EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2014: In FY 2014, the following activities are suggestive and do not limit the range of activities considered eligible under this grant program. These activities are eligible when they are performed in support of developing and implementing a tribal program to manage hazardous waste: Develop and implement codes, regulations, and ordinances, policies, and/or guidance to regulate hazardous waste management activities and facilities, such as generators, transporters, and treatment, storage and disposal facilities. Develop and implement hazardous waste program enforcement policies and procedures to ensure regulatory compliance, including monitoring and inspection schemes. Develop legal and administrative infrastructure adequate to implement and maintain regulatory and/or non-regulatory hazardous waste management programs. Includes support for Tribal Emergency Response Committees (TERC). Identify and assess hazardous waste generation and ongoing management of concern to the community, including: inventory active and inactive dump/disposal sites and assess contamination potential; characterize hazardous waste stream, including illegal dump-sites; and identify sensitive sites with potential or actual impacts on water bodies, soil, air, cultural/historic resources, threatened or endangered species, etc. Develop and implement tribal integrated hazardous waste management plans (including, but not limited to, source reduction/recycling, household hazardous waste collection programs, pesticide container collection). Implement used oil collection/re-use and other programs to reduce the mismanagement of hazardous waste in the community. Implement household hazardous waste collection events or programs that provide sustainable or long-term solutions for disposal of household hazardous waste for the community. Develop outreach/education documents and other resource materials to plan and conduct hazardous waste management seminars for tribal leaders, community members, business and civic organizations, etc. Establish qualifications for environmental management personnel relative to the tribes needs and plan for program implementation. Establish a communications plan for hazardous waste management program activities. Identify

multi-jurisdictional opportunities for hazardous waste management, including feasibility for intergovernmental (Tribal, Federal, State, local) cooperative efforts. Fiscal Year 2015: In FY 2015, the following activities are suggestive and do not limit the range of activities considered eligible under this grant program. These activities are eligible when they are performed in support of developing and implementing a tribal program to manage hazardous waste: Develop and implement codes, regulations, and ordinances, policies, and/or guidance to regulate hazardous waste management activities and facilities, such as generators, transporters, and treatment, storage and disposal facilities. CRITERIA FOR SELECTING PROPOSALS:

The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement.

**66.813 ALTERNATIVE OR INNOVATIVE TREATMENT TECHNOLOGY RESEARCH, DEMONSTRATION, TRAINING, AND HAZARDOUS SUBSTANCE RESEARCH GRANTS
FEDERAL AGENCY:**

Office of Solid Waste and Emergency Response, Environmental Protection Agency

AUTHORIZATION:

Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), Section 311(b)&(c), Public Law 95-510, 42 U.S.C 9660; Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), Section 311(b)&(c), Public Law 99-499, 42 U.S.C 9660.

OBJECTIVES:

To support grants and cooperative agreements for (1) a program of research, evaluation, testing, development, and demonstration of alternative or innovative treatment technologies which may be utilized in response actions to achieve more permanent protection of human health and welfare and the environment; (2) a technology transfer program including the development, collection, evaluation, coordination, and dissemination of information relating to the utilization of alternative or innovative treatment technologies for response actions; (3) a program of training and evaluation of training needs in the procedures for the handling and removal of hazardous substances for employees who handle hazardous substances and training in the management of facilities at which hazardous substances are located and in the evaluation of the hazards to human health presented by such facilities for State and local health and environmental agency personnel, and (4) a program of research with respect to the detection, assessment, and evaluation of the effects on and risks to human health of hazardous substances and detection of hazardous substances in the

environment.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Grants and cooperative agreements are available to support recipients' eligible and allowable direct costs incurred under an approved work plan plus allowable indirect costs, in accordance with established EPA policies and regulations.

Funds awarded under Section 311(b)(3) of CERCLA must be used for projects relating to innovative or alternative treatment technologies that may be utilized in response actions to achieve more permanent protection of human health and welfare and the environment. Types of discrete projects may include: land use controls research; health effects in construction workers; studies of above ground storage tank inspection practices; remediation technologies and strategies; and support for State forums to share information on research on hazardous substances waste remediation. Funding awarded for research under CERCLA 311(c) does not include research within the purview of EPA's Office of Research and Development. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

Assistance under this program is generally available to States, territories, Indian Tribes, and possessions of the U.S., including the District of Columbia, public and private universities and colleges, hospitals, laboratories, other public or private nonprofit institutions, and individuals. In some instances, EPA will consider applications from profit makers, proposing projects with significant technical merit and relevance to EPA's Office of Solid Waste and Emergency Response. Nonprofit organizations described in Section 501(c)(4) of the Internal Revenue Code that engage in lobbying activities as defined in Section 3 of the Lobbying Disclosure Act of 1995 are not eligible to apply. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

State and local governments, U.S. territories and possessions, Indian Tribes, universities and colleges, hospitals, laboratories, industry, and other public and private institutions and individuals.

Credentials/Documentation:

EPA may request that applicants document their nonprofit status. The Agency may also request that applicants demonstrate they have appropriate background, academic training, experience in the field, and necessary equipment to carry out projects. EPA may ask applicants or principle investigators to provide curriculum vitae and relevant publications. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Applicants considering submitting proposals are advised to discuss proposed projects with or submit pre-applications to staff in the appropriate EPA technical program offices. When making competitive awards, EPA will specify the nature of the pre-application assistance, if any, that will be available to applicants in the Requests for Initial Proposals or Requests for Applications. For information contacts, see Appendix IV of the Catalog. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program

description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. The standard application forms as furnished by the Federal agency and required by 2 CFR 200 and must be used for this program. EPA requires final applications to be made on Standard Form 424. Requests for Initial Proposals or Requests for Applications will specify application procedures. Applicants, except in limited circumstances approved by the Agency, must submit all applications for funding through <http://www.grants.gov>.

Award Procedure:

For non-competitive awards, EPA will conduct an administrative evaluation to determine the adequacy of the application in relation to grant regulations and a technical and program evaluation to determine the merit and relevance of the project. The Agency will then advise the applicant if funding is being considered. A final work plan will then be negotiated with the applicant. For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 180 days.

Appeals:

For non-competitive awards: Disputes will be resolved under 2 CFR 1500 Subpart E, as applicable. For competitive awards: Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 2 CFR 1500 Subpart E, as applicable.

Renewals:

None. EPA may incrementally fund grants and cooperative agreements under this program. Approval of subsequent funding increments is dependent on satisfactory project progress, continued relevance of the project to EPA's priorities, and availability of funds.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: EPA supports two types of projects under this Section:

1. Alternative or innovative treatment demonstration projects [311(b)(3)].

When making awards under Section 311(b)(3), "Alternative or innovative treatment technology research and demonstration program, Contracts and grants," the Administrator shall, to the maximum extent possible, enter into appropriate cost sharing arrangements. EPA may waive the 311(b)(3) cost sharing requirement in appropriate cases if a justification is provided and accepted.

This program has no statutory cost sharing formula, however, there are funding restrictions. For example, the Administrator shall not provide any Federal assistance for any part of a full-scale field demonstration project unless the

applicant can demonstrate that it cannot obtain appropriate private financing on reasonable terms and conditions sufficient to carry out the demonstration project. The total Federal funds for any full-scale field demonstration project shall not exceed 50 percent of the total cost of such project estimated at the time of the award. Furthermore, the Administrator shall not expend more than \$10,000,000 for assistance under the program in any fiscal year and shall not expend more than \$3,000,000 for any single project.

2. Hazardous substance research [311(c)].

Assistance awarded under Section 311(c), "Hazardous substance research" has no cost sharing requirements or funding restrictions. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

EPA generally funds grants and cooperative agreements in a lump sum on a 12-month basis. However, EPA can negotiate the project period with each applicant based on project requirements. Incremental funding may be available. EPA generally limits project periods to 5 years. The Office of Congressional Liaison is notified of the award. They in turn notify the appropriate House and Senate members that the assistance agreement has been awarded. This notification period lasts 5 days. After the 5 Day Congressional notification period, the original award document will be sent to the recipient. A copy of the award document will be sent to the Project Officer and the Las Vegas Financial Management Center or the Regions Financial Management Office. Method of awarding/releasing assistance: lump sum.

Reports:

Reporting requirements are identified at 2 CFR 200 and 1500 as applicable. EPA may include additional information regarding the content and frequency of reporting requirements in the terms and conditions of the agreements. Grantees are required to submit program reports in accordance with Agency policy and the Monitoring and Reporting Program Performance requirements. Grantees are required to submit financial reports in accordance with Agency policy and the Financial Reporting and Financial Management Systems requirements stated in Federal Grant Regulations 2 CFR 200 and 1500. Grantees are required to submit progress reports in accordance with Agency policy and the Monitoring and Reporting Program Performance requirements stated in Federal Grant Regulations 2 CFR 200 and 1500. Grantees are required to submit financial reports in accordance with Agency policy and the Financial Reporting and Financial Management Systems requirements stated in Federal Grant Regulations 2 CFR 200 and 1500. Grantees are required to perform performance monitoring in accordance with Agency policy and requirements stated in Federal Grant Regulations 2 CFR 200 and 1500.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate changes to each grant must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained until expiration of three years from the date of submission of the final expenditure report. If questions still remain, such as those raised as a result of audit, related records must be retained until the matter is completely resolved.

Account Identification:

68-8145-0-1-304.

Obligations:

(Project Grants) FY 14 \$489,959; FY 15 est \$500,000; and FY 16 est \$500,000 - FY14 \$489,959(actual); FY 15(est.)\$500,000.00; FY 16 (est.) \$500,000.00.

Range and Average of Financial Assistance:

For each fiscal year it is \$50,000 - \$1,000,000 Average \$500,000.

TAFS Codes:

68-8145.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2014: The Association of State and Territorial Solid Waste Management Officials (ASTSWMO) conducted a CERCLA and Brownfield Research Center Subcommittee Symposium in June, 2014. Fiscal Year 2015: The final EPA Coal Combustion Residuals (CCR) Rule was published in the Federal Register on April 17, 2015. Fiscal Year 2016: No Current Data Available

REGULATIONS, GUIDELINES, AND LITERATURE:

Alternative or innovative treatment technology and hazardous substance research grants are subject to EPA's General Grant Regulations 2 CFR 200 and 1500 and FAR Part 31 for profit makers.

CRITERIA FOR SELECTING PROPOSALS:

Competitive applications and proposals will be selected in accordance with announced criteria. Non-competitive proposals are judged for (a) technical merit in terms of: (1) strengths and weaknesses of the project; (2) adequacy of overall project design; (3) competency of proposed staff; (4) suitability of applicant's available resources; (5) appropriateness of the proposed project period and budget; and (6) probability that the project will accomplish stated objectives; and, for (b) program interest in terms of: (1) the need for the proposed project; and (2) relationship to program objectives. The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement.

66.814 BROWNFIELDS TRAINING, RESEARCH, AND TECHNICAL ASSISTANCE GRANTS AND COOPERATIVE AGREEMENTS

Brownfields 104(k)(6) Grants

FEDERAL AGENCY:

Office of Solid Waste and Emergency Response, Environmental Protection Agency

AUTHORIZATION:

Comprehensive Environmental Response, Compensation, and Liability Act, Section 101(39)&104(k)(6), 42 U.S.C 9604(k)(6).

OBJECTIVES:

CERCLA 104(k)(6) provides EPA with authority for a program of training, research, and technical assistance to individuals and organizations to facilitate the inventory of brownfields properties, assessments, cleanup of brownfields

properties, community involvement, or site preparation. Brownfield sites are real property, the expansion, redevelopment, or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant. Funding Priority - Fiscal Year 2014: Using a competitive grants process, EPA intends to select proposals and award cooperative agreements for training, research, and technical assistance related to brownfields. EPA also intends to incrementally fund projects with satisfactory project progress selected in previous 104(k)(6) training, research, and technical assistance competitions. The Agency gives preference to the ten statutory ranking criteria, as applicable, found at CERCLA 104(k)(5)(C) (see [180] CRITERIA FOR SELECTING PROPOSALS, below) when evaluating applications for research, training and technical assistance funding. In addition to the statutory criteria, EPA also evaluates applicants based on their ability to manage grants and other policy-based factors intended to promote effective stewardship of federal funds. By statute, 25% of the funding for CERCLA 104(k) must be used for characterization, assessment, and remediation of brownfields sites contaminated by petroleum or petroleum products. No more than 15% of the funding appropriated for CERCLA 104(k) grants may be used to fund training, research, and technical assistance grants authorized by CERCLA 104(k)(6). EPA expects to solicit, select and award cooperative agreements for other Research, Training and Technical Assistance (k6) grants. EPA will first determine specific brownfields project topics and include those project topics in the solicitation. Brownfields project topics are anticipated to be: technical assistance to environmental workforce development and job training (EWDJT) grantees; technical assistance on the integration of environmental justice and equitable development for brownfields-impacted communities; research on the benefits of brownfields redevelopment; and technical assistance on brownfields financing and economic development strategies to brownfields-impacted communities. EPA expects to award approximately four cooperative agreements, with funding per cooperative agreement totalling up to \$1M, to be funded incrementally over a five-year period. The total funding anticipated for this grant opportunity is approximately \$4 million. EPA expects to solicit proposals for the Brownfields Area-Wide Planning (BF AWP) Program in FY14, but recipient selection and cooperative agreement awards to be made in FY 15. Under this funding opportunity, EPA anticipates awarding approximately 20 cooperative agreements to facilitate community involvement and conduct research, training and technical assistance necessary to develop area-wide plans and implementation strategies which will help facilitate brownfields assessment, cleanup and subsequent reuse. The total funding amount for the BF AWP program is anticipated to be approximately \$4 million, or up to \$200,000 per grant award. Based on their satisfactory progress, EPA intends to incrementally fund cooperative agreements that the Agency had awarded in previous years. In FY14, the total incremental funding to cooperative agreements awarded in previous years under CFDA 66.814 is expected to be over \$3 million. For certain competitive funding opportunities, the Agency may limit eligibility to a particular subset of eligible applicants. The amount of financial assistance will vary.

The total funding amount for the BF AWP program is anticipated to be approximately \$4 million, or up to \$200,000 per grant award. EPA expected to solicit, select and award cooperative agreement(s) the State Support Grant program. Total funding for this program is anticipated to be approximately \$1 million, or approximately \$200,000 per year for five years. Based on their satisfactory progress, EPA intends to incrementally fund cooperative agreements that the Agency had awarded in previous years under CFDA 66.814. For certain competitive funding opportunities, the Agency may limit eligibility to a particular subset of eligible applicants. The amount of financial assistance will vary.

Funding Priority - Fiscal Year 2015: Using a competitive grants process, EPA intends to select proposals and award cooperative agreements for training, research, and technical assistance related to brownfields. EPA also intends to incrementally fund projects with satisfactory project progress selected in previous 104(k)(6) training, research, and technical assistance competitions.

For certain competitive funding opportunities, the Agency may limit eligibility to a particular subset of eligible applicants. The amount of financial assistance will vary.

EPA expects to select and award cooperative agreement awards for the Brownfields Area-Wide Planning (BF AWP) program. Under this funding opportunity, EPA anticipates awarding approximately 20 cooperative agreements to facilitate community involvement and conduct the necessary research, training and technical assistance activities that will help the cooperative agreement recipients develop area-wide plans and implementation strategies to facilitate brownfields assessment, cleanup and subsequent reuse. The total funding amount for the BF AWP program is anticipated to be approximately \$4 million, or up to \$200,000 per grant award.

Funding Priority - Fiscal Year 2016: Using a competitive grants process, EPA intends to select proposals and award cooperative agreements for training, research, and technical assistance related to brownfields. EPA also intends to incrementally fund projects with satisfactory project progress selected in previous 104(k)(6) training, research, and technical assistance competitions.

The Agency gives preference to the ten statutory ranking criteria, as applicable, found at CERCLA 104(k)(5)(C) (see [180] CRITERIA FOR SELECTING PROPOSALS, below) when evaluating applications for research, training and technical assistance funding. For certain competitive funding opportunities, the Agency may limit eligibility to a particular subset of eligible applicants. The amount of financial assistance will vary.

EPA anticipates soliciting proposals and selecting cooperative agreement recipients for the Technical Assistance to Brownfields Communities (TAB) Program in FY16. Under this funding opportunity, cooperative agreement

recipients provide technical assistance related to a variety of brownfields issues to communities within their regional service area. Total funding for this program is estimated to be approximately \$11 million. Each grant award will be incrementally funded over a project period up to five years.

EPA anticipates soliciting proposals and selecting recipients for the Brownfields Area-Wide Planning (BF AWP) Program in FY16. The funds will help each grant recipient conduct community involvement and other research, training and technical assistance activities needed to develop area-wide plans and implementation strategies, which are used to facilitate brownfields assessment, cleanup and subsequent reuse. The total funding amount for a FY16 BF AWP program is anticipated to be approximately \$5 million.

EPA anticipates soliciting proposals and selecting recipients for a State Technical Assistance and Resource Team (START) cooperative agreement. This funding will help states create a team that provides technical assistance to small, rural and distressed communities address local brownfields issues. The total funding amount for a FY16 START grant program is anticipated to be approximately \$2 million.

EPA anticipates soliciting proposals and selecting one or more recipient(s) for a FY16 tribal-focused technical assistance cooperative agreement. Under this funding opportunity, the recipient(s) will provide direct technical assistance to tribes to help them address local brownfield issues. Total funding is estimated to be up to \$1.5 million, funded incrementally over a project period up to five years.

EPA anticipates soliciting proposals and selecting one or more recipient(s) for a FY16 State Support Grant program. Total funding for this program is anticipated to be approximately \$1 million, incrementally funded over a project period up to five years.

Based on their satisfactory progress, EPA intends to incrementally fund cooperative agreements that the Agency had awarded in previous years.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Funds awarded under Section 104(k)(6) of CERCLA must be used for training, research, and technical assistance to individuals and organizations, to facilitate the inventory of brownfields properties, site assessments, cleanup of brownfields properties, community involvement, or site preparation. Grants and cooperative agreements are available to support recipients' eligible and allowable direct costs incurred under an approved work plan plus allowable programmatic costs, in accordance with established EPA policies and regulations. Costs incurred under CERCLA 104(k)(6) grants or cooperative agreements may not be used for an administrative cost, penalty or fine, a Federal cost-share requirement, a response cost for which the recipient of the grant or cooperative agreement is potentially liable under CERCLA 107, or the cost of complying with a Federal law, with the exception of the costs of laws applicable to cleanup of Brownfields sites. Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

CERCLA 104(k)(6) cites eligible entities as: a general purpose unit of local government; a land clearance authority or other quasi-governmental entity that operates under the supervision and control of, or as an agent of, a general purpose unit of local government; a government entity created by a State legislature; a regional council or group of general purpose units of local government; a redevelopment agency that is chartered or otherwise sanctioned by a State; a State (note CERCLA 107(27) defines term "State" to include territories or possessions over which the United States has jurisdiction); an Indian Tribe other than in Alaska; an Alaska Native Regional Corporation,

Alaska Native Village Corporation and the Metlakatla Indian Community. Nonprofit organizations are also eligible for training, research, and technical assistance grants. Nonprofit organizations must meet the definition of that term in Section 4(6) of the Federal Financial Assistance Management Improvement Act of 1999, Public Law 96-107, 31 U.S.C. 6101 Note: Under this definition, colleges, universities, and community colleges are eligible to apply. However, nonprofit organizations described in Section 501(c)(4) of the Internal Revenue Code that engage in lobbying activities as defined in Section 3 of the Lobbying Disclosure Act of 1995 are not eligible to apply. For profit organizations are not eligible to apply. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

State, Tribal (an Indian Tribe other than in Alaska; an Alaska Native Regional Corporation, Alaska Native Village Corporation and the Metlakatla Indian Community), and local governments, communities with Brownfields sites and their residents, community groups, universities and colleges, industry, and other public and private institutions and individuals.

Credentials/Documentation:

EPA may request that applicants document their non-profit status. The Agency may also request that applicants demonstrate they have appropriate background, academic training, and experience in the field to carry out projects. EPA may ask applicants for research projects to provide curriculum vitae and relevant publications. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. See Appendix 1 for additional information regarding SPOC's. If there is no single point of contact for the state, or the state has not selected this program for review, applicants must contact directly affected state area-wide regional and local entities prior to award. (See 40 CFR 29.7(b)). Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. The standard application forms as furnished by the Federal agency and required by 2 CFR 200 and 1500 must be used for this program. EPA requires final applications to be made on Standard Form 424. Requests for application kits must be submitted to the Environmental Protection Agency, Grants and Interagency Agreements Management Division, 3903R, Washington, DC 20460 or through the appropriate EPA Regional Office listed in Appendix IV of the Catalog. This is a competitive grant program. Requests for Initial Proposals or Requests for Applications will specify application procedures. Applicants, except in limited circumstances approved by the Agency, must submit all initial applications for funding through <http://www.grants.gov>.

Award Procedure:

EPA is required by statute to conduct this assistance program competitively. For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in

accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 180 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 2 CFR 1500 Subpart E, as applicable.

Renewals:

EPA may incrementally fund grants and cooperative agreements under this program. Approval of subsequent funding increments is dependent on satisfactory project progress, continued relevance of the project to EPA's priorities, and availability of funds. Incremental funding is subject to review and approval by the Office of Brownfields and Land Revitalization, Office of Solid Waste and Emergency Response. The funded grants and cooperative agreements are not eligible for renewal.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: For training, research and technical assistance grants, EPA will not require that applicants include a match or cost share unless required by the terms of a competitive announcement. Even if EPA decides not to require matching funds, a statutory factor in ranking applications under Section 104(k)(6) is the extent to which EPA financial assistance will stimulate the availability of other funds for environmental assessment or remediation, and subsequent reuse of Brownfields sites. Applicants may be encouraged to provide information regarding resources (cash/in-kind services) that they, or a project partner, would commit to efforts receiving EPA financial assistance. This program has no statutory formula.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

EPA generally funds grants and cooperative agreements incrementally on a 12 month basis. However, EPA may fully fund any cooperative agreement at the time of award. EPA will negotiate the project period with each applicant based on project requirements. The project period can range anywhere from two to five years. The anticipated period of performance for the TAB cooperative agreements is five years. The anticipated period of performance for the BF AWP cooperative agreements is two years. The anticipated period of performance for other technical assistance, research or training grants is usually up to five years. See the following for information on how assistance is awarded/released: EPA generally funds the research, training, and technical assistance grants and cooperative agreements incrementally on a 12-month basis. However, EPA can negotiate the assistance award with each applicant based on project requirements (for example, usually EPA fully funds the two-year Brownfields Area-Wide Planning grants at initial award).

Reports:

No program reports are required. No cash reports are required. Reporting requirements are identified at 2 CFR 200 and 1500. EPA may include additional information regarding the content and frequency of reporting requirements in the terms and conditions of the agreements. Quarterly progress reports are generally required as part of the terms and conditions of the grants and cooperative agreements. No expenditure reports are required. No performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United

States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate changes to each grant must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained until expiration of three years from the date of submission of the final expenditure report. If questions still remain, such as those raised as a result of audit, related records must be retained until the matter is completely resolved.

Account Identification:

68-0103-0-1-304.

Obligations:

(Cooperative Agreements) FY 14 \$3,663,087; FY 15 est \$5,000,000; and FY 16 est \$10,600,000 - For FY 2014 the program obligated \$3,663,087 in new and incremental funding to cooperative agreements awarded under this CFDA.

For FY2015, EPA expects to award approximately \$5 million in new and incremental funding for cooperative agreements awarded under this CFDA. This includes approximately \$4 million for new awards made under the the FY 2015 Brownfields Area-wide Planning Program and approximately \$1 million in incremental funding for other Research, Training and Technical Assistance (k6) grants awarded in previous years.

At this time the total funding estimated for FY 2016 is approximately \$10.6 million. This amount is based on the following anticipated funding opportunities:

-Based on their satisfactory progress, EPA intends to incrementally fund cooperative agreements that the Agency had awarded in previous years under CFDA 66.814 with approximately \$1 million of those funds.

-Up to \$5 million is anticipated for a FY16 Brownfields Area-Wide Planning grant program.

-Up to \$2.2 million is anticipated for a FY16 Technical Assistance to Brownfields (TAB) Communities Program.

-Approximately \$2 million is anticipated for a FY16 State Technical Assistance and Resource Team (START) Program.

-EPA expects the remaining funds to support initial funding of new state support grant recipient(s) and new tribal technical assistance recipient(s).

Range and Average of Financial Assistance:

Historically, the Brownfields Training, Research, and Technical Assistance cooperative agreements have ranged anywhere from \$115,000 to \$2,000,000 over the entire cooperative agreement, depending on the specific focus area of solicitation and the project period of the award (typically 2-5 years)

New awards made under the Brownfields Area-Wide Planning grant are up to \$200,000. New awards made to the TAB recipients are up to \$1 million, funded incrementally at approximately \$200,000 per year. New awards made for other research, training and technical assistance grants range between \$200,000 and \$1 million and usually incrementally funded over the project period if the award is above \$200,000.

TAFS Codes:

68-0103.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2014: In FY 2014, EPA selected four entities to receive cooperative agreements for other Research, Training and Technical Assistance (k6) grants. Funding per cooperative agreement totals up to \$1 million, funded incrementally over a five-year period. The total funding for this grant opportunity is approximately \$4 million.

EPA incrementally funded cooperative agreements that the Agency had awarded in previous years, including incremental funding to TAB and other training/technical assistance recipients. In FY 2014, the total incremental funding to cooperative agreements awarded in previous years was over \$3.6 million. Fiscal Year 2015: EPA expects to award approximately 20 Brownfields Area-Wide Planning (BF AWP) program cooperative agreements. Recipients will use the grant funding to facilitate community involvement and conduct the necessary research, training and technical assistance activities that will help them develop area-wide plans and implementation strategies to facilitate brownfields assessment, cleanup and subsequent reuse. The total funding amount for the BF AWP program is anticipated to be approximately \$4 million, or up to \$200,000 per grant award.

EPA intends to incrementally fund cooperative agreements approximately six cooperative agreements that the Agency had awarded in previous years. The total FY 2015 incremental funding to cooperative agreements awarded in previous years is expected to be approximately \$1 million. Fiscal Year 2016: No Current Data Available

REGULATIONS, GUIDELINES, AND LITERATURE:

Brownfields training, research, and technical assistance grants are subject to EPA's General Grant Regulations 2CFR 200 and 1500.

Costs will be determined in accordance with 2 CFR 200 Subpart E.

EPA will provide applicants with guidance on statutory prohibitions on the use of grant and cooperative agreement funds in Requests for Proposals, Requests for Applications, or by other means. EPA will provide assistance regarding clarification of the grant proposal guidelines. Potential applicants may submit written requests to OBLR for clarification. Significant clarifications to the guidelines will be posted on the brownfields website <http://www.epa.gov/brownfields>. This is the only form of pre-application assistance available. EPA will not meet with applicants to discuss draft proposals or provide informal comments on proposals.

RELATED PROGRAMS:

66.815 Brownfield Job Training Cooperative Agreements; 66.817 State and Tribal Response Program Grants; 66.818 Brownfields Assessment and Cleanup Cooperative Agreements

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2014: In FY 2014, EPA awarded four cooperative agreements for other Research, Training and Technical Assistance (k6) grants. One grant was made for each of the following four topic areas: technical assistance to environmental workforce development and job training (EWDJT) grantees; technical assistance on the integration of environmental justice and equitable development for brownfields-impacted communities; research on the benefits of brownfields redevelopment; and technical assistance on brownfields financing and economic development strategies to brownfields-impacted communities.

EPA also provided incremental funding for research, training and technical assistance pertaining to Technical Assistance to Brownfields Communities (TAB) and incremental funding of existing cooperative agreements funded in previous years. EPA provided incremental funding to three entities who received TAB cooperative agreements and who are assisting communities in each EPA region that are dealing with local brownfield issues.

EPA also provided incremental funds for projects that provide brownfields training, education and technical assistance to support brownfields assessment and cleanup efforts by state, local and tribal governments. Fiscal Year 2015: In FY2015, EPA expects to award cooperative agreements for brownfields area-wide planning funds to twenty communities (including local government, non-profit organizations, and a regional planning commission) to involve the community in developing area-wide plans and implementation strategies to help address local brownfield sites.

Incrementally funding to previously awarded cooperative agreements will be provided if the recipient is making satisfactory progress. These EPA funds will be used for research, training and technical assistance projects related to technical assistance to environmental workforce development and job training (EWDJT) grantees; technical assistance on the integration of environmental justice and equitable development for brownfields-impacted communities; research on the benefits of brownfields redevelopment; technical assistance on brownfields financing and economic development strategies to brownfields-impacted communities; grant funds for a national brownfields conference in 2015; and tribal support on brownfields issues. Fiscal Year 2016: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

This is a competitive grant program. The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement.

66.815 ENVIRONMENTAL WORKFORCE DEVELOPMENT AND JOB TRAINING COOPERATIVE AGREEMENTS

Environmental Workforce Development and Job Training Program

FEDERAL AGENCY:

Office of Solid Waste and Emergency Response, Environmental Protection Agency

AUTHORIZATION:

The Comprehensive Environmental Response, Compensation, and Liability Act, Section 311(b)(3)(9); The Comprehensive Environmental Response, Compensation, and Liability Act , Section 104k(6); Solid Waste Disposal Act, Section 8001; Clean Water Act , Section 104; Toxic Substances Control Act, Section 10.

OBJECTIVES:

The objective of the Environmental Workforce Development and Job Training Program is to recruit, train, and place unemployed and under-employed, including low-income, residents of solid and hazardous waste-impacted communities with the skills needed to obtain full-time, sustainable employment in solid and hazardous waste cleanup, wastewater treatment, chemical safety, and the environmental field at large. Furthermore, this program promotes the facilitation of activities related to assessment, cleanup, or preparation of contaminated sites, including brownfields and Superfund sites, for reuse, while simultaneously building a local workforce with the skills needed to perform remediation work that are supportive of environmental protection and environmental health and safety. Funding Priority -

Fiscal Year 2014: In FY14, under the Environmental Workforce Development and Job Training Grant Application Guidelines, applicants were provided the opportunity to deliver training outside the traditional scope of brownfields hazardous waste training. As a result of this, applicants were now provided the opportunity to deliver additional training in areas such as: solid waste management and recycling; emergency management and oil spill cleanup; Superfund cleanup related training, including innovative and alternative treatment technologies; wastewater treatment and stormwater management; and, chemical safety and enhanced environmental health and safety training. Training in leaking underground storage tanks prevention and cleanup, affiliated with LUST Trust funds, were not eligible uses of grant funds in FY14 as this statutory authority was not used in the FY14 competition. Other types of supplemental environmental training are also eligible as this list is not exhaustive. Under the FY14 competition, energy auditing, solar installation,

and weatherization were eligible. Applicants in FY14 were also evaluated heavily on the extent to which they had partnered with employers willing to hire graduates and the extent to which they had conducted labor market assessments that linked proposed training with these employers' forecasted hiring needs.

Funding Priority - Fiscal Year 2015: In FY15, under the Environmental Workforce Development and Job Training Grant Application Guidelines, applicants were provided the opportunity to deliver training outside the traditional scope of brownfields hazardous waste training. As a result of this, applicants were now provided the opportunity to deliver additional training in areas such as: solid waste management and recycling; emergency management and oil spill cleanup; Superfund cleanup related training, including innovative and alternative treatment technologies; integrated pest management; wastewater treatment and storm-water management; and, chemical safety and enhanced environmental health and safety training. Other types of supplemental environmental training were also eligible as this list is not exhaustive. Under the FY15 competition, energy auditing, solar installation, and weatherization were eligible. Applicants in FY15 were also evaluated heavily on the extent to which they had partnered with employers willing to hire graduates and the extent to which they had conducted labor market assessments that linked proposed training with these employers' forecasted hiring needs.

Funding Priority - Fiscal Year 2016: In FY16, under the Environmental Workforce Development and Job Training Grant Application Guidelines, applicants are anticipated to be provided the opportunity to deliver training outside the traditional scope of brownfields hazardous waste training. As a result of this, applicants are anticipated to be provided the opportunity to deliver additional training in areas such as: solid waste management and recycling; emergency management and oil spill cleanup; Superfund cleanup related training, including innovative and alternative treatment technologies; wastewater treatment and stormwater management; integrated pest management; and, chemical safety and enhanced environmental health and safety training. Other types of supplemental environmental training are also eligible as this list is not exhaustive. Under the FY16 competition, energy auditing, solar installation, and weatherization training are anticipated to be eligible uses of grant funds. Applicants in FY16 will also be evaluated heavily on the extent to which they have partnered with employers willing to hire graduates and the extent to which they have conducted labor market assessments that link proposed training with employers' forecasted hiring needs.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Funds awarded under Section 104(k)(6) of CERCLA must be used for training, research, and technical assistance to individuals and organizations, to facilitate the inventory of brownfields properties, site assessments, cleanup of brownfields properties, community involvement, or site preparation. Funds under Section 311(b)(3)(9) of CERCLA must be used for training in innovative and alternative treatment technologies. For Environmental Workforce Development and Job Training grants however, individuals are not eligible to apply. (See eligibility requirements in Section 080) Grants and cooperative agreements are available to eligible entities throughout the United States. Eligible applicants are allowed to design their own curricula. In FY14, applicants were provided flexibility to include the following types of training in their curriculum: solid waste management or cleanup (i.e. recycling center operator training, landfill remediation and capping, demolition and debris collection and recycling, etc.); wastewater and stormwater related training; chemical safety or enhanced environmental health and safety training; and, innovative and alternative treatment technologies related training (i.e. preparation of contaminated sites for solar installation, green remediation techniques, phytoremediation, soil amendments, advanced sampling instrument operator training, or bioswale system site preparation, etc.) Note: this list is not exhaustive and other types of eligible training may be offered consistent with the statutory authorities. All applicants were required to include OSHA 29 CFR 1910.120 40-hour Hazardous Waste Operations and Emergency Response (HAZWOPER) in their curricula. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following

website: <http://geodata.epa.gov>. Grants and cooperative agreements are available to support recipients' eligible and allowable direct costs incurred under an approved work plan plus allowable programmatic costs, in accordance with established EPA policies and regulations. Costs incurred under CERCLA 104(k)(6) grant or cooperative agreements may not be used for an administrative cost, penalty or fine, a Federal cost-share requirement, a response cost for which the recipient of the grant or cooperative agreement is potentially liable under CERCLA 107, or the cost of complying with a Federal law, with the exception of the costs of laws applicable to cleanup of sites. Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

Proposals will be accepted from either eligible governmental entities as defined in CERCLA Section 104(k)(1) or eligible nonprofit organizations as defined in Public Law 106-107, the Federal Financial Assistance Management Improvement Act. Eligible governmental entities include a general purpose local unit of government; a land clearance authority or other quasi-governmental entity that operates under the supervision and control of, or as an agent of, a general purpose unit of government; a governmental entity created by a state legislature; a regional council or group of general purpose units of local government; a redevelopment agency that is chartered or otherwise sanctioned by a state; a state; an Indian Tribe (other than in Alaska), or an Alaskan Native Regional Corporation and an Alaska Native Village Corporation as those terms are defined in the Alaska Native Claims Settlement Act (43 U.S.C. 1601 and following); and the Metlakatla Indian Community. Intertribal consortia, except consortia comprised of ineligible Alaskan tribes, are eligible to apply as well. Eligible nonprofit organizations include any corporation, trust, association, cooperative, or other organization that is operated mainly for scientific, educational, service, charitable, or similar purpose in the public interest; is not organized primarily for profit; and uses net proceeds to maintain, improve, or expand the operation of the organization. Workforce Investment Boards that meet these criteria may be eligible nonprofit organizations. Public and nonprofit private educational institutions are eligible to apply. However, nonprofit organizations described in Section 501(c)(4) of the Internal Revenue Code that engage in lobbying activities as defined in Section 3 of the Lobbying Disclosure Act of 1995 are not eligible to apply. For-profit or proprietary training organizations or trade schools are not eligible to apply. Evidence of nonprofit status under Federal, state or tribal law must be provided at the time the proposal is submitted. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy. Applicants that received an Environmental Workforce Development and Job Training grant from EPA in Fiscal Year 2014 were not eligible to apply in FY15 for regular appropriation funds - unless proposing to serve a different city. A list of environmental workforce development and job training grants awarded in Fiscal Year 2014 and 2015 can be found on the Brownfields Website, <http://www.epa.gov/brownfields/pilot.htm#previous>. Applicants were also required to demonstrate that proposed environmental job training projects do not duplicate other federally funded environmental job training projects in the target community.

Beneficiary Eligibility:

Environmental Workforce Development and Job Training grants will provide environmental job training and help individuals of solid and hazardous waste-impacted neighborhoods take advantage of job opportunities created as a result of the management, assessment and cleanup of contaminated properties, as well as employment in wastewater and chemical safety related positions.

Credentials/Documentation:

EPA requires that applicants document their nonprofit status at the time of application. The Agency may also request that applicants demonstrate that they have appropriate background, academic training, experience in fields, and

necessary equipment to carry out training projects. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

This is a competitive grant program. Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. This program is excluded from coverage under E.O. 12372. (See EPA's Federal Register Notice from November 26, 1986, to exempt hazardous waste training programs from intergovernmental review.). Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. By statute, EPA must award Environmental Workforce Development and Job Training grants competitively. EPA will specify application procedures in Requests for Initial Proposals or Request for Applications. As stipulated in the Requests for Applications, successful grant applicants must provide, in addition to the SF 424, a Dun and Bradstreet Data Universal Numbering System (DUNS) number, which is now required when applying for federal grants or cooperative agreements on or after October 1, 2003. For more information go to: <http://www.grants.gov>. Requests for application kits must be submitted to the Environmental Protection Agency, Grants and Interagency Agreements Management Division, 3903R, Washington, DC 20460 or through the appropriate EPA Regional Office listed in Section 7 of the application guidelines. Applicants, except in limited circumstances approved by the Agency, must submit all initial applications for funding through <http://www.grants.gov>.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements. Final approval of applications for job training grants and supporting documentation is made by EPA. Award of grant funds are made by EPA Regional Award Officials.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

For job training grants, the range of approval/disapproval time will be approximately 90 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 2 CFR 1500 Subpart E, as applicable.

Renewals:

EPA may incrementally fund grants and cooperative agreements under this program. Approval of subsequent funding increments is dependent on satisfactory project progress, continued relevance of the project to EPA's priorities and availability of funds. Renewals and extensions of funding are not available.

Formula and Matching Requirements:

This program has no statutory formula.
Matching Requirements: For Environmental Workforce Development and Job Training Grants, EPA does not require that applicants include a match or cost share. However, evidence of leveraged funds is encouraged. Furthermore, a statutory factor in ranking applications under Section 104(k)(6) is the extent to which EPA financial assistance will stimulate the availability of other funds for

environmental assessment or remediation, and subsequent reuse of Brownfields sites. Applicants may be encouraged to provide information regarding resources (cash/in-kind services) that they, or a project partner, would commit to efforts receiving EPA financial assistance. EPA may take these commitments into account in ranking proposals. This program has no statutory formula. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The performance period for environmental workforce development and job training grant funds is generally three years. Grant cooperative agreements may be amended to provide additional funding and additional time for grant recipients demonstrating significant success in training efforts depending upon the availability of funding. Proposal funding is not guaranteed at any stage of the proposal process until the Cooperative Agreement, including workplan, is completed and the final award is made. All awards are made in a lump sum. Method of awarding/releasing assistance: lump sum.

Reports:

No program reports are required. No cash reports are required. Reporting requirements are identified under 2 CFR 200 and 1500. EPA may include additional information regarding the content and frequency of reporting requirements in the terms and conditions of the agreements. Quarterly progress and final technical reports are required as part of the terms and conditions of the cooperative agreements. No expenditure reports are required. Performance monitoring is in accordance with the terms and conditions of the cooperative agreement.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate changes to each grant must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained until expiration of three years from the date of submission of the final expenditure report. If questions still remain, such as those raised as a result of audit, related records must be retained until the matter is completely resolved.

(Cooperative Agreements) FY 14 \$3,600,000; FY 15 est \$3,600,000; and FY 16 Estimate Not Available - In FY14, approximately \$3.6 million was awarded under the environmental workforce development and job training grant program. In FY 2015, approximately \$3.6 million was awarded and the estimated funding available in FY16 is approximately \$3.0 million.

Range and Average of Financial Assistance:

Average: \$200,000. For environmental workforce development and job training grants awarded in FY13 and FY14, grant awards were made at approximately \$200,000 each. In FY 15, grant awards were made at approximately \$192,300 each. The performance period for grants in FY15 is 3 years.

TAFS Codes:

68-0103.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2014: In FY14, 57 proposals were received and 18 were funded. Grant awards were made at approximately \$200,000 each. Fiscal Year 2015: In FY15, 50 proposals were received and 19 were funded. Grant awards were made at approximately \$192,300 each. Fiscal Year 2016: No Current Data Available

REGULATIONS, GUIDELINES, AND LITERATURE:

For environmental workforce development and job training grants, costs must be in accordance with 2 CFR 200 and 1500

In addition, recipients must comply with applicable provisions of EPA training grant regulations at 40 CFR Part 45. EPA will also provide applicants with guidance on statutory prohibitions on the use of grant and cooperative agreement funds in Requests for Initial Proposals, Requests for Applications, or by other means.

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2014: In Fiscal Year 2014 the EPA awarded cooperative agreements to a variety of eligible entities and nonprofit organizations to provide local residents with the skills needed to gain employment in careers related to the assessment and cleanup of hazardous and solid waste sites, wastewater and stormwater management, Superfund site cleanup, emergency response, and chemical safety. These cooperative agreements included training and instruction in a variety of subjects, including: OSHA health and safety training, HAZWOPER and HAZMAT certification, lead and asbestos abatement, forklift operations, phytoremediation, mold remediation, site assessment, sampling, wastewater management, chemical safety, leaking underground storage tank removal, field investigation, instrumentation, and treatment technologies. Furthermore, these cooperative agreements provided job training programs the funds needed to perform recruitment and community outreach to unemployed residents impacted by contaminated sites. Fiscal Year 2015: In Fiscal Year 2015, the EPA awarded cooperative agreements to a variety of eligible entities and nonprofit organizations to provide local residents with the skills needed to gain employment in careers related to the assessment and cleanup of hazardous and solid waste sites, wastewater and stormwater management, Superfund site cleanup, emergency response, integrated pest management, and chemical safety. These cooperative agreements included training and instruction in a variety of subjects, including: OSHA health and safety training, HAZWOPER and HAZMAT certification, lead and asbestos abatement, forklift operations, phytoremediation, mold remediation, site assessment, sampling, wastewater management, chemical safety, leaking underground storage tank removal, field investigation, instrumentation, and treatment technologies. CRITERIA FOR SELECTING PROPOSALS:

The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement.

