CRITERIA FOR SELECTING PROPOSALS:

The evaluation and selection criteria for competitive awards under this CFDA description will be described in the announcement of the competitive funding opportunity.

66.305 COMPLIANCE ASSISTANCE SUPPORT FOR SERVICES TO THE REGULATED COMMUNITY AND OTHER ASSISTANCE PROVIDERS

(Compliance Assistance Centers)

FEDERAL AGENCY:

Office of Enforcement and Compliance Assurance, Environmental Protection Agency

AUTHORIZATION:

Clean Air Act of 1970, Section 103, Public Law 91-604, 42 U.S.C 7403; Clean

Water Act of 1972, Section 104, Public Law 92-500, 33 U.S.C 1254; Resource Conservation and Recovery Act of 1976, Section 8001, Public Law 94-580, 42 U.S.C 6981.

OBJECTIVES:

The EPA has sponsored partnerships with industry, academic institutions, environmental groups, and other agencies to launch sector-specific Compliance Assistance Centers. Each Compliance Assistance Center addresses real world issues in language that is used by the regulated entities.

This program's objective is to provide financial assistance to private nonprofit institutions, universities, and public agencies to develop and maintain Compliance Assistance Centers to improve environmental compliance within an identified industrial/government sector or environmental topic.

Funding Priority - Fiscal Year 2013: Funding will support the web-based Compliance Assistance Centers. Through Internet Websites, telephone assistance lines, e-mail discussion groups and more, the Centers will help businesses, local governments, and federal facilities understand federal environmental requirements and save money through pollution prevention techniques.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

FY 13 funds will support ongoing Center work, with an emphasis on maintaining and updating the existing Center Websites.

It is expected that common communications channels used by the industry/government will continue to quickly distribute information to the targeted audience. The sector entry pages will serve as portals to relevant information developed by the Centers and other organizations as appropriate (e.g. EPA). Individual sector entry pages will use navigation structures specific to the sector thereby providing easy access to relevant environmental content. EPA funding must be used only for activities specified in the approved scope of work; discretionary funding will not be provided.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

Applicants must be nonprofit organizations as that term is defined in Section 4(6) of the Federal Financial Assistance Management Improvement Act of 1999, Public Law 96-107, 31 U.S.C. 6101 Note. Colleges, universities, and community colleges are eligible to apply. EPA will also accept applications from state, tribal and local governments. However, nonprofit organizations described in Section 501(c)(4) of the Internal Revenue Code that engage in lobbying activities as defined in Section 3 of the Lobbying Disclosure Act of 1995 are not eligible to apply. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy. Additionally, for certain funding opportunities under this CFDA, applicants may have to demonstrate how they meet the following factors for threshold eligibility purposes: 1) That they have an indirect cost rate that has been approved or is pending approval by a federal agency or has a cost allocation system that meets the requirements in the applicable OMB Circular; 2) That they have had a previous working relationship(s) with experts and national organizations devoted to the relevant industrial, commercial or governmental sector, or intends to partner with an organization with such expertise; 3) An understanding of the environmental needs of the relevant industrial, commercial or governmental sector through past activities, or intends to partner with an organization with such expertise; 4) That they, or a partnering organization, has familiarity with applicable federal, state and local environmental regulations and experience in developing tools

(e.g., training, plain-language guides, fact-sheets, Agency contact locators, etc.) to improve the audiences' understanding of their regulatory obligations; 5) Previous experience (or intends to partner with an organization with experience) in developing and maintaining web-based services.

Beneficiary Eligibility:

The primary beneficiaries are small businesses, local governments and colleges/universities that are being serviced by the grantees. Other beneficiaries include state, local, general public, and the regulated business community.

Credentials/Documentation:

EPA may request that applicants document their non profit status. The Agency may also request that applicants demonstrate they have appropriate background, experience in the field, organizational capacity and necessary equipment to carry out projects. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 60 days from the date of submission of the final proposal.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

None. Generally, cooperative agreements will be awarded for a five year project period. EPA will partially fund each budget period and will consider funding the balance of budget requests contingent upon satisfactory progress as certified by the EPA Project Officer, the availability of funds, and EPA priorities.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: EPA's Appropriation Act requires that applicants submitting unsolicited research grant proposals share in the cost of conducting research. The amount of the cost share will be based on the mutuality of interest between the Government and the applicant. Applicants will be advised of other matching requirements, if any, in Requests for Applications or Requests for Initial Proposals. Although EPA may not require matching funds, applicants may be encouraged to provide information regarding resources (cash/in-kind services) that they would commit to manage a Compliance Assistance Center. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

EPA generally funds grants and cooperative agreements on a 12-month basis. However, EPA can negotiate the project period with each applicant based on project requirements. Incremental funding may be available. EPA generally limits project periods to 5 years. EPA will partially fund each budget period and will consider funding the balance of budget requests contingent upon satisfactory progress as certified by the EPA Project Officer, the availability of funds, and EPA priorities. See the following for information on how assistance is awarded/released: Other.

Reports:

EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Agreements may require semi-annual, annual and final progress reports, and financial, equipment, and invention reports. Reporting requirements are also identified in the Grant Regulations Part 30 and Part 31. Program reports are required. No cash reports are required. Progress reports are required. No expenditure reports are required. Performance monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

The record retention requirements of 40 CFR Part 30 (non- profits and universities) or 40 CFR Part 31 (governmental units) are applicable depending upon the identity of the recipient. Financial records, including all documents to support entries on accounting records and to substantiate changes to each grant must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained until expiration of three years from the date of submission of the final expenditure report. If questions still remain, such as those raised as a result of audit, related records must be retained until the matter is completely resolved.

Obligations:

(Project Grants) FY 12 \$332,000; FY 13 est \$275,000; and FY 14 est \$275,000

Range and Average of Financial Assistance:

\$5,000/year - \$110,000/year. Generally, individual Centers will receive between \$5,000 - \$10,000 this fiscal year to continue maintenance and operation of the Web site. An approximate average of the annual financial assistance awards that will be made this current fiscal year is \$27,000.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: In FY 2012, the Centers Websites were visited over 2,820,000 times by their target audiences and the public, and experienced over 8 million requests for web pages and compliance assistance documents. There were no new awards in FY 12. Fiscal Year 2013: FY 13 accomplishments will be available at the end of the FY. Fiscal Year 2014: No Current Data Available

REGULATIONS, GUIDELINES, AND LITERATURE:

Compliance Assistance Centers are subject to EPA's General Grant Regulations (40 CFR Part 30 and 40 CFR Part 31). Costs will be determined in accordance with OMB Circular No. A-87 for State and local governments and Indian Tribes, OMB Circular No. A-21 for educational institutions, OMB Circular No. A-122 for non-profit institutions, and FAR Part 31 for profit makers. 66.309 SURVEYS, STUDIES, INVESTIGATIONS, TRAINING AND SPECIAL PURPOSE ACTIVITIES RELATING TO ENVIRONMENTAL JUSTICE

(EJSS)

FEDERAL AGENCY:

Office of Enforcement and Compliance Assurance, Environmental Protection Agency

AUTHORIZATION:

Comprehensive Environmental Response, Compensation and Liability Act of 1980 (CERCLA), Section 311(c); Marine Protection, Research, and Sanctuaries Act, Section 203; Clean Air Act, Section 103(b)(3); Federal Insecticide, Fungicide, and Rodenticide Act, Section 20(a); Clean Water Act, Section 104(b)(3); Safe Drinking Water Act, Section 1442(c)(3); Solid Waste Disposal Act, Section 8001(a); Toxic Substances Control Act, Section 10(a).

OBJECTIVES:

The program's mission/objective is to provide funding in support of surveys, studies and investigations, and special purpose assistance programs as they relate to environmental and/or public health issues, with a particular emphasis on environmental justice.

Funding Priority - Fiscal Year 2013: This program is not being funded in FY13.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>. The recipient cannot use these funds for the following activities under this program: litigation against the Federal government or any other government entity; construction; lobbying; matching funds for other Federal grants; travel for Federal employees; and human health studies (taking blood or other information from humans).

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

Assistance under this program is generally available to States, territories, Indian Tribes, intertribal consortia, and possessions of the U.S., including the District of Columbia, public and private universities and colleges, hospitals, laboratories, and other public or private nonprofit institutions which submit applications proposing projects concerning environmental justice issues with significant technical merit and relevance to EPA's mission. Some of EPA's statutes may limit assistance to specific types of interested applications. See "Authorization" listed above. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

States, territories, Indian Tribes, and possessions of the U.S., including the District of Columbia, public and private universities and colleges, hospitals, laboratories, and other public or private nonprofit institutions.

Credentials/Documentation:

Costs will be determined in accordance with OMB Circular No. A-87 for State and local governments and Indian Tribes, OMB Circular No. A-21 for educational institutions, OMB Circular No. A-122 for nonprofit institutions, and FAR Part 31 for profit makers. Applicants may be requested to demonstrate they have appropriate background, academic training, experience in the field, and necessary equipment to carry out projects. EPA may ask applicants or principle investigators to provide curriculum vitae and relevant publications. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 180 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

None. A standard grant application should be prepared and submitted as a new grant, which will be reviewed in the same manner as the original application and will compete for available funds. Generally, EPA incrementally funds grants and cooperative agreements for surveys, studies, and investigations. Approval of subsequent funding increments is dependent on satisfactory project progress, continued relevance of the project to EPA's priorities, and availability of funds.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Grants and cooperative agreements are normally funded on a 12-month basis (annual). Most of OEJ awarded grants and cooperative agreements have project periods ranging from one year to five years, and generally, grants and cooperative agreements are fully funded at the time of award. See the following for information on how assistance is awarded/released: Grant award fully funded at time of award and recipient will draw down funds on an as needed

basis.

Reports:

Semi-annual reports must be submitted to the Project Officer for the duration of the project period. Final reports must be submitted to the Project Officer upon completion of the project. The EPA Project Officer will determine whether additional reports are appropriate and necessary. Program reports are required. No cash reports are required. At a minimum, semi annual progress reports are required. Expenditure Reports may be required under this program.

Performance monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Recipients must keep financial records, including all documents supporting entries on accounting records and to substantiate changes in grants available to personnel authorized to examine EPA recipients grants and cooperative agreements records. Recipients must maintain all records until 3 years from the date of submission of final expenditure reports. If questions, such as those raised as a result of audits remain following the 3-year period, recipients must retain records until the matter is completely resolved.

66.310 CAPACITY BUILDING GRANTS AND COOPERATIVE AGREEMENTS FOR COMPLIANCE ASSURANCE AND ENFORCEMENT ACTIVITIES IN INDIAN COUNTRY AND OTHER TRIBAL AREAS

FEDERAL AGENCY:

Office of Enforcement and Compliance Assurance, Environmental Protection Agency

AUTHORIZATION:

Clean Water Act, Section 104; Safe Drinking Water Act, Section 1442; Toxic Substances Control Act, Section 10; Clean Air Act, Section 103; Federal Insecticide, Fungicide, and Rodenticide Act, Section 20; Solid Waste Disposal Act, Section 8001; National Environmental Policy Act, Section 102(2)(F); Indian Environmental General Assistance Program Act; Marine Protection, Research and Sanctuaries Act, Section 203.

OBJECTIVES:

Providing financial resources to build and improve the compliance assurance and enforcement capacity of federally-recognized Indian tribes (tribes), inter-tribal consortia, or tribal organizations. Such capacity building efforts may include economic, social science, statistical research, development, studies, surveys, demonstrations, investigations, public education, training, and fellowships to the extent authorized under the federal environmental laws listed above. This Catalog of Federal Domestic Assistance (CFDA) number covers EPA's Environmental Programs and Management (EPM) resources targeted for compliance assurance and enforcement in Indian country and other tribal areas, including those in Alaska.

Funding Priority - Fiscal Year 2013: In fiscal year 2013, EPA's Office of Enforcement and Compliance Assurance priorities include, but are not limited to, compliance monitoring and enforcement activities under the Safe Drinking Water Act, the Clean Water Act, and the Clean Air Act. In addition, priority may be given to fund compliance monitoring activities of the Senior Environmental Program under the Clear Air Act, the Safe Drinking Water Act, or other statutes.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

The funding is for fixed or known periods associated with specific projects.

Project grants can include fellowships, scholarships, research grants, training grants, traineeships, experimental and demonstration grants, evaluation grants, planning grants, technical assistance grants, survey grants, and construction grants. OECA identifies special focus areas each funding cycle (annually). Previous years have included calls for proposals focusing on conducting sanitary surveys at tribal public water systems, compliance assistance to tribal solid waste programs, and innovative enforcement and compliance assurance projects, including performance measurement, data quality, and public access to information. Consistent with existing statutory authority, the funds are used to support compliance assistance, compliance monitoring, and enforcement activities.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

Tribal Organizations, Inter-tribal Consortia, Federal, and State Organizations, Colleges and Universities, and non-for-profit organizations; eligible applicants must also have enforcement and compliance assurance responsibilities in Indian country and/or other tribal areas or provide support for enforcement and compliance assurance projects in Indian country and/or other tribal areas. EPA may also limit eligibility for certain competitive funding opportunities under this CFDA to: (1) tribes and intertribal consortia located in the Region where a project is going to be performed; and/or (2) applicants that have access to Indian country or other tribal areas.

Beneficiary Eligibility:

Federally Recognized Indian Tribal Governments; Inter-tribal Consortia and Tribal Organizations; Federal, State, and Multi-jurisdictional State Organizations; colleges and universities; and non-for-profit organizations.

Length and Time Phasing of Assistance:

Assistance is normally provided in one lump sum. Projects may span multiple years. There is no restriction on the time permitted to spend the money awarded, although money must be spent prior to expiration associated with the specified federal fiscal year. See the following for information on how assistance is awarded/released: Other.

Reports:

Semi-annual reports must be submitted to the Project Officer for the duration of the project period. Final reports must be submitted to the Project Officer upon completion of the project. The EPA Project Officer will determine whether additional reports are appropriate and necessary. Program reports are required. No cash reports are required. Progress reports are required. Expenditure Reports may be required under this program. Performance monitoring is required by this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate charges to each cooperative agreement, must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained for 3 years from the date of the submission of the annual financial status report or longer if questions still remain, such as those raised as a result of audit.

66.313 INTERNATIONAL COMPLIANCE AND ENFORCEMENT PROJECTS

FEDERAL AGENCY:

Office of Enforcement and Compliance Assurance, Environmental Protection Agency

AUTHORIZATION:

Solid Waste Disposal Act, Section 8001; Federal Insecticide, Fungicide, and Rodenticide Act, Section 20, Public Law 92-516, 7 U.S.C 136; Toxic Substances Control Act, Section 10, Public Law 94-469, 15 U.S.C 2601; Clean Water Act, Section 104, Public Law 95-217, 33 U.S.C 1251; Safe Drinking Water Act, Section 1442(a)&(c), Public Law 93-523; National Environmental Policy Act, Section 102(2)(F); Clean Air Act, Section 103, Public Law 95-95, 42 U.S.C 7401; Marine Protection, Research and Sanctuaries Act of 1972, Section 203.

OBJECTIVES:

The primary purpose of the proposed capacity building projects is to protect human health and the environment while advancing U.S. national interests through international environmental collaboration on environmental compliance and enforcement. This mission is supported by these strategic objectives: 1) Reduce Exposure to Toxic Chemicals; 2) Improve Urban Air Quality; 3) Reduce Hazardous Waste and Improve Waste Management; 4) Limit Global GHG Emissions and Other Climate-Forcing Pollutants; 5) Improve access to Clean Water; and 6) Build Strong Environmental Institutions and Legal Structures.

International capacity building plays a key role in protecting human health, communities and the environment by providing technical cooperation to help countries improve environmental compliance and enforcement in order to reduce air pollution, better manage air quality and global climates, manage drinking and surface water quality, and restore the land and mitigate sources of land pollution. OECA will work to transfer appropriate compliance and

enforcement tools and techniques to key countries and regions as we collaborate with partners to improve compliance with domestic environmental laws in those countries. In addition, we will continue efforts to strengthen domestic, regional, and global networks on criminal and civil/administrative enforcement, build capacity in developing countries to monitor and enforce compliance with environmental laws, and raise awareness of the role of enforcement in ensuring sustainable development.

OECA plays a key role in ensuring trade-related activities support environmental protection, particularly related to effective enforcement of environmental laws. Initiatives relating to environmental trade and investment are carried out bilaterally, multilaterally or in connection with multilateral institutions such as the International Network for Environmental Compliance and Enforcement (INECE) and associated regional networks, INTERPOL's Environmental Crime Program, the World Trade Organization (WTO), World Bank, European Union (EU), and others. Also, OECA will support protection of human health and the ecosystem of North America through the United States participation in the North American Agreement on Environmental Cooperation and through leadership in the Enforcement Working Group of the Commission on Environmental Cooperation (CEC), the Organization for Economic Cooperation and Development (OECD), and other international entities. OECA will provide targeted capacity building support under the environmental cooperation agreements developed parallel to U.S. free trade agreements.

Funding Priority - Fiscal Year 2013: EPA expects to continue funding for ongoing activities that advance environmental compliance worldwide. Possible funding priorities include efforts to build capacity for compliance and enforcement in Africa, South America, and other parts of the world; support for international conferences on compliance and enforcement; and specific projects such as preventing the transboundary shipments of hazardous wastes and e-wastes, addressing compliance and enforcement issues in global climate change schemes, and international studies of best practices to exchange information among enforcement practitioners and policy makers.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

Discretionary funds are available for the awards under this program. Grants and cooperative agreements are available to support recipients' allowable direct cost expenditures associated with the approved project plus allocable portions of allowable indirect costs of the institution, in accordance with established EPA policy, 40 CFR parts 30 and 31. Funding awarded for international research under these projects does not include research within the purview of EPA's Office of Research and Development. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>. The recipient cannot use these funds for the following activities under this program: litigation against the Federal government or any other government entity; construction; lobbying; matching funds for other Federal grants; travel for Federal employees; and human health studies (taking blood or other information from humans).

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

Assistance under this program is generally available to States and local governments, territories and possessions, foreign governments, international organizations, Indian Tribes, and possessions of the U.S., including the District of Columbia, public and private universities and colleges, hospitals, laboratories, other public or private nonprofit institutions, which submit applications proposing projects with significant technical merit and relevance to EPA's Office of Enforcement and Compliance Assurance's mission. For certain

competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

States and local governments, territories and possessions, foreign governments, international organizations, Indian Tribes, and possessions of the U.S., including the District of Columbia, public and private universities and colleges, hospitals, laboratories, other public or private nonprofit institutions.

Credentials/Documentation:

Office of Enforcement and Compliance Assurance (OECA) may require applicants to submit documentation of non-profit status. OECA may request applicants to demonstrate they have appropriate background, academic training, experience in the field, and necessary equipment to carry out projects. OECA may also ask applicants or principal investigators to provide curriculum vitae and relevant publications. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. The standard application forms as furnished by the Federal agency and required by OMB Circular No. A-102 and A-110 must be used for this program. EPA requires final applications to be made on Standard Form 424.

Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA. Under EPA Order No. 5700.5A1, Policy for Competition in Assistance Agreements (9/12/02), Assistance awards to Foreign Governments and to United Nations agencies and similar International Organizations, such as the Organization of American States and Organization for Economic Cooperation and Development (OECD), may be exempted from competition at the discretion of OECA. For competitive awards, Requests for Initial Proposals or Requests for Applications will specify application procedures.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements. For non-competitive awards, OECA will conduct an administrative evaluation to determine the adequacy of the application in relation to grant regulations and a technical and program evaluation to determine the merit and relevance of the project. The Agency will then advise the applicant if funding is being considered. A final work plan will then be negotiated with the applicant.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 180 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients

will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

None. A standard grant application should be prepared and submitted as a new grant, which will be reviewed in the same manner as the original application and will compete for available funds. Generally, EPA incrementally funds grants and cooperative agreements. Approval of subsequent funding increments is dependent on satisfactory project progress, continued relevance of the project to OECA's priorities, and availability of funds.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

EPA normally funds grants and cooperative agreements on a 12-month basis. However, EPA can negotiate the project period with each applicant based on project requirements. EPA limits project periods to 5 years. See the following for information on how assistance is awarded/released: Payments will be on an advance letter of credit or reimbursement basis; recipient must request the initial advance payment on SF 270, Request for Advance or Reimbursement.

Reports:

No program reports are required. No cash reports are required. Reporting requirements are identified at 40 CFR Parts 30 and 31. EPA may include additional information regarding the content and frequency of reporting requirements in the terms and conditions of the agreements. Progress reports are required under this program. Expenditure Reports are required under this program. Performance Monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

The record retention requirements of 40 CFR Part 30 (non-profits and universities) or 40 CFR Part 31 (governmental units) are applicable depending upon the identity of the recipient. Financial records, including all documents to support entries on accounting records and to substantiate changes to each grant must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained until expiration of three years from the date of submission of the final expenditure report. If questions still remain, such as those raised as a result of audit, related records must be retained until the matter is completely resolved.

66.418 CONSTRUCTION GRANTS FOR WASTEWATER TREATMENT WORKS

FEDERAL AGENCY:

Office of Water, Environmental Protection Agency

AUTHORIZATION:

American Recovery and Reinvestment Act of 2009, Public Law 111-5; Clean Water Act, Section 101(e)&109(b), Public Law 92-500; Clean Water Act, Section 313,319,320,501, Public Law 92-500; Clean Water Act, Section 208(d)&304(d)(3), Public Law 92-500; Clean Water Act, Section 201-205, 207, Public Law 92-500; Clean Water Act, Section 502,511,516(b), Public Law 92-500; Clean Water Act, Section 210-212&215-219, Public Law 92-500;

Clean Water Act, Public Law 97-117; Clean Water Act, Public Law 95-217; Clean Water Act, Public Law 101-144; Clean Water Act, Public Law 100-4; Clean Water Act, Public Law 96-483.

OBJECTIVES:

To assist and serve as an incentive in construction of municipal wastewater treatment works which are required to meet State and/or Federal water quality standards and improve the water quality in the waters of the United States. From fiscal year (FY) 2004 onwards, American Samoa, Commonwealth of Northern Mariana Islands, Guam, Virgin Islands, and the District of Columbia may use up to four percent of the funds appropriated under Title VI for administration and closeout of their construction grant program. Funding Priority - Fiscal Year 2013: Funds will be awarded to assist in construction of municipal waste water treatment works which are required to meet state and/or federal water quality standards and improve the water quality in the waters of the United States. Annual funding priorities are determined by the state in which the grantee is located. The project must be given priority by the state water pollution control agency through its project priority system and recommended for funding for approval by the EPA Regional Office.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Funds are used for construction of municipal wastewater treatment works including privately owned individual treatment systems, if a municipality applies on behalf of a number of such systems. Such works may serve all or portions of individual communities, metropolitan areas, or regions. A project may include, but may not be limited to, treatment of industrial wastes. The grantee must require pretreatment of any industrial wastes which would otherwise be detrimental to efficient operation and maintenance, or the grantee must prevent the entry of such waste into the treatment plant. The grantee must have or initiate an acceptable system of user charges. From FY 2004 onwards, American Samoa, Commonwealth of Northern Mariana Islands, Guam, Virgin Islands, and the District of Columbia may use up to four percent of the funds appropriated under Title VI for administration and closeout of their construction grant program. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>. Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

Any state, local, intrastate agency, or interstate agency, or Federally-Recognized Indian tribal government, having jurisdiction over waste disposal. At present, new funding for the construction grants program exists only in American Samoa, Commonwealth of Northern Mariana Islands, Guam, Virgin Islands, and the District of Columbia because they are exempt by the U.S. Congress from establishing a State Revolving Fund (SRF). Grants are awarded to only these territories and the District of Columbia from the SRF funds (Title VI grants), which are awarded as Title II grants. Funding requests for construction of wastewater treatment facilities are now to be made to the SRF representative of the State in which the construction is proposed.

Beneficiary Eligibility:

Anyone/General Public. Anyone to be served by a wastewater treatment works assisted by this program.

Credentials/Documentation:

(1) Certified copy of authorization and assurances from the applicant's governing body. Authorization must be current, and must designate by name and title the individual who will represent the applicant; (2) current description of the project; (3) statement explaining exact nature of local, State, and any other Federal funds which may be used to finance the project; (4) applicant assurance (which is acceptable to the Regional Administrator) that any necessary discharge permit has been or will be obtained in accordance with

Section 401, of Public Law 92-500, as amended; (5) conformance with requirements set forth in 40 CFR Part 35; Subpart I. Application may be made for grant assistance for building and erection of the treatment works with an allowance for planning and design costs at the time that the grant for construction is made. Costs will be determined in accordance with OMB Circular No. A-87, "Costs Principles for State, Local, and Indian Tribal Governments." OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

This is an existing program which is winding down as the funding is now being provided under the Clean Water State Revolving Fund Program for construction of wastewater treatment facilities. An environmental assessment is required for this program, which may require the development of an environmental impact statement by EPA. An environmental impact assessment is required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. Applications must be submitted through the State water pollution control agency to the appropriate EPA Regional Office. The standard application forms as furnished by the Federal agency must be used for this program. EPA requires final applications to be made on the Standard Form 424. Requests for application kits must be submitted to the Environmental Protection Agency, Grants and Interagency Agreements Management Division, 1200 Pennsylvania Avenue, N.W., Mailcode 3903R, Washington, DC 20460 or through the appropriate EPA Regional Office listed in Appendix IV of the Catalog. Additional information on the EPA grant package can be found at: http://www.epa.gov/ogd/grants/how_to_apply.htm. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

Projects considered for award must be approved by the state water pollution control agency and also certified by such agency as a priority over any other eligible projects. Award is made following such certification and approval by a Regional Office of EPA. Funds authorized by the Congress are allotted to the States in accordance with The Clean Water Act, as amended. Grant awards within individual states are limited by the funds which have been allotted to such states.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Up to 45 days, for EPA Regional Office action after certification by delegated State.

Appeals:

Disputes will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula. Matching Requirements: This program operates under Section 202 of the Clean Water Act. This program has no statutory formula. The Federal grant may be for up to 55 percent for grants awarded after September 30, 1984 or for 75 percent of eligible project costs for grant assistance awarded before October 1, 1984. The States may lower these percentages with the concurrence of the Regional Administrator pursuant to Section 202(a)(1) of the Clean Water Act as amended by Public Law 100-4. For innovative or alternative treatment processes and techniques referred to in section 201(g)(5) the funding shall be 20 per centum greater than the above approved percentage, but in no event greater than 85 per centum of the cost of construction of the project being funded with the grant. The grantee must assure that they will provide funds for all remaining costs. Some States assist grantees in providing all or part of the non-Federal

share. American Samoa, Guam, Northern Marianas Islands, and Virgin Islands will receive the funds allocated up to 100 percent of the cost of construction. Recovery Act funds allotted to the District of Columbia, American Samoa, Guam, Northern Mariana Islands, and Virgin Islands have no match requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Any Title VI sums that are allotted as Title II to the District of Columbia, American Samoa, Guam, Northern Mariana Islands, and Virgin Islands will be available for obligation for a period of one year after the close of the fiscal year for which the sums are authorized. The term of the grant shall be determined at the time of grant award. Grant payments are based on work completed, equipment delivered, or sometimes off-site manufacturing or services rendered. Final grant payment is made after construction is completed and satisfactory final inspection and performance evaluation are carried out. See the following for information on how assistance is awarded/released: The method of fund disbursement will be determined at the time of award.

Reports:

Annual inspection by the State agency for compliance with permit requirements including a written report concerning operation and maintenance of waste treatment facility, and certification one year after beginning operation that the works are meeting project performance standards. For Recovery Act funds, funding reports must be submitted in a prescribed format within 10 calendar days after the end of each calendar quarter, beginning October 10, 2009. These reports include data elements as prescribed by Public Law 111-5, Section 1512 and OMB Guidance. Program reports are required under this program. Cash reports are required under this program. Progress reports are required under this program. Expenditure reports are required under this program. Performance monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate charges to each grant, must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained for 3 years after project closeout, and if questions still remain, such as those raised in a court appeal, related records should be retained until the matter is completely resolved.

Obligations:

(Project Grants) FY 12 \$28,422,000; FY 13 est \$26,848,000; and FY 14 est \$25,000,000 - Title II obligations available for construction grants to District of Columbia, American Samoa, Guam, Northern Mariana Islands, and the Virgin Islands.

Range and Average of Financial Assistance:

CWA Title II grants Range: \$100,000 to \$10,000,000/fiscal year; Average: \$5,000,000/fiscal year.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: In Fiscal Year 2012, 5 grants for \$28 million were awarded. Projects funded included new and expanded wastewater treatment plants, infiltration/inflow correction, new interceptors, new collector sewers, and correction of CSO projects. Fiscal Year 2013: In Fiscal Year 2013, it is anticipated that 6 grants for \$26 million will be awarded. Projects to be funded include new and expanded wastewater treatment plants, infiltration/inflow

correction, new interceptors, new collector sewers, and correction of CSO projects. Fiscal Year 2014: No Current Data Available

66.419 WATER POLLUTION CONTROL STATE, INTERSTATE, AND TRIBAL PROGRAM SUPPORT

(106 Grants)

FEDERAL AGENCY:

Office of Water, Environmental Protection Agency

AUTHORIZATION:

Clean Water Act, Section 106, Public Law 95-217, 33 U.S.C 1251.

OBJECTIVES:

To assist States (including territories, the District of Columbia, and Indian Tribes qualified under CWA Section 518(e)), and interstate agencies in establishing and maintaining adequate measures for prevention and control of surface and ground water pollution from both point and nonpoint sources.

Funding Priority - Fiscal Year 2013: States and Tribes will continue to focus on fulfilling their basic responsibilities under the CWA and, based upon a shared understanding with EPA of the environmental progress expected, will identify program activities that will best support attaining targeted environmental improvements. State priority efforts will include: (1) implementing monitoring strategies and the statistically-valid surveys to determine water quality status and trends; (2) fostering a watershed approach, including total maximum daily loads (TMDLs) and watershed plans designed to meet water quality standards; and (3) implementing concentrated animal feeding operations (CAFOs) and

storm water permitting programs. States and Tribes will work toward adoption of nutrient criteria for fresh water for state water quality standards. States NPDES Programs will support EPA in: (1) developing and strengthening systems to ensure the integrity of the program; (2) achieving and measuring environmental results; and (3) incorporating efficiencies in permitting program operations. Water quality programs will also target actions to strengthen permitting and enforcement efforts. States will also conduct source water protection actions to protect both ground water and surface waters used for drinking water. Tribes will continue to conduct watershed assessments and will maintain and improve their capacity to implement water quality programs through monitoring, assessments, planning, data management and standards development.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Water pollution control grants are intended to provide continuing support for the prevention and abatement of surface and ground water pollution from point and nonpoint sources. Continuing and recurrent water quality management program activities funded include water quality planning and standards; monitoring and assessments; inspections and enforcement; permitting; training; advice and assistance to local agencies; and public information. Funds cannot be used for construction, operation, or maintenance of waste treatment plants, nor can they be used for costs financed by other Federal grants. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

Eligible entities include States (including the District of Columbia and territories), interstate water pollution control agencies as defined in the Federal Water Pollution Control Act, and Indian tribes qualified under CWA Section 518(e). Agencies making application for funds must annually submit their pollution-control program to the appropriate EPA Regional Administrator for approval. Requirements of the program are based on Section 106 of the Act, and 40 CFR Parts 31, 35, and 130. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

States (including the District of Columbia), Territories, interstate water pollution control agencies and Indian tribes qualified under Section 518(e) of the Clean Water Act (CWA).

Credentials/Documentation:

Costs will be determined in accordance with OMB Circular No. A-87 for State, tribal, and local governments. State and interstate agencies and Indian tribes qualified under Section 518(e) of the Clean Water Act must show compliance with 40 CFR 35, Subpart A and Subpart B. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Informal meetings are held between regional office, State, territorial, and Indian tribe applicant agencies concerning program preparation. The standard application forms, as furnished by the Federal agency and required by OMB Circular No. A-102, must be used for this program. The grant agreement must adequately reflect the priorities identified in the State/EPA Agreement. Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional

information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. The grants application must be submitted to the appropriate EPA Regional Office, Grants Administration Branch (see Appendix IV of the Catalog). The standard application forms as furnished by the Federal agency and required by OMB Circular No. A-102 must be used for this program. EPA requires final applications to be made on Standard Form 424. Requests for application kits must be submitted to the Environmental Protection Agency, Grants and Interagency Agreements Management Division, 1200 Pennsylvania Avenue, N.W., Mailcode (3903R), Washington, DC 20460 or through the appropriate EPA Regional Office listed in Appendix IV of the Catalog. Additional information on the EPA grant package can be found at: http://www.epa.gov/ogd/grants/how_to_apply.htm. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

Applications are reviewed by the appropriate EPA Regional Office and if approved, are signed by the Regional Administrator. For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 30 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Title Clean Water Act, Chapter CFR 35.162. The regulation that implements the formula can be found at CFR 35.162. As stated in the Clean Water Act, appropriated funds are allotted among the State and Interstate Water Pollution Control Agencies on the basis of the extent of the pollution problems in the respective States. The six components in the Section 106 State allotment formula selected to reflect the extent of the water pollution control problems in the United States are: (1) surface water area; (2) ground water use; (3) water quality impairment; (4) point sources; (5) non-point sources; and (6) population of urbanized areas. The set-aside for Interstate Water Pollution Control Agencies is 2.6 percent of the total State monies appropriated under Section 106. The interstate allotment formula consists of two parts: (1) a funding floor, and (2) a variable portion.

Matching Requirements: To receive a Section 106 Water Pollution Control grant, a State or interstate agency must expend annually for recurrent Section 106 program expenditures an amount of non-federal funds at least equal to expenditures during the fiscal year ending June 30, 1971. A portion of the annual Section 106 appropriation is set-aside for eligible Indian Tribes qualified under CWA Section 518(e), and an allocation formula is used to distribute these funds to the EPA Regions. The Tribal allocation formula consists of both a base portion (which is currently equal to approximately \$65,000 times the total number of Tribes with Treatment in a manner similar to a State [TAS] approval

for Section 106 grants in each EPA Region), plus a weighted variable portion. The variable portion is based upon the total tribal water area (50 percent), land area (25 percent), and reservation population (25 percent) in each EPA Region. Tribal work plan costs include the costs of planning, developing, establishing, improving, and maintaining a water pollution control program. The Regional Administrator may provide up to 95 percent of the approved work plan costs for Tribes or intertribal consortia establishing a Section 106 water pollution control program. The Regional Administrator may increase the maximum Federal share if the tribe or intertribal consortium can demonstrate in writing to the satisfaction of the Regional Administrator that fiscal circumstances within the Tribe or within each Tribe that is a member of an intertribal consortium are constrained to such an extent that fulfilling the 5 percent match requirement would impose undue hardship. Since 2005, additional funds have been allocated for the purposes of strengthening State and Territorial water quality monitoring programs.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

One year; payments are approved quarterly and disbursed monthly. See the following for information on how assistance is awarded/released: The method of fund disbursement will be determined at the time of award.

Reports:

EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Agreements may require quarterly, interim, and final progress reports, and expenditure/financial, equipment, and invention reports. Specific reporting requirements are also identified in the Grant Regulations at 40 CFR Part 30 and 40 CFR Part 31, as applicable. Program reports are required under this program. Cash reports are required under this program. Progress reports are required under this program. Expenditure reports are required under this program. Performance monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate charges to each grant, must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained for 3 years from the date of submission of the annual financial status report. If questions still remain, such as those raised as a result of audit, related records should be retained until the matter is completely resolved.

Obligations:

(Formula Grants) FY 12 \$253,063,200; FY 13 est \$225,970,000; and FY 14 est \$258,664,000

Range and Average of Financial Assistance:

Range: \$30,000 to \$12,775,000/fiscal year; Average: \$5,000,000/fiscal year.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: In each fiscal year, grants are awarded to conduct Water Pollution Control programs by the 50 States, 6 Territories, the District of Columbia, 6 Interstate Commissions, and Indian Tribes qualifying under CWA Section 518(e). FY 12 funds were used to continue to support State and Tribes' efforts to fulfill their basic responsibilities under the CWA and identify program activities that best support attaining targeted environmental improvements. States and tribes continued working on: implementing monitoring strategies and the development of statistically-valid surveys to

determine water quality status and trends; fostering a watershed approach including total maximum daily loads (TMDLs) and the development of watershed plans designed to meeting water quality standards; and the implementation of concentrated animal feeding operations (CAFOs) and storm water permitting programs. At a minimum, Regional watershed based strategies give priority to: 1) fostering the development of watershed plans under State nonpoint source programs; 2) assuring that high priority permits are current; 3) tracking permitting for environmental results program integrity follow-up actions; 4) developing TMDLs for impaired waters; and 5) development of numeric criteria for nutrients. Fiscal Year 2013: In each fiscal year, grants are awarded to conduct Water Pollution Control programs by the 50 States, 6 Territories, the District of Columbia, 6 Interstate Commissions, and Indian Tribes qualifying under CWA Section 518(e). FY 13 funds will be used to continue to support State and Tribes' efforts to fulfill their basic responsibilities under the CWA and identify program activities that best support attaining targeted environmental improvements. States and tribes will continue working on: implementing monitoring strategies and the development of statistically-valid surveys to determine water quality status and trends; fostering a watershed approach including total maximum daily loads (TMDLs) and the development of watershed plans designed to meeting water quality standards; and the implementation of concentrated animal feeding operations (CAFOs) and storm water permitting programs. At a minimum, Regional watershed based strategies give priority to: 1) fostering the development of watershed plans under State nonpoint source programs; 2) assuring that high priority permits are current; 3) tracking permitting for environmental results program integrity follow-up actions; 4) developing TMDLs for impaired waters; and 5) developing numeric nutrient criteria. 66.424 SURVEYS, STUDIES, INVESTIGATIONS, DEMONSTRATIONS, AND TRAINING GRANTS - SECTION 1442 OF THE SAFE DRINKING WATER ACT

FEDERAL AGENCY:

Office of Water, Environmental Protection Agency

AUTHORIZATION:

Safe Drinking Water Act , Section 1442, Public Law 104-182; National Environmental Policy Act , Section 102(2)(F).

OBJECTIVES:

(1) To support surveys, studies, investigations, demonstrations, and training associated with source water and drinking water; (2) To develop and expand capabilities of programs to carry out the purposes of the Safe Drinking Water Act (SDWA).

Funding Priority - Fiscal Year 2013: Funding priorities include providing assistance for the following: (1) research on the occurrence of contaminants in drinking water; (2) source water protection and treatment methods; measures to protect water quality in the distribution system and at the tap; (3) tribal source water protection program support; tribal operator certification program support; (4) tribal capacity development program support; and (5) assistance to tribes in administration of the Drinking Water Infrastructure Grants to identify health effects associated with drinking water contaminants. Funding priorities also include providing assistance for the following training and technical assistance activities: (1) training personnel who manage or operate public water systems; (2) training personnel for occupations involving the public health aspects of providing safe drinking water; (3) training to develop and expand the capabilities of states and municipalities to carry out the SDWA; and (4) technical assistance to enable small public water systems to meet the requirements of SDWA.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

The funds will support research, investigations, studies, demonstrations, and training associated with source water and drinking water. Grants and cooperative agreements are available to support recipients' allowable direct costs incident to approved scopes of work, plus allowable indirect costs, in accordance with established EPA policies and regulations. Funding awarded for research does not include research within the purview of EPA's Office of Research and Development. Specific uses and restrictions on funds will be described in detail in the competitive announcements. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

Assistance under this program is generally available to States, local governments, territories, Indian Tribes, and possessions of the U.S. (including the District of Columbia); public and private universities and colleges; hospitals; laboratories; public or private nonprofit institutions; and individuals. Nonprofit organizations described in Section 501(c)(4) of the Internal Revenue Code that engage in lobbying activities as defined in Section 3 of the Lobbying Disclosure Act of 1995 are not eligible to apply. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

State and local governments, U.S. territories and possessions, Indian Tribes, universities and colleges, hospitals, laboratories, and other public and private nonprofit institutions and individuals.

Credentials/Documentation:

Costs will be determined in accordance with OMB Circular No. A-87 for State and local governments and Indian Tribes, OMB Circular No. A-21 for educational institutions, OMB Circular No. A-122 for nonprofit institutions, and FAR Part 31 for profit makers. Applicants may be requested to demonstrate they have appropriate background, academic training, experience in the field, and necessary equipment to carry out projects. EPA may ask applicants or principle investigators to provide curriculum vitae and relevant publications. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. This program is subject to the provisions of OMB Circulars No. A-102 and No. A-110. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. The standard application forms, as furnished by the Federal agency and required by OMB Circular No. A-102 and A-110, must be used for this program. EPA requires final applications to be made on Standard Form 424. Requests for application kits must be submitted to the Environmental Protection Agency, Grants and Interagency Agreements Management Division, (3903R), Washington, DC 20460 or through the appropriate EPA Regional

Office listed in Appendix IV of the Catalog. Additional information on the EPA grant package can be found at:

http://www.epa.gov/ogd/grants/how_to_apply.htm. For competitive awards, announcements for competitive funding opportunities will specify application procedures. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 180 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

None. Generally, EPA incrementally funds grants and cooperative agreements for water surveys, studies, demonstrations, and investigations. Approval of subsequent funding increments is dependent on satisfactory project progress, continued relevance of the project to EPA's priorities, availability of funds, and Agency policy on the competitive grant process.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: For certain competitive funding opportunities under this CFDA description, the Agency may include matching requirements consistent with the Agency's Assistance Agreement Competition Policy. Match may be cash or in-kind consistent with the regulation governing match requirements (40 CFR 31.24 or 40 CFR 30.23). Specific matching requirements will be described in detail in the competitive announcements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

EPA normally funds grants and cooperative agreements on a 12-month basis. However, EPA may negotiate the project period with each applicant based on project requirements. The term of the grant shall be determined at the time of grant award. See the following for information on how assistance is awarded/released: The method of fund disbursement will be determined at the time of award.

Reports:

EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Agreements may require quarterly, interim, and final progress reports, and expenditure/financial, equipment, and invention reports. Specific reporting requirements are also identified in the Grant Regulations at 40 CFR Part 30 and 40 CFR Part 31, as applicable. Program reports are required under this program. Cash reports are required under this program. Progress reports are required under this program. Expenditure reports are required under this program. Performance monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United

States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

The record retention requirements of 40 CFR Part 30 (non-profits and universities) or 40 CFR Part 31 (governmental units) are applicable depending upon the identity of the recipient. Recipients must keep financial records, including all documents supporting entries on accounting records and to substantiate changes in grants, available to personnel authorized to examine EPA recipients grants and cooperative agreements records. Recipients must maintain all records until 3 years from the date of submission of final expenditure reports. If questions, such as those raised as a result of audits remain following the 3-year period, recipients must retain records until the matter is completely resolved.

Range and Average of Financial Assistance:

Range: \$10,000 to \$6,900,000/fiscal year; Average: \$1,150,000/fiscal year.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: Competitions are held throughout the year at Headquarters and in the Regions based on available funds and Agency priorities. Competitive announcements typically include the number of anticipated awards. Eight grants were awarded in FY 12 in support of drinking water and source water initiatives associated with developing and expanding capabilities of programs to carry out the purposes of the SDWA. Fiscal Year 2013: Competitions are held throughout the year at Headquarters and in the Regions based on available funds and Agency priorities. Competitive announcements typically include the number of anticipated awards. In FY 13, it is anticipated that additional support for drinking water and source water initiatives will be provided. Fiscal Year 2014: No Current Data Available

REGULATIONS, GUIDELINES, AND LITERATURE:

Surveys, studies, and investigations grants and cooperative agreements are subject to EPA's General Grant Regulations (40 CFR Part 30 and 40 CFR Part 31). Training grants and cooperative agreements are subject to EPA's Regulations for Training Assistance (40 CFR Part 45).

66.432 STATE PUBLIC WATER SYSTEM SUPERVISION

FEDERAL AGENCY:

Office of Water, Environmental Protection Agency

AUTHORIZATION:

Safe Drinking Water Act Amendments of 1996, Public Law 104-182; Public Health Service Act; Safe Drinking Water Act of 1974, Public Law 93-523; Safe Drinking Water Act of 1974, Public Law 96-502; Safe Drinking Water Act of 1974, Public Law 95-190; Safe Drinking Water Act of 1974, Public Law 96-16.

OBJECTIVES:

The objective of these grants is to provide financial assistance to eligible States and Tribes (those that have Primary Enforcement Responsibility for the Public Water System Supervision (PWSS) Program), for implementation and enforcement of the requirements of the Safe Drinking Water Act that apply to public water systems. In cases where a State or a Tribe does not have a Primary Enforcement Responsibility program, EPA is authorized to use funds that would have otherwise been made available to the State or the Tribe to assist it in direct implementation of the PWSS program. The fundamental goal of the PWSS Program, and the grants, is to ensure that public water systems comply with the National Primary Drinking Water Regulations listed in 40 CFR 141 (http://www.ecfr.gov/cgi-bin/text-idx?c=ecfr&tpl=/ecfrbrowse/Title40/40cfr141_main_02.tpl). State drinking water agencies, which have Primary Enforcement Responsibility for the Public Water System Supervision (PWSS) Program, and Indian Tribes that receive PWSS grants are to use them to ensure that public drinking water systems, of all types, and of all sizes: (1) are currently in compliance with the drinking water regulations and remain in compliance, (2) are working towards and in the process of achieving compliance when these systems are noncompliant, and (3) are preparing for future compliance with any new drinking water regulations that will be taking effect in the current or following year. Furthermore, State drinking water agencies, which have Primary Enforcement Responsibility for the Public Water System Supervision (PWSS) Program, and Indian Tribes that receive PWSS grants are required to use the funds to update and maintain its PWSS program to comply with the National Primary Drinking Water Regulations Implementation requirements listed in 40 CFR 142

(<http://www.ecfr.gov/cgi-bin/text-idx?c=ecfr&SID=9fd40a5dfb416f9b56716c0808f3968b&rgn=div5&view=text&node=40:24.0.1.1.4&idno=40>) to ensure that the State or Tribal PWSS program is capable of conducting oversight of all public water systems as new drinking water rules, new public water systems, and/or drinking water program requirements become effective. Funding Priority - Fiscal Year 2013: The priority for the PWSS grants is to ensure that the population served by community water systems will receive drinking water that meets all applicable health-based drinking water standards. This includes ensuring public water systems implement and comply with the new drinking water rules: Stage 2 Disinfectants and Disinfection Byproducts Rule, Long Term 2 Enhanced Surface Water Treatment Rule, and Ground Water Rule. Furthermore, EPA's priority is for States and Tribal PWSS Programs to meet the primary enforcement responsibilities, listed as follows, along with preparing the States and Tribal PWSS program for implementation of the recently promulgated Revised Total Coliform Rule. The primary components of a State or Tribal PWSS program are: (1) the adoption and implementation of State and Indian Tribe drinking water regulations at least as stringent as the Federal regulations; (2) the development and maintenance of database(s) of an inventory of public water systems and housing of public water system compliance information; (3) the conduct of sanitary surveys, which identifies sanitary deficiencies and requires that these deficiencies to be addressed, at public water systems; (4) the establishment and maintenance of a laboratory certification program for approval of laboratories to perform analyses of drinking water contaminants/analytes, including the assurance of adequate laboratory capacity to perform drinking water analyses; (5) the review of public

water system plans and specifications; (6) the establishment of legal enforcement and authority to assess penalties to compel public water systems' compliance with the National Primary Drinking Water Regulations; (7) the adoption of regulations consistent with 40 CFR part 3 which deals with electronic documents; and (8) the adoption and implementation of an adequate plan for providing safe drinking water during emergency circumstances.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

The funds are to be used to develop and implement a public water system supervision program adequate to enforce the requirements of the Safe Drinking Water Act and associated program regulations found in 40 CFR Parts 141, 142, and 143. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>. Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

Eligibility is limited to the governments of the fifty States; the District of Columbia; the Commonwealth of Puerto Rico; the Northern Mariana Islands; the Virgin Islands; Guam; American Samoa; and federally recognized Tribes, that have either assumed primary enforcement responsibility for the PWSS Program or that want to develop a program that will allow them to seek delegation for a PWSS Program. EPA may also use funds allotted for a State or Tribal program, if the State or Tribe does not have, or is not developing, primary enforcement responsibility. Eligibility is also limited to a single agency within each State, Territory, or Tribe - an agency that has been designated by the jurisdiction's Governor or Chief Executive Officer. Primary Enforcement Responsibility for the Public Water System Supervision Program is provided for in 40 CFR 142 (http://www.access.gpo.gov/nara/cfr/waisidx_02/40cfr142_02.html).

Beneficiary Eligibility:

The beneficiaries are the agencies within the fifty States; the District of Columbia; the Commonwealth of Puerto Rico; the Northern Mariana Islands; the Virgin Islands; Guam; American Samoa; and federally recognized Tribes, that have been designated by the jurisdiction's Governor or Chief Executive Officer as being responsible for the supervision of water supplies within the State, Territory, or Tribe.

Credentials/Documentation:

Costs will be determined in accordance with OMB Circular No. A-87 for State, local, and Tribal Governments. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

The standard application forms as furnished by the Federal agency and required by OMB Circular No. A-102 must be used for this program. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. The grant application, including a Program Plan, must be submitted to the appropriate EPA Regional Administrator. The standard application forms, as furnished by the Federal agency and required by OMB Circular No. A-102, must be used for this program. EPA requires final applications to be made on Standard Form 424. Requests for application kits must be submitted to the Environmental Protection

Agency, Grants and Interagency Agreements Management Division, 1200 Pennsylvania Avenue, N.W., Mailcode (3903R), Washington, DC 20460 or through the appropriate EPA Regional Office listed in Appendix IV of the Catalog. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA. Additional information on the EPA grant package can be found at: http://www.epa.gov/ogd/grants/how_to_apply.htm.

Award Procedure:

The grant application and Program Plan are reviewed by the appropriate EPA Regional Office, and if approved, are signed by the Regional Administrator, who then awards the funds to the recipient.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Maximum of 60 days.

Appeals:

Disputes will be resolved under 40 CFR Parts 30.63 or 40 CFR Part 31.70, as applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Title Safe Drinking Water Act of 1974, Public Law 93-523. State allotments are computed through use of a formula, as prescribed in Public Law 93-523 Section 1443 (a)(3) and (a)(4), 40 CFR 35.172. Funds appropriated each year are allotted on the basis of: (a) State, Territory, or Tribal population (20 percent) as contained in the most currently available (published) U.S. Census Bureau data; (b) State, Territory, or Tribal geographical area (10 percent) as contained in the most currently available (published) U.S. Census Bureau data; (c) the number of active community and non-transient non-community water systems being regulated by the State, Territory, or Tribe that are on record in EPA's data system (56 percent); and (d) the number of active transient non-community water systems being regulated by the State, Territory, or Tribe that are on record in EPA's data system (14 percent). All States, the District of Columbia, and Puerto Rico are eligible for a minimum of \$334,500 (which is equal to 1 percent of the FY 1989 PWSS Program appropriation). The American Samoa, Guam, the Northern Mariana Islands, and the Virgin Islands are eligible for a minimum of \$111,500 (which is equal to 1/3 percent of the FY 1989 PWSS Program appropriation). Up to seven percent of the amount appropriated for the PWSS Program is set-aside to support Public Water System Supervision programs on Indian lands (including grants to Tribes) in accordance with EPA Grant Regulations. The formula factors of population and land area are statutory. The other factors, and all of the weightings, are Agency imposed.

Matching Requirements: Federal assistance is limited to 75 percent of total, eligible program costs.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Annual grants. The term of the grant shall be determined at the time of grant award. Awards are released through letters of credit or reimbursement. See the following for information on how assistance is awarded/released: The method of fund disbursement will be determined at the time of award.

Reports:

EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Agreements may require quarterly, interim, and final progress reports, and expenditure/financial, equipment, and invention reports. Specific reporting requirements are also identified in the Grant Regulations at 40 CFR Part 30 and 40 CFR Part 31, as applicable. Program reports are required under this program. Cash reports are required under this program. Progress reports are required under this program. Expenditure reports are required under this program. Performance monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June

27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate changes to each grant, must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained for 3 years from the date of submission of the annual financial status report or until any audit exceptions have been resolved.

Obligations:

(Formula Grants) FY 12 \$104,378,109; FY 13 est \$99,827,000; and FY 14 est \$105,320,000

Range and Average of Financial Assistance:

Range of \$124,000 to \$6,700,000/fiscal year; Average of \$1,777,581/fiscal year.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: During FY 2012, 49 States, five territories, one Indian Tribe, and the District of Columbia were awarded grant funding under the PWSS Program. The majority of the grant funds were used for State, territorial, or Tribal governmental salaries to allow the governments to: develop and maintain State drinking water regulations; develop and maintain an inventory of public water systems throughout the State; develop and maintain a database housing compliance information on public water systems; conduct sanitary surveys on the public water systems; review public water system plans and specifications to ensure systems meet State design standards; provide technical assistance and training to water system managers and operators to ensure they are knowledgeable of the State requirements and best treatment and operation practices; conduct of a program to ensure that the public water systems keep their consumers informed about the quality of the water they are providing; inspect and certify laboratories that are allowed to perform the analysis of drinking water that will be used to determine compliance with the drinking water regulations; and conduct an enforcement program to ensure that the public water systems comply with all of the requirements. States, territories, and Tribes also use the grant funds to upgrade and maintain the data systems that are used to store and track information on public water systems. Fiscal Year 2013: During FY 2013, 49 States, five territories, one Indian Tribe, and the District of Columbia were awarded grant funding under the PWSS Program. The majority of the grant funds were used for State, territorial, or Tribal governmental salaries to allow the governments to: develop and maintain State drinking water regulations; develop and maintain an inventory of public water systems throughout the State; develop and maintain a database housing compliance information on public water systems; conduct sanitary surveys on the public water systems; review public water system plans and specifications to ensure systems meet State design standards; provide technical assistance and training to water system managers and operators to ensure they are knowledgeable of the State requirements and best treatment and operation practices; conduct of a program to ensure that the public water systems keep their consumers informed about the quality of the water they are providing; inspect and certify laboratories that are allowed to perform the analysis of drinking water that will be used to determine compliance with the drinking water regulations; and conduct an enforcement program to ensure that the public water systems comply with all of the requirements. EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: Funding was awarded to each of the 49 States, five territories, and one Indian Tribe that has primary enforcement responsibility for the PWSS Program. The grants were used by these governments, primarily for governmental salaries to: develop State drinking water regulations, update and maintain an inventory of drinking water systems, manage information on public water systems, ensure public participation regarding drinking water systems, provide technical assistance to public water systems, and enforce drinking water quality standards as required to comply with the National Primary Drinking Water Regulations Implementation requirements listed in 40 CFR 142 (<http://www.gpo.gov/fdsys/pkg/CFR-2011-title40-vol23/pdf/CFR-2011-title40-vol23-part142.pdf>) to thereby ensure that the State or Tribal PWSS program is capable of conducting oversight of all public water systems as new drinking water rules, new public water systems, and/or drinking water program requirements become effective. Fiscal Year 2013: Funding was awarded to each of the 49 States, five territories, and one Indian Tribe that has primary enforcement responsibility for the PWSS Program. The grants were used by these governments, primarily for governmental salaries to: develop State or Tribal drinking water regulations, update and maintain an inventory of drinking water systems, manage information on public water systems, ensure public participation regarding drinking water systems, provide technical assistance to public water systems, and enforce drinking water quality standards as required to comply with the National Primary Drinking Water Regulations Implementation requirements listed in 40 CFR 142 to thereby ensure that the State or Tribal PWSS program is capable of conducting oversight of all public water systems as new drinking water rules, new public water systems, and/or drinking water program requirements become effective. Fiscal Year 2014: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

(1) Adequacy of States and Tribes (those that have Primary Enforcement Responsibility for the PWSS Program) for the adoption and enforcement of drinking water regulations which are no less stringent than the national primary drinking regulations as listed in 40 CFR 141 and 40 CFR 142. (2) Designation of a State agency to receive the grant and be responsible for conducting the public water system supervision program. (3) Compliance with requirements of 40 CFR 30 and 40 CFR 35.

Formula and Matching Requirements:

Statutory Formula: Title Safe Drinking Water Act. This program operates under a formula which uses criteria set forth in the SDWA, Section 1443(b)(4). Matching Requirements: Except for Indian Tribes, Federal assistance is limited to 75 percent of eligible costs, not to exceed the State allotment. The statistical factors used for allocation include: (1) population of State, based on the most recent Census Bureau data; (2) State land area, based on the most recent Census Bureau data; and (3) injection practices by State, based on data reported by States and maintained by EPA as of the most recent fiscal year prior to allocation development. For Indian Tribes, Federal assistance is limited to 90 percent of eligible costs.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The term of the grant shall be determined at the time of grant award. See the following for information on how assistance is awarded/released: The method of fund disbursement will be determined at the time of award.

Reports:

EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Agreements may require quarterly, interim, and final progress reports, and expenditure/financial, equipment, and invention reports. Specific reporting requirements are also identified in the Grant Regulations at 40 CFR Part 30 and 40 CFR Part 31, as applicable. Program reports are required under this program. Cash reports are required under this program. Progress reports are required under this program. Expenditure reports are required under this program. Performance monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records, including all documents which support entries on accounting records and substantiate charges to each grant, must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained for 3 years from the date of submission of the annual financial status report, or until any audit exceptions have been resolved.

66.432 State Public Water System Supervision

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: Grant funds are used by the States for such purposes as State regulation review, program plan developments, data management, inventory of injection facilities, public participation, technical assistance and review, permit approval and enforcement, and surveillance and investigation. Fiscal Year 2013: Grant funds are used by the States for such purposes as State regulation review, program plan developments, data management, inventory of injection facilities, public participation, technical assistance and review, permit approval and enforcement, and surveillance and investigation. Fiscal Year 2014: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

(1) Adequacy of State's annual program plan for an enforceable underground injection control program; (2) compliance with requirements of 40 CFR 30 and 35, and Executive Order No. 12367 (Revised); (3) designation of a State agency to receive the grant and be responsible for coordinating the underground water source protection program; and (4) evidence that Federal grant funds will not supplant the State's nonfederal funding committed to underground water source protection efforts. For Indian Tribes: (1) demonstration of Tribal adequacy; and (2) demonstration of the tribe's intent, adequate legal authority, and resources to implement specific program elements outlined in 40 CFR 144, 145, 146, and 148.

66.436 SURVEYS, STUDIES, INVESTIGATIONS, DEMONSTRATIONS, AND TRAINING GRANTS AND COOPERATIVE AGREEMENTS - SECTION 104(B)(3) OF THE CLEAN WATER ACT FEDERAL AGENCY:

Office of Water, Environmental Protection Agency

AUTHORIZATION:

Clean Water Act, Section 104(b)(3), Public Law 95-217, 33 U.S.C 1251;

National Environmental Policy Act, Section 102(2)(F).

OBJECTIVES:

To support the coordination and acceleration of research, investigations, experiments, training, demonstrations, surveys, and studies relating to the causes, effects (including health and welfare effects), extent, prevention, reduction, and elimination of water pollution. Funding Priority - Fiscal Year 2013: Funding priorities include, but are not limited to training, surveys, studies, investigations, and demonstration projects to support water quality improvement, watershed planning and management, nonpoint source planning, wetlands protection, coastal and estuarine planning, treatment technologies, water efficiency, and environmental management systems.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Grants and cooperative agreements are available to support recipients' allowable direct costs in approved scopes of work plus allowable indirect costs, in accordance with established EPA policies and regulations. Funding awarded for research does not include research within the purview of EPA's Office of Research and Development. The funds will support conducting and promoting the coordination and acceleration of research, investigations, experiments, training, demonstrations, surveys, and studies relating to the causes, effects (including health and welfare effects), extent, prevention, reduction, and elimination of water pollution. Specific uses and restrictions on funds will be described in detail in the competitive announcements. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>. Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

Assistance under this program is generally available to States, local governments, territories, Indian Tribes, and possessions of the U.S. (including the District of Columbia); public and private universities and colleges; hospitals; laboratories; public or private nonprofit institutions; intertribal consortia; and individuals. Nonprofit organizations described in Section 501(c)(4) of the Internal Revenue Code that engage in lobbying activities as defined in Section 3 of the Lobbying Disclosure Act of 1995 are not eligible to apply. An intertribal consortium must meet the definition of eligibility in the Environmental Program Grants for Tribes Final Rule, at 40 CFR 35.504 (66 FR 3782, January 16, 2001) (FRL-6929-5) and be a non-profit organization within the meaning of OMB Circular A-122. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

State and local governments, U.S. territories and possessions, Indian Tribes, universities and colleges, hospitals, laboratories, other public and private nonprofit institutions, and individuals.

Credentials/Documentation:

Documentation of nonprofit status may be required. Applicants may be requested to demonstrate they have appropriate background, academic training, experience in the field, and necessary equipment to carry out projects. EPA may ask applicants or principal investigators to provide curriculum vitae and relevant publications. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

EPA awards grants and cooperative agreements supporting surveys, studies, and investigations based on competitive applications submitted in response to EPA solicitations, considering relevance and likelihood of success of proposed projects. Regarding pre-application/pre-proposal assistance with respect to

competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. The standard application forms, as furnished by the Federal agency and required by OMB Circular No. A-102 and A-110, must be used for this program. EPA requires final applications to be made on Standard Form 424. Requests for application kits must be submitted to the Environmental Protection Agency, Grants and Interagency Agreements Management Division, 1200 Pennsylvania Avenue, N.W., Mailcode (3903R), Washington, DC 20460 or through the appropriate EPA Regional Office listed in Appendix IV of the Catalog. Additional information on the EPA grant package can be found at: http://www.epa.gov/ogd/grants/how_to_apply.htm. For competitive awards, Requests for Initial Proposals or Requests for Applications will specify application procedures. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 180 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: This program has no statutory formula. For certain competitive funding opportunities under this CFDA description, the Agency may include matching requirements consistent with the Agency's Assistance Agreement Competition Policy. Match may be cash or in-kind consistent with the regulation governing match requirements (40 CFR 31.24 or 40 CFR 30.23). Specific matching requirements will be described in detail in the competitive announcements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

EPA normally funds grants and cooperative agreements on a 12-month basis. However, EPA may negotiate the project period with each applicant based on project requirements. The term of the grant shall be determined at the time of grant award. See the following for information on how assistance is awarded/released: The method of fund disbursement will be determined at the time of award.

Reports:

EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Agreements may require quarterly,

interim, and final progress reports, and expenditure/financial, equipment, and invention reports. Reporting requirements are also identified in the Grant Regulations at 40 CFR Part 30 and 40 CFR Part 31. Program reports are required under this program. Cash reports are required under this program. Progress reports are required under this program. Expenditure reports are required under this program. Performance monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

The record retention requirements of 40 CFR Part 30 (non-profits and universities) or 40 CFR Part 31 (governmental units) are applicable depending upon the identity of the recipient. Recipients must keep financial records, including all documents supporting entries on accounting records and to substantiate changes in grants, available to personnel authorized to examine EPA recipients grants and cooperative agreements records. Recipients must maintain all records until 3 years from the date of submission of final expenditure reports. If questions, such as those raised as a result of audits remain following the 3-year period, recipients must retain records until the matter is completely resolved.

66.437 LONG ISLAND SOUND PROGRAM

Long Island Sound Study (LISS)

FEDERAL AGENCY:

Office of Water, Environmental Protection Agency

AUTHORIZATION:

Clean Water Act, Section 119(d).

OBJECTIVES:

To (1) implement the Long Island Sound Study (LISS) Comprehensive Conservation and Management Plan (CCMP) and (2) assist the states of Connecticut and New York, and other public or nonprofit entities in conducting research, experiments, investigations, training, demonstration, surveys, or studies related to reducing pollution and improving the quality of the environment to sustain living resources in the Long Island Sound. Funding Priority - Fiscal Year 2013: EPA's funding priority is to award grants that support the Long Island Sound Study (LISS) National Estuary Program. Section 119(d) of the Clean Water Act as amended by the Long Island Sound Restoration Act of 2000, P.L. 106-457 authorizes the Administrator to award grants to eligible entities to implement the LISS Comprehensive Conservation and Management Plan (CCMP), with special emphasis on implementation, research and planning, enforcement, and citizen involvement and education projects. The LISS management conference, with participants from state, interstate and regional environmental agencies, local governments and other public or nonprofit private agencies, research institutions and individuals, develops programs to protect and restore Long Island Sound. The LISS program characterizes the problems in the estuary, determines relationships between pollutant loading and impacts on living resources, maintains a comprehensive plan recommending solutions to priority problems, and implements actions addressing priority problem areas. Activities in Fiscal Year 2013 will focus on six areas identified in the plan as requiring special attention, including: the impact of hypoxia on aquatic life, effects of toxic contamination,

pathogen contamination and floatable debris pollution on the living resources and environment of the Sound, the impact of habitat degradation on the health of living resources, land use and development policies and their effect on the ecology, and scientific research in support of these areas as appropriate.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Funds may be used to implement elements of the LISS CCMP. Special emphasis shall be give to CCMP implementation projects, research and planning, enforcement, and citizen involvement and education projects. The Administrator may give priority to a distressed community as defined in 33 USC 1269(e)(1). Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>. Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

State, interstate, and regional water pollution control agencies, and other public or nonprofit private agencies, institutions, and organizations are eligible. Private profit-making entities, and individuals, are not eligible. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

Assistance under this program generally benefits state, interstate, and regional water pollution control agencies and other public or nonprofit private agencies, institutions, and organizations. The general public and Long Island Sound user groups such as swimmers, beach goers, sport and commercial fishermen, boaters, and shellfishes, benefit from the results of the program through cleaner water, restored and protected habitat, and preserved and enhanced ecosystems.

Credentials/Documentation:

Nonprofit private agencies, institutions and organizations may be required to provide documentation of their organizational status upon application. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

The EPA Long Island Sound Office (LISO) issues annual guidance on the form and content of pre-proposals. All pre-proposals or work statements should be consistent with LISO's guidance. Consultation or technical assistance may be available upon request from the LISO to aid applicants in preparing their pre-proposal. Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. An environmental impact statement or environmental impact assessment is not required for this program. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. The EPA LISO annually releases a request for base program pre-proposals in the Fall. Pre-proposals are due to the LISO generally by early January or as specified in guidance. The LISS management committee reviews pre-proposals in late January to identify areas of concern and to request additional information or clarification on proposals through the LISO. The

LISO coordinates review of pre-proposals among the several LISS technical work groups and teams to ensure consistency with program goals and objectives as outlined in the CCMP and other priorities as directed by the management committee. If necessary, applicants are contacted by the LISO to provide the additional information or clarification. The LISO coordinates review of the revised proposals and develops funding recommendations for the management committee's consideration in April. The management committee makes final recommendations on funding pre-proposals at that time, or as otherwise specified. Applicants are advised of the status of their request by the LISO within 30 days of the management committee's final decisions. Successful applicants are required to submit formal grant applications using the standard federal grant application forms. The deadline for submitting applications may vary by EPA Region, but is generally June 1. Applications not received by the deadline are not further considered for funding. Unallocated funds are carried over or otherwise used to further the purposes of this program at the discretion of the management committee. Federal grant application forms may be obtained on the EPA website, <http://www.epa.gov/ogd/AppKit/index.htm> or requested from either the EPA Region I or II grants management office as follows: for Connecticut, EPA Region I, Grants Management Office, 5 Post Office Square, Boston, MA 02109; for New York, EPA Region II, Grants and Contracts Management Branch, 290 Broadway, New York, NY 10007-1866. The standard federal grant application forms as required by OMB Circular No. A-102 must be used for this program. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA. The completed grant application should be submitted to the appropriate EPA Regional grants management office, with a copy to the LISO to assist with processing.

Award Procedure:

Each federal assistance application and final work plan will be evaluated by the LISO to determine the adequacy of the application under LISS priorities and objectives, including technical merit and relevance of the project to the implementation of the CCMP and for consistency with the pre-application proposal. Each federal assistance award application will also be subject to an administrative review by the EPA Region I or II grants management office as appropriate. Funds are awarded by the EPA Region I or II Administrator as appropriate. Grantees will receive a final assistance award package from the appropriate EPA Regional grants management office that must be accepted and signed by an authorized official of the recipient organization and returned to the GMO as specified in the EPA award document. Awards may be made on an advance or reimbursement basis. Awards that are not signed and returned by the deadline specified in the assistance award document may be subject to cancellation. For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Notification of action on pre-proposals is provided approximately 120 days after the deadline for pre-proposal submission. Final grantees are notified of approval approximately 90 days after the submission of the application for federal assistance.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Renewals are subject to approval of EPA.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: This program has no statutory formula (33 USC

1269(d)(3)). Federal costs for citizen involvement and education grants shall not exceed 95 percent of the costs of such work; for all other grants and cooperative agreements, federal costs shall not exceed 50 percent of the research, studies, or work. EPA has determined that annual matching requirements for LISS grant awards shall be met in the aggregate for all funds awarded as specified in the approved annual work plan.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Assistance agreements are generally made for a one-year period corresponding to the federal fiscal year, October-September. Awards may be made for longer periods upon justification and with the approval of EPA. Awards may be made by advance or reimbursement at the discretion of EPA. See the following for information on how assistance is awarded/released: The method of fund disbursement will be determined at the time of award.

Reports:

EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Agreements require semi-annual and final progress reports, and expenditure/financial, equipment, and invention reports. Specific reporting requirements are also identified in the Grant Regulations at 40 CFR Part 30 and 40 CFR Part 31, as applicable. Program reports are required under this program. Cash reports are required under this program. Progress reports are required under this program. Expenditure reports are required under this program. Performance monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate changes to each grant, must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained for three years from the date of submission of the final expenditure report. If questions still remain, such as those raised as a result of audit, related records should be retained until the matter is completely resolved.

(Project Grants) FY 12 \$3,954,500; FY 13 est \$3,715,000; and FY 14 est \$2,488,000

Range and Average of Financial Assistance:

Range: \$66,603 to \$1,315,450/fiscal year; Average: \$438,611/fiscal year.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: In FY 12, the LIS program reduced the areal extent of the hypoxic event in Long Island Sound from a pre-TMDL 13-year average of 208 square miles to a post-TMDL 13 year average of 184 square miles; restored or protected 573 acres of coastal habitat; and reopened 73 river miles to diadromous fish passage. In FY 12, the program goal to reduce nitrogen deposition to the Sound by 58.5% was at 83.3% toward that goal, an improvement of 5,040 trade-equalized pounds of nitrogen from FY 11. Fiscal Year 2013: EPA grantees for the Long Island Sound Futures Fund grant program and the Long Island Sound Scientific Research grant program hold competitions throughout the year based on available funds and Long Island Sound Study priorities. The number of applications and the number of awards made is dependent on the announcement issued. The announcement includes the number of anticipated awards. FY 13 data is not yet available. CRITERIA FOR SELECTING PROPOSALS:

The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement.

66.439 TARGETED WATERSHEDS GRANTS

FEDERAL AGENCY:

Office of Water, Environmental Protection Agency

AUTHORIZATION:

Consolidated Appropriations Act 2005, Public Law 108-447; Dept. of Interior, Environmental and Related Agencies Appropriations Act, 2006, Public Law 109-54; Continuing Appropriations Resolution 2007, Public Law 110-5; Consolidated Appropriations Act 2008, Public Law 110-161.

OBJECTIVES:

To support innovative, community-based watershed approaches aimed at preventing, reducing, or eliminating water pollution. The Targeted Watersheds Grant Program provides resources in the form of grants or cooperative agreements to support watershed organizations in their efforts to expand and improve existing water protection measures. In separate competitive announcements funds are awarded to assist watershed partnerships comprised of State, Tribal, local, and interstate agencies, and public or nonprofit organizations in developing, implementing, and demonstrating: 1) on-the-ground projects to improve or maintain water quality; and 2) organizational and technical capacity building projects to prime organizations to be in a position to implement on-the-ground watershed projects. Funding Priority - Fiscal Year 2013: To build upon the existing activities of watershed organizations to engage communities in capacity building activities to foster an increased connection, understanding, and ownership of their waters.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Funds are used to support both on-the-ground and educational activities relating to the prevention, reduction, and elimination of water pollution. Funds are awarded to eligible entities that best meet the selection criteria described in the Request for Proposals. Successful candidates will have a thorough knowledge of their watershed, have a watershed management plan in place, propose a specific project to address identified problems or barriers to water quality, demonstrate broad-based support from a number of public and private entities, and have a demonstrated record of managing watershed project(s). Eligible activities should be able to show tangible outputs and outcomes within a relatively short time period of two to five years. For implementation grants, candidates must also have a specific water quality monitoring and evaluation plan demonstrating measurable environmental outputs and outcomes, and a strong peer and/or public outreach and education component. EPA has chosen to declare certain projects or activities ineligible for funding. These include activities required or regulated under the CWA. For example, activities for the development of Total Maximum Daily Loads (TMDLs) and Phase II Stormwater projects will not be funded. Activities implementing the non-regulatory component of TMDLs (e.g., the elements of a watershed plan that address non-point source pollution), however, are eligible. Specific uses and restrictions on funds will be described in detail in the competitive announcements. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>. Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

States, local governments, public and private nonprofit institutions/organizations, federally recognized Indian tribal governments, U.S. territories or possessions, and interstate agencies are eligible. For-profit commercial entities and all federal agencies are ineligible. Nonprofit organizations described in Section 501 (c)(4) of the Internal Revenue Code that engage in lobbying activities as defined in Section 3 of the Lobbying Disclosure Act of 1995 are not eligible. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

Anyone/General Public.

Credentials/Documentation:

OMB Circular No. A-87 applies to this program. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Applicants will be required to submit a formal grant application. The standard application forms as furnished by the Federal agency and required by OMB Circular No. A-110 and A-102 must be used for this program. EPA requires final applications to be made on Standard Form 424. Requests for application kits must be submitted to the Environmental Protection Agency, Grants and Interagency Agreements Management Division, 1200 Pennsylvania Avenue, N.W., Mail Code 3903R, Washington, DC 20460 or through the appropriate EPA Regional Office listed in Appendix IV of the Catalog. Additional information on the EPA grant package can be found at: http://www.epa.gov/ogd/grants/how_to_apply.htm. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Regional or Headquarters review will typically be completed within approximately 120 - 150 days following the deadline for submissions.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula.
Matching Requirements: This program has no statutory formula. Applicants

are required to demonstrate a minimum non-federal match of 25% of the total cost of the project or projects. Match may be cash or in-kind consistent with the regulation governing match requirements (40 CFR 31.24 or 40 CFR 30.23). Tribes and tribal watershed groups may be exempt from this match requirement if they are constrained to such an extent that fulfilling the match requirement would impose undue economic hardship.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The term of the grant shall be determined at the time of grant award. See the following for information on how assistance is awarded/released: The method of fund disbursement will be determined at the time of award.

Reports:

EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Agreements may require quarterly, interim, and final progress reports, and expenditure/financial, equipment, and invention reports. Specific reporting requirements are also identified in the Grant Regulations at 40 CFR Part 30 and 40 CFR Part 31, as applicable. Program reports are required under this program. Cash reports are required under this program. Progress reports are required under this program. Expenditure reports are required under this program. Performance monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate changes to each grant must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained until expiration of three years from the date of submission of the final expenditure report. If questions still remain, such as those raised as a result of an audit, related records should be retained until the matter is completely resolved.

66.440 URBAN WATERS SMALL GRANTS

FEDERAL AGENCY:

Office of Water, Environmental Protection Agency

AUTHORIZATION:

Clean Water Act, Section 104(b)(3), Public Law 95-217, 33 U.S.C 1251; National Environmental Policy Act, U.S.C 102(2)(F).

OBJECTIVES:

The objective of EPA's Urban Waters Program is to protect and restore America's urban waterways. EPA's funding priority is to achieve the goals and commitments established in the Agency's Urban Waters Strategic Framework (<http://www2.epa.gov/urbanwaters/urban-waters-strategic-framework>). This program has an emphasis on engaging communities with environmental justice concerns. The objective of the Urban Waters Small Grants is to fund projects that will foster a comprehensive understanding of local urban water issues, identify and address these issues at the local level, and educate and empower the community. In particular, the Urban Waters Small Grants seek to help restore and protect urban water quality and revitalize adjacent neighborhoods by engaging communities in activities that increase their connection to, understanding of, and stewardship of local urban waterways. Funding Priority - Fiscal Year 2013: In FY 2013, EPA's funding priority for Urban Waters Small Grants is to fund projects that improve water quality by conducting or promoting the coordination and acceleration of research, investigations, experiments, training, demonstrations, surveys, and studies relating to the causes, effects, extent, prevention, reduction, and elimination of water pollution. Implementation projects are not eligible for funding.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

Grants and cooperative agreements are available to support recipients' allowable direct costs in approved scopes of work plus allowable indirect costs, in accordance with established EPA policies and regulations. Funding awarded for research does not include research within the purview of EPA's Office of Research and Development. The funds will support conducting and promoting the coordination and acceleration of research, investigations, experiments, training, demonstrations, surveys, and studies relating to the causes, effects (including health and welfare effects), extent, prevention, reduction, and elimination of water pollution. Specific uses and restrictions on funds will be described in detail in the competitive announcements. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>. Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

Assistance under the Urban Waters Small Grants is generally available to States, local governments, territories, Indian Tribes, and possessions of the U.S. (including the District of Columbia), public and private universities and colleges, public or private nonprofit institutions, intertribal consortia, and interstate agencies. Nonprofit organizations described in Section 501(c)(4) of the Internal Revenue Code that engage in lobbying activities as defined in Section 3 of the Lobbying Disclosure Act of 1995 are not eligible to apply. An intertribal consortium must meet the definition of eligibility in the Environmental Program Grants for Tribes Final Rule, at 40 CFR 35.504 (66 FR 3782, January 16, 2001) (FRL-6929-5) and be a non-profit organization within the meaning of OMB Circular A-122. The OMB Circular A-122 is available at http://www.whitehouse.gov/omb/circulars_a122_2004/. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent

with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

Residents of urban areas adversely impacted by water pollution, State and local governments, U.S. territories and possessions, Indian Tribes, other public and private nonprofit institutions, intertribal consortia, and interstate agencies.

Credentials/Documentation:

EPA may request that applicants demonstrate their eligibility. Documentation of nonprofit status may be required. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

EPA awards grants and cooperative agreements supporting surveys, studies, and investigations based on competitive applications submitted in response to EPA solicitations, considering relevance and likelihood of success of proposed projects. Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. The standard application forms, as furnished by the Federal agency and required by OMB Circular No. A-102 and A-110, must be used for this program. EPA requires final applications to be made on Standard Form 424. Requests for application kits must be submitted to the Environmental Protection Agency, Grants and Interagency Agreements Management Division, 1200 Pennsylvania Avenue, N.W., Mailcode (3903R), Washington, DC 20460 or through the appropriate EPA Regional Office listed in Appendix IV of the Catalog. Additional information on the EPA grant package can be found at: http://www.epa.gov/ogd/grants/how_to_apply.htm. For competitive awards, Requests for Initial Proposals or Requests for Applications will specify application procedures. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 180 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula.
Matching Requirements: Matching requirements, if any, will be described in the competitive announcement.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

EPA may negotiate the project period with each applicant based on project requirements. The term of the grant shall be determined at the time of grant awarded. See the following for information on how assistance is awarded/released: The method of fund disbursement will be determined at the time of award.

Reports:

EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Agreements may require quarterly, interim, and final progress reports, and expenditure/financial, equipment, and invention reports. Cash reports are required under this program. Progress reports are required under this program. Expenditure reports are required under this program. Performance monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

The record retention requirements of 40 CFR Part 30 (non-profits and universities) or 40 CFR Part 31 (governmental units) are applicable depending upon the identity of the recipient. Recipients must keep financial records, including all documents supporting entries on accounting records and to substantiate changes in grants, available to personnel authorized to examine EPA recipients grants and cooperative agreements records. Recipients must maintain all records until 3 years from the date of submission of final expenditure reports. If questions, such as those raised as a result of audits remain following the 3-year period, recipients must retain records until the matter is completely resolved.

66.454 WATER QUALITY MANAGEMENT PLANNING

(205(j)(2)) or 604(b)

FEDERAL AGENCY:

Office of Water, Environmental Protection Agency

AUTHORIZATION:

Clean Water Act, Section 205(j)&604(b), Public Law 97-117; Water Quality Act of 1987, Public Law 100-4; American Recovery and Reinvestment Act of 2009, Public Law 111-5.

OBJECTIVES:

To assist States (including territories and the District of Columbia), Regional Public Comprehensive Planning Organizations (RPCPOs), and Interstate Organizations (IOs) in carrying out water quality management (WQM) planning. Funding Priority - Fiscal Year 2013: Funds are allotted by state in accordance with Section 604(b) of the Clean Water Act. Grant funds are used to determine the nature and extent of point and non-point source water pollution and to develop water quality management plans. States are encouraged to give priority to watershed restoration planning. EPA is requesting states to emphasize a watershed approach in developing their state workplans. This will complement the Agency's overall watershed effort as stated in the Agency's Strategic Plan.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Section 604(b) funds are awarded under Section 205(j)(2) to State water quality management agencies to carry out WQM planning. Pursuant to Section 205(j)(3) of the CWA, as amended, States are required to allocate at least 40 percent of funds awarded under 205(j)(2) to eligible RPCPOs and IOs. EPA may approve a State's request to pass through less than 40 percent if, after consultation with its RPCPOs and IOs, the Governor determines that pass through of at least 40 percent will not: (1) result in significant participation by RPCPOs and IOs in WQM planning; and (2) significantly assist in development and implementation of the state's WQM plan. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>. Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Applicant Eligibility:

State Water Quality Management Agencies.

Beneficiary Eligibility:

State Water Quality Management Agencies.

Credentials/Documentation:

Compliance with 40 CFR 31. Costs will be determined in accordance with OMB Circular No. A-87 for State and local governments. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

The standard application forms, as furnished by the Federal agency and required by OMB Circular No. A-102, must be used for this program. Neither environmental impact statements nor environmental impact assessments are required for activities funded under Section 205(j) and 604(b) since these funds are used for water quality planning and not implementation. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. The grant application must be submitted to the appropriate EPA Regional Administrator's Office. This program is excluded from coverage under OMB Circular No. A-110. The standard application forms, as furnished by the Federal agency and required by OMB Circular No. A-102, must be used for this program. EPA requires final applications to be made on Standard Form 424. Requests for application kits must be submitted to the Environmental Protection Agency, Grants and Interagency Agreements Management Division, 1200 Pennsylvania Avenue, N.W., Mailcode (3903R), Washington, DC 20460 or through the appropriate EPA Regional Office listed in Appendix IV of the Catalog. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA. Additional information on the EPA grant package can be found at: http://www.epa.gov/ogd/grants/how_to_apply.htm.

Award Procedure:

Grant applications are reviewed by the appropriate EPA Regional Office and, if approved, the funds are awarded by the Regional Administrator.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 45 days.

Appeals:

Disputes will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Title Clean Water Act. Each fiscal year, the Administrator shall reserve under Section 604(b) of the CWA for each State an amount not to exceed one percent of the amount allotted and available for obligation for Clean Water State Revolving Fund or \$100,000, whichever is greater, for the purposes of making grants to the States to carry out water quality management planning. Under Section 205(j)(3), at least 40 percent of a State's annual award under 205(j)(2) must be allocated to eligible RPCPOs and IOs, unless EPA approves a lesser amount.

This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

As determined in accordance with Section 604(c)(1) of the Clean Water Act (CWA). Sums allotted to a State under this section for a fiscal year shall be available for EPA's obligation to the State during the fiscal year for which sums are authorized and during the following fiscal year. Recovery Act funds were available for EPA's obligation to the State until September 30, 2010. See the following for information on how assistance is awarded/released: The method of fund disbursement will be determined at the time of award.

Reports:

EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Specific reporting requirements are also identified in the Grant Regulations at 40 CFR Part 30 and 40 CFR Part 31, as applicable. For Recovery Act funds, funding reports must be submitted in a prescribed format within 10 calendar days after the end of each calendar quarter, beginning October 10, 2009. These reports include data elements as prescribed by Public Law 111-5, Section 1512 and OMB Guidance. Program reports are required under this program. Cash reports are required under this program. Progress reports are required under this program. Expenditure reports are required under this program. Performance monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate changes to each grant, must be kept available to personnel authorized to examine EPA grant accounts. All records kept for 3 years from date of submission of the annual financial status report. If questions remain, records retained until matter is completely resolved.

Range: \$100,000 to \$2,200,000/fiscal year; Average: \$369,321/fiscal year. Recovery Act funds - Range: \$100,000 to \$4,369,100/fiscal year; Average: \$708,786/fiscal year.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: Section 604(b) funding provides the financial source for

States and territories to pursue water quality planning under Sections 205(j) and 303(e) of the Clean Water Act. This program provides a planning framework to support watershed restoration and protection activities. In FY 12, a total of 56 grants were awarded to States and territories to support water quality planning activities. Outputs included new/updated water quality management plans, new/revised water quality standards, Total Maximum Daily Loads (TMDLs), river planning projects, ambient monitoring data to support water quality assessments, and integrated 304(b)/303(d) reports. Fiscal Year 2013: Section 604(b) funding provides the financial source for States and territories to pursue water quality planning under Sections 205(j) and 303(e) of the Clean Water Act. This program provides a planning framework to support watershed restoration and protection activities. In FY 13, a total of 56 grants were awarded to States and territories to support water quality planning activities. Outputs included new/updated water quality management plans, new/revised water quality standards, Total Maximum Daily Loads (TMDLs), river planning projects, ambient monitoring data to support water quality assessments, and integrated 304(b)/303(d) reports. 66.456 NATIONAL ESTUARY PROGRAM

(NEP)

FEDERAL AGENCY:

Office of Water, Environmental Protection Agency

AUTHORIZATION:

Clean Water Act, Title 3, Section 320, Public Law 94-117, 33 U.S.C 466; Clean Water Act, Title 3, Section 320, Public Law 106-457, 33 U.S.C 466.

OBJECTIVES:

The National Estuary Program (NEP) goal is to protect and restore the water quality and estuarine resources of estuaries and associated watersheds designated by the EPA Administrator as estuaries of national significance. The NEPs work to implement estuarine ecosystem-based management; for example, each NEP characterizes the priority problems in its estuary and surrounding watershed, develops a Comprehensive Conservation and Management Plan listing and describing actions to address those problems, and identifies partners, including lead entities, to implement the actions. Implementation of those long-term plans can include the following actions: protecting and restoring

habitat, including wetlands; supporting water quality protection and restoration, including Total Maximum Daily Load (TMDL) plan implementation; monitoring for, assessing the extent of toxics loadings and pathogen contamination, and taking steps to address excess loadings and contamination; implementing stormwater management and reducing non-point source pollution impacts; preventing the spread of aquatic invasive species and/or managing their impacts; developing and implementing nutrient reduction strategies; developing and implementing climate change adaptation strategies and tools; and developing and implementing strategies to provide opportunities for residents of urban minority and/or under-served communities to have greater access to urban waters, participate in urban ecosystem restoration, and participate in capacity-building/educational activities. Funding Priority - Fiscal Year 2013: EPA's funding priority is to award assistance agreements that support the 28 National Estuary Programs' (NEPs) efforts to address their estuarine watersheds' priority problems identified in each of the 28 long-term management plans known as Comprehensive Conservation and Management Plans (CCMPs). EPA will provide focused support for NEPs to address priority problems identified by NEP management conferences and to document accomplishments and environmental results. NEP efforts address such problems as: (1) impacts on estuarine water quality and living resources of nutrients, toxics (chemical, heavy metals), pathogen contamination, and sediment attributable to excess loadings and non-point stormwater runoff; e.g., excess nutrient loadings can result in nutrient over-enrichment and hypoxic conditions in estuarine water bodies; (2) habitat loss/degradation; (3) need to build regional, local, and tribal officials' capacity to address climate change impacts on estuarine watersheds and to promote community resilience; activities that build capacity include conducting vulnerability assessments of communities and local development and implementation of climate adaptation strategies and programs; 4) need to build the capacity of local public officials and managers in estuarine communities to implement sustainable land use, green infrastructure, and low-impact development best practices.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

Section 320 authorizes issuance of assistance agreements used to meet Section 320 requirements to develop and implement CCMPs. Annual workplans, which address priority actions in the CCMPs, lay out projects to be undertaken during the fiscal year. They are developed and approved by each management conference. Twenty-eight estuaries have been designated as estuaries of national significance, including: Long Island Sound, Puget Sound, Buzzards Bay, Narragansett Bay, New York-New Jersey Harbor, Delaware Bay, Delaware Inland Bays, Sarasota Bay, Galveston Bay, Santa Monica Bay, Albemarle-Pamlico Sounds, San Francisco Estuary, Casco Bay, Massachusetts Bays, Indian River Lagoon, Tampa Bay, Peconic Bay, San Juan Bay, Coastal Bend Bays, Tillamook Bay, the Barataria-Terrebonne Estuarine Complex, New Hampshire Estuaries, Barnegat Bay, Maryland Coastal Bays, Charlotte Harbor, Mobile Bay, Morro Bay, and Columbia River Estuary. NEPs and their partners carry out such actions as: (1) protecting and restoring habitat; (2) identifying research needs and conducting research as needed to obtain new data to address priority problems; (3) monitoring estuarine conditions to detect changes in water quality; and (4) providing technical assistance to States and local communities to address impacts from nutrient over-enrichment, stormwater, sedimentation, toxics, pathogens, and aquatic invasive species and to develop climate change adaptation strategies and tools. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

Assistance agreements are issued only to those estuaries designated by the Administrator. The Administrator is authorized to make grants to State, interstate, and regional water pollution control agencies and entities; State coastal zone management agencies; interstate agencies; and other public and private nonprofit agencies, institutions, organizations, and individuals (Section 320(g)(1)). Profit making organizations are not eligible for grants. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

Anyone/General Public.

Credentials/Documentation:

Costs will be determined in accordance with OMB Circular No. A-87 for State and local governments, OMB Circular No. A-21 for educational institutions, and OMB Circular No. A-122 for nonprofit organizations. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication assistance may be obtained from the appropriate EPA Regional Office. Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. All work plans should be developed in response to the priority tasks identified in the management conference annual work plan. Work plans should also be developed in response to negotiated schedules for commitments to meet the purpose of a management conference outlined in the Act for the estuary. Each work plan will be considered by the appropriate management conference and the EPA Regional program. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. The standard application forms, as furnished by the Federal agency and required by OMB Circular No. A-102, must be used for this program. EPA requires final applications to be made on Standard Form 424. Requests for application kits must be submitted to the Environmental Protection Agency, Grants and Interagency Agreements Management Division, 1200 Pennsylvania Avenue, N.W., Mailcode (3903R), Washington, DC 20460 or through the appropriate EPA Regional Office listed in Appendix IV of the Catalog. Additional information on the EPA grant package can be found at: http://www.epa.gov/ogd/grants/how_to_apply.htm. The completed application, including the final proposal approved by the estuary management committee, should be submitted to the appropriate Regional program office for processing. This program is subject to the provisions of OMB circular No. A-110. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

Each application is reviewed by EPA Regional Offices to determine the adequacy of the application under grant regulations and National Estuary Program objectives, including technical merit and relevance of the project. Awards are issued by the EPA Regional Offices after approval by the appropriate Division Director. For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 90 days after deadline for application submission.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Renewals are subject to approval of the individual estuary management organization. Contact the appropriate EPA Regional office for guidance.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: Public Law 106-457, which amended Section 320(g) of the Water Quality Act of 1987, limits the amount of grants to 75 percent of the aggregate CCMP development project costs for each estuary program and to 50 percent of the aggregate CCMP implementation project costs for each estuary program, and requires that the nonfederal share be provided from nonfederal sources. The nonfederal share can be contributed by any of the participants in the management conference. Contact the appropriate management conference project office or EPA Regional Office for more information.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Assistance agreements are typically funded on a 12-month basis (yearly). Project period may cover up to 36 months, with continuations possible for certain types of projects. Payments will be on a letter of credit or advance basis. See the following for information on how assistance is awarded/released: The method of fund disbursement will be determined at the time of award.

Reports:

EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements and in the annual NEP Funding Guidance. Agreements may require quarterly, interim, and final progress reports, and expenditure/financial, equipment, and invention reports. Specific reporting requirements are also identified in the Grant Regulations at 40 CFR Part 30 and 40 CFR Part 31, as applicable. Program reports are required under this program. Cash reports are required under this program. Progress reports are required under this program. Expenditure reports are required under this program. Performance monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate changes to each grant, must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained until expiration of 3 years from the date of submission of the final expenditure report. If questions still remain, such as those raised as a result of audit, related records should be retained until the matter is completely resolved.

Account Identification:

68-0108-0-1-304.

Obligations:

(Project Grants) FY 12 \$16,716,100; FY 13 est \$14,336,000; and FY 14 est \$16,800,000

Range and Average of Financial Assistance:

For FY 12, each of the NEPs received base funding in the amount of \$597,000. For FY 13, each of the NEPs will receive base funding in the amount of \$512,000.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: Maintaining high-quality habitat is one way of ensuring the health of the nation's estuaries. Since 2000, the NEPs and their partners have protected and restored over 1.6 million acres of habitat in the 28 NEP estuarine watersheds. The acreage protected and restored by the NEPs and their partners enhances the 28 NEP's capacity to support healthy populations of wildlife and near-coastal and marine organisms, including many commercially-valuable shellfish and finfish. That acreage also enhances the 28 estuarine watersheds' capacity to support the economic and ecosystem services and aesthetic qualities provided by estuarine environments and on which coastal populations depend for their livelihoods and well-being. In FY 12, the NEPs and their partners protected and restored 114,579 acres of estuarine habitat in their estuarine watersheds. Fiscal Year 2013: In FY 13, grants will support the NEP's CCMP implementation by funding NEP efforts that include: protecting and restoring up to 100,000 acres of estuarine habitat; protecting and restoring estuarine water quality in NEP study areas and supporting core Clean Water Act programs like those that target stormwater, excess nutrients, and pathogens; conducting vulnerability assessments and/or implementing climate adaptation strategies in over 50% of NEP study areas and collaborating with other EPA programs and with agencies like the National Oceanic and Atmospheric Administration to build regional, local, and tribal coastal community resilience to impacts of climate change on coastal ecosystems, public health, and economies; and building local capacity to reach out to and involve urban community residents who typically may not have had access to water bodies in NEP study areas nor have been actively engaged in urban water body protection and restoration. CRITERIA FOR SELECTING PROPOSALS:

The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement. Grants are awarded to the NEPs that satisfy the requirements outlined in the application procedure section.

66.458 CAPITALIZATION GRANTS FOR CLEAN WATER STATE REVOLVING FUNDS

(CW State Revolving Fund)

FEDERAL AGENCY:

Office of Water, Environmental Protection Agency

AUTHORIZATION:

American Recovery and Reinvestment Act of 2009, Public Law 111-5; Clean Water Act (CWA), as amended, Public Law 95-217; Water Quality Act of 1987, Section 601-607,205(m), Public Law 100-4.

OBJECTIVES:

To create State Revolving Funds (SRFs) through a program of capitalization grants to States which will provide a long term source of State financing for construction of waste water treatment facilities and implementation of other water quality management activities. Funding Priority - Fiscal Year 2013: Capitalization grants are available to each State for the purpose of establishing a Clean Water SRF for providing assistance for: (1) construction of publicly

owned waste water treatment works; (2) implementing nonpoint source management activities included in State Plans developed pursuant to Section 319; and (3) developing and implementing an estuary comprehensive conservation and management plan under Section 320. The capitalization grant is deposited in the State's SRF, which is used to provide loans and other types of financial assistance, to local communities and intermunicipal and interstate agencies. Up to 4 percent of the grant amounts may be used by the States for the cost of administering the SRF. States determine priorities for funding within their State in accordance with the CWA. Similar to the American Recovery and Reinvestment Act (Recovery Act) of 2009, a portion of the FY 2013 funding must be used to provide additional subsidy in the form of grants, principal forgiveness or negative interest loans and a portion of funding must, also, be targeted toward green infrastructure, water and energy efficiency, and environmentally innovative projects. The program supports the Agency's strategic goal of ensuring Clean and Safe Water.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Capitalization grants are available to each State for the purpose of establishing a Clean Water SRF for providing assistance for: (1) construction of publicly owned wastewater treatment works; (2) implementing nonpoint source management activities included in State Plans developed pursuant to Section 319; and (3) developing and implementing an estuary conservation and management plan under Section 320. The capitalization grant is deposited in the state's SRF, which is used to provide loans and other types of financial assistance, but not grants, to local communities and intermunicipal and interstate agencies. Assistance may be provided to persons for implementing nonpoint source and estuary management activities provided for in State Plans developed under Sections 319 and 320. Up to 4 percent of the grant amounts may be used by the states for the cost of administering the SRF. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>. Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

States and Puerto Rico are eligible to receive capitalization grants under Title VI. Indian tribes are eligible to receive grants from Title VI for the construction of municipal wastewater facilities. The District of Columbia, territories, possessions of the U.S. are eligible to receive grants from Title VI for the construction of municipal wastewater facilities (see CFDA 66.418).

Beneficiary Eligibility:

For loans and other financial assistance (but not grants) for wastewater treatment facilities: local communities, intermunicipal, State, interstate agencies, and Indian tribes. For nonpoint source management programs and estuary activities in approved State Nonpoint Source Management Programs and Comprehensive Conservation and Management Plans: the public agencies listed above, individuals, and programs.

Credentials/Documentation:

To receive a capitalization grant, a State shall enter into an agreement with the EPA Regional Administrator which shall include, but not be limited to, the 10 specifications set forth in Section 602(b) of the CWA. OMB Circular No. A-87, "Cost Principles Applicable to Grants and Contracts with State and Local Governments" applies to State grantees. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

An applicant (State) should seek preapplication assistance from the appropriate EPA Regional Office. The State is required to prepare and provide for public comment a plan identifying the intended uses of the funds in the SRF (an intended use plan) and how those uses support the goals of the SRF. The plan is

to be submitted no later than the application. An environmental impact statement is not required prior to grant award; however, a State environmental review process must be applied to all subsequent state assistance for wastewater facilities. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. The standard application for EPA non-construction grant assistance (SF424-A and B) is submitted to the appropriate EPA Regional Office. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA. The State must certify in its application that it has the legal, managerial, technical, and operational capabilities to administer the SRF program competently and that it will comply with Federal anti-discrimination laws and other applicable Federal statutes. Regulation 40 CFR Part 31 applies to the State. Establishment of the SRF is a prerequisite for a grant award.

Award Procedure:

A grant application is reviewed by the appropriate Regional Office and, if approved, the grant is awarded by the Regional Administrator under a delegation of authority from the Administrator of EPA.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approval time averages 45 days.

Appeals:

Disputes will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

For those portions of the State program that do not change from year to year, a subsequent grant application may incorporate by reference relevant portions of the previous year's application which have not changed or an operating agreement approved by the region.

Formula and Matching Requirements:

Statutory Formula: Title Clean Water Act.

Matching Requirements: The Regional Administrator may award capitalization grants from funds appropriated for this purpose. Allotments to the States are determined by a table of decimal fractions ("formula") in Section 205(c)(3) of the CWA. The required State match is 20 percent of the amount of each Federal grant payment. For Recovery Act funds, the required State match of 20 percent of the amount of each Federal grant payment was waived.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Funds are available for EPA's obligation to the State during the fiscal year in which they are allotted and during the following year. Recovery Act funds were available for EPA's obligation to the State until September 30, 2010. The State must agree to enter into binding commitments with recipients to provide financial assistance from the SRF in an amount equal to 120 percent of each quarterly grant payment. The State is also required to agree to expend all funds in the SRF in an expeditious and timely manner. See the following for information on how assistance is awarded/released: The method of fund disbursement will be determined at the time of award.

Reports:

Beginning the first fiscal year after receiving payments, the State shall provide an annual report to the Regional Administrator in accordance with the schedule established in the grant agreement (generally not later than 90 days after the end of the fiscal year in which the payments were received). The annual report shall describe how the State has met the goals and objectives for the preceding fiscal year, as identified in its intended use plan, including identification of loan recipients, loan amounts, and loan terms and similar details on other forms of financial assistance provided from the SRF. For Recovery Act funds, States are

required to input loan information into the CWSRF Benefits Reporting (CBR) database within one week of finalizing the loan. For base funds, loan information is required to be put into CBR in the quarter in which the loan is made. CBR includes data elements as prescribed by Public Law 111-5, Section 1512 and OMB Guidance. Inputting loan data into CBR is required under this program. Cash reports are required under this program. Progress reports are required under this program. Expenditure reports are required under this program. Performance monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. A State must, at a minimum, comply with the provisions of the Single Audit Act Amendments of 1996, and the OMB Circular No. A-133 and Compliance Supplement. States are also encouraged to conduct annual independent audits. State-conducted audits may be performed in conjunction with the Single Audit Act. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

As part of the annual review conducted by the agency to assess the State's performance against activities identified in the intended use plan and annual report, and to determine compliance with the terms of the capitalization grant agreement, the State or loan recipient shall make available to EPA such records as the Regional Administrator reasonably requires to review and determine State compliance with the requirements of the CWA.

Account Identification:

68-0102-0-1-304; 68-0103-0-1-304.

Obligations:

(Formula Grants) FY 12 \$1,423,498,500; FY 13 est \$1,376,082,000; and FY 14 est \$1,095,000,000 - Recovery Act funds - FY 12 \$0; FY 13 est. \$0; and FY 14 est. \$0.

Range and Average of Financial Assistance:

\$6,500,000 to \$147,000,000/fiscal year; \$26,000,000/fiscal year. Recovery Act funds - \$500,000 to \$175,000,000/fiscal year; \$28,000,000/fiscal year.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: Each year, 51 grants are awarded to states and Puerto Rico. The program funds an estimated 10 to 20 percent of the nation's annual wastewater capital projects. The program has provided over \$95 billion in cumulative assistance since 1988. Assistance has included funding to prevent polluted runoff, upgrade wastewater treatment plants from secondary level treatment to advanced (tertiary) treatment to reduce pollutant loads, and improve water quality on a watershed basis. In FY 12, the program provided \$5.8 billion in assistance. This included \$1.6 billion for secondary treatment to reduce pollutant loads, \$1.4 billion to upgrade wastewater treatment plants from secondary level treatment to advanced (tertiary) treatment, and over \$1.9 billion to prevent polluted runoff. Fiscal Year 2013: Each year, 51 grants are awarded to states and Puerto Rico. Assistance in FY 13 will include funding to prevent polluted runoff, upgrade wastewater treatment plants from secondary level treatment to advanced (tertiary) treatment to reduce pollutant loads, and improve water quality on a watershed basis. Fiscal Year 2014: No Current Data Available

REGULATIONS, GUIDELINES, AND LITERATURE:

Program guidance was issued January 28, 1988. A State Revolving Fund Management Manual was distributed in November, 1988. Regulations include 40 CFR Part 31 and SRF regulations 40 CFR Part 35, Subpart K which were issued in March 1990.

