# INTRODUCTION

## Catalog of Federal Domestic Assistance

The Catalog of Federal Domestic Assistance is a government-wide compendium of Federal programs, projects, services, and activities that provide assistance or benefits to the American public. It contains financial and nonfinancial assistance programs administered by departments and establishments of the Federal government.

In 1984, Public Law 98-169 authorized the transfer of responsibilities of the Federal Program Information Act from the Office of Management and Budget to the General Services Administration (GSA). The transfer took place in July 1984. These responsibilities include the dissemination of Federal domestic assistance program information through the Catalog of Federal Domestic Assistance, pursuant to the Federal Program Information Act, Public Law 95-220, as amended by Public Law 98-169. GSA now maintains the Federal assistance information database from which program information is obtained. The Office of Management and Budget serves as an intermediary agent between the Federal agencies and GSA, thus providing oversight to the necessary collection of Federal domestic assistance program data.

As the basic reference source of Federal programs, the primary purpose of the Catalog is to assist users in identifying programs that meet specific objectives of the potential applicant, and to obtain general information on Federal assistance programs. In addition, the intent of the Catalog is to improve coordination and communication between the Federal government and State and local governments.

The Catalog provides the user with access to programs administered by Federal departments and agencies in a single publication. Program information is cross referenced by functional classification (Functional Index), subject (Subject Index), applicant (Applicant Index), deadline(s) for program application submission (Deadlines Index), and authorizing legislation (Authorization Index). These are valuable resource tools that, if used carefully, can make it easier to identify specific areas of program interest more efficiently.

Other sections of the Catalog provide users with information on programs added and deleted since the last edition of the Catalog, a crosswalk of program numbers and title changes, regional and local offices, intergovernmental review requirements, definitions of the types of assistance under which programs are administered, proposal writing, grant application procedures, and additional sources of information on Federal programs and services.

Programs selected for inclusion in the Federal assistance data base are defined as any function of a Federal agency that provides assistance or benefits for a State or States, territorial possession, county, city, other political subdivision, grouping, or instrumentality thereof; any domestic profit or nonprofit corporation, institution, or individual, other than an agency of the Federal government.

A "Federal domestic assistance program" may in practice be called a program, an activity, a service, a project, a process, or some other name, regardless of whether it is identified as a separate program by statute or regulation. It will be identified in terms of its legal authority, administering office, funding, purpose, benefits, and beneficiaries.

"Assistance" or "benefits" refers to the transfer of money, property, services, or anything of value, the principal purpose of which is to accomplish a public purpose of support or stimulation authorized by Federal statute. Assistance includes, but is not limited to grants, loans, loan guarantees, scholarships, mortgage loans, insurance, and other types of financial assistance, including cooperative agreements; property, technical assistance, counseling, statistical, and other expert information; and service activities of regulatory agencies. It does not include the provision of conventional public information services.

For years, GSA has published a printed version of the Catalog of Federal Domestic Assistance (CFDA or Catalog), as required by legislation dating to 1977 and 1983. That same legislation allowed GSA to distribute free copies of the printed Catalog to designated recipients. In fiscal year 2003, nearly 10,000 paper copies of the Catalog were distributed at no cost to the recipients

Current legislation, however, authorizes GSA to determine in what form to prepare and publish the Catalog. Consistent with the Administration's Electronic-Government initiatives, the Government Paperwork Elimination Act, and a move to a paper free environment, GSA will now disseminate the Catalog electronically through the CFDA website on the Internet. As a result, effective immediately, GSA will no longer print and distribute free copies of the Catalog.

The Internet and GSA's free CFDA website at <http://www.cfda.gov> will be the primary means of disseminating the Catalog. The CFDA website will also contain a PDF file version of the Catalog that, when printed by any user, will have the same layout as the printed document that the Government Printing Office (GPO) has provided.

GPO will continue printing and selling the CFDA to interested buyers. For information about purchasing the Catalog of Federal Domestic Assistance from GPO, call the Superintendent of Documents at 202-5121800 or toll free at 866-512-1800, or you may reach GPO's on-line bookstore at <http://bookstore.gpo.gov>.

## Types Of Assistance

Currently, programs in the Catalog are being classified by GSA into 15 types of assistance. (Cooperative Agreements as a type of assistance is used for programs administered under that mechanism. However, the definition does not appear in this section.) Benefits and services of the programs are provided through seven financial types of assistance and eight nonfinancial types of assistance. The following list defines the types of assistance that are available through the programs. Code letters below (A through O) which identify the type of assistance) will follow program titles in the Agency Index, Applicant Eligibility Index, the Functional Index, Deadlines Index, and in the list of added programs.

- A. Formula Grants - Allocations of money to States or their subdivisions in accordance with distribution formulas prescribed by law or administrative regulation, for activities of a continuing nature not confined to a specific project.
- B. Project Grants - The funding, for fixed or known periods, of specific projects. Project grants can include fellowships, scholarships, research grants, training grants, traineeships, experimental and demonstration grants, evaluation grants, planning grants, technical assistance grants, survey grants, and construction grants.
- C. Direct Payments for Specified Use - Financial assistance from the Federal government provided directly to individuals, private firms, and other private institutions to encourage or subsidize a particular activity by conditioning the receipt of the assistance on a particular performance by the recipient. This does not include solicited contracts for the procurement of goods and services for the Federal government.
- D. Direct Payments with Unrestricted Use - Financial assistance from the Federal government provided directly to beneficiaries who satisfy Federal eligibility requirements with no restrictions being imposed on the recipient as to how the money is spent. Included are payments under retirement, pension, and compensatory programs.
- E. Direct Loans - Financial assistance provided through the lending of Federal monies for a specific period of time, with a reasonable expectation of repayment. Such loans may or may not require the payment of interest.
- F. Guaranteed/Insured Loans - Programs in which the Federal government makes an arrangement to identify a lender against part or all of any defaults by those responsible for repayment of loans.
- G. Insurance - Financial assistance provided to assure reimbursement for losses

sustained under specified conditions. Coverage may be provided directly by the Federal government or through private carriers and may or may not involve the payment of premiums.

- H. Sale, Exchange, or Donation of Property and Goods - Programs which provide for the sale, exchange, or donation of Federal real property, personal property, commodities, and other goods including land, buildings, equipment, food and drugs. This does not include the loan of, use of, or access to Federal facilities or property.
- I. Use of Property, Facilities, and Equipment - Programs which provide for the loan of, use of, or access to Federal facilities or property wherein the federally owned facilities or property do not remain in the possession of the recipient of the assistance.
- J. Provision of Specialized Services - Programs that provide Federal personnel directly to perform certain tasks for the benefit of communities or individuals. These services may be performed in conjunction with nonfederal personnel, but they involve more than consultation, advice, or counseling.
- K. Advisory Services and Counseling - Programs which provide Federal specialists to consult, advise, or counsel communities or individuals to include conferences, workshops, or personal contacts. This may involve the use of published information, but only in a secondary capacity.
- L. Dissemination of Technical Information - Programs that provide for the publication and distribution of information or data of a specialized or technical nature frequently through clearinghouses or libraries. This does not include conventional public information services designed for general public consumption.
- M. Training - Programs that provide instructional activities conducted directly by a Federal agency for individuals not employed by the Federal government.
- N. Investigation of Complaints - Federal administrative agency activities that are initiated in response to requests, either formal or informal, to examine or investigate claims of violations of Federal statutes, policies, or procedure. The origination of such claims must come from outside the Federal government.
- O. Federal Employment - Programs that reflect the Governmentwide responsibilities of the Office of Personnel Management in the recruitment and hiring of Federal civilian agency personnel.

## Contents of the Catalog

The Catalog contains Federal domestic assistance programs available to: State and local governments (including the District of Columbia and federally-recognized Indian tribal governments); Territories (and possessions) of the United States; domestic public, quasi-public, and private profit and nonprofit organizations and institutions; specialized groups; and individuals.

Programs in the Catalog provide information on the:

- Federal agency administering a program;
- Authorization upon which a program is based;
- Objectives and goals of a program;
- Types of financial and nonfinancial assistance offered under a program;
- Uses and restrictions placed upon a program; Eligibility requirements;
- Application and award process;
- Amount of obligations for the past, current, and future fiscal years;
- Regulations, guidelines and literature relevant to a program; Information contacts at the headquarters, regional, and local offices;
- Programs that are related based upon program objectives and uses;
- Examples of funded projects;
- Criteria for selecting proposals; and
- Individual agency policies and Federal management policy directives pertaining to a program.

Programs in the Catalog provide a wide range of benefits and services, which have been grouped into 20 basic functional categories, and 176 subcategories that identify specific areas of interest. Listed below are the 20 basic categories in which all programs have been grouped by primary purpose.

- Agriculture

- Business and Commerce
- Community Development
- Consumer Protection
- Cultural Affairs
- Disaster Prevention and Relief
- Education Employment, Labor, and Training
- Energy
- Environmental Quality
- Food and Nutrition
- Health
- Housing
- Income Security and Social Services
- Information and Statistics
- Law, Justice, and Legal Services
- Natural Resources
- Regional Development
- Science and Technology
- Transportation

Programs in the Catalog also include service activities of regulatory agencies.

The Catalog does not include:

- Solicited contracts administered under procurement laws and regulations for the purchase of goods and services for the Federal government;
- Foreign activities except as such programs have direct economic benefit in the domestic economy. (A program that provides both domestic and foreign assistance will be included with the description of the program oriented toward the domestic aspect.);
- Personnel recruitment programs of individual Federal departments which offer employment opportunities as part of normal recruiting operations, (the overall government-wide programs of the Office of Personnel Management are included);
- Benefits or assistance available only to current employees of the Federal government either civilian or military;
- New programs proposed in the Budget for which appropriations have not been enacted; or
- Programs that are no longer active due to expired authorization or appropriation.

## Organization of the Catalog

The Catalog is divided into three basic sections -- the indices, the program descriptions, and the appendices.

**INDICES** --To locate specific programs of interest, determine eligibility, and to obtain information on the dates applications for assistance should be submitted to the funding agency, users may consult the Agency Program Index, the Functional Index, or the Subject Index; the Applicant Eligibility Index, and the Index listing deadlines for program applications.

**The Agency Index Summary** provides a description of the functions and activities of Federal agencies responsible for administering programs in the Catalog. Program numbers are also listed with the administering agency.

**The Agency Program Index** lists all programs in the Catalog in numerical order by the five-digit program identification number, the program title, the Federal agency responsible for administering the program, and whether the program offers financial assistance, nonfinancial assistance, or a combination of both.

**The Functional Index Summary** lists the basic functional categories and the subcategories that further identify specific areas of interest. Following the Summary is the Functional Index listing each program number and title under the appropriate basic category and subcategory.

**The Subject Index** provides a detailed listing of programs by various topics, popular name, general functional terms, categories of services, and selected beneficiaries, and is followed by the applicable program numbers.

**The Applicant Eligibility Index** is a listing in program number sequence, along with program titles, indicating the applicants eligible to apply. The index lists programs that may be applied for by:

- Any of the several States of the United States, the District of Columbia, or any agency or instrumentality of a State exclusive of State institutions of higher education and hospitals;
- Local governments which include a county, parish, municipality, city, town, township, village, State-designated Indian tribal government, local public authority, school district, special district, intrastate district, council of governments, sponsor group representative organizations, and other regional or interstate government entity, or any agency or instrumentality of a local government;
- U.S. Territories (and possessions) of the United States which include the Commonwealths of Puerto Rico and the Northern Mariana Islands, the Virgin Islands, Guam, Trust Territory of the Pacific Islands, and American Samoa;
- Federally-recognized Indian Tribal governments which include the governing body or a governmental agency of any Indian tribe, band, nation, or other organized group or community (including any Native village as defined in Section 3 of the Alaska Native Claims Settlement Act, 85 Stat. 688) certified by the Secretary of the Interior as eligible for the special programs and services provided through the Bureau of Indian Affairs;
- Nonprofit organizations and institutions which include quasi-public, public and private institutions of higher education and hospitals, Native American Indian Organizations, and other quasi-public and private nonprofit organizations such as, but not limited to, community action agencies (CAAs), Head Start agencies, research institutes, educational associations, and health centers. Excluded under this definition are government-owned contractor operated facilities or research centers providing support for mission-oriented, large scale programs that are government-owned or controlled, or are designed as federally-funded research and development centers; and
- Private individuals such as Native Americans, homeowners, students, farmers, artists, scientists, consumers, small business, refugees, aliens, veterans, senior citizens, low-income persons, health and education professionals, builders, contractors, developers, handicapped persons, the physically afflicted.

**The Deadlines Index** (for program applications) is a listing of program numbers and titles and the deadline date(s) by which funding agencies must receive applications. This information is also contained in the Deadlines Section of the program descriptions.

Users should also consult the following listings:

**The Deleted Programs** list identifies programs that have been deleted since the previous edition of the Catalog due to: expiration of budget authority; rescission of budget authority for the current fiscal year; program consolidation which has rendered the former program number(s) obsolete; the replacement of a categorical grant program by a block grant program; the replacement of two or more categorical programs by a block grant program; the abolishment of an agency; or the criteria for including a program in the Catalog no longer valid being (e.g., a program which no longer operates under Federal funding).

**The Added Programs** list identifies programs that have been added since the previous edition of the Catalog due to: the appropriation of new budget authority; the consolidation of two or more programs creating a new program; the splitting of elements from a former program creating two or more new programs; the transformation of a single categorical grant program into a block program; or the consolidation of two or more categorical grant programs into a block program.

**The Crosswalk of Changes to Program Numbers and Titles** which lists programs that have undergone a title change, or a program number change due to restructuring of programs, or reorganization of a Federal agency.

**PROGRAM DESCRIPTIONS** -- The center section of the printed Catalog and the listings available on this web site contain descriptions of Federal programs listed by program number in the same numerical sequence as in the Agency Program Index. Detailed information concerning programs is contained under

the description headings of each Catalog program. The following is an explanation of each program description heading followed by examples of the type of information found under each heading.

**NOTE: The program used in the example below does not exist. It is provided for the purpose of illustration only.**

**PROGRAM NUMBER, TITLE, AND POPULAR NAME** -- Each program in the Catalog is preceded by a five-digit program identification number. The first two digits identify the Federal department or agency that administers the program, and the last three numbers are assigned in numerical sequence. Thus, program number 10.500 is administered by the Department of Agriculture, 11.500 by the Department of Commerce, 12.500 by the Department of Defense, 93.500 by the Department of Health and Human Services, and so on. (In the numerical sequence of program numbers, some numbers do not appear due to program deletions or consolidations. To accommodate users' systems and records, the numbers are not reassigned to other programs but are reserved for the reinstated programs.) The program title is the descriptive name given to a program. The popular name, which is less descriptive than the program title, is the name by which programs are commonly known or most often used by applicants and agencies.

Example: 93.259 Mental Health -- Children's Services

**FEDERAL AGENCY** -- The Federal agency is the Federal department, agency, commission, council or instrumentality of the government, and the primary organizational sub-unit (the administering office) that has direct operational responsibility for managing a program.

Example: SUBSTANCE ABUSE AND MENTAL HEALTH SERVICES ADMINISTRATION, PUBLIC HEALTH SERVICE, DEPARTMENT OF HEALTH AND HUMAN SERVICES

**AUTHORIZATION** -- This section lists the legal authority upon which a program is based (acts, amendments to acts, Public Law numbers, titles, sections, Statute Codes, citations to the U.S. Code, Executive Orders, Presidential Reorganization Plans, and Memoranda from an agency head). Information provided here is used to produce Appendix II, the Authorization Appendix.

Example: Community Mental Health Centers Act of 1975, Part A, Section 203(e), Public Law 94-63, 42 U.S.C. 2689.

**OBJECTIVES** -- This is a brief statement of specific objectives stated in terms of what the program is intended to accomplish along with the goals toward which the program is directed.

Example: To stimulate innovative approaches to children's mental health problems emphasizing prevention and coordination of community services; to expand training activities; and, to broaden resources for children's mental health services.

**TYPES OF ASSISTANCE** -- This section indicates the form in which the assistance is transmitted from the Federal government and is initially received for use or distribution by the applicant.

Example: Project Grants.

**USES AND USE RESTRICTIONS** -- This section describes the potential uses for the assistance provided to meet stated objectives, and the specific restrictions placed upon the use of funds. The section cites one or more applications depending upon the nature of a particular program. Since this section translates objectives into the uses of a program, users may develop a clearer understanding of the program's objectives.

Example: Support for Continuation Grants only. Program authorizes funds on a matching basis for initial staffing of facilities offering mental health services for children. Staffing grants may be used for a portion of the costs of professional and technical personnel to operate a facility for child mental health services; a higher percentage may be paid if an area has been designated a poverty area by

the Secretary, HHS. The proposed program must provide consultation and coordinating services with other community agencies serving children in service area, and must include a plan with the means by which it will be evaluated.

#### **ELIGIBILITY REQUIREMENTS:**

**Applicant Eligibility** -- This section indicates who can apply to the Federal government for assistance and the criteria the potential applicant must satisfy. For example, individuals may be eligible for research grants, and the criteria to be satisfied may be that they have a professional or scientific degree, 3 years of research experience, and be a citizen of the United States. Universities, medical schools, hospitals, or State and local governments may also be eligible. Where State governments are eligible, the type of State agency will be indicated (State welfare agency or State agency on aging) and the criteria that they must satisfy.

Certain programs in the Catalog (e.g., the Pell Grant program which provides grants to students) involve intermediate levels of application processing, i.e., applications are transmitted through colleges or universities that are neither the direct applicant nor the ultimate beneficiary. For these programs, the criteria that the intermediaries must satisfy are also indicated, along with intermediaries who are not eligible.

Example: To be eligible for staffing grants, applicants must be part of, or affiliated with, a community mental health center, unless there is no center serving the community. Applicants may then be any public or private nonprofit agency providing, or coordinating with programs that will provide a full range of mental health services for children and their families residing in the service area.

**Beneficiary Eligibility** -- This section lists the ultimate beneficiaries of a program, the criteria they must satisfy and who specifically is not eligible. The applicant and beneficiary will generally be the same for programs that provide assistance directly from a Federal agency. However, financial assistance that passes through State or local governments will have different applicants and beneficiaries since the assistance is transmitted to private sector beneficiaries who are not obligated to request or apply for the assistance.

Example: Children and their families in the service area as well as personnel of schools and other community agencies serving children.

**Credentials/Documentation** -- This is a brief description of the credentials or documentation required prior to, or along with, an application for assistance. The eligibility factors that must be proven, certified, or established are indicated in this section. This section also indicates whether OMB Circular No. A-87 requirements, "Cost Principles Applicable to Grants and Contracts with State and Local Governments," are applicable. In cases where specific Federal circulars or other regulatory requirements are not applicable to the program, disclaimer statements may be included referencing the requirement(s) from which the program is excluded, e.g., "This program is excluded from coverage under (applicable requirement)."

Example: Proof of nonprofit status is required of nonprofit organizations and institutions. This program is excluded from coverage under OMB Circular No. A-87.

#### **APPLICATION AND AWARD PROCESS:**

**Preapplication Coordination** -- This section indicates whether any prior coordination or approval is required with governmental or nongovernmental units prior to the submission of a formal application to the Federal funding agency. For example, programs may require: (1) State agency approval prior to the submission of an application to a Federal agency; (2) the submission of environmental impact information as required by the National Environmental Policy Act of 1969, and Executive Order 11514 of March 4, 1970; (3) coordination with the policies of the recently revised OMB Circular No. A-102, "Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments" (referenced here for construction, land acquisition, and land development projects for which Federal funding exceeds \$100,000); (4) coverage for eligibility under Executive Order 12372, "Intergovernmental Review of Federal Programs"; or (5) a preapplication or

preapplication conference. Applicants should also ascertain from the Federal agency the existence of other circular requirements not indicated by this section, and from the State, any State requirements that may be in effect. In cases where E.O. 12372 is not applicable to the program, a disclaimer statement is included referencing the exclusion, e.g., "This program is excluded from coverage under E.O. 12372."

Example: Preapplication consultation with the Substance Abuse and Mental Health Services Administration (SAMHSA) Branch of the HHS Regional Office is not mandatory. Application must be accompanied by evidence of approval and recommendation by the appropriate State agency or agencies. The standard application forms, as furnished by the Federal agency and required by OMB Circular No. A102, must be used for this program. This program is excluded from coverage under E.O. 12372.

**Application Procedure** -- This section discusses the basic procedural steps required by the Federal agency in the application process, beginning with the lowest level (e.g., State and local government units, institutions or organizations) and ending eventually with the Federal government. Each program will indicate whether applications are to be submitted to the Federal headquarters, regional or local office, or to a State or local government office. Numerous programs in the Catalog require the standard application forms in OMB Circular No. A-102 (Attachment M). Other applications may be in the form of a written request to the funding agency stating the need for assistance and requesting available services, or a formal proposal prepared in response to an announcement in the Federal Register or the Commerce Business Daily. Also indicated in this section is guidance concerning the applicability of OMB Circular No. A-110, "Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Nonprofit Organizations." In cases where specific Federal circulars or other regulatory requirements are not applicable to the program, disclaimer statements may be included referencing the requirement(s) from which the program is excluded, e.g., "This program is excluded from coverage under (applicable requirement)."

Example: Continuation Application Form ADM-115 should be used for staffing. Instructions and consultation may be obtained from the mental health section of the appropriate HHS Regional Office. Applications are sent to the Regional Office with copies to Acting Director, Division of Mental Health Service Programs, Substance Abuse and Mental Health Services Administration, 5600 Fishers Lane, Rockville, MD 20857. This program is subject to the provisions of OMB Circular No. A-110. This program is excluded from coverage under OMB Circular No. A-102.

**Award Procedure** -- This section lists the basic procedural steps for awarding assistance, beginning with the organizational components of the Federal agency that has final approval authority for the application and ending with the lowest level at which Federal resources are expended. Also indicated is whether assistance passes through the initial applicant for further distribution by intermediate level applicants to groups or individuals in the private sector.

Accepted applications are subject to evaluation by the headquarters, regional, local or district office to determine the feasibility of the proposed project to include consistency with Federal and individual agency policies concerning its scope and purpose. Grant payments may be made by a letter of credit, advance by Treasury check, or reimbursement by Treasury check. The headquarters office may make awards directly to the applicant, an agency field office, a regional office, or by an authorized county office.

Example: The Regional Health Administrator makes awards to approved applicants.

**Deadlines** -- When available, this section indicates the deadlines for applications to the funding agency that will be stated in terms of the date(s) or between what dates the application should be received. Reference is made to new applications, continuations, renewals, and supplementals. Application deadline information is also indicated in the Deadlines Index, in the agency's program guidelines, or announced in the Federal Register. Where not available, applicants should contact the funding agency for deadline information.

Example: Staffing: Determined by award period (contact the Regional Office).

**Range of Approval or Disapproval Time** -- This section informs the applicant of the representative range of time required for the application to be processed (in terms of days or months) at the Federal level. Example: From 90 to 120 days.

**Appeals** -- In some cases, there are no provisions for appeal. Where applicable, this section discusses appeal procedures or allowable rework time for resubmission of applications to be processed by the funding agency. Appeal procedures vary with individual programs and are either listed in this section or applicants are referred to appeal procedures documented in the relevant Code of Federal Regulations (CFR).

Example: Not applicable. (An appeal was not applicable in this case. A related program (93.231) allows applicants to reapply if revised applications are submitted.)

**Renewals** -- This section advises the applicant as to whether renewals or extensions of applications are available and indicates the appropriate procedures to follow. In some instances, renewal procedures may be the same as for the application procedure, e.g., for projects of a non-continuing nature renewals will be treated as new, competing applications; for projects of an ongoing nature, renewals may be given annually.

Example: This program is renewed annually. Grantees are required to update their plan and submit a current year budget.

#### **ASSISTANCE CONSIDERATIONS:**

**Formula and Matching Requirements** -- This section indicates the formula and matching requirements prescribed in the allocation of funds or maintenance of effort requirements. A formula may be based on population, per capita income, and other statistical factors. Applicants are informed whether there are any matching requirements to be met when participating in the cost of a project. In general, the matching share represents that portion of the project costs not borne by the Federal government. Usually, a minimum percentage for matching share is prescribed by program legislation, and matching share requirements are included in the grant agreement. Attachment F of OMB Circular No. A-102 sets forth the criteria and procedures for the evaluation of matching share requirements which may be cash or in-kind contributions made by State and local governments or other agencies, institutions, private organizations, or individuals to satisfy matching requirements of Federal grants or loans.

Cash contributions represent the grantees' cash outlay, including the outlay of money contributed to the grantee by other public agencies, institutions, private organizations, or individuals. When authorized by Federal regulation, Federal funds received from other grants may be considered as the grantees' cash contribution.

In-kind contributions represent the value of noncash contributions provided by the grantee, other public agencies and institutions, private organizations or individuals. In-kind contributions may consist of charges for real property and equipment, and value of goods and services directly benefiting and specifically identifiable to the grant program. When authorized by Federal legislation, property purchased with Federal funds may be considered as grantees' in-kind contribution.

Maintenance of effort (MOE) is a requirement contained in certain legislation, regulations, or administrative policies stating that a grantee must maintain a specified level of financial effort in a specific area in order to receive Federal grant funds, and that the Federal grant funds may be used only to supplement, not supplant, the level of grantee funds. Programs that have maintenance of effort requirements and have total allocations over \$100 million (current FY) should have the following statement in this section: This program has maintenance of effort (MOE) requirements; see funding agency for further details.

Example: Staffing: Federal funds on a decreasing percentage basis over a period

of 8 years 90 percent - 1st and 2nd years; 80 percent - 3rd year; 75 percent - 4th and 5th years; 70 percent - 6th, 7th and 8th years. Nonpoverty areas are entitled to: 80 percent - 1st and 2nd years; 75 percent - 3rd year; 60 percent - 4th year; 45 percent - 5th year; 30 percent - 6th, 7th and 8th years.

**Length and Time Phasing of Assistance** -- This section indicates the time period during which the assistance is normally available, whether there are any restrictions placed on the time permitted to use the funds awarded, and the timing of disbursement of the assistance, e.g., lump sum, annually, quarterly, or as required. Example: Staffing grants are limited to 8 years by law. Payments are made on a Monthly Cash Request System or under a Letter of Credit.

#### **POST ASSISTANCE REQUIREMENTS:**

**Reports** -- This section indicates whether program reports, expenditure reports, cash reports or performance monitoring is required by the Federal funding agency, and specifies at what time intervals (monthly, annually, etc.) this must be accomplished.

Example: Interim progress reports must be submitted annually as part of a non-competing application; reports of expenditures are due annually. Immediate reporting of any inventions is required.

**Audits** -- This section discusses audits required by the Federal agency. The procedures and requirements for State and local governments and nonprofit entities are set forth in OMB Circular No. A-133. These requirements pertain to awards made within the respective State's fiscal year -- not the Federal fiscal year, as some State and local governments may use the calendar year or other variation of time span designated as the fiscal year period, rather than that commonly known as the Federal fiscal year (from October 1st through September 30th).

Example: In accordance with the provisions of OMB Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that receive financial assistance of \$300,000 or more in Federal awards will have an audit made for that year. Nonfederal entities that expend less than \$300,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

**Records** -- This section indicates the record retention requirements and the type of records the Federal agency may require. Not included are the normally imposed requirements of the General Accounting Office. For programs falling under the purview of OMB Circular No. A-102, record retention is set forth in Attachment C. For other programs, record retention is governed by the funding agency's requirements.

Example: Records must be retained at least 3 years; records shall be retained beyond the 3-year period if audit findings have not been resolved.

#### **FINANCIAL INFORMATION:**

**Account Identification** -- This 11-digit budget account identification code represents the account that funds a particular program. This code should be consistent with the code given for the program area as specified in Appendix III of the Budget of the United States Government. (See Appendix III for further information on the meaning of the 11 digits of this code.)

Example: 75-1361-0-1-550.

**Obligations** -- The dollar amounts listed in this section represent obligations for the past fiscal year (PY), estimates for the current fiscal year (CY), and estimates for the budget fiscal year (BY) as reported by the Federal agencies. In each succeeding edition of the Catalog, the dollar amounts are revised to reflect changes that may result from supplemental appropriations or amendments. Each program indicates what the obligation figures represent in terms of the type of assistance provided. Obligations for nonfinancial assistance programs indicate the administrative expenses involved in the operation of a program as an indication of the magnitude of the services being provided, or the items involved in obligations.

Example: (Grants) PY \$19,853,000; CY est. \$20,407,000; and BY est. \$14,830,000.

**Range and Average of Financial Assistance** -- This section lists the representative range (smallest to largest) of the amount of financial assistance available. These figures are based upon funds awarded in the past fiscal year and the current fiscal year to date. Also indicated is an approximate average amount of awards that were made in the past and current fiscal years.

Example: Formula: \$26,355 to \$691,481; \$235,305.

**PROGRAM ACCOMPLISHMENTS** -- This section briefly describes the accomplishments of a program using quantitative data, focusing on program output, results achieved, or services rendered during the past fiscal year, the current fiscal year, and projections for the coming fiscal year.

Example: In the past fiscal year, 140 applications were received and 140 staffing awards were issued. Approximately 147 continuation grants were funded during the current fiscal year and 103 are estimated to be funded in the budget fiscal year.

**REGULATIONS, GUIDELINES, AND LITERATURE** -- This section lists the title, number, and price of guidelines, handbooks, manuals, and other officially published information pertinent to a program. Since program regulations are published first in the Federal Register (FR) and later in the Code of Federal Regulations (CFR), citations to the CFR are listed.

Example: Interim guidelines available in application kits.

#### **INFORMATION CONTACTS:**

**Regional or Local Office** -- This section lists the agency contact person, address and telephone number of the Federal Regional or Local Office(s) to be contacted for detailed information regarding a program such as: (1) current availability of funds and the likelihood of receiving assistance within a given period; (2) preapplication and application forms required; (3) whether a preapplication conference is recommended; (4) assistance available in preparation of applications; (5) whether funding decisions are made at the headquarters, regional or local level; (6) application renewal procedures (including continuations and supplementals) or appeal procedures for rejected applications; and (7) recently published program guidelines and material.

However, for most programs in the Catalog, this section will instruct the reader to consult Appendix IV of the Catalog (Agency Regional and Local Office Addresses) due to the volume of Regional and Local Office Contacts for most agencies. For those agencies with fewer contacts, the actual information will be provided in this section.

Example: Substance Abuse and Mental Health Services Administration (SAMSHA) Branch of the appropriate HHS Regional Office (see Appendix IV of the Catalog for listing).

(Appendix IV Listing) Region 1  
(Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island, Vermont)  
William Farrow  
John F. Kennedy Federal Building  
Government Center  
Boston, MA 02203  
(617) 123-4567  
(Use same number for FTS)

**Headquarters Office** -- This section lists names and addresses of the office at the headquarters level with direct operational responsibility for managing a program. A telephone number is provided in cases where a Regional or Local Office is not normally able to answer detailed inquiries concerning a program. Also listed are the name(s) and telephone number(s) of the information contact person(s) who can provide additional program information to applicants.

Example: Dr. Steven Sharfstein, Acting Director, Division of Mental Health

Service Programs, Substance Abuse and Mental Health Services Administration, 5600 Fishers Lane, Rockville, MD 20857. Telephone: (301) 123-4567. Use same number for FTS.

**RELATED PROGRAMS** -- This section of the program description lists all programs in the Catalog that are closely related based on objectives and program uses. Applicants should also refer to these programs, as they may provide additional assistance in a related area of interest.

Example: 93.232, Maternal and Child Health Services; 93.233, Maternal and Child Health Training; 93.242, Mental Health Research Grants; 93.295, Community Mental Health Centers-Comprehensive Support; 93.630, Developmental Disabilities-Basic Support.

**EXAMPLES OF FUNDED PROJECTS** -- This section indicates the different types of projects which have been funded in the past. Only projects funded under Project Grants or Direct Payments for Specified Use should be listed here. The examples give potential applicants an idea of the types of projects that may be accepted for funding. The agency should list at least five examples of the most recently funded projects.

Example: Awards are made only for staffing of facilities offering mental health services for children.

**CRITERIA FOR SELECTING PROPOSALS** -- This section indicates the criteria used by the Federal grantor agency to evaluate proposals in order to inform potential applicants of the application review process and the criteria used to award funds for projects.

Example: The criteria for selecting proposals are based upon the extent the project will contribute to needed services and training, capability of applicant to provide services and training, more effective utilization of personnel providing mental health services, and development of new methods or information.

**APPENDICES** -- The last section of the Catalog contains the following appendices: Programs Requiring Executive Order 12372 Review (Appendix I); Authorization Appendix (Appendix II); Budget Functional Code Appendix (Appendix III); Agency Regional and Local Office Addresses (Appendix IV); Sources of Additional Information (Appendix V); Developing and Writing Grants Proposals (Appendix VI); and in the December update to the Catalog, Historical Profile of Catalog Programs (Appendix VII).

**Appendix I -- Programs Requiring Executive Order 12372 Review:**  
This Appendix gives a brief description of Executive Order 12372. The description explains its purpose, identifies a listing of all Catalog program numbers and titles to which it applies, the general procedures to follow in applying for assistance, and the State Single Point of Contact List to which the States may refer for application coordination purposes.

**Appendix II -- Authorization Appendix:**  
This appendix lists Acts, Executive Orders and Public Law numbers that mandate programs in the Catalog. Acts and Executive Order citations are listed in alphabetic sequence and Public Law citations are listed numerically by the Congress. The citations are followed by their corresponding program numbers.

**Appendix III -- Budget Functional Code Appendix:**  
This appendix lists programs by the Budget functional classification. The three digits listed are the major and minor functional classifications used to identify the major purpose of the programs.

**Appendix IV -- Agency Regional and Local Office Addresses:**  
This appendix lists the names, addresses and telephone numbers of the regional and local offices that should be contacted for detailed information concerning a program and for initiating the process for applying for assistance. In cases where a Federal agency does not have a regional or local office, the headquarters office listed in the program description should be contacted.

**Appendix V -- Sources of Additional Information:**  
Information pertaining to Federal programs is available from Federal

Information Centers and Federal Executive Boards as listed in this Appendix. Also listed are other government sources of information, including the 24 U.S. locations for the Government Printing Office Bookstores that sell the Catalog and other Federal publications.

**Appendix VI -- Developing and Writing Grants Proposals:**

General overview of the grants proposal process and suggested guidelines for developing and writing a well-prepared proposal to obtain Federal funding.

**Appendix VII -- Historical Profile of Catalog Programs:**

This appendix lists all programs that have been published in the Catalog of Federal Domestic Assistance beginning with the 1965 edition, and the subsequent action taken related to those programs. It can be found on the CFDA Web Site: <http://www.cfda.gov>

# AGENCY INDEX SUMMARY

The following is a summary description of the functions and activities of federal agencies responsible for administering programs listed in the Catalog. The CFDA program numbers are also listed next to the administering agency.

---

## **DEPARTMENT OF AGRICULTURE (10.001-10.999)**

---

Through leadership and partnership with USDA agencies: ensure the provision of information, technical assistance, and training to all USDA customers with emphasis on under-served populations, to assure they have full access to all USDA programs and services.

Maintains effective competition and fair trade practices in the marketing of livestock, poultry for the protection of livestock and poultry producers. Administers programs to make food assistance available to people who need it. These programs are operated in cooperation with State and local governments. Participates in a nationwide system of agricultural research program planning and coordination between the States and the Department of Agriculture to encourage and assist in the establishment and maintenance of cooperation within and among the States and between the States and their Federal research partners. The primary function is to administer the Acts of Congress that authorize Federal appropriations for agricultural research carried on by the State agricultural experiment stations of the 50 States, Puerto Rico, Guam, the Virgin Islands, the District of Columbia, American Samoa, and Micronesia the Northern Marinas, approved schools of forestry, the 1890 land-grant institutions and Tuskegee University, colleges of veterinary medicine, and other eligible institutions. The Extension activities of the Cooperative State Research, Education, and Extension Service coordinates and provides administrative, technical, and other services to a nationwide Cooperative Extension System, in partnership with State and local governments and the private sector. The primary function of this system is to take the research findings of the Department of Agriculture, the State Land-Grant Colleges and programs administered by the Department of Agriculture, and to develop and deliver informal, out-of-school educational programs. These programs communicate and demonstrate to people how they can apply research findings to identify and solve farm, home, and community problems. This work is carried out through extension offices in each State, Puerto Rico, Guam, the Virgin Islands, the District of Columbia, American Samoa, and Micronesia, plus 16, 1890 land-grant universities and Tuskegee University as the State partner.

### **Agricultural Marketing Service (10.153, 10.155-10.156, 10.162-10.165, 10.167-10.170)**

Administers standardization, grading, voluntary inspection, market news, marketing orders, regulatory, and related programs.

### **Agricultural Research Service (10.001, 10.700)**

Conducts research to develop new knowledge and technology to ensure an abundance of high quality agricultural commodities and products at reasonable prices to meet the increasing needs of an expanding economy and to provide for the continued improvement in the standard of living of all Americans. It conducts basic, applied, and developmental research on animal and plant production use and improvement of soil, water, and air processing, storage, distribution, food safety, consumer services and human nutrition research, and food and agriculture sciences. The National Agricultural Library of ARS disseminates useful information about agricultural and other related sciences to scientists and researchers, administrators and managers, farmers, and to the general public provides library services, such as bibliographies, reference services and document delivery.

### **Farm Service Agency (10.051, 10.055, 10.086)**

Administers domestic commodity price and income support, farm loan, disaster assistance, and conservation cost-share programs for the Department of Agriculture.

### **Food and Nutrition Service (10.551, 10.553, 10.555-10.561, 10.565-10.569, 10.572, 10.574, 10.576, 10.578-10.580, 10.582)**

The Food and Nutrition Service (FNS) administers the USDA food assistance programs. These programs, which serve one in six Americans, represent our Nation's commitment to the principle that no one in this country should fear hunger or experience want. They provide a Federal safety net to people in need. The goals of the programs are to provide needy persons with access to a more nutritious diet, to improve the eating habits of the Nation's children, and to help America's farmers by providing an outlet for distributing foods purchased under farmer assistance authorities. The Service works in partnership with the States in all its programs. State and local agencies determine most administrative details regarding distribution of food benefits and eligibility of participants and FNS provides commodities and funding for additional food and to cover administrative costs.

### **Forest Service (10.666, 10.675, 10.681-10.683, 10.685-10.691)**

Cares for the land and serves people. Promotes the sustainability of ecosystems by ensuring their health, diversity, and productivity, which is coupled with this service ethic: work collaboratively and use appropriate scientific information in caring for the land and serving people. Provides financial, technical and scientific assistance to outside organizations in order to achieve these goals when authorized by statute. These land and service ethics are applied by the Forest Service through ecosystem management. Ecosystem management is the integration of ecological, economic, and social factors in order to maintain and enhance the quality of the environment to meet current and future needs. The four strategic goals of the Forest Service are to: (1) protect ecosystems, (2) restore deteriorated ecosystems, (3) provide multiple benefits for people within the capabilities of ecosystems, and (4) ensure organizational effectiveness. The Forest Service Natural Resource Agenda identifies four key areas of national focus. They are: watershed, health and restoration; sustainable forest ecosystem management; forest roads management; and recreation enhancement. Implementation of the agenda will help bring people together and help them find ways to live within the limits of the land. This in turn will ensure that future generations will forever be endowed with the rich natural bounty of our Nation.

### **National Institute of Food and Agriculture (10.200, 10.202-10.203, 10.205-10.207, 10.210, 10.212, 10.215-10.217, 10.219-10.223, 10.225-10.228, 10.303-10.312, 10.314-10.316, 10.500)**

The National Institute of Food and Agriculture (NIFA) is an agency within the U.S. Department of Agriculture (USDA), part of the executive branch of the Federal Government. Congress created NIFA through the Food, Conservation, and Energy Act of 2008. NIFA replaced the former Cooperative State Research, Education, and Extension Service (CSREES), which had been in existence since 1994. NIFA's unique mission is to advance knowledge for agriculture, the environment, human health and well-being, and communities by supporting research, education, and extension programs in the Land-Grant University System and other partner organizations. NIFA doesn't perform actual research, education, and extension but rather helps fund it at the state and local level and provides program leadership in these areas.

### **Natural Resources Conservation Service (10.072, 10.901-10.905, 10.907, 10.912-10.914, 10.916-10.917, 10.920-10.923)**

Develops and carries out a national soil and water conservation program in cooperation with landowners, operators and other land users and developers,

community planning agencies and regional resource groups, Federal, State, and local government agencies; also assists in agricultural pollution control, environmental improvement, and rural community development. Preserves, protects, and restores valued wetlands, and improves wildlife and migratory bird habitat. Supports the objectives of the Nation's commitment to the 1973 International Boundary and Water Commission Agreement concerning the quality of water in the Colorado River delivered downstream to users in the United States and the Republic of Mexico. Conserves water; preserves, maintains, and improves migratory waterfowl habitat and other wildlife resources. Encourages good forestry management through the development, management, and protection of non-industrial private forest lands, to increase the production of timber and enhance other forest resources.

## **Rural Business-Cooperative Service (10.868, 10.870)**

The mission of the Rural Business-Cooperative Service is to enhance the quality of life for all rural Americans by providing leadership in building competitive businesses and sustainable cooperatives that can prosper in the global marketplace.

## **Rural Development (10.410-10.411, 10.417, 10.420, 10.427, 10.433, 10.438, 10.442, 10.444-10.446, 10.448, 10.759-10.761, 10.763, 10.766, 10.770, 10.780-10.781, 10.783, 10.788-10.789, 10.850-10.851, 10.855, 10.857-10.859, 10.861, 10.863-10.864, 10.886)**

Rural Development is working to eliminate substandard housing from rural America by helping rural people buy, build or rent decent housing. We also create jobs by funding the growth and creation of rural businesses and cooperatives. In a typical year, Rural Development programs create or preserve more than 150,000 rural jobs, enable 40,000 to 50,000 rural Americans to buy homes and help 450,000 low-income rural people rent apartments or other housing. Other Rural Development programs help rural communities build or improve community facilities, such as schools, health clinics and fire stations. We also have programs that help rural communities build or extend utilities, including water, electricity and telecommunications services.

## **Rural Housing Service (10.447)**

Provides credit to families and communities that still do not have effective access to credit because of the isolated nature or small scale of the rural market and provides subsidies to those low income families and communities that could not otherwise afford rent or debt service payments.

## **Rural Utilities Service (10.787)**

Electricity, telephone, water and waste disposal services have been taken for granted in American cities since at least the 1920's. But if you lived in a rural area only 60 years ago, chances are you went without these necessities of modern life and high standard of living they make possible. Modern utilities came to rural America through some of the most successful government initiatives in American history, carried out through the U.S. Department of Agriculture (USDA) working with rural cooperatives, nonprofit organizations, public bodies, and for-profit utilities.

## **DEPARTMENT OF COMMERCE (11.001-11.999)**

---

### **Economic Development Administration (11.010, 11.300, 11.302-11.303, 11.307, 11.312-11.313)**

The EDA's mission is to lead the federal economic development agenda by

promoting innovation and competitiveness, preparing American regions for growth and success in the worldwide economy.

### **National Institute of Standards and Technology (NIST) (11.013, 11.609, 11.611, 11.616, 11.618)**

NIST's mission is to promote U.S. innovation and industrial competitiveness by advancing measurement science, standards, and technology in ways that enhance economic security and improve our quality of life. This mission is carried out through four major programs: the NIST Laboratories, the Technology Innovation Program (TIP), the Hollings Manufacturing Extension Partnership (MEP) program, and the Baldrige National Quality Program. In addition, NIST's Construction for Research Facilities supports projects for new buildings and renovation and maintenance of current buildings and laboratories, and awards competitive construction grants for research science buildings.

The NIST Laboratories maintain world-class expertise in measurements, standards, data evaluation, and test methods and conduct research that advances the Nations technology infrastructure and is needed by U.S. industry. The NIST Laboratories also provide a wide range of technology services, including standard reference materials and data, information on national and international standards, laboratory accreditation, and equipment calibration.

The America COMPETES Act (PL 110-69, signed on August 9, 2007) created the Technology Innovation Program (TIP) at NIST to support, promote, and accelerate innovation in the United States through high-risk, high-reward research in areas of critical national need. TIP is aimed at speeding the development of innovative and transformative research targeted to address key societal challenges. Funding is provided to industry (small and medium-sized businesses), universities, and consortia for research on potentially revolutionary technologies for meeting critical national needs that present high technical risks with commensurate high rewards if successful. The primary mechanism for this support is cost-shared research grants, cooperative agreements, or contracts awarded on the basis of merit competitions.

The Hollings MEP program works to raise the productivity and competitiveness of smaller U.S. manufacturers by providing information, decision support, and implementation assistance in adopting advanced manufacturing technologies, techniques, and business best practices through a network of local manufacturing extension centers which are linked to state, university, and private sources of technology and expertise.

The Baldrige National Quality Program promotes performance excellence among U.S. manufacturers, service companies, educational institutions, health care providers, and nonprofit organizations through outreach programs and the Malcolm Baldrige National Quality Award, which recognizes performance excellence and quality achievement.

Competitive Construction Grants provide competitively awarded grant funds for research science buildings through construction of new buildings or the expansion of existing buildings. Research science buildings are buildings or facilities whose purpose is to conduct scientific research, including laboratories, test facilities, measurement facilities, and / or observatories.

### **National Oceanic and Atmospheric Administration (NOAA) (11.008, 11.011-11.012, 11.400, 11.407-11.408, 11.413, 11.415, 11.417, 11.419-11.420, 11.426-11.427, 11.429-11.441, 11.443-11.445, 11.450, 11.452, 11.454-11.455, 11.457, 11.459-11.460, 11.462-11.463, 11.467-11.469, 11.472-11.474, 11.478, 11.481)**

events as hurricanes, tornadoes, floods, and tsunamis and provides special services in support of aviation, marine activities, agriculture, forestry, urban air-quality control, and other weather-sensitive activities; monitors and reports all nonfederal weather modification activities conducted in the U.S.; conducts an integrated program of management, research, and services related to the protection and rational use of living marine mammals; prepares and issues nautical and aeronautical charts, provides the Nation's precise geodetic surveys, and conducts broad research programs in marine and atmospheric sciences, solar-terrestrial physics, and experimental meteorology, including weather modifications; predicts tides, currents, and the state of the oceans, conducts research and development aimed at providing alternatives to ocean dumping; provides Federal leadership in promoting wise and balanced management of the Nation's coastal zone; provides satellite observations of the environment by establishing and operating a national environmental satellite system; conducts integrated program of research and services relating to the oceans and inland waters, the lower and upper atmosphere, space environment, and the earth; acquires, stores, and disseminates worldwide environmental data through a system of meteorological, oceanographic, geodetic, and seismological data centers; develops a system of data buoys for automatically obtaining and disseminating marine environmental data; promotes the development of technology to meet future needs of the marine community.

## **National Telecommunications and Information Administration (11.009, 11.553)**

Exercises significant responsibility in the areas of communication security, privacy protection, and the application of public service satellites, public telecommunications facilities planning and construction; formulates policies to support the development, growth and regulation of telecommunications, information, and related industries; furthers the efficient development and use of telecommunications and information services; provides policy and management for the use of electromagnetic spectrum; provides telecommunications facilities grants to public service users.

## **DEPARTMENT OF DEFENSE (12.001-12.999)**

---

Principal advisor to the Under Secretary of Defense (Policy) and the Secretary of Defense on national security strategy and defense strategy and in the requirements, forces and contingency plans necessary to implement those strategies.

Civil functions of the Department of the Army include the Civil Works Program, the administration of Arlington and Soldiers' Home National Cemeteries, and other related matters. The Army's Civil Works Program, a responsibility of the Corps of Engineers is the Nation's major Federal water resources development activity and involves engineering works such as major dams, reservoirs, levees, harbors, waterways, locks, and many other types of structures. These works provide flood protection for cities and major river valleys, reduce the cost of transportation, supply water for municipal and industrial use, generate hydroelectric power, provide recreational opportunities for vast numbers of people, regulate the rivers for many purposes including the improvement of water quality and the enhancement of fish and wildlife, protect the shores of the oceans and lakes, and provide still other types of benefits. Planning assistance is also provided to States and other nonfederal entities for the comprehensive management of water resources, including pollution abatement works. In addition, through the Civil Works Program the Federal government protects the navigable waters of the United States under legislation empowering the Secretary of the Army to prohibit activities which would reduce the value of such waters to the Nation.

Includes two lead offices: the Office of Naval Research and the Office of Naval Technology. The Chief of Naval Research is responsible for the Department of Navy Research (6.1) and Exploratory Development (6.2) Programs. The Chief of Naval Research is responsible to the Secretary of the Navy through the Assistant Secretary (Research, Engineering and Systems) and is a principal

adviser to the latter. The Chief of Naval Research is also responsible for providing leadership, management, and direction to the Department of Navy research and exploratory development programs and other research, development, technology, and equipment programs assigned to and conducted by the Office of the Chief of Naval Research; developing and formulating viable and responsive naval research and technology requirements based on current and projected Navy and Marine Corps long-range objectives and considerations of national security; and coordinating naval research and promoting cooperative research efforts within the Department of the Navy with other elements of the Department of Defense, National Science Foundation, National Aeronautics and Space Administration, Department of Energy, and other government research groups. The Office of Naval Research also conducts research in conjunction with the research and development conducted by other Department of Navy activities, coordinates the Naval Basic Research Program, and conducts a contract management program with educational institutions in support of all Federal agencies. The Office of Naval Technology, established in October 1980, manages the Department of Navy's Exploratory Development (6.2) Program, assessing, planning, programming, budgeting, directing, and monitoring the program, and manages the oversight activities in regard to the Industrial Independent Research and Development Program.

The Secretary's responsibilities include matters pertaining to organization, training, logistical support, maintenance, welfare of personnel, administrative, recruiting, research and development, and other activities prescribed by the President or the Secretary of Defense. The principal assistant to the Secretary is the Under Secretary, who acts with the full authority of the Secretary on all affairs of the Department.

The Air Force Materiel Command researches, develops, tests, acquires, delivers, and logistically supports every Air Force weapons system. It has responsibilities from inception of a weapons system through its operational life and final disposition. The Air Force Materiel Command operates major product centers, logistics centers, test centers, and laboratories. It was created in July 1992 through the integration of the Air Force Logistics Command and the Air Force Systems Command.

The Defense Advanced Research Projects Agency is a separately organized agency within the Department of Defense under a Director appointed by the Secretary of Defense. The Agency engages in advanced, basic, and applied research and development projects essential to the Department of Defense, and conducts prototype projects that embody technology that may be incorporated into joint programs, programs in support of deployed U.S. forces, or selected Military Department programs and, on request, assists the Military Departments in their prototype efforts. In this regard, the Agency arranges, manages, and directs the performance of work connected with assigned advanced projects by the Military Departments, other government agencies, individuals, private business entities, as appropriate; recommends through the Under Secretary of Defense for Acquisition to the Secretary of Defense assignment of advanced projects to the Agency; keeps the Under Secretary, the Organization of Joint Chiefs of Staff, the Military Departments, and other Department of Defense agencies informed on significant new developments and technological advances within assigned projects; and performs other such functions as the Secretary of Defense or the Under Secretary may assign.

## **Department of the Air Force, Materiel Command (12.800)**

The Air Force Materiel Command researches, develops, tests, acquires, delivers, and logistically supports every Air Force weapons system. It has responsibilities from inception of a weapons system through its operational life and final disposition.

## **National Guard Bureau (12.400-12.401)**

Provides a combat-ready reserve force and facilities for training and administering the Army National Guard units in the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, and the Virgin Islands.

# AGENCY INDEX SUMMARY

## Office of the Secretary of Defense (12.558)

The Secretary's responsibilities include matters pertaining to organization, training, logistical support, maintenance, welfare of personnel, administrations, recruiting, research and development, and other activities prescribed by the President or the Secretary of Defense. The principal assistant to the Secretary is the Under Secretary, who acts with the full authority of the Secretary on all affairs of the Department.

## DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT (14.001-14.999)

The Assistant Secretary for Housing-Federal Housing Commissioner directs the Department's housing functions. He or she oversees aid for the construction and financing of new and rehabilitated housing and the preservation of existing housing. The Assistant Secretary is responsible for: Underwriting single family, multifamily, property improvement, and manufactured home loans; administering special purpose programs designed specifically for the elderly, the handicapped, and the chronically mentally ill; administering assisted housing programs for low-income families who are experiencing difficulties affording standard housing; administering grants to fund resident ownership of multifamily housing properties; protecting consumers against fraudulent practices of land developers and promoters, and administering housing development grants, where HUD provides grants to cities, urban counties, and States acting on behalf of local governments to support the development of rental housing in areas with severe rental housing shortages. Grantees use the HUD funds to provide capital grants or loans, interest-reduction payments, rental subsidies, or other types of assistance to facilitate the construction or substantial rehabilitation of rental projects by private owners.

The Assistant Secretary for Community Planning and Development administers the grant programs that help communities plan and finance their growth and development, increase their capacity to govern, and provide shelter and services for homeless people. In addition, the Assistant Secretary is responsible for: Community Development Block Grant (CDBG) Programs for Entitlement Communities, States and HUD-administered Small Cities, Section 108 Community Development Loan Guarantees, and Special Purpose Grants for Insular Areas, Historically Black Colleges and Universities, and Technical Assistance; Home Investment in Affordable Housing (HOME), providing Federal assistance for use by participating jurisdictions or Indian tribes for housing rehabilitation, tenant-based assistance, assistance to first time homebuyers and new construction when a jurisdiction is determined to need new rental housing; the Department's programs to address homelessness, including the Supportive Housing Program (Transitional Housing and Permanent Housing components), Shelter Plus Care, Surplus Property for Use to Assist the Homeless, Section 8 Moderate Rehabilitation Single Room Occupancy (SRO) Program, Housing Opportunities for Persons with AIDS, and Emergency Shelter Grants; The Youthbuild Program to provide opportunities and assistance to very low-income young adults who have dropped out of high school; Consolidated Plans; and Empowerment Zones and Enterprise Communities.

The Assistant Secretary for Public and Indian Housing (PIH) directs the Department's low-income public housing program. This program provides funds for the development, operation, and modernization of public housing, including such housing for American Indians. It also promotes resident management and ownership of public housing. PIH administers Public and Indian Housing Programs, including rental and homeownership programs and provides technical and financial assistance in planning, developing, and managing low-income projects; provides operating subsidies for Public Housing Agencies (PHAs) and Indian Housing Authorities (IHAs), including procedures for the review of the management of PHAs and IHAs; administers the Capital Fund Program for the modernization of low-income housing projects to upgrade living conditions, correct physical deficiencies, and achieve operating efficiency and economy; administers the Resident Initiatives Program for resident participation, resident management; homeownership, economic development and supportive services, and drug-free neighborhood programs; implements and monitors program

requirements related to program eligibility and admission of families to public and assisted housing, tenant income and rent requirements pertaining to continued occupancy; administers the HOPE VI and Vacancy Reductions Programs; administers the Section 8 Housing Choice Vouchers Program and the Moderate Rehabilitation Program; coordinates all departmental housing and community development programs for Indian and Alaska Natives; and awards grants to PHAs and IHAs for the construction, acquisition and operations of Public and Indian Housing Projects.

The Office is responsible for: Increasing awareness of the public and building industry of the dangers of lead-based paint poisoning and the options for detection, risk reduction, and abatement; encouraging the development of safer, more effective, and less costly methods for detection, risk reduction, and abatement; encouraging State and local governments to develop lead-based paint programs covering primary prevention, public education, certification of contractors, hazard reduction, financing, and enforcement.

## Office of Community Planning and Development (14.218, 14.225, 14.227-14.228, 14.231, 14.235, 14.238-14.239, 14.241, 14.246-14.252)

The Assistant Secretary for Community Planning and Development administers the grant programs that help communities plan and finance their growth and development, increase their capacity to govern, and provide shelter and services for homeless people. In addition, the Assistant Secretary is responsible for: Community Development Block Grant (CDBG) Programs for Entitlement Communities, States and HUD-administered Small Cities, Section 108 Community Development Loan Guarantees, and Special Purpose Grants for Insular Areas, Historically Black Colleges and Universities, and Technical Assistance; Home Investment in Affordable Housing (HOME) providing Federal assistance for use by participating jurisdictions or Indian tribes for housing rehabilitation, tenant-based assistance, assistance to first time home buyers and new construction when a jurisdiction is determined to need new rental housing; the Department's programs to address homelessness, including the Supportive Housing Program (Transitional Housing and Permanent Housing components), Shelter Plus Case, Surplus Property for Use to Assist the Homeless, Section 8 Moderate Rehabilitation Single Room Occupancy (SRO) Program, Housing Opportunities for Persons with AIDS, and Emergency Shelter Grants; the Youthbuild Program to provide opportunities and assistance to very low-income young adults who have dropped out of high school; Consolidated Plans; and Empowerment Zones and Enterprise Communities.

## Office of Fair Housing and Equal Opportunity (14.400-14.401, 14.408, 14.416-14.418)

The Assistant Secretary for Fair Housing and Equal Opportunity (FHEO) supervises HUD's housing and community development activities to promote fair housing and equal opportunity for all, regardless of race, religion, sex, or national origin. He or she also promotes equal opportunity for disabled people and families with children. FHEO administers: Fair Housing laws and regulations; and the Fair Housing Assistance Program that provides financial and technical assistance to State and local government agencies to implement local fair housing laws and ordinances.

## Office of Healthy Homes and Lead Hazard Control (14.900-14.901, 14.905-14.906, 14.911-14.912)

The Office is responsible for: Increasing awareness of the public and building industry of the dangers of lead-based paint poisoning and the options for detection, risk reduction, and abatement; encouraging the development of safer, more effective, and less costly methods for detection, risk reduction, and abatement; encouraging State and local governments to develop lead-based paint programs covering primary prevention, public education, certification of contractors, hazard reduction, financing, and enforcement.

suppression), orderly development, and use of public lands and resources under principles of multiple use and sustained yield. Land use plans are developed with public involvement to provide orderly use and development while maintaining and enhancing the quality of the environment; manages watersheds to protect soil and enhance water quality; makes land available through sale to individuals, organizations, local governments, and other Federal agencies when such transfer is in the public interest. Lands may be leased to State and local government agencies and to nonprofit organizations for certain purposes; the Bureau issues rights-of-way, in certain instances, for crossing Federal lands under other agencies' jurisdictions; is responsible for the survey of Federal lands and establishes and maintains public land records and records of mining claims; and also administers a program of payments in lieu of taxes based on the amount of Federally-owned land in counties and other units of local government.

## **Bureau of Reclamation (15.504, 15.506-15.507, 15.509-15.510, 15.512, 15.514, 15.516-15.518, 15.520, 15.522-15.525, 15.528, 15.531-15.534, 15.536-15.541)**

The Bureau of Reclamation manages, develops, and protects water and related resources in an environmentally and economically sound manner in the interest of the American public. The agency is the nation's second largest wholesale water supplier, administering 348 reservoirs with 245 million acre-feet of water. One out of five western farmers uses Reclamation water to irrigate 10 million acres of land, producing 60 percent of the nation's vegetables and 25 percent of its fruits and nuts. The agency also serves as the fifth largest electric utility in the 17 States west of the Mississippi River. Reclamation encourages and supports water conservation and environmental restoration through partnerships, incentive programs, and challenge grants. It also supports efforts to meet increasing water demands through water reclamation, recycling, and reuse.

## **Fish and Wildlife Service (15.605, 15.608, 15.611, 15.615, 15.619-15.623, 15.626, 15.628-15.631, 15.634-15.637, 15.639-15.641, 15.656-15.661)**

The Office of the Assistant Secretary for Fish and Wildlife and Parks has responsibility for programs associated with the use, management and conservation of natural resources, lands and cultural facilities associated with the National Park and National Refuge Systems, and the conservation and enhancement of fish, wildlife, vegetation, and habitat. The Office represents the Department in the coordination of marine ecosystems and biological resources programs with other Federal agencies. It also exercises secretarial direction and supervision over the United States Fish and Wildlife Service and the National Park Service.

## **Minerals Management Service (15.421-15.424, 15.426-15.427)**

The Minerals Management Service was established on January 19, 1982, by Secretarial order. The Service assesses the nature, extent, recoverability, and value of leasable minerals on the Outer Continental Shelf. It ensures the orderly and timely inventory and development and the efficient recovery of mineral resources; encourages utilization of the best available and safest technology; and safeguards against fraud, waste, and abuse.

