance. Contracts may be multi-year funded through graduation (up to one to four years) if the applicant signs the contract through the graduation date.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Each award covers up to one to four years of educational support, as requested. No awardees may receive more than four years of support. See the following for information on how assistance is awarded/released: Direct Deposit in recipients accounts through PSC.

Reports:

Annual reports by schools indicating average student educational expenses. The academic institution where the student is enrolled must complete and submit a Verification of Enrollment Form each semester.

The employing critical shortage facility must complete and send a semi-annual Employment Certification Form verifying that the participating nurse is providing full-time or part-time continuous service as an RN. The certification includes a signature by an appropriate official of the facility. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not

93.307 MINORITY HEALTH AND HEALTH DISPARITIES RESEARCH FEDERAL AGENCY:

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Title III and IV, Part A and Part E, Sections 485E, 485F, 485G; Public Law 99-158 and Public Law 106-525; 42 U.S.C. 287c-31, 42 U.S.C. 287c-32, 42 U.S.C. 287c-33, 42 U.S.C. 241 and 285; Small Business Research and Development Enhancement Act of 1992, Public Law 102-564. , Title III, Part A & E, Section 485E 485F 485G, Public Law 99-158, 106 Stat. 525, 42 U.S.C 287c-31.

OBJECTIVES:

To support basic, clinical, social, and behavioral research, promote research infrastructure and training; foster emerging programs; disseminate information; and reach out to minority and other health disparity communities. The National Institute on Minority Health and Health Disparities (NIMHD) has established

programs to pursue these goals: (1) The NIMHD Centers of Excellence Program promotes research to improve minority health, and/or reduce and eliminate health disparities, build research capacity for minority health and health disparities research in minority-serving and other institutions; encourages the participation of health disparity groups and communities in biomedical and behavioral research and prevention and intervention activities; and brings together investigators from relevant disciplines in a manner that will enhance and extend the effectiveness of their research; (2) NIMHD Research Endowment Program: builds research capacity and infrastructure at eligible NIMHD Centers of Excellence OR eligible Section 736 health professions schools (42 U.S.C. 293) to facilitate minority health and other health disparities research to close the disparity gap in the burden of illness and death experienced by racial and ethnic minority Americans and other health disparity populations; promotes a diverse and strong scientific, technological and engineering workforce; and emphasizes the recruitment and retention of underrepresented minorities and other socio-economically disadvantaged populations in the fields of biomedical, and behavioral research and other areas of the scientific workforce; (3) Building Research Infrastructure and Capacity (BRIC) Program, formerly Research Infrastructure in Minority Institutions (RIMI): assists non-doctoral degree institutions in developing their research infrastructure primarily through collaborations with research-intensive universities thereby enabling the institutions to develop and enhance their capacity and competitiveness to conduct biomedical or behavioral research; (4) Minority Health and Health Disparities International Research Training Program (MHIRT), awards enable U.S. institutions to tailor short-term basic science, biomedical and behavioral mentored student international research training opportunities to address global issues related to understanding, reducing, and eliminating health disparities; (5) Community-Based Participatory Research (CBPR) program: this program supports the development, implementation and evaluation of intervention research using the community-based participatory research (CBPR) principles and methods in targeting diseases of major public health importance in health disparity communities. CBPR awards promote participatory research collaboration between scientific researchers and their community partners. This initiative starts with a three-year research planning grant followed by a competitive five-year intervention research grant and concludes with a three-year research dissemination grant. The CBPR initiative engages the community in all phases of the research process and is directed to specific diseases/health conditions in a particular health disparity population. (6) Small Business Innovation Research (SBIR) Program: increases private sector commercialization of innovations derived from Federal research and development; encourages small business participation in Federal research and development; and fosters and encourages participation of socially and economically disadvantaged small business concerns and women-owned small business concerns in technological innovation; (7) Small Business Technology Transfer (STTR) Program: to stimulate and foster scientific and technological innovation through cooperative research development carried out between small business concerns and research institutions; fosters technology transfer between small business concerns and research institutions; increases private sector commercialization of innovations derived from Federal research and development; and fosters and encourages participation of socially and economically disadvantaged small business concerns and women-owned small business concerns in technological innovation. (8) Research Project Grants (RPG): supports investigators whose current research focuses on diseases/conditions that disproportionately affect racial/ethnic minorities and other underserved populations.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Grants are intended to support the direct costs of a project in accordance with an approved budget, plus appropriate amount for indirect costs. Grantees must agree to administer the grant in accordance with the regulations and policies governing the research grants program of the Public Health Service. Endowment grants: Some qualifying institutions may use income earned from a research endowment corpus to support institutions in their effort to expand and add teaching programs in the biomedical and behavioral sciences and related areas, to improve facilities, to enhance student and faculty recruitment and retention, to develop instructional delivery systems and information technology in areas that will enhance minority health and other health disparities research

activities, and to establish endowed chairs and programs. Other qualifying institutions must use income earned from a research endowment corpus to increase the institutions' investments in the recruitment and retention of underrepresented minority students and students from other health disparity populations that matriculate at such institutions. This includes activities such as increasing student recruitment and retention, creating merit-based and need-based scholarships, establishing or enhancing tutoring, providing counseling, and designing student service programs to improve academic success, and faculty recruitment and retention. SBIR grants: SBIR Phase I grants are to establish the technical merit and feasibility of a proposed research effort that may lead to a commercial product or process. SBIR Phase II grants are for the continuation of the research initiated in Phase I and are likely to result in commercial products or processes. Only Phase I awardees are eligible to apply for Phase II support. STTR grants: STTR Phase I grants are to determine the scientific, technical, and commercial merit and feasibility of the proposed cooperative effort that has potential for commercial application. STTR Phase II grants are based on results of research initiated in Phase I and scientific and technical merit and commercial potential on Phase II application. See Program Announcements: PA-11-096 and PA-11-097. As specified in each of the program announcements.

Applicant Eligibility:

Individuals and public and private institutions, both non-profit and for-profit, who propose to establish, expand, and conduct research, promote or engage in research training, and outreach activities that contribute to improving minority health and/or eliminating health disparities. Endowment grants: Only NIMHD Centers of Excellence OR Section 736 health professional schools (see 42 U.S.C. 293) with net endowment assets less than or equal to 50 percent of the national median of endowment funds at institutions that conduct similar biomedical research or training of health professionals are eligible for the research endowment awards. All applicants must have an NIMHD Center of Excellence Award or HRSA Centers of Excellence Award at the time of award of an NIMHD Research Endowment Grant. SBIR grants: Domestic small businesses (entities that are independently owned and operated for profit, are not dominant in the field in which the research is proposed, and have no more than 500 employees). Primary employment (more than one-half time) of the principal investigator must be with the small business at the time of award and during the conduct of the proposed project. Small business concerns must be at least 51 percent US owned by individuals and independently operated and/or at least 51 percent owned and controlled by another (one) for-profit business concern that is at least 51 percent owned and controlled by one or more individuals. The research must be performed in the U.S. or its possessions. STTR grants: Domestic small businesses (entities that are independently owned and operated for profit, are not dominant in the field in which the research is proposed, and have no more than 500 employees) that "partner" with a research institution in cooperative research and development. At least 40 percent of the project is to be performed by the small business concern and at least 30 percent by the research institution.

Beneficiary Eligibility:

Any non-profit or for-profit organization, company, or institution engaged in biomedical and behavioral research. Endowment grants: NIMHD Centers of Excellence or Section 736 institutions.

Credentials/Documentation:

Applicants must present a research plan and furnish evidence required for research grant applications, PHS 398, (Rev. 05/01) as specified in the application form. Costs will be determined in accordance with HHS Regulations 45 CFR, Part 74, Subpart Q and OMB Circular No. A-21 for Educational Institutions and OMB Circular No. A-87 for state and local governments. For-profit organizations' costs are determined in accordance with Subpart 31.2 of the Federal Acquisition Regulations. Endowment grants: Requirements for the endowment application are specified in the application form (SF424 R&R). SBIR and STTR grants: Applicant organizations (small business concerns) must present a research plan that includes an idea that has the potential for commercialization, and furnish evidence that the scientific competence, experimental methods, facilities, equipment, and funds requested are appropriate to carry out the plan. To apply for SBIR Phase I and Phase II Grants, applicants must complete SF424 (R&R) Application for Electronic Submission. For general information on SF424 (R&R) Application and

Electronic Submission, see these Web sites: SF424 (R&R) Application and Electronic Submission Information: <http://grants.nih.gov/grants/funding/424/index.htm>. General information on Electronic Submission of Grant Applications: <http://era.nih.gov/ElectronicReceipt/>. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. This program is excluded from coverage under OMB Circular No. A-110. Applications for the various programs should be submitted to the NIH office that is responsible for the receipt of applications, and in such form and manner as the application prescribes. (All information pertaining to grants hereinafter, also apply to Endowment Grants unless otherwise noted). Research Grants: Applications must be prepared either electronically through Grants.gov (<http://www.grants.gov>) using the SF 424 (Research and Research-Related) or on paper using the PHS 398 research grant application instructions and forms (Revised 9/2004, Interim Revision 4/2006). The PHS 398 is available at <http://grants.nih.gov/grants/funding/phs398/phs398.html>. The format is interactive. For NIH planned transition dates of mechanisms for electronic submission, see: http://era.nih.gov/ElectronicReceipt/files/Electronic_receipt_timeline_Ext.pdf. For further assistance contact Grants Info, Telephone (301) 435- 0714, Email: GrantsInfo@nih.gov. NRSAs (Individual): Individuals must submit the application form, PHS Individual National Research Service Award (PHS 416-1, rev. 10/05), and include at least three letters of reference. If the applicant has been lawfully admitted to the United States for permanent residence, the appropriate item should be checked on the Face Page of the application. Applicants who have applied for and have not yet been granted admission as a permanent resident should check the Permanent resident block on the Face Page of the PHS 416-1 application, and also write in the word "pending." A notarized statement documenting legal admission for permanent residence must be submitted prior to the issuance of an award. SBIR and STTR: The SF 424 (Research and Research-Related) application forms and the SF 424 SBIR/STTR Application Guide are used to apply for both SBIR and STTR grants, Phase I and Phase II. Application must be made electronically through grants.gov (<http://www.grants.gov>). For further assistance contact Grants Info, Telephone: (301) 435-0714, Email: GrantsInfo@nih.gov.

Award Procedure:

Each application will be forwarded to an initial scientific review committee or Special Emphasis Panel (SEP) of non-NIH scientists and the National Advisory Council on Minority Health and Health Disparities (NACMHD) will conduct the secondary review.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

> 180 Days. Approximately 6 to 9 months. SBIR and STTR grants: Approximately 7 to 8 months.

Appeals:

A principal investigator or applicant may question the substantive or procedural aspects of the review of his/her application by communicating with NIMHD staff. A description of the NIH Peer Review Appeal procedures is available on the NIH home page <http://grants.nih.gov/grants/guide/notice-files/NOT-OD-11-064.html>.

Renewals:

Renewal of grant awards beyond the initial project period of support is contingent upon successful competition by the applicant and upon the appropriation of funds for this purpose.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching requirements are not applicable to this program.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

All awards have a project period of one to five years. Non-competitive grant awards in successive years (year 2 up to year 5) are awarded based on the applicant's annual performance and the availability of funds. Endowment Grants: Awards have a project period of one to five years. Non-competitive years (year 2 up to year 5) are awarded based on the applicant's annual performance and the availability of funds. SBIR grants: Generally, Phase I awards are for six months, and Phase II awards are for two years. STTR grants: Generally, Phase I awards are for one year, and Phase II awards are for two years. All funds for any award must be obligated within five years from the date of the award. See the following for information on how assistance is awarded/released: See above for information about each program.

Reports:

Annual progress and selected financial status reports for continuing projects and final reports on all projects upon conclusion are required. Endowment Grants: The NIMHD will exercise extended monitoring of a participant's annual progress towards meeting the objectives as outlined in the participant's five-year strategic plan for prioritizing the use of endowment income. These reports will extend five years beyond the last year of a participant's project period. Cash reports are not applicable. . . .

Audits:

This program is excluded from coverage under OMB Circular No. A-133. In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments and Nonprofit Organizations," nonfederal entities that expend financial assistance of \$300,000 or more in Federal awards will have a single or a program specific audit conducted for that year. Nonfederal entities that expend less than \$300,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. In addition, grants and cooperative agreements are subject to inspection and audits by DHHS and other Federal government officials.

Records:

Expenditures and other financial records must be retained three years from the day on which the grantee submits the last financial status report for the report period.

CRITERIA FOR SELECTING PROPOSALS:

The major elements in evaluating all new grant and renewal grant applications include assessments of: the scientific merit and general significance of the proposed study and its objectives; the technical adequacy of the experimental design and approach; the competency of the proposed investigator or group to successfully pursue the project; the adequacy of the available and proposed facilities and resources; and the necessity of the budget components requested in relation to the proposed project, and the relevance and importance to the announced program objectives. SBIR and STTR grants: For Phase I grant applications, the criteria used are: the soundness and technical merit of the proposed approach; the qualifications of the proposed principal investigator, supporting staff, and consultants; the technological innovation of the proposed research; the potential of the proposed suitability of the facilities and research environment; and where applicable, the adequacy of assurances detailing the proposed means for safeguarding human or animal subjects and/or protecting against or minimizing any adverse effect on the environment. For Phase II grant applications, the criteria used are: the degree to which the Phase I objectives were met and feasibility demonstrated; the scientific and technical merit of the proposed approach for achieving the phase II objectives; the qualifications of the proposed principal investigator, supporting staff and consultants; the

technological innovation, originality, or societal importance of the proposed research; the potential of the proposed research for commercial application; the reasonableness of the budget requested for the work proposed; the adequacy and suitability of the facilities and research environment; and where applicable, the adequacy of assurances detailing the proposed means for safeguarding human or animal subjects and/or protecting against or minimizing any adverse effect on the environment. All persons interested in any of the DHHS/NIH/NIMHD grant and/or contract program initiatives are strongly encouraged to carefully read the Request for Applications as they are announced annually in order to understand what is required for each unique program as well as meet each deadline in a timely manner.

93.308 NATIONAL INSTITUTE ON MINORITY HEALTH AND HEALTH DISPARITIES (NIMHD) EXTRAMURAL LOAN REPAYMENT PROGRAMS

NIMHD Loan Repayment Programs

FEDERAL AGENCY:

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act; Title IV, Subtitle D, Part G, Section 487E, as amended; Public Law 106-554; 42 U.S.C. 288-5. , Title IV, Part G, Section 487E, Public Law 106-554, 42 U.S.C 288-5.

OBJECTIVES:

The mission of the National Institute on Minority Health and Health Disparities (NIMHD) is to lead scientific research to improve minority health and eliminate health disparities. To accomplish this, NIMHD 1) Plans, reviews, coordinates, and evaluates all minority health and health disparities research and activities of the National Institutes of Health; 2) Conducts and supports research in minority health and health disparities; 3) Promotes and supports the training of a diverse research workforce; 4) Translates and disseminates research information; 5) Fosters innovative collaborations and partnerships.

There are two separate types of loan repayment within NIMHD's Loan Repayment Program: (1) Health Disparities Research Loan Repayment Program (LRP-HDR): recruits and retains highly qualified health professionals to research careers that focus on minority health disparities research or other health disparities research and the (2) Extramural Clinical Research Loan Repayment Program for Individuals from Disadvantaged Backgrounds (LRP-IDB), recruits and retains highly qualified health professionals from disadvantaged backgrounds to conduct clinical research.

The objective of these extramural loan repayment programs are to recruit and retain qualified health professionals including those from health disparity populations and those from disadvantaged backgrounds to conduct minority health disparities research and clinical research.

(1) Health Disparities Research may pertain to basic, clinical, or behavioral research on a health disparity population (including individual members and communities of such populations), including the causes of health disparities and methods to prevent, diagnose, and treat such disparities.

(2) Clinical research consists of patient-oriented clinical research conducted with human subjects, or research on the causes and consequences of disease in human populations involving material of human origin (such as tissue specimens and cognitive phenomena) for which the investigator or colleague directly interacts with human subjects in an outpatient or inpatient setting to clarify a problem in human physiology, pathophysiology or disease, or epidemiologic or behavioral studies, outcomes research or health services research, or developing new technologies, therapeutic interventions, or clinical trials.