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: State revolving loan fund; wastewater projects involving advanced treatment, secondary treatment, infiltration/inflow correction, replacement/upgrade of pipe and equipment and expansion of existing wastewater treatment plants; nonpoint source and estuary protection projects (for example, septic system rehabilitation, leaking underground storage tank removal, contaminated soil removal, agricultural BMPs, conservation easements, wetlands protection/rehabilitation, and prevention of agricultural runoff). Fiscal Year 2013: State revolving loan fund; wastewater projects involving advanced treatment, secondary treatment, infiltration/inflow correction, replacement/upgrade of pipe and equipment and expansion of existing wastewater treatment plants; nonpoint source and estuary protection projects (for example, septic system rehabilitation, leaking underground storage tank removal, contaminated soil removal, agricultural BMPs, conservation easements, wetlands protection/rehabilitation, and prevention of agricultural runoff). Fiscal Year 2014: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

Grants are awarded to States that satisfy the requirements outlined in the application procedure section.

66.460 NONPOINT SOURCE IMPLEMENTATION GRANTS

(319 Program)

FEDERAL AGENCY:

Office of Water, Environmental Protection Agency

AUTHORIZATION:

Clean Water Act, Title 3, Section 319(h).

OBJECTIVES:

To assist States, the District of Columbia, American Samoa, Guam, Northern Marianas, Puerto Rico, Virgin Islands (hereinafter referred to as States), and qualified Indian Tribes and intertribal consortia in implementing EPA-approved Section 319 nonpoint source management programs. Funding Priority - Fiscal Year 2013: EPA's funding priority is to award grants that promote the development and implementation of watershed-based plans, focusing on watersheds with water quality impairments caused by nonpoint sources, which result in improved water quality in impaired waters. These watershed plans are a mechanism to coordinate monitoring and planning on a watershed basis and will build a foundation for effective implementation actions using federal and other funding. Nonpoint Source implementation projects include best management practice (BMP) installation for animal wastes, sediment, pesticide and fertilizer control, a variety of other structural and non-structural practices, watershed planning, monitoring, watershed coordinators, technology demonstration, and a variety of education/outreach programs, among others.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Funds are provided to eligible applicants to carry out nonpoint source projects and programs pursuant to Section 319 of the Clean Water Act as amended by the Water Quality Act of 1987. Requirements under Section 319(h) include: nonfederal matching funds of at least 40 percent of project cost (match is an overall grant requirement - the match requirement for an individual project may be waived and in-kind services may be used as match); maintenance of effort; grants may be used for financial assistance to individual persons in the case of demonstration projects only; annual reporting; and EPA determinations of adequate recipient progress before additional funding. Assistance agreement awards under this program may involve or relate to geospatial information.

Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>. Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

Eligible entities include States and qualified Indian Tribes and intertribal consortia who have approved nonpoint source assessment and management plans. To be qualified, Tribes must have treatment in a manner similar to a state (TAS) status for the 319 Program. Grants to States are awarded by formula. The State allotment is awarded to the agency in each State designated by the chief executive as the lead nonpoint source agency. The lead nonpoint source agency may distribute grant funds to other organizations in accordance with its work program, which is approved by EPA. Eligible Tribes are allocated a base allotment by formula; the remaining Tribal portion of the 319(h) appropriation is competed among qualified Indian Tribes and intertribal consortia. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

State and local governments; interstate and intrastate agencies; federally recognized Indian tribal governments; intertribal consortia; the following US territory or possessions: the District of Columbia, American Samoa, Guam, Northern Marianas, Puerto Rico, Virgin Islands; public and private nonprofit organizations and institutions. The lead nonpoint source agency may distribute grant funds to other organizations in accordance with a work program which is approved by EPA.

Credentials/Documentation:

The provisions of OMB Circular No. A-87 "Cost Principles for State, Local and Indian Tribal Governments" apply. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination with the appropriate EPA Regional Office, listed in Appendix IV of the Catalog, is recommended. The standard application forms, as furnished by the Federal agency and required by OMB Circular No. A-102, must be used for this program. Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. Grant applications by States must be submitted to the appropriate EPA Regional Office (refer to Appendix IV of the Catalog for a list of Regional Offices). Grant applications by subgrantees within a State (after EPA has made a grant award to the State) must be submitted to the State agency that administers Section 319 grants. The list of State nonpoint source contacts for subgrantees is available at <http://water.epa.gov/polwaste/nps/where.cfm>. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

Grant applications must be submitted by the State to the appropriate EPA Regional Office to determine the overall adequacy of the application to meet

the statutory objectives. Funds are awarded to States by formula. Award procedure by States to subgrantees varies by State. The list of State nonpoint source contacts is available at <http://water.epa.gov/polwaste/nps/where.cfm>. Eligible Tribes receive funding for a base grant work plan; Tribes may also compete for the rest of the tribal portion of the total 319(h) appropriation. For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

EPA generally awards grants to States within 60 days after the application is submitted.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Title Clean Water Act.

Matching Requirements: Nonfederal match of at least 40 percent of project or program costs is required except for grants to Indian Tribes, where following demonstration of financial hardship, the nonfederal match may be reduced to as low as 10 percent of project or program costs. States must also meet maintenance of effort requirements contained in statute. EPA awards grants to all eligible States and Tribes which apply for funding based on an allocation formula that the Agency developed. The allocation formula is described in the revised grant guidelines issued on April 12, 2013 and found at <http://water.epa.gov/polwaste/nps/cwact.cfm>. Note, the NPS Program and Grant Guidelines issued in 2003 applied to the FY 13 grants, while the revised guidelines apply to FY 14 and beyond. The allocation formula has not changed. Tribal base grant guidelines and annual Request for Proposals (RFP) are found at <http://water.epa.gov/polwaste/nps/tribal/>.

This program has MOE requirements, see funding agency for further details.

Length and Time Phasing of Assistance:

As determined in accordance with Section 319 (h). See the following for information on how assistance is awarded/released: The method of fund disbursement will be determined at the time of award.

Reports:

EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Agreements may require interim and final progress reports, and expenditure/financial, equipment, and invention reports. Progress reports are generally required at least semi-annually. Specific reporting requirements are also identified in the Grant Regulations at 40 CFR Part 30 and 40 CFR Part 31, as applicable. Program reports are required under this program. Cash reports are required under this program. Progress reports are required under this program. Expenditure reports are required under this program. Performance monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer

and the Grants Specialist may occur each year.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate charges to each grant, must be kept available to personnel authorized to examine EPA grant accounts. All records must be kept for three years from date of submission of the annual federal financial report. If questions remain, records must be retained until the matter is completely resolved.

Account Identification:

68-0103-0-1-304.

Obligations:

(Formula Grants) FY 12 \$164,493,000; FY 13 est \$155,939,000; and FY 14 est \$164,493,000

Range and Average of Financial Assistance:

States/Territories: \$422,000 to \$8,361,000; \$2,795,000. Indian Tribes: base grants \$30,000 to \$50,000; competitive grants up to \$150,000. Ranges vary year-to-year based on size of appropriation (and also varies depending on number of applicants for grants to Indian Tribes or intertribal consortia).

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: Grants are awarded annually to all States and selected Tribes. Grant funds were used by States and Tribes to implement portions of their NPS management programs. In FY 12, 56 grant awards were made to states and territories. Additional information regarding selected projects is available in Section 319 Success Stories, available online at <http://www.epa.gov/owow/nps/Success319/>. An estimate of load reductions resulting from CWA Section 319(h) funded projects from the time period February 2012 - February 2013 is as follows: nitrogen - 10.5 million pounds; phosphorus - 4.4 million pounds; and sediment - 919,528 tons. These load reduction totals are mostly from FY 12 grant funded projects. Fiscal Year 2013: Grants are awarded annually to all States and selected Tribes. Grant funds are used by States and Tribes to implement portions of their NPS management programs. Additional information regarding selected projects is available in Section 319 Success Stories, available at <http://www.epa.gov/owow/nps/Success319/>. Data for FY 13 funded projects are not available at this time. Fiscal Year 2014: No Current Data Available

66.419 Water Pollution Control State, Interstate, and Tribal Program Support

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: Nonpoint Source implementation projects funded include BMP installation for animal wastes, sediment, pesticide and fertilizer control,

urban runoff, and a variety of other structural and non-structural practices; watershed planning, monitoring, watershed coordinators, technology demonstration, and a variety of education/outreach programs, among others. Fiscal Year 2013: Nonpoint Source implementation projects funded include BMP installation for animal wastes, sediment, pesticide and fertilizer control, urban runoff, and a variety of other structural and non-structural practices; watershed planning, monitoring, watershed coordinators, technology demonstration, and a variety of education/outreach programs, among others. Fiscal Year 2014: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement. Funds are awarded to States in accordance with Section 319 (h). For selection processes within individual States, contact the appropriate State nonpoint source coordinators. 66.461 REGIONAL WETLAND PROGRAM DEVELOPMENT GRANTS FEDERAL AGENCY:

Office of Water, Environmental Protection Agency

AUTHORIZATION:

Clean Water Act, Section 104(b)(3), Public Law 92-500, 33 U.S.C 1254(b)(3).

OBJECTIVES:

To assist state, tribal, local government (S/T/LG) agencies, and interstate/intertribal entities in building programs which protect, manage, and restore wetlands. The primary focus of the grants is to build state and tribal wetland programs. A secondary focus is to build local (e.g. county or municipal) programs. Funding Priority - Fiscal Year 2013: Under the Regional Wetland Program Development Grant (WPDG) competition, EPA has identified the following four Core Elements for improving state/tribe/local governments' (S/T/LGs) ability to protect and restore their wetlands: (1) Monitoring and Assessment; (2) Voluntary Restoration and Protection; (3) Regulatory Approaches Including CWA 401 Certification; and (4) Wetland-Specific Water Quality Standards. EPA will include as an appendix to each Regional Request For Proposals (RFP) a list of actions and activities under each Core Element that will develop or refine a S/T/LG's wetlands program. In addition, EPA has identified two funding Tracks. Track One is for states and tribes that propose to develop a Wetlands Program Plan (WPP) as described at <http://water.epa.gov/type/wetlands/wpp.cfm> or carrying out projects from an EPA-approved WPP. Track Two is for states, tribes, local governments, interstate agencies, intertribal consortia, and universities that are agencies of a state that submit proposals that are consistent with the Four Core Elements as described above. Regions may add additional Region specific priorities that are compatible and consistent with the core element(s) and action(s) in the attached Appendix of development and refinement actions.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

These grants are intended to encourage comprehensive wetlands program development by promoting the coordination and acceleration of research, investigations, experiments, training, demonstrations, surveys, and studies relating to the causes, effects, extent, prevention, reduction, and elimination of water pollution. Projects build the capacity of States, Tribes, and local governments to effectively protect wetland and riparian resources. Projects funded under this program support the development of a wetlands protection, restoration, or management program or support enhancement/refinement of an existing program. Interstate agency and intertribal consortia projects must be broad in scope and encompass more than one State, Tribe, or local government. The Regional Office will accept submissions only for projects that affect the States, Tribes, and Territories within their Region. Funds cannot be used for implementation of individual mitigation projects, mitigation banks, or in-lieu-fee mitigation programs. Additional uses and restrictions on funds will be described in detail in the competitive announcements. Projects that are national in scope are not eligible for funding under this Regional program but may be eligible for funding under EPA's National Wetland Program Development Grants program (CFDA 66.462). Assistance agreement awards

under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>. Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

States, Tribes, local government agencies, interstate agencies, and intertribal consortia are eligible to apply to the Regions. Past recipients include, but are not limited to, wetland regulatory agencies, water quality agencies (Section 401 water quality certification), planning offices, wild and scenic rivers agencies, departments of transportation, fish and wildlife or natural resources agencies, agriculture departments, forestry agencies, coastal zone management agencies, park and recreation agencies, non-point source or storm water agencies, and city or county and other S/T/LG governmental agencies that conduct wetland-related activities. In order to be eligible for WPDG funds, Tribes must be federally recognized, although "Treatment as a State" status is not a requirement. The term "interstate agency" is defined in CWA Section 502 as "an agency of two or more States established by or pursuant to an agreement or compact approved by the Congress, or any other agency of two or more States, having substantial powers or duties pertaining to the control of pollution as determined and approved by the Administrator." Intertribal consortia that meet the requirements of 40 CFR Part 35.504 are eligible for direct funding. Intertribal consortia projects must be broad in scope and encompass more than one State, Tribe, or local government. Universities that are agencies of a State government are eligible to receive funds through these competitions. Universities must include documentation showing that they are chartered as a part of a State government in their proposal. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy. Applicants need not be located within the boundaries of the EPA regional office to be eligible to apply for funding but must propose projects that affect the States, Tribes, and Territories within the Region.

Beneficiary Eligibility:

State, Tribal, and local governments involved in administering wetlands protection, restoration and/or management programs, or programs related to or that complement wetlands protection programs.

Credentials/Documentation:

Tribes may be asked to demonstrate that they are Federally recognized. Interstate organizations may be asked to provide a citation to the statutory authority which establishes their status. Intertribal consortia may be asked to provide documentation that they meet the requirements of 40 CFR Part 35.504. Universities must include documentation showing that they are chartered as a part of a State government in their proposal. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Each EPA Regional Office will set up its own competitive process for awarding WPDGs. Interested applicants should review information on the WPDG at: <http://www.epa.gov/owow/wetlands/grantguidelines/>. Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. Each EPA Regional Office will establish a process for awarding WPDGs. Regional Offices will accept applications only for projects selected through the competitive process that affect the States, Tribes, and Territories within their Region. The standard application forms, as furnished by the Federal agency and required by OMB Circular No. A-102, must be used for this program. Applicants can also receive a copy of the current announcement by calling the EPA Regional Coordinator. Application forms are available at <http://www.epa.gov/ogd/AppKit/index.htm> and by mail upon request to the Grants and Interagency Agreements Management Division at (202) 564-5305. Completed applications should be submitted to the appropriate EPA Regional Office. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

Grant applications are reviewed by the appropriate EPA Regional Office and, if approved, the grant is awarded by the Regional Administrator. For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Grants are usually approved within 4 months of receipt of completed application.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula. Matching Requirements: The applicant must provide a minimum of 25 percent of the total cost of the work plan to the extent allowed by 40 CFR 31.24, 35.385, and 35.615. To determine if the minimum match is met, EPA will use the following formula: amount (in dollars) of federal funds requested from EPA divided by 3 = minimum match (in dollars) or Total project costs divided by 4 = minimum match (in dollars). For example, if the applicant requests \$75,000 of federal funds or a Total project cost of \$100,000 for the three-year project period, it must be able to provide \$25,000 in matching funds or services. A reduced match may be available for Tribal grantees that place the Wetland Program Development Grant funds in a Performance Partnership Grant. (See regulations at 40 CFR 536(c).) Please contact your EPA Regional contact person listed in Section VII if you have any questions about calculating the match requirement. We encourage States and Tribes to provide a larger share of the project's cost whenever possible (i.e., in excess of the required 25 percent of total project costs). Award recipients can meet the match requirement with in-kind or monetary contributions from entities other than themselves. However, other Federal money cannot be used as the match for this grant program unless authorized by the statute governing the award of the other Federal funds. Matching funds are considered grant funds. They must be used for the reasonable and necessary expenses of carrying out the assistance agreement work plan. Any restrictions on the use of grant funds (i.e., prohibition of land acquisition with grant funds) also apply to the matching funds.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The terms of the grant shall be determined at time of grant award. See the following for information on how assistance is awarded/released: The method

of fund disbursement will be determined at the time of award.

Reports:

EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Agreements may require quarterly, interim, and final progress reports, and expenditure/financial, equipment, and invention reports. Specific reporting requirements are also identified in the Grant Regulations at 40 CFR Part 30 and 40 CFR Part 31, as applicable. Program reports are required under this program. Cash reports are required under this program. Progress reports are required under this program. Expenditure reports are required under this program. Performance monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate changes to each grant, must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained until expiration of three years from the date of submission of the final expenditure report. If questions still remain, such as those raised as a result of audit, related records should be retained until the matter is completely resolved.

(Cooperative Agreements) FY 12 \$15,737,860; FY 13 est \$14,354,000; and FY 14 est \$14,643,000

Range and Average of Financial Assistance:

Range: \$20,000 to \$600,000/fiscal year; Average: \$220,000/fiscal year.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: All ten EPA Regional Offices issued a competitive announcement based on available funds and Agency priorities. The number of applications and the number of awards made is dependent on the competitive announcement issued. The announcements include the number of anticipated awards. In FY 12, approximately 5 to 25 proposals were received by each Region under the ten Regional competitive announcements with approximately 4 to 15 cooperative agreements or grants awarded under each Regional competitive announcement. No awards were made non-competitively in FY 12. In FY 12, projects were funded to support activities such as: developing state or tribal Wetland Program Plans (WPPs); testing a Stream Functional Assessment Methodology for use in CWA Section 404 mitigation activities; assessing net wetland change on a state-wide basis; development of remote sensing technologies for farmed wetlands; evaluate methods for modeling vernal pool locations and develop a vernal pool location prediction model that facilitates resource identification, protection, and wetlands regulation as well as complete outreach efforts to facilitate resource identification, protection and wetlands regulations to increase ability to locate, identify, document, restore, and increase protection of vernal pools; identify statewide wetland monitoring objectives and strategies and to coordinate efforts among the participating agencies; and build on the state's success in developing numeric nutrient criteria for estuaries within a portion of the state and to apply the strategy to the area's tidal creeks. Fiscal Year 2013: Each of the ten EPA Regional Offices issues a competitive announcement based on available funds and Agency priorities. The number of applications and the number of awards made is dependent on the competitive announcement issued. The announcements include the number of anticipated awards. In FY 13, eight (8) Regional competitive announcements

will be issued. Fiscal Year 2014: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement.

66.462 NATIONAL WETLAND PROGRAM DEVELOPMENT GRANTS AND FIVE-STAR RESTORATION TRAINING GRANT

FEDERAL AGENCY:

Office of Water, Environmental Protection Agency

AUTHORIZATION:

Clean Water Act, Section 104(b)(3), Public Law 92-500, 33 U.S.C 1254(b)(3).

OBJECTIVES:

To assist state, tribal, local government (S/T/LG) agencies, and interstate/intertribal entities in building programs which protect, manage, and restore wetlands. The primary focus of the grants is to build state and tribal wetland programs. A secondary focus is to build local (e.g. county or municipal) programs. Funding Priority - Fiscal Year 2013: For the National WPDGs: EPA has identified the following national priorities - National Priority Area 1: Core Elements Framework and National Priority Area 2: Tribal Wetland Monitoring and Assessment Training Workshops. National Priority Area 1 is based on the four core elements of a Comprehensive State/Tribal Wetlands Program: 1) Monitoring and Assessment; 2) Voluntary Wetland Restoration and Protection; 3) Regulatory Approaches Including CWA 401 Certification; and 4) Wetland-Specific Water Quality Standards. Further explanation of all of the elements can be found at the following website address: <http://www.epa.gov/owow/wetlands/initiative/estp.html>. The Wetlands Program Development Grants (WPDG) program strives to develop State/Tribal/local government programs that will incorporate each of these elements. For the Five-Star Restoration Training Grants, EPA funds an intermediary organization to provide subawards to eligible subawardees to bring together citizen groups, corporations, youth conservation corps, students, landowners, and government agencies to undertake projects that achieve environmental training through voluntary, community/watershed-based wetland restoration projects.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

The National WPDGs are intended to encourage comprehensive, national wetlands program development by promoting the coordination and acceleration of research, investigations, experiments, training, demonstrations, surveys, and studies relating to the causes, effects, extent, prevention, reduction, and elimination of water pollution. Projects build the capacity of States, Tribes, and local governments programs to effectively protect wetland and riparian resources. Activities must help S/T/LGs develop and refine wetland programs. Projects funded under this program support the initial development of a national wetlands protection, restoration or management program, or support enhancement/refinement of an existing national program. Projects must be broad in scope and include more than one EPA Region or be national in scope and cannot be limited to activities that affect such entities in only one EPA region. For example, projects and tasks can involve advancing science or collecting and making available through publications and other appropriate means, such as training on information about how various wetland programs across the nation protect, manage, and restore their wetland resources and about initiatives to improve S/T/LG wetland programs. Projects that are local or encompass only one EPA Region in scope are not eligible for funding under this program but may be eligible for funding under EPA's Regional Wetland Program Development Grants program (CFDA 66.461). Funds cannot be used for the purchase of land or conservation easements. Funds cannot be used for implementation of individual mitigation projects, mitigation banks, or in-lieu-fee mitigation programs. Assistance agreement awards under this

program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>. EPA's Five Star Restoration Training Grant is anticipated to fund one cooperative agreement to an organization to manage the Five Star Restoration Training Grant subaward process that will award subgrants to achieve environmental training through voluntary, community/watershed-based wetland restoration projects. Projects funded under the subgrant process must be limited to activities that conduct or promote the coordination and acceleration of training relating to the causes, effects, extent, prevention, reduction, and elimination of water pollution. Other activities under section 104(b)(3) will not be considered for funding. Funds cannot be used for the purchase of land or conservation easements. Funds cannot be used for implementation of individual mitigation projects, mitigation banks, or in-lieu-fee mitigation programs. Wetland restoration training projects cannot include wetlands constructed for the purposes of treating wastewater or stormwater only. The assistance agreement award under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>. Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

Non-profit, non-governmental organizations, Interstate agencies, and Intertribal consortia which are capable of undertaking activities that advance wetland programs on a national basis are eligible to compete in this program. The term "interstate agency" is defined in CWA Section 502 as "an agency of two or more States established by or pursuant to an agreement or compact approved by the Congress, or any other agency of two or more States, having substantial powers or duties pertaining to the control of pollution as determined and approved by the Administrator." Intertribal consortia must meet the requirements of 40 CFR Part 35.504. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

State, Tribal, and local governments involved in administering wetlands protection, restoration, and/or management programs or programs related to or complement wetlands protection programs.

Credentials/Documentation:

Non-profit applicants may be asked to provide documentation that they meet the definition of a non-profit organization in OMB Circular A-122. Interstate organizations may be asked to provide a citation to the statutory authority, which establishes their status. Intertribal consortia may be asked to provide documentation that they meet the requirements of 40 CFR Part 35.504. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

The standard application forms, as furnished by the Federal agency and required by OMB Circular A-102, must be used for this program. Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110

applies to this program. The EPA Headquarters (HQ) Office will conduct the competitive process for awarding National Wetland Program Development Grants. Interested applicants should review information on the National Wetland Program Development Grants at: http://water.epa.gov/grants_funding/wetlands/grantguidelines/index.cfm. Submittal instructions can be found in the competitive announcement. The EPA Headquarters (HQ) Office will conduct the competitive process for awarding the Five-Star Restoration Training Grant. Interested applicants should review information on the Five-Star Restoration Training Grant at: http://water.epa.gov/grants_funding/wetlands/grantguidelines/index.cfm. Submittal instructions can be found in the competitive announcement. All applicants will be notified by the HQ Office on whether or not the applicant has been selected for funding. The notification is not an authorization to begin performance. The Grant Award document signed by the appropriate grant official in the EPA HQ Office is the authorizing document. Applicants selected for funding must submit a final workplan and grant application forms. Application forms are available at <http://www.epa.gov/ogd/AppKit/index.htm> and by mail upon request to the Grants and Interagency Agreements Management Division at (202) 564-5305. Completed applications should be submitted to HQ. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Grants are usually approved within 4 months of receipt of completed application.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: The applicant must provide a minimum of 25 percent of the total cost of the workplan to the extent allowed by 40 CFR 31.24, 35.385, and 35.615. To determine if the minimum match is met, EPA will use the following formula: amount (in dollars) of federal funds requested from EPA divided by 3 = minimum match (in dollars) or Total project amount (in dollars) divided by 4 = minimum match (in dollars). For example, if the applicant requests \$75,000 of federal funds or has a total project cost of \$100,000 for a three-year project period, it must be able to provide \$25,000 in matching funds or services. A reduced match may be available for Tribal grantees that place the Wetland Program Development Grant funds in a Performance Partnership Grant. (See regulations at 40 CFR 536(c)). States and Tribes can provide a larger share of the project's cost whenever possible (i.e., in excess of the required 25 percent of total project costs). Award recipients can meet the match requirements with in-kind or monetary contributions from entities other than themselves. However, other Federal money cannot be used as the match for this grant program unless authorized by the statute governing the award of the other Federal funds. Matching funds are considered grant funds. They must be used for the reasonable and necessary expenses of carrying out the assistance agreement workplan. Any restrictions on the use of grant funds (i.e., prohibition of land acquisition with grant funds) also apply to the matching funds. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The terms of the grant shall be determined at time of grant award. See the following for information on how assistance is awarded/released: The method of fund disbursement will be determined at the time of award.

Reports:

EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Agreements may require quarterly, interim, and final progress reports, and expenditure/financial, equipment, and invention reports. All final reports must be accompanied by a 1-2 page summary electronic document on the project. Specific reporting requirements are also identified in the Grant Regulations at 40 CFR Part 30 and 40 CFR Part 31, as applicable. Program reports are required under this program. Cash reports are required under this program. Progress reports are required under this program. Expenditure reports are required under this program. Performance monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate changes to each grant, must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained until expiration of three years from the date of submission of the final expenditure report. If questions still remain, such as those raised as a result of audit, related records should be retained until the matter is completely resolved.

Range and Average of Financial Assistance:

National Wetlands Program Development Grants: \$75,000 to \$300,000/every two years; \$160,500/every two years; Five-Star Restoration Training Grant: \$1,000,000 every four years.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: In FY 12, 16 proposals were received in response to the National WPDG competitive announcement and no awards were made in FY 12 but six (6) awards were made under this competition in FY13. In FY 12 EPA awarded one cooperative agreement for \$1,000,000 to implement the Five-Star Restoration Training Grants program. Fiscal Year 2013: In FY 13, six (6) awards totaling approximately \$750,000 were made for projects that seek to encourage the use of data documenting wetland condition, function, status and trends to support development and implementation of other state wetland program core elements such as wetland regulation, restoration, and development of water quality standards for wetlands; identify best practices for developing wetland restoration and protection programs while leveraging adaptation to climate change; develop a handbook for states, tribes, and local governments on the policy and practice of stream compensatory mitigation; develop and deliver in-lieu fee mitigation training for states, tribes, and local governments; increase understanding of multiple aspects of state and tribal wetland programs, including all four of the EPA core essential elements, resulting in more robust state and tribal programs; and develop and distribute programmatic support documents for identifying and sampling candidate reference wetland sites using consistent wetland condition assessment methods

across the nation, piloted through programs in 10 states. Fiscal Year 2014: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement.

66.463 WATER QUALITY COOPERATIVE AGREEMENTS

FEDERAL AGENCY:

Office of Water, Environmental Protection Agency

AUTHORIZATION:

Clean Water Act, Section 104(b)(3), Public Law 92-500, 33 U.S.C 1254(b)(3).

OBJECTIVES:

To assist states, Indian Tribes, interstate agencies, and other public or nonprofit organizations in developing, implementing, and demonstrating innovative approaches relating to the causes, effects, extent, prevention, reduction, and elimination of water pollution through both permitted and non-permitted areas.

Funding Priority - Fiscal Year 2013: Funding priorities include, but are not limited to: watershed approaches for solutions to wet weather activities (i.e.,

combined sewer overflow, sanitary sewer overflows, storm water discharge, and animal feeding operations); pretreatment and biosolids (sludge) program activities, decentralized systems; and alternative ways to enhance or measure the effectiveness of point source programs. Trading, water efficiency, asset management, and sustainable infrastructure are also areas of consideration. No appropriation authority was provided for FY 2006 or later. However, if unobligated carryover funds are available in FY 2013, projects will be funded in accordance with the funding priorities. Any awards made with carryover funds will be in accordance with the Agency's competition policy.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

These grants are intended to encourage efforts to improve water quality by promoting the coordination and acceleration of research, investigations, experiments, training, demonstrations, surveys, and studies relating to the causes, effects, extent, prevention, reduction, and elimination of water pollution. Projects must attain tangible results. EPA may award grants to fund internships for high school students to work at wastewater treatment plants under the Youth and the Environment sub-program in EPA Regions 1, 2, 3, 5, 6, 7, 8, 9 and 10. In the case of Regional competitions, eligible projects may be limited in geographic scope to benefit the citizens of States, Tribes, or Territories within those Regions. Other specific uses of funds will be described in Requests for Proposals for this program. EPA will not award grants to fund ongoing State, Tribal, or local program activities, construction, or to purchase land. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

State water pollution control agencies, interstate agencies, Tribes, colleges and universities, individuals, and other public or nonprofit organizations. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

Individuals and organizations affected by water pollution, including State Water Pollution Control Agencies, interstate agencies, Tribes, colleges and universities, and other public or nonprofit organizations.

Credentials/Documentation:

Nonprofit applicants may be asked to provide documentation that they meet the definition of a non-profit organization in OMB Circular A-122. Interstate organizations may be asked to provide a citation to the statutory authority which establishes their status. Intertribal consortia must meet the requirements of 40 CFR Part 35.504. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Competition procedures vary by Region and Headquarters Office. EPA will generally publish a Request for Proposals (RFP), evaluate the proposals under the criteria contained in the RFP, and request that selected applicants submit a full application. RFPs are synopsisized at www.grants.gov, and may be posted on Agency websites or in the Federal Register. All competitions will be conducted in accordance with EPA policy for competing assistance agreements. For Headquarters competitions, applicants submit a proposal, and EPA evaluates and scores the proposals and invites selected applicants to submit a formal application. Regional procedures may vary, in accordance with the terms of Regional Request for Proposals. Application forms and completed applications may be requested from and submitted to the appropriate EPA Headquarters or Regional Office. The standard Federal application forms must be used for this program. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Regional or Headquarters review will normally be done within approximately 60 days following the deadline for submissions.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The terms of the assistance shall be determined at the time of award. See the following for information on how assistance is awarded/released: The method of fund disbursement will be determined at the time of award.

Reports:

EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Agreements may require quarterly, interim, and final progress reports, and expenditure/financial, equipment, and invention reports. Specific reporting requirements are also identified in the Grant Regulations at 40 CFR Part 30 and 40 CFR Part 31, as applicable. Program reports are required under this program. Cash reports are required under this program. Progress reports are required under this program. Expenditure reports are required under this program. Performance monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized

representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Record keeping requirements are specified 40 CFR Parts 30 or 31 as applicable. Financial records, including all documents to support entries on accounting records and to substantiate changes to each grant, must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained until expiration of three years from the date of submission of the final expenditure report. If questions still remain, such as those raised as a result of an audit, related records should be retained until the matter is completely resolved.

Account Identification:

Range and Average of Financial Assistance:

Projects have historically ranged from \$15,000 to \$270,000/fiscal year; \$142,500/fiscal year.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: Not applicable as no funding was provided in FY 2012.
Fiscal Year 2013: Competitions are held based on available funds and Agency priorities. The number of applications and the number of awards made is dependent on the competitive announcement issued. The announcement will include the number of anticipated awards. Not applicable as no funding will be provided in FY 2013. Fiscal Year 2014: No Current Data Available

REGULATIONS, GUIDELINES, AND LITERATURE:

For grants and agreements with States, local governments, and Indian tribal governments, the procedures and requirements shall be in conformance with 40 CFR Part 31 "Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments," 40 CFR Part 35, "Environmental Program Grants-State, Interstate, and Local Governments Agencies," OMB Circular Nos. A-87 "Cost Principles for State and Local Governments," and A-102 "Grants and Cooperative Agreements for States and Local Governments." For grants and agreements with other entities the procedures shall be in conformance with 40 CFR Part 30, "Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations," and OMB Circular Nos. A-122 for Non-Profit Organizations and A-21 for Educational Institutions.

66.466 CHESAPEAKE BAY PROGRAM

FEDERAL AGENCY:

Office of Water, Environmental Protection Agency

AUTHORIZATION:

Clean Water Act, Section 117.

OBJECTIVES:

To expand and strengthen cooperative efforts to restore and protect the Chesapeake Bay. EPA's funding priority is to achieve the goals and commitments established in the Chesapeake 2000 agreement and the final coordinated strategy under Executive Order (EO) 13508. As a means to achieve the goals and commitments, assistance agreements are awarded to: nonprofit organizations, State and local governments, colleges, universities, and interstate agencies. The type of projects that are awarded range from monitoring to environmental education. These projects have helped support the commitments set forth in Chesapeake Executive Council agreements and amendments (The Chesapeake Bay Agreement of 1983 through Chesapeake 2000) and subsequent directives, adoption statements, endorsements and resolutions. Funding Priority - Fiscal Year 2013: EPA's focus in FY 2013 is to continue to improve the rate of progress in the Chesapeake Bay watershed by meeting the President's expectations as described in Executive Order (EO) 13508, using the Agency's existing statutory authority, implementing the Chesapeake Bay Total Maximum Daily Load (TMDL), providing states with the tools necessary for effective regulatory implementation, creating better tools for scientific analysis and accountability, and supporting regulatory compliance and enforcement. EPA will work toward implementing key initiatives under EO 13508, including: implementing the TMDL; developing a TMDL tracking and accountability system; deploying technology to integrate discrete Bay data systems and to present the data in an accessible accountability system called ChesapeakeStat; and moving forward on the Bay's challenges related to toxic contaminants. A centerpiece of EPA's FY 2013 activities is the implementation of the nation's largest and most complex TMDL for the entire Chesapeake Bay watershed. A TMDL is essentially a plan that defines how much of a particular pollutant may be discharged into a particular waterbody while allowing the waterbody to meet its water quality standards and designated uses. EPA released the final TMDL in December 2010. Prior to that release, the Bay jurisdictions developed watershed implementation plans (WIPs) that included specific timelines for enhancing programs and implementing actions to reduce pollution, with all measures needed to reach the TMDL pollution load limits in place no later than 2025. The TMDL is designed to ensure that all pollution control measures needed to fully restore the Bay and its tidal rivers are in place by 2025, with at least 60 percent of the actions completed by 2017. To support the TMDL, EPA will develop and initiate a tracking and accountability system to ensure that the Bay jurisdictions are effectively implementing the TMDL. To support accountability under the TMDL, EPA will enhance the Chesapeake Bay Program's water-quality monitoring network to better track TMDL progress. EPA will use its technical and scientific analysis capabilities to provide implementation support and guidance to the states and thousands of local governments that will be affected by the TMDL. EPA will assist the jurisdictions in making scientifically informed determinations of the most effective ways to meet their TMDL obligations that will provide individually tailored solutions. To ensure that the states are able to meet EPA's expectations under the TMDL and new national rulemakings, EPA will continue and in some cases expand its broad range of grant programs. EPA will direct investments toward key local governments and watershed organizations based on their ability to reduce nutrient and sediment loads via key sectors such as development and agriculture in urban and rural areas. ChesapeakeStat is a key element in the next generation of tools EPA is developing to significantly enhance the accountability of program partners. ChesapeakeStat is a web based, geoenabled tool for performance-based interactive decision making for all Bay partners. The system allows the public to track progress and become informed and engaged in restoring the Bay. Ensuring that the regulated community complies with the appropriate regulations is an essential responsibility for achieving the goals established for the Chesapeake Bay and its watershed. In FY 2013, the continued implementation of the Compliance and Enforcement Strategy for the Bay Watershed will target sources of pollution impairing the Bay in the watershed and airshed. EPA's multi-year, multi-state strategy combines the Agency's water, air and waste enforcement authorities to address violations of federal environmental laws resulting in nutrient, sediment, and other pollution in the Bay.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

On November 7, 2000, the President signed the Estuaries and Clean Waters Act of 2000, which includes Title II-Chesapeake Bay Restoration. This Act amends Section 117 of the Federal Water Control Act (Clean Water Act) and established new authorities for the Chesapeake Bay Program. These new legal authorities specify the type of work that can be performed with the funds appropriated for the Chesapeake Bay Program, the type of funding vehicles (e.g., assistance agreement) that can be used, and the type of organization eligible to receive funding. The purposes of these amendment authorities are: (1) to expand and strengthen cooperative efforts to restore and protect the Chesapeake Bay; and (2) to achieve the goals established in the Chesapeake Bay Agreement. The term "Chesapeake Bay Agreement" means the formal, voluntary agreements signed by the Chesapeake Executive Council and executed to achieve the goal of restoring and protecting the Chesapeake Bay ecosystem (e.g., the 1987 Chesapeake Bay Agreement, Chesapeake 2000 agreement, various Executive Council directives, etc.). Assistance Agreements awarded under this program are: (1) 117(d) Technical Assistance and General Assistance Grants - These grants will be awarded competitively to nonprofit organizations, State and local governments, colleges, universities, and interstate agencies to implement the goals of the Chesapeake Bay Agreements; such as activities to support living resource protection and restoration; vital habitat protection and restoration; water quality protection and restoration; sound land use; and stewardship and community engagement. All applicants applying for grants under Section 117(d) must commit to a cost share ranging from 5 to 50 percent of the total project costs, as determined at the sole discretion of EPA. This determination will be stated in Request for Proposals (RFPs) or Agency policy. (2) 117(e)(1)(A) and 117(d) - Chesapeake Bay Regulatory and Accountability Grants - As a result of EO 13508, these grants will help each watershed State and the District of Columbia to develop new regulations, design TMDL watershed implementation plans, reissue and enforce permits, and provide technical and compliance assistance to local governments and regulated entities. The grants are to aid the states and DC in implementing and expanding their States' regulatory, accountability and enforcement capabilities, in support of reducing nitrogen, phosphorus and sediment loads delivered to the Bay to meet the water quality goals of the 2000 Chesapeake Bay Agreement. These grants will be awarded non-competitively. State Signatory jurisdictions applying for regulatory and accountability program grants under Section 117(e)(1)(A) must identify 50% cost share of total project costs (equal match/dollar for dollar) as required by statute. Headwater States applying for regulatory and accountability program grants under Section 117(d) must commit to a cost share of 25% of the total project costs. (3) Section 117(e)(1)(A) - Implementation Grants - The Chesapeake Bay Implementation Grants are authorized under Section 117(e)(1)(A) to Signatory Jurisdictions. Implementation Grants are for the purpose of implementing the management mechanisms established under the Chesapeake Bay Agreement, with particular emphasis on state programs for control and abatement of non-point source nutrient and sediment pollution (including atmospheric deposition as a non-point source). In May 2009, jurisdictions adopted 2-year milestones to accelerate reductions of nutrient pollution. Grants should support implementation of milestones commitments and comparable actions that support nutrient reduction goals. If jurisdictions do not use 117(e)(1)(A) grants for projects consistent with Chesapeake 2000 Agreement goals, EPA may reallocate, condition or withhold funds. These grants can be awarded non-competitively to any signatory jurisdiction that has or signed the Chesapeake Bay Agreement. State Signatory Jurisdictions applying for implementation and monitoring grants under Section 117(e)(1)(A) must identify 50% cost share of total project costs (equal match/dollar for dollar). (4) Section 117(e)(1)(B) Monitoring Grants - The Monitoring Grants are authorized under Section 117(e)(1)(B) for Signatory Jurisdictions. These grants support the characterization of water and habitat quality and benthic community conditions for the mainstem Chesapeake Bay and tidal tributaries, characterizing nutrient loading to Chesapeake Bay and its tidal tributaries, and provide data analysis support for water quality and living resources status and trends. The work supports the Chesapeake 2000 goal of "Achieving and maintaining the water quality necessary to support the aquatic living resources of the Bay and its tributaries and to protect human health." These grants can be awarded non-competitively to any signatory jurisdiction that has or signed the

Chesapeake Bay Agreement. Signatory Jurisdictions applying for monitoring grants under Section 117(e)(1)(B) must identify 50% cost share of total project costs (equal match/dollar for dollar).

(5) Section 117(g)(2) Small Watershed Grants - The Small Watershed Grants Program was established under Section 117(g)(2), which provides that grants can be awarded under Section 117(d) to local governments, nonprofit organizations, and individuals in the Chesapeake Bay region working on a local level to protect and improve watersheds, while building citizen based resource stewardship. The purpose of the grants program is to demonstrate effective techniques and partnership-building to achieve Chesapeake Bay Program objectives at the small watershed scale. The Small Watershed Grants Program has been designed to encourage the sharing of innovative ideas among the many organizations wishing to be involved in watershed protection activities. Applicants applying for small watershed grants under Section (g)(2) must commit to a cost share of 25% of the total project cost. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>. Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

Under section 117(d), funds are available for technical and general assistance grants to nonprofit organizations, State and local governments, colleges, universities, and interstate agencies; under section 117(e)(1)(A) and 117e(1)(B), respectively, funds are available for implementation, regulatory and accountability, and monitoring grants to signatory jurisdictions; and under section 117(g)(2), funds are available for technical assistance and assistance grants under the Small Watershed Grants Program to local governments and nonprofit organizations and individuals in the Chesapeake Bay region. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

Under section 117(d), funds are available for technical and general assistance grants to nonprofit organizations, State and local governments, colleges, universities, and interstate agencies; under section 117(e)(1)(A) and 117(e)(1)(B), respectively, funds are available for implementation, and monitoring grants to signatory jurisdictions and headwater states; and under Section 117(g)(2), funds are available for technical assistance and assistance grants under the Small Watershed Grants Program to local governments and nonprofit organizations and individuals in the Chesapeake Bay region.

Credentials/Documentation:

Compliance with 40 CFR Parts 30 and 31, and with Program Grant Guidance to matching funds. Costs will be determined in accordance with OMB Circular No. A-87 for State, Local, and Indian Tribal Governments (Relocated to 2 CFR, Part 225), OMB Circular No. A-122 for nonprofit organizations (Relocated to 2 CFR, Part 230), and OMB Circular No. A-21 for educational institutions (Relocated to 2 CFR, Part 220). All OMB circulars apply to this program. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Preapplication assistance is recommended and should be obtained from the EPA Region III Grants Management Office. All proposals or work statements should be consistent with CBPO's Grant Guidance located at <http://www.epa.gov/region3/chesapeake/grants.htm>. Environmental impact information is not required for this program. This program is eligible for

coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. OMB Circular No. A-102 (rev.), Uniform Administrative Requirements for Grants to State and Local Governments, applies to this program. OMB Circular No. A-110, Uniform Administrative Requirements for Grants with Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations, applies to this program. Competitive Request For Proposals (RFPs) for grants/cooperative agreements are announced widely through the internet and Environmental Protection Agency's CBPO RFP e-mail and mailing database. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA. RFPs are listed on the following websites: <http://www.grants.gov>; <http://www.epa.gov/region03/chesapeake/grants.htm>; <http://www.epa.gov/region03/grants/grantopp.htm>; and <http://www.chesapeakebay.net/grantsandrfps.aspx?menuitem=14892>.

Issued Chesapeake Bay Program Office (CBPO) Request For Proposals (RFPs) will seek applicant proposals that identify specific outcomes that will further goals of the Chesapeake 2000 Agreement. The RFP will include detailed instructions for submission of proposals. Interested parties who would like to receive a copy of issued CBPO RFPs and be added to the Environmental Protection Agency's CBPO e-mail and/or mailing database should submit their name, address, phone number, and e-mail address to Tim Roberts at roberts.timothy-p@epa.gov or such requests can be mailed to Tim Roberts, Environmental Protection Agency CBPO, 410 Severn Avenue, Suite 112, Annapolis, Maryland 21403. EPA will only accept addresses provided in writing (either by e-mail or letter); no phone calls will be accepted. Requests for application kits must be submitted to the Environmental Protection Agency, Region 3, 1650 Arch Streets, Philadelphia, PA 19103, Grants and Audit Management Branch (3PM70). Additional information on the EPA assistance package can be found at: http://www.epa.gov/ogd/grants/how_to_apply.htm. Additional information pertaining to application requirements for EPA's CBPO grants programs can be found in the 2011 CBPO Grant Guidance at: <http://www.epa.gov/region03/chesapeake/grants.htm>. Interested parties applying for a grant under the Innovative Nutrient and Sediment and Small Watershed Grants Programs should submit their name and address to the National Fish and Wildlife Foundation 1120 Connecticut Avenue, NW, Suite 900, Washington, DC 20026, for purpose of establishing a database to receive RFPs. National Fish and Wildlife Foundation will list the RFP on their website: www.NFWF.org.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 7 months after deadline for application submission.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Renewals are subject to approval of EPA.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: Under Section 117 (e)(1)(A) and 117(e)(1)(B), respectively, State agencies applying for implementation and monitoring grants must identify 50 percent cost share of total project costs (equal match/dollar for dollar). All applicants applying for technical and general assistance grants under Section 117 (d), must commit to a cost share ranging from 5 percent to 50 percent as determined at the sole discretion of EPA. This determination will be stated in Request For Proposals or Agency policy. EPA will promptly inform the applicant of the selected cost share requirement. Signatory Jurisdictions applying for regulatory and accountability program grants under Section 117(e)(1)(A) must identify 50% cost share of total project costs (equal match/dollar for dollar) as required by statute. Headwater States applying for regulatory and accountability program grants under Section 117(d) must commit to a cost share of 25% of the total project costs. Applicants applying for Small Watershed Grants Program under Section 117(g)(2) must commit to a cost share of 25 percent of the total project cost. State and local governments receiving assistance under any of the provisions of Section 117 must comply with 40 CFR 31.24 and all other applicants must comply with 40 CFR 30.23. In addition to the cost share requirement, applicants must adhere to the requirement in the Clean Water Act, Section 117 - Administrative Costs. This section requires a 10 percent cap for administrative costs. The cost of salaries and fringe benefits incurred in administering the grant cannot exceed 10 percent of the Federal grant amount.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Grants are normally funded on a 12-month basis. The term of the grant shall be determined at the time of grant award. See the following for information on how assistance is awarded/released: The method of fund disbursement will be determined at the time of award.

Reports:

EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Agreements may require quarterly, interim, and final progress reports, and expenditure/financial, equipment, and invention reports. Specific reporting requirements are also identified in the Grant Regulations at 40 CFR Part 30 and 40 CFR Part 31, as applicable. Program reports are required under this program. Cash reports are required under this program. Progress reports are required under this program. Expenditure reports are required under this program. Performance monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate changes to each grant, must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained for three years from the date of submission of the final expenditure report. If questions still remain, such as those raised as a result of audit, related records should be retained until the matter is completely resolved.

Range and Average of Financial Assistance:

\$5,000 to \$13,875,000/fiscal year; \$6,937,500/fiscal year.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: In FY 12, CBPO did not issue any RFPs. However, CBPO's FY 12 activities included: communications, outreach, and education activities to support the staffing and operations of the Bay Program Communication Office; implementation of WIPs to reduce nutrients and sediments to improve water quality; continued technical support and outreach to address water quality restoration goals and maintain public awareness of Bay restoration; investigation of the nitrogen reduction efficiency and cost effectiveness of nitrogen reducing septic systems within the mid-Atlantic region; evaluation of the impact of phosphorus species on water quality and plant growth; NPDES data synthesis and field monitoring to better estimate loadings of toxics (metals, organics) to Chesapeake Bay through storm water; and Chesapeake Bay modeling, GIS and data analyses support, water quality data analysis/integration support, and nonpoint and point source data management/analysis. Fiscal Year 2013: So far in FY 13, CBPO has issued one RFP. CBPO received one proposal for this RFP and issued one award. CBPO may issue additional RFPs in FY 13. FY 13 activities will include: communications, outreach, and education activities to support the staffing and operations of the Bay Program Communication Office; implementation of WIPs to reduce nutrients and sediments to improve water quality; continued technical support and outreach to address water quality restoration goals and maintain public awareness of Bay restoration; investigation of the nitrogen reduction efficiency and cost effectiveness of nitrogen reducing septic systems within the mid-Atlantic region; evaluation of the impact of phosphorus species on water quality and plant growth; NPDES data synthesis and field monitoring to better estimate loadings of toxics (metals, organics) to Chesapeake Bay through storm water; Chesapeake Bay modeling, GIS and data analyses support, water quality data analysis/integration support, nonpoint and point source data management/analysis; and development of new regulations, design of TMDL watershed implementation plans, reissuance and enforcement of permits, and technical and compliance assistance to local governments and regulated entities to meet the water quality goals of the 2000 Chesapeake Bay Agreement. Fiscal Year 2014: No Current Data Available

66.467 WASTEWATER OPERATOR TRAINING GRANT PROGRAM
(Wastewater O&M Onsite Technical Assistance Grants)

FEDERAL AGENCY:

Office of Water, Environmental Protection Agency

AUTHORIZATION:

Federal Water Pollution Control Act, Section 104(g)(1), 33 U.S.C 1251.

OBJECTIVES:

To substantially enhance the proficiency of personnel engaged in the operations and maintenance of treatment works and related activities by financing pilot programs.

Funding Priority - Fiscal Year 2013: No funds are available in FY 2013. If funds become available, the funding priority will primarily be to provide on-site technical assistance to address the unique performance limiting conditions of wastewater treatment plants. Classroom training may also be provided on a limited basis, if cost-effective, to improve the skills of wastewater treatment plant operators.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Assistance is available to support recipients' allowable direct costs incidental to approved scopes of work plus allowable indirect costs, in accordance with established EPA policies and regulations.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

State agencies or the designated organizations of the States, the District of Columbia, Puerto Rico, Virgin Islands, Guam, Northern Marianas, America Samoa, the Trust Territories, and Native American Indian Tribes. Additionally, institutions of higher education and "not for profit institutions" may also apply for funding if acting as a designated organization of the State.

Beneficiary Eligibility:

State, Tribal, and local governments and publicly owned treatment works (POTWs). Activities which contribute to Operation and Maintenance (O&M) improvements at POTWs, including pollution prevention activities, may be funded. Legislative history supports using appropriations for onsite O&M technical assistance to the small sized POTWs of less than 5 million gallons per day (MGD) of wastewater flow, since many of these POTWs are exhibiting performance problems and do not have readily available consultant's technical assistance like those of the larger POTWs.

Credentials/Documentation:

Costs will be determined in accordance with applicable OMB Circular No. A-87, Cost Principles for State and local governments. Non-profit applicants may be asked to provide documentation that they meet the definition of a non-profit organization in OMB Circular A-122. Tribes may be asked to demonstrate that they are Federally recognized. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

The standard EPA application assistance forms must be used for this program. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. This program is subject to the provisions of OMB Circular No. A-102 Uniform Administration Requirements for Grant-in-Aid to State and Local Government. Request for application forms and completed applications must be submitted to the applicable Regional or Headquarters Grants Administration office. Applications must meet the requirements of the grant regulations and must be reviewed and approved by the appropriate Regional or Headquarters' waste management program office prior to approval by the Grants office. The review must include an administrative and technical evaluation to determine adequacy, merit, and relevance of the proposal. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

An application is reviewed by the appropriate EPA Regional Office and, if approved, is signed by the Regional Administrator or designated Division Director.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Generally, 90 days after the grant application is received by EPA.

Appeals:

Disputes will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: Generally 25 percent in kind service/goods or matching funds is required; however, this provision may be waived in certain cases.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Grants may be awarded for a project period not to exceed 3 years. The term of the grant shall be determined at the time of grant award. See the following for information on how assistance is awarded/released: The method of fund disbursement will be determined at the time of award.

Reports:

EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Agreements may require quarterly, interim, and final progress reports, and expenditure/financial, equipment, and invention reports. Specific reporting requirements are also identified in the Grant Regulations at 40 CFR Part 30 and 40 CFR Part 31, as applicable. Headquarters receives semi-annual status reports, and an annual data submission of the program's progress for the current fiscal year, from all Regional Offices. Program reports are required under this program. Cash reports are required under this program. Progress reports are required under this program. Expenditure reports are required under this program. Performance monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements

are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records and other records which substantiate the reasonable and allocable charges must be available to personnel authorized to examine EPA grant accounts. All records must be maintained for three years from the date of submission of the annual financial status reports. If questions arise, related records must be retained until the matter is completely resolved.

Account Identification:

68-0103-0-1-304.

Obligations:

(Project Grants) FY 12 \$80,370; FY 13 est \$0; and FY 14 est \$0

Range and Average of Financial Assistance:

For every \$1,000,000 appropriated by the U.S. Congress, a State receives approximately \$30,000/fiscal year to provide funds to onsite technical assistance providers. The historical range and average of financial assistance provided is: \$12,000 to \$40,000/fiscal year; \$25,000/fiscal year.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: In Fiscal Year 2012, one grant for \$80,370 was awarded from the deobligated funds from earlier years. The project is to provide a wide range of municipal wastewater operator technical assistance and trainings throughout New England and New York. Fiscal Year 2013: Not applicable as no funding was provided in Fiscal Year 2013. Fiscal Year 2014: No Current Data Available

REGULATIONS, GUIDELINES, AND LITERATURE:

Applicants for technical assistance should review 40 CFR Part 30, the General Grant Regulations and Procedures, and the annual guidance produced by the Headquarters wastewater program office.

Regional or Local Office:

See Regional Agency Offices. See EPA Regional Offices listed in Appendix IV of the Catalog or online for additional information.

RELATED PROGRAMS:

Not Applicable.

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: One award for \$80,370 was made to provide a wide range of municipal wastewater operator technical assistance and trainings throughout New England and New York. Fiscal Year 2013: Not applicable as no funding will be provided in Fiscal Year 2013. Fiscal Year 2014: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

On-site wastewater O&M technical applications managed by the Regions are evaluated based on the Headquarters wastewater program office's annual guidance, as well as EPA's grants management-related guidance. Other pilot program proposals, with similar objectives, will be considered by the Regional and Headquarters wastewater program offices based on the merits of the proposal, and prior designation by the applicable State agency(s) to receive these funds. Project objectives and requirements for applicants for other pilot project funding will be negotiated on a case-by-case basis.

66.468 CAPITALIZATION GRANTS FOR DRINKING WATER STATE REVOLVING FUNDS

(Drinking Water State Revolving Fund)

FEDERAL AGENCY:

AUTHORIZATION:

Safe Drinking Water Act (SDWA) Amendments of 1996, Section 130, Public Law 104-182; American Recovery and Reinvestment Act of 2009, Public Law 111-5.

OBJECTIVES:

Grants are made to States and Puerto Rico to capitalize their Drinking Water State Revolving Funds (DWSRFs) which will provide a long-term source of financing for the costs of drinking water infrastructure. Grants are also made to the District of Columbia, U.S. Territories (Virgin Islands, Mariana Islands American Samoa, and Guam), and Indian Tribes.

Funding Priority - Fiscal Year 2013: The funding priority established by the SDWA are for capitalization grants to each state for infrastructure improvement projects that are needed to achieve or maintain compliance with SDWA requirements, protect public health, and assist systems with economic need. A state may use a portion of the capitalization grant funds for programs that emphasize preventing contamination problems through source water protection and enhancing water system management. States and EPA Regions determine priorities for funding in accordance with SDWA. The program supports the Agency's strategic goal of ensuring clean and safe water.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Capitalization grants are made available to each State and Puerto Rico for the purpose of establishing a DWSRF for providing assistance to drinking water systems for infrastructure improvements. The capitalization grant is deposited in the State's DWSRF, and is used to provide loans and other types of financial assistance to eligible public water systems. A State may elect to use up to 31% of the capitalization grant for other eligible activities, including 4% for administration of the program. States may also elect to transfer up to one-third of the DWSRF capitalization grant to the Clean Water State Revolving Fund (CWSRF) or an equivalent amount from the CWSRF to the DWSRF program. Grants are also made available to Federally Recognized Indian Tribal Governments, U.S Territories, and the District of Columbia. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

States, the District of Columbia, U.S. Territories or Possessions (the Commonwealth of Puerto Rico, Virgin Islands, Mariana Islands American Samoa, and Guam), and Federally Recognized Indian Tribal Governments are eligible for grants from the program. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

States, U.S. Territories or Possessions (the Commonwealth of Puerto Rico, Virgin Islands, Mariana Islands American Samoa, and Guam), Federally Recognized Indian Tribal Governments, local, and intrastate.

Credentials/Documentation:

To receive a grant, an applicant enters into an agreement with the EPA Regional Administrator which shall include, but is not limited to, the requirements set forth in Section 130 of the SDWA. Recipients must follow OMB Circular No. A-87, "Cost Principles for State, Local and Indian Tribal Governments.". OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

States are required to prepare and provide for public comment on a plan identifying the intended uses (Intended Use Plan, or IUP) of the funds in the DWSRF and how those uses support the goals of the DWSRF. The IUP is to be submitted no later than the application. An environmental impact statement is not required prior to grant award; however, a State environmental review process must be applied to all subsequent State assistance for drinking water systems. Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. The standard application forms as furnished by the Federal agency and required by OMB Circular No. A-102 must be used for this program. EPA requires final applications to be made on Standard Form 424. Requests for application kits must be submitted to the Environmental Protection Agency, Grants and Interagency Agreements Management Division, 1200 Pennsylvania Avenue, N.W., Mailcode 3903R, Washington, DC 20460 or through the appropriate Regional Office listed in Appendix IV of the Catalog. Additional information on the EPA grant package can be found at: http://www.epa.gov/ogd/grants/how_to_apply.htm. Grants for Tribes, U.S. Territories, and the District of Columbia are selected based on funding priorities established by EPA Regional Offices. States must certify that they have the legal authority to receive a capitalization grant and that they have the legal authority to operate the program. States must provide assurance in their applications that they have the legal, managerial, technical and operational capabilities to administer the DWSRF program competently and that they will comply with all applicable Federal cross-cutting authorities and Federal statutes. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

A grant application is reviewed by the appropriate Regional Office, and if approved, the grant is awarded by the Regional Administrator under a delegation of authority from the Administrator of EPA. EPA Headquarters retains the authority to review certain applications or parts thereof. For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approval time averages 45 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

For those portions of the applicant's program that do not change from year to year, a subsequent grant application may incorporate by reference relevant portions of the previous year's application which have not changed.

Formula and Matching Requirements:

Statutory Formula: Title Safe Drinking Water Act. The funds available for allotment to State DWSRF programs are those funds appropriated by Congress under the Safe Drinking Water Act (SDWA 1452; 40 CFR 35.3540 and 35.3585). EPA allots funds to each State based on the State's proportional share of total eligible needs reported for the most recent Drinking Water Infrastructure Needs Survey (which is conducted every four years). The minimum proportional share that each State can receive is 1% of total funds available to States. EPA reserves up to 1.5% of the funds available for allotment to the States to provide grants to the U.S. Territories (Virgin Islands, Mariana Islands American Samoa, and Guam). The SDWA also requires the Administrator to reserve 1% of the funds available for allotment to the States to provide grants to the District of Columbia. The SDWA also allows EPA to reserve funds for national set-asides that include: up to 2.0% of the national appropriation for grants to Indian Tribes as well as funding for health effects studies, small system technical assistance, and monitoring of unregulated contaminants.

Matching Requirements: The required State match is 20% of the amount of the capitalization made to the State. States must also provide a match or demonstrate a credit for state funded eligible activities to receive Federal funds for certain program support activities. For Recovery Act funds, the required State match of 20% of the amount of the capitalization grant was waived. For additional information go to

<http://www.epa.gov/safewater/dwsrf/allotments/index.html>.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Funds are available for EPA's obligation to the State during the fiscal year in which they are allotted and during the following year. Recovery Act funds were available for EPA's obligation to the State until September 30, 2010. The term of the grant shall be determined at the time of award. States must agree to enter into binding commitments with loan recipients to provide financial assistance from the DWSRF in an amount equal to the sum of Federal assistance, less amounts used by the State for eligible set-aside purposes, and the State match. States are also required to agree to commit and expend all funds in the DWSRF as efficiently as possible, and in a timely manner. See the following for information on how assistance is awarded/released: The method of fund disbursement will be determined at the time of award.

Reports:

States shall provide biennial reports to the Regional Administrator in accordance with the schedule established in the grant agreement (generally not later than 90 days after the end of the second fiscal year during which the payments were received). The biennial report shall describe how the State has met the goals and objectives for the preceding two fiscal years as identified in its intended use plans for those periods, including identification of loan recipients, loan amounts, and loan terms and similar details on other forms of financial assistance provided from the DWSRF. For grants to Tribes and U.S. Territories, procedures for accounting, auditing, evaluating, and reviewing any program for activities in whole or in part shall be governed by regulations at 40 CFR Parts 31 and 35, "Environmental Program Grants for Tribes," with reports as required by the specific terms of the agreement. For Recovery Act funds, funding reports must be submitted in a prescribed format within 10 calendar days after the end of each calendar quarter, beginning October 10, 2009. These reports will include data elements as prescribed by Public Law 111-5, Section 1512 and OMB Guidance. Program reports are required under this program. Cash reports are required under this program. Progress reports are required under this program. Expenditure reports are required under this program. Performance monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer

and the Grants Specialist may occur each year. States must comply with the provisions of the Single Audit Act Amendments of 1996, and the OMB Circular No. A-133 and Compliance Supplement. States are also encouraged to conduct annual independent audits. The audit of the fund to be prepared by the State or an independent auditor must be in accordance with the standards of the Government Accountability Office (known as the Generally Accepted Government Auditing Standards). To the extent that the set-asides are used for project purposes that must be repaid, or are directly related to the DWSRF (e.g., administration) or are revolving funds themselves, they must be part of an audited opinion(s). The audits must provide an auditor's opinion on the DWSRF financial statements, a report on internal controls and a report on compliance with laws and regulations. Those set-aside funds that are not loaned out may be audited in conjunction with audits conducted under the Single Audit Act, as described in OMB Circular No. A-133 and OMB's Compliance Supplement for Single Audits of State and Local Governments.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate changes to each grant, must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained for three years from the date of submission of the final expenditure report. If questions still remain, such as those raised as a result of audit, related records should be retained until the matter is completely resolved. As part of the annual review conducted by the Agency to assess a State's performance against activities identified in the intended use plan and biennial report, and to determine compliance with the terms of the capitalization grant agreement, the State or assistance recipient shall make available to EPA such records as the Regional Administrator reasonably requires to review and determine State compliance with the requirements of the SDWA.

(Formula Grants) FY 12 \$917,892,000; FY 13 est \$861,900,000; and FY 14 est \$813,000,000 - Recovery Act funds - FY 12 \$0; FY 13 est. \$0; and FY 14 est. \$0.

Range and Average of Financial Assistance:

States: \$8,975,000 to \$83,957,000/fiscal year; \$16,318,800/fiscal year. Tribes: \$6,000 to \$2,400,000/fiscal year; \$480,000/fiscal year. Territories: \$2,057,000 to \$13,573,000/fiscal year; \$4,189,000/fiscal year. Recovery Act funds - States: \$19,500,000 to \$160,000,000/fiscal year. Territories: \$500,000 to \$2,100,000/fiscal year. Tribes: \$15,600 to \$3,200,000/fiscal year.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: All 50 states and Puerto Rico have established and are implementing DWSRF programs through receipt of a capitalization grant. In FY 12, States made 730 loans to systems for a cumulative total of \$23.7 billion to conduct infrastructure improvement projects. Of the total number of loans, 71% of loans went to small water systems that serve 10,000 persons or fewer. States also used funds to prevent drinking water contamination through source water protection and enhanced system management. Fiscal Year 2013: All 50 states and Puerto Rico have established and are implementing DWSRF programs through receipt of a capitalization grant. In FY 13, states, tribes, and territories will continue to receive funding to support infrastructure improvement projects. Fiscal Year 2014: No Current Data Available

REGULATIONS, GUIDELINES, AND LITERATURE:

66.469 GREAT LAKES PROGRAM

(GLNPO)

FEDERAL AGENCY:

Office of Water, Environmental Protection Agency

AUTHORIZATION:

National Environmental Policy Act, Section 102(2)(F); Clean Water Act, Section 104&118, 33 U.S.C 1254; Consolidated Appropriations Act, 2012.

OBJECTIVES:

To restore and maintain the chemical, physical, and biological integrity of the Great Lakes Basin Ecosystem. USEPA leads a consortium of programs, agencies, and public and private institutions in attaining specific objectives and actions that will address the most significant Great Lakes ecosystem problems and efforts in five major focus areas: Toxic Substances and Areas of Concern; Invasive Species; Nearshore Health and Nonpoint Source Pollution; Habitat and Wildlife Protection and Restoration; Accountability, Education, Monitoring, Evaluation, Communication and Partnerships. Funded activities will advance protection and restoration of the Great Lakes ecosystem in support of (i) the Great Lakes Restoration Initiative as described in the Great Lakes Restoration Initiative Action Plan (http://greatlakesrestoration.us/pdfs/glri_actionplan.pdf), (ii) the Great Lakes portion of Objective 2.02 (Protect and Restore Watersheds and Aquatic Ecosystems) of EPA's 2011-2015 Strategic Plan, and/or (iii) the Great Lakes Regional Collaboration Strategy to Protect and Restore the Great Lakes (<http://www.gllrc.us/strategy.html>).

Funding Priority - Fiscal Year 2013: The Great Lakes Restoration Initiative (GLRI), guided by the Great Lakes Regional Collaboration Strategy, is a coordinated effort among EPA and the Great Lakes Federal Interagency Task Force to fund the highest priority activities in order to protect and restore the Great Lakes.

The President in 2009 announced a new Great Lakes Restoration Initiative, committing the federal government to significantly advance Great Lakes protection and restoration pursuant to that work. EPA has since then led the Interagency Task Force in development of a 2010-2014 Great Lakes Restoration Initiative Action Plan (Action Plan). The Action Plan, built upon the foundation of the GLRC Strategy and developed with stakeholder input from meetings throughout the Great Lakes, targets the most significant environmental problems in the Great Lakes ecosystem. The Action Plan is an action driver, articulating the most significant ecosystem problems and efforts to address them in five major focus areas:

- (i) Toxic Substances and Areas of Concern, including pollution prevention and cleanup of the most polluted areas in the Great Lakes.
- (ii) Invasive Species, including efforts to institute a "zero tolerance policy"

toward new invasions.

(iii) Nearshore Health and Nonpoint Source Pollution, including a targeted geographic focus on high priority watersheds and reducing polluted runoff from urban, suburban, and agricultural lands.

(iv) Habitat and Wildlife Protection and Restoration, including bringing wetlands and other habitat back to life, and the first-ever comprehensive assessment of the entire 530,000 acres of Great Lakes coastal wetlands for the purpose of strategically targeting restoration and protection efforts in a science-based manner.

(v) Accountability, Education, Monitoring, Evaluation, Communication and Partnerships, including the implementation of goal- and results-based accountability measures, learning initiatives, outreach and strategic partnerships.

The GLRI is placing a special priority on cleaning up and de-listing Areas of Concern, reducing phosphorus contributions from agricultural and urban lands that contribute to harmful algal blooms and other water quality impairments, and invasive species prevention.

TYPES OF ASSISTANCE:

DISSEMINATION OF TECHNICAL INFORMATION; PROJECT GRANTS; USE OF PROPERTY, FACILITIES, OR EQUIPMENT

USES AND USE RESTRICTIONS:

The statutory authority for awards from 2013/2014 funding is contained in Consolidated Appropriations Act 2012 and P.L. 113-6, including administrative provisions authorizing grants "for planning, research, monitoring, outreach, and implementation for grants to and/or cooperative agreements with governmental entities, nonprofit organizations, institutions, and individuals in furtherance of the Great Lakes Restoration Initiative and the Great Lakes Water Quality Agreement." Great Lakes Restoration Initiative implementation, as described above, includes but is not limited to land use activities, governmental partnerships and informed public participation, technology development, investigations, experiments, training, demonstrations, surveys, and studies to the extent consistent with the Great Lakes Regional Collaboration or the Great Lakes Restoration Initiative Action Plan.

The Statutory Authority to take action to implement the U.S. responsibilities under the Great Lakes Water Quality Agreement, which these awards will support, is contained in Section 118(c) of the Clean Water Act. The principal goal of the Great Lakes Water Quality Agreement is the restoration and maintenance of the chemical, physical, and biological integrity of the Great Lakes Ecosystem. For projects with international aspects the above statutes are supplemented, as appropriate, by the National Environmental Policy Act, Section 102(2)(F).

Grants and cooperative agreements are available to support recipients' allowable direct costs incident to approved activities plus allowable indirect costs, in accordance with established EPA policies and regulations. Quality System Documentation is required for projects involving measurements or information that describe environmental processes, location, or conditions; ecological or health effects and consequences; or the performance of environmental technology. Section 118 (c)(12) authorizes contaminated sediment remediation in Areas of Concern pursuant to eligible projects under the Great Lakes Legacy Act; however, these will be done through project cooperation agreements, rather than assistance.

Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal

Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

Entities eligible to apply for grants include governmental entities, nonprofit organizations, institutions, and individuals. This includes state agencies; any agency or instrumentality of local government; interstate agencies; federally-recognized tribes and tribal organizations; colleges and universities that are subject to 40 CFR Part 30 or 40 CFR Part 31; non-profit organizations; and other public or non-profit private agencies, institutions, and organizations. Non-profit organization, as defined by OMB Circular A-122, located at 2 CFR Part 230, means any corporation, trust, association, cooperative, or other organization which: (1) is operated primarily for scientific, educational, service, charitable, or similar purposes in the public interest; (2) is not organized primarily for profit; and (3) uses its net proceeds to maintain, improve, and/or expand its operations. Non-profit organizations described in Section 501(c)(4) of the Internal Revenue Code that engage in lobbying activities as defined in Section 3 of the Lobbying Disclosure Act of 1995 are not eligible applicants. "For profit" organizations are not eligible applicants. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

Beneficiaries include governmental entities, nonprofit organizations, institutions, and individuals. This includes state agencies; any agency or instrumentality of local government; interstate agencies; federally-recognized tribes and tribal organizations; colleges and universities that are subject to 40 CFR Part 30 or 40 CFR Part 31; non-profit organizations; and other public or non-profit private agencies, institutions, and organizations. Non-profit organization, as defined by OMB Circular A-122, located at 2 CFR Part 230, means any corporation, trust, association, cooperative, or other organization which: (1) is operated primarily for scientific, educational, service, charitable, or similar purposes in the public interest; (2) is not organized primarily for profit; and (3) uses its net proceeds to maintain, improve, and/or expand its operations. Non-profit organizations described in Section 501(c)(4) of the Internal Revenue Code that engage in lobbying activities as defined in Section 3 of the Lobbying Disclosure Act of 1995 are not eligible applicants. "For profit" organizations are not eligible applicants. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Credentials/Documentation:

The provisions of OMB Circular No. A-87 "Cost Principles for State, Local and Indian Tribal Governments," OMB Circular No. A-21 "Cost Principles for Educational Institutions," and of OMB Circular No. A-122 "Cost Principles for Nonprofit Organizations" apply. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Preapplication assistance is available. Requests for Initial Proposals and Proposals will be accessible on the Internet from GLNPO's home page (<http://www.epa.gov/glnpo/>) and an announcement will be mailed to organizations which have registered with GLNPO. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. As specified in applicable requests for proposals. Application kits may be requested from USEPA GLNPO (G-17J), 77 West

Jackson Boulevard, Chicago, Illinois 60604-3590. Application Packages should be submitted to the same address. Standard application forms, as furnished by the Federal agency and required by OMB Circular No. A-102, must be used. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

Proposals are evaluated by EPA reviewers to determine the adequacy of the application under Great Lakes objectives, including technical merit, relevance of the project, environmental outcomes, and cost. Administrative review is done by the Regional Assistance Branch. Funds are awarded by the Great Lakes National Program Office or Region 2, 3, or 5, as applicable. Great Lakes Restoration Initiative assistance is approved by the Great Lakes National Program Manager. For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 60 days after deadline for application submission.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Contact the Great Lakes National Program Office for information.

Formula and Matching Requirements:

This program has no statutory formula. Matching Requirements: Leveraging, including an applicant's match percentage, will be considered as part of the project selection process for grants and cooperative agreements; however, the program does not expect to require any minimum match requirement. Any such requirement will be specified in the individual Request for Proposals. A minimum 35 percent matching requirement will apply to Legacy Act projects (Section 103 of the Great Lakes Legacy Act of 2002).

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Generally 1-3 years; however, some incremental awards are made up to 5 years. The term of the grant shall be determined at the time of grant award. See the following for information on how assistance is awarded/released: The method of fund disbursement will be determined at the time of award.

Reports:

EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Agreements may require quarterly, interim, and final progress reports, and expenditure/financial, equipment, and invention reports. Specific reporting requirements are also identified in the Grant Regulations at 40 CFR Part 30 and 40 CFR Part 31, as applicable. Program reports are required under this program. Cash reports are required under this program. Progress reports are required under this program. Expenditure reports are required under this program. Performance monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements

are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate changes to each grant, must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained for three years from the date of submission of the final expenditure report. If questions still remain, such as those raised as a result of audit, related records should be retained until the matter is completely resolved.

Account Identification:

Obligations:

(Project Grants) FY 12 \$97,629,128; FY 13 est \$100,000,000; and FY 14 est \$100,000,000 - Grants and Cooperative Agreements - FY 12 \$47,686,794; FY 13 est. \$50,000,000; and FY 14 est. \$50,000,000. Legacy Act (Project Agreements) - FY 12 \$49,942,334; FY 13 est. \$50,000,000; and FY 14 est. \$50,000,000.

Range and Average of Financial Assistance:

Grants and Cooperative Agreements. Range: \$15,000 to \$5,000,000. Average: approximately \$500,000.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: In FY 12, GLNPO issued a competitive Request for Applications offering a total of \$20 million for nine categories of projects in the following four areas: Toxic Substances and Areas of Concern; Invasive Species; Nearshore Health and Nonpoint Source Pollution; and Accountability, Education, Monitoring, Evaluation, Communication and Partnerships. In response, applicants submitted 200 applications requesting approximately \$73 million and 57 awards were made totaling approximately \$21.4 million. GLNPO also issues non-competitive grants to States and Tribes for LaMP and RAP activities and funds contaminates sediment remediation projects, in Great Lakes Areas of Concern, under the Great Lakes Legacy Act. Additional information is available from links at <http://www.epa.gov/grtlakes/fund/index.html>.

The investments made under the Great Lakes Restoration Initiative (GLRI) are showing promising results in addressing the most critical environmental challenges facing the Great Lakes. Some of the notable achievements from GLRI include:

o The Presque Isle, PA Area of Concern (AOC) was delisted in February, 2013. This is the 2nd US AOC delisting and the first since 2006.

o From GLRI's inception through February 2013, twenty-five Beneficial Use Impairments (BUIs) at thirteen different AOCs have been removed.

o All management actions necessary for delisting were completed at the Sheboygan River, WI AOC in January 2013.

o In FY12, we reported remediation of over a million cubic yards of contaminated sediments using various federal and state authorities.

o No new invasive species populations have been detected in the Great Lakes, including Asian carp.

o Over 90,000 acres (cumulative) of wetland, coastal, upland, and island habitat were protected, restored, or enhanced.

Descriptions of Great Lakes Restoration Initiative projects are available from: <http://greatlakesrestoration.us>. Fiscal Year 2013: GLNPO holds competitions throughout the year based on available funds and Agency priorities. The number of applications and the number of awards made is dependent on the competitive announcement issued. The announcement typically includes the number of anticipated awards. FY2013 announcement information is not available. GLNPO also issues non-competitive grants to States and Tribes for

LaMP and RAP activities and funds contaminates sediment remediation projects, in Great Lakes Areas of Concern, under the Great Lakes Legacy Act. Additional information is available from links at <http://www.epa.gov/grtlakes/fund/qlf.html>. Fiscal Year 2014: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement. Proposals are approved by EPA according to technical merit and relevance to the Great Lakes Water Quality Agreement, Section 118 of the Clean Water Act, and the criteria established in the applicable Request for Proposals.

66.471 STATE GRANTS TO REIMBURSE OPERATORS OF SMALL WATER SYSTEMS FOR TRAINING AND CERTIFICATION COSTS

(Operator Certification Expense Reimbursement Grants)

FEDERAL AGENCY:

Office of Water, Environmental Protection Agency

AUTHORIZATION:

Safe Drinking Water Act (SDWA) Amendments of 1996, Section 301, Public Law 104-182.

OBJECTIVES:

This grant program was established as a one-time grant to states and U.S. territories to train and certify small drinking water system operators.

Funding Priority - Fiscal Year 2013: EPA's funding priority has been to provide funds to states to reimburse the costs of training, including an appropriate per diem for unsalaried operators, and certification for persons operating community and nontransient noncommunity public water systems serving 3,300 persons or fewer that are required to undergo training pursuant to EPA's operator certification guidelines. The Operator Expense Reimbursement Grant (ERG) program closed at the end of calendar year 2012.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Grants may be used by states to reimburse operators of community and nontransient noncommunity water systems serving 3,300 persons or fewer for the costs of training and certification needed to meet EPA guidelines. Unsalaries operators may also be reimbursed for per diem costs. States are allowed to use a portion of their grant to administer the program. If a state has reimbursed all such costs, the state may, after notice to the Administrator of EPA, use any remaining funds from the grant for any of the other purposes authorized for Drinking Water State Revolving Fund (DWSRF) capitalization grants under section 1452 of the 1996 SDWA Amendments (CFDA 66.468).

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

States, Puerto Rico, and U.S. Territories are eligible to receive grants.

Beneficiary Eligibility:

States and U.S. Territories are the primary beneficiaries. States and U.S. Territories use funds awarded to them to provide reimbursement to operators of community and nontransient noncommunity public water systems serving 3,300 persons or fewer that are publicly- or privately-owned. Indian tribes and Alaska Native Villages may be eligible to receive funding through state programs if they are subject to state operator certification program requirements.

Credentials/Documentation:

To receive a grant, a State or territory enters into an agreement with the EPA Regional Administrator which shall include, but not be limited to, the requirements set forth in Section 1419(d) of the 1996 SDWA Amendments. OMB Circular No. A-87, "Cost Principles Applicable to Grants and Contracts with State and Local Governments" applies to state grantees. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

An applicant (State and U.S. territory) should seek preapplication assistance from the appropriate EPA Regional Office as listed in Appendix IV of the Catalog. An environmental impact statement is not required prior to grant award. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information

on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. The standard application for EPA non-construction grant assistance (EPA Form SF-424) is submitted to the appropriate Regional Office. The state must receive EPA approval of its operator certification program before it can apply for and receive a grant. The state must provide the assurance in its application that it will comply with all applicable Federal cross-cutting authorities and Federal statutes. EPA grant regulations (40 CFR Part 31) apply to states receiving grants. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

A grant application is reviewed by the appropriate Regional Office, and if approved, the grant is awarded by the Regional Administrator under a delegation of authority (Delegation of Authority 9-68) from the Administrator of EPA. EPA Headquarters retains the authority to review certain applications or parts thereof.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approval time averages 45 days.

Appeals:

Disputes will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Title 66 FR 19939. The Regional Administrator may award expense reimbursement grants from funds appropriated for this purpose. Allotments to the States and U.S. territories are based on a formula, approved by the Assistant Administrator for Water, that allocates the funds based on several factors, including the number of operators of small systems within a State. The allocation methodology was published in the Federal Register on April 18, 2001 (66 FR 19939).

Matching Requirements: There are no matching requirements on the initial grant award. However, if a state reimburses all eligible costs and chooses to use the remaining funds for purposes eligible under the DWSRF program (CFDA 66.468), it will be required to provide a 20 percent match on the remaining amount. The allotment of funds to the States is determined by a formula that reflects the costs to train and certify operators of system serving 3,300 persons or fewer in each state.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

During the two year reimbursement period, 54 awards were made to states for reimbursement of certification and training cost for drinking water operators of small water systems serving populations of 3,300 or less. See the following for information on how assistance is awarded/released: The method of fund disbursement will be determined at the time of award.

Reports:

EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Agreements may require quarterly, interim, and final progress reports, and expenditure/financial, equipment, and invention reports. Specific reporting requirements are also identified in the Grant Regulations at 40 CFR Part 30 and 40 CFR Part 31, as applicable. Program reports are required under this program. Cash reports are required under this program. Progress reports are required under this program. Expenditure reports are required under this program. Performance monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000

or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records and other records which substantiate the reasonable and allocable charges must be available to personnel authorized to examine EPA grant accounts. All records must be maintained for three years from the date of submission of the annual financial status reports. If questions arise, related records must be retained until the matter is completely resolved.

Account Identification:

68-0103-0-1-304.

Obligations:

(Formula Grants) FY 12 \$0; FY 13 est \$0; and FY 14 est \$0

Range and Average of Financial Assistance:

\$14,420 to \$9,642,860/fiscal year; \$4,828,640/fiscal year.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: In FY 12, awarded funds will continue to be used to reimburse operators of community and non-transient non-community water systems serving 3,300 persons or fewer for the costs of certification (initial certification fees, certification renewal fees, exam fees) and training (training course fees and materials). Fiscal Year 2013: Not applicable because no funding is available in FY 13. Fiscal Year 2014: No Current Data Available

REGULATIONS, GUIDELINES, AND LITERATURE:

Applicants for assistance should review 40 CFR Part 31, the General Grant Regulations and Procedures and guidance produced by the Headquarters drinking water program office.

RELATED PROGRAMS:

66.468 Capitalization Grants for Drinking Water State Revolving Funds

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: All States, Puerto Rico, the Commonwealth of the Northern Mariana Islands, and Guam have received grant funds for this program. Funds for this grants program are being used to reimburse operators of community and nontransient noncommunity water systems serving 3,300 persons or fewer for the costs of training and certification. Examples of eligible reimbursement costs included: initial certification fees, certification renewal fees, examination fees, costs of training courses, and mileage reimbursements. Fiscal Year 2013: Not applicable as no funding will be provided in FY 13. Fiscal Year 2014: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

Grants are awarded to States that satisfy the requirements outlined in the application procedure section.

66.472 BEACH MONITORING AND NOTIFICATION PROGRAM IMPLEMENTATION GRANTS

BEACH Act Program

FEDERAL AGENCY:

Office of Water, Environmental Protection Agency

AUTHORIZATION:

Beaches Environmental Assessment and Coastal Health Act of 2000, Public Law 106-284; Clean Water Act, Section 406.

OBJECTIVES:

To assist Coastal and Great Lakes States and Tribes eligible under Section 518(e) of the Clean Water Act, as amended, in developing and implementing programs for monitoring and notification for coastal recreation waters adjacent to beaches or similar points of access that are used by the public.

Funding Priority - Fiscal Year 2013: EPA's funding priority is to award grants to those applicants whose proposals clearly demonstrate a state's, tribe's, or local government's ability to monitor recreational waters; notify the public of risks; manage programs; and communicate among environmental and public health agencies and the public.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

These grants are intended to support the development and implementation of recreational water monitoring and notification programs or support enhancement of an existing program. EPA encourages grantees to use implementation grant funds to test various approaches for meeting BEACH Act program requirements. For development grants, programs must clearly demonstrate an increase in a State's, Tribe's, or local government's ability to monitor recreational waters and notify the public of risks; manage programs; and communicate among environmental and public health agencies and the public. To be eligible for implementation grants, programs must also demonstrate that they meet the program performance criteria listed in the National Beach Guidance and Required Performance Criteria for Grants (EPA-823-B-02-004). Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

Coastal and Great Lakes States, territories (Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands), and Tribes eligible under Section 518(e) of the Clean Water Act, as amended. The Administrator may make a grant to a local government under this subsection for implementation of a monitoring and notification program only if, after the one-year period beginning on the date of publication of performance criteria under Section 406 (a)(1), the Administrator determines that the State is not implementing a program that meets the requirements of Section 406(a)(1), regardless of whether the State has received a grant under Section 406(a)(1). Interstate agencies and intertribal consortia are not eligible for Beach grants.

Beneficiary Eligibility:

States, U.S. territories, Federally recognized Indian Tribal Governments, environmental and public health agencies, and local governments involved in implementing monitoring and notification programs.

Credentials/Documentation:

Costs will be determined in accordance with OMB Circular No. A-87 for State, Tribal, and local governments. Recipients must show compliance with 40 CFR Part 31. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination with the appropriate EPA Regional Office is encouraged. The standard application forms, as furnished by the Federal agency and required by OMB Circular No. A-102, must be used for this program. Environmental impact information is not required for this program. This

program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. Requests for application forms should be made to the appropriate EPA Regional Grants Management Office identified in Appendix IV of the Catalog. Completed applications should be sent to the appropriate Regional or Headquarters Contact. All proposals or work statements should be developed in response to the criteria identified in CRITERIA FOR SELECTING PROPOSALS. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

Grant applications are reviewed by the appropriate EPA Regional Office, and if approved, are awarded by the Regional Administrator.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Grants are usually approved within five months of receipt of complete application.

Appeals:

Disputes will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Renewals are subject to approval by the appropriate EPA Regional or Headquarters Contact. Please contact the appropriate EPA Regional or Headquarters Contact for guidance.

Formula and Matching Requirements:

Statutory Formula: Title Beaches Environmental Assessment and Coastal Health Act of 2000. EPA awards grants to all eligible States and territories who apply for funding based on an allocation formula that the Agency developed for allocating BEACH Act grant funds in 2002. The allocation formula uses three factors: (1) beach season length, (2) beach miles, and (3) beach use.

This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Beach grants are normally funded on a 12-month basis (yearly). However, EPA may negotiate the project period, grant continuations, and grant amendments with each applicant based on project requirements. See the following for information on how assistance is awarded/released: The method of fund disbursement will be determined at the time of award.

Reports:

Recipients must submit annual performance reports and financial reports as required in 40 CFR 31.40 and 31.41. The annual performance report explains changes to the beach monitoring and notification program during the grant year. It also describes how the grant funds were used to implement the program to meet the performance criteria listed in the National Beach Guidance and Required Performance Criteria for Grants (EPA 823-B-02-004). The annual performance report required under 40 CFR 31.40 is due no later than 90 days after the grant year ends. Recipients must also submit annual monitoring and notification reports required by the National Beach Guidance and Required Performance Criteria for Grants (EPA 823-B-02-004). Sections 2.2.3 and 4.3 of the document contain the performance criterion requiring an annual monitoring report, and sections 2.2.8 and 5.4 contain the performance criterion requiring an annual notification report. This document can be found at http://water.epa.gov/grants_funding/beachgrants/guidance_index.cfm. These reports are required to be submitted to EPA under CWA section 406(b)(3)(A) and the National Beach Guidance and Required Performance Criteria for Grants, and include data collected as part of a monitoring and notification program. As a condition of award of an implementation grant, EPA requires that the monitoring report and the notification report for any beach season be

submitted not later than January 31 of the year following the beach season. Program reports are required under this program. Cash reports are required under this program. Progress reports are required under this program. Expenditure reports are required under this program. Performance monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate charges to each grant, must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained for 3 years from the date of submission of the annual financial status report. If questions still remain, such as those raised as a result of audit, related records should be retained until the matter is completely resolved.

Obligations:

(Formula Grants) FY 12 \$10,887,100; FY 13 est \$9,349,000; and FY 14 est \$0

Range and Average of Financial Assistance:

States and territories: \$ 150,000 to \$516,000/fiscal year; \$280,000/fiscal year. In FY 13, EPA made \$150,000 available to eligible Tribes. In FY 13, there were three eligible Tribes.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: In FY 12, EPA awarded grants to all 35 coastal and Great Lakes states and territories and three eligible tribes that qualified for the BEACH Act Grant program. Program benefits from funding in FY 12 include: development and implementation of recreational water quality monitoring protocol (sampling design, indicator organism); decreasing swimmer exposure by improving communication outreach and education to public on swimming advisories; establishing more efficient and timely management decision process for posting swimming advisories; and constructing databases to provide government and public access to data and information. Fiscal Year 2013: In FY 13, grants will continue to support the development and implementation of recreational water quality monitoring and notification programs or support enhancement of an existing program. Fiscal Year 2014: No Current Data Available

RELATED PROGRAMS:

Not Applicable.

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: Development and implementation of beach monitoring programs; development of databases and websites; purchase of lab equipment for water quality monitoring; construction and posting of signs on beaches; and purchase of vehicles for monitoring. Fiscal Year 2013: Development and implementation of beach monitoring programs; development of databases and websites; purchase of lab equipment for water quality monitoring; construction and posting of signs on beaches; and purchase of vehicles for monitoring. Fiscal Year 2014: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

To be eligible for program implementation grants, applicants must meet program performance criteria outlined in National Beach Guidance and Required Performance Criteria for Grants (EPA-823-B-02-004). The performance criteria set forth implementation grant requirements for monitoring and assessing recreation waters and promptly notifying the public of exceedances of water quality for pathogens. As a condition of receipt of a program Implementation Grant under Section 406(b) of the Clean Water Act, a State or local government program for monitoring and notification under this section shall identify: (1) lists of coastal recreation waters in the State, including coastal recreation waters adjacent to beaches or similar points of access that are used by the public; (2) in the case of a State program for monitoring and notification, the process by which the State may delegate to local governments responsibility for implementing the monitoring and notification program; (3) the frequency and location of monitoring and assessment of coastal recreation waters based on: (a) the periods of recreational use of the waters; (b) the nature and extent of use during certain periods; (c) the proximity of the waters to known point sources and nonpoint sources of pollution; and (d) any effect of storm events on the waters; (4)(a) the methods to be used for detecting levels of pathogens and pathogen indicators that are harmful to human health; and (b) the assessment procedures for identifying short-term increases in pathogens and pathogen indicators that are harmful to human health in coastal recreation waters (including increases in relation to storm events); (5) measures for prompt communication of the occurrence, nature, location, pollutants involved, and extent of any exceeding of, or likelihood of exceeding, applicable water quality standards for pathogens and pathogen indicators to: (a) the Administrator, in such form as the Administrator

determines to be appropriate; and (b) a designated official of a local government having jurisdiction over land adjoining the coastal recreation waters for which the failure to meet applicable standards is identified; (6) measures for the posting of signs at beaches or similar points of access, or functionally equivalent communication measures that are sufficient to give notice to the public that the coastal recreation waters are not meeting or are not expected to meet applicable water quality standards for pathogens and pathogen indicators; and (7) measures that inform the public of the potential risks associated with water contact activities in the coastal recreation waters that do not meet applicable water quality standards.

66.473 DIRECT IMPLEMENTATION TRIBAL COOPERATIVE AGREEMENTS

(DITCA)

FEDERAL AGENCY:

Office of International and Tribal Affairs, Environmental Protection Agency

AUTHORIZATION:

Department of Defense, Military Construction and Veterans Affairs, and Full-Year Continuing Appropriations Act, 2013, Public Law 113-6.

OBJECTIVES:

Direct Implementation Tribal Cooperative Agreements (DITCAs) enable EPA to award cooperative agreements to federally recognized Indian tribes and eligible intertribal consortia to help carry out the Agency's function to implement directly, Federal environmental programs required or authorized by law in the absence of an acceptable tribal program, notwithstanding the Federal Grant and Cooperative Agreement Act. DITCAs are an increasingly important avenue for EPA and the tribes to realize meaningful environmental protection in Indian Country. DITCAs enable EPA to partner with tribes to help fulfill EPA's direct implementation authorities, yield environmental results, and assist the Agency in meeting its Strategic Plan goals and targets. DITCAs also provide tribes with flexibility and opportunity by allowing tribes, through a workplan with EPA and under federal authority, to choose aspects of a program that address their tribal environmental needs and priorities, to determine the scope and pace of tribal involvement, and to build tribal capacity to implement environmental programs.

Funding Priority - Fiscal Year 2013: The program provides another avenue for tribes and EPA to partner in implementing meaningful environmental protection in Indian Country. DITCAs provide tribes with the flexibility and opportunity to develop staff capacity to manage environmental programs, to address specific tribal environmental needs and priorities that are within EPA's authority for direct implementation, and to determine the scope and pace of tribal involvement. EPA retains final decision-making authority and ultimate responsibility for the environmental programs including all regulatory activities. EPA may award DITCAs to fund activities for environmental programs that meet either one of the following criteria: 1) federal programs under environmental laws that clearly require EPA to directly implement in the Tribal context; or 2) federal programs under environmental laws that in the state context EPA is required to directly implement in the absence of an acceptable state program. Because DITCAs can address a wide range of activities, and the need for implementation of these activities in Indian Country is great, the funding priority is for any eligible activity that addresses a tribal environmental need or priority, and yields meaningful environmental results for the tribe and the Agency.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

DITCAs assist Tribes in helping EPA directly implement Federal environmental programs required or authorized by law in the absence of an acceptable Tribal program, and may only be awarded to Tribes to assist the Administrator in directly implementing Federal environmental programs for Indian Tribes required or authorized by law. EPA may award DITCAs to fund activities for environmental programs that meet either one of the following criteria: 1) federal programs under environmental laws that clearly require EPA to directly implement in the Tribal context; or 2) federal programs under environmental laws that in the state context EPA is required to directly

implement in the absence of an acceptable state program. There are several limitations on DITCA awards. Among them are: (1) The statutory authority for DITCA is found in appropriations acts. In the event the appropriation authority is extended by continuing resolution(s), the DITCA authority will also be extended. (2) The project period of the DITCA may extend beyond the period of the appropriations act under which it was created, but all funds must be awarded prior to the expiration of the appropriations act authorizing the DITCA. (3) DITCA funded personnel may not perform inherently Federal functions. (4) EPA personnel can provide assistance to DITCA representatives based on the written DITCA work plan which may include daily direction. EPA cannot treat DITCA representatives as EPA employees by participating in hiring, disciplining, or firing decisions. (5) DITCA funded personnel cannot operate vehicles which are either owned or leased by the Federal government. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

DITCAs may be awarded to: (1) Federally Recognized Indian Tribal Government, and (2) intertribal consortia consistent with applicable provisions. In order for an intertribal consortium to be eligible to receive cooperative agreements under this authority, an intertribal consortium should be consistent with the provisions in 40 C.F.R. Part 35. See Notice of Guidance Issuance: Direct Implementation Tribal Cooperative Agreements (DITCAs) Guidance, 70 Fed. Reg 1440 (2005).

Beneficiary Eligibility:

Federally Recognized Indian Tribal Government and intertribal consortia consistent with applicable provisions.

Credentials/Documentation:

The provisions of OMB Circular No. A-87 "Cost Principles for State, Local and Indian Tribal Governments" apply. In order for intertribal consortium to be eligible to receive cooperative agreements under this authority, an intertribal consortium should be consistent with the provisions in 40 CFR Part 35. For additional information see also the Notice of Guidance Issuance, 70 Fed. Reg. 1440 (2005). OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. EPA will work with Tribes and Intertribal Consortia to develop work plans consistent with program guidance and any regulations that govern the implementation of the relevant Federal environmental program. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. The preapplication must be submitted to EPA for review. Successful applicants will be contacted by EPA and will be required to submit "Application for Federal Assistance," SF 424; "Budget Information: Non-Construction Programs," SF 424A; "Assurances-Non-Construction Programs, Certification Regarding Debarment, Suspension and Other Responsibility Matters," SF 424B; "Certification Regarding Lobbying;" "Pre-Award Compliance Review," EPA 4700-4; and other required forms to complete the application process. Eligible applicants should contact the appropriate Regional Office Contact identified in Appendix IV of the Catalog of information regarding preapplications. The forms are available at: <http://www.epa.gov/ogd/AppKit/application.htm>. Completed applications should be submitted to the appropriate Regional Office Contact identified in Appendix IV of the Catalog. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities

under this CFDA.

Award Procedure:

EPA will review each application to determine the adequacy of the application in relation to EPA's grant regulations (40 CFR Part 31) and applicable program regulations and guidance. If the application is approved, EPA will award a cooperative agreement up to the reasonable and necessary cost of the approved work plan.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Applications are generally approved and cooperative agreements awarded within 60 to 120 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements. Cooperative agreement amounts awarded will be determined based on the total amount available for awards and the amounts requested by Tribes and Intertribal Consortia.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

EPA normally awards cooperative agreements for periods of 12 to 36 months. The term of the grant shall be determined at the time of award. See the following for information on how assistance is awarded/released: Other. The method of fund disbursement will be determined at the time of award.

Reports:

EPA and Tribes will negotiate the frequency and content of performance and financial status reports. EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Specific reporting requirements are also identified in the Grant Regulations at 40 CFR Part 30 and 40 CFR Part 35, "Environmental Program Grants for Tribes." Program reports are required under this program. Cash reports are required under this program. Progress reports are required under this program. Expenditure reports are required under this program. Performance monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate changes to each grant, must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained for three years from the date of submission of the annual Financial Status Report (SF-269). If questions still remain, such as those raised as a result of audit, related records should be retained until the matter is completely resolved.

EPA will work with Tribes and Intertribal Consortia to develop work plans consistent with program guidance and any regulations that govern the implementation of the relevant Federal environmental program.

66.474 WATER PROTECTION GRANTS TO THE STATES

FEDERAL AGENCY:

Office of Water, Environmental Protection Agency

AUTHORIZATION:

Department of Defense and Emergency Supplemental Appropriations for Recovery from and Response to Terrorist Attacks on the United States Act, 2002, Public Law 107-117; Consolidated Appropriations Resolution of 2003, Public Law 108-7; Safe Drinking Water Act, Section 1442; Consolidated Appropriations Resolution of 2004, Public Law 108-199.

OBJECTIVES:

The objective of this grant program is to assist states, territories, and possessions of the United States with critical water infrastructure protection.

Funding Priority - Fiscal Year 2013: EPA's funding priority is to provide grant assistance to the states, territories, and possessions of the United States to support technical assistance, training, and communication activities on critical water infrastructure protection efforts that include work with drinking water systems as well as with federal, state, and local agencies. States, territories, and possessions of the United States will be able to continue their efforts to coordinate critical water infrastructure protection activities with other homeland security responsibilities. Grant awards support Goal 2, "Clean and Safe Water," of EPA's Strategic Plan. Specifically, awards will enhance public health protection by securing critical infrastructure through support for counter-terrorism preparedness; communicating vision, mission, and goals of the sector specific plan and the key features of an active and effective security program; helping to ensure security best practices for small systems; promoting outreach and education at small systems; promoting mutual aid compacts development; supporting the development of system redundancy, a national laboratory system and disaster mitigation plans; and developing and overseeing emergency response and recovery plans, including those related to pandemic flu concerns. No new appropriations are available for this program in FY 2013.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Funded activities include providing: (1) technical assistance, training, or distribution of tools that would lead to satisfactory vulnerability assessments of drinking water systems; (2) technical assistance, training, or distribution of tools that would lead to drinking water systems creating, amending or updating emergency response plans to meet new requirements or security threats; (3) assistance to improve communications with or between drinking water systems and other agencies or organizations involved with security or emergency response; and (4) other activities focusing on training to enhance security and improving the readiness of individuals and groups involved in first response at drinking water systems. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

Assistance under this program is available to States, Tribes, Territories, and possessions of the United States.

Beneficiary Eligibility:

Water programs of States, Territories, and possessions of the United States.

Credentials/Documentation:

. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Pre-application assistance is recommended and should be obtained from the Grants Management Office of the pertinent EPA Regional Office listed in Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded

from coverage under OMB Circular No. A-110. The standard application forms, furnished by EPA and required by OMB Circular No. A-102, must be used for this program. Requests for application kits may be directed to the Grants Management Office of the applicable EPA Regional Office listed in Appendix IV of the Catalog. Kits may also be obtained online at <http://www.epa.gov/ogd/AppKit/application.htm>. The completed application, including the final proposal, should be submitted to the appropriate EPA Regional Grants Management Office. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

Application is reviewed by the appropriate EPA Regional Office and, if approved, is signed by the Regional Administrator or designated Division Director.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 30 to 90 days.

Appeals:

Disputes will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Title PWSS formula. As was the case in FY 02 through FY 08, for FY 09 a modification of the basic PWSS formula was chosen to allocate the funds, with each State, the District of Columbia, and Puerto Rico receiving a minimum of \$50,000 and each Territory at least \$16,700. This program has no matching requirements. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The project/budget period on these grants may exceed one year. The term of the grant shall be determined at the time of grant award. See the following for information on how assistance is awarded/released: The method of fund disbursement will be determined at the time of award.

Reports:

EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Agreements may require quarterly, interim, and final progress reports, and expenditure/financial, equipment, and inventory reports. Specific reporting requirements are also identified in the Grant Regulations at 40 CFR Part 30 and 40 CFR Part 31, as applicable. Program reports are required under this program. Cash reports are required under this program. Progress reports are required under this program. Expenditure reports are required under this program. Performance monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate changes to each grant must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained for three years from the date of submission of the final expenditure report. If questions still remain, such as those raised as a result of audit, related records should be retained until the matter is completely resolved.

Account Identification:

68-0103-0-1-304.

Obligations:

(Formula Grants) FY 12 \$0; FY 13 est \$0; and FY 14 est \$0

Range and Average of Financial Assistance:

Funds are awarded by each Regional Office. The range of financial assistance available to States varies according to program and fiscal year. Contact the Grants Management Office of the pertinent EPA Regional Office, listed in Appendix IV of the Catalog, to determine the amount for which applicants are eligible. The range and average of financial assistance provided is: FY 09 - \$16,700 to \$380,300/fiscal year; \$198,500/fiscal year.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: In FY 12, States and Territories continued to develop materials (i.e., documents, training manuals, etc.) focused on improving security and emergency response, ensuring the quality of drinking water vulnerability assessments, and associated security enhancements. Additionally, States and Territories conducted trainings, workshops, and/or conferences to improve infrastructure protection, increase preparedness, promote mutual aid compacts and/or provide information to drinking water utilities. Significant action has been accomplished in helping to support and establish mutual aid compacts, including providing technical support and training exercises related to these agreements. Outcomes included changed management and operation of drinking water utilities based on training and current vulnerability assessments of the utilities; and establishment and improvement of emergency response coordination and communications. During this time, States and Territories continued to use prior allocated funding to accomplish goals, as new money for the initiative was not available. Fiscal Year 2013: In FY 13, states and territories continued to develop materials (i.e., documents, training manuals, etc.) focused on improving security and emergency response, ensuring the quality of drinking water vulnerability assessments, and associated security enhancements. Additionally, states and territories conducted trainings, workshops, and/or conferences to improve infrastructure protection, increase preparedness, promote mutual aid compacts and/or provide information to drinking water utilities. OBJECTIVES:

(1) To assist States, Indian Tribes, interstate agencies, and other public or nonprofit organizations in developing, implementing, and demonstrating innovative approaches relating to the causes, effects, extent, prevention, reduction, and elimination of water pollution; and (2) To expand and strengthen cooperative efforts to restore and protect the health and productivity of the Gulf of Mexico in ways consistent with the economic well-being of the region.