## **National Park Service (15.931, 15.933-15.936)**

Administers for the American people an extensive system of national parks, monuments, historic sites, and recreation areas. The objectives of the National Park Service are to administer the properties under its jurisdiction for the enjoyment and education of our citizens, to protect the natural environment of the areas, and to assist States, local governments, and citizen groups in the development of park areas, the protection of the natural environment, and the preservation of historic properties.

## **Office of Surface Mining (15.252-15.254)**

Creation of a nationwide program that protects society and the environment from the adverse effects of coal mining operations, while ensuring an adequate supply of coal to meet the Nation's energy needs. Major objectives of the Office include establishment of minimum national standards for regulating the surface effects of coal mining, assistance to the States in developing and implementing regulatory programs, and promotion of the reclamation of previously mined areas.

## **Office of Territorial and International Affairs (15.875)**

No Description Provided

## **U.S. Geological Survey (15.817-15.820)**

Perform surveys, investigations, and research covering topography, geology, biology, hydrology, and the mineral and water resources of the United States; classify lands as to their mineral and water resources; and publish and disseminate data relative to the foregoing activities.

## **DEPARTMENT OF JUSTICE (16.001-16.999)**

Is responsible for enhancing the capacity and capability of State and local jurisdictions to prepare for and respond to incidents of domestic terrorism involving chemical and biological agents, radiological and explosive devices, and other weapons of mass destruction (WMD). It awards grants for equipment and provides training and technical assistance for State and local first responders.

Provides policy coordination and general management authority over the Office of Justice Programs, which includes the Bureau of Justice Assistance, the Bureau of Justice Statistics, the National Institute of Justice, the Office of Juvenile Justice and Delinquency Prevention, and the Office for Victims of Crime. While each OJP Bureau and Office retains independent authority in awarding funds to carry out its programs, together these components function as a single agency whose goal is to promote innovative programs and to foster improvements in the Nation's criminal and juvenile justice systems.

## **Bureau of Justice Assistance (16.202, 16.571, 16.578-16.580, 16.585-16.586, 16.593, 16.596, 16.606-16.611, 16.614-16.616, 16.735, 16.737-16.738, 16.740, 16.745-16.746, 16.751-16.755, 16.812, 16.814)**

Administers programs designed to assist State and local governments with drug, crime, and violence control and prevention efforts, as well as criminal justice system improvements. The Edward Byrne Memorial State and Local Law Enforcement Assistance Program, which was established by the Anti-Drug Abuse Act of 1986, provides assistance to States to subgrant funds to locals in 26 broad purpose areas, as well as limited discretionary grant funds. The Public Safety Officers' Benefits Programs, the Regional Information Sharing Systems, the State Criminal Alien Assistance Program, and the Local Law Enforcement Block Grants Program are also part of BJA's portfolio. Through its programs, BJA serves as a partner with State and local criminal justice systems. Program innovations of State and locals from across the country are tested, translated into implementation strategies, and demonstrated. Training and technical assistance on program development, implementation, evaluation, and site specific problems are available to State and local agencies. Currently, BJA is providing broad assistance in the areas of community justice and strategic planning.

## **Bureau of Justice Statistics (16.550, 16.554, 16.734, 16.739, 16.813)**

The primary source for justice statistics in the United States. BJS collects, analyzes, publishes, and disseminates information on crime, criminal offenders,

victims of crime, and the operation of justice systems at all levels of government. BJS maintains more than two dozen major data collection series and publishes a wide variety of reports annually which receive nationwide distribution. Core statistical efforts include annual data on criminal victimization, populations under correctional supervision, federal criminal offenders, federal case processing, and criminal Justice expenditures and employment. Periodic data series are undertaken to provide statistical information on felony convictions, state court case processing, the composition and characteristics of correctional populations, prosecutorial practices and policies, and the administration of law enforcement agencies and correctional facilities. BJS conducts special studies and analyses on policy relevant issues and emerging areas in interest. In addition, BJS provides financial and technical support to State and local governments in developing capabilities in criminal justice statistics and improving their criminal history records and information systems.

## **Corrections Program Office (16.203)**

The mission of the Violent Offender Incarceration and Truth-In-Sentencing program is to enhance the ability of states to confine more violent offenders for longer periods of time and to encourage states to implement of truth-in-sentencing laws.

## **Drug Enforcement Administration (16.001, 16.003-16.004)**

Enforces the controlled substances laws and regulations, and brings to the criminal and civil justice system of the United States or any other competent jurisdiction, those organizations, and principal members of organizations involved in the cultivation, manufacture, or distribution of controlled substances appearing in or destined for the illicit traffic in the United States. DEA's mission requires it to provide a leadership role in narcotic and dangerous drug suppression programs at the national and international level.

## **Executive Office for Weed and Seed (16.595)**

Provides a coordinative function in bringing together Federal, State and local governments, the community, and the private sector to form a partnership to create a safe, drug-free environment. The core elements of the Weed and Seed strategy are enhanced law enforcement; community policing as a bridge between law enforcement and social revitalization efforts; prevention, early intervention, and treatment efforts; and neighborhood restoration, including opportunities for economic development. Weed and Seed is primarily a strategy rather than a grant program.

## **Federal Bureau of Investigation (16.300-16.305, 16.307-16.309)**

Investigates all violation of Federal laws with the exception of those which have been assigned by legislative enactment or otherwise to some other Federal agency. The FBI's jurisdiction includes a wide range of responsibilities in the criminal, civil, and security fields. Among these are espionage, sabotage, and other domestic security matters; kidnapping; extortion; bank robbery; interstate transportation of stolen property; civil rights matters; interstate gambling violations; fraud against the Government; and assault or killing the President or a Federal officer. Cooperative services of the FBI for other duly authorized law enforcement agencies include fingerprint identification, laboratory services, police training, the National Crime Information Center. Uniform crime reports, and National Instant Criminal Background Check System.

## **National Institute of Justice (16.560, 16.562, 16.566, 16.741-16.742, 16.748)**

Supports basic and applied research into criminal justice issues. Innovative approaches to controlling criminal behavior and improving law enforcement and

criminal justice are tested and evaluated. Research results are disseminated through a wide variety of mechanisms including the quarterly "NIJ Reports" and a Research in Brief series designed for policy makers and criminal justice professionals. The Institute maintains a national and international clearinghouse on criminal justice issues. Its services are available to policymakers, criminal justice professionals, and the general public.

## **Office of Community Oriented Policing Services (16.710)**

The Office seeks to expand the number of police officers and improve cooperative efforts between law enforcement agencies and members of the community to enhance public safety. The agency provides grants which fund new officers' salaries, training in community policing and problem-solving, and other innovative programs designed to bring law enforcement agencies into partnership with members of the community to address local crime problems.

## **Office of Juvenile Justice and Delinquency Prevention (16.523, 16.540-16.541, 16.543-16.544, 16.547-16.548, 16.726-16.727, 16.730-16.731, 16.744, 16.756-16.758)**

Federal leadership in responding to the problems confronting the Nation's juvenile justice system is vested in the Office of Juvenile Justice and Delinquency Prevention (OJJDP). Established in 1974 by the Juvenile Justice and Delinquency Prevention Act. OJJDP is the Federal agency responsible for providing a comprehensive, coordinated approach to preventing and controlling juvenile crime and improving the juvenile justice system. OJJDP administers State Formula grants, State Challenge Grants, and the Title V Community Prevention Grants in States and territories; funds gang and mentoring programs under Parts D and G of the Act; funds numerous projects through its Special Emphasis Discretionary Grant Program and its National Institute for Juvenile Justice and Delinquency Prevention; and coordinates Federal activities related to juvenile justice and delinquency prevention. OJJDP also serves as the staff agency for the Coordinating Council on the Juvenile Justice and Delinquency Prevention, coordinates the concentration of the Federal Efforts Program, and administers both the Title IV Missing and Exploited Children's Program and programs under the Victims of Child Abuse Act of 1990.

## **Office of Victims of Crime (16.320-16.321, 16.575-16.576, 16.582-16.583)**

The mission is to enhance the Nation's capacity to assist crime victims and to provide leadership in changing attitudes, policies, and practices to promote justice and healing for all victims of crime. OVC works with national, international, State, military, and tribal victim assistance and criminal justice agencies, as well as other professional organizations, to promote fundamental rights and comprehensive services for crime victims. OVC improves the criminal justice system response to victims of crime, including Native American crime victims, through the delivery of direct service and funding, training and technical assistance, and through monitoring the implementation of statutes providing victims rights and assistance.

## **Violence Against Women Office (16.013-16.014, 16.016-16.017, 16.019, 16.524-16.529, 16.556-16.557, 16.587-16.590, 16.736, 16.805-16.806)**

The mission is to restructure and strengthen the criminal justice system's response to crimes of violence committed against women, in particular, domestic violence, sexual assault, and stalking, and enhance the services available to victims of such violence through the award of formula and discretionary grants to States, units of local government, Indian tribal governments, and other public and private entities in rural States.

## **DEPARTMENT OF LABOR (17.001-17.999)**

# AGENCY INDEX SUMMARY

The Office of the Assistant Secretary for Veterans' Employment and Training (VETS) is responsible for the administration, formulating and implementation of policy and procedures affecting veterans as well as veteran's employment and training programs nationwide. VETS serves as a national leader on Veterans policy and procedure to the Department of Labor (DOL) and other Federal agencies. VETS fulfills a wide range of obligations prescribed by the Secretary of Labor regarding the employment and training needs of service-connected disabled veterans, Vietnam-era veterans, and veterans recently separated from military service. The VETS staff works closely with and provides technical assistance to State Employment Security Agencies and Job Training Partnership Act grant recipients to ensure that veterans are provided the priority services required by law. They also coordinate with employers, labor unions, veterans' service organizations, and community organizations through planned public information and outreach activities. Federal contractors are provided management assistance in complying with their veterans affirmative action and reporting obligations. Also administered by the Assistant Secretary through the Service is the Job Training Partnership Act, Title IV, Part C grant program designed to meet the employment and training needs of service-connected disabled veterans, Vietnam-era veterans, and veterans recently separated from military service. Job Training Partnership Act grants are awarded and monitored through the Services' national office and field staff. The Assistant Secretary also administers through the Service the Homeless Veterans Reintegration project grant program to provide employment, training, housing assistance, and supportive services to help homeless veterans reenter mainstream society. Homeless Veterans Reintegration Project grants are awarded and monitored through the Services' national office and field staff. Certain other Service staff also administer the veterans Uniformed Services Employment and Reemployment Rights Act program. They provide assistance to help restore job, seniority, and pension rights to veterans following absences from work for active military service and to protect employment and retention rights of members of the Reserve or National Guard. Other staff provide assistance to preference eligible veterans to ensure that they are not denied their veterans' preference benefits (preference in Federal government hiring and preference retention in reduction in force (RIF), under the Veterans Employment Opportunities Act (VEOA)).

The Office of Disability Employment Policy (ODEP) provides national leadership on disability employment policy to the Department of Labor (DOL) and other Federal agencies. ODEP was established to bring a heightened, permanent focus to address the significant employment obstacles faced by individuals with disabilities and to ensure coordination among Federal agencies on matters related to or affecting people with disabilities. ODEP's research provides new knowledge used to develop evidence-based disability employment policies and practices for dissemination to workforce systems and partners. ODEP works to achieve its mission through collaborating on inter- and intra-agency initiatives, commissions, councils, and workgroups; building partnerships with Federal, state, local, and non-governmental stakeholders; reviewing Federal legislation and policies; designing and conducting research studies; highlighting and promoting policies and practices that increase the employment of people with disabilities; and implementing education and outreach initiatives. ODEP's stakeholders include Federal, state, and local government agencies, private and public employers and their employees, educational and training institutions, individuals with disabilities and their families, and the disability community.

## **Bureau of Labor Statistics (17.002-17.005)**

The Bureau of Labor Statistics (BLS) is the principal fact-finding agency for the Federal Government in the broad field of labor economics and statistics. The BLS is an independent national statistical agency that collects, processes, analyzes, and disseminates essential statistical data to the American public, the U.S. Congress, other Federal agencies, State and local governments, business, and labor. The BLS also serves as a statistical resource to the Department of Labor. BLS data must satisfy a number of criteria, including relevance to

current social and economic issues, timeliness in reflecting today's rapidly changing economic conditions, accuracy and consistently high statistical quality, and impartiality in both subject matter and presentation.

## **Employee Benefits Security Administration (17.150-17.151)**

The Employee Retirement Income Security Act of 1974 (ERISA), (88 Stat. 829; 29 U.S.C. 1001 note), requires administrators of private pension and welfare plans to provide plan participants with easily understandable summaries of plans; to file those summaries in the Office of Pension and Welfare Benefit Programs; and to report annually on the financial operation of the plans and bonding of persons charged with handling plan funds and assets. Plan Administrators must also meet strict fiduciary responsibility standards which are enforced by the Office of Pension and Welfare Benefit Programs. Vesting, participation, and funding standards are, for the most part, administered by the Internal Revenue Service.

## **Employment Standards Administration (17.301-17.303, 17.306-17.308, 17.310)**

Administers and directs employment standards programs dealing with: minimum wage and overtime standards; registration of farm labor contractors; determining prevailing wage rates to be paid on Government contracts and subcontracts; nondiscrimination and affirmative action for minorities, women, veterans, and handicapped workers on Government contracts and subcontracts; and workers' compensation programs for Federal and certain private employers and employees and, administers provisions of various laws that seek to ensure basic standards of democracy and fiscal responsibility in labor organizations representing employees in private industry, in the U.S. Postal Service, and in certain Federal employee organizations.

## **Employment Training Administration (17.201, 17.207, 17.225, 17.235, 17.245, 17.258-17.261, 17.264-17.278)**

The Employment and Training Administration (ETA) administers and oversees a number of programs designed to assist unemployed, unskilled, dislocated workers and the economically disadvantaged get the job training and other services needed to become fully productive members of society, while improving the skills and productivity of those already employed. ETA fulfills a wide range of responsibilities assigned to the Secretary of Labor relating to employment services, job training, and unemployment insurance. ETA funds training programs which enable workers to attain the skills needed for employment; administers a Federal-State employment service system which helps people find jobs and employers find workers. It also offers wage replacement programs for workers who lose their jobs through no fault of their own, such as the Unemployment Insurance (UI) and the Trade Adjustment Assistance (TAA) programs. Special efforts are made to address the unique job market problems of groups having difficulty entering or returning to the work force, such as older workers, school dropouts, displaced homemakers and individuals with disabilities. ETA also is responsible for promoting apprenticeship standards and programs and conducting programs of research, development and evaluation. The Job Training Partnership Act, enacted in 1982, is designed to provide training and related education and employment services to economically disadvantaged adults and youth to ensure that they have the required marketable skills leading to productive, unsubsidized employment. JTPA also provides reemployment and retraining services for workers dislocated through plant closings or mass layoffs. Block grants are provided to the States and U.S. territories for the operation of the program. JTPA provides for a summer youth employment and training program and Job Corps as well as special activities which offer basic skills training, job training and support services for special targeted groups such as Native Americans, and seasonal and migrant farmworkers. Implementing regulations for JTPA issued by the Department of Labor are contained in Title 20 of the Code of Federal

Regulations, Parts 626-638 and 675-684. Effective July 1, 2000, JTPA is repealed and replaced by the Workforce Investment Act (WIA). WIA establishes, with States and local communities, a revitalized workforce investment system that provides workers with the information, advice, job search assistance, and training they need to get and keep good jobs, and provides employers with skilled workers. WIA is administered through State and local Workforce Investment Boards and required partnerships of local One-Stop Career Centers. Funds are used for youth, adult and dislocated worker employment and training activities. The Act also authorizes a number of national programs and the Job Corps. The U.S. Employment Service (ES) seeks to match workers looking for employment with employers seeking workers, and is operated by the States. Programs such as Alien Labor Certification are also administered under the ES by State ES agencies through reimbursement agreements with the Department of Labor. The Senior Community Service Employment Program (SCSEP), or Older Worker Program is authorized by the Older Americans Act of 1965. It provides subsidized part-time community service work for unemployed low-income people ages 55 and over. The Assistant Secretary for Employment and Training is responsible for ensuring that programs funded through ETA are free from unlawful discrimination, fraud, and abuse. It is the policy of ETA to ensure full compliance with constitutional, statutory, and regulatory provisions and to promote equal opportunity, affirmative action, and fund integrity in programs to which ETA extends financial assistance.

## **Mine Safety and Health Administration (17.600-17.604)**

Develops and promulgates mandatory safety and health standards, ensures compliance with such standards, assesses civil penalties for violations, investigates accidents, cooperates with and provides assistance to the States in the development of effective State mine safety and health programs, improves and expands training programs in cooperation with the States and the mining industry, and, in coordination with the Department of Health and Human Services contributes to the improvement and expansion of mine health research and development. All of these activities are aimed at preventing and reducing mine accidents and occupational diseases in the mining industry.

## **Occupational Safety and Health Administration (17.502-17.505)**

Develops and promulgates occupational safety and health standards; develops and issues regulations; conducts investigations and inspections to determine the status of compliance with safety and health standards and regulations; and issues citations and proposes penalties for noncompliance with safety and health standards and regulations.

## **Office of Disability Employment Policy (17.720)**

The Office of Disability Employment Policy (ODEP) provides national disability employment policy leadership by developing and influencing the implementation of disability employment policies and practices affecting the employment of people with disabilities. ODEPs response to low employment rates among such a large group of Americans is unique, comprehensive, and aggressive, and includes the active involvement and cooperation of Federal, State, and local public and private entities, including employers. ODEP also leads efforts to achieve the employment related goals of the Presidents New Freedom Initiative. ODEP addresses the significant barriers to employment faced by individuals with disabilities by developing and disseminating national, State, and local disability employment policy; by fostering implementation of innovative strategies and practices among employers and throughout the various systems serving people with disabilities; by conducting disability-related research to build knowledge to inform policy development; and by providing technical assistance to service delivery systems and employers to increase

employment opportunities and the recruitment, retention, and promotion of people with disabilities.

## **Office of Labor-Management Standards (17.309, 17.311)**

The Office of Labor-Management Standards conducts criminal and civil investigations to safeguard the financial integrity of unions and to ensure union democracy, and conducts investigate audits of labor unions to uncover and remedy criminal and civil violations of the Labor-Management Reporting and Disclosure Act and related studies.

## **Office of the Secretary, Women's Bureau (17.700)**

Formulates standards and policies that promote the welfare of wage earning women, improve their working conditions, increase their efficiency, advance their opportunities for profitable employment, and investigate and report on all matters pertinent to the welfare of women in industry. <104Office of Disability Employment Policy (17.720) Established to bring a heightened and permanent long-term focus to the goal of increasing employment of persons with disabilities. This is achieved through policy analysis, technical assistance, development of best practices, and outreach to persons with disabilities and employers. The Office develops and implements innovative pilot programs that integrate both youth and adults with significant disabilities into mainstream workforce programs.

## **Veteran's Employment and Training Service (17.801-17.807)**

The Veterans Employment and Training Service (VETS) is responsible for administering veterans employment and training programs and activities to ensure that legislative and regulatory mandates are accomplished. The field staff works closely with and provides technical assistance to State employment security agencies and to Workforce Investment Act and Homeless Veterans Reintegration Programs grant recipients to ensure that veterans are provided the priority services required by law. They also coordinate with employers, labor unions, veterans service organizations, and community organizations through planned public information and outreach activities. VETS provides training to separating service members through its transition assistance program. Federal contractors are provided management assistance in complying with their veterans affirmative action and reporting obligations. VETS protects the employment and reemployment rights of servicemembers and veterans by investigating complaints received under the Uniformed Services Employment and Reemployment Rights Act concerning denial of veterans preference in Federal hiring and also complaints concerning job, seniority, and pension rights to veterans following absences from work for active military service. VETS also protects employment and reemployment rights of members of the Reserve and National Guard.

## **U.S. DEPARTMENT OF STATE (19.001-19.999)**

---

Provides for the reimbursement of losses incurred as a result of the seizure of United States commercial fishing vessels by a foreign country in territorial waters or on the high seas not recognized by the United States.

## **DEPARTMENT OF TRANSPORTATION (20.001-20.999)**

---

Under the authority of the motor carrier safety provisions of Title 49 of the United States Code, the agency exercises Federal regulatory jurisdiction over the safety performance of all commercial motor carriers engaged in interstate

commerce. It deals with more than 500,000 carriers, approximately 13,000 passenger carriers and 42,000 hazardous material carriers. The primary mission of the Agency is to improve the safety of commercial vehicle operations on our nation's highways. To accomplish this mission the FMCSA focuses its efforts on reducing the number and severity of large truck-involved crashes through safety regulation and research, safety in commercial operations through training and enforcement, improvements to the commercial driver's license program, and enhancing highway and transportation systems infrastructure. To accomplish these activities, the FMCSA works closely in partnership with other Federal and State agencies, private organizations and individuals. The FMCSA works with various governmental agencies, the commercial motor vehicle industry and other interested groups to promote truck and bus safety by addressing vehicle safety issues such as the mechanical condition of trucks and buses, infrastructure improvements including high profile grade crossings, and commercial operations such as commercial driver license and hours- of-service regulations.

## **Federal Aviation Administration (FAA) (20.106, 20.108-20.109)**

Regulates air commerce in a manner that promotes its development and safety and fulfills the requirements of national defense; controls the use of navigable airspace of the United States and regulates both civil and military operations in such airspace in the interest of safety and efficiency; promotes, encourages, and develops civil aeronautics; consolidates research and development with respect to air navigation facilities; installs and operates air navigation facilities; develops and operates a common system of air traffic control and navigation for both civil and military aircraft; and develops and implements, programs and regulations to control aircraft noise, sonic boom, and other environmental effects of civil aviation.

## **Federal Highway Administration (FHWA) (20.200, 20.205, 20.215, 20.219, 20.223, 20.240)**

Coordinates highways with other modes of transportation to achieve the most effective balance of transportation systems and facilities under cohesive Federal transportation policies pursuant to the Act. FHWA is concerned with the total operation and environment of highway systems, including highway safety. In administering its highway transportation programs, it gives full consideration to the impacts of highway development and travel; transportation needs; engineering and safety aspects; social, economic, and environmental effects; and project costs. It ensures balanced treatment of these factors by utilizing a systematic, interdisciplinary approach in providing for safe and efficient highway transportation.

## **Federal Motor Carrier Safety Administration (FMCSA) (20.218, 20.231-20.232, 20.234-20.235, 20.237-20.239)**

Under the authority of the motor carrier safety provisions of Title 49 of the United States Code, the agency exercises Federal regulatory jurisdiction over the safety performance of all commercial motor carriers engaged in interstate commerce. grade crossings, and commercial operations such as commercial driver license and hours-of-service regulations.

## **Federal Railroad Administration (FRA) (20.301, 20.313-20.318, 20.320)**

Promulgates and enforces rail safety regulations, administer railroad financial assistance programs, conduct research and development in support of improved railroad safety and national rail transportation policy, provide for the rehabilitation of Northeast Corridor rail passenger service, and consolidate government support of rail transportation activities. **Railroad Safety:** The Administration administers and enforces the Federal laws and related regulations designed to promote safety on railroads; exercises jurisdiction over all areas of rail safety under the Rail Safety Act of 1970, such as track maintenance, inspection standards, equipment standards, and operating practices. It also administers and enforces regulations resulting from railroad safety legislation for locomotives, signals, safety appliances, power brakes, hours of service, transportation of explosives and other dangerous articles, and reporting and investigation of railroad accidents. Railroad and related industry equipment, facilities, and records are inspected and required reports reviewed. **Research and Development:** A ground transportation research and development program is administered to advance all aspects of intercity ground transportation and railroad safety pertaining to the physical sciences and engineering, in order to improve railroad safety and ensure that railroads continue to be a viable national transportation resource. **Transportation Test Center:** This 50-square-mile facility, located near Pueblo, CO, provides testing for advanced and conventional systems and techniques designed to improve ground transportation. The facility has been managed and staffed for the Administration by the Association of American Railroads since October 1, 1982. The United States and Canadian Governments and private industry use this facility to explore, under controlled conditions, the operation of both conventional and advanced systems. It is used by the Urban Mass Transportation Administration for testing of urban rapid transit vehicles. **Policy:** Program management for new and revised policies, plans and projects related to railroad transportation economics, finance, system planning, and operations is provided; appropriate studies and analyses are performed; relevant tests, demonstrations, and evaluations are conducted; and labor/management programs are evaluated. Analyses of issues before regulatory agencies are carried out and recommendations are made to the Secretary as to the positions to be taken by DOT. **Passenger and Freight Services:** The Administration administers a program of Federal assistance for national, regional, and local rail services. Programs include rail freight service assistance programs; rail service continuation programs and State rail planning; and rail passenger service on a national, regional, and local basis. The agency also administers programs to develop, implement, and administer rail system policies, plans and programs for the Northeast Corridor in support of applicable provisions of the Railroad Revitalization and Regulatory Reform Act of 1976 (45 U.S.C. 501), and related legislation.

## **Federal Transit Administration (FTA) (20.500, 20.505, 20.507, 20.509, 20.513-20.516, 20.518-20.523)**

Assists in the development of improved mass transportation facilities, equipment, techniques, and methods, with the cooperation of mass transportation companies both public and private; encourages the planning and establishment of areawide urban mass transportation systems needed for economical and desirable urban development, with the cooperation of mass transportation companies both public and private; and provides assistance to State and local governments and their instrumentalities in financing such systems, to be operated by public or private mass transportation companies as determined by local needs.

## **Maritime Administration (MARAD) (20.763, 20.802-20.803, 20.806-20.808, 20.812-20.814)**

Administers programs to aid in the development, promotion, and operation of the U.S. Merchant Marine; organizes and directs emergency merchant ship operations; administers subsidy programs through the Maritime Subsidy Board, under which the Federal government, subject to statutory limitations, pays the difference between certain costs of operating ships under the U.S. flag and foreign competitive flags on essential services, and the difference between the costs of constructing ships in U.S. and foreign shipyards; provides financing guarantees for the construction, reconstruction, and reconditioning of ships; and enters into capital construction fund agreements which grant tax deferrals on moneys to be used for the acquisition, construction, or reconstruction of ships; constructs or supervises the construction of merchant-type ships for the Federal government; it helps industry generate increased business for U.S. ships and conducts programs to develop ports, facilities, and internodal transport, and to promote domestic shipping. Administers a War Risk Insurance program insuring operators and seamen against losses caused by hostile action if domestic commercial insurance is not available; Under emergency conditions, charters Government-owned ships to U.S. operators, requisitions or procures ships owned by U.S. citizens, and allocates them to meet defense needs. It maintains a National Defense Reserve Fleet of Government-owned ships that it operates through general agents when required in national defense interests. An element of this activity is the Ready Reserve Force consisting of a number of ships available for quick-response activation; regulates sales to aliens and transfers to foreign registry of ships that are fully or partially owned by U.S. citizens; also disposes of Government-owned ships found nonessential for national defense; operates the U.S. Merchant Marine Academy, Kings Point, NY, where young people are trained to become merchant marine officers, and conducts training in shipboard firefighting at Earle, NJ, and Toledo, OH. It also administers a Federal assistance program for the maritime academies operated by California, Maine, Massachusetts, Michigan, New York, and Texas.

## **National Highway Traffic Safety Administration (NHTSA) (20.600-20.602, 20.607-20.615)**

Carries out programs relating to the safety performance of motor vehicles and related equipment, motor vehicle drivers and pedestrians and a uniform nationwide speed limit under the National Traffic and Motor Vehicle Safety Act of 1966 (80 Stat. 718), as amended. Under the authority of the Motor Vehicle Information and Cost Saving Act (86 Stat. 947), as amended, the Administration carries out programs and studies aimed at reducing economic losses in motor vehicle crashes and repairs, through general motor vehicle programs; administers the Federal odometer law; and promulgates average fuel economy standards for passenger and nonpassenger motor vehicles. Under the authority of the Clean Air amendments of 1970 (84 Stat. 1700), the Administration certifies as to the consistency of Environmental Protection Agency State grants with any highway safety program developed pursuant to section 402 of Title 23 of the United States Code. The National Highway Traffic Safety Administration was established to carry out a congressional mandate to reduce the mounting number of deaths, injuries, and economic losses resulting from traffic accidents on the Nation's highways and to provide motor vehicle damage susceptibility and ease of repair information, motor vehicle inspection demonstrations, and protection of purchasers of motor vehicles having altered odometers, and to provide average standards for greater vehicle mileage per gallon of fuel for vehicle under 10,000 pounds (gross vehicle weight).

## **Office of the Secretary (OST) Administration Secretariate (20.900-20.901, 20.904-20.905, 20.907, 20.910, 20.930, 20.932)**

Develops and evaluates public policy related to the transportation industries and their economic regulation; assures that the Department's regulatory programs remain consistent with established policy and maintains oversight of all departmental safety regulatory actions; proposes and coordinates on transportation-related legislation involving the private sector; provides analyses of current and emerging transportation policy issues to assess their economic and institutional implication, particularly with regard to Federal assistance, public

trust funds, user charges, nondiscrimination of the handicapped in the provision of public transportation services, and energy and environmental aspects; undertakes studies and analyses to aid in the resolution of safety problems; develops policies to support the Department in aviation and maritime multilateral and bilateral negotiations with foreign governments and participates on the U.S. negotiating delegations; develops policies on a wide range of international transportation and trade matters; furnishes guidance to the United States Trade Representative's Trade Policy Committee in efforts to improve the U.S. balance of payments; coordinates efforts to combat transport-related terrorist acts and drug smuggling; arranges and coordinates cooperative agreements with foreign governments for the exchange of state-of-the-art scientific and technical information; provides assistance to the Agency for International Development's transportation programs in developing countries; and participates on the U.S.-Saudi Arabian Joint Commission for Economic Cooperation. The Assistant Secretary also: develops, coordinates, and carries out U.S. Government policy relating to the economic regulation of the airline industry, including licensing of U.S. and foreign carriers to serve in international air transportation and carrier fitness determinations; processes and resolves complaints concerning unfair competitive practices in international fares, rates, and tariff filings; establishes international and intra-Alaska mail rates; and determines the disposition of requests for approval and immunization from the antitrust laws of international aviation agreements. The Assistant Secretary also administers the essential air service program, which involves: establishing appropriate subsidy levels for subsidized carriers; processing applications to terminate, suspend, or reduce air service below the defined essential level; determining which carrier among various applicants should be selected to provide subsidized service; and continuously reviewing essential air service definitions for each community.

## **Pipeline and Hazardous Materials Safety Administration (20.700, 20.703, 20.710, 20.720-20.722)**

Responsible for a number of programs involving safety regulation, emergency preparedness, and research and development. Emphasis is given to hazardous material transportation and pipeline safety, transportation emergency preparedness, and safety training.

## **DEPARTMENT OF THE TREASURY (21.001-21.999)**

---

### **Community Development Financial Institutions Fund (21.010, 21.020-21.021)**

Through monetary awards and the allocation of tax credits, the CDFI Fund helps promote access to capital and local economic growth in urban and rural low-income communities across the nation.

Through its various programs, the CDFI Fund enables locally based organizations to further goals such as: economic development (job creation, business development, and commercial real estate development); affordable housing (housing development and homeownership); and community development financial services (provision of basic banking services to underserved communities and financial literacy training).

### **Internal Revenue Service (IRS) (21.003-21.004, 21.006, 21.008)**

Administers and enforces the Internal Revenue laws and related statutes, except those relating to alcohol, tobacco, firearms, and explosives. The IRS mission is to encourage and achieve the highest possible degree of voluntary compliance with the tax laws and regulations and to conduct itself so as to warrant the

highest degree of public confidence in the integrity and efficiency of the Service.

Accomplishment of this mission involves advising the public of its rights and responsibilities; communicating requirements of the law to the public; assisting taxpayers in complying with the laws and regulations, and taking those enforcement actions necessary for fair, effective, and impartial tax administration. Basic IRS activities include ensuring satisfactory resolution of taxpayer complaints, providing taxpayer service and education; determination, assessment, and collection of internal revenue taxes; determination of pension plan qualifications and exempt organization status; and preparation and issuance of rulings and regulations to supplement the provisions of the Internal Revenue Code.

## **APPALACHIAN REGIONAL COMMISSION (23.001-23.999)**

---

The Appalachian Regional Commission is a Federal-State governmental agency concerned with the economic, physical, and social development of the 13-State Appalachian region, which includes parts of Alabama, Georgia, Kentucky, Maryland, Mississippi, New York, North Carolina, Ohio, Pennsylvania, South Carolina, Tennessee, Virginia, and all of West Virginia. The comprehensive goals of the Commission are to provide the people of Appalachia with the health and skills they need to compete for opportunities and to develop a self-sustaining economy and environment capable of supporting a population with rising incomes and standards of living and increasing employment opportunities. To accomplish this task, the Commission has concentrated on areas of development in which there remain great needs throughout the region: community development and housing, education, the environment, health and child development, industrial development and management, tourism, and transportation.

## **OFFICE OF PERSONNEL MANAGEMENT (27.001-27.999)**

---

Administers a merit system for Federal employment, which includes recruiting, examining, training, and promoting people on the basis of their knowledge and skills, regardless of their race, religion, sex, political influence, or other nonmerit factors. OPM's role is to ensure that the Federal government provides an array of personnel services to applicants and employees. Through a range of programs designed to develop and encourage the effectiveness of the Government employee, OPM supports Government program managers in their personnel management responsibilities and provides benefits to employees and to retired employees and their survivors.

## **U.S. COMMISSION ON CIVIL RIGHTS (29.001-29.999)**

---

Collects and studies information on discrimination or denials of equal protection of the laws because of race, color, religion, sex, age, disability or, national origin, or in the administration of justice in such areas as voting rights, enforcement of Federal civil rights laws, and equality of opportunity in education, employment, and housing.

## **EQUAL EMPLOYMENT OPPORTUNITY COMMISSION (30.001-30.999)**

---

Eliminates discrimination based on race, color, religion, sex, national origin, age or disability in hiring, promotion, firing, wages, testing, training, apprenticeship, and all other conditions of employment. The Commission also promotes voluntary action programs by employers, unions, and community organizations to make equal employment opportunity an actuality. EEOC also has oversight responsibility for all compliance and enforcement activities relating to equal employment opportunity among Federal employees and applicants, including

discrimination against individuals with disabilities.

## **EXPORT - IMPORT BANK OF THE UNITED STATES (31.1-31.999)**

---

## **FEDERAL COMMUNICATIONS COMMISSION (32.001-32.999)**

---

Regulates interstate and foreign communications by radio, television, wire, satellite, and cable. It is responsible for the orderly development and operation of broadcast services and the provision of rapid, efficient nationwide and worldwide telephone and telegraph services at reasonable rates. Its responsibilities also include the use of communications for promoting safety of life and property and for strengthening the national defense.

## **FEDERAL MARITIME COMMISSION (33.001-33.999)**

---

Regulates the waterborne foreign and domestic offshore commerce of the United States, assures that United States international trade is open to all nations on fair and equitable terms, and protects against unauthorized, concerted activity in the waterborne commerce of the United States. This is accomplished through maintaining surveillance over steamship conferences and common carriers by water; assuring that only the rates on file with the Commission are charged; conducting analysis and appropriate disposition of agreements between persons subject to the Shipping Act of 1984 and the Shipping Act, 1916; guaranteeing equal treatment to shippers, carriers, and other persons subject to the shipping statutes; and ensuring that adequate levels of financial responsibility are maintained for indemnification of passengers.

## **FEDERAL MEDIATION AND CONCILIATION SERVICE (34.001-34.999)**

---

Assists labor and management in resolving disputes bargaining contract negotiation through voluntary mediation and arbitration services; provides training to unions and management in cooperative processes to improve long-term relationship under the Labor-Management Cooperation Act of 1978, including Federal sector partnership training authorized by Executive Order 12871; provides alternative dispute resolution services and training to government agencies, including the facilitation of regulatory negotiations under Administrative Dispute Resolution and Negotiated Rulemaking Acts of 1990; awards competitive grants to joint labor-management committees to encourage innovative approaches to cooperative efforts.

## **FEDERAL TRADE COMMISSION (36.001-36.999)**

---

Maintains competitive enterprise as the keystone of the American economic system. Although the duties of the Commission are many and varied, the foundation of public policy underlying all these duties is essentially the same: to prevent the free enterprise system from being fettered by monopoly or restraints on trade or corrupted by unfair or deceptive trade practices. In brief, the Commission is charged with keeping competition both free and fair.

## **GENERAL SERVICES ADMINISTRATION (39.001-39.999)**

---

Establishes policy and provides for the Government an economical and efficient system for the management of its property including construction and operation

of buildings, procurement and distribution of supplies, utilization and disposal of property, transportation, and travel management, and management of Government-wide information technology solutions and network services. GSA is organized much like a large corporation doing business in a number of different fields. It consists of operating services and supporting staff offices, with functions carried out at three levels of organization: The Central office, regional offices, and field activities. (See Appendix IV of the Catalog for a listing of these offices.) Various publications and catalogs published by GSA include: 1) The Catalog of Federal Domestic Assistance published jointly by GSA and the Office of Management and Budget; and 2) the Consumer Information Catalog which lists selected Federal publications of interest to consumers. GSA also administers the Federal Information Centers (FCIC) which are focal points for information about the Federal government's services, programs, and regulations.

## **GOVERNMENT PRINTING OFFICE (40.001-40.999)**

---

Executes orders for printing and binding placed by Congress and the departments and establishments of the Federal government. It furnishes blank paper, inks, and similar supplies to all governmental activities on order. It prepares catalogs and distributes and sells Government publications. GPO invites bids from commercial suppliers on a wide variety of printing and binding services, awards and administers contracts, and maintains liaison between ordering agencies and contractors. GPO sells through mail orders and Government bookstores approximately 10,000 publications that originate in various Government agencies, and administers the depository library program through which selected Government publications are made available in libraries throughout the country.

## **LIBRARY OF CONGRESS (42.001-42.999)**

---

Under the organic law, the Library's first responsibility is service to Congress. One department, the Congressional Research Service, functions exclusively for the legislative branch of the Government. As the Library has developed, its range of service has come to include the entire governmental establishment in all its branches and the public at large, so that it has become a national library for the United States. The Library's extensive collections are universal in scope. They include books and pamphlets on every subject and in a multitude of languages. Among them are the most comprehensive collections of Chinese, Japanese, and Russian language books outside Asia and the Soviet Union; volumes relating to science and legal materials, outstanding for American and foreign law; the world's largest collection of published aeronautical literature; and the most extensive collection in the western hemisphere of books printed before 1501 A.D. The manuscript collections relate to manifold aspects of American history and civilization and include the personal papers of most of the Presidents from George Washington through Calvin Coolidge. The music collections contain volumes and pieces (manuscript and published) from classic works to the newest popular compositions. Other materials available for research include maps and views; photographic records from the daguerreotype to the latest news photo; recordings, including folksongs and other music, speeches, and poetry readings; prints, drawings, and posters; government documents, newspapers, and periodicals from all over the world; and motion pictures, microforms, and audio and video tapes. Admission to the various research facilities of the Library is free. No introduction or credentials are required for persons over high school age who wish to read in the general reading rooms; however, certain collections, like those of the Manuscript, Rare Book and Special Collections, Motion Picture, Broadcasting, and Recorded Sound Divisions, can be used only by those with a serious purpose for doing so. The Library is also responsible for copyrights, which are registered by the Copyright Office. All copyrightable works, whether published or unpublished, are subject to a system of statutory protection that gives the copyright owner certain exclusive rights, including the right to reproduce the copyrighted work and distribute it to the public by sale, rental, lease, or lending. Works of authorship

include books, periodicals, and other literary works, musical compositions, song lyrics, dramas and dramatic musical compositions, pictorial, graphic, and sculptural works pantomimes and choreographic works, motion pictures and other audiovisual works, and sound recordings. The Library extends its service through an interlibrary loan system; the photoduplication, at reasonable cost, subject to conditions of law, copyright, and deposit of books, manuscripts, maps, and newspapers, and prints in its collections; the sale of sound recordings, which are released by its Recording Laboratory; the exchange of duplicates with other institutions; the sale of printed catalog cards and magnetic tapes, and the publication in book format or microform of cumulative catalogs, which make available the results of the expert bibliographical and cataloging work of its technical personnel; a centralized acquisitions program whereby the Library of Congress acquires material published all over the world, catalogs it promptly, and distributes cataloging information in machine readable form as well as other means to the Nation's libraries; a cooperative catalog program, whereby the cataloging of data by name authority and bibliographic records, prepared by other libraries becomes part of the Library of Congress data base and distribute them through the MARC Distribution Service; a cataloging-in-publication program in cooperation with American publishers for printing and cataloging

information in current books; the National Serials Data Program, a national center that maintains a record of serial titles to which International Standard Serial Numbers have been assigned and serves, with this file, as the United States Register; and the development of general schemes of classification (Library of Congress and Dewey Decimal), subject headings, and cataloging, embracing the entire field of printed matter. The American Folklife Center in the Library of Congress, has a coordinative function both in and outside the Federal establishment to carry out appropriate programs to support, preserve, and present American folklife through such activities as the collection and maintenance of archives, scholarly research, field projects, performances, exhibitions, festivals, workshops, publications, and audiovisual presentations. The Center for the Book was established in the Library of Congress to provide a program for investigating the transmission of human knowledge and to heighten public interest in the role of books and printing in the diffusion of knowledge. Drawing on the resources of the Library of Congress, the Center works closely with other organizations to explore important issues in the book and educational communities, to encourage reading, and to encourage research about books and about reading. Its goal is to serve as a useful catalyst by bringing together authors, publishers, librarians, booksellers, educators, scholars, and readers to discuss common concerns and work toward the solution of common problems. The Library provides technical information related to the preservation and restoration of library and archival material. A series of leaflets on various preservation and conservation topics has been prepared by the Preservation Office. Information and publications are available from the National Preservation Program Office, Library of Congress. A free national library program of braille and recorded materials for blind and physically handicapped persons is administered by the National Library Service for the Blind and Physically Handicapped (NLS), Library of Congress. With the cooperation of authors and publishers who grant permission to use copyrighted works, NLS selects and produces full-length books and magazines in braille on recorded disc and cassette. Reading material are distributed to a cooperating network of regional and subregional (local) libraries where they are circulated to eligible borrowers. Reading material and playback machines are sent to borrowers and returned to libraries by postage-free mail. Established by an act of Congress in 1931 to serve blind adults, the program was expanded in 1952 to include children, in 1962 to provide music materials, and again in 1966 to include individuals with other physical impairments that prevent the reading of standard print. Information and publications are available from the National Library Service for the Blind and Physically Handicapped, Library of Congress, Washington, DC 20542.

## **NATIONAL AERONAUTICS AND SPACE ADMINISTRATION (43.001-43.999)**

---

Conducts research to solve problems of flight within and outside Earth atmosphere. Develops, constructs, tests, and operates aeronautical and space vehicles. Conducts activities required for the exploration of space with manned and unmanned vehicles; arranges for the most effective utilization of the scientific and engineering resources of the United States with other nations engaged in aeronautical and space activities for peaceful purposes.

## **NATIONAL CREDIT UNION ADMINISTRATION (44.001-44.999)**

---

The National Credit Union Administration Board is responsible for chartering, insuring, supervising, and examining Federal credit unions and administering the National Credit Union Share Insurance Fund. The Board also manages the Central Liquidity Facility, a mixed-ownership Government corporation whose purpose is to supply emergency loans to member credit unions.

## **FEDERAL COUNCIL ON THE ARTS AND THE HUMANITIES (45.200-45.299)**

---

Coordinates the activities of the two Endowments and related programs of other Federal agencies.

## **INSTITUTE OF MUSEUM AND LIBRARY SERVICES (45.300-45.399)**

---

The Institute of Museum and Library Services is the primary source of federal support for the nation's 122,000 libraries and 17,500 museums. Its mission is to grow and sustain a "Nation of Learners" because lifelong learning is essential to a democratic society and individual success. Through its grant making, convenings, research, and publications, the Institute empowers museums and libraries nationwide to provide leadership and services to enhance learning in families and communities, sustain cultural heritage, build twenty-first-century skills, and increase civic participation. IMLS supports adult education and literacy through a number of competitive and state grants and programs, such as Museums for America grants, State Library programs, Native American/ Native Hawaiian Library Services, National Leadership Grants, 21st Century Museum Professionals, the Laura Bush 21st Century Librarian Program, and the Partnership for a Nation of Learners program.

## **NATIONAL ENDOWMENT FOR THE ARTS (45.1-45.99)**

---

The National Endowment for the Arts is a public agency dedicated to supporting excellence in the arts, both new and established bringing the arts to all Americans, and providing leadership in arts education. The National Endowment for the Arts is the largest annual funder of the arts in the United States. An independent federal agency, the National Endowment for the Arts is the official arts organization of the United States government. The National Endowment for the Arts awards more than \$100 million annually investing in every state which in turn generates more than \$700 million in additional support. The Arts Endowment has played a transformative and sustaining role in the development of regional theater, opera, dance, orchestras, museums, and other arts both contemporary and traditional that Americans now enjoy.

## **NATIONAL ENDOWMENT FOR THE HUMANITIES (45.100-45.199)**

---

Promotes and supports the production and dissemination of knowledge in the humanities. The term "humanities" includes, but is not limited to, the study of the following: language, both modern and classical; linguistics; literature; history; jurisprudence; philosophy; archaeology; comparative religion; ethics;

the history, criticism, and theory of the arts; and those aspects of the social sciences that employ historical or philosophical approaches. The Endowment makes grants to individuals, groups, or institutions (schools, colleges, universities, museums, public television stations, libraries, public agencies, and nonprofit private groups) to increase understanding and appreciation of the humanities.

## **NATIONAL LABOR RELATIONS BOARD (46.001-46.999)**

---

Administers the Nation's principal law, the National Labor Relations Act. The NLRB is vested with the power to prevent or remedy unfair labor practices and to safeguard employees' rights to organize and determine through elections whether to have unions as their bargaining representatives.

## **NATIONAL SCIENCE FOUNDATION (47.001-47.999)**

---

Promotes the progress of science and engineering through the support of research and education programs. Its major emphasis is on high quality, science-driven basic research, the search for improved understanding of the fundamental laws of nature upon which our future well-being as a Nation depends. The National Science Foundation also supports applied research in several areas. Its educational programs are aimed at ensuring increasing understanding of science and engineering at all educational levels and at training an adequate supply of scientists and engineers to meet our country's needs.

## **RAILROAD RETIREMENT BOARD (57.001-57.999)**

---

Administers comprehensive retirement-survivor and unemployment-sickness benefit programs for the Nation's railroad workers and their families, under the Railroad Retirement and Railroad Unemployment Insurance Acts. The Board participates in the administration of the Social Security Act and the Health Insurance for the Aged Act insofar as they affect railroad retirement beneficiaries.

## **SECURITIES AND EXCHANGE COMMISSION (58.001-58.999)**

---

Administers Federal securities laws that seek to provide for investors; to ensure that securities markets are fair and honest; and, when necessary, to provide the means to enforce securities laws through sanctions.

## **SMALL BUSINESS ADMINISTRATION (59.001-59.999)**

---

Aids, counsels, assists, and protects the interests of small business; ensures that small business concerns receive a fair proportion of Government purchases, contracts, and subcontracts, as well as of the sales of Government property; makes loans to small business concerns, State and local development companies, and the victims of floods or other catastrophes, or certain types of economic injury; and licenses, regulates, and makes loans to small business investment companies.

## **DEPARTMENT OF VETERANS AFFAIRS (64.001-64.999)**

---

Administers the National Cemetery Administration, which provides cemeterial services to veterans and other eligibles as prescribed by the Secretary of Veterans Affairs pursuant to the provisions of the National Cemeteries Act of 1973 and other statutory authorities and regulations. These services also include providing headstones and markers for the graves of eligibles in national and

State veterans cemeteries and for veterans interred in private cemeteries. Monetary aid to States for establishment, expansion, and improvement of veterans' cemeteries is also available.

## **National Cemetery System (64.201-64.203)**

Administers the National Cemetery Administration, which provides cemeterial services to veterans and other eligibles as prescribed by the Secretary of Veterans

Affairs pursuant to the provisions of the National Cemeteries Act of 1973 and other

statutory authorities and regulations. These services also include providing headstones and markers for the graves of eligibles in national and State veterans cemeteries and for veterans interred in private cemeteries. Monetary aid to States for establishment, expansion, and improvement of veterans' cemeteries is also available.

## **VA Health Administration Center (64.005)**

Provides hospital, nursing home and domiciliary care, and outpatient medical and dental care to eligible veterans of military service in the Armed Forces. Dependents of certain veterans are provided medical care supplied by non-VA institutions and physicians. The Department conducts both individual medical and health-care delivery research projects and multi-hospital research programs. It assists in the education of physicians and dentists and with training of many other health care professionals through affiliations with educational institutions and organizations.

## **Veterans Benefits Administration (64.101, 64.104, 64.116, 64.125)**

Conducts an integrated program of veterans benefits: The Compensation and Pension (C & P) Service has responsibility for: claims for disability compensation, pension, and Spina Bifida monthly allowance under 38 U.S.C. 1805; automobile allowances and special adaptive equipment; claims for specially adapted housing; special clothing allowances; emergency officer's retirement pay; eligibility determinations based on military service for other VA benefits and services or those of other Government agencies; survivor's claims for death compensation, dependency and indemnity compensation, death pension, burial and plot allowance claims; claims for accrued benefits; forfeiture determinations; claims for adjusted compensation in death cases; and claims for reimbursement for headstones or markers. The Education Service has responsibility for: readjustment education benefits for post-Vietnam era veterans and recently-discharged veterans, as well as educational assistance for spouses, surviving spouses, and children of veterans who are permanently and totally disabled or die from disability incurred or aggravated in active service in the Armed forces, or are currently prisoners of war or missing in action. In addition, certain members of the selected Reserve or National Guard are also eligible for education benefits administered by the Service. Vocational Rehabilitation Service has responsibility for the rehabilitation of disabled veterans. Information, advice, and assistance are provided to veterans, their dependents and beneficiaries, representatives and others in applying for benefits administered by the Department of Veterans Affairs. Benefit information and readjustment assistance is provided to recently separated veterans. C&P also maintains a benefits protection program (fiduciary activities) for minors and incompetent veterans and other incompetent adult beneficiaries and provide field-investigative services. Special restorative training is also available to eligible children. The mission is also to provide credit assistance whereby the housing credit needs of eligible veterans and active duty service personnel may be satisfied by private capital on more liberal terms than generally available to non-veterans. Assistance is provided chiefly through substituting the Government's guaranty on loans made by private lenders in lieu of the downpayments, shorter terms, and other requirements generally required in

conventional home mortgage transactions. Direct loans are made to Native Americans on trust land or to supplement a grant to get a specially adapted home for certain eligible veterans who have a permanent and total service-connected disability(ies). In addition, a system of direct financial grants is operated to help certain permanently disabled veterans to acquire specially adapted housing. VA life insurance operations are for the benefit of service members, veterans, and their beneficiaries. In addition, the VA is responsible for: supervision of the Servicemen's Group Life Insurance (SGLI) and Veterans Group Life Insurance (VGLI) Programs for today's service members and veterans. The Veterans' Insurance Act of 1974 (88 Stat. 165; 38 U.S.C. 765-779), effective May 24, 1974, has substantially amended the law provided for the conversion of SGLI to a 5-year nonrenewable term policy known as Veterans Group Life Insurance (VGLI). At the termination of the 5-year term period, it may be converted to an individual policy with any one of the many participating commercial insurance companies. Supervision of the Veterans Mortgage Life Insurance Program for those disabled veterans who receive a VA grant for specially adapted housing - under the terms of contractual agreement with a Primary Insurer. VA guarantees the protection of commercial life insurance (up to \$10,000) against premium payments for persons while in military or naval service, and 2 years thereafter.

## **ENVIRONMENTAL PROTECTION AGENCY (66.001-66.999)**

---

### **Office of Administration and Resources Management (66.508, 66.518)**

Provides for support grants as an alternative grant delivery mechanism to allow a State or local agency responsible for continuing pollution control programs to develop an integrated approach to pollution control.

### **Office of Air and Radiation (66.001, 66.032-66.034, 66.036-66.041)**

Develops national programs, technical policies, and regulations for air pollution control; establishes national standards for ambient air quality, and emission standards for stationary sources: mobile sources and fuels; monitors acid deposition; environmental radiation, and other pollutants; provides technical, training, and financial support to states, tribes, and local governments. Also, develops national partnership programs and policies to address climate change and indoor pollution, and demonstrates new low emission vehicle technology.

### **Office of Enforcement and Compliance Assurance (66.305, 66.309-66.310, 66.312, 66.604, 66.700-66.701, 66.709)**

Develops national strategies for the control of toxic substances; directing the pesticides and toxic substances enforcement activities; developing criteria for assessing chemical substances, standards for test protocols for chemicals, rules and procedures for industry reporting and regulations for the control of substances deemed to be hazardous to man or the environment; and evaluating and assessing the impact of existing chemicals, new chemicals, and chemicals with new uses to determine the hazard and, if needed, develop appropriate restrictions. Additional activities include control and regulation of pesticides and reduction in their use to ensure human safety and protection of environmental quality; establishment of tolerance levels for pesticides that occur in or on food; monitoring of pesticide residue levels in food, humans, and nontarget fish and wildlife and their environments; and investigation of pesticide accidents. It also coordinates activities under its statutory responsibilities with other agencies for assessment and control of toxic substances and pesticides.

### **Office of Research and Development (66.509-66.514, 66.516-66.517)**

The Office of Research and Development is responsible for a national research program in pursuit of technological controls of all forms of pollution. It directly supervises the research activities of EPA's national laboratories and gives technical policy direction to those laboratories that support the program responsibilities of EPA's regional offices. Close coordination of the various research programs is designed to yield a synthesis of knowledge from the biological, physical, and social sciences that can be interpreted in terms of total human and environmental needs. General functions include management of selected demonstration programs, planning for Agency environmental quality monitoring programs, coordination of Agency monitoring efforts with those of other Federal agencies, the States, and other public bodies, and dissemination of Agency research, development, and demonstration results.

### **Office of Solid Waste and Emergency Response (66.035, 66.801-66.802, 66.804-66.806, 66.808-66.810, 66.812-66.818)**

Provides policy, guidance, and direction for EPA's hazardous waste and emergency response programs. The functions of these programs include development of policies, standards, and regulations for hazardous waste treatment, storage, and disposal; national management of the Superfund toxic waste cleanup program; development of guidelines for the emergency preparedness and "Community Right To Know" programs; development of guidelines and standards for underground storage tanks; enforcement of applicable laws and regulations; analysis of technologies and methods for the recovery of useful energy from solid waste; and provision of technical assistance in the development, management, and operation of waste management activities.

### **Office of the Administrator (66.605, 66.609-66.611, 66.940, 66.950-66.952)**

Provides for support grants as an alternative grant delivery mechanism to allow a State or local agency responsible for continuing pollution control programs to develop an integrated approach to pollution control.

### **Office of the Chief Financial Officer (66.202-66.203)**

No Description Provided

### **Office of Water (66.418-66.419, 66.424, 66.432-66.433, 66.436-66.437, 66.439, 66.454, 66.456, 66.458, 66.460-66.463, 66.466-66.469, 66.471-66.475, 66.478-66.481, 66.926)**

Develops national programs, technical policies, and regulations for water pollution control and water supply; ground water protection; marine and estuarine protection; enforcement of standards; water quality standards and effluent guidelines development; technical direction, support, and evaluation of regional water activities; development of programs for technical assistance and technology transfer; and provision of training in the field of water quality.

## **NATIONAL GALLERY OF ART (68.001-68.999)**

---

The National Gallery's collections embrace every major school of western European art from the 13th century to the present and of American art from colonial days to the present. A professor-in-residence position is filled annually by a distinguished scholar in the field of art history; graduate and postgraduate research is conducted under a fellowship program; programs for children and the general public are conducted daily; and Extension Programs produces and distributes education resources for loan throughout the world; audiovisual materials include films, slide teaching programs, videocassettes, videodiscs, and CD-ROMS.

## **OVERSEAS PRIVATE INVESTMENT CORPORATION (70.001-70.999)**

---

Offers United States investors assistance in finding investment opportunities, insurance, and loans and loan guaranties to help finance their projects in developing countries. It encourages investment projects that will help the social and economic development of these countries.

## **NUCLEAR REGULATORY COMMISSION (77.001-77.999)**

---

Licenses and regulates the civilian uses of nuclear energy to protect the public health and safety and the environment. It does this by licensing persons and companies to build and operate nuclear reactors and other facilities and to own and use nuclear materials. The NCR makes rules and sets standards for these types of licenses. The NRC also carefully inspects the activities of the persons and companies licensed to ensure that they do not violate the safety rules of the Commission.

## **COMMODITY FUTURES TRADING COMMISSION (78.001-78.999)**

---

Promotes healthy economic growth, protects the rights of customers, and ensures fairness and integrity in the marketplace through regulation of futures trading. To this end it also engages in the analysis of economic issues affected by or affecting futures trading.

## **DEPARTMENT OF ENERGY (81.001-81.999)**

---

DOE is major government enterprise. If included among the Nation's Fortune 500 firms, it would rank in the top 50. Its \$16.5 billion appropriation comprises close to 3 percent of total Federal discretionary spending DOE Funds the largest environmental cleanup in history, and research and development that supports the Nation's defense and its energy and economic security. DOE employs over 11,000 Federal employees and about 108,000 contract employees. DOE owns and manages over 50 major installations located on 2.4 million acres in 35 States and is the fourth largest Federal landowner in the United States. DOE is an energy policy, supply, and technology enterprise. It invests in developing a secure, clean, and sustainable energy system. It helps the Nation meet its environmental challenges by administering the largest pollution prevention and efficiency program in the world, with partners from every sector of the economy. It enhances the Nation's energy security by increasing the diversity of energy, and fuel choices and sources; bringing renewable energy sources into the market, strengthening domestic production of oil and gas, maintaining the U.S. nuclear energy option, and increasing the efficiency with which we use energy and generate electricity. The Department also maintains the Strategic Petroleum Reserve and operates five Power Marketing Administrations that sell and distribute over \$3 billion of electric power generated at Federal hydroelectric plants. DOE is a national security enterprise. It is a key player in the Administration's furtherance of the Comprehensive Test Ban Treaty and its overall goal of reducing the global danger from nuclear weapons. It ensures the safety and reliability of the U.S. nuclear weapons stockpile without underground testing. At the same time, it manages and safely dismantles excess nuclear materials, and ensures the security of vital departmental nuclear assets. It provides policy and technical assistance to curb global proliferation of weapons of mass destruction, emphasizing U.S. nonproliferation, arms control, and nuclear safety objectives in the states of the former Soviet union and worldwide. Further, it develops and ensures the safety and reliability of nuclear reactor plants to power U.S. Navy warships. DOE is an environmental remediation enterprise. It cleans up the 50-year environmental legacy left at the industrial complexes where nuclear weapons were designed and manufactured. It manages the problems associated with the large quantities of various types of radioactive wastes, surplus nuclear materials, and spent nuclear fuels that remain at the sites of the Nation's nuclear weapons facilities and at nuclear energy research and development sites. In addition, it must address the growing inventory of spent nuclear fuel from commercial nuclear reactors that is awaiting disposal. These wastes must be dealt with responsibly to ensure the safety and health of the public. DOE is a science and technology enterprise. At the center of all we do are our 27 laboratories, our additional scientific user facilities, and our researchers at the Nation's universities. These form the backbone of U.S. scientific leadership by conducting and facilitating breakthrough research in energy sciences and technology, high energy physics, global climate change, genomics, superconducting materials, accelerator technologies, environmental sciences, and super-computing in support of DOE's mission. The laboratories, described as the crown jewels of the Nation's science establishment, and the Department's funding of research at universities have resulted in 66 Nobel prize winners, including three in 1996.

The Department is also an investor in the Nation's most precious resource - its youth - by supporting science and mathematics education in our schools through grants, educational programs, and fellowships. DOE is global enterprise. The outcome of our work is the technology that stimulates the private market for the expansion of clean energy to meet national and global energy requirements of almost 500 quadrillion Btu's by the year 2010 - a staggering 36 percent increase over 1995. Overseas energy market needs include coal, nuclear power, oil and gas exploration, energy efficiency, and renewable energy technologies that are available for export now or that will soon be available for the international marketplace. DOE supports the export of U.S. energy services and technologies by assisting the nations in Asia, South America, Eastern Europe, an Africa, and the states of the former Soviet Union in developing private markets for environmentally responsible, sustainable energy. These alliances support U.S. competitiveness in a global economy of growing energy infrastructure requirements and create jobs in the U.S. at all skill levels.