TYPES OF ASSISTANCE:

Direct Payments for Specified Use

USES AND USE RESTRICTIONS:

To provide repayment of existing educational loan debt incurred by health professionals including those from health disparity populations and those from disadvantaged backgrounds to conduct minority health disparities research and

clinical research. Recipients must execute a written contract agreeing to engage in such research for a minimum of two years. The Secretary of the Department of Health and Human Services, or the Secretary's designee, may grant extension contracts for a one-year or two-year period after the completion of the initial two-year contract, provided that the participant applies for an extension, continues to engage in qualified research, and there is sufficient repayable debt remaining. The maximum program benefit is \$35,000 per year in loan repayment.

Program payments are made directly to the participants' lenders following each quarter and a verification of satisfactory research service, unless otherwise agreed upon by the participant and the Director, NIMHD.

Applicant Eligibility:

The following eligibility requirements applies to both: (1) Health Disparities Research Loan Repayment Program (LRP-HDR): and (2) Extramural Clinical Research Loan Repayment Program for Individuals from Disadvantaged Backgrounds (LRP-IDB)

An applicant must: (1) be a United States citizen, national, or permanent resident; (2) have an M.D., Ph.D., Pharm.D., D.D.S., D.M.D., D.C., N.D., or equivalent doctoral degree from an accredited institution; (3) conduct research that is supported by a non-profit institution, foundation, professional society or U.S. government entity, (4) commit 50 percent or more of his/her time to clinical research; (5) have total qualifying educational debt greater than or equal to 20 percent of his/her institutional base salary at the time of award; (6) conduct research in accordance with applicable Federal, state and local law; (7) not be under any existing service obligations to Federal, State, or other entities, unless and until the existing service obligation is discharged or deferred during the period of program service; (8) not have Federal judgment liens against their property arising from a Federal debt from receiving Federal funds until all judgments have been paid in full or otherwise satisfied; (9) not be a full-time employee of a Federal government agency. Part-time Federal employees who engage in qualifying research as part of their non-Federal duties are eligible to apply for loan repayment if they meet all other eligibility requirements; and (10) have the institution provide an assurance that the applicant will be provided research support for two years, that the applicant will engage in qualified clinical research for 50 percent of his/her time, that the funding foundation, professional society, or institution is considered to be non-profit pursuant to Section 501 of the Internal Revenue Code or is a U.S. government entity, and certify the applicant's annual institutional base salary.

There are additional requirements for the Extramural Clinical Research Loan Repayment Program for Individuals from Disadvantaged Backgrounds (LRP-IDB). Eligible applicants must come from an disadvantaged background and adhere to the following guidelines relating to the definition of a disadvantaged background:

An Individual from disadvantaged background means an individual who:
(1) Comes from an environment that inhibited the individual from obtaining the knowledge, skill and ability required to enroll in and graduate from a health professions school; or

(2) Comes from a family with an annual income below a level based on low-income thresholds according to family size published by the U.S. Bureau of the Census, adjusted annually for changes in the Consumer Price Index, and adjusted by the Secretary for use in all health professions programs. The Secretary periodically publishes these income levels in the Federal Register.

Beneficiary Eligibility:

(1) Health Disparities Research Loan Repayment Program (LRP-HDR): and (2) Extramural Clinical Research Loan Repayment Program for Individuals from Disadvantaged Backgrounds (LRP-IDB) contracts: Qualified health professionals who conduct minority health or other health disparities research or highly qualified health professionals from disadvantaged backgrounds who will conduct clinical research and who possess substantial unpaid educational debt relative to income.

Credentials/Documentation:

An applicant to either NIMHD extramural LRP program must submit the

following documentation electronically: (1) Applicant Information Statement; (2) Biosketch; (3) Personal Statement, which includes a discussion of career goals and academic objectives; (4) Description of Research Activities; (5) Contact Information of Three Recommenders; (6) Contact Information of Institution Official able to serve as the Institutional Contact; (7) On-line Certification; (8) Loan Information; (9) Notice of Grant/Award (or PHS 2271 for T32 recipients), if applying based on NIH support; and in addition for those applying to the Extramural Clinical Research Loan Repayment Program for Individuals from Disadvantaged Backgrounds (LRP-IDB) applicants must submit a Certification of Disadvantaged Background [see Federal Register: April 24, 2009 (Volume 74, Number 78)].

The Research supervisor or mentor of applicants to both NIMHD extramural LRP programs must electronically submit the following: (1) Recommendation; (2) Biosketch; (3) Assessment of the Research Activities Statement submitted by the applicant; (4) Description of the Research Environment; and (5) Training or Mentoring Plan. Recommenders must submit their recommendations electronically. Institutional Contacts must electronically submit a certification that: (1) assures the applicant will be provided the necessary time and resources to engage in the research project for two years from the date a Loan Repayment Program Contract is executed; (2) assures that the applicant is or will be engaged in qualifying research for 50 percent of his/her time, i.e., not less than 20 hours per week; (3) certifies that the funding foundation, professional society, or institution is considered to be non-profit as provided under Section 501 of the Internal Revenue Code (26 U.S.C. 501) or is a U.S. government entity (Federal, state or local); and (4) provides the applicant's institutional base salary. Requirements for the loan repayment application, OMB Approval No. 0925-0361, are specified in the electronic application form located at www.lrp.nih.gov. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. This program is excluded from coverage under OMB Circular No. A-110. An application for participation in the program can be obtained from www.lrp.nih.gov and should be submitted to the NIH office, which is responsible for the receipt of applications, in such form and manner as the Secretary or the authorized designee may prescribe.

Award Procedure:

All eligible and completed applications will be forwarded to the Special Emphasis Panel (SEP) for review. Awards will be made to those applications approved by the SEP, subject to the receipt of an appropriation and/or allocation of funds from the United States Congress, the NIH and/or NIMHD. All selections are subject to final approval by the Secretary or the authorized designee, the Director of NIMHD.

Renewals:

(1) Health Disparities Research Loan Repayment Program (LRP-HDR): and (2) Extramural Clinical Research Loan Repayment Program for Individuals from Disadvantaged Backgrounds (LRP-IDB) contracts: Prior to the expiration of a participant's current award, the participant may apply for a one- or two-year extension provided the participant continues to engage in qualified clinical research or minority health or other health disparities research and has outstanding repayable debt remaining. Health Disparities Loan Repayment and Disadvantaged Individuals Loan Repayment contracts renewal applications are reviewed and selected for funding on a competitive basis.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements. This program has no statutory formula or matching requirements.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

An initial contract provides assistance for a two-year period, and an extension contract provides assistance for a one-year or two-year period. Program payments will be made directly to lenders following each quarter of the participant's satisfactory service, unless otherwise agreed upon by the participant and Secretary or authorized designee. Method of awarding/releasing assistance: quarterly.

Reports:

Standard annual report from the NIH Division of Loan Repayment. Cash reports are not applicable. Participants must be periodically certified to have satisfactorily performed the duties of their positions. No expenditure reports are required. Participants must be periodically certified to have satisfactorily performed the duties of their positions.

93.342 HEALTH PROFESSIONS STUDENT LOANS, INCLUDING PRIMARY CARE LOANS/LOANS FOR DISADVANTAGED STUDENTS HPSSL/PCL/LDS

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Title VII, Part C, Section 721-735, 42 U.S.C. 292q-292y; Health Professions Education Partnerships Act of 1998, Public Law 105-392.

OBJECTIVES:

To increase educational opportunities by providing long-term, low-interest loans to students in need of financial assistance and in pursuit of a course of study in an approved health discipline.

TYPES OF ASSISTANCE:

Project Grants (to capitalize loan funds)

USES AND USE RESTRICTIONS:

Funds on deposit can only be used for loans to eligible students pursuing a full-time course of study. The maximum amount a student may borrow is the cost of attendance (including tuition, other reasonable educational expenses and reasonable living expenses). Third and fourth year medical and osteopathic medicine students may be eligible for additional funding to repay earlier higher-interest educational loans. The interest rate is 5 percent.

Effective July 1, 1993, to be eligible for a Primary Care Loan (PCL), students of allopathic medicine and osteopathic medicine must meet financial need criteria and agree to enter and complete a residency training program in primary health care not later than 4 years after the date on which the student graduates from such school. The PCL borrower must also practice primary health care for 10 years (including the years spent in residency training) or through the date in which the loan is repaid in full, whichever occurs first.

To be eligible for Loans for Disadvantaged Students (LDS) students must meet the Health Professions Student Loans (HPSSL) criteria and also be from a disadvantaged background as defined by the Secretary. A school must be carrying out a program for recruiting and retaining students from disadvantaged backgrounds, including racial and ethnic minorities and carrying out a program for recruiting and retaining minority faculty to be eligible for LDS funds. In addition, the school must agree to ensure that adequate instruction regarding minority health issues is in the curricula of the school. Health clinics must provide services to a significant number of individuals who are from disadvantaged backgrounds, including members of minority groups and enter into arrangements with one or more such clinics for the purpose of providing students of the school with experience in clinical services to such individuals. Secondary educational institutions and undergraduate institutions of higher education must enter into arrangements with one or more such institutions for the purpose of carrying out programs regarding the educational preparation of disadvantaged students, including minority students, to enter the health professions and recruit such individuals into the health professions. These institutions should also establish a mentor program for assisting disadvantaged students, including minority students, toward completion of the educational requirements for degrees from the school. .

Applicant Eligibility:

Any accredited public or other nonprofit private school of medicine, dentistry, osteopathic medicine, optometry, podiatry, pharmacy, or veterinary medicine which provides a course of study leading to a degree of Doctor of Medicine or Doctor of Osteopathic Medicine for PCL borrowers, Doctor of Dentistry (or an equivalent degree), Doctor of Optometry (or an equivalent degree), Doctor of Podiatric Medicine (or an equivalent degree), Bachelor of Science in Pharmacy (or an equivalent degree), Doctor of Pharmacy (or an equivalent degree), or Doctor of Veterinary Medicine (or an equivalent degree) for HPSL and LDS borrowers. Additionally, the school must be located in the United States, the District of Columbia, the Commonwealth of Puerto Rico, the Mariana Islands, the Virgin Islands, Guam, American Samoa, the Trust Territory of the Pacific Islands, the Republic of Palau, the Republic of the Marshall Islands, or the Federated State of Micronesia.

Beneficiary Eligibility:

Student applicants must display financial need and be enrolled or accepted for enrollment in a health professions or nursing school to pursue a full-time course of study leading to a degree as specified above. Students must also be citizens, nationals or lawful permanent residents of the United States, the District of Columbia, the Commonwealths of Puerto Rico, the Mariana Islands, the Virgin Islands, Guam, American Samoa, the Trust Territory of the Pacific Islands, the Republic of Palau, the Republic of the Marshall Islands, or the Federated State of Micronesia.

Credentials/Documentation:

Applicants should review the individual HRSA funding opportunity announcement issued under this CFDA program for any required proof or certifications which must be submitted prior to or simultaneous with submission of an application package. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. Students should apply at financial aid office of school of their choice for assistance in applying for a loan. The school then tabulates requests for financial aid and award loans based on needs of students and available funds.

New applications for this program can be acquired from the Division of Student Loans and Scholarships by calling (301) 443-1173. Annual operating reports serve as the renewal application for current loan recipient institutions.

Award Procedure:

Notification is made in writing by a Notice of Award. When Federal Capital Contribution funds are available for re-distribution, a Notice of Award is sent to the School's Contact Person notifying the school of the amount of Federal funds allocated for loans within program and discipline prior to the beginning of the academic year in which the award is to be utilized. Students are notified by the schools financial aid office of approval or disapproval of loans at times determined by schools.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 6 months.

Appeals:

Not Applicable.

Renewals:

Applications are required only for new schools. Annual operating reports are required for renewal.

Formula and Matching Requirements:

Statutory Formula: Allotment of funds based on statutory formula which takes into account the ratio each school's enrollment bears to the enrollments of all

schools making application for funds but never in excess of request of school. Under the Federal Capital Contribution method, a school must match Federal Capital Contribution with an amount equal to one-ninth of the funds drawn down.

Matching Requirements: 11% Matching Requirement.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

The time required by a student to complete the necessary course of study leading to a degree and subject to the availability of funds. See the following for information on how assistance is awarded/released: Grantees drawdown funds, as necessary, from the Payment Management System (PMS). PMS is the centralized web based payment system for HHS awards.

Annual Operating Report (AOR) through electronic submission at <http://grants.hrsa.gov>. AOR must be submitted 45 days after the end of each budget period. No cash reports are required. No progress reports are required. No expenditure reports are required. No performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. .

Records:

Financial records must be kept until such time as agreed upon with the Secretary as specified in 42 CFR 57.215.

Grantees are required to maintain grant accounting records 3 years after the date they submit the Federal Financial Report (FFR). If any litigation, claim, negotiation, audit or other action involving the award has been started before the expiration of the 3-year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

There are three major priority areas (Education, Practice and Retention) and eight purposes associated with the three priority areas. Applicants must select and focus on one of these eight purposes in the grant application.

The education priority areas are: Purpose E1) expanding enrollment in baccalaureate nursing programs; Purpose E2) providing education in new technology, including distance learning methodologies.; The practice priority areas are: Purpose P1) establishing or expanding nursing practice arrangements in non-institutional settings to demonstrate methods to improve access to primary health care in medically underserved communities; Purpose P2) providing care for underserved populations and other high-risk groups such as the elderly, individuals with HIV/AIDS, substance abusers, the homeless, and victims of domestic violence; Purpose P3) providing quality coordinated care and other skills needed to practice in existing and emerging organized health care systems; Purpose P4) developing cultural competencies among nurses. The retention priority areas are: Purpose R1) career ladder bridge programs which promote career advancement for nursing personnel and registered nurses to become baccalaureate prepared or advanced education nurses; Purpose R2) developing and implementing internship and residency programs in collaboration with an accredited school of nursing to encourage mentoring and the development of specialties; Purpose R3) career ladder programs to assist with entering into and advancing within the nursing profession; and Purpose R4) enhancing patient care delivery systems that is directly related to nursing

activities by enhancing collaboration and communication among nurses and other health care professionals, and by promoting nurse involvement in the organizational and clinical decision-making processes of a health care facility.

Faculty Development: Integrated Technology into Nursing Education and Practice Initiative (Faculty Development: ITNEP).

The purpose of this initiative is to provide support to nursing collaboratives for faculty development in the use of information and other technologies in order to expand the capacity of collegiate schools of nursing to educate students for 21st century health care practice. Nursing collaboratives will use healthcare information systems to enhance nursing education and practice, optimize patient safety, and drive improvements in health care quality.

For this initiative, use of information and other technologies in nursing education and practice, includes, but is not limited to, informatics, telehealth, mannequin-based and patient simulators, computer-based instructions, virtual simulation, interactive simulated case studies, advanced 3D graphics, e-Learning technology, and other simulated or virtual methods to enhance nursing education and practice. Since no institution or organization currently offers the full spectrum of information and other technologies necessary to carry out this initiative, the nursing collaboratives must develop linkages and partnerships to undertake this initiative.

TYPES OF ASSISTANCE:

Cooperative Agreements; Project Grants

USES AND USE RESTRICTIONS:

Funds may be used for salaries of personnel specifically employed for the project; consultant fees; supplies and equipment necessary to conduct the project; essential travel expenses and student stipends or scholarships; and other expenses related to the project. Restricted Uses: Indirect costs are allowed for administrative costs incurred as a result of the project, limited to 8 percent of direct costs exclusive of equipment and tuition and fees.

Applicant Eligibility:

Eligible applicants are: accredited schools of nursing, health care facilities, a partnership of such a school and a health care facility, nursing centers, academic health centers, State or local governments, and other public or private non-profit entities determined appropriate by the Secretary. The term health care facility means as Indian Health Service health center, a Native Hawaiian health center, a hospital, a Federally qualified health center, a rural health center, a nursing home, a home health agency, a hospice program, a public health clinic, a State or local department of public health, a skilled nursing facility, an ambulatory surgical center, or any other facility designated by the Secretary. The eligible applicant must be capable of carrying out the legislative purpose of the NEPQR program.