Funding Priority - Fiscal Year 2013: Projects that will deliver significant results to achieve the environmental outcomes of improved health of the Gulf of Mexico by restoring and conserving habitat, restoring water quality, replenishing and protecting living marine resources, enhancing community resilience, and furthering environmental education.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Section 104 (b)(3) of the Clean Water Act, 33 U.S.C. Section 1254 (b)(3) authorizes the awarding of assistance for programs established under the Clean Water Act. Assistance will be targeted to States, Tribes, interstate agencies, and other public or nonprofit organizations that commit to specific activities. Eligible activities should be of a relatively short time frame (6 months to 3

years) and all projects should achieve and demonstrate results. Assistance agreements are available to support recipients' allowable direct costs incident to approved surveys, studies, investigations, research, and demonstrations plus allowable indirect costs, in accordance with established EPA policies and regulations. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

Funds are available to State and local governments, interstate agencies, Tribes, colleges and universities, and other public or nonprofit organizations. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

State and local governments, interstate agencies, Tribes, colleges and universities, and other public or nonprofit organizations.

Credentials/Documentation:

Compliance with 40 CFR Parts 30 and 31 and with Program Funding Guidance. Costs will be determined in accordance with OMB Circular No. A-87 for State and local governments, OMB Circular No. A-122 for nonprofit organizations, and OMB No. A-21 for educational institutions. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Applicants should follow the proposal format and instructions provided in the Funding Announcement. The proposal should be transmitted electronically to the email address and by the date and time published in the Funding Announcement. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 90-180 days following the application deadline as addressed in the competitive funding announcement.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Contact the Gulf of Mexico Program Office for information.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The terms of the assistance shall be determined at the time of award. See the following for information on how assistance is awarded/released: The method of fund disbursement will be determined at the time of award.

Reports:

EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Agreements may require quarterly, interim, and final progress reports, and expenditure/financial, equipment, and invention reports. Specific reporting requirements are also identified in the Grant Regulations at 40 CFR Part 30 and 40 CFR Part 31, as applicable.

Program reports are required under this program. Cash reports are required under this program. Progress reports are required under this program.

Expenditure reports are required under this program. Performance monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate changes to each grant, must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained until expiration of three years from the date of submission of the final expenditure report. If questions still remain, such as those raised as a result of an audit, related records should be retained until the matter is completely resolved.

Account Identification:

68-0108-0-1-304.

Obligations:

(Cooperative Agreements) FY 12 \$2,481,300; FY 13 est \$1,548,000; and FY 14 est \$1,850,000

Range and Average of Financial Assistance:

\$36,000 to \$400,000/fiscal year; \$149,460/fiscal year.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: In FY 12, 98 applications were received in response to a competition to support projects to accomplish actions directly related to: improving water quality, reducing nutrient pollution, habitat restoration, environmental education, and supporting living marine resources. The program continued to support projects to accomplish short-term actions toward implementation of the Gulf of Mexico Alliance Governors' Action Plan for Healthy and Resilient Coasts. Accomplishments include: dissemination and evaluation of a Coastal Community Resilience Index; development of a StormSmart Coast Network and creation of a Homeowner's Handbook to prepare for natural hazards; support to further the knowledge of living marine

resources status in the Gulf of Mexico and coastal observing systems; building cultural competency in experiential environmental education; providing enhanced public awareness and understanding of the Gulf Alliance priority issues through exhibitry; assessment and prioritization of Gulf ecosystems affected by alterations in freshwater inflow; development of a pilot nutrient criteria for an estuary in the Western Gulf of Mexico; sources, fate, transport and effects of nutrients on downstream ecological processes in the Galveston Bay estuary; binational training workshops on harmful algal blooms in support of HABSOS; achieving Gulf-wide data comparability through round robins; and assessment of mercury risks and selenium. Fiscal Year 2013: Competitions are held based on available funds and Agency priorities. The number of applications and the number of awards made is dependent on the competitive announcement issued. The announcement will include the number of anticipated awards. Fiscal Year 2014: No Current Data Available

REGULATIONS, GUIDELINES, AND LITERATURE:

For assistance agreements with States, local governments, and Indian tribal governments, the procedures and requirements should be in conformance with 40 CFR Part 31 "Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments," and OMB Circular Nos. A-87 "Cost Principles for State and Local Governments" and A-102 "Grants and Cooperative Agreements for States and Local Governments." For assistance agreements with other entities the procedures should be in conformance with 40 CFR Part 30, "Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations."

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: Water quality modeling support, wetlands resource management baseline, harmful algal bloom information exchange, seagrass restoration, nutrient control/monitoring of eutrophication, stormwater biofilter demonstration, marshland upwelling system, point source locations, wastewater treatment feasibility study, nutrient modeling, waterbird rookery management, outreach and communications strategy targeted at high-risk consumers of shellfish, invasive species education exhibit, inventory of marine science research, assessment of introduction of nonindigenous aquatic species from ballast water, septic tank maintenance, response plan for harmful algal blooms, assessment of groundwater discharge and sewage impacts, reducing onsite sewage treatment system impacts, nutrient flux from sediments, monitoring and assessment of stormwater diversion, assessment status of invasive species, bacterial source tracking, smart growth planning, wetland inventory, acute pollution event response plan, synoptic survey of total mercury in recreational finfish, ecological assessment and calibration of water quality, mercury levels in harvested fishes, remote sensing of harmful algal blooms, shoreline protection, hydrological modifications impact study. Fiscal Year 2013: Due to the lack of available funding, no awards were made during 2013. Fiscal Year 2014: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement. Projects will be selected based on the criteria and ranking factors established in the GMPO Competitive Funding Announcement. Leveraged funds and resources will be considered during the evaluation scoring process.

66.478 WATER SECURITY TRAINING AND TECHNICAL ASSISTANCE AND WATER SECURITY INITIATIVE CONTAMINATION WARNING SYSTEM PILOTS

FEDERAL AGENCY:

Office of Water, Environmental Protection Agency

AUTHORIZATION:

The Public Health Security and Bioterrorism Preparedness and Response Act of 2002, Title 4, Public Law 107-188; Department of Defense and Emergency Supplemental Appropriations for Recovery from and Response to Terrorist Attacks on the United States Act of 2002, Public Law 107-117; Safe Drinking Water Act, Section 1433&1434.

OBJECTIVES:

The objective of these grant programs are (1) for financial assistance that is awarded under SDWA Section 1433, to improve water infrastructure security through both training and technical assistance for water utilities and (2) for cooperative agreements that are awarded under SDWA Section 1434, to address the risk of intentional contamination of drinking water distribution systems.

Funding Priority - Fiscal Year 2013: For Section 1433 financial assistance, no funding is anticipated for Fiscal Year 2013. If funds become available, EPA's funding priority is to provide assistance to eligible non-profit organizations that provide training, technical support or other assistance to water utilities. Specifically, EPA is seeking to utilize the ability of non-profit organizations to provide water security technical support and training. For Section 1434 cooperative agreements, no funding is anticipated for Fiscal Year 2013. If funds become available, EPA's funding priority is to provide assistance to community water systems for drinking water contamination warning system pilot projects. Financial assistance awarded under both of these programs support Goal 2, Clean and Safe Water, of EPA's Strategic Plan. Specifically, awards will enhance public health protection by securing critical infrastructure through support for counter-terrorism preparedness.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Funded activities for financial assistance awarded under Section 1433 of the SDWA include: (1) training to gain competence and expertise in the process of developing or completing vulnerability assessments; (2) training to gain competence and expertise in the process of developing, amending, or updating emergency response plans; (3) training to gain competence and expertise in various security enhancements; and (4) providing competent training and technical assistance in the aforementioned areas to help states, tribes, and local authorities in their water infrastructure security efforts. Funded activities for cooperative agreements awarded under Section 1434 of the SDWA may include: (1) demonstration of contamination and warning system monitoring and surveillance components; (2) contamination warning system consequence management plan; and (3) evaluation and transfer of results. Specific uses and restrictions on funds will be described in detail in the competitive announcements for each program. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

Financial assistance awarded under Section 1433 of the SDWA is available to public non-profit institutions/organizations and private non-profit institutions/organizations, capable of providing training, technical support and/or assistance to drinking water systems. Cooperative agreements awarded under Section 1434 of the SDWA will be limited to local governments or

institutions (either public or private nonprofit organizations) that operate community water systems (as defined in 40 C.F.R. 141.2). Note that 501(c)(4) non-profit organizations that lobby are not eligible. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

For financial assistance awarded under both Sections 1433 and 1434 of the SDWA, the beneficiaries are the drinking water systems, the water programs of the State or Tribe, and the public which will benefit from these programs through safer and more secure drinking water.

Credentials/Documentation:

EPA may request that applicants demonstrate their eligibility. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Section 1434 cooperative agreements are a new grant program that has not been included in the agency's list of programs subject to Intergovernmental review. However, EPA recommends that applicants for these cooperative agreements should consult the office or official designated as the single point of contact in its State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. This program also does not require an environmental impact statement or assessment. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Applicants must submit an "Application for Federal Assistance," SF 424, "Budget Information: Non-Construction Programs," SF 424A, "Assurances: Non-Construction Programs," SF 424B, "Certification Regarding Debarment, Suspension and Other Responsibility Matters," "Certification Regarding Lobbying," "Pre-Award Compliance Review Report," EPA 4700-4, and other required forms to complete the application process. Application kits should be requested from the U.S. Environmental Protection Agency, Grants and Interagency Agreements Management Division, Mail Code 3903R, 1200 Pennsylvania Avenue, N.W., Washington, DC 20460 or the appropriate EPA Regional Office identified in Appendix IV of the Catalog. Detailed information and assistance, including an application kit, required forms, and a check list, may also be found at <http://www.epa.gov/ogd/AppKit/index.htm>. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA. Applications should be submitted in accordance with the procedures stated in the competitive announcement.

Award Procedure:

Applications are reviewed by EPA, where subsequent grant awards are made to successful applicants. For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 30 to 90 days after deadline for application submittal.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts."

Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Any continuation of funding will be described in the terms of the assistance agreement.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: Matching requirements, if any, will be described in the competitive announcement.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The term of the grant shall be determined at the time of grant award. See the following for information on how assistance is awarded/released: The method of fund disbursement will be determined at the time of award.

Reports:

EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Agreements may require quarterly, interim, and final progress reports, and expenditure/financial, equipment, and invention reports. Specific reporting requirements are also identified in the Grant Regulations at 40 CFR Part 30 and 40 CFR Part 31, as applicable. Program reports are required under this program. Cash reports are required under this program. Progress reports are required under this program. Expenditure reports are required under this program. Performance monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate changes to each grant, must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained for three years from the date of submission of the final expenditure report. If questions still remain, such as those raised as a result of audit, related records should be retained until the matter is completely resolved.

Account Identification:

68-0108-0-1-304; 68-0107-0-1-304 - For financial assistance awarded under Section 1433 of the SDWA, 68-0107-0-1-304 and 68-0108-0-1-304; S&T and EPM. For cooperative agreements awarded under Section 1434 of the SDWA, 68-0107-0-1-304; S&T.

Obligations:

(Cooperative Agreements) FY 12 \$0; FY 13 est \$0; and FY 14 est \$0 - For financial assistance awarded under Section 1433 of the SDWA, FY 12 \$0; FY 13 est. \$0; and FY 14 est. \$0. For cooperative agreements awarded under Section 1434 of the SDWA, FY 12 \$0; FY 13 est. \$0; and FY 14 est. \$0.

Range and Average of Financial Assistance:

For financial assistance awarded under Section 1433 of the SDWA, no funding was provided in FY 12 and none is anticipated for FY 13. For cooperative agreements awarded under Section 1434 of the SDWA, no funding was provided in FY 12 and none is anticipated for FY 13.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: Competitions are held at Headquarters and in the Regions based on available funds and Agency priorities. The number of applications and the number of awards made is dependent on the competitive announcement issued. The announcement will include the number of anticipated awards. In FY 12, for Section 1433 awards, no competitive announcements were issued and no

new awards were made. For Section 1434 awards, this was a financial assistance pilot program. In FY 07, EPA issued a competitive announcement to award up to four cooperative agreements to support drinking water contamination warning system demonstration pilots. These pilots are part of the Agency's Water Security Initiative, which seeks to develop a warning system that achieves timely detection of and appropriate response to drinking water contamination incidents. The pilots include specified monitoring and surveillance components, a consequence management plan, and an evaluation plan. The anticipated outcome is that these pilots will generate information that allows community water systems nationally to practice effective techniques to detect and respond to possible contamination events. Drinking water consumers will experience a reduction in risk associated with drinking water contamination and improved water quality. Fiscal Year 2013: Competitions are held at Headquarters and in the Regions based on available funds and Agency priorities. The number of applications and the number of awards made is dependent on the competitive announcement issued. The announcement will include the number of anticipated awards. Currently for FY 13, EPA has no funds available; however, should funding become available, projects that will improve the security of drinking water systems will be the focus of the awards. Fiscal Year 2014: No Current Data Available

66.481 LAKE CHAMPLAIN BASIN PROGRAM

(Lake Champlain Program)

FEDERAL AGENCY:

Office of Water, Environmental Protection Agency

AUTHORIZATION:

Clean Water Act , Section 120, Public Law 107-303.

OBJECTIVES:

To implement the Lake Champlain Basin Management Plan Opportunities for Action: An Evolving Plan for the Future of the Lake Champlain Basin, and to

assist the states of New York and Vermont in protecting, restoring and preserving the Lake Champlain ecosystem.

Funding Priority - Fiscal Year 2013: Efforts in Lake Champlain will continue to support the successful interstate, interagency, and international partnership undertaking the implementation of "Opportunities for Action," a plan designed to address various threats to the Lake's water quality, including phosphorus loadings, invasive species, and toxic substances. Grants under this program are for assisting research, surveys, studies, modeling, technical, field, restoration, education, outreach, and other supporting work necessary for the development and implementation of the Lake Champlain Basin Management Plan. Funding priorities include phosphorus control and reduction, aquatic invasive species prevention and control, and environmental education and outreach. .

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

As described in Section 120 of the CWA, funds may be used to implement elements of the Lake Champlain Basin Management Plan, Opportunities for Action. Projects outside of the Lake Champlain Basin are not eligible for funding under this program. Grant awards must be made in consultation with the Lake Champlain Basin Program Steering Committee, and must support activities consistent with the goals of Opportunities for Action. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

State, interstate, and regional water pollution control agencies, and public or nonprofit agencies, institutions, and organizations are eligible to receive grants from EPA through this program. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

Assistance under this program generally benefits State environmental, health, and agriculture agencies; interstate water pollution control agencies; public nonprofit institutions and organizations; sponsored organizations; Federal agencies; local agencies; intrastate agencies; public and private nonprofit institutions and organizations; private organizations; small businesses; and quasi-public nonprofit institutions.

Credentials/Documentation:

Nonprofit private agencies, institutions, and organizations may be required to provide documentation of their organizational status upon application. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. A pre-application form is not required. Informal pre-application discussions or conferences with the Lake Champlain Basin Program Steering Committee, and EPA Regions 1 and 2 are required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the

State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. The Lake Champlain Basin Program Steering Committee, in conjunction with EPA Regions 1 and 2, develops the annual budget and task list. This budget and task list is then divided between the States of Vermont and New York and the New England Interstate Water Pollution Control Commission. From this information, these three organizations then prepare grant applications and workplans for submittal to EPA Region 2 or Region 1. The standard application forms, as furnished by the Federal agency and required by OMB Circular No. A-102 and A-110, must be used for this program. EPA requires final applications to be made on Standard Form 424. Application kits should be requested from the Environmental Protection Agency, Grants and Interagency Agreements Management Division, (3903R), 1200 Pennsylvania Avenue, N. W., Washington, DC 20460 or the appropriate EPA Regional Office identified in "Regional or Local Office" section for information contacts. Detailed information and assistance, including and application kit, required forms, and a checklist may also be found on the web (<http://www.epa.gov/ogd/AppKit/application.htm>). Applications must be submitted to the appropriate EPA Regional Office identified in "Regional or Local Office" section for information contacts. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

Each federal assistance application and final work plan will be evaluated by EPA Region 1 or Region 2 to determine the adequacy of the application under the established EPA grants program requirements and guidelines, including, but not limited to, the requirements set forth in 40 CFR Parts 30 and 31. Technical merit and the relevance of the project to the priorities and objectives established in Opportunities for Action will also be considered. Each application will also be subject to an administrative review by the EPA Region 1 or 2 grants management office as appropriate to determine whether all administrative requirements have been met. The workplan is submitted to the EPA Region 1 and 2 Regional Administrators for approval prior to the award of any assistance agreement. Once a Regional Office approves the annual workplan, funds are awarded by the EPA Region 1 or 2 Regional Administrator as appropriate. Grantees will receive an award package from the appropriate EPA Regional grants management office that must be accepted and signed by an authorized official of the recipient organization and returned to the grants management office within 30 days. Awards may be made on an advance or reimbursement basis. Awards that are not signed and returned by the deadline may be subject to cancellation. For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Notification of action on proposals varies depending on the timing of funds release to the EPA Regional Offices from Headquarters. Interval from submission to notification may vary from two months to eight months.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

No cost extensions and amendments may be available subject to the approval of EPA. Approval of subsequent funding is dependent on satisfactory project progress, continued relevance of the project to EPA's priorities, availability of funds, and the Agency policy on the competitive grant process.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: This program has a statutory matching requirement; see CWA section 120 (f)(3). For all assistance (grants and cooperative agreements) agreements made under this program, federal costs shall not exceed 75 percent of the total cost of the agreement.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Assistance agreements are generally made for a multi-year period at the discretion of EPA. Start dates for assistance agreements are variable and are established at the discretion of EPA. Generally however, it is intended that start dates closely follow award dates of the assistance agreement. Awards are fully funded, recipients draw down funding as cost are incurred, typically monthly. See the following for information on how assistance is awarded/released: The method of fund disbursement will be determined at the time of award.

Reports:

EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Agreements may require quarterly, interim, and final progress reports, and expenditure/financial, equipment, and invention reports. Specific reporting requirements are also identified in the Grant Regulations at 40 CFR Part 30 and 40 CFR Part 31, as applicable. Program reports are required under this program. Cash reports are required under this program. Progress reports are required under this program. Expenditure reports are required under this program. Performance monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate changes to each grant, must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained for three years from the date of submission of the final expenditure report. If questions still remain, such as those that arose as a result of an audit, related records should be retained until the matter is completely resolved.

(Project Grants) FY 12 \$2,415,000; FY 13 est \$2,268,000; and FY 14 est \$1,399,000

Range and Average of Financial Assistance:

Range: \$20,000 to \$2,712,841/fiscal year; Average: \$1,356,421/fiscal year.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: Since 1991, EPA's funding of the Lake Champlain Basin Program has led to the protection and restoration of the Lake Champlain basin through coordination with federal, provincial, state, and municipal agencies and local citizens. The main program goals, as laid out in the Lake Champlain Management Plan Opportunities for Action, are as follows: reducing phosphorus inputs to Lake Champlain; decreasing toxic contamination; minimizing the risks to humans from water-related health hazards; and controlling the introduction, spread, and impact of nonnative nuisance species. EPA works with the Lake Champlain Basin Program Steering Committee to determine funding priorities and distributes funds accordingly. The following three entities typically receive funding on an annual basis: New England Interstate Water Pollution Control Commission (NEIWPC), Vermont Department of Environmental Conservation, and the New York Department of Environmental Conservation. They may choose to compete all or part of the

funds. Competitive announcements typically include the number of anticipated awards.

In FY 12 accomplishments included: further removal of invasive water chestnuts; conducting water quality monitoring programs; continued development of an adaptive management system; studies on internal recycling of phosphorus from lake sediments; development of aquatic invasive species colonization prevention plans that are pro-active and targeted within the Lake Champlain Basin; and an analysis of the long-term benefits of river corridor and floodplain protection and restoration that will help quantify the economic benefits derived from the natural functions of wetlands, river corridors, floodplains and riparian areas. Fiscal Year 2013: Since 1991, EPA's funding of the Lake Champlain Basin Program has led to the protection and restoration of the Lake Champlain basin through coordination with federal, provincial, state, and municipal agencies and local citizens. The main program goals, as laid out in the Lake Champlain Management Plan Opportunities for Action, are as follows: reducing phosphorus inputs to Lake Champlain; decreasing toxic contamination; minimizing the risks to humans from water-related health hazards; and controlling the introduction, spread, and impact of nonnative nuisance species. EPA works with the Lake Champlain Basin Program Steering Committee to determine funding priorities and distributes funds accordingly. The following three entities typically receive funding on an annual basis: New England Interstate Water Pollution Control Commission (NEIWPC), Vermont Department of Environmental Conservation, and the New York Department of Environmental Conservation. They may choose to compete all or part of the funds. Competitive announcements typically include the number of anticipated awards.

In FY 13, expected accomplishments include: further removal of invasive water chestnuts; conducting water quality monitoring programs; continued development of an adaptive management system; studies on internal recycling of phosphorus from lake sediments; development of aquatic invasive species colonization prevention plans that are pro-active and targeted within the Lake Champlain Basin; and an analysis of the long-term benefits of river corridor and floodplain protection and restoration that will help quantify the economic benefits derived from the natural functions of wetlands, river corridors, floodplains and riparian areas. Fiscal Year 2014: No Current Data Available

REGULATIONS, GUIDELINES, AND LITERATURE:

Lake Champlain program grants and cooperative agreements are subject to EPA's general grant regulations, 40 CFR Part 30 or 40 CFR Part 31. CRITERIA FOR SELECTING PROPOSALS:

The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement. The Steering Committee recommends projects to EPA for funding based on the technical merit of the proposal and its relevance to the Lake Champlain Basin Management Plan. EPA approves applications after Steering Committee recommendation based on the technical merit of the application and its relevance to the Lake Champlain Basin Management Plan.

66.482 DISASTER RELIEF APPROPRIATIONS ACT (DRAA) HURRICANE SANDY CAPITALIZATION GRANTS FOR CLEAN WATER STATE REVOLVING FUNDS

Clean Water State Revolving Fund Hurricane Sandy Supplemental Appropriation

FEDERAL AGENCY:

Office of Water, Environmental Protection Agency

AUTHORIZATION:

Disaster Relief Appropriations Act, 2013, Public Law 113-2.

OBJECTIVES:

Grants are made to New York and New Jersey to fund resiliency projects for facilities impacted by Hurricane Sandy through the State CWSRF Programs.

Funding Priority - Fiscal Year 2013: The funding priority established by the Hurricane Sandy Supplemental Appropriation is to fund projects at wastewater facilities that will improve the resiliency of those facilities against future disasters. Only facilities that were impacted by Hurricane Sandy in the States of New York and New Jersey are eligible.

TYPES OF ASSISTANCE:

Formula Grants

USES AND USE RESTRICTIONS:

Capitalization grants are made available to New York and New Jersey for the purpose of funding resiliency related projects for facilities that were impacted by Hurricane Sandy. The capitalization grant is awarded to the State's CWSRF, and is used to provide loans and other types of financial assistance to eligible publicly-owned treatment systems. A State may elect to use up to 4% for administration of the program. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

The States of New York and New Jersey.

Beneficiary Eligibility:

The States of New York and New Jersey, and wastewater treatment facilities funding resiliency projects that were impacted by Hurricane Sandy.

Credentials/Documentation:

To receive a capitalization grant, a State shall enter into an agreement with the EPA Regional Administrator which shall include, but is not limited to, the 10 specifications set forth in Section 602(b) of the CWA. OMB Circular No. A-87, "Cost Principles Applicable to Grants and Contracts with State and Local Governments" applies to State grantees. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

An applicant (State) should seek preapplication assistance from the appropriate EPA Regional Office. The State is required to prepare and provide for public comment on a plan identifying the intended uses of the funds in the SRF (Intended Use Plan, or IUP) and how those uses support the goals of the SRF. The IUP is to be submitted no later than the application. An environmental impact statement is not required prior to grant award; however, a State environmental review process must be applied to all subsequent state assistance for wastewater facilities. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. The standard application for EPA non-construction grant assistance (SF424-A and B) is submitted to the appropriate EPA Regional Office. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA. The State must certify in its application that it has the legal, managerial, technical, and operational capabilities to administer the SRF program competently and that it will comply with Federal anti-discrimination laws and other applicable Federal statutes. Regulation 40 CFR Part 31 applies to the State. Establishment of the SRF is a prerequisite for a grant award.

Award Procedure:

A grant application is reviewed by the appropriate Regional Office and, if approved, the grant is awarded by the Regional Administrator under a delegation of authority from the Administrator of EPA.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approval time averages 45 days.

Appeals:

Disputes will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

For those portions of the State program that do not change from year to year, a subsequent grant application may incorporate by reference relevant portions of the previous year's application which have not changed or an operating agreement approved by the Region.

Formula and Matching Requirements:

Statutory Formula: The supplemental appropriation left the development of an allocation formula to US EPA. New York is eligible for 59.7% of the appropriation and New Jersey is eligible for 40.3% of the appropriation.

The allocation percentages were determined in accordance with the population of the counties of each state that were declared disaster areas by FEMA for Hurricane Sandy. Census data from the most recent census was used. 59.7% of all the total impacted population live in New York and 40.3% live in New Jersey.

Matching Requirements: Other.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Funds are available for EPA's obligation to the State during the fiscal year in which they are allotted and during the following year. The term of the grant shall be determined at the time of award. All funds must be liquidated within 24 months of the date of the grant award, subject to waiver by OMB. States must enter into binding commitments with loan recipients to provide financial assistance from the CWSRF in an amount equal to the sum of Federal assistance and the State match. See the following for information on how assistance is awarded/released: The method of fund disbursement will be determined at the time of award.

Reports:

Program reports are required under this program. The State shall provide annual reports to the Regional Administrator in accordance with the schedule established in the grant agreement. The annual report shall describe how the State has met the goals and objectives for the preceding fiscal year of the overall program, including the supplemental appropriation for Hurricane Sandy, including identification of loan recipients, loan amounts, and loan terms. Cash reports are required under this program. Progress reports are required under this program. Expenditure reports are required under this program. Performance monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. A State must, at a minimum, comply with the provisions of the Single Audit Act Amendments of 1996, and the OMB Circular No. A-133 and Compliance Supplement. States are also encouraged to conduct annual independent audits. State-conducted audits may be performed in conjunction with the Single Audit Act. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year. The audit of the fund to be prepared by the State or an independent auditor must be in accordance with the standards of the Government Accountability Office (known as the Generally Accepted Government Auditing Standards).

Records:

Financial records, including all documents to support entries on accounting records and to substantiate changes to each grant, must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained for three years from the date of submission of the final expenditure

report. If questions still remain, such as those raised as a result of audit, related records should be retained until the matter is completely resolved. As part of the annual review conducted by the Agency to assess a State's performance against activities identified in the intended use plan and biennial report, and to determine compliance with the terms of the capitalization grant agreement, the State or assistance recipient shall make available to EPA such records as the Regional Administrator reasonably requires to review and determine State compliance with the requirements of the CWA.

States must enter into binding commitments with loan recipients to provide financial assistance from the DWSRF in an amount equal to the sum of Federal assistance, less amounts used by the State for eligible set-aside purposes, and the State match. States are also required to agree to commit and expend all funds in the DWSRF as efficiently as possible, and in a timely manner. See the following for information on how assistance is awarded/released: The method of fund disbursement will be determined at the time of award.

Reports:

The State shall provide biennial reports to the Regional Administrator in accordance with the schedule established in the grant agreement. The biennial report shall describe how the State has met the goals and objectives for the preceding two fiscal years of the overall program, including the supplemental appropriation for Hurricane Sandy, including identification of loan recipients, loan amounts, and loan terms. Cash reports are required under this program. Progress reports are required under this program. Expenditure reports are required under this program. 66.508 SENIOR ENVIRONMENTAL EMPLOYMENT PROGRAM (SEE)

FEDERAL AGENCY:

Office of Administration and Resources Management, Environmental

Protection Agency

AUTHORIZATION:

Environmental Programs Assistance Act of 1984, Public Law 98-313, 42 U.S.C 4368a.

OBJECTIVES:

To use the talents of Americans 55 years of age or older to provide technical assistance to Federal, State, and local environmental agencies for projects of pollution prevention, abatement, and control to achieve the Agency's goals of Clean Air; Clean and Safe Water; Land Preservation and Restoration; Healthy Communities and Ecosystems; and Compliance and Environmental Stewardship.

Funding Priority - Fiscal Year 2013: The Environmental Programs Assistance Act of 1984 (Pub. L. 98-313) authorized the Administrator of the EPA "to make grants to, or enter into cooperative agreements with private, nonprofit organizations designated by the Secretary of Labor under Title V of the Older Americans Act of 1965." These cooperative agreements are to utilize the talents of older Americans in temporary, full time or part time positions "providing technical assistance to Federal, State, and local environmental agencies for projects of pollution prevention, abatement, and control." "Technical assistance" may include any activity performed for the EPA in support of its projects ranging from inspections of underground storage tanks, to support for a Headquarters staff office. This allows for the coverage of all types of SEE program positions from professional to clerical. Annual funding priorities are not established at the SEE program level. Rather, Senior Resource Officials from the participating 65 program offices establish priorities requiring SEE program support.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

The SEE Act states that only nonprofit organizations which are designated by the Secretary of Labor under Title V of the Older Americans Act can participate. These cooperative agreements are to utilize the talents of older Americans in temporary full time or part time positions "providing technical assistance to Federal, State, and local environmental agencies for projects of pollution prevention, abatement, and control."

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

Private, nonprofit organizations designated by the Secretary of Labor under Title V of the Older Americans Act of 1965.

Beneficiary Eligibility:

Federal, State, and local environmental agencies and individuals 55 years old or older.

Credentials/Documentation:

The Environmental Programs Assistance Act of 1984 requires a certification by the Federal, State, or local agency that is to receive the SEE workers that the grant/cooperative agreement will not displace any Federal or State workers, prevent the rehiring of any laid-off Federal/State workers, or affect existing service contracts. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102.

OMB Circular No. A-110 applies to this program. Requests for application forms must be submitted to: Environmental Protection Agency, Grants and Interagency Agreements Management Division, (3903R), Washington, DC 20460. Completed applications must be sent to the same address, and a copy of the completed application should also be sent to: Susan Street, Manager, SEE Program, Environmental Protection Agency, Office of Administration and Resources Management, Office of Human Resources, Program Management and Communications Staff (3600-M), Washington, DC 20460. This program is subject to the provisions of OMB Circular No. A-110. This program is excluded from coverage under OMB Circular No. A-102. Basic steps of the application procedure are outlined in the application package containing the application forms.

Award Procedure:

Each application shall be subjected to administrative evaluation to determine adequacy of application in relation to assistance regulations, and to program objectives.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

Not Applicable.

Appeals:

Disputes will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Assistance covers a period of one to three years and is awarded in increments during that period. See the following for information on how assistance is awarded/released: Assistance is incrementally awarded throughout the life of the agreement to support ongoing activities.

Reports:

No program reports are required. Recipients must furnish quarterly reports on expenditures by cooperative agreement. Progress reports are required on a quarterly schedule. Expenditure reports are required on a quarterly schedule. Performance monitoring is required as a normal part of project officer post award monitoring.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records, including all documents which support entries on accounting records and which substantiate changes to each assistance agreement must be kept available to personnel authorized to examine EPA assistance accounts. All records must be maintained until expiration of three years from the date of submission of the final financial status report. If questions still remain, such as those raised as a result of an audit, related records should be retained until the matter is completely resolved.

RELATED PROGRAMS:

66.518 State Senior Environmental Employment Program

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: Provide funding to eligible Grantee organizations to provide senior citizens who conduct national non-agricultural pesticide surveys, provide technical assistance to tribes, outreach on renovation, repair, and painting rule, provide review and monitoring support for the Import Car Program, monitor the anti-fuel switching program, conduct research, and work on other general administrative and clerical tasks. Fiscal Year 2013: Provide funding to eligible Grantee organizations to provide senior citizens who conduct national non-agricultural pesticide surveys, outreach on renovation, repair, and painting rule, provide review and monitoring support for the Import Car Program, monitor the anti-fuel switching program, conduct research, and work on other general administrative and clerical tasks. Fiscal Year 2014: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

Proposals must demonstrate that the Organizations have the capability of operating nationwide; can manage the program within the prescribed administrative funding limits; and can provide a quality fringe benefit package to enrollees under the proposal (including health insurance).

66.509 SCIENCE TO ACHIEVE RESULTS (STAR) RESEARCH PROGRAM

FEDERAL AGENCY:

Office of Research and Development (ORD), Environmental Protection Agency

AUTHORIZATION:

Clean Air Act, Section 103, 42 U.S.C 7403; Safe Drinking Water Act, Section 1442, 42 U.S.C 300j-1; National Environmental Policy Act of 1969, Section 102(2)(F); Toxic Substances Control Act, Section 10, 15 U.S.C 2609; Federal Insecticide, Fungicide, and Rodenticide Act, Section 20, 7 U.S.C 136r; Clean Water Act, Section 104, 33 U.S.C 1254; Solid Waste Disposal Act, Section 8001, 42 U.S.C 6981.

OBJECTIVES:

To (1) support research to determine the environmental and human health effects of air quality, drinking water, water quality, hazardous waste, toxic substances, and pesticides; (2) identify, develop, and demonstrate effective pollution control techniques; and (3) support research to explore and develop strategies and mechanisms for those in the social, governmental, and environmental arenas to use in environmental management decisions.

Funding Priority - Fiscal Year 2013: The STAR Program will fund the highest quality academic research in the following priority areas:

(1) Air, Climate and Energy: Anthropogenic Influences on Organic Aerosol Formation and Regional Climate Implications; Measurements and Modeling for Quantifying Air Quality and Climatic Impacts of Residential Biomass or Coal Combustion for Cooking, Heating, and Lighting.

(2) Chemical Safety and Sustainability: Center for Sustainable Molecular Design; Center for Material Life Cycle Safety; Human Exposure to Chemicals in Consumer Products and Indoor Environments; Development and Use of Adverse Outcome Pathways that Predict Adverse Developmental Neurotoxicity.

(3) Safe and Sustainable Water Resources: Sustainable Chesapeake: A Community-Based Approach to Stormwater Management Using Green Infrastructure; Performance and Effectiveness of Green Infrastructure Stormwater Management Approaches in the Urban Context: A Philadelphia Case Study; High Priority Water Quality and Availability Research.

(4) Safe and Healthy Communities: Research with Children's Health; Children's Environmental Health and Disease Prevention Research Centers (with NIEHS); Science for Sustainable and Healthy Tribes; Healthy and Sustainable Schools: Environmental Factors, Children's Health and Performance, and Sustainable Building Practices.

In addition to the solicitations identified above, other solicitations may be announced in the coming year. Please check the NCER website: <http://www.epa.gov/ncer> for an updated listing of all solicitations.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

The National Center for Environmental Research (NCER) generally does not accept unsolicited proposals for the STAR program. All STAR awards are made in response to competitive requests for applications (RFAs) or requests for initial proposals (RFIPs). Funds awarded via grants/cooperative agreements are available for allowable direct cost expenditures incident to the performance of research plus allocable portions of allowable indirect costs of the institutions, in accordance with established EPA policies and regulations. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Some solicitations issued under this CFDA may allow for the submittal of Multiple Investigator applications. The applicability of Multiple Investigator applications will be described in the solicitations. For further information, please see the EPA Implementation Plan for Policy on Multiple Principal Investigators (<http://rbm.nih.gov/toolkit.htm>).

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Public nonprofit institutions/organizations (includes public institutions of

higher education and nonprofit hospitals) and private nonprofit institutions/organizations (includes private institutions of higher education and nonprofit hospitals) located in the U.S., state and local governments, Federally Recognized Indian Tribal Governments, and U.S. territories or possessions are eligible to apply. Profit-making firms are not eligible to receive assistance agreements from the EPA under this program.

Eligible nonprofit organizations include any organizations that meet the definition of nonprofit in OMB Circular A-122, located at 2 CFR Part 230. However, nonprofit organizations described in Section 501(c) (4) of the Internal Revenue Code that lobby are not eligible to apply.

Foreign governments, international organizations, and non-governmental international organizations/institutions are not eligible to apply.

National laboratories funded by Federal Agencies (Federally-Funded Research and Development Centers, "FFRDCs") may not apply. FFRDC employees may cooperate or collaborate with eligible applicants within the limits imposed by applicable legislation and regulations. They may participate in planning, conducting, and analyzing the research directed by the applicant, but may not direct projects on behalf of the applicant organization. The institution, organization, or governance receiving the award may provide funds through its assistance agreement from the EPA to an FFRDC for research personnel, supplies, equipment, and other expenses directly related to the research. However, salaries for permanent FFRDC employees may not be provided through this mechanism.

Federal Agencies may not apply. Federal employees are not eligible to serve in a principal leadership role on an assistance agreement, and may not receive salaries or augment their Agency's appropriations in other ways through awards made under this program.

The applicant institution may enter into an agreement with a Federal Agency to purchase or utilize unique supplies or services unavailable in the private sector to the extent authorized by law. Examples are purchase of satellite data, chemical reference standards, analyses, or use of instrumentation or other facilities not available elsewhere. A written justification for federal involvement must be included in the application. In addition, an appropriate form of assurance that documents the commitment, such as a letter of intent from the Federal Agency involved, should be included.

Some solicitations issued under this CFDA may propose early career projects which support investigators with outstanding promise at the Assistant Professor or equivalent level. Principal investigators from applicant institutions applying for the early career portion of the applicable solicitation must meet the following eligibility requirements:

* Hold a doctoral degree in a field of science or engineering by the closing date of the RFA;

* Be untenured at the closing date of the RFA;

* By the award date, be employed in a tenure-track position (or tenure-track-equivalent position) as an assistant professor (or equivalent title) at an institution in the U.S., its territories, or possessions. Note: For a position to be considered a tenure-track-equivalent position, it must meet all of the following requirements: (1) the employing department or organization does not offer tenure; (2) the appointment is a continuing appointment; (3) the appointment has substantial educational responsibilities; and (4) the proposed project relates to the employee's career goals and job responsibilities as well as to the goals of the department/organization.

Senior researchers may collaborate in a supporting role for early career projects. Early career applications should not propose significant resources for senior researchers and may not list senior researchers as co-PIs. Applicants will be asked to verify their early career status.

See RFAs at: <http://www.epa.gov/ncer> for additional information pertaining to eligibility requirements.

Beneficiary Eligibility:

Public nonprofit institutions/organizations and private nonprofit institutions/organizations located in the U.S.; state and local governments; Federally Recognized Indian Tribal Governments; U.S. territories or possessions; Anyone/General Public, Education Professional, Student/Trainee, Graduate Student, Scientists/Researchers.

Credentials/Documentation:

The EPA may request that applicants demonstrate they have appropriate background, academic training, experience in the field, and necessary equipment to carry out the research. EPA may ask applicants to provide curriculum vitae and relevant publications. EPA may also ask the lead principal investigator/contact principal investigator for information documenting past performance. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. When applicable, an environmental impact assessment is made by the Office of Research and Development as required by the National Environmental Policy Act. The standard application forms as furnished by the EPA and required by OMB Circulars No. A-102 and No. A-110 must be used for this program. An environmental impact assessment is required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Competitive RFAs or RFIPs for grants/cooperative agreements are announced widely through the Internet, university and scientific organizations, among other mechanisms. Applicants must propose EPA mission relevant research based on excellent science as determined through peer review by experts drawn from the national and international scientific community. Other more specialized scientific areas may be solicited via joint RFAs with other Federal agencies. The STAR program may fund research centers that focus on long-term, multi-disciplinary research. This program is subject to the provisions of OMB Circulars No. A-102 and No. A-110. Specific details on the application process are described in the solicitations which are located at: <http://www.epa.gov/ncer>. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements. Customarily, applicants are notified of award decisions within six months of the close of the RFA. After being recommended for award, applicants will be required to submit additional certifications and an electronic version of the revised project abstract, and may be requested to provide responses to comments or suggestions offered by the peer reviewers, a revised budget, past performance documentation, and/or make appropriate proposal revisions. EPA Project Officers will contact the Lead Principal Investigator/Contact Principal Investigator to obtain these materials. The official notification of an award will be made by the Agency's Grants and Interagency Agreement Management Division. Before or after award, certain applicants will be expected to provide additional quality assurance documentation.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 180 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

None. A standard grant application should be prepared and submitted as a new grant, which will be reviewed in the same manner as the original application and will compete for available funds.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: The Office of Research and Development reserves the right to impose a policy-based cost share requirement under certain competitions. See individual RFAs at <http://www.epa.gov/ncer/> for additional information pertaining to matching/cost share requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Grants are normally funded for a minimum of 2 years. Total approved project period may not exceed 5 years. Grants are generally fully funded or incrementally funded (on an annual basis). See the following for information on how assistance is awarded/released: Assistance is either fully funded (lump sum) or incrementally funded on an annual basis.

Reports:

No program reports are required. No cash reports are required. A grant recipient must agree to provide annual progress reports, with associated summaries for posting on NCER's web site, and a final report with an executive summary for web posting. A grant recipient must agree to provide copies of any peer reviewed journal article(s) resulting from the research during the project period. The recipient also agrees to provide expenditure and invention reports as appropriate. Progress Reports are required under this program. A discussion of expenditures is required in progress reports under this program. Performance Monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

The record retention requirements of 40 CFR Part 30 (nonprofits and universities) or 40 CFR Part 31 (governmental units) are applicable depending upon the identity of the recipient. Financial records, including all documents to support entries on accounting records and to substantiate charges to each grant, must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained until three years from the date of submission of the final expenditure report. If questions still remain, such as those raised as a result of audit, related records should be retained until the matter is completely resolved.

RELATED PROGRAMS:

66.511 Office of Research and Development Consolidated Research/Training/Fellowships

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: 1. Examine how changes in drought frequency and duration affect air quality. Several drought-air quality links will be examined, including changes in emissions from vegetation, changes in dry deposition of species from the atmosphere, changes in atmospheric mixing, and changes in emissions from agricultural operations.

2. Develop (1) a technology to separate oil from water by using affinity specific membranes combined with hydrocyclonic flow and (2) a community outreach program to communities affected by recent oil spills.

3. Understand the sensitivity of extreme pollution concentrations to changes in emissions and climate. To accomplish this objective, extreme value models based on measurements and model simulations of the past few decades will be developed and then applied to simulations of future climate conditions and future emission scenarios.

4. Fabricate multi-layered nanofiber mats that will be integrated into a filtration unit to enhance the filters ability to perform as a chemically active filtration technology. The technology will target arsenic, agrochemicals and pharmaceuticals in rural drinking water systems.

5. Test the ability of ferrate oxidation to solve a wide range of water quality and treatment problems faced by small systems. The researchers will assess whether ferrate oxidation is more effective than conventional technologies, such as chlorination, for water treatment. Fiscal Year 2013: 1. Examine the extent to which nitrate radicals affect the amount and composition of organic aerosol over time.

2. Improve understanding of oxidation processes in the Southeast United States, an area where biogenic volatile organic compounds react to produce ozone and secondary organic aerosol.

3. A suite of measurements will be performed in order to quantify the spatial and temporal variation in emissions and deposition of biogenic volatile organic compounds, which play a role in secondary organic aerosol (SOA) production.

4. Determine the role of best management practices (BMPs) and land use decisions in affecting water quality in the face of extreme events from a changing climate regime.

5. Characterize the controlling factors that lead to enhanced secondary organic aerosol (SOA) formation from mixtures of anthropogenic and biogenic emissions. Fiscal Year 2014: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement. See the web page (<http://www.epa.gov/ncer>) for additional information on the evaluative criteria for the RFAs.

66.510 SURVEYS, STUDIES, INVESTIGATIONS AND SPECIAL PURPOSE GRANTS WITHIN THE OFFICE OF RESEARCH AND DEVELOPMENT

FEDERAL AGENCY:

Office of Research and Development (ORD), Environmental Protection Agency

AUTHORIZATION:

Comprehensive Environmental Response, Compensation, and Liability Act of 1980, Section 311; Federal Insecticide, Fungicide, and Rodenticide Act, Public Law 92-516, 7 U.S.C 136r&136u; Solid Waste Disposal Act, Section 8001, 42 U.S.C 6981; Resource Conservation and Recovery Act of 1976, Public Law 94-580, 42 U.S.C 6981; Toxic Substances Control Act, Section 10, Public Law 94-469, 15 U.S.C 2601; National Environmental Policy Act of 1969, Section 102(2)(F); Clean Air Act, Section 103, Public Law 95-95, 42 U.S.C 7401; Clean Water Act, Section 104, Public Law 95-217, 33 U.S.C 1251; Marine Protection, Research, and Sanctuaries Act, Section 203; Safe Drinking Water Act, Section 1442, 93 U.S.C 523; Federal Insecticide, Fungicide, and Rodenticide Act, Public Law 94-140, 7 U.S.C 136; Federal Insecticide, Fungicide, and Rodenticide Act, Public Law 95-396, 7 U.S.C 136.

OBJECTIVES:

To (1) support surveys, studies and investigations and special purpose assistance to determine the environmental effects of air quality, drinking water, water quality, hazardous waste, toxic substances, and pesticides (2) identify, develop, and demonstrate effective pollution control techniques; and (3) fund innovative regional projects that address a stated problem or opportunity relating to sustainability and use science to inform design, planning and decision-making at the local, state and industrial levels.

Funding Priority - Fiscal Year 2013: FY 2013 priorities include conducting air pollutants research, improving the science behind risk assessment, water quality research, drinking water research, research to improve human health and the environment, and research related to Homeland Security. Surveys, studies, and investigations to determine the environmental effects of air quality, drinking water, water quality, hazardous waste, toxic substances, endocrine disrupting chemicals, and pesticides will also be funded under this category. Additionally, this funding priority provides support for conferences relating to the areas above.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Funds awarded via grants/cooperative agreements are available for allowable direct cost expenditures incident to performance plus allocable portions of allowable indirect costs of the institutions, in accordance with the established policies of EPA. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to

conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

These programs are available to each State, territory and possession, and Tribal nation of the U.S., including the District of Columbia, for public and private State universities and colleges, hospitals, laboratories, State and local government departments, other public or private nonprofit institutions, and in some cases, individuals or foreign entities. Profit-making firms are not eligible to receive assistance agreements from the EPA under this program.

Eligible nonprofit organizations include any organizations that meet the definition of nonprofit in OMB Circular A-122, located at 2 CFR Part 230. However, nonprofit organizations described in Section 501(c) (4) of the Internal Revenue Code that lobby are not eligible to apply.

National laboratories funded by Federal Agencies (Federally-Funded Research and Development Centers, "FFRDCs") may not apply. FFRDC employees may cooperate or collaborate with eligible applicants within the limits imposed by applicable legislation and regulations. They may participate in planning, conducting, and analyzing the research directed by the applicant, but may not direct projects on behalf of the applicant organization. The institution, organization, or governance receiving the award may provide funds through its assistance agreement from the EPA to an FFRDC for research personnel, supplies, equipment, and other expenses directly related to the research. However, salaries for permanent FFRDC employees may not be provided through this mechanism.

Federal Agencies may not apply. Federal employees are not eligible to serve in a principal leadership role on an assistance agreement, and may not receive salaries or augment their Agency's appropriations in other ways through awards made under this program.

The applicant institution may enter into an agreement with a Federal Agency to purchase or utilize unique supplies or services unavailable in the private sector to the extent authorized by law. Examples are purchase of satellite data, chemical reference standards, analyses, or use of instrumentation or other facilities not available elsewhere. A written justification for federal involvement must be included in the application. In addition, an appropriate form of assurance that documents the commitment, such as a letter of intent from the Federal Agency involved, should be included.

Beneficiary Eligibility:

Public nonprofit institutions/organizations and private nonprofit institutions/organizations; state and local governments; Federally Recognized Indian Tribal Governments; U.S. territories or possessions; anyone/general public; education professionals; students/trainees; graduate students; scientists/researchers; hospitals; foreign entities; and individuals.

Credentials/Documentation:

The Agency may request that applicants demonstrate they have appropriate background, academic training experience in the field, and the necessary equipment to carry out the research. EPA may ask applicants or principal investigators to provide curriculum vitae and relevant publications. EPA may ask principal investigators for information documenting past performance. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. When applicable, an environmental impact assessment is made by the Office of Research and Development as required by

the National Environmental Policy Act. The standard application forms as furnished by the EPA and required by OMB Circulars No. A-102 and No. A-110 must be used for this program. An environmental impact assessment is required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Competitive RFAs (requests for applications) or RFIPs (requests for initial proposals) for grants in these areas are announced widely through the Internet, university and scientific organizations, among other mechanisms. Although the programs identified are the formal assistance programs that ORD funds, there are periodic RFAs/RFIPs disseminated on other topics that are not part of the formal program. These new programs are also part of 66.510 but cannot be presently identified. Funds may be available to support activities including but not limited to experiments, surveys, studies, investigations, public education programs, and monitoring where authorized by specific statutes, in both science and engineering disciplines. Please check the Federal Register or the EPA/ORD website <http://www.epa.gov/ord/htm/grantopportunity.htm> for an updated listing of these programs. Completed applications must be submitted to the appropriate Grants Management Office at the Environmental Protection Agency or as shown in the specific RFAs/RFIPs, which are accessible through the EPA/ORD website at <http://www.epa.gov/ord/htm/grantopportunity.htm>. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements. Customarily, applicants are notified about award decisions within six months of the solicitation deadline. After being recommended for award, applicants will be required to submit additional certifications and an electronic version of the revised project abstract, and may be requested to provide responses to comments or suggestions offered by the peer reviewers, a revised budget, past performance documentation, and/or make appropriate revisions. EPA Project Officers will contact Principal Investigators to obtain these materials. The official notification of an award will be made by the Agency's Grants and Interagency Agreements Management Division. Before or after award, certain applicants will be expected to provide additional quality assurance documentation.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 180 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

None. A standard grant application should be prepared and submitted as a new grant, which will be reviewed in the same manner as the original application and will compete for available funds.

Formula and Matching Requirements:

This program has no statutory formula. Matching Requirements: The Office of Research and Development reserves the right to impose a policy-based cost share requirement under certain competitions. See individual RFAs for additional information pertaining to

matching/cost share requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Grants are normally funded on a 12-month basis (annual). Total approved project period may not exceed 7 years. See the following for information on how assistance is awarded/released: Assistance is either fully funded (lump sum) or incrementally funded on an annual basis.

Reports:

No program reports are required. No cash reports are required. EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Agreements may require quarterly, interim, and final progress reports, and financial, equipment, and invention reports. Reporting requirements are also identified in the Grant Regulations, 40 CFR Parts 30 and 31. Progress reports are required under this program. A discussion of expenditures is required in progress reports under this program. Performance Monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

The record retention requirements of 40 CFR Part 30 (non-profits and universities) or 40 CFR Part 31 (governmental units) are applicable depending upon the identity of the recipient. Financial records, including all documents to support entries on accounting records and to substantiate charges to each grant, must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained until three years from the date of submission of the final expenditure report. If questions still remain, such as those raised as a result of audit, related records should be retained until the matter is completely resolved.

RELATED PROGRAMS:

66.509 Science To Achieve Results (STAR) Research Program; 66.511 Office of Research and Development Consolidated Research/Training/Fellowships

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: 1) The focus of the Environmental Justice (EJ) Workshop is to develop approaches for measuring the successes of EJ programs aimed at reducing or eliminating disproportionate environmental and health impacts among minority, low income, other socially disadvantaged populations and communities. 2) The study will evaluate the relative importance of environmental and behavioral approaches for reducing the incidence of Lyme disease and Babesiosis in a high risk island setting. The project will take advantage of ongoing human cohort studies on the epidemiology of Lyme disease and Babesiosis. 3) The conference will bring experts from around the world to discuss cutting-edge Environmental Endocrine Disruptors (EED) research. Topics of research discussed include links between EED exposures and human disease; critical developmental windows of exposure; and molecular mechanisms for EED effects such as environmental epigenetics and hormone pathways. 4) The Trans-Atlantic Research and Development Interchange on Sustainability (TARDIS) 2012 Workshop will address the topic of time and time-frames for sustainability under joint sponsorship of the Austrian Federal Ministry of Education, Science and Culture and the EPA Office of Research and Development. Sustainability or sustainable development is a recognition of the need for societies to develop within the constraints of the physical and biological limits of the Earth. 5) The International Conference on Sustainability Science (ICSS) will advance sustainability science knowledge and practice across disparate disciplines and institutions. The conference will employ an innovative case study approach for an in-depth engagement of participants to examine state-of-the-art sustainability science practice. CRITERIA FOR SELECTING PROPOSALS:

The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement.

**66.511 OFFICE OF RESEARCH AND DEVELOPMENT
CONSOLIDATED RESEARCH/TRAINING/FELLOWSHIPS
FEDERAL AGENCY:**

Office of Research and Development (ORD), Environmental Protection Agency

AUTHORIZATION:

Safe Drinking Water Act, Section 1442, Public Law 93-523; Federal Insecticide, Fungicide, and Rodenticide Act, Public Law 92-516, 7 U.S.C 136r&136u; Marine Protection, Research, and Sanctuaries Act, Section 203; Clean Air Act, Section 103&104, Public Law 95-95, 42 U.S.C 7401; Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, Section 311, Public Law 95-510; Resource Conservation and Recovery Act of 1976, Public Law 94-580, 42 U.S.C 6901; Clean Water Act, Section 104, Public Law 95-217, 33 U.S.C 1251; Solid Waste Disposal Act, Section 8001; National Environmental Policy Act of 1969, Section 102(2)(F); Toxic Substances Control Act, Section 10, Public Law 94-469, 15 U.S.C 2601; Federal Insecticide, Fungicide, and Rodenticide Act, Public Law 94-140, 7 U.S.C 136r&136u; Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, Section 311, Public Law 99-499; Federal Insecticide, Fungicide, and Rodenticide Act, Public Law 95-396, 7 U.S.C 136r&136u.

OBJECTIVES:

The Office of Research and Development (ORD) supports research and development to determine the environmental effects of air quality, drinking water, water quality, hazardous waste, toxic substances, and pesticides; (2) identify, develop, and demonstrate effective pollution control techniques; (3) perform risk assessments to characterize the potential adverse health effects of human exposures to environmental hazards; and (4) the facilitation of training and fellowships in these areas. Investigator initiated grants/cooperative agreements may be funded in broad areas such as environmental chemistry and physics, environmental engineering, and health and ecological effects of pollution. The ORD conducts leading-edge research to provide a solid underpinning of science and technology for the Agency. Applied research builds our understanding of how to protect and enhance the relationship between humans and the ecosystems of earth. ORD conducts a comprehensive research program to protect air, water, land, and human health and ecosystems, to improve environmental compliance and stewardship, and to conduct and promote coordination and acceleration of training for individuals relating to the protection and enhancement of the relationship between humans and the ecosystems of earth as well as to improve environmental compliance and stewardship.

Funding Priority - Fiscal Year 2013: ORD's research supports EPA's strategic goals. Brief descriptions of this research are as follows: 1) Air climate and energy research assess human and ecosystem exposures and effects associated with air pollutants and climate change. Working with other Federal and state agencies, major universities and institutions, and the private sector, this research provides the scientific tools, metrics, and information on air pollution exposure necessary for individuals, communities, and governmental agencies to make public health decisions related to air quality and climate change; 2) Safe and sustainable water research provides the resource management tools that allow decision makers to systematically consider complex tradeoffs occurring in a watershed on a regional or national scale. These tools are based on an improved understanding of the impacts of environmental stresses such as waterborne chemicals and microbial contaminants on aquatic systems and the potential impacts of anthropogenic processes such as hydraulic fracturing. This research will also address issues related to the nation's aging water infrastructure; high priority water quality and availability research; and promising approaches such as green infrastructure; 3) Sustainable and healthy communities research program supports the Agency's effort to protect and restore land, and support community health. This research focuses on developing data and tools for forecasting and assessing ecological and community health, designing near-term approaches for sustainable solutions to address environmental contaminants present in communities, and developing sustainable practices to help communities manage waste and materials; infrastructure, energy and water; transportation; and planning and zoning for buildings and land use; and 4) Chemical safety and sustainability research underpins the analysis of risks and potential health impacts across the broad spectrum of EPA programs and provides the scientific foundation for pesticide and toxic substances programs, pollution prevention, human health risk assessment, and homeland security. Specifically, this research allows the Agency to more quickly, efficiently, and cost-effectively assess potential chemical toxicity; develop integrated health hazard and dose-response assessments that support Agency decisions related to chemical safety; improve the Agency's preparedness, response, and recovery capabilities for homeland security incidents and other hazards.

USES AND USE RESTRICTIONS:

Funds awarded via grants/cooperative agreements are available for allowable direct cost expenditures incident to performance of research plus allocable portions of allowable indirect costs of the institutions, in accordance with the established policies of EPA. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when

on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

These programs are available to each State, territory and possession, and Tribal nation of the U.S., including the District of Columbia, for public and private State universities and colleges, hospitals, laboratories, State and local government departments, other public or private nonprofit institutions, and in some cases, individuals or foreign entities. Profit-making firms are not eligible to receive assistance agreements from the EPA under this program.

Eligible nonprofit organizations include any organizations that meet the definition of nonprofit in OMB Circular A-122, located at 2 CFR Part 230. However, nonprofit organizations described in Section 501(c) (4) of the Internal Revenue Code that lobby are not eligible to apply.

National laboratories funded by Federal Agencies (Federally-Funded Research and Development Centers, "FFRDCs") may not apply. FFRDC employees may cooperate or collaborate with eligible applicants within the limits imposed by applicable legislation and regulations. They may participate in planning, conducting, and analyzing the research directed by the applicant, but may not direct projects on behalf of the applicant organization. The institution, organization, or governance receiving the award may provide funds through its assistance agreement from the EPA to an FFRDC for research personnel, supplies, equipment, and other expenses directly related to the research. However, salaries for permanent FFRDC employees may not be provided through this mechanism.

Federal Agencies may not apply. Federal employees are not eligible to serve in a principal leadership role on an assistance agreement, and may not receive salaries or augment their Agency's appropriations in other ways through awards made under this program.

The applicant institution may enter into an agreement with a Federal Agency to purchase or utilize unique supplies or services unavailable in the private sector to the extent authorized by law. Examples are purchase of satellite data, chemical reference standards, analyses, or use of instrumentation or other facilities not available elsewhere. A written justification for federal involvement must be included in the application. In addition, an appropriate form of assurance that documents the commitment, such as a letter of intent from the Federal Agency involved, should be included.

Beneficiary Eligibility:

Public nonprofit institutions/organizations and private nonprofit institutions/organizations; state and local governments; Federally Recognized Indian Tribal Governments; U.S. territories or possessions; anyone/general public; education professionals; students/trainees; graduate students; scientists/researchers; hospitals; foreign entities; and individuals.

Credentials/Documentation:

The EPA may request that applicants demonstrate they have appropriate background, academic training, experience in the field, and necessary equipment to carry out the research. EPA may ask applicants to provide curriculum vitae and relevant publications. EPA may also ask the lead principal investigator/contact principal investigator for information documenting past performance. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional

information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. When applicable, an environmental impact assessment is made by the Office of Research and Development as required by the National Environmental Policy Act. The standard application forms as furnished by the EPA and required by OMB Circulars No. A-102 and No. A-110 must be used for this program. An environmental impact assessment is required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Competitive RFAs (requests for applications) or RFIPs (requests for initial proposals) for grants in these areas are announced widely through the Internet, university and scientific organizations, among other mechanisms. Although the programs identified are the formal assistance programs that ORD funds, there are periodic RFAs disseminated on other topics that are not part of the formal program. These new programs are also part of 66.511 but cannot be presently identified. Funds may be available to support research activities including but not limited to experiments, surveys, studies, investigations, public education programs, and monitoring where authorized by specific statutes, in both science and engineering disciplines. Funds may also be used for training and fellowships. Please check the Federal Register or the EPA/ORD website <http://www.epa.gov/ord/htm/grantopportunity.htm> for an updated listing of these programs. Completed applications must be submitted to the appropriate Grants Management Office at the Environmental Protection Agency or as shown in the specific RFAs, which are accessible through the EPA/ORD website at <http://www.epa.gov/ord/htm/grantopportunity.htm>. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements. Customarily, applicants are notified about award decisions within six months of the solicitation deadline. After being recommended for award, applicants will be required to submit additional certifications and may be requested to provide responses to comments or suggestions offered by the peer reviewers, a revised budget, past performance documentation, and/or make appropriate revisions. EPA Project Officers will contact Principal Investigators to obtain these materials. The official notification of an award will be made by the Agency's Grants and Interagency Agreements Management Division. Before or after award, certain applicants will be expected to provide additional quality assurance documentation.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 180 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

None. A standard grant application should be prepared and submitted as a new grant, which will be reviewed in the same manner as the original application and will compete for available funds.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: The Office of Research and Development reserves

the right to impose a policy-based cost share requirement under certain competitions. See RFAs for additional information pertaining to matching/cost share requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Grants/cooperative agreements are normally funded on a 12-month basis (annual). Total approved project period may not exceed 5 years for research and 3 years for training agreements. See the following for information on how assistance is awarded/released: Assistance is either fully funded (lump sum) or incrementally funded on an annual basis.

Reports:

No program reports are required. No cash reports are required. EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Agreements may require quarterly, interim, and final progress reports, and financial, equipment, and invention reports. Reporting requirements are also identified in the Grant Regulations, 40 CFR Parts 30 and 31. A discussion of expenditures is required in progress reports under this program. Performance Monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

The record retention requirements of 40 CFR Part 30 (non-profits and universities) or 40 CFR Part 31 (governmental units) are applicable depending upon the identity of the recipient. Financial records, including all documents to support entries on accounting records and to substantiate charges to each grant, must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained until three years from the date of submission of the final expenditure report. If questions still remain, such as those raised as a result of audit, related records should be retained until the matter is completely resolved.

66.509 Science To Achieve Results (STAR) Research Program; 66.510 Surveys, Studies, Investigations and Special Purpose Grants within the Office of Research and Development

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: 1) This project seeks to quantify the radiative forcing of aerosols and tropospheric ozone in relation to changes in emissions of aerosol and ozone precursor emissions and is expected to provide information on sources of short-lived climate forces as well as a means to estimate the impacts of future emissions associated with changes in air quality and climate mitigation actions. This work will extend the existing adjoint method, which is generally used to attribute atmospheric concentrations of pollutants to various sources, to the radiative forcing and climatic effects due to those same pollutants. 2) The objective is to develop a technique for extraction and analysis of engineered nanoparticles for characterization of their aggregation state in soil and sediment pore water. 3) This research is for the development of effective risk communication strategies for post-incident decontamination and clearance activities associated with an intentional biological environmental contamination. AUTHORIZATION:

Clean Water Act, Section 104, 33 U.S.C 1254; Federal Insecticide, Fungicide, and Rodenticide Act, Section 20, 7 U.S.C 136r; Clean Air Act, Section 103, 42 U.S.C 7403; National Environmental Policy Act of 1969, Section 102(2)(F); Solid Waste Disposal Act, Section 8001, 42 U.S.C 6981; Safe Drinking Water Act, Section 1442, 42 U.S.C 300j-1; Toxic Substances Control Act, Section 10, 15 U.S.C 2609.

OBJECTIVES:

The National Center for Environmental Research (NCER) offers undergraduate fellowships to students in environmentally related fields of study. This program is intended to strengthen the environmental research capacity of institutions of higher education that receive limited funding to build such capacity.

Funding Priority - Fiscal Year 2013: The Greater Research Opportunities Fellowship Program will support undergraduate fellowships in the following areas: Natural and Life Sciences (includes pollution prevention and/or control-related study in Biology, Ecology, Microbiology, Molecular Sciences, etc.); Environmental Sciences and Interdisciplinary Programs (includes pollution prevention and/or control-related study in Environmental Studies, Urban Sustainability and Land Use Planning, Environmental Health, Environmental Policy, Environmental Education, Native/Tribal Environmental Science, etc.); Engineering (includes pollution prevention and/or control-related study in Environmental Engineering, Waste Management, Green Building

Engineering, Biotechnology, etc.); Social Sciences (includes pollution prevention and/or control-related study in Economics, International Environmental Studies, Anthropology, Sociology, Psychology, Environmental Justice, etc.); Physical Sciences and Earth Sciences (includes pollution prevention and/or control-related study in Atmospheric Sciences, Chemistry, Geology, Geography, Biogeochemistry, Water Quality, etc.); Mathematics and Computer Science (includes pollution prevention and/or control-related study in Environmental Information Science, Mathematics and Statistics, Bioinformatics, etc.).

USES AND USE RESTRICTIONS:

Fellowship awards are made in response to a competitive solicitation. Funds are to provide resources to allow for fellowships related to environmental issues. No matching funds are required. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Applicants must attend a fully accredited U.S. college or university (located in the U.S. or its territories) for the fellowship period. Individuals must be citizens of the U.S. or its territories or possessions, or be lawfully admitted to the U.S. for permanent residence. Resident aliens must include their green card number in their application. You must have your green card at the time of application to be eligible for this Fellowship opportunity. EPA may verify this number with the U.S. Citizenship and Immigration Service of the Department of Homeland Security.

The GRO Undergraduate Fellowship is intended for students entering their last two years of full time study before obtaining their first bachelor's degree. Students who have already earned one bachelor's degree and are pursuing additional degrees are not eligible. The fellowship tenure is for 2 full academic years (9 months each) with a required paid summer internship after their first year. Thus, only students who will be entering their last two years of college will be considered eligible.

In order to receive the fellowship, the student must attend a fully accredited four year U.S. institution of higher education. This school must be among those that are not highly funded for research and development capacity. For the purposes of this solicitation, students attending those institutions receiving more than \$35 million in annual federal research and development funding are ineligible to apply under this solicitation. Institutions who exceed this threshold can be identified in the National Science Foundation's publication "Federal Science and Engineering Support to Universities, Colleges, and Nonprofit Institutions: FY 2008," Table 12, column 2. These data can be found at: <http://www.nsf.gov/statistics/nsf12316/pdf/nsf12316.pdf>. Students attending those institutions either not listed, or listed as having received \$35 million or less as designated in column 2 of Table 12 are eligible to apply.

Students attending two-year institutions, community colleges, and not in attendance at an institution of higher education at the time of application submittal may be eligible to apply. However, in order to be eligible to receive the fellowship, students attending two-year institutions, community colleges, or

not in attendance at the time of application will need to show evidence of having received their Associate's degree, demonstrate that they only have two years left of undergraduate studies for completion of their Bachelor's degree, and will also need to demonstrate that they have been accepted to attend an accredited eligible four-year institution. This requirement is considered satisfied if the student is transferring to an accredited eligible four-year institution which has an Articulation Agreement with the two-year institution, thus meaning that all credits will transfer towards requirements for the Bachelor's degree. An Articulation Agreement is a signed contract between a community or technical college and a four-year college or university that guarantees that a student who earns an associate degree at a participating two-year institution can transfer all of the general education core credits to the four-year institution toward the completion of baccalaureate degree requirements. More information can usually be obtained directly from the institution's Registrar. Alternately, a student with an Associate's degree may provide a letter from the Registrar of the accredited eligible four-year institution verifying that upon matriculation, the student will only have two remaining years of undergraduate study to complete the first Bachelor's degree.

Students must be pursuing a bachelor's degree in an environmentally-related field, such as biology, health, the social sciences, and engineering. Students must have two (2) years remaining from the start of the Fall semester before receiving their initial bachelor's degree. Students must have at least a "B" average overall at the time of application submittal and during the tenure of the fellowship.

Applicants who currently have another federal fellowship are not eligible. However, acceptance of this fellowship does not necessarily preclude acceptance of another private, state, regional, local, or non-profit scholarship, fellowship, traineeship, research assistantship, teaching assistantship, or grant aid.

Employees of the U.S. government may apply, but must be able to prove separation from Federal service before accepting this fellowship.

The exact term (start and end dates) of the undergraduate fellowship is negotiated with the student and covers a period of nine months for each fellowship year. Students seeking a bachelor's degree may be supported for a maximum of two academic years.

EPA recognizes that scientific, technical, engineering and mathematical (STEM) competence is essential to the Nation's future well-being in terms of national security and competitive economic advantage. For instance, the health and vitality of the economy is predicated, in part, on the availability of an adequate supply of scientists, technicians, engineers and mathematicians, to develop innovative technologies and solutions. In other words, this country must engage all available minds to address the challenges it faces. Minorities, women, and persons with disabilities historically have been under-represented in the STEM fields. For this reason, EPA strongly encourages women, minorities, and persons with disabilities to apply.

Beneficiary Eligibility:

Individual/Family; Student/Trainee.

Credentials/Documentation:

EPA may request that fellows document their affiliation with an eligible institution. The EPA may also request that applicants demonstrate they have appropriate background, academic training, and experience in the field to carry out the fellowship. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. NCER invites applications for undergraduate fellowships in academic disciplines including engineering, environmental science, and physical science. Environmental impact information is not required

for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. This program is excluded from coverage under OMB Circular No. A-110. For regular mail, completed paper applications must be submitted to the following address: U.S. Environmental Protection Agency, Peer Review Division (8725P); Funding Opportunity Number: (include appropriate number as shown in the solicitation), 1200 Pennsylvania Avenue, NW, Washington, DC 20460. For express mail and couriers, completed paper applications must be submitted to the following address: U.S. Environmental Protection Agency, Peer Review Division (8725P), Funding Opportunity Number: (include appropriate number as shown in the solicitation); 2777 Crystal Drive (One Potomac Yards), 6th Floor South Building, Arlington, VA 22202. Specific details on the application process are described in the solicitations which are located at: <http://www.epa.gov/ncer>. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 210 days from the close of the solicitation.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The term of the fellowship is negotiated with the student and covers a period of nine months for each fellowship year. Students seeking a bachelor's degree may be supported for a maximum of two years. If selected to receive a fellowship, the fellow will be contacted no later than seven months after the close of the solicitation and should subsequently receive official notification of award by no later than 9 months after the close of the solicitation for the fall term. Please note that this schedule may be changed without notification due to factors that were not anticipated at the time of announcement. The official notification of an award will be made by the EPA's Grants and Interagency Agreement Management Division. See the following for information on how assistance is awarded/released: Assistance is fully funded (lump sum).

Reports:

No program reports are required. No cash reports are required. No progress reports are required. No expenditure reports are required. EPA includes reporting requirements for fellowships in the terms and conditions of the agreements. Reporting requirements are also identified in the fellowship regulations, 40 CFR Part 46. Performance Monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a

year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

The record retention requirements of 40 CFR Part 46 are applicable. All records related to a fellowship agreement must be maintained for three years after the completion date inserted on the "Completion of Studies Notice" (EPA Form 5770-9). EPA, the Inspector General, Comptroller General of the United States, or any of their duly authorized representatives, has the right of timely and unrestricted access to documents, papers, or other records related to a fellowship, in order to make audits, examinations, excerpts, transcripts and copies of such documents. The rights of access in this paragraph are not limited to the required retention period, but shall last as long as records are retained.

66.514 SCIENCE TO ACHIEVE RESULTS (STAR) FELLOWSHIP PROGRAM

FEDERAL AGENCY:

Office of Research and Development (ORD), Environmental Protection Agency

AUTHORIZATION:

Clean Water Act, Section 104, 33 U.S.C 1254; National Environmental Policy Act of 1969, Section 102(2)(F); Solid Waste Disposal Act, Section 8001, 42 U.S.C 6981; Toxic Substances Control Act, Section 10, 15 U.S.C 2609; Safe Drinking Water Act, Section 1442, 42 U.S.C 300j-1; Clean Air Act, Section 103, 42 U.S.C 7403; Federal Insecticide, Fungicide, and Rodenticide Act, Section 20, 7 U.S.C 136r.

OBJECTIVES:

The National Center for Environmental Research (NCER), as part of its Science to Achieve Results (STAR) program, offers graduate fellowships for master's and doctoral level students in environmentally related fields of study. The purpose of the fellowship program is to encourage promising students to obtain advanced degrees and pursue careers in environmentally related fields. This goal is consistent with the mission of EPA, which is to provide leadership in the nation's environmental science, research, education, assessment, restoration, and preservation efforts. This program will benefit both the public and private sectors which will need a steady stream of well-trained environmental specialists if society is to meet the environmental challenges of the future. These fellowships are intended to help defray costs associated with advanced environmentally-oriented study leading to a master's or doctoral degree.

Funding Priority - Fiscal Year 2013: The STAR Fellowship Program will support graduate fellowships in the following areas: Emerging Environmental Approaches & Challenges: Environmental Innovation; Emerging Environmental Approaches & Challenges: Information Science; Emerging Environmental Approaches & Challenges: Synthetic Biology for Environmental Purposes; Air, Climate & Energy: Clean Air; Air, Climate & Energy: Global Change; Air, Climate & Energy: Green Energy/Natural Resources Production & Use; Chemical Safety for Sustainability: Green Engineering/Building/Chemical Products & Processes/Materials Development; Chemical Safety for Sustainability: Nanotechnology; Chemical Safety for Sustainability: Pesticides and Toxic Substances; Human Health Risk Assessment: Public Health; Human Health Risk Assessment: Risk Assessment and Risk Management; Safe and Sustainable Water Resources: Drinking Water; Safe and Sustainable Water Resources: Water Quality--Coastal and Estuarine Processes; Safe and Sustainable Water Resources: Water Quality--Hydrogeology and Surface Water; Safe and Healthy Communities: Ecosystem Services--Aquatic Systems Ecology; Safe and Healthy Communities: Ecosystem Services--Terrestrial Systems Animal Ecology; Safe and Healthy Communities: Ecosystem Services--Terrestrial Systems Soil and Plant Ecology; Safe and Healthy Communities: Built Environment and Land Use/Protection; Safe and Healthy Communities: Tribes and American Indian/Alaska Native/Pacific Islander Communities. All projects must describe the relationship of these topic areas to the statutorily required purpose of pollution prevention and/or control.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

All STAR fellowship awards are made in response to a competitive solicitation.

Funds are to provide resources to allow for fellowships related to environmental issues. No matching funds are required. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Applicants must attend a fully accredited U.S. college or university (located in the U.S. or its territories) for their graduate studies. Individuals must be citizens of the U.S. or its territories or possessions, or be lawfully admitted to the U.S. for permanent residence. Resident aliens must include their green card number in their application. Resident alien applicants must have their green card at the time of application to be eligible for this Fellowship opportunity. EPA may verify this number with the U.S. Citizenship and Immigration Service of the Department of Homeland Security.

Applicants do not need to be enrolled in or formally accepted into a full time graduate program at the time they apply for a fellowship, but proof of enrollment or acceptance must be produced prior to the award of the fellowship. To be eligible for this fellowship, applicants must be pursuing a master's or doctoral degree in an environmentally-related topic area at a fully accredited U.S. college or university (based in the U.S. or its territories).

Applicants who are in a graduate program at the time of application and meet either of the following two criteria as of the solicitation closing date ARE NOT eligible to receive a fellowship: 1) have completed more than one year in their current master's program; or 2) have completed more than four years in their current doctoral program. However, applicants enrolled in a master's program who intend to pursue a doctoral degree beginning in the fall of 2013 may apply for a doctoral fellowship.

Applicants who currently have another federal fellowship are not eligible. However, acceptance of this fellowship does not necessarily preclude acceptance of another private, state, regional, local, or non-profit scholarship, fellowship, traineeship, research assistantship, teaching assistantship, or grant aid.

Employees of the U.S. government may apply, but must be able to prove separation from Federal service before accepting this fellowship.

Beneficiary Eligibility:

Individual/Family; Student/Trainee and Graduate Student.

Credentials/Documentation:

EPA may request that fellows document their affiliation with an eligible institution. The EPA may also request that applicants demonstrate they have appropriate background, academic training, and experience in the field to carry out the fellowship. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. NCER invites applications for graduate

fellowships in academic disciplines relating to environmental research including engineering, public health, and ecological sciences. An application provides the information needed for the review of its merit. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. This program is excluded from coverage under OMB Circular No. A-110. Specific details on the application process are described in the solicitations which are located at: <http://www.epa.gov/ncer>. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 210 days from the close of the solicitation.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." 66.513 Greater Research Opportunities (GRO) Fellowships For Undergraduate/Graduate Environmental Study

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: 1. The objective of the research is to further the development of biodegradable plastics and natural fiber composites by understanding and optimizing the relationship between processing, properties and end of life degradation.

2. The research will characterize ground water recharge regimes in study basins throughout the Basin and Range Province, extending from northern Mexico to the U.S. states of Nevada and Utah.

3. The project will develop and apply methods to better characterize indoor air pollution using a robust perspective that considers primary biological content and toxicological activity that will contribute to faster and less invasive methods for monitoring indoor air quality and its potential impact on public health and the environment.

4. The objectives of the proposed research are to: (1) delineate the indoor concentration of reactive oxygen species (ROS) in different types of buildings and compare it to the outdoor concentration of ROS; (2) determine the factors that influence indoor and outdoor concentrations of ROS; and (3) assess the health effects of ROS.

5. The research project will seek to gain a holistic understanding of the role of nanoparticle structure and stability on the fate and transport of contaminants in the presence of biofilm, by investigating interactions of model natural and engineered nanoparticles, contaminants and natural organic matter with biofilm. Fiscal Year 2013: Information for FY 2013 is not yet available. Fiscal Year 2014: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement. See the Web page (<http://www.epa.gov/ncer>) for additional information on the evaluative criteria for this RFA.

66.516 P3 AWARD: NATIONAL STUDENT DESIGN COMPETITION FOR SUSTAINABILITY

FEDERAL AGENCY:

Office of Research and Development (ORD), Environmental Protection Agency

AUTHORIZATION:

Solid Waste Disposal Act, Section 8001, 42 U.S.C 6981; Safe Drinking Water Act, Section 1442, 42 U.S.C 300j-1; Federal Insecticide, Fungicide, and Rodenticide Act, Section 20, 7 U.S.C 136r; Clean Water Act, Section 104, 33 U.S.C 1254; Clean Air Act, Section 103, 42 U.S.C 7403; Toxic Substances Control Act, Section 10, 15 U.S.C 2609; National Environmental Policy Act of 1969, Section 102(2)(F).

OBJECTIVES:

The U.S. Environmental Protection Agency (EPA), as part of the P3-People, Prosperity and the Planet Award Program, is seeking applications proposing to research, develop, and design solutions to real world challenges involving the overall sustainability of human society. The P3 competition highlights the use of scientific principles in creating innovative projects focused on sustainability. The P3 Award program was developed to foster progress toward sustainability by achieving the mutual goals of economic prosperity, protection of the planet, and improved quality of life for its people-- people, prosperity, and the planet - the three pillars of sustainability. The EPA offers the P3 competition in order to respond to the technical needs of the world while moving towards the goal of sustainability.

Funding Priority - Fiscal Year 2013: The United States Environmental Protection Agency (EPA) invites submissions to the P3 Award: A National Student Design Competition for Sustainability. The P3 competition will provide grants to teams of college students to research, develop, and design solutions to challenges to sustainability.

The P3 Award Program is composed of two phases that award grants on a competitive basis. The first phase of the P3 Award Program is a competition for one-year grants of up to \$15,000 to test scientific hypotheses and principles by developing scientific or engineering designs that will promote sustainable development. Challenges from a wide range of categories will be considered. These include: Energy (e.g., Clean Cookstoves, Green Energy, Biofuels and Waste to Energy); Built Environment (e.g., Green Buildings, Smart Growth, Green Urban Water Infrastructure); Materials and Chemicals (e.g., Sustainable Materials, Sustainable Chemistry); Water (e.g., Drinking Water, Wastewater and Water Reuse).

In the spring following Phase I grant awards, Phase I grantees are required to present their designs at the annual National Sustainable Design Expo on the

National Mall in Washington, DC where they will have an opportunity to compete for Phase II grant awards of up to \$90,000. The Phase II grant awards are to support the demonstration and further development of the sustainability designs created in the first phase of the program. The competitors for the P3 Phase II grants will be limited to those selected to receive support as a result of the Phase I competition. Additional instructions for the Phase II proposals, which will be due approximately 8 months after the Phase I grants are awarded, will be distributed to Phase I recipients following award of the Phase I grants. Those projects identified for receipt of a Phase II grant are also recognized as "P3 Award".

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Awards are made in response to an announced competitive request for applications (RFA). Funds awarded via grant agreements are available for allowable direct cost expenditures incident to the performance of research plus allocable portions of allowable indirect costs of the institutions, in accordance with established EPA policies and regulations. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Public nonprofit institutions/organizations (limited to degree-granting public institutions of higher education) and private nonprofit institutions/organizations (limited to degree-granting private institutions of higher education) located in the U.S. (includes U.S. territories and possessions) are eligible to apply to be the recipient of a grant to support teams of undergraduate and/or graduate students. Profit-making firms are not eligible to receive assistance agreements from the EPA under this program. The students on the teams supported by the institution receiving the grant must be enrolled in the college, university, or post-secondary educational institution they will be representing at the time the proposal is submitted. Institutions are allowed to submit more than one application where each application represents a unique design concept and student team. For the purposes of grant administration, the team's faculty advisor will be designated the Principal Investigator throughout the P3 grant award and competition process. In addition to the Principal Investigator, each team selected for award will also be asked to provide contact information for a student lead.

Eligible nonprofit organizations include research institutes, corporations, or foundations that are part of a U.S. institution of higher education. However, nonprofit organizations described in Section 501(c)(4) of the Internal Revenue Code that lobby are not eligible to apply.

Foreign governments, international organizations, and non-governmental international organizations/institutions are not eligible to apply.

National laboratories funded by Federal Agencies (Federally-Funded Research and Development Centers, "FFRDCs") may not apply. FFRDC employees may cooperate or collaborate with eligible applicants within the limits imposed by applicable legislation and regulations. They may participate in planning, conducting, and analyzing the research directed by the applicant, but may not direct projects on behalf of the applicant organization. The institution,

organization, or governance receiving the award may provide funds through its assistance agreement from the EPA to an FFRDC for, supplies, equipment, and other expenses directly related to the research. However, salaries for permanent FFRDC employees may not be provided through this mechanism.

Federal Agencies may not apply. Federal employees are not eligible to serve in a principal leadership role on an assistance agreement, and may not receive salaries or augment their Agency's appropriations in other ways through awards made under this program.

The applicant institution may enter into an agreement with a Federal Agency to purchase or utilize unique supplies or services unavailable in the private sector. Examples are purchase of satellite data, chemical reference standards, analyses, or use of instrumentation or other facilities not available elsewhere. A written justification for federal involvement must be included in the application. In addition, an appropriate form of assurance that documents the commitment, such as a letter of intent from the Federal Agency involved, should be included.

Collaboration with colleges and universities outside the United States is permitted, but only U.S. institutions will be eligible for awards. Up to 40% of the total grant may be sub-awarded to another educational institution (domestic or foreign) as described in instructions for submitting to this RFA. If foreign work will be performed, in the process of funding the grant, EPA's Office of Research and Development is required to obtain clearance from EPA's Office of International and Tribal Affairs and the U.S. Department of State before any funded foreign work or travel is performed.

See RFA at: <http://www.epa.gov/ncer/p3/> for additional information pertaining to eligibility requirements.

Beneficiary Eligibility:

Public Nonprofit Institutions/Organizations, Private Nonprofit Institutions/Organizations, Anyone/General Public, Education Professional, Student/Trainee, Graduate Student, Scientists/Researchers.

Credentials/Documentation:

EPA may request that students document their affiliation with an eligible institution. The EPA may also request that applicants demonstrate they have appropriate background, academic training, experience in the field, and necessary equipment to carry out the research. EPA may ask principal investigators for information documenting past performance. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. When applicable, an environmental impact assessment is made by the Office of Research and Development as required by the National Environmental Policy Act. The standard application forms as furnished by the EPA and required by OMB Circular No. A-110 must be used for this program. An environmental impact assessment is required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. This program is subject to the provisions of OMB Circular No. A-110. Specific details on the application process are described in the solicitation which is located at: <http://www.epa.gov/ncer/p3>. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals,

and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements. Customarily, applicants are notified of award decisions within six months of the close of the RFA. After being recommended for award, applicants will be required to submit additional certifications and an electronic version of the revised project abstract, and may be requested to provide responses to comments or suggestions offered by the peer reviewers, a revised budget, past performance documentation, and/or make appropriate proposal revisions. EPA Project Officers will contact Principal Investigators to obtain these materials. The official notification of an award will be made by the Agency's Grants and Interagency Agreement Management Division.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 180 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

P3 Awards will be fully funded. Project period for Phase I will normally not exceed 1 year. Project period for Phase II will normally not exceed 2 years. See the following for information on how assistance is awarded/released: Assistance is fully funded (lump sum).

Reports:

No program reports are required. No cash reports are required. Phase I Report, Phase II report, and invention reports as appropriate. Phase II awards require progress reports. No expenditure reports are required. Performance Monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

The record retention requirements of 40 CFR Part 30 are applicable. Financial records, including all documents to support entries on accounting records and to substantiate charges to each grant, must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained until three years from the date of submission of the final expenditure report. If questions still remain, such as those raised as a result of audit, related records should be retained until the matter is completely resolved.

EXAMPLES OF FUNDED PROJECTS:

- Fiscal Year 2012: 1. The goal of the project is to develop an advanced technology for diesel engines that would lower nitrogen oxide and soot emissions while using biofuels produced from waste cotton seed oil.
- The goal of the project is to develop a sustainable process that converts agricultural and domestic organic waste into energy (in the form of biodiesel and biomethane) and algal meal for animal/aquaculture feed.
- The goal of the project is the development of an inexpensive, multifunctional adsorbent material, a humic-acid carbon material, that will improve existing sand filtration technology to better remove a wide range of water contaminants, including arsenic, other heavy metals, and organic contaminants.
- The goal of this proposal is to develop and demonstrate the feasibility of a novel microbial fuel cell (MFC) design for simultaneous drinking water treatment and wastewater treatment.
- The goal of the project is to design and test development of the stacked rapid sand filter at the laboratory and field scale to purify drinking water. Fiscal Year 2013: Information for FY 2013 is not yet available. Fiscal Year 2014: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement. See the Web page (<http://es.epa.gov/ncer/p3>) for additional information on the evaluative criteria for this RFA.

66.517 REGIONAL APPLIED RESEARCH EFFORTS (RARE)

FEDERAL AGENCY:

Office of Research and Development (ORD), Environmental Protection Agency

AUTHORIZATION:

Toxic Substances Control Act, Section 10, Public Law 94-469, 15 U.S.C 2601; Federal Insecticide, Fungicide, and Rodenticide Act, Section 20&23, Public Law 92-516, 7 U.S.C 136r&136u; Clean Water Act, Section 104, Public Law 95-217, 33 U.S.C 1251; Resource Conservation and Recovery Act of 1976, Public Law 94-580, 42 U.S.C 6981; Marine Protection, Research, and Sanctuaries Act, Section 203; Safe Drinking Water Act, Section 1442, Public Law 93-523; Solid Waste Disposal Act, Section 8001; Clean Air Act, Section 103&104, Public Law 95-95, 42 U.S.C 7401; Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), Section 311, Public Law 95-510; National Environmental Policy Act of 1969, Section 102(2)(F); Federal Insecticide, Fungicide, and Rodenticide Act, Public Law 94-140, 7 U.S.C 136; Federal Insecticide, Fungicide, and Rodenticide Act, Public Law 95-396, 7 U.S.C 136; Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), Section 311, Public Law 99-499.

OBJECTIVES:

To (1) support surveys, studies and investigations and special purpose assistance to determine the environmental effects of air quality, drinking water, water quality, hazardous waste, toxic substances, and pesticides; (2) identify, develop, and demonstrate effective pollution control techniques; and (3) fund innovative regional projects that address a stated problem or opportunity relating to sustainability and use science to inform design, planning and decision-making at the local, state and industrial levels.

Funding Priority - Fiscal Year 2013: FY 2013 Priorities include conducting high priority air pollutants research, ecological risk assessment, water quality, watersheds and drinking water research, research to improve human health (including children's) risk assessment, pollution prevention and new technologies/Economic and Social Science research. Support surveys, studies and investigations and special purpose assistance actions to determine the environmental effects of air quality, drinking water, water quality, hazardous waste, toxic substances, and pesticides; and identify, develop, and demonstrate effective pollution control techniques will all be funded under this category.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Funds awarded via grants/cooperative agreements are available for allowable direct cost expenditures incident to the performance of research plus allocable portions of allowable indirect costs of the institutions, in accordance with established EPA policies and regulations. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

These programs are available to each State, territory and possession, and Tribal nation of the U.S., including the District of Columbia, for public and private State universities and colleges, hospitals, laboratories, State and local government departments, other public or private nonprofit institutions, and in some cases, individuals who have demonstrated unusually high scientific ability.

Beneficiary Eligibility:

Public nonprofit institutions/organizations and private nonprofit institutions/organizations; state and local governments; Federally Recognized Indian Tribal Governments; U.S. territories or possessions; Scientists/Researchers, Hospitals, and Individuals.

Credentials/Documentation:

The Agency may request that applicants demonstrate they have appropriate background, academic training experience in the field, and the necessary equipment to carry out the research. EPA may ask applicants or principal investigators to provide curriculum vitae and relevant publications. EPA may ask principal investigators for information documenting past performance. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. When applicable, an environmental impact assessment is made by the Office of Research and Development as required by the National Environmental Policy Act. The standard application forms as furnished by the EPA and required by OMB Circulars No. A-102 and No. A-110 must be used for this program. An environmental impact assessment is required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Funds may be available to support activities including but not limited to experiments, surveys, studies, investigations, public education programs, and monitoring where authorized by specific statutes, in both science and engineering disciplines. Please check the Federal Register or the EPA/ORD website <http://www.epa.gov/ord/html/grantopportunity.htm> for an updated listing of these programs. Completed applications must be submitted to the appropriate laboratory, center or office within ORD specified in the announcement.

Award Procedure:

The official notification of an award will be made by the Agency's Grants and Interagency Agreements Management Division. Customarily, applicants are notified about award decisions within six months of the solicitation deadline. After being recommended for award, applicants will be required to submit additional certifications and may be requested to provide responses to comments or suggestions offered by the peer reviewers, a revised budget, past performance documentation, and/or make appropriate revisions. EPA Project Officers will contact Principal Investigators to obtain these materials. Before or after award, certain applicants will be expected to provide additional quality assurance documentation.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

RELATED PROGRAMS:

66.510 Surveys, Studies, Investigations and Special Purpose Grants within the Office of Research and Development

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: 1) This project will assist Region 6 states that have designers, suppliers, and users of rainwater harvesting systems by providing data on the occurrence and persistence of potential pathogenic microorganisms in harvested rainwater and the potential impact to public health.

2) This research will provide a more complete understanding of the environmental and economic performance of biogas-to-energy technologies to

better equip state and local governments, regulators, and potential project developers to identify appropriate and cost-effective biogas management options.

3) This project will develop guidance on the applicability of the rain gardens as a storm water control measure and will provide design criteria to allow prediction of the rain garden performance. Under this project, the infiltration rate of rain gardens will be monitored using electronic sensors installed (buried) during the rain garden construction. The recipient will use techniques that are similar to other monitored locations enabling data sharing across locations.

4) The primary objective of the project is to quantify the ecological impact of invasive tunicates on shallow embayments in southern New England. The secondary objectives of the project are a) use of the carbon flow model to predict the potential change in environmental impacts as related to warming climate change, b) underwater methodology for tunicate assessment that can be used by others, and c) application to other shallow water, coastal ecosystems elsewhere. The results can be used to project how global climate change may alter the impact of invasive tunicates on the existing food webs. 66.518 STATE SENIOR ENVIRONMENTAL EMPLOYMENT PROGRAM

(SEE)

FEDERAL AGENCY:

Office of Administration and Resources Management, Environmental Protection Agency

AUTHORIZATION:

Environmental Programs Assistance Act of 1984, Public Law 98-313, 42 U.S.C 4368a.

OBJECTIVES:

To use the talents of Americans 55 years of age or older to provide technical assistance to State environmental agencies for projects of pollution prevention, abatement, and control to achieve the Agency's goals of Clean Air; Clean and Safe Water; Land Preservation and Restoration; Healthy Communities and Ecosystems; and Compliance and Environmental Stewardship.

Funding Priority, Fiscal Year 2013: The Environmental Programs Assistance Act of 1984 (Pub. L. 98-313) authorized the Administrator of the EPA "to make grants to, or enter into cooperative agreements with, private, nonprofit organizations designated by the Secretary of Labor under Title V of the Older Americans Act of 1965." These cooperative agreements are to utilize the talents of older Americans in temporary, full time or part time positions "providing technical assistance to Federal, State, and local environmental agencies for projects of pollution prevention, abatement, and control". "Technical assistance" may include any activity performed for the State in support of its projects ranging from inspections of large capacity cesspools, to support for a State Environmental staff office. This allows for the coverage of all types of SEE program positions from professional to clerical.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

The SEE Act states that only nonprofit organizations which are designated by the Secretary of Labor under Title V of the Older Americans Act can participate. These cooperative agreements are to utilize the talents of older Americans in temporary full time or part time positions "providing technical assistance to Federal, State and local environmental agencies for projects of pollution prevention, abatement, and control."

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to

conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

Private, nonprofit organizations designated by the Secretary of Labor under Title V of the Older Americans Act of 1965.

Beneficiary Eligibility:

State environmental agencies and individuals 55 years old or older.

Credentials/Documentation:

The Environmental Programs Assistance Act of 1984 requires a certification by the Federal, State, or local agency that is to receive the SEE workers that the grant/cooperative agreement will not displace any Federal or State workers, prevent the rehiring of any laid-off Federal/State workers, or affect existing service contracts. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. Requests for application forms must be submitted to: Environmental Protection Agency, Grants and Interagency Agreements Management Division, (3903R), Washington, DC 20460. Completed applications must be sent to the same address, and a copy of the completed application should also be sent to: Susan Street, Manager, SEE Program, Office of Human Resources, Program Management and Communications Staff (3600M), Washington, DC 20460. This program is subject to the provisions of OMB Circular No. A-110. This program is excluded from coverage under OMB Circular No. A-102. Basic steps of the application process are outlined in the application package.

Award Procedure:

Each application shall be subjected to administrative evaluation to determine adequacy of application in relation to assistance regulations and to program objectives.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

Not Applicable.

Appeals:

Disputes will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

66.600 ENVIRONMENTAL PROTECTION CONSOLIDATED GRANTS FOR THE INSULAR AREAS - PROGRAM SUPPORT

(Consolidated Program Support Grants)

FEDERAL AGENCY:

Region 9, Environmental Protection Agency

AUTHORIZATION:

Pollution Prevention Act, Section 6605; Toxic Substances Control Act, Section 28(a),404(g); Safe Drinking Water Act, Section 1443(a)&1443(b); Solid Waste Disposal Act, 42 U.S.C 6908a; Omnibus Territories Act , Public Law 95-134, 48 U.S.C 1469a; Federal Insecticide, Fungicide, and Rodenticide Act, Section 23(a)(1)&(a)(2); Clean Water Act, Section 104(b)(3)&106; National Environmental Policy Act, Section 102(2)(F); Clean Water Act, Section 319(h); Toxic Substances Control Act, Section 306; Clean Water Act, Section 205(g)&205(j)2; Comprehensive Environmental Response, Compensation, and Liability Act , Public Law 96-510; Omnibus Territories Act , Public Law 95-348, 48 U.S.C 1469a; Brownfields Law, Section 128a, Public Law 107-118; Omnibus Territories Act , Public Law 96-205, 48 Stat. 1469a; Resource Conservation and Recovery Act; Omnibus Territories Act , Public Law 99-396, 48 U.S.C 1469a.

OBJECTIVES:

The consolidated program support grant is an alternative assistance delivery mechanism which allows an Insular Territory responsible for continuing pollution control programs to develop an integrated approach to pollution control. An agency eligible for assistance for two or more pollution control programs may consolidate its assistance requests into a single application and receive a single consolidated award in an effort to reduce administrative and application costs. The consolidated grants program does not represent funding in addition to grants provided under individual authorities, but merely represents the amount of consolidation taking place within the Agency's total grant appropriations.

Funding Priority - Fiscal Year 2013: To provide technical, managerial and financial support in relation to our consolidated environmental program and Drinking Water and Clean Water grants for the protection of public health and welfare in the Territories of Guam, American Samoa, and the Virgin Islands, and the Commonwealth of the Northern Mariana Islands (hereinafter referred to as "Insular Areas"). Funding priorities for the fiscal year include: 1) Clean and Safe Water: (a) Safe Drinking Water - To provide on-site technical assistance, training, and funding towards building capacity at water utilities and environmental protection agencies, and addressing funding shortages for drinking water infrastructure improvements. We will work with DOI's Office of Insular Affairs and other federal agencies to explore ways of addressing the growing gap between available federal funding and the capital needs for sound infrastructure (b) Clean Water - To provide on-site technical assistance, training, funding, capacity building to utilities and environmental agencies for construction of wastewater treatment facilities and to assist government agencies in the development of surveillance, monitoring, and enforcement programs for streams, lakes, marine water, marine sediment, and coral reef protection through our comprehensive Watershed Management program that protects human health and the environment. 2) Preserve Land: To provide on-site technical assistance, training, and information exchange with other governments and international agencies to establish a regional recycling program that would reduce waste and the need for landfill area and eliminate

possible incineration, and to continue inspections and establish training to prevent petroleum releases by working with environmental agencies, utilities, and Department of Defense by instituting comprehensive training, inspection, and on scene coordination concerning emergency responses. 3) Healthy Communities and Ecosystems: Reduce chemical and biological risks - To provide on-site technical assistance, training, capacity building, and funding to eliminate the exposure to hazardous and nonhazardous chemicals, toxic waste, and pesticides for the protection of public health and the environment; assist government with the removal and remediation of toxic and pesticide wastes; eliminate the illegal importation and improper use of pesticides; promote sustainable development; and provide an information exchange and partnership for the utilization of international treaties regarding the transport and disposal of hazardous materials and waste. 4) Compliance and Environmental Stewardship: To provide on-site technical assistance, training, capacity building, and funding to continue to establish and develop key partnerships with territorial government agencies and federal agencies for enforcement issues concerning land based pollution, illegal toxic releases, and protection of the marine environment. As a result of EPA's continuing leadership and on-site assistance, the territorial governments look to EPA as a leader for all issues concerning environmental management and protection.

TYPES OF ASSISTANCE:

Formula Grants

USES AND USE RESTRICTIONS:

Grants and cooperative agreements are awarded to Insular Area agencies under the above referenced authorities to provide technical and managerial support in relation to continuing environmental program grants that serve to protect the public health and welfare of the Insular Areas.

Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

The Territories of Guam, American Samoa, and the Virgin Islands, and the Commonwealth of the Northern Mariana Islands are eligible to receive and administer funds for more than one environmental program. For certain competitive funding opportunities under this description, the Agency may limit eligibility to a particular subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

The Territories of Guam, American Samoa, the Virgin Islands, and the Commonwealth of the Northern Mariana Islands.

Credentials/Documentation:

Costs will be determined in accordance with OMB Circular No. A-87 for State and local governments. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication communications should be directed to the appropriate EPA Regional office. The standard application forms as furnished by the Federal agency and required by OMB Circular No. A-102 and 40 CFR 31.10 must be used for this program. An applicant should consult the Regional office or official designated as the single point of contact for their Insular Area for more information on the process the Insular Area needs to follow when applying for assistance.

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. U.S. Insular area agencies will be notified to submit grant application packages identifying required forms including a work plan. The application package should be submitted to the appropriate EPA Regional Office. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

U.S. Insular area agencies will be notified of Federal assistance awards through the appropriate EPA Regional Office. For competitive awards, EPA will review and evaluate applications, proposals and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 90 days.

Appeals:

Disputes will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: Matching requirements may be waived by the Agency pursuant to the Omnibus Territories Act. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Assistance is usually awarded for a 1-year or longer period. The Automated Standard Application for Payments (ASAP) is the preferred payment method. See the following for information on how assistance is awarded/released: Assistance is awarded as fiscal year program funds become available. Typically 2-3 awards/amendments are made per year.

Reports:

EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Agreements may require quarterly and final performance reports, and financial, equipment, and invention reports. Reporting requirements are also identified in the Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments - 40 CFR Part 31. Additionally, progress reporting by the Insular Area agency and performance monitoring by EPA will be the minimum necessary for sound program management. Reporting requirements may vary with each Insular Area agency depending upon the specific agency's demonstrated management abilities. A financial status report is required within 90 days of the end of the budget period. Program Reports are required. Cash Reports are required. Progress Reports are required. Expenditure Reports are required. No performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that

year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

All records including documents to support entries on accounting records and to substantiate charges to each grant must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained for three years from the date of submission of the annual financial status report. If any litigation, claim or audit is started before the end of the 3-year period, the records must be retained until the litigations, claims or audit findings have been resolved.

Account Identification:

20-8153-0-7-304; 68-0108-0-1-304; 20-8145-0-7-304; 68-0103-0-1-304.

Obligations:

(Cooperative Agreements) FY 12 \$32,900,000; FY 13 est \$29,300,000; and FY 14 est \$26,000,000 - Grants obligated for American Samoa, Commonwealth of the Northern Mariana Islands, and Guam.

Range and Average of Financial Assistance:

In general, financial assistance has increased annually depending on program funding that is consolidated into the grant. Financial assistance has generally ranged from \$2,000,000 to \$3,300,000/territory/fiscal year for environmental program assistance. The total estimated average is \$8,000,000/fiscal year.

For FY11 and beyond, territorial Drinking Water and Clean Water SRF grant funds are being consolidated into grants for the territories of Guam, CNMI and American Samoa. For FY11 and 13, SRF financial assistance for the territories of Guam, CNMI and American Samoa has ranged from \$7M - \$9M annually per territory.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: Island environmental agencies have made significant progress toward water, air, RCRA, superfund, and pesticides programs through the consolidated grants. Island utilities have made significant improvements to their water and wastewater systems through the renovation and replacement of infrastructure and construction of new facilities. The consolidated grants have allowed island governments to focus on environmental results and infrastructure needs without being overly burdened by administering multiple smaller grants and focusing resources where needed. Thirteen (13) awards were made in FY12. Fiscal Year 2013: FY13 funding has not been currently awarded. Fiscal Year 2014: No Current Data Available

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: Projects will continue to be funded which combine as few as two to several eligible programs. Environmental program grants are awarded annually to Insular Area agencies which consolidate a number of different program funds. In FY12, projects will continue to be funded for the territorial utility agencies for construction of drinking water and clean water infrastructure projects. Fiscal Year 2013: FY13 funding has not been currently awarded. Fiscal Year 2014: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

Applications may be approved if: 1) funds are available; 2) if the application satisfies the requirements of 40 CFR Parts 31 and 35 and applicable statutes; and 3) if the proposed work program is feasible and compatible with the program priorities in EPA annual guidance. The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement.

66.604 ENVIRONMENTAL JUSTICE SMALL GRANT PROGRAM

(EJSG)

FEDERAL AGENCY:

Office of Enforcement and Compliance Assurance, Environmental Protection Agency

AUTHORIZATION:

Federal Insecticide, Fungicide, and Rodenticide Act, Section 20(a); Safe Drinking Water Act, Section 1442(c)(3); Toxic Substances Control Act, Section 10(a); Marine Protection, Research, and Sanctuaries Act, Section 203; Solid Waste Disposal Act, Section 8001(a); Clean Water Act, Section 104(b)(3); Clean Air Act, Section 103(b)(3); Comprehensive Environmental Response, Compensation and Liability Act, Section 311(c).