# AGENCY INDEX SUMMARY

## DEPARTMENT OF EDUCATION (84.001-84.999)

Administers programs designed to fund activities that assist students with limited English proficiency and minority languages populations by providing support for programs, activities, and management initiatives meeting the special educational needs of those populations.

Provides national leadership in expanding fundamental knowledge and improving education. The Office is responsible for conducting and supporting education-related research activities; monitoring the state of education through the collection and analysis of statistical data; promoting the use and application of research and development to improve instructional practices in the classroom; and disseminating these findings to States and local education entities.

The Assistant Secretary for Elementary and Secondary Education formulates policy for, directs, and coordinates the activities relating to preschool, elementary, and secondary education. Included are programs of grants to State educational agencies and local school districts, postsecondary schools, and nonprofit organizations for State and local reform, compensatory, migrant, and Indian education; drug-free schools; other school improvement programs; and impact aid.

The Assistant Secretary for Postsecondary Education formulates policy, directs, and coordinates programs for assistance to postsecondary educational institutions and students pursuing a postsecondary education. Programs include assistance for the improvement and expansion of American educational resources for international studies and services, grants to improve instruction in crucial academic subjects, and construction assistance for academic facilities.

The Office is headed by the Department's Chief Operating Officer and is the Federal Government's first performance based organization. The Office directs and coordinates activities that provide financial assistance through grants and work and loan programs to students pursuing a postsecondary education. Federal student financial aid programs include Stafford Loans, Parent Loans for Undergraduate Students (PLUS), Supplemental Loans to Students (SLS), Federal Insured Student Loans (FISL), consolidated loans, Perkins Loans, income contingent loans, Pell Grants, College Work-Study, Supplemental Educational Opportunity Grants (SEOG), and State Student Incentives Grants (SSIG). The Office provides leadership and direction for the Department in meeting its goals of excellence in credit management and debt collection through the collection of defaulted loans under the Guaranteed Student Loan Program and the Law Enforcement Education Program, and the collection of overpayments in the Pell Grant Program and Supplemental Educational Opportunities Program.

The Assistant Secretary for Vocational and Adult Education administers programs of grants, contracts, and technical assistance for vocational and technical education, and for adult education and literacy. The Office is also responsible for coordinating these programs with other Education Department and Federal programs supporting services and research for adult education, literacy, and occupational training.

The Secretary of Education advises the President on education plans, policies, and programs of the Federal government. The Secretary directs Department staff in carrying out the approved programs and activities of the Department and promotes general public understanding of the Department's goals, programs, and objectives. The Secretary also carries out certain Federal responsibilities for four federally aided corporations: The American Printing House of the Blind, Gallaudet University, Howard University, and the National Technical Institute for the Deaf.

Provides leadership to ensure that people with disabilities have services, resources, and equal opportunities to learn, work, and live as fully integrated, contributing members of society. The Office coordinates the activities of the Office of Special Education Programs, which works to help States provide quality educational opportunities and early intervention services to help students with disabilities achieve their goals. Through the Rehabilitation Services Administration, the Office supports State vocational rehabilitation programs that give disabled people the education, job training, and job placement services they need to gain meaningful employment. Programs include support for training of teachers and other professional personnel; grants for research; financial aid to

help States initiate, expand, and improve their resources; and media services and captioned films for the deaf.

Each regional office serves as a center for the dissemination of information and provides technical assistance to State and local educational agencies and other institutions and individuals interested in Federal education activities. At present, offices are located in 10 cities: Atlanta, Boston, Chicago, Dallas, Denver, Kansas City, New York, Philadelphia, San Francisco, and Seattle.

## Institute of Education Sciences (84.372, 84.384)

The Education Sciences Reform Act of 2002 established a new organization within the U.S. Department of Education, the Institute of Education Sciences. Our mission is to provide rigorous evidence on which to ground education practice and policy. By identifying what works, what doesn't, and why, we intend to improve the outcomes of education for all students, particularly those at risk of failure. The Institute funds hundreds of research studies on ways to improve academic achievement, conducts large-scale evaluations of federal education programs and reports a wide array of statistics on the condition of education such as the National Assessment of Educational Progress. We support the building of an infrastructure for evidence-based education through activities such as grants to states to develop longitudinal data systems. We disseminate evidence on education to the public and practitioners through the What Works Clearinghouse and the ERIC education database, conferences, publications and products and 10 regional education laboratories and 10 national research and development centers.

## Office of Educational Research and Improvement (84.206, 84.286-84.287, 84.295, 84.304-84.305)

Provides national leadership in expanding fundamental knowledge and improving education. The Office is responsible for conducting and supporting education-related research activities; monitoring the state of education through the collection and analysis of statistical data; promoting the use and application of research and development to improve instructional practices in the classroom; and disseminating these findings to States and local education entities.

### **SMITHSONIAN INSTITUTION (85.600-85.699)**

---

The Smithsonian Institution is an independent trust instrumentality of the United States which comprises the world's largest museum and research complex. The Smithsonian includes 19 museums and galleries, the National Zoo, and research facilities in several States and the Republic of Panama. It holds more than 136 million artifacts and specimens in its trust for the American people. The Smithsonian is dedicated to public education, national service, and scholarship in the arts, science, history, and culture. The Smithsonian Institution was created by an act of Congress on August 10, 1846 (20 U.S.C. 41 et seq.), to carry out the terms of the will of British scientist James Smithson (1765-1829), who in 1826 had bequeathed his entire estate to the United States to found at Washington, under the name of the Smithsonian Institution, an establishment for increase and diffusion of knowledge among men. On July 1, 1836, Congress accepted the legacy and pledged the faith of the United States to the charitable trust. In September 1838, Smithson's legacy, which amounted to more than 100,000 gold sovereigns, was delivered to the mint at Philadelphia. Congress vested responsibility for administering the trust in the Secretary of the Smithsonian and the Smithsonian Board of Regents, composed of the Chief Justice, the Vice President, three Members of the Senate, three Members of the House of Representatives, and nine citizen members appointed by joint resolution of Congress.

### **WOODROW WILSON INTERNATIONAL CENTER FOR SCHOLARS (85.300-85.399)**

---

Established by Congress in 1968 to honor the legacy and ideals of Woodrow Wilson by promoting research and dialogue on issues that link the world of scholarship and the world of public affairs. The Center achieves this mission through sustaining a community of scholars in Washington, and through sponsoring a regular program of meetings on the humanities and international affairs. The Center welcomes scholars of every nationality and from a wide variety of backgrounds including government, the corporate world, the professions, and academe.

### **PENSION BENEFIT GUARANTY CORPORATION (86.001-86.999)**

---

The Pension Benefit Guaranty Corporation guarantees payment of nonforfeitable pension benefits in covered, private-sector-defined benefit pension plans. Title IV of the Employee Retirement Income Security Act of 1974 (29 U.S.C. 1301 et seq.) provides for coverage of most private-sector-defined benefit pension plans

that provide a benefit based on factors such as age, years of service, and average or highest salary. The Corporation administers two benefit insurance programs separately covering single-employer and multi-employer plans. Nearly 40 million workers participate in more than 112,000 covered plans.

**Single-Employer Insurance:** Under the single-employer program, the Corporation guarantees payment of a covered plan's basic benefits if that plan terminates without sufficient assets to pay those guaranteed benefits.  
**Multi-employer Insurance:** Under Title IV of the Act, as originally enacted, the Corporation guaranteed nonforfeitable benefits for multi-employer plans in a similar fashion as for single-employer plans. However, the payment of guaranteed benefits was at the agency's discretion under the provisions of the law that remained in force until August 1, 1980. The Multi-employer Pension Plan Amendments Act of 1980 (29 U.S.C. 1001) revised the law applicable to multi-employer pension plans by changing the insurable event from plan termination to plan insolvency. In accordance with the Act, the Corporation provides financial assistance to plans that are unable to pay basic benefits. The plans are obligated to repay such assistance. The act also made employers withdrawing from a plan liable to the plan for a portion of its unfunded vested benefits. **Premium Collections:** All defined benefit pension plans covered by Title IV of Employee Retirement Income Security Act are required to pay premiums under prescribed rates to the Corporation.

### **ARCHITECTURAL AND TRANSPORTATION BARRIERS COMPLIANCE BOARD (88.001-88.999)**

---

Ensures compliance to Federal laws requiring accessibility for physically handicapped persons in certain federally funded buildings and facilities throughout the Nation. This includes setting guidelines and requirements for accessibility standards prescribed by Federal agencies, providing technical assistance to organizations agencies and individuals requesting help in solving accessible design and construction problems, and conducting research to determine appropriate specifications for accessibility.

### **NATIONAL ARCHIVES AND RECORDS ADMINISTRATION (89.001-89.999)**

---

Establishes policies and procedures for managing the records of the United States Government. NARA assists Federal agencies in adequately documenting their activities, administering their records management programs, scheduling their records, and retiring their noncurrent records to Federal Records Centers. The mission of the National Archives and Records Administration is to ensure, for the Citizen and the public servant, for the President and the Congress and the Courts, ready access to essential evidence. Managing the Presidential Libraries system, assisting the National Historical Publications and Records Commission in its grant program for State and local records and edited publications of prominent Americans, and publishing the laws, regulations, Presidential, and other public documents are also key functions of the National Archives and Records Administration.

### **BROADCASTING BOARD OF GOVERNORS (90.500-90.599)**

infrastructure facilitating the economic development of the region; business development; and job training or employment-related education.

## **DENALI COMMISSION (90.100-90.199)**

---

Created by Congress in 1998, the Denali Commission is the Federal government and the State of Alaska working together to assist the most remote of American citizens to help themselves move closer to economic self-sufficiency, while preserving ancient cultural values and new opportunities to people living in American's last frontier. With the creation of the Denali Commission, Congress acknowledged the need for increased inter-agency cooperation and focus on these remote communities. This Federal-State partnership is intended to promote rural development, provide power generation and transmission facilities, modern communication systems, water and sewer systems and other infrastructure needs.

## **JAPAN U.S. FRIENDSHIP COMMISSION (90.300-90.399)**

---

The Japan-United States Friendship Act of 1975 established the Japan-United States Friendship Trust Fund and created the Japan-United States Friendship Commission to make grants for the promotion of scholarly, cultural, and artistic activities between Japan and the United States. The Commission is authorized to make expenditures from the fund in an amount not to exceed 5 percent annually of the fund's original principal to pay Commission expenses and make grants to support Japanese studies in American universities, policy oriented research, faculty and other professional exchanges, public affairs programs, and other cultural and educational activities primarily in the United States.

## **U.S. ELECTION ASSISTANCE COMMISSION (90.400-90.499)**

---

The U.S. Election Assistance Commission (EAC) was established by the Help America Vote Act of 2002 (HAVA). Central to its role, the Commission serves as a national clearinghouse and resource for information and review of procedures with respect to the administration of Federal elections. According to the text of HAVA, the law was enacted to, establish a program to provide funds to States to replace punch card voting systems, to establish the Election Assistance Commission to assist in the administration of Federal elections and to otherwise provide assistance with the administration of certain Federal election laws and programs, to establish minimum election administration standards for States and units of local government with responsibility for the administration of Federal elections, and for other purposes. Excerpt from The Help America Vote Act of 2002 The Help America Vote Act of 2002 (HAVA) requires the Election Assistance Commission (EAC) to: Generate technical guidance on the administration of federal elections. Produce voluntary voting systems guidelines. Research and report on matters that affect the administration of federal elections. Otherwise provide information and guidance with respect to laws, procedures, and technologies affecting the administration of Federal elections. Administer payments to States to meet HAVA requirements. Provide grants for election technology development and for pilot programs to test election technology. Manage funds targeted to certain programs designed to encourage youth participation in elections. Develop a national program for the testing, certification, and decertification of voting systems. Maintain the national mail voter registration form that was developed in accordance with the National Voter Registration Act of 1993 (NVRA), report to Congress every two years on the impact of the NVRA on the administration of federal elections, and provide information to States on their responsibilities under that law. Audit persons who received federal funds authorized by HAVA from the General Services Administration or the Election Assistance Commission. Submit an annual report to Congress describing EAC activities for the previous fiscal year.

## **UNITED STATES INSTITUTE OF PEACE (91.001-91.999)**

---

The United States Institute of Peace was established as an independent, Federal, nonprofit corporation by act of October 19, 1984 (22 U.S.C. 4603). It was established to strengthen the Nation's capacity to promote international peace and the peaceful resolution of conflicts among the peoples and nations of the world. The purpose of the Institute is to develop and disseminate knowledge about the peaceful resolution of international conflict. To accomplish this the Institute has set the following goals: To provide creative practical insights through research, education, and training on negotiation, mediation, and other skills to those actively engaged in resolving international conflicts; to expand the body of knowledge about the nature and processes of peace, war, and international conflict management; and to disseminate information to the public about these subjects. Among the Institute's instruments are grants, fellowships, a library, and in-house projects. The grants program provides financial support to nonprofit organizations, including private colleges and universities; official public institutions, including public schools, colleges, universities, libraries, and Federal, State, and local agencies; and individuals, whether or not they are associated with nonprofit or official public institutions. The Jennings Randolph Program for International Peace offers senior fellowships annually to practitioners or scholars in the U.S. and around the world who join the Institute for about ten months to work on projects concerning the sources and nature of international conflict and ways of managing conflict and sustaining peace. The program also awards Peace Scholar Dissertation Fellowships annually to outstanding doctoral students enrolled in an accredited university in the U.S. who are researching or writing a dissertation that promises to contribute knowledge relevant to the formulation of policy on international peace and conflict issues. The Jeannette Rankin Library Program is developing four main components on international peacemaking: a specialized research library; a network with and support for other libraries, both specialized and public; an oral history resource; and bibliographic as well as other data bases. Institute-directed projects under the Education and Public Information Program include an educational TV program and cassette programs on such topics as U.S.-Soviet summitry and a National Peace Essay Contest for high school students. The in-house Research and Studies is completing a broad, systematic examination of peace and conflict management theories and features workshops and seminars. Institute publications include biennial report to Congress and the President; a newsletter, The United States Institute of Peace Journal; and short issue papers,

The Corporation administers the AmeriCorps national service program, which includes national and state grant programs, AmeriCorps\*VISTA and the AmeriCorps\*National Civilian Community Corps; the National Senior Service Corps (Foster Grandparents, Senior Companions and the Retired and Senior Volunteer Program); and the Learn and Serve America service-learning program. The Corporation's mission is to engage Americans of all backgrounds in community-based service. This service addresses the nation's education, public safety, human and environmental needs to achieve direct and demonstrable results. In doing so, the Corporation fosters civic responsibility, encourages

community teamwork, and provides educational opportunity for those who make a substantial commitment to service.

**SOCIAL SECURITY ADMINISTRATION (96.001-96.999)**

---

On March 31, 1995, the Social Security Administration (SSA) became an independent agency. SSA administers a national program of contributory social insurance. Employees, employers, and the self-employed pay contributions which are pooled in special trust funds. When earnings cease or are reduced because the worker retires, dies, or becomes disabled, monthly cash benefits are paid to replace part of the earnings the family has lost. Part of the workers contribution goes into a separate hospital insurance trust fund. This fund helps disabled workers, retirees, and their dependents with their hospital bills. They may also elect to receive assistance with medical expenses. This is done by the workers paying a percentage of supplementary medical insurance premiums. The Federal government pays the balance. Together, these two programs are often referred to as "Medicare." Medicare protection is also provided, under certain conditions, to Railroad Retirement beneficiaries based on a disability. The principal functions of SSA include, but are not limited to; research and recommendations oriented to the problems of poverty; health care for the aged, blind, and disabled; long-range planning, design, and development of SSA administrative plans; data processing systems used in establishing and maintaining records essential to its' various programs; statistical measurement and systematic evaluation of its' programs; policy guidance for the administration of the OASDI and SSI programs; and development of programs and materials to assure that Congress, Federal and State agencies, and the general public have an adequate understanding of the protections, rights, and responsibilities under SSA administered programs. In addition, SSA, through a world-wide organization of ten regional offices, six program service centers, and over 1,300 field offices, guides and directs all aspects of the cash benefit program operations of SSA

**DEPARTMENT OF HOMELAND SECURITY (97.001-97.999)**

---

On January 23, 2002, the Department of Homeland Security (DHS) was created through the Homeland Security Act of 2002. The Act provides grants award authority for DHS to award grants, cooperative agreements and other assistance to non-Federal entities in order to assist them with homeland security and disaster preparedness, security, migration and recovery measures. The primary mission of the Department is to prevent terrorist attacks within the United States; reduce the vulnerability of the United States to terrorism; minimize damage, and assist in the recovery from terrorist attacks that do occur within the United States; carry out all the functions of entities transferred to the Department, including by acting as focal point regarding natural and manmade crises and emergency planning; ensure that the function of the agencies and subdivisions within the Department that are not related directly to securing the homeland are not diminished or neglected except by a specific explicit Act of Congress; and monitor connection between illegal drug trafficking and terrorism, coordinate efforts to serve such connections, and otherwise contribute to efforts to interdict illegal drug trafficking.

# APPLICANT ELIGIBILITY INDEX

The alphabet(s) in parenthesis following the program title, shows the type(s) of assistance available through that program. The alphabet codes with accompanying types of assistance are as follows:

- A: Formula Grants
- B: Project Grants
- C: Direct Payments for Specified Use
- D: Direct Payments with Unrestricted Use
- E: Direct Loans
- F: Guaranteed/Insured Loans
- G: Insurance
- H: Sale, Exchange, or Donation of Property and Goods
- I: Use of Property, Facilities, and Equipment
- J: Provision of Specialized Services
- K: Advisory Services and Counseling
- L: Dissemination of Technical Information
- M: Training
- N: Investigation of Complaints
- O: Federal Employment

Definitions of the types of applicants used in this Index are given below.

**Individual** - Any person or persons, as individuals, groups, or profit making organizations. Such persons and groups do not represent Federally Recognized Indian Tribal Governments. Includes Indians or other Native Americans who apply as individuals rather than as a member of a tribe or other Indian organization.

**Local** - Agencies or instrumentalities of political subdivisions within a State, to include cities, towns, townships, parishes, municipalities, villages, counties, school districts, and other special local districts. Included under local are Indian tribes on State reservations, Indian bands and group, Pueblos, Indian school boards, and State designated Indian tribes. Local does not include institutions of higher education and hospitals.

**Nonprofit** - A public or private agency or organization established by charter to perform specialized functions or services for the benefit of all or part of the general public. Functions or services are provided without charge or at cost, and earn no profit. The agency or organization has no shareholders to receive dividends.

**State** - Any agency or instrumentality of the fifty States of the United States, and the District of Columbia. State does not include the political subdivisions of the State, but does include institutions of higher education and hospitals.

**U.S. Territories** - Any agency or instrumentality of the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, the Trust Territories of the Pacific Islands, and Mariana Islands. Included are the political subdivisions of the territories, institutions of higher education, and hospitals.

**Federally Recognized Indian Tribal Organizations** - The governing body or a governmental agency of an Indian Tribe, nation, or other organized group or community recognized and certified by the Secretary of the Interior. Included are Native villages as defined in the Alaska Native Claims Settlement Act.

(Note: The information contained in this Index was taken from the Applicant Eligibility section of the program descriptions and from other sources. As a potential applicant, if you feel you also qualify to apply for assistance under a particular program but the Index says otherwise, always contact the agency contact persons. As regarding whether or not a potential applicant is eligible for a program, the agency is always the best source.)

## 10.051 COMMODITY LOANS AND LOAN DEFICIENCY PAYMENTS

(Price Supports)

### FEDERAL AGENCY:

Farm Service Agency, Department of Agriculture

### AUTHORIZATION:

Food, Conservation, and Energy Act of 2008, Public Law 110-246.

### OBJECTIVES:

To improve and stabilize farm income, to assist in bringing about a better balance between supply and demand of the commodities, and to assist farmers in the orderly marketing of their crops.

### TYPES OF ASSISTANCE:

DIRECT LOANS; DIRECT PAYMENTS WITH UNRESTRICTED USE

### USES AND USE RESTRICTIONS:

Loans and loan deficiency payments (LDP's) give farmers a means of promoting more orderly marketing. Loans to producers may be "nonrecourse" which means that producers have the option of forfeiting the collateral to CCC at loan maturity in full satisfaction of the loan obligation; or "recourse" for low quality grain, or un-ginned seed cotton, which means that producers must repay the loans by maturity." If market prices are above the support level producers may repay their loans at the original loan principal plus interest and market their commodities. When market prices are low, most nonrecourse commodity loan repayments are less than the original loan principal plus interest. Eligible commodities for loans are feed grains, wheat, rice, peanuts, tobacco, upland cotton, extra-long staple cotton, sugar, soybeans, crambe, canola, flaxseed, mustard seed, rapeseed, safflower, and sunflower seed. LDP's are offered for feed grains, wheat, upland cotton, rice, soybeans, crambe, canola, flaxseed, mustard seed, rapeseed, safflower, and sunflower seed. If the loan repayment rates for these commodities are less than the established loan levels, producers may, for most commodities that are eligible for a nonrecourse loan, agree to forego such loan and elect to receive an LDP. The LDP payment rate equals the amount by which the loan rate exceeds the loan repayment rate in effect at the time the LDP application is approved, or the delivery date for commodities delivered directly to processor, buyer, or warehouse from the field. LDP's and any gain realized from repaying a loan at a level lower than the original loan level are subject to a \$75,000 per "person" payment limitation, except for crops produced in 1999, for which the payment limitation is \$150,000 per "person".

### Applicant Eligibility:

Owner, landlord, tenant, or sharecropper on an eligible farm that has produced the eligible commodities or, in the case of sugar, a processor or refiner who meets program requirements as announced by the Secretary.

### Beneficiary Eligibility:

Owner, landlord, tenant, or sharecropper on a farm that has produced the eligible commodities, meets program requirements as announced by the Secretary, and maintains beneficial interest in the commodity.

### Credentials/Documentation:

Record of farming operation must be on file in the FSA county office. This program is excluded from coverage under OMB Circular No. A-87. This program is excluded from coverage under OMB Circular No. A-87.

### Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

### Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. This program is excluded from coverage under OMB Circular No. A-110. In the case of warehouse-stored commodities, producer or Cooperative Marketing Association presents warehouse receipts to the FSA county office (warehouse-stored peanut and tobacco loans are made through producer associations). In the case of farm-stored commodities (including sugar), producer/processor or Cooperative Marketing Association requests a loan at the FSA county office.

### Award Procedure:

Applications are approved by the FSA upon determination that applicant and

commodity are eligible.

### Deadlines:

Sep 30, 2009 Loans and LDP's are available for wheat, barley, oats, canola, flaxseed, crambe, and rapeseed and loans are available for quota peanuts pledged as collateral for farm-stored loans through March 31 of the year following the year in which the crop is normally harvested. Loans and LDP's are available for rice, corn, grain sorghum, cotton, soybeans, safflower, sunflower seed and mustard seed through May 31 of the year following the year in which the crop is normally harvested. Loans are available for sugar through September 30.

### Range of Approval/Disapproval Time:

From 15 to 30 days. Approximately 3 days.

### Appeals:

From 60 to 90 days. Applications may be reviewed by county, State, or national offices.

### Renewals:

Not Applicable.

### Formula and Matching Requirements:

This program has no statutory formula.  
This program has no matching requirements.  
This program does not have MOE requirements.

### Length and Time Phasing of Assistance:

Assistance is generally available for 9 months or less, and is normally disbursed on a lump-sum basis. Method of awarding/releasing assistance: lump sum.

### Reports:

### Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Periodic and required spot checks of farm-stored grain will be made by the county FSA office. Recipients are subject to audit by Office of Inspector General, USDA.

**10.055 DIRECT AND COUNTER-CYCLICAL PAYMENTS PROGRAM (DCP)**

**FEDERAL AGENCY:**

Farm Service Agency, Department of Agriculture

**AUTHORIZATION:**

The Farm Security and Rural Investment Act of 2002, Public Law 107-171.

**OBJECTIVES:**

To provide income support to eligible producers of covered commodities.

**TYPES OF ASSISTANCE:**

DIRECT PAYMENTS FOR A SPECIFIED USE

**USES AND USE RESTRICTIONS:**

With respect to Fiscal Year 2002 payments, CCC will offer to enter into a contract with eligible producers of covered commodities on October 1, 2002 through the date announced by CCC. With respect to Fiscal Years 2003 through 2007, CCC shall offer to annually enter into a contract with an eligible producer on a farm having base acreage with respect to a covered commodity at the beginning of each such fiscal year 2003 through 2007 through the date announced by CCC for each such year.

**Applicant Eligibility:**

To be eligible for payments under DCP, owners, operators, landlords, tenants, or sharecroppers must (1) share in the risk of producing a crop on base acres on a farm enrolled in DCP, and be entitled to share in the crop available for marketing from the base acres, or would have shared had a crop been produced; (2) annually report the use of the farm's cropland acreage; (3) comply with conservation and wetland protection requirements on all of their land; (4) comply with planting flexibility requirements; (5) use the base acres for agricultural or related activities; and (5) protect all base acres from erosion, including providing sufficient cover as determined necessary by the county FSA committee, and control weeds.

**Beneficiary Eligibility:**

DCP provides payments to eligible producers on farms enrolled for the 2002 through 2007 crop years.

**Credentials/Documentation:**

As a condition of eligibility for direct and counter-cyclical payments, the operator or owner must submit a report of all cropland acreage on the farm. Reports of production evidence for all covered commodities shall be provided to the county committee of the county where the farm is administratively located, by farm and crop in such manner as required by CCC on a CCC-approved standard, uniform form designated by CCC. When disposition of production has been through commercial channels, CCC may require the producer to furnish documentary evidence in order to verify the information provided on the report of production. This program is excluded from coverage under OMB Circular No. A-87.

**Preapplication Coordination:**

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

**Application Procedures:**

This program is excluded from coverage under OMB Circular No. A-102. This program is excluded from coverage under OMB Circular No. A-110. The CCC-509 must be submitted. The following documents are required and

applicable determinations must be made before the county committee can approve a producer's share on the CCC-509 for payment: (1) a farm operating plan (CCC-502 and related forms); (2) an average adjusted gross income certification (CCC-526); (3) a certification of compliance with highly erodible land and wetland conservation provisions (AD-1026). A certification of the acreage of all cropland on the farm (FSA-578) is needed before final payments can be issued.

**Award Procedure:**

Producers may elect to receive their direct payments in two installments per year: (1) the first payment, available in December of the fiscal year, is up to 50 percent of the total payment; (2) the balance of the total direct payment is available in October of the fiscal year after the fiscal year the payment is earned. Producers who do not elect to take the first direct payment will receive the entire direct payment at this time. Producers may elect to receive up to three counter-cyclical payments per year: (1) first partial payments are available in October of the calendar year in which the crop is harvested. These payments cannot exceed 35 percent of the total projected payment; (2) second partial payments, up to 70 percent of the projected payment, minus the amount of the first partial payment, are available the following February (the year after the crop is harvested); (3) final payments are made after the end of the marketing year for the crop. Producers who do not elect to take the first and second advance payments will receive the entire counter-cyclical payment at this time.

**Deadlines:**

Dec 22, 2008 to Jun 01, 2009 Please contact the program contact listed in the Information Contacts section below.

**Range of Approval/Disapproval Time:**

From 15 to 30 days. Approval of payments depends on farmer compliance with conservation and wetland protection requirements on all of the producers' farms, planting flexibility requirements and other eligibility requirements mentioned above, and is fairly routine and prompt.

**Appeals:**

From 15 to 30 days. A producer may obtain reconsideration and review of any adverse determination made under this part in accordance with the appeal regulations found at parts 11 and 780 of Title 7 Agriculture.

**Renewals:**

Farm producers must apply for DCP on an annual basis and can opt out of participating in DCP for any year if they so choose.

**Formula and Matching Requirements:**

This program has no statutory formula.  
This program has no matching requirements.  
This program does not have MOE requirements.

**Length and Time Phasing of Assistance:**

The DCP payment schedule for 2002 and 2003 crop years is in the hyperlink provided below. The payment schedule for the 2004-2007 crop years parallels the schedule for the 2003 crop year, though the Deficit Reduction Act of 2005 reduced the advance direct payment rate to a maximum of 22 percent. <http://www.fsa.usda.gov/pas/publications/facts/html/dcp03.htm>. Method of awarding/releasing assistance: lump sum.

**10.168 FARMERS' MARKET PROMOTION PROGRAM**

(Farmers' Market Promotion Program)

**FEDERAL AGENCY:**

Agricultural Marketing Service, Department of Agriculture

**AUTHORIZATION:**

Section 5 of the Farmer-to-Consumer Direct Marketing Act of 1976, Public Law 94-463, as amended by Section 10605 of the Farm Security and Rural Investment Act of 2002, Public Law 107-171.

**OBJECTIVES:**

To increase domestic consumption of agricultural commodities assisting in the improvement and expansion of domestic farmers markets, roadside stands, community-supported agriculture programs, and other direct producer-to-consumer market opportunities; and develop, or aid in the development of, new farmers markets, roadside stands, community-supported agriculture programs, and other direct producer-to-consumer infrastructures.

**TYPES OF ASSISTANCE:****PROJECT GRANTS****USES AND USE RESTRICTIONS:**

Projects must improve and expand, or assist in the improvement and expansion of, domestic farmers markets, roadside stands, community-supported agriculture programs, and other direct producer-to-consumer market opportunities through innovative approaches to market operations and management, improving access to relevant marketing and financial information, and consumer-based education and market access. Eligible entities must apply for FMPP funds on behalf of direct marketing operations that include two or more farmers/farm vendors who produce and sell their own products through a common distribution channel. Use of funds are based on documented needs, excluding, however, routine operational expenses such as management salaries or other salaries associated with normal operation of farm markets/marketing entities, utility bills, and insurance premiums. FMPP grant funds cannot be used to pay for acquisition, repair, rehabilitation, or construction of a building or facility; acquisition of land; political or lobbying activities; or any activities prohibited by 7 CFR parts 3015 and 3019. Additional detail and justification must be provided for any purchase that is expected to exceed \$5,000.

**Applicant Eligibility:**

Agricultural cooperatives, local governments, nonprofit corporations, public benefit corporations, economic development corporations, regional farmers market authorities, and Tribal governments. Projects must be located within the 50 States or the District of Columbia.

**Beneficiary Eligibility:**

Direct marketing operations that include two or more farm vendors who produce and sell their own products through a common marketing channel, and consumers.

**Credentials/Documentation:**

Applicants must provide documentation as to how they meet the definition of an eligible entity. This program is excluded from coverage under OMB Circular No. A-87.

**Preapplication Coordination:**

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

**Application Procedures:**

This program is excluded from coverage under OMB Circular No. A-102. This program is excluded from coverage under OMB Circular No. A-110. Applicants must submit forms SF-424, SF-424A, and SF-424B, an eligibility statement, a narrative description of the proposal including project title, executive summary, goals, background, workplan and resource requirements, and expected results, a supplemental budget summary, and any supporting documents such as letters of support.

**Award Procedure:**

Applications are reviewed and approved or disapproved by the Agricultural Marketing Service in competition with other applications received. Grantees are notified of the amount awarded by allotment letter. Grant payments are made on a reimbursable basis.

**10.200 GRANTS FOR AGRICULTURAL RESEARCH, SPECIAL RESEARCH GRANTS**

Special Research Grants (SRGP)

**FEDERAL AGENCY:**

National Institute of Food and Agriculture, Department of Agriculture

**AUTHORIZATION:**

Section 2 (c), Public Law 89-106, 7 U.S.C. 450i(c), as amended, 7 U.S.C. 450i(c).

**OBJECTIVES:**

To carry out research, to facilitate or expand promising breakthroughs in areas of the food and agricultural sciences of importance to the nation and to facilitate or expand on-going State-Federal food and agricultural research programs.

**TYPES OF ASSISTANCE:**

PROJECT GRANTS

**USES AND USE RESTRICTIONS:**

Grant funds must be used for allowable costs necessary to conduct approved fundamental and applied research, extension and education objectives to address food and agricultural sciences. Awards are generally limited to high priority problems of a regional or national scope. NIFA has determined that grant funds awarded under this authority may not be used for the renovation or refurbishment of research, education, or extension space; the purchase or installation of fixed equipment in such space; or the planning, repair, rehabilitation, acquisition, or construction of buildings or facilities.

Funds may not be used for any purposes other than those approved in the grant award documents.

Funds shall not be used for tuition remission.

Generally, Indirect Costs are generally not allowable for this program. Please refer to RFA, Part IV.D. Applications Funding Restrictions for specific details.

However, the following programs are EXCEPTIONS to the general rule:

- (1) Aquaculture Centers [ 7 U.S.C. 3322(d)]
- (2) Critical Agricultural Materials (Pub. L. 95-592)
- (3) Federal Administration - Research
- (4) Pest Management Alternatives (aka PMAP) and
- (5) Supplemental and Alternative Crops [ 7 U.S.C. 3319d (c)].

For the above-referenced five (5) EXCEPTIONS to the general rule, the following provisions are applicable:

Section 7132 of the Food, Conservation, and Energy Act of 2008 amended the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (7 U.S.C. 3310(a)), limiting indirect costs for grants to 22 percent of the total Federal funds provided under each award. Therefore, when preparing budgets, applicants should limit their requests for recovery of indirect costs to the lesser of their institutions official negotiated indirect cost rate or the equivalent of 22 percent of total Federal funds awarded.

The following Special Note is also applicable to the above-referenced five (5) exceptions to the Indirect Cost provisions:

**\*\*Special Note - Use of Indirect Costs as In-Kind Matching Contributions.** Indirect costs may be claimed under the Federal portion of the award budget or, alternatively, indirect costs may be claimed as a matching contribution (if no indirect costs are requested under the Federal portion of the award budget). However, unless explicitly authorized in the RFA, indirect costs may not be claimed on both the Federal portion of the award budget and as a matching contribution, unless the total claimed on both the Federal portion of the award budget and as a matching contribution does not exceed the maximum allowed indirect costs or the institutions negotiated indirect cost rate, whichever is less. An awardee may split the allocation between the Federal and non-Federal portions of the budget only if the total amount of indirect costs charged to the project does not exceed the maximum allowed indirect costs or the institutions negotiated indirect cost rate, whichever is less. For example, if an awardees' indirect costs are capped at 22 percent pursuant to section 1462(a) of NARETPA (7 U.S.C. 3310(a)), the awardee may request 11 percent of the indirect costs on both the Federal portion of the award and as a matching contribution. Or, the awardee may request any similar percentage that, when combined, does not exceed the maximum indirect cost rate of 22 percent. Fully discretionary.

**Applicant Eligibility:**

Special Research Grants: State agricultural experiment stations, all colleges and universities, other research institutions and organizations, Federal agencies, private organizations or corporations and individuals having a demonstrable capacity to conduct research activities to facilitate or expand promising breakthroughs in areas of the food and agricultural sciences of importance to the United States.

**Beneficiary Eligibility:**

For Special Research Grants: State agricultural experiment stations, all colleges and universities, other research institutions and organizations, Federal agencies, private organizations or corporations and individuals having a demonstrable capacity to conduct research activities to facilitate or expand promising breakthroughs in areas of the food and agricultural sciences of importance to the United States.

**Credentials/Documentation:**

A Data Universal Number System (DUNS) number must be obtained - A DUNS number is a unique number that identifies an organization. It has been adopted by the Federal government to help track how Federal grant money is distributed. If your organization does not have a DUNS number, call the special

Dun & Bradstreet hotline at (1-866) 705-5711 to receive one free of charge. You will receive a DUNS number within several days of your request. Please note, individual proprietorships (i.e. farmers, ranchers) can request and receive a DUNS number, but must register with Grants.gov as an organization, not as an individual. Registration with Central Contractor Registry (CCR) is required - The CCR is the central government repository for organizations working with the Federal government. If your organization is not already registered, identify the primary contact who should register your organization. When your organization registers with CCR, it will be required to designate an e-Business Point of Contact (e-Business POC). The e-Business POC authorizes individuals to submit grant applications on behalf of the organization and creates a special password called a Marketing Partner ID Number (M-PIN) to verify individuals authorized to submit grant applications for the organization. Visit the CCR Web site at <http://www.ccr.gov> to begin this process. It may take several days to collect the information needed for your organizations registration. The CCR Assistance Center can be reached at (888) 227-2423. This information collection is approved under OMB Control No. 0524-0039, NIFA Application Kit for Research and Extension Programs. Applicants must furnish the information required in the request for applications (RFAs). Successful applicants recommended for funding must furnish the information and assurances requested during the award documentation process. These include, but are not limited to the following:

Organizational Management Information - Specific management information relating to an applicant shall be submitted on a one time basis, with updates on an as needed basis, as part of the responsibility determination prior to the award of a grant identified under this RFA, if such information has not been provided previously under this or another NIFA program. NIFA will provide copies of forms recommended for use in fulfilling these requirements as part of the preaward process. Although an applicant may be eligible based on its status as one of these entities, there are factors which may exclude an applicant from receiving Federal financial and nonfinancial assistance and benefits under this program (e.g., debarment or suspension of an individual involved or a determination that an applicant is not responsible based on submitted organizational management information). This information collection is approved under OMB Circular Control No. 0524-0026, Assurance of Compliance with the Department of Agriculture Regulations Assuring Civil Rights, Compliance and Organization Information.. OMB Circular No. A-87 applies to this program.

#### **Preapplication Coordination:**

All RFAs are published on the Agencies website and Grants.gov. Applicants must complete the Grants.gov registration process. Please see the following Grants.gov link for more information: [http://www.grants.gov/applicants/get\\_registered.jsp](http://www.grants.gov/applicants/get_registered.jsp). An environmental impact statement is required for this program. This program is excluded from coverage under E.O. 12372.

#### **Application Procedures:**

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Applications should be submitted as outlined in the RFA. Applications must follow the instructions provided per Grants.Gov and in the Agency guide to submitting applications via Grants.gov.

#### **Award Procedure:**

Applications are subjected to a system of peer and merit review in accordance with section 103 of the Agricultural Research, Extension and Education Reform Act of 1998 (7 U.S.C. 1613) by a panel of qualified scientists and other appropriate persons who are specialists in the field covered by the proposal. Within the limit of funds available for such purpose, the NIFA Authorized Departmental Officer (ADO) shall make grants to those responsible, eligible applicants whose applications are judged most meritorious under the procedures set forth in the RFA.

Reviewers will be selected based upon training and experience in relevant scientific, extension, or education fields, taking into account the following factors: (a) The level of relevant formal scientific, technical education, or extension experience of the individual, as well as the extent to which an individual is engaged in relevant research, education, or extension activities; (b) the need to include as reviewers experts from various areas of specialization within relevant scientific, education, or extension fields; (c) the need to include as reviewers other experts (e.g., producers, range or forest managers/operators,

and consumers) who can assess relevance of the applications to targeted audiences and to program needs; (d) the need to include as reviewers experts from a variety of organizational types (e.g., colleges, universities, industry, state and Federal agencies, private profit and non-profit organizations) and geographic locations; (e) the need to maintain a balanced composition of reviewers with regard to minority and female representation and an equitable age distribution; and (f) the need to include reviewers who can judge the effective usefulness to producers and the general public of each application. Evaluation Criteria will be delineated in the RFA.

Contact the headquarters, as appropriate, for application deadlines. See Section : 152 for specific details.

Further, dates for specific deadlines are announced in the RFA each fiscal year.

Section :095 - Range of Approval/Disapproval Time:

From 30 to 180 days.

#### **Appeals:**

Not Applicable.

#### **Renewals:**

Specific details are provided in the Request for Applications (RFA) each fiscal year.

#### **Formula and Matching Requirements:**

This program has no statutory formula.

This program has no matching requirements. Funds are awarded competitively. No formula grants are awarded under Subtitle K of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 [7 U.S.C. 3319e].

Generally, NIFA does NOT require matching or cost sharing support for this program.

However, the Rangeland Research Program is an EXCEPTION to the general rule. The following represents pertinent information regarding the Rangeland Research Program [7 U.S.C. 3333(a)(1)]:

Pursuant to Section 1480 of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 as amended [7 USC 3333(b)(1)], applicants are required to provide 50 percent matching funds from non-federal sources for all proposed Federal funds sought in the application. Non-federal matching contributions, such as cash and third party in kind, are accepted under this program as qualified by 7 USC 3015 and 7 USC 3019.

MOE requirements are not applicable to this program.

#### **Length and Time Phasing of Assistance:**

The term of competitive project grants and/or cooperative agreements under this program may not exceed three (3) years. Method of awarding/releasing assistance: by letter of credit.

#### **Reports:**

Grantees also are required to submit annual and summary progress reports via NIFAs Current Research Information System (CRIS). This reporting requirement was approved under OMB Control No. 0524-0042, NIFA Current Research Information System (CRIS). CRIS is an electronic, web-based inventory system that facilitates both grantee submission of project outcomes and public access to information on Federally-funded projects. Cash reports are not applicable. Grantees also are required to submit annual and summary progress reports via NIFAs Current Research Information System (CRIS). This reporting requirement was approved under OMB Control No. 0524-0042, NIFA Current Research Information System (CRIS). CRIS is an electronic, web-based inventory system that facilitates both grantee submission of project outcomes and public access to information on Federally-funded projects. A final Financial Status Report (SF-269) or Federal Financial Report (SF-425) is due within 90 days of the expiration date of the grant and should be

submitted to the Awards Management Branch, Office of Extramural Programs at the address listed below, in accordance with instructions contained in 2 CFR 3430.55 (also refer to Section 3015.82 of the Uniform Federal Assistance Regulations).

**Audits:**

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Audits will be conducted in accordance with guidelines established in the revised OMB Circular No. A-133, Audits of States, Local Governments, and Nonprofit Organizations, and implemented in 7 CFR 3052. This program is also subject to audit by the cognizant Federal audit agency and the USDA Office of Inspector General.

**Records:**

In accordance with the Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and other Non-profit Organizations [2 CFR 215, Subpart C, Section 215.53, (OMB Circular A-110)] grantees shall maintain separate records for each grant to ensure that funds are used for authorized purposes. Grant-related records are subject to inspection during the life of the grant and must be retained at least three (3) years. Records must be retained beyond the three-year period if litigation is pending or audit findings have not been resolved.

**Account Identification:**

**10.202 COOPERATIVE FORESTRY RESEARCH**

McIntire-Stennis Cooperative Forestry Research Act (M/S) Program

**FEDERAL AGENCY:**

National Institute of Food and Agriculture, Department of Agriculture

**AUTHORIZATION:**

Executive Order Public Law 87-778 (76 Stat. 806, 16 U.S.C. 582a, et seq.) signed into law on October 10, 1962 is also known as the McIntire-Stennis Cooperative Forestry Research Act. , Public Law 87-778.

**OBJECTIVES:**

The purpose of this funding is to increase forestry research in the production, utilization, and protection of forestland; to train future forestry scientists; and to involve other disciplines in forestry research. Funding should also address the high priority issues described in the current M/S Strategic Plan: Sustaining Healthy and Productive Forests: An Investment in Americas Competitive Position in the Global Marketplace: (1) science of integration; (2) forest ecosystem services; (3) human attitudes and behaviors; (4) conflict, uncertainty, and decision-making; (5) technological advancements, productivity, and forest applications; and (6) urban ecosystems.

**TYPES OF ASSISTANCE:**

FORMULA GRANTS

**USES AND USE RESTRICTIONS:**

The McIntire-Stennis Cooperative Forestry Research Act (M/S) grant is used to assist all states in carrying out a program of state forestry research at state forestry schools and colleges and developing a trained pool of forest scientists capable of conducting needed forestry research, which should include: (1) ecological restoration; (2) catastrophe management; (3) valuing and trading ecological services; (4) energy conservation, biomass energy and bio-based materials development; (5) forest fragmentation; (6) carbon sequestration and climate change; and (7) ways of fostering healthy forests and a globally competitive forest resources sector. Additionally, M/S funds should be allocated to the following high priority issues: (1) science of integration (ecosystem or landscape approaches including interdisciplinary multi-state projects); (2) forest ecosystem services; (3) human attitudes and behaviors; (4) conflict, uncertainty, and decision-making; (5) technological advancements

(biotechnology, nanotechnology and geospatial technology), productivity, and forest applications; and (6) urban ecosystems. Funding is provided to the States through a formula-based allocation process which depends on several factors. First, a base amount (approximately \$25,000) is allocated to each State; however, this base amount is excluded from the formula. The balance of funding to each State is determined through a ranking process and dependent upon the following three factors: (1) forty percent of the remaining balance is allocated based on the area of non-Federal commercial forest land; (2) forty percent is allocated based upon the volume of timber cut annually from stock; and (3) twenty percent is allocated based on the total expenditures for forestry research from non-Federal sources. Funds are then distributed to the eligible State-certified Institutions within the State as determined by the Governors designee. Applications may be submitted by State-certified Schools of Forestry as stipulated in accordance with Section 2 of Public Law 87-788, McIntire-Stennis Act. Section 7412 of the Food, Conservation, and Energy Act of 2008 amended Section 2 of the McIntire-Stennis Cooperative Forestry Act (16 U.S.C. 582a-1) to include the 1890 Land-grant Institutions and made this change effective October 1, 2008. (1) Approved CSREES M/S Projects, CSREES will fund the M/S Program for authorized activities. Funds must be expended on approved M/S projects. (2) Cost-Sharing and Matching funds are mandated in Section 4 of the McIntire-Stennis Act (16 U.S.C. 582a-3). 7 CFR 3015.50-56 prescribes the standards applicable to determining the allowability of cash and in-kind contributions for matching funds. Matching funds also must be expended on approved M/S projects. Formula grant recipients are to provide matching (as detailed in Part VIII.A.6 of the Formula Grant Opportunity (FGO)), either cash or in-kind, on a dollar-for-dollar basis (100 percent) on all Federal funds allotted. Eligible institutions located in insular areas (i.e., American Samoa, Guam, Micronesia, Northern Marianas, Puerto Rico, and the Virgin Islands) are not required to match amounts at or below \$100,000, if the allocation is below \$200,000. (3) Waiver of Indirect Costs. Only applicable to Insular Areas (i.e., American Samoa, Guam, Micronesia, Northern Marianas, Puerto Rico, and the Virgin Islands) for amounts at or below \$200,000. (4) Indirect Costs and Tuition Remission. In accordance with Section 1473 of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (7 U.S.C. 3319), indirect costs and tuition remission are unallowable as an M/S formula grant or matching expenditure.

**Applicant Eligibility:**

Funds are appropriated by Congress for distribution to State institutions certified as eligible by a State representative designated by the Governor of each State. Funds are apportioned among States by the Secretary of Agriculture after consultation with a National Advisory Council representing the State-certified forestry schools and other groups concerned with forestry research. This program is also available to Guam, Puerto Rico, the Virgin Islands, American Samoa, Northern Mariana Islands, and Micronesia.

**Beneficiary Eligibility:**

Funds are appropriated by Congress for distribution to State institutions certified as eligible by a State representative designated by the Governor of each State. Funds are apportioned among States by the Secretary of Agriculture after consultation with a National Advisory Council representing the State-certified forestry schools and other groups concerned with forestry research. This program is also available in Guam, Puerto Rico, the Virgin Islands, American Samoa, Northern Mariana, and Micronesia.

**Credentials/Documentation:**

A Data Universal Number System (DUNS) number must be obtained - A DUNS number is a unique number that identifies an organization. It has been adopted by the Federal government to help track how Federal grant money is distributed. If your organization does not have a DUNS number, call the special Dun & Bradstreet hotline at (1-866) 705-5711 to receive one free of charge. You will receive a DUNS number within several days of your request. Please note, individual proprietorships (i.e. farmers, ranchers) can request and receive a DUNS number, but must register with Grants.gov as an organization, not as an individual. Registration with Central Contractor Registry (CCR) is required - The CCR is the central government repository for organizations working with the Federal government. If your organization is not already registered, identify the primary contact who should register your organization. When your organization registers with CCR, it will be required to designate an e-Business Point of Contact (e-Business POC). The e-Business POC authorizes individuals

to submit grant applications on behalf of the organization and creates a special password called a Marketing Partner ID Number (M-PIN) to verify individuals authorized to submit grant applications for the organization. Visit the CCR Web site at <http://www.ccr.gov> to begin this process. It may take several days to collect the information needed for your organizations registration. The CCR Assistance Center can be reached at 888-227-2423. This information collection is approved under OMB Control No. 0524-0039, CSREES Application Kit for Research and Extension Programs. Applicants must furnish the information required in the request for applications (FGOs). Successful applicants recommended for funding must furnish the information and assurances requested during the award documentation process. These include, but are not limited to the following: Organizational Management Information - Specific management information relating to an applicant shall be submitted on a one time basis, with updates on an as needed basis, as part of the responsibility determination prior to the award of a grant identified under this FGO, if such information has not been provided previously under this or another CSREES program. CSREES will provide copies of forms recommended for use in fulfilling these requirements as part of the preaward process. Although an applicant may be eligible based on its status as one of these entities, there are factors which may exclude an applicant from receiving Federal financial and nonfinancial assistance and benefits under this program (e.g., debarment or suspension of an individual involved or a determination that an applicant is not responsible based on submitted organizational management information). This information collection is approved under OMB Circular Control No. 0524-0026, Assurance of Compliance with the Department of Agriculture Regulations Assuring Civil Rights, Compliance and Organization Information.. This program is excluded from coverage under OMB Circular No. A-87.

**Preapplication Coordination:**

All Formula Grant Opportunities (FGOs) are published on the Agencies website and Grants.gov. Applicants must complete the Grants.gov registration process. Please see the following Grants.gov link for more information: [http://www.grants.gov/applicants/get\\_registered.jsp](http://www.grants.gov/applicants/get_registered.jsp). An environmental impact statement is required for this program. This program is excluded from coverage under E.O. 12372.

**Application Procedures:**

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. Applications should be submitted as outlined in the FGO. Applications must follow the instructions provided per Grants.gov. Applicants are required to submit applications in response to both an interim FGO and a final FGO. The final FGO reflects the final formula allocations for the current fiscal year (FY).

**Award Procedure:**

Funding is provided to the States through a formula-based allocation process which depends on several factors. First, a base amount (approximately \$25,000) is allocated to each State; however, this base amount is excluded from the formula. The balance of funding to each State is determined through a ranking process and dependent upon the following three factors: (1) forty percent of the remaining balance is allocated based on the area of non-Federal commercial forest land ; (2) forty percent is allocated based upon the volume of timber cut annually from stock; and (3) twenty percent is allocated based on the total expenditures for forestry research from non-Federal sources. Funds are then distributed to the eligible State-certified Institutions within the State as determined by the Governors designee. All individual MS projects, as well as the annual Programs of Research, are reviewed and approved by the National Program Leader (NPL). Funds are not released on a quarterly basis unless an annual Program of Research is approved by the NPL.

**Deadlines:**

Contact the headquarters or regional office, as appropriate, for application deadlines.

**Range of Approval/Disapproval Time:**

From 30 to 60 days. Dates for specific deadlines are announced in the FGO each fiscal year (FY).

**Appeals:**

Not Applicable.

**Renewals:**

Not applicable, each year of funding is awarded as a new grant.

**Formula and Matching Requirements:**

This program has no statutory formula.

Matching Requirements: Percent: 100%. Funding is provided to the States through a formula-based allocation process which depends on several factors. First, a base amount (approximately \$25,000) is allocated to each State; however, this base amount is excluded from the formula. The balance of funding to each State is determined through a ranking process and dependent upon the following three factors: (1) forty percent of the remaining balance is allocated based on the area of non-Federal commercial forest land; (2) forty percent is allocated based upon the volume of timber cut annually from stock; and (3) twenty percent is allocated based on the total expenditures for forestry research from non-Federal sources. Funds are then distributed to the eligible State-certified Institutions within the State as determined by the Governors designee. Formula grant recipients are to provide matching [as detailed in Part VIII.A.6 of the Formula Grant Opportunity (FGO)], either cash or in-kind, on a dollar-for-dollar basis (100%) on all Federal funds allotted. Eligible institutions located in insular areas (i.e., American Samoa, Guam, Micronesia, Northern Marianas, Puerto Rico, and the Virgin Islands) are not required to match amounts at or below \$100,000, if the allocation is below \$200,000. MOE requirements are not applicable to this program.

**Length and Time Phasing of Assistance:**

M/S funds are expected to be fully expended in the fiscal year (FY) of appropriation; however funds may be carried forward one (1) additional fiscal year (FY). These carryover funds must be fully expended by September 30 of the following year. No prior approval to carryover these funds is required from NIFA. Method of awarding/releasing assistance: quarterly.

**Reports:**

Institutions are expected to submit an annual Program of Research, a listing of all approved McIntire-Stennis projects for said institution. Institutions must submit a Form AD-416, Work Unit Description; Form AD-417, Project Classification; CSREES-2008, Assurance Form; and Project Proposal through the Current Research Information System prior to the initiation of each M/S project. The project must undergo a review process and be approved before it is incorporated into the Program of Research. Each institution shall submit a CRIS Form AD-421, Accomplishments Report, annually for each eligible project. Reports from institutions reporting on a calendar year shall be submitted by April 1, 2010 for the preceding calendar year. Reports from institutions reporting on a fiscal year shall be submitted by February 1, 2010 for the preceding fiscal year.

An Accomplishments Report, CRIS Form AD-421, shall be submitted to CSREES for each completed or terminated project. Such reports shall be submitted at the same time as are progress reports on active projects and should include a brief summary of accomplishments for the entire life of the project.

A CRIS Form AD-419, Financial and Staff Support Report, shall be submitted to CSREES annually for all projects. CRIS Form AD-419 reports are also required for expenditures on all State projects that are to be included in the non-Federal funds and matching funds computation. Reports shall be made on a fiscal year basis and are to be submitted by February 1, 2010.

Institutions are required to submit the SF-425, Federal Financial Report, per Agency instructions. NIFA uses the SF-425, Federal Financial Report to monitor cash. Grantees also are required to submit annual and summary progress reports via CSREES Current Research Information System (CRIS). This reporting requirement was approved under OMB Control No. 0524-0042, CSREES Current Research Information System (CRIS). CRIS is an electronic, web-based inventory system that facilitates both grantee submission of project outcomes and public access to information on Federally-funded projects. Institutions are required to submit the SF-425, Federal Financial Report per Agency instructions. The office listed below provides agency oversight of these reports:

**Audits:**

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Audits will be conducted in accordance with guidelines established in the revised OMB Circular No. A-133, Audits of States, Local Governments, and Nonprofit Organizations, and implemented in 7 CFR 3052. This program is also subject to audit by the cognizant Federal audit agency and the USDA Office of Inspector General.

**Records:**

In accordance with the Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and other Non-profit Organizations [2 CFR 215, Subpart C, Section 215.53, (OMB Circular A-110)] grantees shall maintain separate records for each grant to ensure that funds are used for authorized purposes. Grant-related records are subject to inspection during the life of the grant and must be retained at least three (3) years. Records must be retained beyond the three-year period if litigation is pending or audit findings have not been resolved.

**OBJECTIVES:**

To support agricultural research at State Agricultural Experiment Stations. Its  
purpose is to promote efficient production, marketing, distribution, and  
utilization of products of the farm as essential to the health and welfare of  
people and to promote a sound prosperous agriculture and rural life. Up to 25  
percent (25%) of funds to be used for integrated cooperative research and  
extension activities.

**TWO (2) PROGRAMS ARE FUNDED UNDER CFDA 10.203. SPECIFIC  
OBJECTIVES ARE AS FOLLOWS:**

(A) The Hatch Act of 1887 (Regular Research)

The Hatch Act of 1887 provides the basis for Federal funding for agricultural  
research activities at the State Agricultural Experiment Stations in the 50 States,  
the District of Columbia, and the Insular Areas.

State Agricultural Experiment Stations are eligible for funds appropriated under  
this Act according to the following formula: The previous years base plus the  
current year increase as follows:

Three percent (3%) for Federal Administration,

Twenty percent (20%) equally,

Twenty-six percent (26%) in an amount which bears the same ratio to the total  
amount to be allotted as the rural population of the State bears to the total rural  
population of all the States as determined by the last preceding decennial  
census;

Twenty-six percent (26%) t in an amount which bears the same ratio to the total  
amount to be allotted as the farm population of the State bears to the total farm  
population of all the States as determined by the last preceding decennial  
census; and

Twenty-five percent (25%) for the Hatch Multistate Research Fund.

(B) The Hatch Act of 1887 (Multistate Research)

Not less than twenty-five percent (25%) of the total Hatch Act of 1887 funding  
is allotted to the States for cooperative research employing multidisciplinary  
approaches in which a State agricultural experiment station, working with  
another State agricultural experiment station, the Agricultural Research Service,  
or a college or university, cooperates to solve problems that concern more than  
one (1) State. These funds are designated as the Multistate Research Fund,  
State Agricultural Experiment Stations. Funds are allocated on a prorata basis  
and allocations are adjusted to support national and regional projects. These  
projects and their associated budgets are reviewed and approved annually.

**USES AND USE RESTRICTIONS:**

**USES:**

Money appropriated pursuant to this Act shall also be available, in addition to  
meeting expenses for research and investigations conducted under authority of  
Section 2, for printing and disseminating the results of such research, retirement  
of employees subject to the provisions of an Act approved March 4, 1940 (54  
Stat. 39), administrative planning and direction, and for the purchase and rental  
of land and the construction, acquisition, alteration, or repair of buildings  
necessary for conducting research. The State Agricultural Experiment Stations  
are authorized to plan and conduct any research authorized under Section 2 of  
this Act in cooperation with each other and such other agencies and individuals  
as may contribute to the solution of the agricultural problems involved, and  
moneys appropriated pursuant to this Act shall be available for paying the  
necessary expenses of planning, coordinating, and conducting such cooperative  
research. Up to twenty-five percent (25%) of funds to be used for integrated  
cooperative research and extension activities.

(A) The Hatch Act of 1887 (Regular Research)

This grant is used to support continuing agricultural research at institutions  
eligible to receive funds under the Act approved July 2, 1862 (12 Stat. 503, as  
amended) (1862 Land-Grant Institutions), as well as State agricultural  
experiment stations. Funds appropriated under this section shall be used to  
conduct original and other researches, investigations, and experiments bearing  
directly on and contributing to the establishment and maintenance of a  
permanent and effective agricultural industry of the United States, including  
researches basic to the problems of agriculture in its broadest aspects, and such  
investigations as have for their purpose the development and improvement of  
the rural home and rural life and the maximum contribution by agriculture to  
the welfare of the consumer, as may be deemed advisable, having due regard to  
the varying conditions and needs of the respective States. Further, funds may be  
used printing and disseminating the results of such research, retirement of  
employees subject to the provisions of an Act approved March 4, 1940 (54 Stat.  
39), administrative planning and direction, and for the purchase and rental of  
land and the construction, acquisition, alteration, or repair of buildings  
necessary for conducting research.

(B) The Hatch Act of 1887 (Multistate Research)

In addition to the uses applicable to the Regular Research funds, Multistate  
Research funds must be used for cooperative research employing  
multidisciplinary approaches in which a State agricultural experiment station,  
working with another State agricultural experiment station, the Agricultural  
Research Service, or a college or university, cooperates to solve problems that  
concern more than one (1) State.

These funds are known as the Hatch Multistate Research Fund (MRF).

**RESTRICTIONS:**

(A) The Hatch Act of 1887 (Regular Research)

(1) Approved NIFA Hatch Projects

Hatch Federal funding must be used on approved Hatch projects including  
Hatch Multistate Research Fund (MRF) projects.

(2) Matching

Section 3(d)(1) of the Hatch Act of 1887 (7 U.S.C. 361c(d)(1)) states, with  
regard to institutions in the 50 states, no allotment shall be made to a State  
under subsection (b) or (c), and no payments from the allotment shall be made  
to a State, in excess of the amount that the State makes available out of  
non-Federal funds for agricultural research and for the establishment and  
maintenance of facilities for the performance of the research. However,  
section 3(d)(4) of the Hatch Act of 1887 (7 U.S.C. 361c(d)(4)) provides that  
Effective beginning for fiscal year (FY) 2003, in lieu of the matching funds

requirement of paragraph (1), the insular areas of American Samoa, the Commonwealth of Puerto Rico, Guam, Micronesia, Northern Mariana Islands, and the Virgin Islands of the United States shall provide matching funds from non-Federal sources in an amount equal to not less than fifty percent (50%) of the formula funds distributed by the Secretary to each of the insular areas, respectively, under this section. The Secretary may waive the matching fund requirement [of fifty percent (50%)] for any fiscal year (FY) if the Secretary determines that the government of the insular area will be unlikely to meet the matching requirement for the fiscal year (FY).

Section 7403 of the Food, Conservation, and Energy Act of 2008 amended section 3(d)(4) of the Hatch Act to subject the District of Columbia to the same matching requirements as the insular 1862 Land-Grant Institutions upon enactment (May 22, 2008).