66.816 HEADQUARTERS AND REGIONAL UNDERGROUND STORAGE TANKS PROGRAM

FEDERAL AGENCY:

Office of Solid Waste and Emergency Response, Environmental Protection Agency

AUTHORIZATION:

Solid Waste Disposal Act of 1976, Section 8001(a)&(b), Public Law 98-616; Resource Conservation and Recovery Act of 1976; Superfund Amendments and Reauthorization Act of 1986 , Public Law 99-499, 42 U.S.C 6991; EPA's Annual Appropriations Act.

OBJECTIVES:

To support activities that promote the prevention, compliance, and identification of underground storage tanks, and to support activities that promote corrective action, enforcement and management of releases from underground storage tank systems. Funding Priority -

Fiscal Year 2014: High priority tasks include: (1) Training Support: Provide State and tribal underground storage tanks (UST) and leaking underground storage tanks (LUST) programs and the regulated community mechanisms by which state and federal "co-regulator" communication, assistance (which may include research and studies) and training on UST/LUST program implementation can occur on both a regional and national scale; (2) Electronic Newsletter: Provide state and tribal regulators, the general public and the regulated community with technical information on underground storage tank (UST) systems; and (3) State/Federal Partnerships: Provide technical assistance and forums for information exchange to assist States in developing their program capabilities to manage their UST/LUST programs in the most efficient and effective manner possible.

Funding Priority - Fiscal Year 2015: High priority tasks include: (1) Training Support: Provide State and tribal underground storage tanks (UST) and leaking underground storage tanks (LUST) programs and the regulated community mechanisms by which state and federal "co-regulator" communication, assistance (which may include research and studies) and training on UST/LUST program implementation can occur on both a regional and national scale; (2) Electronic Newsletter: Provide state and tribal regulators, the general public and the regulated community with technical information on underground storage tank (UST) systems; and (3) State/Federal Partnerships: Provide technical assistance and forums for information exchange to assist States in developing their program capabilities to manage their UST/LUST programs in the most efficient and effective manner possible.

Funding Priority - Fiscal Year 2016: High priority tasks include: (1) Training Support: Provide State and tribal underground storage tanks (UST) and leaking underground storage tanks (LUST) programs and the regulated community mechanisms by which state and federal "co-regulator" communication, assistance (which may include research and studies) and training on UST/LUST program implementation can occur on both a regional and national scale; (2) Electronic Newsletter: Provide state and tribal regulators, the general public and the regulated community with technical information on underground storage tank (UST) systems; and (3) State/Federal Partnerships: Provide technical assistance and forums for information exchange to assist States in developing their program capabilities to manage their UST/LUST programs in the most efficient and effective manner possible.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>. Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009. Grants and cooperative agreements are available to support recipients' eligible and allowable direct costs incurred under an approved work plan plus allowable indirect costs, in accordance with established EPA policies and regulations. Use Restrictions are that funds awarded under Section 8001(a) and (b) of RCRA must be used for projects that may include the following types of activities: research presentations,

educational materials, surveys, training, studies, demonstrations, investigations, special projects and the development or use of methods to improve UST systems management and performance to reduce the actual and potential risks to human health and the environment.

Applicant Eligibility:

For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

These assistance agreements are only available to public authorities (State, interstate, intrastate, agencies designated by States or Territorial Governors to receive UST notifications, federally-recognized Tribes and Intertribal Consortia, and local), public agencies and institutions; private non-profit organizations and agencies that meet the requirements of Section 8001(a) and (b) of the Solid Waste Disposal Act. Profit-making organizations and the general public are not eligible.

Beneficiary Eligibility:

State and local governments, territories and possessions, interstate agencies, Tribes, Intertribal Consortia, members of the regulated community and residents in areas impacted by federally regulated underground storage tanks.

Credentials/Documentation:

EPA may request that applicants document their nonprofit status. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA. Applicants, except in limited circumstances approved by the Agency, must submit all initial applications for funding through <http://www.grants.gov>

Additionally, 2 CFR 1500 applies.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 180 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also

be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 2 CFR 1500 Subpart E, as applicable.

Renewals:

None. EPA may incrementally fund grants and cooperative agreements under this program. Approval of subsequent funding increments is dependent on satisfactory project progress, continued relevance of the project to EPA's priorities, and availability of funds.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: Cost sharing is not required, unless noted in request for applications or initial proposals.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The length and time phasing of the assistance agreement shall be determined prior to the award. Assistance agreements are awarded either as non-competitive or competitive, subject to EPA Order 5700.5A1. The length of the assistance agreements may be from one year to seven years. See the following for information on how assistance is awarded/released: The funding is released to the recipient according to the recipient's accounting requests, e.g., quarterly, monthly, etc.

Reports:

Reporting requirements are identified at 2 CFR 200.327. EPA may include additional information regarding the content and frequency of reporting requirements in the terms and conditions of the agreements. No cash reports are required. The recipients submit quarterly reports that describe the progress and financial expenditures to date. No expenditure reports are required. EPA conducts baseline and advanced post-award monitoring of the recipient's performance.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

The record retention requirements of 2 CFR 1500.6 are applicable depending upon the identity of the recipient. Financial records, including all documents to support entries on accounting records and to substantiate changes to each grant must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained until expiration of three years from the date of submission of the final expenditure report. If questions still remain, such as those raised as a result of audit, related records should be retained until the matter is completely resolved.

CRITERIA FOR SELECTING PROPOSALS:

The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement.

66.817 STATE AND TRIBAL RESPONSE PROGRAM GRANTS

FEDERAL AGENCY:

Office of Solid Waste and Emergency Response, Environmental Protection Agency

AUTHORIZATION:

Comprehensive Environmental Response, Compensation, and Liability Act, Section 128(a), Public Law 107-118; Small Business Liability Relief and Brownfields Revitalization Act.

OBJECTIVES:

EPA's CERCLA Section 128(a) grant program funds activities that establish or enhance state and tribal response program capacity, capitalize revolving loan funds (RLFs), and support insurance mechanisms. The goal of this funding is to provide financial support to establish and enhance the four elements of an effective state or tribal response program as specified in CERCLA Section 128 and to ensure that states and tribes maintain a public record of sites included in their programs.

Funding Priority - Fiscal Year 2014: In FY 2014, funding will be prioritized as follows: (1) Funding for program development activities to establish or enhance the four elements of a state or tribal response program and to enable states and tribes to comply with the public record requirement, including activities related to institutional controls. (States and tribes that have established one or more of the four elements will not be prejudiced in funding distributions if their work plan includes activities that enhance the four elements. States with Voluntary Cleanup Program Memorandum of Agreement will not be prejudiced in funding distributions if their work plan does not include tasks related to establishing or enhancing the four elements.) (2) Funding for program development activities to enhance the response program or the cleanup capacity of a state or tribal response program. (3) Funding for site-specific activities at eligible brownfields sites. (4) Funding for environmental insurance mechanisms. (5) Funding to capitalize brownfields cleanup RLFs.

Funding Priority - Fiscal Year 2015: In FY 2015, funding will be prioritized as follows: (1) Funding for program development activities to establish or enhance the four elements of a state or tribal response program and to enable states and tribes to comply with the public record requirement, including activities related to institutional controls. (States and tribes that have established one or more of the four elements will not be prejudiced in funding distributions if their work plan includes activities that enhance the four elements. States with Voluntary Cleanup Program Memorandum of Agreement will not be prejudiced in funding distributions if their work plan does not include tasks related to establishing or enhancing the four elements.) (2) Funding for program development activities to enhance the response program or the cleanup capacity of a state or tribal response program. (3) Funding for site-specific activities at eligible brownfields sites. (4) Funding for environmental insurance mechanisms. (5) Funding to capitalize brownfields cleanup RLFs.

Funding Priority - Fiscal Year 2016: In FY 2016, funding will be prioritized as follows: (1) Funding for program development activities to establish or enhance the four elements of a state or tribal response program and to enable states and tribes to comply with the public record requirement, including activities related to institutional controls. (States and tribes that have established one or more of the four elements will not be prejudiced in funding distributions if their work plan includes activities that enhance the four elements. States with Voluntary Cleanup Program Memorandum of Agreement will not be prejudiced in funding distributions if their work plan does not include tasks related to establishing or enhancing the four elements.) (2) Funding for program development activities to enhance the response program or the cleanup capacity of a state or tribal

response program. (3) Funding for site-specific activities at eligible brownfields sites. (4) Funding for environmental insurance mechanisms. (5) Funding to capitalize brownfields cleanup RLFs.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

States and tribes can use Section 128 funding to (1) establish or enhance four statutory elements of a response program, as per CERCLA 128(a)(2), (2) capitalize a Revolving Loan Fund program for brownfields cleanup, pursuant to CERCLA 104(k)(3), (3) purchase environmental insurance or develop a risk sharing pool, an indemnity pool, or insurance mechanism to provide financing for response actions under their programs, (4) maintain and update, at least annually, a public record of sites, pursuant to CERCLA 128(b), that includes the name and location of sites at which response actions have been completed during the previous year and the name and location of sites at which response actions are planned to be addressed in the next year, and (5) conduct limited site-specific activities. "Establish" includes activities necessary to build the foundation for the four elements of a state or tribal response program or may also include activities that keep their program at a level that meets the four elements. "Enhance" is related to activities that add to or improve a state or tribal response program or increase the number of sites at which response actions are conducted under a state or tribal response program. States and tribes may use Section 128(a) funds for activities that establish and enhance their response programs, even if their response programs address petroleum contamination. Restrictions apply to site-specific activities, such as assessment and cleanup. Assessments and cleanups must be conducted at eligible brownfields sites, as defined in CERCLA 101(39). Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

States (as defined in CERCLA Section 101(27) and tribes (as defined in CERCLA Section 101(36) are eligible for funding under Section 128(a). To be eligible to receive funding under CERCLA Section 128(a), a state or tribe must demonstrate that its response program includes, or is taking reasonable steps to include, the four elements of a response program. States or tribes that are parties to voluntary response program memoranda of agreement (MOAs) are automatically eligible for Section 128(a) funding. Additionally, states and tribes, including those with MOAs, must maintain and make available to the public a record of sites at which response actions have been completed in the previous year and are planned to be addressed in the upcoming year in order to qualify for Section 128(a) funding.

Beneficiary Eligibility:

Beneficiaries include individuals living in recipient states', territories', and tribes' jurisdiction.

Credentials/Documentation:

States and tribes must provide documentation that they have met or are making reasonable progress towards meeting the four statutory elements, or have a Voluntary Cleanup Program Memorandum of Agreement with EPA, and have established and are maintaining the public record. States and tribes must define their "Section 128(a) response program", and may designate a component of the state or tribe that will be EPA's primary point of contact for negotiations on their proposed work plan. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Annually, states and tribes will work with the EPA regional offices to develop their work plans and funding requests for the upcoming year. Each cooperative agreement must have an annual budget period tied to an annual work plan. Annual funding guidance provides the requirements for submitting requests. No specific forms are required. Informal assistance is available through regional offices. States are subject to requirements under E.O. 12372,

"Intergovernmental Review of Federal Programs" as implemented in 40 CFR Part 29. Tribes are exempt. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. States and tribes submit requests to EPA regional offices for funding on an annual basis by submitting a proposed work plan. Annual funding guidance provides the information that should be submitted to the regional office. Once initial requests are submitted, EPA headquarters consolidates requests and provides a final allocation based on factors provided in the funding guidance. No specific form is required for submission of request.

Award Procedure:

EPA regional offices will negotiate and enter into a single cooperative agreement with interested states or tribes. States and tribes may distribute these funds among the appropriate state and tribal agencies to meet their specific needs within their state or tribal agency structures. At least annually, the regional offices must verify that a public record as described above exists for each of the state or tribal response programs that are receiving funding.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 90 days are required for the application request to be approved or disapproved.

Appeals:

Disputes will be resolved under 2 CFR 1500 Subpart E, as applicable.

Renewals:

Each state and tribal cooperative agreement will be evaluated on an annual basis to ensure that the requirements to receive funding are being met. If funding is not used, it may be carried over into the next budget period.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: States and tribes are not required to provide matching funds for grants awarded under Section 128(a). However, if the state or tribe uses Section 128(a) funds to capitalize a Brownfields RLF under CERCLA 104(k)(3), a 20% cost share is required on the amount of Section 128(a) funds used to capitalize an RLF. This program has no statutory formula, but does take into account use of prior years' funding in determining future awards. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

EPA regions will evaluate cooperative agreements annually to ensure that requirements to receive funding are being met. EPA regional offices will determine the project period for each cooperative agreement. These may be for multiple years depending on the regional office's grants policies. Each cooperative agreement must have an annual budget period tied to an annual work plan. Funds are awarded on an annual basis and may be drawn down according to regional financial processes. See the following for information on how assistance is awarded/released: This assistance is generally awarded lump sum.

Reports:

No program reports are required. No cash reports are required. States and tribes will provide progress reports under 2 CFR 200 and 1500, in accordance with terms and conditions of the cooperative agreement negotiated with EPA regional offices. At a minimum, state or tribal progress reports must include

both a narrative discussion and performance data relating to the state's or tribe's accomplishments with Section 128(a) funding. Depending upon the activities included in the state's or tribe's scope of work, an EPA regional office may request that a progress report include other elements as described in the Grant Funding Guidance for State and Tribal Response Programs. The regional offices may also request other information be added to the progress reports, as appropriate, to properly document activities described by the cooperative agreement work plan. Expenditure information should be provided in the progress reports. Performance monitoring is in accordance with the terms and conditions of the cooperative agreement.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

In addition to the statutory public record requirement, states and tribes must comply with record keeping requirements of 2 CFR 200 and 1500 and any applicable requirements under state and tribal laws. Recipients must keep financial records, including all documents supporting entries on accounting records and to substantiate changes in grants, available to personnel authorized to examine EPA recipients grants and cooperative agreements records. All records must be maintained until expiration of three years from the date of submission of the final expenditure report. If questions remain following the 3-year period, such as those raised as a result of an audit or an on-going enforcement action, recipients must retain records until the matter is completely resolved.

RELATED PROGRAMS:

Not Applicable.

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2014: Program development activities to establish the four elements of a state or tribal response program, including conducting an inventory of brownfields sites; developing or enhancing oversight and enforcement mechanisms; establishing mechanisms to approve cleanup plans; and providing opportunities and resources for public involvement. Establishing and maintaining a public record of sites, including making information available on the Internet and maintaining and monitoring institutional controls; capitalizing an RLF for brownfields cleanup; purchasing environmental insurance; developing legislation, regulations, procedures, and guidance that would establish or enhance the administrative and legal structure of their response programs; and undertaking-site specific related activities, such as conducting assessments at selected brownfields sites and auditing completed site cleanups in states that administer a licensed site professional program. Fiscal Year 2015: Program development activities to establish the four elements of a state or tribal response program, including conducting an inventory of brownfields sites; developing or enhancing oversight and enforcement mechanisms; establishing mechanisms to approve cleanup plans; and providing opportunities and resources for public involvement. Establishing and maintaining a public record of sites, including making information available on the Internet and maintaining and monitoring institutional controls; capitalizing an RLF for brownfields cleanup; purchasing environmental insurance; developing legislation, regulations, procedures, and guidance that would establish or enhance the administrative and legal structure of their response programs; and undertaking-site specific related activities, such as conducting assessments at selected brownfields sites and auditing completed site cleanups in states that administer a licensed site professional program. Fiscal Year 2016: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

EPA will not fund this program through competitive grant solicitations. Section 128(a) funds will be allocated to eligible states and tribes in accordance with the national Grant Funding Guidance for State and Tribal Response Programs.

66.818 BROWNFIELDS ASSESSMENT AND CLEANUP COOPERATIVE AGREEMENTS

FEDERAL AGENCY:

Office of Solid Waste and Emergency Response, Environmental Protection Agency

AUTHORIZATION:

American Recovery and Reinvestment Act of 2009; Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended, 42 U.S.C 9601(39)&9604k; The Small Business Liability Relief and Brownfields Revitalization Act of 2002, Public Law 107-118.

OBJECTIVES:

Brownfield sites are real property, the expansion, redevelopment, or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant. The objectives of the brownfield assessment, revolving loan fund and cleanup cooperative agreements (project grants) are to provide funding: (1) to inventory, characterize, assess, and conduct planning and community involvement related to brownfield sites; (2) to capitalize a revolving loan fund (RLF) and provide subgrants to carry out cleanup activities at brownfield sites; and (3) to carry out cleanup activities at brownfield sites that are owned by the grant recipient.

Funding Priority - Fiscal Year 2014: Funding will support at least 120 assessment cooperative agreements (estimated \$26.8 million) that recipients may use to inventory, assess, cleanup and plan reuse at Brownfields sites, as authorized under CERCLA 104(k)(2). Funding will support approximately 51 direct cleanup cooperative agreements (estimated \$10.2 million) to enable eligible entities to clean up properties that the recipient owns. The agency will award approximately eight RLF cooperative agreements (estimated \$4.9 million) of up to \$1.0 million each.

Funding Priority - Fiscal Year 2015: Funding supported at 179 assessment cooperative agreements (estimated \$41.9 million) that recipients may use to inventory, assess, cleanup and plan reuse at Brownfields sites, as authorized under CERCLA 104(k)(2). Funding supported 64 direct cleanup cooperative agreements (estimated \$12.3 million) to enable eligible entities to clean up properties that the recipient owns.

Funding Priority - Fiscal Year 2016: Funding will support at least 180 assessment cooperative agreements (estimated \$39.8 million) that recipients may use to inventory, assess, cleanup and plan reuse at Brownfields sites, as authorized under CERCLA 104(k)(2). Funding will support approximately 66 direct cleanup cooperative agreements (estimated \$13.2 million) to enable eligible entities to clean up properties that the recipient owns. The agency will award approximately eight competitive RLF cooperative agreements (estimated \$8 million) of up to \$1.0 million each, and approximately 10 RLF supplemental awards (estimated \$5 million).

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

For site specific projects, the site must meet the definition of a brownfields site found at CERCLA 101(39). As part of the application process, EPA provides guidance to assist grant applicants in determining whether sites meet this definition. (1) The brownfields grants may be used to address sites contaminated by petroleum and hazardous substances, pollutants, or contaminants (including hazardous substances co-mingled with petroleum). (2) Brownfields assessment grant funds may be used to inventory, characterize, assess, and conduct planning and community involvement related to brownfield sites. (3) An RLF project grant recipient must use at least 60 percent of the awarded funds to capitalize and implement a revolving loan fund; an RLF project grant recipient may use no more than 40 percent of the awarded funds for cleanup subgrants and may not subgrant to itself. Revolving loan fund project grants generally are used to provide no-interest or low-interest loans for brownfields cleanups. (4) An RLF project grant recipient may use its funds to award subgrants to other eligible entities, including nonprofit organizations, for brownfields cleanups on sites owned by the subgrantee; (5) Brownfields cleanup grant funds must be used to carry out cleanup activities at brownfield sites that are owned by the grant recipient. (6) Costs incurred under CERCLA 104(k) grants or cooperative agreements may not be used for an administrative cost, penalty or fine, a Federal cost-share requirement, a response cost for which the recipient of the grant or cooperative agreement is potentially liable under CERCLA 107, or the cost of complying with a Federal law, with the exception of the costs of laws applicable to cleanup of Brownfields sites. (7) Brownfields multi-purpose pilot grant recipients may use funding for assessment, cleanup planning and direct cleanup at one site owned by the applicant. All grants under 66.818 are awarded on a discretionary basis. For information on statutory limits on the amount of funding, see :123 Range and Average of Financial Assistance, below. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>. Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

Eligibility for Assessment, Revolving Loan Fund, and Cleanup Grants: a general purpose unit of local government; a land clearance authority or other quasi-governmental entity that operates under the supervision and control of, or as an agent of, a general purpose unit of local government; a government entity created by a State legislature; a regional council or group of general purpose units of local government; a redevelopment agency that is chartered or otherwise sanctioned by a State; a State; an Indian Tribe other than in Alaska; an Alaska Native Regional Corporation, Alaska Native Village Corporation and the Metlakatla Indian Community. Nonprofit organizations that own the property are also eligible for cleanup grants. Nonprofit organizations must meet the definition of that term in Section 4(6) of the Federal Financial Assistance Management Improvement Act of 1999, Public Law 96-107, 31 U.S.C. 6101 (Note: Under this definition, colleges, universities, and community colleges are eligible to apply.) However, nonprofit organizations described in Section 501(c)(4) of the Internal Revenue Code that engage in lobbying activities as defined in Section 3 of the Lobbying Disclosure Act of 1995 are not eligible to apply. Non-profit organizations are not eligible for the brownfields multi-purpose pilot grants. For profit organizations are not eligible to apply for direct funding from EPA. However, for profit organizations may apply for loans made by eligible entities with RLF capitalization grants. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

Generally, those eligible entities identified above will benefit from the brownfields grant actions. Specifically, individuals and commercial organizations in brownfields grant communities will benefit from brownfields assessment, cleanup, and revitalization funding. New strategies for promoting environmental cleanup lessons from these grants will provide a growing base of information and knowledge for other communities across the country seeking partnerships with stakeholders to coordinate issues related to brownfields and leverage additional opportunities for redevelopment.

Credentials/Documentation:

EPA may require that nonprofit organizations or eligible entities other than states, tribes, or general purpose units of local government provide documentation of eligibility. EPA may also require that applicants provide site specific information to determine whether a site qualifies as a Brownfields site under CERCLA 101(39). 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. This is a competitive grant program. EPA guidelines for Requests for Proposals or Requests for Applications will specify application procedures. For EPA Regional Office contacts, see Appendix IV of the Catalog. The standard application forms as furnished by the Federal agency and required by OMB Circular No. A-102 and A-110 must be used for this program. EPA requires final applications to be made on Standard Form 424. Applicants, except in limited circumstances approved by the Agency, must submit all initial applications for funding through <http://www.grants.gov>.

Award Procedure:

This is a competitive grant program. EPA guidelines for Requests for Proposals or Requests for Applications will specify award procedures. For EPA Regional Office contacts, see Appendix IV of the Catalog. For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements. For the Recovery Act funding, EPA will award separate cooperative agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 180 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 2 CFR 1500 Subpart E, as applicable.

Renewals:

Recipients of RLF grants may apply for additional funding on a non-competitive basis during any year after the first year the recipient receives an RLF grant. To seek additional funding, RLF grant recipients should contact their EPA Regional Office. In awarding this additional funding the Agency will consider: (I) the number of sites and number of communities that are addressed by the revolving loan fund;(II) the demand for funding by eligible entities that have not previously received an RLF grant; (III) the demonstrated ability of the eligible entity to use the revolving loan fund to enhance remediation and provide funds on a continuing basis; and (IV) Other similar factors, including the availability of funds and the recipient's performance history. Recipients of assessment and cleanup grants generally do not receive additional funding on a non-competitive basis.

Formula and Matching Requirements:

This program has no statutory formula. Matching Requirements: Matching requirements are not applicable for brownfield assessment grants. Under CERCLA 104(k)(9)(B)(iii) revolving loan fund and cleanup grants require a 20 percent cost share, which may be in the form of a contribution of money, labor, material, or services, and must be for eligible and allowable costs. An RLF or cleanup grant applicant may request a waiver of the 20 percent cost share requirement based on financial hardship. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The performance period for brownfields assessment and cleanup grant funds is three years. The performance period for brownfields revolving loan fund grants is generally five years. Grants are generally announced nationally and awarded by EPA Regional Offices. The Regional Offices work with the applicants to negotiate a workplan and award the cooperative agreement. See the following for information on how assistance is awarded/released: These grants are generally awarded as a lump sum.

Reports:

No program reports are required. No cash reports are required. Quarterly progress reports, property profiles, notification of significant development, property inventory reports, procurement reports, a final report and financial reports may be required if authorized by 2 CFR Parts 200 and 1500 (specifically, 200.328 monitoring and reporting program performance). Quarterly progress reports are generally required as part of the terms and conditions of the cooperative agreement. Expenditure information should be provided in the progress reports. Performance monitoring is in accordance with the terms and conditions of the cooperative agreement.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit

Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year. In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-federal entities that expend \$750,000 or more in a year in Federal awards shall have a single or a program specific audit conducted for that year. Non-federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Record Retention Requirements of 2 CFR 200 and 1500 are applicable, depending upon the identity of the recipient and the program funded.

Account Identification:

68-0103-0-1-304.

Obligations:

(Cooperative Agreements) FY 14 \$59,500,000; FY 15 Estimate Not Available; and FY 16 est \$66,000,000 - In FY 2014, the Brownfields Program obligated \$59,500,000. An estimated \$66,000,000 will be available in FY 2016.

Range and Average of Financial Assistance:

Range and Average of Financial Assistance: (1) For assessment grants, an eligible entity may apply for up to \$200,000 to address sites contaminated by hazardous substances, pollutants, or contaminants (including hazardous substances co-mingled with petroleum) and up to \$200,000 to address sites contaminated by petroleum; most applicants receive this amount. Applicants may request a waiver of the \$200,000 limit up to \$350,000 for sites contaminated by hazardous substances, pollutants, or contaminants (including hazardous substances co-mingled with petroleum) and up to \$350,000 to address sites contaminated by petroleum. Waiver requests must be based on the anticipated level of contamination, size, or ownership status of the site. These limits are mandatory under CERCLA 104(k)(4)(A). A coalition of eligible entities may apply for up to \$1,000,000 to address sites contaminated by hazardous substances or petroleum on a community-wide basis. (2) For revolving loan fund grants, an eligible entity may apply for up to \$1,000,000 for an initial RLF grant. This limit is mandatory under CERCLA 104(k)(4)(A). In addition, coalitions of eligible entities may apply together under one recipient for up to \$1,000,000 per eligible entity. (3) For cleanup grants, an eligible entity may apply for up to \$200,000 per site. The \$200,000 per site limit is mandatory under CERCLA 104(k)(3)(A). Approximate average financial assistance is \$200,000 for cleanup grants, \$200,000 for assessment grants and \$1 million per entity for revolving loan fund grants.

TAFS Codes:

68-0103.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2014: In FY14 1,665 sites have been assessed, 153 properties cleaned up, 12,600 jobs leveraged, \$1.15 Billion leveraged and 6,408 acres ready for reuse. Fiscal Year 2015: To date in FY15 1,181 sites have been assessed, 129 properties cleaned up, 4,124 jobs leveraged, \$826.7 Million leveraged and 7,283 acres ready for reuse. Fiscal Year 2016: No Current Data Available

REGULATIONS, GUIDELINES, AND LITERATURE:

For brownfields assessment, revolving loan fund, and cleanup grants, costs will be determined in accordance with 2 CFR 200 and 1500 as applicable.

The Agency will periodically publish guidance for brownfields grant proposals.

66.814 Brownfields Training, Research, and Technical Assistance Grants and Cooperative Agreements ; 66.815 Brownfield Job Training Cooperative Agreements; 66.817 State and Tribal Response Program Grants

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2014: (1) 183 assessment grants were selected to complete brownfield site inventories, Phase I & II environmental site assessments and community engagement activities.

(2) 71 cleanup grants were selected to cleanup contaminated properties. End uses include neighborhood development, commercial development, arts center, business park, wellness center/clinic, community health center, theater, and office space.

(3) 12 RLF grants were selected to provide loans and subgrants to eligible entities to cleanup contaminated properties. Fiscal Year 2015: (1) 179 assessment grants were selected to complete brownfield site inventories, Phase I & II environmental site assessments and community engagement activities.

(2) 64 cleanup grants were selected to cleanup contaminated properties. End uses include neighborhood development, commercial development, arts center, business park, wellness center/clinic, community health center, theater, and office space.

These period of performance for these cooperative agreements are anticipated to be from 10/01/15 to 9/30/18. Fiscal Year 2016: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

This is a competitive grant program. The evaluation and selection criteria for competitive awards under this CFDA description will be described in the competitive announcement. Selection criteria will be outlined in the proposal guidelines and will be based on a system that includes the following ten statutory ranking criteria:(i) The extent to which a grant will stimulate the availability of other funds for environmental assessment or remediation, and subsequent reuse, of an area in which one or more brownfield sites are located.(ii) The potential of the proposed project or the development plan for an

area in which one or more brownfield sites are located to stimulate economic development of the area on completion of the cleanup.(iii) The extent to which a grant would address or facilitate the identification and reduction of threats to human health and the environment, including threats in areas in which there is a greater-than-normal incidence of diseases or conditions (including cancer, asthma, or birth defects) that may be associated with exposure to hazardous substances, pollutants, or contaminants.(iv) The extent to which a grant would facilitate the use or reuse of existing infrastructure.(v) The extent to which a grant would facilitate the creation of, preservation of, or addition to a park, a greenway, undeveloped property, recreational property, or other property used for nonprofit purposes.(vi) The extent to which a grant would meet the needs of a community that has an inability to draw on other sources of funding for environmental remediation and subsequent redevelopment of the area in which a brownfield site is located because of the small population or low income of the community.(vii) The extent to which the applicant is eligible for funding from other sources.(viii) The extent to which a grant will further the fair distribution of funding between urban and nonurban areas.(ix) The extent to which the grant provides for involvement of the local community in the process of making decisions relating to cleanup and future use of a brownfield site.(x) The extent to which a grant would address or facilitate the identification and reduction of threats to the health or welfare of children, pregnant women, minority or low-income communities, or other sensitive populations. In addition, applicants will be required to demonstrate that site specific activities are carried out at sites that meet the definition of a Brownfields site at CERCLA 101(39).

66.819 DISASTER RELIEF APPROPRIATIONS ACT (DRAA) HURRICANE SANDY LEAKING UNDERGROUND STORAGE TANK TRUST FUND CORRECTIVE ACTION PROGRAM

Sandy Relief

FEDERAL AGENCY:

Office of Solid Waste and Emergency Response, Environmental Protection Agency

AUTHORIZATION:

Disaster Relief Appropriations Act, 2013, Public Law 113-2; Solid Waste Disposal Act of 1976, Section 9003(h).

OBJECTIVES:

To support New Jersey and New York for leaking underground storage tanks activities related to the consequences of Hurricane Sandy. These state LUST programs aim to restore and protect groundwater resources and create a safe environment for those who live or work around these sites. Petroleum releases contain contaminants like benzene and other contaminants of concern that can make water unsafe or unpleasant to drink. Releases can also result in fire and explosion hazards, as well as produce long-term health effects.

Funding Priorities - Fiscal Year 2014: Assistance agreements to New Jersey and New York, states affected by the consequences of Hurricane Sandy. Sandy Relief funding will continue to be used to identify releases of petroleum from underground storage tanks caused or exacerbated by the effects of Hurricane Sandy, and the two states will take appropriate corrective actions as necessary to achieve state specific cleanup requirements. The states may use expedited site assessment methods to verify releases and collect data to determine the need for additional assessment work, or site remediation.

Funding Priorities - Fiscal Year 2015: Assistance agreements to New Jersey and New York, states affected by the consequences of Hurricane Sandy. Sandy Relief funding will continue to be used to identify releases of petroleum from underground storage tanks caused or exacerbated by the effects of Hurricane Sandy, and the two states will take appropriate corrective actions as necessary to achieve state specific cleanup requirements. The states may use expedited site assessment methods to verify releases and collect data to determine the need for additional assessment work, or site remediation.

Funding Priorities - Fiscal Year 2016: Assistance agreements to New Jersey and New York, states affected by the consequences of Hurricane Sandy. Sandy Relief funding will continue to be used to identify releases of petroleum from underground storage tanks caused or exacerbated by the effects of Hurricane

Sandy, and the two states will take appropriate corrective actions as necessary to achieve state specific cleanup requirements. The states may use expedited site assessment methods to verify releases and collect data to determine the need for additional assessment work, or site remediation.

TYPES OF ASSISTANCE:

Formula Grants

USES AND USE RESTRICTIONS:

Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>. Geospatial Information includes: Information that identifies the geographic location and characteristics of natural or constructed features or boundaries on the Earth, or applications, tools, and hardware associated with the generation, maintenance, or distribution of such information. This information may be derived from, among other things, GPS, remote sensing, mapping, charting, and surveying technologies, or statistical data. Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official Government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009. States may use financial assistance under this program for eligible and allowable costs incurred under cooperative agreements for corrective action, as described in Section: 54 Funding Priority and Section: 180 Criteria for Selecting Proposals. This financial assistance program is not eligible for inclusion in Performance Partnership Grants under 40 CFR 35.133. The Sandy Recovery Improvement Act neither expands nor limits eligible uses of LUST funds under section 9003(h)(7), except that uses must be related to the consequences of Hurricane Sandy. The applicable provisions in OSWER Directive 9650.10A, "LUST Trust Fund Cooperative Agreement Guidelines" apply to states receiving funds under this program. See <http://www.epa.gov/swerust1/directiv/d965010a.htm>. LUST Trust Funds for corrective action will not be used to implement any provision of the Energy Policy Act (EPA) of 2005, Title XV, Subtitle B, that is not also a leaking underground storage tank activity authorized by Section 205 of the Superfund Amendments and Reauthorization Act.

Applicant Eligibility:

New Jersey and New York, states impacted by the consequences of Hurricane Sandy.

Beneficiary Eligibility:

New Jersey and New York, and the communities and industries affected by leaks from underground storage tanks affected by the consequences of Hurricane Sandy.

Credentials/Documentation:

Even though the LUST corrective action assistance agreements are only used for traditional cleanup activities under Section 9003(h) and, in this instance for those states affected by the consequences of Hurricane Sandy, New Jersey and New York must either submit certification indicating the State meets the applicable Energy Policy Act provisions, or submit documentation describing the State's efforts to meet the requirements, in accordance with EPA's Energy Policy Act grant guidelines (http://www.epa.gov/oust/fedlaws/epact_05.htm). For the Sandy Relief LUST cooperative agreements, the EPA Region 2 Office maintains the credentials/documentation for these two State programs. Costs will be determined in accordance with 2 CFR 200 Subpart E for State and local governments. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. In addition to 2 CFR 2000, 2 CFR 1500 also applies.

Applicants, except in limited circumstances approved by the Agency, must submit all initial applications for funding through <http://www.grants.gov>.

Award Procedure:

These funds are awarded non-competitively. Applications will be subjected to administrative evaluation to determine the adequacy of application in relation to assistance agreement regulations and to technical and program evaluation to determine the merit and relevance of the project. The Agency will advise the applicant if funding is being considered. A final work plan will be negotiated with the applicant. A cooperative agreement must be signed between EPA and the State. EPA awards the cooperative agreement to states through a previously established allocation process, issued under national guidance rather than through competition. See EPA Order 5700.5, Section 6(c)(1).

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Generally three to four months.

Appeals:

Disputes will be resolved under 2 CFR 1500 Subpart E, as applicable.

Renewals:

Unlike assistance agreements funded with EPA's annual no year LUST appropriations, Sandy Relief funds must be expended by New Jersey and New York within four years of the Agency's obligation, per the May 2013 Office of Management and Budget's approval to EPA's LUST Program Waiver Request for a two-year extension.

Formula and Matching Requirements:

Statutory Formula: Title Solid Waste Disposal Act. LUST corrective action funding awarded under section 9003(h)(7) of the Solid Waste Disposal Act is subject to an allocation process developed by the Agency. While EPA uses a formula based allocation process for its annual awards, this is special funding dedicated to consequences of Hurricane Sandy. The funds will be distributed equally to New Jersey and New York.

Yes. There is a required 10 percent state cost share under section 9003(h)(7). This requirement is statutory and cannot be waived. The manner in which states provide their cost share is to be negotiated with the Region and must be in compliance with the grant requirements of 2 CFR 200.306. Acceptable methods for cost sharing include: contributions, e.g., staff and equipment; and direct, non-federal funds expended or obligated by the state, or a political subdivision of the state, for cost-allowable activities.

Matching Requirements: There is a required 10 percent state cost share under section 9003(h)(7). This requirement is statutory and cannot be waived. The manner in which states provide their cost share is to be negotiated with the Region and must be in compliance with the grant requirements of 40 CFR Part 31.24. Acceptable methods for cost sharing include: contributions, e.g., staff and equipment; and direct, non-federal funds expended or obligated by the state, or a political subdivision of the state, for cost-allowable activities. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Unlike assistance agreements funded with EPA's annual no year LUST appropriations, Sandy Relief funds must be expended by New Jersey and New York within four years of the Agency's obligation, per the May 2013 Office of Management and Budget's approval to EPA's LUST Program Waiver Request for a two-year extension. However, in the spirit of expeditiously cleaning up LUST sites impacted by the consequences of Hurricane Sandy, New Jersey and New York will strive to expend awarded funds as quickly as possible and appropriate. See the following for information on how assistance is awarded/released: Sandy Relief LUST Trust Fund Corrective Action assistance agreements are awarded to New Jersey and New York, states affected by the consequences of Hurricane Sandy. Financial assistance is awarded in a lump sum. States use the Automated Standard Application for Payment System to

request cash drawdowns based on a projected cash requirement.

Reports:

Recipients provide performance and financial reports as authorized by 2 CFR 200.327. For the Sandy Relief LUST assistance agreements, New Jersey and New York will report program performance results semi-annually in the web-based LUST4 database. No cash reports are required. Progress reports are required. New Jersey and New York will submit to EPA/Region 2 quarterly expenditure reports of their outlays and expenditures. Performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year. In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-federal entities that expend \$750,000 or more in a year in Federal awards shall have a single or a program specific audit conducted for that year. Non-federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

States must maintain accurate records in a readily accessible manner and/or location documenting their expenditures of Sandy Relief funds in compliance with 2 CFR 1500.6. When LUST Sandy Relief funds are used for direct site work, states must maintain records on a site-specific basis. LUST Sandy Relief funds must be tracked separately from other LUST or state funds.

66.926 INDIAN ENVIRONMENTAL GENERAL ASSISTANCE PROGRAM (GAP)

(GAP for Tribes)

FEDERAL AGENCY:

Office of International and Tribal Affairs, Environmental Protection Agency

AUTHORIZATION:

Indian Environmental General Assistance Program Act of 1992, Section 11, Public Law 102-497, 42 U.S.C 4368b; Indian Environmental General Assistance Program Act of 1992, Public Law 103-155.

OBJECTIVES:

To provide general assistance program (GAP) grants to Indian tribal governments and intertribal consortia to build capacity to administer environmental regulatory programs on Indian lands, and provide technical assistance from EPA to Indian tribal governments and intertribal consortia in the development of multimedia programs to address environmental issues on Indian lands.

Funding Priority - Fiscal Year 2014: Funding is for the purposes of assisting federally-recognized tribal governments with the development of tribal environmental management capacity consistent with EPA standards and regulations. Funding can be used for planning, developing and establishing the administrative, technical, legal, enforcement, communications, and environmental education and outreach structure of a tribal environmental program. GAP funds will be used for activities such as assessment of environmental condition of tribal lands; appropriate utilization of federal information; building an environmental program tailored to the tribe s needs; developing environmental education programs; developing Solid Waste management plans; and establishing the ability to alert EPA to serious conditions involving immediate public health and ecological health.

Funding Priority FY 2015: Funding is for the purposes of assisting federally-recognized tribal governments with the development of tribal environmental management capacity consistent with EPA standards and regulations. Funding can be used for planning, developing and establishing the administrative, technical, legal, enforcement, communications, and environmental education and outreach structure of a tribal environmental program. GAP funds will be used for activities such as assessment of environmental condition of tribal lands; appropriate utilization of federal information; building an environmental program tailored to the tribe s needs; developing environmental education programs; developing Solid Waste management plans; and establishing the ability to alert EPA to serious conditions involving immediate public health and ecological health.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Activities eligible for funding under this program are those for planning, developing, and establishing capability to implement environmental protection programs including development of solid and hazardous waste programs. General assistance agreements offer the opportunity for a tribe to develop an integrated environmental program, develop the capability to manage specific programs and establish a core program for environmental protection. These assistance agreements provide the opportunity for the tribes to define and develop administrative and legal infrastructures; to conduct assessments, monitoring, planning, and other actions; and to undertake additional activities within a simplified administrative framework. The primary purpose of these assistance agreements is to support the development of elements of a core environmental program, such as: providing for tribal capacity-building to assure an environmental presence for identifying programs and projects, including developing proposals for environmental program grants and managing environmental work; fostering compliance with Federal environmental statutes by developing appropriate tribal environmental programs, ordinances, and services; and establishing a communications capability to work with Federal, State, local and other tribal environmental officials. Restrictions: The principal focus of this program is on the development of general tribal environmental capability. Assistance will be provided under this program only for activities which the agency determines are appropriate to carry out the purposes of the Act. No single grant awarded under this program may be for an amount exceeding ten percent of the total annual funds appropriated under Section (h) of the Act. As with many of EPA's grants to States and Tribes, GAP grants may now be combined with one or more other EPA grants into a Performance Partnership Grant for administrative savings and, with EPA concurrence, programmatic flexibility. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>. Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

The following are eligible to receive financial assistance: (a) An Indian tribal government; and (b) an intertribal consortium or consortia. An Indian tribal government is any tribe, band, nation, or other organized group or community, including any Alaska Native village or regional or village corporation (as defined in or established pursuant to the Alaska Native Claims Settlement Act, 43 U.S.C. 1601, et seq.), which is recognized by the U.S. Department of the Interior as eligible for the special services provided by the United States to Indians because of their status as Indians. An intertribal consortium is a partnership between two or more Indian tribal governments authorized by the governing bodies of those tribes to apply for and receive assistance under this program. An intertribal consortium is eligible to receive a GAP grant if the consortium demonstrates that: (1) A majority of its members meet the eligibility requirements for GAP grants; (2) all members that meet the eligibility requirements authorize the consortium to apply for and receive the grant; and (3) only members that meet the eligibility requirements will benefit directly from the grant project and the consortium agrees to a grant condition to that effect. An intertribal consortium must have adequate documentation of the existence of the partnership and the authorization of the member Tribes to apply for and receive assistance. Documentation that demonstrates the existence of the partnership of Indian Tribal governments may consist of Tribal council resolutions, intertribal consortia resolutions in conjunction with a Tribal council resolution from each member Tribe, or other written certification from a duly authorized representative of each Tribal government that clearly demonstrates that a partnership of Indian Tribal governments exists. Documentation that demonstrates that member Tribes authorize the consortium to apply for and receive assistance may consist of a Tribal council resolution from each Tribe or other written certification from a duly authorized representative of each Tribal government that clearly demonstrates that the Tribe authorizes the consortium to apply for and receive the grant on behalf of the Tribe. An intertribal

consortium resolution is not adequate documentation of the member Tribes authorization of the consortium unless it includes a written certification from a duly authorized representative of each Tribal government.