OBJECTIVES:

The primary purpose of proposed projects should be to develop a comprehensive understanding of environmental and public health issues, identify ways to address these issues at the local level, and educate and empower the community. The long-term goals of the program are to help build the capacity of the affected community and create self-sustaining, community-based partnerships that will continue to improve local environments in the future.

Funding Priority - Fiscal Year 2013: An estimated \$1,200,000 will be used to support non-profit organizations with activities that address environmental justice concerns, including but not limited to: increase awareness of and lessen impacts from stormwater; actively address harmful air particles that affect the health and well being of residence; build capacity of community leaders, adults and youth through health data collection activities and watershed education; promote the connection of health issues to environmental quality through comprehensive outreach and education; reduce pesticide exposure and improve health of farm-workers by training health care providers about pesticide exposure; monitoring farm-workers' working conditions; and encourage healthy, environmentally friendly alternatives to industrially produced agriculture.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Grants and cooperative agreements are available to support recipients' allowable direct costs incident to approved surveys, studies, and investigations plus allowable direct costs in accordance with established EPA policies and procedures. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>. The recipient cannot use these funds for the following activities under this program: litigation against the Federal government or any other government entity; construction; lobbying; matching funds for other Federal grants; travel for Federal employees; and human health studies (taking blood or other information from humans).

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy. An eligible applicant **MUST BE**: an incorporated non-profit organization; OR a Native American tribal government (Federally recognized) (AND) located within the same state(s), territory, commonwealth, or tribe that the proposed project will be located. In addition, an eligible applicant must be able to demonstrate that it has worked directly with the affected community. An "affected community" for the purposes of this assistance agreement program is a community that is disproportionately impacted by environmental harms and risks and has a local environmental and public health issue that is identified in the proposal.

The following entities are **INELIGIBLE** to receive an award, but we encourage partnerships with these organizations for technical assistance: colleges and universities; hospitals; state governments and their entities; quasi-governmental entities (e.g., water districts, utilities)*; national organizations and chapters of the aforementioned organizations; multi-state organizations; non-profit organizations that engage in lobbying activities as defined in Section 3 of the Lobbying Disclosure Act of 1995; and organizations acting only as "fiscal agents."

*Generally, a quasi-governmental entity is one that: (1) has a close association with the government agency, but is not considered a part of the government agency; (2) was created by the government agency, but is exempt from certain legal and administrative requirements imposed on government agencies; or (3) was not created by the government agency but performs a public purpose and is significantly supported financially by the government agency.

Beneficiary Eligibility:

Non-Profit organizations as described in 081 above.

Credentials/Documentation:

Costs will be determined in accordance with OMB Circular No. A-122 for non-profit organizations and OMB Circular A-102 for local governments. Applicants may be requested to demonstrate they have appropriate background, academic training, experience in the field, and necessary equipment to carry out projects. EPA may ask applicants or principle investigators to provide curriculum vitae and relevant publications. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. The standard application forms as furnished by the Federal agency and required by OMB Circular No. A-102 and A-110 must be used for this program. EPA requires final applications to be made on Standard Form 424. Application kits should be requested from and submitted to the U.S.

Environmental Protection Agency, Office of Environmental Justice, Mail Code 2201A, 1200 Pennsylvania Avenue, N.W., Washington, DC 20460 or the appropriate EPA Regional Office identified under Information Contacts. Detailed information and assistance including an application may also be found at <http://www.epa.gov/compliance/environmentaljustice/grants/index.html>. For grant awards, Requests for Applications will specify application procedures. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

About 150 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The project grant will be awarded for a 1 year project period. Activities must be completed within the timeframe of the project's budget period and all grants will be fully funded at the time of award. See the following for information on how assistance is awarded/released: Grants are fully funded at award and recipients request funds on an as needed basis.

Reports:

EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Agreements may require interim and final progress reports and financial reports. Reporting requirements are also identified in the Grant Regulations Part 30 and Part 31. Program reports are required. No cash reports are required. Progress reports are required. No expenditure reports are required. Performance monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate changes to each assistance agreement must be kept available to personnel authorized to examine EPA assistance accounts. All records must be maintained until the expiration of three years from the date of submission of the Financial Status Report. If questions still remain, such as those raised as the result of an audit, related records should be retained until the

matter is completely resolved.

Account Identification:

68-0108-0-1-304.

Obligations:

(Project Grants) FY 12 \$1,250,000; FY 13 est \$1,200,000; and FY 14 est \$400,000

Range and Average of Financial Assistance:

\$20,000 to \$50,000/fiscal year; average \$30,000.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: In FY 2012, 221 applications were received and 50 awards were made. Fiscal Year 2013: In FY 2013, 212 applications were received and we anticipate 39 awards will be made. Fiscal Year 2014: No Current Data Available

66.306 Environmental Justice Collaborative Problem-Solving Cooperative Agreement Program; 66.309 Surveys, Studies, Investigations and Special Purpose Activities Relating to Environmental Justice

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: An example of different types of project funded through this

program include: a project to reduce lead exposure and provide community education about the local risks and sources of lead exposure, especially for children by including outreach of home repair programs to connect residents with lead abatement services, soil testing for all vacant lots in the community, identifying lead hot spots and assisting community groups in planning gardens and other vacant land reuse projects, and hiring young adults to gain job skills while providing services to their community; provide hands-on water quality testing and investigations, water quality monitoring activities, and community outreach leading to traditional applications for caring for and protecting tribal waters; Engage tribal youth to be a steward of clean water practices; work with 7 rural communities to find solutions to address the pollution impacts from Concentrated Animal Feeding Operations (CAFOs) through active and meaningful involvement in environmental permitting, compliance, enforcement, land use, zoning, and open government processes applicable to CAFOs; Plan and implement two Fracking 101 trainings and two citizen town hall meetings; the trainings will include four key topic areas: the health implications of fracking, testing your drinking water supply, legislation and agency rules governing fracking in the state and farm and landowner issues. Fiscal Year 2013: An example of different types of project funded through this program include: efforts to educate community residents on how to assess air quality, understand associated health concerns, conduct air monitoring/assessment and implement strategies to reduce exposure and health risks. SCAMP will also partner with area schools to educate youth on strategies to address air quality issues and prepare them to become community leaders; working with residents to test the soil in their backyard for contaminants such as lead and map these soil tests along with existing data made available as part of the city's home de-leading program and identifying contaminated hot-spots to be used for future city planning and working with partners in the community to replace the contaminated soil; area youth will learn practices that promote the elimination of water pollution and sustainable environmentally-friendly behaviors that will lead to the reduction of waste and contaminants in the estuarine ecosystems that are part of the Cantera Peninsula; examining the potential threats and vulnerabilities to the septic systems and drinking water supplies and examining strategies for responding to climate change with a focus on Sea Level Rise (SLR) and extreme storm events in economically depressed communities. CRITERIA FOR SELECTING PROPOSALS:

The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement.

66.605 PERFORMANCE PARTNERSHIP GRANTS

(PPGs)

FEDERAL AGENCY:

Office of the Administrator, Environmental Protection Agency

AUTHORIZATION:

Departments of Veterans Affairs, Housing and Urban Development, and Independent Agencies Appropriations Act of 1998, Public Law 105-65; Omnibus Consolidated Rescissions and Appropriations Act of 1996, Public Law 104-134.

OBJECTIVES:

Improving EPA's partnership with the States and Tribes is critical to accelerating environmental outcomes. Performance Partnership Grants (PPGs) are the cornerstone of the National Environmental Performance Partnership System (NEPPS) -- EPA's strategy to strengthen partnerships and build a results-based management system. PPGs are innovative grant delivery tools that allow States and Tribes to combine up to 18 eligible State and Tribal Assistance Grants (STAG) grants into a single grant with a single budget. PPGs can reduce administrative transaction costs, provide the flexibility to direct resources toward the highest priority environmental problems, and support cross-media approaches and initiatives. EPA's overarching goal is to optimize the leveraging power of PPGs to focus strategically on the joint priorities of EPA, States and Tribes. PPGs do not include any funding in addition to the state and tribal assistance grants provided under other statutory authorities.

Funding Priority - Fiscal Year 2013: Many state environmental agencies are experiencing severe budget cuts and will be challenged to maintain core programs. In this climate, EPA's regional offices will give priority to flexibility

and opportunities to work collaboratively with States and Tribes. The Agency will continue to focus on our ongoing goals for the PPG program, which are: (1) strengthen partnerships between EPA, the States, Tribes, and interstate agencies through joint planning and priority setting to deploy resources more effectively; (2) provide States, Tribes, and interstate agencies with the flexibility to direct resources where they are needed most to address environmental and public health priorities; (3) link program activities more effectively with environmental and public health goals and environmental outcomes; (4) foster implementation of innovative approaches such as pollution prevention, ecosystem management, and community-based environmental protection strategies; and (5) provide savings by streamlining administrative requirements.

TYPES OF ASSISTANCE:

FORMULA GRANTS; PROJECT GRANTS

USES AND USE RESTRICTIONS:

PPGs are a type of modified block grant, where recipients may combine funds from categorical grants to accomplish their joint and several purposes, so long as recipients meet program requirements for each categorical grant combined into the PPG. The 18 categorical grants eligible for PPGs are a mixture of continuing program grants and competitive project grants. Eligible recipients can combine two or more of the following 18 categorical grants programs identified in EPA's State and Tribal Assistance Grants (STAG) appropriation into a PPG: (1) Air Pollution Control (Clean Air Act [CAA] Section 105); (2) Water Pollution Control (Clean Water Act [CWA] Section 106); (3) Nonpoint Source Management (CWA Section 319); (4) Wetlands Program Development (CWA Section 104(b)(3)); (5) Public Water System Supervision (Safe Drinking Water Act [SDWA] Sections 1443(a) and 1451(a)(3)); (6) Underground Water Source Protection (SDWA Section 1443(b)); (7) Hazardous Waste Management (Solid Waste Disposal Act, Section 3011(a)); (8) Underground Storage Tank (Solid Waste Disposal Act, Section 2007(f)(2)); (9) Radon Assessment and Mitigation (Toxic Substances Control Act [TSCA] Section 306); (10) Lead-based Paint Activities (TSCA Section 404(g)); (11) Toxic Substances Compliance Monitoring (TSCA Section 28); (12) Pollution Prevention Incentives for States (Pollution Prevention Act [PPA] Section 6605); (13) Pesticide Cooperative Enforcement (Federal Insecticide, Fungicide, and Rodenticide Act [FIFRA] Section 23(a)(1)); (14) Pesticides Program Implementation (FIFRA Section 23(a)(1)); (15) Pesticide Applicator Certification and Training (FIFRA Section 23 (a)(2)); (16) Environmental Information Network Exchange Grants (Consolidated Appropriations Resolution for the Departments of Veterans Affairs, Housing and Urban Development, and Independent Agencies of 2003, Public Law 108-7; Consolidated Appropriations Act of 2004, Public Law 108-199); (17) Brownfields State and Tribal Response Program Grants (Comprehensive Environmental Response, Compensation, and Liability Act of 1980 [CERCLA], Section 128(a), as amended; Public Law 107-118; Small Business Liability Relief and Brownfields Revitalization Act); and (18) General Assistance Grants to Indian Tribes (Indian Environmental General Assistance Program Act of 1992; only eligible Tribes can propose to include these funds in a PPG application). Recipients may use PPGs to fund activities that are within the cumulative eligibilities of the 18 categorical grants programs listed above for which they are eligible.

Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

All States, interstate agencies, U.S. territories, the District of Columbia, and federally recognized Indian Tribes eligible to receive more than one of the 18

categorical grant programs referred to in "Uses and Use Restrictions" above are eligible to apply for PPGs. Any duly authorized State or tribal entity that currently receives or is eligible to receive EPA categorical program grants may request a PPG for the funds it administers. This may include agencies other than environmental agencies (for example, agricultural and health agencies), where authorized by state or tribal law. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

States, U.S. territories, federally recognized Indian tribal governments, and interstate agencies.

Credentials/Documentation:

All recipients are agencies of state, local, tribal, or territorial governments. All documentation requirements for recipients are presented at 40 CFR Part 31, "Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments," and 40 CFR Part 35, "State and Local Assistance." OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Applicants interested in pursuing PPGs should coordinate with their appropriate EPA regional office to develop a PPG through joint negotiations (See Appendix IV of the Catalog). Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. Requests for applications should be made to the appropriate EPA regional grants management office. Applicants will negotiate the content of their PPG with their EPA regional office and submit an application for the PPG based on these negotiations. Applicants for PPGs must submit an "Application for Federal Assistance: State and Local Non-Construction Programs," (Standard Form 424), including the required supporting documents. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

Grant applications are reviewed by the appropriate EPA regional office, and if approved, awarded by the Regional Administrator. For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements. After the applicant is chosen for the competitive award, the applicant will work with the EPA regional office to add those competitive grant funds to the PPG if requested by the state. The workplan and supporting documentation that were the basis of the competitive award also will be added to the PPG.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 60 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts."

Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: Major portions of the PPGs are by statutory formula. The allocation for a PPG consists of the cumulative allocations for the categorical grants included in the PPG. Recipients should calculate a single, composite minimum cost share (based on the match or maintenance of effort requirements of the categorical grants included in the PPG) for each of their PPGs. To calculate the minimum cost share for a PPG, start with the amount of federal dollars from each program (source of funds) going into the PPG. The minimum required cost share for each portion is determined by identifying the cost share requirements of the relevant categorical grant program. The minimum recipient cost share for the PPG is the sum of the minimum cost shares of the contributed categorical grants. Tribal governments and intertribal consortia may be eligible for match requirement waivers based on demonstrated hardship. Such waiver eligibility will be determined by the Regional Administrator and will be based on socio-economic criteria. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The terms of the PPG shall be determined during pre-application negotiations and at the time of the award. Applicants may choose to submit either annual or multi-year work plans and project periods. Budget periods will be for 12 months with the applicant having the flexibility to select, in consultation with the Regional Administrator, the specific start and end date for the budget period. Grant awards are made after review and approval of the application. Grantees are reimbursed for actual expenses based on submissions in financial status reports. See the following for information on how assistance is awarded/released: Annually.

Reports:

Applicants must provide reports and conduct joint evaluations in accordance with 40 CFR Part 31 and 40 CFR Part 35, Subparts A and B. Refer to the program descriptions for the individual STAG program grants eligible for inclusion in PPGs (see section [70] for a list). Cash reports may be required. Refer to the program descriptions for the individual STAG program grants eligible for inclusion in PPGs. Progress reports may be required. Refer to the program descriptions for the individual STAG program grants eligible for inclusion in PPGs. Expenditure reports may be required. Refer to the program descriptions for the individual STAG program grants eligible for inclusion in PPGs. Performance monitoring may be required. Refer to the program descriptions for the individual STAG program grants eligible for inclusion in PPGs.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate charges to each grant, must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained for three years from the date of submission of the annual financial status report. If questions remain, such as those raised as a result of audit, related records should be retained until the matter is completely resolved.

Account Identification:

68-0103-0-1-304.

Obligations:

(Formula Grants) FY 12 \$417,000,000; FY 13 est \$392,000,000; and FY 14 est \$404,000,000 - NOTE: See General Objectives, section [50], for a description of PPGs. The amounts cited above are inclusive of, not in addition to, obligations reported under individual STAG program grants eligible for inclusion in PPGs (see section [70] for a list).

Range and Average of Financial Assistance:

There is no low-end limit for PPG awards, which may be as small as combining two programs and thousands of dollars to Tribes, or as large as combining up to 17 categorical grants to States. PPG totals for larger States can exceed \$10 million. In FY 2012, state PPGs generally contained six or seven categorical grants, with award amounts averaging around \$5 million.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: PPGs have allowed States to take advantage of administrative and program efficiencies and innovations to achieve greater environmental and program results. States and Tribes have used PPGs to address critical emergencies and unplanned events (for example, responses to recent tornadoes and Mississippi River flooding), and have used PPG flexibility to overcome periodic budget needs or high program demands in specific programs. States and Tribes have used PPGs to implement multi-program initiatives and innovations that impact many environmental programs. They also have taken advantage of streamlined administrative procedures to make grant processes more efficient. PPGs have allowed Tribes to develop and implement environmental programs in situations where it would have been more difficult using categorical grants. Nearly all PPG applicants receive a grant, since they generally fund ongoing environmental programs. The total number of PPGs in effect thus far in FY 2012 is 173, including 42 to state environmental agencies; 26 to state agricultural agencies; and 105 to tribal agencies.

Also refer to the descriptions of accomplishments for the individual STAG program grants eligible for inclusion in PPGs (see section [70] for a list). Fiscal Year 2013: PPGs have allowed States to take advantage of administrative and program efficiencies and innovations to achieve greater environmental and program results. States and Tribes have used PPGs to address critical emergencies and unplanned events (for example, Hurricane Sandy response), and have used PPG flexibility to overcome periodic budget needs or high program demands in specific programs. States and Tribes have used PPGs to implement multi-program initiatives and innovations that impact many environmental programs. They also have taken advantage of streamlined administrative procedures to make grant processes more efficient. PPGs have allowed Tribes to develop and implement environmental programs in situations where it would have been more difficult using categorical grants. Nearly all PPG applicants receive a grant, since they generally fund ongoing environmental programs. The total number of PPGs in effect thus far in FY 2013 is 195, including 43 to state environmental agencies; 29 to state agricultural agencies; and 123 to tribal agencies.

Also refer to the descriptions of accomplishments for the individual STAG program grants eligible for inclusion in PPGs (see section [70] for a list). Fiscal Year 2014: No Current Data Available

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: 1) Grantee uses funding from multiple grants to develop integrated data reporting infrastructure; (2) Grant taps funding from media programs combined in the PPG to fund pollution prevention activities; (3) Grantee negotiates with the regional office to use unexpended prior year funds for special projects to meet state priorities. Fiscal Year 2013: 1) Grantee uses funding from multiple grants to develop integrated data reporting infrastructure; (2) Grant taps funding from media programs combined in the PPG to fund pollution prevention activities; (3) Grantee negotiates with the regional office to use unexpended prior year funds for special projects to meet state priorities. Fiscal Year 2014: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

Applicants must meet selection criteria for the categorical grants to be combined in the PPG. The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement.

66.608 ENVIRONMENTAL INFORMATION EXCHANGE NETWORK GRANT PROGRAM AND RELATED ASSISTANCE

Exchange Network Grant Program

FEDERAL AGENCY:

Office of Environmental Information, Environmental Protection Agency

AUTHORIZATION:

National Environmental Policy Act, Section 102(2)(F); Federal Insecticide, Fungicide, and Rodenticide Act, Section 20; Solid Waste Disposal Act, Section 8001; Safe Drinking Water Act, Section 1442; Clean Water Act, Section 104(b)(3); Clean Air Act, Section 103; Comprehensive Environmental Response, Compensation, and Liability Act, Section 104; Marine Protection, Research and Sanctuaries Act, Section 203; Toxic Substances Control Act, Section 10.

OBJECTIVES:

EPA, states, territories, and tribes are working together to develop the National Environmental Information Exchange Network, a secure, Internet- and standards-based way to support electronic data reporting, sharing, and integration of both regulatory and non-regulatory environmental data. States, tribes and territories exchanging data with each other or with EPA should make the Exchange Network (EN) and the Agency's connection to it, the Central Data Exchange (CDX), the standard way they exchange data and should phase out any legacy methods they have been using. More information on the Exchange Network is available at www.exchangenetwork.net. The EN Grant Program provides funding to states, territories, tribes, and inter-tribal consortia to develop the information technology and information management capabilities they need to actively participate in the Exchange Network. This program supports the exchange of data; mentoring, planning and training activities; and collaborative work within the Exchange Network. This grant program may also be used to fund the standardization, exchange and integration of geospatial information to address environmental, natural resource, and human-health challenges.

Funding Priority - Fiscal Year 2013: STAG (competitive): Projects supported by the FY 2013 EN Grant Program, which are funded through EPA's STAG account, must address at least one priority activity from one of the following tiers: Tier 1-activities that lead to the creation of services that make subsets of data available as XML or JSON. This should include the REpresentational State Transfer (REST)-based services that conform to the EN REST Standard (completed at the end of 2012) or EN SOAP services. Specific areas of focus for publishing proposals include: 1. Supporting mobile and desktop applications and publishing/accessing environmental information sources; 2. Integrating with web applications; 3. Publishing data to publicly accessible web pages; and 4. Developing a high-level Dashboard for program managers and Agency executives. Phase 2 Flows. New flows that advance Phase 2 Network priorities. Possible flows include: 1. Air Facility System (AFS); 2. Safe Drinking Water Information System (SDWIS) Compliance data; 3. Electronic Notice of Intent (eNOI) flow to Integrated Compliance Information System - National Pollutant Discharge Elimination System (ICIS-NPDES); Use of the EN for Virtual Sharing (especially cross-state, cross-tribal, or state-tribal) of data, including institutional controls at contamination sites, data on cleanup sites, data sets of

national significance to tribes (e.g., open dumps), UST data, and data that support environmental management of multi-state or regional airsheds, watersheds, and water bodies of priority concern (e.g., Great Lakes, Chesapeake Bay). Virtual Node Implementation Support for States, Tribes, and Territories: 1. Support transitioning from nodes to virtual nodes; 2. Create data publishing services and new data flows on virtual nodes; 3. Support virtual node related security analyses and plans; Shared CROMERR Services and Components; Design systems to utilize new EPA web services that provide CROMERR compliant functionality (e.g., electronic signature), minimizing redundant development by partners and streamlining Technical Review Committee (TRC) application reviews/approvals. Examples of specific potential projects related to these broad topics include the following: 1. Collaborative Opportunity: A partnership proposal that includes joint state and/or tribal efforts to develop an application that uses EN web services (e.g., solicit services) to enable a user to query databases for information related to remediation sites (e.g., underground storage tanks, hazardous waste sites) such as institutional controls, displaying and accessing site data through a spatial view, presenting data in tabular format, and enabling users to download data in a variety of formats. To power this application, the partners would need to define and/or implement schemas and EN web services to make the data available to the application; Collaborative Opportunity: A partnership proposal that builds an eReporting system integrating one or more EPA web services that provide CROMERR compliant functionality (e.g., electronic signature). In order for this proposal to be eligible for funding, applicants must commit to flowing the reported data to EPA using the EN, thus providing a complete end-to-end electronic reporting solution for environmental data; Geo-enabled Field Data Collection Tool: Development and sharing of source code for a field data collection tool for emergency response, inspection, compliance verification, or other activities. The tool will use GIS visualization and integrated GPS, allow updates to be made in the field, and then flow data back to back-end systems via the EN. This project will utilize key strengths of the EN program by enabling the flow of secure data, in near real-time, to multiple locations. The project could include developing EN standards and services which could plug into other tools such as Scribe for emergency response or other existing applications used in field deployment. The grantee can utilize EPA's FRS web service, that will provide sub-facility data and their locations from multiple media programs, as well as submitting to other systems as appropriate. In addition, EPA will enable the data service to filter data by specific source(s), such as real-time emergency response data, or a subset of data from a specific state. The grantee can also collaborate with EPA to develop additional FRS web services as necessary. To ensure close collaboration between EPA and state, tribal, and territorial partners, any assistance agreements to develop this tool will be awarded as cooperative agreements. Tier 2 Phase 1-10 Priority Flows: Additional funding for completing 10 priority flows: 1. implementation by an EN partner (or partners) of one of the 10 flows that they currently have not completed; 2. Addition of entirely new modules to existing data flows. For example, adding an entire class of UIC reporting, adding a new RCRAInfo module, or adding a new data family under ICIS-NPDES. Operations and maintenance of flows is not an eligible activity for funding; Development and deployment of CROMERR upgrades to an existing electronic reporting system, described in a CROMERR application previously approved by EPA, to bring it into compliance with the regulatory standards. Collaborative Opportunity: Partnership to develop multi-program CROMERR application for states that currently do not have an enterprise-wide approach; application should seek to leverage solutions implemented by other states already approved by EPA. Collaborative Tribal Opportunity: Tribal governments and inter-tribal consortia are eligible to apply for EN grants to build tribal capacity that will result in enhancing environmental programs on tribal lands and the ability to share environmental data electronically with EN partners. Collaborative tribal capacity building proposals must include multiple tribes and identify tribes with existing capacity that can serve as mentors. Collaborative tribal capacity proposals must identify specific outputs and outcomes that result in the increased ability to share environmental information/data electronically with EPA and/or other EN partners (e.g., developing a back-end database for a priority data system). Tier 3 -- Phase 1-10 Priority Flows: Funds for partners already flowing one or more of the 10 priority flows, that will upgrade one or more of these data flows by: 1. Adding historical data; 2. Adding new data elements; 3. Changing processes; 4. Modifying XML schema; 5. Adding new parameters; and 6. Creating

geo-enabled data. Development and deployment of other innovative data exchanges (e.g., emergency response, open dump, surface coal mining data integration and reporting, support for sustainable development through sharing data related to transit, zoning/master plan, building permits and LEED buildings and infrastructure initiatives such as water quality laboratory data reporting) that are applicable to multiple partners. Updating large national data sets: Schema development effort that will enable states to flow data through the EN to update large national datasets that fall under Appendix E of OMB Circular A-16: "Coordination of Geographic Information and Related Spatial Data Activities." These datasets can include: the National Hydrography Dataset (NHD), National Watershed Boundary dataset, National Wetland Inventory Dataset, National Elevation Dataset, Geographic Names Dataset, and other datasets.

STAG (associated program support): EN governance, support for shared services, technical assistance to EN partners, hosting EN national meetings.

EPM (competitive): expanding tribal participation in the EN outreach to federally recognized tribes through hosting the national tribal users meeting: design and maintenance of a website and publication of a regular newsletter: support tribal participation on EN governance groups: promote collaboration, mentoring and information sharing among tribal stakeholders: through development of a mentoring program.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Funding is available for direct costs associated with carrying out grant-supported projects and for allocations of allowable indirect costs, in accordance with established EPA policies. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

States (includes District of Columbia) (STAG funded);

Federally Recognized Indian Tribal Governments and intertribal consortia of federally recognized tribes (STAG funded);

U.S. Territories and possessions (STAG funded);

Organizations that are broadly representative of federally recognized Indian tribes - (EPM funded).

Eligible applicants for the EN Grant Program include states, the District of Columbia, U.S. territories (American Samoa, Guam, the Commonwealth of the Northern Mariana Islands, Puerto Rico, and the U.S. Virgin Islands), federally recognized Indian tribes, and intertribal consortia of federally recognized tribes. An intertribal consortium is eligible to apply for assistance from the EN Grant Program by meeting the following criteria: a) the majority of the consortium members are federally recognized Indian tribes; b) all consortium federally recognized tribal members have authorized the consortium to apply for and receive assistance (if awarded) from the EN Grant Program; and c) the intertribal consortium has adequate accounting controls to manage awarded funds while ensuring that only federally recognized tribal members will benefit directly from the award. Regional air pollution control districts may apply for assistance if they are legally considered to be agencies or instrumentalities of the state under applicable state laws. Recipients of five or more active EN Grants are not eligible to apply for FY 2013 grants. An active grant is any grant

where the final technical report has not yet been approved by EPA. The following entities are not eligible to apply for funding from the competitive EN Grant Program funded through the STAG appropriation: state/territorial/tribal universities; city, town, county, or regional governments; nonprofit organizations, including organizations that represent the interests of co-regulators/co-implementers in executing environmental programs. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy. In addition to issuing competitive awards to states/territories/tribes and intertribal consortia, EPA may use a portion of the EN Grant Program STAG funds to issue one or more non-competitive awards for associated program support to a co-regulator/co-implementer organization. A co-regulator/co-implementer organization is one that represents the interests of governmental units (for example, state or regional governments) in executing a national or regional environmental program. The membership of such a national or regional organization is composed of officials of the co-regulator or co-implementer entities (for example, state environmental commissioners). EPA will also issue a competitive award funded through EPA's EPM account to an organization that is broadly representative of federally recognized Indian tribes with the goal of expanding tribal participation in the EN.

Beneficiary Eligibility:

Federal, state, territory, city, town, county, and regional governments; federally recognized Indian tribes and intertribal consortia of federally recognized tribes; public institutions and industries subject to EPA regulatory reporting requirements; and the public.

Credentials/Documentation:

Costs will be evaluated in accordance with OMB Circular No. A-87, "Cost Principles for State, Local, and Indian Tribal Governments." OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. Per the FY 2013 Solicitation Notice for the Exchange Network Grant Program, applicants must submit application packages to EPA by November 9, 2012. EPA will accept project proposals for National Environmental Information Exchange Network grants in one of two ways: 1) hard copy through the U.S. Postal Service or an overnight mail or courier delivery service, including one original and two copies; or 2) a proposal submitted electronically through the grants.gov website. EPA will not review or fund any applications that are received from ineligible applicants. The application package included the following materials: 1. Cover letter that outlines the following information: A. Recipient information; B. Project title; C. Type of vehicle requested (grant/cooperative agreement/ Performance Partnership Grant); D. Proposed amount of grant (broken down into direct funding and in-kind assistance if relevant); E. Partners on the grant (if applicable); F. Brief project summary including a statement of project goal(s); G. contact information for the project lead; and H. Signature of executive level Authorized Organizational Representative (AOR). 2. SF-424 (can be obtained from <http://www.epa.gov/ogd/AppKit/application.htm>) 3. Project narrative including goals, outputs with dates, outcomes, environmental results and a statement of business need: applicants must limit the project narrative to 10 single spaced pages. The ten-page limit does not include the EN Implementation plan described in section III-B of the Solicitation Notice. EPA will not review pages beyond the first ten pages of the project narrative. The narrative should describe the major goal or goals, outputs and outcomes leading to environmental results of the three-year project. To achieve outcomes that lead to environmental results, applicants should propose a project that contains one or more goals (for example, implement a WQX data exchange or publishing AQS data to neighboring partners) that will have outcomes

supporting timely access to high quality environmental data. Projects can also support environmental results by improving the efficiency and security of data sharing (for instance, making state electronic reporting systems CROMERR compliant for priority reports). EPA will evaluate the major technical and non-technical outputs of the proposed work and the outcomes, leading to environmental results, these outputs support. The schedule of outputs must be detailed enough to demonstrate an applicant's ability to track progress toward each goal. Each proposed goal must have at least one outcome leading to an environmental result. Examples of project outputs might include technical products such as schema or EN data access tools and services. Non-technical outputs might include the creation of workgroups, issuance of RFPs or other major project actions or events. Examples of outcomes that support environmental results include: improving the timeliness and accuracy of environmental data; reducing the burden and costs of data management and reporting; strengthening environmental decision making by enhancing data access for environmental professionals and the public. Applicants can find a sample narrative with goals, outputs and outcomes in Appendix E of the Solicitation Notice.

Each goal should have scheduled outputs (major work products) that lead to its implementation. Each goal and some outputs will have outcomes. An outcome is the effect or consequence of the project goal or of its major outputs. Each goal should have an environmental result. The schedule of outputs should be detailed enough to demonstrate an applicant's ability to track progress toward each goal. Applicants can find a sample narrative with goals, outputs and outcomes in Appendix D of the Solicitation Notice. 4. Programmatic Resources and Personnel: Briefly describe the programmatic resources and personnel involved in the project for the recipient and any participating partner. Highlight any expertise or past experiences that may be particularly helpful in carrying out the project. Include biographical sketches or resumes of the lead and any partner Project Manager(s). 5. Formal Project Partners Roles and Responsibilities and Distribution of Funds: If the proposed project involves formal project partners who will actively participate in implementing the project, provide a description of the roles and responsibilities of each partner in carrying out each of the project goals. Describe how the recipient would coordinate work among the partners using methods such as regular teleconferences, meetings, or written status reports. If the recipient plans to distribute funding to other partners, describe the method for doing so. Exchange Network grant projects that include one or more formal partners can have budgets up to \$500,000. Partnerships formed from within a single state, territorial, or tribal government (e.g., a "partnership" limited to the Environment and Public Health Departments within a state) are not eligible partnership and are limited to the \$300,000 maximum funding for a single-jurisdiction grant. 6. Detailed Itemized Budget: Applicants should describe both the total project budget and the costs associated with each major goal in a detailed itemized budget. The goal-specific budget information is important, because EPA may wish to consider partially funding some projects (i.e., funding only some goals for a project but not others). The budget must include any relevant item including A. Personnel List all staff positions by title. Give the annual salary of each person, the percentage of their time devoted to the project, the amount of each person's salary funded by the grant and the total personnel cost for the budget period. B. Fringe Benefits Identify the fringe benefit rate and total amount. C. Travel Specify the mileage, per diem, estimated number of in state and out of state trips other costs for each type of travel. EPA suggests that applicants include funds for travel to national, regional and area EN conferences. D. Equipment - Identify each item of equipment to be purchased which has an estimated acquisition cost of \$5,000 or more per unit and a useful lifetime of more than one year. List the quantity and unit cost per item. Items with a unit cost of less than \$5,000 are supplies. E. Supplies - supplies include all tangible personal property other than "equipment." The detailed budget should identify categories of supplies (such as laboratory supplies or office supplies). List the quantity and unit cost per item. F. Contractual Identity - each proposed contract should specify its purpose and estimated cost. Applicants who request in-kind services should list them here. G. Other - List each item in sufficient detail for U.S. EPA to determine whether the costs are reasonable or allowable. List any item, such as training, not covered elsewhere here. H. Indirect Charges If indirect charges are included in the budget, include the approved indirect cost rate with a copy of the Indirect Cost Rate Agreement, a description of the base used to calculate indirect costs and total cost of the base,

and the total indirect charges requested. Before an applicant can incur any costs under the indirect cost category, the Indirect Cost Rate Agreement must be approved and current. If you do not have a current rate, you may submit a copy of the submitted application to the cognizant fiduciary agency. Management Fees - When formulating budgets for proposals/applications, applicants must not include management fees or similar charges in excess of the direct costs and indirect costs at the rate approved by the applicants cognizant audit agency, or at the rate provided for by the terms of the agreement negotiated with EPA. The term "management fees or similar charges" refers to expenses added to the direct costs in order to accumulate and reserve funds for ongoing business expenses, unforeseen liabilities, or for other similar costs that are not allowable under EPA assistance agreements. Management fees or similar charges may not be used to improve or expand the project funded under this agreement, except to the extent authorized as a direct cost of carrying out the scope of work. 7. Network Implementation Plan: All state government applicants must complete the Implementation Plan form posted on EPA's EN website (<http://www.epa.gov/exchangenetwork>). A sample of this form can be found in Appendix H of the Solicitation Notice. On this form, state applicants will identify whether they have been delegated authority to implement each of the 10 national priority data systems. For each program a state has been delegated authority, the applicant will also identify the current status of their use of the EN as well as future plans. State applicants that have never used the EN for reporting to a particular system and do not plan to use the Network, or who have stopped using the EN for reporting to a particular system and do not plan to restart, must provide a business reason explaining why they will not use the Network. EPA will not review state applications that do not include this Implementation Plan.

All state applicants must submit a document of two to three pages explaining how the applicant plans to fully implement the EN for all regulatory and national system flows as described in Section III-B. 8. Additional information for inter-tribal consortium: An inter-tribal consortium applying for an FY 2013 EN Grant must include documentation that shows: A. a formal partnership exists among the Indian tribal governments that are members of the inter-tribal consortium, and the majority of the members are federally recognized Indian tribes; and B. the consortium's federally recognized tribal members have authorized the consortium to apply for and receive assistance from the EN Grant Program. EPA will notify applicants of its selection decisions in or around March 2013. At the time, the Agency will request additional documentation, including other official forms, from successful applicants. The notification letters will include further instructions to those applicants for submittal of additional or updated documents. Required forms in PDF format can be obtained at <http://www.epa.gov/ogd/AppKit/application.htm>. EPA plans to award all grants by September 2013. If the proposal is funded, the recipients would be required to submit a separate, tailored Quality Assurance Project Plan based on guidance in the applicable solicitation notice. EPA plans to post the solicitation notice for the FY 2014 EN Grant Program on the Web site in August 2013 (<http://www.epa.gov/exchangenetwork/grants>). Please see the solicitation notice for complete application instructions.

Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

EPA will evaluate the project proposal based the evaluation criteria in section V-A of the 2013 Solicitation Notice. Please note that in evaluating applicants under this criteria, the Agency will consider the information provided by the applicant and may also consider relevant information from other sources including agency files and prior/current grantors (e.g., to verify and/or supplement the information supplied by the applicant). In making the final funding decisions from among the most highly scored proposals, the EPA selection official may also consider one or more of the following factors: A. EPA programs' ability and/or readiness to support proposed project activities; B. geographic distribution of funding; C. prioritization of data exchange and

priority activities over other assistance activities; D. ensuring participation in the EN by federally recognized Indian tribes and inter-tribal consortia; and E. EPA's capacity to provide any requested in-kind services.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Applicants whose applications are denied for funding will be notified approximately five months after the application deadline. Applicants whose applications are recommended for funding will be notified, initially to request additional documentation to finalize the application, and, later, when the assistance agreements are issued and mailed by EPA's Grants and Interagency Agreements Management Division, which is expected to be approximately eight to nine months after the application deadline.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Assistance will be provided through grants and cooperative agreements. EPA may provide support in the form of direct funding and/or in-kind assistance, in lieu of direct funding. EPA plans to issue awards for applications that are recommended for funding approximately seven months after the application deadline. The standard period of performance for projects funded by the EN Grant Program is two years. EPA may consider requests from award recipients for project/budget period extensions; and if deemed appropriate by EPA, the Grants and Interagency Agreements Management Division may issue amendments extending the project/budget periods. See the following for information on how assistance is awarded/released: Assistance will be provided through lump sum allocations which grantees can draw down upon through programmatic invoices.

Reports:

Award recipients must submit semi-annual progress reports and a final project report that covers the entire project period. The semi-annual progress reports must be submitted within one month of the end of each semi-annual reporting period. The reporting periods are from October through March and April through September of each fiscal year. Award recipients must submit the final project report and a final Financial Status Report (Standard Form 269) to EPA within 90 days after the end of the project/budget period. Program reports are required. Cash reports are required. Progress reports are required. Expenditure reports are required. Performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records, including all accounting records that substantiate the charges

to each grant, must be maintained and accessible to personnel authorized to examine EPA grant accounts. If certain financial records are part of an audit investigation, then they must be retained until the matter under investigation has been completely resolved. Award recipients must retain complete records documenting their projects for a period of seven years after the close-out of the agreement. Such records include, but are not limited to, financial records, technical reports, periodic performance progress reports, project management files, correspondence with other project partners, and correspondence with EPA. Final products and deliverables that result from the project are considered to be permanent records and should be retained indefinitely.

Account Identification:

68-0103-0-1-304; 68-0108-0-1-304.

Obligations:

(Project Grants) FY 12 \$10,500,000; FY 13 est \$9,494,000; and FY 14 est \$10,160,000 - STAG Account: FY 2012 \$10,000,000; FY 2013 est \$9,444,000; and FY 2014 \$10,000,000. EPM Account FY 2012 \$500,000; FY 2013 \$50,000; and FY 2014 160,000. EPA will set aside approximately ten percent of appropriated funding for tribal assistance agreements to further facilitate expanded tribal participation in the EN.

Range and Average of Financial Assistance:

STAG Account: Award amounts will range from \$50,000 to \$500,000 for the entire three-year project period. The average award amount will be \$200,000 for an individual applicant, \$500,000 for a partnership during the entire three-year project period. EPM Account: The average award amount will be \$200,000 for the entire two-year project period.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: FY 2012 is the tenth year of the EN Grant Program. From FY 2002 to FY 2011, EPA has provided approximately \$162 million for state, tribal, and territorial awards and associated program support through the grant program. In a relatively short period, the EN has become a reality. As of June 2012, all 50 states, 142 tribes and four territories have participated in developing the EN at some level. Using Grant funds, EPA and its partners are currently using or planning to use the EN to exchange a broad range of data, including, but not limited to the following: 43% Beaches (beaches water quality and closure data), 100% Air Quality System (AQS), 98% Emissions Inventory System (EIS), 50% Facility Registry System (FRS), 35.5% Integrated Compliance Information System/National Pollutant Discharge Elimination System (ICIS-NPDES), 31.4% Resource Conservation and Recovery Act Information System (RCRA Info), 38.5% Safe Drinking Water Information System (SDWIS), 136% Toxics Release Inventory System (TRIS) and 88% Water Quality Exchange (WQX). As of Q3 2012 the Exchange Network program has accomplished 73.6% progress in submitting regulatory data to EPA. One hundred forty one tribes are currently reporting water and air quality data to EPA. For detailed information on state, territorial, and tribal activities, please see the grant activities that are described at <http://www.epa.gov/exchangenetwork/grants/index.html>. For information on the progress of the data exchanges, please see <http://www.exchangenetwork.net>. Fiscal Year 2013: Information for FY 2013 is not available. Fiscal Year 2014: No Current Data Available

REGULATIONS, GUIDELINES, AND LITERATURE:

The Exchange Network Grant Program assistance agreements issued to state, territorial, and tribal governments are governed by EPA's regulations at 40 CFR Part 31, "Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments." The assistance agreements issued to nonprofit organizations (i.e., co-regulator/co-implementer organizations) for associated program support for the EN Grant Program or other EN activities are governed by EPA's regulations at 40 CFR Part 30, "Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations." General information and guidance documents regarding the EN are available at <http://www.epa.gov/exchangenetwork>. Information about the EN Grant Program and previously funded activities is available at <http://www.epa.gov/exchangenetwork/grants>.

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: Implement the plug-in for the Underground Injection Control (UIC) module and map data from Colorado Oil and Gas Information System (COGIS).

Implement Air Quality System (AQS) and Underground Injection Control (UIC); initiate network publishing; and facilitate Facility Registry System (FRS) integration.

WQX Data Flow implementation and outreach project will ensure participating pueblos and tribes have improved tribal data management capabilities and are successfully uploading tribal water quality data to EPA via WQX.

Implement final infrastructure improvements for Exchange Network (EN) participation and to develop and implement the Guam Facility Registry System (GFRS). Fiscal Year 2013: No Current Data Available Fiscal Year 2014: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

The evaluation criteria for the FY 2013 EN Grant program were described in Section V of the FY 2013 Solicitation Notice. The evaluation criteria included such factors as expected project outputs/outcomes, the feasibility and approach of the work plan, the relevance and significance of the proposed project to the EN, the adequacy of resources and key personnel, and past performance. EPA may also consider various qualitative criteria when determining which applications to recommend for funding. Examples of such qualitative criteria may include, but are not limited to, factors such as achieving a balance among projects, distributing funds among different states/territories/ tribes, and having EPA programmatic support for the project. Applications for non-competitive awards to co-regulator/co-implementer organizations, funded by the EN Grant program through EPA's STAG appropriation, will be evaluated based on the ability of the applicant to provide the following: outreach, communications, technical assistance, and other support to states/tribes that are participating in, or may wish to participate in, the Network; and support for state participation in the EN governance. Applications for competitive awards to an organization that represents federally recognized Indian tribes, funded through EPA's EPM appropriation, will be evaluated based on the applicant's ability to support tribal participation in the EN governance, provide programmatic support to tribes and intertribal consortia of federally recognized tribes that are participating in or may wish to participate in the EN; provide outreach, communications, training/mentoring, and technical assistance to tribes to increase their knowledge about the EN, enhance their IM/IT capabilities, and encourage their development of EN nodes and data flows; and provide periodic reports to the EN governance on the status of tribal participation in the Network.

The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement.

66.609 PROTECTION OF CHILDREN FROM ENVIRONMENTAL HEALTH RISKS

Children's Environmental Health

FEDERAL AGENCY:

Office of the Administrator, Environmental Protection Agency

AUTHORIZATION:

Solid Waste Disposal Act, Section 8001; National Environmental Policy Act, Section 102(2)(F); Clean Air Act, Section 103; Federal Insecticide, Fungicide, and Rodenticide Act, Section 20; Toxic Substances Control Act, Section 10; Solid Waste Disposal Act, Section 1442; Marine Protection, Research, and

Sanctuaries Act, Section 203; Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), Section 311; Clean Water Act, Section 104.

OBJECTIVES:

To support efforts by organizations; educational institutions; and/or State, local, and tribal governmental agencies to establish or enhance their ability to take actions that will reduce environmental risks to the health of children.

Funding Priority - Fiscal Year 2013: It is not anticipated that any awards will be made under CFDA 66.609 for FY 2013.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Grants and cooperative agreements are available to support recipients' allowable direct costs incident to approved surveys, studies, investigations, and special purpose assistance, plus allowable indirect costs, in accordance with established EPA policies and regulations. Funding awarded for research does not include research within the purview of EPA's Office of Research and Development. Funds awarded under Section 311(b)(3) of CERCLA must be used for projects relating to innovative or alternative treatment technologies that may be utilized in response actions to achieve more permanent protection of human health and welfare and the environment. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

Assistance under this program is generally available to States or state agencies, territories, the District of Columbia, American Indian Tribes (federally recognized), and possessions of the U.S. It is also available to public and private universities and colleges, hospitals, laboratories, other public or private nonprofit institutions, and 501(c)(3) organizations. Nonprofit organizations described in Section 501(c)(4) of the Internal Revenue Code that engage in lobbying activities as defined in Section 3 of the Lobbying Disclosure Act of 1995 are not eligible to apply. For profit organizations are generally not eligible for funding. Some of EPA's statutes may limit assistance to specific types of interested applications. See "Authorization" listed above. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

State agencies and local governments, U.S. territories and possessions, American Indian Tribes, universities and colleges, hospitals, laboratories, and other public and private nonprofit institutions and organizations.

Credentials/Documentation:

Documentation of nonprofit status may be required. Applicants may be requested to demonstrate they have appropriate background, academic training, experience in the field, and necessary equipment to carry out projects. The Office of Children's Health Protection may ask applicants or principal investigators to provide curriculum vitae and relevant publications. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see

Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. The standard application forms as furnished by the Federal agency and required by OMB Circular No. A-102 and A-110 must be used for this program. EPA requires final applications to be made on Standard Form 424, "Application for Federal Assistance." Requests for application kits must be submitted to the Environmental Protection Agency, Grants and Interagency Agreements Management Division, (3903R), Washington, DC 20460 or through the appropriate EPA Regional Office listed in Appendix IV of the Catalog. Additional information on the EPA grant package can be found at: http://www.epa.gov/ogd/grants/how_to_apply.htm. For competitive awards, the Requests for Initial Proposals or Requests for Applications will specify application procedures. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 180 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

None. Generally, EPA incrementally funds grants and cooperative agreements for surveys, studies, and investigations. Approval of subsequent funding increments is dependent on satisfactory project progress, continued relevance of the project to the Office of Children's Health Protection's program priorities, and the availability of funds.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: EPA's Appropriation Act requires that applicants submitting unsolicited research grant proposals share in the cost of conducting research. The amount of the cost share will be based on the mutuality of interest between the Government and the applicant. This requirement cannot be waived by EPA. In addition, CERCLA Section 311(b)(3) requires that "to the maximum extent possible," EPA enter into an appropriate cost sharing arrangement with recipients of grants and cooperative agreements relating to innovative and alternative treatment technologies. EPA may waive the Section 311(b)(3) cost-sharing requirement in appropriate cases. Matching funds requirements may be established in program guidance or in the terms of competitive solicitations.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

EPA normally funds grants and cooperative agreements on a 12 or 24-month basis. However, the Office of Children's Health Protection can negotiate the project period with each applicant based on project requirements. EPA limits project periods to five (5) years. Grants and cooperative agreements may be incrementally funded or fully funded. This determination is made by EPA. See the following for information on how assistance is awarded/released: Assistance will be awarded in a lump sum and will be released on a

reimbursement basis.

Reports:

No program reports are required. No cash reports are required. EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Agreements may require quarterly, interim, and final progress reports. Reporting requirements are also identified in EPA's grants regulations at 40 CFR Parts 30 and 31. Quarterly progress reports are required to be sent to the EPA Project Officer within 30 days after each reporting period. These reports will cover work status, work progress, difficulties encountered, preliminary data results and a statement of activity anticipated during the subsequent reporting period, including a description of equipment, techniques, and materials to be used or evaluated. The report shall also include any changes of key personnel concerned with the project. Quarterly progress reports are required to be sent to the EPA Project Officer within 30 days after each reporting period. A discussion of expenditures along with a comparison of the percentage of the project completed to the project schedule and an explanation of significant discrepancies shall be included in the report. The EPA Project Officer is required to conduct baseline monitoring of each active award. For awards with original project periods 18 month or less in duration, the initial baseline monitoring will take place no later than six months from the award date. For awards with original project periods greater than 18 months in duration, the initial baseline monitoring will take place no later than 1 year from the award date. After the initial baseline monitoring, all subsequent baseline monitoring will occur within 12 months of the last baseline or advanced monitoring activity.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

The record retention requirements of 40 CFR Part 30 (nonprofits and institutions of higher education) or 40 CFR Part 31 (governmental units) are applicable depending upon the identity of the recipient. Recipients must keep financial records, including all documents supporting entries on accounting records which support substantial changes to the grant, available to personnel authorized to examine EPA recipients' grants and cooperative agreement records. Recipient must maintain all records for a period of three years from the date of submission of final expenditures reports. If questions, such as those raised as a result of audits remain following the 3-year period, recipients must retain records until the matter is fully resolved.

CRITERIA FOR SELECTING PROPOSALS:

The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement. Non-competitive proposals are judged for: (a) technical merit in terms of: (1) strengths and weaknesses of the project, (2) adequacy of overall project design, (3) competency of proposed staff, (4) suitability of applicant's available resources, (5) appropriateness of the proposed project period and budget, and (6) probability that the project will accomplish stated objectives; and, for (b) program interest in terms of: (1) the need for the proposed project, and (2) relationship to program objectives.

66.610 SURVEYS, STUDIES, INVESTIGATIONS AND SPECIAL PURPOSE GRANTS WITHIN THE OFFICE OF THE ADMINISTRATOR FEDERAL AGENCY:

Office of the Administrator, Environmental Protection Agency

AUTHORIZATION:

Federal Insecticide, Fungicide, and Rodenticide Act, Section 20, Public Law 106-74; Toxic Substances Control Act, Section 10; National Environmental Policy Act, Section 102(2)(F); Safe Drinking Water Act, Section 1442(a)&(c); Clean Water Act, Section 104; Marine Protection, Research, and Sanctuaries Act, Section 203; Clean Air Act, Section 103; Solid Waste Disposal Act, Section 8001; Comprehensive Environmental Response, Compensation, and Liability Act, Section 311.

OBJECTIVES:

(1) To support surveys, studies, investigations, and special purpose assistance associated with air quality, acid deposition, drinking water, water quality, hazardous waste, toxic substances, and pesticides; (2) to identify, develop, and demonstrate necessary pollution control techniques; (3) to prevent, reduce, and eliminate pollution; (4) to evaluate the economic and social consequences of alternative strategies and mechanisms for use by those in economic, social, governmental, and environmental management positions; and (5) to promote collaboration on projects and activities within the states and enable wider and more coordinated state input on national environmental issues.

Funding Priority - Fiscal Year 2013: Priorities continue to include support for environmental health information and analysis to state legislatures; support to build state capacity to reduce environmental hazards that may affect health and the environment; support of environmental education training; support to promote and enhance state collaboration by focusing on communication and the sharing of environmental information among states; support to detail environmental outcome oriented indicators, measures, and goals that promote innovative environmental protection; and support to increase efficiency in the state environmental protection programs that results in cost-effective, sustainable environmental protection.

TYPES OF ASSISTANCE:

Applicant Eligibility:

Assistance under this program is generally available to State agencies, territories, the District of Columbia, Indian Tribes, and possessions of the U.S. Assistance is also available to public and private universities and colleges, hospitals, laboratories, and other public or private nonprofit institutions. Nonprofit organizations described in Section 501(c)(4) of the Internal Revenue Code that engage in lobbying activities as defined in Section 3 of the Lobbying Disclosure Act of 1995 are not eligible to apply. For profit organizations are generally not eligible for funding. Some of EPA's statutes may limit assistance to specific types of interested applications. See "Authorization" listed above. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

State agencies and local governments, U.S. territories and possessions, Indian Tribes, universities and colleges, hospitals, laboratories, and other public and private nonprofit institutions.

Credentials/Documentation:

Documentation of nonprofit status may be required. Applicants may be requested to demonstrate they have appropriate background, academic training, experience in the field, and necessary equipment to carry out projects. Office of the Administrator may ask applicants or principal investigators to provide curriculum vitae and relevant publications. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. The standard application forms as furnished by the Federal agency and required by OMB Circular No. A-102 and A-110 must be used for this program. EPA requires final applications to be made on Standard Form 424, "Application for Federal Assistance." Requests for application kits must be submitted to the Environmental Protection Agency, Grants and

Interagency Agreements Management Division, (3903R), Washington, DC 20460 or through the appropriate EPA Regional Office listed in Appendix IV of the Catalog. Additional information on the EPA grant package can be found at: http://www.epa.gov/ogd/grants/how_to_apply.htm. For competitive awards, the Requests for Initial Proposals or Requests for Applications will specify application procedures. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 180 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

None. Generally, EPA incrementally funds grants and cooperative agreements for surveys, studies, and investigations. Approval of subsequent funding increments is dependent on satisfactory project progress, continued relevance of the project to the Office of the Administrator's program priorities, and the availability of funds.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: EPA's Appropriation Act requires that applicants submitting unsolicited research grant proposals share in the cost of conducting research. The amount of the cost share will be based on the mutuality of interest between the Government and the applicant. This requirement cannot be waived by EPA. In addition, CERCLA Section 311(b)(3) requires that "to the maximum extent possible," EPA enter into an appropriate cost-sharing arrangement with recipients of grants and cooperative agreements relating to innovative and alternative treatment technologies. EPA may waive the Section 311(b)(3) cost-sharing requirement in appropriate cases. Matching fund requirements may be established in program guidance or in the terms of competitive solicitations.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

EPA normally funds grants and cooperative agreements on a 12-month basis. However, the Office of the Administrator can negotiate the project period with each applicant based on project requirements. EPA limits project periods to 5 years. Grants and cooperative agreements may be incrementally funded or fully funded. This determination is made by the EPA. See the following for information on how assistance is awarded/released: Other.

Reports:

EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Agreements may require quarterly, interim, and final progress reports, and financial, equipment, and invention reports. Reporting requirements are also identified in EPA's grant regulations 40 CFR Parts 30 and 31. Program reports are required. No cash reports are required. Progress reports are required. No expenditure reports are required. Performance monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit

conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

The record retention requirements of 40 CFR Part 30 (nonprofits and institutions of higher education) or 40 CFR Part 31 (governmental units) are applicable depending upon the identity of the recipient. Recipients must keep financial records, including all documents supporting entries on accounting records which support substantial changes to the grant, available to personnel authorized to examine EPA recipients' grants and cooperative agreement records. Recipient must maintain all records for a period of three (3) years from the date of submission of final expenditures reports. If questions, such as those raised as a result of audits remain following the 3-year period, recipients must retain records until the matter is fully resolved.

Obligations:

(Project Grants) FY 12 \$225,000; FY 13 est \$155,000; and FY 14 Estimate Not Available

Range and Average of Financial Assistance:

Range \$500 to \$500,000 per grant. Average amount of award approximately \$150,000 per grant.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: In FY 2012 the accomplishments of ongoing grants are: (1) "Building of state capacity to improve results based management" - Specifically working on improved planning alignment between EPA and the states and continued engagement in EPA National Program Guidance process, with an eye towards better integration of multi-media approaches that achieve quantifiable environmental outcomes. (2) Working with EPA towards grant streamlining and standardization; the timely award and expenditure of grant funds; grant burden reduction; grant performance measures, workplan requirements and other accountability mechanisms; Office of Management and Budget initiatives on administrative flexibility. Fiscal Year 2013: In FY 2013 the accomplishments of ongoing grants are: "Building of state capacity to improve results based management" - Specifically working on improved planning alignment between EPA and the states and continued engagement in EPA National Program Guidance process, with an eye towards better integration of multi-media approaches that achieve quantifiable environmental outcomes. Fiscal Year 2014: No Current Data Available

REGULATIONS, GUIDELINES, AND LITERATURE:

Surveys, studies, and investigations grants and cooperative agreements are subject to EPA general grant regulations (40 CFR Parts 30, "Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations," and 40 CFR Part 31, "Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments"). Costs will be determined in accordance with OMB Circular A-87 for State and local governments and Indian Tribes, OMB Circular No. A-21 for educational institutions, OMB Circular No. A-122 for nonprofit institutions, and FAR Part 31 for "for profit" entities.

RELATED PROGRAMS:

66.609 Protection of Children and Older Adults (Elderly) from Environmental Health Risks; 66.611 Environmental Policy and Innovation Grants

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: States project involved improved planning alignment between U.S. EPA and the states. Meaningful state engagement on the Strategic Plan and supporting annual planning efforts and its support of ongoing interaction between states and EPA. This involved continued engagement in NPM guidance process and insights for the annual planning and budgeting process. The states provided a written report on changes made as a result of state input to the National Program Manager Guidance and Strategic Plan update. Fiscal Year 2013: States project involved improved planning alignment between U.S. EPA and the states. Meaningful state engagement on the Strategic Plan and supporting annual planning efforts and its support of ongoing interaction between states and EPA. This involved continued engagement in NPM guidance process and insights for the annual planning and budgeting process. The states provided a written report on changes made as a result of state input to the National Program Manager Guidance and Strategic Plan update. Fiscal Year 2014: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement. Non-competitive proposals are judged for: (a) technical merit in terms of: (1) strengths and weaknesses of the project, (2) adequacy of overall project design, (3) competency of proposed staff, (4) suitability of applicant's available resources, (5) appropriateness of the proposed project period and budget, and (6) probability that the project will accomplish stated objectives; and, for (b) program interest in terms of: (1) the need for the proposed project, and (2) relationship to program objectives.

66.611 ENVIRONMENTAL POLICY AND INNOVATION GRANTS

FEDERAL AGENCY:

Office of the Administrator, Environmental Protection Agency

AUTHORIZATION:

Safe Drinking Water Act, Section 1441, 42 U.S.C 300j-1; Solid Waste Disposal Act, Section 8001, 42 U.S.C 6981; National Environmental Policy Act, Section 102(2)(F), 42 U.S.C 4332; Comprehensive Environmental Response, Compensation, and Liability Act, Section 104(k)(6)&311, 42 U.S.C 9660; Clean Air Act, Section 103, 42 U.S.C 7403; Federal Insecticide, Fungicide, and Rodenticide Act, Section 20, 7 U.S.C 136(r); Clean Water Act, Section 104, 33 U.S.C 1254; Toxics Substances Control Act, Section 10, 15 U.S.C 2609; Annual Appropriations Act.

OBJECTIVES:

(1) To support analyses, studies, evaluations, workshops, conferences, and demonstration projects that lead to reduced pollutants generated and conservation of natural resources; (2) to improve economic information and analytic methods to support studies, surveys, analyses, evaluations, conferences, workshops, and demonstration projects on the benefits, costs, and impacts of environmental programs; and (3) to improve economic information and analytic methods to support studies, surveys, analyses, evaluations, conferences, workshops, and demonstration projects of incentive-based and voluntary environmental management strategies and mechanisms; and (4) to support research to explore and develop strategies and mechanisms for those in the economic, social, governmental, and environmental arenas to use in environmental management decisions.

Funding Priority - Fiscal Year 2013: The funding priorities in FY2013 for the smart growth program include continued support for innovative projects related to exploring, testing, or implementing smart growth and/or green building policies and other environmental preferable approaches to development.

One or more new solicitations related to implementing smart growth policies and other environmentally preferable approaches may be issued in FY2013.

As a consequence of limited resources, there was no new economic competitive research solicitation issued in FY2013.

If resources were available, research priorities in the field of environmental economics and related research continue to include: work on improvements in the valuation of environmental benefits, including human health and ecological

services; measuring economic costs and impacts to society from regulations, including effective ways to forecast future pollution control technologies and regulatory costs; integrating economic and natural science models for purposes of assessing environmental risks and consequences, including those associated with GHG emissions and potential consequences for climate change; and utilization of alternative regulatory management and economic incentive approaches to achieve environmental objectives.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Grants and cooperative agreements are available to support recipients' allowable direct costs incident to approved Environmental Policy and Innovation plus allowable indirect costs, in accordance with established EPA policies and regulations. Funding awarded for research does not include research within the purview of EPA's Office of Research and Development. Funds awarded under Section 311(b)(3) of CERCLA must be used for projects relating to innovative or alternative treatment technologies that may be utilized in response actions to achieve more permanent protection of human health and welfare and the environment. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

Assistance under this program is generally available to States and local governments, territories and possessions, foreign governments, international organizations, Indian Tribes, interstate organizations, intrastate organizations, and possessions of the U.S., including the District of Columbia, public and private universities and colleges, hospitals, laboratories, other public or private nonprofit institutions, and individuals. Nonprofit organizations described in Section 501(c)(4) of the Internal Revenue Code that engage in lobbying activities as defined in Section 3 of the Lobbying Disclosure Act of 1995 are not eligible to apply. For profit organizations are generally not eligible for funding. Some of EPA's statutes may limit assistance to specific types of interested applicants. See "Authorization" listed above. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy. National laboratories funded by Federal Agencies (Federally-Funded Research and Development Centers, "FFRDCs") may not apply. FFRDC employees may cooperate or collaborate with eligible applicants within the limits imposed by applicable legislation and regulations. They may participate in planning, conducting, and analyzing the research directed by the applicant, but may not direct projects on behalf of the applicant organization. The institution, organization, or governance receiving the award may provide funds through its grant from the EPA to an FFRDC for research personnel, supplies, equipment, and other expenses directly related to the research. Federal Agencies may not apply. Federal employees are not eligible to serve in a principal leadership role on a grant, and may not receive salaries or augment their Agency's appropriations in other ways through grants made by this program.

Beneficiary Eligibility:

State and local governments, U.S. territories and possessions, Indian Tribes, universities and colleges, hospitals, laboratories, other public and private nonprofit institutions, individuals, and international organizations.

Credentials/Documentation:

Documentation of nonprofit status may be required. Applicants may be requested to demonstrate they have appropriate background, academic training, experience in the field, and necessary equipment to carry out projects. EPA may

ask applicants or principle investigators to provide curriculum vitae and relevant publications. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. The standard application forms as furnished by the Federal agency and required by OMB Circular No. A-102 and A-110 must be used for this program. EPA requires final applications to be made on Standard Form 424, "Application for Federal Assistance." Requests for application kits must be submitted to the Environmental Protection Agency, Grants and Interagency Agreements Management Division, (3903R), Washington, DC 20460 or through the appropriate EPA Regional Office listed in Appendix IV of the Catalog. Additional information on the EPA grant package can be found at: http://www.epa.gov/ogd/grants/how_to_apply.htm. Requests for Initial Proposals or Requests for Applications will specify application procedures. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

For non-competitive awards, EPA will conduct an administrative evaluation to determine the adequacy of the application in relation to grant regulations and to technical and program evaluation to determine the merit and relevance of the project. The Agency will then advise the applicant if funding is being considered. A final work plan will then be negotiated with the applicant. For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements. For competitions involving research that are administered as part of the Economic and Decision Sciences program, OP will continue to adhere to the policies established by ORD, NCER and their Science to Achieve Results (STAR) program, which includes engaging an external technical peer review panel to evaluate the technical merits of research proposals.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 180 days for most competitive solicitations. For competitive solicitations administered under the Economic and Decision Sciences program, the time for notification is approximately 240 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

None. Generally, EPA may sometimes choose to either fully or incrementally fund awarded grants and cooperative agreements for Environmental Policy and Innovation. Approval of subsequent funding increments is dependent on satisfactory project progress, continued relevance of the project to EPA's priorities, availability of funds, and Agency policy on the competitive grant process.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: CERCLA 311(b)(3) requires that "to the maximum extent possible," EPA enter into an appropriate cost sharing arrangement with recipients of grants and cooperative agreements relating to innovative and alternative treatment technologies. EPA may waive the 311(b)(3) cost sharing requirement in appropriate cases. Matching requirements may be established in program guidance or the terms of competitive solicitations.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

EPA normally funds grants and cooperative agreements on a 12-month basis. However, EPA can negotiate the project period with each applicant based on project requirements. EPA limits project periods to 5 years. Grants and cooperative agreements may be incrementally or fully funded. This determination will be made by the EPA. See the following for information on how assistance is awarded/released: Most assistance awarded under this CFDA will either be released as a lump sum payment, paid on a quarterly basis, or paid on a monthly basis.

Reports:

For the economic research grants, recipients are required to prepare final written reports that summarize their research project and findings, and cite work (presentations, publications) supported with the EPA grant. No cash reports are required. EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Agreements may require quarterly, interim, and final progress reports, and financial, equipment, and invention reports. Specific reporting requirements are also identified in the Grant Regulations 40 CFR Parts 30 and 31.

In general, it is the policy of the Office of the Administrator to require Progress Reports from recipients on a routine schedule - either quarterly, semiannually or on an annual basis. This requirement, or a different requirement when applicable, will be spelled out in solicitations issued under this CFDA, and confirmed in the Terms and Conditions section for funded assistance agreements. Grant recipients are required to provide financial information to confirm that actual spending is consistent with the approved budget and allowable uses of EPA funds. No performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

The record retention requirements of 40 CFR Part 30 (non-profits and universities) or 40 CFR Part 31 (governmental units) are applicable depending upon the identity of the recipient. Recipients must keep financial records, including all documents supporting entries on accounting records and to substantiate changes in grants, available to personnel authorized to examine EPA recipients grants and cooperative agreements records. Recipients must maintain all records until 3 years from the date of submission of final expenditure reports. If questions, such as those raised as a result of audits remain following the 3-year period, recipients must retain records until the matter is completely resolved.

Obligations:

(Project Grants) FY 12 \$1,100,000; FY 13 est \$1,050,000; and FY 14 est \$1,700,000 - For awards directed at smart growth issues, the total amount awarded through new awards and incremental funding was \$1.1 million in FY 2012. Projected new awards and incremental funding are expected to be \$1.05 million in FY 2013 and \$1.1 million in FY 2014.

For awards directed at economic analysis and research topics, including funding provided under the Economic and Decision Sciences program, the following distributions and projections are as follows: in FY 2012 there were no new awards and incremental funding of existing assistance agreements; in FY 2013 there were also no new awards or incremental funding for existing assistance agreements; and for FY2014 new awards and incremental funding is anticipated to total \$600 thousand subject to appropriations and available funding).

Range and Average of Financial Assistance:

For awards related to smart growth, the range is from \$90,000 to \$363,000, with an average of \$180,000.

For recent awards in the area of economics - related to Environmental Economic Workshops: range is \$35,000 - \$95,000, with an average award of ~\$70,000. Related to Environmental Economics Dissertations and Early Career Research: range is \$35,000 - \$75,000, with an average of ~\$60,000. Related to Environmental Economic Research: range is \$75,000-\$300,000, with an average of ~\$250,000. There were no earmarks included in FY2010, FY2011 or FY2012. We do not anticipate any earmarks in FY2013.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: There were no new solicitations or new economic research awards made in FY2012. Several research and workshop projects were funded with prior fiscal year resources, and they continue as a result of their being established as multi-year projects.

Some of the workshops hosted in FY2012 using prior year's funding included:

- On October 26, 2011 the Institute for Policy Integrity at the New York University School of Law hosted the conference "Intersections Aligning Environmental and Transportation Policies to Mitigate Climate Change." The conference examined recent advances within empirical and theoretical scholarship relating to fuel efficiency standards and transportation infrastructure. Three panels were convened. The first panel discussed cost-benefit analysis and transportation infrastructure projects. The second panel discussed the energy efficiency paradox and the rebound effect. And the final panel discussed consumer welfare effects of more stringent fuel economy standards. The recipient has also produced a report synthesizing findings from all deliberations, including lessons learned about best practices for integrating environmental directives as part of transportation planning and strategies for enhancing transportation project evaluation and appraisal. Copies of the panelists' presentations are available at <http://policyintegrity.org/news/event/third-annual-workshop-on-cost-benefit-analysis-and-issue-advocacy/>

- The Voluntary Pollution Control Initiatives workshop was held on May 20-21 at The Ohio State University's Columbus campus. There were a total of 16 presentations in the one and half days the workshop lasted; The presentations covered a broad range of topics within the realm of Voluntary Pollution Control (VPC) research: VPC in transition and developing economies, spillover effects of VPC on accidents and worker health, VPC and tourism, interaction between VPC programs and mandatory regulation. Another objective of the workshop was the dissemination of workshop presentations to a wide audience of academics, businesses, and federal and non-federal policy makers operating in the field of voluntary pollution control. To this end, the recipient has archived all video footage of presentations as well as the presentation slides on the workshop's website: <http://aede.osu.edu/programs-and-research/environmental-policy-initiative/conferences/vpc-workshop-schedule>. The documents on the website are accessible to all without any restriction whatsoever. Researchers also have the names and affiliations of the authors if they have further questions about a particular paper.

- Camp Resources XIX was held on Monday and Tuesday, August 6-7, 2012 at Wrightsville Beach Island, North Carolina. There were 15 full-length presentations by graduate students and young professionals, and 11 research sketches in this year's schedule. This year's highlights also included a learning tutorial on "Bayesian Econometrics" by Justin Tobias, Professor and University

Faculty Scholar at Purdue University in West Lafayette, Indiana. The workshop featured faculty mentors who provided constructive feedback to presenters, and also presented an overview of their current research interests. In addition to our featured mentors, Camp Resources again enjoyed support from an outstanding community of environmental and resources economists at NC State, Duke, RTI International, and throughout North Carolina and the Southeast who regularly attend and participate in the workshop. The outcomes of the workshop included: (1) providing a forum for the students and young professionals to present research at its early stages and receive significant feedback from senior researchers; (2) giving the young researchers opportunities to expand their research and presentation skills by interacting in a small, less-formal workshop setting with top scholars in the field of environmental economics; (3) creating a network for future interactions and collaborations among those who have attended; and (4) providing attendees with a concentrated learning experience on cutting edge methods within environmental and resource economic research (e.g., the tutorial session). The workshop improved the capabilities of young environmental economists to conduct state-of-the-art research, thus advancing our knowledge on a wide array of environmental economics principles and tools that lead to improved protection of human health and the environment.

Smart growth grant awards made in FY2011 have led to several dozen directed technical assistance site visits delivered to communities across the US on topics ranging from walkability, to use of LEED-ND to improve public policy, to local code audits to identify regulatory barriers to more green and sustainable development approaches.

Continuation of earlier grant awards funded in FY12 continue to support extensive outreach and education on smart growth and green building issues through an annual conference attracting nearly 1500 participants and an active website that provides critical resources to the public on the topics of smart growth.

New smart growth grants awarded in FY12 will likely result in one or more state-level workshops on how to ensure that public investments result in environmental and public health improvements. Fiscal Year 2013: Smart growth grant awards made in FY2012 have led to several dozen directed technical assistance site visits delivered to communities across the US on topics ranging from walkability, to use of LEED-ND to improve public policy, to local code audits to identify regulatory barriers to more green and sustainable development approaches.

Continuation of earlier grant awards funded in FY13 continue to support extensive outreach and education on smart growth and sustainable communities issues through an annual conference attracting nearly 1500 participants and an active website that provides critical resources to the public on the topics of smart growth.

New smart growth grants awarded in FY13 will likely result in one or more state-level workshops on how to ensure that public investments result in environmental and public health improvements. Smart growth grants will also help states, regions and communities better utilize land use and development patterns to become more resilient.

On environmental economics, there were no new solicitations or new economic research awards made in FY2013. Several research and workshop projects were funded with prior fiscal year resources, and they continue as a result of their being established as multi-year projects.

Prior funding supported a number of research grants, and results of this research are coming to fruition in FY2013. Examples include:

- Research using experimental methods to design and test several elements of market mechanisms, and addresses all three of the primary research questions identified in the solicitation (characteristics of effective trading programs, factors that lead to their success, efficiency and environmental benefits from properly designed trading programs, and distributional concerns particularly hot spots). The design elements addressed included: enforcement strategies for inter-temporal trading programs when monitoring is imperfect; a comprehensive trading scheme for multiple pollutants; intergovernmental (or

interstate) emissions trading; emissions permit banking when firms face emissions uncertainty, and when regulators are concerned with temporal hot spots, i.e., unintended spikes in annual emissions due to permit banking.

- The absence of estimates of the economic value of improvements in ecological systems has so far hindered policymakers' attempts to set policy goals with economic efficiency in mind. This research was anchored to a prior completed contingent valuation (CV) study of the total value of ecological improvements from reduced acidification in the Adirondacks. The research supplemented this study with a choice experiment (CE) survey in the Adirondacks and both a CV and a CE survey in the Southern Appalachian Mountain region. The results of the surveys were compared in various ways. After testing for construct validity, tests of convergent validity of the two valuation approaches was performed by comparing the CE and CV results in a given area. To address benefit transfer issues, the survey results from each survey type in one area were transferred to another area and compared to the direct survey results for that other area. Some of these transfers were conducted by using the functional benefit transfer approach, which adjusts for both demographic and attribute differences across areas. Traditional and Bayesian pooling techniques were also used in another set of transfer exercises. Further, shadow prices estimated in the CE studies were compared for shared attributes. In addition to developing methodologies for some of the above activities, the research examined approaches to treating uncertainty in ecological outcomes in a CE analysis (i.e., by making uncertainty an attribute) and a new approach to addressing prior beliefs by respondents. This research provides estimates of WTP for ecological changes resulting from reduced acidification in the Adirondack Park and Southern Appalachian region on a geographic and temporal scale that would be expected to result from current legislative or regulatory proposals. This would provide first-ever comprehensive data for benefit cost analysis with respect to the effects of acidification, which for three decades has been a central issue in air pollution policy. Important methodological advances include benefit transfer methods using small-sample studies that could reduce the cost of valuing benefits in new regions. Fiscal Year 2014: No Current Data Available

REGULATIONS, GUIDELINES, AND LITERATURE:

Environmental Policy and Innovation grants and cooperative agreements are subject to EPA's General Grant Regulations (40 CFR Part 30 and 40 CFR Part 31). Costs will be determined in accordance with OMB Circular No. A-87 for State and local governments and Indian Tribes, OMB Circular No. A-21 for educational institutions, OMB Circular No. A-122 for nonprofit institutions, and FAR Part 31 for profit makers.

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: No new environmental economic research grants were funded in FY2012, as a result of reduced appropriations that resulted in limited funding, and other priorities in the office.

Smart growth grant awards result in several dozen directed technical assistance site visits delivered to communities across the US, as well as state-level workshops on how to ensure that public investments result in environmental

Fiscal Year 2013: Smart growth grant awards result in several dozen directed technical assistance site visits delivered to communities across the US, as well as state-level workshops on how to ensure that public investments result in environmental and public health improvements. They also support extensive outreach and education on smart growth issues through an annual conference and an active website, both of which provide critical resources to the public on the topics of smart growth.

No new environmental economic research grants were funded in FY2013, as a result of reduced appropriations that resulted in limited funding, and other priorities in the office. Fiscal Year 2014: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement. Non-competitive proposals are judged for: (a) technical merit in terms of: (1) strengths and weaknesses of the project; (2) adequacy of overall project design; (3) competency of proposed staff; (4) suitability of applicant's available resources; (5) appropriateness of the proposed project period and budget; and (6) probability that the project will accomplish stated objectives; and, for (b) program interest in terms of: (1) the need for the proposed project; and (2) relationship to program objectives.

66.612 SURVEYS, STUDIES, INVESTIGATIONS, TRAINING DEMONSTRATIONS AND EDUCATIONAL OUTREACH RELATED TO ENVIRONMENTAL INFORMATION AND THE RELEASE OF TOXIC CHEMICALS

Support for TRI Capacity Building, Education and Outreach, and Clearinghouse
FEDERAL AGENCY:

Office of Environmental Information, Environmental Protection Agency

AUTHORIZATION:

Federal Insecticide, Fungicide, and Rodenticide Act, Section 20; Clean Water Act, Section 104; Clean Air Act, Section 103; Toxic Substances Control Act, Section 10; Safe Drinking Water Act, Section 1442; Solid Waste Disposal Act, Section 8001.

OBJECTIVES:

The program's objective is to provide funding in support of surveys, studies, investigations, training/demonstrations, educational outreach and special purpose assistance as they relate to environmental information and the release of toxic chemicals. The purpose of this program is to educate the public on the how to obtain access to and effectively use environmental information, including information about toxic chemical releases and other waste management activities. Through this grant program, EPA intends to enhance the public's understanding of environmental information generally and the potential risks and hazards of releases of toxic chemicals to their communities as they relate to facilities covered under the Toxic Release Inventory Program; support efforts to assist state, tribal and local governments improve management of environmental information; identify priorities and opportunities for the public and state, tribal and local governments to work with industry to reduce toxic chemical disposal or other releases and potential risks associated with them; and establish reduction targets and measure progress toward reduction goals.

Funding Priority - Fiscal Year 2013: Topics and activities include, but are not limited to the following: Expansion of stakeholder education and outreach. Population, maintenance and monitoring of the collaborative website (www.chemicalright2know.org), which will allow various stakeholders to access information about the TRI program and post discussion topics, position papers, and original research and analyses on an array of TRI and other related topics. Issue small grants focused on pollution prevention and the promotion of TRI on the state level. Use of forums, such as TRI-related Webinars, to promote small grants and monitor the progress of these grants. Training opportunities will include three on-line webinars focused on TRI.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Grants and cooperative agreements are available to support recipients' allowable direct costs incident to approved scopes of work plus allowable indirect costs, in accordance with established EPA policies and regulations. Funding awarded for research does not include research within the purview of EPA's Office of Research and Development. Costs will be determined in accordance with OMB Circular No. A-87 for State and local governments and Indian Tribes, OMB Circular No. A-21 for educational institutions, and OMB Circular No. A-122 for nonprofit institutions.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

Assistance under this program is generally available to states, the District of Columbia, U.S. territories (for example, American Samoa, Guam, the Commonwealth of the Northern Mariana Islands, Puerto Rico, and the U.S. Virgin Islands), federally recognized Indian tribes, intertribal consortia of federally recognized tribes, public and private colleges and universities, and other public or private nonprofit organizations. Nonprofit organizations exempt from taxation under Section 501(c)(4) of the Internal Revenue Code that lobby are not eligible for financial assistance. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

State, territory, city, town, county, and regional governments; federally recognized Indian tribes and intertribal consortia of federally recognized tribes; public institutions and industries subject to EPA regulatory reporting requirements; and the public.

Credentials/Documentation:

Applicants must demonstrate that they have appropriate background, academic training, experience in the field, and necessary equipment to carry out projects. EPA will ask applicants or principle investigators to provide curricula vitae and relevant publications. EPA may ask for documentation of nonprofit status. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

EPA awards grants and cooperative agreements supporting surveys, studies and investigations, demonstrations, educational outreach and special purpose projects that consider the relevance to EPA's mission and the likelihood of the success of proposed projects. Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 180 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

None. Generally, EPA incrementally funds grants and cooperative agreements for surveys, studies, and investigations. Approval of subsequent funding increments is dependent on satisfactory project progress, continued relevance of the project to EPA's priorities, and availability of funds, and the Agency policy on the competitive grant process.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

EPA normally funds grants and cooperative agreements on a 12-month basis. However, EPA can negotiate the project period with each applicant based on project requirements. See the following for information on how assistance is awarded/released: The Agency anticipates annual incremental funding (for five years) for this assistance award.

Reports:

No program reports are required. No cash reports are required. EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Agreements may require quarterly, interim, and final progress reports, and financial, equipment, and invention reports. Reporting requirements are also identified in the Grant Regulations, 40 CFR Parts 30 and Part 31.

Quarterly progress reports and a detailed final report are required. Quarterly progress reports summarize technical progress, planned activities for next quarter and summary of expenditures. A summary of expenditures should be included in the quarterly progress reports. Annual performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

The record retention requirements of 40 CFR Parts 30 and 31 are applicable depending upon the identity of the recipient. Recipients must keep financial records, including all documents supporting entries on accounting records and to substantiate changes in grants available to personnel authorized to examine EPA recipients grants and cooperative agreements records. All records must be maintained until expiration of three years from the date of submission of the final expenditure report. If questions, such as those raised as a result of audits remain following the 3-year period, recipients must retain records until the matter is completely resolved.

Account Identification:

68-0108-0-1-304.

Obligations:

(Cooperative Agreements) FY 12 \$0; FY 13 est \$275,000; and FY 14 est \$150,000

Range and Average of Financial Assistance:

Estimated \$15,000 to \$350,000 with an average of \$200,000 annually.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: Expanded TRI stakeholder education and outreach. Populated, maintained and monitored the collaborative website (www.chemicalright2know.org), utilized it to promote the National Training Conference, TRI-related Webinars and small grants. Issued a request for proposal to award small grants opportunities that focused on pollution prevention efforts and the promotion of TRI at the state level. Planned for and executed one on-line webinar focused on TRI and the Spring 2012 TRI National Training Conference. Fiscal Year 2013: Expanded TRI stakeholder education and outreach. Populated, maintained, and monitored the collaborative website (www.chemicalright2know.org), which allowed various stakeholders to access information about the TRI program, post discussion topics, position papers, and original research and analyses on an array of TRI and other related topics. Awarded three small grants that focused on pollution prevention and the promotion of TRI on the state level. Used forums, such as TRI-related Webinars, to promote small grants and monitor the progress of these grants. Training opportunities included two on-line webinars focused on TRI. Fiscal Year 2014: No Current Data Available

REGULATIONS, GUIDELINES, AND LITERATURE:

Surveys, studies, and investigations grants and cooperative agreements are subject to EPA's General Grant Regulations (40 CFR Part 30 and 40 CFR Part 31). Costs will be determined on accordance with OMB Circular No. A-87 for State and local governments and Indian Tribes, OMB Circular No. A-21 for educational institutions, and OMB Circular No. A-122 for non-profit institutions. Research and demonstration projects are subject to 40 CFR Part 40. Training grants are subject to 40 CFR Part 45.

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: No funding was provided in 2012. The agreement was fully funded in 2011.

The 2011 funding was used to support projects in 2012, such as:

- Expansion of TRI stakeholder education and outreach;
- Population, maintenance and monitoring of the collaborative website (www.chemicalright2know.org), utilizing it to promote the National Training Conference, TRI-related Webinars and small grants;
- Issuance of a request for proposal to award small grant opportunities;

- Planning and execution of on-line webinars; and,
 - Planning and execution of the Spring 2012 National Training Conference.
- Fiscal Year 2013: 2011 funding was used to support projects in 2013, such as:
- Expansion of TRI stakeholder education and outreach;
 - Population, maintenance and monitoring of the collaborative website (www.chemicalright2know.org), utilizing it to promote the National Training Conference, TRI-related Webinars and small grants;
 - Awarding of small grant opportunities focused on pollution prevention and to promote TRI on the state level; and
 - Planning and execution of on-line webinars.

EPA anticipates awarding a new five-year cooperative agreement at the end of FY13 and providing incremental yearly funding of an average of \$200,000/year. This anticipated funding will be used in 2013 to begin planning of training opportunities such as the national training conference, online webinars and workshops. Fiscal Year 2014: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement. EPA selects proposed Surveys, Studies, and Investigations projects for funding based on factors such as relevancy to EPA's mission, technical merit, and the likelihood of success. If EPA issues a solicitation for applications for a particular project or group of projects, the solicitation will identify specific criteria.

66.700 CONSOLIDATED PESTICIDE ENFORCEMENT COOPERATIVE AGREEMENTS

FEDERAL AGENCY:

Office of Enforcement and Compliance Assurance, Environmental Protection Agency

AUTHORIZATION:

Federal Insecticide, Fungicide, and Rodenticide Act, Section 23, Public Law 92-516, 7 U.S.C 136; Federal Insecticide, Fungicide, and Rodenticide Act, Section 23, Public Law 95-396, 7 U.S.C 136; Federal Insecticide, Fungicide, and Rodenticide Act, Section 23, Public Law 94-140, 7 Stat. 136.

OBJECTIVES:

To: (a) Assist states, territories and possessions of the U.S., including the District of Columbia and Indian tribes, in developing and maintaining comprehensive pesticide programs that address all aspects of pesticide enforcement, and special pesticide initiatives; (b) sponsor cooperative surveillance, monitoring and analytical procedures; and (c) encourage regulatory activities within the states. State, territorial, and tribal agencies participating in this cooperative agreement program receive funds to support and strengthen their pesticide compliance programs, including pesticide compliance monitoring, inspection and enforcement activities.

Funding Priority - Fiscal Year 2013: Two specific compliance monitoring and enforcement activities have been identified as major priorities for this program: reducing chemical risks and protecting the under served and vulnerable populations. Other typical program activities include inspections and observations at pesticide application sites to ensure user compliance with label directions and acceptable use practices; inspections of pesticide products at producing facilities and in the retail marketplace to ensure industry compliance with registration, classification and labeling requirements; and initiation of appropriate enforcement action when violations are detected including civil and criminal prosecution, stop sale orders, seizures, recalls and warning notices.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Available for costs specifically incurred in purchasing inspectional supplies and equipment; reimbursing State travel and per diem expenses associated with the

performance of grant outputs; purchasing essential laboratory equipment and supplies; paying salaries for personnel performing inspectional, analytical and/or managerial functions related to grant activities, and for administrative costs associated with the performance of grant outputs. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>. There are no specific restrictions on the use of this assistance.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

State agencies having pesticide compliance program responsibilities in each state, territory and possession of the United States, including the District of Columbia and Indian Tribes.

Beneficiary Eligibility:

States, Federally Recognized Indian Tribal Governments, U.S. Territories and the District of Columbia.

Credentials/Documentation:

The application must supply evidence of legal authority to conduct pesticide compliance activities contemplated under the grant and a workable program officially adopted for the agency. Costs will be determined in accordance with OMB Circular No. A-87 for State and local governments. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Discussions or informal meetings with Regional program offices concerning program preparation are advisable. The standard application forms as furnished by the Federal agency and required by OMB Circular No. A-102 must be used for this program. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. Requests for application form and completed applications should be submitted to the appropriate EPA Regional Office (see Appendix IV of the Catalog). The enforcement program is excluded from coverage under OMB Circular No. A-110. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

Each application shall be subjected to administrative coordination to determine adequacy in relation to grant regulations, and to technical and program evaluation to determine merit and relevancy of the project. States will be notified of Federal Assistance Awards through the Federal Assistance Awards Data System (FAADS). Applicants may use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

About 60 days.

Appeals:

Disputes will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Applicants must reapply.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Projects are normally funded for a 12-month period. Payments will be on an advance letter of credit or reimbursement basis; recipient must request the initial advance payment on SF 270, Request for Advance or Reimbursement. See the following for information on how assistance is awarded/released: Other.

Reports:

As requested in the Annual Program Guidance for inclusion in the grant award; quarterly with mid-year and year-end evaluations. Program reports are required. No cash reports are required. Progress reports are required. Expenditure reports are required. Performance monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records including all documents to support entries on accounting records and to substantiate charges to each cooperative agreement must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained for three years from the date of the submission of the annual financial status report or longer if questions still remain, such as those raised as a result of audit.

Account Identification:

68-0103-0-1-304.

Obligations:

(Cooperative Agreements) FY 12 \$18,644,000; FY 13 est \$17,672,000; and FY 14 est \$18,644,000

Range and Average of Financial Assistance:

\$32,000 (territory) to \$800,000; average \$260,000.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: The Consolidated Pesticide Enforcement Cooperative Agreements are continuing environmental program grants. EPA received 74 applications for pesticide enforcement grants and 74 grants were awarded in fiscal year 2012. Agencies participating in the federal cooperative agreement program received funds to support and strengthen pesticide compliance monitoring, inspection, and enforcement activities. Typical program activities included inspections and observations at pesticide application sites to ensure user compliance with label directions and acceptable use practices; inspections of pesticide products at production facilities and in the retail marketplace to ensure industry compliance with registration, classification, and labeling requirements; and initiation of appropriate enforcement action when violations are detected including civil and criminal prosecution, stop sale orders, seizures, recalls, and warning notices. The states developed implementation plans for special pesticide initiatives. States disseminated information and materials related to these pesticide initiatives. States, territories, and tribes that are participated in the pesticide enforcement cooperative agreements program a conduct 85,000 compliance monitoring inspections in FY 2012. These inspections were conducted at agricultural establishments, pesticide producers and retailers, ports of entry, at pesticide applicators, as well as at other site where pesticides were distributed, sold, or used. Fiscal Year 2013: The Consolidated Pesticide Enforcement Cooperative Agreements are continuing environmental program grants. It is anticipated that 73 applications for pesticide enforcement grants will be received and 73 grants awarded in fiscal year 2013. Agencies participating in the federal cooperative agreement program receive funds to support and strengthen pesticide compliance monitoring, inspection,

and enforcement activities. Typical program activities include inspections and observations at pesticide application sites to ensure user compliance with label directions and acceptable use practices; inspections of pesticide products at production facilities and in the retail marketplace to ensure industry compliance with registration, classification, and labeling requirements; and initiation of appropriate enforcement action when violations are detected including civil and criminal prosecution, stop sale orders, seizures, recalls, and warning notices. The states will also develop implementation plans for special pesticide initiatives. States will be responsible for dissemination of information and materials related to these pesticide initiatives. States, territories, and tribes that are participating in the pesticide enforcement cooperative agreements program are expected to conduct approximately 85,000 compliance monitoring inspections in FY 2013. These inspections will be conducted at agricultural establishments, pesticide producers and retailers, ports of entry, at pesticide applicators, as well as at other site where pesticides were distributed, sold, or used. Fiscal Year 2014: No Current Data Available

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: State agencies participating in the federal/state cooperative agreement program receive funds to support and strengthen their pesticide compliance programs, including pesticide compliance monitoring, inspection and enforcement activities as well as special pesticide initiatives activities. Typical program activities include inspections and observations at pesticide application sites to ensure user compliance with label directions and acceptable use practices; inspections of pesticide products at production facilities and in the retail marketplace to ensure industry compliance with registration, classification, and labeling requirements; inspections and investigations at ports of entry to assess compliance with import and export requirements; and initiation of appropriate enforcement action when violations are detected, including civil and criminal prosecution, stop sale orders, seizures, recalls and notices. The special pesticide initiatives are new projects, which include the development of state management plans for the protection of groundwater and endangered species from pesticides and development of worker protection programs. Fiscal Year 2013: State agencies participating in the federal/state cooperative agreement program receive funds to support and strengthen their pesticide compliance programs, including pesticide compliance monitoring, inspection and enforcement activities as well as special pesticide initiatives activities. Typical program activities include inspections and observations at pesticide application sites to ensure user compliance with label directions and acceptable use practices; inspections of pesticide products at production facilities and in the retail marketplace to ensure industry compliance with registration, classification, and labeling requirements; inspections and investigations at ports of entry to assess compliance with import and export requirements; and initiation of appropriate enforcement action when violations are detected, including civil and criminal prosecution, stop sale orders, seizures, recalls and notices. The special pesticide initiatives are new projects, which include the development of state management plans for the protection of groundwater and endangered species from pesticides and development of worker protection programs. Fiscal Year 2014: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

Each application will be reviewed by the Environmental Protection Agency according to the following criteria: 1) Need: The need for the development, improvement and/or maintenance of a comprehensive pesticides enforcement program within the State/Tribe that includes enforcement, new initiative programs, and programs that address existing environmental problems, potential problems, and/or existing exposed populations related to the use of pesticides. 2) State/Tribal Pesticide Activity: The relative amount of pesticide production, formulation and use in a State/Tribe, and the potential risk to human health and the environment from pesticide misuse or abuse. 3) Long-Term Impact: The potential of the cooperative agreement to have a long-term beneficial impact on human health and the environment resulting from the comprehensive pesticide program. 4) Effectiveness of program: The past level and effectiveness of the State/Tribal pesticide program. 5) Level of activity; As indicated by such factors as numbers of farms and numbers of applicators. 6) Magnitude of effort: Need to accomplish expected outputs and products: and 7) Ability to accomplish output goals.

66.701 TOXIC SUBSTANCES COMPLIANCE MONITORING COOPERATIVE AGREEMENTS

FEDERAL AGENCY:

Office of Enforcement and Compliance Assurance, Environmental Protection Agency

AUTHORIZATION:

Toxic Substances Control Act (TSCA), Section 28&404(g), Public Law 102-550, 15 U.S.C 2601.

OBJECTIVES:

1) To assist States, including the District of Columbia, the Commonwealth of Puerto Rico, Guam, America Samoa, the Northern Marianas, the Trust Territories of the Pacific Islands, the Virgin Islands and Indian Tribes in developing and maintaining compliance monitoring programs to prevent or eliminate unreasonable risks to health or the environment associated with chemical substances or mixtures within the States, specifically Asbestos, PCB, and Lead-based paint; 2) encourage regulatory activities within the States to establish their own programs for Lead-based paint and Asbestos (waiver programs); and 3) fund enforcement activities for Asbestos waiver state programs and Lead-based paint programs. EPA may provide funding for cooperative compliance monitoring grants to States and Tribes under TSCA to conduct inspections to ensure compliance with the PCB regulations, the Asbestos-in-Schools requirements (inspections at charter schools, public schools, private, non-profit schools and religious schools), the Model Accreditation Plan (MAP), TSCA section 6 Ban and Phase Out Rule, and the TSCA Asbestos Worker Protection Standards and to conduct Lead-based paint activities. Authorized States also conduct enforcement for the Lead-based program. States that have obtained an EPA waiver from the Asbestos regulation (Subpart E of Part 763) also have enforcement responsibilities.

Funding priorities in FY 2013 for the TSCA PCB and Asbestos programs will be: 1) existing compliance monitoring programs to ensure they continue to meet established standards; 2) activities leading to waiver status for Asbestos programs; 3) activities as necessary for meeting training requirements necessary for obtaining and keeping EPA credentials in those programs which require the use of EPA credentials (the PCB compliance monitoring programs and Asbestos programs in non-waiver states); 4) new programs that provide inspection activity where there is an identified need including, but not limited to, Environmental Justice areas.

Funding priorities in FY 2013 for States with authorized Lead-based paint programs will focus on individuals and firms which conduct lead abatement and renovation and their continuance with the training and certification, and work practice standards requirements. States with authorized renovation notice rules will also monitor those requirements.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Grant funds are available for costs specifically incurred by States and Tribes to develop, enhance and maintain comprehensive compliance

monitoring/enforcement programs under TSCA, specifically PCBs, Asbestos, and Lead-based paint. Funded activities may include inspector training, inspection supplies, and laboratory costs, including personnel and equipment; reimbursement for salaries, travel, training, and per diem expenses for inspectors, analysts, and program managers; and other functions related to grant activities. For those programs where inspections are conducted using EPA credentials, prior to conducting inspections under the Grant, the State/Tribe must have an authorization agreement and the inspectors must complete the minimum inspector training, including health and safety training, and conduct inspections pursuant to the September 2004 Guidance for Issuing Federal EPA Inspector Credentials to Authorize Employees of State/Tribal Governments to Conduct Inspections on Behalf of EPA. They must also have a signed authorization agreement with EPA.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Assistance agreement awards under this program may involve generating or using environmental data, such as, environmental sampling, field measurements, and/or laboratory analyses. Further information on the "POLICY TO ASSURE THE COMPETENCY OF ORGANIZATIONS GENERATING ENVIRONMENTAL MEASUREMENT DATA UNDER AGENCY-FUNDED ASSISTANCE AGREEMENTS" should refer to the following website: <http://www.epa.gov/fem/pdfs/competency-policy-aaia-new.pdf>.

Applicant Eligibility:

For the PCB and Asbestos programs, States/Tribes should have toxic substance compliance responsibilities and be designated as the lead agency with the authority to enter into these cooperative agreements. For the Lead-based paint program, state agencies, Indian tribes, and tribal consortiums that have toxic substance compliance responsibilities, who have the authority to enter into these cooperative agreements, and who have their own lead laws in place are eligible to apply for assistance under the TSCA Compliance Monitoring Grant.

Beneficiary Eligibility:

For PCB, Asbestos and the Lead-based paint programs: States, including the District of Columbia, the Commonwealth of Puerto Rico, Guam, America Samoa, the Northern Marianas, the Trust Territories of the Pacific Islands, the Virgin Islands and Indian Tribes.

Credentials/Documentation:

The applicant must supply evidence of legal authority to conduct toxic substance compliance program activities contemplated under the grant and a workable program officially adopted for the agency. Costs will be determined in accordance with OMB Circular No. A-87 for State and local governments. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Discussions or informal meetings with Regional program offices concerning program preparation are advisable. The standard application forms as furnished by the federal agency and required by OMB Circular No. A-102 must be used for this program. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. Requests for application forms and completed applications should be submitted to the appropriate EPA Regional Office (see Appendix IV of the Catalog). Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities

under this CFDA. This program is excluded from coverage under OMB Circular No.A-110.

Award Procedure:

Each application shall be subjected to administrative coordination to determine adequacy in relation to grant regulations, and to technical and program evaluation to determine merit and relevancy of the project. States will be notified of Federal Assistance awards through the Federal Assistance Awards Data System (FAADS). Applicants may use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

About 60 days.

Appeals:

Disputes will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Applicant must reapply every year.

Formula and Matching Requirements:

This program has no statutory formula.
Matching Requirements: Under TSCA Section 28, no grant may exceed 75 percent of the establishment and operation costs of such a program during the period for which the grant is made. Thus, recipients must contribute 25% of the total costs for activities conducted under Section 28 of TSCA (i.e., the PCB and Asbestos grants).

There are no cost-sharing or matching fund requirements for Lead-based Paint enforcement grants under Section 404(g).
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Cooperative Agreements are normally funded for a 12-month period. Payments will be on an advance letter of credit or reimbursement basis; recipients must request the initial advance payment on the form SF 270, Request for Advance or Reimbursement. See the following for information on how assistance is awarded/released: Other.

Reports:

As required in the annual National Program Guidance for inclusion in the grant award, grantees must submit mid-year and year-end evaluations. For inspections conducted using credentials issued by EPA to the state or tribal employee, the inspection report must be submitted to the regional office for review pursuant to the authorization agreements. Program reports are required. No cash reports are required. Progress reports are required. No expenditure reports are required. Performance monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate charges to each cooperative agreement, must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained for 3 years from the date of the submission of the annual financial status report or longer if questions still remain, such as those raised as a result of audit.

Account Identification:

68-0103-0-1-304.

Obligations:

(Cooperative Agreements) FY 12 \$5,081,000; FY 13 est \$4,816,000; and FY 14 est \$5,081,000

Range and Average of Financial Assistance:

For PCB and Asbestos: \$19,000 to \$225,000/year; \$122,000/year average.

For Lead: \$42,000 per state/tribe.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: Twenty-six Asbestos, nine PCB, and forty-two Lead cooperative agreements were awarded to States in FY 2012. A similar number are expected to be awarded in FY 13. Agencies participating in the TSCA Compliance Monitoring Cooperative Agreements program receive funds to support and enhance toxic substance compliance monitoring, assurance and enforcement activities.

Typical program activities for the Asbestos grant program include compliance inspections at facilities regulated under the AHERA program plus preparation of inspection reports. For waiver states, work includes case preparation and taking enforcement action. Non-waiver states using EPA credentials submit their inspection reports to EPA for case review and appropriate enforcement action. In FY 12, 900 compliance monitoring inspections were conducted. EPA expects similar inspection numbers in FY 13.

Typical program activities for the PCB grant program include compliance inspections at facilities regulated under the TSCA PCB program, and submission of inspection reports to EPA for review and enforcement action, if appropriate. In FY 12, 325 inspections were conducted. EPA expects similar inspection numbers in FY 13.

Typical program activities for the Lead-based paint grant program include compliance inspections at facilities regulated under the TSCA Lead-based paint program plus initiation of appropriate enforcement action by authorized states or referral to EPA for case review and appropriate enforcement action when violations are detected. Fiscal Year 2013: Fiscal Year 2013 activities will be reported after October 1, 2013. Fiscal Year 2014: No Current Data Available

RELATED PROGRAMS:

Not Applicable.

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: State agencies participating in the Toxic Substances Compliance Monitoring Cooperative Agreement program receive funds to support and conduct compliance monitoring (inspection) and enforcement activities, as appropriate for the specific program. Examples of program activities that may be funded include, targeting activities, inspections/investigations to evaluate compliance, follow-up inspections, initiation of appropriate enforcement action when violations are detected,

equipment for inspections, development of compliance monitoring strategies/targeting approaches, development of software or e-forms capable of automating inspection data collection activities in the field, and training/workshops. The majority of the funds are used by the states to conduct compliance monitoring inspections. Those states that are authorized to enforce the Lead-based paint program or are "waiver" states under the AHERA program use the grant money to enforce the regulation, as appropriate. Fiscal Year 2013: State agencies participating in the Toxic Substances Compliance Monitoring Cooperative Agreement program receive funds to support and conduct compliance monitoring (inspection) and enforcement activities, as appropriate for the specific program. Examples of program activities that may be funded include, targeting activities, inspections/investigations to evaluate compliance, follow-up inspections, initiation of appropriate enforcement action when violations are detected, equipment for inspections, development of compliance monitoring strategies/targeting approaches, development of software or e-forms capable of automating inspection data collection activities in the field, and training/workshops. The majority of the funds are used by the states to conduct compliance monitoring inspections. Those states that are authorized to enforce the Lead-based paint program or are "waiver" states under the AHERA program use the grant money to enforce the regulation, as appropriate. Fiscal Year 2014: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

Each application will be reviewed by the Environmental Protection Agency according to criteria including the following: (1) Need: The need for the development, improvement, and/or maintenance of a comprehensive compliance monitoring/enforcement program within the State; (2) Level of Activity: The amount of regulated chemicals and facilities, and the potential risk to human health and the environment; (3) Long-Term Impact: The potential of the cooperative agreement to have a long-term beneficial impact on human health and the environment resulting from the compliance program; and (4) Effectiveness of program: The past level and effectiveness of the State regulatory program, number of inspections conducted by the state and number of trained inspectors that have completed the minimum training set forth in the September 30, 2004 "Guidance for Issuing Federal EPA Inspector Credentials to Authorize Employees of State/Tribal Governments to Conduct Inspections on Behalf of EPA."

66.707 TSCA TITLE IV STATE LEAD GRANTS CERTIFICATION OF LEAD-BASED PAINT PROFESSIONALS

(State Lead Certification Grants)

FEDERAL AGENCY:

Office of Chemical Safety and Pollution Prevention, Environmental Protection Agency

AUTHORIZATION:

Toxic Substances Control Act, Section 404(g).