Schools of nursing providing undergraduate education and formal degree programs must be accredited by a national nurse education accrediting agency or State approval agency recognized by the Secretary of the U.S. Department of Education. Newly established programs should consult with the U.S. Department of Education and provide appropriate documentation.

Beneficiary Eligibility:

Accredited public and nonprofit private schools of nursing and other public or nonprofit private entities.

Credentials/Documentation:

Applicants should review the individual HRSA funding opportunity announcement issued under this CFDA program for any required proof or certifications which must be submitted prior to or simultaneous with submission of an application package. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. HRSA requires all applicants to apply electronically through Grants.gov.

All qualified applications will be forwarded to an objective review committee. Based on the advice of the objective review committee, the HRSA program official with delegated authority is responsible for final selection and funding decisions.

Award Procedure:

Notification is made in writing by a Notice of Award.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 6 months after receipt of applications.

Appeals:

Not Applicable.

Renewals:

NEPQR

Competing continuation applications may be submitted for continuance of a grant beyond the initial project period. A competing continuation application shall be submitted during the beginning of the last year of the initial project period. The submission date is the same for new applications and competing continuation applications. These applications are reviewed in the same manner and at the same time as new competing applications.

Faculty Development: ITNEP applications for the ITNEP program may only be submitted for new grant awards. This program does not accept competing applications beyond the initial five year project period.

Formula and Matching Requirements:

This program has no statutory formula. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

NEPQR

Competing and competing continuation grant applications are submitted for up to three (3) years of support, except for the following two legislative purposes: (1) establishing or expanding nurse practice arrangements and (2) enhancing patient care delivery systems which are for up to five years of support.

Faculty Development: ITNEP.

Cooperative agreements are submitted for up to five years of support. See the following for information on how assistance is awarded/released: Grantees drawdown funds, as necessary, from the Payment Management System (PMS). PMS is the centralized web based payment system for HHS awards.

Reports:

No program reports are required. No cash reports are required. A Financial Financial Report (FFR) must be submitted within 90 days after the end of each budget period. Final progress and financial reports must be submitted within 90 days after the end of the project period. No expenditure reports are required. A Uniform Progress Report (UPR) and Comprehensive Performance Management System (CPMS) Report must be submitted annually.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

Records:

Grantees are required to maintain grant accounting records 3 years after the date they submit the Federal Financial Report (FFR). If any litigation, claim, negotiation, audit or other action involving the award has been started before the expiration of the 3-year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

CRITERIA FOR SELECTING PROPOSALS:

The purpose of the project must be consistent with and promote the activities identified in the law. Need must be documented, and the capability for achieving project goals must be described. In making awards of grants under this section, preference will be given to any qualified applicant with a project that will substantially benefit rural or underserved populations, or help meet public health nursing needs in State in local health departments. This preference will only be applied to applications that rank above the 20th percentile of applications recommended for approval.

93.360 BIOMEDICAL ADVANCED RESEARCH AND DEVELOPMENT AUTHORITY (BARDA), BIODEFENSE MEDICAL COUNTERMEASURE DEVELOPMENT

FEDERAL AGENCY:

Office of the Secretary, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Title III, Section 319L; Consolidated Appropriations Act, 2010, Division DDepartments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 2010.

OBJECTIVES:

The purpose of this program is to coordinate the acceleration of countermeasure and product advanced research and development by (A) facilitating collaboration between the Department of Health and Human Services and other Federal agencies, relevant industries, academia, and other persons, with respect to such advanced research and development; (B) promoting countermeasure and product advanced research and development; (C) facilitating contacts between interested persons and the offices or employees authorized by the Secretary to advise such persons regarding requirements under the Federal Food, Drug, and Cosmetic Act and under section 351 of the Public Health Service Act; and (D) promoting innovation to reduce the time and cost of countermeasure and product advanced research and development. The Public Health Service Act at 42 U.S.C. 247d-6a defines a qualified countermeasure as a drug (as that term is defined by section 321(g)(1) of title 21), biological product (as that term is defined by section 262(i) of this title), or device (as that term is defined by section 321(h) of title 21), that the Secretary determines to be a priority (consistent with sections 182(2) and 184(a) of title 6) to - (i) diagnose, mitigate, prevent, or treat harm from any biological agent (including organisms that cause an infectious disease) or toxin, chemical, radiological, or nuclear agent that may cause a public health emergency affecting national security; or (ii) diagnose, mitigate, prevent, or treat harm from a condition that may result in adverse health consequences or death and may be caused by administering a drug, biological product, or device that is used as described in this subparagraph.

TYPES OF ASSISTANCE:

Cooperative Agreements (Discretionary Grants); Project Grants (Discretionary)

USES AND USE RESTRICTIONS:

Support international in-country advanced development and industrialization of human pandemic influenza vaccine. Support activities related to the mitigation of the global shortage of influenza vaccines through awards and sub-awards to developing countries with the potential and capacity to manufacture various influenza vaccines. Basic research (e.g. scientific or medical experiments) is not allowable. 100% of funds are for discretionary activities.

Applicant Eligibility:

All types of entities are eligible, including highly qualified foreign nationals outside the United States either alone or in collaboration with American participants when such transactions may inure to the benefit of the American people. Applicants should review the individual funding opportunity announcements issued under this CFDA program.

Beneficiary Eligibility:

All individuals including at-risk individuals such as children, pregnant women, elderly, and others at-risk who may be given special priority.

Credentials/Documentation:

Applicants should review the individual funding opportunity announcements issued under this CFDA program for any credentials or certifications that must be submitted prior to or simultaneous with submission of an application package. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Grant applications and required forms for this program can be obtained through Grants.gov FIND, <http://www.grants.gov/>. Applicants should visit Grants.gov - FIND for the funding opportunity announcement and Grants.gov - APPLY to download application materials to complete and submit their applications in accordance with the funding opportunity announcement (FOA).

Award Procedure:

Applications that successfully proceed through initial screening (as outlined in the funding opportunity announcement) will be objectively reviewed based upon the review criteria specified in the FOA. Applications selected for funding will be processed and the applicant notified in writing through the issuance of a Notice of Award from the Office of the Assistant Secretary for Preparedness and Response.

Deadlines:

Sep 30, 2010: Applicable deadlines and due dates are specified in each funding opportunity announcement.

Range of Approval/Disapproval Time:

From 90 to 120 days.

Appeals:

Not Applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Project periods are limited up to 60 months. Budget periods are limited up to 12 months. See the following for information on how assistance is awarded/released: Awardee is issued a Notice of Award, a legal document that informs the awardee that a grant award has been made. Awardee may draw down funds in advance of the incursion of an expenditure (up to three days) from the Payment Management System.

Reports:

Program reports are not applicable. Recipients must report cash transaction data via the Payment Management System (PMS) using the cash transaction data elements captured on the Federal Financial Report (FFR), Standard Form (SF) 425. Recipients will utilize the Transactions section of SF425 in lieu of the SF272. The FFR SF425 cash Transaction Report is due 30 days after the end of each calendar quarter. Grantees are required to submit semi-annual Program Progress Reports as well as final Program Progress Reports. Report formats and submission requirements are outlined in the funding opportunity announcement. ASPR requires cumulative financial reporting through consecutive funding periods on the SF269 FSR long form. The FFR SF425 was designed to replace the Financial Status Report SF269 and the Federal Cash Transactions Report SF272 with one comprehensive financial reporting form. Until HHS fully migrates to the SF425 FFR, recipients are still required to submit the SF269 Financial Status Report (FSR) semi-annually within 30 days after the first 6 month period and within 90 days of the budget period end date. Grantees are required to submit final Financial Status Reports (SF-269). Performance monitoring of awardees is completed by BARDA program staff.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

93.361 NURSING RESEARCH**FEDERAL AGENCY:**

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Section 301, 464, 487, 42 U.S.C 285q; Public Health Service Act, Public Law 102-564; Public Health Service Act, Public Law 99-158.

OBJECTIVES:

The National Institute of Nursing Research (NINR) supports clinical and basic research to build the scientific foundation for clinical practice, prevent disease and disability, manage and eliminate symptoms caused by illness, and enhance end-of-life and palliative care. NINR seeks to extend nursing science by integrating the biological and behavioral sciences, employing new technologies to research questions, improving research methods, and developing the scientists of the future. NINR accomplishes its mission through research on preventing, delaying the onset, and slowing the progression of disease and disability. This includes (a) finding effective approaches to achieving and sustaining a healthy lifestyle and preventing diseases and disability; (b) improving the quality of life for patients, families, and informal caregivers by enhancing the individual's role in managing disease and disability, relieving symptoms, and improving outcomes; (c) eliminating health disparities, including disparities based on race/ethnicity, gender, socio-economic status, geography, cultural factors, and disability, and (d) addressing issues at the end of life, improving palliative care, enhancing the quality of life for the dying patient, and supporting family and informal caregivers. These efforts are crucial in translating scientific advances into cost-effective health care that does not compromise quality. NINR accomplishes its mission by supporting grants to universities and other research organizations as well as by conducting research intramural at laboratories in Bethesda, Maryland. The research fosters interdisciplinary collaborations to ensure a comprehensive approach to research on illness and disabling conditions. This approach is especially relevant in research aimed at developing interventions that address the needs of diverse populations across the life span, adapting and generating new technologies, integrating biological and behavioral science, improving methods for future scientific discoveries. In addition, the Institute supports comprehensive research training programs to prepare individuals with requisite interdisciplinary skills to conduct nursing research. Small Business Innovation Research (SBIR) program: NINR seeks to expand and improve the SBIR program; to increase private sector commercialization of innovations derived from Federal research and development; to increase small business participation in Federal research and development; and to foster and encourage participation of socially and economically disadvantaged small business concerns and women-owned small business concerns in technological innovation Small Business Technology Transfer (STTR) program: Through this program, NINR seeks to stimulate and foster scientific and technological innovation through cooperative research and development carried out between small business concerns and research

institutions; to foster technology transfer between small business concerns and research institutions; to increase private sector commercialization of innovations derived from Federal research and development; and to foster and encourage participation of socially and economically disadvantaged small business concerns and women-owned small business concerns in technological innovation. Centers Program: To promote interdisciplinary research, offer an environment for research training and career development, and concentrate research through Centers for Nursing Research.

Program areas are as follows: Chronic conditions and infectious diseases, including health issues of individuals with arthritis, diabetes, urinary incontinence, digestive disorders, and musculoskeletal disorders; Health behavior and minority health, including studies of health disparities, women's health, men's health, and health and risk behaviors research; Cardiopulmonary and critical care science, including research on responses to acute cardiovascular events, chronic management of cardiovascular disease, and responses to acute and chronic pulmonary conditions such as COPD, asthma, and other non-infection-caused conditions; Neuroscience, including research on symptom management and/or prevention of cognitive deficits, neurological conditions, and informal caregiving for persons with these conditions; HIV/AIDS and oncology, including symptom management, self-management, and caregiving of patients with cancer, HIV/AIDS, and immune disorders; Reproductive, child, and family health, including reproduction and child bearing issues, infant development and illness, child and adolescent health promotion and risk reduction, and family health; End of life and long term care, including clinical management of physical and psychological symptoms, communication, ethics and clinical decision-making, caregiver support, and care delivery issues at the end of life.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Research Grants: Funds may be used for salaries, consultation, equipment, travel and other usual costs, subject to Federal regulations applicable to the grant. National Research Service Awards (NRSAs) (Individual): Individual awards are made to institutions on behalf of the individual for research training in specified areas related to the mission of NINR. NRSAs (Institutional): Grants may be made to institutions to enable them to accept individuals for research training. Each individual who receives a NRSA postdoctoral fellowship on an NRSA award must comply with all applicable service and payback provisions. SBIR Phase I grants: (of approximately 6-months' duration) are to establish the technical merit and feasibility of a proposed research effort that may lead to a commercial product or process. Only Phase I awardees are eligible to apply for Phase II support. STTR Phase I grants (normally of 1-year duration) are to determine the scientific, technical, and commercial merit and feasibility of the proposed cooperative effort that has potential for commercial application. Phase II funding is based on results of research initiated in Phase I and scientific and technical merit and commercial potential of Phase II application.

Applicant Eligibility:

Research Grants: Any corporation, public or private institution or agency, or other legal entity, either nonprofit or for-profit, may apply. NRSAs (Individual): An applicant must be a registered professional nurse with either a baccalaureate and/or a master's degree in nursing or a related field and must be a citizen of the United States or lawfully admitted for permanent residence. Those on temporary or student visas are not eligible. NRSAs (Institutional): An eligible institution must be capable of providing predoctoral and/or postdoctoral research training opportunities for nurses. SBIR grants: can be awarded only to domestic small businesses (entities that are independently owned and operated for profit; are not dominant in the field in which research is being proposed; and have no more than 500 employees). Primary employment (more than one-half time) of the principal investigator must be with the small business at the time of award and during the conduct of the proposed project. In both Phase I and Phase II, the research must be performed in the United States or its possessions. To be eligible for funding, a grant application must be reviewed for scientific merit and program relevance by a scientific review group and a national advisory council. STTR grants can be awarded only to domestic small business concerns (entities that are independently owned and operated for profit, are not dominant in the field in which research is proposed and have no more than 500

employees) which "partner" with a research institution in cooperative research and development. At least 40 percent of the project is to be performed by the small business concern and at least 30 percent by the research institution. In both Phase I and Phase II, the research must be performed in the U.S. and its possessions. To be eligible for funding, a grant application must be approved for scientific merit and program relevance by a scientific review group and a national advisory council.

Beneficiary Eligibility:

Individuals and public or private institutions.

Credentials/Documentation:

Each applicant for research projects must present a research plan and furnish evidence that scientific competence, facilities, equipment, and supplies are appropriate to carry out the plan. NRSAs (Individual): The applicant's academic record, research experience, citizenship, licensure as a registered nurse, and institutional sponsorship should be documented in the application. NRSAs (Institutional): The applicant organization must show the objectives, methodology and resources for the research training program, the qualifications and experience of directing staff, the criteria to be used in selecting individuals for awards, and detailed budget justification for the amount of grant funds requested. Costs will be determined in accordance with OMB Circular A-21, Cost Principles for Educational Institutions. For-profit organizations' costs are determined in accordance with 48 CFR Subpart 31.2 of the Federal Acquisition Regulations. For other grantees, costs will be determined by HHS Regulations 45 CFR, Part 74, Subpart Q. For SBIR and STTR grants, applicant organization (small business concern) must present in a research plan an idea that has potential for commercialization and furnish evidence that scientific competence, experimental methods, facilities, equipment, and funds requested are appropriate to carry out the plan. The SF 424 (Research and Research-Related) application forms and the SF 424 SBIR/STTR Application Guide are used to apply for both SBIR and STTR, Phase I and Phase II. Application is made electronically through Grants.gov (<http://www.grants.gov>). This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. Research Grants: Applications must be prepared either electronically through Grants.gov (<http://www.grants.gov>) using the SF 424 (Research and Research-Related) or on paper using the PHS 398 research grant application instructions and forms (rev. 4/2006). The PHS 398 is available at <http://grants.nih.gov/grants/funding/phs398/phs398.html>. The format is interactive. For assistance contact GrantsInfo, Telephone (301) 435-0714, Email: GrantsInfo@nih.gov. NRSAs (Individual): Individuals must submit the application form, PHS Individual National Research Service Award (PHS 416-1, rev. 10/05), and include at least three letters of reference. If the applicant has been lawfully admitted to the United States for permanent residence, the appropriate item should be checked on the Face Page of the application. Applicants who have applied for and have not yet been granted admission as a permanent resident should check the Permanent resident block on the Face Page of the PHS 416-1 application, and also write in the word "pending." A notarized statement documenting legal admission for permanent residence must be submitted prior to the issuance of an award. SBIR and STTR: The SF 424 (Research and Research-Related) application forms and the SF 424 SBIR/STTR Application Guide are used to apply for both SBIR and STTR grants, Phase I and Phase II. Application must be made electronically through grants.gov (<http://www.grants.gov>). For further assistance contact GrantsInfo, Telephone: (301) 435-0714, E-mail: GrantsInfo@nih.gov.