NIFA may consider and approve matching waivers submitted by State Agricultural Experiment Stations in the Insular Areas and the District of Columbia.

### (3) Indirect Costs and Tuition Remission

In accordance with section 1473 of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (7 U.S.C. 3319), indirect costs and tuition remission are unallowable as Hatch formula grant expenditures.

### (B) The Hatch Act of 1887 (Multistate Research)

#### (1) Approved NIFA Hatch MRF Projects

Hatch MRF Federal funding must be used on approved Hatch MRF projects.

#### (2) Matching

Section 3(d)(1) of the Hatch Act of 1887 (7 U.S.C. 361c(d)(1)) states, with regard to institutions in the 50 states, no allotment shall be made to a State under subsection (b) or (c), and no payments from the allotment shall be made to a State, in excess of the amount that the State makes available out of non-Federal funds for agricultural research and for the establishment and maintenance of facilities for the performance of the research. However, section 3(d)(4) of the Hatch Act of 1887 (7 U.S.C. 361c(d)(4)) provides that Effective beginning for fiscal year (FY) 2003, in lieu of the matching funds requirement of paragraph (1), the insular areas of American Samoa, the Commonwealth of Puerto Rico, Guam, Micronesia, Northern Mariana Islands, and the Virgin Islands of the United States shall provide matching funds from non-Federal sources in an amount equal to not less than fifty percent (50%) of the formula funds distributed by the Secretary to each of the insular areas, respectively, under this section. ... The Secretary may waive the matching fund requirement [of fifty percent (50%)] for any fiscal year (FY) if the Secretary determines that the government of the insular area will be unlikely to meet the matching requirement for the fiscal year (FY).

Section 7403 of the Food, Conservation, and Energy Act of 2008 amended section 3(d)(4) of the Hatch Act to subject the District of Columbia to the same matching requirements as the insular 1862 Land-Grant Institutions upon enactment (May 22, 2008).

NIFA may consider and approve matching waivers submitted by State Agricultural Experiment Stations in the Insular Areas and the District of Columbia.

### (3) Indirect Costs and Tuition Remission

In accordance with section 1473 of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (7 U.S.C. 3319), indirect costs and tuition remission are unallowable as Hatch MRF formula grant expenditures.

Section 3(d)(1) of the Hatch Act of 1887 (7 U.S.C. 361c(d)(1)) states, with regard to institutions in the 50 states, no allotment shall be made to a State under subsection (b) or (c), and no payments from the allotment shall be made to a State, in excess of the amount that the State makes available out of non-Federal funds for agricultural research and for the establishment and maintenance of facilities for the performance of the research. However, section 3(d)(4) of the Hatch Act of 1887 (7 U.S.C. 361c(d)(4)) provides that Effective beginning for fiscal year (FY) 2003, in lieu of the matching funds requirement of paragraph (1), the insular areas of American Samoa, the Commonwealth of Puerto Rico, Guam, Micronesia, Northern Mariana Islands, and the Virgin Islands of the United States shall provide matching funds from

non-Federal sources in an amount equal to not less than fifty percent (50%) of the formula funds distributed by the Secretary to each of the insular areas, respectively, under this section. ... The Secretary may waive the matching fund requirement [of fifty percent (50%)] for any fiscal year (FY) if the Secretary determines that the government of the insular area will be unlikely to meet the matching requirement for the fiscal year (FY).

Section 7403 of the Food, Conservation, and Energy Act of 2008 amended section 3(d)(4) of the Hatch Act to subject the District of Columbia to the same matching requirements as the insular 1862 Land-Grant Institutions upon enactment (May 22, 2008).

### **Applicant Eligibility:**

#### (A) The Hatch Act of 1887 (Regular Research)

Hatch Act funds are provided for agricultural research on an annual basis to the State Agricultural Experiment Stations (SAESs) which were established under the direction of the college or university or agricultural departments of the college or university in each State in accordance with the act approved July 2, 1862 (7 U.S.C. 301 et seq.); or such other substantially equivalent arrangements as any State shall determine.

Award recipients may subcontract to organizations not eligible to apply for funding provided that such arrangements are necessary to complete the project.

#### (B) The Hatch Act of 1887 (Multistate Research)

Hatch Act funds are provided for agricultural research on an annual basis to the State Agricultural Experiment Stations (SAESs) which were established under the direction of the college or university or agricultural departments of the college or university in each State in accordance with the act approved July 2, 1862 (7 U.S.C. 301 et seq.); or such other substantially equivalent arrangements as any State shall determine.

Award recipients may subcontract to organizations not eligible to apply for funding provided that such arrangements are necessary to complete the project.

### **Beneficiary Eligibility:**

Funds under the Hatch Act are allocated in accordance with the statutory formula stated in the Act to the State agricultural experiment stations of the 50 States, the District of Columbia, Guam, Puerto Rico, the Virgin Islands, American Samoa, Micronesia, and Northern Mariana Islands. These institutions have been identified and declared eligible by their respective State legislatures.

### **Credentials/Documentation:**

A Data Universal Number System (DUNS) number must be obtained - A DUNS number is a unique number that identifies an organization. It has been adopted by the Federal government to help track how Federal grant money is distributed. If your organization does not have a DUNS number, call the special Dun & Bradstreet hotline at 1-866-705-5711 to receive one (1) free of charge. You will receive a DUNS number within several days of your request. Please note, individual proprietorships (i.e. farmers, ranchers) can request and receive a DUNS number, but must register with Grants.gov as an organization, not as an individual.

Registration with Central Contractor Registry (CCR) is required - The CCR is the central government repository for organizations working with the Federal government. If your organization is not already registered, identify the primary contact who should register your organization. When your organization registers with CCR, it will be required to designate an e-Business Point of Contact (e-Business POC). The e-Business POC authorizes individuals to submit grant applications on behalf of the organization and creates a special password called a Marketing Partner ID Number (M-PIN) to verify individuals authorized to submit grant applications for the organization. Visit the CCR Web site at <http://www.ccr.gov> to begin this process. It may take several days to collect the information needed for your organizations registration. The CCR Assistance Center can be reached at 888-227-2423. This information collection is approved under OMB Control No. 0524-0039, NIFA Application Kit for Research and Extension Programs.

Applicants must furnish the information required in the request for applications (FGOs). Successful applicants recommended for funding must furnish the

information and assurances requested during the award documentation process. These include, but are not limited to the following:

Organizational Management Information - Specific management information relating to an applicant shall be submitted on a one (1) time basis, with updates on an as needed basis, as part of the responsibility determination prior to the award of a grant identified under this FGO, if such information has not been provided previously under this or another NIFA program. NIFA will provide copies of forms recommended for use in fulfilling these requirements as part of the preaward process. Although an applicant may be eligible based on its status as one (1) of these entities, there are factors which may exclude an applicant from receiving Federal financial and nonfinancial assistance and benefits under this program (e.g., debarment or suspension of an individual involved or a determination that an applicant is not responsible based on submitted organizational management information). This information collection is approved under OMB Circular Control No. 0524-0026, Assurance of Compliance with the Department of Agriculture Regulations Assuring Civil Rights, Compliance and Organization Information.. This program is excluded from coverage under OMB Circular No. A-87.

**Preapplication Coordination:**

All Formula Grant Opportunities (FGOs) are published on the Agencies website and Grants.gov. Applicants must complete the Grants.gov registration process. Please see the following Grants.gov link for more information: [http://www.grants.gov/applicants/get\\_registered.jsp](http://www.grants.gov/applicants/get_registered.jsp). This program is excluded from coverage under E.O. 12372.

Pre-award form submissions must be submitted to the Hatch as a new application on the [www.grants.gov](http://www.grants.gov) website. As noted previously, these application packages complement, rather than duplicate, the information collected via the Plan of Work (POW) system and the Current Research Information System (CRIS), and together satisfy all legislative and regulatory pre-award requirements.

Section 202 of the Agricultural Research, Extension, and Education Reform Act of 1998 (AREERA) amended the Smith-Lever Act and the Hatch Act to require approved plans of work for agricultural extension and research activities at 1862 Land-Grant Institutions in order to receive Federal funding. Therefore, each 1862 Land-Grant Institution must submit both a 5-Year Plan of Work Update (i.e., submitted each year as an update) and an Annual Report of Accomplishments and Results. Both reports were due by April 1.

Specific project details and pertinent information should be entered in the Current Research Information System (CRIS) as in prior years. CRIS is the U.S. Department of Agriculture's documentation and reporting system for ongoing agricultural, food and nutrition, and forestry research and education. CRIS contains over 30,000 descriptions of current, publicly-supported research and education activities. This work is sponsored or conducted by the USDA research agencies, the State agricultural experiment stations, the State Land-Grant Institutions and universities, State schools of forestry, cooperating schools of veterinary medicine, and USDA grant recipients. See Part VI.C. of the Formula Grant Opportunity (FGO) for specific CRIS requirements. An environmental impact statement is required for this program. This program is excluded from coverage under E.O. 12372.

**Application Procedures:**

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. State Five (5) year plans of work must be submitted to and approved by NIFA before funds are released. Applications should be submitted as outlined in the FGO. Applications must follow the instructions provided per Grants.Gov. Applicants are required to submit applications in response to both an interim FGO and a final FGO. The final FGO reflects the final formula allocations for the current fiscal year (FY).

**Award Procedure:**

The Office of Planning and Accountability and CRIS Office will notify the OEP Financial Operations Branch regarding each institutions compliance with the Plan of Work reporting requirements [i.e., Five (5) Year Plan of Work Update and an Annual Report of Accomplishments and Results]. If all current program and administrative requirements have been met by the eligible

institution, funding will continue to be released on a quarterly basis. The OEP Financial Operations Branch will notify the institutions when all requirements have been met or approved.

**Deadlines:**

Contact the headquarters or regional office, as appropriate, for application deadlines.

**Range of Approval/Disapproval Time:**

From 30 to 60 days. Section :094 - Deadlines:

Dates for specific deadlines are announced in the FGO each fiscal year (FY).

**Appeals:**

Not Applicable.

**Renewals:**

Not applicable, each year of funding is awarded as a new grant.

**Formula and Matching Requirements:**

Statutory Formula: Title The Hatch Act of 1887, Public Law 084-352. 7 U.S.C. 361c(d)(1)

Formula: Payments to States for fiscal year (FY) 1955 was a fixed base and sums appropriated in excess of 1955 level use the following fund allocation statistical factors:

- (1) Twenty percent (20%) allotted equally to each State;
- (2) Not less than Fifty-two percent (52%) to States as follows: One-half (1/2) in an amount which bears the same ratio as the rural population of the State bears to the total rural population of all the States (and the source is the 1990 Decennial Census); and one-half (1/2) in an amount which bears the same ratio as the farm population of the State bears to the total farm population of all the States (and the source is the 1990 Decennial Census); and
- (3) At least Twenty-five percent (25%) to States for cooperative research in which two (2) or more State agricultural experiment stations are cooperating to solve problems of agriculture in more than one (1) State.

Matching Requirements: Percent: 100%. (A) The Hatch Act of 1887 (Regular Research) (B) The Hatch Act of 1887 (Multistate Research)

100 percent. However, the state agricultural experiment stations in the District of Columbia and the insular areas shall provide non-Federal matching funds equal to not less than 50% of the formula funds distributed by the Secretary of Agriculture. This requirement may be waived by the Secretary.

(B) The Hatch Act of 1887 (Multistate Research)

Required Multistate Match amounts are disclosed in FGO.

MOE requirements are not applicable to this program.

**Length and Time Phasing of Assistance:**

Hatch funds are expected to be fully expended in the fiscal year (FY) of appropriation; however, funds may be carried over for up to one (1) year after the end of the year for which they were appropriated. No prior approval is required to carry over funds for one (1) additional year; however, no additional carryover requests may be considered or approved, as no legislative authority to do so is provided. Method of awarding/releasing assistance: quarterly.

**Reports:**

Institutions are expected to submit an annual Program of Research, a listing of all approved Hatch projects for said institution. Institutions must submit a Form AD-416, Work Unit Description; Form AD-417, Project Classification; NIFA-2008, Assurance Form; and Project Proposal through the Current Research Information System prior to the initiation of each Hatch project. The project must undergo a review process and be approved before it is incorporated into the Program of Research. Each institution shall submit a CRIS Form AD-421,

Accomplishments Report, annually for each eligible project. Reports from institutions reporting on a calendar year shall be submitted by April 1 for the preceding calendar year. Reports from institutions reporting on a fiscal year (FY) shall be submitted by February 1 for the preceding fiscal year (FY).

An Accomplishments Report, CRIS Form AD-421, shall be submitted to NIFA for each completed or terminated project. Such reports shall be submitted at the

same time as are progress reports on active projects and should include a brief summary of accomplishments for the entire life of the project.

A CRIS Form AD-419, Funding and Staff Support Report, shall be submitted to NIFA annually for all projects. CRIS Form AD-419 reports are also required for expenditures on all State projects that are to be included in the non-Federal funds and matching funds computation. Reports shall be made on a fiscal year (FY) basis and are to be submitted by February 1.

Section 202 of the Agricultural Research, Extension, and Education Reform Act of 1998 (AREERA) amended the Smith-Lever Act and the Hatch Act to require approved plans of work for agricultural extension and research activities at 1862 Land-Grant Institutions in order to receive Federal funding. Therefore, each 1862 Land-Grant Institution must submit both a Five (5) Year Plan of Work Update (i.e., submitted each year as an update) and an Annual

Report of Accomplishments and Results. Both reports were due by April 1. NIFA uses the SF-425, Federal Financial Report to monitor cash. Grantees also are required to submit annual and summary progress reports via NIFAs Current Research Information System (CRIS). This reporting requirement was approved under OMB Control No. 0524-0042, Current Research Information System (CRIS). CRIS is an electronic, web-based inventory system that facilitates both grantee submission of project outcomes and public access to information on Federally-funded projects.

Section 202 of the Agricultural Research, Extension, and Education Reform Act of 1998 (AREERA) amended the Smith-Lever Act and the Hatch Act to require approved plans of work for agricultural extension and research activities at 1862 Land-Grant Institutions in order to receive Federal funding. Therefore, each 1862 Land-Grant Institution must submit both a Five (5) Year Plan of Work Update (i.e., submitted each year as an update) and an Annual Report of Accomplishments and Results. Both reports were due by April 1. Institutions are required to submit the SF-425, Federal Financial Report per Agency instructions. #### **Audits:**

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Audits will be conducted in

accordance with guidelines established in the revised OMB Circular No. A-133, Audits of States, Local Governments, and Nonprofit Organizations, and implemented in 7 CFR 3052. This program is also subject to audit by the cognizant Federal audit agency and the USDA Office of Inspector General.

#### **Records:**

In accordance with the Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and other Non-profit Organizations [2 CFR 215, Subpart C, Section 215.53, (OMB Circular A-110)] grantees shall maintain separate records for each grant to ensure that funds are used for authorized purposes. Grant-related records are subject to inspection during the life of the grant and must be retained at least three (3) years. Records must be retained beyond the three-year period if litigation is pending or audit findings have not been resolved.

#### **Account Identification:**

12-1500-0-1-352.

#### **Obligations:**

(Formula Grants (Apportionments)) FY 08 \$184,555,935; FY 09 est \$195,318,449; FY 10 est \$196,100,220 - The difference between the appropriation and obligation numbers reflects legislative authorized set-asides deducted as appropriate, and in some cases the availability of obligational authority from prior years.

#### **Range and Average of Financial Assistance:**

If minimum or maximum amounts of funding are established, these will be announced in the Initial and/or Final Formula Grant Opportunity (FGO). See Appendix A of the Formula Grant Opportunity (FGO) for the specific allocation.

### **10.205 PAYMENTS TO 1890 LAND-GRANT COLLEGES AND TUSKEGEE UNIVERSITY**

Evans-Allen Research and/or Agricultural Research at 1890 Land-Grant Institutions, Including Tuskegee University and West Virginia State University

#### **FEDERAL AGENCY:**

National Institute of Food and Agriculture, Department of Agriculture

#### **AUTHORIZATION:**

Section 1445 of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (NARETPA), enacted as Title XIV of Public Law 95113 (The Food and Agriculture Act of 1977) on Sept. 29, 1977 is also known as the Evans-Allen Research Program. This law provides the basis for Federal funding for agricultural research activities at 1890 Land-Grant Institutions under the Act of August 30, 1890 (26 Stat. 417419, as amended; 7 U.S.C. 321326 and 328), including Tuskegee University and West Virginia State University. Amended by Public Law 95-547, Public Law 97-98, Public Law 99-198, Public Law 101-624, Public Law 104-127 and Public Law 105-185., 7 U.S.C 321-326 and 328.

#### **OBJECTIVES:**

To support continuing agricultural research at colleges eligible to receive funds under the Act of August 30, 1890 (26 Stat. 417-419), as amended; 7 U.S.C. 321-326 and 328), including Tuskegee University and West Virginia State University. Its purpose is to promote efficient production, marketing, distribution and utilization of products of the farm as essential to the health and welfare of people and to promote a sounds prosperous agriculture and rural life.

#### **TYPES OF ASSISTANCE:**

FORMULA GRANTS

#### **USES AND USE RESTRICTIONS:**

This grant is used to support continuing agricultural research at 1890 Land-Grant Institutions, including Tuskegee University and West Virginia State University. Funds appropriated under this section shall be used for expenses of conducting agricultural research, printing, disseminating the results of such research, contributing to the retirement of employees subject to the provisions of the Act of March 4, 1940 (54 Stat. 3940, as amended; 7 U.S.C. 331), administrative planning and direction, and purchase and rental of land and the construction, acquisition, alteration, or repair of buildings necessary for conducting agricultural research. The eligible institutions are authorized to plan and conduct agricultural research in cooperation with each other and such agencies, institutions and individuals as may contribute to the solution to the solution of agricultural problems, and funds appropriated pursuant to section 1445 shall be available for paying the necessary expenses of planning, coordinating and conducting such cooperative research. RESTRICTIONS:

(1) Approved NIFA Evans-Allen Research Projects  
NIFA will fund the Evans-Allen Research Program for authorized activities. Funds may be used on approved Evans-Allen Research Program projects.

(2) Matching

NARETPA section 1449 (7 U.S.C. 3222d) states that the State shall provide matching funds from non-Federal sources. Such matching funds shall be for an amount equal to not less than ... 100 percent of the formula [grant] funds to be distributed to the eligible institution for fiscal year 2007 and each fiscal year thereafter. ... Notwithstanding [redistributing the funds], the Secretary may waive the matching funds requirement ... above the 50 percent level for any fiscal year for an eligible institution of a State if the Secretary determines that the State will be unlikely to satisfy the matching requirement.

7 CFR 3419.1 defines matching funds as funds from non-Federal sources made available by the State to the eligible institutions ... [for] programs or activities that fall within the purposes of agricultural research and cooperative extension under sections 1444 and 1445 of NARETPA ... or [for] qualifying educational activities. Matching funds means cash contributions and excludes in-kind matching contributions. It defines non-Federal sources as funds made available by the State to the eligible institution either through direct appropriation or under any authority (other than authority to charge tuition and fees paid by students) provided by a State to an eligible institution to raise

revenue, such as gift acceptance authority or user fees. Finally, it defines qualifying educational activities as programs that address food and agricultural sciences components of an eligible institution.

7 CFR 3419.6 states that The required matching funds for the formula programs shall be used by an eligible institution for agricultural research and extension activities that have been approved in the plan of work required under sections 1444(d) and 1445(c) of the National Agricultural Research, Extension, and Teaching Policy Act of 1977... or for .. qualifying education activities.

Please note that while Federal funds must be expended on agricultural research, the matching funds may be used for agricultural research, agricultural extension, or qualifying educational activities. NIFA may consider and approve matching waivers above the 50 percent level.

(3) Indirect Costs and Tuition Remission

In accordance with NARETPA section 1473 (7 U.S.C. 3319), indirect costs and tuition remission are unallowable as Evans-Allen Research Program formula grant expenditures.

#### **Applicant Eligibility:**

Applications may be submitted by 1890 Land-Grant Universities, including Tuskegee University and West Virginia State University.

#### **Beneficiary Eligibility:**

Applications may be submitted by 1890 Land-Grant Universities, including Tuskegee University and West Virginia State University.

Applicants must furnish the information required in the request for applications (FGOs).

Successful applicants recommended for funding must furnish the information and assurances requested during the award documentation process. These include, but are not limited to the following:

Organizational Management Information - Specific management information relating to an applicant shall be submitted on a one time basis, with updates on an as needed basis, as part of the responsibility determination prior to the award of a grant identified under this FGO, if such information has not been provided previously under this or another NIFA program. NIFA will provide copies of forms recommended for use in fulfilling these requirements as part of the preaward process. Although an applicant may be eligible based on its status as one of these entities, there are factors which may exclude an applicant from receiving Federal financial and nonfinancial assistance and benefits under this

program (e.g., debarment or suspension of an individual involved or a determination that an applicant is not responsible based on submitted organizational management information). This information collection is approved under OMB Circular Control No. 0524-0026, Assurance of Compliance with the Department of Agriculture Regulations Assuring Civil Rights, Compliance and Organization Information.. This program is excluded from coverage under OMB Circular No. A-87.

**Preapplication Coordination:**

All Formula Grant Opportunities (FGOs) are published on the Agencies website and Grants.gov. Applicants must complete the Grants.gov registration process. Please see the following Grants.gov link for more information: [http://www.grants.gov/applicants/get\\_registered.jsp](http://www.grants.gov/applicants/get_registered.jsp). This program is excluded from coverage under E.O. 12372.

Pre-award form submissions must be submitted to the Hatch as a new application on the [www.grants.gov](http://www.grants.gov) website. As noted previously, these application packages complement, rather than duplicate, the information collected via the Plan of Work (POW) system and the Current Research Information System (CRIS), and together satisfy all legislative and regulatory pre-award requirements.

Section 202 of the Agricultural Research, Extension, and Education Reform Act of 1998 (AREERA) amended the Smith-Lever Act and the Hatch Act to require approved plans of work for agricultural extension and research activities at 1862 Land-Grant Institutions in order to receive Federal funding. Therefore, each 1862 Land-Grant Institution must submit both a Five (5) Year Plan of Work Update (i.e., submitted each year as an update) and an Annual Report of Accomplishments and Results. Both reports were due by April 1.

Specific project details and pertinent information should be entered in the Current Research Information System (CRIS) as in prior years. CRIS is the U.S. Department of Agriculture's documentation and reporting system for ongoing agricultural, food and nutrition, and forestry research and education. CRIS contains over 30,000 descriptions of current, publicly-supported research and education activities. This work is sponsored or conducted by the USDA research agencies, the State agricultural experiment stations, the State Land-Grant Institutions and universities, State schools of forestry, cooperating schools of veterinary medicine, and USDA grant recipients. See Part VI.C. of the Formula Grant Opportunity (FGO) for specific CRIS requirements. An environmental impact statement is required for this program. This program is excluded from coverage under E.O. 12372.

**Application Procedures:**

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. Applications should be submitted as outlined in the FGO. Applications must follow the instructions provided per Grants.Gov. Applicants are required to submit applications in response to both an interim FGO and a final FGO. The final FGO reflects the final formula allocations for the current fiscal year (FY).

**Award Procedure:**

The Office of Planning and Accountability and the OEP Formula Grants Section will be reviewing submitted documents to determine if all program, financial, and administrative requirements have been met and are current. To receive an annual allotment of funds, each eligible institution or State must first submit a plan of work to NIFA for approval. During the grant period, the Office of Planning and Accountability will notify the OEP Formula Grants Section and the institution regarding each institutions compliance with the Plan of Work reporting requirements (i.e., Five (5) Year Plan of Work Update and an Annual Report of Accomplishments and Results). If all current program and administrative requirements have been met by the eligible institution, funding will continue to be released on a quarterly basis. The OEP Formula Grants Section will notify the institutions when all requirements have been met or approved. The Office of Planning and Accountability will notify the OEP Formula Grants Section and the institution regarding each institutions compliance with the Plan of Work reporting requirements (i.e., Five (5) Year Plan of Work Update and an Annual Report of Accomplishments and Results). If all current program and administrative requirements have been met by the eligible institution, funding will continue to be released on a quarterly basis.

The OEP Formula Grants Section will notify the institutions when all requirements have been met or approved.

**Deadlines:**

Contact the headquarters or regional office, as appropriate, for application deadlines.

**Range of Approval/Disapproval Time:**

From 30 to 60 days. Dates for specific deadlines are announced in the FGO each fiscal year (FY).

**Appeals:**

Not Applicable.

**Renewals:**

Not applicable, each year of funding is awarded as a new grant.

**Formula and Matching Requirements:**

Statutory Formula: Title Evans-Allen Research, Public Law 95-113. 7 U.S.C. 321326 and 328

The 1890 Land-Grant Institutions, including Tuskegee University and West Virginia State University, are eligible for funds appropriated under this Act according to the following formula: Funds up to the total amount made available to all eligible institutions in the fiscal year ending September 30, 1978, under section 2 of the Act of August 4, 1965 (79 Stat.431; 7 U.S.C. 450i), shall be allocated among the eligible institutions in the same proportion as funds made available under section 2 of the Act of August 4, 1965, for the fiscal year ending September 30, 1978, are allocated among the eligible institutions. Of the funds in excess of that amount, 20 per cent shall be allotted among eligible institutions in equal proportions; 40 per cent shall be allotted among the eligible institutions in the proportion that the rural population of the State in which each eligible institution is located bears to the total rural population of all the States in which eligible institution are located, as determined by the last preceding decennial census current at the time each such additional sum is first appropriated; and the balance shall be allotted among the eligible institutions in the proportion that the farm population of the State in which each eligible institution is located bears to the total farm population of all the States in which the eligible institutions are located, as determined by the last preceding decennial census current at the time each such additional sum is first appropriated. In computing the distribution of the allocated funds, the allotments to Tuskegee University and Alabama A&M University shall be determined as if each institution were in a separate State.

Matching Requirements: Percent: 100.%. NARETPA section1449 (7 U.S.C. 3222d) states that the State shall provide matching funds from non-Federal sources. Such matching funds shall be for an amount equal to not less than ... 100 percent of the formula [grant] funds to be distributed to the eligible institution for fiscal year 2007 and each fiscal year thereafter. ...

Notwithstanding [redistributing the funds], the Secretary may waive the matching funds requirement ... above the 50 percent level for any fiscal year for an eligible institution of a State if the Secretary determines that the State will be unlikely to satisfy the matching requirement..

MOE requirements are not applicable to this program.

**Length and Time Phasing of Assistance:**

Evans-Allen Research Program funds are fiscal year appropriated and expected to be fully expended in the fiscal year of appropriation; however, funds may be carried over for up to one additional year. Please note there is no limitation on the amount of Federal funds that may be carried over for this one additional fiscal year. No prior approval from NIFA is required. Since this limitation is legislatively mandated, NIFA is not authorized to grant any carryover requests beyond this one additional year. Method of awarding/releasing assistance: quarterly.

**Reports:**

The Plan of Work Update and Annual Report of Accomplishments and Results should have been submitted by April 1 online at the web address: <http://pow.NIFA.usda.gov>. Institutions must submit a Form AD-416, Work Unit Description; Form AD-417, Project Classification; NIFA-2008, Assurance Form; and Project Listing through the Current Research Information System at the initiation of each Evans-Allen Research project. Each eligible institution shall submit a CRIS Form AD-421, Accomplishments Report, annually.

Reports from institutions reporting on a calendar year should have been submitted by April 1, for the preceding calendar year. Reports from institutions reporting on a fiscal year should have been submitted by February 1, for the preceding fiscal year. An Accomplishments Report, CRIS Form AD-421, shall be submitted to NIFA for each completed or terminated project. Such reports shall be submitted at the same time as are progress reports on active projects and should include a brief summary of accomplishments for the entire life of the project. A CRIS Form AD-419, Financial and Staff Support Report, shall be submitted to NIFA annually for all projects. CRIS Form AD-419 reports are also required for expenditures on all State projects that are to be included in the non-Federal funds and matching funds computation. Reports shall be made on a fiscal year basis and should have been submitted by February 1. NIFA uses the SF-425, Federal Financial Report to monitor cash. The Plan of Work Update and Annual Report of Accomplishments and Results should have been submitted by April 1 online at the web address: <http://pow.NIFA.usda.gov>. Grantees also are required to submit annual and summary progress reports via NIFA Current Research Information System (CRIS). This reporting requirement was approved under OMB Control No. 0524-0042, NIFA Current Research Information System (CRIS). CRIS is an electronic, web-based inventory system that facilitates both grantee submission of project outcomes and public access to information on Federally-funded projects. Institutions are required to submit the SF-425, Federal Financial Report per Agency instructions. The office listed below provides agency oversight of these reports: Formula Grants Section (F/S), Financial Operations Branch (FOB), Office of Extramural Programs (OEP), National Institute of Food and Agriculture (NIFA), U.S. Department of Agriculture (USDA), STOP 2298, 1400 Independence Avenue, SW, Washington, DC 20250-2298, Telephone: (202) 401-6520, Fax: (202) 690-3002, E-mail: [formulagrantquestions@nifa.usda.gov](mailto:formulagrantquestions@nifa.usda.gov). Pre-award form submissions must be submitted to the Evans-Allen Research Program as a new application on the [www.grants.gov](http://www.grants.gov) website. As noted previously, these application packages complement, rather than duplicate, the information collected via the Plan of Work (POW) and Current Research Information System (CRIS) systems, and together satisfy all legislative and regulatory pre-award requirements. The Plan of Work Update and Annual Report of Accomplishments and Results should have been submitted by April 1 online at the web address: <http://pow.NIFA.usda.gov>. Section 225 of the Agricultural Research, Extension, and Education Reform Act of 1998 (AREERA) amended NARETPA to require an approved Plan of Work for agricultural extension and research activities at 1890 Land-Grant Institutions in order to receive Federal funding. Therefore, each 1890 Land-Grant Institution, including Tuskegee University and West Virginia State University, must submit both a Five (5) Year Plan of Work Update and an Annual Report of Accomplishments and Results. Both reports are due April 1. Specific project details and pertinent information should be entered in CRIS as in prior years. CRIS is the Department of Agriculture's documentation and reporting system for ongoing agricultural, food and nutrition, and forestry research and education. CRIS contains over 30,000 descriptions of current, publicly-supported research and education activities. This work is sponsored or conducted by the USDA research agencies, the State agricultural experiment stations, the State Land-Grant Institutions and universities, State schools of forestry, cooperating schools of veterinary medicine, and USDA grant recipients. See Part IV.C. of the Formula Grant Opportunity (FGO) for specific CRIS requirements.

#### **Audits:**

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Audits will be conducted in accordance with guidelines established in the revised OMB Circular No. A-133, Audits of States, Local Governments, and Nonprofit Organizations, and implemented in 7 CFR 3052. This program is also subject to audit by the cognizant Federal audit agency and the USDA Office of Inspector General.

#### **Records:**

In accordance with the Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and other

Non-profit Organizations [2 CFR 215, Subpart C, Section 215.53, (OMB Circular A-110)] grantees shall maintain separate records for each grant to ensure that funds are used for authorized purposes. Grant-related records are subject to inspection during the life of the grant and must be retained at least three (3) years. Records must be retained beyond the three (3) year period if litigation is pending or audit findings have not been resolved.

#### **Account Identification:**

#### **Obligations:**

(Formula Grants (Apportionments)) FY 08 \$38,719,803; FY 09 est \$42,926,170; FY 10 est \$43,035,408 - The difference between the appropriation and obligation numbers reflects legislative authorized set-asides deducted as appropriate, and in some cases the availability of obligational authority from prior years.

#### **Range and Average of Financial Assistance:**

If minimum or maximum amounts of funding are established, these will be announced in the Initial and/or Final Formula Grant Opportunity (FGO).

FY08: Financial assistance amounts ranged from 69,020 to 500,000. Average across 18 grants was \$350,185

See Appendix A of the Formula Grant Opportunity (FGO) for the specific allocations.

#### **PROGRAM ACCOMPLISHMENTS:**

Fiscal Year 2008: Specific details will be provided by Program Unit at a future date. Fiscal Year 2009: Specific details will be provided by Program Unit at a future date. Fiscal Year 2010: Specific details will be provided by Program Unit at a future date.

## **10.206 GRANTS FOR AGRICULTURAL RESEARCH\_COMPETITIVE RESEARCH GRANTS**

NATIONAL RESEARCH INITIATIVE COMPETITIVE GRANTS PROGRAM (NRI)

### **FEDERAL AGENCY:**

National Institute of Food and Agriculture, Department of Agriculture

### **AUTHORIZATION:**

Competitive, Special and Facilities Research Grant Act, Section 2(2)(b), [7 U.S.C. 450i] ., 7 U.S.C 450i.

### **OBJECTIVES:**

To support research, education and extension grants that address key problems of national, regional and multistate importance in sustaining all components of agriculture (farming, ranching, forestry, aquaculture, rural communities, human nutrition and obesity, food and fiber processing, etc.) Providing this support to US agriculture requires that the NRI advance fundamental. Building on these discoveries will necessitate new efforts in education and extension that deliver science-based knowledge to people, allowing them to make informed practical decisions. All grants were awarded on a competitive basis.

### **TYPES OF ASSISTANCE:**

PROJECT GRANTS

### **USES AND USE RESTRICTIONS:**

NIFA Competitive Programs Unit administers the NRI. The purpose of the NRI Competitive Grants Program was to support research grants and integrated research, extension, and education grants that address key problems of National, regional, and multi-state importance in sustaining all components of agriculture (farming, ranching, forestry including urban and agroforestry, aquaculture, rural communities, human nutrition, processing, etc.). Providing this support requires that NRI advances fundamental sciences in support of agriculture and coordinates opportunities to build on these discoveries. Building on these discoveries will necessitate new efforts in education and extension that deliver science-based knowledge to people, allowing them to make informed practical decisions. Hence, the NRI accepted applications for fundamental research, mission-linked research, and integrated research, extension, and education projects. However, applicants should know that the NRI utilized no more than twenty-two percent (22%) of available funds to support integrated projects and that these funds were not distributed uniformly, but targeted to specific priorities. Targeted priorities for integrated projects were clearly identified within the detailed descriptions of program offerings [see Part II, E of the Fiscal Year (FY) 08 Request for Applications (RFAs)]. Funds may not be used for the renovation or refurbishment of research spaces (including energy retrofitting); purchase or installations of fixed equipment in such spaces; or planning, repair, rehabilitation, acquisition, or construction of buildings or facilities. Fully discretionary.

### **Applicant Eligibility:**

For research projects, the eligibility requirements for the NRI were as follows: except where otherwise prohibited by law, State agricultural experiment stations, all colleges and universities, other research institutions and organizations, Federal agencies, national laboratories, private organizations or corporations, and individuals were eligible to apply for and to receive a competitive grant. The Agricultural Research Enhancement Awards (AREA) have some notable differences from these requirements. See Part II C, 2. of Fiscal Year (FY) 08 Requests for Applications (RFAs).

For integrated projects, the eligibility requirements for the NRI were as follows: except where otherwise prohibited by law, State agricultural experiment stations, all colleges and universities, research foundations maintained by colleges or universities, private research organizations with established and demonstrated capacities to perform research or technology transfer, Federal research agencies, and national laboratories were eligible to apply for and receive a competitive grant. The bridge grants have some notable differences from these requirements. See Part II, C, 3(b) of Fiscal Year (FY) 08 RFAs for details.

Unsolicited applications were not considered and applications from scientists at non-United States organizations were not accepted. Award recipients may subcontract to organizations not eligible to apply provided such organizations were necessary for the conduct of the project.

### **Beneficiary Eligibility:**

For research grants eligibility includes State Agricultural Experiment Stations, U.S. colleges/universities, other U.S. research institutions and organizations, Federal agencies, national laboratories, private organizations or corporations, and individuals. For integrated research, education and extension grants eligibility includes State Agricultural Experiment Stations, U.S. colleges/universities, research foundations maintained by colleges or universities, private research organizations with established and demonstrated capacities to perform research or technology transfer, Federal research agencies and national laboratories. Proposals from scientists at non-U.S. organizations will not be considered for support.

### **Credentials/Documentation:**

A Data Universal Number System (DUNS) number must be obtained - A DUNS number is a unique number that identifies an organization. It has been adopted by the Federal government to help track how Federal grant money is distributed. If your organization does not have a DUNS number, call the special Dun & Bradstreet hotline at 1-866-705-5711 to receive one free of charge. You will receive a DUNS number within several days of your request. Please note, individual proprietorships (i.e. farmers, ranchers) can request and receive a DUNS number, but must register with Grants.gov as an organization, not as an individual.

Registration with Central Contractor Registry (CCR) is required - The CCR is the central government repository for organizations working with the Federal government. If your organization is not already registered, identify the primary contact who should register your organization. When your organization registers with CCR, it will be required to designate an e-Business Point of Contact (e-Business POC). The e-Business POC authorizes individuals to submit grant applications on behalf of the organization and creates a special password called a Marketing Partner ID Number (M-PIN) to verify individuals authorized to submit grant applications for the organization. Visit the CCR Web site at <http://www.ccr.gov> to begin this process. It may take several days to collect the information needed for your organizations registration. The CCR Assistance Center can be reached at 888-227-2423. This information collection is approved under OMB Control No. 0524-0039, NIFA Application Kit for Research and Extension Programs.

Applicants must furnish the information required in the RFAs. Successful applicants recommended for funding must furnish the information and assurances requested during the award documentation process. These include, but were not limited to the following:

Organizational Management Information - Specific management information relating to an applicant shall be submitted on a one (1) time basis, with updates on an as needed basis, as part of the responsibility determination prior to the award of a grant identified under this RFA, if such information has not been provided previously under this or another NIFA program. NIFA will provide copies of forms recommended for use in fulfilling these requirements as part of the preaward process. Although an applicant may be eligible based on its status as one of these entities, there were factors which may exclude an applicant from receiving Federal financial and nonfinancial assistance and benefits under this program (e.g., debarment or suspension of an individual involved or a determination that an applicant is not responsible based on submitted organizational management information). This information collection is approved under OMB Circular Control No. 0524-0026, Assurance of Compliance with the Department of Agriculture Regulations Assuring Civil Rights, Compliance and Organization Information.. This program is excluded from coverage under OMB Circular No. A-87.

### **Preapplication Coordination:**

All RFAs were published on the Agencies website and Grants.gov. Applicants must complete the Grants.gov registration process. Please see the following Grants.gov link for more information: [http://www.grants.gov/applicants/get\\_registered.jsp](http://www.grants.gov/applicants/get_registered.jsp). An environmental impact

statement is required for this program. This program is excluded from coverage under E.O. 12372.

**Application Procedures:**

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. Applications should be submitted as outlined in the RFA. Applications must follow the instructions provided per Grants.gov and in the Agency guide to submitting applications via Grants.gov. This information collection is approved under OMB Control No. 0524-0039, NIFA Application Kit for Research and Extension Programs.

**Award Procedure:**

Applications were subjected to a system of peer and merit review in accordance with Section 103 of the Agricultural Research, Extension, and Education Reform Act of 1998 (7 U.S.C. 7613) by a panel of qualified scientists and other appropriate persons who were specialists in the field covered by the proposal. Within the limit of funds available for such purpose, the NIFA Authorized Departmental Officer (ADO) shall make grants to those responsible, eligible applicants whose applications were judged most meritorious under the procedures set forth in the RFA. This information collection is approved under OMB Control No. 0524-0039, NIFA Application Kit for Research and Extension Programs. Reviewers were selected based upon training and experience in relevant scientific, extension, or education fields, taking into account the following factors: (a) The level of relevant formal scientific, technical education, or extension experience of the individual, as well as the extent to which an individual is engaged in relevant research, education, or extension activities; (b) the need to include as reviewers experts from various areas of specialization within relevant scientific, education, or extension fields; (c) the need to include as reviewers other experts (e.g., producers, range or forest managers/operators, and consumers) who can assess relevance of the applications to targeted audiences and to program needs; (d) the need to include as reviewers experts from a variety of organizational types (e.g., colleges, universities, industry, state and Federal agencies, private profit and non-profit organizations) and geographic locations; (e) the need to maintain a balanced composition of reviewers with regard to minority and female representation and an equitable age distribution; and (f) the need to include reviewers who can judge the effective usefulness to producers and the general public of each application.

**Deadlines:**

Contact the headquarters or regional office, as appropriate, for application deadlines.

**Range of Approval/Disapproval Time:**

094 Deadlines:

Dates for specific deadlines were announced in the RFA each fiscal year (FY).

:095 Range of Approval/Disapproval Time:

From 30 to 180 days.

**Appeals:**

Not Applicable.

**Renewals:**

Proposals for renewal, were submitted at the announced deadline. Renewals were treated in competition with all other pending proposals. Authority has been repealed Repealed per Section 7406 of the Food, Conservation, and Energy Act of 2008 The Agriculture and Food Research Initiative (AFRI) was established to replace NRI. (See CFDA 10.310.).

**Formula and Matching Requirements:**

This program has no statutory formula.

Matching Requirements: Funds were awarded competitively. No formula grants were awarded under this authority.

For equipment grants Unless criteria was met to qualify for waiver by the Secretary, matching shall not exceed 50 percent of the cost of the special research equipment or other equipment acquired using funds from the grant.

For applied research if the grant was commodity-specific; and not of national scope, the grant recipient was required to match USDA funds awarded on a dollar-for-dollar basis from non-Federal sources with cash and/or in-kind

contributions.

MOE requirements are not applicable to this program.

**Length and Time Phasing of Assistance:**

Normally, competitive research projects were supported for periods of up to four (4) years. Method of awarding/releasing assistance: by letter of credit.

**Reports:**

Grantees were required to submit annual and summary progress reports via NIFA Current Research Information System (CRIS). This reporting requirement was approved under OMB Control No. 0524-0042, NIFA Current Research Information System (CRIS). CRIS is an electronic, web-based inventory system that facilitates both grantee submission of project outcomes and public access to information on Federally-funded projects.

Quarterly Reports of Federal Cash Transactions (SF-272) were required by the Department of Health and Human Services (DHHS) ([www.dpm.psc.gov](http://www.dpm.psc.gov)) and were submitted online through the DHHS Payment Management System (PMS) website. If you become delinquent in these reports, you will not be able to access your funds. NIFA uses the SF-425, Federal Financial Report to monitor cash. **Audits:**

This program is excluded from coverage under OMB Circular No. A-133. Audits will be conducted in accordance with guidelines established in the revised OMB Circular No. A-133, Audits of States, Local Governments, and Non-profit Organizations, and implemented in 7 CFR 3052. This program is also subject to audit by the cognizant Federal audit agency and the USDA Office of Inspector General.

**Records:**

In accordance with the Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and other

Non-profit Organizations [2 CFR 215, Subpart C, Section 215.53, (OMB Circular A-110)] grantees shall maintain separate records for each grant to ensure that funds were used for authorized purposes. Grant-related records were subject to inspection during the life of the grant and must be retained at least three (3) years. Records must be retained beyond the three-year period if litigation is pending or audit findings have not been resolved.

**Account Identification:**

12-1500-0-1-352.

**Obligations:**

(Project Grants) FY 08 \$175,778,719; FY 09 est \$0; FY 10 est \$0 - The difference between the appropriation and obligation numbers reflects legislative authorized set-asides deducted as appropriate, and in some cases the availability of obligational authority from prior years. NRI was REPEALED per Section 7406 of the Food, Conservation, and Energy Act of 2008 (FCEA). The Agriculture and Food Research Initiative (AFRI) was established to replace NRI. (See CFDA 10.310.).

**Range and Average of Financial Assistance:**

Minimum and maximum amounts of funding per grant were established by the annual program announcement or RFA.

**PROGRAM ACCOMPLISHMENTS:**

Fiscal Year 2008: Significant accomplishments include: (1) Genomics - Support for international efforts to complete a draft sequence of the rice and bovine genomes. The rice sequence will serve as a model system that is now greatly accelerating the understanding of all cereals. (2) Biofuels - research has resulted in the development of more efficient bioprocessing of agricultural wastes into ethanol, making the process much more economically viable. (3) Pests and Diseases - Fundamental research has led to the development of a preventative treatment for screw worm, a devastating pest of livestock. It is estimated that this development will save US agriculture over \$1 billion annually by preventing losses in production and overcoming international trade barriers related to this pest. (For more information see the program web site [www.reusda.gov/nri](http://www.reusda.gov/nri)). Fiscal Year 2009: NRI was REPEALED per Section 7406 of the Food, Conservation, and Energy Act of 2008 (FCEA). The Agriculture and Food Research Initiative (AFRI) was established to replace NRI. **CRITERIA FOR SELECTING PROPOSALS:**

Within guidelines established for the program as described in the RFAs.

**10.207 ANIMAL HEALTH AND DISEASE RESEARCH**

ANIMAL HEALTH AND DISEASE RESEARCH (AHDR)

**FEDERAL AGENCY:**

National Institute of Food and Agriculture, Department of Agriculture

**AUTHORIZATION:**

Executive Order National Agricultural Research, Extension, and Teaching Policy Act of 1977, Section 1433, Public Law 95-113, as amended; Section 1429, Public Law 97-98; Public Law 99-198; Public Law 101-624; Public Law 104-127; Public Law 105-185. , Public Law 95-113.

**OBJECTIVES:**

The purpose of this funding is to increase animal health and disease research activities at accredited State veterinary schools or colleges or agricultural experiment stations that conduct animal health and disease research.

To support animal health and disease research at eligible Schools and Colleges of Veterinary Medicine, and State Agricultural Experiment Stations whose purpose is to improve the health and productivity of food animals and horses through effective prevention, control or treatment of disease, reduction of losses from transportation and other hazards, and protect human health through control of animal diseases transmissible to people.

**TYPES OF ASSISTANCE:**

FORMULA GRANTS

**USES AND USE RESTRICTIONS:**

The National Institute of Food and Agriculture (NIFA) requests applications for the FY 2009 formula grants authorized under authorized under section 1433 of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (NARETPA) for the Animal Health and Disease Research (AHDR) Program. These grants are used to assist all states in carrying out a program of research activities designed to (1) to meet expenses of conducting animal health and disease research, publishing and disseminating the results of such research,

and contributing to the retirement of employees subject to the provisions of the Act of March 4, 1940 (54 Stat. 3940, as amended; 7 U.S.C. 331); (2) for administrative planning and direction; and (3) to purchase equipment and supplies necessary for conducting such research. States are eligible for funds appropriated under this Act according to the following formula: One half of the State allotment will be distributed among the States in the proportion that the value of and income to producers from domestic livestock, poultry, and commercial aquaculture species in each State bears to the total value of and income to producers from domestic livestock, poultry, and commercial aquaculture species in all the States, based on the most current inventory of all cattle, sheep, swine, horses, poultry, and commercial aquaculture species published by the U.S. Department of Agriculture. The remainder of the State allotment will be distributed among the States in the proportion that the animal health and disease research capacity of the eligible institutions in each State bears to the total animal health and disease research capacity in all the States, as determined by NIFA.

Research on animal health and disease of food animals and horses conducted in eligible institutions under the following categories: (1) Infectious diseases; (2) internal and external parasites; (3) noninfectious diseases, toxins, poisons, transportation losses, predators and other hazards; (4) diseases and parasites of wildlife transmissible to food animals and horses; and (5) diseases and parasites of animals transmissible to people. (1) Approved NIFA AHDR Projects AHDR Federal funding must be used on AHDR approved projects.

**(2) Matching**

7 U.S.C. 3200 provides that No funds in excess of \$100,000 shall be paid by the Federal Government to any State under this subchapter during any fiscal year in excess of the amount from non-Federal sources made available to and budgeted for expenditure by eligible institutions in the State during the same fiscal year for animal health and disease research. The Secretary is authorized to make such payments in excess of \$100,000 on the certificate of the appropriate official of the eligible institution having charge of the animal health and disease research for which such payments are to be made. If any eligible institution certified for receipt of matching funds fails to make available and budget for expenditure for animal health and disease research in any fiscal year sums at least equal to the amount for which it is certified, the difference between the Federal matching funds available and the funds made available to and budgeted for expenditure by the eligible institution shall be reapportioned by the Secretary among other eligible institutions of the same State, if there are any which qualify therefor, and, if there are none, the Secretary shall reapportion such difference among the other States.

**(3) Indirect Costs and Tuition Remission**

In accordance with section 1473 of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (7 U.S.C. 3319), indirect costs and tuition remission are unallowable as AHDR formula grant expenditures.

**Applicant Eligibility:**

Eligibility is restricted to the following public nonprofit institutions having demonstrable capacity in animal disease research: (1) Schools and Colleges of Veterinary Medicine; and (2) State Agricultural Experiment Stations. Funds are appropriated by Congress for distribution to States and eligible State institutions according to the statutory formula stated in the Act.

Applications may be submitted by accredited State veterinary schools or colleges or agricultural experiment stations that conduct animal health and disease research in accordance with NARETPA section 1433(c): Auburn University, Agricultural Experiment Station; Auburn University, School of Veterinary Medicine; Tuskegee University, School of Veterinary Medicine; University of Alaska, Agricultural Experiment Station; University of Arizona, Agricultural Experiment Station; University of Arkansas, Agricultural Experiment Station; University of California-Oakland, Agricultural Experiment Station; University of California-Davis, School of Veterinary Medicine; Colorado State University, Agricultural Experiment Station and College of Veterinary Medicine; University of Connecticut-Storrs, Agricultural Experiment Station; University of Delaware, Agricultural Experiment Station; University of Florida, Agricultural Experiment Station; University of Florida, College of Veterinary Medicine; University of Georgia, Agricultural

Experiment Station; University of Georgia, College of Veterinary Medicine; University of Hawaii, Agricultural Experiment Station; University of Idaho, Agricultural Experiment Station; University of Illinois, Agricultural Experiment Station and College of Veterinary Medicine; Purdue University, Agricultural Experiment Station and College of Veterinary Medicine; Iowa State University, Agricultural and Home Economics Experiment Station; Iowa State University, College of Veterinary Medicine; Kansas State University, Agricultural Experiment Station and College of Veterinary Medicine; University of Kentucky, Agricultural Experiment Station; Louisiana State University, Agricultural Experiment Station; Louisiana State University, College of Veterinary Medicine; University of Maine, Agricultural Experiment Station; University of Maryland, Agricultural Experiment Station; University of Massachusetts, Agricultural Experiment Station; Tufts University, School of Veterinary Medicine; Michigan State University, Agricultural Experiment Station and College of Veterinary Medicine; University of Minnesota, Agricultural Experiment Station; University of Minnesota, College of Veterinary Medicine; Mississippi State University, Agricultural and Forestry Experiment Station and College of Veterinary Medicine; University of Missouri, Agricultural Experiment Station; University of Missouri, College of Veterinary Medicine; Montana State University, Agricultural Experiment Station; University of Nebraska, Agricultural Experiment Station; University of Nevada, Agricultural Experiment Station; University of New Hampshire, Agricultural Experiment Station; Rutgers University, Agricultural Experiment Station; New Mexico State University, Agricultural Experiment Station; Cornell University, Agricultural Experiment Station; Cornell University, College of Veterinary Medicine; North Carolina State University, Agricultural Experiment Station; North Carolina State University, College of Veterinary Medicine; North Dakota State University, Agricultural Experiment Station; Ohio State University, Ohio Agricultural Research & Development Center; Ohio State University, College of Veterinary Medicine; Oklahoma State University, Agricultural Experiment Station and College of Veterinary Medicine; Oregon State University, Agricultural Experiment Station; Pennsylvania State University, Agricultural Experiment Station; University of Pennsylvania, College of Veterinary Medicine; University of Puerto Rico, Agricultural Experiment Station; University of Rhode Island, Agricultural Experiment Station; Clemson University, Agricultural Experiment Station; South Dakota State University, Agricultural Experiment Station; University of Tennessee, Agricultural Experiment Station; University of Tennessee, College of Veterinary Medicine; Texas A&M University, Agricultural Experiment Station and College of Veterinary Medicine; Utah State University, Agricultural Experiment Station; University of Vermont, Agricultural Experiment Station; Virginia Polytechnic Institute and State University, Agricultural Experiment Station and College of Veterinary Medicine; Washington State University, Agricultural Experiment Station and College of Veterinary Medicine; West Virginia University, Agricultural and Forestry Experiment Station; University of Wisconsin, Agricultural Experiment Station and College of Veterinary Medicine; and University of Wyoming, Agricultural Experiment Station.

Award recipients may subcontract to organizations not eligible to apply for funding provided that such arrangements are necessary to complete the project or activity.

**Beneficiary Eligibility:**

Eligibility is restricted to the following public nonprofit institutions having demonstrable capacity in animal disease research: (1) Schools and Colleges of Veterinary Medicine; and (2) State Agricultural Experiment Stations. Funds are appropriated by Congress for distribution to States and eligible State institutions according to the statutory formula stated in the Act.

**Credentials/Documentation:**

A Data Universal Number System (DUNS) number must be obtained - A DUNS number is a unique number that identifies an organization. It has been adopted by the Federal government to help track how Federal grant money is distributed. If your organization does not have a DUNS number, call the special Dun & Bradstreet hotline at 1-866-705-5711 to receive one free of charge. You will receive a DUNS number within several days of your request. Please note, individual proprietorships (i.e. farmers, ranchers) can request and receive a DUNS number, but must register with Grants.gov as an organization, not as an individual.

Registration with Central Contractor Registry (CCR) is required - The CCR is

the central government repository for organizations working with the Federal government. If your organization is not already registered, identify the primary contact who should register your organization. When your organization registers with CCR, it will be required to designate an e-Business Point of Contact (e-Business POC). The e-Business POC authorizes individuals to submit grant applications on behalf of the organization and creates a special password called a Marketing Partner ID Number (M-PIN) to verify individuals authorized to submit grant applications for the organization. Visit the CCR Web site at <http://www.ccr.gov> to begin this process. It may take several days to collect the information needed for your organizations registration. The CCR Assistance Center can be reached at 888-227-2423. This information collection is approved under OMB Control No. 0524-0039, NIFA Application Kit for Research and Extension Programs.

Applicants must furnish the information required in the request for applications (FGOs). Successful applicants recommended for funding must furnish the information and assurances requested during the award documentation process. These include, but are not limited to the following:

**Organizational Management Information** - Specific management information relating to an applicant shall be submitted on a one time basis, with updates on an as needed basis, as part of the responsibility determination prior to the award of a grant identified under this FGO, if such information has not been provided previously under this or another NIFA program. NIFA will provide copies of forms recommended for use in fulfilling these requirements as part of the preaward process. Although an applicant may be eligible based on its status as one of these entities, there are factors which may exclude an applicant from receiving Federal financial and nonfinancial assistance and benefits under this program (e.g., debarment or suspension of an individual involved or a determination that an applicant is not responsible based on submitted organizational management information). This information collection is approved under OMB Circular Control No. 0524-0026, Assurance of Compliance with the Department of Agriculture Regulations Assuring Civil Rights, Compliance and Organization Information.. This program is excluded from coverage under OMB Circular No. A-87.

**Preapplication Coordination:**

All Formula Grant Opportunities (FGOs) are published on the Agencies website and Grants.gov. Applicants must complete the Grants.gov registration process. Please see the following Grants.gov link for more information: [http://www.grants.gov/applicants/get\\_registered.jsp](http://www.grants.gov/applicants/get_registered.jsp). An environmental impact statement is required for this program. This program is excluded from coverage under E.O. 12372.

**Application Procedures:**

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. Applications should be submitted as outlined in the FGO. Applications must follow the instructions provided per Grants.Gov. Applicants are required to submit applications in response to both an interim FGO and a final FGO. The final FGO reflects the final formula allocations for the current fiscal year (FY).

**Award Procedure:**

Fund will be released on a quarterly basis to the institutions. See Appendix A of the Formula Grant Opportunity (FGO) for the specific allocation.

AHDR funds must be fully expended in the fiscal year of appropriation; no waiver requests may be considered and approved as no carryover authority is provided in the authorizing legislation.

**Deadlines:**

Contact the headquarters or regional office, as appropriate, for application deadlines.

**Range of Approval/Disapproval Time:**

From 30 to 60 days. Dates for specific deadlines are announced in the FGO each fiscal year (FY).

**Appeals:**

Not Applicable.

**Renewals:**

Not applicable, each year of funding is awarded as a new grant.

**Formula and Matching Requirements:**

This program has no statutory formula.

**Matching Requirements:** 7 U.S.C. 3200 provides that No funds in excess of \$100,000 shall be paid by the Federal Government to any State under this subchapter during any fiscal year in excess of the amount from non-Federal sources made available to and budgeted for expenditure by eligible institutions in the State during the same fiscal year for animal health and disease research. The Secretary is authorized to make such payments in excess of \$100,000 on the certificate of the appropriate official of the eligible institution having charge of the animal health and disease research for which such payments are to be made. If any eligible institution certified for receipt of matching funds fails to make available and budget for expenditure for animal health and disease research in any fiscal year sums at least equal to the amount for which it is certified, the difference between the Federal matching funds available and the funds made available to and budgeted for expenditure by the eligible institution shall be reapportioned by the Secretary among other eligible institutions of the same State, if there are any which qualify therefore, and, if there are none, the Secretary shall reapportion such difference among the other States.. MOE requirements are not applicable to this program.

**Length and Time Phasing of Assistance:**

AHDR funds must be fully expended in the fiscal year of appropriation; no waiver requests may be considered and approved as no carryover authority is provided in the authorizing legislation. Method of awarding/releasing assistance: quarterly.

**Reports:**

Institutions are expected to submit an annual Program of Research, a listing of all approved AHDR projects for said institution. Institutions must submit a Form AD-416, Work Unit Description; Form AD-417, Project Classification; NIFA-2008, Assurance Form; and Project Proposal through the Current Research Information System prior to the initiation of each AHDR project. The project must undergo a review process and be approved before it is incorporated into the Program of Research. Each institution shall submit a CRIS Form AD-421, Accomplishments Report, annually for each eligible project. Reports from institutions reporting on a calendar year shall be submitted by April 1, 2010 for the preceding calendar year.

Reports from institutions reporting on a fiscal year shall be submitted by February 1, 2010 for the preceding fiscal year.

An Accomplishments Report, CRIS Form AD-421, shall be submitted to NIFA for each completed or terminated project. Such reports shall be submitted at the same time as are progress reports on active projects and should include a brief summary of accomplishments for the entire life of the project.

A CRIS Form AD-419, Funding and Staff Support Report, shall be submitted to NIFA annually for all projects. CRIS Form AD-419 reports are also required for expenditures on all State projects that are to be included in the non-Federal funds and matching funds computation. Reports shall be made on a fiscal year basis and are to be submitted by February 1, 2010.

Financial reporting via the SF-269, Financial Status Report, for FY 2009 is due to the OEP Formula Grants Section on December 31, 2010. The SF-272, Federal Cash Transactions Report, or ST-425, Federal Financial Report for each calendar quarter is due online at the DHHS website ([www.dpm.psc.gov](http://www.dpm.psc.gov)) usually on the 15th day of November, February, May, and August for the preceding calendar quarter. DHHS may restrict payment requests from the grantees account if the SF-272 report is not submitted on time.

Grantees also are required to submit annual and summary progress reports via NIFAS Current Research Information System (CRIS). This reporting requirement was approved under OMB Control No. 0524-0042, NIFA Current Research Information System (CRIS). CRIS is an electronic, web-based inventory system that facilitates both grantee submission of project outcomes and public access to information on Federally-funded projects. NIFA uses the SF-425, Federal Financial Report to monitor cash. Grantees also are required to submit annual and summary progress reports via NIFAs Current Research Information System (CRIS). This reporting requirement was approved under OMB Control No. 0524-0042, NIFA Current Research Information System (CRIS). CRIS is an electronic, web-based inventory system that facilitates both grantee. Institutions are required to submit the SF-425, Federal Financial

Report per Agency instructions. The office listed below provides agency oversight of these reports:

#### **Audits:**

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Audits will be conducted in accordance with guidelines established in the revised OMB Circular No. A-133, Audits of States, Local Governments, and Nonprofit Organizations, and implemented in 7 CFR 3052. This program is also subject to audit by the cognizant Federal audit agency and the USDA Office of Inspector General.

#### **Records:**

In accordance with the Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and other Non-profit Organizations [2 CFR 215, Subpart C, Section 215.53, (OMB Circular A-110)] grantees shall maintain separate records for each grant to ensure that funds are used for authorized purposes. Grant-related records are subject to inspection during the life of the grant and must be retained at least three (3) years. Records must be retained beyond the three-year period if litigation is pending or audit findings have not been resolved.