OBJECTIVES:

The goal of EPA's lead-based paint program is to eliminate childhood lead poisoning. The program is comprised of four strategies designed to achieve the following goals: 1) Establish standards to define where lead hazards are present in paint, dust and soil; 2) Give the public information about lead hazards and steps to protect themselves; 3) Ensure that information about known lead-based paint hazards is disclosed to individuals buying or renting pre-1978 housing, and that owners and occupants of pre-1978 housing are provided information on lead-based paint hazards before renovation activities take place; 4) Establish lead-safe work practice standards and require lead-based paint professionals to be trained and certified. The objective of this grant program is to assist States, Tribes, and Territories in developing and carrying out authorized programs that: (a) certify contractors engaged in lead-based paint activities and accredit lead-based paint activities training programs; (b) certify contractors engaged in renovation, repair and painting activities that disturb painted surfaces in most target housing; and/or (c) require distribution of lead-hazard information prior to renovation (pre-renovation education program).

Funding Priority - Fiscal Year 2013: The priority for FY 2013 is to continue to provide assistance to authorized State, Tribal, and Territorial lead-based paint activities training and certification programs and pre-renovation education programs. As appropriate, the Agency will use grant funding to provide

assistance to a State, Tribal, or Territorial program looking to develop or administer an authorized Renovation, Repair, and Painting Program.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Assistance may be available for activities which relate to authorization under TSCA Title IV. Supported activities must contribute or lead to the attainment or maintenance of authorization pursuant to TSCA Title IV. Funds cannot be used for general program activities not related to the attainment or maintenance of authorized programs.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, the Canal Zone, American Samoa, the Northern Mariana Islands, and any other territory or possession of the United States may receive assistance under Section 404(g) of TSCA. Federally recognized Indian governing bodies are also eligible to apply for and receive assistance. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

State governments, Federally recognized Indian governing bodies, U.S. Territories and possessions.

Credentials/Documentation:

Costs will be determined in accordance with OMB Circular No. A-87 for State and local governments. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Discussions or informal meetings with the appropriate EPA Regional Office concerning program preparation are advisable. The standard application form as furnished by the Federal agency and required by OMB Circular No. A-102 must be used for this program. Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. Requests for application forms and completed applications should be submitted to the appropriate EPA Regional Office. The following forms and certifications must be included in all final grant applications: Standard Form 424 (Application for Federal Assistance); Standard Form 424A (Budget Information -- Non-Construction Programs); Standard Form 424B (Assurances -- Non-Construction Programs); Certification Regarding Lobbying and SF LLL, if applicable; Certification Regarding Debarment and Suspension; EPA Form 4700-4 (Compliance Review Report Form); and Quality Assurance Narrative Statement, if applicable.

Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Contact the appropriate EPA Regional Office for guidance on award procedures. Regional contacts for the EPA lead program can be found at <http://www2.epa.gov/lead/where-you-live>.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 90 days after deadline for application submission.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Applicants must reapply for grant funding each fiscal year.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Cooperative agreements are normally funded for a 12-month period. See the following for information on how assistance is awarded/released: Grantees usually receive either a lump sum payment or draw down funds as their Agency allows.

Reports:

No program reports are required. No cash reports are required. Pursuant to 40 CFR 31.40, grantees shall, at a minimum, submit annual performance reports to the appropriate EPA Regional Office. These requirements were approved by the Office of Management and Budget (OMB) under OMB Control Number 2030-0020 (General Administrative Requirement for Assistance Programs). The individual Regional Offices may require that these reports be submitted on a quarterly or semiannual basis, but not more frequently than quarterly. The specific information contained within the report will include, at a minimum, a comparison of actual accomplishments to the objectives established for the period. Regional Offices may ask for the inclusion of specific data (e.g., providing to EPA specific address information associated with the abatement notifications that are received by the grantee) as part of the annual performance report from the grantees which may be useful for Agency reporting under the Government Performance and Results Act. No expenditure reports are required. No performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate charges to cooperative agreements, must be kept available to personnel authorized to examine EPA accounts. All records must be maintained for 3 years from the date of the submission of the annual financial status report, or longer if questions still remain, such as those raised as a result of audit.

66.708 POLLUTION PREVENTION GRANTS PROGRAM

(P2 Grant Program)

FEDERAL AGENCY:

Office of Chemical Safety and Pollution Prevention, Environmental Protection Agency

AUTHORIZATION:

Pollution Prevention Act of 1990, Section 6605, Public Law 101-508.

OBJECTIVES:

This CFDA announcement applies to the Pollution Prevention (P2) and the Pollution Prevention Information Network (PPIN) grant programs.

Both programs were enacted under the Pollution Prevention Act of 1990. The P2 grant program funds grants/cooperative agreements that implement pollution prevention technical assistance services and/or training for businesses. The PPIN grant program funds grants/cooperative agreements through a national network of Pollution Prevention Resource Exchange (P2Rx) Centers. The Centers work to deliver pollution prevention information, resources and tools to state technical assistance providers, businesses and industry sectors. Under both grant programs, EPA is authorized to support projects that utilize pollution prevention techniques to reduce and/or eliminate pollution from air, water and/or land.

Funding Priority - Fiscal Year 2013:

1. To help businesses adopt P2 techniques into their day-to-day operations as a means for reducing or eliminating harmful pollutants from entering the air, water or land;
2. To encourage education and training in P2/source reduction techniques and applications; and
3. Support P2 information sharing among State, local technical assistance programs and businesses.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Funding under the P2 and PPIN grant programs is supported through Congressional appropriation. Generally, the programs support P2 projects that address the transfer of potentially harmful pollutants across all environmental media: air, water, and land. The programs also support the establishment and expansion of state and tribal P2 programs under various sectors, some which are -- industrial toxics, agriculture, energy and water conservation, and transportation.

More specifically, the P2 grant program supports P2 approaches and methodologies that focus on: institutionalizing P2 as an environmental management prescription, helping businesses establish prevention goals, providing technical assistance or training to businesses, supporting outreach and

research endeavors, and supporting data collection and analysis to curb environmental inefficiencies in tandem with increasing awareness of P2, etc.

Under the PPIN program, EPA supports projects that help to: coordinate work among state and local technical assistance providers, disseminate P2 information, offer training to state and local technical assistance providers and businesses, promote new and innovative P2 technologies, and take a broad reading of what P2 activities are occurring across the nation in order to minimize any duplication of effort.

The P2 and PPIN grant programs do not support projects that focus on recycling, waste removal or any activity which alters the physical, chemical, or biological characteristics or the volume of a hazardous substance, pollutant, or contaminant through a process or activity which is not integral to and necessary for the production of a product or essential to providing a service. For more information, refer to PPA Section 6603 and 40 CFR Sections 35.343 and 35.662.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy. In accordance with the Pollution Prevention Act of 1990, eligible applicants for purposes of funding under these grant programs include the fifty states, the District of Columbia, the U.S. Virgin Islands, the Commonwealth of Puerto Rico, and any territory or possession of the United States, any state agency or instrumentality of a state including state colleges and universities, federally-recognized tribes and intertribal consortia.

Local governments, private universities, private nonprofit entities, private businesses, and individuals are not eligible to apply for funding.

Beneficiary Eligibility:

State agencies, state colleges and universities that are instrumentalities of the state and federally-recognized tribes are encouraged to establish partnerships with businesses and environmental assistance providers to deliver seamless P2 assistance. The most successful applicants will be those that make the most efficient use of government funding. In many cases, this has been accomplished through partnerships. As a result, those who are eligible can provide P2 benefits to the following entities: states, interstate and local agencies or organizations/universities, federally-recognized tribes, intertribal consortia, public or private nonprofit organizations/institutions, private businesses, quasi public nonprofit organizations, and the general public.

Credentials/Documentation:

In cases where the applicants credentials are not clear, the applicant must provide proof that the applicant is indeed a state agency/organization, federally-recognized tribe, or intertribal consortium. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. If the applicant does not know who their Single Point of Contact is, they may call the appropriate EPA regional coordinator listed in the Information Contacts section, or call the EPA Headquarters Grant Policy Information and Training Branch at 202-564-5325. Federally-recognized Tribal governments are not required to comply with this procedure. Environmental impact information is not required for this program. This

program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. Requests for general information may be made to EPA Headquarters or to the appropriate EPA regional pollution prevention program office listed in Appendix IV of this Catalog.

Under the P2 grant program, proposals and applications must be submitted to the appropriate EPA regional pollution prevention program office in order to be considered for an award.

Under the PPIN grant program, proposals and final applications must be submitted to EPA Headquarters in order to be considered for an award.

Applications must abide by EPA grant policy and programmatic requirements in order to be considered for funding.

Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

About 120 to 150 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Title Pollution Prevention Act of 1990. The statutory formula for P2 and PPIN grants is authorized by the Pollution Prevention Act of 1990.

Matching Requirements: Organizations receiving grant funds through the P2 and PPIN grant programs are required to match federal funds by at least 50 percent. The federal government will provide half of the total allowable cost of the project, and the state will provide the other half. Thus, a federal grant of \$100,000 would support a total allowable project cost of \$200,000, with the state providing the remaining half equal to \$100,000. State contributions may include: dollars, in kind goods and services, and/or third party contributions. In a detailed budget, the use of the matching funds must be documented. The match requirement may be applied at the time of award or at specified intervals during the project period. The grant applicant must document in the itemized budget plan the type of match to be applied and how it will be used. The grant project officer in the Region or Headquarters will monitor the grant recipient's compliance. If the match requirement is not met or is not applied at specified intervals during the project period, federal funding will cease and the recipient will be held liable for all incurred costs.

With concern to P2 grants only: If a tribe or intertribal consortium is selected for an award and their workplan will be included in a performance partnership

grant (PPG), then the required tribal match will be reduced to 5% as it applies to the total allowable P2 project cost. This reduction in match will be applied to the first two years of the PPG. After two years, the EPA Regional Administrator is required to determine through objective assessment whether the tribe or intertribal consortium still meets the socioeconomic needs test to warrant keeping the cost share at 5 percent.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Initial assistance agreements are awarded for a project period of 3 years. Funds are released by a letter of credit. See the following for information on how assistance is awarded/released: Financial assistance under the P2 and PPIN grant programs is provided in the form of a grant or a cooperative agreement issued as a letter of credit by the federal government to the eligible grantee.

Reports:

No program reports are required. The P2 and PPIN grant programs require grantees to submit budget information to the grant project officer. The information should be included in the grantees' semi-annual progress report. Organizations that are awarded grants will be required to submit semi-annual progress reports during the life of the project to the grant project officer. The report should summarize funds expended, tasks accomplished, and results achieved to date. A final technical report is also required at the end of the grant/cooperative agreement. The final technical report should explain the prospect for continuation, further development of the pollution prevention effort, and offer a project evaluation. The P2 and PPIN grant programs require the grantee to submit semi-annual progress reports to the grant project officer. The report should explain the work executed under the project(s), whether or not the project's milestones were achieved, and the staff and budget plan for any remaining work. Expenditure reports are required at the end of the grant/cooperative agreement. The grantee should submit this information to the grant project officer when submitting their final technical report. If the grantee proposes work that involves gathering, measuring, or tracking environmental data, the grantee is required to report its environmental performance to EPA. The information should be provided in the grantees' semi-annual progress report and final technical report. The reports should be submitted to the grant project officer.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records, including all documents to support entries on accounting records to substantiate charges to each grant, must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained for three years from the date of submission of the annual financial status report. If questions still remain, such as those raised as a result of an audit, related records should be retained until the matter is completely resolved.

(Project Grants) FY 12 \$4,921,982; FY 13 est \$4,922,000; and FY 14 est \$4,922,000

Range and Average of Financial Assistance:

Range for P2 grants in FY 2012: \$27,128 - \$275,900; approximate average annual award in FY 2012: \$86,000.

In FY 2012 PPIN grants were not issued, however, grants from the previous year (FY 2011) were incrementally funded. The range of awards \$67,578 -

\$115,000; approximate average annual award in FY 2012: \$109,072.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: In FY 2012, EPA awarded 36 new P2 Grants totaling \$3,812,571. P2 Grants were made available to state institutions and federally-recognized tribes to develop projects to provide training and offer pollution prevention technical assistance. In FY 2012, EPA did not run a PPIN competition but did incrementally fund awards from the previous fiscal year. EPA awarded 8 incremental awards totaling \$872,578. PPIN Grants were issued to promote P2 information sharing and technical assistance for state and local technical assistance programs and facility-based P2 information users. Fiscal Year 2013: The P2 and PPIN grant program are in the process of making final grant selections. EPA anticipates awardees will be notified by the end of September 2013. The programs anticipate accomplishments will be similar to those attained in FY 2012. Fiscal Year 2014: No Current Data Available

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: The following are examples of P2 and PPIN grants awarded in FY 2012.

P2 grants

EPA grant: \$90,000

The grant recipient will provide green chemistry training to high school teachers in New York State in order to reduce the amount of hazardous and toxic chemicals that are purchased, used, stored and disposed of in school chemistry departments. The recipient will conduct chemical inventories and hygiene plans in schools and provide workshops for teachers on green chemistry lab training.

EPA grant: \$78,000

The grant recipient will support the state's Environmental Stewardship Initiative which encourages facilities to go beyond compliance and strive for continual improvement through implementing environmental management systems and expanding lean and green techniques.

EPA grant: \$97,021

The grant recipient will provide technical assistance and training to small and medium-sized manufacturers on source reduction techniques in Ohio. The recipient will also coordinate a steering committee to strengthen and promote P2 efforts within the state.

PPIN grants

EPA grant: \$115,000

The grant recipient will work with the subgrantee on the west coast collaborative for environmentally preferable purchasing which is a collective of State and local governments working together to improve their purchasing programs. They will support webinars on lean and environmental practices and promote pollution prevention (P2) practices and energy efficiency to help businesses decrease greenhouse gas emissions. Funding will also support the grant recipient's role as the regional P2 information center that provides support to State technical assistance programs and direct assistance to businesses requesting P2 information. Reviewers liked the strong focus on both regional and interregional activities, the excellent task descriptions, and descriptions of how customer feedback will be collected.

EPA grant: \$115,000

The grant recipient will provide workshops and training to businesses and technical assistance providers. The recipient will follow up with attendees to determine outcomes that are related to the training. There was a focus on collecting and publishing case studies that will illustrate the impact of P2 practices on businesses. Reviewers appreciated the clear description of tasks and how outcomes will be collected, as well as the training and support of lean and environmental practices. Fiscal Year 2013: As of this CFDA update, FY 2013 award selections have not been finalized under the P2 and PPIN grant programs. Fiscal Year 2014: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

The evaluation and selection criteria for competitive awards under this CFDA description are described in the competitive announcements of the P2 and PPIN grant programs.

66.714 REGIONAL AGRICULTURAL IPM GRANTS

(Regional Ag Grants)

FEDERAL AGENCY:

Office of Chemical Safety and Pollution Prevention, Environmental Protection Agency

AUTHORIZATION:

Federal Insecticide, Fungicide, and Rodenticide Act, Section 20.

OBJECTIVES:

The Objective is to support Integrated Pest Management (IPM) implementation and approaches that reduce the risks associated with pests & pesticide use in agriculture in the United States. This program is competed and the grants are awarded by Headquarters grant offices.

Funding Priority - Fiscal year 2013: The Regional Agricultural IPM Grants will support the implementation of Integrated Pest Management (IPM) approaches to reduce pesticide risk in agricultural settings in the United States. Projects must address the national pesticide program stewardship priorities related to pest management needs and IPM program implementation.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Grants may be used to fund projects that further the implementation of Integrated Pest Management (IPM) in agriculture. The type of projects that will be considered include research, monitoring, demonstration, and related activities. Projects must include efforts to implement IPM practices which lead to pest and pesticide risk reduction. There are no discretionary funds available to fund projects.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy. Eligible applicants include the 50 States, the District of Columbia, the U.S. Virgin Islands, the Commonwealth of Puerto Rico, any Territory or Possession of the United States, any agency or instrumentality of a State including State Universities, and all Federally recognized Native American Tribes. Local governments, private universities, private nonprofit entities, private businesses, and individuals are not eligible. The organizations excluded from applying directly are encouraged to work with eligible applicants in developing proposals that include them as participants in the projects.

Beneficiary Eligibility:

Any State, U.S. Territory/Possession, Native American Organization, or other entities working in conjunction with these eligible applicants.

Credentials/Documentation:

The application should present a well thought out work plan with established infrastructure to execute the work plan. Key officials should have and document appropriate work experience or education to effectively carry out the proposed work plan or research. Costs will be determined in accordance with OMB Circular No. A-87 for State and local governments. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Grants are awarded on the basis of merit. The call for proposals is announced in Grants.gov and on the EPA's Office of Pesticide Programs' website and by other established mechanisms early in the fiscal year. The proposal format is specified in the call. Proposals not using the published format will not be considered. National criteria are established in the call. Once the grant process

is announced nationally, interested applicants are urged to contact the appropriate EPA Regional Office for detailed instructions. Proposals are submitted to an EPA Regional Office. All proposals received are rated using the published criteria and compete for funding against all acceptable proposals received. Consultation or assistance in filling out a project proposal is available from any of the EPA Regional Offices either by phone, mail, fax or electronic mail. Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. Successful applicants will be notified and invited to complete and sign a Standard Form 424, (an application form) which will be supplied upon notification. Questions about this form will be answered by the Regional representative who contacts the applicant. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

About 60 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Grants are awarded for a project period not to exceed 2 years. Method of awarding/releasing assistance: by letter of credit.

Reports:

Organizations that are awarded grant/cooperative agreement funds will be required to submit progress reports, as frequently as quarterly or at least annually, during the life of the project, to and as directed by the EPA Project Officer. Each report will summarize funds expended, tasks accomplished, and results achieved to date. A summary final report will also be required at the end of the project period. This final report should include a discussion of the prospects of continuation, further development of the effort, project evaluation and future direction. Grantees are required to submit program reports to their regional Project Officer. Grantees are required to submit financial reports to their regional Project Officer. Grantees are required to submit progress reports to their regional Project Officer. Grantees are required to submit expenditure reports. Grantees are required to perform performance monitoring as part of their requirements.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June

27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records, including all documents to support entries on accounting records to substantiate charges to each grant must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained for 3 years from the date of submission of the annual financial status report. If questions still remain, such as those raised as a result of an audit, related records should be retained until the matter is completely resolved.

Account Identification:

**66.716 RESEARCH, DEVELOPMENT, MONITORING, PUBLIC EDUCATION, TRAINING, DEMONSTRATIONS, AND STUDIES
FEDERAL AGENCY:**

Office of Chemical Safety and Pollution Prevention, Environmental Protection Agency

AUTHORIZATION:

Toxic Substances Control Act, Section 10, Public Law 106-74; National Environmental Policy Act, Section 102(2)(F); Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), Section 20 & 23; Toxic Substances Control Act, Section 10, Public Law 105-174.

OBJECTIVES:

Grants are awarded to support Research, Development, Monitoring, Public Education, Training, Aid, Demonstrations, and Studies assistance relating to the protection of public health and the environment from pesticides and potential risk from toxic substances.

Funding Priority - Fiscal Year 2013: Office of Pollution Prevention and Toxics (OPPT) FY 2013: Enhance capabilities of participants through increased knowledge of how to implement quality chemical risk management regulatory and pollution prevention programs, leading to better protection of human health and the environment. Health Communities and Ecosystems: International Capacity Building (reduce chemical and biological risks) as well as continue providing technical assistance, training, information exchange and other forms of cooperation to enhance the capabilities of governments and other stakeholders to protect human health and the environment regionally and globally.

Office of Pesticide Programs (OPP) FY 2013: Projects for safer use of pesticides, including worker protection, certification and training of pesticide applicators, protection of endangered species, tribal pesticide programs, integrated pest management, environmental stewardship, Pesticide Registration Renewal Act (PRIA 2) Partnership Grants; Pesticide Regulatory Education Program (PREP), and Integrated Pest Management in Schools Regional grants. Types of activities: develop and implement programs to reduce pesticide risks; analysis and development of pilot pesticide safety programs and materials; National train-the-trainer program to educate farmworkers on how to reduce risks from pesticides; continue the National Pesticide Information Center (NPIC); PREP education program for states and tribes; and implement verifiable integrated pest management in schools programs.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Grants and cooperative agreements are available to support recipients' allowable direct costs incident to approved scopes of work plus allowable indirect costs, in accordance with established EPA policies and regulations. Funding awarded for research does not include research within the purview of EPA's Office of Research and Development.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

Assistance under this program is generally available to States, U.S. territories or possessions, federally recognized Indian tribal governments and Native American Organizations, public and private universities and colleges, hospitals, laboratories, other public or private nonprofit institutions, local governments, and individuals and international entities. For profit organizations are not eligible. Non-profit organizations described in Section 501(c)(4) of the Internal Revenue Code that engage in lobbying activities as defined in Section 3 of the Lobbying Disclosure Act of 1995 are not eligible to apply. EPA may also limit eligibility for certain competitive funding opportunities under this CFDA to a subset of eligible applicants and/or to tribes, Alaska native villages, and intertribal consortia located in the Region where a project is going to be performed. For Tribal funding opportunities to be funded with the State and Tribal Assistance Grant (STAG) appropriation, eligibility will be limited to States, Tribes, Alaska native villages, and intertribal consortia to support the Office of Prevention, Pesticides and Toxic Substances' Tribal Program. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy. Also, for certain competitive opportunities offices may limit eligibility to tribes in a region.

Beneficiary Eligibility:

State and local governments, U.S. territories and possessions, federally recognized Indian tribal governments and Native American Organizations, universities and colleges, hospitals, laboratories, other public and private nonprofit institutions, general public, and other Non-Governmental Organizations.

Credentials/Documentation:

Costs will be determined in accordance with OMB Circular No. A-87, 2 CFR Part 225 for State and local governments and Indian Tribes, OMB Circular No. A-21, 2 CFR Part 220 for educational institutions, and OMB Circular No. A-122, 2 CFR Part 230 for nonprofit institutions. Applicants may be requested to demonstrate that they have appropriate background, academic training, experience in the field, and necessary equipment to carry out projects. EPA may ask applicants or principle investigators to provide curriculum vitae and relevant publications. Non-profits are required to demonstrate non-profit status. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

EPA awards grants and cooperative agreements supporting research, development, monitoring, public education, training, demonstrations, and studies based on competitive applications submitted in response to EPA solicitations, considering relevance and likelihood of success of proposed projects. When making competitive awards, EPA will specify the nature of the pre-application assistance, if any, that will be available to applicants in the Requests for Initial Proposals or Requests for Applications. For this reason, we recommend that potential applicants discuss proposed projects with or submit pre-applications to staff in the appropriate EPA technical program offices. See Appendix IV of the Catalog. Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. The standard application forms as furnished by the Federal agency and required by OMB Circular No. A-102 and A-110 must be used for this program. EPA requires final applications to be made on Standard Form 424. Application kits should be requested from and submitted to the Environmental Protection Agency, Grants and Interagency Agreements Management Division, 3903R, 1200 Pennsylvania Avenue, N. W., Washington, DC 20460 or the appropriate EPA Regional Office identified in Appendix IV of

the Catalog. Detailed information and assistance, including the application kit, required forms, and a check list may also be found at: <http://www.epa.gov/ogd/AppKit/>. For competitive awards, Requests for Initial Proposals or Requests for Applications will specify application procedures. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

For non-competitive awards, EPA will conduct an administrative evaluation to determine the adequacy of the application in relation to grant regulations and to technical and program evaluation to determine the merit and relevance of the project. The Agency will then advise the applicant if funding is being considered. A final work plan will then be negotiated with the applicant. For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 180 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

None. Generally, EPA incrementally funds grants and cooperative agreements for research, development, monitoring, public education, training, demonstrations and studies. Approval of subsequent funding increments is dependent on satisfactory project progress, continued relevance of the project to EPA's priorities, and availability of funds, and the Agency policy on the competitive grant process.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

EPA normally funds grants and cooperative agreements on a 12-month basis. However, EPA can negotiate the project period with each applicant based on project requirements. Funds are released by a letter of credit. See the following for information on how assistance is awarded/released: EPA normally funds grants and cooperative agreements on a 12 month basis. However, EPA can negotiate the project period with each applicant based on project requirements. Funds are released by a letter of credit.

Reports:

EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Agreements may require quarterly, interim, and final progress reports, and financial, equipment, and invention reports. Reporting requirements are also identified in the Grant Regulations, 40 CFR Parts 30 and Part 31. Under OPP, grantees are required to submit program reports. Under OPPT, grantees are required to submit program reports in accordance with Agency policy and the Monitoring and Reporting Program Performance requirements stated in Federal Grant Regulations 40 CFR Part 31. Under OPP, grantees are required to submit financial reports. Under OPPTS, grantees are required to submit financial reports in accordance with Agency policy and the Financial Reporting and Financial Management Systems requirements stated in Federal Grant Regulations 40 CFR Part 31. Under OPP, grantees are required to submit progress reports. Under OPPTS, grantees are required to submit progress reports in accordance with Agency policy and the Monitoring and Reporting Program Performance requirements stated in Federal Grant Regulations 40 CFR Part 31. Under OPP, grantees are required to submit expenditure reports. Under OPPTS, grantees are required to submit financial

reports in accordance with Agency policy and the Financial Reporting and Financial Management Systems requirements stated in Federal Grant Regulations 40 CFR Part 31. Under OPP, grantees are required to perform performance monitoring as part of their requirements. Under OPPTS, grantees are required to perform performance monitoring in accordance with Agency policy and requirements stated in Federal Grant Regulations 40 CFR Part 31.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

The record retention requirements of 40 CFR Parts 30 and 31 are applicable depending upon the identity of the recipient. Recipients must keep financial records, including all documents supporting entries on accounting records and to substantiate changes in grants available to personnel authorized to examine EPA recipients grants and cooperative agreements records. All records must be maintained until expiration of three years from the date of submission of the final expenditure report. If questions, such as those raised as a result of audits remain following the 3-year period, recipients must retain records until the matter is completely resolved.

CRITERIA FOR SELECTING PROPOSALS:

The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement.

**66.717 SOURCE REDUCTION ASSISTANCE
FEDERAL AGENCY:**

Office of Chemical Safety and Pollution Prevention, Environmental Protection

Agency

AUTHORIZATION:

Clean Water Act, Section 104(b)(3); Clean Air Act, Section 103(b); Solid Waste Disposal Act, Section 8001(a); Toxic Substances Control Act, Section 10; Federal Insecticide, Fungicide, and Rodenticide Act, Section 20; Safe Drinking Water Act, Section 1442(a)(1)&(c).

OBJECTIVES:

Under this CFDA announcement, EPA administers two grant programs - the Source Reduction Assistance (SRA) grant program and the Regional Pollution Prevention Information Network Centers (RP2INC) grant program. The goal of the SRA program is to provide grants to support pollution prevention (P2), source reduction and/or resource conservation activities. The goal of the RP2INC program is to fund an organization which will serve as the national coordinator of the Regional P2 Resource Exchange Centers. The national coordinator will provide leadership in: framing national P2 initiatives, strengthening collaboration among the regional centers, evaluating P2 information, tools and products, and marketing the centers' services nationally.

For purposes of the grant programs, P2 is defined as any practice which reduces or eliminates the creation of pollutants through: increased efficiency in the use of raw materials, energy, water, or other resources, or protection of natural resources by conservation activities. EPA is interested in funding projects which assist in reducing hazardous substances, pollutants, or contaminants entering waste streams or otherwise released into the environment (including fugitive emissions) prior to recycling, treatment, or disposal. Grant activities may involve, but are not limited to the following: equipment or technology modifications, process or procedure modifications, reformulation or redesign of products, substitution of raw materials, improvements in housekeeping, maintenance, training, inventory control, etc.

Funding Priority - Fiscal Year 2013: To support source reduction, pollution prevention and resource conservation activities that comply with the statutory authorities of the Clean Air Act, Section 103(b), as amended; Clean Water Act, Section 104(b)(3), as amended; Federal Insecticide, Fungicide, and Rodenticide Act, Section 20, as amended; Safe Drinking Water Act, Section 1442 (a)(1) and (c), as amended; Solid Waste Disposal Act, Section 8001(a), as amended; and the Toxic Substances Control Act, Section 10, as amended.

Projects must consist of activities within the statutory terms of these EPA grant authorities. The statutes authorize grants for the following activities: "research, investigations, experiments, education/training, demonstrations of new or innovative techniques, surveys and studies." These activities relate generally to the gathering or transferring of information or advancing awareness. Applicants should emphasize this "learning" concept in their proposals. All activities in the proposal must be eligible under one or more of the statutory authorities.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

EPA is interested in supporting P2, source reduction and resource conservation projects that will provide an overall benefit to the environment by preventing pollutants at the source. Source reduction projects can include but are not limited to: 1) improving facility and institutional operations that reduce pollutant use and exposure, 2) reformulating and procuring products to reduce toxic constituents, 3) providing direct technical assistance to businesses and other organizations, 4) encouraging green product design and manufacturing, 5) conducting outreach, 6) collecting and analyzing P2 data, and 7) integrating P2 concepts into state, regional and tribal environmental multimedia programs. Grant activities must be consistent with the grant guidelines of the statutory authorities listed for this program. The statutory authorities are listed in this CFDA announcement and in the applicable grant solicitations. The statutes authorize EPA to award assistance agreements to support the following activities: "research, investigations, experiments, education/training, demonstrations of new or innovative techniques, surveys and studies." These activities relate generally to the gathering or transferring of information or advancing knowledge. Grant proposals should emphasize this "learning" concept, as opposed to "fixing" an environmental problem using a well-established method. For example, a proposal to install a more energy

efficient heating system in the applicant's facility in order to conserve energy, would not, in itself fall within research, studies, demonstrations and would be viewed as a well-established solution not eligible for grant funding. All activities in the applicant's proposal must be eligible under one or more of the statutory authorities listed.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy. Assistance under this program is available to the fifty States, the District of Columbia, the United States Virgin Islands, the Commonwealth of Puerto Rico, any territory or possession of the United States, local governments, city or township governments, independent school district governments, state controlled institutions of higher education, federally-recognized tribal governments, non-profits other than institutions of higher education, private institutions of higher education, and community-based grassroots organizations. Nonprofit organizations must be able to demonstrate that they are eligible through documentation of nonprofit status provided the U.S. Internal Revenue Service or their state of incorporation. However, nonprofit organizations described in Section 501(c)(4) of the Internal Revenue Code that engage in lobbying activities as defined in Section 3 of the Lobbying Disclosure Act of 1995 are not eligible to apply.

Beneficiary Eligibility:

Any state, federally-recognized tribal government, intertribal consortia, college/university, non-profit organization, local government or independent school district.

Credentials/Documentation:

Costs will be determined in accordance with OMB Circular No. A 87 for State and local governments and federally recognized tribal governments, OMB Circular No. A 21 for educational institutions, OMB Circular No. A 122 for nonprofit institutions. Applicants may be requested to demonstrate they have appropriate background, academic training, experience in the field, and necessary equipment to carry out projects. EPA may ask applicants or principal investigators to provide curriculum vitae and relevant publications. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Standard grant forms are required, as provided by the EPA and must be used for both grant programs. Forms may be obtained via the Internet by visiting: <http://www.epa.gov/ogd/AppKit/application.htm>.

Please consult the SRA and RPPINC program notices, posted to EPA's Pollution Prevention Grant web site at <http://www.epa.gov/p2/pubs/grants> for more information. If the applicant does not know who their Single Point of Contact is, they should contact the appropriate EPA Regional Pollution Prevention Program office listed in the Information Contacts section, or call the EPA Headquarters Grant Policy Information and Training Branch at 202-564-5325. Federally-recognized Tribal governments are not required to comply with this procedure. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. This CFDA program description is designed to benefit national and regional source reduction, pollution prevention, and resource conservation activities. Grant proposals must meet the requirements outlined in the national and regional Source Reduction Assistance solicitation notices. EPA will conduct the grant competition by posting a Request for Proposals (RFP) on-line. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements. Source Reduction Assistance grants and cooperative agreements are subject to the availability of funds. EPA will issue awards contingent upon the criteria specified in this CFDA program description and within the corresponding solicitations. EPA reserves the right to reject any or all proposals and issue no awards. Procedures for awards are outlined in the General Grant Regulation 40 CFR Part 30.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 90 to 120 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: EPA requires a minimum 5% match of the total allowable project cost. For example, the Federal government will provide 95% of the total allowable cost of the project and the recipient will provide the remaining 5%. The match may be issued in the form of cash and/or in-kind contributions, e.g., donated services, charges for real property and equipment or the value of goods and services directly benefiting the EPA funded project. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Assistance agreements are awarded for an initial project period of 2 years. See the following for information on how assistance is awarded/released: Grant and cooperative agreement funds issued under the SRA and RPPINC grant programs are released by letter of credit to the eligible grant recipient.

Reports:

No program reports are required. Budget information should be submitted to the grant project officer. This information should be included in the semi-annual progress report and the final technical report. Uniform reporting requirements for institutions of higher education and other non-profit organizations. The recipient and the Grant Project Officer will develop a process for jointly evaluating and reporting progress and accomplishments under the work plan. The work plans and reporting must be consistent with the requirements of 40 CFR part 30, subpart C. A description of the evaluation process and a reporting schedule must be included in the work plan (see sections 30.51 through 30.53). The reporting schedule requires the recipient to submit, at a minimum, annual progress reports, during the life of the project, to the Grant Project Officer. Recipients should provide a discussion of accomplishments as measured against work plan commitments; a discussion of cumulative effectiveness of the work performed under all work plan components; a discussion of existing and potential problem areas; and suggestions for improvement, including where feasible, schedules for making improvements. If evaluation reveals the recipient

has not made sufficient progress under the work plan, the Grant Project Officer and the recipient will negotiate a resolution. The recipient may request a review of the Grant Project Officer's decision under the dispute resolution process under (40 CFR 30.63).

Uniform reporting requirement for state, local and tribal governments. The recipient and the Grant Project Officer will develop a process for jointly evaluating and reporting progress and accomplishments under the work plan. The work plans and reporting must be consistent with the requirements of 40 CFR 31, subpart C. A description of the evaluation process and a reporting schedule must be included in the work plan (see sections 31.40 through 30.42). The reporting schedule requires the recipient to submit, at a minimum, annual progress reports, during the life of the project, to the Grant Project Officer. Recipients should provide a discussion of accomplishments as measured against work plan commitments; a discussion of cumulative effectiveness of the work performed under all work plan components; a discussion of existing and potential problem areas; and suggestions for improvement, including where feasible, schedules for making improvements. If evaluation reveals the recipient has not made sufficient progress under the work plan, the Grant Project Officer and the recipient will negotiate a resolution that addresses the issues. If issues cannot be resolved through negotiation, the Grant Project Officer may take appropriate action (see sections 31.43 through 31.44.) The recipient may request a review of the Grant Project Officer's decision under the dispute resolution process under 40 CFR, Part 31, subpart F.

Semi-annual progress reports are required. Grantees should explain the work executed to date, provide environmental performance data, if available, describe the future direction of the project and describe staff and budget plans. Expenditure information should be included in the semi-annual progress report and the final technical report. Performance monitoring is required if the grantee produces environmental data. In the semi-annual progress report and in the final technical report the grantee should explain how environmental data was gathered, measured, tracked and documented.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records, including all documents to support entries on accounting records to substantiate charges to each assistance agreement, must be kept available to personnel authorized to examine EPA assistance agreement accounts. All records must be maintained for three years from the date of submission of the annual financial status report. If questions still remain, such as those raised as a result of an audit, related records should be retained until the matter is completely resolved.

RELATED PROGRAMS:

Not Applicable.

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: EPA grant: \$15,000

The grant recipient will develop a sustainability plan which can be used by Rhode Island communities for meetings, events, trade shows and conferences. Training on the plan will be conducted for local government, businesses and event planners, and a case study will be developed after implementing it. The plan will seek to integrate the sustainability efforts of the community, local businesses and event planners with sector-based-P2 efforts.

EPA grant: \$74,655

The recipient will work to improve operation of the shale gas drilling supply chains within Philadelphia. The recipient will conduct 10 simplified assessment and three in-depth assessments, along with providing implementation support and training.

EPA grant: \$52,056

The grant recipient will identify and implement source reduction in five facilities in DuPage County. The recipient will conduct Economy, Energy and Environment (E3) site assessments (including lean and green and energy efficiency) and provide technical assistance in establishing baselines, goals, and implementing results.

EPA grant: \$74,500

The grant recipient will field test low volatile organic compounds (VOC), low toxicity graffiti paint removal chemicals and methods (e.g., CO2 pellets) and anti graffiti paint. Field tests will occur in Southern California working with South California Edison and in North California working with the City of San Francisco.

EPA grant: \$111,300

The grant recipient will provide regional P2 technical assistance, information products and training to support the state's Northwest Technical Assistance Provider Network and regional green chemistry work. The recipient will also launch Economy, Energy and Environment E3 projects; green sports initiatives and conduct eco-certifications. Fiscal Year 2013: As of this CFDA update, FY 2013 SRA award selections are being finalized. Fiscal Year 2014: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement.

66.801 HAZARDOUS WASTE MANAGEMENT STATE PROGRAM SUPPORT**FEDERAL AGENCY:**

Office of Solid Waste and Emergency Response, Environmental Protection Agency

AUTHORIZATION:

Solid Waste Disposal Act, Section 3011(a)&(c), Public Law 94-580, 42 U.S.C 6901.

OBJECTIVES:

To assist State governments in the development and implementation of an authorized hazardous waste management program for the purpose of controlling the generation, transportation, treatment, storage and disposal of hazardous

wastes.

Funding Priority - Fiscal Year 2013: Assistance to State governments in the development and implementation of an authorized hazardous waste management program for the purpose of controlling the generation, transportation, treatment, storage and disposal of hazardous waste.

TYPES OF ASSISTANCE:

Formula Grants (Cooperative Agreements)

USES AND USE RESTRICTIONS:

Under Section 3011, funds may be used for development and implementation of authorized State hazardous waste programs.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

State agencies responsible for hazardous waste management within the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, and interstate agencies established by the appropriate states and approved by the EPA Administrator under Section 1005 of the Solid Waste Disposal Act are eligible. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to a particular subset of eligible applicants consistent with the Agency's competition policy. .

Beneficiary Eligibility:

State agencies responsible for hazardous waste management within the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, and interstate agencies established by the appropriate states and approved by the EPA Administrator under Section 1005 of the Solid Waste Disposal Act.

Credentials/Documentation:

Costs will be determined in accordance with OMB Circular No. A-87 for State and local governments. The State work plan is to be sent to the appropriate EPA Regional Office by the date 60 days before the beginning of the budget period (typically by August 1 of each year, if the budget period is the Federal fiscal year). OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

The standard application forms as furnished by the Federal agency and required by OMB Circular No. A-102 must be used for this program. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. Requests for application forms and completed applications must be submitted to the appropriate EPA Regional Grants Administration Office. The hazardous waste management staff of the appropriate EPA Regional Office (listed in the address appendix of the Catalog) is available to assist in preparation of the application. This program is excluded from coverage under OMB Circular No. A 110. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

EPA reviews each application. They shall be subjected to administrative evaluation to determine adequacy of the application in relation to grant regulations and to technical and program evaluation to determine the merit and

relevancy of the project or program. For competitive awards, EPA will review applications, proposals or submissions in accordance with the terms, conditions, and criteria in the solicitation/announcement of the competitive funding opportunity. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

For applicants under Section 3011, 60 days.

Appeals:

As described in 40 CFR Part 31, Subpart F. Disputes will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

For applicants under Section 3011, grants and cooperative agreements are renewed annually, provided all requirements are met.

Formula and Matching Requirements:

Statutory Formula: Title Solid Waste Disposal Act. This program operates under a formula. Statistical factors used for allocation include: 1) State population, as determined by the most recent Census; 2) number of hazardous waste management facilities in States, based on studies conducted by EPA, Office of Resource Conservation and Recovery; 3) number of Large Quantity Generators (LQGs), based on studies conducted by EPA, Office of Resource Conservation and Recovery; and 4) the number of facilities requiring corrective action, based on studies conducted by EPA, Office of Solid Waste. By law, all States and trust territories are eligible for funding. The formula is based on each State's population (17 percent); (LQG) number of facilities proceeding amount of waste produced (16 percent); number of hazardous waste management facilities (52 percent); and the number of facilities requiring corrective action (15 percent).

Matching Requirements: Maximum Federal share of approved costs is 75 percent; State must provide at least 25 percent of approved costs. (Regional Administrators will determine each State allotment.).

This program has MOE requirements, see funding agency for further details.

Length and Time Phasing of Assistance:

Grants are normally funded on a 12 month basis (Federal or State fiscal year). The total project period varies according to program requirements. Assistance is awarded by advance payment method. Method of awarding/releasing assistance: lump sum.

Reports:

Program reports are required on an annual basis. Cash reports are required. Interim and final progress reports are required. No expenditure reports are required. Performance monitoring is conducted.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial reports, including all documents to support entries on the accounting records and to substantiate charges to each grant or cooperative agreement must be kept available to personnel authorized to examine EPA grant accounts in an institution. All records must be maintained for 3 years from the date of the submission of the annual financial status report. If questions still remain, such as those raised as a result of audit, related records should be retained until the matter is completely resolved.

66.600 Environmental Protection Consolidated Grants for the Insular Areas - Program Support

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: State projects to develop a hazardous waste program designed to meet the substantive and procedural requirements of an "authorized" program. (Section 3006). Specific types of activities conducted by states include 1) issuance of hazardous waste management permits, 2) oversight of corrective action at hazardous waste management facilities, 3) inspections of hazardous waste management facilities, 4) inspections of hazardous waste generators, and 5) waste minimization activities. Fiscal Year 2013: No Current Data Available Fiscal Year 2014: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

The applicant's annual work program provides the basis for determining whether the applicant's hazardous waste program continues to be eligible for approval and is being implemented by the applicant (Section 3011).

66.802 SUPERFUND STATE, POLITICAL SUBDIVISION, AND INDIAN TRIBE SITE-SPECIFIC COOPERATIVE AGREEMENTS

FEDERAL AGENCY:

Office of Solid Waste and Emergency Response, Environmental Protection Agency

AUTHORIZATION:

Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, Section 104(d), 42 U.S.C 9604(d).

OBJECTIVES:

To (1) conduct site characterization activities at potential or confirmed hazardous waste sites; (2) undertake response planning and implementation actions at sites on the National Priorities List (NPL) to clean up the hazardous waste sites that are found to pose hazards to human health; and (3) effectively implement the statutory requirements of CERCLA 121(f) which mandates

substantial and meaningful State involvement.

Funding Priority - Fiscal Year 2013: Funding must be used at specific hazardous waste sites to: (1) conduct non time critical removal actions; (2) perform site characterization activities such as preliminary assessments, site inspections, remedial investigations, feasibility studies, and remedial design activities at potential or confirmed hazardous waste sites; (3) conduct remedial actions (i.e., clean up) at uncontrolled hazardous waste sites as listed on the National Priorities List (40 CFR 300); (4) support CERCLA implementation activities; (5) identify Potentially Responsible Parties (PRPs); (6) conduct settlement negotiations; (7) take enforcement actions against PRPs; and (8) oversee PRP cleanups.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Funding may be used to: (1) conduct non time critical removal actions; (2) perform site characterization activities such as preliminary assessments, site inspections, remedial investigations, feasibility studies, and remedial design activities at potential or confirmed hazardous waste sites; (3) conduct remedial actions (i.e., clean up) at uncontrolled hazardous waste sites listed on the National Priorities List (40 CFR 300); (4) support CERCLA implementation activities; (5) identify Potentially Responsible Parties (PRPs); (6) conduct settlement negotiations; (7) take enforcement actions against PRPs; and, (8) oversee PRP cleanups. Funding may not be used to conduct tasks or activities not authorized by CERCLA. Funds may not be used for non-site-specific Core Program activities (see 66.809). Funds made available by the Recovery Act are prohibited from uses relating to casinos and other gambling establishments, aquariums, zoos, golf courses, or swimming pools. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

States (and political subdivisions thereof), Commonwealths, U.S. Territories and Possessions, and Federally Recognized Indian Tribal Governments, including intertribal consortia.

Beneficiary Eligibility:

States (and political subdivisions thereof), Commonwealths, U.S. Territories and Possessions, and Federally Recognized Indian Tribal Governments, including intertribal consortia.

Credentials/Documentation:

Costs will be determined in accordance with 40 CFR 35, Subpart O and OMB Circular No. A 87, "Cost Principles for State, Local, and Indian Tribal Governments," and other supporting documentation provided by the Agency. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

The standard application forms as furnished by the Federal agency and required by OMB Circular No. A-102 must be used for this program. Consultation and preapplication conference(s) are recommended. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded

from coverage under OMB Circular No. A-110. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

EPA regional Superfund program offices will conduct an administrative evaluation to determine the adequacy of the application in relation to grant regulations and technical and program evaluation to determine the merit and relevance of the project. The Agency will then advise the applicant if funding is being considered. A final work plan will then be negotiated with the applicant. Final approval of application and supporting documentation and offer of award is made by the EPA Regional Administrator unless redelegated to the Regional Division Director.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

Approximately ninety (90) days.

Appeals:

Disputes will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Extensions are available but not guaranteed. The original cooperative agreement is amended by using EPA Standard Form 424 and submitting it to the Regional Administrator.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: None required for pre NPL activities or for remedial planning at any site if the site was privately owned and operated at the time of disposal of hazardous wastes. Matching Requirements: 10 percent State, 90 percent Federal, for remedial action if the site was privately owned and operated at the time of disposal of hazardous wastes. Minimum 50 percent State, 50 percent Federal, of all response costs if the site was State/locally operated at time of any disposal of hazardous waste (Note: percentage may vary). CERCLA section 104(c)(3). Tribal governments are not required to share in the costs of Superfund actions. This program has no statutory formula.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Funds awarded for duration of project, subject to time constraints imposed by EPA. Money is released on a draw down or a letter of credit basis. See the following for information on how assistance is awarded/released: In order to receive payment by the letter of credit method, the recipient must comply with the requirements regarding letter of credit described in 40 CFR 31.20 (b)(7) and 31.21(b). The recipient must identify and charge costs to specific sites, activities, and operable units, as applicable, for drawdown purposes as specified in the Cooperative Agreement. If the recipient is unable to meet letter of credit requirements, EPA will pay the recipient by reimbursement. The recipient must comply with the requirements regarding reimbursement described in 40 CFR 31.21(d).

Reports:

Progress reports, notification of significant developments, property inventory reports, procurement reports, financial reports, and final reports are required pursuant to 40 CFR 35, Subpart O. Grantees are required to submit financial reports in accordance with Agency policy and the Financial Reporting and Financial Management Systems requirements stated in Federal Grant Regulations 40 CFR Part 31 and OMB Circular No.A-102. Progress reports are required. Financial status reports are required. Performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United

States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

The record retention requirements of 40 CFR Part 31 and Part 35, Subpart O are applicable. Recipients must keep financial records, including all documents supporting entries on accounting records and to substantiate changes in grants, available to personnel authorized to examine EPA recipients grants and cooperative agreements records. The recipient must maintain all records for 10 years following submission of the final Financial Status Report unless otherwise directed by the EPA award official, and must obtain written approval from the EPA award official before destroying any records. If any litigation, claim, negotiation, audit, cost recovery, or other action involving the records has been started before the expiration of the ten year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular ten year period, whichever is later.

Range and Average of Financial Assistance:

Range: \$44 to \$3,087,967; Average: \$229,920.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: In fiscal year 2012, all 10 EPA Regional Offices awarded or continued to fund cooperative agreements to lead cleanup actions, or to support EPA-lead cleanup actions, at hazardous waste sites. Cooperative agreements were awarded to lead the evaluation of newly discovered sites, to assess and investigate sites that have been identified as needing further action, to select, in partnership with EPA, the appropriate technologies and cleanup actions for these sites, to design the selected technologies and cleanup actions, and to construct the designed remedy. Funding was used to start or continue long term remedial actions to treat ground water where remediation goals have not yet been reached. Finally, funding was provided to meaningfully and substantially participate in cleanup actions where EPA led the cleanup. Fiscal Year 2013: In fiscal year 2013, all 10 EPA Regional Offices awarded or continued to fund cooperative agreements to lead cleanup actions, or to support EPA-lead cleanup actions, at hazardous waste sites. Cooperative agreements were awarded to lead the evaluation of newly discovered sites, to assess and investigate sites that have been identified as needing further action, to select, in partnership with EPA, the appropriate technologies and cleanup actions for these sites, to design the selected technologies and cleanup actions, and to construct the designed remedy. EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: Preliminary Assessments/Site Inspections; Remedial Investigation; Feasibility Study; Remedial Design; Remedial Action (i.e., clean up); PRP searches; RI/FS negotiations; RD/RA Negotiations; PRP oversight; Non Time Critical Removal Actions; State participation in federal lead projects, Long Term Remedial action support, Implementation of institutional controls. Fiscal Year 2013: Preliminary Assessments/Site Inspections; Remedial Investigation; Feasibility Study; Remedial Design; Remedial Action (i.e., clean up); PRP searches; RI/FS negotiations; RD/RA Negotiations; PRP oversight; Non Time Critical Removal Actions; State participation in federal lead projects, Long Term Remedial action support, Implementation of institutional controls. Fiscal Year 2014: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

For fund-lead remedial action, the site must appear on the National Priorities List of the National Oil and Hazardous Substances Contingency Plan (NCP) (40 CFR 300). Removal actions require a planning period of six months or more. Each project is examined and selected on a case-by-case basis based upon site ranking, availability of matching funds from the State, availability of Trust funds, receipt of application and other criteria as determined by EPA.

66.804 UNDERGROUND STORAGE TANK PREVENTION, DETECTION AND COMPLIANCE PROGRAM

UST Prevention, Detection and Compliance Program

FEDERAL AGENCY:

Office of Solid Waste and Emergency Response, Environmental Protection Agency

AUTHORIZATION:

Superfund Reauthorization Amendments of 1986, Title I, Section 2007(f); Energy Policy Act of 2005, 42 U.S.C 6916(f)(2); Solid Waste Disposal Act (SWDA) of 1976, Section 9011; EPA's Annual Appropriations Act; Energy Policy Act of 2005, Title XV; Ethanol And Motor Fuels, Title B, Section 1521-1533, Public Law 109-58, U.S.C 15801; Ethanol And Motor Fuels, Title B, Section 1521-1533, Public Law 105-276, 42 Stat. 15801.

OBJECTIVES:

To assist States, Territories, Tribes and/or Intertribal Consortia (LUST Prevention only for Tribes and/or Intertribal Consortia) that meet the requirements at 40 CFR 35.504 in the development and implementation of underground storage tank (UST) programs and for leak prevention, compliance and other activities authorized by the Energy Policy Act (EPA) of 2005, Public Law 105-276, and EPA's annual appropriations acts.

Funding Priority - Fiscal Year 2013: Assistance agreements to states under Section 2007 of the Solid Waste and Disposal Act will support core program underground storage tank (UST) activities, implement their leak prevention and detection programs, as well as the 2005 Energy Policy Act (EPA) leak prevention activities. High priority tasks include providing financial assistance to states for: 1) approving specific technologies to detect leaks from tank systems; 2) ensuring that tank owners and operators are complying with notification and other requirements; 3) ensuring equipment compatibility; 4) conducting UST inspections; 5) implementing operator training; 6) prohibiting delivery for non-complying facilities; 7) seeking state program approval to operate the UST program in lieu of the Federal program; and 8) requiring secondary containment or financial responsibility for tank manufacturers and installers.

LUST Prevention assistance agreements to states and tribes, and/or intertribal consortia for activities authorized by EPA will support states with inspections and other release prevention and compliance assurance activities for Federally-regulated UST systems, as well as for enforcement activities related to release prevention. A main cause of releases is the lack of proper operation and maintenance of UST systems, which is why the EPA proposed revisions to the UST regulations in FY 2012 that address these and other important issues. Any changes that result from a final rule will require subsequent state adoption, applicable updates to state regulations, and updates to state program approval.

For tribes, the LUST Prevention assistance agreements will assist with all aspects of the Tribal programs, e.g., inspection capacity. High priority tasks

include providing financial assistance to states and tribes for: 1) inspecting UST facilities to complete the three-year inspection requirement; 2) developing inspection capacity for Tribes; 3) assisting states in adopting measures (e.g., delivery prohibition, secondary containment, operator training, etc.), as required by EPA and EPA's grant guidelines; 4) enforcement activities related to release prevention; 5) development of leak prevention regulations and other program infrastructure; 6) helping tribes develop the capacity to administer UST programs, such as providing funding to support training for Tribal staff and educating owners and operators in Indian Country about UST requirements. These activities are geared toward bringing all UST systems into compliance with release detection and release prevention requirements and minimizing future releases. Priority will be given to providing funds to enable the States to meet their responsibilities under Title XV, Subtitle B of the Energy Policy Act of 2005. States that have entered into assistance agreements with EPA must have the authority to inspect and take other compliance and related enforcement actions to prevent releases from USTs.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official Government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

States and Tribes may use financial assistance under this program for eligible and allowable costs incurred under assistance agreements for leak prevention, detection, and compliance, as described in the Section:50 Funding Priority. Assistance agreements are available to support recipients' eligible and allowable direct costs incurred under an approved work plan plus allowable indirect costs, in accordance with established EPA policies and regulations.

Unlike State and Tribal Assistance Grant (STAG) funding under Section 2007(f) of the Solid Waste Disposal Act (SWDA), the LUST prevention funding under Section 9011 and other applicable provisions of Subtitle I of the SWDA is not eligible for inclusion in Performance Partnership Grants under 40 CFR 35.133. EPA may award combined STAG funded UST prevention, detection, and compliance assistance agreements authorized by Section 2007(f) with LUST prevention assistance agreements authorized by Subtitle I if the combined agreement is not included in a PPG.

Applicant Eligibility:

Prevention, detection and compliance assistance agreements are only available to States and Territories and to Federally-recognized Tribes and Intertribal Consortia that must meet the requirements, as described in the Federal Register Notice, Vol. 67, No. 213, pp. 67181-67183, "Update to EPA Policy on Certain Grants to Intertribal Consortia." These assistance agreements may also be used for EPA to help States, who request it, to obtain SEE enrollees through a SEE assistance agreement to work on the State's underground storage tanks and to support direct UST implementation programs.

Beneficiary Eligibility:

States, Territories, Tribes and Intertribal Consortia.

Credentials/Documentation:

States and Territories must either submit certification indicating the State or Territory meets the applicable Energy Policy Act provisions, or submit documentation describing the State or Territory's efforts to meet the requirements, in accordance with EPA's Energy Policy Act grant guidelines (http://www.epa.gov/swrust1/fedlaws/epact_05.htm). The EPA Regional Offices maintain the credentials/documentation for State and Territorial programs and federally-recognized Tribes and Intertribal Consortia. OMB

Circular No. A-87 applies to this program.

Preapplication Coordination:

Tribes and Intertribal Consortia are excluded from coverage under E.O. 12372. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. States and Tribes apply for funds through EPA regional offices. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA. EPA may award combined or separate assistance agreements for leak prevention.

Award Procedure:

These funds are awarded non-competitively. However, if EPA elects to hold competitions for Tribal and/or Intertribal Consortia assistance agreements, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Applications will be subjected to administrative evaluation to determine the adequacy of the application in relation to assistance agreement regulations and to technical and program evaluation to determine the merit and relevance of the project. The Agency will advise the applicant if funding is being considered. A final work plan will be negotiated with the applicant. An assistance agreement must be signed between EPA and the State or Territory or EPA and the Tribe or Intertribal Consortia. EPA awards the assistance agreements to states through a previously established allocation process, issued under national guidance rather than through competition (see 40 CFR 35.332 and EPA Order 5700.5, Section 6(c)(1)).

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Generally, from 3 to 4 months.

Appeals:

Disputes will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Contact the appropriate Regional Office. See <http://www.epa.gov/swrust1/regions/index.htm>.

Formula and Matching Requirements:

This program has no statutory formula. Matching Requirements: The UST prevention, detection, and compliance Solid Waste Disposal Act 2007(f) assistance agreement (STAG) program has no statutory formula or matching requirement. However, there is a 25 percent matching requirement (cost share) for States under 40 CFR 35.335. State matches (cost shares) may include in-kind contributions. Under 40 CFR 35.332, EPA regions allocate funds to states based on their programmatic needs and applicable EPA guidance. Factors include the number of active federally regulated petroleum underground storage tanks. LUST Prevention funding is awarded under Section 9011 and other applicable provisions of Subtitle I of the Solid Waste Disposal Act subject to an allocation process developed by the Agency. The Agency distributes funds based on the number of federally-regulated petroleum USTs in a State and other indicators of State needs. States will provide a 25 percent match (cost share) for assistance agreements awarded under Section 9011 and other applicable provisions of Subtitle I. If EPA awards a State a combined UST prevention, detection, and compliance (STAG) and LUST prevention assistance agreement, the 25 percent cost share will apply to total project costs for the combined assistance agreement. There is no matching requirement (cost share) for prevention, detection and compliance assistance agreements for Tribes or Intertribal

Consortia awarded pursuant under Public Law 105-276 or the Agency's annual appropriation act.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The terms of the assistance agreement shall be determined at the time of award by the specific EPA Regional Office. Assistance agreements can be awarded on a single- or multiple-year basis up to seven years. See the following for information on how assistance is awarded/released: Financial assistance is awarded in a lump sum. States use the Automated Standard Application for Payment System to request cash drawdowns based on a projected cash requirement.

Reports:

Reporting requirements are identified at 40 CFR Parts 30 and 31. EPA Regional Offices may include additional information regarding the content and frequency of reporting requirements in the terms and conditions of the agreements. Recipients submit annual reports which include a description of the progress made towards meeting environmental goals as expressed by the environmental indicators and program measures. Recipients report program performance results semi-annually that provide updates for commitments and priorities. No cash reports are required. Progress reports are required. States must certify that they are meeting or are making progress in meeting the Energy Policy Act requirements. States are required to provide expenditure reports for overall funding for UST prevention, detection and compliance (STAG) assistance agreements. For LUST Prevention assistance agreements, States are required to submit Federal Financial Reports (SF-425) to the Las Vegas Finance Center. Annual reviews are conducted to determine recipients' progress in meeting overall program goals.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

The record retention requirements of 40 CFR Part 31 (governmental units) are applicable depending upon the identity of the recipient. Financial records, including all documents to support entries on accounting records and to substantiate changes to each grant must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained until expiration of three years from the date of submission of the final expenditure report. If questions still remain, such as those raised as a result of audit, related records should be retained until the matter is completely resolved.

Range and Average of Financial Assistance:

Range for States and Territories: The STAG and LUST prevention financial assistance is based on states' needs.

In FY 2013, Estimated STAG funding - Range for States and Territories: \$25,000 to \$340,000; Average for States and Territories = \$122,250. In FY 2013, there is no STAG distribution for Tribes. Estimated LUST Prevention Funding - Range for States and Territories: \$90,000 to \$1,581,000; Average for States and Territories = \$501,593,000. Range for Tribes: \$18,000 to \$600,000; Average for Tribes = \$136,385.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: In FY 2012, 14 states submitted applications and were awarded STAG assistance agreements. For the LUST Prevention assistance agreements, 55 states (including DC and Puerto Rico) and four (4) territories and 12 tribes and/or tribal consortia submitted applications and were awarded LUST Prevention assistance agreements.

Program accomplishments for FY 2012 resulted in 5,674 number of confirmed releases at UST facilities and 71.3% of UST facilities that were in significant operational compliance (SOC) with both release detection and release prevention requirements. Fiscal Year 2013: In FY 2013, it is anticipated that 12 states will submit applications and will be awarded STAG assistance agreements. For the LUST Prevention assistance agreements, it is anticipated that 54 states (including DC and Puerto Rico) and four (4) territories and 12 tribes and/or tribal consortia will submit applications and will be awarded LUST Prevention assistance agreements.

There are no program accomplishments to report for FY 2013 at this time.

66.805 Leaking Underground Storage Tank Trust Fund Program

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: UST prevention, detection, and compliance assistance agreements' funded projects include functions necessary for the development and/or implementation of a State or Indian underground storage tank (UST) program. Those functions included the development and/or implementation of enforcement and inspection programs, outreach, and training related to the underground storage tanks program. Specific examples of funded projects in FY 2012 were state inspections, enforcement, development of regulations, other program infrastructure, and to support direct tribal UST implementation programs. Fiscal Year 2013: UST prevention, detection, and compliance assistance agreements' funded projects include functions necessary for the development and/or implementation of a State or Indian underground storage tank (UST) program. Those functions included the development and/or implementation of enforcement and inspection programs, outreach, and training related to the underground storage tanks program. Specific examples of funded projects in FY 2013 are state inspections, enforcement, development of regulations, other program infrastructure, and to support direct tribal UST implementation programs. Fiscal Year 2014: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

This program allocates funding to States and Tribes non-competitively under the allocation system referenced in Section:101. Funding provided to states for release prevention must be expended in accordance with grant guidelines EPA issued to implement the Title XV, Subtitle B of the Energy Policy Act of 2005, http://www.epa.gov/swerst1/fedlaws/epact_05.htm.

66.805 LEAKING UNDERGROUND STORAGE TANK TRUST FUND CORRECTIVE ACTION PROGRAM

Leaking UST Corrective Action Program

FEDERAL AGENCY:

Office of Solid Waste and Emergency Response, Environmental Protection Agency

AUTHORIZATION:

Solid Waste Disposal Act of 1976 (SWDA), as amended, Section 9003(h), Public Law 105-276; EPA's Annual Appropriation Act.

OBJECTIVES:

To support State (including Territories that are included in the definition of "State" in the Solid Waste Disposal Act) and Tribal corrective action programs that address releases from underground storage tanks.

Funding Priorities - Fiscal Year 2013: Assistance agreements to states and Tribes will support activities in making progress in cleaning up petroleum leaks by initiating and completing cleanups, and reducing the backlog of sites not yet cleaned up. In FY 2013, not less than 80 percent of LUST cleanup appropriated funds will be provided to states to carry out the LUST cleanup program. High priority tasks include better site characterization efforts, remedy selection review, other technical assistance and management, oversight and enforcement activities at unaddressed LUST sites.

The LUST program received funding in the FY 2009 American Recovery and Reinvestment Act (ARRA) of 2009. All of these funds were obligated; however, \$9.2 million was returned by one state and subsequently rescinded by Congress. The ARRA funds were outlayed through mid-FY 2013. Additional details can be found at <http://www.epa.gov/recovery/> and <http://www.recovery.gov/Pages/default.aspx>.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official Government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

States and Tribes may use financial assistance under this program for eligible and allowable costs incurred under cooperative agreements for corrective action, as described in Section: 54 Funding Priority and Section: 180 Criteria for Selecting Proposals. This financial assistance program is not eligible for inclusion in Performance Partnership Grants under 40 CFR 35.133. EPA will award cooperative agreements for corrective action activities. The applicable provisions in OSWER Directive 9650.10A, "LUST Trust Fund Cooperative Agreement Guidelines" apply to states receiving funds under this program. See <http://www.epa.gov/swerst1/directiv/d965010a.htm>.

LUST Trust Funds for corrective action will not be used to implement any provision of the Energy Policy Act (EPA) of 2005, Title XV, Subtitle B, that is not also a leaking underground storage tank activity authorized by Section 205 of the Superfund Amendments and Reauthorization Act. Funds made

available by the Recovery Act are prohibited from uses relating to casinos and other gambling establishments, aquariums, zoos, golf courses, or swimming pools.

Applicant Eligibility:

Cooperative agreements are only available to States and Territories that have UST programs. Additionally, these cooperative agreements are only available to Federally-recognized Tribes and Intertribal Consortia that must meet the requirements, as described in the Federal Register Notice, Vol. 67, No. 213, pp. 67181-67183, "Update to EPA Policy on Certain Grants to Intertribal Consortia."

Beneficiary Eligibility:

States, Territories, Tribes and Intertribal Consortia and the communities and industries affected by leaks from underground storage tanks.

Credentials/Documentation:

Even though the LUST corrective action assistance agreements are only used for traditional cleanup activities under Section 9003(h), States and Territories must either submit certification indicating the State or Territory meets the applicable Energy Policy Act provisions, or submit documentation describing the State or Territory's efforts to meet the requirements, in accordance with EPA's Energy Policy Act grant guidelines (http://www.epa.gov/oust/fedlaws/epact_05.htm). The EPA Regional Offices maintain the credentials/documentation for State and Territorial programs and federally-recognized Tribes and Intertribal Consortia. Costs will be determined in accordance with OMB Circular No. A-87 (2 CFR Part 225) for State and local governments. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Tribes and Intertribal Consortia are not required to follow intergovernmental review procedures. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. States and Tribes apply for funds through EPA regional offices under this CFDA.

Award Procedure:

These funds are awarded non-competitively. Applications will be subjected to administrative evaluation to determine the adequacy of the application in relation to assistance agreement regulations and to technical and program evaluation to determine the merit and relevance of the project. The Agency will advise the applicant if funding is being considered. A final work plan will be negotiated with the applicant. A cooperative agreement must be signed between EPA and the State or Territory or EPA and the Tribe or Intertribal Consortia. EPA awards the cooperative agreement to states through a previously established allocation process, issued under national guidance rather than through competition. See EPA Order 5700.5, Section 6(c)(1).

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Generally from 3 to 4 months.

Appeals:

Disputes will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Contact the appropriate Regional Office. See <http://www.epa.gov/swerst1/states/index.htm>.

Formula and Matching Requirements:

Statutory Formula: Title Solid Waste Disposal Act. LUST corrective action funding awarded under Section 9003(h)(7) of the Solid Waste Disposal Act is subject to an allocation process developed by the Agency. By guidance, the Agency has established a process for allocating funds to states under Section

9003(h)(7) based on the cumulative numbers of confirmed UST releases, total number of existing registered petroleum UST systems, cleanups initiated, cleanups completed, the percentage of the population using groundwater for drinking water, and the number of states with approved UST programs. This program allocates funding to Tribes and Intertribal Consortia non-competitively based on their programmatic needs and national guidance.

Matching Requirements: States must provide a 10 percent cost share for cooperative agreements awarded under Section 9003(h)(7). There is no matching requirement for corrective action cooperative agreements for Tribes or Intertribal Consortia awarded pursuant to Public Law 105-276. Cooperative agreements awarded with Recovery Act funds were not subject to cost share requirements under section 9003(h)(7)(B) of the SWDA. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The terms of the grant shall be determined at the time of the grant award by the specific EPA Regional Office. See the following for information on how assistance is awarded/released: LUST Trust Fund Corrective Action assistance agreements are awarded to states annually on a multi-year cycle. Financial assistance is awarded in a lump sum. States use the Automated Standard Application for Payment System to request cash drawdowns based on a projected cash requirement.

Reports:

Recipients provide performance and financial reports as authorized by 40 CFR 31.40 and 31.41. States report program performance results semi-annually and progress reports as part of the yearly review with EPA. No cash reports are required. Progress reports are required. States are required to submit Federal Financial Reports (SF-425) to the Las Vegas Finance Center. Performance monitoring is conducted to determine states' progress towards meeting overall program goals.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

The record retention requirements of 40 CFR Part 31 (governmental units) or 40 CFR Part 30 (non-profit intertribal consortia) are applicable depending upon the identity of the recipient. Financial records, including all documents to support entries on accounting records and to substantiate changes to each grant must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained until expiration of three years from the date of submission of the final expenditure report. If questions still remain, such as those raised as a result of audit, related records should be retained until the matter is completely resolved.

Recipients must account for Recovery Act funds separately.

Obligations:

(Formula Grants) FY 12 \$59,903,000; FY 13 est \$56,939,000; and FY 14 est \$58,202,000 - LUST Obligations - Assistance Agreements to States and Tribes (for state and tribal staff oversight of initiating and cleaning up contamination from leaking underground storage tanks): For LUST State Cooperative Agreements: FY 2012 actual: \$58,956,000; FY 2013 estimate: \$56,126,000; and FY 2014 estimate: \$57,402,000. For LUST Tribal Cooperative Agreements: FY 2012 actual: \$947,000; FY 2013 estimate: \$813,000 ; FY 2014 estimate: \$800,000.

Range and Average of Financial Assistance:

For FY 2013, the Range for Territories and States: \$46,000 - \$3,262,000; Territory Average: \$166,000; State Average: \$1,066,000. It is anticipated that there will be approximately 10 Tribal cooperative agreements in FY 2013 for a total of \$813,000.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: In FY 2012, 52 States (including DC and Puerto Rico) and four territories and approximately 10 Indian Tribes submitted assistance agreement applications and were awarded LUST corrective action assistance agreements. Final performance measure results are available at <http://www.epa.gov/swrust1/cat/ca-13-12.pdf>. Fiscal Year 2013: In FY 2013, it is anticipated that 52 States (including DC and Puerto Rico) and four territories and approximately 10 Indian Tribes will submit assistance agreement applications and will be awarded LUST corrective action assistance agreements. Final performance measure results are not available at this time. Fiscal Year 2014: No Current Data Available

REGULATIONS, GUIDELINES, AND LITERATURE:

The regulations governing the award and administration of the Recovery Act Leaking Underground Storage Tanks cooperative agreements and the Leaking Underground Storage Tank corrective action cooperative agreements are the "Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments" set forth at 40 CFR Part 31 (<http://www.gpo.gov/fdsys/pkg/CFR-2000-title40-vol1/content-detail.html>). Non-profit recipients are subject to 40 CFR Part 30.

Guidelines: Leaking Underground Storage Tanks Trust Fund. Cooperative Agreement Guidelines. Energy Policy Act of 2005 Grant Guidelines, http://www.epa.gov/swrust1/fedlaws/epact_05.htm.

Costs will be determined in accordance with OMB Circular No. A-87 (2 CFR Part 225) for State and local governments and Indian Tribes and OMB Circular A-122 (2 CFR Part 230) for Intertribal Consortia that follow the assistance regulations for nonprofit organizations. Contact Regional LUST Program Manager for documents.

RELATED PROGRAMS:

66.804 State and Tribal Underground Storage Tanks Program

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: In FY 2012, states conducted site assessment/site characterization; reviewed site characterization reports; reviewed corrective action plans; conducted enforcement actions; provided assistance to Tribes to help develop and implement the LUST program; and conducted cleanups and provided oversight of responsible party cleanups. Fiscal Year 2013: In FY 2013, it is anticipated that states will conduct site assessment/site characterization; review site characterization reports; review corrective action plans; conduct enforcement actions; provide assistance to Tribes to help develop and implement the LUST program; and conduct cleanups and provide oversight of responsible party cleanups. Fiscal Year 2014: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

This program allocates funding to States and Tribes non-competitively under the allocation system referenced in Section :101. Guidelines for LUST corrective action cooperative agreements are found in OSWER Directive 9650-10A, and at OUST's website <http://www.epa.gov/swrust1/directiv/d965010a.htm>.

66.806 SUPERFUND TECHNICAL ASSISTANCE GRANTS (TAG) FOR COMMUNITY GROUPS AT NATIONAL PRIORITY LIST (NPL) SITES

(TAG)

FEDERAL AGENCY:

Office of Solid Waste and Emergency Response, Environmental Protection Agency

AUTHORIZATION:

Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, Section 117(e), Public Law 96-510; Superfund Amendments and Reauthorization Act of 1986, Public Law 99-499, 42 U.S.C 9617.

OBJECTIVES:

The statutory authority for this project is CERCLA 117(e) as amended by 42 USC 9617(e); it authorizes Technical Assistance Grants to be awarded to groups of individuals affected by or threatened by a release at a Superfund site so that they can obtain independent technical assistance to interpret site-related documents and share this information to the rest of the community. The objective of each TAG is to procure an independent technical advisor(s) to review and inform the community on EPA documents related to cleaning up the Superfund site that is affecting them. The goal of each TAG is that the technical advisor's information aids the community in the preparation of public comments and assists the community to more meaningfully participate in the cleanup decision-making process.

Funding Priority - Fiscal Year 2013: Only one grant is available per site, at any time. EPA does not prioritize among eligible sites. All TAG applications are given equal priority as long as the site and group are eligible. The applicant group must meet minimum administrative and management capability requirements by demonstrating they have or will have reliable procedures for record keeping and financial accountability related to TAG management. In addition, all applications must address: plans for using a technical advisor's services, plans and ability to inform other members of the community, and the group's membership (representative of the different individuals/groups affected by the site). Funding must be used to provide resources so that community groups can obtain technical assistance to better understand technical issues related to the cleanup of the Superfund site affecting them and to provide comments on technical, cleanup-related documents. Technical issues for which groups obtain technical assistance may include: the nature of the environmental and public health hazards at the site; the various stages of health and environmental investigations; cleanup and operation and maintenance activities for a site, including exposure investigation, health study, surveillance program, health promotion activities (for example, medical monitoring and pediatric health units), remedial investigation, and feasibility study, record of decision, remedial design, selection and construction of remedial action, operation and maintenance, and removal.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

All or most of the Federal funds must be used at sites listed on the National Priorities List (NPL) or proposed for listing under the National Contingency Plan (NCP), where a response action has begun under CERCLA to procure a technical advisor(s) to help in understanding the nature of the environmental and public health hazards at the site, or the various stages of health and environmental investigations and activities, cleanup, and operation and maintenance of a site, including exposure investigation, health study, surveillance program, health promotion activities (for example, medical monitoring and pediatric health units), remedial investigation, and feasibility study, record of decision, remedial design, selection and construction of remedial action, operation and maintenance, and removal. Limitations: (a) Federal funds cannot be used to develop new primary data, such as conducting independent testing and monitoring activities at a site. (b) Under CERCLA, as amended, grant funds cannot be used for lawsuits or other legal actions, or attorney fees for services connected to any legal action or that could result in a relationship to which attorney/client privileges applies. (c) Grant funds cannot be applied towards a technical advisor's time spent assisting an attorney in

preparing a legal action or preparing and serving as an expert witness at any legal proceedings. (d) Grant funds cannot be used for any activities or expenditures for recipient group members' travel. (e) Grant funds cannot be used for political activity and lobbying. (f) Grant funds cannot be used for generation of new health data through biomedical testing (for example, blood or urine testing), clinical evaluations, health studies, surveillance, registries, and/or public health investigations. (g) Grant funds cannot be used for activities that are unallowable under the cost principles stated in Office of Management and Budget (OMB) Circular No. A-122. (h) Grant funds cannot be used for tuition or other training expenses for recipient group's members. (i) Grant funds cannot be used to reopen or challenge final EPA decisions.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

A technical assistance grant (TAG) is available to any qualified group of individuals which: may be "affected" by a release or threatened release at any facility listed on the NPL or proposed for listing under the NCP where a "response action" under CERCLA has begun; meets minimum administrative and management capability requirements found in 40 CFR 30.12 by demonstrating they have or will have reliable procedures for record keeping and financial accountability related to TAG management; and incorporates as a nonprofit for the specific purpose of representing "affected" individuals at the site. "Affected" means subject to an actual or potential health, economic or environmental threat. A group is ineligible if: (a) The group is a "potentially responsible party" (PRP), receives money or services from a PRP, or represents a PRP; (b) The group is affiliated with a national organization; (c) The group is an academic institution; (d) The group is a political subdivision; (e) The group was established or is presently sustained by any of the ineligible entities listed above; or (f) The group is not incorporated as a nonprofit organization for the specific purpose of representing affected people except as provided in 40 CFR 35.4045.

Beneficiary Eligibility:

This program benefits groups of individuals affected by Superfund hazardous waste sites. Groups should be representative of the community affected by the Superfund site, which may include homeowners, land/property owners, local businesses, as well as any other individuals in the general public who live near a site.

Credentials/Documentation:

At the time of the award, a recipient must either be incorporated or demonstrate that they have taken all necessary and appropriate actions to do so. Recipients must show proof of incorporation no later than the time of the group's first request for reimbursement for costs incurred. This program is excluded from coverage under OMB Circular No. A-87. This program is subject to the provisions of OMB Circular No. A-122. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

1) Groups wishing to apply for a TAG must first submit to EPA a letter of intent (LOI). Groups interested in applying for a TAG are encouraged to contact their regional TAG coordinator(s), listed in Appendix IV of the Catalog. 2) If site work is already underway or scheduled to begin, EPA will publish a notice in the local newspaper to formally notify other interested parties that they may contact the first group that sent the LOI to form a coalition or they may submit a separate LOI. 3) Competing groups are encouraged to consolidate and submit a single application. 4) Prior to submitting their application to EPA (or concurrently), the applicant must submit the application package for their State's intergovernmental review process. This intergovernmental review may take up to 60 days. This program is excluded from coverage under OMB Circular No. A-102. This program is subject to the provisions of OMB Circular No. A-110. For more information regarding the procedures for submitting a LOI or for application assistance, contact the TAG

coordinator(s) for your region (in Appendix IV of the Catalog) or the individuals listed under "Information Contacts.". Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. An applicant for a TAG must submit the following materials in accordance with 40 CFR 35.4125 of the Final Rule: 1) An original EPA Form 424, Application for Federal Assistance. The application must have the original signature of the project manager. 2) A budget showing the proposed expenditure of funds, how the funds and other resources, including the required 20 percent match, will be used to complete the project, and how the budget figures were derived. 3) A scope of work which states how the group will organize, use procured personnel, and share and disseminate information to the larger affected community. In addition, the scope of work must explain project milestones and how the group's board of directors, technical advisors(s) and "project manager" will interact with each other. 4) Assurances, certifications and other preaward paperwork as 40 CFR part 30 requires. Currently, opportunities under this CFDA are not available and electronic submissions are not accepted through www.grants.gov.

Award Procedure:

1) A TAG review team in the EPA Regional Office to which the application is submitted reviews the application and sends a letter containing written comments telling the applicant what, if any, changes need to be made to the application to make it complete. 2) An applicant group has 90 days from the date of the EPA letter to make the changes to their application and resubmit it to EPA. If the changes are not submitted within the 90-day period, the application will be returned unprocessed. 3) EPA determines the applicant's eligibility under 40 CFR 35.4020 and considers whether and how successfully the group meets three equally weighted criteria in 40 CFR 35.4155 (see 180, "criteria for selecting proposals," below). When multiple groups apply, EPA will rank each applicant relative to other applicants using the three equally weighted criteria. 4) If an applicant is not going to be awarded a TAG, the EPA will send a letter of rejection to the applicant. 5) If an application is approved for an award, a grant agreement document (EPA Form 5700-20A) is signed by the EPA award official. This document becomes an offer from EPA to the applicant. Award offers are mailed to the recipient five working days after the award official signs the agreement. 6) The applicant must sign and return the agreement to EPA within three weeks of the date the agreement is postmarked or request an extension. EPA will review applications in accordance to terms, conditions and criteria in the TAG regulations and EPA's policy for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 4 to 9 weeks.

Appeals:

Disputes will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable. Before a group obtains judicial review of the dispute, they must have requested the Regional Administrator to review the dispute decision official's determination under 40 CFR 31.70(c), and if the group still has a dispute, they must request the Assistant Administrator for the Office of Solid Waste and Emergency Response to review the Regional Administrator's decision under 40 CFR 31.70(h).

Renewals:

Grant waiver requests are made at the end of the budget period and are based on the requirements of 40 CFR 35.4065, which lists criteria which must be met.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: As directed by statute (Section 117(e) of CERCLA,

as amended by 42 USC 9617(e)) there may be only one grant per site, there is a \$50,000 award limit unless waived, and recipient must contribute a 20 percent match (including in-kind contributions).

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

A grant may be available from the time a site is proposed for listing under the NCP (with a response action underway) until the site is delisted from the NPL - this time span varies based on the complexity of the site cleanup; a group may submit an LOI to apply for a TAG at any eligible site at any point in the site cleanup. For each award, the grant period is determined by the time needed to complete the scope of work stated in the grant application and through negotiations with EPA (this is generally a period of three years or greater). Grants under this CFDA are reimbursement-based; a grantee may draw down funds to cover grant-related expenses they have incurred (such as a technical advisor's invoice for services/expenses). See the following for information on how assistance is awarded/released: Assistance is awarded as a lump sum, however, the funds are released on a reimbursement basis (recipients draw down funds as costs are incurred).

Reports:

No program reports are required. Federal Cash Transaction Reports (OMB SF272) are required of TAG grant recipients. 1) Progress reports. Each recipient shall submit quarterly progress reports to EPA for the technical assistance grant project 45 days after the end of each calendar quarter. Progress reports shall fully describe in chart or narrative format the progress achieved in relationship to the approved schedule, budget, and the technical assistance grant project milestones. Special problems encountered must be explained. 2) Financial status report. Each recipient shall submit to EPA a financial status report annually, within 90 days of the anniversary date of the start of the TAG project. These reports shall include the status of project's funds through identification of project transactions and within 90 days after the end of the TAG funding period. 3) Final report. Each recipient shall submit to EPA the final report within 90 days after the end of the project. The report shall describe project goals and objectives, activities undertaken to achieve goals and objectives, difficulties encountered, technical advisors' work products and funds spent. 4) Requests for Reimbursement or Federal Cash Transactions Reports. Depending on the method of payment, each recipient shall submit periodic requests for reimbursement as funds are needed, or shall submit to EPA a federal cash transaction report semiannually, within 15 working days following the end of the semiannual period which ends June 30 and December 31 of each year. These reports shall include the amount of funds advanced to the TAG recipient or electronically transferred to the TAG recipient's bank account, and a description of how the funds were spent. 5) Minority-Owned Business Enterprise/Women-Owned Enterprise (MBE/WBE) Utilization. Each recipient shall submit to EPA a MBE/WBE Utilization report annually, even if no contracts have been signed. Each recipient is required to disclose whether they have contracted with a MBE/WBE in the past Federal fiscal year, the value of the contract, if any, and the percentage of the total project dollars on MBE/WBEs. 6) Each recipient shall comply with any reporting requirements in the terms and conditions of the "grant agreement". 7) Each recipient shall comply with any reporting and record keeping requirements in OMB Circular A-122 and 40 CFR part 30. No expenditure reports are required. No performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

1) Each recipient shall keep complete financial records accurately showing how the Federal funds were used and the match, whether it is in the form of cash or

in-kind assistance. 2) Each recipient shall comply with any reporting and record keeping requirements of OMB Circular A-122 and 40 CFR part 30. 3) Each recipient must keep TAG financial records for ten years from the date of the final Financial Status Report, or until any audit, litigation, cost recovery, and/or disputes initiated before the end of the ten-year retention period are settled, whichever is longer. At the ten-year mark, the TAG financial records may be disposed of after first getting written approval to do so from the EPA.

Alternatively, a recipient may choose to submit financial records to the EPA for safekeeping when the final Financial Status Report is submitted. 4) Each recipient must send to EPA a copy of each final written product prepared by their technical advisor as part of the TAG. EPA will send the final written products to the local Superfund site information repository(ies) where all site-related documents are available to the public.

Account Identification:

Obligations:

(Project Grants) FY 12 \$483,675; FY 13 est \$60,000; and FY 14 est \$300,000

Range and Average of Financial Assistance:

Initial awards for assistance agreements awarded under this CFDA number will not exceed \$50,000. After the initial award, additional funding may be awarded based on the criteria detailed under 40 CFR 35.4065, and subject to the availability of funds. The average additional award is \$40,000 (per agreement). Since 1988, 332 TAGs have been awarded. Of these, 199 grantees were awarded \$50,000 or less; 78 grantees have received awards with a cumulative value between \$51,000 and \$150,000; 40 grantees have received awards with a cumulative value ranging between \$151,000 and \$250,000; and 15 grantees have received awards whose cumulative value totals of more than \$250,000. The cumulative award value includes the initial award and any supplemental funding awards over the life of the agreement.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: Since the program began on March 24, 1988, 332 awards have been issued by EPA, totaling more than \$29,600,000 in TAG awards (including new awards, additional funds, waivers and deviations). In most cases, EPA receives only one application for a site and in most cases an award is made. In FY 2012, two new grants were awarded (\$50,500 total) and 13 established grantees were awarded additional funds (\$432,900 total), bringing the award total to \$483,675. The grant includes an outreach component wherein the grantee helps to educate the broader community on issues related to the site cleanup. Under this grant, grantees have developed community newsletters, developed web sites, conducted community meetings to help other community members better understand technical information related to the site cleanup and to better respond to site-related technical documents during public comment periods. Technical comments provided to EPA under this grant assist EPA in meeting Superfund strategic targets of identifying and controlling unacceptable human exposures from site contamination; monitoring and controlling migration of contaminated ground water; and identifying a final remedy suitable for stated reuse (under Goal 3.2.2 of EPA's Strategic Plan). Fiscal Year 2013: Since the program began on March 24, 1988, 332 awards have been issued by EPA, totaling more than \$29,300,000 in TAG awards (including new awards, additional funds, waivers and deviations). In most cases, EPA receives only one application for a site and in most cases an award is made. In FY 2013, as of May 31, 2013, no awards have been issued. EPA estimates that there will be two awards of supplemental funds to existing grantees by the end of the fiscal year, totaling around \$60,000. The grant includes an outreach component wherein the grantee helps to educate the broader community on issues related to the site cleanup. Under this grant, grantees have developed community newsletters, developed web sites, conducted community meetings to help other community members better understand technical information related to the site cleanup and to better respond to site-related technical documents during public comment periods. Technical comments provided to EPA under this grant assist EPA in meeting Superfund strategic targets of identifying and controlling unacceptable human exposures from site contamination; monitoring and controlling migration of contaminated ground water; and identifying a final remedy suitable for stated reuse (under Goal 3.2.2 of EPA's Strategic Plan). EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: TAG allows a group to procure independent technical advisors to help in interpreting and commenting on site-related information and decisions. Examples of how a technical advisor can help a group include, but are not limited to: (a) Reviewing preliminary site assessment/site investigation data; (b) Participating in public meetings to help interpret information about site conditions, proposed remedies, and the implementation of a remedy; (c) Visiting the site vicinity periodically during cleanup, if possible, to observe progress and provide technical updates to the group; (d) Interpreting information related to redevelopment; and (e) Evaluating future land use options based on land use assumptions found in the remedial investigation/feasibility study. Fiscal Year 2013: TAG allows a group to procure independent technical advisors to help in interpreting and commenting on site-related information and decisions. Examples of how a technical advisor can help a group include, but are not limited to: (a) Reviewing preliminary site assessment/site investigation data; (b) Participating in public meetings to help interpret information about site conditions, proposed remedies, and the implementation of a remedy; (c) Visiting the site vicinity periodically during cleanup, if possible, to observe progress and provide technical updates to the group; (d) Interpreting information related to redevelopment; and (e) Evaluating future land use options based on land use assumptions found in the remedial investigation/feasibility study. Fiscal Year 2014: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

The evaluation and selection criteria for competitive awards under this CFDA description are described in the programmatic regulations (40 CFR Part 35) as follow. In selecting a proposal: 1) EPA will determine if a group meets the following eligibility criteria: (a) The community group is a group of people who may be "affected" by a release or a threatened release at any facility listed on the NPL or proposed for listing under the NCP where a response action is underway; and (b) The group meets the minimum administrative and management capability requirements found in 40 CFR 30.21 by demonstrating they have or will have reliable procedures for record keeping and financial accountability related to managing the TAG. 2) EPA will also determine if there are factors which make the group ineligible. A group is ineligible if: (a) The group is a "potentially responsible party" (PRP), receives money or services from a PRP, or represents a PRP; (b) The group is "affiliated" with a national organization; (c) The group is an academic institution; (d) The group is a political subdivision; (e) The group was established or is presently sustained by any of the ineligible entities listed above; or (f) The group is not incorporated as a nonprofit organization for the specific purpose of representing affected people except as provided in 40 CFR 35.4045. 3) Once EPA determines if eligibility requirements have been met, the Agency considers

whether and how successfully a group meets the following, equally weighted, criteria: (a) Representation of groups and individuals affected by the site; (b) The group's plans to use the services of a technical advisor throughout the Superfund response action; and (c) The group's ability and plan to inform others in the community of the information provided by the technical advisor. 4) Additionally, a group must incorporate as a nonprofit for the purpose of participating in decision making at the Superfund site for which the TAG was granted (for exception see 40 CFR 35.4045). Applicant groups should consult the Superfund TAG Handbooks, "Applying for a Grant" and "The Application Forms with Instructions," for detailed instructions on applying for a TAG.

66.808 SOLID WASTE MANAGEMENT ASSISTANCE GRANTS

FEDERAL AGENCY:

Office of Solid Waste and Emergency Response, Environmental Protection Agency

AUTHORIZATION:

Resource Conservation and Recovery Act of 1976, Public Law 94-580, 42 U.S.C 6901; Solid Waste Disposal Act, Section 8001.

OBJECTIVES:

To promote use of integrated solid waste management systems to solve solid waste generation and management problems at the local, regional and national levels.

Funding Priority - Fiscal Year 2013: Partnerships - Establishing and developing partnerships with states, local governments and other non profit organizations to assist them in advancing their waste management programs, including recycling and reduction of wastes, appropriate management of wastes that are generated, and developing integrated waste management plans. Education and Outreach - Developing and providing education, training, and outreach materials to educate and inform Americans about waste's impact on resource and energy use and pollution. Fostering a better understanding of the environmental ramifications of collective actions including how individual purchasing and manufacturing decisions are connected to the environment and to enable Americans to make better choices resulting in increased recycling, less waste and greater energy savings.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Available for the allowable direct cost expenditures incident to program performance plus allocable portions of allowable indirect costs of the institution, in accordance with established EPA policies. Projects can include the following types of activities: training, surveys, education materials and programs, studies, and demonstrations; assistance to such projects shall not include any element of construction, or any acquisition of land or interest in land, or any subsidy for the price of recovered resources. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

State (including the District of Columbia, Puerto Rico, Virgin Islands, Guam, American Samoa, and Northern Mariana Islands), local, Tribal, interstate, and intrastate government agencies and instrumentalities, and non-profit organizations that are not 501(c)(4) organizations that lobby, including non-profit educational institutions and non-profit hospitals. Individuals and for-profit organizations are not eligible. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the

Agency's Assistance Agreement Competition Policy. Additionally, EPA may limit competition under this CFDA to Tribes and Inter-Tribal Consortia.

Beneficiary Eligibility:

State and local governments, U.S. territories and possessions, the public, and interstate agencies.

Credentials/Documentation:

This program is subject to the provisions of OMB Circular No. A-87. Nonprofits need to provide proof of their status. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Discussion with EPA Headquarters or the appropriate EPA Regional Office is advisable. (See Appendix IV of the Catalog for list of Regional Contacts). Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. The standard application form as furnished by the Federal agency and required by OMB Circular No. A 102 must be used for this program. Requests for application forms and submission of completed applications should be directed to EPA Grants and Interagency Agreements Management Division (3903R), Washington, DC 20460, or the appropriate EPA Regional Office listed in Appendix IV of the Catalog. This program is subject to the provisions of OMB Circulars No. A 110 and No. A102. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

EPA reviews each application. They shall be subjected to administrative evaluation to determine the adequacy of the application in relation to grant regulations and program evaluation criteria to determine the merit and relevance of the project. For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 180 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

None. A standard grant application should be prepared and submitted, which will be reviewed in the same manner as a new application.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Grants will normally be funded on a 12 month basis (yearly). The total approved project period is generally no longer than 3 years. See the following for information on how assistance is awarded/released: Assistance under this program can be awarded in various ways, but will usually be awarded in lump sum or annually.

Reports:

No program reports are required. No cash reports are required. Quarterly, interim and final progress, expenditure, equipment and invention reports. Progress Reports are required under this program. Generally they are quarterly or monthly. Expenditure Reports are required and usually accompany the progress reports. Performance Monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate charges to each grant, must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained until expiration of three years from the date of submission of the final expenditure report. If questions still remain, such as those raised during the three year project period as a result of an audit, related records should be retained until the matter is completely resolved.

Account Identification:

66.809 SUPERFUND STATE AND INDIAN TRIBE CORE PROGRAM COOPERATIVE AGREEMENTS

FEDERAL AGENCY:

Office of Solid Waste and Emergency Response, Environmental Protection Agency

AUTHORIZATION:

Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), Section 104(d), 42 U.S.C 9604(d).

OBJECTIVES:

To effectively implement the statutory requirements of CERCLA Section 121(f) for State involvement. To provide funds to conduct CERCLA activities which are not assignable to specific sites, but support a recipient's site-specific response program.

Funding Priority - Fiscal Year 2013: Funding may be used for a variety of activities that include: (1) procedures for emergency response actions and remediation of environmental and health risks; (2) provisions for satisfying all requirements and assurances; (3) development of legal authorities and enforcement support; (4) hiring and training staff; and, (5) activities that support EPA/recipient interaction.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Core Program Cooperative Agreements are offered to ensure that each State, or Federally Recognized Indian Tribe or intertribal consortia can substantially participate in CERCLA response actions. Recipients negotiate with EPA Regions to receive funding for a variety of activities that include: (1) Procedures for emergency response actions and remediation of environmental and health risks; (2) provisions for satisfying all requirements and assurances; (3) development of legal authorities and enforcement support; (4) hiring and training staff; and (5) activities that support EPA/Recipient interaction. Recipients with Regional approval may receive awards for multi year budget and project periods at the Region's discretion. Funding for the entire project may be made as a lump sum or incrementally over time. Recipients must demonstrate progress towards the goals stated in the Core Program Cooperative Agreement in order to be eligible for continued funding. Only one Core Program Cooperative Agreement will be awarded to each eligible State or Tribe or intertribal consortia through the Single Point of Contact. Funds must be used for non-site-specific activities as described above.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

States (and political subdivisions thereof), Commonwealths, U.S. Territories and Possessions, and Federally Recognized Indian Tribal Governments, including intertribal consortia.

Beneficiary Eligibility:

States (and political subdivisions thereof), Commonwealths, U.S. Territories

and Possessions, and Federally Recognized Indian Tribal Governments, including intertribal consortia.

Credentials/Documentation:

Costs will be determined in accordance with 40 CFR Part 35 Subpart O and OMB Circular No. A 87, "Cost Principles for State, Local, and Indian Tribal Governments," and other supporting documentation required by the Agency. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

The standard application forms as furnished by the Federal agency and required by OMB Circular No. A 102 must be used for this program. Consultation and pre-application conference are recommended. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

EPA regional Superfund program offices review the applications for cooperative agreements. Final approval of application and supporting documentation and offer of award is made by the EPA Regional Administrator unless re-delegated to the Regional Division Director.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately ninety (90) days.

Appeals:

Disputes will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Applications for additional funding need to include only the revised pages from EPA Form 424.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: Percent: 10%. As required by 40 CFR Part 35 Subpart O, State recipients of Core Program Cooperative Agreements must provide a 10 percent cost share of the total project cost on all awards. This match may be made from either direct, non-federal funds, non-reimbursed fund, or with in kind contributions. CERCLA credits earned at other Superfund sites cannot be used to meet the 10 percent match.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Assistance is awarded as a lump sum, or may be incrementally funded. Recipients with Regional approval may receive cooperative agreement awards for multi year budget and project periods at the Region's discretion. Continued funding of tasks in subsequent years is based on an evaluation of demonstrated progress towards the goals in the Core Program Cooperative Agreement Statement of Work. See the following for information on how assistance is awarded/released: In order to receive payment by the letter of credit method, the recipient must comply with the requirements regarding letter of credit described in 40 CFR 31.20 (b)(7) and 31.21(b). The recipient must identify and charge costs to specific sites, activities, and operable units, as applicable, for drawdown purposes as specified in the Cooperative Agreement. If the recipient is unable to meet letter of credit requirements, EPA will pay the recipient by reimbursement. The recipient must comply with the requirements regarding reimbursement described in 40 CFR 31.21(d).

Reports:

No program reports are required. No cash reports are required. The recipients

must submit progress reports no more frequently than quarterly, but at a minimum annually. The recipients must submit financial status reports annually, and a final report. Financial status reports are required. Performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

The record retention requirements of 40 CFR Part 31 and Part 35, Subpart O are applicable. Recipients must keep financial records, including all documents supporting entries on accounting records and to substantiate changes in grants, available to personnel authorized to examine EPA recipients grants and cooperative agreements records. The recipient must maintain all records for 10 years following submission of the final Financial Status Report unless otherwise directed by the EPA award official, and must obtain written approval from the EPA award official before destroying any records. If any litigation, claim, negotiation, audit, cost recovery, or other action involving the records has been started before the expiration of the ten year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular ten-year period, whichever is later.

Account Identification:

RELATED PROGRAMS:

66.802 Superfund State, Political Subdivision, and Indian Tribe Site_Specific Cooperative Agreements

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: Administrative and program development, accounting systems development, legal authorities and enforcement support, hiring and training of State response staff, procedures for emergency response actions, identifying sites in the State affected by the release of hazardous substances, program management and planning; financial administration, reconciliation of records and financial report preparation; budget preparation/management, procurement and labor allocation accounting and reporting services; and state records and archives representation, cost recovery records maintenance, and cost recovery report preparation. Fiscal Year 2013: Administrative and program development, accounting systems development, legal authorities and enforcement support, hiring and training of State response staff, procedures for emergency response actions, identifying sites in the State affected by the release of hazardous substances, program management and planning; financial administration, reconciliation of records and financial report preparation; budget preparation/management, procurement and labor allocation accounting and reporting services; and state records and archives representation, cost recovery records maintenance, and cost recovery report preparation. Fiscal Year 2014: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

For Core Program Cooperative Agreements, recipients must demonstrate a need for non-site specific funds to support activities not covered by other site-specific awards. Each project is examined and selected on a case-by-case basis based upon availability of funds, receipt of application, and other criteria as determined by EPA.

66.810 CHEMICAL EMERGENCY PREPAREDNESS AND PREVENTION (CEPP) TECHNICAL ASSISTANCE GRANTS PROGRAM

(CAA 112 and SARA Title III State Grants Program)

FEDERAL AGENCY:

Office of Solid Waste and Emergency Response, Environmental Protection Agency

AUTHORIZATION:

Clean Air Act, Section 103(b)(3); Toxic Substances Control Act, Section 10(a)&28(a), Public Law 94-469, 15 U.S.C 2601; Clean Air Act, Section 103(I)(4).

OBJECTIVES:

To provide financial assistance to States, Local agencies, and Indian Tribes for chemical accident prevention activities that relate to the Risk Management Program under the Clean Air Act Section 112(r). To provide financial assistance to Tribes for chemical emergency planning, and community right-to-know programs which are established to prevent or eliminate unreasonable risk to the health and environment of communities within the State.

Funding Priority - Fiscal Year 2013: To be similar to previous years, with focus on Capacity Building at the State, Tribe, or local level to implement and enforce the Chemical Accident Prevention provisions of the Clean Air Act Section 112(r) and to address community issues such as development of model technical assistance materials for use by States/Tribes or Local Emergency Planning Committees (LEPCs) to evaluate potential chemical risks to their communities. Additionally, funding will focus on strengthening partnerships among States/Tribes and Local Emergency Planning Committees (LEPCs), industry, emergency responders, and the general public to foster collaboration and build credibility for chemical prevention and preparedness activities. This program will be offered in EPA's Region 1.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Innovative Technical Assistance Grants are offered to improve the ability of

States, Tribes and local communities to protect public health and safety and involve the development of technical assistance or similar materials that could be used directly or adapted by other States/Tribes or Local Emergency Planning Committees (LEPCs). Projects which address implementing the Risk Management Program under the Clean Air Act Section 112(r) are especially of interest. The grant money may not supplant State or Tribal funds already being spent. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

States, Local agencies and Federally Recognized Indian Tribes located within EPA Region 1. This includes for Region 1 the States of Maine, New Hampshire, Vermont, Massachusetts, Connecticut, and Rhode Island.

For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

States, Tribes, Local Emergency Planning Committees, and local emergency responders.

Credentials/Documentation:

OMB Circular No. A-87 is required for this program. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Potential applicants should contact the CEPP Regional contact listed below to determine if grants are available in a specific Region. The standard application forms as furnished by the Federal agency and required by OMB Circular No. A-102 must be used for this program. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. States, Local agencies, and Indian Tribes must submit the original completed application package and one copy to the appropriate EPA Regional Office. The Regional office will review the application package to ensure completeness. States must comply with all applicable requirements. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements. Grant applications will undergo the following review process: EPA Regional Office staff will evaluate each application and, based on the criteria established will select proposal(s) for funding. EPA Regional offices will be awarding the grants. The review process will concentrate on choosing the best project

concepts. Once the grant is awarded to the State Emergency Response Commission (SERC), Tribal Emergency Response Commission (TERC), directly to the local agencies such as the Local Emergency Planning Committee (LEPC), or other State agency with SERC coordination as appropriate, the recipient will be notified by phone or email. EPA will monitor the work in progress and provide project guidance and oversight to the State, Local agencies, and Tribes.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 180 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: There is a 25 percent match requirement for assistance agreements awarded to States under the Toxic Substances Control Act, Section 28.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Grants will normally be funded on a 12 to 24 month basis. Total approved project period should not exceed 2 years for a particular project. A call for letters of intent and applications will be advertised annually via the Regions notifying States, Local agencies, and Tribes. Recipients will be notified by phone call or email that their proposal will be funded. The grants may be awarded in a lump sum. Method of awarding/releasing assistance: lump sum.

Reports:

Reports will be required on a quarterly basis to describe applicant's progress. Annual program reports are conducted. Final financial status report is required. Quarterly and final reports are required. Expenditure reports are part of the annual financial status report. Performance monitoring is accomplished through the quarterly progress reports, ongoing EPA involvement with recipient, and on-site reviews as needed.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial reports, including all documents to support entries on the accounting records and to substantiate charges to each grant or cooperative agreement must be kept available to personnel authorized to examine EPA grant recipient accounts. All records must be maintained for 3 years from the date of the submission of the annual financial status report. If questions still remain, such as those raised as a result of audit, related records should be retained until the matter is completely resolved.

CRITERIA FOR SELECTING PROPOSALS:

The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement.

66.812 HAZARDOUS WASTE MANAGEMENT GRANT PROGRAM FOR TRIBES

FEDERAL AGENCY:

Office of Solid Waste and Emergency Response, Environmental Protection Agency

AUTHORIZATION:

Department of Veterans Affairs and Housing and Urban Development and Independent Agencies Appropriation Act, Public Law 105-276, 112 Stat. 2461&2499.

OBJECTIVES:

The Hazardous Waste Management Grant Program for Tribes provides assistance for the development and implementation of hazardous waste management programs; for building capacity to improve and maintain regulatory compliance; and for developing solutions to address hazardous waste management issues in Indian country.