Award Procedure:

Research Grants and NRSAs (Institutional): All accepted applications are reviewed for scientific merit by an appropriate initial review group and then by a national advisory council. (Individual NRSA applications are not reviewed by council.) All applications favorably recommended compete for available funds on the basis of scientific merit and mission/program relevance. All accepted

SBIR/STTR applications are evaluated for scientific and technical merit by an appropriate scientific peer review panel and by a national advisory council. All applications receiving a priority score compete for available SBIR/STTR set-aside funds on the basis of scientific and technical merit and commercial potential of the proposed research, mission/program relevance, and program balance among the areas of research.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Research Grants: From 6 to 9 months. NRSAs: From 6 to 9 months. SBIR/STTR: About 7-1/2 months. AIDS Grants: About 6 months.

Appeals:

Research Grants: A principal investigator may question the substantive or procedural aspects of the review of his/her application by communicating with the staff of the NINR.

Renewals:

Research Grants: Renewal applications are accepted. NRSAs: Awards may be made for 1 to 5 years. No individual may receive more than 5 years of aggregate NRSA support beyond the predoctoral level, and no individual may receive NRSA support for more than 3 years of support beyond the postdoctoral level. Institutional awards may be renewed.

Formula and Matching Requirements:

This program has no statutory formula. This program has no matching requirements. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Research Grants: Awards are usually made annually with no project periods to exceed 5 years in length. NRSAs: Institutional awards may be made for up to 5 years, and Individual awards may be made for up to 5 years at the predoctoral level, 3 years at postdoctoral level, and 2 years at senior level. SBIR: Normally, Phase I awards are for 6 months; normally, Phase II awards are for 2 years. STTR: Normally, Phase I awards are for 1 year; normally, Phase II awards are for 2 years. See the following for information on how assistance is awarded/released: Grant awards are made annually.

Reports:

Final reports including the financial status report on all projects are required within 90 days after their conclusion. No cash reports are required. Progress reports where applicable are required annually for continuing projects. Financial status reports where applicable are required annually for continuing projects. Progress reports where applicable are required annually for continuing projects.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

Records:

Grantees generally must retain financial and programmatic records, supporting documents, statistical records, and all other records that are required by the terms of a grant, or may reasonably be considered pertinent to a grant, for a period of 3 years from the date the annual FSR is submitted. For awards under SNAP (other than those to foreign organizations and Federal institutions), the 3-year retention period will be calculated from the date the FSR for the entire competitive segment is submitted. Those grantees must retain the records pertinent to the entire competitive segment for 3 years from the date the FSR is submitted to NIH. Foreign organizations and Federal institutions must retain records for 3 years from the date of submission of the annual FSR to NIH. See 45 CFR 74.53 and 92.42 for exceptions and qualifications to the 3-year retention requirement (e.g., if any litigation, claim, financial management review, or audit is started before the expiration of the 3-year period, the records

must be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken). Those sections also specify the retention period for other types of grant-related records, including F&A cost proposals and property records. See 45 CFR 74.48 and 92.36 for record retention and access requirements for contracts under grants.

In accordance with 45 Code of Federal Regulations, Part 74.53(e), the HHS Inspector General, the U.S. Comptroller General, or any of their duly authorized representatives have the right of timely and unrestricted access to any books, documents, papers, or other records of recipients that are pertinent to awards in order to make audits, examinations, excerpts, transcripts, and copies of such documents. This right also includes timely and reasonable access to a recipients personnel for the purpose of interview and discussion related to such documents. The rights of access are not limited to the required retention period, but shall last as long as records are retained.

CRITERIA FOR SELECTING PROPOSALS:

The major elements in evaluating proposals include assessments of: (1) Significance: Does this study address an important problem? If the aims of the application are achieved, how will scientific knowledge or clinical practice be advanced? What will be the effect of these studies on the concepts, methods, technologies, treatments, services, or preventative interventions that drive this field? (2) Approach: Are the conceptual framework, design, methods, and analyses adequately developed, well-integrated, well-reasoned, and appropriate to the aims of the project? Does the applicant acknowledge potential problem areas and consider alternative tactics? For applications designating multiple PIs, is the leadership approach, including the designated roles and responsibilities, governance, and organizational structure, consistent with and justified by the aims of the project and the expertise of each of the PIs? (3) Innovation: Is the project original and innovative? Does the project challenge existing paradigms or clinical practice; address an innovative hypothesis or critical barrier to progress in the field? Does the project develop or employ novel concepts, approaches or methodologies, tools, or technologies for this area? (4) Investigators: Are the PD/PIs and other key personnel appropriately trained and well suited to carry out this work? Is the work proposed appropriate to the experience level(s) of the principal investigator(s) and other researchers? Do the PD/PIs and investigative team bring complementary and integrated expertise to the project (if applicable)? (5) Environment: Do(es) the scientific environment(s) in which the work will be done contribute to the probability of success? Do the proposed studies benefit from unique features of the scientific environment(s), or subject populations, or employ useful collaborative arrangements? Is there evidence of institutional support? In addition to the above criteria, the following items will continue to be considered in the determination of scientific merit and the priority score: Resubmission Applications (formerly revised/amended applications): Are the responses to comments from the previous scientific review group adequate? Are the improvements in the resubmission application appropriate? Protection of Human Subjects from Research Risk: The involvement of human subjects and protections from research risk relating to their participation in the proposed research will be assessed. Inclusion of Women, Minorities and Children in Research: The adequacy of plans to include subjects from both genders, all racial and ethnic groups (and subgroups), and children as appropriate for the scientific goals of the research will be assessed. Plans for the recruitment and retention of subjects will also be evaluated. Care and Use of Vertebrate Animals in Research: If vertebrate animals are to be used in the project, the adequacy of the plans for care and use of vertebrate animals to be used in the project will be assessed. Biohazards: If materials or procedures are proposed that are potentially hazardous to research personnel and/or the environment, determine if the proposed protection is adequate. Applications compete for available funds with all other recommended applications. The following will be considered in making funding decisions: Scientific merit of the proposed project as determined by peer review; Availability of funds; Relevance of program priorities. The following criteria will be used in considering the scientific and technical merit of all SBIR/STTR grant applications: Significance: Does the proposed project have commercial potential to lead to a marketable product, process or service? Does this study address an important problem? What may be the anticipated commercial and societal benefits that may be derived from the proposed research? If the aims of the application are achieved, how will scientific knowledge or clinical practice be advanced? What will be the effect of these studies on the concepts, methods, technologies, treatments, services, or preventative interventions that drive this field? Does the application lead to enabling technologies (e.g., instrumentation, software) for further discoveries? Will the technology have a competitive advantage over existing/alternate technologies that can meet the market needs? Approach: Are the conceptual or clinical framework, design, methods, and analyses adequately developed, well-integrated, well-reasoned, and appropriate to the aims of the project? Is the proposed plan a sound approach for establishing technical and commercial feasibility? Are the milestones and evaluation procedures appropriate? Does the applicant acknowledge potential problem areas and

consider alternative tactics? For applications designating multiple PDs/PIs, is the leadership approach, including the designated roles and responsibilities, governance, and organizational structure, consistent with and justified by the aims of the project and the expertise of each of the PDs/PIs? Innovation: Is the project original and innovative? For example: Does the project challenge existing paradigms or clinical practice; address an innovative hypothesis or critical barrier to progress in the field? Does the project develop or employ novel concepts, approaches, methodologies, tools, or technologies for this area? Investigator(s): Are the PD/PI(s) and other key personnel appropriately trained and well suited to carry out this work? Is the work proposed appropriate to the experience level of the PD/PI(s) and other researchers, including consultants and subcontractors (if any)? Do the PD/PIs and investigative team bring complementary and integrated expertise to the project (if applicable)? Are the relationships of the key personnel to the small business and to other institutions appropriate for the work proposed? Environment: Do(es) the scientific and technological environment in which the work will be done contribute to the probability of success? Do the proposed studies benefit from unique features of the scientific environment, or subject populations, or employ useful collaborative arrangements? Is there evidence of institutional support? Is there sufficient access to resources (e.g., equipment, facilities)? In addition to the above criteria, Phase II grant applications will be reviewed based upon the following criteria: 1. How well did the applicant demonstrate progress toward meeting the Phase I objectives, demonstrating feasibility, and providing a solid foundation for the proposed Phase II activity? 2. Did the applicant submit a concise Commercialization Plan that adequately addresses the specific areas described in the SF424 (R&R) SBIR/STTR Application Guide and the SBIR/STTR Information component? 3. Does the project carry a high degree of commercial potential, as described in the Commercialization Plan? In addition to the above criteria, the following items will continue to be considered in the determination of scientific merit and the priority score: Resubmission Applications: Are the responses to comments from the previous scientific review group adequate? Are the improvements in the resubmission application appropriate? Protection of Human Subjects from Research Risk: The involvement of human subjects and protections from research risk relating to their participation in the proposed research will be assessed. Inclusion of Women, Minorities and Children in Research: The adequacy of plans to include subjects from both genders, all racial and ethnic groups (and subgroups), and children as appropriate for the scientific goals of the research will be assessed. Plans for the recruitment and retention of subjects will also be evaluated. Care and Use of Vertebrate Animals in Research: If vertebrate animals are to be used in the project, the adequacy of the plans for their care and use will be assessed. Biohazards: If materials or procedures are proposed that are potentially hazardous to research personnel and/or the environment, determine if the proposed protection is adequate. SBIR/STTR applications compete for available funds with all other recommended SBIR/STTR applications. The following will be considered in making funding decisions: Scientific and technical merit of the proposed project as determined by peer review; Availability of funds; Relevance of the proposed project to program priorities.

93.364 NURSING STUDENT LOANS

NSL

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Title VIII, Section 835-842, 42 U.S.C. 297a-i, as amended; Health Professions Education Partnership Act of 1998, Public Law 105-392.

OBJECTIVES:

To increase educational opportunities by providing long-term, low-interest loans to students in need of financial assistance and in pursuit of a course of study in an approved nursing program.

TYPES OF ASSISTANCE:

DIRECT LOANS

USES AND USE RESTRICTIONS:

The maximum amount a student may borrow is \$3,300 for an academic year for

each of the first two years, \$5,200 for each of the final 2 years, or the amount of the student's financial need, whichever is less. The total is limited to \$17,000 maximum. Loans will be made to full and half-time nursing students enrolled after June 30, 2000 who are citizens, nationals, lawful permanent residents of the United States, the District of Columbia, the Commonwealths of Puerto Rico, the Mariana Islands, the Virgin Islands, Guam, the American Samoa, the Trust Territory of the Pacific Islands, the Republic of Palau, the Republic of the Marshall Islands, and the Federated States of Micronesia. Funds are made to schools of nursing to capitalize loan. The maximum amount a student may borrow is \$3,300 for an academic year for each of the first two years, \$5,200 for each of the final 2 years, or the amount of the student's financial need, whichever is less. Loans to full and half-time nursing students enrolled after June 30, 2000 who are citizens, nationals, lawful permanent residents of the United States, the District of Columbia, the Commonwealths of Puerto Rico, the Mariana Islands, the Virgin Islands, Guam, the American Samoa, the Trust Territory of the Pacific Islands, the Republic of Palau, the Republic of the Marshall Islands, and the Federated States of Micronesia. Funds are made to schools of nursing to capitalize loan.

Applicant Eligibility:

All accredited public and nonprofit private schools of nursing that prepare students for practice as registered or graduate nurses, and that do not discriminate against students because of race, color, origin, sex, or handicapping conditions, are eligible to apply for funds to be disbursed to qualified nursing students.

Beneficiary Eligibility:

The Nursing Student Loan Program provides financial assistance to nursing students who are citizens, nationals or lawful permanent residents of the United States or the District of Columbia, the Commonwealths of Puerto Rico or the Mariana Islands, the Virgin Islands, Guam, the American Samoa or the Trust Territory of the Pacific Islands, the Republic of Palau, the Republic of the Marshall Islands, and the Federated State of Micronesia.

Credentials/Documentation:

Applicants should review the individual HRSA funding opportunity announcement issued under this CFDA program for any required proof or certifications which must be submitted prior to or simultaneous with submission of an application package. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. New applications for this program can be acquired from the Division of Student Loans and Scholarships by calling (301) 443-1173.

Annual operating reports serve as the new year application for current NSL recipient institutions

Award Procedure:

The Notice of Award is sent to the School's Contact Person notifying the school of the amount of Federal funds allocated for loans prior to the beginning of the academic year in which the award is to be utilized. Student is notified by student aid office of approval or disapproval at times determined by schools.

All qualified applications will be forwarded to an objective review committee. Based on the advice of the objective review committee, the HRSA program official with delegated authority is responsible for final selection and funding decisions. Notification is made in writing by a Notice of Award.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 6 months.

Appeals:

Not Applicable.

Renewals:

Applications are required for new schools. Annual operating reports are required for renewals.

Formula and Matching Requirements:

This program has no statutory formula.
Matching Requirements: Matching Requirements: Percent: 11%. Schools participating in loan programs must match the Federal contribution with an amount not less than one-ninth of the Federal allotment.
MOE requirements are not applicable to this program.
MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Length and time of assistance depends upon the time required by the student to complete the necessary course of study leading to a degree and is subject to availability of funds. See the following for information on how assistance is awarded/released: Grantees drawdown funds, as necessary, from the Payment Management System (PMS). PMS is the centralized web based payment system for HHS awards.

Reports:

Annual Operating Report (AOR) through electronic submission at <http://grants.hrsa.gov>. AOR must be submitted 45 days after the end of each budget period. No cash reports are required. No progress reports are required. No expenditure reports are required. No performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

Records:

Grantees are required to maintain grant accounting records 3 years after the date they submit the Federal Financial Report (FFR). If any litigation, claim, negotiation, audit or other action involving the award has been started before the expiration of the 3-year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

93.365 SICKLE CELL TREATMENT DEMONSTRATION PROGRAM SCTDP

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Section 712(c) of the American Jobs Creation Act of 2004, P.L. 108-357.

OBJECTIVES:

To support demonstration projects for the development and establishment of systemic mechanisms and partnerships to improve the prevention and treatment of sickle cell disease (SCD) through coordination of service delivery, genetic counseling and testing, bundling of technical services, training of health professionals, patient and provider education and identifying and establishing other efforts related to the expansion and coordination of education, treatment and continuity of care programs for individuals living with sickle cell disease.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

All funds granted should be expended solely for carrying out the approved projects in accordance with Section 712 of the Public Law 103-357.

Applicant Eligibility:

Eligible entities include, Federally-qualified health center, as defined in section 1905(10)(2)(B) of the Social Security Act (42 U.S.C. 1396d(10)(2)(B)), nonprofit hospital or clinic, or university health center that provides primary health care, that: (1) has a collaborative agreement with a community-based Sickle Cell Disease organization or a nonprofit entity with experience in working with individuals who have Sickle Cell Disease; and (2) demonstrates that either the Federally-qualified health center, the nonprofit hospital or clinic, the university health center, the community-based Sickle Cell Disease organization or the Sickle Cell Disease experts who serve as consultants to the project have at least 5 years of experience in working with individuals who have Sickle Cell Disease.

Beneficiary Eligibility:

Projects will benefit individuals with Sickle Cell Disease and health professionals who provide care for individuals with Sickle Cell Disease.

93.389 NATIONAL CENTER FOR RESEARCH RESOURCES

(DBT, DCRR, DCM, DRI)

FEDERAL AGENCY:

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Title IV, Section 479-480 487, Public Law 99-158; Public Health Service Act, Title III, Section 301, Public Law 78-410, U.S.C 341, 287-288; Small Business Research and Development Enhancement Act of 1992, Public Law 102-564.