Beneficiary Eligibility:

Federally Recognized Indian Tribal Governments and eligible Intertribal Consortia.

Credentials/Documentation:

This program is subject to the provisions of 2 CFR 200 Subpart E. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Applicants must use the "Application for Federal Assistance: State and Local Non-Construction Programs" (Standard Form 424). Applicants, except in limited circumstances approved by the Agency, must submit all initial applications for funding through <http://www.grants.gov>.

Award Procedure:

Applications are reviewed by the appropriate Regional Office and, if approved, financial assistance is awarded by the Regional Administrator or his/her delegated official.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 90 days after deadline for application submission.

Appeals:

Disputes will be resolved under 2 CFR 1500 Subpart E, as applicable.

Renewals:

In order to receive renewals, significant progress must be demonstrated. Renewals are subject to approval of EPA. Contact the EPA Regional contact identified in Appendix IV of the Catalog for additional information.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Award amount remains available until expended in accordance with the term of the award. The term of an award may exceed one year, but may not exceed four years. The term of the grant shall be determined at the time of the grant award. See the following for information on how assistance is awarded/released: Other. The method of fund disbursement will be determined at the time of award.

Reports:

EPA includes reporting requirements for grants and cooperative agreements in the terms and conditions of the agreements. Specific reporting requirements are also identified in the Grant Regulations at 2 CFR Part 200 and 1500 and 40 CFR Part 35 (B), "Environmental Program Grants for Tribes." Program reports are required under this program. Cash reports are required under this program. Progress reports are required under this program. Expenditure reports are required under this program. Performance monitoring is required under this program.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that

year, except as noted in 2 CFR 200.503. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate charges to each grant, must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained for three years from the date of submission of the annual financial status report. If questions still remain, such as those raised as a result of audit, related records should be retained until the matter is completely resolved.

Account Identification:

Range and Average of Financial Assistance:

The minimum award for the first year of the grant is \$75,000/fiscal year, max. \$400,000/fiscal year; avg. \$110,000/fiscal year.

TAFS Codes:

68-0103.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2014: Funding awards will not be finalized nationally before the end of Fiscal Year 2014. GAP resources should support a) Developing and maintaining core environmental program capacities (administrative, financial management, information management, environmental baseline needs assessment, public education/communication, legal, and technical/ analytic); b) Engaging with the EPA to negotiate joint EPA-Tribal Environmental Plans (ETEPs) that reflect intermediate and long-term goals for developing, establishing, and implementing environmental protection programs; Linking GAP-funded assistance agreement work plans to the ETEPs; c) Developing baseline capacities for media-specific environmental protection programs that are related to the needs of the recipient and to EPA statutory programs (e.g., ambient and indoor air quality; water quality; managing wastes; managing asbestos, lead-based paint, pesticides, toxics, and pollution prevention programs); and d) Implementing waste management programs. 66.931 INTERNATIONAL FINANCIAL ASSISTANCE PROJECTS SPONSORED BY THE OFFICE OF INTERNATIONAL AND TRIBAL AFFAIRS

FEDERAL AGENCY:

Office of International and Tribal Affairs, Environmental Protection Agency

AUTHORIZATION:

Clean Water Act, Section 104, 33 U.S.C 1254; Marine Protection, Research and Sanctuaries Act of 1972, Section 203, 33 Stat. 1443; National Environmental Policy Act, Section 102(2)(F), 42 Stat. 4332; Toxic Substances Control Act, Section 10, 15 U.S.C 2609; Safe Drinking Water Act, Section 1442(a)&(c), 42 Stat. 300j-1(a)(1); Solid Waste Disposal Act, Section 8001, 42 Stat. 6981; Federal Insecticide, Fungicide, and Rodenticide Act, Section 20, Public Law 92-516, 7 U.S.C 136r; Clean Air Act, Section 103, 42 U.S.C 7403.

OBJECTIVES:

To protect human health and the environment while advancing U.S. national interests through international environmental collaboration. This mission is supported by these strategic objectives: 1) Reducing Exposure to Toxic Chemicals; 2) Improving Air Quality; 3) Cleaning Up Electronic Waste (E-Waste); 4) Combating Climate Change by Limiting Pollutants; 5) Expanding access to Clean Water; and 6) Building Strong Environmental Institutions and Legal Structures. Funding Priority - Fiscal Year 2014: EPA Safeguards air, water, and land for all Americans. International capacity-building plays a key role in protecting human health, communities and the environment by providing technical cooperation to help countries reduce air pollution, better manage air quality global climates, reduce the global use and emission of mercury, manage drinking & surface water quality, and provide technical assistance to restore the land and mitigate sources of land pollution. OITA will work to transfer appropriate air management tools and techniques to key countries and regions as we collaborate with partners to improve air quality. In addition, we will continue efforts to reduce global sources of persistent bioaccumulative toxins. Long-range and transboundary atmospheric transport and deposition of such toxics as Mercury, Persistent Organic Pollutants (POPs) such as polychlorinated biphenyls (PCBs), pesticides, dioxins, and furans continue to threaten human health and ecosystems. OITA will continue to promote the development of activities for managing drinking and surface water quality and provide technical cooperation, expertise, and assistance to help communities and countries preserve and restore the land and to mitigate sources of land pollution. OITA plays a key role in ensuring trade-related activities sustain environmental protection. Initiatives relating to environmental trade and investment are carried out bilaterally, multilaterally or in connection with multilateral institutions such as the World Trade Organization (WTO), World Bank, European Union (EU), or Asia-Pacific Economic Cooperation Forum (APEC). Also, OITA will support protection of human health and the ecosystem for North America through the United States' participation in the North American Agreement on Environmental Cooperation and through leadership in the Commission on Environmental Cooperation (CEC), the Organization for Economic Cooperation and Development (OECD), and other international entities. EPA will provide targeted capacity building support under the environmental cooperation agreements developed parallel to U.S. free trade agreements. The U.S.-Mexico Border (to sustain and restore community health and preserve the ecological systems that support them) program is implemented in partnership with the ten Border States and the government of Mexico with its corresponding states and tribes. It addresses the Agency's major themes of clean air, clean water, and clean land. The key areas of focus for the Border 2020 Program include improving water quality in the region; improving availability of low sulfur diesel fuel on the border; the stabilization of abandoned hazardous waste sites; removal of used tire piles along the U.S.-Mexico Border; defining baseline and alternative scenarios for air emissions reductions along the border region; and binational emergency preparedness drills and exercises at border sister cities.

Funding Priority - Fiscal Year 2015: In FY 2015, OITA will continue to engage both bilaterally and through multilateral institutions with the objective of improving international cooperation to address the transboundary movement of pollution. OITA will address air pollution and air quality with international partners that contribute significant pollution to the environment and who are committed to improving their environmental performance. OITA will continue its work in the Partnership for Clean Fuels and Vehicles (PCFV), a global partnership that has worked to reduce air pollution from the global fleet of on-road vehicles. OITA will also continue its efforts to reduce transboundary pollution from ships.

The EPA expects to continue a focus on ratification and full implementation of the Minamata Convention by less developed countries, and on continued technical and policy support for global and regional efforts to address international sources of mercury use and emissions. OITA will continue to strengthen partnerships to address environmental problems and build capacity in areas such as green growth technologies and environmental laws and legal institutions. The EPA will lead United States Government efforts to advance the new Green Growth Strategy in the OECD and through U.S. interagency processes, promoting green jobs and sustainable development worldwide.

In FY 2015, the OITA will continue to strengthen our activities in the Arctic. Working with International Partners, Alaska, Tribes, federal agencies, and the private sector, the EPA is building international support for U.S. environmental

policy objectives through the Arctic Council on a range of topics including mercury and short-lived climate forcers such as black carbon, tropospheric ozone, and methane. Beyond the Arctic region, OITA will continue to work with the State Department, UNEP, and other international partners as part of the international Climate and Clean Air Coalition (CCAC). The goal of these efforts is to realize immediate climate, health, and other benefits of reducing short-lived climate pollutants.

Collaboration with global partners is needed to build upon awareness of water pollution issues and to promote watershed and marine environmental protection. For FY 2015, OITA will continue to promote clean water and drinking water programs in Africa, Asia, and Latin America, focusing on improving the quality of water sources and managing other environmental risks.

In FY 2015, OITA will strengthen implementation of global, regional, and country programs to address electronic waste (e-waste) and promote sound reuse and recycling of discarded used electronics. By partnering with international organizations such as the UN University Solving the E-waste Problem Initiative, better information on the e-waste problem, demonstrations of sustainable recycling programs and stronger collaboration with countries, will help reduce risks from exposure to toxic substances contained in e-waste such as lead, mercury, cadmium, and hexavalent chromium.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Discretionary funds are available for the awards under this program. Grants and cooperative agreements are available to support recipients' allowable direct cost expenditures incident to the approved project plus allocable portions of allowable indirect costs of the institution, in accordance with established EPA policy, 2 CFR parts 200 and 1500. Funding awarded for international research under these projects does not include research within the purview of EPA's Office of Research and Development. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

Assistance under this program is generally available to States and local governments, territories and possessions, foreign governments, international organizations, Indian Tribes, and possessions of the U.S., including the District of Columbia, public and private universities and colleges, hospitals, laboratories, other public or private nonprofit institutions, which submit applications proposing projects with significant technical merit and relevance to EPA's Office of International Affairs' mission. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

States and local governments, territories and possessions, foreign governments, international organizations, Indian Tribes, and possessions of the U.S., including the District of Columbia, public and private universities and colleges, hospitals, laboratories, other public or private nonprofit institutions.

Credentials/Documentation:

Office of International and Tribal Affairs (OITA) may require applicants to submit documentation of non-profit status. OITA may request applicants to demonstrate they have appropriate background, academic training, experience in the field, and necessary equipment to carry out projects. OITA may also ask applicants or principal investigators to provide curriculum vitae and relevant publications. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. The standard application forms as furnished by the Federal agency and required by 2 CFR 200, "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards" must be used for this program. Applicants, except in limited circumstances approved by the Agency, must submit all initial applications for funding through <http://www.grants.gov>. EPA requires final applications to be made on Standard Form 424. Under EPA Order No. 5700.5A1, Policy for Competition in Assistance Agreements (9/12/02), Assistance awards to Foreign Governments and to United Nations agencies and similar International Organizations, such as the Organization of American States and Organization for Economic Cooperation and Development (OECD), may be exempted from competition at the discretion of OITA. For competitive awards, Requests for Initial Proposals or Requests for Applications will specify application procedures.

Award Procedure:

For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements. For non-competitive awards, OITA will conduct an administrative evaluation to determine the adequacy of the application in relation to grant regulations and to technical and program evaluation to determine the merit and relevance of the project. The Agency will then advise the applicant if funding is being considered. A final work plan will then be negotiated with the applicant.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 180 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 2 CFR 1500 Subpart E, as applicable.

Renewals:

None. A standard grant application should be prepared and submitted as a new grant, which will be reviewed in the same manner as the original application and will compete for available funds. Generally, EPA incrementally funds

grants and cooperative agreements. Approval of subsequent funding increments is dependent on satisfactory project progress, continued relevance of the project to OITA's priorities, and availability of funds.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

EPA normally funds grants and cooperative agreements on a 12-month basis. However, EPA can negotiate the project period with each applicant based on project requirements. EPA limits project periods to 5 years. Payments will be on an advance letter of credit or reimbursement basis; recipient must request the initial advance payment on SF 270, Request for Advance or Reimbursement. See the following for information on how assistance is awarded/released: Assistance is awarded by project.

Reports:

No program reports are required. No cash reports are required. Reporting requirements are identified at 2 CFR Parts 200 and 1500. EPA may include additional information regarding the content and frequency of reporting requirements in the terms and conditions of the agreements. Progress reports are required under this program. Expenditure Reports are required under this program. Performance Monitoring is required under this program.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

The record retention requirements of 2 CFR Parts 200 and 1500 are applicable depending upon the identity of the recipient. Financial records, including all documents to support entries on accounting records and to substantiate changes to each grant must be kept available to personnel authorized to examine EPA grant accounts. All records must be maintained until expiration of three years from the date of submission of the final expenditure report. If questions still remain, such as those raised as a result of audit, related records must be retained until the matter is completely resolved.

66.950 NATIONAL ENVIRONMENTAL EDUCATION TRAINING PROGRAM

Teacher Training Program

FEDERAL AGENCY:

Office of the Administrator, Environmental Protection Agency

AUTHORIZATION:

National Environmental Education Act, Section 5, Public Law 101-619.

OBJECTIVES:

To train educational professionals in the development and delivery of environmental education programs. As required by Public Law 101-619, funds are provided to universities, non-profit organizations, or a consortia of such institutions to deliver environmental education training and support for education professionals.

Through a series of work-shops, on-line courses, professional learning communities and social networking opportunities, EE Capacity is bringing established and urban environmental educators together to exchange ideas and resources, and form expanded social networks. As innovative environmental education practices emerge through this exchange among diverse professionals, EE Capacity will share and test them. In this way, EE Capacity participants will help to define the face of environmental education in an increasingly urban and diverse society.

Funding Priority - Fiscal Year 2014: Funding priorities for fiscal years 2014 and 2015 are for recipient to perform tasks as part of their original proposal and subsequent approval of yearly work plans. Recipient has entitled this project "Expanding Capacity in EE" To that end they are doing things such as, workshops, online courses, EE accreditation, building state capacity etc.

Funding Priority - Fiscal Year 2015: Funding priorities for fiscal years 2014 and 2015 are for recipient to perform tasks as part of their original proposal and subsequent approval of yearly work plans. Recipient has entitled this project "Expanding Capacity in EE" To that end they are doing things such as,

workshops, online courses, EE accreditation, building state capacity etc.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Funds shall be used to establish an education and training program which shall include, at a minimum: (1) classroom training in environmental education and studies including environmental sciences and theory, educational methods and practices, environmental career or occupational education, and topical environmental issues and problems; (2) demonstrations of the design and conduct of environmental field studies and assessments; (3) development of environmental education programs and curricula, including programs and curricula to meet the needs of diverse ethnic and cultural groups; (4) sponsorship and management of international exchanges of teachers and other educational professionals between the United States, Canada, and Mexico involved in environmental programs and issues; (5) maintenance or support of a library of environmental education materials, information, literature, and technologies, with electronic as well as hard copy accessibility; (6) evaluation and dissemination of environmental education materials, training methods, and related programs; (7) sponsorship of conferences, seminars, and related forums for the advancement and development of environmental education and training curricula and materials, including international conferences, seminars, and forums; (8) supporting effective partnerships, networks, and the use of distant learning technologies; and (9) such other activities as the Administrator determines to be consistent with the policies of the Act. No funds made available for this program shall be used for the acquisition of real property (including buildings) or the construction or substantial modification of any building. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

Assistance under this program is available to universities, non-profit organizations, or a consortia of such institutions to deliver environmental education training and support for education professionals. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

Education (0-8), education (9-12), education (13+), nonprofit institutions.

Credentials/Documentation:

Documentation of nonprofit status may be required. Applicants may be requested to demonstrate they have appropriate background, academic training, experience in the field, and necessary equipment to carry out projects. The Office of Environmental Education may ask applicants or principal investigators to provide curriculum vitae and relevant publications. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

A solicitation notice is issued for this program once every five years. The notice identifies the application process. Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. The solicitation notice which described the application procedure for the training program that will operate from 10/1/10 through 9/30/15, subject to the availability of funds, was posted on <http://www.grants.gov> in late Spring 2010. The solicitation notice previous to that one was issued March 18, 2005. The solicitation process for this program is conducted every five years. Applicants may be able to use <http://www.grants.gov> to electronically apply for certain grant opportunities under this CFDA.

Award Procedure:

This program is subject to the provisions of 2 CFR 200 and 1500. For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

It can take up to a year from time of application submission to award of an assistance agreement. The last award was made in early summer 2011 (for the solicitation published in Spring 2010). The next date that a solicitation notice for this program is anticipated to be published is in the Spring of 2015.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 2 CFR 1500 Subpart E, as applicable.

Renewals:

Generally, EPA incrementally funds grants and cooperative agreements for surveys, studies, and investigations. Approval of subsequent funding increments is dependent on satisfactory project progress, continued relevance of the project to the Office of Environmental Education's program priorities, and the availability of funds.

Formula and Matching Requirements:

This program has no statutory formula. Matching Requirements: In accordance with the National Environmental Education Act (Public Law 101-619), federal funds for any project under this section shall not exceed 75 percent of the total cost of such project. The project has a 25 percent non-federal match required by statutory formula. For the purposes of this section, the non-Federal share of project costs may be provided by cash or by in-kind contributions and other non-cash support. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The training program consists of an initial one year budget and project period subject to annual supplemental funding agreements for up to five years. See the following for information on how assistance is awarded/released: This program operates on a five year basis. Funds are initially awarded for a one year project period. Subsequent supplemental funding awards on an annual basis for the next four years.

Reports:

No content available. No cash reports are required. The grantee must submit bi-annual and final progress reports. Expenditure reports are required. Performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that

year, except as noted in 2 CFR 200.503. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year. In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-federal entities that expend \$750,000 or more in a year in Federal awards shall have a single or a program specific audit conducted for that year. Non-federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate changes to each assistance agreement, must be kept available to personnel authorized to examine EPA assistance accounts. All records must be maintained until the expiration of 3 years from the date of submission of the final expenditure report. If questions still remain, such as those raised as the result of an audit, related records should be retained until the matter is completely resolved.

66.951 ENVIRONMENTAL EDUCATION GRANTS

FEDERAL AGENCY:

Office of the Administrator, Environmental Protection Agency

AUTHORIZATION:

National Environmental Education Act, Section 6, Public Law 101-619.

OBJECTIVES:

The Environmental Education Grants Program supports projects to design, demonstrate, and/or disseminate practices, methods, or techniques related to environmental education and teacher training. As required by Public Law 101-619, this grant program provides financial support for environmental education projects implemented by schools, universities, state and local government environmental and educational agencies, tribal education agencies, and nonprofit 501 (c)(3) organizations that increase public awareness and knowledge about environmental issues and provide the skills that participants in its funded projects need to make informed environmental decisions and take responsible actions toward the environment.

Funding Priority - Fiscal Year 2014: Funding priorities for fiscal year 2014 are to award 25% of the appropriated grant funding to small grants of \$5000 or less through a sub-grant program.

Funding Priority - Fiscal Year 2015: Funding priorities for fiscal years 2015 and 2016 are to award grants for both model, replicable projects and locally focused projects, and to award 25% of the appropriated grant funding to small grants of \$5000 or less through a sub-grant program.

Funding Priority - Fiscal Year 2016: Funding priorities for fiscal years 2015 and 2016 are to award grants for both model, replicable projects and locally focused projects, and to award 25% of the appropriated grant funding to small grants of \$5000 or less through a sub-grant program.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Grant funds shall be used to establish an education program which shall include, at a minimum: (1) design, demonstration, or dissemination of environmental curricula and materials on specific topics for which there are no existing materials; (2) design and demonstration of field methods, practices, and techniques, including review of environmental and ecological conditions and analysis of environmental and pollution problems; (3) projects to understand and evaluate a specific environmental issue or a specific environmental problem; (4) provision of training or related education for teachers, faculty, or related personnel in a specific geographic area or region; and (5) design and demonstration of projects to foster international cooperation in addressing environmental issues and problems involving the United States and Canada or Mexico. Priority will be given to those projects which will develop: (a) a new or significantly improved environmental education practice, method, or technique; (b) an environmental education method which may have wide application; (c) an environmental education method which addresses skills or scientific fields identified as a priority in the report developed by the National Environmental Education Advisory Council; and (d) an environmental education project which addresses an environmental issue which, in the judgment of the Administrator, is of a high priority. More specific priorities are listed above under Objectives and are specified in the annual Solicitation Notice. Restrictions: No funds made available for this program shall be used for technical training of environmental management professionals; for advocacy or lobbying; for acquisition of real property (including buildings); or the

construction or substantial modification of any building. Assistance agreement awards under this program may involve or relate to geospatial information. Further information regarding geospatial information may be obtained by viewing the following website: <http://geodata.epa.gov>.

Grant recipients and sub-recipients are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or government-owned vehicles, or while driving privately-owned vehicles when on official government business or when performing any work for or on behalf of the government. Grant recipients and sub-recipients are encouraged to conduct initiatives of the type described in section 3(a) of the Federal Leadership on Reducing Text Messaging While Driving Executive Order that was signed on October 1, 2009.

Applicant Eligibility:

Assistance under this program is generally available to local education agencies, colleges and universities, state education and environmental agencies, nonprofit organizations described in Section 501(c)(3) of the Internal Revenue Service, and noncommercial educational broadcasting entities as defined and licensed by the Federal Communications Commission. Applicant organizations must be located in the United States or territories and the majority of the educational activities must take place in the United States, Canada, or Mexico. "Tribal education agencies" that are eligible to apply include a school or community college which is controlled by an Indian tribe, band, or nation, which is recognized as eligible for special programs and services provided by the United States to Indians because of their status as Indians and which is not administered by the Bureau of Indian Affairs. Tribal organizations do not qualify unless they meet that criteria or the non-profit criteria listed above. The terms for eligibility are defined in Section 3 of the Act and 40 CFR 47.105.

For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.

Beneficiary Eligibility:

Education (0-8), education (9-12), education (13+), nonprofit institutions.

Credentials/Documentation:

Documentation of nonprofit status may be required. Applicants must demonstrate that they have appropriate background, academic training, and experience in the field, and may be asked to demonstrate the necessary equipment or facilities to carry out the project. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

The annual solicitation notice for proposals and grant tutorials are available on the Agency's website listed below. This program is excluded from coverage under E.O. 12372. Regarding pre-application/pre-proposal assistance with respect to competitive funding opportunities under this program description, EPA will generally specify the nature of the pre-application/pre-proposal assistance, if any, that will be available to applicants in the competitive announcement. For additional information, contact the individual(s) listed as "Information Contacts" or see Appendix IV of the Catalog. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Applications are accepted for one or two solicitations on an annual grant cycle and are due at the deadline(s) stated in each solicitation. Applicants submit an application package in the format required in the annual Solicitation Notice(s). Applicants, except in limited circumstances approved by the Agency, must submit all initial applications for funding through <http://www.grants.gov>. After being submitted to [grants.gov](http://www.grants.gov), applications will be reassigned by the EE Grants Manager to the appropriate EPA Regional Offices, depending on where the project activities will take place.

Award Procedure:

Applications for Environmental Education assistance agreements will be evaluated by the appropriate EPA Headquarters or Regional Offices based on

where the proposed project will take place and the nature of the awards as described in the solicitation notice. For competitive awards, EPA will review and evaluate applications, proposals, and/or submissions in accordance with the terms, conditions, and criteria stated in the competitive announcement. Competitions will be conducted in accordance with EPA policies/regulations for competing assistance agreements. The Agency will then advise the applicant if funding is being considered. A final work plan will then be negotiated with the applicant. All awards are competed through the annual announcement(s) and no proposals are awarded non-competitively.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 180 days.

Appeals:

Assistance agreement competition-related disputes will be resolved in accordance with the dispute resolution procedures published in 70 FR (Federal Register) 3629, 3630 (January 26, 2005). Copies of these procedures may also be requested by contacting the individual(s) listed as "Information Contacts." Disputes relating to matters other than the competitive selection of recipients will be resolved under 2 CFR 1500 Subpart E, as applicable.

Renewals:

None. Grants proposals are solicited and evaluated annually on a competitive basis. Therefore, applicants should not plan for renewals.

Formula and Matching Requirements:

This program has no statutory formula. Matching Requirements: In accordance with the National Environmental Education Act (Public Law 101-619), federal funds for any project under this section shall not exceed 75 percent of the total cost of such project. The project has a 25 percent non-federal match required by statutory formula. For the purposes of this section, the non-federal share of project costs may be provided by cash or by in-kind contributions and other non-cash support. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The majority of the grants awarded in this program have been completed in a one-year project period. However, up to two year project periods are possible depending upon the nature and complexity of the project. Activities must be completed within the time frame of the budget period. Two or more concurrent grants to the same organization for the same project are not allowed in this program. Grants may be incrementally or fully funded. This determination is made by the EPA. See the following for information on how assistance is awarded/released: As requested by the grantee periodically.

Reports:

No program reports are required. No cash reports are required. Recipients of grants are expected to submit progress reports on at least a semi-annual basis. Final reports and two copies of all grants products are due within 90 days of the close of the budget period. Expenditure reports are required. Performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Grants and cooperative agreements are subject to inspections and audits by the Comptroller General of the United States, the EPA Office of Inspector General, other EPA staff, or any authorized representative of the Federal government. Reviews by the EPA Project Officer and the Grants Specialist may occur each year.

Records:

Financial records, including all documents to support entries on accounting records and to substantiate changes to each assistance agreement, must be kept available to personnel authorized to examine EPA assistance accounts. All records must be maintained until the expiration of three years from the date of

submission of the final expenditure report. If questions still remain, such as those raised as the result of an audit, related records should be retained until the matter is completely resolved.

77.006 U. S. NUCLEAR REGULATORY COMMISSION NUCLEAR EDUCATION GRANT PROGRAM

Nuclear Education Grant Program - Curricula Development

FEDERAL AGENCY:

Nuclear Regulatory Commission

AUTHORIZATION:

The Energy Policy Act of 2005, Section 651(c)(1), Public Law 109-58, 119 Stat. 801, 42 U.S.C 2051(b).

OBJECTIVES:

The Curricula Development program provides assistance to accredited U.S. colleges and universities in support of courses, studies, training, curricula, and disciplines relevant to nuclear safety, nuclear security, nuclear environmental protection, or any other field that the Commission determines to be critical to its regulatory mission. The primary purpose is to support and develop the educational infrastructure necessary to allow the Nation to advance its nuclear energy initiatives.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

This program provides funding to accredited post-secondary schools and institutions of higher education. Financial support in whole or in part may be provided for such purposes as salaries, materials and supplies, equipment, consultants, limited travel, and other justified program related expenses required for conducting the curricula development related activities. Restrictions on use of funds are specified in the funding opportunity announcement or the award document. Funding is provided for the purpose of creating, revising, or enhancing nuclear-related curricula that does not necessarily duplicate work already in process, is not already known to NRC, or has previously unrecognized merit.

Applicant Eligibility:

Applicants must be a U.S. public or private institution of higher education, accredited by the U.S. Department of Education.

Beneficiary Eligibility:

Accredited U.S. public or private institutions of higher education will benefit.

Credentials/Documentation:

Administration and cost will be determined in accordance with guidance in 2 CFR 200 for institutions of higher education. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Apply using the electronic application package required in the Funding Opportunity Announcement this enables NRC to receive the application from Grants.gov.

Award Procedure:

Applications are processed by the assigned staff and approved by the NRC, based on a set of criteria established by the NRC, as stated in the Funding Opportunity Announcement.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 120 to 180 days. Please see the active Funding Opportunity Announcement for published response deadlines.

Appeals:

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. This program has no matching requirements. Matching is not required but encouraged.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

The period of performance for project grants shall be a minimum of 2 years and not exceed 3 years. Method of awarding/releasing assistance: lump sum.

Reports:

No program reports are required. No cash reports are required. The recipient shall submit "Performance Progress Reports" (reported on SF-PPR, SF-PPR-B, and SF-PPR-E) and a final report as stipulated in the Terms and Conditions of the award document in compliance with 2 CFR 200. The recipient shall submit "Federal Financial Reports," (reported on SF-425) as stipulated in the Terms and Conditions of the award document in compliance with 2 CFR 200. The recipient shall adhere to the performance monitoring requirements as stipulated in the Terms and Conditions of the award document in compliance with 2 CFR 200.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

The recipient shall adhere to the records management requirements as stipulated in the Terms and Conditions of the award document in compliance with 2 CFR 200.

CRITERIA FOR SELECTING PROPOSALS:

Selection criteria, including exclusions as stated in the funding opportunity announcement, for support is based on the soundness of the proposed approach including objectives, methodology, plan of operation, timetable, expected products and results, evaluation, and dissemination plans. The applicant's capability to perform the project is assessed to the degree that the project will strengthen its teaching capacity; the competency of the proposed investigator or group to successfully pursue the project; the adequacy of the available and proposed facilities and resources; the necessity of the budget components requested in relation to the proposed project; and the relevance and importance to announced program objectives.

77.007 U.S. NUCLEAR REGULATORY COMMISSION MINORITY SERVING INSTITUTIONS PROGRAM (MSIP)

NRC Minority Serving Institutions Program

FEDERAL AGENCY:

Nuclear Regulatory Commission

AUTHORIZATION:

Energy Policy Act of 2005, Section 651,c,4 and 622, Public Law 109-58, 119 Stat. 801, 42 U.S.C 2015(b) 2051(b); Executive Order 13256, 13270, and 13230.

OBJECTIVES:

The Minority Serving Institutions Program provides funding for minority serving programs and activities, projects, symposiums, and training for the exchange and transfer of knowledge and skills relevant to nuclear safety, security, environmental protection, or any other fields the Commission deems critical to its mission. To provide assistance for minority serving programs and activities to include, but not limited to, mentoring, leadership development, training, instruction, developmental learning, research and development, program evaluation, and technical assistance. 77.008 U.S. NUCLEAR REGULATORY COMMISSION SCHOLARSHIP AND FELLOWSHIP PROGRAM

NRC Scholarship/Fellowship and Faculty Development Program

FEDERAL AGENCY:

Nuclear Regulatory Commission

AUTHORIZATION:

The Energy Policy Act of 2005, Section 651 (c)(1), Public Law 109-58, 119 Stat. 801, 42 U.S.C 2051 (b).

OBJECTIVES:

This Scholarship and Fellowship program provides funding for undergraduate scholarships, graduate fellowships, and trade school and community college scholarships. In addition, faculty development grants are funded under this authority as explained below. The program allows students to pursue an education in science, engineering, or another field of study that the Commission determines is in a critical skill area related to its regulatory mission. The trade school and community college scholarship program supports certificates or Associate degrees in crafts/disciplines necessary for developing and maintaining a nuclear workforce.

This activity is intended to benefit the nuclear industry broadly. NRC requires scholarship and fellowship students to comply with a service obligation agreement for a period of 6 months for every year or partial year of support received. However, the NRC may establish criteria for the partial or total waiver or suspension of any obligation of service or payment incurred by a student. The employment may be with the NRC, other Federal agencies, State agencies, nuclear-related industry, or academia in the students sponsored fields of study. Recipients of scholarship and fellowships must commit to the service obligation agreement.

The program also supports faculty development in the nuclear-related fields of Nuclear Engineering, Health Physics, Radiochemistry and related disciplines as determined by the NRC. The program specifically targets probationary, tenure-track faculty in these academic areas during the first 6 years of their career.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

This program provides funding to accredited post-secondary schools and institutions of higher education to provide scholarships, fellowships, and stipends to develop a cadre of professionals, and a workforce capable of supporting the design, construction, operation, and regulation of nuclear facilities and the safe handling of nuclear materials. Faculty development grants provide support for developing applications for research, small amounts for initiating or continuing research projects in their areas of expertise, and expenses associated with an institutions faculty development plan.

Funds are managed by the awardee institution. Primary responsibility for general supervision of all grant activities rests with the grantee institution. Funds many not be used for purposes other than those specified in the award. Fellowships, scholarship and stipends are paid to the students and fellows directly through his/her institution. Scholarship and fellowship recipients are required to comply with a service obligation agreement for a period of 6 months for every year or partial year of support received.

Applicant Eligibility:

Applicants must be a U.S. public or private institutions of higher education, accredited by the U.S. Department of Education.

Beneficiary Eligibility:

Individual Recipients must be undergraduate and graduate students of

accredited U.S. public or private institutions of higher education. Candidates for the Faculty Development program are targeted for probationary, tenure-track faculty in nuclear related fields during the first 6 years of their career. All recipients must be U.S. citizens or noncitizen national of the U.S. or have been lawfully admitted to the U.S. for permanent residence (i.e., in possession of a currently valid Alien Registration Receipt Card I-551, or other legal verification of such status).

Credentials/Documentation:

Administration and cost will be determined in accordance with guidance in 2 CFR 200 for institutions of higher education. 2 CFR 200, Subpart E - Cost Principles applies to this program.

CRITERIA FOR SELECTING PROPOSALS:

Selection for support by the Office of Research through financial assistance methods are made to basic, advanced, and developmental scientific programs where the purpose is to create new or further define existing paradigms within the nuclear industry.

Factors generally indicating support through financial assistance methods:

- the primary purpose of the proposal is to aid or support the development of knowledge or understanding of the subject or phenomena under study;
- the exact course of the work and its outcome are not defined precisely and specific points in time for achievement of significant results may not be specified;
- the nature of the proposed work is such that the recipient will bear prime responsibility for the conduct of the research and will exercise judgment and original thought toward attaining the scientific goals within broad parameters of the research areas proposed and the related resources provided;
- meaningful technical reports can be prepared only as new findings are made; and
- simplicity and economy in execution and administration are mutually desirable.

DEPARTMENT OF ENERGY

81.003 GRANTING OF PATENT LICENSES

(DOE Patents Available for Licensing)

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Atomic Energy Act of 1954, Sections 156 and 161(g), as amended, Public Law 83- 703, 68 Stat. 919, 42 U.S.C. 2186 and 2201; Department of Energy Organization Act of 1977, as amended, Public Law 95-91, 42 U.S.C. 7101 ; Public Law 96-517, 35 U.S.C. 207, 208, 209.

OBJECTIVES:

To encourage widespread utilization of inventions covered by DOE owned patents.

TYPES OF ASSISTANCE:

DISSEMINATION OF TECHNICAL INFORMATION

USES AND USE RESTRICTIONS:

Nonexclusive, revocable licenses are granted by Department of Energy (DOE) to responsible applicants with plans for development and/or marketing on approximately 1,500 DOE owned United State patents. Exclusive and partially exclusive licenses may also be granted. Similar licenses on approximately 200 DOE owned foreign patents may be accorded to United State citizens and corporations, and to others under terms and conditions which depend upon particular facts. Licenses for use or sale in the United States may normally be granted only to licensees that agree to substantial manufacture in the United States. Copies of U.S. patents may be obtained from the United States Patent and Trademark Office, Department of Commerce, Washington, DC 20231, for a modest fee.

Applicant Eligibility:

Individuals, firms, or corporations with satisfactory plans and intentions to commercialize the invention may apply.

Beneficiary Eligibility:

Individuals, firms, and corporations will benefit.

Credentials/Documentation:

Satisfactory plans for development and/or marketing of the invention. In the case of corporations, the State of incorporation. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. By letter to the Assistant General Counsel for Technology Transfer and Intellectual Property, DOE, Washington, DC 20585, identifying the patent by its number, together with information as to: (1) The nature and type of the applicant's business; (2) the purpose for which the license is desired together with documentation as to the applicant's plan for development and/or marketing of the invention to achieve that purpose; (3) the geographical areas in which the applicant will practice the invention; (4) the applicant's willingness to render periodic reports on the use of the licensed subject matter; (5) the applicant's status as a small business firm, minority business, or other; and (6) remittance of a \$25 processing fee for each license requested.

Award Procedure:

Patent licenses are issued by the Office of the Assistant General Counsel for Technology Transfer and Intellectual Property, DOE.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

Normally three months for nonexclusive licenses; somewhat longer for exclusive licenses.

Appeals:

Applicants denied a license and revoked licensees have the right to appeal in accordance with 10 CFR 781 by filing notice of appeal within 30 days. Appeals board is designated upon filing of notice of appeal.

Renewals:

Licenses may be renewed upon reapplication, contingent on satisfactory performance.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

There are no funds obligated under this program. See the following for information on how assistance is awarded/released: There are no funds obligated under this program.

Reports:

No program reports are required. If license is royalty bearing, DOE has the right to inspect the books of account as necessary to determine accuracy of statement. Annual reports are required to be submitted as to the extent of utilization and royalties due, if applicable. No expenditure reports are required. No performance monitoring is required.

Audits:

This program is excluded from coverage under 2 CFR 200, Subpart F - Audit Requirements. If license is royalty bearing, DOE has the right to inspect the books of account as necessary to determine accuracy of statement.

Records:

None except where the specific license provides for payment of royalty.

OBJECTIVES:

To assist United States institutions of higher education in equipping their science and engineering laboratories for energy-related research and/or instructional purposes.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

Used energy-related laboratory equipment is granted to nonprofit educational institutions of higher learning for use in energy-oriented research or instructional programs in the life, physical, and environmental sciences and engineering. The donated equipment must remain in the United States. The donated equipment must not be sold.

Applicant Eligibility:

Nonprofit educational institutions of higher learning, such as universities, colleges, junior colleges, hospitals, and technical institutes or museums located in the United States and interested in establishing or upgrading energy oriented educational and research programs in the life, physical, and environmental sciences and engineering may apply. All LEDP program applicants are required to provide a statement that validates their capabilities to use the requested scientific equipment. The program reserves the right to deny an applicants' request if it appears that the applicants' ability to successfully use the equipment is lacking.

Beneficiary Eligibility:

Nonprofit institutions of higher education benefit.

Credentials/Documentation:

Institutions complete the on-line application. This application includes: (1) Identification of institution and school and/or department where equipment would be used; (2) the objectives to be met through use of the equipment; (3) a detailed listing of the equipment requested; (4) a brief description of energy-oriented course offerings and numbers of graduate and undergraduate students enrolled; (5) data on qualifications of faculty members to make effective use of the equipment; (6) reference to any prior grant for equipment (financial or otherwise) to the same or to a related department; (7) the name and title of the person preparing the application. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. The guideline and application are on the website. The application will be automatically submitted to the appropriate DOE field office via electronic mail.

Award Procedure:

Award is on basis of first-received, first-qualified proposal.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

From 15 to 30 days. From 30 days.

Appeals:

From 1 to 15 days. A written appeal must be submitted within 15 days after a

freeze is placed on an item.

Renewals:

(I&I)

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Federal Nonnuclear Energy Research and Development Act of 1974, Section 14, Public Law 577-93, 88 Stat. 1894, 42 U.S.C 5913; Department of Energy Organization Act of 1977, Public Law 95-91, 42 U.S.C 7101.

OBJECTIVES:

To encourage the development and commercialization of energy-saving inventions by providing financial and technical assistance to projects that have a potential for significant energy savings and future commercialization markets through a competitive solicitation process.

TYPES OF ASSISTANCE:

ADVISORY SERVICES AND COUNSELING; DISSEMINATION OF TECHNICAL INFORMATION; PROJECT GRANTS

USES AND USE RESTRICTIONS:

The assistance provides financial assistance for research and development of innovative, energy-saving ideas and invention. Inventions and Innovations support energy efficiency and renewable energy technology development in focus areas that align with the Office of Energy Efficiency and Renewable Energy programs.

Applicant Eligibility:

N/A.

Beneficiary Eligibility:

N/A.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Only proposals prepared in response to the requirements contained in the annual competitive solicitation will be accepted. The application forms must be downloaded from the specific funding opportunity announcement posted on the grants.gov website at <http://www.grants.gov/>.

Award Procedure:

The Application is deemed meritorious by the review committee and the Recipient abides by all award terms and conditions, either explicitly stated or incorporated by reference.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Reports:

No program reports are required. No cash reports are required. For research and development (R&D) and demonstration and commercialization awards a

quarterly Research Performance Progress Report (RPPR) is required. For non-R&D awards a quarterly Progress Report is required. Every quarter, the Prime Recipient is required to submit a completed SF-425 for the project i.e., the entirety of work performed by the Prime Recipient, Subrecipients, and contractors. For research and development (R&D) and demonstration and commercialization awards a quarterly Research Performance Progress Report (RPPR) is required. For non-R&D awards a quarterly Progress Report is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Audit procedures in accordance with 2 CFR 200.501 and 2 CFR 910.501 are required.

81.041 STATE ENERGY PROGRAM

(SEP)

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Balanced Budget Down Payment Act II of 1996, Public Law 104-134. ; Department of Energy Organization Act of 1977, Public Law 95-91, 42 U.S.C. 7101; National Energy Conservation Policy Act of 1978, Public Law 95-619 and Public Law 101-440; Energy Policy and Conservation Act, Public Law 94-163, 42 U.S.C. 6321-6326; American Recovery and Reinvestment Act of 2009.

OBJECTIVES:

The purpose of this program is to increase market transformation of energy efficiency and renewable energy technologies through policies, strategies, and public-private partnerships that facilitate their adoption and implementation. It also facilitates state-based activities, such as: financing mechanisms for institutional retrofit programs; loan program and management; energy savings performance contracting; comprehensive residential programs for homeowners; transportation programs that accelerate use of alternative fuels; and renewable programs that remove barriers and support supply side and distributed renewable energy.

The program provides financial and technical assistance to State governments to create and implement a variety of energy efficiency and conservation projects in order to provide leadership to maximize the benefits of energy efficiency and renewable energy through communications and outreach activities, technology deployment, and accessing new partnerships and resources across the geographic panorama of the United States and its territories. The programs objectives are:

- * To reduce fossil fuel emissions created as a result of activities within the jurisdictions of eligible entities;
- * To reduce the total energy use of the eligible entities; and
- * To improve energy efficiency in the transportation, building, and other sectors.

TYPES OF ASSISTANCE:

Dissemination of Technical Information; Formula Grants

USES AND USE RESTRICTIONS:

Formula Grants are to be used by States for the development, implementation, or modification of State plans submitted to and approved by DOE. To be eligible for Federal assistance, each State plan must contain the five program activities required by the Energy Policy and Conservation Act, Public Law 94-163; and may also include a wide range of optional activities.