#### **Account Identification:**

#### **10.210 FOOD AND AGRICULTURAL SCIENCES NATIONAL NEEDS GRADUATE FELLOWSHIP GRANTS**

National Needs Fellowship (NNF)

#### **FEDERAL AGENCY:**

National Institute of Food and Agriculture, Department of Agriculture

#### **AUTHORIZATION:**

Section 7106 of the Food, Conservation, and Energy Act (FCEA) of 2008 (Public Law 110-246) amends the legislative authority for this program contained in Section 1417 of the National Agricultural Research, Extension and Teaching Policy Act of 1977 (NARETPA) (99 Stat. 1548; 7 U.S.C. 3152) to include the University of the District of Columbia as an eligible applicant. , 7 U.S.C 3152.

#### **OBJECTIVES:**

The purpose of the NNF Grants Program is to train students for Masters and/or doctoral degrees and provide additional postdoctoral training for Fellows who have completed their doctoral degrees at colleges and universities that have demonstrable teaching and research competencies in the food and agricultural sciences. Fellowships and IRTA awards are specifically intended to support traineeship programs that encourage outstanding students to pursue and complete their degrees or obtain postdoctoral training in areas where there is a national need for the development of scientific and professional expertise in the food and agricultural sciences. Fellowships and IRTA awards invest in graduate training and relevant international experiential learning for a cadre of diverse individuals who demonstrate their potential to successfully complete graduate degree programs in disciplines relevant to the mission of the USDA.

#### **TYPES OF ASSISTANCE:**

PROJECT GRANTS

#### **USES AND USE RESTRICTIONS:**

Competitive annual grants providing for a limited number of graduate stipends are awarded to selected U.S. institutions of higher education so as to distribute support for graduate study to promising food and agricultural scientists and professionals. Individuals selected initially by the institution must enroll in a program leading to a graduate, master's or doctoral degree in one of the targeted national needs areas of the food and agricultural sciences. Such persons may not have been enrolled previously in the program at the same degree level. Current fellows are eligible to receive supplemental grants of \$3,000 to cover travel and living expenses for special international study or thesis/dissertation research experiences. Funding for the supplemental grants will be awarded on a competitive basis using no-year funds drawn from expired fellowship grants with unspent funds remaining as set forth in the annual program guidelines. No indirect cost allowed. Institutional allowance in lieu of indirect cost. NNF stipend funds for fellowship must be used to: (1) support the same Fellow at the Masters degree level who maintains satisfactory progress and is eligible to receive grant support for a maximum of twenty-four (24) months during a thirty-month period, and/or (2) support the same Fellow at the doctoral degree level who maintains satisfactory progress and is eligible to receive grant support for a maximum of thirty-six (36) months within a forty-two-month period. Institutions must use a minimum stipend of \$18,500 per year for

Masters Fellows and \$24,500 per year for Doctoral Fellows.

If funds remain as a result of USDA Fellows completing their studies early (less than twenty-four months for a Masters degree or less than thirty-six months for a doctoral degree) or Fellowships being terminated prematurely, such funds may be used, within the time remaining on the award, to support: (1) pursuit of a doctoral degree in a TESA in the food and agricultural sciences by a Masters degree level Fellow at the grantee institution, or (2) a Replacement Fellow. The tenure of such a Replacement Fellow is limited to whatever time is remaining on the grant before it expires; however, an institution may not appoint a Replacement Fellow unless there is time for the student to complete at least one semester/quarter of study before the expiration date of the grant.

Replacement Fellows must meet all of the eligibility criteria and other requirements established for Fellow selection and are subject to the same provisions as other Fellows during their tenure in the program. Replacement Fellows are entitled, during their tenure, to the same benefits that other Fellows receive from the grant award and National Needs Graduate and Postdoctoral Fellowship Grants Program. Institutions may, but are not required to, continue a Replacement Fellow's tuition and other benefits beyond the expiration date of the grant using institutional or other funds. A Fellow may not be simultaneously supported under multiple National Needs Graduate and Postdoctoral Fellowship Grants Program awards.

Remaining funds cannot be used to increase annual Fellowship stipends provided to existing Fellows. If less than one semester/quarter remains on the award, the grantee must refund unexpended monies to CSREES. Such funds cannot be used to increase the annual stipend amounts for current USDA Graduate Fellows.

Should a USDA Fellow require additional time beyond the grant period to complete his or her degree, it is expected that the grantee will consider alternatives to continue supporting the Fellow through other means.

Tuition and fees are the responsibility of the Fellow unless an institution elects to use its cost-of-education institutional allowance for this purpose or elects to pay such costs out of non-USDA monies. No dependency allowances are provided to any USDA Graduate Fellows. Stipend payments and special international study or thesis/dissertation research travel allowances may be made to Fellows by the institution, in accordance with standard institutional procedures for graduate fellowships and assistantships.

When grants are for IRTAs that will be used by To-Be-Recruited Fellows: The IRTA funds for To-Be-Recruited fellows will be withheld until the Project Director has submitted, to the NNF Program Office, all of the required documentation for eligibility of the Graduate Fellow for the IRTA as well as the required specifics outlined in the RFA for the IRTA. The information must be submitted for approval, no less than 150 days prior to the use of the IRTA funds (see PART IV, B, 3, b, Section 1). This requirement will become a condition of the award. Fully discretionary.

#### **Applicant Eligibility:**

Proposals may be submitted by all U.S. colleges and universities that confer a master's or doctoral degree in at least one area of the food and agricultural sciences targeted for national needs fellowships. As defined in Section 1404 of the National Agricultural Research, Extension, and Teaching Policy Act of 1977, as amended (7 U.S.C. 3103), the terms "college" and "university" mean "an educational institution in any State which: (a) Admits as regular students only persons having a certificate of graduation from a school providing secondary education, or the recognized equivalent of such a certificate; (b) is legally authorized within such State to provide a program of education beyond secondary education; (c) provides an educational program for which a bachelor's degree or any other higher degree is awarded; (d) is a public or other nonprofit institution; and (e) is accredited by a nationally recognized accrediting agency or association." Eligibility also applies to research foundations maintained by eligible colleges or universities.

#### **Beneficiary Eligibility:**

Funds awarded in this program are used to support the training of graduate students to obtain either a master's or doctoral degree in one of the targeted specializations of the food and agricultural sciences.

#### **Credentials/Documentation:**

A Data Universal Number System (DUNS) number must be obtained - A DUNS number is a unique number that identifies an organization. It has been adopted by the Federal government to help track how Federal grant money is distributed. If your organization does not have a DUNS number, call the special Dun & Bradstreet hotline at (1-866) 705-5711 to receive one free of charge. You will receive a DUNS number within several days of your request. Please note, individual proprietorships (i.e. farmers, ranchers) can request and receive a DUNS number, but must register with Grants.gov as an organization, not as an individual.

Registration with Central Contractor Registry (CCR) is required - The CCR is the central government repository for organizations working with the Federal government. When your organization registers with CCR, it will be required to designate an e-Business Point of Contact (e-Business POC). The e-Business POC authorizes individuals to submit grant applications on behalf of the organization and creates a special password called a Marketing Partner ID Number (M-PIN) to verify individuals authorized to submit grant applications for the organization. Visit the CCR Web site at <http://www.ccr.gov> to begin this process. It may take several days to collect the information needed for your organizations registration. The CCR Assistance Center can be reached at (888) 227-2423. This information collection is approved under OMB Control No. 0524-0039, NIFA Application Kit for Research and Extension Programs. Applicants must furnish the information required in the request for applications (RFAs). Successful applicants recommended for funding must furnish the information and assurances requested during the award documentation process. These include, but are not limited to the following:

Organizational Management Information - Specific management information relating to an applicant shall be submitted on a one time basis, with updates on an as needed basis, as part of the responsibility determination prior to the award of a grant identified under this RFA, if such information has not been provided previously under this or another NIFA program. NIFA will provide copies of forms recommended for use in fulfilling these requirements as part of the preaward process. Although an applicant may be eligible based on its status as one of these entities, there are factors which may exclude an applicant from receiving Federal financial and nonfinancial assistance and benefits under this program (e.g., debarment or suspension of an individual involved or a determination that an applicant is not responsible based on submitted organizational management information). This information collection is approved under OMB Circular Control No. 0524-0026, Assurance of Compliance with the Department of Agriculture Regulations Assuring Civil Rights, Compliance and Organization Information.. OMB Circular No. A-87 applies to this program.

#### **Preapplication Coordination:**

All RFAs are published on the Agencies website and Grants.gov. Applicants must complete the Grants.gov registration process. Please see the following Grants.gov link for more information:

[http://www.grants.gov/applicants/get\\_registered.jsp](http://www.grants.gov/applicants/get_registered.jsp). An environmental impact statement is required for this program. This program is excluded from coverage under E.O. 12372.

#### **Application Procedures:**

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Applications should be submitted as outlined in the RFA. Applications must follow the instructions provided per Grants.gov and in the Agency guide to submitting applications via Grants.gov.

#### **Award Procedure:**

Applications are subjected to a system of peer and merit review in accordance with section 103 of the Agricultural Research, Extension and Education Reform Act of 1998 (7 U.S.C. 1613) by a panel of qualified scientists and other appropriate persons who are specialists in the field covered by the proposal. Within the limit of funds available for such purpose, the NIFA Authorized Departmental Officer (ADO) shall make grants to those responsible, eligible applicants whose applications are judged most meritorious under the procedures set forth in the RFA.

Reviewers will be selected based upon training and experience in relevant

scientific, extension, or education fields, taking into account the following factors: (a) The level of relevant formal scientific, technical education, or extension experience of the individual, as well as the extent to which an individual is engaged in relevant research, education, or extension activities; (b) the need to include as reviewers experts from various areas of specialization within relevant scientific, education, or extension fields; (c) the need to include as reviewers other experts (e.g., producers, range or forest managers/operators, and consumers) who can assess relevance of the applications to targeted audiences and to program needs; (d) the need to include as reviewers experts from a variety of organizational types (e.g., colleges, universities, industry, state and Federal agencies, private profit and non-profit organizations) and geographic locations; (e) the need to maintain a balanced composition of reviewers with regard to minority and female representation and an equitable age distribution; and (f) the need to include reviewers who can judge the effective usefulness to producers and the general public of each application.

Evaluation Criteria will be delineated in the RFA.

**Deadlines:**

Contact the headquarters or regional office, as appropriate, for application deadlines.

**Range of Approval/Disapproval Time:**

Section :094 - Deadlines:

Dates for specific deadlines are announced in the RFA each fiscal year. Information is also available via our website and may be obtained via the Grants.gov website. Respective links are provided below:

From 30 to 180 days.

**Appeals:**

Not Applicable.

**Renewals:**

Specific details are provided in the Request for Applications (RFA) each fiscal year.

**Formula and Matching Requirements:**

This program has no statutory formula. This program has no matching requirements. Funds are awarded competitively. No formula grants are awarded under Subtitle K of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 [7 U.S.C. 3319e].

NIFA does not require matching or cost sharing support for this program. MOE requirements are not applicable to this program.

**Length and Time Phasing of Assistance:**

Grants cover a five (5) year period, however, fellows are supported for three (3) years for a doctoral degree or two (2) years for a masters during that five (5) year period. Method of awarding/releasing assistance: by letter of credit.

**Reports:**

Grantees also are required to submit annual and summary progress reports via NIFA's Current Research Information System (CRIS). This reporting requirement was approved under OMB Control No. 0524-0042, NIFA Current Research Information System (CRIS). CRIS is an electronic, web-based inventory system that facilitates both grantee submission of project outcomes and public access to information on Federally-funded projects. Cash reports are not applicable. Grantees also are required to submit annual and summary progress reports via NIFA's Current Research Information System (CRIS). **Audits:**

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Audits will be conducted in accordance with guidelines established in the revised OMB Circular No. A-133, Audits of States, Local Governments, and Nonprofit Organizations, and implemented in 7 CFR 3052. This program is also subject to audit by the cognizant Federal audit agency and the USDA Office of Inspector General.

**Records:**

In accordance with the Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and other Non-profit Organizations [2 CFR 215, Subpart C, Section 215.53, (OMB Circular A-110)] grantees shall maintain separate records for each grant to ensure that funds are used for authorized purposes. Grant-related records are subject to inspection during the life of the grant and must be retained at least three (3) years. Records must be retained beyond the three-year period if litigation is pending or audit findings have not been resolved.

**Account Identification:**

Fiscal Year 2008: Grants for fellowships support are awarded to colleges and universities determined through peer review to be characterized by excellence in the chosen targeted need area. Fiscal Year 2009: Grants for fellowships support are awarded to colleges and universities determined through peer review to be characterized by excellence in the chosen targeted need area. Fiscal Year 2010: Grants for fellowships support are awarded to colleges and universities determined through peer review to be characterized by excellence in the chosen targeted need area.

**CRITERIA FOR SELECTING PROPOSALS:**

(1) The degree to which the proposal clearly establishes that the proposed program of graduate training will result in the development of outstanding scientific/professional expertise related to the national need area and in a reasonable period of time; (2) the degree to which the proposed program of study reflects special features such as a combination-disciplinary, approach (inter-disciplinary, multi-disciplinary or cross-disciplinary), a unique collateral specialization in a related discipline, experimental learning opportunities, a unique mentoring program, seminars, or a multi-university collaborative approach; (3) the degree to which the proposal establishes that the institution's faculty, facilities and equipment, instructional support resources, and other attributes are excellent for providing outstanding graduate study and research at the forefront of science and technology related to the chosen area of national need; (4) the degree to which the institution's plans and procedures for recruitment and selection of academically outstanding fellows and for monitoring and facilitating fellow's progress through a program of study reflect excellence as documented in the proposal; (5) the degree to which supporting summary data substantiate program quality in the targeted national need area; and (6) the quality of the proposal as reflected by its substantive content, organization, clarity, and accuracy; (7) any additional evaluation criteria as cited in the annual program announcement published in the Federal Register.

**10.212 SMALL BUSINESS INNOVATION RESEARCH**

(SBIR Program - Phase I and II)

**FEDERAL AGENCY:**

National Institute of Food and Agriculture, Department of Agriculture

**AUTHORIZATION:**

This program solicitation is issued pursuant to the Small Business Innovation Development Act of 1982, Public Law 97-219, as amended (15 U.S.C. 638) and Section 630 of the Act making appropriations for Agriculture, Rural Development and Related Agencies programs for fiscal year ending September 30, 1987, and for other purposes, as made applicable by Section 101(a) of Public Law 99-591, 100 Stat. 3341., 15 U.S.C 638.

**OBJECTIVES:**

To stimulate technological innovation in the private sector, strengthen the role of small businesses in meeting Federal research and development needs, increase private sector commercialization of innovations derived from USDA-supported research and development efforts, and foster and encourage participation, by women-owned and socially disadvantaged small business firms in technological innovation.

**TYPES OF ASSISTANCE:**

PROJECT GRANTS

**USES AND USE RESTRICTIONS:**

The selected areas for research are Forests and Related Resources; Plant Production and Protection-Biology; Animal Production and Protection; Soil and Water Resources; Food Science and Nutrition; Rural and Community Development; Aquaculture; Industrial Applications; Marketing and Trade;

Wildlife; Animal Manure Management, Small and Mid-size Farms, Plant Production and Protection-Engineering. The Small Business Innovation Research Program is carried out in three separate phases: Phase I projects are supported to determine the scientific or technical feasibility of ideas submitted by proposes on the selected research areas; Phase II awards are made to firms with approaches that appear sufficiently promising as a result of Phase I studies. Only those small businesses previously receiving Phase I awards in either of the two preceding fiscal years are eligible to submit Phase II proposals. Phase II projects are limited to \$350,000 for a period normally not to exceed 24 months; Phase III is to be conducted by the small business concern (including joint ventures and limited partnerships), and will be non-SBIR funded through the exercising of a follow-on funding commitment. The purpose of Phase III is to stimulate technological innovation and the national return on investment from research through the pursuit of commercialization objectives resulting from the USDA-supported work carried out in Phases I and II. Grant funds must be used for allowable costs necessary to conduct approved fundamental and applied research, extension and education objectives to address food and agricultural sciences. Fully discretionary.

**Applicant Eligibility:**

Applicant Eligibility (1) is organized for profit, with a place of business located in the United States, which operates primarily within the United States, or which makes a significant contribution to the United States economy through the payment of taxes or use of American products, materials or labor; (2) is in the legal form of an individual proprietorship, partnership, limited liability company, corporation, joint venture, association, trust or cooperative, except that where the form is a joint venture, there can be no more than 49 percent participation by foreign business entities in the joint venture; (3) is at least 51 percent owned and controlled by one or more individuals who are citizens of, or permanent resident aliens in, the United States, except in the case of a joint venture, where each entity in the venture must be 51 percent owned and controlled by one or more individuals who are citizens of, or permanent resident aliens in the United States; and (4) has, including its affiliates, not more than 500 employees. The term "affiliates" is defined in greater detail in 13 CFR 121.103. The term "number of employees" is defined in 13 CFR 121.106.

**Beneficiary Eligibility:**

Small businesses.

**Credentials/Documentation:**

A Data Universal Number System (DUNS) number must be obtained - A DUNS number is a unique number that identifies an organization. It has been adopted by the Federal government to help track how Federal grant money is distributed. If your organization does not have a DUNS number, call the special Dun & Bradstreet hotline at 1-866-705-5711 to receive one free of charge. You will receive a DUNS number within several days of your request. Please note, individual proprietorships (i.e. farmers, ranchers) can request and receive a DUNS number, but must register with Grants.gov as an organization, not as an individual.

Registration with Central Contractor Registry (CCR) is required - The CCR is the central government repository for organizations working with the Federal government. If your organization is not already registered, identify the primary contact who should register your organization. When your organization registers with CCR, it will be required to designate an e-Business Point of Contact (e-Business POC). Fiscal Year 2009: Lipid-based ELISA Test for Detection of Dairy Cattle with Johne's Disease; Solar Optical Waveguide System for Value Added Transplant Production; and Next Generation Root-Pest Resistance Research and Screening Tool. Fiscal Year 2010: It is anticipated similar projects will be funded in Fiscal Year 2010.

**CRITERIA FOR SELECTING PROPOSALS:**

(a) The proposing firm must qualify as a small business concern as specified in the SBIR solicitation; (b) The proposal must meet the Proposal Content and Format requirements as described in subsection 3.3 of the SBIR solicitation; (c) Proposals must be limited to one research problem (see subsection 3.1 of the SBIR solicitation); (d) The proposed budget must be within the dollar limit identified in subsection 1.2 of the SBIR solicitation; (e) The proposed duration of Phase I projects should normally not exceed 8 months, except in special, justified circumstances, and the duration of Phase II projects should normally not exceed 24 months. Where a proposed research project requires more than 8 months to complete in Phase I, a longer grant period, not to exceed 20 months, may be considered. An applicant of a Phase I project with an anticipated duration beyond 8 months should specify and justify the length of duration in the proposal at the time of its submission to USDA in order for it to be considered; (f) Proposals must cover scientific research activities only (see subsection 3.1 of the SBIR solicitation); (g) The proposed Phase I research must fall within a solicited topic area; (h) A proposal must contain adequate

scientific/technical information to state clearly the research plan and objectives. USDA reserves the right not to submit for review any proposal which it finds to have insufficient scientific/technical information; (i) A resubmitted proposal must address concerns of the previous review panel. USDA reserves the right not to submit for review any proposal found not to be responsive to the previous review; and (j) Is it clear that the project director will work a minimum of 51 percent of his/her time for the small business firm during the period of the grant and that the small business firm will conduct a minimum of two-thirds of the research effort?.

**10.215 SUSTAINABLE AGRICULTURE RESEARCH AND EDUCATION**

SARE

**FEDERAL AGENCY:**

National Institute of Food and Agriculture, Department of Agriculture

**AUTHORIZATION:**

Section 1619-1624 of the Food, Agriculture, Conservation and Trade Act of 1990 (FACTA), P.L. No. 101-624 (7 U.S.C. 5801). , 7 U.S.C 5801; Section 1622 of FACTA (7 U.S.C. 5812), and for selected national projects. , 7 U.S.C 5812.

**OBJECTIVES:**

The purpose of the Sustainable Agriculture Research and Education Program (SARE) program is to encourage research designed to increase our knowledge concerning agricultural production systems that: (1) maintain and enhance the quality and productivity of the soil; (2) conserve soil, water, energy, natural resources, and fish and wildlife habitat; (3) maintain and enhance the quality of surface and ground water; (4) protect the health and safety of persons involved in the food and farm system; (5) promote the well being of animals; and (6) increase employment opportunities in agriculture (section 1619-1624 of the Food, Agriculture, Conservation and Trade Act of 1990 (FACTA), P.L. No. 101-624 (7 U.S.C. 5801). This request for applications (RFA) is for the regional SARE host institutions to apply for funds to carry out the regional SARE programs under the direction of the SARE Regional Administrative Councils (section 1622 of FACTA (7 U.S.C. 5812)), and for selected national projects. Most SARE competitive grants are made by the SARE regions as subawards. Typically, approximately 85% of the award to a SARE regional host institution is used for subawards. Individuals and organizations interested in applying for SARE competitive grants should NOT respond to this funding opportunity; rather they should apply to the appropriate SARE regional program. (See <http://www.nifa.usda.gov/fo/sustainableagricultureresearchandeducation.cfm> ).

If your organization does not have a DUNS number, call the special Dun & Bradstreet hotline at 1-866-705-5711 to receive one free of charge. You will receive a DUNS number within several days of your request. Please note, individual proprietorships (i.e. farmers, ranchers) can request and receive a DUNS number, but must register with Grants.gov as an organization, not as an individual.

Registration with Central Contractor Registry (CCR) is required - The CCR is the central government repository for organizations working with the Federal government. If your organization is not already registered, identify the primary contact who should register your organization. When your organization registers with CCR, it will be required to designate an e-Business Point of Contact (e-Business POC). The e-Business POC authorizes individuals to submit grant applications on behalf of the organization and creates a special password called a Marketing Partner ID Number (M-PIN) to verify individuals authorized to submit grant applications for the organization. Visit the CCR Web site at <http://www.ccr.gov> to begin this process. It may take several days to collect the information needed for your organizations registration. The CCR Assistance Center can be reached at 888-227-2423. This information collection is approved under OMB Control No. 0524-0039, NIFA Application Kit for Research and Extension Programs.

Applicants must furnish the information required in the request for applications (RFAs). Successful applicants recommended for funding must furnish the information and assurances requested during the award documentation process. These include, but are not limited to the following:

Organizational Management Information - Specific management information relating to an applicant shall be submitted on a one time basis, with updates on an as needed basis, as part of the responsibility determination prior to the award of a grant identified under this RFA, if such information has not been provided previously under this or another NIFA program. NIFA will provide copies of forms recommended for use in fulfilling these requirements as part of the preaward process. Although an applicant may be eligible based on its status as one of these entities, there are factors which may exclude an applicant from receiving Federal financial and nonfinancial assistance and benefits under this program (e.g., debarment or suspension of an individual involved or a determination that an applicant is not responsible based on submitted organizational management information). This information collection is approved under OMB Circular Control No. 0524-0026, Assurance of Compliance with the Department of Agriculture Regulations Assuring Civil Rights, Compliance and Organization Information.. OMB Circular No. A-87 applies to this program.

**Preapplication Coordination:**

All RFAs are published on the Agencies website and Grants.gov. Applicants must complete the Grants.gov registration process. Please see the following Grants.gov link for more information: [http://www.grants.gov/applicants/get\\_registered.jsp](http://www.grants.gov/applicants/get_registered.jsp). An environmental impact statement is required for this program. This program is excluded from coverage under E.O. 12372.

**Application Procedures:**

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Applications should be submitted as outlined in the RFA. Applications must follow the instructions provided per Grants.gov and in the Agency guide to submitting applications via Grants.gov.

**Award Procedure:**

Regional technical committees will review, rank and prioritize proposals received from public and private organizations and make recommendations for

funding to the regional administrative councils. Regional administrative councils will approve proposals for funding and associated plans of work and submit them to USDA. Research and education subcommittee on sustainable agriculture will review plans of work and the Department will give final approval.

Applications are subjected to a system of peer and merit review in accordance with section 103 of the Agricultural Research, Extension and Education Reform Act of 1998 (7 U.S.C. 1613) by a panel of qualified scientists and other appropriate persons who are specialists in the field covered by the proposal. Within the limit of funds available for such purpose, the NIFA Authorized Departmental Officer (ADO) shall make grants to those responsible, eligible applicants whose applications are judged most meritorious under the procedures set forth in the RFA.

Reviewers will be selected based upon training and experience in relevant scientific, extension, or education fields, taking into account the following factors:

- (a) The level of relevant formal scientific, technical education, or extension experience of the individual, as well as the extent to which an individual is engaged in relevant research, education, or extension activities;
- (b) the need to include as reviewers experts from various areas of specialization within relevant scientific, education, or extension fields;
- (c) the need to include as reviewers other experts (e.g., producers, range or forest managers/operators, and consumers) who can assess relevance of the applications to targeted audiences and to program needs;
- (d) the need to include as reviewers experts from a variety of organizational types (e.g., colleges, universities, industry, state and Federal agencies, private profit and non-profit organizations) and geographic locations;
- (e) the need to maintain a balanced composition of reviewers with regard to minority and female representation and an equitable age distribution; and
- (f) the need to include reviewers who can judge the effective usefulness to producers and the general public of each application.

Evaluation Criteria will be delineated in the RFA.

**Deadlines:**

Contact the headquarters or regional office, as appropriate, for application deadlines.

**Range of Approval/Disapproval Time:**

Dates for specific deadlines are announced in the RFA each fiscal year.

Section :095 - Range of Approval/Disapproval Time:  
From 30 to 180 days.

**Appeals:**

Not Applicable.

**Renewals:**

Specific details are provided in the Request for Applications (RFA) each fiscal year.

**Formula and Matching Requirements:**

This program has no statutory formula. This program has no matching requirements. Funds are awarded competitively. No formula grants are awarded under Subtitle K of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 [7 U.S.C. 3319e]. NIFA does not require matching or cost sharing support for this program. Funds are awarded competitively. No formula grants are awarded under this authority. MOE requirements are not applicable to this program.

**Length and Time Phasing of Assistance:**

The term of a competitive grant under this authority may not exceed five (5) years. Method of awarding/releasing assistance: by letter of credit.

**Reports:**

Grantees also are required to submit annual and summary progress reports via NIFA's Current Research Information System (CRIS). This reporting requirement was approved under OMB Control No. 0524-0042, NIFA Current Research Information System (CRIS). CRIS is an electronic, web-based inventory system that facilitates both grantee submission of project outcomes and public access to information on Federally-funded projects. Cash reports are not applicable. Grantees also are required to submit annual and summary progress reports via NIFA's Current Research Information System (CRIS). This reporting requirement was approved under OMB Control No. 0524-0042, NIFA Current Research Information System (CRIS). CRIS is an electronic, web-based inventory system that facilitates both grantee submission of project outcomes and public access to information on Federally-funded projects. A final Financial Status Report (SF-269) or Federal Financial Report (SF-425) is due within 90 days of the expiration date of the grant and should be submitted to the Awards Management Branch, Office of Extramural Programs at the address listed below, in accordance with instructions contained in 2 CFR 3430.55 (also refer to Section 3015.82 of the Uniform Federal Assistance Regulations).

**Audits:**

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Audits will be conducted in accordance with guidelines established in the revised OMB Circular No. A-133, Audits of States, Local Governments, and Nonprofit Organizations, and implemented in 7 CFR 3052. This program is also subject to audit by the cognizant Federal audit agency and the USDA Office of Inspector General.

**Records:**

In accordance with the Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and other Non-profit Organizations [2 CFR 215, Subpart C, Section 215.53, (OMB Circular A-110)] grantees shall maintain separate records for each grant to ensure that funds are used for authorized purposes. Grant-related records are subject to inspection during the life of the grant and must be retained at least three (3) years. Records must be retained beyond the three-year period if litigation is pending or audit findings have not been resolved.

**Account Identification:**

**10.216 1890 INSTITUTION CAPACITY BUILDING GRANTS**

1890 Capacity

**FEDERAL AGENCY:**

National Institute of Food and Agriculture, Department of Agriculture

**AUTHORIZATION:**

Authority for this program is contained in section 1417 (b)(4) of the National Agricultural Research, Extension, and Teaching Policy Act of 1977, as amended (NARETPA) [7 U.S.C. 3152(b)(4)] (b)(4), 7 U.S.C 3152(b)(4).

**OBJECTIVES:**

To build the research and teaching capacities of the 1890 land-grant institutions and Tuskegee University through cooperative programs with Federal and nonfederal entities.

**TYPES OF ASSISTANCE:**

PROJECT GRANTS

**USES AND USE RESTRICTIONS:**

For teaching grants, funds may be used in the following targeted areas:

- (1) Curricula design and materials development;
- (2) faculty preparation and enhancement for teaching;
- (3) instruction delivery systems;
- (4) scientific instrumentation for teaching;
- (5) student experiential learning; and
- (6) student recruitment and retention.

For research grants, funds may be used to address high- priority research initiatives in areas where there is a present or anticipated need for increased capabilities and in which it is feasible for applicants to develop programs recognized for their excellence.

Research areas include, but are not limited to:

- (1) Studies and experimentation in food and agricultural sciences;
- (2) centralized research support systems; and
- (3) technology delivery systems. With prior approval, in accordance with the cost principles set forth in OMB Circular No. A-21, some grant funds may be used for minor alterations, or repairs deemed necessary to retrofit existing teaching or research spaces in order to carry out a funded project. However, requests to use grant funds for such purposes must demonstrate that the alterations, or repairs are incidental to the major purpose for which a grant is issued.

Indirect Costs: Not to exceed 22% of Federal Funds awarded. Fully discretionary.

**Applicant Eligibility:**

The 1890 land-grant institutions and Tuskegee University. The 1890 land-Grant Institutions are: Alabama A&M University; Alcorn State University; University of Arkansas-Pine Bluff; Delaware State University; Florida A&M University; Fort Valley State University; Kentucky State University; Lincoln University (MO); Langston University; University of Maryland-Eastern Shore; North Carolina A&T State University; Prairie View A&M University; South Carolina State University; Southern University and A&M College; Tennessee State University; Virginia State University; and West Virginia State College.

**Beneficiary Eligibility:**

The seventeen 1890 land-grant institutions and Tuskegee University, non-1890 academic institutions, private industry, and the Department of Agriculture.

### FEDERAL AGENCY:

National Institute of Food and Agriculture, Department of Agriculture

### AUTHORIZATION:

National Agricultural Research, Extension, and Teaching Policy Act of 1977, Section 1405, 7 U.S.C 3121,1417(b)(1); 7 U.S.C 3152(b)(1).

### OBJECTIVES:

To increase institutional capacities to respond to State, regional, national, or international educational needs by strengthening college and university teaching programs in the food and agricultural sciences.

### TYPES OF ASSISTANCE:

PROJECT GRANTS

### USES AND USE RESTRICTIONS:

Funds may be used only in targeted areas, e.g., curricula design and materials development, faculty preparation and enhancement for teaching, instruction delivery systems, scientific instrumentation for teaching, student experiential learning, and student recruitment and retention, as cited in the annual program announcement in the Federal Register. student tuition remission, room and board, fees or other financial assistance (scholarships, fellowships, etc.). Also, funds may not be used for the renovation or refurbishment of research, education, or extension space; the purchase or installation of fixed equipment in such space; or to plan, repair, rehabilitate, acquire, or construct buildings or facilities (i.e., greenhouses, laboratories, or other structures). Promotional items (e.g., T-shirts and other give-a-ways) and food functions (e.g., cookouts or other social meal gatherings) are considered entertainment expenses, and are also not allowed under this grants program. Federal Cost Principles governing this grant program state that items not eligible for Federal funding may also not be used as an applicants contribution toward meeting matching requirements.

Section 7132 of the Food, Conservation, and Energy Act of 2008, amended the National Agriculture Research, Extension, and Teaching Policy Act of 1977 (7 U.S.C. 3310(a)), limiting indirect costs to 22 percent of the total Federal funds provided under each award. Therefore, when preparing budgets, applicants should limit their requests for recovery of indirect costs to the lesser of their institutions official negotiated indirect cost rate or the equivalent of 22 percent of total Federal funds awarded.

\*\*Special Note on Indirect Costs as in-kind matching contributions. Indirect costs may be claimed under the Federal portion of the award budget or, alternatively, indirect costs may be claimed as a matching contribution (if no indirect costs are requested under the Federal portion of the award budget). However, unless explicitly authorized in the RFA, indirect costs may not be claimed on both the Federal portion of the award budget and as a matching contribution, unless the total claimed on both the Federal portion of the award budget and as a matching contribution does not exceed the maximum allowed indirect costs or the institutions negotiated indirect cost rate, whichever is less. An awardee may split the allocation between the Federal and non-Federal

portions of the budget only if the total amount of indirect costs charged to the project does not exceed the maximum allowed indirect costs or the institutions negotiated indirect cost rate, whichever is less. For example, if an awardees' indirect costs are capped at 22 percent pursuant to section 1462(a) of NARETPA (7 U.S.C. 3310(a)), the awardee may request 11 percent of the indirect costs on both the Federal portion of the award and as a matching contribution. Or, the awardee may request any similar percentage that, when combined, does not exceed the maximum indirect cost rate of 22 percent. Fully discretionary.

### Applicant Eligibility:

All U.S. public and private nonprofit colleges and universities offering a baccalaureate or first professional degree in at least one discipline or area of the food and agricultural sciences.

### Beneficiary Eligibility:

All U.S. colleges and universities having a demonstrable capacity to teach the food and agricultural sciences.

When your organization registers with CCR, it will be required to designate an e-Business Point of Contact (e-Business POC). The e-Business POC authorizes individuals to submit grant applications on behalf of the organization and creates a special password called a Marketing Partner ID Number (M-PIN) to verify individuals authorized to submit grant applications for the organization. Visit the CCR Web site at <http://www.ccr.gov> to begin this process. It may take several days to collect the information needed for your organizations registration. The CCR Assistance Center can be reached at 888-227-2423. This information collection is approved under OMB Control No. 0524-0039, NIFA Application Kit for Research and Extension Programs.

Applicants must furnish the information required in the request for applications (RFAs). Successful applicants recommended for funding must furnish the information and assurances requested during the award documentation process. These include, but are not limited to the following:

Organizational Management Information - Specific management information relating to an applicant shall be submitted on a one time basis, with updates on an as needed basis, as part of the responsibility determination prior to the award of a grant identified under this RFA, if such information has not been provided previously under this or another NIFA program. NIFA will provide copies of forms recommended for use in fulfilling these requirements as part of the preaward process. Although an applicant may be eligible based on its status as one of these entities, there are factors which may exclude an applicant from receiving Federal financial and nonfinancial assistance and benefits under this program (e.g., debarment or suspension of an individual involved or a determination that an applicant is not responsible based on submitted organizational management information). This information collection is approved under OMB Circular Control No. 0524-0026, Assurance of Compliance with the Department of Agriculture Regulations Assuring Civil Rights, Compliance and Organization Information.. OMB Circular No. A-87 applies to this program.

### Preapplication Coordination:

All RFAs are published on the Agencys website and Grants.gov. Applicants must complete the Grants.gov registration process. Please see the following Grants.gov link for more information:

[http://www.grants.gov/applicants/get\\_registered.jsp](http://www.grants.gov/applicants/get_registered.jsp). An environmental impact statement is required for this program. This program is excluded from coverage under E.O. 12372.

**Application Procedures:**

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Formal proposals should be submitted to the Proposal Services Unit, NIFA, as outlined in the solicitation of applications. Application procedures are contained in the program regulations and required forms are contained in the Grant Application Kit. This program is subject to the regulatory provisions of USDA, 7 CFR Part 3015, et seq., and all successor regulations.

**Award Procedure:**

Applications should be submitted as outlined in the RFA. Applications must follow the instructions provided per Grants.gov and in the Agency guide to submitting applications via Grants.gov.

**Deadlines:**

Contact the headquarters or regional office, as appropriate, for application deadlines.

**Range of Approval/Disapproval Time:**

Section :094 - Deadlines:

Dates for specific deadlines are announced in the RFA each fiscal year. Information is also available via our website and may be obtained via the Grants.gov website. Respective links are provided below:  
<http://www.nifa.usda.gov/>  
<http://www.grants.gov>

Section :095 - Range of Approval/Disapproval Time:

From 30 to 180 days.

**Appeals:**

Not Applicable.

**Renewals:**

Specific details are provided in the Request for Applications (RFA) each fiscal year.

**Formula and Matching Requirements:**

This program has no statutory formula. Matching Requirements: Percent: 100%. A grant recipient is required to match the USDA funds awarded on a dollar-for-dollar basis from non-Federal sources. Matching funds are not required to come in any particular amount from any one source. However, all matching funds pledged in this application must be accompanied by documentation. MOE requirements are not applicable to this program.

**Length and Time Phasing of Assistance:**

Grants are awarded for a one (1) to three (3) year period and may receive no-cost extensions as appropriate up to a maximum of five (5) years. Method of awarding/releasing assistance: by letter of credit.

**Reports:**

Grantees also are required to submit annual and summary progress reports via NIFA's Current Research Information System (CRIS). This reporting requirement was approved under OMB Control No. 0524-0042, NIFA Current Research Information System (CRIS). CRIS is an electronic, web-based inventory system that facilitates both grantee submission of project outcomes and public access to information on Federally-funded projects. Cash reports are not applicable. Grantees also are required to submit annual and summary progress reports via NIFA's Current Research Information System (CRIS). This reporting requirement was approved under OMB Control No. 0524-0042, NIFA Current Research Information System (CRIS). CRIS is an electronic, web-based inventory system that facilitates both grantee submission of project outcomes and public access to information on Federally-funded projects. A final Financial Status Report (SF-269) or Federal Financial Report (SF-425) is due within 90 days of the expiration date of the grant and should be submitted to the Awards Management Branch, Office of Extramural Programs at the address listed below, in accordance with instructions contained in 2 CFR 3430.55 (also refer to Section 3015.82 of the Uniform Federal Assistance Regulations).

**Audits:**

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Audits will be conducted in accordance with guidelines established in the revised OMB Circular No. A-133, Audits of States, Local Governments, and Nonprofit Organizations, and implemented in 7 CFR 3052. This program is also subject to audit by the cognizant Federal audit agency and the USDA Office of Inspector General.

**Records:**

In accordance with the Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and other Non-profit Organizations [2 CFR 215, Subpart C, Section 215.53, (OMB Circular A-110)] grantees shall maintain separate records for each grant to ensure that funds are used for authorized purposes. Grant-related records are subject to inspection during the life of the grant and must be retained at least three (3) years. Records must be retained beyond the three-year period if litigation is pending or audit findings have not been resolved.

**Account Identification:**

**Obligations:**

(Project Grants) FY 08 \$5,140,057; FY 09 est \$5,397,840; FY 10 est \$22,227,840 - The difference between the appropriation and obligation numbers reflects legislative authorized set-asides deducted as appropriate, and in some cases the availability of obligational authority from prior years.

**Range and Average of Financial Assistance:**

If minimum or maximum amounts of funding per competitive project grant or cooperative agreement are established, these will be announced in the annual program announcement or Request for Application (RFA).

**PROGRAM ACCOMPLISHMENTS:**

Fiscal Year 2008: WILL BE PROVIDED BY PROGRAM UNIT AT A FUTURE DATE. Fiscal Year 2009: WILL BE PROVIDED BY PROGRAM UNIT AT A FUTURE DATE. Fiscal Year 2010: WILL BE PROVIDED BY PROGRAM UNIT AT A FUTURE DATE.

**EXAMPLES OF FUNDED PROJECTS:**

Fiscal Year 2008: Resource Sharing for the Enhancement of Curricula in Core and Emerging Issues in the Agricultural Plant Sciences; Recruitment and Retention of a Diverse Population of Food Safety Students Using Market Research for Enhanced Programs and Student Experiential Learning in the Natural Resources Sciences through Summer Internships, Team-Based Research Projects and Professional Mentors. Fiscal Year 2009: Empowering Faculty to Deliver Graduate Distance Education Courses; Immediate and Long-term Strategies for Bringing Financial Planning to Underserved Populations through Experiential Learning and Student Recruitment and Improving Training in Rural Mental Health Care through the Innovative Use of Technology and the Application of Collaborative Care Models. Fiscal Year 2010: It is anticipated that similar projects will be funded in Fiscal Year 2010.

**CRITERIA FOR SELECTING PROPOSALS:**

Within guidelines established for the program as described in the Request for Application (RFA).

**10.219 BIOTECHNOLOGY RISK ASSESSMENT RESEARCH**

Biotechnology Risk Assessment Research Grants Program (BRAG)

**FEDERAL AGENCY:**

National Institute of Food and Agriculture, Department of Agriculture

**AUTHORIZATION:**

Farm Security and Rural Investment Act of 2002, Section 7210, Public Law 101-171, 7 U.S.C 5921; Food, Agriculture, Conservation, and Trade Act of 1990, Section 1668, 7 U.S.C 7901.

**OBJECTIVES:**

The purpose of the BRAG program is to assist Federal regulatory agencies in making science-based decisions about the effects of introducing into the environment genetically engineered organisms, including plants, microorganisms (including fungi, bacteria, and viruses), arthropods, fish, birds, mammals and other animals excluding humans. Investigations of effects on both managed and natural environments are relevant. The BRAG program accomplishes its purpose by providing Federal regulatory agencies with scientific information relevant to regulatory considerations derived from the risk assessment research that the program funds.

**TYPES OF ASSISTANCE:**

Project Grants

**USES AND USE RESTRICTIONS:**

Grant funds must be used for allowable costs necessary to conduct approved research objectives. Funds may not be used for purposes other than those approved in the grant award documents. The use of grant funds to plan, acquire, or construct a building or facility is not allowed under this program. With prior approval, and in accordance with the cost principles set forth in the Office of Management and Budget (OMB) Circular No. A-21, (codified at 2 CFR 220), some grant funds may be used for minor alterations, renovations, or repairs deemed necessary to retrofit existing teaching or research spaces in order to carry out a funded project. However, requests to use grant funds for such purposes must demonstrate that the alterations, renovations, or repairs are essential to achieving the major purpose of the project. Grant funds may not be used for endowment investing.

Section 7132 of the Food, Conservation, and Energy Act of 2008, amended the National Agriculture Research, Extension, and Teaching Policy Act of 1977 (7

U.S.C. 3310(a)), limiting indirect costs to 22 percent of the total Federal funds provided under each award. Therefore, when preparing budgets, applicants should limit their requests for recovery of indirect costs to the lesser of their institutions official negotiated indirect cost rate or the equivalent of 22 percent of total Federal funds awarded.

**\*\*Special Note on Indirect Costs as in-kind matching contributions.** Indirect costs may be claimed under the Federal portion of the award budget or, alternatively, indirect costs may be claimed as a matching contribution (if no indirect costs are requested under the Federal portion of the award budget). However, unless explicitly authorized in the RFA, indirect costs may not be claimed on both the Federal portion of the award budget and as a matching contribution, unless the total claimed on both the Federal portion of the award budget and as a matching contribution does not exceed the maximum allowed indirect costs or the institutions negotiated indirect cost rate, whichever is less. An awardee may split the allocation between the Federal and non-Federal portions of the budget only if the total amount of indirect costs charged to the project does not exceed the maximum allowed indirect costs or the institutions negotiated indirect cost rate, whichever is less. For example, if an awardees' indirect costs are capped at 22 percent pursuant to section 1462(a) of NARETPA (7 U.S.C. 3310(a)), the awardee may request 11 percent of the indirect costs on both the Federal portion of the award and as a matching contribution. Or, the awardee may request any similar percentage that, when combined, does not exceed the maximum indirect cost rate of 22 percent. Fully discretionary.

**Applicant Eligibility:**

Any public or private research or educational institution or organization.

**Beneficiary Eligibility:**

Any public or private research or educational institution or organization.

**Credentials/Documentation:**

A Data Universal Number System (DUNS) number must be obtained - A DUNS number is a unique number that identifies an organization. It has been adopted by the Federal government to help track how Federal grant money is distributed. If your organization does not have a DUNS number, call the special Dun & Bradstreet hotline at 1-866-705-5711 to receive one free of charge. You will receive a DUNS number within several days of your request. Please note, individual proprietorships (i.e. farmers, ranchers) can request and receive a DUNS number, but must register with Grants.gov as an organization, not as an individual.

Registration with Central Contractor Registry (CCR) is required - The CCR is the central government repository for organizations working with the Federal government. OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Applications should be submitted as outlined in the RFA. Applications must follow the instructions provided per Grants.gov and in the Agency guide to submitting applications via Grants.gov.

**Award Procedure:**

Applications are subjected to a system of peer and merit review in accordance with section 103 of the Agricultural Research, Extension and Education Reform Act of 1998 (7 U.S.C. 1613) by a panel of qualified scientists and other appropriate persons who are specialists in the field covered by the proposal. Within the limit of funds available for such purpose, the NIFA Authorized Departmental Officer (ADO) shall make grants to those responsible, eligible applicants whose applications are judged most meritorious under the procedures set forth in the RFA.

Reviewers will be selected based upon training and experience in relevant scientific, extension, or education fields, taking into account the following factors: (a) The level of relevant formal scientific, technical education, or extension experience of the individual, as well as the extent to which an individual is engaged in relevant research, education, or extension activities; (b) the need to include as reviewers experts from various areas of specialization within relevant scientific, education, or extension fields; (c) the need to include as reviewers other experts (e.g., producers, range or forest managers/operators, and consumers) who can assess relevance of the applications to targeted audiences and to program needs; (d) the need to include as reviewers experts from a variety of organizational types (e.g., colleges, universities, industry, state and Federal agencies, private profit and non-profit organizations) and geographic locations; (e) the need to maintain a balanced composition of reviewers with regard to minority and female representation and an equitable age distribution; and (f) the need to include reviewers who can judge the effective usefulness to producers and the general public of each application.

Evaluation Criteria will be delineated in the RFA.

**10.220 HIGHER EDUCATION MULTICULTURAL SCHOLARS PROGRAM**

Minority Scholars Program

**FEDERAL AGENCY:**

National Institute of Food and Agriculture, Department of Agriculture

**AUTHORIZATION:**

Legislative authority for this program is contained in section 1417 of the National Agricultural Research, Extension and Teaching Policy Act of 1977 (NARETPA) (99 Stat. 1548; 7 U.S.C. 3152). USDA/NIFA administers this federal assistance grant program to support food and agricultural sciences baccalaureate and Doctor of Veterinary Medicine (D.V.M.) degree training of the next generation of scientists, policy makers, and educators in the Food and Agricultural Sciences. USDA initiated the Higher Education Multicultural Scholars Program in FY 1994. This program, functioning collaboratively with eligible higher education institutions, is developing intellectual capital to secure the preeminence of U.S. food and agricultural systems., 7 U.S.C 3152.

**OBJECTIVES:**

To increase the ethnic and cultural diversity of the food and agricultural scientific and professional work force, and to advance the educational achievement of minority Americans, by providing grants to colleges and universities that have a demonstrable capacity to attract, educate, and graduate minority students for careers as agriscience and agribusiness professionals, and have unique capabilities for achieving the objective of full representation of minority groups in the fields of agriculture, natural resources, forestry, veterinary medicine, home economics, and disciplines closely allied to the food and agricultural system.

**TYPES OF ASSISTANCE:**

Project Grants

**USES AND USE RESTRICTIONS:**

Competitive annual grants to selected U.S. institutions of higher education provide for a limited number of four-year undergraduate scholarships to support minority students pursuing baccalaureate degrees in the food and agricultural sciences. Institutions also receive an annual cost-of-education allowance for each scholar supported by a grant. The scholars are selected by the institutions and students must apply for the scholarships through procedures established by the individual institutions. No scholarship grants are made directly to students and students cannot apply directly to USDA for scholarships. Scholarship monies may be used for tuition, fees, room, board, and other educational expenses as announced in a Federal Register notice inviting applications for new awards. The institutional cost-of-education allowance may be used by the selected institutions to defray program expenses including, but not limited to, travel and publications costs incurred for student recruitment, and salaries of project personnel. Pursuant to 7 U.S.C. 3152(b), no indirect costs may be recovered under the MSP Program. Funds are restricted to the clearly designated uses found within this RFA.

For Award Category No. 2 Proposals, the budget sharing criteria are: (i) no single institution may receive more than forty percent (40%) and (ii) any institution may not receive less than fifteen percent (15%) of the requested funding for the baccalaureate and/or D.V.M. degree level training project (see Part II, C).

When grant is for SEL that will be used by To-Be-Recruited Scholars: The SEL funds for To-Be-Recruited Scholars will be withheld until the Project Director has submitted, to the MSP Grants Program Office, all of the required documentation for eligibility of the MSP/SEL Scholar(s) for the SEL as well as the required specifics outlined in the RFA for the SEL. The information must be submitted for approval, no less than 150 days prior to the use of the SEL funds (see Part IV, B., 3, b, Section 1).

Indirect cost is not allowable. Fully discretionary.

**Applicant Eligibility:**

Proposals may be submitted by all U.S. colleges and universities with baccalaureate or higher degree programs in agriculture, natural resources, forestry, veterinary medicine, home economics, and disciplines closely allied to the food and agricultural system, including land-grant colleges and universities, colleges and universities having significant minority enrollments and a demonstrable capacity to carry out the teaching of food and agricultural sciences, and other colleges and universities having a demonstrable capacity to carry out the teaching of food and agricultural sciences.

**Beneficiary Eligibility:**

Funds awarded under this program are used to support full-time undergraduate students pursuing a baccalaureate degree in an area of the food and agricultural sciences or a closely allied field. Persons eligible to receive scholarships under this program are students who either are enrolled or have been accepted as full-time baccalaureate or DVM degree candidates, and who are members of groups traditionally under-represented in food and agricultural scientific and professional fields.

Organizational Management Information - Specific management information relating to an applicant shall be submitted on a one time basis, with updates on an as needed basis, as part of the responsibility determination prior to the award of a grant identified under this RFA, if such information has not been provided previously under this or another NIFA program. NIFA will provide copies of forms recommended for use in fulfilling these requirements as part of the preaward process. Although an applicant may be eligible based on its status as one of these entities, there are factors which may exclude an applicant from receiving Federal financial and nonfinancial assistance and benefits under this program (e.g., debarment or suspension of an individual involved or a determination that an applicant is not responsible based on submitted organizational management information). This information collection is approved under OMB Circular Control No. 0524-0026, Assurance of Compliance with the Department of Agriculture Regulations Assuring Civil Rights, Compliance and Organization Information.. OMB Circular No. A-87 applies to this program.

**Preapplication Coordination:**

All RFAs are published on the Agencies website and Grants.gov. Applicants must complete the Grants.gov registration process. Please see the following Grants.gov link for more information: [http://www.grants.gov/applicants/get\\_registered.jsp](http://www.grants.gov/applicants/get_registered.jsp). An environmental impact statement is required for this program. This program is excluded from coverage under E.O. 12372.

**Application Procedures:**

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Applications should be submitted as outlined in the RFA. Applications must follow the instructions provided per Grants.Gov and in the Agency guide to submitting applications via Grants.gov.

**Award Procedure:**

Applications are subjected to a system of peer and merit review in accordance with section 103 of the Agricultural Research, Extension and Education Reform Act of 1998 (7 U.S.C. 1613) by a panel of qualified scientists and other appropriate persons who are specialists in the field covered by the proposal. Within the limit of funds available for such purpose, the NIFA Authorized Departmental Officer (ADO) shall make grants to those responsible, eligible applicants whose applications are judged most meritorious under the procedures set forth in the RFA.

Reviewers will be selected based upon training and experience in relevant scientific, extension, or education fields, taking into account the following factors: (a) The level of relevant formal scientific, technical education, or extension experience of the individual, as well as the extent to which an individual is engaged in relevant research, education, or extension activities; (b) the need to include as reviewers experts from various areas of specialization within relevant scientific, education, or extension fields; (c) the need to include as reviewers other experts (e.g., producers, range or forest managers/operators, and consumers) who can assess relevance of the applications to targeted audiences and to program needs; (d) the need to include as reviewers experts from a variety of organizational types (e.g., colleges, universities, industry, state and Federal agencies, private profit and non-profit organizations) and geographic locations; (e) the need to maintain a balanced composition of reviewers with regard to minority and female representation and an equitable age distribution; and (f) the need to include reviewers who can judge the effective usefulness to producers and the general public of each application.

Evaluation Criteria will be delineated in the RFA.

**Deadlines:**

Contact the headquarters or regional office, as appropriate, for application deadlines.

**Range of Approval/Disapproval Time:**

Section :094 - Deadlines:

Dates for specific deadlines are announced in the RFA each fiscal year. Information is also available via our website and may be obtained via the Grants.gov website. Respective links are provided below:

From 30 to 180 days.

**Appeals:**

Not Applicable.

**Renewals:**

Specific details are provided in the Request for Applications (RFA) each fiscal year.

**Formula and Matching Requirements:**

This program has no statutory formula.  
This program has no matching requirements. Funds are awarded competitively. No formula grants are awarded under Subtitle K of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 [7 U.S.C. 3319e].

NIFA does not require matching or cost sharing support for this program. MOE requirements are not applicable to this program.

**Length and Time Phasing of Assistance:**

Grants are awarded for a five (5) year period, however, scholars are supported for four (4) years during that five (5) year period. One (1) year of the grant period is available for student recruitment and for short interruptions of a scholar's educational advancement due to personal circumstances or emergencies. Method of awarding/releasing assistance: by letter of credit.

**Reports:**

Grantees also are required to submit annual and summary progress reports via NIFA's Current Research Information System (CRIS). This reporting requirement was approved under OMB Control No. 0524-0042, NIFA Current Research Information System (CRIS). CRIS is an electronic, web-based inventory system that facilitates both grantee submission of project outcomes

and public access to information on Federally-funded projects. Cash reports are not applicable. Grantees also are required to submit annual and summary progress reports via NIFA's

Current Research Information System (CRIS). This reporting requirement was approved under OMB Control No. 0524-0042, NIFA Current Research Information System (CRIS). CRIS is an electronic, web-based inventory system that facilitates both grantee submission of project outcomes and public access to information on Federally-funded projects. A final Financial Status Report (SF-269) or Federal Financial Report (SF-425) is due within 90 days of the expiration date of the grant and should be submitted to the Awards Management Branch, Office of Extramural Programs at the address listed below, in accordance with instructions contained in 2 CFR 3430.55 (also refer to Section 3015.82 of the Uniform Federal Assistance Regulations).

**Audits:**

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Audits will be conducted in accordance with guidelines established in the revised OMB Circular No. A-133, Audits of States, Local Governments, and Nonprofit Organizations, and implemented in 7 CFR 3052. This program is also subject to audit by the cognizant Federal audit agency and the USDA Office of Inspector General.

**Records:**

In accordance with the Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and other Non-profit Organizations [2 CFR 215, Subpart C, Section 215.53, (OMB Circular A-110)] grantees shall maintain separate records for each grant to ensure that funds are used for authorized purposes. Grant-related records are subject to inspection during the life of the grant and must be retained at least three (3) years. Records must be retained beyond the three-year period if litigation is pending or audit findings have not been resolved.

**Account Identification:**

**10.221 TRIBAL COLLEGES EDUCATION EQUITY GRANTS**

Higher Education Native American Formula and/or Higher Education Native American Institutions

**FEDERAL AGENCY:**

National Institute of Food and Agriculture, Department of Agriculture

**AUTHORIZATION:**

Authority for the Tribal Colleges Education Equity Grants (TCEG) program is contained in the Equity in Educational Land-Grant Status Act of 1994 (7 U.S.C. 301 note) as amended by the Agricultural Research, Extension, and Education Reform Act of 1998 (7 U.S.C. 7601 note). Appropriated funds are to be awarded to the 1994 Land-Grant Institutions (hereinafter referred to as 1994 Institutions) for Education capacity building and funds are to be distributed equally among institutions that meet eligibility requirements., 7 U.S.C 301 note.

**OBJECTIVES:**

This grants program is designed to promote and strengthen higher education instruction in the food and agricultural sciences at the 33 Tribal Colleges designated as 1994 Land-Grant Institutions in the Equity in Educational Land-Grant Status Act of 1994, as amended. Plans of Work should focus on undergraduate and/or graduate studies in the food and agricultural sciences in one or more of the following areas: Curricula Design and Materials Development, Faculty Development and Preparation for Teaching, Instruction Delivery Systems, Student Experiential Learning, Equipment and Instrumentation for Teaching, or Student Recruitment and Retention.

The purpose of the TCEG Program is to provide funding to enhance educational opportunities for Native Americans in the food and agricultural sciences. The TCEG program is intended to strengthen institutional capacity to deliver

relevant formal education opportunities. The TCEG is intended to be a component of the applicant 1994 institutions land grant roadmap or strategic planning process. To the extent practicable, priorities should reflect the following national critical needs areas:

1. Sustainable energy
2. Global food security and hunger
3. Climate change
4. Nutrition and preventing childhood obesity
5. Food safety
6. Sustainable rural economies

Awards are made upon approval of each institutions application for a grant that relate to an institutions long-range goals. As indicated in Part 1, C. of the RFA, an application may address one (1) or more of the following program areas:

Curricula Design and Materials Development  
Faculty Development and Preparation for Teaching  
Instruction Delivery Systems  
Student Experiential Learning  
Equipment and Instrumentation for Teaching  
Student Recruitment and Retention

Recognizing that strengthening instructional programs is a long-term ongoing process, the TCEG program is interested in funding subsequent phases of previously funded projects in order to strengthen institutional capacity, and institutions are encouraged to build on a theme over several grant awards to reach institutional long-range goals.

#### **TYPES OF ASSISTANCE:**

Project Grants

#### **USES AND USE RESTRICTIONS:**

The Tribal College Equity Program (TCEG) provides funds to enhance educational opportunities for Native Americans by strengthening instructional programs in the food and agricultural sciences at the thirty four (34) tribal colleges designated as the 1994 Land-Grant Institutions (hereinafter referred to as 1994 Institutions).

Under this authority, appropriated funds are to be awarded to the 1994 Land-Grant Institutions (hereinafter referred to as 1994 Institutions) for Education capacity building and funds are to be distributed equally among institutions that meet eligibility requirements. Funding Restrictions:

Section 7132 of the Food, Conservation, and Energy Act of 2008, amended the National Agriculture Research, Extension, and Teaching Policy Act of 1977 (7 U.S.C. 3310(a)), limiting indirect costs to 22 percent of the total Federal funds provided under each award.

Therefore, when preparing budgets, applicants should limit their requests for recovery of indirect costs to the lesser of their institutions official negotiated indirect cost rate or the equivalent of 22 percent of total Federal funds awarded.

Indirect costs for the Equity program are not required and a 1994 institution may take less than the allowable amount or forego indirect costs altogether - adjust budgets accordingly.

Neither research nor extension projects are supported under the TCEG Program.

The use of grant funds to plan, acquire, or construct a building or facility is not allowed under this program. With prior approval, and in accordance with the cost principles set forth in OMB Circular No. A-21, some grant funds may be used for minor alterations, renovations, or repairs deemed necessary to retrofit existing teaching or research spaces in order to carry out a funded project. However, requests to use grant funds for such purposes must demonstrate that the alterations, renovations, or repairs are essential to achieving the major purpose of the project.

Grant funds may not be used for endowment investing.

#### **Special Notices:**

1. NIFA will withhold all funds for a TCEG award to an applicant requesting indirect costs if the applicant has not negotiated an indirect cost rate with its cognizant federal agency.
2. If a grantee is in the process of negotiating an indirect cost rate with its federal agency, NIFA will withhold all funds from that grantee until the indirect cost rate has been established.
3. If an institutions indirect cost rate has expired or will expire in the near future, a clear statement on renegotiation efforts must be included in the application. (See Part IV, B.5. of the RFA - Budget Justification.)
4. It is incumbent on all applicants to have a current indirect cost rate or begin negotiations to establish an indirect cost rate prior to the TCEG submission deadline. Because it may take several months to obtain an indirect cost rate, applicants needing an indirect cost rate are encouraged to start work on establishing these rates well in advance of submitting a TCEG application.
5. In lieu of requesting indirect costs (if the applicant does not have a negotiated rate), an applicant may prepare a budget in which all charges in the budget are included as direct costs.

NIFA does not require matching support for this program. Fully discretionary.

#### **Applicant Eligibility:**

Applications may be submitted by any of the Tribal colleges and universities designated as 1994 Land-Grant Institutions under the Educational Land-Grant Status Act of 1994, as amended. This Act, as amended in Section 533(a), requires that each 1994 Land-Grant Institution be accredited or making progress towards accreditation and be recognized as a legal entity. If accreditation is being sought, a college must demonstrate its progress towards accreditation by a letter from a nationally recognized accreditation agency affirming receipt of application for an accreditation site visit or other such documentation.

