FERC FORM NO. 60 SUBMISSION SOFTWARE AND ELECTRONIC FILING

All questions about how to install the software or resolve issues with the software should be referred to FERC Online Support toll free at 1-866-208-3676, locally at 202-502-6652 (or 202-502-8659 for TTY), or email ferconlinesupport@ferc.gov.

New companies filing for the first time must first register by sending an email to ferconlinesupport@ferc.gov containing the following information: company name, company address, point-of-contact name, point-of-contact email address, and point-of-contact phone number.

After receiving this information, FERC Online Support will provide the requestor with instructions on how to set up the software application and an access number (PIN) to permit electronic filing via the forms submission software. The point-of-contact list will be used to disseminate any future information on the software. Once a company has been assigned an access number, it does not need to obtain a new one for subsequent annual filings unless the form of the entity changes, such as through a merger or acquisition.