A wide variety of activities are eligible for use of the grant funds including:

- * Developing / implementing an energy efficiency and conservation strategy and retaining technical consultant services to assist in the development of such a strategy.
- * Conducting residential and commercial building energy audits.
- * Establishing financial incentive programs for energy efficiency improvements (e.g., loan programs, rebate programs, waive permit fees.)
- * Providing grants to nonprofit organizations to perform energy efficiency retrofits.
- * Developing / implementing programs to conserve energy used in transportation (e.g., flex time by employees, satellite work centers, promotion of zoning requirements that promote energy efficient development, transportation infrastructure: bike lanes / pathways, pedestrian walkways, and synchronized traffic signals).
- * Developing and implementing building codes and inspection services to promote building energy efficiency.
- * Implementing energy distribution technologies.
- * Developing public education programs to increase participation and efficiency rates for recycling programs.
- * Purchasing/implementing technologies to reduce and capture methane and other greenhouse gases generated by landfills or similar sources.
- * Installing light emitting diodes (LEDs).
- * Developing, implementing, and installing renewable energy technologies on or in any government building.
- * Any other activity as determined by the Secretary of Energy in consultation with the Secretaries of Transportation and Housing and Urban Development and the Administrator of the Environmental Protection Agency. Funds cannot be used for the purchase of land, buildings or any interest therein; construction of buildings or structures; research, development or demonstration of non-commercially available technology; or subsidies of public transportation, fares, utility rate demonstrations or State tax credits for energy conservation.

Applicant Eligibility:

All States plus the District of Columbia, the U.S. Virgin Islands, Puerto Rico, Guam, Samoa, and the Commonwealth of the Northern Mariana Islands.

Beneficiary Eligibility:

The ultimate potential beneficiaries will be the people affected by the plan that each State develops. This is anticipated to be the State's population.

Credentials/Documentation:

Compliance with Federal, State and local environmental statutes and regulations, as required under the Energy Independence and Security Act of 2007. Only one application from each State, compliance with State and local environmental statutes and regulations. Costs will be determined in accordance with 2 CFR Part 200 subpart E for State and local governments. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

No preapplication form or conference is required by DOE. A copy of the final State plan must accompany the grant application from the State. Consultation and assistance will be available from the DOE in the preparation of the application. Applicants for sub-awards from the states should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. States submit applications and plans (or amendment to plans) in response to 10 CFR 420 through the PAGE system (<https://www.page.energy.gov/login.aspx>).

Award Procedure:

Grant applications will be reviewed by DOE Office of Energy Efficiency and Renewable Energy personnel. Grant procedures are in accordance with Federal government regulations. Notification of grant awards will be issued by a DOE Procurement Office.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

From 60 to 90 days.

Appeals:

As required under the Energy Independence and Security Act of 2007.

Renewals:

Renewals are subject to review by the DOE program office and subject to the availability of funds. Assistance will be provided from sums appropriated for any fiscal year only upon annual application.

Formula and Matching Requirements:

Statutory Formula: Title 10 Vol 3, Chapter II, Part 420, Subpart B Section 420.11, Public Law Energy Policy and Conservation Act 42 USC 6321 et seq. Matching Requirements: Percent: 20.%. There is a 20 percent cost match requirement for the SEP, however leveraging of funds on the part of the recipient is encouraged. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Authorized funding is established by ECPA, NECPA, and ESA. Funds awarded annually are subject to Congressional appropriation, with no restriction on spending period. Funds are released through the Electronic Transfer System. Annual budget periods are set by each grantee within parameters established by DOE. See the following for information on how assistance is awarded/released: See award procedures above.

Reports:

No program reports are required. No cash reports are required. Quarterly progress and financial status reports are required along with a final report at the end of the project. Quarterly financial status reports are required. No performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit

Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Audit procedures in accordance with 2 CFR 200.501 In addition, audit requirements need to comply with the Energy Independence and Security Act of 2007 and DOE procurement procedures.

81.042 WEATHERIZATION ASSISTANCE FOR LOW-INCOME PERSONS

(WAP)

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

American Recovery and Reinvestment Act of 2009; Title IV, Energy Conservation and Production Act; Energy Independence and Security Act of 2007; Energy Policy Act of 2005.

OBJECTIVES:

To improve home energy efficiency for low-income families through the most cost-effective measures possible. The programs objectives are:

- * To reduce fossil fuel emissions created as a result of activities within the jurisdictions of eligible entities; and
- * To reduce the total energy use of the eligible units while ensuring their health and safety.

TYPES OF ASSISTANCE:

Formula Grants

USES AND USE RESTRICTIONS:

Improvement of the thermal efficiency and cooling of dwellings by the installation of weatherization materials such as attic insulation, caulking, weather-stripping, furnace efficiency modifications, certain mechanical measures to heating and cooling systems, and replacement furnaces, boilers, and air-conditioners. Grantees may average expenditures per dwelling unit for materials, program support and labor costs not to exceed an average per unit of \$6,500 adjusted annually for inflation. Up to 10 percent of each grant may be spent by a Grantee and its subgrantees for administrative expenses (in the Formula Grants a Grantee may not use more than 5 percent of the total State grant for such purposes).

Applicant Eligibility:

States, including the District of Columbia, and in certain instances, Native American tribal organizations. In the event a State does not apply, a unit of general purpose local government, or community action agencies and/or other nonprofit agencies within that State becomes eligible to apply.

Beneficiary Eligibility:

All low-income households are eligible to receive weatherization assistance. A low-income household is one whose combined income falls at or below 200 percent of the Federal poverty level determined by the Office of Management and Budget's poverty income guidelines or the basis on which Federal, State, or local cash assistance payments have been made. A State may also elect to make all homes eligible under the HHS Low-income Home Energy Assistance Program (LIHEAP) eligible for weatherization assistance and may use either 150 percent of poverty or 60 percent of State median income.

Credentials/Documentation:

Compliance with Federal, State and local environmental statutes and regulations, as required under the Energy Independence and Security Act of 2007. The Department of Energy (DOE) requires that grantees meet certain statutory and administrative requirements which can be found in the Weatherization Program Rules available at 10 CFR Section 440 et al and from DOE offices. For Formula Grants, Governors or their designated agencies must apply for grants to the appropriate DOE office and submit State Plans and applications pursuant to State applications at 10 CFR part 440.12. Any household at or below 200% of poverty, per the modified statute, is considered low-income. About 15 million of all eligible households are good candidates for Weatherization. Priority service is given to the elderly, people with disabilities, and families with children. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

No preapplication form or conference is required by DOE. A copy of the final State plan must accompany the grant application from the State. Consultation and assistance will be available from the DOE in the preparation of the application. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. State applications for

the WAP Program must be submitted through the PAGE system (<https://www.page.energy.gov/login.aspx>) to be considered for award.

Award Procedure:

Formula Grants: States and tribes will submit applications for available allocation. Grant applications will be reviewed by DOE Office of Energy Efficiency and Renewable Energy (EERE) personnel. Grant procedures will be in accordance with Federal government regulations. Notification of grant awards will be issued by the DOE Procurement Office and/or EERE personnel serving the applicant State. Project Grants: Evaluations will be conducted by an independent merit review committee and Federal employees. Final decisions to approve are made by ASEE, Program Manager and/or Designee. DOE Field Offices are then instructed to negotiate and prepare the grant award documents.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Submission deadlines will be published in the funding opportunity announcements at: <https://www.page.energy.gov/login.aspx>.

Appeals:

As required under 42 U.S.C. 6861 et. seq. and 10 CFR Section 440.

Renewals:

Renewals are subject to review by the DOE program office and subject to the availability of funds. Financial assistance will be provided from sums appropriated for any fiscal year only upon annual application.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
MOE requirements are not applicable to this program.

(Advanced Scientific Computing Research, Basic Energy Sciences, Biological and Environmental Research, Fusion Energy Sciences, High Energy Physics, Nuclear Physics, Workforce Development for Teachers and Scientists, Small Business Innovation Research Program and Small Business Technology Transfer Program)

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Energy Policy Act of 2005, as amended, Public Law 109-58, 42 U.S.C. 16311; Federal Nonnuclear Energy Research and Development Act of 1974, as amended, Public Law 93-577, 42 U.S.C. 5903 ; Energy Reorganization Act of 1974, as amended, Title I, Section 107, Public Law 93-438, 42 U.S.C. 5817; Atomic Energy Act of 1954, as amended, Section 31, Public Law 83-703, 42 U.S.C. 2051; Department of Energy Organization Act, as amended, Public Law 95-91, 42 U.S.C. 7256 ; Small Business Act, as amended, Public Law 85-536, 15 U.S.C. 638.

OBJECTIVES:

The mission of the DOE Office of Science is to deliver the scientific discoveries and major scientific tools to transform our understanding of nature and advance the energy, economic, and national security of the United States.

TYPES OF ASSISTANCE:

Project Grants (Cooperative Agreements)

USES AND USE RESTRICTIONS:

See information at <http://science.energy.gov/>. Financial assistance, in whole and in part, may be provided for such purposes as salaries, materials and supplies, equipment, travel, publication costs, services, and other direct and indirect costs

required for conducting research, research-related activities, and advanced technology projects or assessments described in the selected application. Restrictions on use of funds are specified in the governing federal and agency-specific financial assistance regulations and terms and conditions incorporated in individual financial assistance awards.

Applicant Eligibility:

Except where a program solicitation establishes more restrictive eligibility criteria, individuals and organizations in the following categories may submit proposals: Institutions of higher education; National Laboratories; Nonprofit and for-profit private entities; State and local governments; and consortia of entities described above.

Beneficiary Eligibility:

None.

Credentials/Documentation:

Applications must be signed electronically by an official authorized to commit the institution or organization in business and financial affairs and who can commit the organization to certain National Policy Assurances to be incorporated as award terms in effect on date of award at <http://www.nsf.gov/awards/managing/rtc.jsp>. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. The Office of Science utilizes an automated system, the Portfolio Analysis and Management System (PAMS), to manage the grants applications and award process. An application will automatically transfer from Grants.gov into PAMS for processing. In order to manage the application in PAMS, applicants must register at <https://pamspublic.science.energy.gov>.

Award Procedure:

After selections, DOE may negotiate a financial assistance award with the selected applicant. Only a DOE Contracting Officer is authorized to approve financial assistance agreement.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

Normally, 6 months from receipt of grant application. Maximum, 12 months.

Appeals:

None.

Renewals:

Renewal applications must be submitted no later than six months prior to the scheduled expiration of the project period and must include a separate section that describes the results of work accomplished through the date of the renewal application (see 10 CFR 605.9). Renewal applications shall be submitted electronically in response to a Funding Opportunity Announcement through Grants.gov at <http://www.grants.gov>.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements. Cost sharing requirements of Section 988 of the Energy Policy Act of 2005 are waived for financial assistance awards funding research of a basic and fundamental nature issued pursuant to 10 CFR 605. Financial assistance research awards that are not issued pursuant to 10 CFR 605 are subject to the cost sharing requirements of Section 988 of the Energy Policy Act of 2005 unless waived. The cost sharing requirements of Section 988 of the Energy Policy Act of 2005 do not apply to the Small Business Innovation Research/Small Business Technology Transfer research award.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Generally, financial assistance awards are awarded as a three-year project

period composed of three one-year budget periods that are either fully funded at the time of award or funded on an annual basis. Generally, funding restrictions are placed on fully-funded awards with planned annual funding releases. In both cases, funding/funding releases are authorized based on criteria established in the individual award terms and conditions including adequate progress and availability of funds, if applicable. See the following for information on how assistance is awarded/released: The Office of Science Integrated Support Center - Chicago is responsible for negotiating and awarding the financial assistance awards. The awards will be issued utilizing DOE's electronic Strategic Integrated Procurement Enterprise System (STRIPES). The recipient will receive notification of availability of an approved financial assistance through STRIPES communication portal, Fedconnect.

Reports:

Typically, recipients are required to submit a final technical report as specified in the individual award terms and conditions. Quarterly and final SF 425, Federal Financial Reports, must be submitted as specified in the individual award terms and conditions. Typically, recipients are required to submit a Research Performance Progress Report (RPPR) on an annual basis through PAMS as specified in the individual award terms and conditions. Quarterly financial SF 425, Federal Financial Reports, must be submitted as specified in the individual award terms and conditions. -.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. -as stated above.

Records:

Recipient is expected to maintain auditable records to substantiate the total costs incurred under the grant.

CRITERIA FOR SELECTING PROPOSALS:

Applications will be subject to scientific merit review (peer review) and will be evaluated against the following criteria, listed in descending order of importance: Scientific and/or Technical Merit or the Educational Benefits of the Projects; Appropriateness of the Proposed Method or Approach; Competency of Applicant's Personnel and Adequacy of Proposed Resources; and, Reasonableness and Appropriateness of the Proposed Budget; and other appropriate factors, established and set forth in the Funding Opportunity Announcement.

81.057 UNIVERSITY COAL RESEARCH

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Atomic Energy Act of 1954, as amended, Public Law 83-703; Energy Reorganization Act of 1974, Public Law 93-438; Research and Marketing Act of 1946, as amended, Public Law 85-934; Federal Nonnuclear Energy Research and Development Act of 1974, Public Law 93- 577; Department of Interior and Related Agencies Appropriations for 1980, Public Law 96-126; Department of Interior and Related Agencies Appropriations for 2004, Public Law 108-108, Executive Order N/A.

OBJECTIVES:

To improve scientific and technical understanding of the chemistry and physics involved in the conversion and utilization of coal. The primary objective is to fund long-term, high-risk, meritorious fundamental research for the advancement of science related to all Fossil Energy's coal-related programs. Through an annual solicitation, applications are sought with the potential to overcome barriers in technology development and accelerate the identification of solutions for energy and environmental problems.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Work must be related to program objectives. The eligibility of recipients for DOE financial assistance awards under the UCR Program is limited to U.S. universities, colleges, and university-affiliated research institutions. Projects selected for an award must have a teaching professor as Principal Investigator or a Co-Principal Investigator. The eligibility of recipients for DOE financial assistance awards under the UCR Program is limited to U.S. universities, colleges, and university-affiliated research institutions. Projects selected for an award must have a teaching professor as Principal Investigator or a Co-Principal Investigator.

Applicant Eligibility:

Only US colleges and universities can apply.

Beneficiary Eligibility:

In accordance with 2 CFR 910.124, eligibility for award is restricted to U.S. colleges, universities, and university-affiliated research institutions. Grants awarded through the UCR Program are for maintaining and upgrading the educational, training and research capabilities of U.S. universities and colleges in the fields of science, environment, energy and technology related to coal. The involvement of professors and students generates fresh research ideas and enhances the education of future scientists and engineers. To assure the program continues to support the performance of high quality fundamental research by professors and students at U.S. colleges and universities, applications may be submitted by U.S. colleges, universities and university-affiliated research institutions provided the following criteria are met: (1) Principal Investigator or a Co-Principal Investigator listed in the application is a teaching professor at the submitting university. If this condition is met, other participants, Co-Principal Investigators or research staff, who do not hold teaching positions may be included as part of the research team; (2) Applications from university-affiliated research institutions must be submitted through the college or university with which they are affiliated; and (3) At least one student registered at that university is to receive compensation for performing research.

Credentials/Documentation:

2 CFR 200, Uniform Administrative Requirement, Cost Principles, and Audit Requirements for Federal Awards applies to this program. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirement for Federal Awards applies to this program.

Award Procedure:

Applications reviewed by qualified experts in accordance with 2 CFR 200 with specific emphasis on the scientific and technical merit of the proposed research and the factors listed in the formal solicitation for proposals.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

Approximately 90 to 180 days.

Appeals:

Not Applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. This program has no matching requirements. Limited university/industry collaboration is encouraged but not required, however, cost sharing may be required for larger sized grants that support university/industry collaboration MOE requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Projects awarded through the UCR Program have a performance period of 36 months and are usually are funded by the Electronic Transfer System. See the following for information on how assistance is awarded/released: See the following for information on how assistance is awarded/released: Funding allocated by EFT.

Reports:

Quarterly reports and technical progress reports containing research accomplishments and information on cost status, reported per task is required. Additionally, a final technical report is due 90 days after the end of performance period. Quarterly project Federal Financial Reports are required. Quarterly project technical progress and a final report are required. Topical Reports may be submitted as appropriate. Performance monitoring is achieved through submission of progress reports, site visits, and the Principal Investigators are required to participate in an Annual Contractors Review Meeting. Quarterly project Financial Cash Transaction Report is required. Quarterly project technical progress and a final report are required. Topical Reports may be submitted as appropriate. Expenditure reports are required quarterly. Performance monitoring is achieved through submission of progress reports, site visits, and the Principal Investigators are required to participate in a two day Annual Contractors Review Meeting, typically held in June each year.

Audits:

This program is excluded from coverage under 2 CFR 200, Subpart F - Audit Requirements. In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Nonfederal entities that expend less than \$750,000 a year in Federal award are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

81.079 REGIONAL BIOMASS ENERGY PROGRAMS**FEDERAL AGENCY:**

Department of Energy

AUTHORIZATION:

Department of Energy Act of 1977, Public Law 91-95; Water Development Appropriations Act, Public Law 500-99.

OBJECTIVES:

This program is designed to help meet the goal of significantly increasing America's use of fuels, chemicals, materials, and power made from domestic biomass on a sustainable basis. This is a Congressionally-directed project. Funding is not available to the general public.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Assistance may be used to develop and transfer any of several biomass energy technologies to the scientific and industrial communities. For regional programs, such technologies will be appropriate for the needs and resources of particular regions of the United States.

Applicant Eligibility:

Profit organizations; private nonprofit institutions/organizations; intrastate, interstate, State and local government agencies, and universities may apply.

Beneficiary Eligibility:

Profit organizations; private nonprofit institutions/organizations; intrastate, interstate, State and local government agencies, universities will benefit.

Credentials/Documentation:

Costs will be determined in accordance with 2 CFR 200 subpart E. 2 CFR 200, Subpart E - Cost Principles applies to this program.

81.086 CONSERVATION RESEARCH AND DEVELOPMENT

Energy Efficiency (EE)

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

American Recovery and Reinvestment Act of 2009; Federal Nonnuclear Energy Research and Development Act of 1974, Public Law 93-577; Public Law 95-911 and Public Law 97-377; Department of Energy Organization Act of 1977, as amended.

OBJECTIVES:

The goal of this program is to conduct a balanced, long-term research effort in Buildings Technologies, Industrial Technologies, Vehicle Technologies, Solid State Lighting Technologies, and Advanced Manufacturing Technologies. Grants and cooperative agreements will be offered on a competitive basis to develop and transfer various energy conservation technologies to the nonfederal sector.

Submission deadlines will be published in the funding opportunity announcements at <https://eere-exchange.energy.gov/>.

TYPES OF ASSISTANCE:

Project Grants; Project Grants (Cooperative Agreements)

USES AND USE RESTRICTIONS:

Assistance may be used in the form of cooperative agreements, or grants to nonprofit institutions and organizations to develop and transfer energy conservation technologies to the scientific and industrial communities, States, and local governments.

Applicant Eligibility:

For-profit organizations, private nonprofit institutions/organizations, State and local governments may apply.

Beneficiary Eligibility:

For-profit organizations, private nonprofit institutions/organizations, State and local governments benefit.

Credentials/Documentation:

Fiscal Year 2016: Renewable Energy Projects in the following energy technologies: solar, biomass, hydrogen fuel cells and infrastructure, wind and hydropower, and geothermal.

CRITERIA FOR SELECTING PROPOSALS:

Selection will be based on an objective merit review, program policy factors, the availability of funds, provisions of appropriation laws, reports, and as otherwise specified in specific solicitation document(s) at <https://eere-exchange.energy.gov/>.

81.089 FOSSIL ENERGY RESEARCH AND DEVELOPMENT

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Public Law 95-91 DOE Organization Act of 1977, as amended by Public Law 109-58 Energy Policy Act 2005. Federal Nonnuclear Energy Research and Development Act of 1974, Public Law 93-557; Energy Policy and Conservation Act, Public Law 94-163.

OBJECTIVES:

The mission of the Fossil Energy (FE) Research and Development is to promote the development and use of environmentally and economically superior technologies for supply, conversion, delivery, utilization and reliability constraints of producing and using fossil fuels. These activities will involve cooperation with industry, DOE Laboratories, universities, states, and other government agencies. Success in this mission will benefit the Nation through lower energy costs, reduced environmental impact, increased technology exports, and reduced dependence on insecure energy sources.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Emphasis is on fundamental and applied research and technology development .

Applicant Eligibility:

States, local governments, universities, governmental entities, consortia, nonprofit institutions, commercial corporations, joint Federal/Industry corporations, U.S. Territories, and individuals are eligible to apply.

Beneficiary Eligibility:

Federal, State, local governments, universities, consortia, nonprofit institutions, commercial corporations, joint Federal/Industry corporations, and individuals will benefit.

Credentials/Documentation:

Prior successful research and development experience in the fossil energy field and related areas. 2 CFR 200 Subpart E-Cost Principles applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. The application forms must be downloaded from the specific funding opportunity announcement posted on the Grants.gov web-site: <http://www.grants.gov>. Unsolicited Proposals (USP) should be submitted in accordance with the instructions posted at the following web site: <http://www.netl.doe.gov/business/usp/USPGuide.pdf> This program is subject to the provisions of FAR 15.6.

Award Procedure:

DOE opportunity announcement set forth award procedures. Unsolicited proposals will be evaluated by DOE personnel assigned to the specific area with merit reviews as required. This program is excluded from coverage under E.O. 12372.

Deadlines:

Dec 30, 2012: Deadlines are subject to change, Please check with contact person(s) listed. Deadlines vary and are subject to change. There are deadlines stated in the financial assistance opportunity announcement (FOA) posted at <http://www.grants.gov> For USP, there are no deadlines.

Range of Approval/Disapproval Time:

Approximately 90 to 180 days.

Appeals:

None.

Renewals:

Awards may be amended or extended as required.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: Varies with each award instrument (grant, cooperative agreement, interagency agreement, etc). MOE requirements are not applicable to this program.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

The time period for a grant or cooperative agreement is dependent upon FOA and the individual project award. See the following for information on how assistance is awarded/released: TBD.

Reports:

Quarterly progress and financial reports are required. The final scientific/technical report is typically due within 90 calendar days after the grant or cooperative agreement project period ends. No cash reports are required. Quarterly progress and financial reports are required. The final scientific/technical report is due within 90 calendar days after the grant or cooperative agreement project period ends. TBD. TBD.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. In addition, audits will be performed periodically to ensure funds have been applied in accordance with the American Recovery and Reinvestment Act of 2009. Such audits may include a project cost verification, on overhead rate review, and/or a final closeout audit

Fiscal Year 2015: Advanced Materials and Methods for Mitigating Wellbore Leaks; Simulation Initiative for High Efficiency Carbon Management Systems. Fiscal Year 2016: High-hydrogen Syngas Production.

CRITERIA FOR SELECTING PROPOSALS:

Criteria varies according to the specific funding opportunity announcements. Typically the selection criteria includes criteria related to merit of the technical work proposed, the reasonableness and thoroughness of the technical approach, the quality of the technical capabilities, facilities and personnel involved in the scope of work, and the thoroughness of the project management plan.

81.104 ENVIRONMENTAL REMEDIATION AND WASTE PROCESSING AND DISPOSAL

Environmental Management

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Low-Level Radioactive Waste Policy Act, Public Law 99-240; Department of Energy Organization Act of 1977, as amended, Public Law 96-573; Hazardous Materials Transportation Uniform Safety Act of 1990, Public Law 101-615; Energy Reorganization Act of 1974, Public Law 93-438; Atomic Energy Act of 1954, Section 31, as amended, Public Law 83-703.

OBJECTIVES:

The Environmental Management Research and Development Program provides for the development of technologies to safely expedite tank waste processing and tank closure, remediation of contaminated groundwater and soil, disposition of nuclear materials and spent (used) nuclear fuel, and deactivation and decommissioning of contaminated excess facilities.

The Environmental Management Research and Development program transforms science and innovation into practical solutions for environmental cleanup. The new technologies will transform the Environmental Management cleanup effort by reducing risk (technological, environmental, safety, and health), schedule, and cost. The Environmental Management Research and Development program focuses on resolving technical challenges with an overall emphasis on transformational technical solutions in response to the highest priority needs of Environmental Management sites. Applied engineering and research demonstrating the technical feasibility of high-risk, high-payoff technologies are included. The Environmental Management Research and Development program matures technologies from concept/basic science through feasibility assessment and technology development (bench scale and scale-up testing and flow-sheet evaluation), then production-level demonstration, and finally to full deployment.

TYPES OF ASSISTANCE:

Cooperative Agreements; Project Grants

USES AND USE RESTRICTIONS:

Financial assistance is provided in support of the program objectives. Restrictions on the use of funds depend on the provisions of the specific project agreement. Applicants must meet the guidelines established by DOE or contained in the specific Congressional authorization for a particular program being supported.

Applicant Eligibility:

Public, quasi-public, private industry, individuals, groups, educational

institutions, organizations, and nonprofit organizations may apply including State or local level governments, federally recognized Indian tribal governments, and institutions in U.S. Territories and possessions may apply. Determinations are made by DOE EM Headquarters or EM Field Offices, or both.

Beneficiary Eligibility:

States, affected Indian tribes, regional organizations, (including U.S. Territories) local governments, and the public will benefit.

Credentials/Documentation:

Cost will also be determined in accordance with OMB Circular No. A-21 for institutions of higher education or as otherwise defined in the financial assistance instrument. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. A formal proposal by the organization interested in doing the work must be submitted through an appropriate official of the corporate entity, organization, or institution. Financial assistance requests will be reviewed pursuant to the Office of Environmental Management Merit Review System (May 5, 1991) and the DOE Financial Assistance Manual, as amended.

Award Procedure:

Award decisions may be made by DOE Headquarters throughout the fiscal year.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

The approximate approval/disapproval time is from 2 months to 1 year.

Appeals:

Not Applicable.

Renewals:

From 120 to 180 days. Proposals for renewal are subject to review and acceptance by DOE Headquarters, the field, or both.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: Match requirements will be determined depending upon the award.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Length and time phasing of assistance will vary with the program phase and activity. The maximum term of an award is 5 years. Method of awarding/releasing assistance: lump sum.

Reports:

Program reports are not applicable. Cash reports are not applicable. At a minimum annual progress reports are required. Frequency of progress reports will be determined at time of award. Expenditure reports will be required. The type and frequency will be determined at time of award. Performance monitoring will be determined at time of award.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Costs incurred are subject to audit throughout the contract or grant period and before final close-out. The extent and frequency of audits depend on the size of the contract/grant and the specific

contract/grant provisions.

Records:

A grantee is expected to maintain auditable records to substantiate the total costs incurred under the grant or cooperative agreement. In addition, if cost sharing is required, the grantee is also expected to maintain auditable records for the cost sharing portion of the award.

Account Identification:

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2014: Tank Waste

Conduct scientific research and development activities to provide the technical basis for supplemental low activity immobilization waste form and to provide a solution for the separation of Technetium-99 from the low activity waste and off-gas recycle streams.

Develop advanced separations methods and alternative treatment technologies and demonstrate performance of alternate waste forms.

Develop strategies and technologies to understand, optimize scale and accelerate tank waste characterization and develop targeted cleaning methods thus enabling waste processing and tank closure schedules to be accelerated and costs reduced.

Support the Joint Cementitious Barriers Partnership / Advanced Simulation Capability for Environmental Management demonstration on near and far-field transport modeling as well as continue to develop and validate various Cementitious Barriers Partnership software modules and continue to support multi-program activities to enhance the understanding of the long-term behavior of glass.

Nuclear Waste Management and Disposition

Conduct scientific research and development activities that support the disposal of government-managed High Level Waste and DOE spent nuclear fuel.

Soil and Groundwater Remediation

Test cleanup scenarios at key DOE sites through the use of Advanced Simulation Capabilities for Environmental Management limited user release toolset.

Develop the technical basis using a systems-based assessment and management approach which will result in a risk-informed End State for the sites.

Provide the scientific foundation for the advanced modeling, characterization, assessments, and remediation by the Applied Field Research Initiatives.

Initiate a pilot demonstration of a new paradigm for long-term monitoring, Phase I master geochemical variables.

Deactivation and Decommissioning

Continue development and testing of innovative embedded sensors and long-term monitoring technologies for In-Situ Decommissioning. Initiate development of next generation robotic and/or tele-operated platforms to improve efficiency of decontamination and demolition operations.

Initiate development of various long-term monitoring technologies to ensure the safe and cost-effective removal of Plutonium-238 from Savannah River Sites Building 235-F. Fiscal Year 2015: Tank Waste

Provide the technical basis, evaluate and recommend cost and environmentally acceptable strategies and technologies to manage Technetium-99, including removal of Technetium-99 from off-gas recycle processing streams.

Demonstrate performance of alternate waste forms, support the Cementitious Barriers Partnership and long-term glass studies, and develop improved capabilities to optimize slurry mixing and transport waste loading including

investigation and development of novel mixing methods.

Continue development of strategies and technologies to understand, optimize scale and accelerate tank waste characterization and continue development of targeted cleaning methods thus enabling waste processing and tank closure schedules to be accelerated and costs reduced.

Develop near-source tank separations, treatment and removal technologies for radionuclides of interest for possible development at the Hanford and Savannah River Sites.

Nuclear Waste Management and Disposition

Build on previous aging management efforts to monitor safe storage of Spent Nuclear Fuel. An example of a potential application is the integration of the remote inspection camera with the corrosion monitoring module to monitor cask materials.

Soil and Groundwater Remediation

Enhance Uncertainty Quantification, Parameter Estimation, and Sensitivity Analysis toolsets of the Advanced Simulation Capability for Environmental Management user released toolset.

Support the utilization of Advanced Simulation Capability for Environmental Management. Initially Hanford, Savannah River, and the Nevada National Security Site will be targeted.

Provide the scientific foundation for the advanced modeling, characterization, assessments, and remediation scenarios by the Applied Field Research Initiatives.

Complete pilot demonstration of a new paradigm for long-term monitoring, Phase I master geochemical variables.

Deactivation and Decommissioning

Continue development of next generation remote and robotic platforms and smart tooling systems.

Conduct a pilot project installing reliable sensors and remote network systems for long-term monitoring of containment release from permanently entombed Deactivation and Decommissioning facilities.

Continue development of various technologies to ensure the safe and cost-effective removal of Plutonium-238 from Savannah River Sites Building 235 F. Fiscal Year 2016: Tank Waste

Develop the technical basis to identify, evaluate, and recommend cost-effective and environmentally-acceptable strategies and technologies to characterize, mitigate, and manage Technetium-99 in tank waste, including removal of Technetium-99 processing recycle streams.

Develop predictive tools to predict and demonstrate the performance of alternate waste forms, support the Cementitious Barriers Partnership, continue long-term glass studies, and develop improved capabilities such as computational fluid dynamic tools to optimize slurry mixing and transport waste loading including investigation and development of novel mixing methods.

Pursue technical efforts to develop strategies and technologies to understand, evaluate, optimize scale, and accelerate tank waste characterization and continue development of targeted cleaning methods thus enabling waste processing and tank closure schedules to be accelerated and costs reduced.

Identify, develop, evaluate, and demonstrate near-source tank separations, treatment and removal technologies for radionuclides of interest for possible development at the Hanford and Savannah River Sites.

Nuclear Waste Management and Disposition

Build on previous aging management efforts to monitor safe storage of Spent Nuclear Fuel. New Technology will support requirements for NRC license.

Soil and Groundwater Remediation

Enhance Uncertainty Quantification, Parameter Estimation, and Sensitivity Analysis toolsets of the Advanced Simulation Capability for Environmental Management user released toolset.

Support the utilization of Advanced Simulation Capability for Environmental Management. Initially Hanford, Savannah River, and the Nevada National Security Site will be targeted.

Provide the scientific foundation for the advanced modeling, characterization, assessments, and remediation scenarios by the Applied Field Research Initiatives.

Complete pilot demonstration of a new paradigm for a long-term monitoring, Phase I master geochemical variables.

Conduct deep borehole field test.

Deactivation and Decommissioning

Develop the prerequisite level of project plans to facilitate and initiate development of next generation remote and robotic platforms and smart tooling systems to improve efficiency of decontamination and demolition operations.

Continue development/testing of the GrayQb 3-D Radiation Mapping Device to validate and provide real time intensity and location readouts. Develop and test automated digital non-destructive assay methods optimization resulting in near-real time defensible data.

Develop and test advanced coatings and materials to significantly reduce/eliminate radiolysis effects in radiological waste containment bags.

Conduct final testing and seek commercialization of incombustible agents and fixatives with delivery systems for remote decontamination operations.

Develop, test and conduct a pilot project, installing reliable sensors and remote network systems for long-term monitoring of containment release and movement from permanently entombed D&D facilities.

Continue with further application of the ISD Sensor Network at entombed and/or facilities awaiting entombment to establish data to augment the existing compliance monitoring network.

81.106 TRANSPORT OF TRANSURANIC WASTES TO THE WASTE ISOLATION PILOT PLANT: STATES AND TRIBAL CONCERNS, PROPOSED SOLUTIONS

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

National Security and Military Application of Nuclear Energy Authorization Act, Public Law 96-164 , Public Law 96-164; Waste Isolation Pilot Plant Land Withdrawal Act, 102-579, as amended by Waste Isolation Pilot Plant Withdrawal Act, Public Law 104-201, Public Law 104-201, as amended by Energy Reorganization Act of 1974, as amended by Atomic Energy Act of 1954, as amended by Public Law 83-703, Public Law 83-703.

OBJECTIVES:

To enlist cooperation among the Tribal and the Southern, Western, and Midwest state governments along the Waste Isolation Pilot Plant (WIPP) shipping corridors in developing plans and procedures for the safe and uneventful transportation of transuranic waste from current temporary storage facilities to the WIPP.

To fund WIPP route road repairs to improve safety for the transportation of defense transuranic wasate to the WIPP facility and improve safe driving conditions for WIPP employees.

TYPES OF ASSISTANCE:

Project Grants (Cooperative Agreements)

USES AND USE RESTRICTIONS:

The participating States, tribes, and the DOE will work to develop, coordinate, and implement activities in accident prevention, emergency preparedness, and public information programs to help ensure the safe transportation of transuranic waste to the WIPP site and safe disposal operations. Financial assistance is provided to support cooperation among the tribes, the Southern, Western, and Midwestern states along the WIPP shipping corridors, in developing plans and procedures for the safe uneventful transportation of transuranic waste from current temporary storage facilities to WIPP. Restrictions on the use of these funds depend on the specific collaborative agreement. Applicants must meet the guidelines established by DOE.

The State of New Mexico is authorized to use funds in accordance with the General Principals of Agreement dated April 30, 2015, by and between the State of New Mexico, the Department of Energy, Nuclear Waste Partnership LLC and Los Alamos Nuclear Security LLC.

Applicant Eligibility:

Eligibility is restricted by action of the Western Governors' Association, Southern States Energy Board, the State of New Mexico, Council of State Governments (midwest region), and tribal governments along WIPP transportation routes. DOE administers agreements with 10 southern State governments, and two Midwest state governments. The Western Governors' Association is the negotiating body for 12 western states on the WIPP transportation route. Each tribal government on the WIPP transportation route elected to represent themselves. Participation in this program is restricted to the above list of organizations and to the affected tribal governments. For WIPP route road repairs, eligibility is restricted to the State of New Mexico.

Beneficiary Eligibility:

Benefits from this program will go to DOE and the State and tribal governments located on the WIPP disposal phase shipping corridor.

Benefits from the WIPP route road repairs will go to DOE and the State of New Mexico.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Environmental impact information may be required for the WIPP route road repairs only. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. After informal communication, a formal proposal by the applicant is submitted to the DOE Carlsbad Field Office. Note: All eligible parties are participating in the program and applications from others will not be accepted.

Award Procedure:

Decisions are made by DOE Carlsbad Field Office. Award documents are then prepared.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

Not Applicable.

Appeals:

Not Applicable.

Renewals:

Awards to state and tribal governments may be renewed as long as WIPP shipments are still being transported through those states or tribes.

Formula and Matching Requirements:

This program has no statutory formula. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Schedule for DOE payments will be established during negotiations. See the following for information on how assistance is awarded/released: After receipt and review of the recipient's proposal, the award document is prepared and issued to the recipient.

Reports:

Quarterly financial reports are submitted using SF-425. Quarterly/Annual progress reports containing accomplishments and information on cost status. No cash reports are required. Progress reports are required quarterly and annually. A reporting schedule will be established during negotiations. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Audit reports are to be provided to DOE.

Records:

The grantee is expected to maintain records to fulfill auditing needs in accordance 2 CFR 200.

81.108 EPIDEMIOLOGY AND OTHER HEALTH STUDIES FINANCIAL ASSISTANCE PROGRAM

Health Studies

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Energy Reorganization Act of 1974, Title I, Section 107, Public Law 93-438, 88 Stat. 1240, 42 U.S.C. 5817; Federal Nonnuclear Energy Research and Development Act of 1977, as amended, Public Law 95-91, 42 U.S.C. 7101; Atomic Energy Act of 1954, as amended, Section 31, Public Law 83-703, 68 Stat. 919, 42 U.S.C. 2051;.

OBJECTIVES:

To provide financial support for research, education, conferences, communication, and other activities relating to the health of Department of Energy workers, as well as other populations potentially exposed to health hazards associated with energy production, transmission, and use.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Financial support, in whole or in part, may be provided for such purposes as the salaries, materials and supplies, equipment, travel, publication costs, training costs, and services required for conducting research, training, related activities, and advanced technology projects or assessments. Restrictions on use of funds

depend on award provisions. Support is provided for work in such areas as the health experience of DOE and DOE contractor workers; health experience of populations living near DOE facilities; health experience of workers exposed to toxic substances; use of biomarkers to recognize exposure to toxic substances; conduct of epidemiologic and other health studies relating to energy production, transmission, and use (including electromagnetic fields) in the United States and abroad; compilation, documentation, management, use, and analysis of data for the DOE Comprehensive Epidemiologic Data Resource; and other systems or activities enhancing these areas, as well as other program areas as may be described by notice published in the Federal Register.

Applicant Eligibility:

Colleges and universities, businesses, and nonprofit institutions may apply.

Beneficiary Eligibility:

Colleges and universities, businesses, and nonprofit institutions will benefit.

Credentials/Documentation:

Costs will be determined in accordance with OMB Circular No. A-21 for institutions of higher education. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. A formal application by the principal investigator interested in doing the work is required. If submitted on behalf of an institution, the application should be sent through the appropriate administrative official. In the case of any competitive solicitations issued under this program, the application forms must be downloaded from the specific funding opportunity announcement posted on the Grants.gov web-site at <http://www.grants.gov/>.

Award Procedure:

Decisions to approve are made by the Headquarters Program Director. DOE procurement offices are then instructed to negotiate and prepare an appropriate award document.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

From 120 to 180 days. Normally 6 months.

Appeals:

From 60 to 90 days.

Renewals:

From 60 to 90 days. Proposals for renewal are subject to review and acceptance by the Headquarters Office.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The schedule of DOE payments is arranged at the time of award. See the following for information on how assistance is awarded/released:
Incrementally funded unless full funding is available.

Reports:

No program reports are required. No cash reports are required. Progress/status reports detailing monthly activities are required. Expenditure reports detailing accrued costs are required. Performance shall be monitored and details provided in the monthly progress reports.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a

year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. "In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, nonfederal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. CRITERIA FOR SELECTING PROPOSALS:

The scientific and technical merit of the proposed research, appropriateness of the proposed method or approach, competency of research personnel and adequacy of proposed resources, reasonableness and appropriateness of the proposed budget, and other appropriate factors set forth in a Notice of Availability or in a specific solicitation.

81.112 STEWARDSHIP SCIENCE GRANT PROGRAM

Stewardship Science Academic Alliances Programs (SSAP)

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Atomic Energy Act of 1954, as amended, Section 31, Public Law 83-703, 68 Stat. 919, 42 U.S.C. 2051; Energy Reorganization Act of 1974, Title 1, Section 107, Public Law 93-438, 88 Stat. 1240, 42 U.S.C. 5817; Federal Nonnuclear Energy Research and Development Act of 1974, Public Law 93-577; Department of Energy Organization Act of 1977, as amended, Public Law 95-91, 42 U.S.C. 7101.

OBJECTIVES:

- (1) To grow the U.S. scientific community through university involvement in areas of fundamental science and technology relevant to stockpile stewardship;
- (2) to promote and sustain scientific interactions between the academic

community and scientists at the NNSA laboratories; (3) to train scientists in specific areas of long-term research relevant to stockpile stewardship; (4) to increase the availability of unique experimental facilities sited at NNSA's laboratories to the academic community, particularly for collaborations in areas of relevance to stockpile stewardship; and (5) to develop and maintain a long-term recruiting pipeline to NNSA's laboratories by increasing the visibility of NNSA's Defense Program's scientific activities to the U.S. faculty and student communities.

TYPES OF ASSISTANCE:

Cooperative Agreements; Project Grants

USES AND USE RESTRICTIONS:

Financial support in whole or in part may be provided for such purposes as the salaries, materials and supplies, equipment, travel, publication costs, training costs, and services required for conducting research, training, related activities, and advanced technology projects or assessments. Funding is provided for basic and applied research in the field of physical science in support of the DOE stockpile stewardship program. Restrictions on use of funds depend on grant provisions. Funding is provided for the purpose of exploring an idea that does not unnecessarily duplicate work already in progress or contemplated by DOE, is not already known to DOE, or has previously unrecognized merit. Some solicitations are open to institutions of higher education only.

Applicant Eligibility:

Some solicitations are open to institutions of higher education only and others include nonprofit organizations and for profit commercial organizations. See individual funding opportunity announcements for details on eligibility.

Beneficiary Eligibility:

Depending upon the eligibility requirements of the individual solicitation, U.S. public and private institutions of higher education and/or nonprofit organizations and for profit commercial organizations will benefit. The Federal government will also benefit from the research of these grants.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Proposals should be submitted as specified in the funding opportunity announcement posted at <http://www.grants.gov/>.

Award Procedure:

Proposals will be screened for stewardship relevance and then reviewed for scientific and technical merit by qualified individuals. The review and selection process for each funding opportunity are included in the solicitation. Decisions to approve are made by a Headquarters program official within the Program Office. Selected proposals will be forwarded to the NNSA Albuquerque Complex for grant development, negotiation and award.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

From 90 to 120 days. Approximately 90 to 180 days.

Appeals:

Not Applicable.

Renewals:

Proposals for renewal are subject to review and acceptance by the Program Office.