OBJECTIVES:

The National Center for Research Resources (NCRR) provides laboratory scientists and clinical researchers with the environments and tools they need to understand, detect, treat, and prevent a wide range of diseases. This support enables discoveries that begin at a molecular and cellular level, move to animal-based studies, and then are translated to patient-oriented clinical research, resulting in cures and treatments for both common and rare diseases. NCRR connects researchers with one another and with patients and communities across the nation to harness the power of shared resources and research.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

The Division of Biomedical Technology supports research, development and access to sophisticated technologies at resource centers nationwide which assist academic, nonprofit organizations in the development, use, and dissemination of innovative technologies useful for the advancement of biomedical science. Awards are provided under a variety of funding mechanisms composed of Biomedical Technology Resource(BTR) grants, Research Project Grants, Shared Instrumentation Grants (SIG), High End Instrumentation (HEI) Program and other mechanisms, such as Exploratory Grants to develop new technologies for biomedical research, Small Business Innovation Research (SBIR) grants, and Small Business Technology Transfer (STTR) grants. The Division for Clinical Research Resources makes it possible to apply knowledge gained through basic research to the development of lifesaving drugs, devices, and

therapies that protect the health of our nation's citizens by providing research infrastructure for clinical investigators. These specialized institutional resources are equipped to be flexible and responsive to changing scientific and economic environments and to unforeseen research challenges. The Division for Clinical Research Resources helps translate scientific knowledge into effective patient care through General Clinical Research Centers (GCRC), Research Career Development (K23, K24), Clinical Research Curriculum Award (CRCA, K30), Clinical Research-related activities, Small Business Innovation Research (SBIR) grants and Small Business Technology Transfer (STTR) grants; and improves pre-college science education and the public's understanding of science through the Science Education Partnership Award (SEPA) Program. Additionally, a new consortium, funded through Clinical and Translational Science Awards (CTSAs), will transform how clinical and translational research is conducted, ultimately enabling researchers to provide new treatments more efficiently and quickly to patients. The Division of Comparative Medicine supports research and resource projects, as well as centers that enable biomedical scientists to use high quality, disease-free animals effectively in research on human health problems. Support is also available for the development of a wide range of other research models, particularly marine invertebrates and lower vertebrates, and access to an array of important biological materials. These objectives are accomplished through activities of National Primate Research Centers (NPRC), Laboratory Animal Science (LAS), and Biological Models and Materials Research (BMMR). The Division of Research Infrastructure addresses the under representation of minority investigators; enhances the research environment at minority colleges and universities in the health sciences; broadens the geographic distribution of research grant funding to states with historically low NIH success rates; and improves biomedical research facilities through matching grants for construction and renovation. These objectives are accomplished through activities of the Research Centers in Minority Institutions (RCMI) program, the RCMI Clinical Research Infrastructure Initiative (RCRII), and the Institutional Developmental Award (IDeA). The Office of Construction supports the Research Facilities Improvement Program (RFIP) and the Animal Facilities Improvement Program.

Applicant Eligibility:

BTR Grants: Nonprofit health professional schools; other academic institutions; hospitals; State and local health agencies; and research organizations with programs in biomedical technology research located in the United States and its territories. SIG and HEI awards will be made to institutions only, not to individuals. GCRC and CTSA grants: schools, research hospitals, and other institutions capable of carrying out well-designed studies in any preclinical or clinical science involving human beings as research subjects in conjunction with investigators funded through the National Institutes of Health (NIH) and other Federal agencies. Research Career Development: Applications may be submitted on behalf of candidates by domestic, nonfederal organizations, public or private institutions of higher education. Clinical Research Scholar Program Award: Applications will be accepted from domestic, nonprofit organizations, public and private institutions of higher education that have strong, well-established clinical research and training program. SEPA: Public and private for-profit and nonprofit institutions and museums. DCM: Institutions of higher education, hospitals, and other institutions and organizations, both nonprofit and for-profit, seeking to establish, continue, or enlarge programs consistent with the objectives of the program. Applicants for NRSA must be citizens of the United States or be admitted to the United States for permanent residency. Applicants must be nominated and sponsored by a public or private nonprofit institution with staff and facilities suitable for the proposed research training. Nonprofit domestic organizations may apply for the institutional NRSA. RCMI: Institutions with more than 50 percent minority enrollment that award an M.D., D.D.S., D.V.M., or other doctoral degree in the health professions and/or a Ph.D. in the health-related sciences. This program is open only to institutions within the United States and its territories. RCRII: RCMI eligible institutions affiliated with medical schools. IDeA: Domestic public and private for-profit and nonprofit institutions in States in which the success rate for applications to the NIH has been historically low. RFIP and Animal Facilities Improvement: Except where otherwise prohibited by law, any nonprofit organization competent to carry out biomedical research.

Beneficiary Eligibility:

Biomedical investigators at any nonprofit or for-profit organization, company, or institution engaged in biomedical research.

Credentials/Documentation:

SIG, HEI: A major user group of three or more investigators should be identified. Each major user must have NIH peer-reviewed research support at the time of the award. The application must show a clear need for the instrumentation by projects supported by multiple NIH research awards and demonstrate that these projects will require at least 75 percent of the total usage of the instrument. Applications for NRSA must be citizens of the United States or be admitted to the United States for permanent residency. Applicants must be nominated and sponsored by a public or private nonprofit institution with staff and facilities suitable for the proposed research training. Nonprofit domestic organizations may apply for the institution NRSA. RCMI, RCRII, and CCRC: Applicants must certify eligibility (see Applicant Eligibility requirements). IDeA, and Animal Facilities Improvement: None. RFIP: Application should include a complete research program description (with staff curricula vitae), space requirements for projected program, an environmental summary of the impact of the proposed facility as detailed in Public Law 90-190, The National Environmental Policy Act, and listing of all relevant licenses, permits or other approvals required by State and local authorities. Costs will be determined in accordance with OMB Circular Nos. A-122, "Cost Principles for Nonprofit Organizations," and in the case of SIG & HEI No. A-87 for State and local governments or A-21 for Educational Institutions, and HHS Regulations 45 CFR, Part 74, Subpart Q. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. Application forms may be obtained from the Division of Extramural Outreach and Information, 6701 Rockledge Drive, MSC 7910, Bethesda, MD 20892-7910. Telephone (301) 435-0714, e-mail: ASKNIH@odrockml.od.nih.gov. Completed applications should be submitted to the Center for Scientific Review, 6701 Rockledge Drive, MSC 7710, Bethesda, MD 20892-7710. The standard application forms PHS 398, (Rev. November 1998), as furnished by PHS and required by 45 CFR, Part 92, and OMB Circular No. A-110 must be used for all programs. For filing NRSA individual fellowship award applications, Form 416-1 (Rev. October 1991) is needed. CTSA: Special instructions for preparing applications should be requested from the Division for Clinical Research Resources, One Democracy Plaza, 6701 Democracy Blvd., National Center for Research Resources, National Institutes of Health, Bethesda, MD 20892-4874. RFIP: Construction applications are to be submitted on a Standard Form 424, Application for Federal Assistance.

Award Procedure:

The initial review of applications from eligible investigators and institutions is reviewed by committees comprised of authorities in various fields of biomedical research and science education, as appropriate. Each application is given a peer evaluation for merit, and recommendations are forwarded to the National Advisory Research Resources Council for final review and recommendation.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

> 180 Days.

Appeals:

A principal investigator (P.I.) may question the substantive or procedural aspects of the review of their application by communicating with the NCRR staff. A description of the NIH Peer Review Appeal procedures is available on the NIH home page www.nih.gov/grants/guide/1997/97.11.21/n2.html.

Renewals:

K23, K24, SIG, HEI, Animal Facilities Improvement, and RFIP: None. All

others may be renewed upon successful reapplication.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

All programs except for RFIP: 1 to 5 years. An Electronic Transfer System is used for transferring funds. RFIP: Construction must be completed within the time specified in grant award. The initial budget period is usually 2 years in length, although extensions may be requested. All funds must be obligated within 5 years from the date of award. See the following for information on how assistance is awarded/released: All programs except for RFIP: 1 to 5 years. An Electronic Transfer System is used for transferring funds. RFIP: Construction must be completed within the time specified in grant award. The initial budget period is usually 2 years in length, although extensions may be requested. All funds must be obligated within 5 years from the date of award.

Reports:

No program reports are required. No cash reports are required. Annual progress and financial status reports are required for all grants. Final performance and financial reports are required 90 days following the end of the project period. Reports are required after termination of NRSA to ascertain compliance with the service and payback provisions. RFIP: The grantee is responsible for performance of the contractor. The contractor must be covered by performance and payment bonds. Annual progress and financial status reports are required for all grants. Final performance and financial reports are required 90 days following the end of the project period. Reports are required after termination of NRSA to ascertain compliance with the service and payback provisions. RFIP: The grantee is responsible for performance of the contractor. The contractor must be covered by performance and payment bonds. No performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. In accordance with 45 Code of Federal Regulations, Part 74.26, for-profit (commercial) organizations are subject to audit requirements for a non-Federal audit if, during its fiscal year, it expended \$500,000 or more under HHS awards and at least one award is a HHS grant or subgrant. The regulation incorporates the thresholds and deadlines of OMB Circular No. A-133, but provides for profit organizations with two options for the type of audit that will satisfy the audit requirement: 1. a financial related audit of the HHS awards in accordance with Government Auditing Standards, or 2. an audit that meets the requirements of OMB Circular No. A-133. In accordance with NIH grants policy, Foreign grantees are subject to the same audit requirements as for-profit (commercial) organizations.

Records:

Grantees generally must retain financial and programmatic records, supporting documents, statistical records, and all other records that are required by the terms of a grant, or may reasonably be considered pertinent to a grant, for a period of 3 years from the date the annual FSR is submitted. For awards under SNAP (other than those to foreign organizations and Federal institutions), the 3-year retention period will be calculated from the date the FSR for the entire competitive segment is submitted. Those grantees must retain the records pertinent to the entire competitive segment for 3 years from the date the FSR is submitted to NIH. Foreign organizations and Federal institutions must retain records for 3 years from the date of submission of the annual FSR to NIH. See 45 CFR 74.53 and 92.42 for exceptions and qualifications to the 3-year retention requirement (e.g., if any litigation, claim, financial management review, or audit is started before the expiration of the 3-year period, the records must be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken). Those sections also specify the retention period for other types of grant-related records, including F&A cost

proposals and property records. See 45 CFR 74.48 and 92.36 for record retention and access requirements for contracts under grants. In accordance with 45 Code of Federal Regulations, Part 74.53(e), the HHS Inspector General, the U.S. Comptroller General, or any of their duly authorized representatives have the right of timely and unrestricted access to any books, documents, papers, or other records of recipients that are pertinent to awards in order to make audits, examinations, excerpts, transcripts, and copies of such documents.

This right also includes timely and reasonable access to a recipients personnel for the purpose of interview and discussion related to such documents. The rights of access are not limited to the required retention period, but shall last as long as records are retained.

CRITERIA FOR SELECTING PROPOSALS:

The major elements in evaluating proposals include assessments of: (1) The scientific merit and general significance of the proposed study and its objectives; (2) the technical adequacy of the experimental design and approach; (3) the competency of the proposed investigator or group to successfully pursue the project; (4) the adequacy of the available and proposed facilities and resources; (5) the necessity of the budget components requested in relation to the proposed project; and (6) the relevance and importance to announced program objectives. RFIP: Factors considered in making awards include the merit of the proposal, the needs of the institution, with special consideration for institutions designated as centers of excellence, the commitment of the institution, the availability of funds, and the overall program priorities.

93.393 CANCER CAUSE AND PREVENTION RESEARCH

Cancer Cause and Prevention Research

FEDERAL AGENCY:

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Sections 301, 410 and 411, Public Law 78-410, as amended, 42 U.S.C. 241; Small Business Research and Development Enhancement Act of 1992, Public Law 102-564.

OBJECTIVES:

To identify those factors that cause cancer in man, and to discover and develop mechanisms for cancer prevention in man. Research programs include: (1) epidemiology; (2) chemical, physical and molecular carcinogenesis; (3) nutrition and bioactive food components; (4) immunology and vaccines; (5) field studies and statistics; (6) chemoprevention; (7) agent development; and (8) organ site studies. Small Business Innovation Research (SBIR) program: To expand and improve the SBIR program; to increase private sector commercialization of innovations derived from Federal research and development; to increase small business participation in Federal research and development; and to foster and encourage participation on socially and economically disadvantaged small business concern and women-owned small business concern in technological innovation. Small Business Technology Transfer (STTR) program: To stimulate and foster scientific and technological innovation through cooperative research and development carried out between small business concerns and research institutions; to foster technology transfer between small business concerns and research institutions; to increase private sector commercialization of innovations derived from Federal research and development and economically disadvantage small business concerns and women-owned small business concerns in technological innovation.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Grants and cooperative agreements may be made to eligible institutions for the support of cancer research projects. The grants and cooperative agreements may

be used for personnel, consultant costs, equipment, supplies, travel, patient costs, animals, alterations and renovations, miscellaneous items, and indirect costs. SBIR Phase I grants (of approximately 6-months' duration) are to establish the technical merit and feasibility of a proposed research effort that may lead to a commercial product or process. Phase II grants are for the continuation of the research initiated in Phase I, and that are likely to result in commercial products or processes. Only Phase I awardees are eligible to receive Phase II support. STTR Phase I grants (normally of 1-year duration) are to determine the scientific, technical, and commercial merit and feasibility of the proposed cooperative effort that has potential for commercial application. Phase II funding is based on results of research initiated in Phase I and scientific and technical merit and commercial potential of Phase II application. The SBIR Fast-Track Initiative provides additional assistance to applicants by expediting the decision and award of SBIR Phase II funding for scientifically meritorious applications for projects that have a high potential for commercialization. Fast-Track is a parallel review option whereby Phase I and Phase II projects are reviewed concurrently with the aim of reducing or eliminating the funding gap between Phase I and Phase II.

Applicant Eligibility:

The awardee will be a university, college, hospital, public agency, nonprofit research institution or for-profit organization that submits an application and receives a grant or cooperative agreement for support of research by a named principal investigator. SBIR grants can be awarded only to domestic small businesses (entities that are independently owned and operated for profit, are not dominant in the field in which research is proposed, and have no more than 500 employees). Primary employment (more than one-half time) of the principal investigator must be with the small business at the time of award and during the conduct of the proposed project. In both Phase I and Phase II, the research must be performed in the U.S. and its possessions. To be eligible for funding, a grant application must be approved for scientific merit and program relevance by a scientific review group and a national advisory council. STTR grants can be awarded only to domestic small business concern (entities that are independently owned and operated for profit, are not dominant in the field in which research is proposed and have no more than 500 employees) which "partner" with a research institution in cooperative research and development. At least 40 percent of the project is to be performed by the small business concern and at least 30 percent by the research institution. In both Phase I and Phase II, the research must be performed in the U.S. and its possessions. To be eligible for funding, a grant applicant must be approved for scientific merit and program relevance by a scientific review group and a national advisory council.

Beneficiary Eligibility:

Any nonprofit or for-profit organization, company, or institution engaged in biomedical research on cancer.

Credentials/Documentation:

For other grantees, costs will be determined in accordance with HHS Regulations 45 CFR, Part 74, Subpart Q. For-profit organizations' costs are determined in accordance with 48 CFR, Subpart 31.2 of the Federal Acquisition Regulations. For SBIR and STTR grants, applicant organization (small business concern) must present in a research plan and idea that has potential for commercialization and furnish evidence that scientific competence, experimental methods, facilities, equipment, and funds requested are appropriate to carry out the plan. Grant form SF424(R&R) (Rev. January 2010) is used to apply for SBIR Phase I and Phase II and STTR Phase I and Phase II. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. Depending on the grant mechanism, either form PHS-398 (Rev. June 2009) or form SF424(R&R) (Rev. January 2010) is the standard application form. Both forms can be obtained online at <http://grants.nih.gov/grants/forms.htm>. The standard application forms, as furnished by DHHS and required by 45 CFR Part 92 for State and local governments, must be used for this program. This program is subject to

the provisions of 45 CFR Part 92 for State and local governments. SBIR and STTR Grant Solicitations and SBIR Contract Solicitations may be obtained electronically through the NIH's Small Business Funding Opportunities home page at <http://www.nih.gov/grants/funding/sbir.htm>. The Solicitations include submission procedures, review considerations, and grant application or contract proposal forms. All competing SBIR and STTR grant applications must be submitted electronically to the NIH via Grants.gov (<http://www.grants.gov/>).

Award Procedure:

Grants and cooperative agreements are funded based on scientific merit, program relevance and program balance and are made annually. Initial award provides funds for the first budget period (usually 12 months) and Notice of Grant Award (Form PHS 1533-2) indicates support recommended for the remainder of the project period, allocation of Federal funds by budget categories, and special conditions, if any. All accepted SBIR/STTR applications are evaluated for scientific and technical merit by an appropriate scientific peer review panel and by a national advisory council or board. All applications receiving a priority score compete for available SBIR/STTR set-aside funds on the basis of scientific and technical merit and commercial potential of the proposed research, program relevance, and program balance among the areas of research.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

(Grants) Approximately 10 months. SBIR/STTR: About 7-1/2 months.