Funding Priority - Fiscal Year 2013: Develop and implement hazardous waste management programs that improve the applicant's ability to properly identify, manage, or dispose of hazardous waste. Build capacity to improve and maintain regulatory compliance and develop solutions to address hazardous waste mismanagement impacting Tribal lands. Development and institutionalization of hazardous waste program capacity for Tribal governments and the communities they serve.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

This grant program will support projects designed to develop and implement hazardous waste management programs. These programs must improve the applicant's ability to properly identify, manage, or dispose of hazardous waste. All hazardous waste management activities that address the Resource Conservation and Recovery Act (RCRA) Subtitle C "cradle to grave" approach are eligible. Each of the following hazardous waste management program activities are considered central to a "cradle to grave" program: Hazardous Waste Identification; Hazardous Waste Generator Siting, Monitoring, & Compliance (Large Quantity, Small Quantity, and Conditionally Exempt Small Quantity Generators); Hazardous Waste Minimization, Recycling, Used Oil, and Universal Wastes; Hazardous Waste Transportation; Treatment, Storage, and Disposal Facility Siting, Permitting, Monitoring, Corrective Action, & Enforcement; Land Disposal Restrictions; Combustion. Assistance will be provided under this program only for activities which EPA determines are appropriate to carry out the purposes of RCRA. Assistance under this program does not include any element of municipal solid waste management, chemical emergency planning and preparedness or superfund program cleanup.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

The following are eligible to receive financial assistance: (a) an Indian tribal government, and (b) an intertribal consortium or consortia. An Indian tribal government is any tribe, band, nation, or other organized group or community, including any Alaska Native village or regional or village corporation (as defined in or established pursuant to the Alaska Native Claims Settlement Act, 43 U.S.C. 1601, et seq.), which is recognized by the U.S. Department of the Interior as eligible for the special services provided by the United States to Indians because of their status as Indians. A consortium is a partnership between two or more Indian tribal governments authorized by the governing bodies of those tribes to apply for and receive assistance under this program. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

Federally Recognized Indian Tribal Governments.

Credentials/Documentation:

This program is subject to the provisions of OMB Circular No. A-87. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Potential applicants should consult the designated Regional Tribal hazardous waste program coordinator. It is strongly suggested that potential applicants consult with the designated Regional point of contact. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. The annual competitive announcement outlines specific procedures for submitting proposals. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 30 to 60 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

In order to receive renewals, significant progress on previously awarded grant must be demonstrated.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The terms of the grant shall be determined at the time of the grant award. See the following for information on how assistance is awarded/released:
Assistance agreements will be fully funded by a lump sum.

Reports:

Annual Regional Review. Grantees must provide financial and performance activity reports according to the terms negotiated with the Regional program. Copies of the reports should also be sent to the EPA Office of Resource Conservation and Recovery headquarters representative.

Grantees are required to submit program reports in accordance with Agency policy and the Monitoring and Reporting Program Performance requirements stated in Federal Grant Regulations 40 CFR Part 31 and OMB Circular No.A-102. Grantees are required to submit financial reports in accordance with

Agency policy and the Financial Reporting and Financial Management Systems requirements stated in Federal Grant Regulations 40 CFR Part 31 and OMB Circular No.A-102. Grantees are required to submit progress reports in accordance with Agency policy and the Monitoring and Reporting Program Performance requirements stated in Federal Grant Regulations 40 CFR Part 31 and OMB Circular No.A-102. Typically expenditure reports are not required. However, grantees are required to submit financial reports in accordance with Agency policy and the Financial Reporting and Financial Management Systems requirements stated in Federal Grant Regulations 40 CFR Part 31 and OMB Circular No.A-102. Grantees are required to perform performance monitoring in accordance with Agency policy and requirements stated in Federal Grant Regulations 40 CFR Part 31 and OMB Circular No.A-102.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Records and accounts must be maintained to reflect the operations of the project. Financial records, including all documents to support entries on accounting records and to substantiate changes to each grant must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained until expiration of three years from the date of submission of the final expenditure report. If questions still remain, such as those raised as a result of audit, related records should be retained until the matter is completely resolved.

Account Identification:

CRITERIA FOR SELECTING PROPOSALS:

The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement.

**66.813 ALTERNATIVE OR INNOVATIVE TREATMENT TECHNOLOGY RESEARCH, DEMONSTRATION, TRAINING, AND HAZARDOUS SUBSTANCE RESEARCH GRANTS
FEDERAL AGENCY:**

Office of Solid Waste and Emergency Response, Environmental Protection Agency

AUTHORIZATION:

Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), Section 311(b)&(c), Public Law 95-510, 42 U.S.C 9660; Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), Section 311(b)&(c), Public Law 99-499, 42 U.S.C 9660.

OBJECTIVES:

To support grants and cooperative agreements for (1) a program of research, evaluation, testing, development, and demonstration of alternative or innovative treatment technologies which may be utilized in response actions to achieve more permanent protection of human health and welfare and the environment; (2) a technology transfer program including the development, collection, evaluation, coordination, and dissemination of information relating to the utilization of alternative or innovative treatment technologies for response actions; (3) a program of training and evaluation of training needs in the procedures for the handling and removal of hazardous substances for employees who handle hazardous substances and training in the management of facilities at which hazardous substances are located and in the evaluation of the hazards to human health presented by such facilities for State and local health and environmental agency personnel, and (4) a program of research with respect to the detection, assessment, and evaluation of the effects on and risks to human health of hazardous substances and detection of hazardous substances in the environment.

Funding Priority - Fiscal Year 2013: 1) To promote and stimulate research for

use by state environmental officials to address Superfund policy and implementation issues of importance to states. The project will provide support for state co-regulators' participation in developing policies, procedures and guidance to promote efficient cleanup work by states under the Superfund Program. It will promote state participation in appropriate conferences, meetings, and other related activities, as well as an opportunity for review and comment on guidance and training materials developed by EPA. 2) To conduct research on hazardous substance policy and technical issues in Indian country. 3) To support the Removal Action Focus Group with research on resources, capabilities and successes of State removal and environmental emergency response programs to participate in Superfund large-scale emergencies. 4) To support research and provide training in alternative and innovative treatment technologies that facilitate information exchange and coordination among state agencies responsible for the cleanup of contaminated federal facilities. 5) To support interstate teams that evaluate innovative and alternative treatment and characterization technologies for hazardous site remediation.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Grants and cooperative agreements are available to support recipients' eligible and allowable direct costs incurred under an approved work plan plus allowable indirect costs, in accordance with established EPA policies and regulations. Funds awarded under Section 311(b)(3) of CERCLA must be used for projects relating to innovative or alternative treatment technologies that may be utilized in response actions to achieve more permanent protection of human health and welfare and the environment. Types of discrete projects may include: land use controls research; health effects in construction workers; studies of above ground storage tank inspection practices; remediation technologies and strategies; and support for State forums to share information on research on hazardous substances waste remediation. Funding awarded for research under CERCLA 311(c) does not include research within the purview of EPA's Office of Research and Development. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

Assistance under this program is generally available to States, territories, Indian Tribes, and possessions of the U.S., including the District of Columbia, public and private universities and colleges, hospitals, laboratories, other public or private nonprofit institutions, and individuals. In some instances, EPA will consider applications from profit makers, proposing projects with significant technical merit and relevance to EPA's Office of Solid Waste and Emergency Response. Nonprofit organizations described in Section 501(c)(4) of the Internal Revenue Code that engage in lobbying activities as defined in Section 3 of the Lobbying Disclosure Act of 1995 are not eligible to apply. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

State and local governments, U.S. territories and possessions, Indian Tribes, universities and colleges, hospitals, laboratories, industry, and other public and private institutions and individuals.

Credentials/Documentation:

EPA may request that applicants document their nonprofit status. The Agency may also request that applicants demonstrate they have appropriate background, academic training, experience in the field, and necessary equipment to carry out projects. EPA may ask applicants or principle investigators to provide

curriculum vitae and relevant publications. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Applicants considering submitting proposals are advised to discuss proposed projects with or submit pre-applications to staff in the appropriate EPA technical program offices. When making competitive awards, EPA will specify the nature of the pre-application assistance, if any, that will be available to applicants in the Requests for Initial Proposals or Requests for Applications. For information contacts, see Appendix IV of the Catalog. Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. The standard application forms as furnished by the Federal agency and required by OMB Circular No. A-102 and A-110 must be used for this program. EPA requires final applications to be made on Standard Form 424. Requests for application kits must be submitted to the Environmental Protection Agency, Grants and Interagency Agreements Management Division, 3903R, Washington, DC 20460 or through the appropriate EPA Regional Office listed in Appendix IV of the Catalog. Requests for Initial Proposals or Requests for Applications will specify application procedures. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

For non-competitive awards, EPA will conduct an administrative evaluation to determine the adequacy of the application in relation to grant regulations and a technical and program evaluation to determine the merit and relevance of the project. The Agency will then advise the applicant if funding is being considered. A final work plan will then be negotiated with the applicant. For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 180 days.

Appeals:

For non-competitive awards: Disputes will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable. For competitive awards: Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

None. EPA may incrementally fund grants and cooperative agreements under this program. Approval of subsequent funding increments is dependent on satisfactory project progress, continued relevance of the project to EPA's priorities, and availability of funds.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: EPA supports two types of projects under this Section:

1. Alternative or innovative treatment demonstration projects [311(b)(3)].

When making awards under Section 311(b)(3), "Alternative or innovative treatment technology research and demonstration program, Contracts and grants," the Administrator shall, to the maximum extent possible, enter into appropriate cost sharing arrangements. EPA may waive the 311(b)(3) cost sharing requirement in appropriate cases if a justification is provided and accepted.

This program has no statutory cost sharing formula, however, there are funding restrictions. For example, the Administrator shall not provide any Federal assistance for any part of a full-scale field demonstration project unless the applicant can demonstrate that it cannot obtain appropriate private financing on reasonable terms and conditions sufficient to carry out the demonstration project. The total Federal funds for any full-scale field demonstration project shall not exceed 50 percent of the total cost of such project estimated at the time of the award. Furthermore, the Administrator shall not expend more than \$10,000,000 for assistance under the program in any fiscal year and shall not expend more than \$3,000,000 for any single project.

2. Hazardous substance research [311(c)].

Assistance awarded under Section 311(c), "Hazardous substance research" has no cost sharing requirements or funding restrictions. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

EPA generally funds grants and cooperative agreements in a lump sum on a 12-month basis. However, EPA can negotiate the project period with each applicant based on project requirements. Incremental funding may be available. EPA generally limits project periods to 5 years. The Office of Congressional Liaison is notified of the award. They in turn notify the appropriate House and Senate members that the assistance agreement has been awarded. This notification period lasts 5 days. After the 5 Day Congressional notification period, the original award document will be sent to the recipient. A copy of the award document will be sent to the Project Officer and the Las Vegas Financial Management Center or the Regions Financial Management Office. Method of awarding/releasing assistance: lump sum.

Reports:

Reporting requirements are identified at 40 CFR Parts 30 and 31. EPA may include additional information regarding the content and frequency of reporting requirements in the terms and conditions of the agreements. Grantees are required to submit program reports in accordance with Agency policy and the Monitoring and Reporting Program Performance requirements stated in Federal Grant Regulations 40 CFR Part 31 and OMB Circular No.A-102. Grantees are required to submit financial reports in accordance with Agency policy and the Financial Reporting and Financial Management Systems requirements stated in Federal Grant Regulations 40 CFR Part 31 and OMB Circular No.A-102. Grantees are required to submit progress reports in accordance with Agency policy and the Monitoring and Reporting Program Performance requirements stated in Federal Grant Regulations 40 CFR Part 31 and OMB Circular No.A-102. Grantees are required to submit financial reports in accordance with Agency policy and the Financial Reporting and Financial Management Systems requirements stated in Federal Grant Regulations 40 CFR Part 31 and OMB Circular No.A-102. Grantees are required to perform performance monitoring in accordance with Agency policy and requirements stated in Federal Grant Regulations 40 CFR Part 31 and OMB Circular No.A-102.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized

representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

The record retention requirements of 40 CFR Part 30 (nonprofits and universities) or 40 CFR Part 31 (governmental units) are applicable depending upon the identity of the recipient. EPA may require that for profit recipients follow 40 CFR Part 30. Financial records, including all documents to support entries on accounting records and to substantiate changes to each grant must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained until expiration of three years from the date of submission of the final expenditure report. If questions still remain, such as those raised as a result of audit, related records must be retained until the matter is completely resolved.

Obligations:

(Project Grants) FY 12 \$394,684; FY 13 est \$385,000; and FY 14 est \$750,000

Range and Average of Financial Assistance:

For each fiscal year it is \$20,000 - \$500,000 Average \$250,000.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: In FY 12 a total of \$394,684.00 has been awarded.

In FY 12 there were 4 active projects in Headquarters. The work in these projects builds on ongoing work by examining long-term stewardship, institutional controls, and site reuse. The priority is to partner with recipients to facilitate the reuse of sites with residual contamination. Fiscal Year 2013: The work in these projects builds on ongoing work by examining long-term stewardship, institutional controls, and site reuse. The desire is to partner with recipients to facilitate the reuse of sites with residual contamination that can be reused is a priority. Fiscal Year 2014: No Current Data Available

REGULATIONS, GUIDELINES, AND LITERATURE:

Alternative or innovative treatment technology and hazardous substance research grants are subject to EPA's General Grant Regulations (40 CFR Part 30 and 40 CFR Part 31). Costs will be determined in accordance with OMB Circular No. A-87 for State and local governments and Indian Tribes, OMB Circular No. A-21 for educational institutions, OMB Circular No. A-122 for non-profit institutions, and FAR Part 31 for profit makers.

CRITERIA FOR SELECTING PROPOSALS:

Competitive applications and proposals will be selected in accordance with

announced criteria. Non-competitive proposals are judged for (a) technical merit in terms of: (1) strengths and weaknesses of the project; (2) adequacy of overall project design; (3) competency of proposed staff; (4) suitability of applicant's available resources; (5) appropriateness of the proposed project period and budget; and (6) probability that the project will accomplish stated objectives; and, for (b) program interest in terms of: (1) the need for the proposed project; and (2) relationship to program objectives. The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement.

66.814 BROWNFIELDS TRAINING, RESEARCH, AND TECHNICAL ASSISTANCE GRANTS AND COOPERATIVE AGREEMENTS

Brownfields 104(k)(6) Grants

FEDERAL AGENCY:

Office of Solid Waste and Emergency Response, Environmental Protection Agency

AUTHORIZATION:

Comprehensive Environmental Response, Compensation, and Liability Act, Section 101(39)&104(k)(6), 42 U.S.C 9604(k)(6).

OBJECTIVES:

CERCLA 104(k)(6) provides EPA with authority for a program of training, research, and technical assistance to individuals and organizations to facilitate the inventory of brownfields properties, assessments, cleanup of brownfields properties, community involvement, or site preparation. Brownfield sites are real property, the expansion, redevelopment, or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant.

Funding Priority - Fiscal Year 2013: Using a competitive grants process, EPA intends to select proposals and award cooperative agreements for training, research, and technical assistance related to brownfields. EPA also intends to incrementally fund projects with satisfactory project progress selected in previous 104(k)(6) training, research, and technical assistance competitions. The Agency gives preference to the ten statutory ranking criteria, as applicable, found at CERCLA 104(k)(5)(C) (see [180] CRITERIA FOR SELECTING PROPOSALS, below) when evaluating applications for research, training and technical assistance funding. In addition to the statutory criteria, EPA also evaluates applicants based on their ability to manage grants and other policy-based factors intended to promote effective stewardship of federal funds. By statute, 25% of the funding for CERCLA 104(k) must be used for characterization, assessment, and remediation of brownfields sites contaminated by petroleum or petroleum products. No more than 15% of the funding appropriated for CERCLA 104(k) grants may be used to fund training, research, and technical assistance grants authorized by CERCLA 104(k)(6).

In FY2013, EPA expects to select and award cooperative agreements in support of brownfields training, research, and technical assistance through the Technical Assistance to Brownfields (TAB) Communities Program. Through that funding opportunity EPA anticipates awarding up to 10 cooperative agreements that will help guide communities through the cleanup and redevelopment process at brownfield properties.

EPA also expects to select and award cooperative agreements for the Brownfields Area-Wide Planning (BF AWP) Program. Through that funding opportunity EPA anticipates awarding approximately 20 cooperative agreements to facilitate community involvement and conduct research, training and technical assistance necessary to develop area-wide plans and implementation strategies which will help facilitate brownfields assessment, cleanup and subsequent reuse.

For certain competitive funding opportunities, the Agency may limit eligibility to a particular subset of eligible applicants. The amount of financial assistance will vary. The total funding amount for the TAB program is expected to be \$5M, or up to \$500,000 per grant per year of award. The total funding amount for the BF AWP program is anticipated to be approximately \$4 million, or up to \$200,000 per grant award.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Funds awarded under Section 104(k)(6) of CERCLA must be used for training, research, and technical assistance to individuals and organizations, to facilitate the inventory of brownfields properties, site assessments, cleanup of brownfields properties, community involvement, or site preparation. Grants and cooperative agreements are available to support recipients' eligible and allowable direct costs incurred under an approved work plan plus allowable programmatic costs, in accordance with established EPA policies and regulations. Costs incurred under CERCLA 104(k)(6) grants or cooperative agreements may not be used for an administrative cost, penalty or fine, a Federal cost-share requirement, a response cost for which the recipient of the grant or cooperative agreement is potentially liable under CERCLA 107, or the cost of complying with a Federal law, with the exception of the costs of laws applicable to cleanup of Brownfields sites.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

CERCLA 104(k)(6) cites eligible entities as: a general purpose unit of local government; a land clearance authority or other quasi-governmental entity that operates under the supervision and control of, or as an agent of, a general purpose unit of local government; a government entity created by a State legislature; a regional council or group of general purpose units of local government; a redevelopment agency that is chartered or otherwise sanctioned by a State; a State (note CERCLA 107(27) defines term "State" to include territories or possessions over which the United States has jurisdiction); an Indian Tribe other than in Alaska; an Alaska Native Regional Corporation, Alaska Native Village Corporation and the Metlakatla Indian Community. Nonprofit organizations are also eligible for training, research, and technical assistance grants. Nonprofit organizations must meet the definition of that term in Section 4(6) of the Federal Financial Assistance Management Improvement Act of 1999, Public Law 96-107, 31 U.S.C. 6101 Note: Under this definition, colleges, universities, and community colleges are eligible to apply. However, nonprofit organizations described in Section 501(c)(4) of the Internal Revenue Code that engage in lobbying activities as defined in Section 3 of the Lobbying Disclosure Act of 1995 are not eligible to apply. For profit organizations are not eligible to apply. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

State, Tribal (an Indian Tribe other than in Alaska; an Alaska Native Regional Corporation, Alaska Native Village Corporation and the Metlakatla Indian Community), and local governments, communities with Brownfields sites and their residents, community groups, universities and colleges, industry, and other public and private institutions and individuals.

Credentials/Documentation:

EPA may request that applicants document their non-profit status. The Agency may also request that applicants demonstrate they have appropriate background, academic training, and experience in the field to carry out projects. EPA may ask applicants for research projects to provide curriculum vitae and relevant publications. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. See Appendix 1 for additional information

regarding SPOC's. If there is no single point of contact for the state, or the state has not selected this program for review, applicants must contact directly affected state area-wide regional and local entities prior to award. (See 40 CFR 29.7(b)). Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. The standard application forms as furnished by the Federal agency and required by OMB Circular No. A-102 and A-110 must be used for this program. EPA requires final applications to be made on Standard Form 424. Requests for application kits must be submitted to the Environmental Protection Agency, Grants and Interagency Agreements Management Division, 3903R, Washington, DC 20460 or through the appropriate EPA Regional Office listed in Appendix IV of the Catalog. This is a competitive grant program. Requests for Initial Proposals or Requests for Applications will specify application procedures. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

EPA is required by statute to conduct this assistance program competitively. For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 180 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

EPA may incrementally fund grants and cooperative agreements under this program. Approval of subsequent funding increments is dependent on satisfactory project progress, continued relevance of the project to EPA's priorities, and availability of funds. Incremental funding is subject to review and approval by the Office of Brownfields and Land Revitalization, Office of Solid Waste and Emergency Response. The funded grants and cooperative agreements are not eligible for renewal.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: For training, research and technical assistance grants, EPA will not require that applicants include a match or cost share unless required by the terms of a competitive announcement. Even if EPA decides not to require matching funds, a statutory factor in ranking applications under Section 104(k)(6) is the extent to which EPA financial assistance will stimulate the availability of other funds for environmental assessment or remediation, and subsequent reuse of Brownfields sites. Applicants may be encouraged to provide information regarding resources (cash/in-kind services) that they, or a project partner, would commit to efforts receiving EPA financial assistance.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

EPA generally funds grants and cooperative agreements on a 12 month basis, however, EPA may fully fund the agreements at the time of award. EPA will negotiate the project period with each applicant based on project requirements. The project period can range anywhere from two to five years. The anticipated

period of performance for the TAB cooperative agreements is five years. The anticipated period of performance for the BF AWP cooperative agreements is two years. The anticipated period of performance for Other Research, Training and Technical Assistance Grants is up to five years. See the following for information on how assistance is awarded/released: EPA generally funds the research, training, and technical assistance grants and cooperative agreements incrementally on a 12-month basis. However, EPA can negotiate the assistance award with each applicant based on project requirements (for example, usually EPA fully funds the two-year BF AWP grants at initial award).

Reports:

No program reports are required. No cash reports are required. Reporting requirements are identified at 40 CFR Parts 30 and 31. EPA may include additional information regarding the content and frequency of reporting requirements in the terms and conditions of the agreements. Quarterly progress reports are generally required as part of the terms and conditions of the grants and cooperative agreements. No expenditure reports are required. No performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

The record retention requirements of 40 CFR Part 30 (non-profits and universities) or 40 CFR Part 31 (governmental units) are applicable depending upon the identity of the recipient. Financial records, including all documents to support entries on accounting records and to substantiate changes to each grant must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained until expiration of three years from the date of submission of the final expenditure report. If questions still remain, such as those raised as a result of audit, related records must be retained until the matter is completely resolved.

Account Identification:

Obligations:

(Cooperative Agreements) FY 12 \$1,500,000; FY 13 est \$9,000,000; and FY 14 est \$12,000,000 - For FY 2012 the program obligated \$1.5M in incremental funding to grants already awarded under this CFDA. The funding estimated to be awarded in FY 2013 is approximately \$9M; this includes up to \$5M for Technical Assistance to Brownfields Communities (TAB) grants and up to \$4M for Brownfields Area-Wide Planning grants, to be selected via grants competitions. At this time the total funding estimated for FY 2014 is approximately \$12M; of which approximately \$3M is designated for Technical Assistance to Brownfields Communities- Project Implementation (TAB-PI) cooperative agreements, approximately \$4M for Brownfields Area-Wide Planning cooperative agreements, and approximately \$5M for other Research, Training and Technical Assistance (k6) cooperative agreements. The solicitations for TAB-PI and other Research, Training, and Technical Assistance (k6) cooperative agreements are expected to open in FY 2013, but proposals will be selected and cooperative agreements awarded in FY 2014.

Range and Average of Financial Assistance:

Historically, the Brownfields Training, Research, and Technical Assistance cooperative agreements have ranged anywhere from \$115,000 to \$2,000,000 over the entire cooperative agreement, depending on the specific focus area of solicitation. The average of financial assistance awarded in FY2012 (based on the cooperative agreements that were incrementally funded) is \$150,000. The average award amount expected for FY 2013 is approximately \$200,000 per cooperative agreement for Brownfields Area-Wide Planning, and \$500,000 per year for Technical Assistance to Brownfields Communities (TAB) cooperative

agreements.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: In FY 2012, EPA provided approximately \$1.5M in incremental funding to projects awarded in previous years. The incrementally funded grants provided training, community education and technical assistance to support brownfields assessment and cleanup efforts by state, local and tribal governments, communities, nonprofit organizations and private sector entities. The grant activities also resulted in research reports, case studies, and documents assisting communities with brownfields projects. EPA also opened solicitations for the Technical Assistance to Brownfields (TAB) and Brownfields Area-Wide Planning (BF AWP) grant program projects in FY2012, with those cooperative agreements selected and awarded in FY2013. Fiscal Year 2013: In FY 2013, EPA awarded cooperative agreements to nine entities under the Technical Assistance to Brownfields Communities (TAB) grant program. These grantees will provide technical assistance to communities to help them with specific challenges related to brownfield sites. EPA also awarded cooperative agreements to twenty entities under the Brownfields Area-Wide Planning grant program. These grantees will work with their community and other stakeholders to develop an area-wide plan and implementation strategy for cleaning up and reusing catalyst/high priority brownfields. EPA also incrementally funded grants for other research, training and technical assistance (k6), which were awarded in previous years.

EPA also plans to solicit proposals under the Technical Assistance to Brownfields Communities - Project Implementation (TAB-PI), Brownfields Area-Wide Planning, and other Research, Training and Technical Assistance (k6) grant programs in FY2013, with those cooperative agreements to be awarded in FY2013. Fiscal Year 2014: No Current Data Available

REGULATIONS, GUIDELINES, AND LITERATURE:

Brownfields training, research, and technical assistance grants are subject to EPA's General Grant Regulations (40 CFR Part 30 and 40 CFR Part 31). Costs will be determined in accordance with OMB Circular No. A-87 for State and local governments and Indian Tribes, OMB Circular No. A-21 for educational institutions, and OMB Circular No. A-122 for non-profit institutions. EPA will provide applicants with guidance on statutory prohibitions on the use of grant and cooperative agreement funds in Requests for Proposals, Requests for Applications, or by other means. EPA will provide assistance regarding clarification of the grant proposal guidelines. Potential applicants may submit written requests to OBLR for clarification. Significant clarifications to the guidelines will be posted on the brownfields website <http://www.epa.gov/brownfields>. This is the only form of pre-application assistance available. EPA will not meet with applicants to discuss draft proposals or provide informal comments on proposals.

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: In FY 2012, EPA provided incremental funding to research, training and technical projects awarded in previous years. The incrementally funded grants provided training, community education and technical assistance to support brownfields assessment and cleanup efforts by state, local and tribal governments, communities, nonprofit organizations and private sector entities. The grant activities resulted in research reports, case studies, and documents assisting communities with brownfields projects. Fiscal Year 2013: In FY 2013, EPA awarded Brownfields (k)(6) funding for research, training and technical assistance pertaining to Technical Assistance to Brownfields Communities

(TAB), local community approaches to Brownfields Area-wide Planning, and incremental funding of existing cooperative agreements funded in previous years. EPA awarded TAB cooperative agreements to nine entities who will assist communities in each EPA region that are dealing with local brownfield issues. EPA awarded area-wide planning funds to twenty communities (including local government, non-profit organizations, and a regional planning commission) to involve the community in developing area-wide plans and implementation strategies to help address local brownfield sites. For the incrementally funded projects, EPA funds were used to provide training, community education and technical assistance to support brownfields assessment and cleanup efforts by state, local and tribal governments, communities, nonprofit organizations and private sector entities. CRITERIA FOR SELECTING PROPOSALS:

This is a competitive grant program. The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement.

66.815 ENVIRONMENTAL WORKFORCE DEVELOPMENT AND JOB TRAINING COOPERATIVE AGREEMENTS

Environmental Workforce Development and Job Training Program

FEDERAL AGENCY:

Office of Solid Waste and Emergency Response, Environmental Protection Agency

AUTHORIZATION:

The Comprehensive Environmental Response, Compensation, and Liability Act, Section 311(b)(3)(9); The Comprehensive Environmental Response, Compensation, and Liability Act, Section 104k(6); Solid Waste Disposal Act, Section 8001; Toxic Substances Control Act, Section 10; Clean Water Act, Section 104.

OBJECTIVES:

The objective of the Environmental Workforce Development and Job Training Program is to recruit, train, and place unemployed and under-employed, predominantly low-income and minority, residents of solid and hazardous waste-impacted communities with the skills needed to obtain full-time, sustainable employment in site assessment, cleanup, and the environmental field at large. Furthermore, this program promotes the facilitation of activities related to assessment, cleanup, or preparation of contaminated sites for reuse, while simultaneously building a local workforce with the skills needed to perform remediation work that are supportive of environmental protection and health and safety.

Funding Priority - Fiscal Year 2013: In FY13, under the Environmental Workforce Development and Job Training Grant Application Guidelines, applicants were provided the opportunity to deliver training outside the traditional scope of brownfields hazardous waste training. As a result of this, applicants were now provided the opportunity to deliver additional training in areas such as: solid waste management and recycling, emergency management and oil spill cleanup, Superfund cleanup related training, innovative and alternative treatment technologies, wastewater treatment and stormwater management, chemical safety, enhanced environmental health and safety training, and leaking underground storage tank removal. Other types of supplemental environmental training are also eligible as this list is not exhaustive. Under the FY13 competition, energy auditing, solar installation, and weatherization were eligible. Applicants in FY13 were also evaluated heavily on the extent to which they had partnered with employers willing to hire graduates and the extent to which they had conducted labor market assessments. Applicants were also given preference if the community proposed to be targeted had experienced significant economic disruption, including auto or manufacturing plant closures; whether the applicant was proposing to target tribal residents; and, applicants that proposed to deliver diverse training, other than brownfields hazardous waste training.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Funds awarded under Section 104(k)(6) of CERCLA must be used for training,

research, and technical assistance to individuals and organizations, to facilitate the inventory of brownfields properties, site assessments, cleanup of brownfields properties, community involvement, or site preparation. Funds under Section 311(b)(3)(9) of CERCLA must be used for training in innovative and alternative treatment technologies. For Environmental Workforce Development and Job Training grants however, individuals are not eligible to apply. (See eligibility requirements in Section 080) Grants and cooperative agreements are available to eligible entities throughout the United States. Eligible applicants are allowed to design their own curricula. In FY13, applicants were provided flexibility to include the following types of training in their curriculum: leaking underground storage tank removal; solid waste management or cleanup (i.e. recycling center operator training, landfill remediation and capping, demolition and debris collection and recycling, etc.); wastewater and stormwater related training; chemical safety or enhanced environmental health and safety training; and, innovative and alternative treatment technologies related training (i.e. preparation of contaminated sites for solar installation, green remediation techniques, phytoremediation, soil amendments, advanced sampling instrument operator training, or bioswale system site preparation, etc.) Note: this list is not exhaustive and other types of eligible training may be offered consistent with the statutory authorities. All applicants were required to include OSHA 29 CFR 1910.120 40-hour Hazardous Waste Operations and Emergency Response (HAZWOPER) in their curricula. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>. Grants and cooperative agreements are available to support recipients' eligible and allowable direct costs incurred under an approved work plan plus allowable programmatic costs, in accordance with established EPA policies and regulations. Costs incurred under CERCLA 104(k)(6) grant or cooperative agreements may not be used for an administrative cost, penalty or fine, a Federal cost-share requirement, a response cost for which the recipient of the grant or cooperative agreement is potentially liable under CERCLA 107, or the cost of complying with a Federal law, with the exception of the costs of laws applicable to cleanup of sites.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

Proposals will be accepted from either eligible governmental entities as defined in CERCLA Section 104(k)(1) or eligible nonprofit organizations as defined in Public Law 106-107, the Federal Financial Assistance Management Improvement Act. Eligible governmental entities include a general purpose local unit of government; a land clearance authority or other quasi-governmental entity that operates under the supervision and control of, or as an agent of, a general purpose unit of government; a governmental entity created by a state legislature; a regional council or group of general purpose units of local government; a redevelopment agency that is chartered or otherwise sanctioned by a state; a state; an Indian Tribe (other than in Alaska), or an Alaskan Native Regional Corporation and an Alaska Native Village Corporation as those terms are defined in the Alaska Native Claims Settlement Act (43 U.S.C. 1601 and following); and the Metlakatla Indian Community. Intertribal consortia, except consortia comprised of ineligible Alaskan tribes, are eligible to apply as well. Eligible nonprofit organizations include any corporation, trust, association, cooperative, or other organization that is operated mainly for scientific, educational, service, charitable, or similar purpose in the public interest; is not organized primarily for profit; and uses net proceeds to maintain, improve, or expand the operation of the organization. Workforce Investment Boards that meet these criteria may be eligible nonprofit organizations. Public and nonprofit private educational institutions are eligible to apply. However, nonprofit organizations described in Section 501(c)(4) of the Internal Revenue Code that engage in lobbying activities as defined in Section 3 of the Lobbying Disclosure Act of 1995 are not eligible to apply.

For-profit or proprietary training organizations or trade schools are not eligible to apply. Evidence of nonprofit status under Federal, state or tribal law must be provided at the time the proposal is submitted. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy. Applicants that received an Environmental Workforce Development and Job Training grant from EPA in Fiscal Year 2012 were not eligible to apply in FY13 for regular appropriation funds - unless proposing to serve a different city. A list of environmental workforce development and job training grants awarded in Fiscal Year 2012 and 2013 can be found on the Brownfields Website, <http://www.epa.gov/brownfields/pilot.htm#previous>. Applicants were also required to demonstrate that proposed environmental job training projects do not duplicate other federally funded environmental job training projects in the target community.

Beneficiary Eligibility:

Environmental Workforce Development and Job Training grants will provide environmental job training and help individuals of solid and hazardous waste-impacted neighborhoods take advantage of job opportunities created as a result of the management, assessment and cleanup of contaminated properties, as well as employment in wastewater and chemical safety related positions.

Credentials/Documentation:

EPA requires that applicants document their nonprofit status at the time of application. The Agency may also request that applicants demonstrate that they have appropriate background, academic training, experience in fields, and necessary equipment to carry out training projects. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

This is a competitive grant program. Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. By statute, EPA must award Environmental Workforce Development and Job Training grants competitively. EPA will specify application procedures in Requests for Initial Proposals or Request for Applications. As stipulated in the Requests for Applications, successful grant applicants must provide, in addition to the SF 424, a Dun and Bradstreet Data Universal Numbering System (DUNS) number, which is now required when applying for federal grants or cooperative agreements on or after October 1, 2003. For more information go to: <http://www.grants.gov>. Requests for application kits must be submitted to the Environmental Protection Agency, Grants and Interagency Agreements Management Division, 3903R, Washington, DC 20460 or through the appropriate EPA Regional Office listed in Section 7 of the application guidelines. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements. Final approval of applications for job training grants and supporting documentation is made by EPA. Award of grant funds are made by EPA Regional Award Officials.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

For job training grants, the range of approval/disapproval time will be

approximately 90 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

EPA may incrementally fund grants and cooperative agreements under this program. Approval of subsequent funding increments is dependent on satisfactory project progress, continued relevance of the project to EPA's priorities and availability of funds. Renewals and extensions of funding are not available.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: For Environmental Workforce Development and Job Training Grants, EPA does not require that applicants include a match or cost share. However, evidence of leveraged funds is encouraged. Furthermore, a statutory factor in ranking applications under Section 104(k)(6) is the extent to which EPA financial assistance will stimulate the availability of other funds for environmental assessment or remediation, and subsequent reuse of Brownfields sites. Applicants may be encouraged to provide information regarding resources (cash/in-kind services) that they, or a project partner, would commit to efforts receiving EPA financial assistance. EPA may take these commitments into account in ranking proposals.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The performance period for job training grant funds is generally three years. Grant cooperative agreements may be amended to provide additional funding and additional time for grant recipients demonstrating significant success in training efforts depending upon the availability of funding. Proposal funding is not guaranteed at any stage of the proposal process until the Cooperative Agreement, including workplan, is completed and the final award is made. All awards are made in a lump sum. Method of awarding/releasing assistance: lump sum.

Reports:

No program reports are required. No cash reports are required. Reporting requirements are identified at 40 CFR Parts 30 and 31. EPA may include additional information regarding the content and frequency of reporting requirements in the terms and conditions of the agreements. Quarterly progress reports are generally required as part of the terms and conditions of the cooperative agreements. No expenditure reports are required. Performance monitoring is in accordance with the terms and conditions of the cooperative agreement.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

The record retention requirements of 40 CFR Part 30 (non-profits and universities) or 40 CFR Part 31 (governmental units) are applicable depending upon the identity of the recipient. Financial records, including all documents to support entries on accounting records and to substantiate changes to each grant must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained until expiration of three years from the date of submission of the final expenditure report. If questions still remain, such as

those raised as a result of audit, related records must be retained until the matter is completely resolved.

Account Identification:

Obligations:

(Cooperative Agreements) FY 12 \$3,000,000; FY 13 est \$3,000,000; and FY 14 est \$2,500,000

Range and Average of Financial Assistance:

Average: \$200,000. In FY11, grant awards made at \$300,000 each. For job training grants awarded in FY12, grant awards were made at \$200,000 each. In FY13, grant awards will be made at \$200,000 each. The performance period for these grants in FY13 is generally 3 years.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: 15 grant awards were made in FY12 at \$200,000 each. In FY12, 76 applications were received and 15 were funded. Fiscal Year 2013: 16 grant awards are anticipated to be made in FY13 at approximately \$200,000 each. In FY13, 64 applications were received and 16 are anticipated to be funded. Fiscal Year 2014: No Current Data Available

REGULATIONS, GUIDELINES, AND LITERATURE:

For job training grants, costs must be in accordance with OMB Circulars Nos. A-87 (state, tribal and local governments), A-21 (universities) and A-122 (nonprofit organizations), depending on the recipient. Recipients must comply with 40 CFR Part 30 for universities and nonprofit organizations, and Part 31 for states, tribes, and local governments. In addition, recipients must comply with applicable provisions of EPA training grant regulations at 40 CFR Part 45. EPA will also provide applicants with guidance on statutory prohibitions on the use of grant and cooperative agreement funds in Requests for Initial Proposals, Requests for Applications, or by other means.

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: In Fiscal Year 2012 the EPA awarded cooperative agreements to a variety of eligible entities and nonprofit organizations to provide local residents with the skills needed to gain employment in careers related to the assessment and cleanup of hazardous and solid waste sites, wastewater management, and chemical safety. These cooperative agreements included training and instruction in a variety of subjects, including: OSHA health and safety training, HAZWOPER and HAZMAT certification, lead and asbestos abatement, forklift operations, phytoremediation, mold remediation, site assessment, sampling, wastewater management, chemical safety, leaking underground storage tank prevention, field investigation, instrumentation, and treatment technologies. Furthermore, these cooperative agreements provided job training programs the funds needed to perform recruitment and community outreach to residents in low-income and minority neighborhoods impacted by contaminated sites. Fiscal Year 2013: In Fiscal Year 2013 the EPA anticipates awarding cooperative agreements to a variety of eligible entities and nonprofit organizations to provide local residents with the skills needed to gain employment in careers related to the assessment and cleanup of hazardous and solid waste sites, wastewater and stormwater management, leaking underground storage tank removal, Superfund site cleanup, and chemical safety. These

cooperative agreements included training and instruction in a variety of subjects, including: OSHA health and safety training, HAZWOPER and HAZMAT certification, lead and asbestos abatement, forklift operations, phytoremediation, mold remediation, site assessment, sampling, wastewater management, chemical safety, leaking underground storage tank removal, field investigation, instrumentation, and treatment technologies. Furthermore, these cooperative agreements provided job training programs the funds needed to perform recruitment and community outreach to unemployed residents impacted by contaminated sites. CRITERIA FOR SELECTING PROPOSALS:

The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement.

66.816 HEADQUARTERS AND REGIONAL UNDERGROUND STORAGE TANKS PROGRAM

FEDERAL AGENCY:

Office of Solid Waste and Emergency Response, Environmental Protection Agency

AUTHORIZATION:

Resource Conservation and Recovery Act of 1976; Superfund Amendments and Reauthorization Act of 1986, Public Law 99-499, 42 U.S.C 6991; Solid Waste Disposal Act of 1976, Section 8001(a)&(b), Public Law 98-616; EPA's Annual Appropriations Act.

OBJECTIVES:

To support activities that promote the prevention, compliance, and identification of underground storage tanks, and to support activities that promote corrective action, enforcement and management of releases from underground storage tank systems.

Funding Priority - Fiscal Year 2013: High priority tasks include: (1) Training Support: Provide State and tribal underground storage tanks (UST) and leaking underground storage tanks (LUST) programs and the regulated community mechanisms by which state and federal "co-regulator" communication, assistance (which may include research and studies) and training on UST/LUST program implementation can occur on both a regional and national scale; (2) Electronic Newsletter: Provide state and tribal regulators, the general public and the regulated community with technical information on underground storage tank (UST) systems; and (3) State/Federal Partnerships: Provide technical assistance and forums for information exchange to assist States in developing their program capabilities to manage their UST/LUST programs in the most efficient and effective manner possible.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Grants and cooperative agreements are available to support recipients' eligible and allowable direct costs incurred under an approved work plan plus allowable indirect costs, in accordance with established EPA policies and regulations. Use Restrictions are that funds awarded under Section 8001(a) and (b) of RCRA must be used for projects that may include the following types of activities: research presentations, educational materials, surveys, training, studies, demonstrations, investigations, special projects and the development or use of methods to improve UST systems management and performance to reduce the actual and potential risks to human health and the environment.

Applicant Eligibility:

For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

These assistance agreements are only available to public authorities (State, interstate, intrastate, agencies designated by States or Territorial Governors to receive UST notifications, federally-recognized Tribes and Intertribal Consortia, and local), public agencies and institutions; private non-profit organizations and agencies that meet the requirements of Section 8001(a) and (b) of the Solid Waste Disposal Act. Profit-making organizations and the general public are not eligible.

Beneficiary Eligibility:

State and local governments, territories and possessions, interstate agencies, Tribes, Intertribal Consortia, members of the regulated community and residents in areas impacted by federally regulated underground storage tanks.

Credentials/Documentation:

EPA may request that applicants document their nonprofit status. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 180 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

None. EPA may incrementally fund grants and cooperative agreements under this program. Approval of subsequent funding increments is dependent on satisfactory project progress, continued relevance of the project to EPA's priorities, and availability of funds.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: Cost sharing is not required, unless noted in request for applications or initial proposals.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The length and time phasing of the assistance agreement shall be determined prior to the award. Assistance agreements are awarded either as non-competitive or competitive, subject to EPA Order 5700.5A1. The length of the assistance agreements may be from one year to seven years. See the following for information on how assistance is awarded/released: The funding is released to the recipient according to the recipient's accounting requests, e.g., quarterly, monthly, etc.

Reports:

Reporting requirements are identified at 40 CFR Parts 30 and 31. EPA may include additional information regarding the content and frequency of reporting requirements in the terms and conditions of the agreements. No cash reports are required. The recipients submit quarterly reports that describe the progress and financial expenditures to date. No expenditure reports are required. EPA conducts baseline and advanced post-award monitoring of the recipient's performance.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

CRITERIA FOR SELECTING PROPOSALS:

The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement.

66.817 STATE AND TRIBAL RESPONSE PROGRAM GRANTS**FEDERAL AGENCY:**

Office of Solid Waste and Emergency Response, Environmental Protection Agency

AUTHORIZATION:

Small Business Liability Relief and Brownfields Revitalization Act; Comprehensive Environmental Response, Compensation, and Liability Act, Section 128(a), Public Law 107-118.

OBJECTIVES:

EPA's CERCLA Section 128(a) grant program funds activities that establish or enhance state and tribal response program capacity, capitalize revolving loan funds (RLFs), and support insurance mechanisms. The goal of this funding is to provide financial support to establish and enhance the four elements of an effective state or tribal response program as specified in CERCLA Section 128 and to ensure that states and tribes maintain a public record of sites included in their programs.

Funding Priority - Fiscal Year 2013: In FY 2013, funding will be prioritized as follows: (1) Funding for program development activities to establish or enhance the four elements of a state or tribal response program and to enable states and tribes to comply with the public record requirement, including activities related to institutional controls. (States and tribes that have established one or more of the four elements will not be prejudiced in funding distributions if their work plan includes activities that enhance the four elements. States with Voluntary Cleanup Program Memorandum of Agreement will not be prejudiced in funding distributions if their work plan does not include tasks related to establishing or enhancing the four elements.) (2) Funding for program development activities to enhance the response program or the cleanup capacity of a state or tribal response program. (3) Funding for site-specific activities at eligible brownfields sites. (4) Funding for environmental insurance mechanisms. (5) Funding to capitalize brownfields cleanup RLFs.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

States and tribes can use Section 128 funding to (1) establish or enhance four statutory elements of a response program, as per CERCLA 128(a)(2), (2) capitalize a Revolving Loan Fund program for brownfields cleanup, pursuant to CERCLA 104(k)(3), (3) purchase environmental insurance or develop a risk sharing pool, an indemnity pool, or insurance mechanism to provide financing for response actions under their programs, (4) maintain and update, at least annually, a public record of sites, pursuant to CERCLA 128(b), that includes the name and location of sites at which response actions have been completed during the previous year and the name and location of sites at which response actions are planned to be addressed in the next year, and (5) conduct limited site-specific activities. "Establish" includes activities necessary to build the foundation for the four elements of a state or tribal response program or may also include activities that keep their program at a level that meets the four elements. "Enhance" is related to activities that add to or improve a state or tribal response program or increase the number of sites at which response actions are conducted under a state or tribal response program. States and tribes may use Section 128(a) funds for activities that establish and enhance their response programs, even if their response programs address petroleum contamination. Restrictions apply to site-specific activities, such as assessment and cleanup. Assessments and cleanups must be conducted at eligible brownfields sites, as defined in CERCLA 101(39).

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

States (as defined in CERCLA Section 101(27)) and tribes (as defined in CERCLA Section 101(36)) are eligible for funding under Section 128(a). To be eligible to receive funding under CERCLA Section 128(a), a state or tribe must demonstrate that its response program includes, or is taking reasonable steps to include, the four elements of a response program. States or tribes that are parties to voluntary response program memoranda of agreement (MOAs) are

automatically eligible for Section 128(a) funding. Additionally, states and tribes, including those with MOAs, must maintain and make available to the public a record of sites at which response actions have been completed in the previous year and are planned to be addressed in the upcoming year in order to qualify for Section 128(a) funding.

Beneficiary Eligibility:

Beneficiaries include individuals living in recipient states', territories', and tribes' jurisdiction.

Credentials/Documentation:

States and tribes must provide documentation that they have met or are making reasonable progress towards meeting the four statutory elements, or have a Voluntary Cleanup Program Memorandum of Agreement with EPA, and have established and are maintaining the public record. States and tribes must define their "Section 128(a) response program", and may designate a component of the state or tribe that will be EPA's primary point of contact for negotiations on their proposed work plan. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Annually, states and tribes will work with the EPA regional offices to develop their work plans and funding requests for the upcoming year. Each cooperative agreement must have an annual budget period tied to an annual work plan. Annual funding guidance provides the requirements for submitting requests. No specific forms are required. Informal assistance is available through regional offices. States are subject to requirements under E.O. 12372, "Intergovernmental Review of Federal Programs" as implemented in 40 CFR Part 29. Tribes are exempt. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. States and tribes submit requests to EPA regional offices for funding on an annual basis by submitting a proposed work plan. Annual funding guidance provides the information that should be submitted to the regional office. Once initial requests are submitted, EPA headquarters consolidates requests and provides a final allocation based on factors provided in the funding guidance. No specific form is required for submission of request.

Award Procedure:

EPA regional offices will negotiate and enter into a single cooperative agreement with interested states or tribes. States and tribes may distribute these funds among the appropriate state and tribal agencies to meet their specific needs within their state or tribal agency structures. At least annually, the regional offices must verify that a public record as described above exists for each of the state or tribal response programs that are receiving funding.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 90 days are required for the application request to be approved or disapproved.

Appeals:

Disputes will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Each state and tribal cooperative agreement will be evaluated on an annual basis to ensure that the requirements to receive funding are being met. If funding is not used, it may be carried over into the next budget period.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: States and tribes are not required to provide matching funds for grants awarded under Section 128(a). However, if the state or tribe uses Section 128(a) funds to capitalize a Brownfields RLF under CERCLA 104(k)(3), a 20% cost share is required on the amount of Section 128(a) funds

used to capitalize an RLF. This program has no statutory formula, but does take into account use of prior years' funding in determining future awards. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

EPA regions will evaluate cooperative agreements annually to ensure that requirements to receive funding are being met. EPA regional offices will determine the project period for each cooperative agreement. These may be for multiple years depending on the regional office's grants policies. Each cooperative agreement must have an annual budget period tied to an annual work plan. Funds are awarded on an annual basis and may be drawn down according to regional financial processes. See the following for information on how assistance is awarded/released: This assistance is generally awarded lump sum.

Reports:

No program reports are required. No cash reports are required. States and tribes will provide progress reports under 40 CFR 31.40, in accordance with terms and conditions of the cooperative agreement negotiated with EPA regional offices. At a minimum, state or tribal progress reports must include both a narrative discussion and performance data relating to the state's or tribe's accomplishments with Section 128(a) funding. Depending upon the activities included in the state's or tribe's scope of work, an EPA regional office may request that a progress report include other elements as described in the Grant Funding Guidance for State and Tribal Response Programs. The regional offices may also request other information be added to the progress reports, as appropriate, to properly document activities described by the cooperative agreement work plan. Expenditure information should be provided in the progress reports. Performance monitoring is in accordance with the terms and conditions of the cooperative agreement.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

In addition to the statutory public record requirement, states and tribes must comply with record keeping requirements of 40 CFR Part 31 and any applicable requirements under state and tribal laws. Recipients must keep financial records, including all documents supporting entries on accounting records and to substantiate changes in grants, available to personnel authorized to examine EPA recipients grants and cooperative agreements records. All records must be maintained until expiration of three years from the date of submission of the final expenditure report. If questions remain following the three-year period, such as those raised as a result of an audit or an on-going enforcement action, recipients must retain records until the matter is completely resolved.

RELATED PROGRAMS:

Not Applicable.

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: Program development activities to establish the four elements of a state or tribal response program, including conducting an inventory of brownfields sites; developing or enhancing oversight and enforcement mechanisms; establishing mechanisms to approve cleanup plans; and providing opportunities and resources for public involvement. Establishing and maintaining a public record of sites, including making information available on the Internet and maintaining and monitoring institutional controls; capitalizing an RLF for brownfields cleanup; purchasing environmental insurance; developing legislation, regulations, procedures, and guidance that would establish or enhance the administrative and legal structure of their response programs; and undertaking-site specific related activities, such as conducting assessments at selected brownfields sites and auditing completed site cleanups in states that administer a licensed site professional program. Fiscal Year 2013: Program development activities to establish the four elements of a state or tribal response program, including conducting an inventory of brownfields sites; developing or enhancing oversight and enforcement mechanisms; establishing mechanisms to approve cleanup plans; and providing opportunities and resources for public involvement. Establishing and maintaining a public record of sites, including making information available on the Internet and maintaining and monitoring institutional controls; capitalizing an RLF for brownfields cleanup; purchasing environmental insurance; developing legislation, regulations, procedures, and guidance that would establish or enhance the administrative and legal structure of their response programs; and undertaking-site specific related activities, such as conducting assessments at selected brownfields sites and auditing completed site cleanups in states that administer a licensed site professional program. Fiscal Year 2014: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

EPA will not fund this program through competitive grant solicitations. Section 128(a) funds will be allocated to eligible states and tribes in accordance with the national Grant Funding Guidance for State and Tribal Response Programs.

66.818 BROWNFIELDS ASSESSMENT AND CLEANUP COOPERATIVE AGREEMENTS

FEDERAL AGENCY:

Office of Solid Waste and Emergency Response, Environmental Protection

Agency

AUTHORIZATION:

American Recovery and Reinvestment Act of 2009; Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended, 42 U.S.C. 9601(39)&9604k; The Small Business Liability Relief and Brownfields Revitalization Act of 2002, Public Law 107-118.

OBJECTIVES:

Brownfield sites are real property, the expansion, redevelopment, or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant. The objectives of the brownfield assessment, revolving loan fund and cleanup cooperative agreements (project grants) are to provide funding: (1) to inventory, characterize, assess, and conduct planning and community involvement related to brownfield sites; (2) to capitalize a revolving loan fund (RLF) and provide subgrants to carry out cleanup activities at brownfield sites; and (3) to carry out cleanup activities at brownfield sites that are owned by the grant recipient.

Funding Priority - Fiscal Year 2013: By statute, 25 percent of the funding for this program must be used for characterization, assessment, and cleanup of Brownfields sites contaminated by petroleum or petroleum products. The Agency must also give preference to statutory ranking criteria found at CERCLA 104(k)(5)(C) (see :180 CRITERIA FOR SELECTING PROPOSALS) when evaluating applications for funding.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

For site specific projects, the site must meet the definition of a brownfields site found at CERCLA 101(39). As part of the application process, EPA provides guidance to assist grant applicants in determining whether sites meet this definition. (1) The brownfields grants may be used to address sites contaminated by petroleum and hazardous substances, pollutants, or contaminants (including hazardous substances co-mingled with petroleum). (2) Brownfields assessment grant funds may be used to inventory, characterize, assess, and conduct planning and community involvement related to brownfield sites. (3) An RLF project grant recipient must use at least 60 percent of the awarded funds to capitalize and implement a revolving loan fund; an RLF project grant recipient may use no more than 40 percent of the awarded funds for cleanup subgrants and may not subgrant to itself. Revolving loan fund project grants generally are used to provide no-interest or low-interest loans for brownfields cleanups. (4) An RLF project grant recipient may use its funds to award subgrants to other eligible entities, including nonprofit organizations, for brownfields cleanups on sites owned by the subgrantee; (5) Brownfields cleanup grant funds must be used to carry out cleanup activities at brownfield sites that are owned by the grant recipient. (6) Costs incurred under CERCLA 104(k) grants or cooperative agreements may not be used for an administrative cost, penalty or fine, a Federal cost-share requirement, a response cost for which the recipient of the grant or cooperative agreement is potentially liable under CERCLA 107, or the cost of complying with a Federal law, with the exception of the costs of laws applicable to cleanup of Brownfields sites. (7) Brownfields multi-purpose pilot grant recipients may use funding for assessment, cleanup planning and direct cleanup at one site owned by the applicant. All grants under 66.818 are awarded on a discretionary basis. For information on statutory limits on the amount of funding, see :123 Range and Average of Financial Assistance, below. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

Eligibility for Assessment, Revolving Loan Fund, and Cleanup Grants: a general purpose unit of local government; a land clearance authority or other quasi-governmental entity that operates under the supervision and control of, or as an agent of, a general purpose unit of local government; a government entity created by a State legislature; a regional council or group of general purpose units of local government; a redevelopment agency that is chartered or otherwise sanctioned by a State; a State; an Indian Tribe other than in Alaska; an Alaska Native Regional Corporation, Alaska Native Village Corporation and the Metlakatla Indian Community. Nonprofit organizations that own the property are also eligible for cleanup grants. Nonprofit organizations must meet the definition of that term in Section 4(6) of the Federal Financial Assistance Management Improvement Act of 1999, Public Law 96-107, 31 U.S.C. 6101 (Note: Under this definition, colleges, universities, and community colleges are eligible to apply.) However, nonprofit organizations described in Section 501(c)(4) of the Internal Revenue Code that engage in lobbying activities as defined in Section 3 of the Lobbying Disclosure Act of 1995 are not eligible to apply. Non-profit organizations are not eligible for the brownfields multi-purpose pilot grants. For profit organizations are not eligible to apply for direct funding from EPA. However, for profit organizations may apply for loans made by eligible entities with RLF capitalization grants. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

Generally, those eligible entities identified above will benefit from the brownfields grant actions. Specifically, individuals and commercial organizations in brownfields grant communities will benefit from brownfields assessment, cleanup, and revitalization funding. New strategies for promoting environmental cleanup lessons from these grants will provide a growing base of information and knowledge for other communities across the country seeking partnerships with stakeholders to coordinate issues related to brownfields and leverage additional opportunities for redevelopment.

Credentials/Documentation:

EPA may require that nonprofit organizations or eligible entities other than states, tribes, or general purpose units of local government provide documentation of eligibility. EPA may also require that applicants provide site specific information to determine whether a site qualifies as a Brownfields site under CERCLA 101(39). OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. This is a competitive grant program. EPA guidelines for Requests for Proposals or Requests for Applications will specify application procedures. For EPA Regional Office contacts, see Appendix IV of the Catalog. The standard application forms as furnished by the Federal agency and required by OMB Circular No. A-102 and A-110 must be used for this program. EPA requires final applications to be made on Standard Form 424. Requests for application kits must be submitted to the Environmental Protection Agency, Grants and Interagency Agreements Management Division, 3903R, Washington, DC 20460 or through the appropriate EPA Regional Office listed in Appendix IV of the Catalog. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

This is a competitive grant program. EPA guidelines for Requests for Proposals

or Requests for Applications will specify award procedures. For EPA Regional Office contacts, see Appendix IV of the Catalog. For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements. For the Recovery Act funding, EPA will award separate cooperative agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 180 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Recipients of RLF grants may apply for additional funding on a non-competitive basis during any year after the first year the recipient receives an RLF grant. To seek additional funding, RLF grant recipients should contact their EPA Regional Office. In awarding this additional funding the Agency will consider: (I) the number of sites and number of communities that are addressed by the revolving loan fund;(II) the demand for funding by eligible entities that have not previously received an RLF grant; (III) the demonstrated ability of the eligible entity to use the revolving loan fund to enhance remediation and provide funds on a continuing basis; and (IV) Other similar factors, including the availability of funds and the recipient's performance history. Recipients of assessment and cleanup grants generally do not receive additional funding on a non-competitive basis.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: Matching requirements are not applicable for brownfield assessment grants. Under CERCLA 104(k)(9)(B)(iii) revolving loan fund and cleanup grants require a 20 percent cost share, which may be in the form of a contribution of money, labor, material, or services, and must be for eligible and allowable costs. An RLF or cleanup grant applicant may request a waiver of the 20 percent cost share requirement based on financial hardship. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The performance period for brownfields assessment and cleanup grant funds is three years. The performance period for brownfields revolving loan fund grants is generally five years. Grants are generally announced nationally and awarded by EPA Regional Offices. The Regional Offices work with the applicants to negotiate a workplan and award the cooperative agreement. See the following for information on how assistance is awarded/released: These grants are generally awarded as a lump sum.

Reports:

No program reports are required. No cash reports are required. Quarterly progress reports, property profiles, notification of significant development, property inventory reports, procurement reports, a final report and financial reports may be required if authorized by 40 CFR Parts 30 and 31. Quarterly progress reports are generally required as part of the terms and conditions of the cooperative agreement. Expenditure information should be provided in the progress reports. Performance monitoring is in accordance with the terms and conditions of the cooperative agreement.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that

year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Record Retention Requirements of 40 CFR Part 30 (non-profits and universities) and 40 CFR Part 31 (governmental units) are applicable, depending upon the identity of the recipient and the program funded.

Account Identification:

68-0103-0-1-304.

Obligations:

(Cooperative Agreements) FY 12 \$58,900,000; FY 13 est \$62,500,000; and FY 14 est \$62,000,000

Range and Average of Financial Assistance:

Range and Average of Financial Assistance: (1) For assessment grants, an eligible entity may apply for up to \$200,000 to address sites contaminated by hazardous substances, pollutants, or contaminants (including hazardous substances co-mingled with petroleum) and up to \$200,000 to address sites contaminated by petroleum; most applicants receive this amount. Applicants may request a waiver of the \$200,000 limit up to \$350,000 for sites contaminated by hazardous substances, pollutants, or contaminants (including hazardous substances co-mingled with petroleum) and up to \$350,000 to address sites contaminated by petroleum. Waiver requests must be based on the anticipated level of contamination, size, or ownership status of the site. These limits are mandatory under CERCLA 104(k)(4)(A). A coalition of eligible entities may apply for up to \$1,000,000 to address sites contaminated by hazardous substances or petroleum on a community-wide basis. (2) For revolving loan fund grants, an eligible entity may apply for up to \$1,000,000 for an initial RLF grant. This limit is mandatory under CERCLA 104(k)(4)(A). In addition, coalitions of eligible entities may apply together under one recipient for up to \$1,000,000 per eligible entity. (3) For cleanup grants, an eligible entity may apply for up to \$200,000 per site. The \$200,000 per site limit is mandatory under CERCLA 104(k)(3)(A). Approximate average financial assistance is \$200,000 for cleanup grants, \$200,000 for assessment grants and \$1 million per entity for revolving loan fund grants.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: As of June 2012, 1,200 sites have been assessed, 120 properties cleaned up, 5,000 jobs leveraged, \$1.2 Billion leveraged and 3,000 acres ready for reuse. Fiscal Year 2013: As of June 2013, 1,345 sites have been assessed, 98 properties cleaned up, 9,796 jobs leveraged, \$1.3 Billion leveraged and 3,888 acres ready for reuse. Fiscal Year 2014: No Current Data Available

REGULATIONS, GUIDELINES, AND LITERATURE:

For brownfields assessment, revolving loan fund, and cleanup grants, costs will be determined in accordance with OMB Circular No. A-87 for State, tribal, and local governments or A-122 for nonprofit organizations, and OMB Circular A-21 for universities. Recipients must comply with 40 CFR Part 30 (nonprofit organizations) or 40 CFR Part 31 (governmental entities). The Agency will periodically publish guidance for brownfields grant proposals.

RELATED PROGRAMS:

66.814 Brownfields Training, Research, and Technical Assistance Grants and Cooperative Agreements ; 66.815 Brownfield Job Training Cooperative Agreements; 66.817 State and Tribal Response Program Grants

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: (1) \$200,000 for hazardous substances: EPA has selected an organization for a brownfields cleanup grants. Hazardous grant funds will be used to clean up the 116 Cook Avenue site.

(2) \$200,000 for hazardous substances and \$200,000 for petroleum: EPA has selected an organization for two assessment grants. Community-wide hazardous substances grant funds will be used to conduct 15 Phase I and five Phase II environmental site assessments. Community-wide petroleum grant funds will be used to conduct 16 Phase I and six Phase II environmental site assessments. Grant funds also will be used to conduct area-wide planning, cleanup planning, and community outreach activities.

(3) \$650,000 for hazardous substances and \$200,000 for petroleum: EPA has selected an organization for one revolving loan fund grant. The grant will be used to capitalize a revolving loan fund that will provide loans to support cleanup activities for sites contaminated with hazardous substances and petroleum. Grant funds also will be used to establish, market, and operate the program, and support community outreach activities.

(4) \$320,000 for hazardous substances and \$220,000 for petroleum: EPA has selected an organization for one assessment coalition grant. Hazardous substances grant funds will be used to conduct up to 12 Phase I and up to 10 Phase II environmental site assessments. Petroleum grant funds will be used to conduct up to 10 Phase I and up to six Phase II environmental site assessments. Grant funds also will be used to inventory sites and support community outreach activities.

(5) \$200,000 for hazardous substances and \$200,000 for petroleum: EPA has selected an organization to receive two assessment grants. Community-wide hazardous substances grant funds will be used to inventory and prioritize brownfield sites and conduct at least 16 Phase I and eight Phase II environmental site assessments on sites located throughout Baker, Union, and Wallowa Counties in northeastern Oregon. Grant funds also will be used to conduct community outreach and cleanup planning activities. Petroleum grant funds will be used to conduct the same tasks at sites with potential petroleum contamination. Fiscal Year 2013: No Current Data Available Fiscal Year 2014: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

This is a competitive grant program. The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement. Selection criteria will be outlined in the proposal guidelines and will be based on a system that includes the following ten statutory ranking criteria:(i) The extent to which a grant will stimulate the availability of other funds for environmental assessment or remediation, and subsequent reuse, of an area in which one or more brownfield sites are located.(ii) The potential of the proposed project or the development plan for an

area in which one or more brownfield sites are located to stimulate economic development of the area on completion of the cleanup.(iii) The extent to which a grant would address or facilitate the identification and reduction of threats to human health and the environment, including threats in areas in which there is a greater-than-normal incidence of diseases or conditions (including cancer, asthma, or birth defects) that may be associated with exposure to hazardous substances, pollutants, or contaminants.(iv) The extent to which a grant would facilitate the use or reuse of existing infrastructure.(v) The extent to which a grant would facilitate the creation of, preservation of, or addition to a park, a greenway, undeveloped property, recreational property, or other property used for nonprofit purposes.(vi) The extent to which a grant would meet the needs of a community that has an inability to draw on other sources of funding for environmental remediation and subsequent redevelopment of the area in which a brownfield site is located because of the small population or low income of the community.(vii) The extent to which the applicant is eligible for funding from other sources.(viii) The extent to which a grant will further the fair distribution of funding between urban and nonurban areas.(ix) The extent to which the grant provides for involvement of the local community in the process of making decisions relating to cleanup and future use of a brownfield site.(x) The extent to which a grant would address or facilitate the identification and reduction of threats to the health or welfare of children, pregnant women, minority or low-income communities, or other sensitive populations. In addition, applicants will be required to demonstrate that site specific activities are carried out at sites that meet the definition of a Brownfields site at CERCLA 101(39).

66.819 DISASTER RELIEF APPROPRIATIONS ACT (DRAA) HURRICANE SANDY LEAKING UNDERGROUND STORAGE TANK TRUST FUND CORRECTIVE ACTION PROGRAM

Sandy Relief

FEDERAL AGENCY:

Office of Solid Waste and Emergency Response, Environmental Protection Agency

AUTHORIZATION:

Solid Waste Disposal Act of 1976, Section 9003(h); Disaster Relief Appropriations Act, 2013, Public Law 113-2.

OBJECTIVES:

To support New Jersey and New York for leaking underground storage tanks activities related to the consequences of Hurricane Sandy. These state LUST programs aim to restore and protect groundwater resources and create a safe environment for those who live or work around these sites. Petroleum releases can contain contaminants like MTBE and other contaminants of concern that can make water unsafe or unpleasant to drink. Releases can also result in fire and explosion hazards, as well as produce long-term health effects.

Funding Priority - Fiscal Year 2013: Assistance agreements to New Jersey and New York, states affected by the consequences of Hurricane Sandy. Sandy Relief funding is to be used to identify releases of petroleum from underground storage tanks caused or exacerbated by the effects of Hurricane Sandy, and these two states will take appropriate corrective actions as necessary to achieve state specific cleanup requirements. The states may use expedited site assessment methods to verify releases and collect data to determine the need for additional assessment work, or site remediation.

TYPES OF ASSISTANCE:

Formula Grants

USES AND USE RESTRICTIONS:

Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Geospatial Information includes: Information that identifies the geographic location and characteristics of natural or constructed features or boundaries on the Earth, or applications, tools, and hardware associated with the generation, maintenance, or distribution of such information. This information may be derived from, among other things, GPS, remote sensing, mapping, charting, and surveying technologies, or statistical data.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official Government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

States may use financial assistance under this program for eligible and allowable costs incurred under cooperative agreements for corrective action, as described in Section: 54 Funding Priority and Section: 180 Criteria for Selecting Proposals. This financial assistance program is not eligible for inclusion in Performance Partnership Grants under 40 CFR 35.133. The Sandy Recovery Improvement Act neither expands nor limits eligible uses of LUST funds under section 9003(h)(7), except that uses must be related to the consequences of Hurricane Sandy. The applicable provisions in OSWER Directive 9650.10A, "LUST Trust Fund Cooperative Agreement Guidelines" apply to states receiving funds under this program. See <http://www.epa.gov/swerust1/directiv/d965010a.htm>.

LUST Trust Funds for corrective action will not be used to implement any provision of the Energy Policy Act (EPA) of 2005, Title XV, Subtitle B, that is not also a leaking underground storage tank activity authorized by Section 205 of the Superfund Amendments and Reauthorization Act.

Applicant Eligibility:

New Jersey and New York, states impacted by the consequences of Hurricane Sandy.

Beneficiary Eligibility:

New Jersey and New York, and the communities and industries affected by leaks from underground storage tanks affected by the consequences of Hurricane Sandy.

Credentials/Documentation:

Even though the LUST corrective action assistance agreements are only used for traditional cleanup activities under Section 9003(h) and, in this instance for those states affected by the consequences of Hurricane Sandy, New Jersey and New York must either submit certification indicating the State meets the applicable Energy Policy Act provisions, or submit documentation describing the State's efforts to meet the requirements, in accordance with EPA's Energy Policy Act grant guidelines (http://www.epa.gov/oust/fedlaws/epact_05.htm). For the Sandy Relief LUST cooperative agreements, the EPA Region 2 Office maintains the credentials/documentation for these two State programs. Costs will be determined in accordance with OMB Circular No. A-87 (2 CFR Part 225) for State and local governments. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. New Jersey and New York apply for funds through EPA's Region 2 office under this CFDA.

Award Procedure:

These funds are awarded non-competitively. Applications will be subjected to administrative evaluation to determine the adequacy of application in relation to assistance agreement regulations and to technical and program evaluation to determine the merit and relevance of the project. The Agency will advise the applicant if funding is being considered. A final work plan will be negotiated with the applicant. A cooperative agreement must be signed between EPA and the State. EPA awards the cooperative agreement to states through a previously established allocation process, issued under national guidance rather than

through competition. See EPA Order 5700.5, Section 6(c)(1).

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Generally three to four months.

Appeals:

Disputes will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Unlike assistance agreements funded with EPA's annual no year LUST appropriations, Sandy Relief funds must be expended by New Jersey and New York within four years of the Agency's obligation, per the May 2013 Office of Management and Budget's approval to EPA's LUST Program Waiver Request for a two-year extension.

Formula and Matching Requirements:

Statutory Formula: Title Solid Waste Disposal Act. LUST corrective action funding awarded under section 9003(h)(7) of the Solid Waste Disposal Act is subject to an allocation process developed by the Agency. While EPA uses a formula based allocation process for its annual awards, this is special funding dedicated to consequences of Hurricane Sandy. The funds will be distributed equally to New Jersey and New York.

Matching Requirements: There is a required 10 percent state cost share under section 9003(h)(7). This requirement is statutory and cannot be waived. The manner in which states provide their cost share is to be negotiated with the Region and must be in compliance with the grant requirements of 40 CFR Part 31.24. Acceptable methods for cost sharing include: contributions, e.g., staff and equipment; and direct, non-federal funds expended or obligated by the state, or a political subdivision of the state, for cost-allowable activities. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Unlike assistance agreements funded with EPA's annual no year LUST appropriations, Sandy Relief funds must be expended by New Jersey and New York within four years of the Agency's obligation, per the May 2013 Office of Management and Budget's approval to EPA's LUST Program Waiver Request for a two-year extension.

However, in the spirit of expeditiously cleaning up LUST sites impacted by the consequences of Hurricane Sandy, New Jersey and New York will strive to expend awarded funds as quickly as possible and appropriate. See the following for information on how assistance is awarded/released: Sandy Relief LUST Trust Fund Corrective Action assistance agreements are awarded to New Jersey and New York, states affected by the consequences of Hurricane Sandy. Financial assistance is awarded in a lump sum. States use the Automated Standard Application for Payment System to request cash drawdowns based on a projected cash requirement.

Reports:

Recipients provide performance and financial reports as authorized by 40 CFR 31.40 and 31.41. For the Sandy Relief LUST assistance agreements, New Jersey and New York will report program performance results semi-annually in the web-based LUST4 database. No cash reports are required. Progress reports are required. New Jersey and New York will submit to EPA/Region 2 quarterly expenditure reports of their outlays and expenditures. Performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

States must maintain accurate records in a readily accessible manner and/or location documenting their expenditures of Sandy Relief funds in compliance with 40 CFR 31.42. When LUST Sandy Relief funds are used for direct site work, states must maintain records on a site-specific basis. LUST Sandy Relief funds must be tracked separately from other LUST or state funds.

Account Identification:

68-8153-0-7-304.

Obligations:

(Formula Grants) FY 12 \$0; FY 13 est \$4,750,000; and FY 14 est \$0 - For FY 2013, a total of \$4,750,000 (post Sequestration) will be made available to New Jersey and New York in FY 2013. The funds will be distributed equally to New Jersey and New York; each state must separately track and account for the use of these supplemental funds. This amount is designated as an emergency requirement pursuant to PL 113-2.

There are no funds planned for FY 2014 as the Hurricane Sandy Supplemental Relief funds are limited to a one-time only occurrence.

Range and Average of Financial Assistance:

Not applicable.

PROGRAM ACCOMPLISHMENTS:

Not Applicable.

REGULATIONS, GUIDELINES, AND LITERATURE:

The regulations governing the award and administration of the Sandy Relief Leaking Underground Storage Tanks cooperative agreements are the "Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments" set forth at 40 CFR Part 31 (<http://www.gpo.gov/fdsys/pkg/CFR-2000-title40-vol1/content-detail.html>).

66.926 INDIAN ENVIRONMENTAL GENERAL ASSISTANCE PROGRAM (GAP)

(GAP for Tribes)

FEDERAL AGENCY:

Office of International and Tribal Affairs, Environmental Protection Agency

AUTHORIZATION:

Indian Environmental General Assistance Program Act of 1992, Section 11, Public Law 102-497, 42 U.S.C 4368b; Indian Environmental General Assistance Program Act of 1992, Public Law 103-155.

OBJECTIVES:

To provide general assistance program (GAP) grants to Indian tribal governments and intertribal consortia to build capacity to administer environmental regulatory programs on Indian lands, and provide technical assistance from EPA to Indian tribal governments and intertribal consortia in the development of multimedia programs to address environmental issues on Indian lands.

Funding Priority - Fiscal Year 2013: Funding is for the purposes of planning, developing, and establishing the administrative, technical, legal, enforcement, communications, and environmental education and outreach structure of a tribal environmental program. The funding will be used to support vital work performed including locally assessing the status of a tribe's environmental condition, utilizing available federal information, building an environmental program tailored to the tribe's needs, developing environmental education programs, developing solid waste management plans, assisting in the building of tribal environmental capacity, and alerting EPA to serious conditions involving immediate public health and ecological health.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Activities eligible for funding under this program are those for planning, developing, and establishing capability to implement environmental protection programs including development of solid and hazardous waste programs. General assistance agreements offer the opportunity for a tribe to develop an integrated environmental program, develop the capability to manage specific programs and establish a core program for environmental protection. These assistance agreements provide the opportunity for the tribes to define and develop administrative and legal infrastructures; to conduct assessments, monitoring, planning, and other actions; and to undertake additional activities within a simplified administrative framework. The primary purpose of these assistance agreements is to support the development of elements of a core environmental program, such as: providing for tribal capacity-building to assure an environmental presence for identifying programs and projects, including developing proposals for environmental program grants and managing environmental work; fostering compliance with Federal environmental statutes by developing appropriate tribal environmental programs, ordinances, and services; and establishing a communications capability to work with Federal, State, local and other tribal environmental officials. Restrictions: The principal focus of this program is on the development of general tribal environmental capability. Assistance will be provided under this program only for activities which the agency determines are appropriate to carry out the purposes of the Act. No single grant awarded under this program may be for an amount exceeding ten percent of the total annual funds appropriated under Section (h) of the Act. As with many of EPA's grants to States and Tribes, GAP grants may now be combined with one or more other EPA grants into a Performance Partnership Grant for administrative savings and, with EPA concurrence, programmatic flexibility. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

The following are eligible to receive financial assistance: (a) An Indian tribal government; and (b) an intertribal consortium or consortia. An Indian tribal government is any tribe, band, nation, or other organized group or community, including any Alaska Native village or regional or village corporation (as defined in or established pursuant to the Alaska Native Claims Settlement Act, 43 U.S.C. 1601, et seq.), which is recognized by the U.S. Department of the Interior as eligible for the special services provided by the United States to Indians because of their status as Indians. An intertribal consortium is a partnership between two or more Indian tribal governments authorized by the governing bodies of those tribes to apply for and receive assistance under this program. An intertribal consortium is eligible to receive a GAP grant if the consortium demonstrates that: (1) A majority of its members meet the eligibility requirements for GAP grants; (2) all members that meet the eligibility requirements authorize the consortium to apply for and receive the grant; and (3) only members that meet the eligibility requirements will benefit directly from the grant project and the consortium agrees to a grant condition to that effect. An intertribal consortium must have adequate documentation of the existence of the partnership and the authorization of the member Tribes to apply for and receive assistance. Documentation that demonstrates the existence of the partnership of Indian Tribal governments may consist of Tribal council resolutions, intertribal consortia resolutions in conjunction with a Tribal council resolution from each member Tribe, or other written certification from a duly authorized representative of each Tribal government that clearly demonstrates that a partnership of Indian Tribal governments exists. Documentation that demonstrates that member Tribes authorize the consortium to apply for and receive assistance may consist of a Tribal council resolution from each Tribe or other written certification from a duly authorized representative of each Tribal government that clearly demonstrates that the Tribe authorizes the consortium to apply for and receive the grant on behalf of the Tribe. An intertribal consortium resolution is not adequate documentation of the member Tribes authorization of the consortium unless it includes a written certification from a duly authorized representative of each Tribal government.

Beneficiary Eligibility:

Federally Recognized Indian Tribal Governments and eligible Intertribal Consortia.

Credentials/Documentation:

This program is subject to the provisions of OMB Circular No. A-87. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. Applicants must use the "Application for Federal Assistance: State and Local Non-Construction Programs" (Standard Form 424). Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

Applications are reviewed by the appropriate Regional Office and, if approved, financial assistance is awarded by the Regional Administrator or his/her delegated official.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 90 days after deadline for application submission.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients

will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

In order to receive renewals, significant progress must be demonstrated. Renewals are subject to approval of EPA. Contact the EPA Regional contact identified in Appendix IV of the Catalog for additional information.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Award amount remains available until expended in accordance with the term of the award. The term of an award may exceed one year, but may not exceed four years. The term of the grant shall be determined at the time of the grant award. See the following for information on how assistance is awarded/released: Other. The method of fund disbursement will be determined at the time of award.

Reports:

EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Specific reporting requirements are also identified in the Grant Regulations at 40 CFR Part 31 and 40 CFR Part 35 (B), "Environmental Program Grants for Tribes." Program reports are required under this program. Cash reports are required under this program. Progress reports are required under this program. Expenditure reports are required under this program. Performance monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate charges to each grant, must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained for three years from the date of submission of the annual financial status report. If questions still remain, such as those raised as a result of audit, related records should be retained until the matter is completely resolved.

Account Identification:

68-0103-0-1-304.

Obligations:

(Project Grants) FY 12 \$67,300,000; FY 13 est \$64,100,000; and FY 14 est \$72,600,000

Range and Average of Financial Assistance:

The minimum award for the first year of the grant is \$75,000/fiscal year, max. \$400,000/fiscal year; avg. \$110,000/fiscal year.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: Project accomplishments included participation in water quality assessment training; participation in watershed management coordination projects, and the assessment of baseline environmental conditions. Fiscal Year 2013: Funding awards will not be finalized nationally before the end of Fiscal Year 2013. In previous years GAP funding project accomplishments included participation in water quality assessment training, participation in watershed management coordination projects, and the assessment of baseline environmental conditions. EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: Examples of funded projects include: establishment of a water quality assessment program; an environmental assessment inventory; establishment of an environmental code; establishment of a multi-media program to address water quality, air quality, safe drinking water, solid waste, hazardous waste and pesticides; establishment of a management plan with emphasis on wastewater sludge reclamation and tire recovery; and establishment of a program to address underground storage tanks, SARA Title III, and radon. Fiscal Year 2013: Examples of past funded projects include: establishment of a water quality assessment program; an environmental assessment inventory; establishment of an environmental code; establishment of a multi-media program to address water quality, air quality, safe drinking water, solid waste, hazardous waste and pesticides; establishment of a management plan with emphasis on wastewater sludge reclamation and tire recovery; and establishment of a program to address underground storage tanks, SARA Title III, and radon. Fiscal Year 2014: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

Proposals are approved by the individual EPA Regional offices according to the applicant's ability to achieve objectives outlined in Public Law 102-497, Section 11, the interim final regulation for programs implementation in the Federal Register on December 2, 1993, 40 CFR Part 35, Indian Tribes; and the Final Guidelines on the Award and Management of General Assistance Agreements for Indian Tribes. Proposals should contain schedules for progress reports that will contribute towards development of environmental management capacity building; provide for an on-going coordination and problem resolution; and show an adequate ability to meet the proposed objectives, record keeping, and reporting requirements.

66.931 INTERNATIONAL FINANCIAL ASSISTANCE PROJECTS SPONSORED BY THE OFFICE OF INTERNATIONAL AND TRIBAL AFFAIRS

FEDERAL AGENCY:

Office of International and Tribal Affairs, Environmental Protection Agency

AUTHORIZATION:

Safe Drinking Water Act, Section 1442(a)&(c), 42 Stat. 300j-1(a)(1); Federal Insecticide, Fungicide, and Rodenticide Act, Section 20, Public Law 92-516, 7 U.S.C 136r; Toxic Substances Control Act, Section 10, 15 U.S.C 2609; Solid Waste Disposal Act, Section 8001, 42 Stat. 6981; National Environmental Policy Act, Section 102(2)(F), 42 Stat. 4332; Clean Air Act, Section 103, 42 U.S.C 7403; Clean Water Act, Section 104, 33 U.S.C 1254; Marine Protection, Research and Sanctuaries Act of 1972, Section 203, 33 Stat. 1443.

OBJECTIVES:

To protect human health and the environment while advancing U.S. national interests through international environmental collaboration. This mission is supported by these strategic objectives: 1) Reducing Exposure to Toxic Chemicals; 2) Improving Air Quality; 3) Cleaning Up Electronic Waste (E-Waste); 4) Combating Climate Change by Limiting Pollutants; 5) Expanding access to Clean Water; and 6) Building Strong Environmental Institutions and Legal Structures.

Funding Priority - Fiscal Year 2013: EPA Safeguards air, water, and land for all Americans. International capacity-building plays a key role in protecting human health, communities and the environment by providing technical cooperation to help countries reduce air pollution, better manage air quality global climates, reduce the global use and emission of mercury, manage drinking & surface water quality, and provide technical assistance to restore the land and mitigate sources of land pollution. OITA will work to transfer appropriate air management tools and techniques to key countries and regions as we collaborate with partners to improve air quality. In addition, we will continue efforts to reduce global sources of persistent bioaccumulative toxins. Long-range and transboundary atmospheric transport and deposition of such toxics as Mercury, Persistent Organic Pollutants (POPs) such as polychlorinated biphenyls (PCBs), pesticides, dioxins, and furans continue to threaten human health and ecosystems. OITA will continue to promote the development of activities for managing drinking and surface water quality and provide technical cooperation, expertise, and assistance to help communities and countries preserve and restore the land and to mitigate sources of land pollution.

OITA plays a key role in ensuring trade-related activities sustain environmental protection. Initiatives relating to environmental trade and investment are carried out bilaterally, multilaterally or in connection with multilateral institutions such as the World Trade Organization (WTO), World Bank, European Union (EU), or Asia-Pacific Economic Cooperation Forum (APEC). Also, OITA will support protection of human health and the ecosystem for North America through the United States' participation in the North American Agreement on Environmental Cooperation and through leadership in the Commission on Environmental Cooperation (CEC), the Organization for Economic Cooperation and Development (OECD), and other international entities. EPA will provide targeted capacity building support under the environmental cooperation agreements developed parallel to U.S. free trade agreements.

The U.S.-Mexico Border (to sustain and restore community health and preserve the ecological systems that support them) program is implemented in partnership with the ten Border States and the government of Mexico with its corresponding states and tribes. It addresses the Agency's major themes of clean air, clean water, and clean land. The key areas of focus for the Border 2020 Program include improving water quality in the region; improving availability of low sulfur diesel fuel on the border; the stabilization of abandoned hazardous waste sites; removal of used tire piles along the U.S.-Mexico Border; defining baseline and alternative scenarios for air emissions reductions along the border region; and binational emergency preparedness drills and exercises at border sister cities.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Discretionary funds are available for the awards under this program. Grants and cooperative agreements are available to support recipients' allowable direct cost expenditures incident to the approved project plus allocable portions of allowable indirect costs of the institution, in accordance with established EPA policy, 40 CFR parts 30 and 31. Funding awarded for international research under these projects does not include research within the purview of EPA's Office of Research and Development. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

Assistance under this program is generally available to States and local governments, territories and possessions, foreign governments, international

organizations, Indian Tribes, and possessions of the U.S., including the District of Columbia, public and private universities and colleges, hospitals, laboratories, other public or private nonprofit institutions, which submit applications proposing projects with significant technical merit and relevance to EPA's Office of International Affairs' mission. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

States and local governments, territories and possessions, foreign governments, international organizations, Indian Tribes, and possessions of the U.S., including the District of Columbia, public and private universities and colleges, hospitals, laboratories, other public or private nonprofit institutions.

Credentials/Documentation:

Office of International and Tribal Affairs (OITA) may require applicants to submit documentation of non-profit status. OITA may request applicants to demonstrate they have appropriate background, academic training, experience in the field, and necessary equipment to carry out projects. OITA may also ask applicants or principal investigators to provide curriculum vitae and relevant publications. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. The standard application forms as furnished by the Federal agency and required by OMB Circular No. A-102 and A-110 must be used for this program. EPA requires final applications to be made on Standard Form 424. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA. Under EPA Order No. 5700.5A1, Policy for Competition in Assistance Agreements (9/12/02), Assistance awards to Foreign Governments and to United Nations agencies and similar International Organizations, such as the Organization of American States and Organization for Economic Cooperation and Development (OECD), may be exempted from competition at the discretion of OITA. For competitive awards, Requests for Initial Proposals or Requests for Applications will specify application procedures.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements. For non-competitive awards, OITA will conduct an administrative evaluation to determine the adequacy of the application in relation to grant regulations and to technical and program evaluation to determine the merit and relevance of the project. The Agency will then advise the applicant if funding is being considered. A final work plan will then be negotiated with the applicant.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 180 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also

be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

None. A standard grant application should be prepared and submitted as a new grant, which will be reviewed in the same manner as the original application and will compete for available funds. Generally, EPA incrementally funds grants and cooperative agreements. Approval of subsequent funding increments is dependent on satisfactory project progress, continued relevance of the project to OITA's priorities, and availability of funds.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

EPA normally funds grants and cooperative agreements on a 12-month basis. However, EPA can negotiate the project period with each applicant based on project requirements. EPA limits project periods to 5 years. Payments will be on an advance letter of credit or reimbursement basis; recipient must request the initial advance payment on SF 270, Request for Advance or Reimbursement. See the following for information on how assistance is awarded/released: Assistance is awarded by project.

Reports:

No program reports are required. No cash reports are required. Reporting requirements are identified at 40 CFR Parts 30 and 31. EPA may include additional information regarding the content and frequency of reporting requirements in the terms and conditions of the agreements. Progress reports are required under this program. Expenditure Reports are required under this program. Performance Monitoring is required under this program.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

The record retention requirements of 40 CFR Part 30 (non-profits and universities) or 40 CFR Part 31 (governmental units) are applicable depending upon the identity of the recipient. Financial records, including all documents to support entries on accounting records and to substantiate changes to each grant must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained until expiration of three years from the date of submission of the final expenditure report. If questions still remain, such as those raised as a result of audit, related records must be retained until the matter is completely resolved.

66.950 NATIONAL ENVIRONMENTAL EDUCATION TRAINING PROGRAM

Teacher Training Program

FEDERAL AGENCY:

Office of the Administrator, Environmental Protection Agency

AUTHORIZATION:

National Environmental Education Act, Section 5, Public Law 101-619.

OBJECTIVES:

To train educational professionals in the development and delivery of environmental education programs. As required by Public Law 101-619, funds are provided to universities, non-profit organizations, or a consortia of such institutions to deliver environmental education training and support for education professionals.

Through a series of work-shops, on-line courses, professional learning communities and social networking opportunities, EE Capacity is bringing established and urban environmental educators together to exchange ideas and resources, and form expanded social networks. As innovative environmental education practices emerge through this exchange among diverse professionals, EE Capacity will share and test them. In this way, EE Capacity participants will help to define the face of environmental education in an increasingly urban and diverse society.

Funding Priority - Fiscal Year 2013: EPA awards only one cooperative agreement to a university, non-profit organization, or a consortia to operate the program on a multi-year basis. The current cooperative agreement is to be

operated from October 1, 2010 through September 30, 2015. The training and support must be provided for both formal and non-formal educators, occur in both pre-service and in-service settings, and reach geographically and culturally diverse audiences across the U.S. The outputs should include: delivering in-service and pre-service educator training, promoting the national environmental education guidelines, supporting state capacity building, developing and institutionalizing a materials review process, supporting the accreditation of teachers, supporting state educator certification efforts, and supporting internet access to information and materials. The training program must provide training and support for both formal and non-formal educators, occur in both pre-service and in-service settings, and reach geographically and culturally diverse audiences across the U.S. The outputs should include: delivering in-service and pre-service educator training, promoting the national environmental education guidelines, supporting state capacity building, developing and institutionalizing a materials review process, supporting the accreditation of teachers, supporting state educator certification efforts, and supporting internet access to information and materials.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Funds shall be used to establish an education and training program which shall include, at a minimum: (1) classroom training in environmental education and studies including environmental sciences and theory, educational methods and practices, environmental career or occupational education, and topical environmental issues and problems; (2) demonstrations of the design and conduct of environmental field studies and assessments; (3) development of environmental education programs and curricula, including programs and curricula to meet the needs of diverse ethnic and cultural groups; (4) sponsorship and management of international exchanges of teachers and other educational professionals between the United States, Canada, and Mexico involved in environmental programs and issues; (5) maintenance or support of a library of environmental education materials, information, literature, and technologies, with electronic as well as hard copy accessibility; (6) evaluation and dissemination of environmental education materials, training methods, and related programs; (7) sponsorship of conferences, seminars, and related forums for the advancement and development of environmental education and training curricula and materials, including international conferences, seminars, and forums; (8) supporting effective partnerships, networks, and the use of distant learning technologies; and (9) such other activities as the Administrator determines to be consistent with the policies of the Act. No funds made available for this program shall be used for the acquisition of real property (including buildings) or the construction or substantial modification of any building. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

Assistance under this program is available to universities, non-profit organizations, or a consortia of such institutions to deliver environmental education training and support for education professionals. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

Education (0-8), education (9-12), education (13+), nonprofit institutions.

Credentials/Documentation:

Documentation of nonprofit status may be required. Applicants may be

requested to demonstrate they have appropriate background, academic training, experience in the field, and necessary equipment to carry out projects. The Office of Environmental Education may ask applicants or principal investigators to provide curriculum vitae and relevant publications. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

A solicitation notice is issued for this program once every five years. The notice identifies the application process. Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. This program is excluded from coverage under OMB Circular No. A-110. The solicitation notice which described the application procedure for the training program that will operate from 10/1/10 through 9/30/15, subject to the availability of funds, was posted on <http://www.grants.gov> in late Spring 2010. The solicitation notice previous to that one was issued March 18, 2005. The solicitation process for this program is conducted every five years. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

This program is subject to the provisions of OMB Circular No. A-110. For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

It can take up to a year from time of application submission to award of an assistance agreement. The last award was made in early summer 2011 (for the solicitation published in Spring 2010). The next date that a solicitation notice for this program is anticipated to be published is in the Spring of 2015.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Generally, EPA incrementally funds grants and cooperative agreements for surveys, studies, and investigations. Approval of subsequent funding increments is dependent on satisfactory project progress, continued relevance of the project to the Office of Environmental Education's program priorities, and the availability of funds.

Formula and Matching Requirements:

This program has no statutory formula. Matching Requirements: In accordance with the National Environmental Education Act (Public Law 101-619), federal funds for any project under this section shall not exceed 75 percent of the total cost of such project. The project has a 25 percent non-federal match required by statutory formula. For the purposes of this section, the non-Federal share of project costs may be provided by cash or by in-kind contributions and other non-cash support. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The training program consists of an initial one year budget and project period subject to annual supplemental funding agreements for up to five years. See the

following for information on how assistance is awarded/released: This program operates on a five year basis. Funds are initially awarded for a one year project period. Subsequent supplemental funding awards on an annual basis for the next four years.

Reports:

No program reports are required. No cash reports are required. The grantee must submit bi-annual and final progress reports. Expenditure reports are required. Performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate changes to each assistance agreement, must be kept available to personnel authorized to examine EPA assistance accounts. All records must be maintained until the expiration of 3 years from the date of submission of the final expenditure report. If questions still remain, such as those raised as the result of an audit, related records should be retained until the matter is completely resolved.

66.951 ENVIRONMENTAL EDUCATION GRANTS

FEDERAL AGENCY:

Office of the Administrator, Environmental Protection Agency

AUTHORIZATION:

National Environmental Education Act, Section 6, Public Law 101-619.

OBJECTIVES:

The Environmental Education Grants Program supports projects to design, demonstrate, and/or disseminate practices, methods, or techniques related to environmental education and teacher training. As required by Public Law 101-619, this grant program provides financial support for environmental education projects implemented by schools, universities, state and local government environmental and educational agencies, tribal education agencies, and nonprofit 501 (c)(3) organizations that increase public awareness and knowledge about environmental issues and provide the skills that participants in its funded projects need to make informed environmental decisions and take responsible actions toward the environment.

Funding Priority - Fiscal Year 2013: Funding priorities for fiscal year 2013 are to award 25% of our grant funding to small grants of \$5000 or less through a sub-grant program. In addition, grants for model, replicable projects will also be awarded. Funding amounts are expected to be reduced compared to previous years because of our status under a continuing resolution.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Grant funds shall be used to establish an education program which shall include, at a minimum: (1) design, demonstration, or dissemination of environmental curricula and materials on specific topics for which there are no existing materials; (2) design and demonstration of field methods, practices, and techniques, including review of environmental and ecological conditions and analysis of environmental and pollution problems; (3) projects to understand and evaluate a specific environmental issue or a specific environmental problem; (4) provision of training or related education for teachers, faculty, or related personnel in a specific geographic area or region; and (5) design and demonstration of projects to foster international cooperation in addressing environmental issues and problems involving the United States and Canada or Mexico. Priority will be given to those projects which will develop: (a) a new or significantly improved environmental education practice, method, or technique; (b) an environmental education method which may have wide application; (c) an environmental education method which addresses skills or scientific fields identified as a priority in the report developed by the National Environmental Education Advisory Council; and (d) an environmental education project which addresses an environmental issue which, in the judgment of the Administrator, is of a high priority. More specific priorities are listed above under Objectives and are specified in the annual Solicitation

Notice. Restrictions: No funds made available for this program shall be used for technical training of environmental management professionals; for advocacy or lobbying; for acquisition of real property (including buildings); or the construction or substantial modification of any building. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

Assistance under this program is generally available to local education agencies, colleges and universities, state education and environmental agencies, nonprofit organizations described in Section 501(c)(3) of the Internal Revenue Service, and noncommercial educational broadcasting entities as defined and licensed by the Federal Communications Commission. Applicant organizations must be located in the United States or territories and the majority of the educational activities must take place in the United States, Canada, or Mexico. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

Education (0-8), education (9-12), education (13+), nonprofit institutions.

Credentials/Documentation:

Documentation of nonprofit status may be required. Applicants must demonstrate that they have appropriate background, academic training, and experience in the field, and may be asked to demonstrate the necessary equipment or facilities to carry out the project. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

The annual solicitation notice for proposals and grant writing tips are available on the Agency's website listed below. Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Applications are accepted for one or two solicitations on an annual grant cycle and are due at the deadline(s) stated below. Applicants submit an application package in the format required in the annual Solicitation Notice(s). Applicants submit an application package to the appropriate EPA Regional Grants Management Offices depending on where the project activities will take place. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA. Applicants may also submit applications and attachments on paper via mail or delivery services.

Award Procedure:

Applications for assistance agreements are to be submitted to and evaluated by the appropriate EPA Headquarters or Regional Offices based on where the proposed project will take place and the nature of the awards as described in the solicitation notice. For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements. The Agency will then advise the applicant if funding is

being considered. A final work plan will then be negotiated with the applicant. All awards are competed through the annual announcement(s) and no proposals are awarded non-competitively.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 180 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

None. Grants proposals are solicited and evaluated annually on a competitive basis. Therefore, applicants should not plan for renewals.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: In accordance with the National Environmental Education Act (Public Law 101-619), federal funds for any project under this section shall not exceed 75 percent of the total cost of such project. The project has a 25 percent non-federal match required by statutory formula. For the purposes of this section, the non-federal share of project costs may be provided by cash or by in-kind contributions and other non-cash support. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The majority of the grants awarded in this program have been completed in a one-year project period. However, up to two year project periods are possible depending upon the nature and complexity of the project. Activities must be completed within the time frame of the budget period. Two or more concurrent grants to the same organization for the same project are not allowed in this program. Grants may be incrementally or fully funded. This determination is made by the EPA. See the following for information on how assistance is awarded/released: As requested by the grantee periodically.

Reports:

No program reports are required. No cash reports are required. Recipients of grants are expected to submit progress reports on at least a semi-annual basis. Final reports and two copies of all grants products are due within 90 days of the close of the budget period. Expenditure reports are required. Performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate changes to each assistance agreement, must be kept available to personnel authorized to examine EPA assistance accounts. All records must be maintained until the expiration of three years from the date of submission of the final expenditure report. If questions still remain, such as those raised as the result of an audit, related records should be retained until the matter is completely resolved.

Applicant Eligibility: A NNEMS Fellowship is available to any associate, undergraduate, graduate, or advanced student who meets the general criteria listed below, as well as those identified for associate, undergraduate, graduate and advanced students. At a minimum, all applicants must be: 1) A citizen of the United States, its territories or possessions, or lawfully admitted to the United States for permanent residency. 2) Enrolled for academic credit at a college or university, or distance-learning institution accredited by a regional or national accrediting organization recognized by the United States Department of Education or the Council for Higher Education Accreditation. Associate and Undergraduate Students: Students attending 2- or 4-year institutions or distance learning institutions must meet the following requirements: 1) 3.0 cumulative grade point average (GPA) based on a scale of 4.0 at the time that the application is due. 2) Completion of at least four courses related to the field of environmental studies. Graduate and Advanced Students: Students enrolled in graduate or doctoral programs must meet the following requirements: 1) Currently enrolled in a graduate or Ph.D. program or can provide proof of acceptance and enrollment to a graduate or Ph.D. program at the time of fellowship award. 2) Completion of at least one semester of graduate or Ph.D. work, or at least four undergraduate courses related to the field of environmental studies. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy. Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR 3629,3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Beneficiary Eligibility:

Any student from a 2 or 4 year college or university that meets the criteria of the program.

Credentials/Documentation:

Students are required to submit an official transcript from each 2- or 4-year college or university, or distance learning institution attended. A student must submit verification of acceptance and/or enrollment in a graduate or Ph.D. program if the applicant is a graduating senior. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive

funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. This program is excluded from coverage under OMB Circular No. A-110. Students who are interested in applying for a NNEMS fellowship must submit three complete application packages (one original and two copies) that include: 1) A completed NNEMS application, 2) SF 424, 3) A resume, 4) A completed NNEMS reference form, 5) A completed NNEMS Disclosure and Waiver Statement, 6) Verification of acceptance and/or enrollment in a graduate or Ph.D. program if the applicant is a graduating senior, and 7) An official transcript for each 2- or 4-year college or university, or distance learning institution attended. Official transcripts should be opened and photocopied as two copies of the transcript are required for each complete application. NNEMS application forms can be obtained on our web site at: www.epa.gov/enviroed. Applicants must submit their completed application package to: NNEMS Fellowship Program, Tetra Tech EM Inc., 1881 Campus Commons Drive, Suite 200, Reston, VA 20191. Students selected for a NNEMS Fellowship must fill out a Fellowship Application (EPA Form 5770-2) and a Fellowship Facilities and Commitment Statement (EPA Form 5770-3). Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 120 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 40 CFR 30.63 or 40 CFR 31.70, as applicable.

Renewals:

Grants are solicited through competitions and are not renewed.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

NNEMS Fellowships are generally awarded for three months full-time and up to three years part-time. Students receive payment in the form of a stipend typically paid in equal monthly payments throughout the duration of the fellowship period unless otherwise specified in a disbursement plan submitted with the funding package. See the following for information on how assistance is awarded/released: Stipends are awarded according to Project Officer's disbursement plan.

Reports:

Reporting requirements will be stated in the Terms and Conditions of the official grant award documents. Recipients must submit original final reports to the EPA Project Officer. The final report should be submitted on the last day of the fellowship. Unless directed otherwise by the EPA Project Officer, the final report should summarize the specific project undertaken by the student and the project results. Program reports are required. No cash reports are required.

Progress reports are required per the NNEMS post award monitoring plan provided by the project officer. No expenditure reports are required. Performance monitoring is required per the NNEMS post award monitoring plan posted by each project officer.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Pursuant to 40 CFR Part 46- Fellowships, Subpart E-46.230, Closeout Procedures: NNEMS Fellows must retain all records related to the fellowship for 3 years following the completion date identified on the Completion of Studies Notice. The EPA, the Inspector General, and the Comptroller General of the United States, and any duly authorized representatives have the right of timely and unrestricted access to a student's documents, papers, or other records related to a fellowship in order to make audits, examinations, excerpts, transcripts, and copies of such documents. The rights of access in this paragraph are not limited to the required retention period but shall last as long as those records are retained.

Account Identification:

68-0108-0-1-304.

Obligations:

(Project Grants) FY 12 \$132,518; FY 13 est \$270,000; and FY 14 Estimate Not Available

Range and Average of Financial Assistance:

Recipients of NNEMS fellowships receive a grant award in the form of a stipend, based on the student's level of education and the duration and location of the project. Grant awards range from approximately \$7,400.00 to \$12,600.00 per award for a 3-month, full-time period. The average award is for approximately \$12,000.00. For a part-time period of up to 3 years, the average award is for approximately \$25,000 to \$30,000 per year.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: For FY 2012, 6 students received a NNEMS fellowship.
Fiscal Year 2013: For FY 2013, 6 students will receive a NNEMS Fellowship.
Fiscal Year 2014: No Current Data Available

RELATED PROGRAMS:

66.509 Science To Achieve Results (STAR) Research Program

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: Environmental Policy, Regulation and Law

1)Project Overview:

The national ambient air quality standards (NAAQS) for criteria pollutants are reviewed every 5 years. If a NAAQS is revised, areas of the United States in

violation of the revised NAAQS must be identified through a process called air quality designations. The NAAQS for several pollutants including ozone, lead, nitrogen dioxide and sulfur dioxide have recently been revised. Under this project, the fellow will conduct research on U.S. air pollutants and pollution issues, as well as the activities undertaken by EPA and state and local air pollution agencies to manage air quality to achieve national standards. The fellow also will work with OAQPS staff as they plan and produce outreach and communications materials on air quality designations for state and local air pollution.

Project Goals:

The fellow will increase his or her knowledge of air pollution issues and activities undertaken by the EPA and state and local air pollution agencies to manage air quality to achieve national standards. When the project is complete, the fellow will have accomplished one or more of the following: (1) analyzed air pollutant issues in local areas, (2) researched designation activities to reduce air pollution, and (3) developed skills needed to advance program guidance and implementation for local application.

2)Project Overview:

Tribal governments often have difficulty applying national, general guidance to their particular situation. To enhance capacity building on tribal lands, it is necessary to develop more specific documents that illustrate tribal issues and concerns. The fellow selected will conduct research on U.S. air pollutants and pollution issues, as well as the activities undertaken by the EPA and state, tribal, and local air pollution agencies to manage air quality and implement national standards on tribal lands. The fellow also will research program-specific outreach and communications guidance for tribal programs.