Formula and Matching Requirements:

This program has no statutory formula. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Generally, grants are approved for two-year or three-year project periods and funded one year at a time. Depending upon specific circumstances, grant project periods may range from one year to five years, at the discretion of the program office. Cooperative Agreements typically have five-year project periods and are funded one year at a time. See the following for information on how assistance is awarded/released: The NNSA Albuquerque Complex will make determination of method of funding release at the time of award.

Reports:

No program reports are required. SF425 quarterly. Progress Reports annually. No expenditure reports are required. Performance monitoring is required for Cooperative Agreements.

Audits:

No audits are required for this program.

Records:

Recipient is expected to maintain auditable records to substantiate the total costs incurred under the grant.

Account Identification:

89-0240-0-1-053.

Obligations:

(Project Grants (Cooperative Agreements)) FY 14 \$107,750,000; FY 15 est \$110,000,000; and FY 16 est \$100,000,000

Range and Average of Financial Assistance:

grants \$50,000 - \$750,000 per year
Cooperative agreements \$1,000,000-\$63,000,000 per year.

TAFS Codes:

89-0240.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2014: The research supported helps to increase U.S. efforts in physical science relevant to stockpile stewardship and trains future scientific talent in these areas. Results and accomplishments of basic research performed under these programs are reported in open scientific literature. University research programs often support graduate students who assist principal investigators with research programs. Fiscal Year 2015: The research supported helps to increase U.S. efforts in physical science relevant to stockpile stewardship and trains future scientific talent in these areas. Results and accomplishments of basic research performed under these programs are reported in open scientific literature. University research programs often support graduate students who assist principal investigators with research programs. Fiscal Year 2016: The research supported helps to increase U.S. efforts in physical science relevant to stockpile stewardship and trains future scientific talent in these areas. CRITERIA FOR SELECTING PROPOSALS:

(1) Alignment with the areas of technical scope; (2) Scientific/technical merit of the project, including innovativeness and originality; (3) Expected impact on the area of technical scope addressed; (4) Consistency with the objective of this academic alliances program to focus on advanced experimental investigations; (5) Qualifications of the Applicant's personnel and adequacy of proposed resources; (6) Feasibility of plans for carrying out the proposed research, considering such factors as: appropriateness of the technical method and approach, facility compatibility, other commitments, competition and timing; (7) For projects currently receiving funding under this program, the scientific impact of recent results and accomplishments; (8) Level of interaction with NNSA/DP laboratory personnel and the potential to train students in scientific areas defined by the technical scope in order to build a long-term recruiting pool for the NNSA/DP laboratory complex. Generally, a higher degree of interaction both quantitatively and qualitatively is considered desirable; (9) Leverage provided by cost sharing with other funding sources.

81.113 DEFENSE NUCLEAR NONPROLIFERATION RESEARCH

Defense Nuclear Nonproliferation Research and Development

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Atomic Energy Act of 1954, as amended, Section 3157, Public Law 101-189, 103 Stat. 1684, 42 U.S.C. 2051, Section 3157, 1684 Stat. 42, 2051 U.S.C., Section 3157, 1684 Stat. 42, 2051 U.S.C 3157; Energy Reorganization Act of 1974, Title I, Section 107, Public Law 93-438; 88 Stat. 1240, 42 U.S.C. 5817, Title I, Section 107, 1240 Stat. 42, 5817 U.S.C.; Federal Nonnuclear Energy Research and Development Act of 1974, Public Law 93-577; Department of Energy (DOE) Organization Act of 1977, as amended, Public Law 95-91, 42 U.S.C. 7101.

OBJECTIVES:

To conduct basic and applied research and development that enhances U.S. national security and reduces the global danger from the proliferation of weapons of mass destruction and special nuclear materials through needs-driven research and development. The emphasis is on developing the requisite technologies to detect and deter nuclear proliferation and to meet U.S. nuclear detonation detection goals. Research focuses on advanced detection systems and concepts to support current and future USG policies. Support also-address the pressing shortfalls in trained professionals capable of supporting crucial nuclear nonproliferation missions such as nuclear forensics and international safeguards.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

Financial support, in whole or in part, may be provided for salaries, materials, supplies, equipment, travel, publication costs, services required for conducting nonproliferation research and development to reduce the global danger from the proliferation of weapons of mass destruction. Construction or related costs are not allowed under these project grants. All work must comply with export control regulations. .

Applicant Eligibility:

Universities (public and private), institutions of higher education, whose activities benefit the general public through results which are available to the National Nuclear Security Administration (NNSA), other U.S. government agencies, and universities and institutions of higher learning may apply.

Beneficiary Eligibility:

The NNSA, other U.S. government agencies, universities and institutions of higher learning will benefit.

Credentials/Documentation:

Costs will be determined in accordance with OMB Circular No. A-21 for institutions of higher learning. For Non-government organizations, Costs will be determined in accordance with OMB Circular No. A-122. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. OMB Circular No. A-102 applies to this program. This program is excluded from coverage under OMB Circular No. A-110. The NNSA Service Center in Albuquerque, New Mexico issues Funding Opportunity Announcements (FOAs) under which formal applications may be submitted by a scientist or principal investigator who will conduct or lead the research team. The FOAs will be posted to Grants.gov which can be accessed at: <http://www.grants.gov>.

Award Procedure:

Evaluations will be conducted by technical staff assigned to the Office of Defense Nuclear Nonproliferation Research and Development or at the DOE national laboratories. Final decisions for approval are made by the source selection authority. DOE/NNSA Procurement is then instructed to negotiate and prepare the grant award documents. Program management responsibilities may be delegated as a whole or in part to the NNSA Service Center or NNSA Site Offices.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

From 60 to 90 days. Deadlines will be provided in the individual FOAs posted at Grants.gov.

Appeals:

Not Applicable.

Renewals:

Grants will be modified and extended as required. Renewals are subject to an annual review by the Headquarters and/or NNSA Service Center.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

The grant period is for up to three years depending upon available appropriations. The schedule of payments is arranged at the time of award, but it is expected that proposals will be fully funded for their three year lifecycles in one lump sum. See the following for information on how assistance is awarded/released: Depending on the program some can be awarded lump sum or incrementally funded.

Reports:

No program reports are required. Cash reports are not applicable. Quarterly Progress reports, and final reports are required. Also progress is reported annually at the University Industry Technical Interchange meeting for the life of the project. In the first year creation of a poster for project presentation is required and formal presentations are required thereafter. All projects are subject to this audit process. Expenditure reports are not applicable. Independent performance and merit reviews are required in the second year of

the lifecycle. All projects are subject to this audit process.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

81.117 ENERGY EFFICIENCY AND RENEWABLE ENERGY INFORMATION DISSEMINATION, OUTREACH, TRAINING AND TECHNICAL ANALYSIS/ASSISTANCE**FEDERAL AGENCY:**

Department of Energy

AUTHORIZATION:

Energy Reorganization Act of 1974, 42 U.S.C. 5813(6)(7)(8); ARRA 2009, 42 U.S.C 5813 (6-8); Department of Energy Organization Act of 1977, 42 U.S.C 712; Energy Policy Act 1992, 42 U.S.C 13231.

OBJECTIVES:

The Department of Energy (DOE) seeks to provide financial assistance for information dissemination, outreach, training and related technical analysis/assistance which will: (1) stimulate increased energy efficiency in transportation, buildings, industry and the Federal sector and encourage increased use of renewable and alternative energy; and (2) accelerate the adoption of new technologies to increase energy efficiency and the use of

renewable and alternative energy through the competitive solicitation of applications.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Financial assistance is provided in support of the program objectives as described in a single competitive solicitation or multiple competitive solicitations. The solicitation(s) will provide funding in various program areas within the Office of Energy Efficiency and Renewable Energy: Solar, Wind and Hydropower, Geothermal, Biomass, Industrial Technologies, FreedomCAR, Building Technologies, Weatherization and Intergovernmental, Federal Energy Management Program, and the Office of the Assistant Secretary for Energy Efficiency and Renewable Energy. Restrictions on use of funds depend on the provisions of the specific project agreement.

Applicant Eligibility:

Profit organizations, individuals, private nonprofit institutions/organizations, public nonprofit institutions/organizations, State and local governments, Native American organizations, Alaskan Native corporations and universities may apply. DOE Laboratories are not eligible.

Beneficiary Eligibility:

Profit organizations, individuals, private nonprofit institutions/organizations, public nonprofit institutions/organizations, State and local governments, Native American organizations, Alaskan Native corporations and universities benefit.

Credentials/Documentation:

No Credentials or documentation are required. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. The application forms must be downloaded from the specific funding opportunity announcement posted on the grants.gov website at <https://eere-exchange.energy.gov/> and <http://www.grants.gov/>. A separate application must be submitted for each DOE Energy Efficiency and Renewable Energy (EERE) Program Area of Interest.

Award Procedure:

All applications which pass an initial review will receive an objective merit review. Objective Merit Review Committees will evaluate applications based on the evaluation criteria set forth in the competitive solicitation. After the Merit Review Committee has completed its evaluations, an EERE Office Director or other Program Official will evaluate the applications against program policy factors set forth in the competitive solicitation. Final decisions will be made by the EERE Assistant Secretary, Deputy Assistant Secretaries, and the Director of the Federal Energy Management Program.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days. None.

Appeals:

Unsuccessful applicants are entitled to a debriefing by DOE program officials with a clear explanation of why the proposal was not accepted for funding.

Renewals:

Renewals are subject to review by the headquarters program office and subject to the availability of funds.

Formula and Matching Requirements:

This program has no statutory formula. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Length and time phasing of assistance will vary with the program phase and activity. The maximum term of awards varies among the Program Areas of Interest and ranges from 6 months to 5 years. See the following for information on how assistance is awarded/released: Funds are released through the Electronic Transfer System. Annual budget periods are set by each grantee within parameters established by DOE.

Reports:

No program reports are required. No cash reports are required. Quarterly progress reports, and a final report at the conclusion of the grant time period. Quarterly expenditure reports, and a final report at the conclusion of the grant time period. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Costs incurred are subject to audit throughout the grant period and before final close-out per 2 CFR 200 subpart F (for other than for-profit entities). For-profit recipients are subject to the audit requirements in 2 CFR 910.501.

Records:

A grantee is expected to maintain auditable records to substantiate the total costs incurred under the grant per 2 CFR 200.

81.119 STATE ENERGY PROGRAM SPECIAL PROJECTS

SEP Competitive Grants

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

National Energy Conservation Policy Act of 1978, Public Law 95-619; ARRA 2009, Public Law 619-95; Balanced Budget Down Payment Act II of 1996; ARRA 2009, Public Law 134-104; Energy Policy and Conservation Act; ARRA 2009, Title III, Part C, Section 361-366, Public Law 163-94, 42 U.S.C 6321-6326; Energy Organization Act of 1977, as amended, Public Law 95-91, 42 U.S.C. 710; ARRA 2009, Public Law 91-95, 42 U.S.C 7101.

OBJECTIVES:

To allow States to submit proposals to implement specific Department of Energy (DOE) Office of Energy Efficiency and Renewable Energy deployment activities and initiatives as Special Projects under the State Energy Program. States will compete for funding to implement activities relating to a number of programmatic areas such as building codes and standards, alternative fuels, industrial efficiency, building efficiency, and solar and renewable technologies.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Financial support, in whole or in part, may be provided for salaries, materials, and supplies, equipment, travel, publication costs, and services required for implementing the activities described in the application at <https://eere-exchange.energy.gov/>.

Applicant Eligibility:

All States plus the District of Columbia, the U.S. Virgin Islands, Puerto Rico, Guam, Samoa, and the Commonwealth of the Northern Mariana Islands may apply.

Beneficiary Eligibility:

States, territories, and their project partners will benefit.

Credentials/Documentation:

Costs will be determined in accordance with 2 CFR 200 subpart E for State and local Governments. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Audit procedures in accordance with 2 CFR 200 subpart F (for other than for-profit recipients). For-profit recipients are subject to the audit requirements in 2 CFR 910.501. In addition, audit requirements need to comply with the Energy Independence and Security Act of 2007. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. The application forms must be downloaded from the specific funding opportunity announcement posted at the EERE exchange web-site: at <https://eere-exchange.energy.gov/> or <http://www.grants.gov>. Applicants for sub-awards from the states should consult the office or official designated as the single point of contact within the State for more information on the process the State requires to be followed in applying for assistance.

Award Procedure:

Evaluations will be conducted by staff of the Office of Energy Efficiency and Renewable Energy end-use sectors participating in the annual solicitation. Final decisions to approve are made by Assistant Secretary Office of Energy Efficiency and Renewable Energy. DOE Field Offices are then instructed to negotiate and prepare the grant award documents.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 90 to 120 days. Deadlines are set forth in the solicitation at <https://eere-exchange.energy.gov/>.

Appeals:

None.

Renewals:

Renewals are subject to review by the headquarters program office and subject to the availability of funds.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: Percent: 20%. Competitive SEP projects have a 20% cost matching requirement.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Vary. See the following for information on how assistance is awarded/released: Funds are released through the Electronic Transfer System.

Reports:

No reports are required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Costs will be verified and subject to audit according to 2 CFR 200 subpart F (for other than for-profit recipients). For-profit recipients are subject to the audit requirements at 2 CFR 910.501

81.121 NUCLEAR ENERGY RESEARCH, DEVELOPMENT AND DEMONSTRATION

(NE RD&D)

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Atomic Energy Act, Section 31, Public Law 83- 703, 42 U.S.C 2051; Atomic Energy Act of 1954, as amended, Section 32, Public Law 83-703, 68 Stat. 919, 42 U.S.C 2051; Energy Reorganization Act of 1974, Title I, Section 107, Public Law 93-438, 88 Stat. 1240, 42 U.S.C 5817; Department of Energy Organization Act of 1977, as amended, Public Law 95-91, 88 Stat. 1240, 42 U.S.C 7101.

OBJECTIVES:

Provide financial assistance to address key issues affecting the worldwide use of nuclear energy through the research, development, and demonstration of science and technology fields related to nuclear energy and its underlying sciences.

TYPES OF ASSISTANCE:

Project Grants (Cooperative Agreements)

USES AND USE RESTRICTIONS:

Financial assistance, opportunities are defined in individual solicitations available on the DOE website or Grants.gov. Notices published on Grants.gov define research, development, and demonstration areas that the Department intends to support such as: advanced reactors, fuel and reactor concepts that minimize proliferation risks, nuclear fuel and fuel cycles, advanced instrumentation, controls, simulation, modeling and analyses, nuclear waste management, construction, manufacturing and fabrication technologies, and related fundamental nuclear science areas in materials, reactor physics, chemistry, radiochemistry, health physics, and thermal hydraulics and fluid dynamics. Notices published on Grants.gov define development or demonstration projects and study areas activities that the Department intends to support such as: advanced designs, technologies or techniques, new regulatory or licensing requirements, and economic analyses. For a given solicitation, financial assistance may be available in whole or in part, for the following in support of nuclear energy research and related fields in development and demonstration activities: salaries, materials and supplies, equipment, travel, publication costs, subcontractor and supporting costs required for technical activities, market analyses, financing plans and other activities necessary to achieve the objective. Restrictions on use of funds depend on solicitation and award provisions.

Applicant Eligibility:

Federal, State, local governments, universities, consortia, nonprofit institutions, commercial corporations, and individuals may apply.

Beneficiary Eligibility:

Any individual, partnership, corporation, association, joint venture, institution of higher education, or nonprofit organization will benefit.

Credentials/Documentation:

Costs will be determined in accordance with 2 CFR 200, and as amended by 910. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. An environmental impact assessment is required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. DOE solicitations set forth award procedures. Refer to www.ne.doe.gov for additional information.

Award Procedure:

DOE solicitations set forth award procedures. Applications will receive an objective merit review. The objective merit review will be based on evaluation criteria set forth in the competitive solicitation. Evaluations will be coordinated by a Merit Review Chair and conducted by a review board. This responsibility will be performed by the Office of Nuclear Energy or delegated to a DOE Operations Office. Final decisions will be made by the approved Program Officer or the delegated Source Selection Official. For additional information, please refer to www.ne.doe.gov.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

> 180 Days. Normally 6 to 9 months.

Deadlines for submissions will be posted in the individual funding opportunities posted at <http://www.grants.gov>.

Appeals:

Not Applicable.

Renewals:

Proposals for renewal are subject to review and acceptance by the Program Director or Selection Official.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program.

This program has no matching requirements. As stated in each solicitation.

This program has MOE requirements, see funding agency for further details.

Length and Time Phasing of Assistance:

The period of performance and schedule of DOE payments is arranged at the time of award. See the following for information on how assistance is awarded/released: ASAP Method of Payment.

Reports:

As stated in each solicitation. Cash reports are not applicable. As stated in each solicitation. Normally quarterly financial status reports will be required.

Performance monitoring is tracked and reported according to set procedures dictated in each solicitation.

Audits:

CRITERIA FOR SELECTING PROPOSALS:

Each proposal will be evaluated based on an objective merit review in accordance with the requirement of "DOE Financial Assistance Regulations" (2 CFR 200) and the evaluation criteria set forth in the competitive solicitations. These criteria will include: appropriateness of the proposal method or approach, competency of research personnel and adequacy of proposed resources, reasonableness and appropriateness of the proposed budget, and other appropriate factors.

81.122 ELECTRICITY DELIVERY AND ENERGY RELIABILITY, RESEARCH, DEVELOPMENT AND ANALYSIS

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Energy Policy Act of 1992 (EPACT), Public Law 102-486; Energy Security Act of 1980, Public Law 96-294; Energy Tax Act of 1978, Public Law 95-618; Energy Policy Act of 2005 (EPACT), Public Law 109-58; Department of Energy Organization Act of 1977, as amended, Public Law 95-91; Energy Independence and Security Act of 2007 (EISA), Public Law 110-140; Superconductivity and Competitiveness Act of 1988, Public Law 100-697.

OBJECTIVES:

Through research, development, demonstration, technology transfer, and education and outreach activities, lead national efforts to modernize the electric grid; enhance security and reliability of the energy infrastructure; and mitigate the impact of, and facilitate recovery from, disruptions to the energy supply. Develop cost-effective technology that enhances the reliability, efficiency, and resiliency of the electric grid, while enabling the effective utilization of emerging and renewable generation sources and promoting the rapid deployment and integration of advanced digital "Smart Grid" technology that is needed to modernize the nations electric delivery network for enhanced operational intelligence and connectivity. Also, leverage scientific research in mathematics for application to power system models and software tools to foster strategic, power systems research capabilities.

TYPES OF ASSISTANCE:

Project Grants (Cooperative Agreements)

USES AND USE RESTRICTIONS:

Assistance provided as cost-shared cooperative agreements or grants to nonprofit and profit institutions and organizations to develop, demonstrate and transfer technologies, tools, techniques or information developed to utilities, energy companies, energy regulators, state and local governments and other stakeholders.

Applicant Eligibility:

All types of domestic entities are eligible to apply, such as profit organizations, private nonprofit institutions/organizations, universities, research organizations, and state and local governments.

Beneficiary Eligibility:

Profit organizations, private nonprofit institutions/organizations, universities, research organizations, and state and local governments benefit.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit

Requirements for Federal Awards applies to this program. The standard application forms as furnished by DOE and required by 10 CFR Part 600 must be used to apply for financial assistance, as further specified in competitive solicitation(s). The application forms must be downloaded from the specific funding opportunity announcement posted on the EERE Exchange web site: <https://eere-exchange.energy.gov/> or the Grants.gov web site: <http://www.grants.gov/>

Award Procedure:

All applications which pass an initial review will receive an objective merit review. The objective merit review will be based on evaluation criteria set forth in the competitive solicitation(s) or criteria set forth in 2 CFR Part 200 for Unsolicited Proposals. Evaluations will be conducted by the Office of Electricity Delivery and Energy Reliability personnel at DOE Headquarters in Washington, DC. This responsibility may also be delegated to DOE Operations Offices and technical experts. Final decisions will be made by the Assistant Secretary, Office of Electricity Delivery and Energy Reliability.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

From 60 to 120 days.

Appeals:

Unsuccessful applicants are entitled to a debriefing by DOE program officials with a clear explanation of why the proposal was not accepted for funding.

Renewals:

Grants and cooperative agreements may be modified or extended.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching Requirements: As Specified under Section 988 of the Energy Policy Act of 2005 and EISA, with exceptions, a minimum of 20% cost share is required for research and development. A minimum of 50% is required for demonstration. Higher cost share may be requested. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Assistance is available for up to five years, as specified in the solicitation. See the following for information on how assistance is awarded/released: Electronic funds transfer.

Reports:

Program reports are not applicable. Cash reports are not applicable. Progress reports required as specified in the grant or cooperative agreement. Typically these reports consist of quarterly progress and a final report at the conclusion of the grant or cooperative agreement time period. Expenditure reports required as specified in the grant or cooperative agreement. Typically these reports consist of quarterly expenditure reports and a final report at the conclusion of the grant or cooperative agreement time period. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Other than for-profit recipients are subject to the audit requirements at 2 CFR 200 subpart F. For-profit recipients are subject to the audit requirements at 2 CFR 910.501

Records:

81.123 NATIONAL NUCLEAR SECURITY ADMINISTRATION (NNSA) MINORITY SERVING INSTITUTIONS (MSI) PROGRAM

National Nuclear Security Administration

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Atomic Energy Act of 1954, as amended, Section 3157, Public Law 101-189; 103 Stat. 1684, 42 U.S.C. 2051; Energy Reorganization Act of 1974, Title I, Section 107, Public Law 93-438; 88 Stat. 1240, 42 U.S.C. 5817; Federal Nonnuclear Energy Research and Development Act of 1974, Public Law 93-577; Department of Energy (DOE) Organization Act of 1977, as amended, Public Law 95-91, 42 U.S.C. 7101; National Nuclear Security Administration Act, Public Law 106-65, as amended; Consolidated Appropriations Act, 2005, Public Law 108-447; Energy and Water Development Appropriations Act, 2006, Public Law 109-103; Revised Continuing Appropriations Resolution, 2007, Public Law 110-5, as amended; Executive Order 13230, President's Advisory Commission on Educational Excellence for Hispanic Americans, October 12, 2001, as amended; Executive Order 13256, White House Initiative on Historically Black Colleges and Universities, February 12, 2002, as amended; Executive Order 13270, Tribal Colleges and Universities, July 3, 2002, as amended.

OBJECTIVES:

The program's primary focus is to engage minority serving institutions (MSIs) in NNSA mission activities, collaborative research projects throughout the NNSA complex, and future workforce development.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Financial support, in whole or in part, may be provided for salaries, stipends, materials and supplies, equipment, travel, publication and training, and services required for conducting research, training, and related activities. Funding is provided for the purpose of exploring an idea that does not duplicate work already in progress or contemplated by DOE, is not already known to DOE, or has previously unrecognized merit. Restrictions on the use of funds depend on grant provisions.

Applicant Eligibility:

Historically Black Colleges and Universities (HBCUs), Hispanic Serving Institutions (HSIs), Tribal Colleges and Universities (TCUs) and non-profit institutions servicing HBCUs, HSIs and TCUs.

Beneficiary Eligibility:

The general public, scientists, researchers, student/trainee, graduate students, institutions of higher learning, NNSA, and other US government agencies will benefit. Middle and high school will also benefit due to the institutions of higher learning's programs supported by NNSA.

Credentials/Documentation:

Documentation for indirect cost rates and any other documentation required by 2 CFR Part 200. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. An environmental impact statement is required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Application forms and instructions are available upon request from the Office of Human Capital Management, Workforce Planning and outreach Branch (NA-MB-171); National Nuclear Administration (NNSA) U.S. Department of Energy, 1000 Independence Avenue, S.W., Washington, D.C. 20585; phone: (202) 586-6019.

Award Procedure:

NNSA's technical staff conduct technical evaluations in accordance with the 2 CFR Part 200. If the proposal meets the pre-established CFR criteria, then a grant and/or cooperative agreement is awarded.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

From 90 to 120 days. The range is from 60 to 90 days.

Appeals:

Not Applicable.

Renewals:

From 120 to 180 days. Grants will be modified or extended as required. Renewals are subject to an annual review by the NNSA's Headquarters and/or Operations' program offices.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching Requirements: Percent: 20.%. Grantees may cost share up to 20% on research grants based on 2 CFR 200.36 (b) where applicable. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The grant period ranges from 1 to 5 years depending upon available appropriations. Expenditure of funds is allowed during the budget period specified in the grant document. The payment type and schedule are arranged at the time of award. Funding is provided to the grantee on a reimbursable basis unless the grant provisions specify otherwise. See the following for information on how assistance is awarded/released: reimbursement.

Reports:

The DOE Federal Assistance Reporting Checklist (DOE F 4600.2) is incorporated into the grant document at the time of award. This checklist specifies the programmatic and financial reports that are required as well as the

timeframe for report submission. Standard Form 425 is completed and submitted on a quarterly basis. The grantee completes the SF-425 to specify the cumulative cash receipts, disbursements and on-hand balance. Quarterly Progress reports indicative of the progress made, planned activity and estimated expenditures for the subsequent quarters are required. A quarterly expenditure report specifying expenses for the quarter, cumulative expenditures and on-hand balance. Progress reports are monitored to measure grantee's progress and expenditures are monitored to ensure that there is a correlation between work performed and expenditures.

Audits:

Not Applicable.

Records:

The grantee is required to maintain records over the life of the grant for any inquiries or audits.

Account Identification:

Obligations:

(Project Grants) FY 14 Not Available; FY 15 est \$14,640,000; and FY 16 est \$16,500,000 - A competitive solicitation is anticipated in Fiscal Year 2016.

Range and Average of Financial Assistance:

Grant awards range from \$750K to \$5M annually over a either a three or five year period.

TAFS Codes:

89-0299.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2014: Awarded a brand new Cyber Security Consortium grant at \$25M over five years (2015-2019)

Awarded a brand new Advanced Manufacturing consortium grant at \$4.6M over 3 years (2015-2017)

Awarded a brand new Material Science and Energy consortium grant at \$4.5M over 3 years (2015-2017)

Awarded brand new Research of the Science and Engineering of Signatures consortium grant at \$5.4M. Fiscal Year 2015: Initiate a new Advanced Manufacturing grant specially for a group of Tribal Colleges and Universities (TCUs)

Provide internship opportunities for at least 100 students across the NNSA Enterprise

Leverage our established consortium grants to provide full time employment opportunities for our STEM pipeline students

Request an additional \$5M dollars in our FY '16 Budget Justification for more resources to support our program goals and to build more consortiums focused in STEM. Fiscal Year 2016: No Current Data Available

EXAMPLES OF FUNDED PROJECTS:

Fiscal Year 2014: Educating engineers and scientists, scientific research, K-12 Science, Technology, Engineering, and Mathematics (STEM) initiatives, minority faculty and student summer internships, and scientific research related to the NNSA mission requirements.

8 consortiums focused in various STEM topical areas that include Cyber

Security and Advanced Manufacturing. Fiscal Year 2015: 4 consortium focused in various STEM topical areas that include Cyber Security and Advanced Manufacturing

1 grant for TCUs in Advanced Manufacturing focused in capacity building and curriculum development. Fiscal Year 2016: Develop 2 to 3 new consortium grants focused in building sustainable pipelines in various STEM disciplines.

CRITERIA FOR SELECTING PROPOSALS:

The selection process is based on the following criteria: 1) Potential impact and relevance of proposed work; 2) technical merit; 3) qualifications of the proposed investigators; 4) quality of the proposed research plan; 5) proposed schedule, budget and available resources.

81.124 PREDICTIVE SCIENCE ACADEMIC ALLIANCE PROGRAM

Office of Advanced Simulation and Computing (ASC)

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Atomic Energy Act of 1954, as amended, Section 31, Public Law 83-703, 68 Stat. 919, 42 U.S.C. 2051; Energy Reorganization Act of 1974, Title 1, Section 107, Public Law 93-438, 88 Stat. 1240, 42 U.S.C. 5817; Federal Nonnuclear Energy Research and Development Act of 1974, Public Law 93-577; Department of Energy Organization Act of 1977, as amended, Public Law 95-91, 42 U.S.C. 7101.

OBJECTIVES:

(1) To foster the science of building integrated, multi-scale, and multi-physics codes with the primary focus on code validation and verification to help advance the newly emergent predictive science in academia; (2) to promote and sustain scientific interactions between the academic community and scientists at the NNSA laboratories; (3) and to train scientists in specific areas of long-term research relevant to DOE stockpile stewardship.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Financial support in whole or in part may be provided for such purposes as salaries, materials and supplies, equipment, travel, publication costs, training costs, and services required for conducting research, training, related activities, and advanced technology projects or assessments. Funding is provided for applied research in the field of computational science in support of the DOE NNSA Stockpile Stewardship program. Restrictions on use of funds depend on grant provisions. Funding is provided for the purpose of exploring a research idea that does not unnecessarily duplicate work already in progress or contemplated by DOE, is not already known to DOE, or has previously unrecognized merit. See the Minimum Requirements in the FOA.

Applicant Eligibility:

Only U.S. Public and Private Education Institutions with Ph.D. granting programs can apply.

Beneficiary Eligibility:

Only U.S Public and Private Education Institutions with Ph.D. granting programs can apply.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Applications should be submitted as specified in the funding opportunity announcement posted at <http://www.grants.gov>.

Award Procedure:

Proposals will be screened for ASC programmatic relevance and then reviewed for scientific and technical merit by qualified individuals. Recommendations for award are made by the ASC office, Defense Programs, NNSA, and selected proposals will be forwarded to the NNSA Albuquerque Complex in Albuquerque, NM, for grant development and award.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

From 90 to 120 days. See individual opportunity announcements at <http://www.grants.gov> for deadlines for each specific announcement..

Appeals:

From 90 to 120 days.

Renewals:

Applications for annual renewal are subject to review and acceptance by the NNSA Office of Advanced Simulation and Computing.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program.

Matching Requirements: Percent: 10.0%.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The NNSA cooperative award assistance is available for total of 5 project-year time window, subject to approval of annual renewals. The annual funding should be expended within the allocated timeframe, with 10% allowed for carryover to the next fiscal year. Method of awarding/releasing assistance: lump sum.

Reports:

Annual program reports are required. Quarterly submissions of SF-272 are required. Quarterly submissions of SF-425, Federal Financial Report. Quarterly technical progress reports are required. Cost accruals are reported monthly. Annual technical reviews by external review panels are performed.

Audits:

No audits are required for this program.

Range and Average of Financial Assistance:

\$17M for each award for 5 project years ranging from mid-FY08 to mid-FY13 (under a one year no cost time extension, with \$3.4 M as the average annual award amount. The 6 new Centers that will start in FY14 will receive \$4M each for 3 Multidisciplinary Simulation Center (MSC) and \$2M each for 3 Single-Discipline Center (SDC) for a period of 5 years. The latter 6 Centers will receive this money annually for 5 years.

TAFS Codes:

89-0240.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2014: The Utah Center made progress to demonstrate positive societal impact of extreme computing by accelerating deployment of a low-cost, low-carbon energy solution for power generation: Advanced Ultra Super Critical Oxy-Coal technology. To contribute to the overarching predictive design, they used 3 teams: computer science, physics and validation/uncertainty quantification. The highpoints of Year 1 are runtime enhancements with computer science and public release. The physics team improved robustness, developed heat transfer and reaction models that relax to arbitrary specified length and time scale, and they achieved goal of full system integration across all levels of validation hierarchy. The Illinois Center made

progress toward computer science, computational science, and experimental goals as follows: Target data for Year 1 prediction was acquired in facility adapted by experimental team; the integrated physics model was used in their predictive efforts; the Year 1 predictive simulation was compared with corresponding data; and they demonstrated computer science tools on the predictive science application which was first stage toward interoperability to realize flexible performance on forthcoming heterogeneous systems. The Stanford Center made progress towards a challenging multiphysics problem involving multiphase flow, radiation and turbulence in a tightly coupled environment typical of particle-solar receivers. They achieved two milestones: The simulation of the coupled multiphysics problem in the vertical duct representing the Stanford experimental apparatus using Soleil-MPI; and the demonstration of the fully integrated software stack under development and Soleil-X run on a hybrid CPU/GPU computational node. The Florida Center is progressing in solving a problem of Compressible Multiphase Turbulence at an unprecedented level of physical detail and advancing predictive simulation science. Year 1 simulations employed simplified physics models. They have made progress on algorithm for shock and particle front extraction from experiment videos. They are performing petascale, and working towards exascale, simulations of instabilities, turbulence and mixing in particulate-laden flows under conditions of extreme pressure and temperature. The TAMU Center completed a preliminary set of experiments relating to background room-scattered radiation, and a set of simulations to complete a model to represent the impact of impurities in terms of an effective concentration of boron. They also began to address many issues related to generation of neutron cross sections. They are promoting and teaching good software development and coding practices. The Notre Dame Center has been focusing on developing a predictive parallel multiscale and multiphysics computational framework that captures dynamics of shock induced chemo-thermo-mechanical transformations and behavior of heterogeneous materials including their resulting material properties. They are working on a full-system demonstration problem to simulate the shock-induced synthesis of energy-ball milled composites in a confined impact experiment. Through adaptive exascale simulations, they are making progress to identify conditions under which they can synthesize cubic boron nitride. Fiscal Year 2015: The Centers must send all students funded by PSAAP to work at the NNSA labs for a ten-week period of time. In the first year the six Centers in total sent 46 students to intern at the National Nuclear Security Administration three labs (LANL, LLNL, and SNL). The Centers were awarded on March 1, 2014, therefore, they have completed their Year 1 and submitted Year 1 Annual Reports stating their accomplishments. They are now about 4 months into Year 2. The Utah Center is planning a workshop that will address particle transport and reactions and will involve all six PSAAP centers. The Illinois Center is working to conduct a workshop on exascale science and technology for developing collaborations with labs and other centers, and understanding needs of lab applications on software technologies. The Stanford Center will continue their work on their mission to develop and demonstrate computational strategies for predicting radiative heat transfer to a particle-laden turbulent flow with strong 3-way coupling on an exascale-class machine. And design first-of-a-kind experimental campaign to fully validate the simulations. Fiscal Year 2016: The budget projection for FY 2016 is \$18M with \$4M going to each three MSC Centers and \$2M for each of three SDC Centers.

Fiscal Year 2014: The same projects were funded in FY14 awarded on March 1, 2014 and will run for 5 years. . Fiscal Year 2015: The same projects were

funded in FY15. They have now finished their Yr 1 and are about 4 months into Yr 2. Fiscal Year 2016: We plan to fund the same projects in FY16, of course keeping in mind if Federal funds are made available.

CRITERIA FOR SELECTING PROPOSALS:

(1) Alignment with the areas of technical scope called forth in the call for application; (2) Scientific/technical merit of the project; (3) Expected impact on the proposed area of research activity; (4) Consistency with the objective of this academic alliances program to focus on advanced computational science investigations; (5) Qualifications of the Applicant's personnel and adequacy of proposed resources; (6) Feasibility of plans for carrying out the proposed research, considering such factors as: appropriateness of the technical method and approach, facility compatibility, other commitments, competition and timing; (7) Level of interaction with NNSA/DP laboratory personnel and the potential to train students in scientific areas defined by the technical scope in order to build a long-term recruiting pool for the NNSA/DP laboratory complex; (8) Leverage provided by cost sharing by applicant and with other funding sources.

81.126 FEDERAL LOAN GUARANTEES FOR INNOVATIVE ENERGY TECHNOLOGIES

Loan Programs Office

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Energy Policy Act of 2005, PL 109-58, 119 Stat 1117-1122,

Title XVII, 42 USC 15801; August 8, 2005.

Energy Independence and Security Act of 2007, PL 110-140, Section 136.

OBJECTIVES:

For Title XVII to promote, through the use of Federal loan guarantees, commercial use in the United States of America or new or significantly improved technologies in energy projects that;

- (1) Avoid, reduce, or sequester air pollutants or anthropogenic emissions of greenhouse gases; and
- (2) Employ new or significantly improved technologies as compared to commercial technologies in service in the United States at the time the guarantee is issued. (42 U.S.C. 16513(a)).

For the Advanced Technology Vehicles Manufacturing program under Sec 136 of EISA2007 issue loans to automobile and part manufacturers for cost of re-equipping, expanding, or establishing manufacturing facilities in the United States to produce advanced technology vehicles or qualified components, and for engineering integration costs.

TYPES OF ASSISTANCE:

Direct Loans; Guaranteed/Insured Loans

USES AND USE RESTRICTIONS:

The Secretary may make guarantees under Section 1703 only for projects that avoid, reduce, or sequester air pollutants or anthropogenic emissions of greenhouse gases; and employ new or significantly improved technologies as compared to commercial technologies in service in the United States at the time the guarantee is issued and which provide a reasonable assurance of repayment.

Projects that may be eligible for a loan guarantee include:

- (1) Renewable energy systems.
- (2) Advanced fossil energy technology.
- (3) Hydrogen fuel cell technology.
- (4) Advanced nuclear energy facilities.
- (5) Carbon capture and sequestration practices and technologies.
- (6) Pollution control equipment.
- (7) Efficient end use technologies.
- (8) Efficient electrical generation, transmission, and distribution technologies.
- (9) Production facilities for fuel efficient vehicles.
- (10) Refineries, meaning facilities at which crude oil is refined into gasoline.

The terms of an obligation shall require full repayment of principle and interest on the Guaranteed Obligations and other project debt over a period of up to the

lesser of 30 years or 90 percent of the projected useful life of the project's major physical assets as calculated in accordance with generally accepted accounting principles and practices.

For the Advanced Technology Vehicles Manufacturing Program, issue loans to automobile and part manufacturers for cost of re-equipping, expanding, or establishing manufacturing facilities in the United States to produce advanced technology vehicles or qualified components, and for engineering integration costs. See above.

The tenor of ATVM loans varies from project to project.

Further Program information may be found at <http://www.energy.gov/lpo/loan-programs-office>. The following projects may be eligible for a loan guarantee under section 1703

- (1) Renewable energy systems.
- (2) Advanced fossil energy technology.
- (3) Hydrogen fuel cell technology.
- (4) Advanced nuclear energy facilities.
- (5) Carbon capture and sequestration practices and technologies.
- (6) Pollution control equipment.
- (7) Efficient end use technologies.
- (8) Efficient electrical generation, transmission, and distribution technologies.
- (9) Production facilities for fuel efficient vehicles.
- (10) Refineries, meaning facilities at which crude oil is refined into gasoline.

For the Advanced Technology Vehicles Manufacturing Program, issue loans to automobile and part manufacturers for cost of re-equipping, expanding, or establishing manufacturing facilities in the United States to produce advanced technology vehicles or qualified components, and for engineering integration costs.

The tenor of ATVM loans varies from project to project. The terms of an obligation shall require full repayment of principle and interest on the Guaranteed Obligations and other project debt over a period of up to the lesser of 30 years or 90 percent of the projected useful life of the project's major physical assets as calculated in accordance with generally accepted accounting principles and practices.

Applicant Eligibility:

For innovative clean energy projects: including advanced fossil energy, nuclear energy, renewable energy, and energy efficiency. Eligible projects must utilize a new or significantly improved technology, avoid, reduce or sequester greenhouse gases, be located in the United States, and have a reasonable prospect of repayment.

Further information may be found at

<http://www.energy.gov/lpo/innovative-clean-energy-projects-title-xvii-loan-program>

For ATVM loans, automotive or component manufacturers for reequipping, expanding, or establishing manufacturing facilities in the United States that produce fuel efficient advanced technology vehicles or qualifying components, or for engineering integration performed in the U.S. for ATVMs or qualifying components.

Further information may be found at

<http://www.energy.gov/lpo/advanced-technology-vehicles-manufacturing-atvm-loan-program>

For Title XVII there is no legal restriction regarding eligible applicants.

An applicant can be a corporation, company, partnership, association, society, trust, joint venture, joint stock company, or governmental nonfederal entity, that has the authority to enter into, and is seeking, a loan guarantee for a loan or other debt obligation of an Eligible Project.

81.127 ENERGY EFFICIENT APPLIANCE REBATE PROGRAM (EEARP)

EEARP

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

Energy Policy Act of 2005, Title 1, Part B.

OBJECTIVES:

The program provides financial and technical assistance to States to establish residential energy star rated appliance rebate programs. The programs objectives are:

- * To reduce fossil fuel emissions created as a result of activities within the jurisdictions of eligible entities;
- * To improve energy efficiency in the residential sector.

TYPES OF ASSISTANCE:

Formula Grants

USES AND USE RESTRICTIONS:

Establish or continuation of State energy efficient appliance rebate program to provide rebates to residential consumers for the purchase of residential Energy Star products to replace used appliances of the same type.

Applicant Eligibility:

Assistance available to States and US Territories and possessions.

Beneficiary Eligibility:

Individuals and families are the ultimate beneficiaries.

Credentials/Documentation:

Compliance with State and local environmental statutes and regulations. Costs will be determined in accordance with 2 CFR Part 200 for State and local governments. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

No preapplication form or conference is required by DOE. Consultation and assistance will be available from DOE in the preparation of the application. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Applications for the Energy Efficient Appliance Rebate Program must be submitted through grants.gov

Award Procedure:

States submit application for available allocation.

Deadlines:

81.128 ENERGY EFFICIENCY AND CONSERVATION BLOCK GRANT PROGRAM (EECBG)

EECBG

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

The Energy Efficiency and Conservation Block Grant Program (EECBG) was authorized in Title V, Subtitle E of the Energy Independence and Security Act (EISA), signed into Public Law 110-140 on December 19, 2007.

OBJECTIVES:

The program provides financial and technical assistance to assist State and local governments create and implement a variety of energy efficiency and conservation projects. The programs objectives are:

- * To reduce fossil fuel emissions created as a result of activities within the jurisdictions of eligible entities;
- * To reduce the total energy use of the eligible entities; and
- * To improve energy efficiency in the transportation, building, and other sectors.

TYPES OF ASSISTANCE:

Formula Grants; Project Grants (Special)

USES AND USE RESTRICTIONS:

A wide variety of activities are eligible for use of the grant funds including:

- * Developing/implementing an energy efficiency and conservation strategy and retaining technical consultant services to assist in the development of such a strategy.
- * Conducting residential and commercial building energy audits.
- * Establishing financial incentive programs for energy efficiency improvements (e.g., loan programs, rebate programs, waive permit fees.)
- * Providing grants to nonprofit organizations to perform energy efficiency retrofits.
- * Developing/implementing programs to conserve energy used in transportation (e.g., flex time by employees, satellite work centers, promotion of zoning requirements that promote energy efficient development, transportation infrastructure: bike lanes/pathways, pedestrian walkways, and synchronized traffic signals).
- * Developing and implementing building codes and inspection services to promote building energy efficiency.