Appeals:

A principal investigator (P.I.) may question the substantive or procedural aspects of the review of his/her application by communicating with the staff of the Institute. A description of the NIH Peer Review Appeal procedures is available online through the NIH home page at <http://www.grants.nih.gov/grants/guide/notice-files/not97-232.html>.

Renewals:

Applications submitted for renewal must be reviewed and selected for funding on a competitive basis.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Grants and Cooperative Agreements: Average 3 to 4 years, maximum of 5 years. Renewals may be awarded for additional periods of up to 5 years based on competitive peer review. Funding is provided through Monthly Demand Payment System or Letter of Credit. SBIR: Normally, Phase I awards are for 6 months; normally, Phase II awards are for 2 years. STTR: Normally, Phase I awards are for 1 year; normally, Phase II awards are for 2 years. Method of awarding/releasing assistance: by letter of credit.

Reports:

No program reports are required. No cash reports are required. Progress reports are required each year. Annual financial status report is required 90 days after end of budget period. Special reports may be requested by DHHS. Terminal reports are required 6 months after the end of a project. No expenditure reports are required. No performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. In addition, grants and cooperative agreements are subject to inspection and audits by DHHS and other Federal officials.

Records:

Expenditures and other financial records must be retained for 3 years from the

day on which the grantee submits the last financial status report for the report period.

Account Identification:

OBJECTIVES:

To improve screening and early detection strategies and to develop accurate diagnostic techniques and methods for predicting the course of disease in cancer patients. Screening and Early Detection research includes development of strategies to decrease cancer mortality by finding tumors early when they are more amenable to treatment. Diagnosis research focuses on methods to determine the presence of a specific type of cancer; to predict its course and response to therapy, both a particular therapy or a class of agents; and to monitor the effect of the therapy and the appearance of disease recurrence.

These methods include diagnostic imaging and direct analyses of specimens from tumor or other tissues. Support is also provided for establishing and maintaining resources of human tissue to facilitate research. Small Business Innovation Research (SBIR) program: To expand and improve the SBIR program; to increase private sector commercialization of innovations derived from Federal research and development; to increase small business participation in Federal research and development; and to foster and encourage participation of socially and economically disadvantaged small business concerns and women-owned small business concerns in technological innovation. Small Business Technology Transfer (STTR) program: To stimulate and foster scientific and technological innovation through cooperative research and development carried out between small business concerns and research institutions; to foster technology transfer between small business concerns and research institutions; to increase private sector commercialization of innovations derived from Federal research and development; and to foster and encourage participation of socially and economically disadvantaged small business concerns and women-owned small business concerns in technological innovation.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. The NIH is in the process of a transition to fully electronic grant submission through Grants.gov (see <http://era.nih.gov/ElectronicReceipt> for details). Depending on the grant mechanism, either form PHS-398 (Rev. June 2009) or form SF424(R&R) (January 2010) is the standard form. Both can be obtained at <http://grants.nih.gov/grants/forms.htm>. The standard application forms, as furnished by PHS and required by 45 CFR, Part 92 for State and local governments, must be used for this program. This program is subject to the provisions of 45 CFR, Part 92 for State and local governments. SBIR and STTR Grant Solicitations and SBIR Contract Solicitation may be obtained electronically through the NIH's "Small Business Funding Opportunities" home page at www.nih.gov/grants/funding/sbir.htm on the World Wide Web. The Solicitations include submission procedures, review considerations, and grant application or contract proposal forms. All competing SBIR and STTR grant applications must be submitted electronically via Grants.gov. The following is a website address for NIH electronic submission of grant application information: <http://era.nih.gov/ElectronicReceipt/index.htm>.

Award Procedure:

Approved grants and cooperative agreements are funded based on scientific merit, program relevance, and program balance and are made annually. Initial award provides funds for the first budget period (usually 12 months) and Notice of Grant Award (Form PHS 1533) indicates support recommended for the remainder of the project period, allocation of Federal funds by budget categories, and special conditions, if any. All accepted SBIR/STTR applications are evaluated for scientific and technical merit by an appropriate scientific peer review panel and by a national advisory council or board. All applications receiving a priority score compete for available SBIR/STTR set-aside funds on the basis of scientific and technical merit and commercial potential of the proposed research, program relevance, and program balance among the areas of research.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

(Regular Grants) Approximately 10 months. SBIR/STTR: About 7-1/2 months. See website: <http://grants1.nih.gov/grants/funding/submissionschedule.htm>.

Appeals:

A principal investigator (P.I.) may question the substantive or procedural aspects of the review of his/her application by communicating with the staff of the Institute. A description of the NIH Peer Review Appeal procedures is available on the NIH home page <http://grants.nih.gov/grants/guide/notice-files/not97-232.html>.

Renewals:

Applications submitted for renewal are reviewed and selected for funding on a competitive basis.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements. This program has no statutory formula or matching requirements.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Grants and cooperative agreements: Average 3 to 4 years and a maximum of 5 years. Renewals may be awarded for additional periods of up to 5 years based on competitive peer review. Funding is provided through Monthly Demand Payment System or an Electronic Transfer System. SBIR: Normally, Phase I awards are for 6 months; normally, Phase II awards are for 2 years. STTR: Normally, Phase I awards are for 1 year; normally, Phase II awards are for 2 years. Method of awarding/releasing assistance: by letter of credit.

Reports:

No program reports are required. No cash reports are required. Progress reports are required each year. Annual financial status report is required 90 days after the end of the budget period. Special reports may be requested by DHHS. Terminal reports are required 6 months after the end of the project. No expenditure reports are required. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. In addition, grants and cooperative agreements are subject to inspection and audits by DHHS and other Federal government officials.

Records:

Expenditures and other financial records must be retained for 3 years from the day on which the grantee submits the last financial status report for the report period.

Account Identification:

75-0849-0-1-550 - Detection and Diagnosis Research.

Obligations:

(Project Grants (Cooperative Agreements)) FY 10 \$262,502,000; FY 11 est \$273,184,000; and FY 12 est \$295,237,000 - (Grants) (RPG) FY 10 \$262,502,000; FY11 est \$273,184,000; and FY12 est \$295,237,000. For SBIR/STTR: FY10 \$37,775,000; FY11 est \$30,882,000 and FY12 est \$31,184,000.

Range and Average of Financial Assistance:

Range: \$16,607 to \$9,041,302

Average: \$405,096.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2010: Competing FY10 RPG act. 218 awards which were 15.0% of applications received.

Competing FY10 SBIR/STTR act. 40 awards which were 11.5% of applications received. Fiscal Year 2011: Competing FY11 est. 698 awards. Fiscal Year 2012: No Current Data Available

93.395 CANCER TREATMENT RESEARCH

Cancer Treatment Research

FEDERAL AGENCY:

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Sections 301, 410, and 411, Public Law 78-410, 42 U.S.C. 241, as amended, Public Law 100-607, 42 U.S.C 285(a); Small Business Research and Development Enhancement Act of 1992, Public Law 102-564.

OBJECTIVES:

To develop the means to cure as many cancer patients as possible and to control the disease in those patients who are not cured. Cancer Treatment Research includes the development and evaluation of improved methods of cancer treatment through the support and performance of both fundamental and applied laboratory and clinical research. Research is supported in the discovery, development, and clinical testing of all modes of therapy including: surgery, radiotherapy, chemotherapy, and biological therapy including molecularly targeted therapies, both individually and in combination. In addition, research is carried out in areas of nutritional support, stem cell and bone marrow transplantation, image guided therapies and studies to reduce toxicity of cytotoxic therapies, and other methods of supportive care that may supplement and enhance primary treatment. Small Business Innovation Research (SBIR) program: To expand and improve the SBIR program; to increase private sector commercialization of innovations derived from Federal research and development; to increase small business participation in Federal research and development; and to foster and encourage participation of socially and economically disadvantaged small business concerns and women-owned small business concerns in technological innovation. Small Business Technology Transfer (STTR) program: To stimulate and foster scientific and technological innovation through cooperative research and development carried out between small business concerns and research institutions; to foster technology transfer between small business concerns and research institutions; to increase private sector commercialization of innovations derived from Federal research and development; and to foster and encourage participation of socially and economically disadvantaged small business concerns and women-owned small business concerns in technological innovation.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Grants and cooperative agreements may be made to eligible institutions for the support of cancer research projects. The grants may be used for personnel, consultant costs, equipment, supplies, travel, patient costs, animals, alterations and renovations, miscellaneous items, and indirect costs. SBIR Phase I grants (of approximately 6-months duration) are to establish the technical merit and feasibility of a proposed research effort that may lead to a commercial product or process. Phase II grants are for the continuation of the research initiated in Phase I, and that are likely to result in commercial products or processes. Only Phase I awardees are eligible to receive Phase II support. STTR Phase I grants (normally of 1-year duration) are to determine the scientific, technical, and commercial merit and feasibility of the proposed cooperative effort that has potential for commercial application. Phase II funding is based on results of research initiated in Phase I and scientific and technical merit and commercial potential of Phase II application. The SBIR Fast-Track Initiative provides additional assistance to applicants by expediting the decision and award of

SBIR Phase II funding for scientifically meritorious applications for projects that have a high potential for commercialization. Fast-Track is a parallel option whereby Phase I and Phase II projects are reviewed concurrently with the aim of reducing or eliminating the funding gap between Phase I and Phase II.

Applicant Eligibility:

The awardee will be a university, college, hospital, public agency, nonprofit research institution, or for-profit organization that submits an application and receives a grant or cooperative agreement for support of research by a named principal investigator. SBIR grants can be awarded only to domestic small businesses (entities that are independently owned, and operated for profit, are not dominant in the field in which research is proposed and have no more than 500 employees). Primary employment (more than one-half time) of the principal investigator must be with the small business at the time of award and during the conduct of the proposed project. In both Phase I and Phase II, the research must be performed in the U.S. and its possessions. To be eligible for funding, a grant application must be approved for scientific merit and program relevance by a scientific review group and a national advisory council. STTR grants can be awarded only to domestic small business concerns (entities that are independently owned and operated for profit, are not dominant in the field in which research is proposed and have no more than 500 employees) which "partner" with a research institution in cooperative research and development. At least 40 percent of the project is to be performed by the small business concern and at least 30 percent by the research institution. In both Phase I and Phase II, the research must be performed in the U.S. and its possessions. To be eligible for funding, a grant application must be approved for scientific merit and program relevance by a scientific review group and a national advisory council.

Beneficiary Eligibility:

Any nonprofit or for-profit organization, company, or institution engaged in biomedical research.

Credentials/Documentation:

For-profit organizations' cost are determined in accordance with 48 CFR, Subpart 31.2 of the Federal Acquisition Regulations. For other grantees, costs will be determined in accordance with HHS Regulations 45 CFR, Part 74, Subpart Q. For SBIR and STTR grants, applicant organization (small business concern) must present in a research plan an idea that has potential for commercialization and furnish evidence that scientific competence, experimental methods, facilities, equipment, and funds requested are appropriate to carry out the plan. Grant form SF424 is used to apply for SBIR Phase I and Phase II, respectively. Grant form SF424 is also used to apply for STTR Phase I and Phase II, respectively. See the website for more information on electronic submission of grants.

<http://grants.nih.gov/grants/funding/424/index.htm>. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. Application form PHS-398 is the standard form which may be obtained electronically from:

<http://grants.nih.gov/grants/funding/phs398/phs398.html> in an interactive format. The standard application forms required by 45 CFR, Part 92 for State and local governments, must be used for this program. SBIR and STTR Grant Solicitations and SBIR Contract Solicitation may be obtained electronically through the NIH's "Small Business Funding Opportunities" home page at <http://www.nih.gov/grants/funding/sbir.htm> on the Web. Solicitations include submission procedures, review considerations, and grant application or contract proposal forms. SBIR and STTR grant applications should be submitted to the Center for Scientific Review, 6701 Rockledge Drive, Room 1040-MSC 7710, Bethesda, MD 20892-7710.

Award Procedure:

Approved grants and cooperative agreements are funded based on scientific merit, program relevance, and program balance and are made annually. Initial award provides funds for the first budget period (usually 12 months) and Notice

of Grant Award (Form PHS 1533) indicates support recommended for remainder of project period, allocation of Federal funds by budget categories, and special conditions, if any. All accepted SBIR/STTR applications are evaluated for scientific and technical merit by an appropriate scientific peer review panel and if they are recommended for further consideration, by a national advisory council or board. All applications receiving a priority score compete for available SBIR/STTR set-aside funds on the basis of scientific and technical merit and commercial potential of the proposed research, program relevance, and program balance among the areas of research.

CRITERIA FOR SELECTING PROPOSALS:

The major elements in evaluating applications include assessments of: (1) The scientific merit and general significance of the proposed study and its objectives; (2) the technical adequacy of the experimental design and approach; (3) the competency of the proposed investigator or group to successfully pursue the project; (4) the adequacy of the available and proposed facilities and resources; (5) the necessity of the budget components requested in relation to the proposed project; and (6) the relevance and importance to announced program objectives. The following criteria will be used in considering the scientific and technical merit of SBIR/STTR Phase I grant applications: (1) The soundness and technical merit of the proposed approach; (2) the qualifications of the proposed principal investigator, supporting staff, and consultants; (3) the technological innovation of the proposed research; (4) the potential of the proposed research for commercial application; (5) the appropriateness of the budget requested; (6) the adequacy and suitability of the facilities and research environment; and (7) where applicable, the adequacy of assurances detailing the proposed means for (a) safeguarding human or animal subjects, and/or (b) protecting against or minimizing any adverse effect on the environment. Phase II grant applications will be reviewed based upon the following criteria: (1) The degree to which the Phase I objectives were met and feasibility demonstrated; (2) the scientific and technical merit of the proposed approach for achieving the Phase II objectives; (3) the qualifications of the proposed principal investigator, supporting staff, and consultants; (4) the technological innovation, originality, or societal importance of the proposed research; (5) the potential of the proposed research for commercial application; (6) the reasonableness of the budget requested for the work proposed; (7) the adequacy and suitability of the facilities and research environment; and (8) where applicable, the adequacy of assurances detailing the proposed means for (a) safeguarding human or animal subjects, and/or (b) protecting against or minimizing any adverse effect on the environment.

93.397 CANCER CENTERS SUPPORT GRANTS

Cancer Centers Support Grants

FEDERAL AGENCY:

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Section 305(a), 410, 411, and 414, Public Law 78-410, 42 U.S.C. 241, as amended; Public Law 100-607, 42 U.S.C. 285, 285a and 285a-3; Public Law 99-500.

OBJECTIVES:

To provide an organizational focus and stimulus for the highest quality cancer research that effectively promotes interdisciplinary cancer research aimed toward the ultimate goal of reducing cancer incidence, mortality and morbidity. The Cancer Center Support Grant (CCSG) provides the resources and infrastructure to facilitate the coordination of interdisciplinary programs across a broad spectrum of research from basic laboratory research to clinical investigation to population science. The CCSG supports salaries for scientific leadership of the Center, shared resources for funded center investigators, certain administrative costs, planning and evaluation, and developmental funds for new recruitments and feasibility studies.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

In general, CCSGs do not support research projects directly but are used to enhance the ongoing cancer research and to strengthen the existing research base according to the "Policies and Guidelines Relating to the Cancer Center Support Grant."

Applicant Eligibility:

Any nonprofit institution within the United States with a peer-reviewed cancer research base of 4.0 million dollars in direct costs may apply for a Cancer Center Support Grant.

Beneficiary Eligibility:

University, college, public agency or research institution in the U.S.