Project Goals:

The fellow can expect to increase his or her knowledge of criteria and air toxics pollutant control, policy analysis, the community tribal program and the federal regulatory process. When the project is complete, the fellow will have accomplished one or more of the following: (1) analyzed air pollutant issues in local areas, (2) reviewed implementation activities to reduce air pollution, and (3) developed skills needed to advance program guidance and implementation for local application.

Environmental Management and Administration

3)Project Overview:

The fellow will support the Waste Materials Management and Stewardship Team in its mission to support more sustainable use of materials and waste management in the Pacific Northwest and Alaska. The fellow will work with members of the team to integrate materials management into climate change discussion, policies and programs. For example, the fellow will work with the team as it develops resources and tools to promote sustainability, recycling and green building practices. The fellow will develop case studies, research best practices and participate in a web-based educational series on effective sustainability, recycling and green building practices and programs. In addition, the fellow will meet with state, local and tribal partners to research how these improved environmental practices have been integrated into their businesses. Finally, the fellow will support development of product stewardship initiatives and implementation of climate actions into federal facilities.

Project Goals:

The fellow will gain understanding in a new and exciting area of work sustainable materials management. The fellow will understand the impact of materials management on our climate footprint and will be able to translate that understanding into effective communications.

Environmental Science

4)Project Overview:

Green Infrastructure (GI) and Low Impact Development (LID) approaches are increasingly being used as Best Management Practices (BMP) in attempts to regulate hydrology, manage water quantity and quality, and offset ecological impacts of urbanization and land use change. GI and LID include methods such as swales, detention ponds, green roofs, riparian buffers, rain gardens and constructed wetlands. Water quality managers require science-based assistance for making management decisions because there may be considerable variability in benefits associated with these approaches.

Under this project, the fellow will research and prepare a decision support tool for urban watershed planning that will prioritize the selection and location of effective GI and LID approaches intended to improve water quality and quantity in urban watersheds. The ultimate objective of this decision support tool is to provide a systematic mechanism that will improve the cost effectiveness of siting and implementing GI- and LID-based management approaches.

The fellow will take a hierarchical approach to the project, including: (1) identifying and synthesizing land use data and city engineering plans for a city of interest that will form a case study for proof of principle; (2) creating maps and geographic information system (GIS) layers to display city infrastructure, roads, residential and commercial construction, streams, green space, and other features, and developing criteria for selection of GI and LID based on hydrology and nutrient removal effectiveness as reported in the literature; (4) developing decision mechanisms such as if-then statements, decision trees, and neural networks or algorithms designed to systematically and automatically select sites with best potential for GI or LID implementation; and (5) testing the decision tool and assessing sensitivity by ground-truthing selected sites. The fellow should expect an iterative approach for developing the decision support tool and will work with EPA staff throughout the development process.

Project Goals:

The fellow will conduct cutting-edge research into the land use science and ecology of urban streams and the effects of ecosystem restoration by applying GI or LID methods. The fellow will be mentored by EPA scientists and academic researchers in an apprenticeship context. The primary goals of the project are for the fellow to explore the feasibility of creating sustainable, urban ecosystems and to develop an understanding of the growing field of urban ecology, planning and design. The fellow will receive training by leading researchers that will augment his or her current graduate program.

Public Relations and Communications

5)Project Overview:

The Community Involvement Program seeks to build capacity in communities so that citizens may effectively participate in the Superfund process. Building capacity in communities may focus on technical assistance or on providing communities the opportunity to form advisory groups to discuss site activities and resolve issues.

In addition, the Community Involvement and Program Initiatives Branch works to establish dialogue with members of the public on critical issues facing communities near Superfund sites. During this project, the fellow will become familiar with the Superfund process and learn how public participation processes are implemented during cleanups.

The specific project will depend on the emerging issues at the time of application and selection. Students applying for this fellowship must have good writing skills and be able to perform basic research, critical analysis and synthesis of information from multiple sources. In addition, the students should have knowledge of community involvement and conflict resolution.

Project Goals:

The fellow will learn critical issues facing a government agency as it seeks to involve the public in decision making. In addition, the fellow will learn to

analyze emerging issues and topics and work with EPA staff in developing strategies for managing the issues and topics. Fiscal Year 2013: Environmental Management and Administration

Project Overview:

The fellow will support the Materials Management and Stewardship (MMAS) Team in its mission to implement the EPA's Sustainable Materials Management (SMM) Program in the Pacific Northwest and Alaska. Building on the familiar concept of Reduce, Reuse and Recycle, SMM is a systemic

approach that seeks to reduce materials use and their associated environmental impacts over their entire life cycle, starting with extraction of natural resources and product design, and ending with

decisions on recycling or final disposal. Working with the MMAS Team, the fellow will participate in efforts that support the EPA's national SMM priorities, including the reduction of food waste through the Food Recovery Challenge and efforts to reduce the environmental footprint of federal facilities through the Federal Green Challenge. The fellow will participate in the West Coast Climate and Materials Management Forum, which is an EPA-led partnership of western cities and states

that are developing and sharing ways to integrate lifecycle materials management policies and practices into climate actions. The fellow will meet with workgroups, conduct policy research and analysis, prepare case studies, and participate in MMAS Team activities. To be successful at this project, the fellow should have strong oral and written communication skills, an understanding of sustainability, and a passion for environmental work.

Project Goals:

The fellow will gain an understanding of and experience in a new and exciting area of work, sustainable materials management. The fellow will learn about the relationship between materials management and climate change and will be able to translate that understanding into effective communication.

Environmental Science Project Overview:

Finite water resources, increasing demand and aging water infrastructure are some of the greatest challenges facing our nation and other global regions. The Safe and Sustainable Water Resources

(SSWR) research program in the EPA is conducting research and analysis that strive for solutions to ensure future generations will have adequate water of sufficient quality. The research program will develop sustainable solutions by integrating trans-disciplinary research addressing social, environmental and economic outcomes. Complex water issues cannot be solved by a traditional "siloe" water management approach. In a water-connected world, sustainable solutions require a

system-based approach, where water services (traditionally within wastewater, stormwater and drinking water) are integrated to maximize the recovery of resources (energy, nutrients, materials and water). Next-generation sustainable water systems should employ effective water management practices that provide safe and sustainable water from source to drinking water tap. Furthermore, these water systems need to be adaptive to address changing societal aspirations, demographics

and climate. Water system managers require science-based assistance for making management decisions. One of the system-based methods is energy synthesis, a process previously used for various systems at multiple scales to incorporate environmental, social and economic aspects into a common unit of nonmonetary measure (solar energy equivalents). Furthermore, an energy approach may provide an objective metric to assess the sustainability of systems. It not only quantitatively assesses the direct and indirect energy required to produce goods and services, but also provides a decision criterion (metric) to evaluate the efficacy of alternatives. Energy analysis has the potential, along with other metrics, to integrate sustainability principles to water

system management at different scales and levels. Under this project, the fellow will focus on developing an energy-based decision support tool that will focus on how to minimize community wastewater contamination by maximizing the recovery of resources (energy, nutrients, materials and water).

Project Goals:

The fellow will conduct highly interdisciplinary research in the field of sustainable science and address hydrology, ecology and engineering issues. The fellow will work with EPA scientists and academic researchers and receive training by leading researchers that will augment his or her current graduate program.

Public Relations and Communications Project Overview:

The Community Involvement Program seeks to build capacity in communities so that citizens may effectively participate in the Superfund process. Building capacity in communities may focus on

technical assistance or on providing communities the opportunity to form advisory groups to discuss site activities and resolve issues. In addition, the Community Involvement and Program Initiatives Branch works to establish dialogue with members of the public on critical issues facing communities near Superfund sites. During this project, the fellow will become familiar with the Superfund process and learn how

public participation processes are implemented during cleanups. The specific project will depend on the emerging issues at the time of application and selection. Students applying for this fellowship must have good writing skills and be able to perform basic research, critical analysis and synthesis of information from multiple sources. In addition, the students should have knowledge of the various tools and techniques used to involve communities in environmental decision making.

Project Goals:

The fellow will learn critical issues facing a government agency as it seeks to involve the public in decision making. The fellow will learn to analyze emerging issues or topics and work with EPA staff in developing strategies for managing the issues or topics. Fiscal Year 2014: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement. Applicants must meet all of the basic eligibility requirements. Eligible applications then will be reviewed by panels comprised of EPA staff members. Applications will be evaluated based on the following criteria: 1) relevancy of classroom experience of the student as it relates to the EPA research project, 2) the student's understanding of the proposed EPA research project subject matter, 3) relevancy of work experience of the student (whether volunteer activities, internships, or paid jobs) as it relates to the EPA research project, 4) relevancy of the student's academic studies as it relates to the EPA research project, 5) leadership skills, written communication skills, and demonstrated success at working well in an office, laboratory, or field environment, as appropriate to the project, and 6) potential for success, as reflected by academic records, letters of reference, and other relevant information. Applications that are scored highly by the panels of reviewers are sent to NNEMS staff and EPA project officers for selection consideration.

NUCLEAR REGULATORY COMMISSION

77.006 U. S. NUCLEAR REGULATORY COMMISSION NUCLEAR EDUCATION GRANT PROGRAM

Nuclear Education Grant Program - Curricula Development

FEDERAL AGENCY:

Nuclear Regulatory Commission

AUTHORIZATION:

The Energy Policy Act of 2005, Section 651(c)(1), Public Law 109-58, 119 Stat. 801, 42 U.S.C 2051.

OBJECTIVES:

To provide assistance to accredited U.S. colleges and universities in support of courses, studies, training, curricula, and disciplines relevant to nuclear safety, nuclear security, nuclear environmental protection, or any other field that the Commission determines to be critical to its regulatory mission.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Financial support in whole or in part may be provided for such purposes as the salaries, materials and supplies, equipment, limited travel, publication costs and services required for conducting the curricula development related activities. Restrictions on use of funds are specified in the funding opportunity announcement or the award document. Funding is provided for the purpose of improving or supporting curricula that does not necessarily duplicate work already in process or contemplated by NRC, is not already known to NRC, or has previously unrecognized merit.

Applicant Eligibility:

Applicants must be a U.S. public or private institution of higher education, accredited by the U.S. Department of Education.

Beneficiary Eligibility:

Accredited U.S. public or private institutions of higher education will benefit.

Credentials/Documentation:

Administration and cost will be determined in accordance with guidance in 2 CFR 215 and 2 CFR 220, respectively, for institutions of higher education. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. Apply using the electronic application package required in the Funding Opportunity Announcement (FOA). Responding to a FOA ensures that the correct application package is used and enables NRC to receive the application from Grants.gov.

*NOTE: FOA is Grants.gov's terminology for what NRC refers to as Program Announcement (PA), Agency Announcement (AA) or Funding Notice (FN).

Award Procedure:

Applications are screened for compliance with the FOA, reviewed for relevance, scientific and technical merit by qualified individuals based on a set of criteria stated in the FOA. Recommendations for award are made by the review panel via the U. S. Nuclear Regulatory Commission Office of the Chief Human Capital Officer, and the selected applications are forwarded to the U.S. Nuclear Regulatory Commission, Office of Administration, Division of Contracts, for grant negotiation and award.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 120 to 180 days. Contact information can be found in the Funding Opportunity Announcement (FOA).

Appeals:

Not Applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements. Matching is not required but encouraged.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The period of performance for grants are normally up to 2 years and cannot exceed 3 years; intervals are determined at the time of award. Funds will be expended by the recipient organization within the project period of performance or as specified in the award. Method of awarding/releasing assistance: lump sum.

Reports:

No program reports are required. No cash reports are required. The semi-annual progress report (reported on SF-PPR, SF-PPR-B, and SF PPR-E) requirements will be stipulated in the terms of award in compliance with 2 CFR 215.51. The Recipient must submit a "Federal Financial Report" (SF-425) at intervals specified in the award to the Grants Officer and Program Office in compliance with 2 CFR 215.52. Performance monitoring is conducted by NRC staff as stipulated in the terms of award.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

Records:

Award recipients must comply with 2 CFR 215.53, "Retention and Access Requirements for Records."

CRITERIA FOR SELECTING PROPOSALS:

Selection criteria, including exclusions as stated in the funding opportunity announcement, for support is based on the soundness of the proposed approach including objectives, methodology, plan of operation, timetable, expected products and results, evaluation, and dissemination plans. The applicant's capability to perform the project is assessed to the degree that the project will strengthen its teaching capacity; the competency of the proposed investigator or group to successfully pursue the project; the adequacy of the available and proposed facilities and resources; the necessity of the budget components

requested in relation to the proposed project; and the relevance and importance to announced program objectives.

77.008 U.S. NUCLEAR REGULATORY COMMISSION SCHOLARSHIP AND FELLOWSHIP PROGRAM

NRC Scholarship/Fellowship and Faculty Development Program

FEDERAL AGENCY:

Nuclear Regulatory Commission

AUTHORIZATION:

Energy Policy Act of 2005.

, Public Law 109-58, 119 Stat. 801, 42 U.S.C 2051.

OBJECTIVES:

This Scholarship and Fellowship program provides funding for undergraduate scholarships, graduate fellowships, trade school and community college scholarships. In addition, faculty development grants are funded under this authority as explained below. The program allows students to pursue an education in science, engineering, or another field of study that the Commission determines is in a critical skill area related to its regulatory mission. The trade school and community college scholarship program supports certificates or Associate degrees in crafts/disciplines necessary for developing and maintaining a nuclear workforce.

This activity is intended to benefit the nuclear industry broadly. NRC requires scholarship and fellowship students to comply with a service obligation agreement for a period of 6 months for every year or partial year of support received. However, the NRC may establish criteria for the partial or total waiver or suspension of any obligation of service or payment incurred by a student. The employment may be with the NRC, other Federal agencies, State agencies, nuclear-related industry, or academia in the students sponsored fields of study. Recipients of scholarship and fellowships must commit to the service obligation agreement.

The program also supports faculty development in the nuclear-related fields of Nuclear Engineering, Health Physics, Radiochemistry and related disciplines as determined by the NRC. The program specifically targets probationary, tenure-track faculty in these academic areas during the first 6 years of their career.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

This program provides funding to accredited post-secondary schools and institutions of higher education to provide scholarships, fellowships, and stipends to develop a cadre of professionals, and a workforce capable of supporting the design, construction, operation, and regulation of nuclear facilities and the safe handling of nuclear materials. Faculty development grants provide support for developing applications for research, small amounts for initiating or continuing research projects in their areas of expertise, and expenses associated with an institutions faculty development plan.

Funds are managed by the awardee institution. Primary responsibility for general supervision of all grant activities rests with the grantee institution. Funds may not be used for purposes other than those specified in the award. Fellowships, scholarship and stipends are paid to the students and fellows directly through his/her institution. Scholarship and fellowship recipients are required to comply with a service obligation agreement for a period of 6 months for every year or partial year of support received.

Applicant Eligibility:

Applicants must be a U.S. public or private institutions of higher education, accredited by the U.S. Department of Education.

Beneficiary Eligibility:

Individual Recipients must be undergraduate and graduate students of accredited U.S. public or private institutions of higher education. Candidates for the Faculty Development program are targeted for probationary, tenure-track faculty in nuclear related fields during the first 6 years of their career. All

recipients must be U.S. citizens or noncitizen national of the U.S. or have been lawfully admitted to the U.S. for permanent residence.

Credentials/Documentation:

Administration and cost will be determined in accordance with guidance in 2 CFR 215 and 2 CFR 220, respectively, for institutions of higher education. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

The period of performance for project grants shall be between 2 and 4 years (depending on the program); intervals are determined at the time of award. Funds must be expended within the active period of performance. Method of awarding/releasing assistance: lump sum.

Reports:

No program reports are required. No cash reports are required. Semi-annual progress reports (reported on SF-PPR, SF-PPR-B, and SF-PPR-E) and final report requirements will be stipulated in the terms of award in compliance with 2 CFR 215.51. The recipient shall submit a "Federal Financial Report," SF-425 at intervals specified in the terms of award in compliance with 2 CFR 215.52. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

Records:

Awardees must comply with 2 CFR 215.53, "Retention and Access Requirements for Records."

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: No Current Data Available Fiscal Year 2013: No Current Data Available Fiscal Year 2014: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

Capacity and ability of the institution to effectively conduct the program. Number and quality of students that will be served by the program. Justification for number of students served and amount of stipend and scholarship support. Quality and feasibility of recruitment and marketing strategies. Quality of technical programs for scholarship or fellowship programs. Type of student support, i.e. mentoring or advisor assistance feasibility and completeness of an evaluation plan that will measure the effectiveness of the scholarship or fellowship program Institutional support for the program and the extent to which the institution is committed to making the program an organizational focus. Plans for sustainability. Additional merit review considerations apply. See the selection criteria as stated in the funding opportunity announcement.

77.009 U.S. NUCLEAR REGULATORY COMMISSION OFFICE OF RESEARCH FINANCIAL ASSISTANCE PROGRAM

NRC OFFICE OF RESEARCH GRANT PROGRAM

FEDERAL AGENCY:

Nuclear Regulatory Commission

AUTHORIZATION:

Energy Policy Act of 2005, Section 651(c), Public Law 109-58, 119 Stat. 801, 42 U.S.C 2051(a)(b).

OBJECTIVES:

The Office of Nuclear Regulatory Research (RES) furthers the regulatory mission of the NRC by providing technical advice, technical tools and information for identifying and resolving safety issues, making regulatory decisions, and promulgating regulations and guidance. RES conducts independent experiments and analyses, develops technical bases for supporting realistic safety decisions by the agency, and prepares the agency for the future by evaluating safety issues involving current and new designs and technologies. RES develops its program with consideration of Commission direction and input from the program offices and other stakeholders.

TYPES OF ASSISTANCE:

Cooperative Agreements (Discretionary Grants); Project Grants (Discretionary)

USES AND USE RESTRICTIONS:

This program provides funding to educational institutions, nonprofit

organizations, State and local governments, and professional organizations. The award recipient bears primary responsibility for general supervision of all financial assistance activities. Funds may not be used for purposes other than those specified in the award.

Applicant Eligibility:

None.

Beneficiary Eligibility:

None.

Credentials/Documentation:

Costs will be determined by Office of Management and Budget Circulars and Guidance in 2 CFR 215-230. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Office of Nuclear Regulatory Research, Division of Program Management, Policy Development & Analysis Staff, 301-251-7401. Telecommunications for the hearing impaired are available at: TDD 1-800-635-4512. An environmental impact statement is required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. The NRC will accept electronic applications only from organizations submitted as specified in the funding opportunity announcement (FOA) posted at www.grants.gov. Apply using the electronic application package required in the FOA. Responding to a FOA ensures that the correct application package is used and enables NRC to receive the application from Grants.gov.

* Note: FOA is Grants.gov terminology for what NRC refers to as Program Announcement (PA), Agency Announcement (AA), or Funding Notice (FN).

Award Procedure:

Applications are processed by the assigned NRC staff based on a set of criteria established by the NRC, which can be found in the active Funding Opportunity Announcement.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 120 to 180 days. Please see the active Funding Opportunity Announcement for published response deadlines.

Appeals:

Not Applicable.

Renewals:

Proposals for renewal/continuations are subject to the review and acceptance by the U.S. Nuclear Regulatory Commission Office of Nuclear Regulatory Research.

Formula and Matching Requirements:

This program has no statutory formula. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

The project periods for both grants and cooperative agreements shall not exceed five (5) years at intervals determined at the time of the award. See the following for information on how assistance is awarded/released: Funds dispersed annually on an incremental funding basis depending on availability of appropriated funds.

Reports:

Progress reports, financial reports and final report requirements will be stipulated in the terms of award in compliance with 2 CFR 215.51 and 2 CFR 215.52. Financial reports will be stipulated in the terms of award in compliance with 2 CFR 215.51 and 2 CFR 215.52. Progress reports and final report requirements will be stipulated in the terms of award in compliance with 2 CFR 215.5. The Recipient shall submit a Federal Financial Report (SF-425) as specified in the terms of award. Performance report monitoring will be

conducted as stipulated in the terms of award.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

CRITERIA FOR SELECTING PROPOSALS:

Selection for support by the Office of Research through financial assistance methods are made to basic, advanced, and developmental scientific programs where the purpose is to create new or further define existing paradigms within the nuclear industry.

Factors generally indicating support through financial assistance methods:

- the primary purpose of the proposal is to aid or support the development of knowledge or understanding of the subject or phenomena under study;
- the exact course of the work and its outcome are not defined precisely and specific points in time for achievement of significant results may not be specified;
- the nature of the proposed work is such that the recipient will bear prime responsibility for the conduct of the research and will exercise judgment and original thought toward attaining the scientific goals within broad parameters of the research areas proposed and the related resources provided;
- meaningful technical reports can be prepared only as new findings are made; and
- simplicity and economy in execution and administration are mutually desirable.

DEPARTMENT OF ENERGY

81.003 GRANTING OF PATENT LICENSES

(DOE Patents Available for Licensing)

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Atomic Energy Act of 1954, Sections 156 and 161(g), as amended, Public Law 83- 703, 68 Stat. 919, 42 U.S.C. 2186 and 2201; Public Law 96-517, 35 U.S.C. 207, 208, 209; Department of Energy Organization Act of 1977, as amended, Public Law 95-91, 42 U.S.C. 7101.

OBJECTIVES:

To encourage widespread utilization of inventions covered by DOE owned patents.

TYPES OF ASSISTANCE:

DISSEMINATION OF TECHNICAL INFORMATION

USES AND USE RESTRICTIONS:

Nonexclusive, revocable licenses are granted by Department of Energy (DOE) to responsible applicants with plans for development and/or marketing on approximately 1,500 DOE owned United State patents. Exclusive and partially exclusive licenses may also be granted. Similar licenses on approximately 200 DOE owned foreign patents may be accorded to United State citizens and corporations, and to others under terms and conditions which depend upon particular facts. Licenses for use or sale in the United States may normally be granted only to licensees that agree to substantial manufacture in the United States. Copies of U.S. patents may be obtained from the United States Patent and Trademark Office, Department of Commerce, Washington, DC 20231, for a modest fee.

Applicant Eligibility:

Individuals, firms, or corporations with satisfactory plans and intentions to commercialize the invention may apply.

Beneficiary Eligibility:

Individuals, firms, and corporations will benefit.

Credentials/Documentation:

Satisfactory plans for development and/or marketing of the invention. In the case of corporations, the State of incorporation. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. This program is excluded from coverage under OMB Circular No. A-110. By letter to the Assistant General Counsel for Technology Transfer and Intellectual Property, DOE, Washington, DC 20585, identifying the patent by its number, together with information as to: (1) The nature and type of the applicant's business; (2) the purpose for which the license is desired together with documentation as to the applicant's plan for development and/or marketing of the invention to achieve that purpose; (3) the geographical areas in which the applicant will practice the invention; (4) the applicant's willingness to render periodic reports on the use of the licensed subject matter; (5) the applicant's status as a small business firm, minority business, or other; and (6) remittance of a \$25 processing fee for each license requested.

Award Procedure:

Patent licenses are issued by the Office of the Assistant General Counsel for Technology Transfer and Intellectual Property, DOE.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

Normally three months for nonexclusive licenses; somewhat longer for exclusive licenses.

Appeals:

Applicants denied a license and revoked licensees have the right to appeal in accordance with 10 CFR 781 by filing notice of appeal within 30 days. Appeals board is designated upon filing of notice of appeal.

Renewals:

Licenses may be renewed upon reapplication, contingent on satisfactory performance.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

There are no funds obligated under this program. See the following for information on how assistance is awarded/released: There are no funds obligated under this program.

Reports:

No program reports are required. If license is royalty bearing, DOE has the right to inspect the books of account as necessary to determine accuracy of statement. Annual reports are required to be submitted as to the extent of utilization and royalties due, if applicable. No expenditure reports are required. No performance monitoring is required.

Audits:

This program is excluded from coverage under OMB Circular No. A-133. If license is royalty bearing, DOE has the right to inspect the books of account as necessary to determine accuracy of statement.

Records:

None except where the specific license provides for payment of royalty.

81.022 LABORATORY EQUIPMENT DONATION PROGRAM

(Used Equipment Grants)
(LEDP)

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Atomic Energy Act of 1954, Section 31(a) and (b), as amended, Public Law 83-703, 68 Stat. 919, 42 U.S.C. 2051; Energy Reorganization Act of 1974, Title I, Section 107, Public Law 93-438, 88 Stat. 1240, 42 U.S.C. 5817; Department of Energy Organization Act of 1977, as amended, Public Law 95-91, 42 U.S.C. 7101.

OBJECTIVES:

To assist United States institutions of higher education in equipping their science and engineering laboratories for energy-related research and/or instructional purposes.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

Used energy-related laboratory equipment is granted to nonprofit educational institutions of higher learning for use in energy-oriented research or instructional programs in the life, physical, and environmental sciences and engineering. The donated equipment must remain in the United States. The donated equipment must not be sold or placed on eBay for sale.

Applicant Eligibility:

Nonprofit educational institutions of higher learning, such as universities, colleges, junior colleges, hospitals, and technical institutes or museums located in the United States and interested in establishing or upgrading energy oriented educational and research programs in the life, physical, and environmental sciences and engineering may apply. All LEDP program applicants are required to provide a statement that validates their capabilities to use the requested scientific equipment. The program reserves the right to deny an applicants' request if it appears that the applicants' ability to successfully use the equipment is lacking.

Beneficiary Eligibility:

Nonprofit institutions of higher education benefit.

Credentials/Documentation:

Institutions complete the on-line application. This application includes: (1) Identification of institution and school and/or department where equipment would be used; (2) the objectives to be met through use of the equipment; (3) a detailed listing of the equipment requested; (4) a brief description of energy-oriented course offerings and numbers of graduate and undergraduate students enrolled; (5) data on qualifications of faculty members to make effective use of the equipment; (6) reference to any prior grant for equipment (financial or otherwise) to the same or to a related department; (7) the name and title of the person preparing the application. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. The guideline and application are on the website. The application will be automatically submitted to the appropriate DOE field office via electronic mail.

Award Procedure:

Award is on basis of first-received, first- qualified proposal.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

From 15 to 30 days. From 30 days.

Appeals:

From 1 to 15 days. A written appeal must be submitted within 15 days after a freeze is placed on an item.

81.036 INVENTIONS AND INNOVATIONS

(I&I)

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Federal Nonnuclear Energy Research and Development Act of 1974, Section 14, Public Law 577-93, 88 Stat. 1894, 42 U.S.C 5913; Department of Energy Organization Act of 1977, Public Law 95-91, 42 U.S.C 7101.

OBJECTIVES:

To encourage the development and commercialization of energy-saving inventions by providing financial and technical assistance to projects that have a potential for significant energy savings and future commercialization markets through a competitive solicitation process.

TYPES OF ASSISTANCE:

ADVISORY SERVICES AND COUNSELING; DISSEMINATION OF TECHNICAL INFORMATION; PROJECT GRANTS

USES AND USE RESTRICTIONS:

The assistance provides financial assistance for research and development of innovative, energy-saving ideas and invention. Inventions and Innovations support energy efficiency and renewable energy technology development in focus areas that align with the Office of Energy Efficiency and Renewable Energy programs. Further Program information can be found at <http://www.eere.energy.gov/inventions>.

Applicant Eligibility:

Individuals that are U.S. citizens, either native-born or naturalized, small businesses that are U.S. owned as defined in 10 CFR 600.501.

81.041 STATE ENERGY PROGRAM

(SEP)

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Energy Policy and Conservation Act, Public Law 94-163, 42 U.S.C. 6321-6326; Department of Energy Organization Act of 1977, Public Law 95-91, 42 U.S.C. 7101; Balanced Budget Down Payment Act II of 1996, Public Law 104-134. ; National Energy Conservation Policy Act of 1978, Public Law 95-619 and Public Law 101-440; American Recovery and Reinvestment Act of 2009.

OBJECTIVES:

The program provides financial and technical assistance to State governments to create and implement a variety of energy efficiency and conservation projects in order to provide leadership to maximize the benefits of energy efficiency and renewable energy through communications and outreach activities, technology deployment, and accessing new partnerships and resources across the geographic panorama of the United States and its territories. The programs objectives are:

- * To reduce fossil fuel emissions created as a result of activities within the jurisdictions of eligible entities;
- * To reduce the total energy use of the eligible entities; and
- * To improve energy efficiency in the transportation, building, and other sectors.

TYPES OF ASSISTANCE:

Dissemination of Technical Information; Formula Grants; Project Grants

USES AND USE RESTRICTIONS:

Grants are to be used by States for the development, implementation, or modification of State plans submitted to and approved by DOE. To be eligible for Federal assistance, each State plan must contain the five program activities required by the Energy Policy and Conservation Act, Public Law 94-163; and may also include a wide range of optional activities.

A wide variety of activities are eligible for use of the grant funds including:

- * Developing/implementing an energy efficiency and conservation strategy and retaining technical consultant services to assist in the development of such a strategy.
- * Conducting residential and commercial building energy audits.
- * Establishing financial incentive programs for energy efficiency improvements (e.g., loan programs, rebate programs, waive permit fees.)
- * Providing grants to nonprofit organizations to perform energy efficiency retrofits.
- * Developing/implementing programs to conserve energy used in transportation (e.g., flex time by employees, satellite work centers, promotion of zoning requirements that promote energy efficient development, transportation infrastructure: bike lanes/pathways, pedestrian walkways, and synchronized traffic signals).
- * Developing and implementing building codes and inspection services to promote building energy efficiency.
- * Implementing energy distribution technologies.
- * Developing public education programs to increase participation and efficiency rates for recycling programs.
- * Purchasing/implementing technologies to reduce and capture methane and other greenhouse gases generated by landfills or similar sources.
- * Installing light emitting diodes (LEDs).
- * Developing, implementing, and installing renewable energy technologies on or in any government building.
- * Any other activity as determined by the Secretary of Energy in consultation with the Secretaries of Transportation and Housing and Urban Development and the Administrator of the Environmental Protection Agency. Funds cannot be used for the purchase of land, buildings or any interest therein; construction of buildings or structures; research, development or demonstration of non-commercially available technology; or subsidies of public transportation, fares, utility rate demonstrations or State tax credits for energy conservation.

Applicant Eligibility:

All States plus the District of Columbia, the U.S. Virgin Islands, Puerto Rico, Guam, Samoa, and the Commonwealth of the Northern Mariana Islands.

Beneficiary Eligibility:

The ultimate potential beneficiaries will be the people affected by the plan each State develops. This is anticipated to be the State's population.

Credentials/Documentation:

Compliance with Federal, State and local environmental statutes and regulations, as required under the Energy Independence and Security Act of 2007. Only one application from each State, compliance with State and local environmental statutes and regulations. Costs will be determined in accordance with 10 CFR Part 600 for State and local governments. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

No preapplication form or conference is required by DOE. Consultation and assistance will be available from DOE in the preparation of the application. A copy of the final State plan must accompany the grant application from the State. Consultation and assistance will be available from the DOE in the preparation of the application. Applicants for sub-awards from the states should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. States submit applications and plans (or amendment to plans) in response to 10 CFR 420.

Applicants must register with FedConnect to submit their application. FedConnect website: www.fedconnect.net

The application forms must be downloaded from the specific funding opportunity announcement posted on the [grants.gov](http://www.grants.gov) website at <http://www.grants.gov/> and submitted per instructions in the funding opportunity announcement.

Submission deadlines will be published in the funding opportunity announcement at <http://www.grants.gov>

Award Procedure:

Grant applications will be reviewed by DOE Office of Energy Efficiency and Renewable Energy personnel. Grant procedures are in accordance with Federal government regulations. Notification of grant awards will be issued by a DOE Procurement Office.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

From 60 to 90 days. Submission deadlines will be published in the funding opportunity announcements at <http://www.grants.gov>.

Appeals:

As required under the Energy Independence and Security Act of 2007 and American Recovery and Reinvestment Act of 2009.

Renewals:

Renewals are subject to review by the DOE Project Management Center and the headquarters program office and subject to the availability of funds. Assistance will be provided from sums appropriated for any fiscal year only upon annual application.

Formula and Matching Requirements:

Statutory Formula: Title 10 Vol 3, Chapter II, Part 420, Subpart B Section 420.11, Public Law Energy Policy and Conservation Act 42 USC 6321 et seq. Matching Requirements: Percent: 20.%. There is a 20 percent match requirement for the SEP, however leveraging of funds on the part of the recipient is encouraged. This requirement is waived for ARRA funding. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Authorized funding is established by ECPA, NECPA, ESA and ARRA. Funds awarded annually are subject to Congressional appropriation, with no restriction on spending period, except ARRA requires all funds be spent within 36 months of award. Funds are released through the Electronic Transfer System. Annual budget periods are set by each grantee within parameters established by DOE. See the following for information on how assistance is awarded/released: See award procedures above.

Reports:

No program reports are required. No cash reports are required. Quarterly progress and financial status reports are required along with a final report at the end of the project. Quarterly financial status reports are required. No performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Audit procedures in accordance with OMB Circular No. A-133.

In addition, audit requirements need to comply with the Energy Independence and Security Act of 2007 and DOE procurement procedures as well as with 10 CFR 600.

RELATED PROGRAMS:

81.042 Weatherization Assistance for Low-Income Persons; 81.119 State Energy Program Special Projects; 81.128 Energy Efficiency and Conservation Block Grant Program (EECBG)

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: Funded State developed and directed energy efficiency and energy conservation programs according to the submitted and approved State Plan (e.g. energy efficiency audits and retrofits for buildings). Fiscal Year 2013: Funding State developed and directed energy efficiency and energy conservation programs according to the submitted and approved State Plan (e.g. energy efficiency audits and retrofits for buildings). Fiscal Year 2014: Funding State developed and directed energy efficiency and energy conservation programs according to the submitted and approved State Plan (e.g. energy efficiency audits and retrofits for buildings).

CRITERIA FOR SELECTING PROPOSALS:

As described under the Energy Independence and Security Act of 2007 and American Recovery and Reinvestment Act of 2009. In addition, each State energy conservation plan must contain the five program activities required by the Energy Policy and Conservation Act, Public Law 94-163, and may also contain a wide range of optional activities.

81.042 WEATHERIZATION ASSISTANCE FOR LOW-INCOME PERSONS

(WAP)

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

American Recovery and Reinvestment Act of 2009; Title IV, Energy Conservation and Production Act; 10 CFR Part 440 ; 10 CFR Part 600; Energy Policy Act of 2005; Energy Independence and Security Act of 2007.

OBJECTIVES:

To improve home energy efficiency for low-income families through the most cost-effective measures possible. The programs objectives are:

* To reduce fossil fuel emissions created as a result of activities within the jurisdictions of eligible entities; and

* To reduce the total energy use of the eligible units while ensuring their health and safety.

Submission deadlines will be published in the funding opportunity announcements at <http://www.grants.gov>.

TYPES OF ASSISTANCE:

Formula Grants; Project Grants

USES AND USE RESTRICTIONS:

Improvement of the thermal efficiency and cooling of dwellings by the installation of weatherization materials such as attic insulation, caulking, weather-stripping, furnace efficiency modifications, certain mechanical measures to heating and cooling systems, and replacement furnaces, boilers, and air-conditioners. Grantees may average expenditures per dwelling unit for materials, program support and labor costs not to exceed an average per unit of \$6,500 adjusted annually for inflation. Up to 10 percent of each grant may be spent by a Grantee and its subgrantees for administrative expenses (in the Formula Grants a Grantee may not use more than 5 percent of the total State grant for such purposes).

Applicant Eligibility:

States, including the District of Columbia, and in certain instances, Native American tribal organizations. In the event a State does not apply, a unit of general purpose local government, or community action agencies and/or other nonprofit agencies within that State becomes eligible to apply.

Beneficiary Eligibility:

All low-income households are eligible to receive weatherization assistance. A low-income household is one whose combined income falls at or below 200 percent of the poverty level determined by the Office of Management and Budget's poverty income guidelines or the basis on which Federal, State, or local cash assistance payments have been made. A State may also elect to make all homes eligible under the HHS Low-income Home Energy Assistance Program (LIHEAP) eligible for weatherization assistance and may use either 150 percent of poverty or 60 percent of State median income.

Credentials/Documentation:

Compliance with Federal, State and local environmental statutes and regulations, as required under the Energy Independence and Security Act of 2007. The Department of Energy (DOE) requires that grantees meet certain statutory and administrative requirements which can be found in the Weatherization Program Rules available at 10 CFR Section 440 et al and from DOE offices. For Formula Grants, Governors or their designated agencies must apply for grants to the appropriate DOE office and submit State Plans and applications pursuant to State applications at 10 CFR part 440.12. Any household at or below 200% of poverty, per the modified statute, is considered low-income. About 15 million of all eligible households are good candidates for Weatherization. Priority service is given to the elderly, people with disabilities, and families with children. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

No preapplication form or conference is required by DOE. Consultation and assistance will be available from DOE in the preparation of the application. A copy of the final State plan must accompany the grant application from the State. Consultation and assistance will be available from the DOE in the preparation of the application. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. State applications for the WAP Program must be submitted through FedConnect to be considered for award. Information on how to submit applications via FedConnect can be found at <http://www.fedconnect.net>

Application forms must be downloaded from the specific funding opportunity announcement posted on the grants.gov website at <http://www.grants.gov/> and submitted per instructions in the funding opportunity announcement.

It is the responsibility of the applicant to verify successful transmission.

ARRA Applications will be reviewed and awarded in accordance with the final 2009 Recovery Act Formula Allocations, set forth in the Weatherization Assistance Program Notice 09-1B

Award Procedure:

Formula Grants: States and tribes will submit applications for available allocation. Grant applications will be reviewed by DOE Office of Energy Efficiency and Renewable Energy (EERE) personnel. Grant procedures will be in accordance with Federal government regulations. Notification of grant awards will be issued DOE Procurement Office and/or EERE personnel serving the applicant State. Project Grants: Evaluations will be conducted by an independent merit review committee and federal employees. Final decisions to approve are made by ASEE, Program Manager and/or Designee. DOE Field Offices are then instructed to negotiate and prepare the grant award documents.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Submission deadlines will be published in the funding opportunity announcements at <http://www.grants.gov>.

Appeals:

As required under 42 U.S.C. 6861 et al and 10 CFR Section 440.

Renewals:

Renewals are subject to review by the DOE EERE Project Management Center and the headquarters program office and subject to the availability of funds. Financial assistance will be provided from sums appropriated for any fiscal year only upon annual application.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Authorized funding is established by ECPA, NECPA and ESA. See the following for information on how assistance is awarded/released: No information was provided.

Reports:

No program reports are required. Cash reports are not applicable. Quarterly progress and financial status reports are required along with a final report at the end of the project. Quarterly financial reports. No performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2012: The Weatherization Assistance for Low-Income Persons (WAP) weatherization services consist of cost-effective energy efficiency measures for existing residential and multifamily housing with low-income residents. Under this definition, it includes a wide variety of energy efficiency measures that encompass the building envelope, its heating and cooling systems, its electrical system, and electricity consuming appliances.

WAP serves low-income families free of charge and limits the amount of money that can be spent on any single residence as determined by federal rules. (The average expenditure is \$6,500.) As a result, only the most cost-effective measures are included in the upgrade of a particular home.

Weatherization services typically include an energy assessment of the building, followed by long term measures that will reduce energy use and ensure occupant safety. Funding to States and US Territories are allocated on a formula basis using three factors: low-income population, climatic conditions, and residential energy expenditures by low-income households. Fiscal Year 2013: The Weatherization Assistance for Low-Income Persons (WAP) weatherization services consist of cost-effective energy efficiency measures for existing residential and multifamily housing with low-income residents. Under this definition, it includes a wide variety of energy efficiency measures that encompass the building envelope, its heating and cooling systems, its electrical system, and electricity consuming appliances.

Fiscal Year 2014: As the Weatherization Assistance for Low-Income Persons (WAP) weatherization services awards are formula type grants, it is projected that the WAP program awards will continue to serve the same population and be of roughly the same dollar value in the 2014 Federal Fiscal Year.

CRITERIA FOR SELECTING PROPOSALS:

As described under the Energy Independence and Security Act of 2007 and American Recovery and Reinvestment Act of 2009. DOE requires that grantees meet certain statutory and administrative requirements which can be found in the Weatherization Program Guidelines at <http://apps1.eere.energy.gov/weatherization/>.

81.049 OFFICE OF SCIENCE FINANCIAL ASSISTANCE PROGRAM

(Advanced Scientific Computing Research, Basic Energy Sciences, Biological and Environmental Research, Fusion Energy Sciences, High Energy Physics, Nuclear Physics, Workforce Development for Teachers and Scientists, Small Business Innovation Research Program and Small Business Technology Transfer Program))

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Energy Reorganization Act of 1974, Title I, Section 107, Public Law 93-438, 42 U.S.C. 5817; Federal Nonnuclear Energy Research and Development Act of 1974, Public Law 93-577; Department of Energy Organization Act of 1977, as amended, Public Law 95-91, 42 U.S.C. 7101 ; American Recovery and Reinvestment Act of 2009, Public Law 111-5, Recovery Act); Atomic Energy Act of 1954, as amended, Section 31, Public Law 83-703, 42 U.S.C. 2051; Small Business Innovation Research Program Reauthorization Act of 2000, Public Law 106-554; Small Business Technology Transfer Program Reauthorization Act of 2001, Public Law 107-50.

OBJECTIVES:

The mission of the Office of Science is to provide financial support for the delivery of scientific discoveries and major scientific tools to transform our understanding of nature and to advance the energy, economic, and national security of the United States. The application deadlines will be posted at the Grants.gov web site: <http://www.grants.gov> or FedConnect at: <https://www.fedconnect.net/Fedconnect/>.

TYPES OF ASSISTANCE:

Project Grants (Cooperative Agreements)

USES AND USE RESTRICTIONS:

Financial support, in whole or in part, may be provided for such purposes as the salaries, materials and supplies, equipment, travel, publication costs, and services required for conducting research, related activities, and advanced technology projects or assessments. Restrictions on use of funds depend on grant provisions.

Applicant Eligibility:

Colleges and universities, nonprofit organizations, for-profit commercial organizations, State and local governments, small businesses, and unaffiliated individuals.

Beneficiary Eligibility:

Colleges and universities, nonprofit organizations, for-profit commercial organizations, State and local governments, small businesses, and unaffiliated individuals will benefit.

Credentials/Documentation:

Costs will be determined in accordance with OMB Circular A-21 (relocated to 2 CFR Part 220) for institutions of higher education and OMB Circular A-122 (relocated to 2 CFR Part 230) for nonprofit organizations. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Informal communication addressed to the Headquarters Office listed below is desirable before preparing a detailed formal application. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. The application forms must be downloaded from the specific Funding Opportunity Announcement at the Grants.gov web site: <http://www.grants.gov>.

Award Procedure:

Decisions to approve are made by a Headquarters program official. A DOE procurement office is then authorized to negotiate and prepare an appropriate award document.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

Normally, 6 months from receipt of grant application. Maximum, 12 months. The application deadlines will be posted at the Grants.gov web site: <http://www.grants.gov> or FedConnect at: <https://www.fedconnect.net/Fedconnect/>.

Appeals:

None.

Renewals:

Applications for renewal are subject to review and acceptance by the Headquarters Office of Science program offices. For ongoing grant projects, renewal applications must be submitted six months prior to the grant's project period expiration date.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: Usually, cost sharing is encouraged but not required. In some cases, however, cost sharing may be required by specific Funding Opportunity Announcements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Generally, grants are approved for three-year project periods and funded one year at a time. Depending upon specific circumstances, grant project periods may range from one year to five years, at the discretion of the program office. See the following for information on how assistance is awarded/released: No additional information is provided.

Reports:

No program reports are required. No cash reports are required. Typically for research projects, grantees are required to submit an annual progress report and a final report at the end of the project. The schedule of reports is arranged at the time of the negotiation. Quarterly financial status reports are required along with a final report. No performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Costs incurred are subject to audit throughout the grant period and/or before final payment, with the extent and frequency of audit depending on the size of the grant and on the particular grant provisions.

Records:

Recipient is expected to maintain auditable records to substantiate the total costs incurred under the grant.

Account Identification:

81.057 UNIVERSITY COAL RESEARCH

University Coal Research

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Atomic Energy Act of 1954, as amended, Public Law 83-703; Energy Reorganization Act of 1974, Public Law 93-438; Research and Marketing Act of 1946, as amended, Public Law 85-934; Federal Nonnuclear Energy Research and Development Act of 1974, Public Law 93- 577; Department of Interior and Related Agencies Appropriations for 1980, Public Law 96-126; Department of Interior and Related Agencies Appropriations for 2004, Public Law 108-108. . Executive Order Atomic Energy Act of 1954, as amended, Public Law 83-703; Energy Reorganization Act of 1974, Public Law 93-438; Research and Marketing Act of 1946, as amended, Public Law 85-934; Federal Nonnuclear Energy Research and Development Act of 1974, Public Law 93- 577; Department of Interior and Related Agencies Appropriations for 1980, Public Law 96-126; Department of Interior and Related Agencies Appropriations for 2004, Public Law 108-108.

OBJECTIVES:

To improve scientific and technical understanding of the chemistry and physics involved in the conversion and utilization of coal. The primary objective is to fund long-term, high-risk, meritorious fundamental research for the advancement of science related to all Fossil Energy's coal-related programs. Through an annual solicitation, applications are sought with the potential to overcome barriers in technology development and accelerate the identification of solutions for energy and environmental problems.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Work must be related to program objectives. The eligibility of recipients for DOE financial assistance awards under the UCR Program is limited to U.S. universities, colleges, and university-affiliated research institutions. Projects selected for an award must have a teaching professor as Principal Investigator or a Co-Principal Investigator. The eligibility of recipients for DOE financial assistance awards under the UCR Program is limited to U.S. universities, colleges, and university-affiliated research institutions. Projects selected for an award must have a teaching professor as Principal Investigator or a Co-Principal Investigator.

Applicant Eligibility:

Only US colleges and universities can apply.

Beneficiary Eligibility:

In accordance with 10 CFR 600.6(b), eligibility for award is restricted to U.S. colleges, universities, and university-affiliated research institutions. Grants awarded through the UCR Program are for maintaining and upgrading the educational, training and research capabilities of U.S. universities and colleges

in the fields of science, environment, energy and technology related to coal. The involvement of professors and students generates fresh research ideas and enhances the education of future scientists and engineers. To assure the program continues to support the performance of high quality fundamental research by professors and students at U.S. colleges and universities, applications may be submitted by U.S. colleges, universities and university-affiliated research institutions provided the following criteria are met: (1) Principal Investigator or a Co-Principal Investigator listed in the application is a teaching professor at the submitting university. If this condition is met, other participants, Co-Principal Investigators or research staff, who do not hold teaching positions may be included as part of the research team; (2) Applications from university-affiliated research institutions must be submitted through the college or university with which they are affiliated; and (3) At least one student registered at that university is to receive compensation for performing research.

Credentials/Documentation:

Costs will be determined in accordance with OMB Circular No. A-21 (2CFR Part 220) for institutions of higher education. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. This program is subject to the provisions of 10 CFR 600. Proposals should be submitted through <http://www.grants.gov>.

Award Procedure:

Applications reviewed by qualified experts in accordance with the factors listed in 10 CFR Chapter II, Part 600 with specific emphasis on the scientific and technical merit of the proposed research and the factors listed in the formal solicitation for proposals.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

Approximately 90 to 180 days.

Appeals:

Not Applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. This program has no matching requirements. Limited university/industry collaboration is encouraged but not required, however, cost sharing may be required for larger sized grants that support university/industry collaboration. 10-CFR-600.3
MOE requirements are not applicable to this program.
MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Projects awarded through the UCR Program have a performance period of 36 months and usually are funded by the Electronic Transfer System. See the following for information on how assistance is awarded/released: Funding allocated by EFT.

Reports:

Quarterly reports and technical progress reports containing research accomplishments and information on cost status, reported per task is required. Additionally, a final technical report is due 90 days after the end of performance period. Quarterly project Federal Financial Reports are required. Quarterly project technical progress and a final report are required. Topical Reports may be submitted as appropriate. Performance monitoring is achieved through submission of progress reports, site visits, and the Principal Investigators are required to participate in an Annual Contractors Review

Meeting, typically held in June each year. Quarterly project Financial Cash Transaction Report is required. Quarterly project technical progress and a final report are required. Topical Reports may be submitted as appropriate. Expenditure reports are required quarterly. Performance monitoring is achieved through submission of progress reports, site visits, and the Principal Investigators are required to participate in a two day Annual Contractors Review Meeting, typically held in June each year.

Audits:

This program is excluded from coverage under OMB Circular No. A-133. In accordance with the provisions of OMB Circular No. A-133, "Audit of States, Local Governments, Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards must have a single or a program-specific audit conducted for that year.

Records:

Retention of records will be required pursuant to guidelines set forth in 10 CFR 600.

Account Identification:

89-0213-0-1-271.

Obligations:

(Project Grants) FY 12 \$2,789,148; FY 13 est \$2,699,991; and FY 14 Estimate Not Available(Exp: data not available)

81.064 OFFICE OF SCIENTIFIC AND TECHNICAL INFORMATION (OSTI)

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Energy Policy Act of 2005 (Public Law 109-58), Section 982, Department of Energy Organization Act of 1977 (Public Law 95-91), Energy Reorganization Act of 1974 (Public Law 93-438), Atomic Energy Acts of 1946 (Public Law 79-585) and 1954, as amended (Public Law 83-703), America COMPETES Act of 2007 (Public Law 110-69), Section 1009 and Section 3191, Public Law 109-58, 42 U.S.C 5916, 7112.

OBJECTIVES:

To advance science and sustain technological creativity by making research and development (R&D) results available, findable and useable to the Department of Energy (DOE) researchers and the public. To collect, preserve, disseminate, and leverage the scientific and technical information (STI) resources of DOE in order to provide access to national and global STI for use by DOE, the scientific research community, academia, US industry, and the public to expand the knowledge base of science and technology. To acquire domestic and international information of interest to DOE and the scientific community through partnerships with U.S. agencies and over 120 countries and international organizations.

TYPES OF ASSISTANCE:

DISSEMINATION OF TECHNICAL INFORMATION

USES AND USE RESTRICTIONS:

The scientific and technical information (STI) produced through DOE and its predecessor agencies includes information from the broad range of science disciplines of interest to the Energy Department mission. OSTI is the sole source of specialized collections containing results of closed-out DOE R&D projects. OSTI provides information services to DOE and DOE contractor organizations and makes Energy Department information publicly available through a suite of OSTI web tools and services. Most information services are provided electronically through databases and full-text compilations at no cost. Some collections result from partnerships with other national and international governmental agencies.

Applicant Eligibility:

State and local governments and universities that are DOE contractors are provided electronic access to Energy Department information in specific areas of concern. Energy information exchange agreements may be made with non-DOE affiliates, universities and other organizations involved in energy-related research. Public access to R&D documents is also available through the National Technical Information Service (NTIS) and the Government Printing Office (GPO).

Beneficiary Eligibility:

DOE federal employees and contractors are primary beneficiaries of DOE STI collections in their specific areas of concern. Although most web-based collections are available to the general public through official government outlets, limited-access databases contain information restricted by international exchange agreements or other access restrictions.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

81.079 REGIONAL BIOMASS ENERGY PROGRAMS**FEDERAL AGENCY:**

Department of Energy

AUTHORIZATION:

Department of Energy Act of 1977, Public Law 91-95; Water Development Appropriations Act, Public Law 500-99.

OBJECTIVES:

Help meet the President's goal of significantly increasing America's use of fuels, chemicals, materials, and power made from domestic biomass on a sustainable basis. This is a Congressionally-directed project. Funding is not available to the general public.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Assistance may be used to develop and transfer any of several biomass energy technologies to the scientific and industrial communities. For regional programs, such technologies will be appropriate for the needs and resources of particular regions of the United States.

Applicant Eligibility:

Profit organizations; private nonprofit institutions/organizations; intrastate, interstate, State and local government agencies, and universities may apply.

Beneficiary Eligibility:

Profit organizations; private nonprofit institutions/organizations; intrastate, interstate, State and local government agencies, universities will benefit.

Credentials/Documentation:

Costs will be determined in accordance with OMB Circular No. A-87 for State and local governments. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. This is a Congressionally-directed program. Application forms must be downloaded from the specific funding opportunity announcement posted on the grants.gov website at <http://www.grants.gov/> and submitted per instructions in the funding opportunity announcement. Submission deadlines will be published in the funding opportunity announcement at <http://www.grants.gov>. It is the responsibility of the applicant to verify successful transmission.

81.086 CONSERVATION RESEARCH AND DEVELOPMENT

(Conservation) or (Energy Efficiency)

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Public Law 95-911 and Public Law 97-377; American Recovery and Reinvestment Act of 2009; Department of Energy Organization Act of 1977, as amended; Federal Nonnuclear Energy Research and Development Act of 1974, Public Law 93-577.

OBJECTIVES:

To conduct a balanced, long-term research effort in Buildings Technologies, Industrial Technologies, Vehicle Technologies, and Hydrogen and Fuel Cell Technologies. Grants will be offered on a competitive basis to develop and transfer various energy conservation technologies to the nonfederal sector. Submission deadlines will be published in the funding opportunity announcements at <http://www.grants.gov>.

TYPES OF ASSISTANCE:

Project Grants; Project Grants (Cooperative Agreements)

USES AND USE RESTRICTIONS:

Assistance may be used in the form of cooperative agreements, or grants to nonprofit institutions and organizations to develop and transfer energy conservation technologies to the scientific and industrial communities, States, and local governments.

Applicant Eligibility:

Profit organizations, private nonprofit institutions/organizations, State and local governments may apply.

Beneficiary Eligibility:

81.089 FOSSIL ENERGY RESEARCH AND DEVELOPMENT

Office of Fossil Energy, Department of Energy

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Public Law 95-91 DOE Organization Act of 1977, as amended by Public Law 109-58 Energy Policy Act 2005. Federal Nonnuclear Energy Research and Development Act of 1974, Public Law 93-557; Energy Policy and Conservation

Act, Public Law 94-163.

OBJECTIVES:

The mission of the Office of Fossil Energy (FE) advances technologies related to the reliable, efficient, affordable, and environmentally sound use of fossil fuels which are essential to our Nations security and economic prosperity. FE leads Federal research, development, and demonstration efforts on advanced carbon capture, utilization, and storage (CCUS) technologies required to overcome the barriers to widespread, cost-effective deployment of CCUS by 2020. FE also leads Federal efforts to ensure prudent development of our domestic oil and natural gas resources through scientific assessment of the risks that exploration and production activities entail and the development of appropriate technologies and processes to mitigate these risks.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Emphasis is on fundamental and applied research and technology development.

Applicant Eligibility:

States, local governments, universities, governmental entities, consortia, nonprofit institutions, commercial corporations, joint Federal/Industry corporations, U.S. Territories, and individuals are eligible to apply.

Beneficiary Eligibility:

Federal, State, local governments, universities, consortia, nonprofit institutions, commercial corporations, joint Federal/Industry corporations, and individuals will benefit.

Credentials/Documentation:

Prior successful research and development experience in the fossil energy field and related areas. OMB Circular No. A-87 applies to this program. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

81.104 ENVIRONMENTAL REMEDIATION AND WASTE PROCESSING AND DISPOSAL

Environmental Management

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Energy Reorganization Act of 1974, Public Law 93-438; Hazardous Materials Transportation Uniform Safety Act of 1990, Public Law 101-615; Low-Level Radioactive Waste Policy Act, Public Law 99-240; Atomic Energy Act of 1954, Section 31, as amended, Public Law 83-703; Department of Energy Organization Act of 1977, as amended, Public Law 96-573.

OBJECTIVES:

The Environmental Management Research and Development Program provides for the development of technologies to safely expedite tank waste processing and tank closure, remediation of contaminated groundwater and soil, disposition of nuclear materials and spent (used) nuclear fuel, and deactivation and decommissioning of contaminated excess facilities.

The Environmental Management Research and Development program transforms science and innovation into practical solutions for environmental cleanup. The new technologies will transform the Environmental Management cleanup effort by reducing risk (technological, environmental, safety, and health), schedule, and cost. The Environmental Management Research and Development program focuses on resolving technical challenges with an overall emphasis on transformational technical solutions in response to the highest priority needs of Environmental Management sites. Applied engineering and research demonstrating the technical feasibility of high-risk, high-payoff technologies are included. The Environmental Management Research and Development program matures technologies from concept/basic science through feasibility assessment and technology development (bench scale and scale-up testing and flow-sheet evaluation), then production-level demonstration, and finally to full deployment.

TYPES OF ASSISTANCE:

Cooperative Agreements; Project Grants

USES AND USE RESTRICTIONS:

Financial assistance is provided in support of the program objectives. Restrictions on the use of funds depend on the provisions of the specific project agreement. Applicants must meet the guidelines established by DOE or contained in the specific Congressional authorization for a particular program being supported.

Applicant Eligibility:

Public, quasi-public, private industry, individuals, groups, educational institutions, organizations, and nonprofit organizations may apply including State or local level governments, federally recognized Indian tribal governments, and institutions in U.S. Territories and possessions may apply. Determinations are made by DOE EM Headquarters or EM Field Offices, or both.

Beneficiary Eligibility:

States, affected Indian tribes, regional organizations, (including U.S. Territories) local governments, and the public will benefit.

Credentials/Documentation:

Cost will also be determined in accordance with OMB Circular No. A-21 for institutions of higher education or as otherwise defined in the financial assistance instrument. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. A formal proposal by the organization interested in doing the work must be submitted through an appropriate official of the corporate entity, organization, or institution. Financial assistance requests will be reviewed pursuant to the Office of Environmental Management Merit Review System (May 5, 1991) and the DOE

Financial Assistance Manual, as amended.

Award Procedure:

Award decisions may be made by DOE Headquarters throughout the fiscal year.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

The approximate approval/disapproval time is from 2 months to 1 year.

Appeals:

Not Applicable.

Renewals:

From 120 to 180 days. Proposals for renewal are subject to review and acceptance by DOE Headquarters, the field, or both.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: Match requirements will be determined depending upon the award.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Length and time phasing of assistance will vary with the program phase and activity. The maximum term of an award is 5 years. Method of awarding/releasing assistance: lump sum.

Reports:

Program reports are not applicable. Cash reports are not applicable. At a minimum annual progress reports are required. Frequency of progress reports will be determined at time of award. Expenditure reports will be required. The type and frequency will be determined at time of award. Performance monitoring will be determined at time of award.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Costs incurred are subject to audit throughout the contract or grant period and before final close-out. The extent and frequency of audits depend on the size of the contract/grant and the specific contract/grant provisions.

Records:

A grantee is expected to maintain auditable records to substantiate the total costs incurred under the grant or cooperative agreement. In addition, if cost sharing is required, the grantee is also expected to maintain auditable records for the cost sharing portion of the award.

81.106 TRANSPORT OF TRANSURANIC WASTES TO THE WASTE ISOLATION PILOT PLANT: STATES AND TRIBAL CONCERNS, PROPOSED SOLUTIONS

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

National Security and Military Application of Nuclear Energy Authorization Act, Public Law 96-164; Waste Isolation Pilot Plant Land Withdrawal Act, Public Law 102-579.

OBJECTIVES:

To enlist cooperation among the Tribal and the Southern, Western, and Midwest state governments along the Waste Isolation Pilot Plant (WIPP) shipping corridors in developing plans and procedures for the safe and uneventful transportation of transuranic waste from current temporary storage facilities to the WIPP.

TYPES OF ASSISTANCE:

Project Grants (Cooperative Agreements)

USES AND USE RESTRICTIONS:

The participating States, tribes, and the DOE will work to develop, coordinate, and implement activities in accident prevention, emergency preparedness, and public information programs to help ensure the safe transportation of transuranic waste to the WIPP site and safe disposal operations. Financial assistance is provided to support cooperation among the tribes, the Southern, Western, and Midwestern states along the WIPP shipping corridors, in developing plans and procedures for the safe uneventful transportation of transuranic waste from current temporary storage facilities to WIPP. Restrictions on the use of these funds depend on the specific collaborative agreement. Applicants must meet the guidelines established by DOE.

Applicant Eligibility:

Eligibility is restricted by action of the Western Governors' Association, Southern States Energy Board, the State of New Mexico, Council of State Governments (midwest region), and tribal governments along WIPP transportation routes. DOE administers agreements with 10 southern State governments, and two Midwest state governments. The Western Governors' Association is the negotiating body for 12 western states on the WIPP transportation route. Each tribal government on the WIPP transportation route elected to represent themselves. Participation in this program is restricted to the above list of organizations and to the affected tribal governments.

Beneficiary Eligibility:

Benefits from this program will go to DOE and the State and tribal governments located on the WIPP disposal phase shipping corridor.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under

E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. After informal communication, a formal proposal by the applicants is submitted to the DOE Carlsbad Field Office. Note: All eligible parties are participating in the program and applications from others will not be accepted.

Award Procedure:

Decisions are made by DOE Carlsbad Field Office. Award documents are then prepared.

Length and Time Phasing of Assistance:

Schedule for DOE payments will be established during negotiations. See the following for information on how assistance is awarded/released: After receipt and review of the recipient's proposal, the award document is prepared and issued to the recipient.

Reports:

Quarterly financial reports are submitted using SF-425. Quarterly/Annual progress reports containing accomplishments and information on cost status. No cash reports are required. Progress reports are required quarterly and annually. A reporting schedule will be established during negotiations. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Audit reports are to be provided to DOE.

81.108 EPIDEMIOLOGY AND OTHER HEALTH STUDIES FINANCIAL ASSISTANCE PROGRAM

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Atomic Energy Act of 1954, as amended, Section 31, Public Law 83-703, 68 Stat. 919, 42 U.S.C. 2051; Federal Nonnuclear Energy Research and Development Act of 1977, as amended, Public Law 95-91, 42 U.S.C. 7101; Energy Reorganization Act of 1974, Title I, Section 107, Public Law 93-438, 88 Stat. 1240, 42 U.S.C. 5817.

OBJECTIVES:

To provide financial support for research, education, conferences, communication, and other activities relating to the health of Department of Energy workers, as well as other populations potentially exposed to health hazards associated with energy production, transmission, and use.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Financial support, in whole or in part, may be provided for such purposes as the salaries, materials and supplies, equipment, travel, publication costs, training costs, and services required for conducting research, training, related activities, and advanced technology projects or assessments. Restrictions on use of funds depend on award provisions. Support is provided for work in such areas as the health experience of DOE and DOE contractor workers; health experience of populations living near DOE facilities; health experience of workers exposed to toxic substances; use of biomarkers to recognize exposure to toxic substances; conduct of epidemiologic and other health studies relating to energy production, transmission, and use (including electromagnetic fields) in the United States and abroad; compilation, documentation, management, use, and analysis of data for the DOE Comprehensive Epidemiologic Data Resource; and other systems or activities enhancing these areas, as well as other program areas as may be described by notice published in the Federal Register.

Applicant Eligibility:

Colleges and universities, businesses, and nonprofit institutions may apply.

Beneficiary Eligibility:

Colleges and universities, businesses, and nonprofit institutions will benefit.

Credentials/Documentation:

Costs will be determined in accordance with OMB Circular No. A-21 for institutions of higher education. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. This program is excluded from coverage under OMB Circular No. A-110. A formal application by the principal investigator interested in doing the work is required. If submitted on behalf of an institution, the application should be sent through the appropriate administrative official. In the case of any competitive solicitations issued under this program, the application forms must be downloaded from the specific funding opportunity announcement posted on the Grants.gov web-site at <http://www.grants.gov/>.

Award Procedure:

Decisions to approve are made by the Headquarters Program Director. DOE procurement offices are then instructed to negotiate and prepare an appropriate award document.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

From 120 to 180 days. Normally 6 months.

Appeals:

From 60 to 90 days.

Renewals:

From 60 to 90 days. Proposals for renewal are subject to review and acceptance by the Headquarters Office.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The schedule of DOE payments is arranged at the time of award. See the following for information on how assistance is awarded/released:
Incrementally funded unless full funding is available.

Reports:

No program reports are required. No cash reports are required. Monthly progress/status reports detailing monthly activities are required. Monthly expenditure reports detailing accrued costs are required. Performance shall be monitored and details provided in the monthly progress reports.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

This program consumes the majority of any funding available for grants as described by CFDA 81.108. Fiscal Year 2014: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

The scientific and technical merit of the proposed research, appropriateness of the proposed method or approach, competency of research personnel and adequacy of proposed resources, reasonableness and appropriateness of the proposed budget, and other appropriate factors set forth in a Notice of Availability or in a specific solicitation.

81.112 STEWARDSHIP SCIENCE GRANT PROGRAM

Stewardship Science Academic Alliances Programs (SSAP)

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Atomic Energy Act of 1954, as amended, Section 31, Public Law 83-703, 68 Stat. 919, 42 U.S.C. 2051; Energy Reorganization Act of 1974, Title 1, Section 107, Public Law 93-438, 88 Stat. 1240, 42 U.S.C. 5817; Federal Nonnuclear Energy Research and Development Act of 1974, Public Law 93-577; Department of Energy Organization Act of 1977, as amended, Public Law 95-91, 42 U.S.C. 7101.

OBJECTIVES:

(1) To grow the U.S. scientific community through university involvement in areas of fundamental science and technology relevant to stockpile stewardship; (2) to promote and sustain scientific interactions between the academic community and scientists at the NNSA laboratories; (3) to train scientists in specific areas of long-term research relevant to stockpile stewardship; (4) to increase the availability of unique experimental facilities sited at NNSA's laboratories to the academic community, particularly for collaborations in areas of relevance to stockpile stewardship; and (5) to develop and maintain a long-term recruiting pipeline to NNSA's laboratories by increasing the visibility of NNSA's Defense Program's scientific activities to the U.S. faculty and student communities.

TYPES OF ASSISTANCE:

Cooperative Agreements; Project Grants

USES AND USE RESTRICTIONS:

Financial support in whole or in part may be provided for such purposes as the salaries, materials and supplies, equipment, travel, publication costs, training costs, and services required for conducting research, training, related activities, and advanced technology projects or assessments. Funding is provided for basic and applied research in the field of physical science in support of the DOE stockpile stewardship program. Restrictions on use of funds depend on grant provisions. Funding is provided for the purpose of exploring an idea that does not unnecessarily duplicate work already in progress or contemplated by DOE, is not already known to DOE, or has previously unrecognized merit. Some solicitations are open to institutions of higher education only.

Applicant Eligibility:

Some solicitations are open to institutions of higher education only and others include nonprofit organizations and for profit commercial organizations. See

individual funding opportunity announcements for details on eligibility.

Beneficiary Eligibility:

Depending upon the eligibility requirements of the individual solicitation, U.S. public and private institutions of higher education and/or nonprofit organizations and for profit commercial organizations will benefit. The Federal government will also benefit from the research of these grants.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. Proposals should be submitted as specified in the funding opportunity announcement posted at <http://www.grants.gov/>.

Award Procedure:

Proposals will be screened for stewardship relevance and then reviewed for scientific and technical merit by qualified individuals. The review and selection process for each funding opportunity are included in the solicitation. Decisions to approve are made by a Headquarters program official within the Program Office. Selected proposals will be forwarded to the NNSA Albuquerque Complex for grant development, negotiation and award.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

From 90 to 120 days. Approximately 90 to 180 days.

Appeals:

Not Applicable.

Renewals:

Proposals for renewal are subject to review and acceptance by the Program Office.

Formula and Matching Requirements:

This program has no statutory formula. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Generally, grants are approved for two-year or three-year project periods and funded one year at a time. Depending upon specific circumstances, grant project periods may range from one year to five years, at the discretion of the program office. Cooperative Agreements typically have five-year project periods and are funded one year at a time. See the following for information on how assistance is awarded/released: The NNSA Albuquerque Complex will make determination of method of funding release at the time of award.

Reports:

No program reports are required. SF425 quarterly. Progress Reports annually. No expenditure reports are required. Performance monitoring is required for Cooperative Agreements.

Audits:

No audits are required for this program.

Records:

Recipient is expected to maintain auditable records to substantiate the total costs incurred under the grant.

Account Identification:

Obligations:

(Project Grants (Cooperative Agreements)) FY 12 \$136,000,000; FY 13 est \$130,000,000; and FY 14 est \$130,000,000

Range and Average of Financial Assistance:

grants \$50,000 - \$750,000 per year

Cooperative agreements \$1,000,000-\$63,000,000 per year.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: The research supported helps to increase U.S. efforts in physical science relevant to stockpile stewardship and trains future scientific talent in these areas. Results and accomplishments of basic research performed under these programs are reported in open scientific literature. University research programs often support graduate students who assist principal investigators with research programs. Fiscal Year 2013: The research supported helps to increase U.S. efforts in physical science relevant to stockpile stewardship and trains future scientific talent in these areas. Results and accomplishments of basic research performed under these programs are reported in open scientific literature. CRITERIA FOR SELECTING PROPOSALS:

(1) Alignment with the areas of technical scope; (2) Scientific/technical merit of the project, including innovativeness and originality; (3) Expected impact on the area of technical scope addressed; (4) Consistency with the objective of this academic alliances program to focus on advanced experimental investigations; (5) Qualifications of the Applicant's personnel and adequacy of proposed resources; (6) Feasibility of plans for carrying out the proposed research, considering such factors as: appropriateness of the technical method and approach, facility compatibility, other commitments, competition and timing; (7) For projects currently receiving funding under this program, the quality and

scientific impact of recent results and accomplishments; (8) Level of interaction with NNSA/DP laboratory personnel and the potential to train students in scientific areas defined by the technical scope in order to build a long-term recruiting pool for the NNSA/DP laboratory complex. Generally, a higher degree of interaction both quantitatively and qualitatively is considered desirable; (9) Leverage provided by cost sharing with other funding sources.

81.113 DEFENSE NUCLEAR NONPROLIFERATION RESEARCH

Defense Nuclear Nonproliferation Research and Development

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Atomic Energy Act of 1954, as amended, Section 3157, Public Law 101-189, 103 Stat. 1684, 42 U.S.C. 2051, Section 3157, 1684 Stat. 42, 2051 U.S.C., Section 3157, 1684 Stat. 42, 2051 U.S.C 3157; Energy Reorganization Act of 1974, Title I, Section 107, Public Law 93-438; 88 Stat. 1240, 42 U.S.C. 5817, Title I, Section 107, 1240 Stat. 42, 5817 U.S.C.; Department of Energy (DOE) Organization Act of 1977, as amended, Public Law 95-91, 42 U.S.C. 7101, 7101 U.S.C.; Federal Nonnuclear Energy Research and Development Act of 1974, Public Law 93-577.

OBJECTIVES:

To conduct basic and applied research and development that enhances U.S. national security and reduces the global danger from the proliferation of weapons of mass destruction and special nuclear materials through needs-driven research and development. The emphasis is on developing the requisite technologies to detect and deter nuclear proliferation and to meet U.S. nuclear detonation detection goals. Research focuses on advanced detection systems and concepts to support current and future USG policies. Support also address the pressing shortfalls in trained professionals capable of supporting crucial nuclear nonproliferation missions such as nuclear forensics and international safeguards.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

Financial support, in whole or in part, may be provided for salaries, materials, supplies, equipment, travel, publication costs, services required for conducting nonproliferation research and development to reduce the global danger from the proliferation of weapons of mass destruction. Construction or related costs are not allowed under these project grants. All work must comply with export control regulations.

Applicant Eligibility:

Universities (public and private), institutions of higher education, whose activities benefit the general public through results which are available to the National Nuclear Security Administration (NNSA), other U.S. government agencies, and universities and institutions of higher learning may apply.

Beneficiary Eligibility:

The NNSA, other U.S. government agencies, universities and institutions of higher learning will benefit.

Credentials/Documentation:

Costs will be determined in accordance with OMB Circular No. A-21 for institutions of higher learning. For Non-government organizations, Costs will be determined in accordance with OMB Circular No. A-122. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. The NNSA Service Center in Albuquerque, New Mexico issues Funding Opportunity Announcements (FOAs) under which formal applications may be submitted by a scientist or principal investigator who will

conduct or lead the research team. The FOAs will be posted to Grants.gov which can be accessed at: <http://www.grants.gov>.

Award Procedure:

Evaluations will be conducted by technical staff assigned to the Office of Defense Nuclear Nonproliferation Research and Development or at the DOE national laboratories. Final decisions for approval are made by the source selection authority. DOE/NNSA Procurement is then instructed to negotiate and prepare the grant award documents. Program management responsibilities may be delegated as a whole or in part to the NNSA Service Center or NNSA Site Offices.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

From 60 to 90 days. Deadlines will be provided in the individual FOAs posted at Grants.gov.

Appeals:

Renewals:

Grants will be modified and extended as required. Renewals are subject to an annual review by the Headquarters and/or NNSA Service Center.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

The grant period is for up to three years depending upon available appropriations. The schedule of payments is arranged at the time of award, but it is expected that proposals will be fully funded for their three year lifecycles in one lump sum. See the following for information on how assistance is awarded/released: Depending on the program some can be awarded lump sum or incrementally funded.

Reports:

No program reports are required. Cash reports are not applicable. Quarterly Progress reports, and final reports are required. Also progress is reported annually at the University Industry Technical Interchange meeting for the life of the project. In the first year creation of a poster for project presentation is required and formal presentations are required thereafter. All projects are subject to this audit process. Expenditure reports are not applicable. Independent performance and merit reviews are required in the second year of the lifecycle. All projects are subject to this audit process.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. 81.117 ENERGY EFFICIENCY AND RENEWABLE ENERGY INFORMATION DISSEMINATION, OUTREACH, TRAINING AND TECHNICAL ANALYSIS/ASSISTANCE

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Department of Energy Organization Act of 1977, 42 U.S.C 712; Energy Reorganization Act of 1974, 42 U.S.C. 5813(6)(7)(8); ARRA 2010, 42 U.S.C 5813 (6-8); Energy Policy Act 1992 , 42 U.S.C 13231.

OBJECTIVES:

The Department of Energy (DOE) seeks to provide financial assistance for information dissemination, outreach, training and related technical analysis/assistance which will: (1) stimulate increased energy efficiency in transportation, buildings, industry and the Federal sector and encourage increased use of renewable and alternative energy; and (2) accelerate the adoption of new technologies to increase energy efficiency and the use of renewable and alternative energy through the competitive solicitation of applications.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Financial assistance is provided in support of the program objectives as described in a single competitive solicitation or multiple competitive solicitations. The solicitation(s) will provide funding in various program areas within the Office of Energy Efficiency and Renewable Energy: Solar, Wind and Hydropower, Geothermal, Biomass, Industrial Technologies, FreedomCAR, Building Technologies, Weatherization and Intergovernmental, Federal Energy Management Program, and the Office of the Assistant Secretary for Energy Efficiency and Renewable Energy. Restrictions on use of funds depend on the provisions of the specific project agreement.

Applicant Eligibility:

Profit organizations, individuals, private nonprofit institutions/organizations, public nonprofit institutions/organizations, State and local governments, Native American organizations, Alaskan Native corporations and universities may apply. DOE Laboratories are not eligible.

Beneficiary Eligibility:

Profit organizations, individuals, private nonprofit institutions/organizations, public nonprofit institutions/organizations, State and local governments, Native American organizations, Alaskan Native corporations and universities benefit.

Credentials/Documentation:

No Credentials or documentation are required. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. This program is excluded from coverage under OMB Circular No. A-110. The application forms must be downloaded from the specific funding opportunity announcement posted on the grants.gov website at <http://www.grants.gov/>. A separate application must be submitted for each DOE Energy Efficiency and Renewable Energy (EERE) Program Area of Interest.

Award Procedure:

All applications which pass an initial review will receive an objective merit review. Objective Merit Review Committees will evaluate applications based on the evaluation criteria set forth in the competitive solicitation. After the Merit Review Committee has completed its evaluations, an EERE Office Director or other Program Official will evaluate the applications against program policy factors set forth in the competitive solicitation. Final decisions will be made by the EERE Assistant Secretary, Deputy Assistant Secretaries, and the Director of the Federal Energy Management Program.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days. None.

Appeals:

None.

Renewals:

Renewals are subject to review by the headquarters program office and subject to the availability of funds.

Formula and Matching Requirements:

This program has no statutory formula. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Length and time phasing of assistance will vary with the program phase and activity. The maximum term of awards varies among the Program Areas of Interest and ranges from 6 months to 5 years. See the following for information on how assistance is awarded/released: Funds are released through the Electronic Transfer System. Annual budget periods are set by each grantee within parameters established by DOE.

Reports:

No program reports are required. No cash reports are required. Semi-annual reporting is required. No expenditure reports are required. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Costs incurred are subject to audit throughout the grant period and before final close-out.

Records:

A grantee is expected to maintain auditable records to substantiate the total costs incurred under the grant.

Account Identification:

81.119 STATE ENERGY PROGRAM SPECIAL PROJECTS

SEP Competitive Grants

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Energy Organization Act of 1977, as amended, Public Law 95-91, 42 U.S.C. 710; ARRA 2009, Public Law 91-95, 42 U.S.C 7101; Energy Policy and Conservation Act; ARRA 2009, Title III, Part C, Section 361-366, Public Law 163-94, 42 U.S.C 6321-6326; Balanced Budget Down Payment Act II of 1996; ARRA 2009, Public Law 134-104; National Energy Conservation Policy Act of 1978, Public Law 95-619; ARRA 2009, Public Law 619-95.

OBJECTIVES:

To allow States to submit proposals to implement specific Department of Energy (DOE) Office of Energy Efficiency and Renewable Energy deployment activities and initiatives as Special Projects under the State Energy Program. States will compete for funding to implement activities relating to a number of programmatic areas such as building codes and standards, alternative fuels, industrial efficiency, building efficiency, and solar and renewable technologies.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Financial support, in whole or in part, may be provided for salaries, materials, and supplies, equipment, travel, publication costs, and services required for implementing the activities described in the application.

Applicant Eligibility:

All States plus the District of Columbia, the U.S. Virgin Islands, Puerto Rico, Guam, Samoa, and the Commonwealth of the Northern Mariana Islands may apply.

Beneficiary Eligibility:

States and their project partners will benefit.

Credentials/Documentation:

Costs will be determined in accordance with 10 CFR 600 for State and local Governments. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Audit procedures in accordance with OMB Circular No. A-133. In addition, audit requirements need to comply with the Energy Independence and Security Act of 2007 and DOE procurement procedures as well as with 10 CFR 600. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. The application forms must be downloaded from the specific funding opportunity announcement posted on the Grants.gov web-site: at <http://www.grants.gov>. Applicants for sub-awards from the states should consult the office or official designated as the single point of contact within the State for more information on the process the State requires to be followed in applying for assistance.

Award Procedure:

Evaluations will be conducted by staff of the Office of Energy Efficiency and Renewable Energy end-use sectors participating in the annual solicitation. Final decisions to approve are made by Assistant Secretary Office of Energy Efficiency and Renewable Energy. DOE Field Offices are then instructed to negotiate and prepare the grant award documents.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 90 to 120 days. Deadlines are set forth in the solicitation.

Appeals:

None.

Renewals:

Renewals are subject to review by the headquarters program office and subject to the availability of funds.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements. Cost sharing is not required however strongly encouraged.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Vary. See the following for information on how assistance is awarded/released: Funds are released through the Electronic Transfer System.

Reports:

No reports are required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Costs will be verified and subject to audit according to standard government practice and in accordance with OMB Circular No A-102.

Records:

In accordance with 10 CFR 600.

Account Identification:

81.121 NUCLEAR ENERGY RESEARCH, DEVELOPMENT AND DEMONSTRATION

(NE RD&D)

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Atomic Energy Act of 1954, as amended, Section 32, Public Law 83-703, 68 Stat. 919, 42 U.S.C 2051; Energy Reorganization Act of 1974, Title I, Section 107, Public Law 93-438, 88 Stat. 1240, 42 U.S.C 5817; Atomic Energy Act, Section 31, Public Law 83-703, 42 U.S.C 2051; Department of Energy Organization Act of 1977, as amended, Public Law 95-91, 88 Stat. 1240, 42 U.S.C 7101.

OBJECTIVES:

Provide financial assistance to address key issues affecting the worldwide use of nuclear energy through the research, development, and demonstration of science and technology fields related to nuclear energy and its underlying sciences.

TYPES OF ASSISTANCE:

Project Grants (Cooperative Agreements)

USES AND USE RESTRICTIONS:

Financial assistance, opportunities are defined in individual solicitations available on the DOE website or Grants.gov. Notices published on Grants.gov define research, development, and demonstration areas that the Department intends to support such as: advanced reactors, fuel and reactor concepts that minimize proliferation risks, nuclear fuel and fuel cycles, advanced instrumentation, controls, simulation, modeling and analyses, nuclear waste management, construction, manufacturing and fabrication technologies, and related fundamental nuclear science areas in materials, reactor physics, chemistry, radiochemistry, health physics, and thermal hydraulics and fluid dynamics. Notices published on Grants.gov define development or demonstration projects and study areas activities that the Department intends to support such as: advanced designs, technologies or techniques, new regulatory or licensing requirements, and economic analyses. For a given solicitation, financial assistance may be available in whole or in part, for the following in support of nuclear energy research and related fields in development and demonstration activities: salaries, materials and supplies, equipment, travel, publication costs, subcontractor and supporting costs required for technical activities, market analyses, financing plans and other activities necessary to achieve the objective. Restrictions on use of funds depend on solicitation and

award provisions.

Applicant Eligibility:

Federal, State, local governments, universities, consortia, nonprofit institutions, commercial corporations, and individuals may apply.

Beneficiary Eligibility:

Any individual, partnership, corporation, association, joint venture, institution of higher education, or nonprofit organization will benefit.

Credentials/Documentation:

Costs will be determined in accordance with OMB Circular No. A-21 for institutions of higher education. Costs will be determined in accordance with OMB Circular No. A-122 for non-profit organizations. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is required. An environmental impact assessment is required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. DOE solicitations set forth award procedures. Refer to www.ne.doe.gov for additional information.

Award Procedure:

DOE solicitations set forth award procedures. Applications will receive an objective merit review. The objective merit review will be based on evaluation criteria set forth in the competitive solicitation. Evaluations will be coordinated by a Merit Review Chair and conducted by a review board. This responsibility will be performed by the Office of Nuclear Energy or delegated to a DOE Operations Office. Final decisions will be made by the approved Program Officer or the delegated Source Selection Official. For additional information, please refer to www.ne.doe.gov.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

> 180 Days. Normally 6 to 9 months.

Deadlines for submissions will be posted in the individual funding opportunities posted at <http://www.grants.gov>.

Appeals:

Not Applicable.

Renewals:

Proposals for renewal are subject to review and acceptance by the Program Director or Selection Official.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program.

Matching Requirements: As stated in each solicitation.

This program has MOE requirements, see funding agency for further details.

Length and Time Phasing of Assistance:

The period of performance and schedule of DOE payments is arranged at the time of award. See the following for information on how assistance is awarded/released: ASAP Method of Payment.

Reports:

As stated in each solicitation. Cash reports are not applicable. As stated in each solicitation. Normally quarterly financial status reports will be required. Performance monitoring is tracked and reported according to set procedures dictated in each solicitation.

81.122 ELECTRICITY DELIVERY AND ENERGY RELIABILITY, RESEARCH, DEVELOPMENT AND ANALYSIS**FEDERAL AGENCY:**

Department of Energy

AUTHORIZATION:

Energy Policy Act of 1992 (EPACT), Public Law 102-486; Energy Policy Act of 2005 (EPACT), Public Law 109-58; Energy Independence and Security Act of 2007 (EISA), Public Law 110-140; Department of Energy Organization Act of 1977, as amended, Public Law 95-91; Energy Tax Act of 1978, Public Law 95-618; Energy Security Act of 1980, Public Law 96-294; Superconductivity and Competitiveness Act of 1988, Public Law 100-697.

OBJECTIVES:

Through research, development, demonstration, technology transfer, and education and outreach activities, lead national efforts to modernize the electric grid; enhance security and reliability of the energy infrastructure; and mitigate the impact of, and facilitate recovery from, disruptions to the energy supply. Develop cost-effective technology that enhances the reliability, efficiency, and resiliency of the electric grid, while enabling the effective utilization of emerging and renewable generation sources and promoting the rapid deployment and integration of advanced digital "Smart Grid" technology that is needed to modernize the nations electric delivery network for enhanced operational intelligence and connectivity. Also, leverage scientific research in mathematics for application to power system models and software tools to foster strategic, power systems research capabilities.

TYPES OF ASSISTANCE:

Project Grants (Cooperative Agreements)

USES AND USE RESTRICTIONS:

Assistance provided as cost-shared cooperative agreements or grants to nonprofit and profit institutions and organizations to develop, demonstrate and transfer technologies, tools, techniques or information developed to utilities, energy companies, energy regulators, state and local governments and other stakeholders.

Applicant Eligibility:

All types of domestic entities are eligible to apply, such as profit organizations, private nonprofit institutions/organizations, universities, research organizations, and state and local governments.

Beneficiary Eligibility:

Profit organizations, private nonprofit institutions/organizations, universities, research organizations, and state and local governments benefit.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. This program is excluded from coverage under OMB Circular No. A-110. The standard application forms as furnished by DOE and required by 10 CFR Part 600 must be used to apply for financial assistance, as further specified in competitive solicitation(s). The application forms must be downloaded from the specific funding opportunity announcement posted on the Grants.gov web site: <http://www.grants.gov/>

Award Procedure:

All applications which pass an initial review will receive an objective merit review. The objective merit review will be based on evaluation criteria set forth in the competitive solicitation(s) or criteria set forth in 10 CFR Part 600 for Unsolicited Proposals. Evaluations will be conducted by the Office of Electricity Delivery and Energy Reliability personnel at DOE Headquarters in Washington, DC. This responsibility may also be delegated to DOE Operations Offices and technical experts. Final decisions will be made by the Assistant Secretary, Office of Electricity Delivery and Energy Reliability.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

From 60 to 120 days.

Appeals:

Not Applicable.

Renewals:

Grants and cooperative agreements may be modified or extended.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching Requirements: As Specified under Section 988 of the Energy Policy Act of 2005 and EISA, with exceptions, a minimum of 20% cost share is required for research and development. A minimum of 50% is required for demonstration. Higher cost share may be requested. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Assistance is available for up to five years, as specified in the solicitation. See the following for information on how assistance is awarded/released: To be determined.

Reports:

Program reports are not applicable. Cash reports are not applicable. Progress reports required as specified in the grant or cooperative agreement. Typically these reports consist of quarterly progress and a final report at the conclusion

of the grant or cooperative agreement time period. Expenditure reports required as specified in the grant or cooperative agreement. Typically these reports consist of quarterly expenditure reports and a final report at the conclusion of the grant or cooperative agreement time period. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

Range and Average of Financial Assistance:

Fiscal Year 2012 award obligations for annual appropriations range from \$100,000 to \$3,000,000 with the average at \$703,000. Fiscal Year 2013 award obligations for annual appropriations are estimated to range from \$100,000 to \$3,000,000 and estimated average at \$650,000. The estimated ranges for Fiscal Year 2014 will be similar to those of Fiscal Year 2013.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: Nearly \$28 million was obligated to new awards in the areas of Transmission Reliability, Advanced Modeling Grid Research, Cyber Security for Energy Delivery Systems R&D, and Smart Grid R&D. Fiscal Year 2013: Nearly \$27 million is estimated to be obligated to new awards in the area of Cyber Security for Energy Delivery Systems R&D. Nearly \$3 million is estimated to be obligated in the area of Smart Grid R&D while an additional \$2 million is estimated to be obligated in the area of Transmission Reliability. Fiscal Year 2014: Over \$9 million is estimated to be obligated to new awards in the area of Smart Grid R&D. Nearly \$7 million dollars is estimated to be obligated to new awards in the area of Transmission Reliability. Over \$12 million is estimated to be obligated to new awards in the area of Cyber Security for Energy Delivery Systems R&D.

81.124 PREDICTIVE SCIENCE ACADEMIC ALLIANCE PROGRAM

Office of Advanced Simulation and Computing (ASC)

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Atomic Energy Act of 1954, as amended, Section 31, Public Law 83-703, 68 Stat. 919, 42 U.S.C. 2051; Energy Reorganization Act of 1974, Title 1, Section 107, Public Law 93-438, 88 Stat. 1240, 42 U.S.C. 5817; Federal Nonnuclear Energy Research and Development Act of 1974, Public Law 93-577; Department of Energy Organization Act of 1977, as amended, Public Law 95-91, 42 U.S.C. 7101.

OBJECTIVES:

(1) To foster the science of building integrated, multi-scale, and multi-physics codes with the primary focus on code validation and verification to help advance the newly emergent predictive science in academia; (2) to promote and sustain scientific interactions between the academic community and scientists at the NNSA laboratories; (3) and to train scientists in specific areas of long-term research relevant to DOE stockpile stewardship.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Financial support in whole or in part may be provided for such purposes as salaries, materials and supplies, equipment, travel, publication costs, training costs, and services required for conducting research, training, related activities, and advanced technology projects or assessments. Funding is provided for applied research in the field of computational science in support of the DOE NNSA Stockpile Stewardship program. Restrictions on use of funds depend on grant provisions. Funding is provided for the purpose of exploring a research idea that does not unnecessarily duplicate work already in progress or contemplated by DOE, is not already known to DOE, or has previously unrecognized merit. See the Minimum Requirements in the FOA.

Applicant Eligibility:

Only U.S. Public and Private Education Institutions with Ph.D. granting programs can apply.

Beneficiary Eligibility:

Only U.S. Public and Private Education Institutions with Ph.D. granting programs can apply.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. Applications should be submitted as specified in the funding opportunity announcement posted at <http://www.grants.gov>.

Award Procedure:

Proposals will be screened for ASC programmatic relevance and then reviewed for scientific and technical merit by qualified individuals. Recommendations for award are made by the ASC office, Defense Programs, NNSA, and selected proposals will be forwarded to the NNSA Albuquerque Complex in Albuquerque, NM, for grant development and award.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

From 90 to 120 days. See individual opportunity announcements at

<http://www.grants.gov> for deadlines for each specific announcement..

Appeals:

From 90 to 120 days.

Renewals:

Applications for annual renewal are subject to review and acceptance by the NNSA Office of Advanced Simulation and Computing.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program.
Matching Requirements: Percent: 10%.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The NNSA cooperative award assistance is available for total of 5 project-year time window, subject to approval of annual renewals. The annual funding should be expended within the allocated timeframe, with 10% allowed for carryover to the next fiscal year. Method of awarding/releasing assistance: lump sum.

Reports:

Annual program reports are required. Quarterly submissions of SF-272 are required. Quarterly submissions of SF-425, Federal Financial Report. Quarterly technical progress reports are required. Cost accruals are reported monthly. Annual technical reviews by external review panels are performed.

Audits:

No audits are required for this program.

Records:

Recipient is expected to maintain auditable records to substantiate the total costs incurred under the grant.

Account Identification:

(Project Grants) FY 12 \$18,500,000; FY 13 est \$9,500,000; and FY 14 est \$14,400,000 - In 2008 awards were first provided to 5 Centers, those will continue until April 2014 under a one-yr no cost extension. In 2014 6 Centers, will begin for a 5 year period of time until 2018.

Range and Average of Financial Assistance:

\$17M for each award for 5 project years ranging from mid-FY08 to mid-FY13 (under a one year no cost time extension, with \$3.4 M as the average annual award amount. The 6 new Centers that will start in FY14 will receive \$3.2 for 3 Multidisciplinary Simulation Center (MSC) and \$1.6 for 3 Single-Discipline Center (SDC). The latter 6 Centers will receive this money annually for 5 years.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: Established validated, large-scale simulation-based "Science-of-Prediction" as a major academic and applied research focus area. Focus was on a multi-scale, multi-disciplinary, unclassified application of NNSA and national interest. Predictions derived from simulations were strongly connected with experimental and/or observational data, including designing and conducting novel experiments or observations in support of the simulations. Semonstrated capability on available Advanced Simulation & Computing systems. Fiscal Year 2013: .All Centers have demonstrated verified and validated predictions with quantified uncertainties within their chosen application. They have established credibility of the "Science of Prediction" in the broad science and engineering community. Approximately 175 students with 18 hired by DOE labs were supported spending 10 weeks at an NNSA lab. Also postdocs and research staff made a 2 week visit to an NNSA lab. An average of 85 faculty were supported each year during 2008-2013. The Centers targeted faculty hires. Fiscal Year 2014: The following Centers have been selected for the FY 2014 program:

University of Utah, Salt Lake City, UT, The Uncertainty Quantification-Predictive Multidisciplinary Simulation Center for High Efficiency Electric Power Generation with Carbon Capture, an MSC
University of Illinois-Urbana-Champaign, Champaign, IL, Center for Exascale Simulation of Plasma-Coupled Combustion, an MSC
Stanford University, Stanford, CA, Predictive Simulations of Particle-laden

Turbulence in a Radiation Environment, an MSC
University of Florida, Gainesville, FL, Center for Compressible Multiphase Turbulence, an SDC

OBJECTIVES:

The program provides financial and technical assistance to States to establish residential energy star rated appliance rebate programs. The programs objectives are:

- * To reduce fossil fuel emissions created as a result of activities within the jurisdictions of eligible entities;
- * To improve energy efficiency in the residential sector.

TYPES OF ASSISTANCE:

Formula Grants

USES AND USE RESTRICTIONS:

Establish or continuation of State energy efficient appliance rebate program to provide rebates to residential consumers for the purchase of residential Energy Star products to replace used appliances of the same type.

Applicant Eligibility:

Assistance available to States and US Territories and possessions.

Beneficiary Eligibility:

Individuals and families are the ultimate beneficiaries.

Credentials/Documentation:

Compliance with State and local environmental statutes and regulations. Costs will be determined in accordance with 10 CFR Part 600 for State and local governments. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

No preapplication form or conference is required by DOE. Consultation and assistance will be available from DOE in the preparation of the application. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. Applications for the Energy Efficient Appliance Rebate Program must be submitted through FedConnect to be considered for award. Information on how to submit applications via FedConnect can be found at https://www.fedconnect.net/FedConnect/PublicPages/FedConnect_Ready_Set_Go.pdf It is the responsibility of the applicant to verify successful transmission.

Award Procedure:

States submit application for available allocation.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Deadlines are identified in the solicitation.

Appeals:

As required under the American Recovery and Reinvestment Act of 2009.

Renewals:

Renewals are subject to review by the DOE Project Management Center and the headquarters program office and subject to the availability of funds.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Grant periods under this program will be twenty four months. All funds must be expended within this period. See the following for information on how assistance is awarded/released: No information is provided.

Reports:

No program reports are required. Financial status reports are required. Additional terms and conditions are invoked by ARRA 2009. A final report is required at the end of the project period. In accordance with the Energy

Independence and Security Act of 2007, EPACT 1992 and 2005, ARRA 2009 and DOE procurement procedures. A 10-year tracking and follow-up reporting mechanism may be required. 81.128 ENERGY EFFICIENCY AND CONSERVATION BLOCK GRANT PROGRAM (EECBG)

EECBG

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

The Energy Efficiency and Conservation Block Grant Program (EECBG) was authorized in Title V, Subtitle E of the Energy Independence and Security Act (EISA), signed into Public Law 110-140 on December 19, 2007.

OBJECTIVES:

The program provides financial and technical assistance to assist State and local governments create and implement a variety of energy efficiency and conservation projects. The programs objectives are:

- * To reduce fossil fuel emissions created as a result of activities within the jurisdictions of eligible entities;
- * To reduce the total energy use of the eligible entities; and

* To improve energy efficiency in the transportation, building, and other sectors.

TYPES OF ASSISTANCE:

Formula Grants; Project Grants (Special)

USES AND USE RESTRICTIONS:

A wide variety of activities are eligible for use of the grant funds including:

* Developing/implementing an energy efficiency and conservation strategy and retaining technical consultant services to assist in the development of such a strategy.

* Conducting residential and commercial building energy audits.

* Establishing financial incentive programs for energy efficiency improvements (e.g., loan programs, rebate programs, waive permit fees.)

* Providing grants to nonprofit organizations to perform energy efficiency retrofits.

* Developing/implementing programs to conserve energy used in transportation (e.g., flex time by employees, satellite work centers, promotion of zoning requirements that promote energy efficient development, transportation infrastructure: bike lanes/pathways, pedestrian walkways, and synchronized traffic signals).

* Developing and implementing building codes and inspection services to promote building energy efficiency.

* Implementing energy distribution technologies.

* Developing public education programs to increase participation and efficiency rates for recycling programs.

* Purchasing/implementing technologies to reduce and capture methane and other greenhouse gases generated by landfills or similar sources.

* Installing light emitting diodes (LEDs).

* Developing, implementing, and installing renewable energy technologies on or in any government building.

* Any other activity as determined by the Secretary of Energy in consultation with the Secretaries of Transportation and Housing and Urban Development and the Administrator of the Environmental Protection Agency.

Applicant Eligibility:

State and local governments including US Territories and Possessions.

Beneficiary Eligibility:

Individuals and families.

Credentials/Documentation:

Compliance with Federal, State and local environmental statutes and regulations, as required under the Energy Independence and Security Act of 2007. 81.138 STATE HEATING OIL AND PROPANE PROGRAM

(SHOPP)

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

97-258, 31 U.S.C 6304.

OBJECTIVES:

SHOPP is a joint data collection effort between large heating oil and propane consuming States in the Northeast and Midwest and the U.S. Department of Energy/U.S. Energy Information Administration (EIA).

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

SHOPP provides State and Federal governments, the press, policy makers, consumers, analysts and others with up-to-date information on retail heating fuels prices during the heating season. These funds are to be used only for activities relating to the State Heating Oil and Propane Program. Expenses which qualify as eligible toward the program cost include, but are not limited to, the cost of personnel, fringe benefits, travel, equipment, supplies, and indirect charges related to data collection or the analysis and understanding of market conditions which may impact heating oil and propane prices. This program is also based on a 50-50 cost sharing agreement between the States and EIA, which means that total program costs must be split equally between State and Federal funds.

Applicant Eligibility:

SHOPP is a joint data collection effort between large heating oil and propane consuming states in the Northeast and Midwest and the U.S. Department of Energy/Energy Information Administration (EIA).

Beneficiary Eligibility:

Beneficiaries are States and their agencies that have the resources to conduct the program, and consume significant amounts of heating oil and/or propane for residential purposes.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

An email expressing intent to apply should be sent to the survey manager prior to application for States which are not currently participating in SHOPP. The U.S. EIA may not be able to accommodate all requests for participation. No formal preapplication forms are necessary. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110.

Award Procedure:

This award is a five-year cooperative agreement between EIA and the State. Every five years, applicants are required to fill out forms per OMB Circular A-102 and other forms as stated on EIAs website at: http://www.eia.gov/petroleum/heatingoilpropane/faq_stateofficials.cfm.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Appeals:

Not Applicable.

Renewals:

NA.

Formula and Matching Requirements:

This program has no statutory formula. Matching Requirements: Percent: 50.%. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The assistance is available for expenditures made during the current award year up to 2 years after the end of the current grant year. Although they may be accessed for a time period after the award year, funds for each grant year may only be spent on program activities for that specific year. Method of awarding/releasing assistance: lump sum.

Reports:

Management Reporting Progress Report; Scientific/Technical Report DOE F 241.3; Financial Reporting SF 425. No cash reports are required. No progress reports are required. No expenditure reports are required. No performance monitoring is required.

Audits:

No audits are required for this program.

81.139 ENVIRONMENTAL MANAGEMENT R&D FOR HEPA FILTERS, HIGH-LEVEL TANK WASTE MIXING & SAMPLING

Environmental Management R&D

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

The activity conducted under this award is authorized pursuant to: The Department of Energy Act, Public Law 95-91, 42 U.S.C. 7256, in conjunction with 42 U.S.C. 7112.

OBJECTIVES:

EM R&D provides necessary investments in mid to long range research projects to address radioactive waste treatment and storage safety. These R&D projects are targeted at high priority technical issues, gaps, operations, or concerns to clean up the Nations legacy of defense-related radioactive wastes. The technologies developed in this R&D program will identify or improve the current waste treatment baseline, develop new or augmented cost-effective technologies or methods, provide advanced technologies/ methods for insertion into new or existing waste treatment facilities/ infrastructures, address known technology gaps, and reduce project technical risk and uncertainty. This meets the Departmental goal to accelerate waste treatment, clean-up, and provide risk reduction to the public. For example, R&D for HEPA filters is needed to improve the performance of currently available HEPA filters in upset conditions (e.g. fires). In addition, R&D into HEPA filters under various normal and upset test conditions will help determine valuable operational information (i.e., develop suggested controls and operational methods, and identify failure modes) that can be applied at various commercial and Government facilities that treat, store, or process nuclear material or waste streams (e.g. commercial nuclear power facilities). This research will increase the protective nature of the American Society of Mechanical Engineers (ASME) AG 1 Code (Code on Nuclear Air and Gas Treatment), enhance the ability of professionals to design filters and air filtration systems, and reduce uncertainty in the development of standard operating procedures for facilities involved in nuclear containment ventilation activities. Improving the durability of HEPA filters used in nuclear containment is a key component in protecting the general population in the event of a fire at a nuclear facility, particularly segments of the population near nuclear facilities.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Financial assistance is provided in support of the program objectives. Applicants must meet the guidelines established by DOE.

Applicant Eligibility:

A publicly owned agency or organization established to perform specialized functions or services for the benefit of all or part of the general public either without charge or at cost, making no profits and having no shareholders to receive dividends. Includes institutions of higher education and hospitals. Determinations are made by DOE EM Headquarters or EM Field Offices, or both.

Beneficiary Eligibility:

The following organizations will significant benefit from improved and safer advanced HEPA filters: Federal/ State radioactive treatment and/or storage facilities, commercial nuclear power industry, workers in a radioactive environment, and the general public, particularly landowners or homeowners in proximity to radioactive facilities. Indirect benefits include more accurate known and understood HEPA filter failure mechanisms and limits, margins, and operational constraints, especially in emergency situations such as fire or a

seismic event. Indirect benefits include decreased operating costs, and potentially improvements to the American Society of Mechanical Engineering (ASME) AG-1, the US national consensus standard for nuclear air handling and treatment systems.

Credentials/Documentation:

Cost will also be determined in accordance with OMB Circular No. A-21 for institutions of higher education or as otherwise defined in the financial assistance instrument. This program is excluded from coverage under OMB Circular No. A-87. . This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. A formal proposal by the organization interested doing the work must be submitted through an appropriate official of the corporate entity, organization, or institution. Financial assistance requests will be reviewed pursuant to the Department of Energy Financial Assistance Regulations at 10 CFR 600 and the DOE Merit Review Guide, as amended.

Award Procedure:

Award decision will be made by DOE Headquarters.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

The approximate approval/disapproval time is from two months to one year.

Appeals:

N/A.

Renewals:

From 120 to 180 days. From 120 to 180 days. Proposal for renewal are subject to review and acceptance by DOE Headquarters, the field, or both.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Length and time phasing of assistance will vary with the program phase and activity. Method of awards/ releasing assistance: awards will be incrementally funded. See the following for information on how assistance is awarded/released. See the following for information on how assistance is awarded/released: Awards will be incrementally funded.