- * Implementing energy distribution technologies.
- * Developing public education programs to increase participation and efficiency rates for recycling programs.
- * Purchasing/implementing technologies to reduce and capture methane and other greenhouse gases generated by landfills or similar sources.
- * Installing light emitting diodes (LEDs).
- * Developing, implementing, and installing renewable energy technologies on or in any government building.
- * Any other activity as determined by the Secretary of Energy in consultation with the Secretaries of Transportation and Housing and Urban Development and the Administrator of the Environmental Protection Agency.

Applicant Eligibility:

State and local governments including US Territories and Possessions.

Beneficiary Eligibility:

Individuals and families.

Credentials/Documentation:

Compliance with Federal, State and local environmental statutes and regulations, as required under the Energy Independence and Security Act of 2007. This program is covered by applicable Cost Principles contained in the Code of Federal Regulations, TITLE 2--Grants and Agreements. OBJECTIVES:

This program provides financial assistance for the technology deployment, demonstration, and commercialization of Energy Efficiency and Renewable Energy technologies. This includes Biomass, Building Technologies, Federal Energy Management, Geothermal Technologies, Projects involving Hydrogen, Fuel Cells and Infrastructure Technologies, Industrial Technologies, Solar Energy Technologies, Vehicle Technologies, Weatherization and Intergovernmental, and Wind and Hydropower technologies.

TYPES OF ASSISTANCE:

Cooperative Agreements; Project Grants

USES AND USE RESTRICTIONS:

No information provided.

Applicant Eligibility:

Anyone who meets the requirements specified in the funding opportunity announcement at <http://www.grants.gov> may apply.

Beneficiary Eligibility:

Beneficiaries are states and local governments and other public and private institutions.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Application forms must be downloaded from the specific funding opportunity announcement posted on the grants.gov website at <http://www.grants.gov/> and submitted per instructions in the funding opportunity announcement.

Applicants must register with FedConnect to submit their application. FedConnect website: www.fedconnect.net

Submission deadlines will be published in the funding opportunity announcement at <http://www.grants.gov>

It is the responsibility of the applicant to verify successful transmission.

Award Procedure:

Applications which pass an initial review will receive an objective merit review. An objective Merit Review Committee will evaluate applications in accordance with the evaluation criteria set forth in the competitive solicitation.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

Not Applicable.

Appeals:

Unsuccessful applicants from the competitive solicitation are entitled to a debriefing by DOE program officials with a clear explanation of why the proposal was not accepted for funding.

Renewals:

Renewals are subject to review by the DOE Project Management Center and the headquarters program office and subject to the availability of funds.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program.

Matching Requirements: Percent: 50%. Federal funds may be awarded to applicants that can match DOE Federal funds at 50 percent. Other matching requirements may be determined by specific legislation or as allowed by the Secretary of Energy.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

No information provided. See the following for information on how assistance is awarded/released: No information provided.

Reports:

Quarterly project and financial status reports are required. Additional terms and conditions are invoked by ARRA 2009. A final report is required at the end of the contract period. In accordance with the Energy Independence and Security Act of 2007, EPACT 1992 and 2005, ARRA 2009 and DOE procurement procedures. A 10-year tracking and follow-up reporting mechanism may be required. No cash reports are required. Quarterly project status reports are required. FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

This agency was chartered and authorized in 2007 in the America COMPETES Act (Public Law 110-69), and re-authorized in the America COMPETES Reauthorization Act of 2010 (Public Law 111-358).

OBJECTIVES:

To support the Presidents National Objectives for the Department of Energy, and the Objectives contained in the authorizing legislation.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

ARPA-E will fund research and development of transformational energy related technologies. As described in each Funding Opportunity Announcement.

Applicant Eligibility:

As described in the Funding Opportunity Announcement.

Beneficiary Eligibility:

General public.

Credentials/Documentation:

Compliance with Federal, State and local environmental statutes and regulations, as required under the Energy Independence and Security Act of 2007. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Pre-application required in the form of a Concept Paper (unless directed differently in the Funding Opportunity Announcement). 81.138 STATE HEATING OIL AND PROPANE PROGRAM (SHOPP)**FEDERAL AGENCY:**

Department of Energy

AUTHORIZATION:

97-258, 31 U.S.C 6304.

OBJECTIVES:

SHOPP is a joint data collection effort between heating oil and propane consuming States across the United States and the U.S. Department of Energy/U.S. Energy Information Administration (EIA).

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

SHOPP provides State and Federal governments, the press, policy makers, consumers, analysts and others with up-to-date information on retail heating fuels prices during the heating season. These funds are to be used only for activities relating to the State Heating Oil and Propane Program. Expenses which qualify as eligible toward the program cost include, but are not limited to, the cost of personnel, fringe benefits, travel, equipment, supplies, and indirect charges related to data collection or the analysis and understanding of market conditions which may impact heating oil and propane prices. This program is also based on a 50-50 cost sharing agreement between the States and EIA, which means that total program costs must be split equally between State and Federal funds.

Applicant Eligibility:

SHOPP is a joint data collection effort between States that consume heating oil and propane for residential heating purposes across the United States and the U.S. Department of Energy/Energy Information Administration (EIA).

Beneficiary Eligibility:

Beneficiaries are States and their agencies that have the resources to conduct the program, and consume heating oil and/or propane for residential purposes.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

An email expressing intent to apply should be sent to the survey manager prior to application for States which are not currently participating in SHOPP. The U.S. EIA may not be able to accommodate all requests for participation. No formal preapplication forms are necessary. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program.

Award Procedure:

This award is a five-year cooperative agreement between EIA and the State. Every five years, applicants are required to fill out forms per OMB Circular A-102 and other forms as stated on EIAs website at: http://www.eia.gov/petroleum/heatingoilpropane/faq_stateofficials.cfm.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Formula and Matching Requirements:

This program has no statutory formula. Matching Requirements: Percent: 50%. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The assistance is available for expenditures made during the current award year up to 2 years after the end of the current grant year. Although they may be accessed for a time period after the award year, funds for each grant year may only be spent on program activities for that specific year. Method of awarding/releasing assistance: lump sum.

Reports:

Management Reporting Progress Report; Scientific/Technical Report DOE F 241.3; Financial Reporting SF 425. No cash reports are required. No progress reports are required. No expenditure reports are required. No performance monitoring is required.

81.139 ENVIRONMENTAL MANAGEMENT R&D AND VALIDATION TESTING ON HIGH EFFICIENCY PARTICULATE AIR (HEPA) FILTERS

Environmental Management R&D

FEDERAL AGENCY:

Department of Energy

AUTHORIZATION:

The activity conducted under this award is authorized pursuant to: The Department of Energy Act, Public Law 95-91, 42 U.S.C. 7256, in conjunction with 42 U.S.C. 7112.

OBJECTIVES:

EM R&D and validation Testing provides necessary investments in mid to long range research projects to address radioactive waste treatment and storage safety. These R&DT projects are targeted at high priority technical issues, gaps, operations, or safety concerns to clean up the Nations legacy of defense-related radioactive wastes. The technologies developed in this R&DT program will identify or improve the current waste treatment baseline, develop new or augmented cost-effective technologies or methods, provide advanced

technologies/ methods for insertion into new or existing waste treatment facilities/ infrastructures, address known technology gaps, and reduce project technical risk and uncertainty. This meets the Departmental goal to accelerate waste treatment, clean-up, and provide risk reduction to the public. For example, R&DT for High Efficiency Particulate Air (HEPA) filters are needed to improve the performance and validation of currently available HEPA filters in upset conditions (e.g. fires). In addition, R&DT into HEPA filters under various normal and upset test conditions will help determine valuable operational information (i.e., develop suggested controls and operational methods, and identify failure modes) that can be applied at various commercial and Government/military facilities that treat, store, or process nuclear material or waste streams (e.g. commercial nuclear power facilities), or filter out hazardous particulates or dust for commercial microelectronic clean rooms or hospital operations. This research and testing may increase the protective nature of the American Society of Mechanical Engineers (ASME) AG-1 Code (Code on Nuclear Air and Gas Treatment), enhance the ability of professionals to design filters and air filtration systems, and reduce uncertainty in the development of standard operating procedures for facilities involved in nuclear containment ventilation activities. Improving the durability of HEPA filters used in nuclear containment is a key component in protecting the worker and general population in the event of a fire at a nuclear facility, particularly segments of the population near nuclear facilities.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Financial assistance is provided in support of the program objectives. Applicants must meet the guidelines established by DOE.

Applicant Eligibility:

A publicly owned agency or organization established to perform specialized functions or services for the benefit of all or part of the general public either without charge or at cost, making no profits and having no shareholders to receive dividends. Includes institutions of higher education and hospitals. Determinations are made by DOE EM Headquarters or EM Field Offices, or both.

Beneficiary Eligibility:

The following organizations will significantly benefit from improved, more reliable, and safer advanced HEPA filters: Federal/ State radioactive treatment and/or storage facilities, commercial nuclear power industry, workers in a radioactive environment, industrial, military or medical processes that require very stringent filtering and the general public, particularly landowners or homeowners in proximity to radioactive facilities. Indirect benefits include more accurate known and understood HEPA filter failure mechanisms and limits, margins, and operational constraints, especially in emergency situations such as fire or a seismic event. Indirect benefits include decreased operating costs, and potentially improvements to the American Society of Mechanical Engineering (ASME) AG-1 code, the US national consensus standard for nuclear air handling and treatment systems.

Credentials/Documentation:

Cost will also be determined in accordance with OMB Circular No. A-21 for institutions of higher education or as otherwise defined in the financial assistance instrument. This program is excluded from coverage under OMB Circular No. A-87. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. This program is excluded from coverage under OMB Circular No. A-102. OMB Circular No. A-110 applies to this program. A formal proposal by the organization interested doing the work must be submitted through an appropriate official of the corporate entity, organization, or institution. Financial assistance requests will be reviewed pursuant to the

Department of Energy Financial Assistance Regulations at 10 CFR 600 and the DOE Merit Review Guide, as amended.

Award Procedure:

Award decision will be made by DOE Headquarters.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

The approximate approval/disapproval time is from two months to one year.

Appeals:

N/A.

Renewals:

From 120 to 180 days. From 120 to 180 days. Proposal for renewal are subject to review and acceptance by DOE Headquarters, the field, or both.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Length and time phasing of assistance will vary with the program phase and activity. Method of awards/ releasing assistance: awards will be incrementally funded. See the following for information on how assistance is awarded/released. See the following for information on how assistance is awarded/released: Awards will be incrementally funded.

Reports:

Yes, periodic program and progress reports are required per the Reporting Requirements Checklist attached to the award. No cash reports are required. No cash reports are required. At a minimum, annual progress reports are required. Frequency of progress reports will be determined at time of award or annually thereafter. Expenditure reports will be required. The type and frequency will be determined at time of award. Performance monitoring will be required. The type and frequency will be determined at time of award.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Audits will be conducted annually or as defined by the size of and the specific award provisions.

Records:

Retention of records will be required in accordance with 10 CFR 600. A grantee is expected to maintain auditable records to substantiate the total costs under the Cooperative Agreement. The grantee is also expected to keep and maintain applicable American Society of Mechanical Engineers (ASME) Nuclear Quality Assurance-1 (NQA-1) and other quality assurance testing and results records as needed.

Account Identification:

DEPARTMENT OF EDUCATION

84.002 ADULT EDUCATION - BASIC GRANTS TO STATES

FEDERAL AGENCY:

Office of Career, Technical, and Adult Education, Department of Education

AUTHORIZATION:

Adult Education and Family Literacy Act, (AEFLA), (Title II of the Workforce Innovation and Opportunity Act), 20 U.S.C. 9201 et seq.

OBJECTIVES:

To fund local programs of adult education and literacy services, including workplace literacy services, family literacy services, and English literacy and integrated English literacy-civics education programs. Participation in these

programs is limited to adults and out-of-school youths aged 16 and older who do not have a high school diploma or equivalent and who are not enrolled or required to be enrolled in a secondary school under State law. See 20 USC 9202(1).

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

The Act lists specific performance measures on which States are assessed. These include: demonstrated improvements in literacy skill levels in reading, writing, and speaking the English language, numeracy, problem-solving, English language acquisition and other literacy skills; placement in, retention in, or completion of postsecondary education, training, unsubsidized employment, or career advancement; receipt of a high school diploma or its equivalent; other objective, quantifiable measures, as identified by the State agency. Not more than 12.5 percent of the State allotment may be used for State leadership activities, including professional development; 82.5 percent or more of the State allotment must be used to support local programs and corrections education and other institutionalized individuals. Not more than 16.5 percent of the State allotment may be used for correctional education and other institutionalized individuals; not more than 5 percent or \$85,000, whichever is greater, of the State allotment may be used for State administrative costs. Annual appropriations have in recent years set aside an amount that is reserved for English literacy and civics education services to immigrants and other limited English proficient populations. This program is subject to non-supplanting requirements and must use a restricted indirect cost rate which is referenced under 34 CFR 76.564-76.569. For assistance call the Office of the Chief Financial Officer/Indirect Cost Group on 202-708-7770.

Applicant Eligibility:

Formula grants are made to designated eligible State agencies that under State law are responsible for administering or supervising statewide policy for adult education and literacy, including such entities as State educational agencies (SEAs), postsecondary agencies, or workforce agencies. State agencies must provide direct and equitable access to: local educational agencies; public or private nonprofit agencies; community-based organizations of demonstrated effectiveness; institutions of higher education; volunteer literacy organizations of demonstrated effectiveness; libraries; public housing authorities; nonprofit institutions not described above that have the ability to provide literacy services to adults and families; and consortia of the entities described above.

Beneficiary Eligibility:

Adults and out-of-school youths who are 16 years of age and older, who are not enrolled or required to be enrolled in secondary school under State law, and who lack sufficient mastery of basic educational skills to enable them to function effectively in society or do not have a secondary school diploma or its recognized equivalent, and have not achieved an equivalent level of education, or are unable to speak, read, or write the English language.

Credentials/Documentation:

A 5-year State plan as provided for in Section 224 of the AEFLA, Education Department General Administrative Regulations, 34 CFR 74, 76, 77, 79, 80, 81, 82, 85, and 86 and 34 CFR Part 462. The State plan must include a certification from a State official that all provisions and amendments thereto are consistent with the Act. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

The Director of Adult Education and Literacy will provide guidance on specific problems and technical assistance in the preparation of State Plans. An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit

Requirements for Federal Awards applies to this program. Each eligible educational agency must submit to the Secretary of Education a 5-year State plan that sets forth the manner and procedures under which the State will carry out activities to achieve its program objectives and priorities and fulfill the purposes of the Act.

Award Procedure:

The Department approves the 5-year State plan and any amendment thereto and makes allocations to the State each July 1.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days.

Appeals:

States are afforded an opportunity for hearings.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Initial Allotment: Eligible outlying areas receive an initial allotment of \$100,000 and eligible states, including the District of Columbia and Puerto Rico, receive an initial allotment of \$250,000.

This program has no matching requirements. Generally, the remainder is allotted to all eligible agencies on the basis of the ratio of adults and youths age 16 and older who are not enrolled or required to be enrolled in secondary school under State law and who do not hold a high school diploma or equivalent. No agency may receive less than 90 percent of its allotment from the preceding fiscal year. The data source is a special tabulation of American Community Survey (ACS) data by the Bureau of the Census. Matching Requirements: To receive a grant, States, the District of Columbia, and Puerto Rico must provide a nonfederal contribution in an amount equal to 25 percent of the total amount of funds expended for adult education and literacy activities in the State. To receive a grant, eligible outlying agencies must provide a nonfederal contribution in an amount equal to 12 percent of the total amount of funds expended for adult education and literacy activities. The program has a non-supplanting requirement, and therefore the applicant must use a restricted indirect cost rate, which is referenced under 34 CFR 76 564-76.569. For assistance call the Office of the Chief Financial Officer / Indirect Cost Group on 202-708-7770.

This program has MOE requirements, see funding agency for further details.

Length and Time Phasing of Assistance:

Funds must be obligated within 27 months of their date of availability. States draw funds as needed under the Electronic Transfer System. See the following for information on how assistance is awarded/released: Contact the program office for this information.

84.007 FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANTS

(FSEOG)

FEDERAL AGENCY:

Office of Federal Student Aid, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, as amended, Title IV, Part A, Subpart 3, 20 U.S.C. 1070b-1070b-3.

OBJECTIVES:

To provide need-based grant aid to eligible undergraduate postsecondary students to help meet educational expenses.

TYPES OF ASSISTANCE:

DIRECT PAYMENTS FOR A SPECIFIED USE

USES AND USE RESTRICTIONS:

Grants are for undergraduate study, and range from \$100 to \$4,000 per academic year. However, if reasonable study abroad costs exceed the cost of attendance at the home institution, the amount of the grant may exceed the \$4,000 maximum by as much as \$400. A student is eligible to receive a FSEOG for the period of time needed to complete the first undergraduate baccalaureate course of study being pursued by that student. If it awards grants to students in that year an institution is entitled to an administrative cost allowance for an award year of 5 percent of the first \$2,750,000, expended, plus 4 percent of expenditures greater than \$2,750,000 but less than \$5,500,000, plus 3 percent of expenditures in excess of \$5,500,000.

Applicant Eligibility:

Higher education institutions (public, private nonprofit, postsecondary vocational, and proprietary) meeting eligibility requirements may apply.

Beneficiary Eligibility:

Undergraduate students enrolled or accepted for enrollment as regular students; are maintaining satisfactory academic progress in accordance with the standards and practices of the institution, have financial need, do not owe a refund on a Title IV grant, are not in default on a Title IV loan, file a statement of educational purpose, file a statement of registration compliance (Selective Service) and meet citizen/resident requirements may benefit.

Credentials/Documentation:

Institutions must document their eligibility and students must demonstrate financial need. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Representatives of the appropriate ED Regional Office are available for consultation (see listing of ED Regional Offices in Appendix IV). Students should contact the institution(s) they attend or wish to attend. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Participating institutions submit the Fiscal Operations Report/Application to Participate in Federal Student Financial Aid Programs (ED Form 646-1) which is mailed to institutions of postsecondary education each summer by the Federal Student Aid office. New institutions submit only the application form.

Award Procedure:

The Federal Student Aid office determines final awards and notifies participating institutions. Postsecondary institutions determine individual student awards.

Deadlines:

Oct 01, 2015 Deadlines are specified on the application (usually October 1). Contact the program office for additional information.

Range of Approval/Disapproval Time:

Notices of tentative awards sent by February 1, and final award notifications sent by April 1.

Appeals:

Not Applicable.

Renewals:

There are annual renewals.

Formula and Matching Requirements:

Statutory Formula: Title IV, Part A, Subpart 3.

Matching Requirements: Funds are allocated to institutions on the basis of the institution's base guarantee and pro rata share and then on demonstrated need for funding. Institutions award funds to students on the basis of financial need as determined by the Federal Need Analysis Methodology specified in statute. This program requires institutional matching funds. The Federal share may not exceed 75 percent unless waived based on objective criteria established in regulations.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Funds are awarded for use by participating institutions for one award year at a time following the year of application. See the following for information on how assistance is awarded/released: Specified in the award document.

Reports:

A single combined Fiscal Operations Report/Application form for Federal Perkins Loans, FSEOG, and FWS (ED 646-1) is submitted by each institution at the close of each award year (June 30). Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Institutions must have a nonfederal audit done on at least an annual basis at its own expense. Audits are performed at Government expense by the Department of Education's Office of the Inspector General as often as its time schedule will allow or when deemed necessary by the Secretary.

Records:

All records pertaining to the activities of a given fiscal year must be retained for a period of three years following the institution's submission of its Fiscal Operations Report for an award year or until resolution of an applicable audit, whichever is later.

84.010 TITLE I GRANTS TO LOCAL EDUCATIONAL AGENCIES

(Title I Basic, Concentration, Targeted and Education Finance Incentive Grants)

FEDERAL AGENCY:

Office of Elementary and Secondary Education, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act of 1965 (ESEA), as amended, Title I, Part A, 20 U.S.C 6301 et seq.

OBJECTIVES:

To help local educational agencies (LEAs) improve teaching and learning in high-poverty schools in particular for children failing, or most at-risk of failing, to meet challenging State academic achievement standards.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Use of funds varies, depending on whether a school is operating a schoolwide program under Section 1114 of the ESEA or a targeted assistance program under Section 1115 of the ESEA. A school with at least a 40 percent poverty rate may choose to operate a schoolwide program under Section 1114, which allows Title I funds to be combined with other Federal, State, and local funds to upgrade the school's overall instructional program in order to raise the achievement of the lowest-achieving students. Schoolwide program schools must receive the amount of non-Federal resources they would have received in the absence of Title I funds. All other participating schools must operate a targeted assistance programs, which provide extra instruction to those children failing, or most at risk of failing, to meet challenging State academic achievement standards. Targeted assistance schools must ensure that Title I services supplement, and do not supplant, services normally provided with non-Federal funds by local educational agencies. This program is subject to non-supplanting requirements and must use a restricted indirect cost rate which is referenced under 34 CFR 76.564-76.569. For assistance call the Office of the Chief Financial Officer/Indirect Cost Group on (202) 708-7770.

Applicant Eligibility:

State educational agencies (SEAs) including for the Outlying Areas and the Secretary of the Interior. Local educational agencies (LEAs) and Indian tribal schools are subgrantees.

Beneficiary Eligibility:

In a targeted assistance program, children who are failing, or most at risk of failing, to meet challenging State academic standards. In a schoolwide program, all children in the school.

Credentials/Documentation:

2 C.F.R. Part 225 formerly. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. SEAs apply for funds as part of Title I, Part A, State plans submitted to the Department of Education in accordance with Section 1111 of the ESEA or as part of a consolidated State plan submitted under Section 9302 of the ESEA. The plan remains in effect for the duration of the SEA's participation in Title I, Part A, but must be updated to reflect substantive changes. Participating LEA's must file an approved plan with their SEAs.

Award Procedure:

The Department of Education (ED) makes grants through SEAs to LEAs using four statutory formulas based primarily on Census Bureau estimates of the number of children from low-income families in each LEA and State per pupil expenditures.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

Not Applicable.

Appeals:

If an LEA's plan is disapproved by the SEA, the LEA may appeal to the SEA and then to the Department of Education under Section 432 of the General Education Provisions Act (GEPA).

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Title I, Part A. The statute includes four separate formulas for allocating Title I Grants to LEAs. Under the statute, Basic and Concentration Grants are funded approximately at the 2001 appropriation level. Basic Grants are allocated to almost all LEAs based on each State's per-pupil expenditure for education and the number of school-aged children from

low-income families. Concentration Grants are allocated to LEAs having more than 6,500 children from low-income families or a poverty rate of more than 15 percent. In addition, funds appropriated in excess of the fiscal year 2001 level are to be allocated as Targeted Grants, which make higher payments to LEAs with higher numbers or percentages of poor children. The law also includes a separately authorized Education Finance Incentive Grants formula, which incorporates factors designed to measure a State's commitment to provide sufficient education funding, as well as how equitably that funding is distributed across districts. Allocations from all four formulas are combined into a single award to eligible LEAs. Within LEAs, funds are targeted to schools with the greatest percentages of poor children.

Matching requirements are not applicable to this program.

This program has MOE requirements, see funding agency for further details. The maintenance-of-effort requirements in sections 1125A(e) and 9521 of the ESEA apply to Title I, Part A.

Length and Time Phasing of Assistance:

Generally, awards to SEAs are made on July 1 and October 1 of the following fiscal year. In addition, funds remain available to SEAs and LEAs for an additional fiscal year for obligation and expenditure under section 421(b) of GEPA, subject to the carryover limitation of section 1127 of the ESEA. See the following for information on how assistance is awarded/released: Contact program office.

Reports:

SEAs submit annual performance reports. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

In accordance with section 443(a) of the General Education Provisions Act, SEAs and LEAs must maintain certain program records for 3 years.

Program funds are used to support high-quality and comprehensive educational programs that address the needs of migratory children. This program is subject to non-supplanting requirements and must use a restricted indirect cost rate which is referenced under 34 CFR 76.564-76.569.

Applicant Eligibility:

State educational agencies or consortia of State educational agencies.

Beneficiary Eligibility:

Children, ages 0 through 21, of migratory agricultural workers or migratory fishers, including children (i.e. persons age 21 or under) who are agricultural workers or migratory fishers or who are the spouses of migratory workers or migratory fishers, who have moved across school district lines within the past 36 months to obtain temporary or seasonal employment in agriculture or fishing work.

Credentials/Documentation:

States are responsible for ensuring that information documenting a child's eligibility is recorded on a Certificate of Eligibility. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

The State educational agency works closely with local educational agencies, institutions of higher education (IHEs), and public and nonprofit private agencies that serve migratory children. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. State educational agencies submit applications to the Department of Education that meet the requirements of the Elementary and Secondary Education Act and applicable regulations. OMB Circular No. A-87 applies to this program.

Award Procedure:

The Department of Education notifies an approved State educational agency of its award through a Grant Award Notification (GAN).

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

84.013 TITLE I STATE AGENCY PROGRAM FOR NEGLECTED AND DELINQUENT CHILDREN AND YOUTH**FEDERAL AGENCY:**

Office of Elementary and Secondary Education, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act of 1965, as amended, ESEA, , Title I, Part D.

OBJECTIVES:

To help provide educational continuity for neglected and delinquent children and youth in State-run institutions for juveniles and in adult correctional institutions, so that these youth can make successful transitions to school or employment once they are released.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

The Title I, Part D, Subpart 1, State Agency Neglected and Delinquent program provides formula grants to State educational agencies (SEAs) that then make subgrants to State agencies. State agencies use funds for supplementary education services to help provide education continuity for children and youth in State-operated institutions for children and youth, in community day programs for neglected and delinquent children and youths, and in adult correctional institutions so that these children and youths can make successful transitions to school or employment once they are released. This program is subject to non-supplanting requirements and must use a restricted indirect cost rate which is referenced under 34 CFR 76.564-76.569. For assistance call the Office of the Chief Financial Officer/Indirect Cost Group on (202) 708-7770.

Applicant Eligibility:

SEAs. State agencies responsible for providing free public education for children and youth (1) in institutions for neglected or delinquent children and youth; (2) attending community day programs for neglected or delinquent children and youth; or (3) in adult correctional institutions may apply to their SEA for subgrants.

Beneficiary Eligibility:

Children and youth in institutions for neglected or delinquent children and youth, in community day programs for neglected or delinquent children and youth, and adult correctional institutions.

Credentials/Documentation:

2 CFR 200, Subpart E - Cost Principles applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. An SEA may apply for State Agency Neglected and Delinquent funds as (1) part of its Title I, Part D, State plan submitted to the Department under Section 1414 of the ESEA or (2) as part of a consolidated State plan under Section 9302 of the ESEA. To receive funds, State agencies must apply to the SEA and provide the information and assurances required in Section 1414 of the ESEA. 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Contact the program office for additional information.

Award Procedure:

The Department of Education's Office of Elementary and Secondary Education awards grants to State educational agencies, which award subgrants to the State agencies that have submitted applications.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Varies with each State.

Appeals:

Not Applicable.

Renewals:

Although State plans are effective for the duration of Title I's authorization, SEAs are required to update plans to reflect changes. State agencies must update their applications annually to receive funds.

Formula and Matching Requirements:

Statutory Formula: Title I, Part D, Subpart 1.

Matching requirements are not applicable to this program.

This program has MOE requirements, see funding agency for further details.

Length and Time Phasing of Assistance:

Generally, awards to States are made from July 1 to September 30 of the following year. Funds remain available to the State for an additional fiscal year for obligation and expenditure. See the following for information on how assistance is awarded/released: Contact the program office for information on how funding is awarded.

Reports:

Each State agency conducting a Title I, Part D, Subpart 1 program is required to evaluate the program's impact on students served at least once every 3 years. Generally, States report annually on the number of neglected or delinquent students obtaining a secondary school diploma or its recognized equivalent while in the N and D program, the number of neglected or delinquent students earning high school course credits, and the number of long-term neglected or delinquent students who improve mathematics and reading skills as measured through State-approved assessments. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

84.015 NATIONAL RESOURCE CENTERS PROGRAM FOR FOREIGN LANGUAGE AND AREA STUDIES OR FOREIGN LANGUAGE AND INTERNATIONAL STUDIES PROGRAM AND FOREIGN LANGUAGE AND AREA STUDIES FELLOWSHIP PROGRAM**FEDERAL AGENCY:**

Office of Postsecondary Education, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, as amended, Title VI, Part A, Section 602.

OBJECTIVES:

Centers: To promote instruction in modern foreign languages and area and international studies that are critical to national needs by supporting the establishment, strengthening and operation of such programs at colleges and universities. Centers may focus on undergraduate training only or may be comprehensive, including undergraduate, graduate, and professional training components. Fellowships: To meet the needs of the United States for experts in modern foreign languages combined with area studies and world affairs by supporting fellowships for undergraduate and graduate study at institutions of higher education.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Centers: Funds may be used for instructional costs of language and area and international studies programs, administration, lectures, conferences, library resources and staff, outreach, and travel. Fellowships: Funds may be used for academic year and summer fellowships to institutions of higher education (IHEs) in order to assist undergraduate and graduate students in acquiring foreign language and either area or international studies competencies. A fellowship awarded to an undergraduate student may include an allowance for educational programs in the United States or education programs abroad that meet certain criteria.

Applicant Eligibility:

Centers: U.S. institutions of higher education or consortia of institutions of higher education are eligible to apply. Applying institutions provide evidence of existing resources and institutional commitment to language and area and international studies through a curriculum that provides instruction dealing with a particular country or world area and its languages, or with international studies and modern foreign languages, including the international aspects of professional or other fields of study. Fellowships: Accredited U.S. institutions of higher education or consortia of institutions of higher education offering area or international studies programs combined with language study are eligible to apply for allocations of fellowships.

Beneficiary Eligibility:

Centers: U.S. institutions of higher education or consortia of institutions of

higher education will benefit. Fellowships: Undergraduate and graduate students enrolled in funded centers and programs will benefit. Student candidates must be U.S. citizens or nationals or permanent residents training in area or international studies and in modern foreign languages programs that have or are developing performance-based language instruction. Undergraduate students must be engaged in intermediate level study or advanced study of a less commonly taught language. Training must be undertaken through an institution that has an allocation of Foreign Language and Area Studies (FLAS) Fellowships.

Credentials/Documentation:

Contact program office. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Eligible institutions may submit proposals for the funding of centers only, fellowships only, or both when the announcement of a new competition is issued in the Federal Register. Application forms and guidelines for the submission of proposals are available from the Office of the International and Foreign Language Education at the Department of Education.

Award Procedure:

Centers: Final recommendations are made to the Secretary following evaluations from panels of experts that evaluate applications according to published selection criteria. Fellowships: The student should contact his/her sponsoring institution for information concerning application forms, deadlines, and related matters. Institutional proposals are approved or disapproved by the Secretary, following the same procedures as for Center applications.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 120 to 180 days. About 120 days.

Appeals:

Not Applicable.

Renewals:

Higher education institutions receiving funds for four year phased program support must submit annual performance reports for the second, third and fourth year for continuation of such support. Students seeking fellowships apply to their institutions for each summer or academic year award period. Renewals are subject to the availability of funds.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Centers: Grants are awarded for project periods of up to 48 months. Payments are made as stipulated in the grant. Renewals are subject to the availability of funds. Fellowships: Academic year and summer fellowship awards to student recipients are made by the institutions on a competitive basis. If summer fellowships are issued, they will be for a summer session in which the equivalent of an academic year's foreign language study is completed. Payments are made by the grantee institution. See the following for information on how assistance is awarded/released: This information is included in the award document.

Reports:

Centers: Centers submit interim and annual performance reports through the

International Resource Information System (IRIS). Centers submit a final performance report 90 days after the project end date. Fellowships: FLAS granting institutions report on fellowship award recipients at the beginning and end of each award period. Institutional final reports (awards lists) and budget reports are required annually. Staff monitor grants drawdown using agency financial reports. Cash reports are not applicable. Contact program office. Expenditure reports are not applicable. Reporting on performance measures is required as part of the submittal of the required annual performance report.

Audits:

This program is excluded from coverage under 2 CFR 200, Subpart F - Audit Requirements. Grantees are subject to audit requirements as described in 34 CFR 74.26.

Records:

All records supporting claims under grant or relating to the accountability for awarded funds must be available upon request: (1) for 3 years after close of the fiscal year in which the grant expired or (2) until the grantee is notified of completion of Federal financial audit, whichever is later. Fellowships: All records bearing on the receipt and expenditure of funds under the program must be available for inspection by the Department: (1) for 3 years after the fiscal year in which grant funds are spent, (2) until audited or for 5 years after grant, or (3) until resolution of any audit questions.

FEDERAL AGENCY:

Office of Postsecondary Education, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, as amended, Title VI, Part A, Section 604.

OBJECTIVES:

The Undergraduate International Studies and Foreign Language Program supports awards to institutions of higher education and public and nonprofit private agencies and organizations. The awards assist: (1) institutions of higher education to plan, develop, and carry out a program to strengthen and improve undergraduate instruction in international studies and foreign languages; and (2) associations and organizations to develop projects that will make an especially significant contribution to strengthening and improving undergraduate instruction in international studies and foreign languages.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Each program assisted with Federal funds must primarily enhance the international academic program of the institution. Eligible activities may include but are not limited to: development of a global or international studies program that is interdisciplinary in design; development of a program that focuses on issues or topics, such as international business or international health; development of an area studies program and its corresponding foreign languages; creation of innovative curricula that combine the teaching of international studies with professional and pre-professional studies, such as engineering; research for and development of specialized teaching materials, including language instruction, i.e., business French; establishment of internship opportunities for faculty and students in domestic and overseas settings; and development of study abroad programs. This program is subject to non-supplanting requirements and must use a restricted indirect cost rate, which is referenced under 34 CFR 75.563. For assistance call the Office of the Chief Financial Officer/Indirect Cost Group on (202) 377-3838.

Applicant Eligibility:

Accredited colleges and universities, and public and nonprofit private agencies and organizations.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. When funds are available for the support of new programs, announcements are issued in the Federal Register. Application forms and guidelines for submission of proposals are available from the Office of International and Foreign Language Education at the Department of Education.

Award Procedure:

Final recommendations are made to the Secretary of Education following advice from a panel of consultants in accordance with the published criteria.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 120 days.

Appeals:

Not Applicable.

Renewals:

Institutions of higher education and associations and organizations currently receiving funds for two- or three-year phased program support must submit performance reports for continuation funding according to instructions established by the Department. Renewals are subject to the availability of funds.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: The non-Federal share of the cost of the programs assisted may be provided in cash from the private sector corporations or foundations in an amount equal to one-third of the total cost of the programs or may be provided as an in-cash or in-kind contribution from institutional and noninstitutional funds, including State and private sector corporation or foundation contributions, equal to one-half of the total cost of the programs assisted herein. The Secretary may waive or reduce the matching requirement for institutions that are eligible to receive assistance under part A or B of Title III or under Title V of the Higher Education Act of 1965, as amended. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Grants are awarded for 12-month periods, subject to renewals of one or two years. Payments are made as stipulated in the grant. Renewals are subject to the availability of funds. 84.021 OVERSEAS PROGRAMS - GROUP PROJECTS ABROAD

FEDERAL AGENCY:

Office of Postsecondary Education, Department of Education

AUTHORIZATION:

Mutual Educational and Cultural Exchange Act of 1961, as amended, Section 102(b)(6), Public Law 87-256.

OBJECTIVES:

To contribute to the development and improvement of the study of modern foreign languages and area studies in the United States by providing grants to support overseas projects in training, research, and curriculum development in modern foreign languages and area studies for teachers, students, and faculty engaged in a common endeavor.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

The grant does not provide funds for project-related expenses within the United States. The grant funds may be used in the country of study for the following: maintenance stipend; round-trip international travel; project-related local travel; artifacts; books and other teaching materials; rent for instructional facilities; and clerical and professional services. Projects must focus on the humanities, social sciences and languages, and must focus on one or more of the following areas: Africa, East Asia, South Asia, Southeast Asia and the Pacific, the Western Hemisphere (Central and South America, Mexico, and the Caribbean), East Central Europe and Eurasia, and the Near East. Applications that propose projects focused on Canada or Western Europe will not be funded.

Applicant Eligibility:

Institutions of higher education, State departments of education, private nonprofit educational organizations, and a consortium of institutions, departments, and organizations.

Beneficiary Eligibility:

A participant must be: a citizen, or permanent resident of the United States, currently employed full-time in a United States school system, institution of higher education, local education agency or state education agency (not applicable to students), and at least one of the following:

A teacher in an elementary or secondary school (please see note below);

A faculty member who teaches modern foreign languages or area studies; An experienced education administrator responsible for planning, conducting, or supervising programs in modern foreign languages or area studies at the elementary, secondary, or postsecondary levels; A graduate student or junior or senior in an institution of higher education, who is a prospective teacher in the areas of social sciences, humanities and foreign languages. The student should meet the provisions set by his or her local and state education agencies; or For the Advanced Overseas Intensive Language Training project, the participating student, other than those planning a teaching career, should be planning to apply their language skills and knowledge of countries vital to the United States national security in fields outside teaching, including government, the professions, or international development.

Credentials/Documentation:

Cost will be determined in accordance with OMB Circular No. A-87 for State and local governments. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. An institution or organization interested in the program should plan and propose a group project that would significantly improve its program in foreign language and area studies. Specific guidelines for preparation of proposals as published in the Federal Register are available upon request from the International Education Programs Service (IEPS). The institution or organization must give assurance that the individuals it nominates to undertake the projects are appropriately qualified.

Award Procedure:

With the advice of a panel of academic consultants and an assessment of the feasibility and suitability of each proposal by U.S. Embassies and Binational Commissions in the proposed countries of study, the IEPS will make initial selections, and preliminary recommendations of grant recipients to the Secretary. All recommended selections are subject to review and final approval by the presidentially appointed J. William Fulbright Foreign Scholarship Board.

The maximum score for all of the criteria, including the competitive preference priority, is 105 points. The maximum score for each criterion is indicated in parentheses. Quality of proposed project (60 points): In determining the quality of the research project proposed by the applicant, the Secretary considers: (1) The statement of the major hypotheses to be tested or questions to be examined, and the description and justification of the research methods to be used (10 points); (2) the relationship of the research to the literature on the topic and to major theoretical issues in the field, and the project's originality and importance in terms of the concerns of the discipline (10 points); (3) the preliminary research already completed in the United States and overseas or plans for such research prior to going overseas, and the kinds, quality and availability of data for the research in the host country or countries (10 points); (4) the justification for overseas field research and preparations to establish appropriate and sufficient research contacts and affiliations abroad (10 points); (5) the applicant's plans to share the results of the research in progress and a copy of the dissertation with scholars and officials of the host country or countries (10 points); and (6) the guidance and supervision of the dissertation advisor or committee at all stages of the project, including guidance in developing the project, understanding research conditions abroad, and acquainting the applicant with research in the field (10 points). Qualifications of the applicant (40 points): In determining the qualifications of the applicant, the Secretary considers (1) the overall strength of the applicant's graduate academic record (10 points); (2) the extent to which the applicant's academic record demonstrates strength in area studies relevant to the proposed project (10 points); (3) the applicant's proficiency in one or more of the languages (other than English and the applicant's native language) of the country or countries of research, and the specific measures to be taken to overcome any anticipated language barriers (15 points); and (4) the applicant's ability to conduct research in a foreign cultural context, as evidenced by the applicant's references or previous overseas experience, or both (5 points). Subject to change. Contact program officer for further information.

84.027 SPECIAL EDUCATION_GRANTS TO STATES

FEDERAL AGENCY:

Office of Special Education and Rehabilitative Services, Department of Education

AUTHORIZATION:

Individuals with Disabilities Education Act (IDEA), as amended, Part B, Sections 611-618, 20 U.S.C 1411-1418.

OBJECTIVES:

To provide grants to States to assist them in providing special education and related services to all children with disabilities.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

States must distribute all grant funds that the State does not reserve for administration of the program or other State-level activities to eligible local educational agencies. Funds are used by State and local educational agencies, in accordance with the IDEA, to help provide the special education and related services needed to make a free appropriate public education available to all eligible children and, in some cases, to provide early intervening services.

Applicant Eligibility:

State educational agencies in the 50 States, District of Columbia, Puerto Rico, American Samoa, Commonwealth of the Northern Mariana Islands, Guam and Virgin Islands, the Department of the Interior, and freely associated States. Local educational agencies apply to their State educational agency for subgrants.

Beneficiary Eligibility:

Children with disabilities will benefit.

Credentials/Documentation:

No State or jurisdiction may receive a grant unless the Secretary has approved the annual application and statement of assurances. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. States are eligible to receive funds under this program if the State establishes eligibility for funds under Section 612 of Part B of the IDEA. Local education agencies establish eligibility by meeting local application eligibility requirements of Section 613 of Part B of the IDEA.

Award Procedure:

Once the State application has been approved, a grant award is forwarded to the State department of education. Notification of the award is made to Chief State School Officer. States make subgrants to eligible local educational agencies from their initial grant award after setting aside funds for administration and state-level activities.

Deadlines:

May 10, 2016: The submission date for State applications is May 10 to expedite funding, but plans or amendments are accepted throughout the fiscal year.

Range of Approval/Disapproval Time:

Within 90 days.

Appeals:

The Department must not take final action to disapprove an application until the State is provided reasonable notice and an opportunity for a hearing. The State must request a hearing no later than 30 days after it receives notice of the proposed final determination that the State is not eligible to receive its award.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Statutory citation: IDEA Part B Sec. 611. Funds are allocated among States, including the District of Columbia and Puerto Rico, in accordance with a variety of factors. First, each State is allocated an amount equal to the amount that it received for fiscal year 1999. If the total program appropriation increases over the prior year, 85 percent of the remaining funds are allocated based on the number of children in the general population, between the ages of 3 through 21, in the age range for which the States guarantee a free appropriate public education (FAPE) to children with disabilities. Fifteen percent of the remaining funds are allocated based on the number of children living in poverty, between the ages of 3 through 21, that are

in the age range for which the States guarantee FAPE to children with disabilities. The statute also includes several maximum and minimum allocation requirements when the amount available for distribution to States increases. If the amount available for allocation to States remains the same from one year to the next, States receive the same level of funding as in the prior year. If the amount available for allocation to States decreases from the prior year, any amount available for allocation to States above the 1999 level is allocated based on the relative increases in funding that the States received between 1999 and the prior year. If there is a decrease below the amount allocated for 1999, each States allocation is reduced from the 1999 level.