An applicants failure to meet an eligibility criterion by the time of an application deadline will result in NIFA returning the application without review or, even though an application may be reviewed, will preclude NIFA from making an award.

Award recipients may subcontract to organizations not eligible to apply provided such organizations are necessary for the conduct of project goals and objectives.

#### **Beneficiary Eligibility:**

The 1994 Institutions--Bay Mills Community College, Black feet Community College, Cankdeska Cikana Community College, Cheyenne River Community College, Dine Community College, D-Q University, Dull knife Memorial College, Fond Du Lac Community College, Fort Belknap Community College, Fort Berthold Community College, Fort Peck Community College, LacCourte Orielles Ojibwa Community College, Little Big Horn Community College, Nebraska Indian Community College, Northwest Indian College, Oglala Lakota College, Salish Kootenai College, Sinte Gleska University, Sisseton Wahpeton Community College, Sitting Bull College, Stone child Community College, Turtle Mountain Community College, United Tribes Technical College, Southwest Indian Polytechnic Institute, Institute of American Indian Arts, Crown point Institute of Technology, Haskell Indian Nations University, Leech Lake Tribal College, College of the Menominee Nation; and Little Priest Tribal College.

#### **Credentials/Documentation:**

A Data Universal Number System (DUNS) number must be obtained - A DUNS number is a unique number that identifies an organization. It has been adopted by the Federal government to help track how Federal grant money is distributed. If your organization does not have a DUNS number, call the special Dun & Bradstreet hotline at 1-866-705-5711 to receive one free of charge. You will receive a DUNS number within several days of your request. Please note, individual proprietorships (i.e. farmers, ranchers) can request and receive a DUNS number, but must register with Grants.gov as an organization, not as an individual.

Registration with Central Contractor Registry (CCR) is required - The CCR is the central government repository for organizations working with the Federal government. If your organization is not already registered, identify the primary contact who should register your organization. When your organization registers with CCR, it will be required to designate an e-Business Point of

Contact (e-Business POC). The e-Business POC authorizes individuals to submit grant applications on behalf of the organization and creates a special password called a Marketing Partner ID Number (M-PIN) to verify individuals authorized to submit grant applications for the organization. Visit the CCR Web site at <http://www.ccr.gov> to begin this process. It may take several days to collect the information needed for your organizations registration. The CCR Assistance Center can be reached at 888-227-2423. This information collection is approved under OMB Control No. 0524-0039, NIFA Application Kit for Research and Extension Programs.

Applicants must furnish the information required in the request for applications (RFAs). Successful applicants recommended for funding must furnish the information and assurances requested during the award documentation process. These include, but are not limited to the following:

Organizational Management Information - Specific management information relating to an applicant shall be submitted on a one time basis, with updates on an as needed basis, as part of the responsibility determination prior to the award of a grant identified under this RFA, if such information has not been provided previously under this or another NIFA program. NIFA will provide copies of forms recommended for use in fulfilling these requirements as part of the preaward process. Although an applicant may be eligible based on its status as one of these entities, there are factors which may exclude an applicant from receiving Federal financial and nonfinancial assistance and benefits under this program (e.g., debarment or suspension of an individual involved or a determination that an applicant is not responsible based on submitted organizational management information). This information collection is approved under OMB Circular Control No. 0524-0026, Assurance of Compliance with the Department of Agriculture Regulations Assuring Civil Rights, Compliance and Organization Information.. This program is excluded from coverage under OMB Circular No. A-87.

**Preapplication Coordination:**

All Requests for Applications (RFAs) are published on the Agencies website and Grants.gov. Applicants must complete the Grants.gov registration process. Please see the following Grants.gov link for more information: [http://www.grants.gov/applicants/get\\_registered.jsp](http://www.grants.gov/applicants/get_registered.jsp). An environmental impact statement is required for this program. This program is excluded from coverage under E.O. 12372.

**Application Procedures:**

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. Applications should be submitted as outlined in the RFA. Applications must follow the instructions provided per Grants.gov and in the Agency guide to submitting applications via Grants.gov.

**Award Procedure:**

Applications were subjected to a system of peer and merit review in accordance with section 103 of the Agricultural Research, Extension, and Education Reform Act of 1998 (7 U.S.C. 7613) by a panel of qualified scientists and other appropriate persons who were specialists in the field covered by the proposal. Within the limit of funds available for such purpose, the NIFA Authorized Departmental Officer (ADO) shall make grants to those responsible, eligible applicants whose applications were judged most meritorious under the procedures set forth in the RFA. This information collection is approved under OMB Control No. 0524-0039, NIFA Application Kit for Research and Extension Programs.

Reviewers were selected based upon training and experience in relevant scientific, extension, or education fields, taking into account the following factors:

- (a) The level of relevant formal scientific, technical education, or extension experience of the individual, as well as the extent to which an individual is engaged in relevant research, education, or extension activities;
- (b) the need to include as reviewers experts from various areas of specialization within relevant scientific, education, or extension fields;
- (c) the need to include as reviewers other experts (e.g., producers, range or

forest managers/operators, and consumers) who can assess relevance of the applications to targeted audiences and to program needs;

(d) the need to include as reviewers experts from a variety of organizational types (e.g., colleges, universities, industry, state and Federal agencies, private profit and non-profit organizations) and geographic locations;

(e) the need to maintain a balanced composition of reviewers with regard to minority and female representation and an equitable age distribution; and

(f) the need to include reviewers who can judge the effective usefulness to producers and the general public of each application.

Evaluation Criteria will be delineated in the RFA.

**Deadlines:**

Contact the headquarters or regional office, as appropriate, for application deadlines.

**Range of Approval/Disapproval Time:**

From 30 to 60 days. Dates for specific deadlines are announced in the RFA each fiscal year. Information is also available via our website and may be obtained via the Grants.gov website.

**Appeals:**

Not Applicable.

**Renewals:**

Specific details are provided in the Request for Applications (RFA) each fiscal year.

**Formula and Matching Requirements:**

Statutory formulas are not applicable to this program. This program has no matching requirements. There is no statutory formula for this program. However, appropriated funds are to be awarded to the 1994 Land-Grant Institutions (hereinafter referred to as 1994 Institutions) for Education capacity building and funds are to be distributed equally among institutions that meet eligibility requirements. Equity Funds for ineligible 1994 institutions or of those who fail to apply by the application submission date will be redistributed equally among the remaining eligible 1994 institutions.

NIFA does not require matching or cost sharing support for this program. MOE requirements are not applicable to this program.

**Length and Time Phasing of Assistance:**

Under this RFA, only new applications for four-year continuation awards may be submitted to the TCEG Program. These are project applications not previously submitted to TCEG. All new applications will be reviewed by a review panel using the process and criteria described in Part V of the RFA Application Review Requirements. Method of awarding/releasing assistance: by letter of credit.

**Reports:**

Award Terms and Conditions:

Awards are accompanied by provisions including Terms and Conditions for the funded project. Grantees must stay informed and guided by the Terms and Conditions of the award regarding required reports, program/project data collection, program income, release of information, sharing of findings, data, and other project products, patents, inventions, copyrights, etc.

**Current Research Information System Required Reporting:**

Grantees are required to submit initial project information and annual and summary reports to NIFA s Current Research Information System (CRIS). The CRIS database contains narrative project information, progress/impact statements, and final technical reports that are made available to the public. For applications recommended for funding, instructions on preparing and

submission of project documentation will be provided to the applicant by the Agency Contact. Documentation must be submitted to CRIS before NIFA funds will be released. Project reports will be requested by the CRIS office when required. For more information about CRIS, visit <http://cris.nifa.usda.gov>.

**Annual Performance Report:**

Annual performance reports are due 30 days after the anniversary date of the award and should be submitted to the NIFA Current Research Information System (CRIS).

The CRIS database contains narrative project information, progress/impact statements, and final technical reports that are made available to the public. For applications recommended for funding, instructions on preparing and submission of project documentation will be provided to the applicant by the Agency Contact. Documentation must be submitted to CRIS before NIFA funds will be released. Project reports will be requested by the CRIS office when required. For more information about CRIS, visit <http://cris.nifa.usda.gov>.

**Annual Performance Report:**  
Annual performance reports are due 30 days after the anniversary date of the award and should be submitted to the NIFA Current Research Information System (CRIS).

Annual performance reports must include the following information:

- 1) a comparison of actual accomplishments with the goals established for the reporting period;
- 2) if established goals were not met, the reasons
- 3) documentation of outputs; i.e., significant activities, including dissemination activities, events, services or products that contribute toward achieving the goals and objectives of the project
- 4) outcomes/impacts; i.e., a change in knowledge, actions or conditions;
- 5) any other indication of increased capacity for carrying out the land grant mission

**Final Technical Report:**  
A final technical report must be submitted to CRIS within 90 days after the expiration date of the project. The expiration date is specified in the award documents and modifications thereto, if any. Generally, the final technical report should be a summary of the completed project, including:

1. A review of project objectives and accomplishments;
2. A description of outcomes resulting from the project and activities undertaken to disseminate these outcomes;
3. An explanation of partnerships and collaborative ventures that resulted from the project, including future initiatives that are planned as a result of the project;
4. A description of the projects impact on the PD(s), the institution(s) involved, and the community;
5. Any pertinent data on project personnel and beneficiaries. The final technical report also must contain any other information specified in the terms and conditions of the award.

**Audits:**  
This program is excluded from coverage under OMB Circular No. A-133. Audits will be conducted in accordance with guidelines established in the revised OMB Circular No. A-133, Audits of States, Local Governments, and Nonprofit Organizations, and implemented in 7 CFR 3052. This program is also subject to audit by the cognizant Federal audit agency and the USDA Office of Inspector General.

**Records:**  
In accordance with the Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and other Non-profit Organizations [2 CFR 215, Subpart C, Section 215.53, (OMB Circular A-110)] grantees shall maintain separate records for each grant to ensure that funds are used for authorized purposes. Grant-related records are subject to inspection during the life of the grant and must be retained at least three (3) years. Records must be retained beyond the three-year period if litigation is pending or audit findings have not been resolved.

**Account Identification:**  
12-1500-0-1-352.

**Obligations:**  
(Project Grants) FY 08 \$3,318,606; FY 09 est \$3,342,000; FY 10 est \$3,342,000 - The difference between the appropriation and obligation numbers reflects legislative authorized set-asides deducted as appropriate, and in some cases the availability of obligational authority from prior years.

**Range and Average of Financial Assistance:**  
Appropriated funds are to be awarded to the 1994 Land-Grant Institutions (hereinafter referred to as 1994 Institutions) for Education capacity building and funds are to be distributed equally among institutions that meet eligibility requirements. Equity Funds for ineligible 1994 institutions or of those who fail to apply by the application submission date will be redistributed equally among the remaining eligible 1994 institutions.

Under this RFA, only new applications for four-year continuation awards may be submitted to the TCEG Program. These are project applications not previously submitted to TCEG. All new applications will be reviewed by a review panel using the process and criteria described in Part V of the RFA Application Review Requirements.

#### **OBJECTIVES:**

To enhance educational opportunities at the thirty-four (34) Land Grant Institutions by strengthening their teaching programs in the food and agricultural sciences in targeted need areas.

The legislation designates that the interest from the endowment funds benefit the 1994 land-Grant institutions by supporting teaching programs in the food and agricultural sciences in the target areas of:

- 1) Curricula design and instructional materials
- 2) Faculty development and preparation for teaching
- 3) Instruction delivery systems
- 4) Student experiential learning
- 5) Equipment & instrumentation for teaching
- 6) Student recruitment and retention

Additionally, endowment funds released on or after October 1, 2001, also may be used for facility renovation, repair, construction and maintenance to support teaching programs in the food and agricultural sciences in addition to the above six (6) areas, to support the land-grant mission.

#### **USES AND USE RESTRICTIONS:**

The Tribal Colleges Endowment Fund benefits the 1994 land-grant institutions by promoting capacity development in teaching programs in the food and agricultural sciences. The Tribal Colleges Endowment Fund, as a teaching capacity development program, is a companion program of the Tribal Colleges Equity Grants Program. It differs primarily from the Equity Grants Program in two (2) respects, namely:

Endowment funds may be escrowed indefinitely and used for major obligations relating to the allowable activities.

As of October 1, 2001, Endowment funds also may be used for facility renovation, repair, construction, and maintenance in support of and in addition to the six (6) targeted areas of support listed below.

Interest distribution from an endowed corpus based on a formula specific to this legislation.

Distribution funds received prior to October, 2001 may not be used for new construction.

Institutions that intend to use their Endowment Funds for new construction should submit their plans to USDA, NIFA, National Program Leader, Multicultural Alliances for approval. Institutions that list plans for new construction in their Planning Document will be sent specific guidelines.

Section 7402 of the Food, Conservation, and Energy Act of 2008 (FCEA) (Pub. L. 110-246), amends Section 534(a)(3) of the Equity in Educational Land-Grant Status Act of 1994 (7 U.S.C. 301 note: Public Law 103-382) to require that all eligible recipients of the 1994 Institutions Endowment Fund meet certain accreditation requirements in order to receive interest distributions from that fund. Those LGIs that do not meet these requirements will have their share of funds redistributed to those 1994 institutions which meet accreditation requirements.

#### **Applicant Eligibility:**

Eligibility is defined by legislation. An institution must be an accredited 1994 Land Grant Institution with current accreditation from a recognized accreditation organization.

Section 7402 of the Food, Conservation, and Energy Act of 2008 (FCEA) (Pub. L. 110-246), amends Section 532 of the Equity in Educational Land-Grant Status Act of 1994 (7 U.S.C. 301 note: Public Law 103-382) by adding at the end the following: (34) Ilisagvik College.

The complete listing of 1994 Land-Grant Institutions (LGIs) is as follows:

**Credentials/Documentation:**

A Data Universal Number System (DUNS) number must be obtained - A DUNS number is a unique number that identifies an organization. It has been adopted by the Federal government to help track how Federal grant money is distributed. If your organization does not have a DUNS number, call the special Dun & Bradstreet hotline at 1-866-705-5711 to receive one (1) free of charge. You will receive a DUNS number within several days of your request. Please note, individual proprietorships (i.e. farmers, ranchers) can request and receive a DUNS number, but must register with Grants.gov as an organization, not as an individual.

Registration with Central Contractor Registry (CCR) is required - The CCR is the central government repository for organizations working with the Federal government. If your organization is not already registered, identify the primary contact who should register your organization. When your organization registers with CCR, it will be required to designate an e-Business Point of Contact (e-Business POC). The e-Business POC authorizes individuals to submit grant applications on behalf of the organization and creates a special password called a Marketing Partner ID Number (M-PIN) to verify individuals authorized to submit grant applications for the organization. Visit the CCR Web site at <http://www.ccr.gov> to begin this process. It may take several days to collect the information needed for your organizations registration. The CCR Assistance Center can be reached at 888-227-2423. This information collection is approved under OMB Control No. 0524-0039, NIFA Application Kit for Research and Extension Programs.. This program is excluded from coverage under OMB Circular No. A-87.

**Preapplication Coordination:**

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

**Application Procedures:**

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. There is no application process. Please refer to Section :093 for specific details regarding the Award Procedure.

**Award Procedure:**

On the termination of each fiscal year, the Secretary of Agriculture withdraws the earned interest from the Endowment fund and distributes it to the 1994s on a pro rata basis. The pro rata basis formula is as follows: 60 percent is based on the Indian student count for each institution; 40 percent is distributed in equal shares.

Interest distributions are made on an annual basis.

The interest earned from the endowment corpus is distributed to each 1994 Institution based on a 60-40 percentage formula:

60 percent (60%) is based on the number of American Indian students enrolled (based on the annual Student Indian Count as defined in Section 390(3) of the Carl D. Perkins Vocational and Applied Technology Education Act) will be furnished to the agency by the American Indian Higher Education Consortium - AIHEC) and

40 percent (40%) on an equal base formula.

The computation is made by NIFA and a letter of notification is sent to each 1994 institution President.

The Endowment Interest distribution is available to the 1994 Institutions to be drawn down at their discretion through the electronic payment systems of either the Department of Health and Human Services (PMS) or through the Treasury

ASAP system.

Upon notification of their annual distribution, 1994s are required to submit a Planning Document (subject to approval) on how their Endowment funds will be spent.

Title V, Part C of the Improving Americas Schools Act of 1994, Public law 103-382 (October 20, 1994), 7 U.S.C. 301 note, as amended; Public Law 105-185, cited as Equity in Educational Land-Grant Status Act of 1994, (hereafter referred to as the Act) provides that certain tribal colleges, designated as 1994 Land-Grant Institutions, (hereafter referred to as LGIs) receive various benefits.

This program has no matching requirements. NIFA does not require matching or cost sharing support for this program.

MOE requirements are not applicable to this program.

**Length and Time Phasing of Assistance:**

Interest distributions are made on an annual basis.

The Endowment Interest distribution is no-year funds and can be used or held indefinitely. Method of awarding/releasing assistance: by letter of credit.

**Reports:**

As part of its oversight and accountability responsibilities, NIFA requires that the following documents be submitted by September 30 of each year or within 90 days after having received the interest distribution notification:

Planning Document College intent to utilize the Endowment Funds (Institutions are encouraged to engage in long-range planning and the sharing of ideas within the Tribal College Community.)

Annual Technical/Progress Report How funds were spent over the past year and any impact of those funds.

Annual SF- 425, Federal Financial Report, per Agency instructions.

**SPECIAL NOTE:**

Specific and detailed guidance regarding the format and content of the Planning Document and Annual Technical/Progress Report accompany the annual Interest Distribution letters which are sent to the Presidents of each 1994 Land-Grant Institution.

Further, the reports are required to keep Congress informed of progress and accomplishments regarding the utilization of the Endowment funds. NIFA uses the SF-425, Federal Financial Report to monitor cash. **Audits:**

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Audits will be conducted in accordance with guidelines established in the revised OMB Circular No. A-133, Audits of States, Local Governments, and Nonprofit Organizations, and implemented in 7 CFR 3052. This program is also subject to audit by the cognizant Federal audit agency and the USDA Office of Inspector General.

**Records:**

In accordance with the Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and other Non-profit Organizations [2 CFR 215, Subpart C, Section 215.53, (OMB Circular A-110)] grantees shall maintain separate records for each grant to ensure that funds are used for authorized purposes. Grant-related records are subject to inspection during the life of the grant and must be retained at least three (3) years. Records must be retained beyond the three (3) year period if litigation is pending or audit findings have not been resolved.

(Formula Grants (Apportionments)) FY 08 \$3,080,640; FY 09 est \$3,669,843; FY 10 est \$3,670,080 - The difference between the appropriation and obligation numbers reflects legislative authorized set-asides deducted as appropriate, and in some cases the availability of obligational authority from prior years.

**Range and Average of Financial Assistance:**

The Endowment Interest distribution increases each year in proportion to the Endowment Corpus and the interest earnings for each year; as well as the number of American Indians enrolled at each institution. The highest amount awarded was in 2009 was \$299,509 and the lowest amount was \$57,866. Three Institutions received amounts over \$200,000; 11 Institutions received amounts over \$100,000 and 18 Institutions received amounts under \$99,000.

NOTE: For Fiscal Year (FY) 2009, two (2) LGIs did not meet eligibility criteria for interest distribution.

**PROGRAM ACCOMPLISHMENTS:**

Fiscal Year 2008: The endowment formula funds for Tribal Colleges are being used in two broad areas, building infrastructure and recruitment and retention of faculty, staff, and students. Overall, these funds provide Native American students with the infrastructure to obtain an associates degree and move on to a major four (4) year degree granting institution in the Food, Agriculture, and Natural Science area. Fiscal Year 2009: All of the 1994 land-grant institutions have experienced growth in their education programs since the implementation of the Endowment Fund. Especially noteworthy are the uses of their Endowment moneys by Turtle Mountain Community College and Haskell Indian Nations University. Turtle Mountain Community College has developed a hands-on alternative energy and energy conservation curriculum, and Haskell Indian Nations University has developed its Institute of Distance Education for delivering its curriculum to the Kansas-based Tribal Nations to promote rural development. Fiscal Year 2010: It is anticipated that similar accomplishments will be attained in Fiscal Year (FY) 2010.

Fiscal Year 2009: New curriculum development converting a two (2) year associate degree into a baccalaureate in Environmental Science. This will increase student accessibility to four (4) year degree programs through challenging classroom and hands-on field experiences, knowledgeable instructors, accessibility to the internet, and distance learning education. Fiscal Year 2010: Funds are being escrowed to build a reserve that will be used to plan and develop curricula for

two additional degrees focusing on healthful nutrition classes; employ adequate trained staff to ensure culturally important learning styles vs. faculty instruction; and partner with an 1862 University, American Dietetic Association, local college culinary arts program, and Indian health services, to develop formal and community educational programming in diets, tourism management, Type 2 diabetes, and culinary arts.

**CRITERIA FOR SELECTING PROPOSALS:**

Not Applicable.

**10.223 HISPANIC SERVING INSTITUTIONS EDUCATION GRANTS**

HSI Grants

**FEDERAL AGENCY:**

National Institute of Food and Agriculture, Department of Agriculture

**AUTHORIZATION:**

This program is administered under the provisions of section 1455 of the National Agricultural Research, Extension, and Teaching Policy Act of 1977, as amended (NARETPA)

(7 U.S.C. 3241) pursuant to section 815 of Public Law 104-127 and Public Law 110-246. Section 1455 of NARETPA, as reauthorized by section 7128 of Public Law 110-246, provides the Secretary of Agriculture with the authority to make competitive grants (or grants without regard to any requirement for competition) to Hispanic-Serving Institutions for the purpose of promoting and strengthening the ability of Hispanic-Serving Institutions to carry out education, applied research, and related community development programs., 7 U.S.C. 3241.

**OBJECTIVES:**

The objective of this program is to promote and strengthen the ability of Hispanic-Serving Institutions to carry out higher education programs in the food and agricultural sciences. These programs aim to attract outstanding students and produce graduates capable of enhancing the Nation's food and agricultural scientific and professional work force. Grants under this program will be awarded to: (1) support the activities of consortia of Hispanic-Serving Institutions to enhance educational equity for underrepresented students; (2) strengthen institutional educational capacities including libraries, curriculum, faculty, scientific instrumentation, instruction delivery systems, and student recruitment and retention, in order to respond to identified State, regional, national, or international educational needs in the food and agricultural sciences; (3) attract and support undergraduate and graduate students from underrepresented groups in order to prepare them for careers related to the food, agricultural, and natural resource systems of the United States, beginning with the mentoring of students at the high school level and continuing with the provision of financial support for students through their attainment of a doctoral degree; and (4) facilitate cooperative initiatives between two or more Hispanic-Serving Institutions, or between Hispanic-Serving Institutions and units of State government or the private sector, to maximize the development and use of resources, such as faculty, facilities, and equipment, to improve food and agricultural sciences teaching programs.

**TYPES OF ASSISTANCE:**

Project Grants

**USES AND USE RESTRICTIONS:**

Funds may be used to support one or more of the following target areas or additional target areas as identified in the annual program announcement: Curricula design; materials development; library resources; faculty preparation and enhancement for teaching; instruction delivery systems; scientific instrumentation for teaching; student experiential learning; and student recruitment and retention. 1. Award Limitations  
For FY 2009, a lead institution may receive up to two awards. Institutions could serve as collaborators in many applications and awards.

2. Funding Limitations

Please see Part II, C.3., Award Size, for maximum budget requests for regular or collaboration project applications. For FY 2009, there is no limitation on the amount of funding a single awardee may receive either as a lead institution, a cooperating institution, a subawardee or any combination thereof. The lead institution on a Collaboration Project must retain at least 25 percent and no more than 75 percent of the funds awarded.

3. Use of Funds for Facilities

Under the Hispanic-Serving Institutions Education Grants Program, the use of grant funds to plan, acquire, or construct a building or facility is not allowed. With prior approval, in accordance with the cost principles set forth in OMB Circular No. A-21, some grant funds may be used for minor alterations, renovations, or repairs deemed necessary to retrofit existing teaching spaces in order to carry out a funded project. However, requests to use grant funds for such purposes must demonstrate that the alterations, renovations, or repairs are incidental to the major purpose for which a grant is issued.

4. Indirect Costs

Section 7132 of the Food, Conservation, and Energy Act of 2008, amended the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (7 U.S.C. 3310(a)), limiting indirect costs to 22 percent of the total Federal funds provided under each award. Therefore, when preparing budgets, applicants should limit their requests for recovery of indirect costs to the lesser of their institutions official negotiated indirect cost rate or the equivalent of 22 percent of total Federal funds awarded.

**\*\*Special Note on Indirect Costs as in-kind matching contributions.** Indirect costs may be claimed under the Federal portion of the award budget or, alternatively, indirect costs may be claimed as a matching contribution (if no indirect costs are requested under the Federal portion of the award budget). However, unless explicitly authorized in the RFA, indirect costs may not be claimed on both the Federal portion of the award budget and as a matching contribution, unless the total claimed on both the Federal portion of the award budget and as a matching contribution does not exceed the maximum allowed indirect costs or the institutions negotiated indirect cost rate, whichever is less. An awardee may split the allocation between the Federal and non-Federal portions of the budget only if the total amount of indirect costs charged to the project does not exceed the maximum allowed indirect costs or the institutions negotiated indirect cost rate, whichever is less. For example, if an awardees' indirect costs are capped at 22 percent pursuant to section 1462(a) of NARETPA (7 U.S.C. 3310(a)), the awardee may request 11 percent of the indirect costs on both the Federal portion of the award and as a matching contribution. Or, the awardee may request any similar percentage that, when combined, does not exceed the maximum indirect cost rate of 22 percent. Fully discretionary.

**Applicant Eligibility:**

Hispanic serving institutions are eligible to receive funds under this program. "Hispanic serving institutions" means an institution of higher education which, at the time of application, has an enrollment of undergraduate full-time equivalent students that is at least 25 percent Hispanic students, and which (1) admits as regular students only persons having a certificate of graduation from a school providing secondary education, or the recognized equivalent of such certificate; (2) is a public or other nonprofit institutions accredited by a nationally recognized accrediting body; and (3) is legally authorized to provide a program of education beyond the secondary level for which a 2-year associate, baccalaureate, or higher degree is awarded. Applications may be submitted by, and awards may only be made to, public or other non-profit Hispanic-Serving Institutions as defined in the definitions section of this solicitation. For the purposes of this program, the individual branches of a State university system or public system of higher education that are separately accredited as degree granting institutions are treated as separate institutions eligible for awards. Accreditation must be by an agency or association recognized by the Secretary, U.S. Department of Education. Institutions also must be legally authorized to offer at least a two-year program of study creditable toward an associate's or bachelor's degree. Separate branches or campuses of a college or university that are not individually accredited as degree granting institutions are not treated as separate institutions. To be eligible for competitive consideration for an award under this program, a Hispanic-Serving Institution must at the time of application: (1) certify that it has an enrollment of undergraduate full-time equivalent students that is at least 25 percent Hispanic students; and (2) provide assurances that not less than 50 percent of the institution's Hispanic students are low-income individuals as defined in the definitions section of this solicitation.

**Beneficiary Eligibility:**

Hispanic serving institutions, as identified above, are eligible to receive funds under this program.

**Credentials/Documentation:**

A Data Universal Number System (DUNS) number must be obtained - A DUNS number is a unique number that identifies an organization. It has been adopted by the Federal government to help track how Federal grant money is distributed. If your organization does not have a DUNS number, call the special Dun & Bradstreet hotline at 1-866-705-5711 to receive one free of charge. You will receive a DUNS number within several days of your request. Please note, individual proprietorships (i.e. farmers, ranchers) can request and receive a DUNS number, but must register with Grants.gov as an organization, not as an individual.

Registration with Central Contractor Registry (CCR) is required - The CCR is the central government repository for organizations working with the Federal government. If your organization is not already registered, identify the primary contact who should register your organization. When your organization registers with CCR, it will be required to designate an e-Business Point of Contact (e-Business POC). The e-Business POC authorizes individuals to submit grant applications on behalf of the organization and creates a special password called a Marketing Partner ID Number (M-PIN) to verify individuals authorized to submit grant applications for the organization. Visit the CCR Web site at <http://www.ccr.gov> to begin this process. It may take several days to collect the information needed for your organizations registration. The CCR Assistance Center can be reached at 888-227-2423. This information collection is approved under OMB Control No. 0524-0039, NIFA Application Kit for Research and Extension Programs.

Applicants must furnish the information required in the request for applications (RFAs). Successful applicants recommended for funding must furnish the information and assurances requested during the award documentation process. These include, but are not limited to the following:

Organizational Management Information - Specific management information relating to an applicant shall be submitted on a one time basis, with updates on an as needed basis, as part of the responsibility determination prior to the award of a grant identified under this RFA, if such information has not been provided previously under this or another NIFA program. NIFA will provide copies of forms recommended for use in fulfilling these requirements as part of the preaward process. Although an applicant may be eligible based on its status as one of these entities, there are factors which may exclude an applicant from receiving Federal financial and nonfinancial assistance and benefits under this program (e.g., debarment or suspension of an individual involved or a determination that an applicant is not responsible based on submitted organizational management information). This information collection is approved under OMB Circular Control No. 0524-0026, Assurance of Compliance with the Department of Agriculture Regulations Assuring Civil Rights, Compliance and Organization Information.. OMB Circular No. A-87 applies to this program.

**Preapplication Coordination:**

All RFAs are published on the Agency's website and Grants.gov. Applicants must complete the Grants.gov registration process. Please see the following Grants.gov link for more information: [http://www.grants.gov/applicants/get\\_registered.jsp](http://www.grants.gov/applicants/get_registered.jsp). An environmental impact statement is required for this program. This program is excluded from coverage under E.O. 12372.

**Application Procedures:**

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Applications should be submitted as outlined in the RFA. Applications must follow the instructions provided per Grants.gov and in the Agency guide to submitting applications via Grants.gov.

**Award Procedure:**

Applications are subjected to a system of peer and merit review in accordance with section 103 of the Agricultural Research, Extension and Education Reform Act of 1998 (7 U.S.C. 1613) by a panel of qualified scientists and other appropriate persons who are specialists in the field covered by the proposal. Within the limit of funds available for such purpose, the NIFA Authorized

Departmental Officer (ADO) shall make grants to those responsible, eligible applicants whose applications are judged most meritorious under the procedures set forth in the RFA.

Reviewers will be selected based upon training and experience in relevant scientific, extension, or education fields, taking into account the following factors: (a) The level of relevant formal scientific, technical education, or extension experience of the individual, as well as the extent to which an individual is engaged in relevant research, education, or extension activities; (b) the need to include as reviewers experts from various areas of specialization within relevant scientific, education, or extension fields; (c) the need to include as reviewers other experts (e.g., producers, range or forest managers/operators, and consumers) who can assess relevance of the applications to targeted audiences and to program needs; (d) the need to include as reviewers experts from a variety of organizational types (e.g., colleges, universities, industry, state and Federal agencies, private profit and non-profit organizations) and geographic locations; (e) the need to maintain a balanced composition of reviewers with regard to minority and female representation and an equitable age distribution; and (f) the need to include reviewers who can judge the effective usefulness to producers and the general public of each application.

Evaluation Criteria will be delineated in the RFA.

**Deadlines:**

Contact the headquarters or regional office, as appropriate, for application deadlines.

**Range of Approval/Disapproval Time:**

Section :094 - Deadlines:

Dates for specific deadlines are announced in the RFA each fiscal year. Information is also available via our website and may be obtained via the Grants.gov website. Respective links are provided below:

**Appeals:**

Not Applicable.

**Renewals:**

Specific details are provided in the Request for Applications (RFA) each fiscal year.

**Formula and Matching Requirements:**

This program has no statutory formula. This program has no matching requirements. Funds are awarded competitively. No formula grants are awarded under Subtitle K of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 [7 U.S.C. 3319e].

NIFA does not require matching or cost sharing support for this program. MOE requirements are not applicable to this program.

**Length and Time Phasing of Assistance:**

The term of competitive project grants and/or cooperative agreements under this program may not exceed three (3) years. Method of awarding/releasing assistance: by letter of credit.

**Reports:**

Grantees also are required to submit annual and summary progress reports via NIFA's Current Research Information System (CRIS). This reporting requirement was approved under OMB Control No. 0524-0042, NIFA Current Research Information System (CRIS). CRIS is an electronic, web-based inventory system that facilitates both grantee submission of project outcomes and public access to information on Federally-funded projects. **Audits:**

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Audits will be conducted in accordance with guidelines established in the revised OMB Circular No. A-133, Audits of States, Local Governments, and Nonprofit Organizations, and implemented in 7 CFR 3052. This program is also subject to audit by the cognizant Federal audit agency and the USDA Office of Inspector General.

**Records:**

In accordance with the Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and other Non-profit Organizations [2 CFR 215, Subpart C, Section 215.53, (OMB Circular A-110)] grantees shall maintain separate records for each grant to ensure that funds are used for authorized purposes. Grant-related records are subject to inspection during the life of the grant and must be retained at least three (3) years. Records must be retained beyond the three-year period if litigation is pending or audit findings have not been resolved.

**10.225 COMMUNITY FOOD PROJECTS**

Community Food Project Program

**FEDERAL AGENCY:**

National Institute of Food and Agriculture, Department of Agriculture

**AUTHORIZATION:**

The Community Food Projects Competitive Grants Program (CFPCGP) legislative authority is located in Section 25 of the Food Stamp Act of 1977 (7 U.S.C. 2034), as amended by the Food and Nutrition Act of 2008 and Section 4402 of the Food, Conservation, and Energy Act (FCEA) of 2008 (Pub. L. 110-246), which authorizes a program of federal grants to establish and carry out Community Food Projects., 7 U.S.C 2034.

**OBJECTIVES:**

To support the development of community food projects designed to meet the food needs of low-income people; increase the self-reliance of communities in providing for their own needs; and promote comprehensive responses to local food, farm, and nutrition issues.

**TYPES OF ASSISTANCE:**

Project Grants

**USES AND USE RESTRICTIONS:**

Community food projects are intended to take a comprehensive approach to developing long-term solutions that help to ensure food security in communities by linking the food sector to community development, economic opportunity, and environmental enhancement. Comprehensive solutions may include elements such as: (1) Improved access to high quality, affordable food among low-income households; (2) support for local food systems, from urban gardening to local farms that provide high quality fresh food, ideally with minimal adverse environmental impact; and (3) expanded economic opportunities for community residents through local business or other economic development, improved employment opportunities, job training, youth

apprenticeship, school-to-work transition, and the like. Any solution proposed must tie into community food needs. Successful applicants must provide matching funds, either in cash or in-kind amounting to at least 50 percent of the total cost of the project during the term of the grant award. 1. Construction and Renovation:

With prior approval, and in accordance with applicable Federal cost principles, grant funds may be used to plan, acquire, or construct a building or facility, or to acquire land; and for improvements, alterations, renovations, or repairs to land or buildings, necessary to carry out a funded project under this program. However, requests to use grant funds for such purposes must demonstrate that such expenditures are essential to achieving the major purpose for which the grant request is made.

## 2. Indirect Costs:

Full Negotiated Rate.

### **Applicant Eligibility:**

Proposals may be submitted by private nonprofit entities. Because projects must promote comprehensive responses to local food, farm, and nutrition issues, applicants are encouraged to seek and create partnership among public, private nonprofit and private for-profit organizations or firms. To be further eligible for a grant, a private nonprofit applicant must meet three mandatory requirements: 1. Have experience in the area of: (a) community food work, particularly concerning small and medium-sized farms, including the provision of food to people in low-income communities and the development of new markets in low-income communities for agricultural producers; or (b) job training and business development activities in low-income communities; 2. demonstrate competency to implement a project, provide fiscal accountability and oversight, collect data, and prepare reports and other appropriate documentation; and 3. demonstrate a willingness to share information with researchers, practitioners, and other interested parties.

### **Beneficiary Eligibility:**

Low income people.

### **Credentials/Documentation:**

A Data Universal Number System (DUNS) number must be obtained - A DUNS number is a unique number that identifies an organization. Applicants must furnish the information required in the request for applications (RFAs). Successful applicants recommended for funding must furnish the information and assurances requested during the award documentation process. These include, but are not limited to the following:

Organizational Management Information - Specific management information relating to an applicant shall be submitted on a one time basis, with updates on an as needed basis, as part of the responsibility determination prior to the award of a grant identified under this RFA, if such information has not been provided

previously under this or another NIFA program. NIFA will provide copies of forms recommended for use in fulfilling these requirements as part of the preaward process. Although an applicant may be eligible based on its status as one of these entities, there are factors which may exclude an applicant from receiving Federal financial and nonfinancial assistance and benefits under this program (e.g., debarment or suspension of an individual involved or a determination that an applicant is not responsible based on submitted organizational management information). This information collection is approved under OMB Circular Control No. 0524-0026, Assurance of Compliance with the Department of Agriculture Regulations Assuring Civil Rights, Compliance and Organization Information.. This program is excluded from coverage under OMB Circular No. A-87.

### **Preapplication Coordination:**

All RFAs are published on the Agencies website and Grants.gov. Applicants must complete the Grants.gov registration process. Please see the following Grants.gov link for more information: [http://www.grants.gov/applicants/get\\_registered.jsp](http://www.grants.gov/applicants/get_registered.jsp). ### **Application Procedures:**

This program is excluded from coverage under OMB Circular No. A-102. This program is excluded from coverage under OMB Circular No. A-110. Applications should be submitted as outlined in the RFA. Applications must follow the instructions provided per Grants.gov and in the Agency guide to submitting applications via Grants.gov.

### **Award Procedure:**

Applications are subjected to a system of peer and merit review in accordance with section 103 of the Agricultural Research, Extension and Education Reform Act of 1998 (7 U.S.C. 1613) by a panel of qualified scientists and other appropriate persons who are specialists in the field covered by the proposal. Within the limit of funds available for such purpose, the NIFA Authorized Departmental Officer (ADO) shall make grants to those responsible, eligible applicants whose applications are judged most meritorious under the procedures set forth in the RFA.

Reviewers will be selected based upon training and experience in relevant scientific, extension, or education fields, taking into account the following factors: (a) The level of relevant formal scientific, technical education, or extension experience of the individual, as well as the extent to which an individual is engaged in relevant research, education, or extension activities; (b) the need to include as reviewers experts from various areas of specialization within relevant scientific, education, or extension fields; (c) the need to include as reviewers other experts (e.g., producers, range or forest managers/operators, and consumers) who can assess relevance of the applications to targeted audiences and to program needs; (d) the need to include as reviewers experts from a variety of organizational types (e.g., colleges, universities, industry, state and Federal agencies, private profit and non-profit organizations) and geographic locations; (e) the need to maintain a balanced composition of reviewers with regard to minority and female representation and an equitable age distribution; and (f) the need to include reviewers who can judge the effective usefulness to producers and the general public of each application.

Evaluation Criteria will be delineated in the RFA.

### **Deadlines:**

Contact the headquarters or regional office, as appropriate, for application deadlines.

### **Range of Approval/Disapproval Time:**

Section :094 - Deadlines:

Dates for specific deadlines are announced in the RFA each fiscal year. Information is also available via our website and may be obtained via the Grants.gov website. Respective links are provided below:

<http://www.nifa.usda.gov/>

<http://www.grants.gov>

Section :095 - Range of Approval/Disapproval Time:

From 30 to 180 days.

**Appeals:**

Not Applicable.

**Renewals:**

Specific details are provided in the Request for Applications (RFA) each fiscal year.

**Formula and Matching Requirements:**

This program has no statutory formula.

Matching Requirements: Percent: 100%. Successful CFP applicants and PP award applicants MUST provide matching on a dollar-for-dollar basis (100%) for all federal funds awarded.

Matching funds are not required for T & TA grants.

The legislation establishing the FSLC requires that as a condition to receiving a grant from NIFA, the NGO must contribute in-kind resources toward implementing the grant. To comply with this provision, NIFA has determined that applicants must provide at least 25 percent of total project resources on an in-kind basis during the term of the grant award. The Federal share of FSLC costs can be no more than 75 percent of total project costs.

CFP, PP and FSCL grantees may provide matching funds through cash and/or in-kind contributions, including third-party in-kind contributions fairly evaluated, including facilities. The non-federal share of the funding may come from state government, local government, other non-profit entities, or private sources. Examples of qualifying matching contributions may include direct costs such as: rent for office space used exclusively for the funded project; duplication or postage costs; and staff time from an entity other than the applicant for job training or nutrition education.

**\*\*SPECIAL NOTES:**

(1) Use of Indirect Costs as In-Kind Matching Contributions. Indirect costs may be claimed under the Federal portion of the award budget or, alternatively, indirect costs may be claimed as a matching contribution (if no indirect costs are requested under the Federal portion of the award budget). However, unless explicitly authorized in the RFA, indirect costs may not be claimed on both the Federal portion of the award budget and as a matching contribution, unless the total claimed on both the Federal portion of the award budget and as a matching contribution does not exceed the maximum allowed indirect costs or the institutions negotiated indirect cost rate, whichever is less. An awardee may split the allocation between the Federal and non-Federal portions of the budget only if the total amount of indirect costs charged to the project does not exceed the maximum allowed indirect costs or the institutions negotiated indirect cost rate, whichever is less. For example, if an awardee's indirect costs are capped at 22 percent pursuant to section 1462(a) of NARETPA (7 U.S.C. 3310(a)), the awardee may request 11 percent of the indirect costs on both the Federal portion of the award and as a matching contribution. Or, the awardee may request any similar percentage that, when combined, does not exceed the maximum indirect cost rate of 22 percent.

(2) MATCHING FUNDS ARE NOT REQUIRED FOR TRAINING AND TECHNICAL ASSISTANCE (T & TA) GRANTS.

MOE requirements are not applicable to this program.

**Length and Time Phasing of Assistance:**

The term of competitive project grants and/or cooperative agreements under this program may not exceed three (3) years. Method of awarding/releasing assistance: by letter of credit.

**Reports:**

Grantees also are required to submit annual and summary progress reports via NIFA's Current Research Information System (CRIS). This reporting requirement was approved under OMB Control No. 0524-0042, NIFA Current Research Information System (CRIS). CRIS is an electronic, web-based inventory system that facilitates both grantee submission of project outcomes and public access to information on Federally-funded projects. **Audits:**

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Audits will be conducted in accordance with guidelines established in the revised OMB Circular No. A-133, Audits of States, Local Governments, and Nonprofit Organizations, and implemented in 7 CFR 3052. This program is also subject to audit by the cognizant Federal audit agency and the USDA Office of Inspector General.

**Records:**

In accordance with the Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and other Non-profit Organizations [2 CFR 215, Subpart C, Section 215.53, (OMB Circular A-110)] grantees shall maintain separate records for each grant to ensure that funds are used for authorized purposes. **Obligations:**

(Project Grants) FY 08 \$0; FY 09 est \$9,600,000; FY 10 est \$4,800,000 - The difference between the appropriation and obligation numbers reflects legislative authorized set-asides deducted as appropriate, and in some cases the availability of obligational authority from prior years.

The FY 09 number is \$10 million or \$9.6 million after the Federal Administration set aside. No funds were provided in FY 08 due to an issue with the dates in the authorizing legislation. However, the FY 08 funds were made available in FY 09 along with the FY 09 funds.

The FY 10 number of \$4.8 is correct. This is the amount available after the Federal Administration set aside is assessed.

1. The applicability and merit of the proposed project in regard to its ability to: Meet the food needs of low-income people in the proposed community for providing for its own food needs; and promote comprehensive responses to local food, farm, and nutrition needs;
2. the capacity to become self-sustaining once Federal funding ends; and
3. organizational and staff qualifications and experience; and 4. additional criteria will be considered relative to the extent the proposed project contributes to:
  - (a) developing linkages between two or more sectors of the food system;
  - (b) supporting the development of entrepreneurial projects;
  - (c) developing innovative linkages between the for-profit and nonprofit food sectors;
  - (d) encouraging long-term planning activities and multi-system, interagency approaches; and (e) incorporating linkages to one or more ongoing USDA themes or initiatives referred to in the program guidelines and/or annual proposal solicitation.

Section 1405 of the National Agricultural Research, Extension, and Teaching Policy Act of 1977, as amended, (7 U.S.C. 3121) designates the U.S. Department of Agriculture (USDA) as the lead Federal agency for agriculture research, extension and teaching in the food and agricultural sciences. Section

7109 of the Food, Conservation, and Energy Act of 2008 (P.L. 110-246) amends the authority for this program contained in section 1417(j) of the National Agricultural Research, Extension, and Teaching Policy Act of 1977, as amended (7 U.S.C. 3152(j)). In accordance with the statutory authority, subject to the availability of funds, the Secretary of Agriculture (USDA), who has delegated the authority to the Director of the National Institute of Food and Agriculture (NIFA), will award grants to: (a) promote and strengthen secondary and 2-year postsecondary agriscience and agribusiness education, and Agriculture in the K-12 Classroom, in order to help ensure the existence in the United States of a qualified workforce to serve the food and agricultural sciences system; and (b) promote complementary and synergistic linkages among secondary, 2-year postsecondary, and higher education programs in the food and agricultural sciences in order to attain excellence in education and to encourage more young Americans to pursue and complete a baccalaureate or higher degree in the food and agricultural sciences., 7 U.S.C 3121; Section 1405 of the National Agricultural Research, Extension, and Teaching Policy Act of 1977, as amended, (7 U.S.C. 3121) designates the U.S. Department of Agriculture (USDA) as the lead Federal agency for agriculture research, extension and teaching in the food and agricultural sciences. Section 7109 of the Food, Conservation, and Energy Act of 2008 (P.L. 110-246) amends the authority for this program contained in section 1417(j) of the National Agricultural Research, Extension, and Teaching Policy Act of 1977, as amended (7 U.S.C. 3152(j)), 7 U.S.C 3152 (j).

**OBJECTIVES:**

The purpose of the Secondary Education, Two-Year Postsecondary Education, and Agriculture in the K-12 Classroom Challenge (SPECA) Grants Program is to: enhance curricula in agricultural education; increase faculty teaching competencies; interest young people in pursuing higher education in order to prepare for scientific and professional careers in the food and agricultural sciences; promote the incorporation of agriscience and agribusiness subject matter into other instructional programs, particularly classes in science, business, and consumer education; facilitate joint initiatives by the grant recipient with other secondary schools, institutions of higher education that award an associate's degree, institutions of higher education that award a bachelor's degree, and nonprofit organizations supporting agriscience and agribusiness education, to maximize the development and use of resources, such as faculty, facilities, and equipment, to improve agriscience and agribusiness education; support other initiatives designed to meet local, State, regional, or national needs related to promoting excellence in agriscience and agribusiness education; and support current Agriculture in the Classroom programs for grades K-12.

**TYPES OF ASSISTANCE:**

Project Grants

**USES AND USE RESTRICTIONS:**

Funds may be used only in targeted areas, e.g., curricula design and materials development, promotion of teaching competencies, promotion of agriscience and agribusiness career information, instruction delivery systems, student experiential learning, and educational activities that increase the diversity of students pursuing degrees in agriscience and agribusiness. CSREES has determined that grant funds awarded under this authority may not be used for the renovation or refurbishment of research, education, or extension space; the purchase or installation of fixed equipment in such space; or the planning, repair, rehabilitation, acquisition, or construction of buildings or facilities.

Tuition remission not allowed.

Section 7132 of the Food, Conservation, and Energy Act of 2008 (P.L. 110-246), amended the National Agriculture Research, Extension, and Teaching Policy Act of 1977 (7 U.S.C. 3310(a)), limiting indirect costs to 22 percent of the total Federal funds provided under each award. Therefore, when preparing budgets, applicants should limit their requests for recovery of indirect costs to the lesser of their institutions official negotiated indirect cost rate or the equivalent of 22 percent of total Federal funds awarded.

\*\*Special Note on Indirect Costs as in-kind matching contributions. Indirect costs may be claimed under the Federal portion of the award budget or, alternatively, indirect costs may be claimed as a matching contribution (if no

indirect costs are requested under the Federal portion of the award budget). However, unless explicitly authorized in the RFA, indirect costs may not be claimed on both the Federal portion of the award budget and as a matching contribution, unless the total claimed on both the Federal portion of the award budget and as a matching contribution does not exceed the maximum allowed indirect costs or the institutions negotiated indirect cost rate, whichever is less. An awardee may split the allocation between the Federal and non-Federal portions of the budget only if the total amount of indirect costs charged to the project does not exceed the maximum allowed indirect costs or the institutions negotiated indirect cost rate, whichever is less. For example, if an awardee's indirect costs are capped at 22 percent pursuant to section 1462(a) of NARETPA (7 U.S.C. 3310(a)), the awardee may request 11 percent of the indirect costs on both the Federal portion of the award and as a matching contribution. Or, the awardee may request any similar percentage that, when combined, does not exceed the maximum indirect cost rate of 22 percent. Fully discretionary.

**Applicant Eligibility:**

Public secondary schools or public or private nonprofit junior and community colleges.

**Beneficiary Eligibility:**

Public secondary schools or public or private nonprofit junior and community colleges.

**Credentials/Documentation:**

A Data Universal Number System (DUNS) number must be obtained - A DUNS number is a unique number that identifies an organization. It has been adopted by the Federal government to help track how Federal grant money is distributed. If your organization does not have a DUNS number, call the special Dun & Bradstreet hotline at 1-866-705-5711 to receive one free of charge. You will receive a DUNS number within several days of your request. Please note, individual proprietorships (i.e. farmers, ranchers) can request and receive a DUNS number, but must register with Grants.gov as an organization, not as an individual.

Registration with Central Contractor Registry (CCR) is required - The CCR is the central government repository for organizations working with the Federal government. If your organization is not already registered, identify the primary contact who should register your organization. When your organization registers with CCR, it will be required to designate an e-Business Point of Contact (e-Business POC). The e-Business POC authorizes individuals to submit grant applications on behalf of the organization and creates a special password called a Marketing Partner ID Number (M-PIN) to verify individuals authorized to submit grant applications for the organization. Visit the CCR Web site at <http://www.ccr.gov> to begin this process. It may take several days to collect the information needed for your organizations registration. The CCR Assistance Center can be reached at 888-227-2423. This information collection is approved under OMB Control No. 0524-0039, NIFA Application Kit for Research and Extension Programs.

Applicants must furnish the information required in the request for applications (RFAs). Successful applicants recommended for funding must furnish the information and assurances requested during the award documentation process. These include, but are not limited to the following:

Organizational Management Information - Specific management information relating to an applicant shall be submitted on a one time basis, with updates on an as needed basis, as part of the responsibility determination prior to the award of a grant identified under this RFA, if such information has not been provided previously under this or another NIFA program. NIFA will provide copies of forms recommended for use in fulfilling these requirements as part of the preaward process. Although an applicant may be eligible based on its status as one of these entities, there are factors which may exclude an applicant from receiving Federal financial and nonfinancial assistance and benefits under this program (e.g., debarment or suspension of an individual involved or a determination that an applicant is not responsible based on submitted organizational management information). This information collection is approved under OMB Circular Control No. 0524-0026, Assurance of Compliance with the Department of Agriculture Regulations Assuring Civil

Rights, Compliance and Organization Information.. OMB Circular No. A-87 applies to this program.

**Preapplication Coordination:**

All RFAs are published on the Agency's website and Grants.gov. Applicants must complete the Grants.gov registration process. Please see the following Grants.gov link for more information: [http://www.grants.gov/applicants/get\\_registered.jsp](http://www.grants.gov/applicants/get_registered.jsp). An environmental impact statement is required for this program. This program is excluded from coverage under E.O. 12372.

**Application Procedures:**

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Applications should be submitted as outlined in the RFA. Applications must follow the instructions provided per Grants.gov and in the Agency guide to submitting applications via Grants.gov.

**Award Procedure:**

Applications are subjected to a system of peer and merit review in accordance with section 103 of the Agricultural Research, Extension and Education Reform Act of 1998 (7 U.S.C. 1613) by a panel of qualified scientists and other appropriate persons who are specialists in the field covered by the proposal. Within the limit of funds available for such purpose, the NIFA Authorized Departmental Officer (ADO) shall make grants to those responsible, eligible applicants whose applications are judged most meritorious under the procedures set forth in the RFA.

Reviewers will be selected based upon training and experience in relevant scientific, extension, or education fields, taking into account the following factors: (a) The level of relevant formal scientific, technical education, or extension experience of the individual, as well as the extent to which an individual is engaged in relevant research, education, or extension activities; (b) the need to include as reviewers experts from various areas of specialization within relevant scientific, education, or extension fields; (c) the need to include as reviewers other experts (e.g., producers, range or forest managers/operators, and consumers) who can assess relevance of the applications to targeted audiences and to program needs; (d) the need to include as reviewers experts from a variety of organizational types (e.g., colleges, universities, industry, state and Federal agencies, private profit and non-profit organizations) and geographic locations; (e) the need to maintain a balanced composition of reviewers with regard to minority and female representation and an equitable age distribution; and (f) the need to include reviewers who can judge the effective usefulness to producers and the general public of each application.

Evaluation Criteria will be delineated in the RFA.

**Deadlines:**

Contact the headquarters or regional office, as appropriate, for application deadlines.

**Range of Approval/Disapproval Time:**

Section :094 - Deadlines:  
Dates for specific deadlines are announced in the RFA each fiscal year. Information is also available via our website and may be obtained via the Grants.gov website. Respective links are provided below:

From 30 to 180 days.

**Appeals:**

Not Applicable.

**Renewals:**

Specific details are provided in the Request for Applications (RFA) each fiscal year.

**Formula and Matching Requirements:**

This program has no statutory formula.  
Matching Requirements: Percent: 100%. A grant recipient is required to match the USDA funds awarded on a dollar-for-dollar (100%) basis from

non-Federal sources. Matching funds are not required to come in any particular amount from any one source. However, all matching funds pledged in this application must be accompanied by documentation. See Part IV, B.5. SF 424 (R&R) Budget Fed and Non-Fed, Field K-Budget Justification, for additional details.

**\*\*Note #2 - Use of Indirect Costs as In-Kind Matching Contributions.** Indirect costs may be claimed under the Federal portion of the award budget or, alternatively, indirect costs may be claimed as a matching contribution (if no indirect costs are requested under the Federal portion of the award budget). However, unless explicitly authorized in the RFA, indirect costs may not be claimed on both the Federal portion of the award budget and as a matching contribution, unless the total claimed on both the Federal portion of the award budget and as a matching contribution does not exceed the maximum allowed indirect costs or the institutions negotiated indirect cost rate, whichever is less. An awardee may split the allocation between the Federal and non-Federal portions of the budget only if the total amount of indirect costs charged to the project does not exceed the maximum allowed indirect costs or the institutions negotiated indirect cost rate, whichever is less. For example, if an awardee's indirect costs are capped at 22 percent pursuant to section 1462(a) of NARETPA (7 U.S.C. 3310(a)), the awardee may request 11 percent of the indirect costs on both the Federal portion of the award and as a matching contribution. Or, the awardee may request any similar percentage that, when combined, does not exceed the maximum indirect cost rate of 22 percent. MOE requirements are not applicable to this program.

**Length and Time Phasing of Assistance:**

The term of a competitive grant under this authority may not exceed five (5) years. Method of awarding/releasing assistance: by letter of credit.

**Reports:**

Grantees also are required to submit annual and summary progress reports via NIFA's Current Research Information System (CRIS). This reporting requirement was approved under OMB Control No. 0524-0042, NIFA Current Research Information System (CRIS). CRIS is an electronic, web-based inventory system that facilitates both grantee submission of project outcomes and public access to information on Federally-funded projects. Cash reports are not applicable. Grantees also are required to submit annual and summary progress reports via NIFA's

**Audits:**

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit

conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Audits will be conducted in accordance with guidelines established in the revised OMB Circular No. A-133, Audits of States, Local Governments, and Nonprofit Organizations, and implemented in 7 CFR 3052. This program is also subject to audit by the cognizant Federal audit agency and the USDA Office of Inspector General.

**Records:**

In accordance with the Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and other Non-profit Organizations [2 CFR 215, Subpart C, Section 215.53, (OMB Circular A-110)] grantees shall maintain separate records for each grant to ensure that funds are used for authorized purposes. Grant-related records are subject to inspection during the life of the grant and must be retained at least three (3) years. Records must be retained beyond the three-year period if litigation is pending or audit findings have not been resolved.

**10.227 1994 INSTITUTIONS RESEARCH PROGRAM**

Tribal Colleges Research Grants Program (TCRGP)

**FEDERAL AGENCY:**

National Institute of Food and Agriculture, Department of Agriculture

**AUTHORIZATION:**

Section 1405 of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (NARETPA), as amended (7 U.S.C. 3121), designates the U. S. Department of Agriculture (USDA) as the lead Federal Agency for agricultural research, extension, and teaching in the food and agricultural sciences. Authority for this program is contained in the Equity in Educational Land-Grant Status Act of 1994 (7 U.S.C. 301 note), as amended by the Agricultural Research, Extension, and Education Reform Act of 1998 (7 U.S.C. 7601 note). In accordance with the statutory authority, subject to the availability of funds, the Secretary of Agriculture may award competitive grants, as defined in section 536 of the Equity in Educational Land Grant Status Act of 1994 (7 U.S.C. 301 note), to assist the 1994 Land-Grant Institutions in conducting agricultural research that addresses high priority concerns of tribal, national or multi-state significance., 7 U.S.C 301 note.

**OBJECTIVES:**

The Tribal Colleges Research Grants Program (TCRGP) (aka 1994 Institutions Research Program) is a competitive grants program supporting fundamental and/ or applied agricultural research projects that address high priority concerns of tribal, national or multi-state significance. The program funds investigative and analytical studies and experimentation in the food and agricultural sciences (as defined in section 1404 of the NARETPA (7 U.S.C. 3103) and Part VIII, E. of this RFA). TCRGP seeks to advance the body of knowledge in the basic and applied natural and social sciences within the food and agricultural sciences.

**TYPES OF ASSISTANCE:**

Project Grants (Cooperative Agreements)

**USES AND USE RESTRICTIONS:**

This research grants program is authorized to conduct agricultural research that addresses high priority concerns of tribal, national or multi-State significance. NIFA has determined that grant funds may not be used for the renovation or refurbishment of research, education, or extension space; the purchase or installation of fixed equipment in such space; or the planning, repair, rehabilitation, acquisition, or construction of buildings or facilities.

Section 7132 of the Food, Conservation, and Energy Act of 2008, amended the National Agriculture Research, Extension, and Teaching Policy Act of 1977 (7 U.S.C. 3310(a)), limiting indirect costs to 22 percent of the total Federal funds provided under each award. Therefore, when preparing budgets, applicants should limit their requests for recovery of indirect costs to the lesser of their institutions official negotiated indirect cost rate or the equivalent of 22 percent of total Federal funds awarded.

**\*\*Special Note on Indirect Costs as in-kind matching contributions.** Indirect costs may be claimed under the Federal portion of the award budget or, alternatively, indirect costs may be claimed as a matching contribution (if no indirect costs are requested under the Federal portion of the award budget). However, unless explicitly authorized in the RFA, indirect costs may not be claimed on both the Federal portion of the award budget and as a matching contribution, unless the total claimed on both the Federal portion of the award budget and as a matching contribution does not exceed the maximum allowed indirect costs or the institutions negotiated indirect cost rate, whichever is less. An awardee may split the allocation between the Federal and non-Federal portions of the budget only if the total amount of indirect costs charged to the project does not exceed the maximum allowed indirect costs or the institutions negotiated indirect cost rate, whichever is less. For example, if an awardees' indirect costs are capped at 22 percent pursuant to section 1462(a) of NARETPA (7 U.S.C. 3310(a)), the awardee may request 11 percent of the

indirect costs on both the Federal portion of the award and as a matching contribution. Or, the awardee may request any similar percentage that, when combined, does not exceed the maximum indirect cost rate of 22 percent. Fully discretionary.

**Application Procedures:**

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Applications should be submitted as outlined in the RFA. Applications must follow the instructions provided per Grants.gov and in the Agency guide to submitting applications via Grants.gov.

**Award Procedure:**

Applications are subjected to a system of peer and merit review in accordance with section 103 of the Agricultural Research, Extension and Education Reform Act of 1998 (7 U.S.C. 1613) by a panel of qualified scientists and other appropriate persons who are specialists in the field covered by the proposal. Within the limit of funds available for such purpose, the NIFA Authorized Departmental Officer (ADO) shall make grants to those responsible, eligible applicants whose applications are judged most meritorious under the procedures set forth in the RFA.