Credentials/Documentation:

The application requests documentation concerning the qualifications of the principal investigators and associates, pertinent budget information and justification for the support of this proposed grant. Methods to be utilized are outlined in the application materials. Costs will be determined in accordance with HHS Regulations 45 CFR, Part 74, Subpart Q, and for State and local governments in accordance with OMB Circular No. A-87. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. Method of Application: Form PHS-398 (Rev. June 2009) can be obtained from the grant.nih.gov/grants/forms.htm website (click on PHS-398). In addition, supplemental instructions for applications are contained in the Cancer Center Support Grant Guidelines which can be obtained by writing to the Office of Cancer Centers, 6116 Executive Boulevard, Suite 700, MSC 8345, Bethesda, MD 20892-8345 (301-496-8531 or http://cancercenters.cancer.gov/grants_funding/index.html). Generally, the potential applicant should send a letter of intent to the National Cancer Institute, Office of Cancer Centers, submitting a CCSG application to the same address for review (see Guidelines for CCSGs). Completed applications should be submitted to the Center for Scientific Review, National Institutes of Health, 6701 Rockledge Drive, Bethesda, MD 20892. This program is subject to the provisions of 45 CFR, Part 92 for State and local governments and OMB Circular No. A-110 for nonprofit organizations.

Award Procedure:

Grants are funded based on scientific merit, program relevance, and program balance and are made annually. Initial award provides funds for the first budget period (usually 12 months) and Notice of Grant Award (Form PHS 1533) indicates support recommended for the remainder of the project period, allocation of Federal funds by budget categories and special conditions, if any.

Deadlines:

May 25, 2011 Cancer Center Support Grant Applications (P30 mechanism): Renewals, New and Supplemental: January 25, May 25, and September 25. Cancer Center Planning Grant Applications (P20 mechanism): No new applications are accepted.

Range of Approval/Disapproval Time:

Core Grants: Approximately 10 months.

Appeals:

A principal investigator may question the substantive or procedural aspects of the review of his/her application by communicating with the staff of the Institute. A description of the NIH Peer Review Appeal procedures is available on the NIH home page www.nih.gov/grants/guide/1997/97.11.21/n2.html.

Renewals:

Same procedure as new applications.

Formula and Matching Requirements:

This program has no statutory formula. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Up to 5 years of support may be requested. Grants may be awarded up to 5 years based on competitive peer review. Method of awarding/releasing assistance: by letter of credit.

Reports:

No program reports are required. No cash reports are required. Progress reports are required each year. An annual financial status report is requested 90 days after the end of the budget period. Special reports may be requested by DHHS. Terminal reports are required 90 days after the end of a project. No expenditure reports are required. No performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

Records:

Expenditures and other financial records must be retained for 3 years from the day on which the grantee submits the last financial status report for the report period.

Fiscal Year 2010: No Current Data Available Fiscal Year 2011: No Current Data Available Fiscal Year 2012: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

The major elements in evaluating applications include the following: (1) An adequate base of established programs of high quality in laboratory and clinical cancer research; (2) research activity in a variety of disciplines, and evidence of high degree of interdisciplinary coordination, interaction and cooperation among center members; (3) appropriate and adequate organization and facilities for the conduct and evaluation of center activities; (4) a qualified director with adequate authority; and (5) an adequate commitment of the parent institution or institutions to the cancer center. The center should be recognized as a major element within the organizational structure.

93.398 CANCER RESEARCH MANPOWER

Cancer Research Manpower

FEDERAL AGENCY:

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Sections 413 and 487, as amended, Public Law 100-607, 42 U.S.C. 285a, 42 U.S.C. 288.

OBJECTIVES:

To make available support to nonprofit and for-profit institutions interested in providing biomedical training opportunities for individuals interested in careers in basic, clinical, and prevention research important to the National Cancer Program.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

The Research Manpower program provides support for research training in all scientific fields related to cancer. The Ruth L. Kirschstein National Research Service Awards (NRSA) for Individual Fellows, are made directly to individuals for research training in biomedical sciences areas. In addition, the National Institutes of Health (NIH) will award the Ruth L. Kirschstein NRSA

Institutional Research Training grants to institutions, to enable them to make NRSA awards to individuals selected by them. Each individual who receives a postdoctoral NRSA is obligated, upon termination of the award, to comply with certain service and payback provisions. Cancer Education Grants are designed to promote education programs carried out by organizations engaged in health-related education, research, or training, located in the United States, its possessions, or territories. Various Career awards are designed to sponsor the development of independent scientists. Individual short-term support for students is available under the Cancer Education Program.

Applicant Eligibility:

University, college, hospital, public agency, or nonprofit research institution for institutional grants and individuals for fellowships. The applicant institution must be able to provide the staff and facilities and be responsible for the selection of trainees and overall direction of the training. Selected awardees must be citizens of the United States or be admitted to the United States for permanent residency. Career and Cancer Education awards may be given to for-profit institutions.

Beneficiary Eligibility:

University, college, hospital, public agency, nonprofit research institution or for-profit institution.

Credentials/Documentation:

(1) Individual Ruth L. Kirschstein NRSA: The applicant's academic record, research experience, citizenship, institutional sponsorship, and the proposed area and plan of training must be included in the application. (2) Institutional Ruth L. Kirschstein NRSA: Applicants must show the objectives, methodology, and resources for the training program, the qualifications and experience of directing staff, the criteria to be used in selecting individuals for award and a detailed budget and justification for the amount of grant funds requested. (3) Institutional Cancer Education Grants: Applicants must describe the organization and administration of the proposed program, list and define institutional objectives, methodology, resources and techniques of evaluation, as well as a justification of proposed expenditures. (4) For Career awards, the applicant must provide documentation on the candidate, sponsor, career development plan, research proposed, and institutional commitment. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. Applications for the Individual Ruth L. Kirschstein NRSAs must be prepared using the PHS 416-1 application form and instructions for Individual National Research Service Award Fellowships (rev. 10/05). The PHS 416-1 is available at <http://grants.nih.gov/grants/funding/416/phs416.htm>. For further assistance, direct inquiries may be made to GrantsInfo@nih.gov or (301) 435-0714. Applications for the Institutional Ruth L. Kirschstein NRSA must be prepared using the PHS 398 Form (Revised 9/2004). Refer to Section IV of the instructions titled Instructions For Preparing An NRSA Application. The PHS 398 Form (Revised June 2009) is available at <http://grants.nih.gov/grants/forms.html>. Applications for Cancer Education and Career grants must be prepared using the PHS 398 Form. Refer to Section III of the instructions, Preparing An Individual CDA Application. Applicants are advised to consult the "Submitting an Application" section of the Program Announcement, since each award has distinct application criteria. Completed applications should be submitted to the Center for Scientific Review, National Institutes of Health, 6701 Rockledge Drive, Room 1040, Bethesda, Maryland 20892-7710 (Bethesda, MD 20817 for express/courier service).

Award Procedure:

Applications are reviewed for scientific merit by an appropriate study section, committee, or advisory council. If recommended for approval and a decision to make award is made, a formal award notice will be sent to the applicant.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application

deadlines.

Range of Approval/Disapproval Time:

Approximately 10 months.

Appeals:

A principal investigator (P.I.) may question the substantive or procedural aspects of the review of his/her application by communicating with the staff of the Institute. A description of the NIH Peer Review Appeal procedures is available under the Review Criteria section of the NIH Office of Extramural Research website at http://grants2.nih.gov/grants/policy/nihgps_2003/NIHGPs_Part3.htm.

Renewals:

Cancer Education Grants may be made for periods of up to 5 years and renewals may be submitted when appropriate. Research training grants may be renewed for additional project periods of 5 years. Only the following Career awards are renewable: K05 and K24 only a one-time renewal after a 5-year project period, and the K12 up to 5 years (Trainees 2-7 years).

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Up to 5 years. Method of awarding/releasing assistance: by letter of credit.

Reports:

No program reports are required. No cash reports are required. Progress reports are required each year. An annual financial status report is required 90 days after the end of the budget period. Special reports may be requested by the grantor. Terminal reports are required 6 months after the end of a project. No expenditure reports are required. No performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. In addition, grants and cooperative agreements are subject to inspection and audits by DHHS and other Federal government officials.

93.399 CANCER CONTROL

Cancer Control

FEDERAL AGENCY:

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Sections 301, 410 and 412, Public Law 78-410, as amended, 42 U.S.C. 241; Public Law 100-607; 42 U.S.C. 285a-1; Public Law 99-500.

OBJECTIVES:

To reduce cancer incidence, morbidity, and mortality through an orderly sequence from research on interventions and their impact in defined populations to the broad, systematic application of the research results through dissemination and diffusion strategies. Primary emphasis is on the inclusion of a cancer prevention and control intervention in any proposed study. Cancer Prevention and Cancer Control research studies are classified into one of five phases that represent the orderly progression noted in the definition: (1) Hypothesis development; (2) methods development and testing; (3) controlled intervention trials to establish cause-and-effect relationships; (4) research in defined populations; and (5) demonstration and implementation studies. Primary interests are in research on cancer control interventions in Phases 2 through 5, and on cancer prevention research in all phases. Cancer Prevention and Control programs include those in the following areas: (1) chemoprevention; (2) cancer communications; (3) nutrition, diet, and physical activity; (4) screening and early detection, including biomarker discovery, development and validation; (5) biobehavioral mechanisms; (6) tobacco control; (7) health disparities research; (8) supportive care and survivorship; (9) health services and outcomes research; and (10) surveillance research. Both Cancer Prevention and Cancer Control use the Small Business Innovation Research (SBIR) and the Small Business Technology Transfer (STTR) programs to encourage research participation by the small business community. The goals of each program are as follows. SBIR: To expand and improve the SBIR program; to increase private sector commercialization of innovations derived from Federal research and development; and to foster and encourage participation of socially and economically disadvantaged small business concerns and women-owned small business concerns in technological innovation. STTR: To stimulate and foster scientific and technological innovation through cooperative research and development carried out between small business concerns and research institutions; to foster technology transfer between small business concerns and research institutions; to increase private sector commercialization of innovations derived from Federal research and

development; and to foster and encourage participation of socially and economically disadvantaged small business concerns and women-owned small business concerns in technological innovation.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Grants and cooperative agreements may be made to eligible institutions for the support of cancer research projects. The grants and cooperative agreements may be used for personnel, consultant costs, equipment, supplies, travel, patient costs, animals, alterations and renovations, miscellaneous items, and indirect costs. Restrictions are imposed against the use of funds for entertainment, foreign travel (unless specifically authorized), office equipment, and other items not normally necessary for the effective prosecution of such research. SBIR Phase I grants (of approximately 6- months' duration) are to establish the technical merit and feasibility of a proposed research effort that may lead to commercial product or process. Phase II grants are for the continuation of the research initiated in Phase I, and that are likely to result in commercial products or processes. Only Phase I awardees are eligible to apply for Phase II support. STTR Phase I grants (normally of 1-year duration) are to determine the scientific, technical, and commercial merit and feasibility of the proposed cooperative effort that has potential for commercial application. Phase II funding is based on results of research initiated in Phase I and scientific and technical merit and commercial potential of Phase II application. The SBIR Fast-Track Initiative provides additional assistance to applicants by expediting the decision and award of SBIR Phase II funding for scientifically meritorious applications for projects that have a high potential for commercialization. Fast-Track is a parallel review option whereby Phase I and Phase II projects are reviewed concurrently with the aim of reducing or eliminating the funding gap between Phase I and Phase II.

Applicant Eligibility:

The awardee will be a university, college, hospital, public agency, nonprofit research institution or for-profit organization that submits an application and receives a grant or cooperative agreement for support of research by a named principal investigator. SBIR grants can be awarded only to domestic small businesses (entities that are independently owned and operated for profit, are not dominant in the field in which research is proposed, and have no more than 500 employees). Primary employment (more than one-half time) of the principal investigator must be with the small business at the time of award and during the conduct of the proposed project. In both Phase I and Phase II, the research must be performed in the U.S. and its possessions. To be eligible for funding, a grant must be approved for scientific merit and program relevance by a scientific review group and a national advisory council. STTR grants can be awarded only to domestic small business concerns (entities that are independently owned and operated for profit, are not dominant in the field in which research is proposed and have no more than 500 employees) which "partner" with a research institution in cooperative research and development. At least 40 percent of the project is to be performed by the small business concern and at least 30 percent by the research institution. In both Phase I and Phase II, the research must be performed in the U.S. and its possessions. To be eligible for funding, a grant application must be approved for scientific merit and program relevance by a scientific review group and a national advisory council.

Beneficiary Eligibility:

University, college, hospital, public agency, nonprofit research institutions or for-profit organizations will benefit.

Credentials/Documentation:

For-profit organizations' costs are determined in accordance with 48 CFR, Subpart 31.2 of the Federal Acquisition Regulations. For other grantees, costs will be determined in accordance with HHS Regulations 45 CFR, Part 74, Subpart Q. For SBIR and STTR grants, applicant organization (small business concern) must present in a research plan an idea that has potential for commercialization and furnish evidence that scientific competence, experimental methods, facilities, equipment, and funds requested are appropriate to carry out the plan. Grant form SF424(R&R) (Rev. January 2010) is used to apply for SBIR Phase I and Phase II and STTR Phase I and Phase II. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. Depending on the grant mechanism, either Form PHS-398 (Rev. June 2009) or Form SF424(R&R) (Rev. January 2010) is the standard application form. Both forms can be obtained online at <http://grants.nih.gov/grants/forms.htm>. The standard application forms, as furnished by DHHS and required by 45 CFR Part 92 for State and local governments, must be used for this program. This program is subject to the provisions of 45 CFR Part 92 for State and local governments and OMB Circular No. A-110 for nonprofit organizations, as appropriate. SBIR and STTR Grant Solicitations and SBIR Contract Solicitations may be obtained electronically through the NIH Small Business Funding Opportunities home page at <http://www.nih.gov/grants/funding/sbir.htm>. The Solicitations include submission procedures, review considerations, and grant application or contract proposal forms. All competing SBIR and STTR grant applications should be submitted electronically to the NIH via Grants.gov (<http://www.grants.gov/>).

Award Procedure:

Grants and cooperative agreements are funded based on scientific merit, program relevance, and program balance and are made annually. Initial award provides funds for first budget period (usually 12 months) and Notice of Grant Award (Form PHS 1533) indicates support recommended for remainder of project period, allocation of Federal funds by budget categories, and special conditions, if any. All accepted SBIR/STTR applications are evaluated for scientific and technical merit by an appropriate scientific peer review panel and by a national advisory council or board. All applications receiving a priority score compete for available SBIR/STTR set-aside funds on the basis of scientific and technical merit and commercial potential of the proposed research, program relevance, and program balance among the areas of research.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Regular Grants: Approximately 10 months. SBIR/STTR: About 7-1/2 months.

Appeals:

A principal investigator (P.I.) may question the substantive or procedural aspects of the review of his/her application by communicating with the staff of the Institute. A description of the NIH Peer Review Appeal procedures is available online through the NIH home page at <http://www.grants.nih.gov/grants/guide/notice-files/not97-232.html>.

Renewals:

Applications submitted for renewal are reviewed and selected for funding on a competitive basis.

Formula and Matching Requirements:

This program has no statutory formula. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Grants and cooperative agreements average from 3 to 4 years, up to a maximum of 5 years. Renewals may be awarded for additional periods of up to 5 years based on competitive peer review. Funding is provided through Monthly Demand Payment System or an Electronic Transfer System. SBIR: Normally, Phase I awards are for 6 months; normally, Phase II awards are for 2 years. STTR: Normally, Phase I awards are for 1 year; normally, Phase II awards are for 2 years. Method of awarding/releasing assistance: by letter of credit.

Reports:

No program reports are required. No cash reports are required. Progress reports are required each year. Annual financial status report is required 90 days after the end of a budget period. Special reports may be requested by DHHS. Terminal reports are required 6 months after the end of a project. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. In addition, grants and cooperative agreements are subject to inspection and audits by DHHS and other Federal government officials.

93.400 NATIONAL HEALTH SERVICE CORPS SCHOLARSHIP PROGRAM

ARRA - National Health Service Corps Scholarship Program

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

American Recovery and Reinvestment Act of 2009 (Recovery Act), Title II, Public Law 111-5. , Title II, Public Law 111-5.

OBJECTIVES:

As funded under the American Recovery and Reinvestment Act of 2009 (ARRA), the National Health Service Corps (NHSC) Scholarship Programs objective is to increase the supply of primary care physicians, dentists, certified nurse midwives, primary care nurse practitioners, and physician assistants and , if needed by the National Health Service Corps, other health professionals in Health Professional Shortage Areas (HPSAs) within the U.S. by providing service-obligated scholarships to health professions students.