This program has no matching requirements. However, there are non-supplanting and excess cost requirements. MOE requirements for this program apply to both State Educational Agencies and local educational agencies. Contact the program office for further details.

This program has MOE requirements, see funding agency for further details.

Length and Time Phasing of Assistance:

Grants are issued each fiscal year. The Federal obligation period is a 15-month period from July 1 through September 30. States and local education agencies have an additional 12-month period to obligate funds they receive. See the following for information on how assistance is awarded/released: Contact the program office for this information.

Reports:

State Performance Plans (SPPs) and Annual Performance Reports (APR) are submitted to the Department of Education from the State departments of education. No cash reports are required. No progress reports are required. 34 CFR 80.40. 34 CFR 80.41.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

As required by EDGAR for State administered programs (34 CFR 76.730-731). Generally, the State and its subgrantees must retain records related to grant funds and compliance for a period of 3 years from the date the grantee or subgrantee submits its final expenditure report for that funding period. 34 CFR 80.42. Also, all records supporting claims for Federal funds or relating to the accountability of the grantee for the expenditure of such funds must be accessible for administrative review.

84.031 HIGHER EDUCATION_INSTITUTIONAL AID

FEDERAL AGENCY:

Office of Postsecondary Education, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, as amended (HEA). Title III, Part A and Part F, HEA, Title V.

OBJECTIVES:

To help eligible colleges and universities to strengthen their management and fiscal operations and to assist such institutions to plan, develop, or implement activities including endowment building to strengthen the academic quality of their institutions.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Eligible institutions may apply under Part A, Part B or Part F of Title III of the HEA or Title V of the HEA. Title III Part A includes Strengthening Institutions Program (SIP), American Indian Tribally Controlled Colleges and Universities (TCCUs), Alaska Native and Native Hawaiian serving (ANNH) institutions, Asian American and Native American Pacific Islander-serving Institutions (AANAPISI), Native American-Serving Nontribal Institutions (NASNTI) and Predominantly Black Institutions (PBIs). Title III Part B includes the Historically Black Colleges and Universities (HBCUs) program and the Historically Black Graduate Institutions (HBGIs) program. Title III Part A provides funds to eligible institutions to plan, develop, and implement activities for development of faculty, fund, and administrative management, and improvement of academic programs, acquisition of equipment for use in strengthening academic programs and institutional management, and joint use of facilities such as libraries, laboratories, and student services. Title III Part B provides funds to undergraduate HBCUs and graduate HBGIs. Funds may be used for purchase, rental, or lease of scientific equipment; construction, maintenance, renovation, improvement in classroom, library and other instructional facilities; support of faculty exchanges and fellowships; academic instruction in disciplines in which African Americans are underrepresented, purchase of library books, periodicals, and other educational materials; tutoring, counseling, and student services; funds and administrative management; acquisition of equipment for use in funds management; endowment funds; and joint use of facilities. Title V Part A, Developing Hispanic Serving Institutions (HSIs) program provides funds to eligible HSIs for activities such as: faculty development; funds and administrative management; development and improvement of academic programs; endowment funds; curriculum development; scientific or laboratory equipment for teaching; construction or renovation of instructional facilities; joint use of facilities; academic tutoring; counseling programs; student support services, purchase of educational materials; articulation agreements; creating facilities for distance learning

technologies; teacher education programs; K-12 community outreach programs; and the expansion of graduate and professional programs. Title V Part B, Promoting Postbaccalaureate Opportunities for Hispanic Americans program provides funds to eligible HSIs for activities such as: purchase or rental of scientific or laboratory equipment; construction or renovation of instructional facilities; purchase of educational materials; support for low-income postbaccalaureate students; support of academic instruction and faculty and curricular development; creating facilities for distance learning technologies; and collaboration with other institutions of higher education to expand postbaccalaureate offerings. Title III, Part F, Section 371 authorizes funds for Hispanic-serving Institutions STEM and Articulation Programs to support the kinds of activities being supported under the existing Title V program, except that priority is given for applications that propose to increase the number of Hispanic and other low-income students attaining degrees in fields of science, technology, engineering, and mathematics (STEM) and to applications that propose to develop model transfer and articulation agreements between the 2-year and 4-year HSIs in such fields. Funds provided for Title III and Title V may not be used for activities other than those in an approved application, activities that are inconsistent with any applicable State plan of higher education or State plan for desegregation, a school or department of divinity or any religious worship or sectarian activity; general operating and maintenance expenses; indirect costs; or supplanting of other funds available to the institution. These programs are subject to non-supplanting requirements and must use a restricted indirect cost rate which is referenced under 34 CFR 76.563. For assistance call the Office of Chief Financial Officer/Indirect Cost Group on (202) 377-3838.

Applicant Eligibility:

An institution of higher education (IHE) that qualifies as eligible using criteria as specified in the regulations. Under Part A, specific and basic requirements as stated in the program regulations must be met. Eligible applicants include institutions that have: (1) A low average per full-time equivalent (FTE) educational and general expenditures; (2) a substantial percentage of students having Pell Grants or other Federal need-based financial aid. However, a waiver of the low educational and general expenditure requirement and the needy student enrollment requirement may be granted to institutions meeting the criteria specified in the existing regulations. Under Part B HBCUs, historically Black institutions that were established prior to 1964, whose principal mission was, and is, the education of African Americans are eligible. A listing of those institutions is published in program regulations; these HBCUs are also eligible under the Endowment Challenge Grant Program. Institutions eligible for PBI program grants are defined in Title III Section 318(b) of the HEA. Institutions eligible for HBGI program grants are specified in Title III Section 326(e)(1) of the HEA. Under the Title V programs, an HSI is defined as an institution that has an enrollment of undergraduate full-time equivalent students that is at least 25 percent Hispanic as specified in Section 502 of the HEA.

Beneficiary Eligibility:

Applicant institutions of higher education, including those in the territories and possessions that meet statutory eligibility requirements will benefit.

Credentials/Documentation:

Institutions must document that they are accredited by a nationally recognized accrediting agency or that they are making satisfactory progress toward such accreditation. A 4-year institution must have authority to award a bachelor's degree. A 2-year institution must offer a program acceptable for full credit towards a bachelor's degree, or a 2-year program in engineering, mathematics, or the physical or biological sciences designed to prepare the student to work as a technician at a semiprofessional level. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Applications for funding are available from the Institutional Services office at the Department of Education. Application deadlines are published in the Federal Register.

Award Procedure:

Title III Part A applicants in the SIP, ANNH, AANAPISI, and NASNTI programs and Title V applications are evaluated by external reviewers who are experts in postsecondary education. The Department makes final awards based primarily on the scores assigned to the applications by the external reviewers and the recommendations submitted by the staff of the Institutional Service, Office of Postsecondary Education at the Department of Education.

Title III applicants in the TCCUs, PBIs, HBCUs, and HBGIs programs makes final awards based on a statutory formula.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately six months.

Appeals:

Not Applicable.

Renewals:

Under the SIP, priority is given to applicants who are not already receiving a grant. Institutions that received a 5-year individual development grant are not eligible to receive an additional grant until 2 years after the date on which the 5-year terminates. After fulfilling the wait-out requirement, institutions applying for another grant under the SIP must reapply for eligibility.

Formula and Matching Requirements:

Statutory Formula: Funds are allocated to TCCUs, PBIs, HBCUs, and HBGIs based on a statutory formula. Title III, Part A, Section 316(d); Title III Part A, Section 320; Title III, Part B, Sections 324 and 326(f) of the HEA.

Matching Requirements: Under the SIP, TCCUs, HBCUs, and HSIs, institutions of higher education may use no more than 20 percent of grant funds to establish or increase an institution's endowment fund. The endowment funds must be matched at a rate of one non-Federal dollar for each Federal dollar. Under the HBGIs program, eligible institutions that have project grants over \$1,000,000 must match the entire Federal share on a dollar-for-dollar basis. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Under the SIP, TCCUs, ANNH, AANAPISI and HSIs, planning grants are for a period of up to 1 year, individual development grants are for a period of 5 years. See the following for information on how assistance is awarded/released: This information is included in the award document.

Reports:

As required by the Special Grant Terms and Conditions. Staff monitor grants drawdown using agency financial reports. No cash reports are required. Progress reports are required. Expenditure reports are not applicable. Reporting on performance measures is required as part of the submittal of the required annual performance report.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Subject to a Federal audit any time during the term of the grant and within a period of 3 years after the termination of Federal support.

Records:

Must be retained for 5 years after the end of the fiscal year during which the expenditures were made or until the grantee is notified that the records are no longer needed.

Account Identification:

91-0201-0-1-502.

Obligations:

(Project Grants) FY 14 \$19,517,000; FY 15 est \$8,992,000; and FY 16 est \$8,992,000 - PPOHA. CRITERIA FOR SELECTING PROPOSALS:

(a) Under Title III and Title V, the Department appoints review panels to provide comments and recommend ratings for the applications. The reviewers numerically rate each application assigned and provide the Secretary with comments on each. Criteria are published in the Federal Register along with the point value for each criterion. (b) Under TCCUs, HBCUs, HBGIs, and PBIs, funds are allocated based on a statute-driven formula. For Strengthening TCCUs, applicants are limited to tribal colleges and universities, including institutions qualifying for funding under the Tribally Controlled College or University Assistance Act of 1978 or the Navajo Community College Assistance Act of 1978, or cited in section 532 of the Equity in Educational Land Grant Status Act of 1994. To be eligible to receive a grant under the Strengthening HBCUs program, an institution must be designated by the Secretary of Education as a Historically Black College or University. HBGIs receiving discretionary grants are specified in the program statute. To be eligible to receive a grant under the Strengthening PBIs program, an institution must have an enrollment of undergraduate students that is at least 40 percent Black American students; that is at least 1,000 undergraduate students of which not less than 50 percent of the undergraduate students enrolled at the institution are low-income individuals or first-generation college students (as that term is

defined in Section 402A(g)); and of which not less than 50 percent of the undergraduate students are enrolled in an educational program leading to a bachelors or associates degree that the institution is licensed to award by the State in which the institution is located.

84.033 FEDERAL WORK-STUDY PROGRAM

FEDERAL AGENCY:

Office of Federal Student Aid, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, as amended, Title IV, Part C; 42 U.S.C. 2751-2756a.

OBJECTIVES:

To provide part-time employment to eligible postsecondary students to help meet educational expenses and encourage students receiving program assistance to participate in community service activities.

TYPES OF ASSISTANCE:

DIRECT PAYMENTS FOR A SPECIFIED USE

USES AND USE RESTRICTIONS:

The Federal share of compensation paid to students does not exceed 75 percent for work on campus, or work in a public agency or private nonprofit organization, unless waived by the Secretary. The Federal share of compensation paid to students does not exceed 50 percent for jobs with a private-for-profit organization. No more than 25 percent of an institution's work-study allocation may be used for private-for-profit organizations. If it provides FWS employment to its students in that year, an institution is entitled to an administrative cost allowance for an award year of 5 percent of the first \$2,750,000 of its program expenditures, plus up to 4 percent for expenditures greater than \$2,750,000 but less than \$5,500,000, plus up to 3 percent of expenditures in excess of \$5,500,000. An institution is required to use at least 7 percent of its total FWS allocation to pay the Federal share of wages to students employed in community service jobs unless it receives a waiver.

Applicant Eligibility:

Higher education institutions (public, private nonprofit, postsecondary vocational, and proprietary) meeting eligibility requirements may apply.

Beneficiary Eligibility:

Undergraduate, graduate, or professional students enrolled or accepted for enrollment as regular students; are maintaining satisfactory academic progress in accordance with the standards and practices of the institution; have financial need; do not owe a refund on a Title IV grant; are not in default on a Title IV loan; file a statement of educational purpose; file a statement of registration compliance (Selective Service); and meet citizen/resident requirements may benefit.

Credentials/Documentation:

Institutions must document their eligibility and students must demonstrate financial need. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Representatives of the appropriate ED Regional Office are available for consultation. See listing of ED Regional Offices in Appendix IV of the Catalog. Students should contact the institution(s) they attend or plan to attend. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Participating institutions submit a Fiscal Operations Report/Application to Participate in Federal Student Financial Aid programs (ED Form 646-1) which is mailed to institutions of postsecondary education each summer by the Office of Federal Student Aid. New institutions submit only the application form.

Award Procedure:

The Office of Student Financial Aid determines final awards and notifies participating institutions. Postsecondary institutions determine individual

student awards.

Deadlines:

Oct 01, 2015: Deadlines are specified on the application (usually October 1).

Range of Approval/Disapproval Time:

Notices of tentative awards sent by February 1 and final award notifications sent by April 1.

Appeals:

Not Applicable.

Renewals:

Annual.

Formula and Matching Requirements:

Statutory Formula: Title IV, Part C.

Matching Requirements: Under the funding formula, funds are distributed to institutions, first, on the basis of the institution's base guarantee plus the pro rata share received during the 1999-2000 award year under the FWS Program and, then, on the basis of the aggregate need of the eligible students in attendance. Employers of FWS recipients must contribute 25 percent of the funding, (except in the case of private, for-profit organizations, which must match 50 percent) and in the case of established criteria for which the matching requirement is waived.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Funds are awarded for use by participating institutions for one award year at a time following the year of application. See the following for information on how assistance is awarded/released: electronic transfer.

Reports:

A single combined Fiscal Operations Report/Application form for Federal Perkins Loans, FSEOG, and FWS (DE 646-1) is submitted by each institution at the close of each award year (June 30). Cash reports are not applicable. Progress reports are not applicable. A single combined Fiscal Operations Report/Application form for Federal Perkins Loans, FSEOG, and FWS (DE 646-1) is submitted by each institution at the close of each award year (June 30). Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Institutions must have a nonfederal audit done on at least an annual basis at its own expense. Audits may also be performed at Government expense by the Department of Education's Office of the Inspector General as often as its time schedule will allow or when deemed necessary by the Secretary.

Records:

All records pertaining to activities of a given fiscal year must be retained for a period of 3 years following the institution's submission of its Fiscal Operations Report for an award year or until final resolution of an applicable audit, whichever is later.

84.041 IMPACT AID**FEDERAL AGENCY:**

Office of Elementary and Secondary Education, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act (OESE), as amended, Title VIII.

OBJECTIVES:

To provide financial assistance to local educational agencies (LEAs) where affected by Federal activities, i.e., where the tax base of a district is reduced through the Federal acquisition of real property (Section 8002, ESEA), and where the presence of certain children living on Federal property places a financial burden on the LEAs that educate them (Sections 8003 and 8007, ESEA).

TYPES OF ASSISTANCE:

FORMULA GRANTS; Project Grants (Discretionary)

USES AND USE RESTRICTIONS:

Under formula awards, most assistance becomes part of the general operating fund of the LEAs. Districts usually deposit the Federal payment in the general operating funds account in accordance with State laws, together with all State and local funds available for current operating expenses and use this combined account to finance the school program in the district. Special additional payments made to LEAs related to enrollments of federally connected children with disabilities must be used for programs and projects designed to meet the special educational and related needs of these children. Payments for construction may be used for construction and renovation, debt service, or other capital fund activities. Under discretionary construction awards, funds must be used for the project grant described in the application and grant award notification. The discretionary construction grant program is subject to non-supplanting requirements and must use a restricted indirect cost rate which is referenced under 34 CFR 76.564-76.569. For assistance call the Office of the Chief Financial Officer/Indirect Cost Group on 202-708-7770.

Applicant Eligibility:

Local educational agencies that provide free public elementary or secondary education may apply. Under Section 8002, generally, assistance is provided to districts where an aggregate of 10 percent or more of the assessed valuation of all real property in the school district as of the time(s) of acquisition has been acquired by the Federal Government since 1938 and the district is not being substantially compensated by revenue from activities on the eligible Federal property. Under Section 8003, assistance is provided to districts where at least three percent or 400 of the total number of eligible federally connected children in average daily attendance (ADA) live on Federal property including Indian lands and/or have a parent who works on Federal property or is on active duty in the uniformed services. Under Section 8007(b), "heavily impacted" LEAs that enroll a high proportion (at least 40 percent) of federally connected children, or have little or no funding capacity, may be eligible for a competitive construction award.

Beneficiary Eligibility:

Public elementary and secondary school children benefit.

Credentials/Documentation:

Costs will be determined in accordance with OMB Circular No. A-87 for State and local governments. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Applications are submitted to the Secretary of Education and a copy is sent to the State educational agency (SEA). Applications become available on the Department's e-Grants web site annually, typically in mid November. Applications must show the membership of federally connected children on the survey date chosen by the school district within the period prescribed by the Secretary.

Award Procedure:

Funds are generally made available when an appropriation is made.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Contact the Program Office for this information.

Appeals:

An administrative law hearing is available for any LEA or State adversely affected by any action of the Secretary. The hearing must be requested under the time frame included under the program regulations.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Title VIII, Sections 8002, 8003, and 8007(a).

Matching Requirements: Under Section 8002, payments are determined under a statutory formula that considers the assessed valuation of the property acquired by the Federal government and the LEA's local tax rate for current expenditures. Under Section 8003, payments are determined under a statutory formula that considers the average daily attendance of federally connected students for the previous year, the per-pupil expenditure average from the third preceding year, the weight in the statute attached to certain categories of federally connected students, the total current expenditures of the LEA, and the total membership of the LEA. Under Section 8007(a), payments are determined under a statutory formula that considers the average daily attendance of children living on Indian lands and dependents of the military living on and off base. Under Section 8007(b), payments are awarded on a competitive basis to certain eligible LEAs that receive Impact Aid. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Payments are made annually to eligible LEAs. See the following for information on how assistance is awarded/released: This information is included in award documents.

Reports:

No reports are required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. The program staff conducts mail-in or on-site reviews to verify application data and collect additional required information.

Records:

In accordance with the General Education Provision Act and program regulations, an LEA generally must retain records supporting its payment

amount for 3 years after the last payment for a fiscal year.

Account Identification:

84.042 TRIO_STUDENT SUPPORT SERVICES

FEDERAL AGENCY:

Office of Postsecondary Education, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, as amended, Title IV, Part A, Subpart 2, Chapter 1, Section 402D.

OBJECTIVES:

To provide supportive services to disadvantaged college students to enhance their potential for successfully completing the postsecondary education programs in which they are enrolled and increase their transfer rates from 2-year to 4-year institutions. To foster an institutional climate supportive of the success of disadvantaged college students.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

All projects must provide academic tutoring, advice on postsecondary course selection, financial aid counseling, services to improve financial and economic literacy, assistance in applying for graduate and professional programs, and

activities to help students in 2-year institutions enroll in 4-year programs. Projects may also provide personal and career counseling; exposure to cultural events; mentoring; services to secure temporary housing during academic breaks for students who are homeless; activities for students with disabilities or limited English proficiency, homeless students, and students in foster care; and grant aid (not to exceed 20 percent of a project's funds).

Applicant Eligibility:

Institutions of higher education and combinations of institutions of higher education may apply.

Beneficiary Eligibility:

Low-income, first generation college students or disabled students who are enrolled or accepted for enrollment at the institution that is the recipient of the grant and who are in need of academic support in order to successfully pursue a program of postsecondary education. At least two-thirds of the project participants must be disabled or must be low-income individuals who are first generation college students. The remaining participants must be disabled, low-income individuals, or first generation college students. One-third of the disabled participants must be low-income. Required low-income criteria for participants are stated in application materials.

Credentials/Documentation:

Costs will be determined in accordance with Education Department General Administrative Regulations (EDGAR). This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Develop a proposal in accordance with regulations, applications, and timetables issued by the Secretary of Education; no State Plan is required. Requests for program applications should be made to the Student Service division at the Office of Postsecondary Education. This program is subject to the provisions of EDGAR.

Award Procedure:

Selected nonfederal field readers evaluate new proposals on the basis of the selection criteria specified in 34 CFR 646.21 and 646.22. Grants are awarded through the Federal TRIO Programs office.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 90 to 180 days.

Appeals:

Yes. The program statute authorizes a second review of unsuccessful applications. The Department implements the second review process in accordance with the process specified in 34 CFR 646.24. An unsuccessful applicant requesting a second review must provide evidence that the Department, an agent of the Department, or a peer reviewer made a technical, administrative, or scoring error in the processing or review of its application.

Renewals:

The grant period is 5 years. Continuation awards are approved on an annual basis; subject to the availability of funds and evidence that the grantee is meeting the conditions of the grant and making substantial progress towards meeting the project objectives.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: Any grantee that uses funds for student grant aid must match the funds, in cash, from non-Federal funds, in an amount that is not

less than 33 percent of the total amount of student grant aid funds, unless the grantee is eligible for a waiver to the match.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Five year projects, with annual continuation awards. Continuation awards are subject to the availability of funds and satisfactory progress by the grantee. See the following for information on how assistance is awarded/released: Contact the program office.

Reports:

Performance reports are required on an annual basis. No cash reports are required. Progress reports are required for a project in its first year of funding. Staff monitor grant drawdown using agency financial reports. Reporting on performance measures is required as part of the submittal of the required annual performance report.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. In accordance with Education Department General Administrative Regulations, 34 CFR 75.702 and 74.61.

FEDERAL AGENCY:

Office of Postsecondary Education, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, as amended, Title IV, Part A, Subpart 2, Chapter 1, Section 402B, 20 U.S.C. 1070a-12., 20 U.S.C 1070a-12.

OBJECTIVES:

To identify qualified disadvantaged youths with potential for postsecondary education; to encourage them in completing secondary school and in enrolling in programs of postsecondary education; to publicize the availability of, and facilitate the application for, student financial aid; and to increase the number of secondary and postsecondary school dropouts who reenter and complete an educational program.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Funds are awarded to institutions of higher education, public and private agencies and organizations, combinations of such entities, and secondary schools, to identify qualified disadvantaged youths with potential for postsecondary education, encourage them to complete secondary school and undertake postsecondary educational training, and publicize existing forms of student aid. Projects must provide connections to academic tutoring services, advice on and assistance in selecting secondary and college courses, assistance in preparing for college entrance exams and in completing college applications, information on student financial aid and assistance in completing financial aid applications, connections to services designed to improve financial and economic literacy, and guidance and assistance in re-entering and completing secondary school. Projects may also provide academic tutoring personal and career counseling; information on career options, exposure to college campuses, workshops and counseling for families of students served, mentoring programs involving school teachers and counselors; and services specially designed for students with disabilities or limited English proficiency, homeless children and youth, and students in foster care. A grantee may not use the project as a part of its recruitment program.

Applicant Eligibility:

Institutions of higher education (IHEs), public and private agencies and organizations including community-based organizations with experience in serving disadvantaged youth, combinations of such institutions, agencies and organizations, and as appropriate to the purposes of the program, secondary schools.

Beneficiary Eligibility:

Individuals residing in the target area or attending a target school who have potential for education at the postsecondary level and who can benefit from one or more of the services provided by the project. Two-thirds must be low-income individuals who are also potential first generation college students. Project participants must be between 11 and 27 years old (exceptions allowed). Required low-income criteria for participants are stated in application materials.

Credentials/Documentation:

Costs will be determined in accordance with the Education Department General Administrative Regulations (EDGAR). OMB Circular No. A-21 applies to this program. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

FEDERAL AGENCY:

Office of Postsecondary Education, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, as amended, Subpart 2, Title IV, Part A, Section 402C, 20 U.S.C 1070a-13.

OBJECTIVES:

To generate skills and motivation necessary for success in education beyond high school among low-income and potential first-generation college students and veterans. The goal of the program is to increase the academic performance and motivational levels of eligible enrollees so that such persons may complete secondary school and successfully pursue and complete a postsecondary educational program.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Projects must provide academic tutoring services, advice on and assistance in selecting secondary and college courses, assistance in preparing for college entrance exams and in completing college applications, information on student financial aid and assistance in completing financial aid applications, services designed to improve financial and economic literacy, and guidance and assistance in re-entering and completing secondary school. Projects may also provide exposure to cultural events, academic programs and other activities not usually available to disadvantaged youth; personal and career counseling; information on career options; summer college campus residential programs; services specially designed for students with disabilities or limited English proficiency, homeless children and youth, and students in foster care; and to pay stipends to students, not to exceed \$40 a month during the academic year and \$60 a month during the summer. A grantee may not use the project as part of its recruitment program. Separate projects provide special services for veterans and for students with a special interest in math and science.

Applicant Eligibility:

Institutions of higher education, public and private agencies and organizations including community-based organizations with experience in serving disadvantaged youth, combinations of such institutions, agencies and organizations, and as appropriate to the purposes of the program, secondary

schools.

Beneficiary Eligibility:

84.048 CAREER AND TECHNICAL EDUCATION -- BASIC GRANTS TO STATES

FEDERAL AGENCY:

Office of Career, Technical, and Adult Education, Department of Education

AUTHORIZATION:

Carl D. Perkins Career and Technical Education Act of 2006 (Perkins IV), Title I, 20 U.S.C 2321.

OBJECTIVES:

To develop more fully the academic, career, and technical skills of secondary and postsecondary students who elect to enroll in career and technical education programs.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Funds are used by eligible agencies and their eligible recipients (local subgrantees), in accordance with Perkins IV, to provide career and technical education. Each State must distribute at least 85 percent of its award to local agencies to fund secondary and postsecondary institutions that provide career and technical education services, from which the State may choose to award an amount equivalent to 10 percent of its award to make awards to local agencies in rural areas, areas with high percentages of career and technical education students, and areas with high numbers of career and technical education students. Each State may keep up to 5 percent (or \$250,000, whichever is greater) of its award for State administration and up to 10 percent of its award to fund leadership activities (and from that amount, it must reserve an amount equivalent to 1 percent of its award to assist individuals in State institutions and between \$60,000 and \$150,000 to fund services to prepare individuals for non-traditional fields). This program is subject to non-supplanting requirements and must use a restricted indirect cost rate, pursuant to 34 CFR 76-564-76.569. For assistance call the Office of the Chief Financial Officer/Indirect Cost Group on (202) 708-7770.

Applicant Eligibility:

The Department of Education makes formula grants to State boards for career and technical education or the agency responsible for overseeing career and technical education in States. Eligible recipients for subgrants include local educational agencies and postsecondary institutions.

Beneficiary Eligibility:

A wide range of individuals pursuing career and technical education will benefit.

Credentials/Documentation:

The establishment of a State Board for Career and Technical Education is required. Costs will be determined in accordance with OMB Circular No. A-87 for State and local governments. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Required in order to develop a 5-year State plan for career and technical education, which is also subject to public hearings. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. OMB Circular No. A-21 applies to this program. Eligible agencies submit 5-year State plans for career and technical education, and annual revisions, to the Department pursuant to section 122 of Perkins IV. However, the outlying areas, except for Palau, are eligible to submit an application for Perkins IV funding under the Consolidated Grants to Insular Areas Program. See CFDA 84.403. Eligible recipients submit local plans to the eligible agency in their States pursuant to section 134 of Perkins IV.

Award Procedure:

Once the Secretary approves an eligible agency's 5-year State plan or annual revisions, the Department forwards the grant award to the State official designated by the eligible agency and notifies the State director for CTE. States make subgrants to eligible recipients from their grant awards after setting aside funds for State administration and State leadership activities.

Deadlines:

Mar 30, 2014 The submission date for the State plan or annual revisions is generally late March or early April is set in guidance issued annually by the Department.

Range of Approval/Disapproval Time:

Within 90 days.

Appeals:

The Secretary shall not finally disapprove a State plan, except after giving the eligible agency notice and opportunity for a hearing.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Sec. 111 of the Carl D. Perkins Career and Technical Education Act of 2006. The funding formula is based on State per-capita income and population in three age cohorts (15-19, 20-24, and 25-65). The formula provides for a minimum State allocation, and a "hold-harmless" provision in the formula ensures that no State's share of the appropriation is less than its share of the fiscal year 1998 appropriation. A special provision limits the increase a State with an initial allocation of the 0.5 percent minimum may receive, resulting in a number of States that receive an allocation of less than 0.5 percent of the total. If appropriations result in the amount of funds for allocation to States exceeding the amount of funds allocated to States from the FY 2006 appropriation, up to one-third of the additional funds are allotted to States with FY 2006 grants that are less than the minimum 0.5 percent grant amount and the remainder flows to the other States. In addition, the outlying areas (except the Virgin Islands) receive 0.13 percent of the total appropriated for State Grants to operate the same kinds of career and technical education programs as the States. Also, 1.25 percent of the total appropriation for State Grants is set aside for grants to federally recognized Indian tribes and tribal organizations, and 0.25 percent is set aside for competitive grants to organizations that primarily serve and represent Native Hawaiians. The Bureau of the Census supplies the population data; the Department of Labor supplies the per-capita income data.

Matching Requirements: Section 112(b) of the Perkins Acts requires 50/50 matching for State administration, which is also subject to the hold-harmless requirement imposed by section 323. An outlying area that submits an application for its Perkins IV funds under the Consolidated Grants to Insular Areas Program is not required to match. See CFDA 84.403.

Section 311(b) of the Perkins Act describes maintenance-of-effort requirements.

This program has MOE requirements, see funding agency for further details.

Length and Time Phasing of Assistance:

Generally, annual grants to eligible agencies are made from July 1 to September 30 of the following year. In addition, funds remain available to the eligible agencies for an additional fiscal year for obligation and expenditure under section 421(b) of the General Education Provisions Act, as amended (GEPA). Contact the headquarters office for information on how assistance is awarded/released. See the following for information on how assistance is awarded/released: States draw funds as needed under the Electronic Funds Transfer System.

Reports:

OVAE's Consolidated Annual Report (CAR) for Perkins IV requires annual financial status reports, performance data reports, and program narrative reports. Eligible agencies must also submit Office for Civil Rights Compliance Reports. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Performance monitoring is applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

As required by EDGAR for State-administered programs (34 CFR 76.730-76.731). Generally, the eligible agency and its subgrantees must retain records related to grant funds and compliance for a period of 3 years from the date the grantee or subgrantee submits its final expenditure report for that funding period. 34 CFR 80.42. Also, all records supporting claims for Federal funds or relating to the accountability of the grantee for the expenditure of such funds must be accessible for administrative review. 84.060 INDIAN EDUCATION_GRANTS TO LOCAL EDUCATIONAL AGENCIES

FEDERAL AGENCY:

Office of Elementary and Secondary Education, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act of 1965 (ESEA), as amended, Title VII, Part A, Subpart 1.

OBJECTIVES:

To address the unique education and culturally related academic needs of Indian students, including preschool children, so that these students can achieve to the same challenging state performance standards expected of all students. This program is the Department's principal vehicle for addressing the particular needs of Indian children.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Grants supplement the regular school program, helping Indian children sharpen their academic skills, assisting students in becoming proficient in the core content areas, and providing students an opportunity to participate in enrichment programs that would otherwise be unavailable. Funds support such activities as after-school programs, tutoring, and dropout prevention. This program is subject to non-supplanting requirements and must use a restricted indirect cost rate which is referenced under 34 CFR 76.564-76.569. For assistance call the Office of the Chief Financial Officer/Indirect Cost Group on (202) 708-7770.

Applicant Eligibility:

Local educational agencies (LEAs) that enroll at least 10 Indian children or in which Indians constitute at least 25 percent of the total enrollment. These requirements do not apply to LEAs serving Indian children in Alaska, California, and Oklahoma or located on, or in proximity to, an Indian reservation. Schools that receive funding from the Department of Interior (DOI) Bureau of Indian Education (BIE) under Section 1130 of the Education Amendments of 1978, 25 U.S.C. 2001, are eligible to participate in this program. If an eligible LEA does not apply, an Indian tribe that makes up at least half of the LEAs Indian students may apply in lieu of the LEA.

Beneficiary Eligibility:

Eligible Indian children enrolled in eligible local educational agencies, and BIE-funded schools.

Credentials/Documentation:

The applicant must certify the number of eligible Indian children enrolled. The grant award is computed based on this information. An applicant must also assure that it has carried out a number of other required activities, including: holding a public hearing, establishing an Indian parent committee, and making arrangements for an evaluation of the effectiveness of the project. No grant will be made unless the applicant has the written approval of the applicant's Indian parent committee. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

The standard application forms as furnished by the Federal agency must be used for this program. An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. The LEA annually submits to the Department of Education an application describing its proposed project. Application forms are available from the headquarters office.

Award Procedure:

Awards are issued annually directly to the LEA. Awards are made to all applicants that meet the applicable requirements of the Act and that have designed a project that the Secretary of Education determines will substantially increase the educational opportunities of the Indian children served by the applicant.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 160 days.

Appeals:

Not Applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Title ESEA, Title VII, Part A, Subpart 1, Section 7113.
Matching Requirements: The Department calculates the amount of a grant that an LEA receives by multiplying the number of Indian children enrolled in the LEA's schools by the average per-pupil expenditure for the State in which the applicant is located, or 80 percent of the national average per pupil expenditure, whichever is greater. In setting the actual amount of a grant, an applicant's formula amount is adjusted on the basis of available appropriations. Grantees must receive a minimum grant of \$4,000.

Maintenance-of-Effort Requirements:

In order for an LEA to receive a grant, the appropriate State educational agency (SEA) must certify that the combined fiscal effort of that LEA and the State with respect to the provision of free public education by that LEA for the preceding fiscal year was not less than 90 percent of the combined fiscal effort for that purpose for the second preceding fiscal year. If an LEA does not meet this requirement and the Secretary does not grant a waiver for unusual circumstances, the LEA's grant award is reduced in the proportion by which the LEA failed to meet the combined fiscal effort requirement. DOI/Bureau of Indian Education grantees are exempt from the combined fiscal effort requirement.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Grants are awarded for up to 60 months and funds must be spent or obligated within the project period. Payments are made by direct deposit upon request by LEAs. See the following for information on how assistance is awarded/released: Contact the program office for this information.

Reports:

Financial and performance reports are due within 90 days of the termination of the project period. No cash reports are required. No progress reports are required. No expenditure reports are required. No performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Records must be maintained 3 years after the completion of the activity for which grant funds were used.

Account Identification:

91-0101-0-1-501.

Obligations:

(Formula Grants) FY 14 \$100,381,000; FY 15 est \$100,381,000; and FY 16 est \$100,381,000

Range and Average of Financial Assistance:

84.063 FEDERAL PELL GRANT PROGRAM**FEDERAL AGENCY:**

Office of Federal Student Aid, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, Title IV, Part A, Subpart 1, as amended.

OBJECTIVES:

To provide eligible undergraduate postsecondary students who have demonstrated financial need with grant assistance to help meet educational expenses.

TYPES OF ASSISTANCE:

DIRECT PAYMENTS FOR A SPECIFIED USE

USES AND USE RESTRICTIONS:

The student must be a U.S. citizen or eligible noncitizen who has been accepted for enrollment in, and is making satisfactory academic progress at an eligible institution of higher education. Eligible schools may be public or private nonprofit institutions of higher education, (such as colleges, universities, vocational-technical schools, hospital schools of nursing), and for-profit institutions (proprietary). Eligible males who are at least 18 years or older and born after December 31, 1959, can receive aid only if they have registered with the Selective Service. Graduate students and students who have already earned a bachelor's degree are not eligible for assistance, except those enrolled in an eligible program leading to a professional certification in teaching. Applicants must demonstrate need according to Part F of the Higher Education Act of 1965, as amended.

Applicant Eligibility:

Undergraduate students and students pursuing a teaching certificate enrolled as regular students in an eligible program at an eligible institution of higher education and making satisfactory academic progress. The applicants must be U.S. citizens or eligible noncitizens and have a high school diploma (or its equivalent); or, for students enrolled prior to July 1, 2012, a demonstrated ability to benefit from the program offered; or, have successfully completed six credits.

Beneficiary Eligibility:

Undergraduate students and students pursuing a teaching certificate that are U.S. citizens or eligible noncitizens and meet financial need criteria. Students must be: regular students in an eligible program and enrolled in institutions of higher education, making satisfactory academic progress. Incarcerated students, except those incarcerated in local penal facilities, are ineligible. Students must sign a statement of educational purpose, not owe a refund on a Title IV grant, and not be in default on a Title IV loan. Eligible males that are at least 18 years old and born after December 31, 1959, can receive aid only if they have registered with the Selective Service.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Student completes a "Free Application for Federal Student Aid" and submits it to the agency specified on the form. Students may apply using a paper application, an electronic application, or via the Internet. The Department of Education calculates the student's financial eligibility for assistance and the agency to which the student sent the application returns a notification to the student of his or her eligibility for assistance. The student submits this notification to the institution of his or her choice in order to have his or her award calculated.

Award Procedure:

Institutions act as disbursing agents for the Department of Education. The institution that the student attends calculates and disburses the Federal Pell Grant, using a payment schedule developed by the Department of Education that determines the amount of the award based on the student's expected family contribution, cost of attendance, and enrollment status.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 15 to 30 days.

Appeals:

An institution, on the basis of supplemental documentation, may rule that an applicant is self-supporting, even though under the standard criteria, the applicant would normally be considered financially dependent on his or her parents. An institution may adjust on a case-by-case basis a student's data elements used to calculate his or her EFC and cost of attendance due to unusual circumstances documented by the institution.

Renewals:

Students who have applied in the previous award year may be eligible to complete a paper or electronic renewal application which contains preprinted student data and requires students only to update certain information. However, eligibility is still annually determined.

Formula and Matching Requirements:

Statutory Formula: Title IV, Part F.

Matching Requirements: Federal Pell Grant eligibility determinations are based on Part F of the HEA, as amended. This national need analysis formula determines financial eligibility for Federal Pell grants and other Federal student aid and is applied uniformly to all applicants. This formula determines a student's "expected family contribution" (EFC). The fundamental elements of this need analysis formula are the parents' and/or the student's income and assets (excluding home), the family's household size, and the number of family members attending postsecondary institutions. The EFC is determined as the sum of: (1) A percentage assessment of net income (remaining income after subtracting allowances for basic living expenses) and (2) a percentage assessment of net assets other than a home (remaining assets after subtracting an asset protection allowance).

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Students are able to receive one Federal Pell Grant during any award year (July 1 through June 30). Funds for the Federal Pell Grant are usually disbursed at least twice during an award year. Students may only receive a Federal Pell Grant until they have received a bachelor's degree. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

Institutions will be required to furnish reports periodically on the disbursement of funds, as well as to furnish any other reports the Secretary requires. No reports are required of students. Cash reports are not applicable. Progress reports are not applicable. Institutions will be required to furnish reports periodically on the disbursement of funds, as well as to furnish any other reports the Secretary requires. No reports are required of students. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

All records pertaining to the eligibility of each Federal Pell Grant recipient and all fiscal management records must be maintained by the institutions for a period of 3 years or until an acceptable audit has been completed, whichever is later. Selected students will have the information on their applications verified.

Account Identification:

91-0199-0-1-502; 91-0200-0-1-502.

Obligations:

(Direct Payments for Specified Use) FY 14 \$30,998,135,000; FY 15 est \$31,326,815,000; and FY 16 est \$32,333,945,000

84.116 FUND FOR THE IMPROVEMENT OF POSTSECONDARY EDUCATION

(FIPSE)

FEDERAL AGENCY:

Office of Postsecondary Education, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, as amended, Title VII, Part B, 20 U.S.C. 1138.

OBJECTIVES:

To provide assistance to support institutional reforms and innovative strategies designed to improve postsecondary instruction, quality, and to expand postsecondary opportunities.

TYPES OF ASSISTANCE:

Project Grants (Discretionary)

USES AND USE RESTRICTIONS:

The Fund provides project grants for activities sponsored by institutions and agencies that develop and demonstrate more effective approaches to the postsecondary teaching and learning. Each year, the Department establishes funding competitions and priorities. Funded projects are action-oriented, focusing on improvements in practice rather than support for basic research. Beginning in 2014, the Department funded innovative and evidence-based projects through the First in the World competitions under FIPSE.

Applicant Eligibility:

Eligible applicants include institutions of higher education, other public and private non-profit institutions and agencies and combinations of these institutions and agencies. A range of providers of postsecondary educational services is thus eligible including but not limited to: 2 and 4-year colleges and universities, community organizations, libraries, museums, consortia, and student groups.

Beneficiary Eligibility:

Postsecondary educational institutions and their students will benefit.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

84.120 MINORITY SCIENCE AND ENGINEERING IMPROVEMENT (MSEIP)

FEDERAL AGENCY:

Office of Postsecondary Education, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, as amended, Title III, Part E, Subpart I.

OBJECTIVES:

To (1) effect long-range improvement in science and engineering education at predominantly minority institutions and (2) increase the participation of underrepresented ethnic minorities, particularly minority women, in scientific and technological careers.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Program funds are generally used to implement institutional projects, special projects and cooperative grants. Institutional grants support the implementation of a comprehensive science improvement plan, which may include any combination of activities for improving the preparation of minority students for careers in science. Special project grants to minority institutions support activities that improve the quality of training in science and engineering at minority institutions. Special project grants to non-minority eligible applicants support activities that provide a needed service to a group of eligible minority institutions. Cooperative grants assist groups of non-profit accredited colleges and universities in working together to conduct a science improvement program. Grant funds may be used for a broad range of activities that address specific barriers that eliminate or reduce the entry of minorities into science and engineering fields. This program is subject to non-supplanting requirements and must use a restricted indirect cost rate which is referenced under 34 CFR 76.564-76.569. For assistance call the Office of the Chief Financial Officer/Indirect Cost Group on (202) 377-3838.

Applicant Eligibility:

Applications may also be submitted by nonprofit science-oriented organizations, professional scientific societies, and institutions of higher education that award baccalaureate degrees, that provide a needed service to a group of minority institutions; or provide in-service training for project directors, scientists, and engineers from minority institutions; or consortia of organizations, that provide needed services to one or more minority institutions, the membership of which may include: institutions

of higher education which have a curriculum in science or engineering; institutions of higher education that have graduate or professional programs in science or engineering; research laboratories of, or under contract with the Department of Energy; private organizations that have science or engineering facilities; or quasi-governmental entities that have a significant scientific or engineering mission.