Reviewers will be selected based upon training and experience in relevant scientific, extension, or education fields, taking into account the following factors:

- (a) The level of relevant formal scientific, technical education, or extension experience of the individual, as well as the extent to which an individual is engaged in relevant research, education, or extension activities;
- (b) the need to include as reviewers experts from various areas of specialization within relevant scientific, education, or extension fields;
- (c) the need to include as reviewers other experts (e.g., producers, range or forest managers/operators, and consumers) who can assess relevance of the applications to targeted audiences and to program needs;
- (d) the need to include as reviewers experts from a variety of organizational types (e.g., colleges, universities, industry, state and Federal agencies, private profit and non-profit organizations) and geographic locations;
- (e) the need to maintain a balanced composition of reviewers with regard to minority and female representation and an equitable age distribution; and (f) the need to include reviewers who can judge the effective usefulness to producers and the general public of each application.

Evaluation Criteria will be delineated in the RFA.

CRIS is an electronic, web-based inventory system that facilitates both grantee submission of project outcomes and public access to information on Federally-funded projects.

**Audits:**

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Audits will be conducted in accordance with guidelines established in the revised OMB Circular No. A-133,

Audits of States, Local Governments, and Nonprofit Organizations, and implemented in 7 CFR 3052. This program is also subject to audit by the cognizant Federal audit agency and the USDA Office of Inspector General.

**Records:**

In accordance with the Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and other Non-profit Organizations [2 CFR 215, Subpart C, Section 215.53, (OMB Circular A-110)] grantees shall maintain separate records for each grant to ensure that funds are used for authorized purposes. Grant-related records are subject to inspection during the life of the grant and must be retained at least three (3) years. Records must be retained beyond the three-year period if litigation is pending or audit findings have not been resolved.

**Account Identification:**

**Obligations:**

(Project Grants (Cooperative Agreements)) FY 08 \$1,434,184; FY 09 est \$1,505,960; FY 10 est \$1,505,960 - The difference between the appropriation and obligation numbers reflects legislative authorized set-asides deducted as appropriate, and in some cases the availability of obligational authority from prior years.

**Range and Average of Financial Assistance:**

If minimum or maximum amounts of funding per competitive project grant or cooperative agreement are established, these will be announced in the annual program announcement or Request for Application (RFA).

**PROGRAM ACCOMPLISHMENTS:**

**10.228 ALASKA NATIVE SERVING AND NATIVE HAWAIIAN SERVING INSTITUTIONS EDUCATION GRANTS**

ANNH Grants Program

**FEDERAL AGENCY:**

National Institute of Food and Agriculture, Department of Agriculture

**AUTHORIZATION:**

This program is administered under the provisions of section 759 of Public Law 106-78 (7 U.S.C. 3242) which was amended and redesignated as section 1419B of the National Agricultural Research, Extension, and Teaching Policy Act (NARETPA) of 1977 (7 U.S.C. 3155). As legislatively reauthorized in the Public Law 110-246, the purpose of this program continues to promote and strengthen the ability of eligible Alaska Native-Serving Institutions and Native Hawaiian-Serving Institutions to carry out education, applied research, and related community development programs within a broadly defined area of food and agricultural sciences and related disciplines. In FY 2009, the Secretary will make competitive grant awards to individual eligible institutions or consortia of eligible institutions in Alaska and in Hawaii, with funds awarded equally to each of the states of Alaska and Hawaii., 7 U.S.C 3242.

**OBJECTIVES:**

The purpose of this program is to promote and strengthen the ability of Alaska Native-Serving Institutions and Native Hawaiian-Serving (ANNH) Institutions to carry out education, applied research, and related community development programs. NIFA intends this program to address educational needs, as determined by each institution, within a broadly defined area of food and agricultural sciences and related disciplines.

**TYPES OF ASSISTANCE:**

Project Grants

**USES AND USE RESTRICTIONS:**

Funds may be used to enhance educational equity for under-represented students in order to prepare them for careers related to the food, agricultural, and natural resource systems of the United States; to strengthen institutional educational capacities, including libraries, curriculum, faculty, scientific instrumentation, instruction delivery systems, and student recruitment and retention, in order to respond to identified educational needs in the food and agricultural sciences; and to facilitate activities and cooperative initiatives between AN/NH Serving Institutions, or between AN/NH Serving Institutions and units of State government or the private sector, to maximize the development and use of resources, faculty, facilities, and equipment, to improve food and agricultural sciences teaching programs. The use of grant funds to plan, acquire, or construct a building or facility is not allowed under this program. With prior approval, and in accordance with the cost principles set forth in OMB Circular No. A-21, some grant funds may be used for minor alterations, renovations, or repairs deemed necessary to retrofit existing teaching or research spaces in order to carry out a funded project. However, requests to use grant funds for such purposes must demonstrate that the alterations, renovations, or repairs are essential to achieving the major purpose of the project.

Grant funds may not be used for endowment investing.

Section 7132 of the Food, Conservation, and Energy Act of 2008, amended the National Agriculture Research, Extension, and Teaching Policy Act of 1977 (7 U.S.C. 3310(a)), limiting indirect costs to 22 percent of the total Federal funds provided under each award. Therefore, when preparing budgets, applicants should limit their requests for recovery of indirect costs to the lesser of their institutions official negotiated indirect cost rate or the equivalent of 22 percent of total Federal funds awarded.

\*\*Special Note on Indirect Costs as in-kind matching contributions. Indirect costs may be claimed under the Federal portion of the award budget or,

alternatively, indirect costs may be claimed as a matching contribution (if no indirect costs are requested under the Federal portion of the award budget). However, unless explicitly authorized in the RFA, indirect costs may not be claimed on both the Federal portion of the award budget and as a matching contribution, unless the total claimed on both the Federal portion of the award budget and as a matching contribution does not exceed the maximum allowed indirect costs or the institutions negotiated indirect cost rate, whichever is less. An awardee may split the allocation between the Federal and non-Federal portions of the budget only if the total amount of indirect costs charged to the project does not exceed the maximum allowed indirect costs or the institutions negotiated indirect cost rate, whichever is less. For example, if an awardee's indirect costs are capped at 22 percent pursuant to section 1462(a) of NARETPA (7 U.S.C. 3310(a)), the awardee may request 11 percent of the indirect costs on both the Federal portion of the award and as a matching contribution. Or, the awardee may request any similar percentage that, when combined, does not exceed the maximum indirect cost rate of 22 percent. Fully discretionary.

**Applicant Eligibility:**

Individual public or private, non-profit Alaska Native-Serving and Native Hawaiian-Serving Institutions of higher education that meet the definitions of Alaska Native-Serving Institution or Native Hawaiian Serving Institution established in Title III, Part A of the Higher Education Act of 1965, as amended (20 U.S.C. 1059d.) are eligible institutions under this program.

**Beneficiary Eligibility:**

Alaska Native Serving Institutions and Native Hawaiian Serving Institutions.

**Credentials/Documentation:**

A Data Universal Number System (DUNS) number must be obtained - A DUNS number is a unique number that identifies an organization. It has been adopted by the Federal government to help track how Federal grant money is distributed. If your organization does not have a DUNS number, call the special Dun & Bradstreet hotline at 1-866-705-5711 to receive one free of charge. You will receive a DUNS number within several days of your request. Please note, individual proprietorships (i.e. farmers, ranchers) can request and receive a DUNS number, but must register with Grants.gov as an organization, not as an individual.

Registration with Central Contractor Registry (CCR) is required - The CCR is the central government repository for organizations working with the Federal government. If your organization is not already registered, identify the primary contact who should register your organization. When your organization registers with CCR, it will be required to designate an e-Business Point of Contact (e-Business POC). The e-Business POC authorizes individuals to submit grant applications on behalf of the organization and creates a special password called a Marketing Partner ID Number (M-PIN) to verify individuals authorized to submit grant applications for the organization. Visit the CCR Web site at <http://www.ccr.gov> to begin this process. It may take several days to collect the information needed for your organizations registration. The CCR Assistance Center can be reached at 888-227-2423. This information collection is approved under OMB Control No. 0524-0039, NIFA Application Kit for Research and Extension Programs.

Applicants must furnish the information required in the request for applications (RFAs). Successful applicants recommended for funding must furnish the information and assurances requested during the award documentation process. These include, but are not limited to the following:

Organizational Management Information - Specific management information relating to an applicant shall be submitted on a one time basis, with updates on an as needed basis, as part of the responsibility determination prior to the award of a grant identified under this RFA, if such information has not been provided previously under this or another NIFA program. NIFA will provide copies of forms recommended for use in fulfilling these requirements as part of the preaward process. Although an applicant may be eligible based on its status as one of these entities, there are factors which may exclude an applicant from receiving Federal financial and nonfinancial assistance and benefits under this program (e.g., debarment or suspension of an individual involved or a determination that an applicant is not responsible based on submitted

organizational management information). This information collection is approved under OMB Circular Control No. 0524-0026, Assurance of Compliance with the Department of Agriculture Regulations Assuring Civil Rights, Compliance and Organization Information.. OMB Circular No. A-87 applies to this program.

**Preapplication Coordination:**

All RFAs are published on the Agencies website and Grants.gov. Applicants must complete the Grants.gov registration process. Please see the following Grants.gov link for more information: [http://www.grants.gov/applicants/get\\_registered.jsp](http://www.grants.gov/applicants/get_registered.jsp). An environmental impact statement is required for this program. This program is excluded from coverage under E.O. 12372.

**Application Procedures:**

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Applications should be submitted as outlined in the RFA. Applications must follow the instructions provided per Grants.gov and in the Agency guide to submitting applications via Grants.gov.

**Award Procedure:**

Applications are subjected to a system of peer and merit review in accordance with section 103 of the Agricultural Research, Extension and Education Reform Act of 1998 (7 U.S.C. 1613) by a panel of qualified scientists and other appropriate persons who are specialists in the field covered by the proposal. Within the limit of funds available for such purpose, the NIFA Authorized Departmental Officer (ADO) shall make grants to those responsible, eligible applicants whose applications are judged most meritorious under the procedures set forth in the RFA.

Reviewers will be selected based upon training and experience in relevant scientific, extension, or education fields, taking into account the following factors:

- (a) The level of relevant formal scientific, technical education, or extension experience of the individual, as well as the extent to which an individual is engaged in relevant research, education, or extension activities;
- (b) the need to include as reviewers experts from various areas of specialization within relevant scientific, education, or extension fields;
- (c) the need to include as reviewers other experts (e.g., producers, range or forest managers/operators, and consumers) who can assess relevance of the applications to targeted audiences and to program needs;
- (d) the need to include as reviewers experts from a variety of organizational types (e.g., colleges, universities, industry, state and Federal agencies, private profit and non-profit organizations) and geographic locations;
- (e) the need to maintain a balanced composition of reviewers with regard to minority and female representation and an equitable age distribution; and
- (f) the need to include reviewers who can judge the effective usefulness to producers and the general public of each application.

Evaluation Criteria will be delineated in the RFA.

**Deadlines:**

Contact the headquarters or regional office, as appropriate, for application deadlines.

**Range of Approval/Disapproval Time:**

Section :094 - Deadlines:

Dates for specific deadlines are announced in the RFA each fiscal year. Information is also available via our website and may be obtained via the Grants.gov website. Respective links are provided below:

Section :095 - Range of Approval/Disapproval Time:

From 30 to 180 days.

**Appeals:**

Not Applicable.

**Renewals:**

Specific details are provided in the Request for Applications (RFA) each fiscal year.

**Formula and Matching Requirements:**

This program has no statutory formula. This program has no matching requirements. NIFA does not require matching or cost sharing support for this program.

Funds are awarded competitively. No formula grants are awarded under Subtitle K of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 [7 U.S.C. 3319e]. MOE requirements are not applicable to this program.

**Length and Time Phasing of Assistance:**

The term of competitive project grants and/or cooperative agreements under this program may not exceed three (3) years. Method of awarding/releasing assistance: by letter of credit.

**Reports:**

Grantees also are required to submit annual and summary progress reports via NIFA's Current Research Information System (CRIS). This reporting requirement was approved under OMB Control No. 0524-0042, NIFA Current Research Information System (CRIS). CRIS is an electronic, web-based inventory system that facilitates both grantee submission of project outcomes and public access to information on Federally-funded projects. NIFA uses the SF-425, Federal Financial Report to monitor cash. Grantees also are required to submit annual and summary progress reports via NIFA's

Current Research Information System (CRIS). This reporting requirement was approved under OMB Control No. 0524-0042, NIFA Current Research Information System (CRIS). CRIS is an electronic, web-based inventory system that facilitates both grantee submission of project outcomes and public access to information on Federally-funded projects. A final Financial Status Report (SF-269) or Federal Financial Report (SF-425) is due within 90 days of the expiration date of the grant and should be submitted to the Awards Management Branch, Office of Extramural Programs at the address listed below, in accordance with instructions contained in 2 CFR 3430.55 (also refer to Section 3015.82 of the Uniform Federal Assistance Regulations).

**Audits:**

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Audits will be conducted in accordance with guidelines established in the revised OMB Circular No. A-133, Audits of States, Local Governments, and Nonprofit Organizations, and implemented in 7 CFR 3052. This program is also subject to audit by the cognizant Federal audit agency and the USDA Office of Inspector General.

**Records:**

In accordance with the Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and other Non-profit Organizations [2 CFR 215, Subpart C, Section 215.53, (OMB Circular A-110)] grantees shall maintain separate records for each grant to ensure that funds are used for authorized purposes. Grant-related records are subject to inspection during the life of the grant and must be retained at least

**AUTHORIZATION:**

Section 2(c)(1)(B) of Public Law 89106, as amended.

, Public Law 89-106; Section 406 of the Agricultural Research, Extension, and Education Reform Act of 1998 (AREERA) (7 U.S.C. 7626), as reauthorized by Section 7306 of the Food, Conservation, and Energy Act of 2008 (FCEA) (Public Law 110-246), authorized the Secretary of Agriculture to establish a

competitive grants program that provides funding for integrated, multifunctional agricultural research, extension, and education activities. Subject to the availability of appropriations to carry out this program, the Secretary may award grants to colleges and universities [as defined by section 1404 of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (NARETPA) (7 U.S.C. 3103)], as amended, on a competitive basis for projects that address priorities in United States agriculture and involve integrated research, education, and extension activities, as determined by the Secretary in consultation with the National Agricultural Research, Extension, Education, and Economics Advisory Board (NAREEEAB). Section 7129 of the FCEA amended section 406(b) of AREERA (7 U.S.C. 7626(b)), adding Hispanic-serving agricultural colleges and universities (HSACUs) as eligible entities for competitive funds awarded under this authority (see Part III.B. of RFA for more information). , 7 U.S.C 7626.

#### **OBJECTIVES:**

##### **GENERAL:**

NIFA Integrated Programs provide support for integrated research, education, and extension activities. Integrated, multi-functional projects are particularly effective in addressing important agricultural issues through the conduct of problem-focused research that is combined with education and extension of knowledge to those in need of solutions. These activities address critical national, regional, and multi-state agricultural issues, priorities, or problems. Integrated Programs hold the greatest potential to produce and disseminate knowledge and technology directly to end users while providing for educational opportunities to assure agricultural expertise in future generations. See individual program Requests for Applications for additional information about the topics.

##### **SEVERAL PROGRAMS ARE FUNDED UNDER CFDA 10.303. SPECIFIC OBJECTIVES ARE AS FOLLOWS:**

###### **Integrated Research, Education, and Extension Competitive Grants Program: National Integrated Water Quality Program**

The goal of the National Integrated Water Quality Program is to improve the quality of our Nation's surface water and groundwater resources through research, education, and extension activities. Projects funded through this program will facilitate achieving this goal by advancing and disseminating the knowledge base available to agricultural and rural communities. Funded projects should lead to science-based decision-making and management practices that improve the quality of the Nation's surface water and groundwater resources in agricultural and rural watersheds. See RFA for priority areas.

###### **Integrated Research, Education, and Extension Competitive Grants Program: National Integrated Food Safety Initiative**

The purpose of the National Integrated Food Safety Initiative is to support food safety projects that demonstrate an integrated approach to solving problems in applied food safety research, education, or extension. Various models for integration of applied research, education, and extension will be considered for funding. Applications describing multi-state, multi-institutional, multidisciplinary, and multifunctional activities (and combinations thereof) are encouraged. Applicants are strongly encouraged to address at least two of the three functional areas of research, education, and extension (i.e., research and extension, research and education, or extension and education).

###### **Integrated Research, Education, And Extension Competitive Grants Program: Regional Integrated Pest Management Centers**

The goal of the Regional Integrated Pest Management Centers (IPM Centers) is to promote the development and implementation of IPM by facilitating collaboration across states, disciplines, and purposes. IPM Centers will establish and maintain information networks, build partnerships to address pest management challenges and opportunities, evaluate the impact of IPM implementation, communicate positive outcomes to key stakeholders, and manage funding resources effectively. Successful applicants to this program will demonstrate the capacity and commitment necessary to advance the goals of the National Roadmap for Integrated Pest Management ([www.ipmcenters.org/IPMRoadMap.pdf](http://www.ipmcenters.org/IPMRoadMap.pdf)), and evaluate the progress of this

advancement. The IPM Roadmap addresses pest management needs for production agriculture, natural resources and recreational environments, and residential and public areas.

###### **Integrated Pest Management: Crops at Risk Program**

The goal of the CAR program is to enhance the development and implementation of innovative, ecologically based sustainable IPM system(s). Preferably, this should involve a diversity of tactics and approaches for a single or specific food or fiber commodity in commercial production for pre- and/or post-harvest system(s). The program addresses either a major acreage or high value crop commodity such as key fruits and vegetables. The primary emphasis is on crop productivity and profitability, while addressing critical environmental quality and human health issues. The CAR program will fund integrated multifunctional/multidisciplinary research, education, and extension projects for crops with high priority IPM needs as identified by stakeholders.

###### **Integrated Pest Management: Risk Avoidance and Mitigation Program**

The goal of the Risk Avoidance and Mitigation (RAMP) program is to enhance the development and implementation of innovative, ecologically based sustainable IPM strategies and system(s) for (a) multi-crop food and fiber production systems; (b) an area-wide or a landscape scale agroecosystem; or (c) a documented pesticide impact on water, human or environmental health. RAMP applications may address major acreage agricultural production systems, high value crops such as key fruit and vegetable systems, or other agroecosystems. The primary emphasis of the application should be on productivity and profitability while addressing critical environmental quality and human health issues. The intent of RAMP is to fund medium-term projects that emphasize systems approaches.

###### **Integrated Research, Education, and Extension Competitive Grants Program:**

###### **Integrated Pest Management: Methyl Bromide Transitions Program**

The goal of the Methyl Bromide Transitions (MBT) program is to support the discovery and implementation of practical pest management alternatives to methyl bromide uses or minimize methyl bromide emissions for which the United States is requesting critical use exemptions. The program is focused on integrated commercial or field scale research that targets short- to medium-term solutions.

###### **Integrated Organic Program**

The purpose of the Integrated Organic Program is to solve critical organic agriculture issues, priorities, or problems through the integration of research, education, and extension activities. The Organic Transitions Program (ORG) funds the development and implementation of research, extension, and higher education programs to improve the competitiveness of organic producers and producers who are adopting organic practices. Funding opportunities for the ORG Program is included in the same Request for Applications (RFA) as the Organic Research and Extension Initiative (OREI).

**PLEASE NOTE: THIS PROGRAM DOES NOT FUND START UP BUSINESSES.**

##### **TYPES OF ASSISTANCE:**

Project Grants

##### **USES AND USE RESTRICTIONS:**

This research, education, and extension competitive grants program provides funding for integrated, multi-functional agricultural research, extension, and education activities which addresses priorities in United States agriculture. THE FOLLOWING USES AND RESTRICTIONS ARE APPLICABLE TO:

- (1) Critical Issues (FDC 37610) and
- (2) Regional Rural Development Centers (FDC 51150) (Section 2(c)(1)(B) of Public Law 89-106, as amended):

Grant funds must be used for allowable costs necessary to conduct approved integrated research, extension and education objectives to address food and agricultural sciences, in the broadest sense.

NIFA has determined that grant funds awarded under this authority may not be used for the renovation or refurbishment of research, education, or extension

space; the purchase or installation of fixed equipment in such space; or the planning, repair, rehabilitation, acquisition, or construction of buildings or facilities.

Funds may not be used for any purposes other than those approved in the grant award documents.

Tuition remission is not allowable.

Indirect costs are not allowable.

THE FOLLOWING USES AND RESTRICTIONS ARE APPLICABLE TO THE FOLLOWING PROGRAMS WHICH ARE AUTHORIZED UNDER (Section 406 of the Agricultural Research, Extension, and Education Reform Act of 1998 (AREERA) (7 U.S.C. 7626):

- (1) Water Quality (FDC 51130)
- (2) Food Safety (FDC 51110)
- (3) Regional Pest Management Centers (FDC 51120)
- (4) Crops at Risk (FDC 51100)
- (5) Risk Mitigation Program (FDC 51101)
- (6) Methyl Bromide Transition Program (FDC 51102) and
- (7) Organic Transition - Risk Assessment (FDC 51106)

Grant funds must be used for allowable costs necessary to conduct approved integrated research, extension and education objectives to address food and agricultural sciences.

NIFA has determined that grant funds awarded under this authority may not be used for the renovation or refurbishment of research, education, or extension space; the purchase or installation of fixed equipment in such space; or the planning, repair, rehabilitation, acquisition, or construction of buildings or facilities.

Section 7132 of the Food, Conservation, and Energy Act of 2008 (FCEA), amended the National Agriculture Research, Extension, and Teaching Policy Act of 1977 (7 U.S.C. 3310(a)), limiting indirect costs to 22 percent of the total Federal funds provided under each award. Therefore, when preparing budgets, applicants should limit their requests for recovery of indirect costs to the lesser of their institutions official negotiated indirect cost rate or the equivalent of 22 percent of total Federal funds awarded. If no rate has been established the applicant may indicate "Nonewill negotiate" and a reasonable dollar amount for indirect costs may be requested, which will be subject to approval by USDA. In the latter case, if a proposal is recommended for funding, an indirect cost rate proposal must be submitted prior to award to support the amount of indirect costs requested. NIFA will request an indirect cost rate proposal and provide instructions, as necessary. An applicant may elect not to charge indirect costs and, instead, use all grant funds for direct costs. If indirect costs are not charged, the phrase "None requested" should be written in this space.

The maximum allowed indirect cost of 22 percent may be claimed under the Federal portion of the award, or the maximum allowed indirect cost of 22 percent may be claimed as matching contributions (if no indirect costs are requested). However, the maximum allowed indirect cost of 22 percent may not be claimed on both the Federal portion of the award and as matching contributions. (Note: An awardee may, as an example, request 11 percent of indirect costs on both the Federal portion of the award and as matching contributions. Or, an awardee may request any other, similar percentage combination that, when combined, does not exceed the 22 percent maximum indirect cost allowed.) Nevertheless, the total combined percent of requested and contributed matching indirect costs cannot exceed 22%.

\*\*Special Note on Indirect Costs as in-kind matching contributions. Indirect costs may be claimed under the Federal portion of the award budget or, alternatively, indirect costs may be claimed as a matching contribution (if no indirect costs are requested under the Federal portion of the award budget). However, unless explicitly authorized in the RFA, indirect costs may not be claimed on both the Federal portion of the award budget and as a matching contribution, unless the total claimed on both the Federal portion of the award budget and as a matching contribution does not exceed the maximum allowed

indirect costs or the institutions negotiated indirect cost rate, whichever is less. An awardee may split the allocation between the Federal and non-Federal portions of the budget only if the total amount of indirect costs charged to the project does not exceed the maximum allowed indirect costs or the institutions negotiated indirect cost rate, whichever is less. For example, if an awardee's indirect costs are capped at 22 percent pursuant to section 1462(a) of NARETPA (7 U.S.C. 3310(a)), the awardee may request 11 percent of the indirect costs on both the Federal portion of the award and as a matching contribution. Or, the awardee may request any similar percentage that, when combined, does not exceed the maximum indirect cost rate of 22 percent. Fully discretionary.

#### **Applicant Eligibility:**

State agricultural experiment stations, State cooperative extension services, all colleges and universities, other research and extension institutions and organizations, Federal agencies, private organizations or corporations, and individuals to facilitate or expand promising breakthroughs in areas of the food and agricultural sciences of importance to the United States.

#### **Beneficiary Eligibility:**

State agricultural experiment stations, State cooperative extension services, all colleges and universities, other research and extension institutions and organizations, Federal agencies, private organizations or corporations, and individuals to facilitate or expand promising breakthroughs in areas of the food and agricultural sciences of importance to the United States.

#### **Credentials/Documentation:**

A Data Universal Number System (DUNS) number must be obtained - A DUNS number is a unique number that identifies an organization. It has been adopted by the Federal government to help track how Federal grant money is distributed. If your organization does not have a DUNS number, call the special Dun & Bradstreet hotline at 1-866-705-5711 to receive one free of charge. You will receive a DUNS number within several days of your request. Please note, individual proprietorships (i.e. farmers, ranchers) can request and receive a DUNS number, but must register with Grants.gov as an organization, not as an individual.

Registration with Central Contractor Registry (CCR) is required - The CCR is the central government repository for organizations working with the Federal government. If your organization is not already registered, identify the primary contact who should register your organization. When your organization registers with CCR, it will be required to designate an e-Business Point of Contact (e-Business POC). The e-Business POC authorizes individuals to submit grant applications on behalf of the organization and creates a special password called a Marketing Partner ID Number (M-PIN) to verify individuals authorized to submit grant applications for the organization. Visit the CCR Web site at <http://www.ccr.gov> to begin this process. It may take several days to collect the information needed for your organizations registration. The CCR Assistance Center can be reached at 888-227-2423. This information collection is approved under OMB Control No. 0524-0039, NIFA Application Kit for Research and Extension Programs.

Applicants must furnish the information required in the request for applications (RFAs). Successful applicants recommended for funding must furnish the information and assurances requested during the award documentation process. These include, but are not limited to the following:

Organizational Management Information - Specific management information relating to an applicant shall be submitted on a one time basis, with updates on an as needed basis, as part of the responsibility determination prior to the award of a grant identified under this RFA, if such information has not been provided previously under this or another NIFA program. NIFA will provide copies of forms recommended for use in fulfilling these requirements as part of the preaward process. Although an applicant may be eligible based on its status as one of these entities, there are factors which may exclude an applicant from receiving Federal financial and nonfinancial assistance and benefits under this program (e.g., debarment or suspension of an individual involved or a determination that an applicant is not responsible based on submitted organizational management information). This information collection is approved under OMB Circular Control No. 0524-0026, Assurance of

Compliance with the Department of Agriculture Regulations Assuring Civil Rights, Compliance and Organization Information.. OMB Circular No. A-87 applies to this program.

**Preapplication Coordination:**

All RFAs are published on the Agency's website and Grants.gov. Applicants must complete the Grants.gov registration process. Please see the following Grants.gov link for more information: [http://www.grants.gov/applicants/get\\_registered.jsp](http://www.grants.gov/applicants/get_registered.jsp). An environmental impact statement is required for this program. This program is excluded from coverage under E.O. 12372.

**Application Procedures:**

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Applications should be submitted as outlined in the RFA. Applications must follow the instructions provided per Grants.gov and in the Agency guide to submitting applications via Grants.gov.

**Award Procedure:**

Applications are subjected to a system of peer and merit review in accordance with section 103 of the Agricultural Research, Extension and Education Reform Act of 1998 (7 U.S.C. 1613) by a panel of qualified scientists and other appropriate persons who are specialists in the field covered by the proposal. Within the limit of funds available for such purpose, the NIFA Authorized Departmental Officer (ADO) shall make grants to those responsible, eligible applicants whose applications are judged most meritorious under the procedures set forth in the RFA.

Reviewers will be selected based upon training and experience in relevant scientific, extension, or education fields, taking into account the following factors:

- (a) The level of relevant formal scientific, technical education, or extension experience of the individual, as well as the extent to which an individual is engaged in relevant research, education, or extension activities;
- (b) the need to include as reviewers experts from various areas of specialization within relevant scientific, education, or extension fields;
- (c) the need to include as reviewers other experts (e.g., producers, range or forest managers/operators, and consumers) who can assess relevance of the applications to targeted audiences and to program needs;
- (d) the need to include as reviewers experts from a variety of organizational types (e.g., colleges, universities, industry, state and Federal agencies, private profit and non-profit organizations) and geographic locations;
- (e) the need to maintain a balanced composition of reviewers with regard to minority and female representation and an equitable age distribution; and
- (f) the need to include reviewers who can judge the effective usefulness to producers and the general public of each application.

Evaluation Criteria will be delineated in the RFA.

**Deadlines:**

Contact the headquarters or regional office, as appropriate, for application deadlines.

**Range of Approval/Disapproval Time:**

Section :094 - Deadlines:  
Dates for specific deadlines are announced in the RFA each fiscal year. Information is also available via our website and may be obtained via the Grants.gov website. Respective links are provided below:  
<http://www.nifa.usda.gov/>  
<http://www.grants.gov>

Section :095 - Range of Approval/Disapproval Time:  
From 30 to 180 days.

**Appeals:**

Not Applicable.

**Renewals:**

Specific details are provided in the Request for Applications (RFA) each fiscal year.

**Formula and Matching Requirements:**

This program has no statutory formula.  
This program has no matching requirements. GENERAL RULES:  
(a) Funds are awarded competitively.  
(b) No formula grants are awarded under Subtitle K of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 [7 U.S.C. 3319e].

**SPECIFIC PROVISIONS:**

Regarding Critical Issues and Regional Rural Development Centers (Section 2(c)(1)(B) of Public Law 89-106, as amended):

NIFA does not require matching or cost sharing support for the above-referenced programs.

However, the provisions indicated below are applicable to the following programs which are authorized under Section 406 of the Agricultural Research, Extension, and Education Reform Act of 1998 (AREERA) (7 U.S.C. 7626):

- (1) Water Quality
- (2) Food Safety
- (3) Regional Pest Management Centers
- (4) Crops at Risk
- (5) Risk Mitigation
- (6) Methyl Bromide Transition and
- (7) Organic Transition - Risk Assessment

Funds are awarded competitively.

No formula grants are awarded under Subtitle K of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 [7 U.S.C. 3319e].

If a grant provides a particular benefit to a specific agricultural commodity, and not of national scope, the grant recipient is required to match the USDA funds awarded on a dollar-for-dollar basis from non-Federal sources with cash and/or in-kind contributions. (See Part IV, B., 6. of the RFA for details.)

NIFA may waive the matching funds requirement for a grant if NIFA determines that:

- (1) the results of the project, while of particular benefit to a specific agricultural commodity, are likely to be applicable to agricultural commodities generally; or
- (2) the project involves a minor commodity, the project deals with scientifically important research, and the grant recipient is unable to satisfy the matching funds requirement.

MOE requirements are not applicable to this program.

**Length and Time Phasing of Assistance:**

Regarding the Critical Issues and Regional Rural Development Centers (Section 2(c)(1)(B) of Public Law 89-106, as amended), normally, competitive research projects will be supported for periods of up to three (3) years.

However, for the other programs (under Section 406 of the Agricultural Research, Extension, and Education Reform Act of 1998 (AREERA) (7 U.S.C. 7626):

The term of competitive project grants and/or cooperative agreements under this program may not exceed five (5) years. Method of awarding/releasing assistance: by letter of credit.

**Reports:**

Grantees also are required to submit annual and summary progress reports via NIFA's Current Research Information System (CRIS). This reporting requirement was approved under OMB Control No. 0524-0042, NIFA Current

Research Information System (CRIS). CRIS is an electronic, web-based inventory system that facilitates both grantee submission of project outcomes and public access to information on Federally-funded projects. NIFA uses the SF-425, Federal Financial Report to monitor cash. Grantees also are required to submit annual and summary progress reports via NIFA's

Current Research Information System (CRIS). This reporting requirement was approved under OMB Control No. 0524-0042, NIFA Current Research Information System (CRIS). CRIS is an electronic, web-based inventory system that facilitates both grantee submission of project outcomes and public access to information on Federally-funded projects. A final Financial Status Report (SF-269) or Federal Financial Report (SF-425) is due within 90 days of the expiration date of the grant and should be submitted to the Awards Management Branch, Office of Extramural Programs at the address listed below, in accordance with instructions contained in 2 CFR 3430.55 (also refer to Section 3015.82 of the Uniform Federal Assistance Regulations).

**Audits:**

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. This program is also subject to audit by the cognizant Federal audit agency and the USDA Office of Inspector General.

**Records:**

In accordance with the Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and other Non-profit Organizations [2 CFR 215, Subpart C, Section 215.53, (OMB Circular A-110)] grantees shall maintain separate records for each grant to ensure that funds are used for authorized purposes. Grant-related records are subject to inspection during the life of the grant and must be retained at least three (3) years. Records must be retained beyond the three-year period if litigation is pending or audit findings have not been resolved.

**Account Identification:**

**EXAMPLES OF FUNDED PROJECTS:**

Fiscal Year 2008: Section 2(c)(1)(B) of Public Law 89106, as amended.

(a) Critical Issues:

Modeling Johnes Disease Vaccination: Impacts on the Bovine Tuberculosis Eradication and the Voluntary Bovine Johnes Disease Control Program; and Etiology and Molecular Pathogenesis of Porcine High Fever Disease (PHFD)

(b) Regional Rural Development Centers:

Integrated Activities Regional Rural Development Centers; and Northeast Regional Center for Rural Development Project.

Section 406 of the Agricultural Research, Extension, and Education Reform Act of 1998 (AREERA) (7 U.S.C. 7626)

(c) Water Quality:

Moving the Extension Volunteer Monitoring Network to the Next Level: A National Water Resources Project; Watershed Scale Evaluation in a Tri-State Region of the Water Quality Benefits of Self-Forming and Two-Stage Channel Systems; and The Northeast States and Caribbean Islands Regional Water Resource Program.

(d) Food Safety:

Preventing Food borne Illnesses Among Vulnerable Older Adults Through the

Home Delivered Meal Program: A Multifunctional Approach; Improving Hygienic and Food Preparation Practices in Child Care Centers; An Integrated Approach to Determine Salmonella Dynamics in the Niche-Market Antimicrobial-Free Swine Production System; and Minimizing Microbial Food Safety Hazards of Fresh and Fresh-Cut Fruits and Vegetables Through a Farm to Table Approach.

(e) Regional Pest Management Centers:

Northeastern Integrated Pest Management Center; North Central Integrated Pest Management Center; Western IPM Center; and Management of the Southern Region IPM Center.

(f) Crops at Risk (CAR):

Building an Area-Wide IPM Perspective for Stalk Borers Threatening Sugarcane and Rice; Preventative Pruning and Resistant Varieties for Long-Term Control of Grapevine Trunk Diseases and Relationship between Sources of Inoculum and Fungicide Resistance: The Key to Better Management of Gummy Stem Blight in Watermelon.

(g) Risk Mitigation (RAMP):

Reducing Risks Associated with Viruses Affecting Legumes in the Inland Pacific Northwest; A Reduced-Risk System for Managing Thrips and Tomato Spotted Wilt Virus in Tomato and Pepper in the Southeastern USA; and Synoptic Weather Forecasting and Web-Based Information Delivery Systems for Managing Crop Disease Risk in Multiple Regions of the U.S.

(h) Methyl Bromide Transition (MBT):

Grower Field Demonstration Trialing of Gas Impermeable Plastic Mulches, Reduced Rates of Soil Fumigants, and Optimized Irrigation and Culture; Strawberry and Ornamental Production Without Methyl Bromide Employing Grower-Directed Alternative Pest Management Research and Outreach; and Critical Analysis of Methyl Bromide, Sulfuryl Fluoride, and Heat Treatment in Disinfecting Food-Processing Facilities.

(i) Organic Transition Risk Assessment:

Whole Farm-Level Evaluation of Field Border Vegetation on Organic Management of Insect Pests and Weed Seed Banks, and on Farmland Wildlife; Impact of Organic Management on Dairy Animal Health & Well-Being; and Developing Carbon-Positive Organic Systems Through Reduced Tillage and Cover Crop-Intensive Crop Rotation Schemes. Fiscal Year 2009: Section 2(c)(1)(B) of Public Law 89106, as amended.

(a) Critical Issues:

Laurel Wilt Critical Needs Research: Disease management for Avocado and Preparation for the Incursion of UG99; and Related Races of the Wheat Stem Rust Pathogen into the US: Determining Best Application Techniques.

(b) Regional Rural Development Centers:

Western Rural Development Center; and North Central Regional Center for Rural Development.

Section 406 of the Agricultural Research, Extension, and Education Reform Act of 1998 (AREERA) (7 U.S.C. 7626)

(c) Water Quality:

Coordinated Regional Water Resources Programming for the Northern Plains and Mountain Region; and Continuing Support for the Great Lakes Regional Water Program A Regional Water Resource Project for North Central States in US EPA Region 5.

(d) Food Safety

It is anticipated that similar projects will be funded in FY 2009.

(e) Regional Pest Management Centers:

Northeastern Integrated Pest Management Center; North Central Integrated Pest Management Center; Western IPM Center; and Management of the Southern Region IPM Center.

(f) Crops at Risk (CAR):

Integrating Applied Insect Ecology into Blueberry Pest Management.

(g) Risk Mitigation (RAMP):

It is anticipated that similar projects will be funded in FY 2009.

(h) Methyl Bromide Transition (MBT):

It is anticipated that similar projects will be funded in FY 2009.

(i) Organic Transition Risk Assessment:

It is anticipated that similar projects will be funded in FY 2009. Fiscal Year 2010: It is anticipated that similar projects will be funded in FY 2010.

**CRITERIA FOR SELECTING PROPOSALS:**

Within guidelines established for the program as described in the Request for Application (RFA).

**10.304 HOMELAND SECURITY\_AGRICULTURAL**

FOOD AND AGRICULTURE DEFENSE INITIATIVE (FADI)  
(aka Homeland Security Program)

**FEDERAL AGENCY:**

National Institute of Food and Agriculture, Department of Agriculture

**AUTHORIZATION:**

National Agricultural Research, Extension, and Teaching Policy Act of 1977 (NARETPA), Section 1472, 7 U.S.C. 3318. , 7 U.S.C 3318.

**OBJECTIVES:**

To provide funding to protect the food supply and agricultural production. This is accomplished by providing federal assistance, through existing cooperative agreements, to four (4) national agricultural homeland security networks: the National Animal Health Laboratory Network (NAHLN), the National Plant Diagnostic Network (NPDN), the Extension Disaster Education Network (EDEN), and the Pest Information Platform for Education and Extension (ipmPIPE).

**TYPES OF ASSISTANCE:**

Cooperative Agreements

**USES AND USE RESTRICTIONS:**

These funds are subject to the provisions of 31 U.S.C. 1301 requiring their use only for the purpose for which they were appropriated. Funding is limited to support for the four (4) aforementioned agrosecurity networks. Indirect costs are not allowable costs under this program, and no funds will be approved for this purpose. Further, costs that are a part of an institution's indirect cost pool (e.g., administrative or clerical salaries) may not be reclassified as direct costs for the purpose of making them allowable. Fully discretionary.

**Applicant Eligibility:**

In accordance with section 1472(c) of the National Agricultural Research, Extension, and Teaching Policy Act of 1977, (NARETPA) applicant may be: State agricultural experiment stations, State cooperative extension services, all colleges and universities, other research or education institutions and organizations, Federal and private agencies and organizations, individuals, and any other contractor or recipient, either foreign or domestic, to further research, extension, or teaching programs in the food and agricultural sciences of the Department of Agriculture.

**Beneficiary Eligibility:**

In accordance with section 1472(c) of the National Agricultural Research, Extension, and Teaching Policy Act of 1977, (NARETPA) applicant may be: State agricultural experiment stations, State cooperative extension services, all colleges and universities, other research or education institutions and organizations, Federal and private agencies and organizations, individuals, and any other contractor or recipient, either foreign or domestic, to further research, extension, or teaching programs in the food and agricultural sciences of the Department of Agriculture.

#### **Preapplication Coordination:**

All RFAs are published on the Agency's website and Grants.gov. Applicants must complete the Grants.gov registration process. Please see the following Grants.gov link for more information: [http://www.grants.gov/applicants/get\\_registered.jsp](http://www.grants.gov/applicants/get_registered.jsp). The National Institute of Food and Agriculture (NIFA) solicits proposals to fund existing and new cooperative agreements through a request for application process. An environmental impact statement is required for this program. This program is excluded from coverage under E.O. 12372.

#### **Application Procedures:**

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Applications should be submitted as outlined in the RFA. Applications must follow the instructions provided per Grants.gov and in the Agency guide to submitting applications via Grants.gov.

#### **Award Procedure:**

In Fiscal Year (FY) 2002, a panel of USDA scientists knowledgeable in the Nation's plant and animal disease diagnostic capability, recommended to the Secretary a plan of initiating a comprehensive national network of laboratories for the rapid detection and diagnosis of plant and animal diseases. The institutions selected by the panel for initial inclusion in the network were recommended using the following criteria:

- (1) Existing scientific capacity;
- (2) Existing laboratory capacity which could be modified to meet Biosafety Level 3 requirements;

(3) Both animal and plant diagnostic capabilities;

(4) Geographical location meeting one or more of the following requirements: located in an area with a high risk of disease/pest incursions; located in an area with high concentration of vulnerable agricultural activity; complements or supplements regional Federal laboratory activity or is in an area not effectively served by an existing Federal facility;

(5) State-of-the-art communication and information technology systems. Must be capable of managing secure communications with other laboratories and central reporting unit; and

(6) An effective outreach/extension system.

These recommendations were utilized to select the original cooperative agreement recipients and are annually evaluated by USDA/NIFA in network planning.

Proposals are subject to a merit review process conducted by NIFA staff members.

#### **Deadlines:**

Contact the headquarters or regional office, as appropriate, for application deadlines.

#### **Range of Approval/Disapproval Time:**

From 30 to 60 days. Dates for specific deadlines are announced in the RFA each fiscal year (FY).

#### **Appeals:**

#### **Renewals:**

Specific details are provided in the Request for Applications (RFA) each fiscal year.

#### **Formula and Matching Requirements:**

This program has no statutory formula.

This program has no matching requirements. Funds are awarded competitively.

No formula grants are awarded under Subtitle K of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 [7 U.S.C. 3319e].

NIFA does not require matching or cost sharing support for this program. MOE requirements are not applicable to this program.

#### **Length and Time Phasing of Assistance:**

The term of a Cooperative Agreement under this authority may not exceed five (5) years. Method of awarding/releasing assistance: by letter of credit.

#### **Reports:**

Grantees also are required to submit annual and summary progress reports via NIFAs Current Research Information System (CRIS). This reporting requirement was approved under OMB Control No. 0524-0042, NIFA Current Research Information System (CRIS). CRIS is an electronic, web-based inventory system that facilitates both grantee submission of project outcomes and public access to information on Federally-funded projects.

Grant terms and conditions will specify reporting requirements.

Additional reporting may be mutually negotiated and articulated in the cooperative agreement. NIFA uses SF-425, Federal Financial Report to monitor cash. Grantees also are required to submit annual and summary progress reports via NIFAs Current Research Information System (CRIS). **Audits:**

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Audits will be conducted in accordance with guidelines established in the revised OMB Circular No. A-133, Audits of States, Local Governments, and Nonprofit Organizations, and implemented in 7 CFR 3052. This program is also subject to audit by the cognizant Federal audit agency and the USDA Office of Inspector General.

**Records:**

In accordance with the Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and other Non-profit Organizations [2 CFR 215, Subpart C, Section 215.53, (OMB Circular A-110)] grantees shall maintain separate records for each grant to ensure that funds are used for authorized purposes. Grant-related records are subject to inspection during the life of the grant and must be retained at least three (3) years. Records must be retained beyond the three-year period if litigation is pending or audit findings have not been resolved.

**Account Identification:**

**Obligations:**

(Cooperative Agreements) FY 08 \$9,437,472; FY 09 est \$9,435,080; FY 10 est \$9,436,800 - The difference between the appropriation and obligation numbers reflects legislative authorized set-asides deducted as appropriate, and in some cases the availability of obligational authority from prior years.

**Range and Average of Financial Assistance:**

If minimum or maximum amounts of funding per competitive project grant or cooperative agreement are established, these will be announced in the annual program announcement or Request for Application (RFA).

It is anticipated that awards will range from \$250,000 to \$1,000,000.

**PROGRAM ACCOMPLISHMENTS:**

Fiscal Year 2008: The National Animal Diagnostic Network and Plant Diagnostic Network Centers ensure timely disease detection. They also enhance

the process of producing and maintaining a timely, comprehensive catalogue of pest and disease outbreak occurrences in a nationally accessible database. Identifying new or uncommon pests and diseases accurately will allow USDA, in conjunction with the States, to expedite initial control responses, verify the physical boundaries of an outbreak and initiate regional or national containment strategies. The ultimate performance measure for these networks is their disease-detection preparation. The networks will continue to study new diseases regularly to protect the Nation from accidental or deliberate introduction of diseases.

Through the NPDN ([www.npdn.org](http://www.npdn.org)), plant disease (and insect) detection criteria have been developed for soybean rust, sudden oak death, Ralstonia stem rot, plum pox virus, pink hibiscus mealybug, potato wart, huanglongbing (citrus greening), and Potato Cyst Nematode. Soybean rust is a fungal disease that attacks the foliage of a soybean plant, causing its leaves to drop prematurely. Sudden oak death is a plant disease that attacks many types of plants and trees common to the Pacific Northwest. Plum pox virus browns the flesh and deforms stone fruit, making it unmarketable. Pink hibiscus mealybug is a serious insect threat to agricultural, ornamental and horticultural plants in tropical and sub-tropical areas. Potato wart creates ugly, warty outgrowths on potato plants. Huanglongbing (citrus greening) causes infected citrus trees to yellow, decline, and possibly die within a few years of infection. Potato Cyst Nematode is a major pest of potato crops that can cause up to 80 percent yield loss.

Through the NAHLN, animal disease-detection criteria have been developed for the following nine high-consequence diseases. Foot-and-Mouth Disease is a severe, highly contagious viral disease of cattle and swine. Exotic Newcastle Disease is a contagious and fatal viral disease affecting all birds. Classical Swine Fever, or hog cholera, is a highly contagious viral disease of swine. High Pathogen Avian Influenza and Low Pathogen Avian Influenza are viruses that can cause varying amounts of clinical illness in poultry. Bovine Spongiform Encephalopathy is a chronic degenerative disease that affects the central nervous system of cattle. Scrapie is a fatal, degenerative disease affecting the central nervous system of sheep and goats. Chronic Wasting Disease attacks the central nervous system of deer and elk. For 2008 Rift Valley Fever was added. This is a fever-causing disease that affects livestock (including cattle, buffalo, sheep, and goats) and humans. In fiscal year 2008, NAHLN laboratory personnel participated in diagnostic training to develop the diagnostic capability for this disease. NAHLN is part of a national strategy to coordinate the Nations Federal, State and university laboratory resources.

The Extension Disaster Education Network supports and supplements these efforts through agrosecurity education. The ipmPIPE provides first detectors with real time information to encourage disease discover and diagnosis. Fiscal Year 2009: It is anticipated that accomplishments will be consistent with the prior year. Fiscal Year 2010: It is anticipated that accomplishments will be consistent with the prior year.

**CRITERIA FOR SELECTING PROPOSALS:**

In Fiscal Year (FY) 2002, a panel of USDA scientists knowledgeable in the Nation's plant and animal disease diagnostic capability, recommended to the Secretary a plan of initiating a comprehensive national network of laboratories for the rapid detection and diagnosis of plant and animal diseases. The institutions selected by the panel for initial inclusion in the network were recommended using the following criteria:

- (1) Existing scientific capacity;
- (2) Existing laboratory capacity which could be modified to meet Biosafety Level 3 requirements;
- (3) Both animal and plant diagnostic capabilities;
- (4) Geographical location meeting one or more of the following requirements: located in an area with a high risk of disease/pest incursions; located in an area with high concentration of vulnerable agricultural activity; complements or supplements regional Federal laboratory activity or is in an area not effectively served by an existing Federal facility;
- (5) State-of-the-art communication and information technology systems. Must be capable of managing secure communications with other laboratories and central reporting unit; and
- (6) An effective outreach/extension system.

These recommendations were utilized to select the original cooperative agreement recipients and are annually evaluated by USDA/NIFA in network planning.

### **10.305 INTERNATIONAL SCIENCE AND EDUCATION GRANTS (INTERNATIONAL SCIENCE AND EDUCATION (ISE) COMPETITIVE GRANTS PROGRAM)**

**FEDERAL AGENCY:**

National Institute of Food and Agriculture, Department of Agriculture

**AUTHORIZATION:**

Section 229 of the Agricultural Research, Extension and Education Reform Act of 1998 (AREERA) amended Section 1459 of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (NARETPA) (7 U.S.C. Section 3292b) to authorize the Secretary of Agriculture to make competitive grants to colleges and universities in order to strengthen United States economic competitiveness and to promote international market development.

Section 7141 of the Food, Conservation, and Energy Act of 2008 (7 U.S.C. 8701 note) authorized the International Science and Education Competitive

Grants Program (ISE).

, 7 U.S.C 3292b.

**OBJECTIVES:**

The purpose of ISE is to support the internationalization of food, agriculture and related programs at U.S. universities and colleges. It is intended that ISE will improve the ability of American students, business people, and community members to compete more effectively in the global world of agriculture. ISE projects are to strengthen the global competence and competitiveness of American colleges, universities and businesses in the food, agriculture, and related sectors. In addition, ISE projects must be directed to agricultural research, extension, and/or teaching activities that enhance the capabilities of American colleges and universities to conduct international collaborative research, extension and teaching. Our success in the global arena will increasingly require U.S. colleges and universities to produce graduates who can operate competently in domestic and international settings. Through their outreach efforts, universities and colleges also play a critical role in helping U.S. producers successfully operate in foreign markets.

**TYPES OF ASSISTANCE:**

Project Grants

**USES AND USE RESTRICTIONS:**

Funded projects will respond to specific needs and strengths of the university or college that will enable it to strengthen the global competence of students, faculty and staff in agriculture and related areas and enhance business performance in international agriculture and related sectors through extension, research and/or teaching programs. Each institution may submit no more than two proposals as the lead institution. No institution acting as the principal or lead institution will receive more than one grant during the current competition. Therefore, institutions are encouraged to establish on-campus quality control mechanisms to ensure that only the highest quality proposals are submitted for consideration.

Program funds may not be used for the renovation or refurbishment of research, education, or extension space; the purchase or installation of fixed equipment in such space; or the planning, repair, rehabilitation, acquisition, or construction of buildings or facilities (i.e., greenhouses, laboratories, or other structures).

Section 7132 of the Food, Conservation, and Energy Act of 2008, amended the National Agriculture Research, Extension, and Teaching Policy Act of 1977 (7 U.S.C. 3310(a)), limiting indirect costs to 22 percent of the total Federal funds provided under each award. Therefore, when preparing budgets, applicants should limit their requests for recovery of indirect costs to the lesser of their institutions official negotiated indirect cost rate or the equivalent of 22 percent of total Federal funds awarded.

**\*\*Special Note on Indirect Costs as in-kind matching contributions.** Indirect costs may be claimed under the Federal portion of the award budget or, alternatively, indirect costs may be claimed as a matching contribution (if no indirect costs are requested under the Federal portion of the award budget). However, unless explicitly authorized in the RFA, indirect costs may not be claimed on both the Federal portion of the award budget and as a matching contribution, unless the total claimed on both the Federal portion of the award budget and as a matching contribution does not exceed the maximum allowed indirect costs or the institutions negotiated indirect cost rate, whichever is less. An awardee may split the allocation between the Federal and non-Federal portions of the budget only if the total amount of indirect costs charged to the project does not exceed the maximum allowed indirect costs or the institutions negotiated indirect cost rate, whichever is less. For example, if an awardee's indirect costs are capped at 22 percent pursuant to section 1462(a) of NARETPA (7 U.S.C. 3310(a)), the awardee may request 11 percent of the indirect costs on both the Federal portion of the award and as a matching contribution. Or, the awardee may request any similar percentage that, when combined, does not exceed the maximum indirect cost rate of 22 percent. Fully discretionary.

**Applicant Eligibility:**

Applications may be submitted by colleges and universities and defined in section 1404 of NARETPA. The terms college and university mean an

educational institution in any State which (1) admits as regular students only persons having a certificate of graduation from a school providing secondary education, or the recognized equivalent of such a certificate; (2) is legally authorized within such State to provide a program of education beyond secondary education; (3) provides an education program for which a bachelor's degree or any other higher degree is awarded; (4) is a public or other nonprofit institution; and (5) is accredited by a nationally recognized accrediting agency or association.

**Beneficiary Eligibility:**

Colleges and universities; public or other nonprofit institutions.

**Credentials/Documentation:**

A Data Universal Number System (DUNS) number must be obtained - A DUNS number is a unique number that identifies an organization. It has been adopted by the Federal government to help track how Federal grant money is distributed. If your organization does not have a DUNS number, call the special Dun & Bradstreet hotline at 1-866-705-5711 to receive one free of charge. You will receive a DUNS number within several days of your request. Please note, individual proprietorships (i.e. farmers, ranchers) can request and receive a DUNS number, but must register with Grants.gov as an organization, not as an individual.

Registration with Central Contractor Registry (CCR) is required - The CCR is the central government repository for organizations working with the Federal government. If your organization is not already registered, identify the primary contact who should register your organization. When your organization registers with CCR, it will be required to designate an e-Business Point of Contact (e-Business POC). The e-Business POC authorizes individuals to submit grant applications on behalf of the organization and creates a special password called a Marketing Partner ID Number (M-PIN) to verify individuals authorized to submit grant applications for the organization. Visit the CCR Web site at <http://www.ccr.gov> to begin this process. It may take several days to collect the information needed for your organizations registration. The CCR Assistance Center can be reached at 888-227-2423. This information collection is approved under OMB Control No. 0524-0039, NIFA Application Kit for Research and Extension Programs.

Applicants must furnish the information required in the request for applications (RFAs).

Successful applicants recommended for funding must furnish the information and assurances requested during the award documentation process. These include, but are not limited to the following:

Organizational Management Information - Specific management information relating to an applicant shall be submitted on a one time basis, with updates on an as needed basis, as part of the responsibility determination prior to the award of a grant identified under this RFA, if such information has not been provided previously under this or another NIFA program. NIFA will provide copies of forms recommended for use in fulfilling these requirements as part of the preaward process. Although an applicant may be eligible based on its status as one of these entities, there are factors which may exclude an applicant from receiving Federal financial and nonfinancial assistance and benefits under this program (e.g., debarment or suspension of an individual involved or a determination that an applicant is not responsible based on submitted organizational management information). This information collection is approved under OMB Circular Control No. 0524-0026, Assurance of Compliance with the Department of Agriculture Regulations Assuring Civil Rights, Compliance and Organization Information.. OMB Circular No. A-87 applies to this program.

**Preapplication Coordination:**

All RFAs are published on the Agencies website and Grants.gov. Applicants must complete the Grants.gov registration process. Please see the following Grants.gov link for more information: [http://www.grants.gov/applicants/get\\_registered.jsp](http://www.grants.gov/applicants/get_registered.jsp). An environmental impact statement is required for this program. This program is excluded from coverage under E.O. 12372.

**Application Procedures:**

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Applications should be submitted as outlined in the RFA. Applications must follow the instructions provided per Grants.gov and in the Agency guide to submitting applications via Grants.gov.

**Award Procedure:**

Applications are subjected to a system of peer and merit review in accordance with section 103 of the Agricultural Research, Extension and Education Reform Act of 1998 (7 U.S.C. 1613) by a panel of qualified scientists and other appropriate persons who are specialists in the field covered by the proposal. Within the limit of funds available for such purpose, the NIFA Authorized Departmental Officer (ADO) shall make grants to those responsible, eligible applicants whose applications are judged most meritorious under the procedures set forth in the RFA.

Reviewers will be selected based upon training and experience in relevant scientific, extension, or education fields, taking into account the following factors:

- (a) The level of relevant formal scientific, technical education, or extension experience of the individual, as well as the extent to which an individual is engaged in relevant research, education, or extension activities;
- (b) the need to include as reviewers experts from various areas of specialization within relevant scientific, education, or extension fields;
- (c) the need to include as reviewers other experts (e.g., producers, range or forest managers/operators, and consumers) who can assess relevance of the applications to targeted audiences and to program needs;
- (d) the need to include as reviewers experts from a variety of organizational types (e.g., colleges, universities, industry, state and Federal agencies, private profit and non-profit organizations) and geographic locations;
- (e) the need to maintain a balanced composition of reviewers with regard to minority and female representation and an equitable age distribution; and
- (f) the need to include reviewers who can judge the effective usefulness to producers and the general public of each application.

Evaluation Criteria will be delineated in the RFA.

**Deadlines:**

Contact the headquarters or regional office, as appropriate, for application deadlines.

**Range of Approval/Disapproval Time:**

Section :094 - Deadlines:

Dates for specific deadlines are announced in the RFA each fiscal year.

Information is also available via our website and may be obtained via the Grants.gov website. Respective links are provided below:

<http://www.nifa.usda.gov/>

<http://www.grants.gov>

Section :095 - Range of Approval/Disapproval Time:

From 30 to 180 days.

**Appeals:**

Not Applicable.

**Renewals:**

Specific details are provided in the Request for Applications (RFA) each fiscal year.

**Formula and Matching Requirements:**

Statutory formulas are not applicable to this program.

This program has no matching requirements. Funds are awarded competitively.

No formula grants are awarded under Subtitle K of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 [7 U.S.C. 3319e].

NIFA does not require matching or cost sharing support for this program. MOE requirements are not applicable to this program.

**Length and Time Phasing of Assistance:**

The term of a competitive grant under this authority may not exceed five (5) years. Method of awarding/releasing assistance: by letter of credit.

**Reports:**

Grantees also are required to submit annual and summary progress reports via NIFA's Current Research Information System (CRIS). This reporting requirement was approved under OMB Control No. 0524-0042, NIFA Current Research Information System (CRIS).

CRIS is an electronic, web-based inventory system that facilitates both grantee submission of project outcomes and public access to information on Federally-funded projects. NIFA uses the SF-425, Federal Financial Report to monitor cash. Grantees also are required to submit annual and summary progress reports via NIFA's Current Research Information System (CRIS). This reporting requirement was approved under OMB Control No. 0524-0042, NIFA Current Research Information System (CRIS).

CRIS is an electronic, web-based inventory system that facilitates both grantee submission of project outcomes and public access to information on Federally-funded projects. A final Financial Status Report (SF-269) or Federal Financial Report (SF-425) is due within 90 days of the expiration date of the grant and should be submitted to the Awards Management Branch, Office of Extramural Programs at the address listed below, in accordance with instructions contained in 2 CFR 3430.55 (also refer to Section 3015.82 of the Uniform Federal Assistance Regulations).

Telephone: (202) 401-4986. Grantees also are required to submit annual and summary progress reports via NIFA's Current Research Information System (CRIS). This reporting requirement was approved under OMB Control No. 0524-0042, NIFA Current Research Information System (CRIS).

CRIS is an electronic, web-based inventory system that facilitates both grantee submission of project outcomes and public access to information on Federally-funded projects.

**Audits:**

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Audits will be conducted in accordance with guidelines established in the revised OMB Circular No. A-133, Audits of States, Local Governments, and Nonprofit Organizations, and implemented in 7 CFR 3052. This program is also subject to audit by the cognizant Federal audit agency and the USDA Office of Inspector General.

**Records:**

In accordance with the Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and other Non-profit Organizations [2 CFR 215, Subpart C, Section 215.53, (OMB Circular A-110)] grantees shall maintain separate records for each grant to ensure that funds are used for authorized purposes. Grant-related records are subject to inspection during the life of the grant and must be retained at least 3 years. Records must be retained beyond the 3-year period if litigation is pending or audit findings have not been resolved.

**Account Identification:**

12-1502-0-1-352.

**Obligations:**

(Project Grants) FY 08 \$1,887,558; FY 09 est \$2,861,000; FY 10 est \$2,880,000 - The difference between the appropriation and obligation numbers reflects legislative authorized set-asides deducted as appropriate, and in some cases the availability of obligational authority from prior years.

**Range and Average of Financial Assistance:**

If minimum or maximum amounts of funding per competitive project grant or cooperative agreement are established, these will be announced in the annual program announcement or Request for Application (RFA).