TYPES OF ASSISTANCE:

Direct Payments for Specified Use

USES AND USE RESTRICTIONS:

Service-obligated scholarships for full-time students of allopathic (M.D.) and osteopathic (D.O.) medicine, dentistry, primary care nurse practitioner, nurse midwifery, and primary care physician assistants. Other health disciplines may be included if needed by National Health Service Corps. Scholarships pay tuition and required fees to the school, a stipend to students and a single annual payment to the student to assist with other reasonable educational expenses. Reasonable expenses may include books, supplies, equipment, uniforms, travel for the provision of clinical services, etc. Program requires 1 year of service for each year of scholarship support with a minimum 2-year service commitment post graduation. A maximum of 4 years of support may be awarded. Service sites are selected by the scholarship recipient from the list of high priority sites in HPSAs identified by the NHSC.

Refer to the NHSC Scholarship Program Guidance for specific requirements. Each year of support incurs 1 year of service with a 2 year minimum service commitment requirement post graduation.

Applicant Eligibility:

At the time of award, the applicant must be a U.S. citizen or national. The applicant must be enrolled or accepted for enrollment in an accredited school in a State, the District of Columbia, or a U.S. Territory as a full-time student in a course of study leading to a degree in medicine, osteopathic medicine, dentistry, or other health professions. The applicant must be eligible for Federal employment, be free of any Federal judgment liens or service obligation, not be excluded, debarred, suspended or disqualified by a Federal agency, and have no conflicting service obligation. The applicant must submit an application and a signed contract to the National Health Service Corps agreeing to accept payment of scholarship and provide full-time primary health services in a Health Professional Shortage Area.

Beneficiary Eligibility:

U.S. citizens or nationals enrolled or accepted for enrollment in a State in a course of study leading to a degree in medicine, osteopathic medicine, dentistry or other health profession.

Credentials/Documentation:

Applicants should review the individual HRSA funding opportunity announcement issued under this CFDA program for any required proof or certifications which must be submitted prior to or simultaneous with submission of an application package. This program is excluded from coverage under OMB Circular No. A-87.

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

American Recovery and Reinvestment Act of 2009 (Recovery Act) Public Law 111-5. , Public Law 111-5.

OBJECTIVES:

For medically underserved populations, as funded under the American Recovery and Reinvestment Act of 2009 (ARRA). To increase the availability of primary health care in health professional shortage areas (HPSAs) by assisting States in operating programs for the repayment of educational loans of health professionals in return for their practice in HPSAs.

TYPES OF ASSISTANCE:

Direct Payments for Specified Use; Project Grants

USES AND USE RESTRICTIONS:

Funds under this grant must only be used to repay the qualifying educational loans of health professionals who have entered into State Loan Repayment Program (SLRP) contract with the States. Funds cannot be used for the following purposes: costs of administering the program, State matching funds, or any other purpose.

Applicant Eligibility:

Eligible entities include the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, Palau, the Marshall Islands, and the Commonwealth of the Northern Mariana Islands.

Beneficiary Eligibility:

Applicants for State programs must have completed a course of study required to practice independently without supervision, as one of the following health care professionals: Doctors of Allopathic Medicine or Osteopathic Medicine, General Practice Dentists (D.D.S. or D.M.D.), Pediatric Dentists, Primary Care Certified Nurse Practitioners, Certified Nurse-Midwives, Primary Care Physician Assistants, Registered Clinical Dental Hygienists, Health Service Psychologist (formerly Clinical or Counseling Psychologists (Ph.D. or equivalent), Licensed Clinical Social Workers (masters or doctoral degree in social work), Psychiatric Nurse Specialists, Mental Health Counselors, Licensed Professional Counselors (masters or doctoral degree with a major study in counseling), Marriage and Family Therapists (masters or doctoral degree with a major study in marriage and family therapy). The primary care specialties approvable for physicians are: family medicine (and osteopathic general practice), internal medicine, including geriatricians, pediatrics, obstetrics/gynecology, and geriatrics and general psychiatry. General practitioners (physicians who have not completed residency training programs) are not eligible for funding under the SLRP. The primary care specialties approval for nurse practitioners and physician assistants are: adult, family, pediatrics, psychiatry/mental health, geriatrics, or womens health.

Participants must provide full-time clinical service for a minimum of two years in a public or non-profit entity located in a federally designated health professional shortage area (HPSA).

Refer to the NHSC State Loan Repayment Program Guidance for specific requirements.

Credentials/Documentation:

Applicants should review the individual HRSA funding opportunity announcement issued under this CFDA program for any required proof or certifications which must be submitted prior to or simultaneous with submission of an application package. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. HRSA requires all applicants to apply electronically through Grants.gov.

All qualified applications will be forwarded to an objective review committee. Based on the advice of the objective review committee, the HRSA program official with delegated authority is responsible for final selection and funding decisions.

Award Procedure:

Notification is made in writing by a Notice of Award.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 120 days.

Appeals:

Not Applicable.

Renewals:

From 120 - 180 days. Subsequent funding depends upon the availability of funds and program performance. Renewals are funded through a non-competitive process each year. It is anticipated that there will be no ongoing support of SLRP grant activities after the end of the two-year project period.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching Requirements: Percent: 50%. Matching Requirement: Fifty-percent (50%). States must agree to make available (directly or through donations from public or private entities) non-Federal contributions in cash toward SLRP contracts in an amount not less than \$1 for each \$1 of Federal funds provided in the grant. A State may not use any Federal funds or in-kind contributions to satisfy the non-Federal match requirement. A State must verify that contributions from sources other than State appropriated funds are non-Federal. States may use non-Federal funds in excess of the \$1 for \$1 minimum match to supplement the repayment of qualifying loans of health professionals.

The Federal share must be used to repay the government and commercial loans of health professionals for tuition, educational expenses and living expenses described in Section 338B(g)(1) of the Public Health Service Act. States must assume administrative costs.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

A grant award is for 1 year. Applicants may propose a project period of up to 2 years. States are asked to commit the full amount of funding for their loan repayment awards to practitioners in the current fiscal year to avoid out-year commitments for additional Federal funds. See the following for information on how assistance is awarded/released: Grantee drawdown funds, as necessary, from the Payment Management System (PMS). PMS is the centralized web based payment system for HHS awards.

Reports:

All projects funded with ARRA funds are subject to special quarterly reporting requirements as outlined in Section 1512 of the Recovery Act.

Recipient States must submit: (1) a Financial Report within 90 days of the end of each budget period; (2) Semi-Annual Field Strength Reports through the

HRSA Electronic Handbooks System (EHBs); (3) non-competing continuation application(s) report through the EHBs; (4) a Final Report along with an annual financial report in the format approved under OMB Circular 0915 0004. All BHP grantees are required to submit a final report within 90 days after the project period ends. Cash reports are not applicable. See above. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

Records:

Grantees are required to maintain grant accounting records 3 years after the date they submit the Federal Financial Report (FFR). If any litigation, claim, negotiation, audit or other action involving the award has been started before the expiration of the 3-year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

93.406 NURSING EDUCATION LOAN REPAYMENT PROGRAM (NELRP)

ARRA - Nursing Education Loan Repayment Program (NELRP)

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

American Recovery and Reinvestment Act of 2009, Public Law 111-5. , Public Law 111-5.

OBJECTIVES:

As funded under the American Recovery and Reinvestment Act of 2009 (ARRA), the objective of the Nurse Education Loan Repayment Program (NELRP) is to assist in the recruitment and retention of professional registered nurses (RN) in approved critical shortage areas to increase access to quality health care by offering loan repayment in return for full-time service at an eligible health care facility with a critical shortage of nurses.

TYPES OF ASSISTANCE:

Direct Payments for Specified Use

USES AND USE RESTRICTIONS:

The program offers RNs substantial economic assistance to repay their qualifying educational loans in exchange for full-time service at a health care

facility with a critical shortage of nurses. NELRP participants enter into a contract agreeing to provide full-time service at an approved Critical Shortage Facility (CSF) for two years. In return, NELRP will pay 30 percent of the Participant's total qualifying loan balance each year (total of 60 percent). A participant may be eligible to continue his/her two-year NELRP contract to serve for a third (optional) year at a CSF. If a participant works full-time for a third year in a CSF, the NELRP will pay an additional 25 percent of the participant's original qualifying loan balance, bringing the total up to 85 percent of eligible loan balances. Loan repayments for 2 years of obligated service will be made no later than the end of the Federal fiscal year in which the individual completes such year of service. For specific service-obligated educational loan repayment. Loan repayments for 2 years of obligated service will be made no later than the end of the Federal fiscal year in which the individual completes such year of service.

Applicant Eligibility:

Individuals who satisfy the following criteria are eligible to apply: (1) have received a baccalaureate or associate degree in nursing (or an equivalent degree), a diploma in nursing or a graduate degree in nursing; (2) have unpaid qualifying loans obtained for nursing education; (3) a U.S. citizen, national or a permanent legal resident of the United States; (4) employed full-time (32 hours or more per week) at a critical shortage facility (CSF); (5) have a current unrestricted license in the State in which they intend to practice or be authorized to practice in the State under the Nurse Licensure Compact; and (6) submit a complete application, including a signed contract to work full-time as a registered or advanced practice nurse for 2 years at an eligible health care facility with a critical shortage of nurses.

Beneficiary Eligibility:

Beneficiaries include registered nurses who have received a diploma, an associate degree, a baccalaureate degree or a graduate degree in nursing from an accredited school of nursing.

Credentials/Documentation:

Applicants should review the individual HRSA funding opportunity announcement issued under this CFDA program for any required proof or certifications which must be submitted prior to or simultaneous with submission of an application package. 93.408 ARRA - NURSE FACULTY LOAN PROGRAM

ARRA-NFLP

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Title VIII, Section 846A, 42 U.S.C. 297n-1 and the American Recovery and Reinvestment Act of 2009, Public Law 111-5, as amended by the Affordable Care Act of 2010, Public Law 111-148, Section 5311.

OBJECTIVES:

The purpose of the Nurse Faculty Loan Program (NFLP) as supported through the American Recovery and Reinvestment Act (ARRA) is to increase the number of qualified nursing faculty and direct resources to address health professions workforce shortages. The ARRA funding was made available in FY 09-10 to augment the regularly appropriated NFLP funding level for the purpose of directing emergency resources to increase the number of qualified nursing faculty. These funds are dedicated to strengthening the nurse educator workforce in order to (1) meet the demand for nurse faculty and (2) remove a major barrier to accepting as many as qualified nursing students as possible thus helping to alleviate the Nations nursing shortage.

Schools of Nursing that receive ARRA-NFLP funds must use funds to provide loans to students enrolled in eligible advanced degree nursing programs (masters or doctoral) with an education component(s) that will prepare the student to teach. NFLP loan recipients complete the education program, and following graduation, may cancel up to 85% of the NFLP loan while serving as full-time nurse faculty at an accredited school of nursing.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

The school must establish an ARRA-NFLP fund for the purpose of making NFLP loans to eligible students and for the costs associated with collection of these loans. Institutions may award a maximum loan amount of \$35,500 per

student for an academic year to support the cost of tuition, fees, books, and other reasonable education expenses - not to exceed five years of NFLP loan support. Upon completion of the program, an amount up to 85 percent of the loan may be cancelled by the institution as follows: upon completion of the first, second, and third year of full-time faculty employment in an accredited school of nursing, 20 percent of the principal and interest of the unpaid loan shall be cancelled for each year; upon completion of the fourth year of full-time employment as faculty in an accredited school of nursing, 25 percent of the principal and interest of the unpaid loan shall be cancelled for the fourth year.

ARRA-NFLP funds must be kept separate from regularly appropriated NFLP funds and should not be commingled for tracking and reporting purposes. No one student may receive both ARRA-NFLP funds and regularly appropriated 1 NFLP funds in the same budget/project period.

Applicant Eligibility:

Eligible applicants include all accredited public or private collegiate schools of nursing that offer an advanced degree nursing education program (masters or doctoral) to prepare advanced degree nursing students to serve as faculty.

In addition, the school must be located in a State in the United States, the District of Columbia, the Commonwealth of Puerto Rico, the Northern Mariana Islands, the Virgin Islands, Guam, American Samoa or the Trust Territory of the Pacific.

Beneficiary Eligibility:

Eligible nursing students must: (1) be a citizen or national of the United States, or a lawful permanent resident of the United States, the Commonwealths of Puerto Rico, the Northern Mariana Islands, the Virgin Islands, Guam, American Samoa or the Trust Territory of the Pacific Islands; (2) be enrolled in an advanced degree program in nursing to become qualified nursing faculty; and (3) not be in default on a Federal debt; and (4) maintain good academic standing.

Credentials/Documentation:

Applicants should review the individual HRSA funding opportunity announcement issued under this CFDA program for any required proof or certifications which must be submitted prior to or simultaneous with submission of an application package. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. Grant applications and required forms for this program can be obtained from Grants.gov Web site at www.grants.gov. Applications are generally solicited by a program announcement on the HRSA web site at <http://www.bhpr.hrsa.gov/grants/>. All qualified applications will be forwarded to an objective review committee. Based on the advice of the objective review committee, the HRSA program official with delegated authority is responsible for final selection and funding decisions.

Award Procedure:

Notification is made in writing (electronically) by a Notice of Award.

The practices and initiatives of the applicant institution their commitment to increasing culturally competent and diverse health professionals.

93.416 ARRA - HEALTH CAREERS OPPORTUNITY PROGRAM

ARRA - HCOP

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

American Recovery and Reinvestment Act of 2009 (Recovery Act) , Public Law 111-5.

OBJECTIVES:

As funded under the American Recovery and Reinvestment Act of 2009 (ARRA), the HCOP program strives to develop a more competitive applicant pool to build diversity in the health professions. The program's goal is to provide students from economically and educationally disadvantaged backgrounds an opportunity to develop the skills needed to successfully compete to enter and graduate from health professions schools, allied health professions schools, graduate programs in behavioral and mental health, and programs for the training of physician assistants.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

Section 739 provides for assisting individuals from disadvantaged backgrounds to undertake education to enter a health or allied health profession. Grant funds may be used for: (1) recruitment; (2) facilitating entry; (3) counseling, mentoring and other services; (4) preliminary education and health research training; (5) financial aid/information dissemination; (6) primary care exposure activities; (7) development of a more competitive applicant pool; and (8) stipends. Funds under this Section may not be used for: (1) Direct compensation of payment to parents who participate in HCOP activities; (2) Training expenses for faculty or staff; (3) Tuition of fees for students, including test taking fees for health professions schools; (4) Dependency allowances; (5) Construction of facilities, acquisition of land, or fund raising; (6) Interview trips to health and allied health professions schools; (7) Support of courses that are offered as part of the regular academic curriculum; (8) Sectarian instruction or for any religious purpose; (9) Job placement activities; (10) Activities for health professionals (e.g. internships, externships, residencies); (11) Remedial courses; (12) Faculty support for full-time course work during the academic year; (13) Pilot projects, planning projects, feasibility studies, or activities of a similar nature; (14) Entertainment activities (including meals, beverages, lodging, and transportation).

Applicant Eligibility:

Grants may be made to accredited schools of medicine, osteopathic medicine, public health, dentistry, veterinary medicine, optometry, pharmacy, allied health, chiropractic, podiatric medicine, public or nonprofit private schools that offer graduate programs in behavioral and mental health, programs for the training of physician assistants, and other public or private nonprofit health or educational entities.

Beneficiary Eligibility:

Students who meet the definition of either educationally or economically disadvantaged, and who express an interest in pursuing a health degree program are eligible for participation in an HCOP program during their primary, secondary pre-professional, and professional education. Students must be U.S. citizens, non-citizen nationals, or foreign nationals who possess a visa permitting permanent residence in the United States. An individual will be determined to be disadvantaged if he or she comes from a background that has inhibited the individual from obtaining the knowledge, skills, and abilities required to enroll in and graduate from a health professions school or program providing education or training in an allied health profession; or comes from a family with an annual income below a level based on low income thresholds according to family size published by the Bureau of the Census, adjusted annually for changes in the Consumer Price Index, and adjusted by the Secretary for use in health professions programs.