Reports:

Yes, periodic program and progress reports are required per the Reporting Requirements Checklist attached to the award. No cash reports are required. At a minimum, annual progress reports are required. Frequency of progress reports will be determined at time of award. Expenditure reports will be required. The type and frequency will be determined at time of award. Performance monitoring will be required. The type and frequency will be determined at time of award.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Audits will be conducted annually or as defined by the size of and the specific award provisions.

Records:

Retention of records will be required in accordance with 10 CFR 600. A grantee is expected to maintain auditable records to substantiate the total costs under the Cooperative Agreement. The grantee is also expected to keep and maintain applicable American Society of Mechanical Engineers (ASME) Nuclear Quality Assurance-1 (NQA-1) and other quality assurance testing and results records as needed.

Account Identification:

Obligations:

(Salaries) FY 12 Not Available; FY 13 est \$731,000; and FY 14 est \$1,000,000 - subject to funds availability.

Range and Average of Financial Assistance:

No Data Available.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2012: Activities conducted during 2012 include examination of ribbon separated HEPA filters and development of an AG-1 Section FI test stand. A loading curve was generated. The most penetrating particle size during this loading period was also measured. After being loaded each filter was challenged with elevated temperature and relative humidity up to 50" water column or rupture. The ribbon separated Vokes filter testing was completed. Fiscal Year 2013: Plan to start R&D on design basis events and fire failure tests on commercial HEPA filters to identify operational capabilities, failure mechanisms, profiles, and load limits. Testing results will provide increased safety margins for various commercial and Government facilities and sites in the U.S. and in other countries that manage, store, or treat radioactive waste streams e.g. commercial nuclear power facilities. R&D will also improve understanding of HEPA filter operation. Additionally, test results may provide an opportunity to update sections of the ASME AG-1 code, if test findings merit revision. Contingent on available funding, may begin preliminary studies of nuclear waste material properties and their impact on mixing/blending and transport processes and technologies. Fiscal Year 2014: Continue FY 13 R&D testing to completion.

81.140 LOS ALAMOS NATIONAL LABORATORY - FIRE PROTECTION

Provide Fire Service Department Services for the Protection of Los Alamos National Laboratory and Los Alamos County - Cooperative Agreement

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

31 USC 6305, 31 U.S.C 6304.

OBJECTIVES:

The general objective of this Cooperative Agreement is to provide financial support for staff, response vehicles, specialized tours and training, and the use

of fire station facilities to the Incorporated County of Los Alamos to allow the County to provide an enhanced level of fire department services, including advanced nuclear facility capable, industrial fire suppression, advanced emergency medical, rescue, hazardous materials response, and other services through its municipal fire department.

TYPES OF ASSISTANCE:

Project Grants (Cooperative Agreements)

USES AND USE RESTRICTIONS:

Cost effective and efficient management of the delivery of fire department services to LANL, including recruitment, selection, training and promotion of fire department personnel.

Cost effective and efficient management of business aspects of fire department operations, including procurement of services and supplies necessary to perform the agreement, and generating specifications for equipment purchases such as fire department apparatus.

Providing manual fire fighting response and capability.

Providing emergency medical response and capability.

Providing rescue response and capability.

Implementing and providing hazardous materials response capability.

Providing fire and safety related non-emergency services as identified in the agreement such as hydrant testing.

Providing fire department standbys at LANL for designated recurring activities, and on an as-needed basis for special hazards.

Maintaining a minimum training capability for fire fighters.

Maintaining certifications for various fire fighter and fire officer levels.

Maintaining emergency and non-emergency procedures associated with the operation of a fire department.

Maintain a fire department response capability that meets NFPA 1500, NFPA 1710 and other applicable NFPA standards to the extent practical for fire department responses to LANL.

Maintain emergency response plans for all LANL facilities.

Providing agreed upon mutual aid, automatic aid, and outside assistance to the surrounding communities and cities.

Providing other miscellaneous services as defined in the agreement. Fire fighters provided by the County are required to obtain and maintain a DOE security clearance. Fire Department is to follow all LANL security requirements.

Applicant Eligibility:

EMERGENCY PREPAREDNESS: The fire department has an authorized staffing level of 139 fire fighters and officers and 11 civilian support staff. The fire department staff, in addition to being trained as conventional fire fighters responding to fires in residence and businesses, is also trained to respond to fires and other emergencies at nuclear and high hazard facilities. **PLANNING:** The fire department is responsible for the development of Pre-Incident Plans at LANL buildings and facilities. **PUBLIC WORKS:** The fire department is responsible for hydrant testing at LANL. **TRAINING:** Fire fighters receive special training prior to engaging in fire fighting or emergency operations at nuclear and high hazard facilities at LANL, not only to ensure their safety, but to ensure that their actions contribute to control of the incident, versus making the incident worse by possibly spreading contamination or taking actions which result in unnecessary damage to mission critical or costly equipment.

Beneficiary Eligibility:

Los Alamos Fire Department is an agency within Los Alamos County. Los Alamos County is a political subdivision of the State of New Mexico.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110.

Award Procedure:

Funds awarded via the NNSA Contracts and Procurement Division, Albuquerque Complex, Albuquerque, New Mexico, coordinating with the NNSA Los Alamos Field Office as the Delegated Program Office. The procedural steps at the NNSA are as follows: Contract Specialist (NA-APM-12), Preparation; Contracting Officer (NA-APM-121), Coordination and Review; Patent Counsel, Coordination and Review; Legal Counsel, Coordination and Review; Independent Review (NA-APM-122.1); Head of Contracting Activity (NA-APM-12), Coordination and Review; Contracting Officer (NA-APM-121), and Final Signature.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 30 to 60 days. Pending.

Appeals:

Not Applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula. Matching Requirements: Percent: 20%. Using a sliding scale implemented over the period of performance, October 1, 2013 through September 30, 2018, the County's cost for providing fire protection within Los Alamos County and LANL will be approximately 20 percent of the overall fire department budget. This program does not have MOE requirements. Federal contribution is under \$100M for the 5-year agreement.

Length and Time Phasing of Assistance:

This Cooperative Agreement is for a 5-year term. The period of performance is October 1, 2013 to September 30, 2018. Method of awarding/releasing assistance: lump sum.

Reports:

Special Status Report; Final Scientific/Technical Report; SF-425 Federal Financial Reports; Patent Certification; SF-428 & 428B Final Property Report; Patent Certification; SF-428 Tangible Personal Property Forms Family; Training Plan; LANL Fire Hydrant Flow Testing; LANL Emergency Response Time Report; and DOE Vehicle Mileage Report. No cash reports are required. Monthly Progress Reports Associated with meeting the expectations of the Cooperative Agreement. As required, to support cost-sharing of the Cooperative Agreement. Oversight of the performance attributes of this Cooperative Agreement is the responsibility of the Los Alamos Field Office.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Los Alamos County includes Cooperative Agreement related transactions in its annual Comprehensive Annual Financial Report, completed June 30th of each year.

Records:

Required by the Cooperative Agreement terms and conditions.

Account Identification:

DEPARTMENT OF EDUCATION

84.002 ADULT EDUCATION - BASIC GRANTS TO STATES

FEDERAL AGENCY:

Office of Vocational and Adult Education, Department of Education

AUTHORIZATION:

Adult Education and Family Literacy Act, (AEFLA), (Title II of the Workforce Investment Act of 1998), 20 U.S.C. 9201 et seq.

OBJECTIVES:

To fund local programs of adult education and literacy services, including workplace literacy services, family literacy services, and English literacy and integrated English literacy-civics education programs. Participation in these programs is limited to adults and out-of-school youths aged 16 and older who do not have a high school diploma or equivalent and who are not enrolled or required to be enrolled in a secondary school under State law. See 20 USC 9202(1).

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

The Act lists specific performance measures on which States are assessed. These include: demonstrated improvements in literacy skill levels in reading, writing, and speaking the English language, numeracy, problem-solving, English language acquisition and other literacy skills; placement in, retention in, or completion of postsecondary education, training, unsubsidized employment, or career advancement; receipt of a high school diploma or its equivalent; other objective, quantifiable measures, as identified by the State agency. Not more than 12.5 percent of the State allotment may be used for State leadership activities, including professional development; 82.5 percent or more of the State allotment must be used to support local programs and corrections education and other institutionalized individuals. Not more than 8.25 percent of the State allotment may be used for correctional education and other institutionalized individuals; not more than 5 percent (or \$65,000, whichever is greater) of the State allotment may be used for State administrative costs. Annual appropriations have in recent years set aside an amount that is reserved for English literacy and civics education services to immigrants and other limited English proficient populations. In FY12, the amount was \$75 million. This program is subject to non-supplanting requirements and must use a restricted indirect cost rate which is referenced under 34 CFR 76.564-76.569. For assistance call the Office of the Chief Financial Officer/Indirect Cost Group on 202-708-7770.

Applicant Eligibility:

Formula grants are made to designated eligible State agencies that under State law are responsible for administering or supervising statewide policy for adult education and literacy, including such entities as State educational agencies (SEAs), postsecondary agencies, or workforce agencies. State agencies must provide direct and equitable access to: local educational agencies; public or private nonprofit agencies; community-based organizations of demonstrated effectiveness; institutions of higher education; volunteer literacy organizations of demonstrated effectiveness; libraries; public housing authorities; nonprofit institutions not described above that have the ability to provide literacy services to adults and families; and consortia of the entities described above.

Beneficiary Eligibility:

Adults and out-of-school youths who are 16 years of age and older, who are not enrolled or required to be enrolled in secondary school under State law, and who lack sufficient mastery of basic educational skills to enable them to function effectively in society or do not have a secondary school diploma or its recognized equivalent, and have not achieved an equivalent level of education, or are unable to speak, read, or write the English language.

Credentials/Documentation:

A 5-year State plan as provided for in Section 224 of the AEFLA, Education Department General Administrative Regulations, 34 CFR 74, 76, 77, 79, 80, 81, 82, 85, and 86 and 34 CFR Part 462. The State plan must include a certification from a State official that all provisions and amendments thereto are consistent with the Act. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

The Director of Adult Education and Literacy will provide guidance on specific problems and technical assistance in the preparation of State Plans. An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information

on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. Each eligible educational agency must submit to the Secretary of Education a 5-year State plan that sets forth the manner and procedures under which the State will carry out activities to achieve its program objectives and priorities and fulfill the purposes of the Act.

Award Procedure:

The Department approves the 5-year State plan and any amendment thereto and makes allocations to the State each July 1.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days.

Appeals:

States are afforded an opportunity for hearings.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Initial Allotment: Eligible outlying areas receive an initial allotment of \$100,000 and eligible states, including the District of Columbia and Puerto Rico, receive an initial allotment of \$250,000.

Matching Requirements: Generally, the remainder is allotted to all eligible agencies on the basis of the ratio of adults and youths age 16 and older who are not enrolled or required to be enrolled in secondary school under State law and who do not hold a high school diploma or equivalent. No agency may receive less than 90 percent of its allotment from the preceding fiscal year. The data source is a special tabulation of American Community Survey (ACS) data by the Bureau of the Census. Matching Requirements: To receive a grant, States, the District of Columbia, and Puerto Rico must provide a nonfederal contribution in an amount equal to 25 percent of the total amount of funds expended for adult education and literacy activities in the State. To receive a grant, eligible outlying agencies must provide a nonfederal contribution in an amount equal to 12 percent of the total amount of funds expended for adult education and literacy activities. The program has a nonsupplanting requirement, and therefore the applicant must use a restricted indirect cost rate, which is referenced under 34 CFR 76.564-76.569. For assistance call the Office of the Chief Financial Officer / Indirect Cost Group on 202-708-7770. This program has MOE requirements, see funding agency for further details.

Length and Time Phasing of Assistance:

Funds must be obligated within 27 months of their date of availability. States draw funds as needed under the Electronic Transfer System. See the following for information on how assistance is awarded/released: Contact the program office for this information.

84.007 FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANTS

(FSEOG)

FEDERAL AGENCY:

Office of Student Financial Assistance Programs, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, as amended, Title IV, Part A, Subpart 3, 20 U.S.C. 1070b-1070b-3.

OBJECTIVES:

To provide need-based grant aid to eligible undergraduate postsecondary students to help meet educational expenses.

TYPES OF ASSISTANCE:

DIRECT PAYMENTS FOR A SPECIFIED USE

USES AND USE RESTRICTIONS:

Grants are for undergraduate study, and range from \$100 to \$4,000 per academic year. However, if reasonable study abroad costs exceed the cost of attendance at the home institution, the amount of the grant may exceed the \$4,000 maximum by as much as \$400. A student is eligible to receive a FSEOG for the period of time needed to complete the first undergraduate baccalaureate course of study being pursued by that student. If it awards grants to students in that year an institution is entitled to an administrative cost allowance for an award year of 5 percent of the first \$2,750,000, expended, plus 4 percent of expenditures greater than \$2,750,000 but less than \$5,500,000, plus 3 percent of expenditures in excess of \$5,500,000.

Applicant Eligibility:

Higher education institutions (public, private nonprofit, postsecondary vocational, and proprietary) meeting eligibility requirements may apply.

Beneficiary Eligibility:

Undergraduate students enrolled or accepted for enrollment as regular students; are maintaining satisfactory academic progress in accordance with the standards and practices of the institution, have financial need, do not owe a refund on a Title IV grant, are not in default on a Title IV loan, file a statement of educational purpose, file a statement of registration compliance (Selective Service) and meet citizen/resident requirements may benefit.

Credentials/Documentation:

Institutions must document their eligibility and students must demonstrate financial need. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Representatives of the appropriate ED Regional Office are available for consultation (see listing of ED Regional Offices in Appendix IV). Students should contact the institution(s) they attend or wish to attend. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. Participating institutions submit the Fiscal Operations Report/Application to Participate in Federal Student Financial Aid Programs (ED Form 646-1) which is mailed to institutions of postsecondary education each summer by the Federal Student Aid office. New institutions submit only the application form.

Award Procedure:

The Federal Student Aid office determines final awards and notifies participating institutions. Postsecondary institutions determine individual student awards.

Deadlines:

Oct 01, 2013 Deadlines are specified on the application (usually October 1). Contact the program office for additional information.

Range of Approval/Disapproval Time:

Notices of tentative awards sent by February 1, and final award notifications sent by April 1.

Appeals:

Not Applicable.

Renewals:

There are annual renewals.

Formula and Matching Requirements:

Statutory Formula: Title IV, Part A, Subpart 3.

Matching Requirements: Funds are allocated to institutions on the basis of the institution's base guarantee and pro rata share and then on demonstrated need for funding. Institutions award funds to students on the basis of financial need as determined by the Federal Need Analysis Methodology specified in statute. This program requires institutional matching funds. The Federal share may not exceed 75 percent unless waived based on objective criteria established in regulations.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Funds are awarded for use by participating institutions for one award year at a time following the year of application. See the following for information on how assistance is awarded/released: Specified in the award document.

Reports:

A single combined Fiscal Operations Report/Application form for Federal Perkins Loans, FSEOG, and FWS (ED 646-1) is submitted by each institution at the close of each award year (June 30). Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Institutions must have a nonfederal audit done on at least an annual basis at its own expense. Audits are performed at Government expense by the Department of Education's Office of the Inspector General as often as its time schedule will allow or when deemed necessary by the Secretary.

Records:

All records pertaining to the activities of a given fiscal year must be retained for a period of three years following the institution's submission of its Fiscal Operations Report for an award year or until resolution of an applicable audit, whichever is later.

84.010 TITLE I GRANTS TO LOCAL EDUCATIONAL AGENCIES

(Title I Basic, Concentration, Targeted and Education Finance Incentive Grants)

FEDERAL AGENCY:

Office of Elementary and Secondary Education, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act of 1965 (ESEA), as amended, Title I, Part A, 20 U.S.C 6301.

OBJECTIVES:

To help local educational agencies (LEAs) improve teaching and learning in high-poverty schools in particular for children failing, or most at-risk of failing, to meet challenging State academic achievement standards.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Use of funds varies, depending on whether a school is operating a schoolwide

program under Section 1114 of Title I of the ESEA or a targeted assistance program under Section 1115 of the ESEA. A school with at least a 40 percent poverty rate may choose to operate a schoolwide program under Section 1114, which allows Title I funds to be combined with other Federal, State, and local funds to upgrade the school's overall instructional program. Schoolwide program schools must receive the amount of non-Federal resources they would have received in the absence of Title I funds. All other participating schools must operate targeted assistance programs, which provide extra instruction to those children failing, or most at risk of failing, to meet challenging State academic achievement standards. Targeted assistance programs must ensure that Title I services supplement, not supplant the regular education programs normally provided with non-Federal funds by local educational agencies. This program is subject to non-supplanting requirements and must use a restricted indirect cost rate which is referenced under 34 CFR 76.564-76.569. For assistance call the Office of the Chief Financial Officer/Indirect Cost Group on (202) 708-7770.

Applicant Eligibility:

State educational agencies (SEAs) and the Secretary of the Interior. Local educational agencies (LEAs) and Indian tribal schools are subgrantees.

Beneficiary Eligibility:

Children in high-poverty schools who are failing, or most at risk of failing, to meet challenging State academic standards.

Credentials/Documentation:

Contact program office. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. SEAs apply for funds as part of Title I, Part A, State plans submitted to the Department of Education in accordance with Section 1111 of ESEA or as part of a consolidated State plan submitted under Section 9302 of ESEA. The plan remains in effect for the duration of the State's participation in Title I, Part A, but must be updated to reflect substantive changes. Participating LEA's must file an approved plan with their SEAs.

Award Procedure:

The Department of Education (ED) makes grants through SEAs to LEAs using statutory formulas based primarily on Census Bureau estimates of the number of children from low-income families in each LEA.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

Varies with each State.

Appeals:

If an LEA's plan is disapproved by the SEA it may appeal to the SEA and then to the Department of Education under Section 432 of the General Education Provisions Act (GEPA).

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Title I, Part A. The statute includes four separate formulas for allocating Title I Grants to LEAs. Under the statute, Basic and Concentration Grants are funded approximately at the 2001 appropriation level. Basic Grants are allocated to almost all local educational agencies based on each State's per-pupil expenditure for education and the number of school-aged children from low-income families. Concentration Grants are allocated to LEAs having more than 6,500 children from low-income families or a poverty rate of more than 15 percent. In addition, funds appropriated in excess of the fiscal year 2001 level are to be allocated as Targeted Grants, which make higher payments to LEAs with higher numbers or percentages of poor children. The law also includes a separately authorized Education Finance Incentive Grants

formula, which incorporates factors designed to measure a State's commitment to provide sufficient education funding, as well as how equitably that funding is distributed across districts. Allocations from all four formulas are combined into a single award to eligible LEAs. Within LEAs, funds are targeted to schools with the greatest percentages of poor children.

Matching requirements are not applicable to this program.

This program has MOE requirements, see funding agency for further details.

The maintenance-of-effort requirements in sections 1125A(e) and 9521 of the ESEA apply to Title I, Part A.

Length and Time Phasing of Assistance:

Generally, awards to States are made on July 1 and October 30 of the following fiscal year. In addition, funds remain available to States for an additional fiscal year for obligation and expenditure under section 421(b) of GEPA, subject to the carryover limitation of section 1127 of the ESEA. See the following for information on how assistance is awarded/released: Contact program office.

Reports:

States submit annual performance reports. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

Records:

In accordance with section 443(a) of the General Education Provisions Act, States and LEAs must maintain certain program records for 3 years.

Account Identification:

AUTHORIZATION:

Elementary and Secondary Education Act of 1965, as amended, Title I, Part C, 20 U.S.C 6391.

OBJECTIVES:

To assist States in ensuring that migratory children have the opportunity to meet the same challenging State content and performance standards that all children are expected to meet.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Program funds are used to support high-quality and comprehensive educational programs that address the needs of migratory children. This program is subject to non-supplanting requirements and must use a restricted indirect cost rate which is referenced under 34 CFR 76.564-76.569.

Applicant Eligibility:

State educational agencies or consortia of State educational agencies.

Beneficiary Eligibility:

Children, ages 0 through 21, of migratory agricultural workers or migratory fishers, including children (i.e. persons age 21 or under) who are agricultural workers or migratory fishers or who are the spouses of migratory workers or migratory fishers, who have moved across school district lines within the past 36 months to obtain temporary or seasonal employment in agriculture or fishing work.

Credentials/Documentation:

States are responsible for ensuring that information documenting a child's eligibility is recorded on a Certificate of Eligibility. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

The State educational agency works closely with local educational agencies, institutions of higher education (IHEs), and public and nonprofit private agencies that serve migratory children. 84.013 TITLE I STATE AGENCY PROGRAM FOR NEGLECTED AND DELINQUENT CHILDREN AND YOUTH

FEDERAL AGENCY:

Office of Elementary and Secondary Education, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act, as amended, Title I, Part D.

OBJECTIVES:

To help provide educational continuity for neglected and delinquent children and youth in State-run institutions for juveniles and in adult correctional institutions, so that these youth can make successful transitions to school or employment once they are released.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

The Title I, Part D, Subpart 1, State Agency Neglected and Delinquent program provides formula grants to State educational agencies (SEAs) that then make subgrants to state agencies. State agencies use funds for supplementary education services to help provide education continuity for children and youths in state-operated institutions for children and youths, in community day programs for neglected and delinquent children and youths, and in adult correctional institutions so that these children and youths can make successful transitions to school or employment once they are released. This program is subject to non-supplanting requirements and must use a restricted indirect cost rate which is referenced under 34 CFR 76.564-76.569. For assistance call the Office of the Chief Financial Officer/Indirect Cost Group on (202) 708-7770.

Applicant Eligibility:

SEAs. State agencies responsible for providing free public education for children and youth (1) in institutions for neglected or delinquent children and youth; (2) attending community day programs for neglected or delinquent children and youth; or (3) in adult correctional institutions may apply to their SEA for subgrants.

Beneficiary Eligibility:

Children and youth in institutions for neglected or delinquent children and youth, in community day programs for neglected or delinquent children and youth, and adult correctional institutions.

Credentials/Documentation:

There are cost principles for this program. See 34 CFR 80.22, which incorporates OMB Circular A-87 (Cost Principles for State, Local and Indian Tribal Governments), now codified at 2 CFR Part 225. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. This program is excluded from coverage under OMB Circular No. A-110. An SEA may apply for State Agency Neglected and Delinquent funds as (1) part of its Title I, Part D, State plan submitted to the Department under Section 1414 of the ESEA or (2) as part of a consolidated State plan under Section 9302 of the ESEA. To receive funds, State agencies must apply to the SEA and provide the information and assurances required in Section 1414 of the ESEA.

Award Procedure:

The Department of Education's Office of Elementary and Secondary Education awards grants to State educational agencies, that in turn award subgrants to the State agencies that have submitted applications.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Varies with each State.

Appeals:

Not Applicable.

Renewals:

Although State plans are effective for the duration of Title I's authorization, SEAs are required to update plans to reflect changes. State agencies must

update their applications annually to receive funds.

Formula and Matching Requirements:

Statutory Formula: Title I, Part D, Subpart 1.

Matching requirements are not applicable to this program.

This program has MOE requirements, see funding agency for further details.

Length and Time Phasing of Assistance:

Generally, awards to States are made from July 1 to September 30 of the following year. Funds remain available to the State for an additional fiscal year for obligation and expenditure. See the following for information on how assistance is awarded/released: Contact the program office for information on how funding is awarded.

Reports:

Each State agency conducting a Title 1, Part D, Subpart 1 program is required to evaluate the program's impact on students served at least once every 3 years. Generally, States report annually on the number of neglected or delinquent students obtaining a secondary school diploma or its recognized equivalent while in the N and D program, the number of neglected or delinquent students earning high school course credits, and the number of long-term neglected or delinquent students who improve mathematics and reading skills as measured through State-approved assessments. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Audit requirements for this program are set forth in 34 CFR 80.26, which requires grantees to comply with the Single Audit Act Amendment of 1996.

Records:

In accordance with the General Educational Provisions Act and the Education Department General Administrative Regulations, certain project records must be maintained for three years.

84.015 NATIONAL RESOURCE CENTERS PROGRAM FOR FOREIGN LANGUAGE AND AREA STUDIES OR FOREIGN LANGUAGE AND INTERNATIONAL STUDIES PROGRAM AND FOREIGN LANGUAGE AND AREA STUDIES FELLOWSHIP PROGRAM

FEDERAL AGENCY:

Office of Postsecondary Education, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, as amended, Title VI, Part A, Section 602.

OBJECTIVES:

Centers: To promote instruction in modern foreign languages and area and international studies that are critical to national needs by supporting the establishment, strengthening and operation of such programs at colleges and universities. Centers may focus on undergraduate training only or may be comprehensive, including undergraduate, graduate, and professional training components. Fellowships: To meet the needs of the United States for experts in modern foreign languages combined with area studies and world affairs by supporting fellowships for undergraduate and graduate study at institutions of higher education.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Centers: Funds may be used for instructional costs of language and area and international studies programs, administration, lectures, conferences, library resources and staff, outreach, and travel. Fellowships: Funds may be used for academic year and summer fellowships to institutions of higher education (IHEs) in order to assist undergraduate and graduate students in acquiring foreign language and either area or international studies competencies. A fellowship awarded to an undergraduate student may include an allowance for educational programs in the United States or education programs abroad that meet certain criteria.

Applicant Eligibility:

Centers: U.S. institutions of higher education or consortia of institutions of higher education are eligible to apply. Applying institutions provide evidence of existing resources and institutional commitment to language and area and international studies through a curriculum that provides instruction dealing with a particular country or world area and its languages, or with international studies and modern foreign languages, including the international aspects of professional or other fields of study. Fellowships: Accredited U.S. institutions of higher education or consortia of institutions of higher education offering area or international studies programs combined with language study are eligible to apply for allocations of fellowships.

Beneficiary Eligibility:

Centers: U.S. institutions of higher education or consortia of institutions of higher education will benefit. Fellowships: Undergraduate and graduate students enrolled in funded centers and programs will benefit. Student candidates must be U.S. citizens or nationals or permanent residents training in area or international studies and in modern foreign languages programs that have or are developing performance-based language instruction.

Undergraduate students must be engaged in intermediate level study or advanced study of a less commonly taught language. Training must be undertaken through an institution that has an allocation of Foreign Language and Area Studies (FLAS) Fellowships.

Credentials/Documentation:

Contact program office. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. Eligible institutions may submit proposals for the funding of centers only, fellowships only, or both when the announcement of a new competition is issued in the Federal Register. Application forms and guidelines for the submission of proposals are available from the Office of the International and Foreign Language Education at the Department of Education.

Award Procedure:

Centers: Final recommendations are made to the Secretary following evaluations from panels of experts that evaluate applications according to published selection criteria. Fellowships: The student should contact his/her sponsoring institution for information concerning application forms, deadlines, and related matters. Institutional proposals are approved or disapproved by the Secretary, following the same procedures as for Center applications.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 120 to 180 days. About 120 days.

Appeals:

Not Applicable.

Renewals:

Higher education institutions receiving funds for four year phased program support must submit annual performance reports for the second, third and fourth year for continuation of such support. Students seeking fellowships apply to their institutions for each summer or academic year award period. Renewals are subject to the availability of funds.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Centers: Grants are awarded for project periods of up to 48 months. Payments are made as stipulated in the grant. Renewals are subject to the availability of funds. Fellowships: Academic year and summer fellowship awards to student recipients are made by the institutions on a competitive basis. If summer fellowships are issued, they will be for a summer session in which the equivalent of an academic year's foreign language study is completed. Payments are made by the grantee institution. See the following for information on how assistance is awarded/released: This information is included in the award document.

Reports:

Centers: Centers submit interim and annual performance reports through the International Resource Information System (IRIS). Centers submit a final performance report 90 days after the project end date. Fellowships: FLAS granting institutions report on fellowship award recipients at the beginning and end of each award period. Institutional final reports (awards lists) and budget reports are required annually. Staff monitor grants drawdown using agency financial reports. Cash reports are not applicable. Contact program office. Expenditure reports are not applicable. Reporting on performance measures is required as part of the submittal of the required annual performance report.

Audits:

This program is excluded from coverage under OMB Circular No. A-133. Grantees are subject to audit requirements as described in 34 CFR 74.26.

Records:

All records supporting claims under grant or relating to the accountability for awarded funds must be available upon request: (1) for 3 years after close of the fiscal year in which the grant expired or (2) until the grantee is notified of completion of Federal financial audit, whichever is later. Fellowships: All records bearing on the receipt and expenditure of funds under the program must be available for inspection by the Department: (1) for 3 years after the fiscal year in which grant funds are spent, (2) until audited or for 5 years after grant, or (3) until resolution of any audit questions.

84.021 OVERSEAS PROGRAMS - GROUP PROJECTS ABROAD**FEDERAL AGENCY:**

Office of Postsecondary Education, Department of Education

AUTHORIZATION:

Mutual Educational and Cultural Exchange Act of 1961, as amended, Section 102(b)(6), Public Law 87-256.

OBJECTIVES:

To contribute to the development and improvement of the study of modern foreign languages and area studies in the United States by providing grants to support overseas projects in training, research, and curriculum development in modern foreign languages and area studies for teachers, students, and faculty engaged in a common endeavor.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

The grant does not provide funds for project-related expenses within the United States. The grant funds may be used in the country of study for the following: maintenance stipend; round-trip international travel; project-related local travel; artifacts; books and other teaching materials; rent for instructional facilities; and clerical and professional services. Projects must focus on the humanities, social sciences and languages, and must focus on one or more of the following areas: Africa, East Asia, South Asia, Southeast Asia and the Pacific, the Western Hemisphere (Central and South America, Mexico, and the Caribbean), East Central Europe and Eurasia, and the Near East. Applications that propose projects focused on Canada or Western Europe will not be funded.

Applicant Eligibility:

Institutions of higher education, State departments of education, private

nonprofit educational organizations, and a consortium of institutions, departments, and organizations.

Beneficiary Eligibility:

A participant must be: a citizen, or permanent resident of the United States, currently employed full-time in a United States school system, institution of higher education, local education agency or state education agency (not applicable to students), and at least one of the following:

- A teacher in an elementary or secondary school (please see note below);
- A faculty member who teaches modern foreign languages or area studies;
- An experienced education administrator responsible for planning, conducting, or supervising programs in modern foreign languages or area studies at the elementary, secondary, or postsecondary levels;
- A graduate student or junior or senior in an institution of higher education, who is a prospective teacher in the areas of social sciences, humanities and foreign languages. The student should meet the provisions set by his or her local and state education agencies; or
- For the Advanced Overseas Intensive Language Training project, the participating student, other than those planning a teaching career, should be planning to apply their language skills and knowledge of countries vital to the United States national security in fields outside teaching, including government, the professions, or international development.

Credentials/Documentation:

Cost will be determined in accordance with OMB Circular No. A-87 for State and local governments. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

The maximum score for all of the criteria, including the competitive preference priority, is 105 points. The maximum score for each criterion is indicated in parentheses. Quality of proposed project (60 points): In determining the quality of the research project proposed by the applicant, the Secretary considers: (1) The statement of the major hypotheses to be tested or questions to be examined, and the description and justification of the research methods to be used (10 points); (2) the relationship of the research to the literature on the topic and to major theoretical issues in the field, and the project's originality and importance in terms of the concerns of the discipline (10 points); (3) the preliminary research already completed in the United States and overseas or plans for such research prior to going overseas, and the kinds, quality and availability of data for the research in the host country or countries (10 points); (4) the justification for overseas field research and preparations to establish appropriate and sufficient research contacts and affiliations abroad (10 points); (5) the applicant's plans to share the results of the research in progress and a copy of the dissertation with scholars and officials of the host country or countries (10 points); and (6) the guidance and supervision of the dissertation advisor or committee at all stages of the project, including guidance in developing the project, understanding research conditions abroad, and acquainting the applicant with research in the field (10 points). Qualifications of the applicant (40 points): In determining the qualifications of the applicant, the Secretary considers (1) the overall strength of the applicant's graduate academic record (10 points); (2) the extent to which the applicant's academic record demonstrates strength in area studies relevant to the proposed project (10 points); (3) the applicant's proficiency in one or more of the languages (other than English and the applicant's native language) of the country or countries of research, and the specific measures to be taken to overcome any anticipated language barriers (15 points); and (4) the applicant's ability to conduct research in a foreign cultural context, as evidenced by the applicant's references or previous overseas experience, or both (5 points). Subject to change. Contact program officer for further information.

84.027 SPECIAL EDUCATION_GRANTS TO STATES

FEDERAL AGENCY:

Office of Special Education and Rehabilitative Services, Department of Education

AUTHORIZATION:

Individuals with Disabilities Education Act (IDEA), as amended, Part B, Sections 611-618, 20 U.S.C 1411-1418.

OBJECTIVES:

To provide grants to States to assist them in providing special education and related services to all children with disabilities.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

States must distribute all grant funds that the State does not reserve for administration of the program or other State-level activities to eligible local educational agencies. Funds are used by State and local educational agencies, in accordance with the IDEA, to help provide the special education and related services needed to make a free appropriate public education available to all eligible children and, in some cases, to provide early intervening services.

Applicant Eligibility:

State educational agencies in the 50 States, District of Columbia, Puerto Rico, American Samoa, Commonwealth of the Northern Mariana Islands, Guam and Virgin Islands, the Department of the Interior, and freely associated States. Local educational agencies apply to their State educational agency for subgrants.

Beneficiary Eligibility:

Children with disabilities will benefit.

Credentials/Documentation:

No State or jurisdiction may receive a grant unless the Secretary has approved the annual application and statement of assurances. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. States are eligible to receive funds under this program if the State establishes eligibility for funds under Section 612 of Part B of the IDEA. Local education agencies establish eligibility by meeting local application eligibility requirements of Section 613 of Part B of the IDEA.

Award Procedure:

Once the State application has been approved, a grant award is forwarded to the State department of education. Notification of the award is made to Chief State School Officer. States make subgrants to eligible local educational agencies from their initial grant award after setting aside funds for administration and state-level activities.

Deadlines:

May 10, 2014: The submission date for State applications is May 10 to expedite funding, but plans or amendments are accepted throughout the fiscal year.

Range of Approval/Disapproval Time:

Within 90 days.

Appeals:

The Department must not take final action to disapprove an application until the State is provided reasonable notice and an opportunity for a hearing. The State must request a hearing no later than 30 days after it receives notice of the proposed final determination that the State is not eligible to receive its award.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Statutory citation: IDEA Part B Sec. 611. Funds are allocated among States, including the District of Columbia and Puerto Rico, in accordance with a variety of factors. First, each State is allocated an amount equal to the amount that it received for fiscal year 1999. If the total program

appropriation increases over the prior year, 85 percent of the remaining funds are allocated based on the number of children in the general population, between the ages of 3 through 21, in the age range for which the States guarantee a free appropriate public education (FAPE) to children with disabilities. Fifteen percent of the remaining funds are allocated based on the number of children living in poverty, between the ages of 3 through 21, that are in the age range for which the States guarantee FAPE to children with disabilities. The statute also includes several maximum and minimum allocation requirements when the amount available for distribution to States increases. If the amount available for allocation to States remains the same from one year to the next, States receive the same level of funding as in the prior year. If the amount available for allocation to States decreases from the prior year, any amount available for allocation to States above the 1999 level is allocated based on the relative increases in funding that the States received between 1999 and the prior year. If there is a decrease below the amount allocated for 1999, each States allocation is reduced from the 1999 level.

This program has no matching requirements. However, there are non-supplanting and excess cost requirements. MOE requirements for this program apply to both State Educational Agencies and local educational agencies. Contact the program office for further details. This program has MOE requirements, see funding agency for further details.

Length and Time Phasing of Assistance:

Grants are issued each fiscal year. The Federal obligation period is a 15-month period from July 1 through September 30. States and local education agencies have an additional 12-month period to obligate funds they receive. See the following for information on how assistance is awarded/released: Contact the program office for this information.

Reports:

State Performance Plans (SPPs) and Annual Performance Reports (APR) are submitted to the Department of Education from the State departments of education. No cash reports are required. No progress reports are required. 34 CFR 80.40. 34 CFR 80.41.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

Records:

As required by EDGAR for State administered programs (34 CFR 76.730-731). Generally, the State and its subgrantees must retain records related to grant funds and compliance for a period of 3 years from the date the grantee or subgrantee submits its final expenditure report for that funding period. 34 CFR 80.42. Also, all records supporting claims for Federal funds or relating to the accountability of the grantee for the expenditure of such funds must be accessible for administrative review.

84.031 HIGHER EDUCATION_INSTITUTIONAL AID

FEDERAL AGENCY:

Office of Postsecondary Education, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, as amended (HEA). Title III, Part A and Part F, HEA, Title V.

OBJECTIVES:

To help eligible colleges and universities to strengthen their management and fiscal operations and to assist such institutions to plan, develop, or implement activities including endowment building to strengthen the academic quality of their institutions.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Eligible institutions may apply under Part A, Part B or Part F of Title III of the HEA or Title V of the HEA. Title III Part A includes Strengthening Institutions Program (SIP), American Indian Tribally Controlled Colleges and Universities (TCCUs), Alaska Native and Native Hawaiian serving (ANNH) institutions, Asian American and Native American Pacific Islander-serving Institutions (AANAPISI), Native American-Serving Nontribal Institutions (NASNTI) and Predominantly Black Institutions (PBIs). Title III Part B includes the Historically Black Colleges and Universities (HBCUs) program and the Historically Black Graduate Institutions (HBGIs) program. Title III Part A provides funds to eligible institutions to plan, develop, and implement activities for development of faculty, fund, and administrative management, and improvement of academic programs, acquisition of equipment for use in strengthening academic programs and institutional management, and joint use of facilities such as libraries, laboratories, and student services. Title III Part B provides funds to undergraduate HBCUs and graduate HBGIs. Funds may be used for purchase, rental, or lease of scientific equipment; construction, maintenance, renovation, improvement in classroom, library and other instructional facilities; support of faculty exchanges and fellowships; academic instruction in disciplines in which African Americans are underrepresented, purchase of library books, periodicals, and other educational materials; tutoring, counseling, and student services; funds and administrative management; acquisition of equipment for use in funds management; endowment funds; and joint use of facilities. Title V Part A, Developing Hispanic Serving Institutions (HSIs) program provides funds to eligible HSIs for activities such as: faculty development; funds and administrative management; development and improvement of academic programs; endowment funds; curriculum

development; scientific or laboratory equipment for teaching; construction or renovation of instructional facilities; joint use of facilities; academic tutoring; counseling programs; student support services, purchase of educational materials; articulation agreements; creating facilities for distance learning technologies; teacher education programs; K-12 community outreach programs; and the expansion of graduate and professional programs. Title V Part B, Promoting Postbaccalaureate Opportunities for Hispanic Americans program provides funds to eligible HSIs for activities such as: purchase or rental of scientific or laboratory equipment; construction or renovation of instructional facilities; purchase of educational materials; support for low-income postbaccalaureate students; support of academic instruction and faculty and curricular development; creating facilities for distance learning technologies; and collaboration with other institutions of higher education to expand postbaccalaureate offerings. Title III, Part F, Section 371 authorizes funds for Hispanic-serving Institutions STEM and Articulation Programs to support the kinds of activities being supported under the existing Title V program, except that priority is given for applications that propose to increase the number of Hispanic and other low-income students attaining degrees in fields of science, technology, engineering, and mathematics (STEM) and to applications that propose to develop model transfer and articulation agreements between the 2-year and 4-year HSIs in such fields. Funds provided for Title III and Title V may not be used for activities other than those in an approved application, activities that are inconsistent with any applicable State plan of higher education or State plan for desegregation, a school or department of divinity or any religious worship or sectarian activity; general operating and maintenance expenses; indirect costs; or supplanting of other funds available to the institution. These programs are subject to non-supplanting requirements and must use a restricted indirect cost rate which is referenced under 34 CFR 76.563. For assistance call the Office of Chief Financial Officer/Indirect Cost Group on (202) 377-3838.

Applicant Eligibility:

An institution of higher education (IHE) that qualifies as eligible using criteria as specified in the regulations. Under Part A, specific and basic requirements as stated in the program regulations must be met. Eligible applicants include institutions that have: (1) A low average per full-time equivalent (FTE) educational and general expenditures; (2) a substantial percentage of students having Pell Grants or other Federal need-based financial aid. However, a waiver of the low educational and general expenditure requirement and the needy student enrollment requirement may be granted to institutions meeting the criteria specified in the existing regulations. Under Part B HBCUs, historically Black institutions that were established prior to 1964, whose principal mission was, and is, the education of African Americans are eligible. A listing of those institutions is published in program regulations; these HBCUs are also eligible under the Endowment Challenge Grant Program. Institutions eligible for PBI program grants are defined in Title III Section 318(b) of the HEA. Institutions eligible for HBGI program grants are specified in Title III Section 326(e)(1) of the HEA. Under the Title V programs, an HSI is defined as an institution that has an enrollment of undergraduate full-time equivalent students that is at least 25 percent Hispanic as specified in Section 502 of the HEA.

Beneficiary Eligibility:

Applicant institutions of higher education, including those in the territories and possessions that meet statutory eligibility requirements will benefit.

Credentials/Documentation:

Institutions must document that they are accredited by a nationally recognized accrediting agency or that they are making satisfactory progress toward such accreditation. A 4-year institution must have authority to award a bachelor's degree. A 2-year institution must offer a program acceptable for full credit towards a bachelor's degree, or a 2-year program in engineering, mathematics, or the physical or biological sciences designed to prepare the student to work as a technician at a semiprofessional level. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or

her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. Applications for funding are available from the Institutional Services office at the Department of Education. Application deadlines are published in the Federal Register.

Award Procedure:

Title III Part A applicants in the SIP, ANNH, AANAPISI, and NASNTI programs and Title V applications are evaluated by external reviewers who are experts in postsecondary education. The Department makes final awards based primarily on the scores assigned to the applications by the external reviewers and the recommendations submitted by the staff of the Institutional Service, Office of Postsecondary Education at the Department of Education.

Title III applicants in the TCCUs, PBIs, HBCUs, and HBGIs programs makes final awards based on a statutory formula.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately six months.

Appeals:

Not Applicable.

Renewals:

Under the SIP, priority is given to applicants who are not already receiving a grant. Institutions that received a 5-year individual development grant are not eligible to receive an additional grant until 2 years after the date on which the 5-year terminates. After fulfilling the wait-out requirement, institutions applying for another grant under the SIP must reapply for eligibility.

Formula and Matching Requirements:

Statutory Formula: Funds are allocated to TCCUs, PBIs, HBCUs, and HBGIs based on a statutory formula. Title III, Part A, Section 316(d); Title III Part A, Section 320; Title III, Part B, Sections 324 and 326(f) of the HEA.

Matching Requirements: Under the SIP, TCCUs, HBCUs, and HSI, institutions of higher education may use no more than 20 percent of grant funds to establish or increase an institution's endowment fund. The endowment funds must be matched at a rate of one non-Federal dollar for each Federal dollar.

Under the HBGIs program, eligible institutions that have project grants over \$1,000,000 must match the entire Federal share on a dollar-for-dollar basis. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Under the SIP, TCCUs, ANNH, AANAPISI and HSI, planning grants are for a period of up to 1 year, individual development grants are for a period of 5 years. See the following for information on how assistance is awarded/released: This information is included in the award document.

Reports:

As required by the Special Grant Terms and Conditions. Staff monitor grants drawdown using agency financial reports. No cash reports are required. Progress reports are required. Expenditure reports are not applicable. Reporting on performance measures is required as part of the submittal of the required annual performance report.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Subject to a Federal audit any time during the term of the grant and within a period of 3 years after the termination of Federal support.

Records:

Must be retained for 5 years after the end of the fiscal year during which the expenditures were made or until the grantee is notified that the records are no longer needed.

CRITERIA FOR SELECTING PROPOSALS:

(a) Under Title III and Title V, the Department appoints review panels to provide comments and recommend ratings for the applications. The reviewers numerically rate each application assigned and provide the Secretary with comments on each. Criteria are published in the Federal Register along with the point value for each criterion. (b) Under TCCUs, HBCUs, HBGIs, and PBIs, funds are allocated based on a statute-driven formula. For Strengthening TCCUs, applicants are limited to tribal colleges and universities, including institutions qualifying for funding under the Tribally Controlled College or University Assistance Act of 1978 or the Navajo Community College Assistance Act of 1978, or cited in section 532 of the Equity in Educational Land Grant Status Act of 1994. To be eligible to receive a grant under the Strengthening HBCUs program, an institution must be designated by the Secretary of Education as a Historically Black College or University. HBGIs receiving discretionary grants are specified in the program statute. To be eligible to receive a grant under the Strengthening PBIs program, an institution must have an enrollment of undergraduate students that is at least 40 percent Black American students; that is at least 1,000 undergraduate students of which

not less than 50 percent of the undergraduate students enrolled at the institution are low-income individuals or first-generation college students (as that term is defined in Section 402A(g)); and of which not less than 50 percent of the undergraduate students are enrolled in an educational program leading to a bachelors or associates degree that the institution is licensed to award by the State in which the institution is located.

84.033 FEDERAL WORK-STUDY PROGRAM

FEDERAL AGENCY:

Office of Student Financial Assistance Programs, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, as amended, Title IV, Part C; 42 U.S.C. 2751-2756a.

OBJECTIVES:

To provide part-time employment to eligible postsecondary students to help meet educational expenses and encourage students receiving program assistance to participate in community service activities.

TYPES OF ASSISTANCE:

DIRECT PAYMENTS FOR A SPECIFIED USE

USES AND USE RESTRICTIONS:

The Federal share of compensation paid to students does not exceed 75 percent for work on campus, or work in a public agency or private nonprofit organization, unless waived by the Secretary. The Federal share of compensation paid to students does not exceed 50 percent for jobs with a private-for-profit organization. No more than 25 percent of an institution's work-study allocation may be used for private-for-profit organizations. If it provides FWS employment to its students in that year, an institution is entitled to an administrative cost allowance for an award year of 5 percent of the first \$2,750,000 of its program expenditures, plus up to 4 percent for expenditures greater than \$2,750,000 but less than \$5,500,000, plus up to 3 percent of expenditures in excess of \$5,500,000. An institution is required to use at least 7 percent of its total FWS allocation to pay the Federal share of wages to students employed in community service jobs unless it receives a waiver.

Applicant Eligibility:

Higher education institutions (public, private nonprofit, postsecondary vocational, and proprietary) meeting eligibility requirements may apply.

Beneficiary Eligibility:

Undergraduate, graduate, or professional students enrolled or accepted for enrollment as regular students; are maintaining satisfactory academic progress in accordance with the standards and practices of the institution; have financial need; do not owe a refund on a Title IV grant; are not in default on a Title IV loan; file a statement of educational purpose; file a statement of registration compliance (Selective Service); and meet citizen/resident requirements may benefit.

Credentials/Documentation:

Institutions must document their eligibility and students must demonstrate financial need. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Representatives of the appropriate ED Regional Office are available for consultation. See listing of ED Regional Offices in Appendix IV of the Catalog. Students should contact the institution(s) they attend or plan to attend. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. Participating institutions submit a Fiscal Operations Report/Application to Participate in Federal Student Financial Aid programs (ED Form 646-1) which is mailed to institutions of postsecondary education each summer by the Office of Federal Student Aid. New institutions submit only the application form.

Award Procedure:

The Office of Student Financial Aid determines final awards and notifies

participating institutions. Postsecondary institutions determine individual student awards.

Deadlines:

Oct 01, 2013: Deadlines are specified on the application (usually October 1).

Range of Approval/Disapproval Time:

Notices of tentative awards sent by February 1 and final award notifications sent by April 1.

Appeals:

Not Applicable.

Renewals:

Annual.

Formula and Matching Requirements:

Statutory Formula: Title IV, Part C.

Matching Requirements: Under the funding formula, funds are distributed to institutions, first, on the basis of the institution's base guarantee plus the pro rata share received during the 1999-2000 award year under the FWS Program and, then, on the basis of the aggregate need of the eligible students in attendance. Employers of FWS recipients must contribute 25 percent of the funding, (except in the case of private, for-profit organizations, which must match 50 percent) and in the case of established criteria for which the matching requirement is waived.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Funds are awarded for use by participating institutions for one award year at a time following the year of application. See the following for information on how assistance is awarded/released: electronic transfer.

Reports:

A single combined Fiscal Operations Report/Application form for Federal Perkins Loans, FSEOG, and FWS (DE 646-1) is submitted by each institution at the close of each award year (June 30). A single combined Fiscal Operations Report/Application form for Federal Perkins Loans, FSEOG, and FWS (DE 646-1) is submitted by each institution at the close of each award year (June 30). Performance monitoring is not applicable.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Institutions must have a nonfederal audit done on at least an annual basis at its own expense. Audits may also be performed at Government expense by the Department of Education's Office of the Inspector General as often as its time schedule will allow or when deemed necessary by the Secretary.

Records:

All records pertaining to activities of a given fiscal year must be retained for a period of 3 years following the institution's submission of its Fiscal Operations Report for an award year or until final resolution of an applicable audit, whichever is later.

84.041 IMPACT AID

FEDERAL AGENCY:

Office of Elementary and Secondary Education, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act (OESE), as amended, Title VIII.

OBJECTIVES:

To provide financial assistance to local educational agencies (LEAs) where affected by Federal activities, i.e., where the tax base of a district is reduced through the Federal acquisition of real property (Section 8002, ESEA), and where the presence of certain children living on Federal property places a financial burden on the LEAs that educate them (Sections 8003 and 8007, ESEA).

TYPES OF ASSISTANCE:

FORMULA GRANTS; Project Grants (Discretionary)

USES AND USE RESTRICTIONS:

Under formula awards, most assistance becomes part of the general operating fund of the LEAs. Districts usually deposit the Federal payment in the general operating funds account in accordance with State laws, together with all State and local funds available for current operating expenses and use this combined account to finance the school program in the district. Special additional payments made to LEAs related to enrollments of federally connected children with disabilities must be used for programs and projects designed to meet the special educational and related needs of these children. Payments for construction may be used for construction and renovation, debt service, or other capital fund activities. Under discretionary construction awards, funds must be used for the project grant described in the application and grant award notification. The discretionary construction grant program is subject to non-supplanting requirements and must use a restricted indirect cost rate which is referenced under 34 CFR 76.564-76.569. For assistance call the Office of the Chief Financial Officer/Indirect Cost Group on 202-708-7770.

Applicant Eligibility:

Local educational agencies that provide free public elementary or secondary education may apply. Under Section 8002, generally, assistance is provided to districts where an aggregate of 10 percent or more of the assessed valuation of all real property in the school district as of the time(s) of acquisition has been acquired by the Federal Government since 1938 and the district is not being substantially compensated by revenue from activities on the eligible Federal property. Under Section 8003, assistance is provided to districts where at least three percent or 400 of the total number of eligible federally connected children in average daily attendance (ADA) live on Federal property including Indian lands and/or have a parent who works on Federal property or is on active duty in the uniformed services. Under Section 8007(b), "heavily impacted" LEAs that enroll a high proportion (at least 40 percent) of federally connected children, or have little or no funding capacity, may be eligible for a competitive construction award.

Beneficiary Eligibility:

Public elementary and secondary school children benefit.

Credentials/Documentation:

Costs will be determined in accordance with OMB Circular No. A-87 for State and local governments. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. This program is excluded from coverage under OMB Circular No. A-110. Applications are submitted to the Secretary of Education and a copy is sent to the State educational agency (SEA). Applications become available on the Department's e-Grants web site annually, typically in mid November. Applications must show the membership of federally connected children on the survey date chosen by the school district within the period prescribed by the Secretary.

Award Procedure:

Funds are generally made available when an appropriation is made.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Contact the Program Office for this information.

Appeals:

An administrative law hearing is available for any LEA or State adversely affected by any action of the Secretary. The hearing must be requested under the time frame included under the program regulations.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Title VIII, Sections 8002, 8003, and 8007(a).
Matching Requirements: Under Section 8002, payments are determined under a statutory formula that considers the assessed valuation of the property acquired by the Federal government and the LEA's local tax rate for current expenditures. Under Section 8003, payments are determined under a statutory formula that considers the average daily attendance of federally connected students for the previous year, the per-pupil expenditure average from the third preceding year, the weight in the statute attached to certain categories of federally connected students, the total current expenditures of the LEA, and the total membership of the LEA. Under Section 8007(a), payments are determined under a statutory formula that considers the average daily attendance of children living on Indian lands and dependents of the military living on and off base. Under Section 8007(b), payments are awarded on a competitive basis to certain eligible LEAs that receive Impact Aid.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Payments are made annually to eligible LEAs. See the following for information on how assistance is awarded/released: This information is included in award documents.

Reports:

No reports are required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. The program staff conducts mail-in or on-site reviews to verify application data and collect additional required information.

Records:

In accordance with the General Education Provision Act and program regulations, an LEA generally must retain records supporting its payment amount for 3 years after the last payment for a fiscal year.

Account Identification:

Applicant Eligibility:

Institutions of higher education and combinations of institutions of higher education may apply.

Beneficiary Eligibility:

Low-income, first generation college students or disabled students who are enrolled or accepted for enrollment at the institution that is the recipient of the grant and who are in need of academic support in order to successfully pursue a program of postsecondary education. At least two-thirds of the project participants must be disabled or must be low-income individuals who are first generation college students. The remaining participants must be disabled, low-income individuals, or first generation college students. One-third of the disabled participants must be low-income. Required low-income criteria for participants are stated in application materials.

Credentials/Documentation:

Costs will be determined in accordance with Education Department General Administrative Regulations (EDGAR). This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. Develop a proposal in accordance with regulations, applications, and timetables issued by the Secretary of Education; no State Plan is required. Requests for program applications should be made to the Office of Federal TRIO Programs, College and University Support Team. This program is subject to the provisions of EDGAR.

Award Procedure:

Selected nonfederal field readers evaluate new proposals on the basis of the selection criteria specified in 34 CFR 646.21 and 646.22. Grants are awarded through the Federal TRIO Programs office.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 90 to 180 days.

Appeals:

Yes. The program statute authorizes a second review of unsuccessful applications. The Department implements the second review process in accordance with the process specified in 34 CFR 646.24. An unsuccessful applicant requesting a second review must provide evidence that the Department, an agent of the Department, or a peer reviewer made a technical, administrative, or scoring error in the processing or review of its application.

Renewals:

The grant period is 5 years. Continuation awards for up to five years are approved on an annual basis; subject to the availability of funds and evidence that the grantee is meeting the conditions of the grant and making substantial progress towards meeting the project objectives.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: Any grantee that uses funds for student grant aid must match the funds, in cash, from non-Federal funds, in an amount that is not less than 33 percent of the total amount of student grant aid funds, unless the grantee is eligible for a waiver to the match.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Five year projects, with annual continuation awards. Continuation awards are subject to the availability of funds and satisfactory progress by the grantee. See

the following for information on how assistance is awarded/released: Contact the program office.

Reports:

Performance reports are required on an annual basis. No cash reports are required. Progress reports are required for a project in its first year of funding. Staff monitor grant drawdown using agency financial reports. Reporting on performance measures is required as part of the submittal of the required annual performance report.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. 84.048 CAREER AND TECHNICAL EDUCATION -- BASIC GRANTS TO STATES

FEDERAL AGENCY:

Office of Vocational and Adult Education, Department of Education

AUTHORIZATION:

Carl D. Perkins Career and Technical Education Act of 2006 (Perkins IV), Title I, 20 U.S.C 2321.

OBJECTIVES:

To develop more fully the academic, career, and technical skills of secondary and postsecondary students who elect to enroll in career and technical education programs.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Funds are used by eligible agencies and their eligible recipients (local subgrantees), in accordance with Perkins IV, to provide career and technical education. Each State must distribute at least 85 percent of its award to local agencies to fund secondary and postsecondary institutions that provide career and technical education services, from which the State may choose to award an amount equivalent to 10 percent of its award to make awards to local agencies

in rural areas, areas with high percentages of career and technical education students, and areas with high numbers of career and technical education students. Each State may keep up to 5 percent (or \$250,000, whichever is greater) of its award for State administration and up to 10 percent of its award to fund leadership activities (and from that amount, it must reserve an amount equivalent to 1 percent of its award to assist individuals in State institutions and between \$60,000 and \$150,000 to fund services to prepare individuals for non-traditional fields). This program is subject to non-supplanting requirements and must use a restricted indirect cost rate, pursuant to 34 CFR 76-564-76.569. For assistance call the Office of the Chief Financial Officer/Indirect Cost Group on (202) 708-7770.

Applicant Eligibility:

The Department of Education makes formula grants to State boards for career and technical education. Eligible recipients for subgrants include local educational agencies and postsecondary institutions.

Beneficiary Eligibility:

A wide range of individuals pursuing career and technical education will benefit.

Credentials/Documentation:

The establishment of a State Board for Career and Technical Education is required. Costs will be determined in accordance with OMB Circular No. A-87 for State and local governments. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Required in order to develop a 5-year State plan for career and technical education, which is also subject to public hearings. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. OMB Circular No. A-21 applies to this program. Eligible agencies submit 5-year State plans for career and technical education, and annual revisions, to the Department pursuant to section 122 of Perkins IV. However, the outlying areas, except for Palau, are eligible to submit an application for Perkins IV funding under the Consolidated Grants to Insular Areas Program. See CFDA 84.403. Eligible recipients submit local plans to the eligible agency in their States pursuant to section 134 of Perkins IV.

Award Procedure:

Once the Secretary approves an eligible agency's 5-year State plan or annual revisions, the Department forwards the grant award to the State official designated by the eligible agency and notifies the State director for CTE. States make subgrants to eligible recipients from their grant awards after setting aside funds for State administration and State leadership activities.

Deadlines:

Mar 30, 2013 The submission date for the State plan or annual revisions is generally late March or early April is set in guidance issued annually by the Department.

Range of Approval/Disapproval Time:

Within 90 days.

Appeals:

The Secretary shall not finally disapprove a State plan, except after giving the eligible agency notice and opportunity for a hearing.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Sec. 111 of the Carl D. Perkins Career and Technical Education Act of 2006. The funding formula is based on State per-capita income and population in three age cohorts (15-19,20-24, and 25-65). The formula provides for a minimum State allocation, and a "hold-harmless"

provision in the formula ensures that no State's share of the appropriation is less than its share of the fiscal year 1998 appropriation. A special provision limits the increase a State with an initial allocation of the 0.5 percent minimum may receive, resulting in a number of States that receive an allocation of less than 0.5 percent of the total. If appropriations result in the amount of funds for allocation to States exceeding the amount of funds allocated to States from the FY 2006 appropriation, up to one-third of the additional funds are allotted to States with FY 2006 grants that are less than the minimum 0.5 percent grant amount and the remainder flows to the other States. In addition, the outlying areas (except the Virgin Islands) receive 0.13 percent of the total appropriated for State Grants to operate the same kinds of career and technical education programs as the States. Also, 1.25 percent of the total appropriation for State Grants is set aside for grants to federally recognized Indian tribes and tribal organizations, and 0.25 percent is set aside for competitive grants to organizations that primarily serve and represent Native Hawaiians. The Bureau of the Census supplies the population data; the Department of Labor supplies the per-capita income data.

Matching Requirements: Section 112(b) of the Perkins Acts requires 50/50 matching for State administration, which is also subject to the hold-harmless requirement imposed by section 323. An outlying area that submits an application for its Perkins IV funds under the Consolidated Grants to Insular Areas Program is not required to match. See CFDA 84.403.

Section 311(b) of the Perkins Act describes maintenance-of-effort requirements.

This program has MOE requirements, see funding agency for further details.

Length and Time Phasing of Assistance:

Generally, annual grants to eligible agencies are made from July 1 to September 30 of the following year. In addition, funds remain available to the eligible agencies for an additional fiscal year for obligation and expenditure under section 421(b) of the General Education Provisions Act, as amended (GEPA). Contact the headquarters office for information on how assistance is awarded/released. See the following for information on how assistance is awarded/released: States draw funds as needed under the Electronic Funds Transfer System.

Reports:

OVAE's Consolidated Annual Report (CAR) for Perkins IV requires annual financial status reports, performance data reports, and program narrative reports. Eligible agencies must also submit Office for Civil Rights Compliance Reports. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Performance monitoring is applicable.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

Records:

As required by EDGAR for State-administered programs (34 CFR 76.730-76.731). Generally, the eligible agency and its subgrantees must retain records related to grant funds and compliance for a period of 3 years from the date the grantee or subgrantee submits its final expenditure report for that funding period. 34 CFR 80.42. Also, all records supporting claims for Federal funds or relating to the accountability of the grantee for the expenditure of such funds must be accessible for administrative review. See also section 443 of GEPA.

84.060 INDIAN EDUCATION GRANTS TO LOCAL EDUCATIONAL AGENCIES**FEDERAL AGENCY:**

Office of Elementary and Secondary Education, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act of 1965 (ESEA), as amended, Title VII, Part A, Subpart 1.

OBJECTIVES:

To address the unique education and culturally related academic needs of Indian students, including preschool children, so that these students can achieve to the same challenging state performance standards expected of all students. This program is the Department's principal vehicle for addressing the particular needs of Indian children.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Grants supplement the regular school program, helping Indian children sharpen their academic skills, assisting students in becoming proficient in the core content areas, and providing students an opportunity to participate in enrichment programs that would otherwise be unavailable. Funds support such activities as after-school programs, tutoring, and dropout prevention. This program is subject to non-supplanting requirements and must use a restricted

indirect cost rate which is referenced under 34 CFR 76.564-76.569. For assistance call the Office of the Chief Financial Officer/Indirect Cost Group on (202) 708-7770.

Applicant Eligibility:

Local educational agencies (LEAs) that enroll at least 10 Indian children or in which Indians constitute at least 25 percent of the total enrollment. These requirements do not apply to LEAs serving Indian children in Alaska, California, and Oklahoma or located on, or in proximity to, an Indian reservation. Schools that receive funding from the Department of Interior (DOI) Bureau of Indian Education (BIE) under Section 1130 of the Education Amendments of 1978, 25 U.S.C. 2001, are eligible to participate in this program. If an eligible LEA does not apply, an Indian tribe that makes up at least half of the LEAs Indian students may apply in lieu of the LEA.

Beneficiary Eligibility:

Eligible Indian children enrolled in eligible local educational agencies, and BIE-funded schools.

Credentials/Documentation:

The applicant must certify the number of eligible Indian children enrolled. The grant award is computed based on this information. An applicant must also assure that it has carried out a number of other required activities, including: holding a public hearing, establishing an Indian parent committee, and making arrangements for an evaluation of the effectiveness of the project. No grant will be made unless the applicant has the written approval of the applicant's Indian parent committee. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

The standard application forms as furnished by the Federal agency must be used for this program. An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. This program is excluded from coverage under OMB Circular No. A-110. The LEA annually submits to the Department of Education an application describing its proposed project. Application forms are available from the headquarters office.

Award Procedure:

Awards are issued annually directly to the LEA. Awards are made to all applicants that meet the applicable requirements of the Act and that have designed a project that the Secretary of Education determines will substantially increase the educational opportunities of the Indian children served by the applicant.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 160 days.

Appeals:

Not Applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Title ESEA, Title VII, Part A, Subpart 1, Section 7113. Matching Requirements: The Department calculates the amount of a grant that an LEA receives by multiplying the number of Indian children enrolled in the LEA's schools by the average per-pupil expenditure for the State in which the applicant is located, or 80 percent of the national average per pupil expenditure, whichever is greater. In setting the actual amount of a grant, an applicant's formula amount is adjusted on the basis of available appropriations. Grantees

must receive a minimum grant of \$4,000.

Maintenance-of-Effort Requirements:

In order for an LEA to receive a grant, the appropriate State educational agency (SEA) must certify that the combined fiscal effort of that LEA and the State with respect to the provision of free public education by that LEA for the preceding fiscal year was not less than 90 percent of the combined fiscal effort for that purpose for the second preceding fiscal year. If an LEA does not meet this requirement and the Secretary does not grant a waiver for unusual circumstances, the LEA's grant award is reduced in the proportion by which the LEA failed to meet the combined fiscal effort requirement. DOI/Bureau of Indian Education grantees are exempt from the combined fiscal effort requirement.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Grants are awarded for up to 60 months and funds must be spent or obligated within the project period. Payments are made by direct deposit upon request by LEAs. See the following for information on how assistance is awarded/released: Contact the program office for this information.

Reports:

Financial and performance reports are due within 90 days of the termination of the project period. No cash reports are required. No progress reports are required. No expenditure reports are required. No performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

84.063 FEDERAL PELL GRANT PROGRAM

FEDERAL AGENCY:

Office of Student Financial Assistance Programs, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, Title IV, Part A, Subpart 1, as amended.

OBJECTIVES:

To provide eligible undergraduate postsecondary students who have demonstrated financial need with grant assistance to help meet educational expenses.

TYPES OF ASSISTANCE:

DIRECT PAYMENTS FOR A SPECIFIED USE

USES AND USE RESTRICTIONS:

The student must be a U.S. citizen or eligible noncitizen who has been accepted for enrollment in, and is making satisfactory academic progress at an eligible institution of higher education. Eligible schools may be public or private nonprofit institutions of higher education, (such as colleges, universities, vocational-technical schools, hospital schools of nursing), and for-profit institutions (proprietary). Eligible males who are at least 18 years or older and born after December 31, 1959, can receive aid only if they have registered with the Selective Service. Graduate students and students who have already earned a bachelor's degree are not eligible for assistance, except those enrolled in an eligible program leading to a professional certification in teaching. Applicants must demonstrate need according to Part F of the Higher Education Act of 1965, as amended.

Applicant Eligibility:

Undergraduate students and students pursuing a teaching certificate enrolled as regular students in an eligible program at an eligible institution of higher education and making satisfactory academic progress. The applicants must be U.S. citizens or eligible noncitizens and have a high school diploma, a GED, or demonstrate the ability to benefit from the program offered.

Beneficiary Eligibility:

Undergraduate students and students pursuing a teaching certificate that are U.S. citizens or eligible noncitizens and meet financial need criteria. Students must be: regular students in an eligible program and enrolled in institutions of higher education, making satisfactory academic progress. Incarcerated students, except those incarcerated in local penal facilities, are ineligible. Students must sign a statement of educational purpose, not owe a refund on a Title IV grant, and not be in default on a Title IV loan. Eligible males that are at least 18 years old and born after December 31, 1959, can receive aid only if they have registered with the Selective Service.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. This program is excluded from coverage under OMB Circular No. A-110. Student completes a "Free Application for Federal Student Aid" and submits it to the agency specified on the form. Students may apply using a paper application, an electronic application, or via the Internet. The Department of Education calculates the student's financial eligibility for assistance and the agency to which the student sent the application returns a notification to the student of his or her eligibility for assistance. The student submits this notification to the institution of his or her choice in order to have his or her award calculated.

Award Procedure:

Institutions act as disbursing agents for the Department of Education. The institution that the student attends calculates and disburses the Federal Pell

Grant, using a payment schedule developed by the Department of Education that determines the amount of the award based on the student's expected family contribution, cost of attendance, and enrollment status.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 15 to 30 days.

Appeals:

An institution, on the basis of supplemental documentation, may rule that an applicant is self-supporting, even though under the standard criteria, the applicant would normally be considered financially dependent on his or her parents. An institution may adjust on a case-by-case basis a student's data elements used to calculate his or her EFC and cost of attendance due to unusual circumstances documented by the institution.

Renewals:

Students who have applied in the previous award year may be eligible to complete a paper or electronic renewal application which contains preprinted student data and requires students only to update certain information. However, eligibility is still annually determined.

Formula and Matching Requirements:

Statutory Formula: Title IV, Part F.

Matching Requirements: Federal Pell Grant eligibility determinations are based on Part F of the HEA, as amended. This national need analysis formula determines financial eligibility for Federal Pell grants and other Federal student aid and is applied uniformly to all applicants. This formula determines a student's "expected family contribution" (EFC). The fundamental elements of this need analysis formula are the parents' and/or the student's income and assets (excluding home), the family's household size, and the number of family members attending postsecondary institutions. The EFC is determined as the sum of: (1) A percentage assessment of net income (remaining income after subtracting allowances for basic living expenses) and (2) a percentage assessment of net assets other than a home (remaining assets after subtracting an asset protection allowance).

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Students are able to receive one Federal Pell Grant during any award year (July 1 through June 30). Funds for the Federal Pell Grant are usually disbursed at least twice during an award year. Students may only receive a Federal Pell Grant until they have received a bachelor's degree. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

Institutions will be required to furnish reports periodically on the disbursement of funds, as well as to furnish any other reports the Secretary requires. No reports are required of students. Cash reports are not applicable. Progress reports are not applicable. Institutions will be required to furnish reports periodically on the disbursement of funds, as well as to furnish any other reports the Secretary requires. No reports are required of students. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

Records:

All records pertaining to the eligibility of each Federal Pell Grant recipient and all fiscal management records must be maintained by the institutions for a period of 3 years or until an acceptable audit has been completed, whichever is later. Selected students will have the information on their applications verified.

Account Identification:

91-0199-0-1-502; 91-0200-0-1-502.

Obligations:

(Direct Payments for Specified Use) FY 12 \$32,798,175,000; FY 13 est \$33,728,145,000; and FY 14 est \$35,325,135,000

Range and Average of Financial Assistance:

For FY 2012, grants will range from \$555-\$5,550; the average grant is estimated at \$3,675.

84.116 FUND FOR THE IMPROVEMENT OF POSTSECONDARY EDUCATION

(FIPSE)

FEDERAL AGENCY:

Office of Postsecondary Education, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, as amended, Title VII, Part B, 20 U.S.C. 1138.

OBJECTIVES:

To provide assistance for innovative programs that improve access to and the quality of postsecondary education.

TYPES OF ASSISTANCE:

Project Grants (Discretionary)

USES AND USE RESTRICTIONS:

The Fund provides project grants for activities sponsored by institutions and agencies that develop and demonstrate more effective approaches to the postsecondary teaching and learning. Each year, the Department establishes funding competitions and priorities. Funded projects are action-oriented, focusing on improvements in practice rather than support for basic research.

Applicant Eligibility:

Eligible applicants include institutions of higher education, other public and private non-profit institutions and agencies and combinations of these institutions and agencies. A range of providers of postsecondary educational services is thus eligible including but not limited to: 2 and 4-year colleges and universities, community organizations, libraries, museums, consortia, and student groups.

Beneficiary Eligibility:

Postsecondary educational institutions and their students will benefit.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under OMB Circular No. A-87.

84.120 MINORITY SCIENCE AND ENGINEERING IMPROVEMENT (MSEIP)

FEDERAL AGENCY:

Office of Postsecondary Education, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, as amended, Title III, Part E, Subpart 1.

OBJECTIVES:

To (1) effect long-range improvement in science and engineering education at predominantly minority institutions and (2) increase the participation of underrepresented ethnic minorities, particularly minority women, in scientific and technological careers.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Program funds are generally used to implement institutional projects, special projects and cooperative grants. Institutional grants support the implementation of a comprehensive science improvement plan, which may include any combination of activities for improving the preparation of minority students for careers in science. Special project grants to minority institutions support activities that improve the quality of training in science and engineering at minority institutions. Special project grants to non-minority eligible applicants support activities that provide a needed service to a group of eligible minority institutions. Cooperative grants assist groups of non-profit accredited colleges and universities in working together to conduct a science improvement program. Grant funds may be used for a broad range of activities that address specific barriers that eliminate or reduce the entry of minorities into science and engineering fields. This program is subject to non-supplanting requirements and must use a restricted indirect cost rate which is referenced under 34 CFR 76.564-76.569. For assistance call the Office of the Chief Financial Officer/Indirect Cost Group on (202) 377-3838.

Applicant Eligibility:

Private and public nonprofit accredited (or successfully working toward accreditation) institutions of higher education that award baccalaureate degrees; and are minority institutions; public or private accredited (or successfully working toward accreditation) nonprofit institutions of higher education that award associate degrees, and are minority institutions that have a curriculum that includes science and engineering subjects; and enters into a partnership with public or private nonprofit institutions of higher education that award baccalaureate degrees in science or engineering. Applications may also be submitted by nonprofit science-oriented organizations, professional scientific societies, and institutions of higher education that award baccalaureate degrees, that provide a needed service to a group of minority institutions; or provide in-service training for project directors, scientists, and engineers from minority institutions; or consortia of organizations, that provide needed services to one or more minority institutions, the membership of which may include: institutions of higher education which have a curriculum in science or engineering; institutions of higher education that have graduate or professional programs in science or engineering; research laboratories of, or under contract with the Department of Energy; private organizations that have science or engineering facilities; or quasi-governmental entities that have a significant scientific or engineering mission.

Beneficiary Eligibility:

Private or public accredited (or successfully working toward accreditation) 2- and 4-year institutions of higher education whose enrollments of a single minority or a combination of minorities exceed 50 percent of the total enrollment. Minorities means American Indian; Alaskan Native; Black (not of Hispanic origin); Hispanic (including persons of Mexican, Puerto Rican, Cuban, and Central or South American origin); Pacific Islander; or other ethnic group who are underrepresented in science and engineering.

Credentials/Documentation:

Institutions must provide the information necessary to establish their eligibility for participation in MSEIP. The data on enrollment furnished to the Office for Civil Rights to satisfy requirements for the "Fall Enrollment and Compliance Report of Institutions of Higher Education" are acceptable. Applications must be signed by an authorized organizational official. This program is excluded from coverage under OMB Circular No. A-87.

Preapplication Coordination:

An applicant should consult the office or official designated as the single point

of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. An eligible institution may submit a proposal for funding of a planned project and proposed amount of the grant when announcement of a new competition appears in the Federal Register. See 34 CFR 637 and the specific program guidelines. Application forms are available from the MSEIP.

Award Procedure:

Panels of outside experts with knowledge of the fields covered by the application review all eligible applications. Grant awards are recommended to the Secretary by the program office, in the order of merit.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 3 to 6 months.

Appeals:

Not Applicable.

Renewals:

Awards may be renewed for up to 2 years, renewals subject to the availability of appropriations.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

One to three years. Funds are awarded annually and disbursed as required. Renewals are subject to the availability of appropriations. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

The program requires interim and annual performance reports. A final performance report is required within 90 days upon completion of the project for all funded projects. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Reporting on performance measures is required as part of the submittal of the required annual performance report.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Compliance with standard Department of Education requirements.

Records:

84.126 REHABILITATION SERVICES_VOCATIONAL REHABILITATION GRANTS TO STATES**FEDERAL AGENCY:**

Office of Special Education and Rehabilitative Services, Department of Education

AUTHORIZATION:

Rehabilitation Act of 1973, Title I, Part A and B, Section 100-111.

OBJECTIVES:

To assist States in operating comprehensive, coordinated, effective, efficient and accountable programs of vocational rehabilitation; to assess, plan, develop, and provide vocational rehabilitation services for individuals with disabilities, consistent with their strengths, resources, priorities, concerns, abilities, capabilities, and informed choice so they may prepare for and engage in competitive employment.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Federal and State funds are used to cover the costs of providing vocational rehabilitation services which include: assessment, counseling, vocational and other training, job placement, reader services for the blind, interpreter services for the deaf, medical and related services and prosthetic and orthotic devices, rehabilitation technology, transportation to secure vocational rehabilitation services, maintenance during rehabilitation, and other goods and services necessary for an individual with a disability to achieve an employment outcome. Services are provided to families of disabled individuals when such services will contribute substantially to the rehabilitation of such individuals who are being provided Vocational Rehabilitation services. Funds can also be used to provide Vocational Rehabilitation services for the benefit of groups of individuals with disabilities including the construction and establishment of community rehabilitation programs.

Applicant Eligibility:

State agencies in all States (including territories/possessions) designated as the sole State agency to administer the vocational rehabilitation program may receive funds with the submission of an approved State plan in the Rehabilitation Act of 1973, as amended.

Beneficiary Eligibility:

In order to be eligible for vocational rehabilitation services, an individual must have a physical and/or mental impairment, which, for such an individual, constitutes or results in a substantial impediment to employment, and requires vocational rehabilitation services to achieve an employment outcome.

Credentials/Documentation:

No Credentials or documentation are required. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. State Vocational Rehabilitation agencies are required to submit a State Plan describing the manner in which they will administer the VR and Supported Employment programs in their States. The State is not required to submit any policies, procedures or descriptions related to its State Plan that have been previously approved and demonstrate that the State currently meets the requirements of the Act. However, State agencies are required to annually update and submit State Plan attachments related to: (1) the comprehensive system of personnel development; State assessments, estimates, goals and priorities, and reports of progress; (2) innovation and expansion activities; and (3) a description of the State's plans with respect to the distribution of State Supported Employment Title VI, Part B funds.

Award Procedure:

Grant awards are made to State VR agencies with an approved State plan. States are notified of their annual allotment under the funding formula. Grant funds are withdrawn under the Electronic Transfer System.

Deadlines:

Jul 01, 2012 State VR agencies must submit State Plans to the Rehabilitation Services Administration for approval by July 1 each year.

Range of Approval/Disapproval Time:

The State plan must be approved before the State agency can receive its allotment of funds. If a State plan is disapproved, and after reasonable effort has been made to resolve a dispute, the State agency may request a hearing. If dissatisfied with the hearing officer's initial decision, the State agency may seek the Secretary's review of the decision.

Appeals:

A State may appeal the Secretary's decision to disapprove the State plan by filing a petition for review with the United States Court of Appeals for the circuit in which the State is located.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Title I, Part A, Subpart 110. (29 USC 730). Funds are distributed based on population weighted by per capita income. The statistical factors for fund allocation are: per capita income 3-year average by State (Bureau of Economic Analysis estimates) and U.S. total and State population (Annual Population Estimates, Bureau of the Census).

Matching Requirements: The program's matching requirement is 78.7 percent Federal and 21.3 percent Non-Federal funds. This program has a maintenance of effort (MOE) requirement. The MOE level is based on the amount of the State's non-Federal expenditures under the VR program for the Federal fiscal

year two years earlier; see funding agency for further details.
This program has MOE requirements, see funding agency for further details.

Length and Time Phasing of Assistance:

Funds become available for obligations for the fiscal year for which they are appropriated and may remain available for an additional year if the matching requirement is met in the year of the appropriation. Grant awards are issued biannually (1st and 4th quarter). See the following for information on how assistance is awarded/released: Electronic Transfer.

Reports:

Program report: Annual and quarterly reports. No cash reports are required.
Progress report: Annual and quarterly reports. Expenditure reports: quarterly financial reports (Federal Financial Report (SF-425). Performance monitoring: The Rehabilitation Act requires the conduct of annual reviews and periodic on-site monitoring of whether a State VR agency is complying substantially with the provisions of its State plan and with the program's performance indicators established under section 106 of the Act.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133. Conducted by ED Office of Inspector General and by site visits of regional staff. Both are periodic but no set schedule.

Records:

84.132 CENTERS FOR INDEPENDENT LIVING**FEDERAL AGENCY:**

Office of Special Education and Rehabilitative Services, Department of Education

AUTHORIZATION:

Rehabilitation Act of 1973, as amended, Title VII, Chapter 1, Part C.

OBJECTIVES:

To support a Statewide network of centers for independent living (centers or CILs) and provide financial assistance to centers that comply with the standards and assurances in section 725(b) and (c) of the Rehabilitation Act of 1973, as amended (Rehabilitation Act) consistent with the design included in the State Plan for Independent Living for establishing a statewide network of centers. Centers are consumer-controlled, community-based, cross-disability, nonresidential, private nonprofit agencies that are operated in local communities by individuals with disabilities and provide an array of IL services that are designed to enhance independence and productivity of individuals with significant disabilities and to promote their full inclusion and integration into the mainstream of American society.

TYPES OF ASSISTANCE:

Project Grants (Discretionary)

USES AND USE RESTRICTIONS:

Federal funds awarded under this program, the CIL program, are used for the establishment and operation of centers for independent living which offer a wide range of independent living (IL) services. Services must include independent living core services which are information and referral services, independent living skills training, peer counseling, including cross-disability peer counseling, and individual and systems advocacy. As appropriate, IL services include a combination of any other independent living services specified in the Rehabilitation Act and 34 CFR Section 364.4 of the IL program regulations. Section 721(b) of the Rehabilitation Act specifies that not less than 1.8 percent and not more than two percent of Federal funds appropriated for the CIL program must be reserved each fiscal year to provide training and technical assistance under contracts with entities who have experience in the operation of centers for independent living.

Applicant Eligibility:

Private non-profit organizations. An eligible agency under the CIL program is a consumer-controlled, community-based, cross-disability, nonresidential, private nonprofit agency or a state agency in states in which no eligible private non-profit organization applies for a grant. The Rehabilitation Act and regulations require the Commissioner of the Rehabilitation Services Administration to make awards based on a statutory order of priority. A States allotment for IL Part C funds is determined according to a population-based formula. To the extent funds are available, the order of priority is as follows: existing centers that meet the standards and assurances in section 725(b) and (c) of the Act must receive the level of funding each center received in the prior year. Existing centers that meet the Acts standards and assurances then receive a cost-of-living increase consistent with section 721(c)(3) of the Act. If there are sufficient excess funds in a States allotment, and there are areas in the State that are unserved or underserved by centers, the Commissioner must

fund new centers. If there are insufficient funds to fund new centers, the excess funds may be distributed to existing centers or reallocated to other States.

Beneficiary Eligibility:

Individuals with significant disabilities as defined in section 7 of the Rehabilitation Act and 34 CFR 364.4 of the IL program regulations. This refers to an individual with a severe physical, mental, cognitive or sensory impairment whose ability to function independently in the family or community or whose ability to obtain, maintain, or advance in employment is substantially limited and for whom the delivery of IL services will improve the ability to function, continue functioning, or move toward functioning independently in the family or community or to continue in employment.

Credentials/Documentation:

Costs will be determined in accordance with OMB Circular No. A-122 (Cost Principles for Nonprofit Organizations). If the center is operated by a State agency, OMB Circular A-87 is used to determine the allowability of costs. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program. The Education Department General Administrative Regulations at 34 CFR Parts 74, 75 and 80, if a state agency receives the award, apply to this program. Applications should be submitted to the Department e-Grants Website or to the Department of Education, Application Control Center, 400 Maryland Ave. S.W., Washington, DC 20202-4725, according to instructions specified in the Notice Inviting Applications. The standard application kit as furnished by the Department of Education must be used for this program.

Award Procedure:

New awards are made based upon the results of a competitive peer review process of applications and the review and approval of staff in various offices within the Department.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days.

Appeals:

Not Applicable.

Renewals:

Projects may be continued based on the submission of an annual performance report (the section 704 report), and RSAs determination that the center has met the standards and assurances under section 725(b) and (c) of the Rehabilitation Act, and the availability of funds. Amounts of continuation awards are subject to the availability of appropriations.

Formula and Matching Requirements:

Statutory Formula: Rehabilitation Act Section 721(c) and 722(e).

This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Existing projects are approved on an annual basis with funding on a twelve month basis. New projects are funded for five years with funding approved on a 12-month basis. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

Annual and fiscal progress reports and self-evaluations (section 704 reports) must be submitted as prescribed by Section 725 (c)(8) of the Rehabilitation Act, and grant award terms and conditions. No cash reports are required. No

progress reports are required. No expenditure reports are required. No performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

Records:

As required by EDGAR for non-profit recipients (34 CFR Part 74) records related to grant funding, compliance and performance must be maintained for a period of three years after completion of the grant activity and the final financial report is submitted or until all audit questions are resolved.

84.133 NATIONAL INSTITUTE ON DISABILITY AND REHABILITATION RESEARCH

FEDERAL AGENCY:

Office of Special Education and Rehabilitative Services, Department of Education

AUTHORIZATION:

Rehabilitation Act of 1973, Title II.

OBJECTIVES:

To support and coordinate research and its utilization in order to improve the lives of people of all ages with physical and mental disabilities, especially

persons with severe disabilities, through: (1) identifying and eliminating causes and consequences of disability; (2) maximizing the health, physical, and emotional status of persons with disabilities and their functional ability, self-sufficiency, self-development and personal autonomy; (3) preventing or minimizing personal and family, physical, mental, social, educational, vocational, and economic effects of disability; and (4) reducing and eliminating physical, social, educational, vocational, and environmental barriers to permit access to services and assistance and to use their abilities in daily life.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Grants, cooperative agreements, and contracts are awarded for research, demonstration, dissemination/utilization projects of national significance, and career training projects. All applications must meet standards of excellence in research and evaluation design. Fellowships support individual investigators in pursuing research in rehabilitation.

Applicant Eligibility:

States, public, private, or nonprofit agencies and organizations, institutions of higher education, and Indian tribes and tribal organizations are eligible for research projects and specialized research activities related to the rehabilitation of individuals with disabilities; fellowships may be awarded to individuals.

Beneficiary Eligibility:

Individuals with disabilities may benefit directly or indirectly from research and other activities conducted by grantees, such as technical assistance and dissemination.

Credentials/Documentation:

Applicants should present written evidence of other agencies' willingness to cooperate when the project involves their acceptance or the utilization of their facilities or services. Costs will be determined in accordance with OMB Circular No. A-21 for educational institutions, OMB Circular No. A-87 for state and local governments, and OMB Circular A-122 for non-profit organizations. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

The NIDRR long-range research plan serves as the basis for program announcements that are published in the Federal Register and Requests for Proposals that are published in the Commerce Business Daily. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

OMB Circular No. A-102 applies to this program. OMB Circular No. A-110 applies to this program.

New awards are made based upon the results of a peer review process and the review and approval of applications by staff in various offices within the Department. Official notice of approved applications is made through issuance of a Notice of Grant Award or an official letter of fellowship award. Grants and fellowships are awarded by the Secretary, Department of Education.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Ranges from 30 to 120 days. Generally, solicited grants, fellowships, and contracts will be acted upon within 120 days.

Appeals:

There are no formal appeal procedures.

Renewals:

Grantees must submit annual progress reports in order to receive continuation funding. Awards may be renewed annually for up to five years throughout the project period of the award. Renewals are subject to the availability of appropriations.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: Grantees funded under Sections 204(a) and 202(k) of the Rehabilitation Act, as amended, are required to share in the cost of projects. The amount of cost-sharing is negotiable. Cost-sharing for other grantees is at the Secretary's option.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Funds are awarded in 12 month budget periods. Support beyond the first 12 month budget period is contingent upon evidence that the grantee has made substantial progress toward achieving the objectives and outcomes for a project, and availability of appropriations. Awards may be made for a maximum of five years. See the following for information on how assistance is awarded/released: electronic transfer.

Reports:

Annual reports of progress and annual expenditures are required on all projects. Comprehensive final reports are due 90 days after the end of the project. No cash reports are required. No progress reports are required. No expenditure reports are required. No performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

Records:

84.144 MIGRANT EDUCATION_COORDINATION PROGRAM

FEDERAL AGENCY:

Office of Elementary and Secondary Education, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act of 1965, Title I, Part C, Section 1308(d), 20 U.S.C 6398.

OBJECTIVES:

To provide financial incentives to State Educational Agencies (SEAs) to participate in consortia that provide high-quality project designs and services to improve the interstate or intrastate coordination of migrant education programs by addressing key needs of migratory children who have their education interrupted.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Funds are used to implement the consortium activities to improve interstate and intrastate coordination of migrant education programs by addressing key needs of migratory children whose education is interrupted or to carry out any other activities authorized under the Migrant Education formula program (MEP). This program is subject to non-supplanting requirements and must use a restricted indirect cost rate which is referenced under 34 CFR 75.563. For assistance call the Office of Chief Financial Officer/Indirect Cost Group on (202) 708-7770.

Applicant Eligibility:

State educational agencies (SEAs) receiving MEP Basic State Formula grants, in a consortium with another State or other appropriate entities.

Beneficiary Eligibility:

Migratory children of migratory agricultural workers or migratory fishers, or individuals under 21 years old who are migratory agricultural workers or migratory fishers, or spouses of such workers or fishers whose education is interrupted benefit.

Credentials/Documentation:

No Credentials or documentation are required. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." 84.165 MAGNET SCHOOLS ASSISTANCE

FEDERAL AGENCY:

Office of Innovation and Improvement, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act of 1965, as amended, Title V, Part C.

OBJECTIVES:

To provide grants to eligible local educational agencies (LEAs) to establish and operate magnet schools that are operated under a court-ordered, agency-ordered, or federally approved voluntary desegregation plans. Magnet programs aim to eliminate, reduce, or prevent minority-group isolation in elementary and secondary schools while strengthening students' academic achievement.

TYPES OF ASSISTANCE:

Project Grants (Discretionary)

USES AND USE RESTRICTIONS:

Funds may be used, among other things, for planning and promotional activities directly related to the development, expansion, continuation, or enhancement of academic programs offered at magnet schools; for purchasing books, materials, equipment; and for paying or subsidizing the salaries of teachers and instructional staff in magnet schools. Funds may not be used for transportation or activities that do not augment academic improvement. A grantee may use not more than 50 percent of funds in the first year of the grant, and not more than 15 percent in the second and third years, for planning. Applicants must use a restricted indirect cost rate which is referenced under 34 CFR 75.

Applicant Eligibility:

LEAs that are implementing court-ordered, agency-ordered or federally approved voluntary desegregation plans that include magnet schools are eligible to apply.

Beneficiary Eligibility:

LEAs and participating students will benefit.

Credentials/Documentation:

Applicants must submit a copy of the desegregation plan they are implementing, or will implement, if assistance is made available. Costs will be determined in accordance with OMB Circular No. A-87 for State and local governments. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. Application notices are published in the Federal Register and applications must be sent to the Education Department on or before the closing date.

Award Procedure:

Recommendations for the approval of applications are made by the program staff on the basis of published criteria, statutory priorities, State comments received under the E.O. 12372 process, and with the advice and assistance of a panel of independent reviewers. In addition, no application may be approved unless the Assistant Secretary for Civil Rights determines that all required assurances will be met.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

The range is anticipated to be 90 to 120 days from the closing date.

Appeals:

Not Applicable.

Renewals:

The project period for a Magnet School award may not exceed 36 months. To receive continuation funding, grantees must demonstrate substantial progress toward meeting their goals and objectives. Renewals are subject to the availability of appropriations.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The length of grants will be up to 36 months, subject to the availability of funds. See the following for information on how assistance is awarded/released:
Electronic transfer.

Reports:

As part of the continuation award funding process, grantees must submit performance reports annually. Final performance reports must be submitted within 90 days of the end of the grant award period. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.

CRITERIA FOR SELECTING PROPOSALS:

Criteria are used to evaluate the applicant's project design, project services, personnel, budget and resources, evaluation plan, and commitment and capacity. Competitive priority is given to applicants that demonstrate the greatest need for assistance; that carry out new or significantly revised magnet schools; and that select students to attend magnet schools through methods such as lottery, rather than academic examination. For funds appropriated for the program in excess of \$75 million, competitive priority is given to those applicants that did not receive funds under the program in the previous fiscal year.

84.169 INDEPENDENT LIVING_STATE GRANTS**FEDERAL AGENCY:**

Office of Special Education and Rehabilitative Services, Department of Education

AUTHORIZATION:

Rehabilitation Act of 1973, as amended, Title VII, Chapter 1, Part B.

OBJECTIVES:

To provide financial assistance to States for expanding and improving the provision of independent living (IL) services to individuals with significant disabilities by promoting and maximizing their full integration and inclusion into the mainstream of American society.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Funds received under this program may be used to carry out the purposes of the Independent Living State Grants Program described in section 713 of the Rehabilitation Act and 34 CFR Section 365.1 of the IL program regulations. These purposes include to support the operation of the Statewide Independent Living Council (SILC), to provide individuals with significant disabilities the core independent living services to demonstrate ways to expand and improve independent living services; to support the operations of centers for independent living that are in compliance with the standards and assurances in section 725 (b) and (c) of the Rehabilitation Act; to support activities to increase the capacities of public or nonprofit agencies and organizations and other entities to develop comprehensive approaches or systems for providing independent living services; to conduct studies and analyses, gather information, develop model policies and procedures, and present information, approaches, strategies, findings, conclusions, and recommendations to Federal, State, and local policymakers in order to enhance independent living services for individuals with significant disabilities; to train individuals with significant disabilities, individuals with disabilities, and individuals providing services to individuals with disabilities and other persons regarding the independent living philosophy; and to provide outreach to populations that are unserved or underserved by programs under Title VII of the Rehabilitation Act, including minority groups and urban and rural populations.

Applicant Eligibility:

Any designated State Unit (DSU) in a State with an approved State Plan for Independent Living (SPIL) may apply for assistance under this program. The DSU is the State agency designated as the State unit to administer the State's independent living services program. DSUs in the 50 States and the District of Columbia and the territories (Commonwealth of Puerto Rico and Virgin Islands) and the outlying areas (Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands) are eligible to apply.

Beneficiary Eligibility:

Individuals with significant disabilities as defined in section 7 of the Rehabilitation Act and 34 CFR 364.4 of the IL program regulations. This refers to an individual with a severe physical, mental, cognitive or sensory impairment whose ability to function independently in the family or community or whose ability to obtain, maintain, or advance in employment is substantially limited and for whom the delivery of IL services will improve the ability to function, continue functioning, or move toward functioning independently in the family or community or to continue in employment.

Credentials/Documentation:

The State agency must certify the availability of State funds for matching purposes. The match for this program may be cash or in-kind. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under OMB Circular No. A-102. This program is excluded from coverage under OMB Circular No. A-110. The Education Department General Administrative Regulations at 34 CFR Parts 76 and 80 apply to this program. In order to be eligible for an allotment under this program, States must submit a State Plan for Independent Living (SPIL) that meets requirements in section 704 of the Rehabilitation Act and 34 C.F.R. Part 364 of the IL program regulations. State applicants must submit a 3-year State plan which must be submitted not later than July 1, of the fiscal year preceding the first fiscal year of the forth coming 3-year period.

Award Procedure:

A notice of annual allotment to the State is issued. Initial distributions are subject to reallocation at the end of the fiscal year if the Commissioner of the Rehabilitation Services Administration determines that the State will not expend its allotment. States receive annual grant award notices and funds may be withdrawn under the Electronic Transfer System.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

34 CFR 76.703 governs the approval/disapproval time of State plans in relation to when a State may begin to obligate funds.

Appeals:

After reasonable effort has been made to resolve the questions involved, and the State has pursued a hearing before the Office of the Administrative Law Judge, the State may appeal to the United States Court of Appeals for the circuit in which the State is located pursuant to the IL program regulations at 34 CFR 364.12.

Renewals:

Awards are made on an annual basis and may be renewed for up to 2 additional years, for a total of 3 years under an approved State Plan for Independent Living.

Formula and Matching Requirements:

Statutory Formula: Section 711 of the Rehabilitation Act contains the formula the Department uses for the allocation of funds to each State. Federal funds are distributed based on the percentage each State's population constitutes of the total population of the United States. The source is the Annual Population Estimates, Bureau of the Census.

Matching Requirements: Under section 712(b) of the Rehabilitation Act, the States must contribute \$1 for each \$9 of Federal grant funding received, in cash or in kind.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Awards are made on an annual basis. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

84.173 SPECIAL EDUCATION_PRESCHOOL GRANTS

FEDERAL AGENCY:

Office of Special Education and Rehabilitative Services, Department of Education

AUTHORIZATION:

Individuals with Disabilities Education Act (IDEA), as amended, Part B, Section 619; 20 U.S.C. 1419.

OBJECTIVES:

To provide grants to States to assist them in providing special education and related services to children with disabilities ages 3 through 5 years, and at a State's discretion, to 2- year- old children with disabilities who will reach age three during the school year.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

States must distribute all grant funds that the State does not reserve for administration of the program or other State-level activities to eligible local educational agencies. Funds are used by State and local educational agencies, in accordance with the IDEA, to provide special education and related services to children with disabilities ages 3 through 5, and at the State's discretion, to 2-year -old children with disabilities who will reach age 3 during the next school year; and in some cases, early intervening services.

Applicant Eligibility:

State educational agencies in the 50 States, the District of Columbia, and Puerto Rico. Local educational agencies apply to their State educational agency for sub-grants.

Beneficiary Eligibility:

Children aged 3 through 5 with disabilities, and (at the State's option) 2-year-old children with disabilities that will reach age 3 during the school year, that require special education and related services will benefit.

Credentials/Documentation:

No State or jurisdiction may receive a grant unless the Secretary has approved the annual application and statement of assurances. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. States are eligible to receive funds under this program if the State establishes eligibility under Section 612 of Part B of the IDEA and if the State makes a free appropriate public education available to all children ages 3 through 5 years with disabilities residing in the State. Local educational agencies establish eligibility for Preschool Grant funds by meeting local application eligibility requirements in section 613 of Part B of the IDEA.

Award Procedure:

Once the State application has been approved, a grant award representing the total preschool grant amount for that fiscal year is forwarded to the State's department of education. Notification of the award is made to the Chief State School Officer. States make subgrants to eligible local educational agencies from their initial grant award after setting aside funds for administration and state-level activities.

Deadlines:

May 10, 2014 The submission date for the State applications is May 10 to expedite funding, but plans or amendments are accepted throughout the school year.

Range of Approval/Disapproval Time:

Within 90 days.

Appeals:

The Department must not take final action to disapprove an application until the State is provided reasonable notice and an opportunity for a hearing. The State must request a hearing no later than 30 days after it receives notice of the proposed final determination that the State is not eligible to receive its award.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Statutory citation: IDEA Part B Sec. 619(c)

In general, funds are distributed to eligible entities through a formula based on general population and poverty. Under the formula, each State is first allocated an amount equal to its fiscal year 1997 allocation. For any year in which the appropriation is greater than the prior year level, 85 percent of the funds above the fiscal year 1997 level are distributed based on each State's relative percentage of the total number of children aged 3 through 5 in the general population. The other 15 percent is distributed based on the relative percentage of children aged 3 through 5 in each State who are living in poverty.

The statute also includes several maximum and minimum allocation requirements when the amount available for distribution to States increases. If the amount available for allocation to States remains the same from one year to the next, States receive the same level of funding as in the prior year. If the amount available for allocation to States decreases from the prior year, any amount available for allocation to States above the 1997 level is allocated based on the relative increases in funding that the States received between 1997 and the prior year. If there is a decrease below the amount allocated for 1997, each

State's allocation is ratably reduced from the 1997 level.

This program has no matching requirements. No match requirement. However, there are non-supplanting and excess cost requirements.

This program has MOE requirements, see funding agency for further details. MOE requirements for this program apply to both State Educational Agencies and local educational agencies. Contact the program office for further details.

Length and Time Phasing of Assistance:

Grants are issued each fiscal year. The Federal obligation period is a 15-month period from July 1 through September 30. State and local educational agencies have an additional 12-month period to obligate funds they receive. See the following for information on how assistance is awarded/released: Contact the program office for information on how assistance is awarded/released.

84.181 SPECIAL EDUCATION-GRANTS FOR INFANTS AND FAMILIES

FEDERAL AGENCY:

Office of Special Education and Rehabilitative Services, Department of Education

AUTHORIZATION:

Individuals with Disabilities Education Act (IDEA), as amended, 20 U.S.C. 1431-1444, Part C.

OBJECTIVES:

To provide grants to States to assist them to implement and maintain a Statewide, comprehensive, coordinated, multidisciplinary, interagency system to make available early intervention services to infants and toddlers with disabilities and their families.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Funds are used to assist States in implementing and maintaining their Statewide systems of early intervention services. Funding may also be used to provide direct services for eligible infants and toddlers with disabilities aged birth through 2 and their families that are not otherwise provided by other public or private sources, to expand and improve services for infants and toddlers with disabilities that are otherwise available and to provide a free appropriate public education, in accordance with Part B of IDEA, to children with disabilities from their third birthday to the beginning of the following school year. States also have the discretion to provide services to infants and toddlers who are at risk of having substantial developmental delays if they do not receive appropriate early intervention services. The Individuals with Disabilities Education Improvement Act of 2004 amended IDEA to allow states, at their discretion, to continue to serve children with disabilities under this program beyond age three until the children enter or are eligible to enter kindergarten or elementary school, if such children are otherwise eligible for services under the Preschool

Grants Program (84.173), and previously received services under the Part C program.

Applicant Eligibility:

Eligible applicants are the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, the Secretary of the Interior and the following four outlying area jurisdictions: Guam, American Samoa, the Virgin Islands, and the Commonwealth of the Northern Mariana Islands.

Beneficiary Eligibility:

Infants and toddlers with disabilities aged birth through 2 and their families will benefit.

Credentials/Documentation:

. In general, each State or jurisdiction must submit an application, including certifications, policies and procedures, and statement of assurances to receive IDEA Part C FY 2009 funds; however no separate application were required for States to receive IDEA Part C ARRA funds. Each State lead agency is designated by the Governor of that State or jurisdiction. OMB Circular No. A-87 applies to this program. OMB Circular No. A-87 applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. Specific application procedures are provided in the application form for the program. The State lead agencies, the applicants for this program, are designated by the Governor.

Award Procedure:

Once the State application is approved, a grant award representing the total State allocation is forwarded to the State lead agency. This is a forward funded program, in which funds become available for obligation on July 1st of the fiscal year for which they are appropriated and remain available to States for 15 months through September of the following year and an extra twelve months.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

The time for reviewing the State's application is determined by EDGAR (in 34 CFR 76.703) and ranges from 45 to 90 days.

Appeals:

The Department may not disapprove an application unless the Department determines, after notice and opportunity for a hearing, that the applicant has failed to meet an eligibility requirement.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Awards are based on each State applicant's proportionate share of children, aged birth through two years, in the general population, based on the most recent satisfactory data available from the United States Bureau of the Census. No State may receive less than 0.5 percent of the total funds available for all States. The Department of Interior receives 1.25 percent of the amount available to States. The Outlying Areas combined receive up to 1 percent of the funds appropriated. This program has nonsupplanting and MOE requirements. 20 USC 1443.

Matching requirements are not applicable to this program.

This program has MOE requirements, see funding agency for further details.

Length and Time Phasing of Assistance:

Grants are issued each year. The Federal obligation period is a 15-month period from July 1 through September 30 of the following fiscal year. State and local education agencies have an additional 12-month period to obligate their funds. See the following for information on how assistance is awarded/released:

Electronic transfer.

Reports:

State lead agencies must submit an Annual Performance Report under IDEA sections 616 and 642. An annual report to the Governor and to the Secretary by the State Interagency Coordinating Council on the status of early intervention programs operated within the State as required under Section 641(e)(1)(D) of the Act, and other information that the Secretary may require, including information required under Section 618 of the Act. Annual State Performance Plans and Annual Performance Reports are submitted to the Department of Education by the lead agency on an annual basis. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Performance monitoring is required.

Audits:

In accordance with the provisions of OMB Circular No. A-133 (Revised, June 27, 2003), "Audits of States, Local Governments, and Non-Profit Organizations," nonfederal entities that expend financial assistance of \$500,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in Circular No. A-133.