**PROGRAM ACCOMPLISHMENTS:**

**10.306 BIODIESEL**

(Biodiesel Fuel Education Program)

**FEDERAL AGENCY:**

National Institute of Food and Agriculture, Department of Agriculture

**AUTHORIZATION:**

Section 9006 of the Food, Conservation, and Energy Act of 2008 (Public Law 110-246), amended the Farm Security and Rural Investment Act of 2002 (7 U.S.C. 8101 et seq.) to re-establish the Biodiesel Fuel Education Program which requires that the Secretary make competitive grants to eligible entities to educate governmental and private entities that operate vehicle fleets, other interested entities (as determined by the Secretary), and the public about the benefits of biodiesel fuel use. The Secretary delegated this authority to the Chief Economist, who in turn delegated this authority to the Director of the Office of Energy Policy and New Uses (OEPNU). OEPNU has joined with NIFA for assistance in administering Biodiesel Education under the authorities found in the Economy Act (31 U.S.C. 1535) and Section 1472 of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (7 U.S.C. 3318). Specific Biodiesel Education administrative provisions are found in 7 CFR 2903., 7 U.S.C. 3318.

**OBJECTIVES:**

The goals of the Biodiesel Fuel Education Program as originally established in Section 9004 of the Farm Security Investment Act of 2002 (7 U.S.C. 8104) were to stimulate biodiesel consumption and to stimulate the development of a biodiesel infrastructure. The information and outreach activities to raise awareness of the benefits of biodiesel fuel use complemented the incentives provided by the Energy Policy Act of 2005 (EPAct) (Public Law 109-58), and the Energy Independence and Security Act of 2007 (Public Law 110-140). As a result of increased awareness and consumption of biodiesel over the past 5 years, the FY 2008 Biodiesel Education program will focus on educational programs which will support advances in infrastructure, technology transfer, fuel quality, fuel safety and increasing feedstock production.

**TYPES OF ASSISTANCE:**

Project Grants

**USES AND USE RESTRICTIONS:**

This funding is used for education and outreach activities. Program funds may not be used for renovation or refurbishment or research space; the purchase or installation of fixed equipment in such space; or the planning, repair, rehabilitation, acquisition or construction of buildings or facilities. Grant funds must be used for allowable costs necessary to conduct approved research and extension objectives. Funds may not be used for any purposes other than those approved in the grant award documents.

When preparing budgets, applicants should limit their requests for recovery of indirect costs to their institutions official negotiated indirect cost rate. If no rate has been established the applicant may indicate "Nonewill negotiate" and a reasonable dollar amount for indirect costs may be requested, which will be subject to approval by USDA. In the latter case, if a proposal is recommended for funding, an indirect cost rate proposal must be submitted prior to award to support the amount of indirect costs requested. CSREES will request an indirect cost rate proposal and provide instructions, as necessary.

An applicant may elect not to charge indirect costs and, instead, use all grant funds for direct costs. If indirect costs are not charged, the phrase "None requested" should be written in this space. Grantees electing this alternative will not be allowed to charge, as direct costs, indirect costs that otherwise would be in the grantee's indirect cost pool under the applicable Office of Management and Budget cost principles. Grantees who request no indirect costs will not be permitted to revise their budgets at a later date to charge indirect costs to grant funds.

No other indirect cost recovery caps apply to these funds.

Funds made available under Biodiesel Education shall not be used for the construction of a new building or facility or the acquisition, expansion, remodeling, or alteration of an existing building or facility (including site grading and improvement, and architect fees).

**Applicant Eligibility:**

Eligibility is restricted to nonprofit organizations or institution of higher education (as defined in section 101 of the Higher Education Act of 1965 (20 U.S.C. 1001)).

**Beneficiary Eligibility:**

Nonprofit organizations or institutions of higher education (as defined in section 101 of the Higher Education Act of 1965 (20 U.S.C. 1001)).

**Credentials/Documentation:**

A Data Universal Number System (DUNS) number must be obtained - A DUNS number is a unique number that identifies an organization. The CCR Assistance Center can be reached at 888-227-2423. This information collection is approved under OMB Control No. 0524-0039, NIFA Application Kit for Research and Extension Programs.

Applicants must furnish the information required in the request for applications (RFAs).

Successful applicants recommended for funding must furnish the information and assurances requested during the award documentation process. These include, but are not limited to the following:

Organizational Management Information - Specific management information relating to an applicant shall be submitted on a one time basis, with updates on an as needed basis, as part of the responsibility determination prior to the award of a grant identified under this RFA, if such information has not been provided previously under this or another NIFA program. NIFA will provide copies of forms recommended for use in fulfilling these requirements as part of the preaward process. Although an applicant may be eligible based on its status as one of these entities, there are factors which may exclude an applicant from receiving Federal financial and nonfinancial assistance and benefits under this program (e.g., debarment or suspension of an individual involved or a determination that an applicant is not responsible based on submitted organizational management information). **Award Procedure:**

Applications are subjected to a system of peer and merit review in accordance with section 103 of the Agricultural Research, Extension and Education Reform

Act of 1998 (7 U.S.C. 1613) by a panel of qualified scientists and other appropriate persons who are specialists in the field covered by the proposal. Within the limit of funds available for such purpose, the NIFA Authorized Departmental Officer (ADO) shall make grants to those responsible, eligible applicants whose applications are judged most meritorious under the procedures set forth in the RFA.

Reviewers will be selected based upon training and experience in relevant scientific, extension, or education fields, taking into account the following factors:

(a) The level of relevant formal scientific, technical education, or extension experience of the individual, as well as the extent to which an individual is engaged in relevant research, education, or extension activities;

(b) the need to include as reviewers experts from various areas of specialization within relevant scientific, education, or extension fields;

(c) the need to include as reviewers other experts (e.g., producers, range or forest managers/operators, and consumers) who can assess relevance of the applications to targeted audiences and to program needs;

(d) the need to include as reviewers experts from a variety of organizational types (e.g., colleges, universities, industry, state and Federal agencies, private profit and non-profit organizations) and geographic locations;

(e) the need to maintain a balanced composition of reviewers with regard to minority and female representation and an equitable age distribution; and

(f) the need to include reviewers who can judge the effective usefulness to producers and the general public of each application.

Evaluation Criteria will be delineated in the RFA.

**Deadlines:**

Contact the headquarters or regional office, as appropriate, for application deadlines.

**Range of Approval/Disapproval Time:**

Section :094 - Deadlines:

Dates for specific deadlines are announced in the RFA each fiscal year. Information is also available via our website and may be obtained via the Grants.gov website. Respective links are provided below:

<http://www.nifa.usda.gov/>

Section :095 - Range of Approval/Disapproval Time:

From 30 to 180 days.

**Appeals:**

Not Applicable.

**Renewals:**

Awards are made as continuation grants, and subsequent annual funding is provided based on demonstrated progress.

Specific details are provided in the Request for Applications (RFA) each fiscal year.

**Formula and Matching Requirements:**

Statutory formulas are not applicable to this program.

This program has no matching requirements. Funds are awarded competitively.

No formula grants are awarded under Subtitle K of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 [7 U.S.C. 3319e].

NIFA does not require matching or cost sharing support for this program. MOE requirements are not applicable to this program.

**Length and Time Phasing of Assistance:**

The term of a competitive grant under this authority may not exceed five (5) years.

Same level of funding for five years. Method of awarding/releasing assistance: by letter of credit.

**Reports:**

Grantees also are required to submit annual and summary progress reports via NIFA's

Current Research Information System (CRIS). This reporting requirement was approved under OMB Control No. 0524-0042, NIFA Current Research Information System (CRIS).

CRIS is an electronic, web-based inventory system that facilitates both grantee submission of project outcomes and public access to information on Federally-funded projects. NIFA uses the SF-425, Federal Financial Report to monitor cash. Grantees also are required to submit annual and summary progress reports via NIFA's Current Research Information System (CRIS). This reporting requirement was approved under OMB Control No. 0524-0042, NIFA Current Research Information System (CRIS).

CRIS is an electronic, web-based inventory system that facilitates both grantee submission of project outcomes and public access to information on Federally-funded projects. A final Financial Status Report (SF-269) or Federal Financial Report (SF-425) is due within 90 days of the expiration date of the grant and should be submitted to the Awards Management Branch, Office of Extramural Programs at the address listed below, in accordance with instructions contained in 2 CFR 3430.55 (also refer to Section 3015.82 of the Uniform Federal Assistance Regulations).

**Audits:**

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Audits will be conducted in accordance with guidelines established in the revised OMB Circular No. A-133, Audits of States, Local Governments, and Nonprofit Organizations, and implemented in 7 CFR 3052. This program is also subject to audit by the cognizant Federal audit agency and the USDA Office of Inspector General.

**Records:**

In accordance with the Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and other Non-profit Organizations [2 CFR 215, Subpart C, Section 215.53, (OMB Circular A-110)] grantees shall maintain separate records for each grant to ensure that funds are used for authorized purposes. Grant-related records are subject to inspection during the life of the grant and must be retained at least three (3) years. Records must be retained beyond the three-year period if litigation is pending or audit findings have not been resolved.

**Account Identification:**

**10.307 ORGANIC AGRICULTURE RESEARCH AND EXTENSION INITIATIVE**

ORGANIC AGRICULTURE RESEARCH AND EXTENSION INITIATIVE (OREI)

**FEDERAL AGENCY:**

National Institute of Food and Agriculture, Department of Agriculture

**AUTHORIZATION:**

Section 7206 of the Food, Conservation, and Energy Act of 2008 (FCEA) amended section 1672B of the Food, Agriculture, Conservation, and Trade (FACT) Act of 1990 (7 U.S.C. 5925b) amending and re-authorizing the Organic Agriculture Research and Extension Initiative (OREI). The FACT Act, as amended, authorizes the Secretary of Agriculture, in consultation with the National Agricultural Research, Extension, Education, and Economics Advisory Board (NAREEEAB), to make competitive grants to support research and extension activities regarding organically grown and processed agricultural commodities for eight legislatively-defined goals. See RFA Part I.B. for further general information and specific details. , 7 U.S.C 5925b.

**OBJECTIVES:**

Facilitate the development of organic agriculture production, breeding, and processing methods. Functionally identify soil microbial communities and ways to manage microbial dynamics to enhance nutrient cycling and disease suppression; Develop systemic approaches to weed, insect and disease management; Prevent, control, and treat internal and external parasites in various livestock species; and Breed crops for disease and insect resistance, good yield in a biologically diverse system, compatibility with intercrops, good response to organic fertility sources, horizontal resistance (traits determined by multiple genes). Evaluate the potential economic benefits to producers and processors who use organic methods. Analyze potential economic costs, returns and risks of organic production systems; Use environmental valuation tools to quantify externalities of producing food, and compare externalities of producing organic and conventional food; - Analyze price and market structures, including ability of small, medium-, and large-scale growers to access different markets, in order to frame policies that minimize concentration within the industry; and Analyze marketing channels to document how organic food is distributed, what share of the organic food dollar is returned to the farmer, and the implications of large-scale manufacturers entering the organic market. Explore international trade opportunities for organically grown and processed agricultural commodities. Compare compatibility of certification standards used in different parts of the world, with the ultimate goal of harmonization and reciprocity; Undertake marketing studies of international consumer demand for U.S. produced organic goods; and Perform Welfare analyses (quantified gains and losses for producers and consumers) of trade policies affecting international competitiveness, including implementation of the National Organic Program, domestic support programs such as the Conservation Security Act, country of origin labeling, GMO labeling, etc. Determine desirable traits for organic commodities. Examine relationships between nutrients in the soil and nutrients in the food grown on that soil, including long-term soil nutrient and crop nutrient profiles under conventional and organic management; Perform comparisons of nutrient levels between organic and conventional crops and relationship, if any, between taste and nutrient profile; Investigate the role of post-harvest handling and treatment in the maintenance of quality in fresh market organic products; and Determine the reasons for consumer preferences for organic goods. Identify marketing and policy constraints on the expansion of organic agriculture. Analyze opportunities and constraints to organic agriculture resulting from provisions of the Farm Security and Rural Investment Act of 2002; Investigate specific barriers to markets, such as scale-based regulations that restrict family farm access to processors and/or markets; Study negative lender perception of organic farming and ways to change this; and Analyze regulatory barriers, such as lack of access to Federal farm programs, and developing solutions to these challenges. Conduct advanced on-farm research and development that emphasizes observation of, experimentation with, and innovation for working organic farms, including research relating to production and marketing and to socioeconomic conditions. (Note: Many topics from other goal areas can be conducted on working farms.) Develop rigorous on-farm systems research designs; and Conduct long-term, interdisciplinary systems research.

**TYPES OF ASSISTANCE:**

Project Grants

**USES AND USE RESTRICTIONS:**

The Integrated Organic Program is particularly interested in proposed projects that emphasize research and outreach that assist farmers and ranchers with whole farm planning and ecosystem integration. Projects should plan to deliver applied production information to producers. Fieldwork for both program areas must be done on certified organic land or on land in transition to organic certification, as appropriate to project goals and objectives. Refer to the USDA National Organic Program (<http://www.ams.usda.gov/nop>) for organic production standards. NIFA has determined that grant funds awarded under this authority may not be used for the renovation or refurbishment of research, education, or extension space; the purchase or installation of fixed equipment in such space; or the planning, repair, rehabilitation, acquisition, or construction of buildings or facilities.

Section 7132 of the Food, Conservation, and Energy Act amended section 1462 of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (7 U.S.C. 3310), increasing the limit on recovery of indirect costs from 19 percent to 22 percent of total Federal funds provided under the award.

Therefore, the recovery of indirect costs on awards made by NIFA under this program area may not exceed the lesser of the institution's official negotiated indirect cost rate or the equivalent of 22 percent of total Federal funds awarded.

**\*\*Special Note on Indirect Costs as in-kind matching contributions.** Indirect costs may be claimed under the Federal portion of the award budget or, alternatively, indirect costs may be claimed as a matching contribution (if no indirect costs are requested under the Federal portion of the award budget). However, unless explicitly authorized in the RFA, indirect costs may not be claimed on both the Federal portion of the award budget and as a matching contribution, unless the total claimed on both the Federal portion of the award budget and as a matching contribution does not exceed the maximum allowed indirect costs or the institutions negotiated indirect cost rate, whichever is less. An awardee may split the allocation between the Federal and non-Federal portions of the budget only if the total amount of indirect costs charged to the project does not exceed the maximum allowed indirect costs or the institutions negotiated indirect cost rate, whichever is less. For example, if an awardee's indirect costs are capped at 22 percent pursuant to section 1462(a) of NARETPA (7 U.S.C. 3310(a)), the awardee may request 11 percent of the indirect costs on both the Federal portion of the award and as a matching contribution. Or, the awardee may request any similar percentage that, when combined, does not exceed the maximum indirect cost rate of 22 percent.

#### **Applicant Eligibility:**

Applications may be submitted by State agricultural experiment stations, all colleges and universities, other research institutions and organizations, Federal agencies, national laboratories, private organizations or corporations, and individuals. For both ORG and OREL, all award recipients may subcontract to organizations not eligible to apply provided such organizations are necessary for the conduct of the project.

#### **Beneficiary Eligibility:**

State agricultural experiment stations, all colleges and universities, other research institutions and organizations, Federal agencies, national laboratories, private organizations or corporations, and individuals.

#### **Credentials/Documentation:**

A Data Universal Number System (DUNS) number must be obtained - A DUNS number is a unique number that identifies an organization. It has been adopted by the Federal government to help track how Federal grant money is distributed. If your organization does not have a DUNS number, call the special Dun & Bradstreet hotline at 1-866-705-5711 to receive one free of charge. You will receive a DUNS number within several days of your request. Please note, individual proprietorships (i.e. farmers, ranchers) can request and receive a DUNS number, but must register with Grants.gov as an organization, not as an individual.

Registration with Central Contractor Registry (CCR) is required - The CCR is the central government repository for organizations working with the Federal government. If your organization is not already registered, identify the primary contact who should register your organization. When your organization registers with CCR, it will be required to designate an e-Business Point of Contact (e-Business POC). The e-Business POC authorizes individuals to submit grant applications on behalf of the organization and creates a special password called a Marketing Partner ID Number (M-PIN) to verify individuals authorized to submit grant applications for the organization. Visit the CCR Web site at <http://www.ccr.gov> to begin this process. It may take several days to collect the information needed for your organizations registration. The CCR Assistance Center can be reached at 888-227-2423. This information collection is approved under OMB Control No. 0524-0039, NIFA Application Kit for Research and Extension Programs.

Applicants must furnish the information required in the request for applications (RFAs). Successful applicants recommended for funding must furnish the information and assurances requested during the award documentation process. These include, but are not limited to the following:

Organizational Management Information - Specific management information relating to an applicant shall be submitted on a one time basis, with updates on an as needed basis, as part of the responsibility determination prior to the award

of a grant identified under this RFA, if such information has not been provided previously under this or another NIFA program. NIFA will provide copies of forms recommended for use in fulfilling these requirements as part of the preaward process. Although an applicant may be eligible based on its status as one of these entities, there are factors which may exclude an applicant from receiving Federal financial and nonfinancial assistance and benefits under this program (e.g., debarment or suspension of an individual involved or a determination that an applicant is not responsible based on submitted organizational management information). This information collection is approved under OMB Circular Control No. 0524-0026, Assurance of Compliance with the Department of Agriculture Regulations Assuring Civil Rights, Compliance and Organization Information.. OMB Circular No. A-87 applies to this program.

#### **Preapplication Coordination:**

All RFAs are published on the Agency's website and Grants.gov. Applicants must complete the Grants.gov registration process. Please see the following Grants.gov link for more information: [http://www.grants.gov/applicants/get\\_registered.jsp](http://www.grants.gov/applicants/get_registered.jsp). An environmental impact statement is required for this program. This program is excluded from coverage under E.O. 12372.

#### **Application Procedures:**

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Applications should be submitted as outlined in the RFA. Applications must follow the instructions

#### **Award Procedure:**

Applications are subjected to a system of peer and merit review in accordance with section 103 of the Agricultural Research, Extension and Education Reform Act of 1998 (7 U.S.C. 1613) by a panel of qualified scientists and other appropriate persons who are specialists in the field covered by the proposal. Within the limit of funds available for such purpose, the NIFA Authorized Departmental Officer (ADO) shall make grants to those responsible, eligible applicants whose applications are judged most meritorious under the procedures set forth in the RFA.

Reviewers will be selected based upon training and experience in relevant scientific, extension, or education fields, taking into account the following factors:

- (a) The level of relevant formal scientific, technical education, or extension experience of the individual, as well as the extent to which an individual is engaged in relevant research, education, or extension activities;
- (b) the need to include as reviewers experts from various areas of specialization within relevant scientific, education, or extension fields;
- (c) the need to include as reviewers other experts (e.g., producers, range or forest managers/operators, and consumers) who can assess relevance of the applications to targeted audiences and to program needs;
- (d) the need to include as reviewers experts from a variety of organizational types (e.g., colleges, universities, industry, state and Federal agencies, private profit and non-profit organizations) and geographic locations;
- (e) the need to maintain a balanced composition of reviewers with regard to minority and female representation and an equitable age distribution; and
- (f) the need to include reviewers who can judge the effective usefulness to producers and the general public of each application.

Evaluation Criteria will be delineated in the RFA.

#### **Deadlines:**

Contact the headquarters or regional office, as appropriate, for application deadlines.

#### **Range of Approval/Disapproval Time:**

Section :094 - Deadlines: Dates for specific deadlines are announced in the RFA each fiscal year. Information is also available via our website and may be obtained via the Grants.gov website.

Respective links are provided below:

<http://www.nifa.usda.gov/>

Section :095 - Range of Approval/Disapproval Time: From 30 to 180 days.

**Appeals:**

Not Applicable.

**Renewals:**

Specific details are provided in the Request for Applications (RFA) each fiscal year.

**Formula and Matching Requirements:**

Statutory formulas are not applicable to this program.

Matching Requirements: Percent: 100%. Funds are awarded competitively.

No formula grants are awarded under Subtitle K of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 [7 U.S.C. 3319e].

**Cost Sharing or Matching:**

(1) General Requirement

The Secretary shall require the recipient of a grant under this section to provide funds or in-kind support from non-Federal sources in an amount at least equal to the amount provided by the Federal Government.

See R&R Budget section regarding matching funds Part IV, B., 6. of this RFA for more details.

(2) Waiver

NIFA may waive the matching funds requirement specified in the above paragraph for a grant if NIFA determines that:

(a) the results of the project, while of particular benefit to a specific agricultural commodity, are likely to be applicable to agricultural commodities generally; or

(b) the project involves a minor commodity, the project deals with scientifically important research, and the grant recipient is unable to satisfy the matching funds requirement.

MOE requirements are not applicable to this program.

**Length and Time Phasing of Assistance:**

The term of a competitive grant under this authority may not exceed five (5) years. Method of awarding/releasing assistance: by letter of credit.

**Reports:**

Grantees also are required to submit annual and summary progress reports via NIFA's Current Research Information System (CRIS). This reporting requirement was approved under OMB Control No. 0524-0042, NIFA Current Research Information System (CRIS).

CRIS is an electronic, web-based inventory system that facilitates both grantee submission of project outcomes and public access to information on Federally-funded projects.

NIFA uses the SF-425, Federal Financial Report to monitor cash. Grantees also are required to submit annual and summary progress reports via NIFA's Current Research Information System (CRIS). **Audits:**

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Audits will be conducted in accordance with guidelines established in the revised OMB Circular No. A-133, Audits of States, Local Governments, and Nonprofit Organizations, and implemented in 7 CFR 3052. This program is also subject to audit by the cognizant Federal audit agency and the USDA Office of Inspector General.

**Records:**

Grantees shall maintain separate records for each grant to ensure that funds are used for authorized purposes. Grant-related records must be retained at least three years; records must be retained beyond the three-year period if litigation is pending or audit findings have not been resolved.

**10.308 RESIDENT INSTRUCTION GRANTS FOR INSULAR AREA ACTIVITIES**

**RESIDENT INSTRUCTION GRANTS FOR INSULAR AREA ACTIVITIES**

**FEDERAL AGENCY:**

National Institute of Food and Agriculture, Department of Agriculture

**AUTHORIZATION:**

This program is administered under the provisions of the Farm Security and Rural Investment Act of 2002 (Section 7501 of Public Law 107-171) as reauthorized in Section 7143 of Public Law 110-246, which amended the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (7 U.S.C. 3101 et seq.) by providing for a program of resident instruction grants for insular areas (7 U.S.C. 3363). Funds are available for a program of competitive grants, with funds to be awarded to one or more individual, eligible institutions of higher education in Insular Areas (Insular Area Institutions) or consortia of such eligible institutions, to carry out teaching and education programs in the food and agricultural sciences., 7 U.S.C 3363.

**OBJECTIVES:**

In General. -The Secretary of Agriculture shall make competitive grants to eligible institutions to-

- (1) strengthen institutional educational capacities, including libraries, curriculum, faculty, scientific instrumentation, instruction delivery systems, and student recruitment and retention, in order to respond to identified State, regional, national, or international education needs in the food and agricultural sciences;
- (2) attract and support undergraduate and graduate students in order to educate them in identified areas of national need in the food and agriculture sciences;
- (3) facilitate cooperative initiatives between two or more insular area eligible institutions, or between those institutions and units of State Government or organizations in the private sector, to maximize the development and use of resources such as faculty, facilities, and equipment to improve food and agricultural sciences teaching programs; and
- (4) conduct undergraduate scholarship programs to assist in meeting national needs for training food and agricultural scientists.

**TYPES OF ASSISTANCE:**

Project Grants

**USES AND USE RESTRICTIONS:**

The purpose of the Resident Instruction Grants Program for Institutions of Higher Education in Insular Areas (RIIA) is to promote and strengthen the ability of Insular Area Institutions to carry out teaching and education programs within the broadly defined food and agricultural sciences-related disciplines. Food and agricultural sciences include programs in agriculture, food and fiber, renewable energy and natural resources, forestry, aquaculture, veterinary medicine, family and consumer sciences, home economics, nutrition and dietetics, rural human ecology, rural economic and community development, and other higher education activities and fields of study related to the production, processing, marketing, distribution, conservation, utilization, consumption, research, and development of food and agriculturally-related

products and services. Grant funds must be used for allowable costs necessary to conduct approved fundamental and applied research, extension and education objectives to address food and agricultural sciences. Funds may not be used for any purposes other than those approved in the grant award documents. The use of grant funds to plan, acquire, or construct a building or facility is not allowed under this program. With prior approval, and in accordance with the cost principles set forth in OMB Circular No. A-21, some grant funds may be used for minor alterations, renovations, or repairs deemed necessary to retrofit existing teaching or research spaces in order to carry out a funded project. However, requests to use grant funds for such purposes must demonstrate that the alterations, renovations, or repairs are essential to achieving the major purpose of the project. Grant funds may not be used for endowment investing. Section 7132 of the Food, Conservation, and Energy Act of 2008, amended the National Agriculture Research, Extension, and Teaching Policy Act of 1977 (7 U.S.C. 3310(a)), limiting indirect costs to 22 percent of the total Federal funds provided under each award. Therefore, when preparing budgets, applicants should limit their requests for recovery of indirect costs to the lesser of their institutions official negotiated indirect cost rate or the equivalent of 22 percent of total Federal funds awarded. Fully discretionary.

**Applicant Eligibility:**

The Secretary of Agriculture shall ensure that each eligible institution, prior to receiving grant funds under subsection (a), shall have a significant demonstrable commitment to higher education programs in the food and agricultural sciences and to each specific subject area for which grant funds under this section are to be used. (2) The Secretary of Agriculture may require that any grant awarded under this section contain provisions that require funds to be targeted to meet the needs identified in section 1402.

**Beneficiary Eligibility:**

The Secretary of Agriculture shall ensure that each eligible institution, prior to receiving grant funds under subsection (a), shall have a significant demonstrable commitment to higher education programs in the food and agricultural sciences and to each specific subject area for which grant funds under this section are to be used. (2) The Secretary of Agriculture may require that any grant awarded under this section contain provisions that require funds to be targeted to meet the needs identified in section 1402.

If your organization is not already registered, identify the primary contact who should register your organization. When your organization registers with CCR, it will be required to designate an e-Business Point of Contact (e-Business POC). The e-Business POC authorizes individuals to submit grant applications on behalf of the organization and creates a special password called a Marketing Partner ID Number (M-PIN) to verify individuals authorized to submit grant applications for the organization. Visit the CCR Web site at <http://www.ccr.gov> to begin this process. It may take several days to collect the information needed for your organizations registration. The CCR Assistance Center can be reached at 888-227-2423. This information collection is approved under OMB Control No. 0524-0039, NIFA Application Kit for Research and Extension Programs.

Applicants must furnish the information required in the request for applications (RFAs).

Successful applicants recommended for funding must furnish the information and assurances requested during the award documentation process. These include, but are not limited to the following:

Organizational Management Information - Specific management information relating to an applicant shall be submitted on a one time basis, with updates on an as needed basis, as part of the responsibility determination prior to the award of a grant identified under this RFA, if such information has not been provided previously under this or another NIFA program. NIFA will provide copies of forms recommended for use in fulfilling these requirements as part of the preaward process. Although an applicant may be eligible based on its status as one of these entities, there are factors which may exclude an applicant from receiving Federal financial and nonfinancial assistance and benefits under this program (e.g., debarment or suspension of an individual involved or a determination that an applicant is not responsible based on submitted organizational management information). This information collection is approved under OMB Circular Control No. 0524-0026, Assurance of Compliance with the Department of Agriculture Regulations Assuring Civil Rights, Compliance and Organization Information.. OMB Circular No. A-87 applies to this program.

**Preapplication Coordination:**

All RFAs are published on the Agency's website and Grants.gov. Applicants must complete the Grants.gov registration process. Please see the following Grants.gov link for more information: [http://www.grants.gov/applicants/get\\_registered.jsp](http://www.grants.gov/applicants/get_registered.jsp). An environmental impact statement is required for this program. This program is excluded from coverage under E.O. 12372.

**Application Procedures:**

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Applications should be submitted as outlined in the RFA. Applications must follow the instructions provided per Grants.gov and in the Agency guide to submitting applications via Grants.gov.

**Award Procedure:**

Applications are subjected to a system of peer and merit review in accordance with section 103 of the Agricultural Research, Extension and Education Reform Act of 1998 (7 U.S.C. 1613) by a panel of qualified scientists and other appropriate persons who are specialists in the field covered by the proposal. Within the limit of funds available for such purpose, the NIFA Authorized Departmental Officer (ADO) shall make grants to those responsible, eligible applicants whose applications are judged most meritorious under the procedures set forth in the RFA.

Reviewers will be selected based upon training and experience in relevant scientific, extension, or education fields, taking into account the following factors:

- (a) The level of relevant formal scientific, technical education, or extension experience of the individual, as well as the extent to which an individual is engaged in relevant research, education, or extension activities;
- (b) the need to include as reviewers experts from various areas of specialization within relevant scientific, education, or extension fields;
- (c) the need to include as reviewers other experts (e.g., producers, range or forest managers/operators, and consumers) who can assess relevance of the applications to targeted audiences and to program needs;
- (d) the need to include as reviewers experts from a variety of organizational types (e.g., colleges, universities, industry, state and Federal agencies, private profit and non-profit organizations) and geographic locations;
- (e) the need to maintain a balanced composition of reviewers with regard to minority and female representation and an equitable age distribution; and
- (f) the need to include reviewers who can judge the effective usefulness to producers and the general public of each application.

Evaluation Criteria will be delineated in the RFA.

**Deadlines:**

Contact the headquarters or regional office, as appropriate, for application deadlines.

**Range of Approval/Disapproval Time:**

Section :094 - Deadlines:

Dates for specific deadlines are announced in the RFA each fiscal year. Information is also available via our website and may be obtained via the

Grants.gov website. Respective links are provided below:  
<http://www.nifa.usda.gov/>  
<http://www.grants.gov>

Section :095 - Range of Approval/Disapproval Time:  
From 30 to 180 days.

**Appeals:**

Not Applicable.

**Renewals:**

Specific details are provided in the Request for Applications (RFA) each fiscal year.

**Formula and Matching Requirements:**

Statutory formulas are not applicable to this program.

This program has no matching requirements. Funds are awarded competitively.

No formula grants are awarded under Subtitle K of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 [7 U.S.C. 3319e].

NIFA does not require matching or cost sharing support for this program. MOE requirements are not applicable to this program.

**Length and Time Phasing of Assistance:**

The term of competitive project grants and/or cooperative agreements under this program may not exceed three (3) years. Method of awarding/releasing assistance: by letter of credit.

**Reports:**

Grantees also are required to submit annual and summary progress reports via NIFA's Current Research Information System (CRIS). This reporting requirement was approved under OMB Control No. 0524-0042, NIFA Current Research Information System (CRIS).

CRIS is an electronic, web-based inventory system that facilitates both grantee submission of project outcomes and public access to information on Federally-funded projects. NIFA uses the SF-425, Federal Financial Report to monitor cash. Grantees also are required to submit annual and summary progress reports via NIFA's Current Research Information System (CRIS). This reporting requirement was approved under OMB Control No. 0524-0042, NIFA Current Research Information System (CRIS).

CRIS is an electronic, web-based inventory system that facilitates both grantee submission of project outcomes and public access to information on Federally-funded projects. A final Financial Status Report (SF-269) or Federal Financial Report (SF-425) is due within 90 days of the expiration date of the grant and should be submitted to the Awards Management Branch, Office of Extramural Programs at the address listed below, in accordance with instructions contained in 2 CFR 3430.55 (also refer to Section 3015.82 of the Uniform Federal Assistance Regulations).

**Audits:**

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit

Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Audits will be conducted in accordance with guidelines established in the revised OMB Circular No. A-133, Audits of States, Local Governments, and Nonprofit Organizations, and implemented in 7 CFR 3052. This program is also subject to audit by the cognizant Federal audit agency and the USDA Office of Inspector General.

**Records:**

In accordance with the Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and other Non-profit Organizations [2 CFR 215, Subpart C, Section 215.53, (OMB Circular A-110)] grantees shall maintain separate records for each grant to ensure that funds are used for authorized purposes. Grant-related records are subject to inspection during the life of the grant and must be retained at least three (3) years. Records must be retained beyond the three-year period if litigation is pending or audit findings have not been resolved.

**Account Identification:**

12-1500-0-1-352.

**Obligations:**

(Project Grants) FY 08 \$712,282; FY 09 est \$765,500; FY 10 est \$765,500 - The difference between the appropriation and obligation numbers reflects legislative authorized set-asides deducted as appropriate, and in some cases the availability of obligational authority from prior years.

Section "Obligations (122) - Per Noah Engelberg (Base funding in FY 2010 Budget was \$800K not \$1M.) FY 2010 should be about equal to FY 2009."

Response from Christina Buch, Director, Budget Office:  
Noah is correct, the FY 09 and FY 10 numbers should be the same.

**Range and Average of Financial Assistance:**

If minimum or maximum amounts of funding per competitive project grant or cooperative agreement are established, these will be announced in the annual program announcement or Request for Application (RFA).

**PROGRAM ACCOMPLISHMENTS:**

Fiscal Year 2008: DATA MUST BE PROVIDED BY PROGRAM UNIT AT A FUTURE DATE. Fiscal Year 2009: DATA MUST BE PROVIDED BY PROGRAM UNIT AT A FUTURE DATE. Fiscal Year 2010: DATA MUST BE PROVIDED BY PROGRAM UNIT AT A FUTURE DATE.

**10.309 SPECIALTY CROP RESEARCH INITIATIVE**

SCRI

**FEDERAL AGENCY:**

National Institute of Food and Agriculture, Department of Agriculture

**AUTHORIZATION:**

The Specialty Crop Research Initiative (SCRI) is authorized by Section 7311 of the Food, Conservation, and Energy Act of 2008, which added section 412 to the Agricultural Research, Extension, and Education Reform Act of 1998 (AREERA). Section 412 of AREERA establishes a specialty crop research and extension initiative to address the critical needs of the specialty crop industry by developing and disseminating science-based tools to address needs of specific crops and their regions.

**OBJECTIVES:**

The Specialty Crop Research Initiative (SCRI) was established to solve critical industry issues through research and extension activities. SCRI will give priority to projects that are multistate, multi-institutional, or trans-disciplinary; and include explicit mechanisms to communicate results to producers and the public. Projects must address at least one of five focus areas: research in plant breeding, genetics, and genomics to improve crop characteristics; efforts to identify and address threats from pests and diseases, including threats to specialty crop pollinators; efforts to improve production efficiency, productivity, and profitability over the long term; new innovations and technology, including improved mechanization and technologies that delay or inhibit ripening; and methods to prevent, detect, monitor, control, and respond to potential food safety hazards in the production and processing of specialty crops including fresh produce.

**TYPES OF ASSISTANCE:**

PROJECT GRANTS

**USES AND USE RESTRICTIONS:**

Grant funds must be used for allowable costs necessary to conduct approved research and extension objectives.

Funds shall not be used for the construction of a new building or facility or the acquisition, expansion, remodeling, or alteration of an existing building or facility (including site grading and improvement, and architect fees).

Funds may not be used for any purposes other than those approved in the grant award documents. INDIRECT COSTS:

Not to exceed 22% of Federal Funds awarded.

Applicants may use both the unrecovered indirect costs associated with the Federal Budget and the unrecovered indirect costs associated with the Non-Federal Budget to meet their matching requirements. Indirect costs may not be recovered on third-party matching contributions.

**Applicant Eligibility:**

Applications may be submitted by Federal agencies, national laboratories, colleges and universities, research institutions and organizations, private organizations or corporations, State agricultural experiment stations, individuals, or groups consisting of two or more of these entities.

**Beneficiary Eligibility:**

Applications may be submitted by Federal agencies, national laboratories, colleges and universities, research institutions and organizations, private organizations or corporations, State agricultural experiment stations, individuals, or groups consisting of two or more of these entities.

**Credentials/Documentation:**

A Data Universal Number System (DUNS) number must be obtained - A DUNS number is a unique number that identifies an organization. It has been adopted by the Federal government to help track how Federal grant money is distributed. If your organization does not have a DUNS number, call the special Dun & Bradstreet hotline at 1-866-705-5711 to receive one free of charge. You will receive a DUNS number within several days of your request. Please note, individual proprietorships (i.e. farmers, ranchers) can request and receive a DUNS number, but must register with Grants.gov as an organization, not as an individual.

Registration with Central Contractor Registry (CCR) is required - The CCR is the central government repository for organizations working with the Federal government. If your organization is not already registered, identify the primary contact who should register your organization. When your organization registers with CCR, it will be required to designate an e-Business Point of Contact (e-Business POC). #### **Preapplication Coordination:**

Notice of Intent to Submit an Application: Prospective applicants are asked to email a notification of intent to submit an application. The notification of intent to submit is not required and does not enter into the review of a subsequent application. The information it contains will be used to help program staff plan the review and estimate the potential review workload. This email should include the following information:

Descriptive (draft) title of proposed research;  
Name of the Project Director and applicant name if applicable;  
Names of other potential co-Project Directors and their affiliations, if applicable;  
Focus area(s) addressed, (see Part I(B) for specific details);  
Likely type of proposal (Coordinated Agricultural Projects, Standard Research and Extension Projects, Regional Partnerships for Innovation Projects, eXtension Projects, and Research and Extension Planning Projects); and  
Subject line of email should read: SCRI Intent to Submit. Emails should be sent to [scri@csrees.usda.gov](mailto:scri@csrees.usda.gov). All RFAs are published on the Agency's website and Grants.gov. Applicants must complete the Grants.gov registration process. Applications must follow the instructions provided per Grants.gov and in the Agency guide to submitting applications via Grants.gov. This information collection is approved under OMB Control No. 0524-0039, CSREES Application Kit for Research and Extension Programs.

**Award Procedure:**

Applications are subjected to a system of peer and merit review in accordance with section 103 of the Agricultural Research, Extension, and Education Reform Act of 1998 (7 U.S.C. 7613) by a panel of qualified scientists and other appropriate persons who are specialists in the field covered by the proposal. Within the limit of funds available for such purpose, the NIFA Authorized Departmental Officer (ADO) shall make grants to those responsible, eligible applicants whose applications are judged most meritorious under the procedures set forth in the RFA. This information collection is approved under OMB Control No. 0524-0039, CSREES Application Kit for Research and Extension Programs.

Reviewers will be selected based upon training and experience in relevant scientific, extension, or education fields, taking into account the following factors:

- (a) The level of relevant formal scientific, technical education, or extension experience of the individual, as well as the extent to which an individual is engaged in relevant research, education, or extension activities;
- (b) the need to include as reviewers experts from various areas of specialization within relevant scientific, education, or extension fields;
- (c) the need to include as reviewers other experts (e.g., producers, range or forest managers/operators, and consumers) who can assess relevance of the applications to targeted audiences and to program needs;
- (d) the need to include as reviewers experts from a variety of organizational types (e.g., colleges, universities, industry, state and Federal agencies, private profit and non-profit organizations) and geographic locations;
- (e) the need to maintain a balanced composition of reviewers with regard to minority and female representation and an equitable age distribution; and
- (f) the need to include reviewers who can judge the effective usefulness to producers and the general public of each application.

**Deadlines:**

Contact the headquarters or regional office, as appropriate, for application deadlines.

**Range of Approval/Disapproval Time:**

:094 Deadlines:

Dates for specific deadlines are announced in the RFA each fiscal year.

:095 Range of Approval/Disapproval Time:

From 30 to 180 days.

**Appeals:**

Not Applicable.

**Renewals:**

Not Applicable.

**Formula and Matching Requirements:**

This program has no statutory formula.

Matching Requirements: Percent: 50%. Funds are awarded competitively. No formula grants are awarded under this authority.

For equipment grants Unless criteria is met to qualify for waiver by the Secretary, matching shall not exceed 50 percent of the cost of the special research equipment or other equipment acquired using funds from the grant.

For applied research if the grant is commodity-specific; and not of national scope, the grant recipient is required to match USDA funds awarded on a dollar-for-dollar basis from non-Federal sources with cash and/or in-kind contributions.

This program does not have MOE requirements.

**Length and Time Phasing of Assistance:**

The term of a competitive grant under this program may not exceed ten (10) years. Method of awarding/releasing assistance: by letter of credit.

**Reports:**

Grantees are required to submit annual and summary progress reports via NIFA's Current Research Information System (CRIS). This reporting requirement was approved under OMB Control No. 0524-0042, NIFA Current Research Information System (CRIS).

CRIS is an electronic, web-based inventory system that facilitates both grantee submission of project outcomes and public access to information on Federally-funded projects. NIFA uses the SF-425, Federal Financial Report to monitor cash. Grantees are required to submit annual and summary progress reports via NIFA's Current Research Information System (CRIS). This reporting requirement was approved under OMB Control No. 0524-0042, NIFA Current Research Information System (CRIS).

CRIS is an electronic, web-based inventory system that facilitates both grantee submission of project outcomes and public access to information on Federally-funded projects. Quarterly Reports of Federal Cash Transactions (SF-272) are required by the Department of Health and Human Services (DHHS) ([www.dpm.psc.gov](http://www.dpm.psc.gov)) and are submitted online through the DHHS Payment Management System (PMS) website. If you become delinquent in these reports, you will not be able to access your funds.

A final Financial Status Report (SF-269) or "Federal Financial Report" (SF-425) is due within 90 days of the expiration date of the grant and should be submitted to the Awards Management Branch, Office of Extramural Programs at the address listed below, in accordance with instructions contained in 2 CFR 3430.55 (also refer to Section 3015.82 of the Uniform Federal Assistance Regulations).

**Audits:**

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Audits will be conducted in

accordance with guidelines established in the revised OMB Circular No. A-133, Audits of States, Local Governments, and Non-profit Organizations, and implemented in 7 CFR 3052. This program is also subject to audit by the cognizant Federal audit agency and the USDA Office of Inspector General.

**Records:**

In accordance with the Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and other Non-profit Organizations [2 CFR 215, Subpart C, Section 215.53, (OMB Circular A-110)] grantees shall maintain separate records for each grant to ensure that funds are used for authorized purposes. Grant-related records are subject to inspection during the life of the grant and must be retained at least three (3) years. Records must be retained beyond the three-year period if litigation is pending or audit findings have not been resolved.

**Account Identification:**

12-1500-0-1-352.

**Obligations:**

(Project Grants) FY 08 \$175,778,719; FY 09 est \$175,778,719; FY 10 est \$185,251,524 - FY '08 amount for AFRI is based upon assumption of a CR in FY '09 and the amount available for the program is the same as the FY '08 amount for the National Research Initiative (NRI).

The difference between the appropriation and obligation numbers reflects legislative authorized set-asides deducted as appropriate, and in some cases the availability of obligational authority from prior years.

**Range and Average of Financial Assistance:**

Minimum and maximum amounts of funding per grant are established by the annual program announcement or RFA.

## **10.311 BEGINNING FARMER AND RANCHER DEVELOPMENT PROGRAM**

BFRDP

### **FEDERAL AGENCY:**

National Institute of Food and Agriculture, Department of Agriculture

### **AUTHORIZATION:**

Section 7405 of the Farm Security and Rural Investment Act of 2002, [7 U.S.C. 3319f].

, 7 U.S.C 3319f.

### **OBJECTIVES:**

To support the nations beginning farmers and ranchers by making competitive grants to new and established local and regional training, education, outreach, and technical assistance initiatives that address the needs of beginning farmers and ranchers.

### **TYPES OF ASSISTANCE:**

Project Grants

### **USES AND USE RESTRICTIONS:**

Competitive grants are made to support:

- (A) mentoring, apprenticeships, and internships;
- (B) resources and referral;
- (C) assisting beginning farmers or ranchers in acquiring land from retiring farmers and ranchers;
- (D) innovative farm and ranch transfer strategies;
- (E) entrepreneurship and business training;
- (F) model land leasing contracts;
- (G) financial management training;
- (H) whole farm planning;
- (I) conservation assistance;
- (J) risk management education;
- (K) diversification and marketing strategies;

- (M) understanding the impact of concentration and globalization;
- (N) basic livestock and crop farming practices;
- (O) the acquisition and management of agricultural credit;
- (P) environmental compliance;
- (Q) information processing; and
- (R) other similar subject areas of use to beginning farmers or ranchers.

In addition, cooperative agreements may be awarded to establish Education Teams:

#### **(1) In General:**

In carrying out this section, the Secretary shall establish beginning farmer and rancher education teams to develop curricula and conduct educational programs and workshops for beginning farmers or ranchers in diverse geographical areas of the United States.

#### **(2) Curriculum:**

In promoting the development of curricula, the Secretary shall, to the maximum extent practicable, include modules tailored to specific audiences of beginning farmers or ranchers, based on crop or regional diversity.

#### **(3) Composition:**

In establishing an education team for a specific program or workshop, the Secretary shall, to the maximum extent practicable:

- (A) obtain the short-term services of specialists with knowledge and expertise in programs serving beginning farmers or ranchers; and
- (B) use officers and employees of the Department with direct experience in programs of the Department that may be taught as part of the curriculum for the program or workshop.

#### **(4) Cooperation:**

##### **(A) In General:**

In carrying out this subsection, the Secretary shall cooperate, to the maximum extent practicable, with:

- (i) State cooperative extension services;
- (ii) Federal and State agencies;
- (iii) community-based and nongovernmental organizations;
- (iv) colleges and universities (including an institution awarding an associates degree) or foundations maintained by a college or university; and
- (v) other appropriate partners, as determined by the Secretary.

##### **(B) Cooperative Agreement:**

Notwithstanding chapter 63 of title 31, United States Code, the Secretary may enter into a cooperative agreement to reflect the terms of any cooperation under subparagraph (A).

An award also may be made to establish a Curriculum and Training Clearinghouse.

The Secretary shall establish an online clearinghouse that makes available to beginning farmers or ranchers education curricula and training materials and programs, which may include online courses for direct use by beginning farmers or ranchers.

##### **Set-Aside:**

Not less than 25 percent of funds used to carry out this subsection for a fiscal year shall be used to support programs and services that address the needs of:

- (A) limited resource beginning farmers or ranchers (as defined by the Secretary);
  - (B) socially disadvantaged beginning farmers or ranchers (as defined in section 355(e) of the Consolidated Farm and Rural Development Act (7 U.S.C. 2003(e)); and
  - (C) farmworkers desiring to become farmers or ranchers.
- Set-Aside:**  
Not less than 25 percent of funds used to carry out this subsection for a fiscal year shall be used to support programs and services that address the needs of:
- (A) limited resource beginning farmers or ranchers (as defined by the Secretary);
  - (B) socially disadvantaged beginning farmers or ranchers (as defined in section 355(e) of the Consolidated Farm and Rural Development Act (7 U.S.C. 2003(e)); and
  - (C) farmworkers desiring to become farmers or ranchers.

##### **Prohibition:**

A grant made under this subsection may not be used for the planning, repair, rehabilitation, acquisition, or construction of a building or facility. Fully discretionary.

##### **Applicant Eligibility:**

The recipient must be a collaborative, State, tribal, local, or regionally-based network or partnership of public or private entities, which may include: state cooperative extension service; community-based and nongovernmental organization; college or university (including institutions awarding associate degrees); or any other appropriate partner. Others may be eligible to apply. Please refer to Part III of the current BFRDP Request for Applications for complete eligibility requirements.

##### **Beneficiary Eligibility:**

The recipient must be a collaborative, State, tribal, local, or regionally-based network or partnership of public or private entities, which may include: state cooperative extension service; community-based and nongovernmental organization; college or university (including institutions awarding associate degrees); or any other appropriate partner. Others may be eligible to apply. Please refer to Part III of the current BFRDP Request for Applications for complete eligibility requirements.

##### **Credentials/Documentation:**

A Data Universal Number System (DUNS) number must be obtained - A DUNS number is a unique number that identifies an organization. It has been adopted by the Federal government to help track how Federal grant money is distributed. If your organization does not have a DUNS number, call the special Dun & Bradstreet hotline at 1-866-705-5711 to receive one free of charge. You will receive a DUNS number within several days of your request. Please note, individual proprietorships (i.e. farmers, ranchers) can request and receive a DUNS number, but must register with Grants.gov as an organization, not as an individual.

Registration with Central Contractor Registry (CCR) is required - The CCR is the central government repository for organizations working with the Federal government. If your organization is not already registered, identify the primary contact who should register your organization. When your organization registers with CCR, it will be required to designate an e-Business Point of Contact (e-Business POC). The e-Business POC authorizes individuals to submit grant applications on behalf of the organization and creates a special password called a Marketing Partner ID Number (M-PIN) to verify individuals authorized to submit grant applications for the organization. Visit the CCR Web site at <http://www.ccr.gov> to begin this process. It may take several days to collect the information needed for your organizations registration. The CCR Assistance Center can be reached at 888-227-2423. This information collection is approved under OMB Control No. 0524-0039, NIFA Application Kit for Research and Extension Programs.

Applicants must furnish the information required in the request for applications (RFAs).

Successful applicants recommended for funding must furnish the information and assurances requested during the award documentation process. These include, but are not limited to the following:

**Organizational Management Information** - Specific management information relating to an applicant shall be submitted on a one time basis, with updates on an as needed basis, as part of the responsibility determination prior to the award of a grant identified under this RFA, if such information has not been provided previously under this or another NIFA program. NIFA will provide copies of forms recommended for use in fulfilling these requirements as part of the preaward process. Although an applicant may be eligible based on its status as one of these entities, there are factors which may exclude an applicant from receiving Federal financial and nonfinancial assistance and benefits under this program (e.g., debarment or suspension of an individual involved or a determination that an applicant is not responsible based on submitted organizational management information). This information collection is approved under OMB Circular Control No. 0524-0026, Assurance of Compliance with the Department of Agriculture Regulations Assuring Civil Rights, Compliance and Organization Information.. OMB Circular No. A-87 applies to this program.

**Preapplication Coordination:**

All RFAs are published on the Agencies website and Grants.gov. Applicants must complete the Grants.gov registration process. Please see the following Grants.gov link for more information: [http://www.grants.gov/applicants/get\\_registered.jsp](http://www.grants.gov/applicants/get_registered.jsp). An environmental impact statement is required for this program. This program is excluded from coverage under E.O. 12372.

**Application Procedures:**

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Applications should be submitted as outlined in the RFA. Applications must follow the instructions provided per Grants.Gov and in the Agency guide to submitting applications via Grants.gov.

**Award Procedure:**

Applications are subjected to a system of peer and merit review in accordance with section 103 of the Agricultural Research, Extension and Education Reform Act of 1998 (7 U.S.C. 1613) by a panel of qualified scientists and other appropriate persons who are specialists in the field covered by the proposal. Within the limit of funds available for such purpose, the NIFA Authorized Departmental Officer (ADO) shall make grants to those responsible, eligible applicants whose applications are judged most meritorious under the procedures set forth in the RFA.

Reviewers will be selected based upon training and experience in relevant scientific, extension, or education fields, taking into account the following factors:

(a) The level of relevant formal scientific, technical education, or extension experience of the individual, as well as the extent to which an individual is

engaged in relevant research, education, or extension activities;

(b) the need to include as reviewers experts from various areas of specialization within relevant scientific, education, or extension fields;

(c) the need to include as reviewers other experts (e.g., producers, range or forest managers/operators, and consumers) who can assess relevance of the applications to targeted audiences and to program needs;

(d) the need to include as reviewers experts from a variety of organizational types (e.g., colleges, universities, industry, state and Federal agencies, private profit and non-profit organizations) and geographic locations;

(e) the need to maintain a balanced composition of reviewers with regard to minority and female representation and an equitable age distribution; and

(f) the need to include reviewers who can judge the effective usefulness to producers and the general public of each application.

**Evaluation Criteria:**

In making grants under this subsection, the Secretary shall evaluate:

(A) relevancy;

(B) technical merit;

(C) achievability;

(D) the expertise and track record of 1 or more applicants;

(E) the adequacy of plans for the participatory evaluation process, outcome-based reporting, and the communication of findings and results beyond the immediate target audience; and

(F) other appropriate factors, as determined by the Secretary.

**Regional Balance:**

In making grants under this subsection, the Secretary shall, to the maximum extent practicable, ensure geographical diversity.

**Priority:**

In making grants under this subsection, the Secretary shall give priority to partnerships and collaborations that are led by or include nongovernmental and community based organizations with expertise in new agricultural producer training and outreach.

**Deadlines:**

Contact the headquarters or regional office, as appropriate, for application deadlines.

**Range of Approval/Disapproval Time:**

:094 Deadlines:

Dates for specific deadlines are announced in the RFA each fiscal year.

:095 Range of Approval/Disapproval Time:

From 30 to 180 days.

**Appeals:**

Not Applicable.

**Renewals:**

Not Applicable.

**Formula and Matching Requirements:**

This program has no statutory formula.

Matching Requirements: Percent: 25%. Funds are awarded competitively. No formula grants are awarded under Section 7405 of the Farm Security and Rural Investment Act of 2002, [7 U.S.C. 3319f].

To be eligible to receive a grant under this program, a recipient must provide a match

in the form of cash or in-kind contributions in an amount equal to 25 percent of the funds provided by the grant.

MOE requirements are not applicable to this program.

**Length and Time Phasing of Assistance:**

The term of a competitive grant under this program may not exceed three (3) years. Method of awarding/releasing assistance: by letter of credit.

**Reports:**

Grantees are required to submit annual and summary progress reports via NIFA's Current Research Information System (CRIS). This reporting requirement was approved under OMB Control No. 0524-0042, NIFA Current Research Information System (CRIS).

CRIS is an electronic, web-based inventory system that facilitates both grantee submission of project outcomes and public access to information on Federally-funded projects. NIFA uses the SF-425, Federal Financial Report to monitor cash. Grantees are required to submit annual and summary progress reports via NIFA's Current Research Information System (CRIS). This reporting requirement was approved under OMB Control No. 0524-0042, NIFA Current Research Information System (CRIS).

CRIS is an electronic, web-based inventory system that facilitates both grantee submission. Quarterly Reports of Federal Cash Transactions (SF-272) are required by the Department of Health and Human Services (DHHS) ([www.dpm.psc.gov](http://www.dpm.psc.gov)) and are submitted online through the DHHS Payment Management System (PMS) website. If you become delinquent in these reports, you will not be able to access your funds.

A final Financial Status Report (SF-269) or "Federal Financial Report" (SF-425) is due within 90 days of the expiration date of the grant and should be submitted to the Awards Management Branch, Office of Extramural Programs at the address listed below, in accordance with instructions contained in 2 CFR 3430.55 (also refer to Section 3015.82 of the Uniform Federal Assistance Regulations).

**Audits:**

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Audits will be conducted in accordance with guidelines established in the revised OMB Circular No. A-133, Audits of States, Local Governments, and Nonprofit Organizations, and implemented in 7 CFR 3052. This program is also subject to audit by the cognizant Federal audit agency and the USDA Office of Inspector General.

**Records:**

In accordance with the Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and other Non-profit Organizations [2 CFR 215, Subpart C, Section 215.53, (OMB Circular A-110)] grantees shall maintain separate records for each grant to ensure that funds are used for authorized purposes. Grant-related records are subject to inspection during the life of the grant and must be retained at least three (3) years. Records must be retained beyond the three-year period if litigation is pending or audit findings have not been resolved.

**Account Identification:**

All RFAs are published on Grants.gov. Applicants must complete the Grants.gov registration process. Please see the following Grants.gov link for more information: [http://www.grants.gov/applicants/get\\_registered.jsp](http://www.grants.gov/applicants/get_registered.jsp). An environmental impact statement is required for this program. This program is excluded from coverage under E.O. 12372.

**Application Procedures:**

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Applications should be submitted as outlined in the RFA. Applications must follow the instructions provided per Grants.gov and in the Agency guide to submitting applications via Grants.gov. This information collection is approved under OMB Control No. 0524-0039, CSREES Application Kit for Research and Extension Programs.

**Award Procedure:**

Applications are subjected to a system of peer and merit review in accordance with section 103 of the Agricultural Research, Extension, and Education Reform Act of 1998 (7 U.S.C. 7613) by a panel of qualified scientists and other appropriate persons who are specialists in the field covered by the proposal. Within the limit of funds available for such purpose, the NIFA Authorized Departmental Officer (ADO) shall make grants to those responsible, eligible applicants whose applications are judged most meritorious under the procedures set forth in the RFA.

Reviewers will be selected based upon training and experience in relevant scientific, extension, or education fields, taking into account the following factors: (a) The level of relevant formal scientific, technical education, or extension experience of the individual, as well as the extent to which an individual is engaged in relevant research, education, or extension activities; (b) the need to include as reviewers experts from various areas of specialization within relevant scientific, education, or extension fields; (c) the need to include as reviewers other experts (e.g., producers, range or forest managers/operators, and consumers) who can assess relevance of the applications to targeted audiences and to program needs; (d) the need to include as reviewers experts from a variety of organizational types (e.g., colleges, universities, industry, state and Federal agencies, private profit and non-profit organizations) and geographic locations; (e) the need to maintain a balanced composition of reviewers with regard to minority and female representation and an equitable age distribution; and (f) the need to include reviewers who can judge the effective usefulness to producers and the general public of each application.

Specific details are announced in the RFAs for each fiscal year.

**Formula and Matching Requirements:**

This program has no statutory formula.

Matching Requirements: Funds are awarded competitively. No formula grants are awarded under this authority.

The minimum required recipient cost share must be at least 20% of the total allowable costs for Research and Development (R&D) projects and 50% of the total allowable costs for Demonstration projects.

Applicant cost share must come from non-Federal sources unless otherwise allowed by law.

No blending of R&D and Demonstration or associated cost share will be permitted.

MOE requirements are not applicable to this program.

**Length and Time Phasing of Assistance:**

The term of a competitive grant under this authority may not exceed five (5) years. Method of awarding/releasing assistance: by letter of credit.

**Reports:**

Grantees are required to submit annual and summary progress reports via NIFA's Current Research Information System (CRIS). This reporting requirement was approved under OMB Control No. 0524-0042, NIFA Current Research Information System (CRIS).

CRIS is an electronic, web-based inventory system that facilitates both grantee submission of project outcomes and public access to information on Federally-funded projects. NIFA uses the SF-425, Federal Financial Report to monitor cash. Grantees are required to submit annual and summary progress reports via NIFA's Current Research Information System (CRIS). This reporting requirement was approved under OMB Control No. 0524-0042, NIFA Current Research Information System (CRIS).

CRIS is an electronic, web-based inventory system that facilitates both grantee submission of project outcomes and public access to information on Federally-funded projects. A final Financial Status Report (SF-269) or Federal Financial Report (SF-425) is due within 90 days of the expiration date of the grant and should be submitted to the Awards Management Branch, Office of Extramural Programs at the address listed below, in accordance with instructions contained in 2 CFR 3430.55 (also refer to Section 3015.82 of the Uniform Federal Assistance Regulations).

### **10.314 NEW ERA RURAL TECHNOLOGY COMPETITIVE GRANTS PROGRAM**

Rural Technology Program (RTP)

#### **FEDERAL AGENCY:**

National Institute of Food and Agriculture, Department of Agriculture

#### **AUTHORIZATION:**

Subtitle K of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (7 U.S.C. 3319e), 7 U.S.C 3319e.

#### **OBJECTIVES:**

To establish a competitive grants program to provide funding for technology development, applied research, and training to aid in the development of an agriculture-based renewable energy workforce.

#### **TYPES OF ASSISTANCE:**

Cooperative Agreements (Discretionary Grants); Project Grants

#### **USES AND USE RESTRICTIONS:**

In General:

In carrying out this section, the Secretary shall establish a program to make grant funds available for approved technology development, applied research, and training to aid in the development of an agriculture-based renewable energy workforce. Grant funds must be used for allowable costs necessary to conduct the program. The initiative shall support the following fields:

- (A) bioenergy;
- (B) pulp and paper manufacturing; and
- (C) agriculture-based renewable energy resources.

Grant Priority:

In providing grants under this section, the Secretary shall give preference to eligible entities working in partnership

- (1) to improve information-sharing capacity; and
- (2) to maximize the ability to meet the following requirements for funding delineated in (A), (B) and (C) of Section :081 below.

#### **Applicant Eligibility:**

Applications may be submitted by either: (1) public or private nonprofit community colleges, or (2) advanced technological centers. Must see RFA (Part III.A) for specific eligibility requirements.

#### **Beneficiary Eligibility:**

Applications may be submitted by either: (1) public or private nonprofit community colleges, or (2) advanced technological centers. Must see RFA (Part III.A) for specific eligibility requirements.

#### **Credentials/Documentation:**

A Data Universal Number System (DUNS) number must be obtained - A DUNS number is a unique number that identifies an organization. It has been adopted by the Federal government to help track how Federal grant money is distributed. If your organization does not have a DUNS number, call the special Dun & Bradstreet hotline at 1-866-705-5711 to receive one free of charge. You will receive a DUNS number within several days of your request. Please note, individual proprietorships (i.e. farmers, ranchers) can request and receive a DUNS number, but must register with Grants.gov as an organization, not as an individual.