Beneficiary Eligibility:

Private or public accredited (or successfully working toward accreditation) 2- and 4-year institutions of higher education whose enrollments of a single minority or a combination of minorities exceed 50 percent of the total enrollment. Minorities means American Indian; Alaskan Native; Black (not of Hispanic origin); Hispanic (including persons of Mexican, Puerto Rican, Cuban, and Central or South American origin); Pacific Islander; or other ethnic group who are underrepresented in science and engineering.

Credentials/Documentation:

Institutions must provide the information necessary to establish their eligibility for participation in MSEIP. The data on enrollment furnished to the Office for Civil Rights to satisfy requirements for the "Fall Enrollment and Compliance Report of Institutions of Higher Education" are acceptable. Applications must be signed by an authorized organizational official. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. An eligible institution may submit a proposal for funding of a planned project and proposed amount of the grant when announcement of a new competition appears in the Federal Register. See 34 CFR 637 and the specific program guidelines. Application forms are available from the MSEIP.

Award Procedure:

Panels of outside experts with knowledge of the fields covered by the application review all eligible applications. Grant awards are recommended to the Secretary by the program office, in the order of merit.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 3 to 6 months.

Appeals:

Not Applicable.

Renewals:

Awards may be renewed for up to 2 years, renewals subject to the availability of appropriations.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

One to three years. Funds are awarded annually and disbursed as required. Renewals are subject to the availability of appropriations. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

The program requires interim and annual performance reports. A final performance report is required within 90 days upon completion of the project

for all funded projects. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Reporting on performance measures is required as part of the submittal of the required annual performance report.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Compliance with standard Department of Education requirements.

Records:

84.126 REHABILITATION SERVICES_VOCATIONAL REHABILITATION GRANTS TO STATES

FEDERAL AGENCY:

Office of Special Education and Rehabilitative Services, Department of Education

AUTHORIZATION:

Rehabilitation Act of 1973, ass amended,, Title I, Part A and B, Section 100-111.

OBJECTIVES:

To assist States in operating comprehensive, coordinated, effective, efficient and accountable programs of vocational rehabilitation (VR); to assess, plan, develop, and provide VR services for individuals with disabilities, consistent with their strengths, resources, priorities, concerns, abilities, capabilities, and informed choice so they may prepare for and engage in competitive integrated employment.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Federal and State funds are used to cover the costs of providing VR services, which include: assessment, counseling, vocational and other training, job placement, reader services for the blind, interpreter services for the deaf, medical and related services and prosthetic and orthotic devices, rehabilitation technology, transportation to secure VR services, maintenance during rehabilitation, and other goods and services necessary for an individual with a disability to achieve an employment outcome. Services are provided to families of disabled individuals when such services contribute substantially to the rehabilitation of such individuals who are receiving VR services. Funds can also be used to provide VR services for the benefit of groups of individuals with disabilities including the construction and establishment of community rehabilitation programs.

Applicant Eligibility:

State agencies in all States (including territories/possessions) designated as the State agency to administer the VR program may receive funds with the submission and approval a VR services portion of the Unified or Combined State plan in accordance with section 101(a) of the Rehabilitation Act of 1973, as amended.

Beneficiary Eligibility:

In order to be eligible for VR services, an individual must have a physical and/or mental impairment, which, for such an individual, constitutes or results in a substantial impediment to employment, and requires VR services to achieve an employment outcome.

Credentials/Documentation:

No Credentials or documentation are required. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. State VR agencies are required to submit a VR services portion of the Unified or Combined State Plan describing the manner in which they will administer the VR and Supported Employment programs in their States. The State is not required to submit any policies, procedures or descriptions related to its State Plan that have been previously approved and demonstrate that the State currently meets applicable requirements of Title I of the Workforce Innovation and Opportunity Act (WIOA) and the requirements of the Rehabilitation Act, as amended by Title IV of WIOA. However, State agencies are required to update certain attachments to the VR services portion of the Unified or Combined State Plan.

Award Procedure:

Grant awards are made to State VR agencies with an approved VR services portion of the Unified or Combined State plan. States are notified of their annual allotment under the funding formula. Grant funds are withdrawn under the Electronic Transfer System.

Deadlines:

Jul 01, 2016 State must submit a Unified or Combined State Plans, including the VR services portion of the Unified or Combined State Plan, to the Department of Labor by March of 2016 for an effective date of July 1, 2016.

Range of Approval/Disapproval Time:

Approval of the Unified or Combined State Plan, including approval of the VR services portion of that plan, is governed by sections 102 or 103 of Title I of WIOA.

Appeals:

Appeal procedures are governed by sections 102 or 103 of Title I of WIOA, as appropriate.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Title I, Part B, section 110. (29 USC 730). Funds are distributed based on population weighted by per capita income. The statistical factors for fund allocation are: per capita income 3-year average by State (Bureau of Economic Analysis estimates) and U.S. total and State population (Annual Population Estimates, Bureau of the Census).

Matching Requirements: The matching requirement is 78.7 percent Federal and 21.3 percent Non-Federal funds for the total of all expenditures incurred under the VR program. . This program has a maintenance of effort (MOE) requirement. The MOE level is based on the amount of the State's non-Federal expenditures under the VR program for the Federal fiscal year two years earlier; see funding agency for further details. Each State is also required to reserve and use at least 15 percent of their Federal VR State Grant award to provide or arrange for the provision of pre-employment transition services for students with disabilities provided in accordance with section 113 of the Rehabilitation Act.

This program has MOE requirements, see funding agency for further details.

Length and Time Phasing of Assistance:

Funds become available for obligations for the fiscal year for which they are appropriated and may remain available for an additional year if the matching requirement is met in the year of the appropriation. Grant awards are issued biannually (1st and 4th quarter). See the following for information on how assistance is awarded/released: Electronic Transfer.

Reports:

Program report: Annual and quarterly reports. No cash reports are required.
Progress report: Annual and quarterly reports. Expenditure reports: semi-annual financial reports (Federal Financial Report (SF-425). Performance monitoring: The Rehabilitation Act requires the conduct of annual reviews and periodic on-site monitoring of whether a State VR agency is WIOA for core programs.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Conducted by ED Office of Inspector General and by site visits of regional staff. Both are periodic but no set schedule.

Records:

84.144 MIGRANT EDUCATION_COORDINATION PROGRAM

FEDERAL AGENCY:

Office of Elementary and Secondary Education, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act of 1965, Title I, Part C, Section 1308(d), 20 U.S.C 6398.

OBJECTIVES:

To provide financial incentives to State Educational Agencies (SEAs) to participate in consortia that provide high-quality project designs and services to improve the interstate or intrastate coordination of migrant education programs by addressing key needs of migratory children who have their education interrupted.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Funds are used to implement the consortium activities to improve interstate and intrastate coordination of migrant education programs by addressing key needs of migratory children whose education is interrupted or to carry out any other activities authorized under the Migrant Education formula program (MEP). This program is subject to non-supplanting requirements and must use a restricted indirect cost rate which is referenced under 34 CFR 75.563. For assistance call the Office of Chief Financial Officer/Indirect Cost Group on (202) 708-7770.

Applicant Eligibility:

State educational agencies (SEAs) receiving MEP Basic State Formula grants, in a consortium with another State or other appropriate entities.

Beneficiary Eligibility:

Migratory children of migratory agricultural workers or migratory fishers, or individuals under 21 years old who are migratory agricultural workers or migratory fishers, or spouses of such workers or fishers whose education is interrupted benefit.

Credentials/Documentation:

No Credentials or documentation are required. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. 84.165 MAGNET SCHOOLS ASSISTANCE

FEDERAL AGENCY:

Office of Innovation and Improvement, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act of 1965, as amended, Title V, Part C.

OBJECTIVES:

To provide grants to eligible local educational agencies (LEAs) to establish and operate magnet schools that are operated under a court-ordered, agency-ordered, or federally approved voluntary desegregation plans. Magnet programs aim to eliminate, reduce, or prevent minority-group isolation in elementary and secondary schools while strengthening students' academic achievement.

TYPES OF ASSISTANCE:

Project Grants (Discretionary)

USES AND USE RESTRICTIONS:

Funds may be used, among other things, for planning and promotional activities directly related to the development, expansion, continuation, or enhancement of academic programs offered at magnet schools; for purchasing books, materials, equipment; and for paying or subsidizing the salaries of teachers and instructional staff in magnet schools. Funds may not be used for transportation or activities that do not augment academic improvement. A grantee may use not more than 50 percent of funds in the first year of the grant, and not more than 15 percent in the second and third years, for planning.

Applicant Eligibility:

LEAs that are implementing court-ordered, agency-ordered or federally approved voluntary desegregation plans that include magnet schools are eligible to apply.

Beneficiary Eligibility:

LEAs and participating students will benefit.

Credentials/Documentation:

Applicants must submit a copy of the desegregation plan they are implementing, or will implement, if assistance is made available. Costs will be determined in accordance with OMB Circular No. A-87 for State and local governments. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Application notices are published in the Federal Register and applications must be sent to the Education Department on or before the closing date.

Award Procedure:

Recommendations for the approval of applications are made by the program staff on the basis of published criteria, statutory priorities, State comments received under the E.O. 12372 process, and with the advice and assistance of a panel of independent reviewers. In addition, no application may be approved unless the Assistant Secretary for Civil Rights determines that all required assurances will be met.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

The range is anticipated to be 90 to 120 days from the closing date.

Appeals:

Not Applicable.

Renewals:

The project period for a Magnet School award may not exceed 36 months. To receive continuation funding, grantees must demonstrate substantial progress toward meeting their goals and objectives. Renewals are subject to the availability of appropriations.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The length of grants will be up to 36 months, subject to the availability of funds. See the following for information on how assistance is awarded/released:
Electronic transfer.

Reports:

As part of the continuation award funding process, grantees must submit performance reports annually. Final performance reports must be submitted within 90 days of the end of the grant award period. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Under section 443 of the General Education Provisions Act grantees must maintain records for 3 years.

CRITERIA FOR SELECTING PROPOSALS:

Criteria are used to evaluate the applicant's project design, project services, personnel, budget and resources, evaluation plan, and commitment and capacity. Competitive priority is given to applicants that demonstrate the greatest need for assistance; that carry out new or significantly revised magnet schools; and that select students to attend magnet schools through methods such as lottery, rather than academic examination. For funds appropriated for the program in excess of \$75 million, competitive priority is given to those applicants that did not receive funds under the program in the previous fiscal year.

84.173 SPECIAL EDUCATION_PRESCHOOL GRANTS**FEDERAL AGENCY:**

Office of Special Education and Rehabilitative Services, Department of Education

AUTHORIZATION:

Individuals with Disabilities Education Act (IDEA), as amended, Part B, Section 619; 20 U.S.C. 1419.

OBJECTIVES:

To provide grants to States to assist them in providing special education and related services to children with disabilities ages 3 through 5 years, and at a State's discretion, to 2-year-old children with disabilities who will reach age three during the school year.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

States must distribute all grant funds that the State does not reserve for administration of the program or other State-level activities to eligible local educational agencies. Funds are used by State and local educational agencies, in accordance with the IDEA, to provide special education and related services to children with disabilities ages 3 through 5, and at the State's discretion, to 2-year-old children with disabilities who will reach age 3 during the next school year; and in some cases, early intervening services.

Applicant Eligibility:

State educational agencies in the 50 States, the District of Columbia, and Puerto Rico. Local educational agencies apply to their State educational agency for sub-grants.

Beneficiary Eligibility:

Children aged 3 through 5 with disabilities, and (at the State's option) 2-year-old children with disabilities that will reach age 3 during the school year, that require special education and related services will benefit.

Credentials/Documentation:

No State or jurisdiction may receive a grant unless the Secretary has approved the annual application and statement of assurances. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. States are eligible to receive funds under this program if the State establishes eligibility under Section 612 of Part B of the IDEA and if the State makes a free appropriate public education available to all children ages 3 through 5 years with disabilities residing in the State. Local educational agencies establish eligibility for Preschool Grant funds by meeting local application eligibility requirements in section 613 of Part B of the IDEA.

Award Procedure:

Once the State application has been approved, a grant award representing the total preschool grant amount for that fiscal year is forwarded to the State's department of education. Notification of the award is made to the Chief State School Officer. States make subgrants to eligible local educational agencies from their initial grant award after setting aside funds for administration and state-level activities.

Deadlines:

May 10, 2016 The submission date for the State applications is May 10 to expedite funding, but plans or amendments are accepted throughout the school year.

Range of Approval/Disapproval Time:

Within 90 days.

Appeals:

The Department must not take final action to disapprove an application until the State is provided reasonable notice and an opportunity for a hearing. The State must request a hearing no later than 30 days after it receives notice of the proposed final determination that the State is not eligible to receive its award.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Statutory citation: IDEA Part B Sec. 619(c)

In general, funds are distributed to eligible entities through a formula based on general population and poverty. Under the formula, each State is first allocated an amount equal to its fiscal year 1997 allocation. For any year in which the appropriation is greater than the prior year level, 85 percent of the funds above the fiscal year 1997 level are distributed based on each State's relative percentage of the total number of children aged 3 through 5 in the general population. The other 15 percent is distributed based on the relative percentage of children aged 3 through 5 in each State who are living in poverty.

The statute also includes several maximum and minimum allocation requirements when the amount available for distribution to States increases. If the amount available for allocation to States remains the same from one year to the next, States receive the same level of funding as in the prior year. If the amount available for allocation to States decreases from the prior year, any amount available for allocation to States above the 1997 level is allocated based on the relative increases in funding that the States received between 1997 and the prior year. If there is a decrease below the amount allocated for 1997, each State's allocation is ratably reduced from the 1997 level.

This program has no matching requirements. No match requirement. However, there are non-supplanting and excess cost requirements.

This program has MOE requirements, see funding agency for further details. MOE requirements for this program apply to both State Educational Agencies

and local educational agencies. Contact the program office for further details.

Length and Time Phasing of Assistance:

Grants are issued each fiscal year. The Federal obligation period is a 15-month period from July 1 through September 30. State and local educational agencies have an additional 12-month period to obligate funds they receive. See the following for information on how assistance is awarded/released: Contact the program office for information on how assistance is awarded/released.

84.177 REHABILITATION SERVICES_INDEPENDENT LIVING SERVICES FOR OLDER INDIVIDUALS WHO ARE BLIND

FEDERAL AGENCY:

Office of Special Education and Rehabilitative Services, Department of Education

AUTHORIZATION:

Rehabilitation Act of 1973, as amended, Title VII, Chapter 2.

OBJECTIVES:

To provide any independent living services that are described in 34 CFR Section 367.3(b) of the IL program regulations to older individuals who are blind that improve or expand services for these individuals; and conduct activities to help improve public understanding of the problems of these individuals.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

The designated State unit may use funds awarded under the OIB program to carry out the activities described in the program objectives section of this document. Among the independent living services that can be provided to older individuals who are blind are those services to help correct blindness, provision of eyeglasses and other visual aids, services and equipment to enhance mobility and self-sufficiency, mobility training, Braille instruction, and other services and equipment to help older persons who are blind adjust to blindness, guide services, reader services and transportation, and any other appropriate services to help an older person who is blind in coping with daily living activities, IL core services including IL skills training, information and referral, peer counseling and individual and systems advocacy; and other IL services as defined in the Rehabilitation Act and the IL program regulations.

Applicant Eligibility:

Any State agency in the 50 States and the District of Columbia and territories (Commonwealth of Puerto Rico and Virgin Islands) and outlying areas (Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands) designated by the State as the State agency and authorized to provide rehabilitation services to blind individuals may apply. In order to receive assistance under this program, a designated state agency (DSA) must submit in a timely manner and obtain approval from the Department of an application containing the agreements, assurances, and information that the Department determines to be necessary to carry out this program.

Beneficiary Eligibility:

Older individuals who are blind, as defined in 34 C.F.R. 367.5 of the OIB program regulations are the primary beneficiaries of assistance under this program. This term means An individual aged 55 or older whose severe visual impairment makes competitive employment extremely difficult to obtain but for whom independent living goals are feasible."

Credentials/Documentation:

No Credentials or documentation are required. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. The Education Department General Administrative Regulations at 34 CFR Parts 76 and 80 apply to this program. In order to be eligible for an allotment under this program, States must submit an application for a grant under the OIB program in the form and manner prescribed by the Department and the application must

contain the assurances listed in 367.11 of the OIB program regulations and section 752(i) of the Rehabilitation Act, including an assurances that the DSA will seek to incorporate any new methods and approaches relating to services for older individuals who are blind into the State Plan for Independent Living.

Award Procedure:

A notice of annual allotment to the State is issued. Initial distributions are subject to reallocation at the end of the fiscal year if the Commissioner determines that the State will not expend its allotment. States receive annual grant award notices and funds may be withdrawn under the Electronic Transfer System.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

34 CFR 76.703 governs the approval/disapproval time of State plans in relation to when a State may begin to obligate funds.

Appeals:

After reasonable effort has been made to resolve the questions involved, and the State has pursued a hearing before the Office of the Administrative Law Judge, the State may appeal to the United States Court of Appeals for the circuit in which the State is located pursuant to the 34 CFR 76.202 and 76.902.

Renewals:

Awards are made on an annual basis and may be renewed for up to two additional years, for a total of three years under an approved OIB application and the availability of funds.

Formula and Matching Requirements:

Statutory Formula: Section 752(j) of the Rehabilitation Act contains the formula the Department uses for the allocation of funds to each State.
Matching Requirements: Under section 753(f) of the Rehabilitation Act, the States must contribute \$1 for each \$9 of Federal grant funding received, in cash or in kind.
MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Awards are made on an annual basis under an approved 3-year OIB application. See the following for information on how assistance is awarded/released: Electronic transfer.

84.181 SPECIAL EDUCATION-GRANTS FOR INFANTS AND FAMILIES

FEDERAL AGENCY:

Office of Special Education and Rehabilitative Services, Department of Education

AUTHORIZATION:

Individuals with Disabilities Education Act (IDEA), as amended, 20 U.S.C. 1431-1444, Part C.

OBJECTIVES:

To provide grants to States to assist them to implement and maintain a Statewide, comprehensive, coordinated, multidisciplinary, interagency system to make available early intervention services to infants and toddlers with disabilities and their families.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Funds are used to assist States in implementing and maintaining their Statewide systems of early intervention services. Funding may also be used to provide direct services for eligible infants and toddlers with disabilities aged birth through 2 and their families that are not otherwise provided by other public or private sources, to expand and improve services for infants and toddlers with disabilities that are otherwise available and to provide a free appropriate public education, in accordance with Part B of IDEA, to children with disabilities from their third birthday to the beginning of the following school year. States also have the discretion to provide services to infants and toddlers who are at risk of having substantial developmental delays if they do not receive appropriate early intervention services. The Individuals with Disabilities Education Improvement Act of 2004 amended IDEA to allow states, at their discretion, to continue to serve children with disabilities under this program beyond age three until the children enter or are eligible to enter kindergarten or elementary school, if such children are otherwise eligible for services under the Preschool Grants Program (84.173), and previously received services under the Part C program.

Applicant Eligibility:

Eligible applicants are the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, the Secretary of the Interior and the following four outlying area jurisdictions: Guam, American Samoa, the Virgin Islands, and the Commonwealth of the Northern Mariana Islands.

Beneficiary Eligibility:

Infants and toddlers with disabilities aged birth through 2 and their families will benefit.

Credentials/Documentation:

. In general, each State or jurisdiction must submit an application, including certifications, policies and procedures, and statement of assurances to receive IDEA Part C FY 2009 funds; however no separate application were required for States to receive IDEA Part C ARRA funds. Each State lead agency is designated by the Governor of that State or jurisdiction. OMB Circular No. A-87 applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Specific application procedures are provided in the application form for the program. The State lead agencies, the applicants for this program, are designated by the Governor.

Award Procedure:

Once the State application is approved, a grant award representing the total State allocation is forwarded to the State lead agency. This is a forward funded program, in which funds become available for obligation on July 1st of the fiscal year for which they are appropriated and remain available to States for 15 months through September of the following year and an extra twelve months.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

The time for reviewing the State's application is determined by EDGAR (in 34 CFR 76.703) and ranges from 45 to 90 days.

Appeals:

The Department may not disapprove an application unless the Department determines, after notice and opportunity for a hearing, that the applicant has failed to meet an eligibility requirement.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Awards are based on each State applicant's proportionate share of children, aged birth through two years, in the general population, based on the most recent satisfactory data available from the United States Bureau of the Census. No State may receive less than 0.5 percent of the total funds available for all States. The Department of Interior receives 1.25 percent of the amount available to States. The Outlying Areas combined receive up to 1 percent of the funds appropriated. This program has nonsupplanting and MOE requirements. 20 USC 1443.

Matching requirements are not applicable to this program.

This program has MOE requirements, see funding agency for further details.

Length and Time Phasing of Assistance:

Grants are issued each year. The Federal obligation period is a 15-month period from July 1 through September 30 of the following fiscal year. State and local education agencies have an additional 12-month period to obligate their funds. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

State lead agencies must submit an Annual Performance Report under IDEA sections 616 and 642. An annual report to the Governor and to the Secretary by the State Interagency Coordinating Council on the status of early intervention programs operated within the State as required under Section 641(e)(1)(D) of the Act, and other information that the Secretary may require, including information required under Section 618 of the Act. Annual State Performance Plans and Annual Performance Reports are submitted to the Department of Education by the lead agency on an annual basis. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

84.187 SUPPORTED EMPLOYMENT SERVICES FOR INDIVIDUALS WITH THE MOST SIGNIFICANT DISABILITIES

(Supported Employment State Grants)

FEDERAL AGENCY:

Office of Special Education and Rehabilitative Services, Department of Education

AUTHORIZATION:

Rehabilitation Act of 1973, as amended (Rehabilitation Act), Title VI.

OBJECTIVES:

To provide grants for time limited services leading to supported employment for individuals with the most significant disabilities.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Federal grant funds are awarded to State Vocational Rehabilitation (VR) agencies to supplement services provided under Title I of the Rehabilitation Act to assist individuals with the most significant disabilities in achieving the employment outcome of supported employment. Supported employment enables individuals with the most significant disabilities who, because of the nature and severity of their disability, need ongoing support, including intensive supported employment services followed by extended services after the individuals ability to perform the job with support has stabilized, in order to maintain competitive integrated employment. State VR agencies use funds to provide services and supports such as: (1) skilled job trainers who accompany the worker for intensive on-the-job training; (2) systematic training; (3) job development; (4) follow-up services; (5) regular observation or supervision at training sites; and (6) other services needed to support an individual in employment. The Workforce Innovation and Opportunity Act (WIOA) (Public Law 113-128), enacted on July 22, 2014, requires States to use half of their program allotment to provide supported employment services for youth with the most significant disabilities. States must provide a 10% match for that half of the allotment reserved for youth. States are also permitted to provide extended services for up to four years to eligible youth with the most significant disabilities.

Applicant Eligibility:

The State VR agency designated in the VR services portion of the Unified or Combined State plan to administer the VR program is eligible to receive Federal funds under this program.

Beneficiary Eligibility:

Individuals with the most significant disabilities who have been determined eligible for VR services under Title I of the Rehabilitation Act and who have identified supported employment as an employment outcome.

Credentials/Documentation:

OMB's Uniform Guidance for Grantees at 2 CFR part 200 applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Each State must submit a supplement to the VR services portion of the Unified or Combined State plan under WIOA.

Award Procedure:

Grant awards are made to States with an approved supported employment supplement to the VR services portion of the Unified or Combined State plan. States are notified of their annual allotment under the funding formula. Grant funds are withdrawn under the Electronic Transfer System.

Deadlines:

Jul 01, 2016 A State must submit the VR services portion of the Unified or Combined State Plan, which includes a Supported Employment supplement, to the Department of Labor for approval by March of 2016 for an effective date of July 1, 2016.

Range of Approval/Disapproval Time:

Approval of the Unified or Combined State Plan, including the VR services

portion of that plan, is governed by sections 102 or 103 of Title I of WIOA.

Appeals:

Appeal procedures are governed by sections 102 or 103 of Title I of WIOA, as appropriate.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Title Rehabilitation Act of 1973, as amended, Title VI, Part B. Title VI of the Rehabilitation Act. Supported Employment funds are distributed based on the U.S. total populations and State population and the source is the Population Estimates Annual, Bureau of the Census. No State shall receive less than \$300,000 or one-third of one percent of the sums made available for the fiscal year, whichever is greater. The minimum allotment for Territories is 1/8 of 1 percent of the amount appropriated.

Matching Requirements: Pursuant to the amendments made by WIOA, States must provide a match of 10 percent for the half of their allotment that must be reserved to provide supported employment, including extended services, to youth with the most significant disabilities.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Funds become available for obligations for the fiscal year for which they are appropriated and may remain available for obligation for an additional year provided the match requirement, as applicable, was satisfied in the year of the award. . Grant funds are withdrawn under the Electronic Transfer System. See the following for information on how assistance is awarded/released: electronic transfer.

Reports:

Annual and quarterly progress reports and an annual budget (Standard Form 425) are required. Cash reports are not applicable. Progress reports are not applicable. Annual and quarterly progress reports and an annual budget (Standard Form 425) are required. No performance monitoring is required.

84.217 TRIO_MCNAIR POST-BACCALAUREATE ACHIEVEMENT FEDERAL AGENCY:

Office of Postsecondary Education, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, as amended, Title IV, Part A, Subpart 2, Chapter 1 Section 402E.

OBJECTIVES:

To provide grants for institutions of higher education to prepare participants for doctoral studies through involvement in research and other scholarly activities. Participants are from disadvantaged backgrounds and have demonstrated strong academic potential. Institutions work closely with participants as they complete their undergraduate requirements. Institutions encourage participants to enroll in graduate programs and then track their progress through to the successful completion of advanced degrees. The goal is to increase the attainment of Ph.D. degrees by students from underrepresented segments of society.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Funds must be used by the participating institution to provide eligible participants with opportunities for research and other scholarly activities; summer internships; seminars; tutoring; academic counseling; and activities designed to help students secure admission and financial assistance for graduate study. Funds may be used for: services to improve students' financial and economic literacy, mentoring and exposure to cultural events. At least two-thirds of the project participants must be low-income individuals who are first-generation college students. The remaining participants may be from a group that is underrepresented in graduate education.

Applicant Eligibility:

Institutions of higher education or combinations of institutions of higher education may apply.

Beneficiary Eligibility:

2/3 of participants must be low-income first generation college students. The remaining participants must be students from groups underrepresented in graduate education. All participants must be enrolled in a degree program at an eligible institution of higher education.

Credentials/Documentation:

Costs will be determined in accordance with Education Department General Administrative Regulations and the program regulations, Section 647 of the Code of Federal Regulations. OMB Circular A-21 applies to this program. 2

CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

A student borrower must be enrolled or accepted for enrollment in a degree or certificate program on at least a half-time basis as an undergraduate, graduate, or professional student at a participating postsecondary institution. An otherwise eligible student is eligible for loans during a single twelve-month period in which the student is enrolled in a non-degree/non-certificate course of study that the institution has determined is necessary in order for the student to enroll in a program leading to a degree or certificate. Under the Direct PLUS program, parents may borrow for dependent students. Also, graduate and professional students are eligible to borrow PLUS Loans. Direct Unsubsidized and PLUS loans are non-need based programs. A financial needs test based on family income is required for an undergraduate student to receive a Direct Subsidized loan. A student that is presently enrolled at a participating institution must be maintaining satisfactory academic progress

in the course of study that they are pursuing. The borrower may not owe a refund on any Title IV grant or be in default on any Title IV loan received for attendance at any institution. The borrower must also file a Statement of Registration compliance (Selective Service).

Beneficiary Eligibility:

Vocational, undergraduate, and graduate postsecondary school students and their parents.

Credentials/Documentation:

The borrower will need certification of eligibility from the institution and may be required to supply documentation to verify the accuracy of data used in the Direct Subsidized loan need analysis. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Applications for the Direct Subsidized and Unsubsidized loans are obtained from the institution. Direct consolidation loan applications are obtained from the Department of Education. To obtain a Direct Subsidized or Unsubsidized loan, a student shall complete and submit a Free Application for Federal Student Aid (FAFSA). All applications (with the exception of PLUS) for Direct Loans are processed by the Central Processor System (CPS) in the initial step to determine a student's Title IV eligibility. Institutions will receive official output from the CPS, and then will be able to assemble a financial aid award package. An institution participating in the Direct Loan program may award Direct Loans as part of the financial aid package. If a Direct Loan is not included in the aid package, a student may contact the institution to request loan information.

Award Procedure:

Institutions participate in the Direct Loan program either by originating loans or by using an alternative originator to originate loans. The institution must certify the borrower's eligibility to receive the funds. To obtain a Direct PLUS Loan, the parent completes an application and authorizes a credit check. If the parent does not have an adverse credit history the loan may be disbursed. Institutions may disburse funds by crediting them directly to the student's account at the institution, issuing a check or cash, or by initiating an electronic fund transfer.

Length and Time Phasing of Assistance:

Applicants may apply for a loan for any year of attendance at a postsecondary institution. Starting July 1, 2013, the interest rate on new Stafford Loans is fixed at a rate equal to the 10-year Treasury note plus 2.05 percent (capped at 8.25 percent); new Unsubsidized Stafford loans have a fixed interest rate equal to the 10-year Treasury note plus 3.6 percent (capped at 9.5 percent); and Direct PLUS loans have a fixed interest rate equal to the 10-year Treasury note plus 4.6 percent (capped at 10.5 percent). There are four repayment plans that are available for Direct Loan borrowers: (1) A standard repayment plan with a fixed monthly payment amount over a period of up to 10 years; (2) an extended

repayment plan with a fixed monthly payment amount paid over a period of 12 to 30 years, depending on the amount owed; (3) a graduated repayment plan with a monthly payment that will increase generally every 2 years. The repayment period varies from 12 to 30 years, depending on the amount owed; and (4) except for Direct PLUS Loan borrowers, an income contingent repayment (ICR) plan with a monthly payment that is adjusted annually based on the income of the borrower and paid over an extended period of time not to exceed 25 years. Any unpaid balance remaining after 25 years in the ICR plan is forgiven by the Secretary of Education. However, under current IRS rules, the amount written off is considered taxable income to the borrower in the year it is written off. In 2007, a new income-based repayment plan was created for those borrowers meeting a standard of "partial financial hardship" based on their annual repayment amount in relation to their adjusted gross income. Generally a borrower would not have to repay on a monthly basis more than 15 percent of their discretionary income, and any outstanding balance would be forgiven after 25 years of repayment. For new borrowers on or after July 1, 2014, these limits have been lowered to 10 percent of discretionary income and forgiveness after 20 years. Additionally, as of December 21, 2012, the Pay As You Earn plan, an income-sensitive repayment plan, is an option for eligible borrowers: those who meet the partial financial hardship standard, were a new borrower as of October 1, 2007, and who received a Direct Loan disbursement on or after October 1, 2011. Borrowers in this plan have to repay on a monthly basis no more than 10 percent of their discretionary income, and receive forgiveness on their remaining loan balances after 20 years of repayment. Direct Loan borrowers who work in public service are eligible for forgiveness during a 10-year period while they are repaying their loans. If these borrowers, during repayment, have an outstanding loan balance after 10 years of working in public service, the Federal Government will forgive the remaining balance on behalf of the borrower. Public service may include a variety of public disciplines such as education, health, law, military service and public safety. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

The Department will produce a variety of management information system accounting, and financial management reports. Institutions must submit all reports required by 34 CFR 685 and 34 CFR 668. 84.274 AMERICAN OVERSEAS RESEARCH CENTERS

FEDERAL AGENCY:

Office of Postsecondary Education, Department of Education

AUTHORIZATION:

Higher Education Act, as amended, Title VI, Part A, Section 609.

OBJECTIVES:

To enable American overseas research centers, that are consortia of higher education institutions, to promote postgraduate research, exchanges, and area studies.

TYPES OF ASSISTANCE:

Project Grants (Discretionary)

USES AND USE RESTRICTIONS:

Grants may be used to pay all or a portion of the cost of establishing or operating a center or program, including the cost of faculty and staff stipends and salaries; faculty, staff, and student travel; the operation and maintenance of overseas facilities; the cost of teaching and research materials; the cost of bringing visiting scholars and faculty to a center to teach or to conduct research; the cost of organizing and managing conferences; and the cost of publishing and disseminating materials for the scholarly and general public.

Applicant Eligibility:

The Secretary shall only award grants to centers that: (1) receive more than 50 percent of their funding from public or private United States sources; (2) have a permanent presence in the country in which the center is located; and (3) are organizations described in Section 501(c)(3) of the Internal Revenue Code of 1986 which are exempt from taxation under Section 501(a) of the Code.

Beneficiary Eligibility:

Consortia of institutions of higher education that (1) receive more than 50 percent of their funding from public or private United States sources; (2) have a permanent presence in the country in which the center is located; and (3) are organizations described in Section 501(c)(3) of the Internal Revenue Code of 1986 which are exempt from taxation under Section 501(a) of the Code will benefit.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed

in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Eligible centers may submit an application for funding when a new competition is announced in the Federal Register. Application forms and guidelines for the submission of applications are available from the Office of International and Foreign Language Education at the Department of Education.

Award Procedure:

Applications are evaluated by peer review panels with area studies expertise. Funding recommendations are made to the Secretary based on the outcome of the peer review process.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

The approval time is approximately 90 days.

Appeals:

Not Applicable.

Renewals:

84.282 CHARTER SCHOOLS

FEDERAL AGENCY:

Office of Innovation and Improvement, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act of 1965, as amended, Title V Part B, Subpart 1.

OBJECTIVES:

The program supports the planning, development, and initial implementation, and replication of charter schools and the dissemination of information on charter schools. Charter schools increase educational options for parents and students and, in exchange for stricter academic accountability, are exempt from many statutory and regulatory requirements.

TYPES OF ASSISTANCE:

Project Grants (Discretionary)

USES AND USE RESTRICTIONS:

State educational agencies (SEAs) receiving grants make subgrants to charter school developers; if an eligible SEA does not receive a grant, charter school developers in the State may apply directly to the Secretary for funding. Developers receive up to 3 years of assistance, of which they may use not more than 18 months for planning and program design and not more than 2 years for the initial implementation of a charter school. SEAs may reserve up to 10 percent of their grants to make subgrants to successful charter schools for information dissemination activities; charter schools in eligible States that do not receive a grant may apply directly to the Secretary for funding for information dissemination activities. Charter management organizations and other nonprofit organizations receiving grants use funds for replication and expansion of successful charter school models. Applicants must use a restricted indirect cost rate which is referenced under 34 CFR 75.563. For assistance call the Office of Chief Financial Officer/Indirect Cost Group on (202)708-7770.

Applicant Eligibility:

SEAs in States in which State law authorizes charter schools are eligible. If an eligible SEA elects not to participate in this program or does not have an approved application, charter school developers that have applied to an authorized public chartering authority to operate a charter school, and provided adequate and timely notice to that authority, may apply directly to the Secretary. Charter management organizations and other nonprofit organizations with experience operating or managing high-quality quality schools are eligible for grants for replication and expansion of successful charter school models.

Beneficiary Eligibility:

School administrators, teachers, and students and their parents are beneficiaries.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

84.283 COMPREHENSIVE CENTERS

FEDERAL AGENCY:

Office of Elementary and Secondary Education, Department of Education

AUTHORIZATION:

Education Technical Assistance Act of 2002, Section 203.

OBJECTIVES:

This program supports no fewer than 20 comprehensive centers that provide training and technical assistance, and professional development primarily to State educational agencies. By statute, the Department is required to establish at least one center in each of the 10 geographic regions served by the Department's regional education laboratories.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

The existing Comprehensive Centers consist of 22 centers, including 15 regional centers and 7 content centers. Grantees are required to develop five-year plans for carrying out authorized activities that address State and regional needs. The 15 regional centers provide services primarily to State educational agencies to enable them to assist school districts, regional education agencies, and schools, especially low-performing schools. Each regional center provides training and technical assistance in the implementation and administration of programs authorized under the Elementary and Secondary Education Act and the use of scientifically valid teaching methods and assessment tools in mathematics, science, reading and language arts. The 7 content centers focus on specific areas, with one center in each of seven areas: standards and assessment implementation; great teachers and leaders; school turnaround; enhancing early learning outcomes; college- and career-readiness and success; building State capacity and productivity; and innovations in

learning. These centers supply much of the research-based information and products in the specific area that regional centers use when working with States.

Applicant Eligibility:

Research organizations, institutions, agencies, institutions of higher education (IHEs), or partnerships among such entities, or individuals that have the expertise to provide training to States, school districts, and schools may apply.

Beneficiary Eligibility:

Agencies supporting or providing elementary and secondary education will benefit, including state and local educational agencies, schools, Indian tribes, community-based organizations, and other recipients of funds under ESEA.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Applications or proposals must be prepared and submitted in accordance with applicable program announcements.

Award Procedure:

After completion of competitive peer review of applications, the Department makes the final decision on the approval and funding of applications.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 60 to 120 days.

Appeals:

84.287 TWENTY-FIRST CENTURY COMMUNITY LEARNING CENTERS

FEDERAL AGENCY:

Office of Elementary and Secondary Education, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act of 1965 (ESEA), as amended, Title IV, Part B.

OBJECTIVES:

To provide opportunities for communities to establish or expand activities in community learning centers that provide opportunities for academic enrichment for children, particularly students who attend high-poverty and low-performing schools. The program is intended to help students meet state and local student academic achievement standards in core academic subjects, such as reading and math; to offer students a broad array of enrichment activities that reinforce and complement their regular academic programs; and to offer literacy and other educational services to the families of participating children.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Projects funded under this program must primarily target students who attend schools that are eligible for schoolwide programs under section 1114 of the ESEA and families of such students, and must be used to provide students with opportunities for academic enrichment during non-school hours or periods when school is not in session, such as before school, after school, or during summer recess. This program is subject to non-supplanting requirements and must use a restricted indirect cost rate which is referenced under 34 CFR 76.564-76.569. For assistance call the Office of Chief Financial Officer/Indirect Cost Group on (202) 708-7770.

Applicant Eligibility:

State educational agencies (SEAs) are eligible for funds under this program. Local educational agencies, community-based organizations, and other public or private entities are eligible to apply to the SEA in state in which they are located for subgrants.

Beneficiary Eligibility:

School-aged children and their families.

Credentials/Documentation:

Contact program office. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. States must apply for funds either through a program-specific application or by including the program in a consolidated State plan authorized under Title IX of the ESEA. 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Contact the program office for additional information.

Formula and Matching Requirements:

Statutory Formula: Funds are allocated to States in proportion to each State's share of funds in the previous fiscal year under Part A of Title I of the ESEA, except that no State may receive less than 0.5 percent of the amount available to all States.

Matching requirements are not applicable to this program.

This program has MOE requirements, see funding agency for further details.

Length and Time Phasing of Assistance:

Awards are made annually. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

Generally, SEAs are subject to the reporting requirements contained in Title IX of the ESEA consolidated state performance report section 9303(b). 84.295 READY-TO-LEARN TELEVISION

FEDERAL AGENCY:

Office of Innovation and Improvement, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act of 1965, as amended, Title II, Part D, Subpart 3.

OBJECTIVES:

To facilitate student academic achievement by developing educational programming and digital content, with accompanying educational support materials, for preschool and early elementary school children and their families.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

The program makes awards to support the development and distribution of educational video programming and digital content, and related outreach materials. Administrative costs are limited by the authorizing statute. Entities receiving a grant, contract, or cooperative agreement from the Secretary may not use more than five percent of the amounts received for the normal and customary expenses of administering the grant.

Applicant Eligibility:

To be eligible to receive a grant, contract, or cooperative agreement, an entity

shall be a public telecommunications entity that can demonstrate a capacity to: (1) develop and disseminate educational and instructional television programming nationwide; (2) contract with the producers of children's television programming; (3) negotiate such contracts in a manner that returns an appropriate share of ancillary income from sales of program-related products; and (4) localize programming and materials to meet specific State and local needs.

Beneficiary Eligibility:

Programming is to be made widely available, with support materials as appropriate, to young children, their parents, child care workers, and Head Start and Even Start providers.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. This procedure is described in the application notice published annually in the Federal Register. Contact the headquarters office listed below for application packages containing the announcement, application, and forms.

Award Procedure:

Applications are reviewed and evaluated by outside experts and program staff, in accordance with the administrative regulations governing the Evaluation of Applications for Grants and Cooperative Agreements (34 CFR 75, Subpart D).

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 60 days following the application deadline.

Appeals:

Not Applicable.

Renewals:

As required by the Education Department General Administrative Regulations (EDGAR) for direct grant program (see 34 CFR 75.253). Generally, for multiple-year awards, continuation awards after the first budget period are made if: sufficient funds have been appropriated; the recipient has either made substantial progress in meeting the goals of the project or obtained approval for changes in the project; the recipient has submitted all required reports; and continuation is in the best interest of the government.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Following an initial award of 12 months, four additional 1-year, non-competing continuation awards may be made, for a total term of 5 years. Renewals are subject to the availability of funds. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

The recipient must submit an annual report. At a minimum, the report must describe the program activities including: (1) Programming that has been developed directly or indirectly and the target population of the programs developed; (2) supporting materials that have been developed to accompany the programming and the method by which materials are distributed to consumers and users of the programming; (3) the means by which programming developed

has been distributed, including the distinct learning technologies that have been utilized to make programming available and the geographic distribution achieved through such technologies; and (4) the initiatives undertaken to develop public or private partnerships to secure nonfederal support to develop and distribute the broadcasting of educational and instructional programming. Cash reports are not applicable. Grantees must submit an annual performance report (APR) as required under EDGAR 34 CFR 74.50. Expenditure reports are monitored through the APR. Program performance is monitored through the APR.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

As required by EDGAR for direct grant programs (34 CFR 75). The grantee must maintain records and other evidence pertaining to all costs incurred, revenues, or other applicable credits acquired under its award as stated or contract terms and conditions. (34 CFR 75.721). Generally, records related to grant funds, compliance, and performance must be maintained for a period of five years after completion.

84.305 EDUCATION RESEARCH, DEVELOPMENT AND DISSEMINATION

FEDERAL AGENCY:

Institute of Education Sciences, Department of Education

AUTHORIZATION:

Education Sciences Reform Act of 2002, Title I, Parts A, B and D, Sections 133 and 172.

OBJECTIVES:

To support the development and distribution of scientifically valid research, evaluation, and data collection that support learning and improve academic achievement. Funding provides support for building a high-quality evidence base on what works in education, as well as dissemination to ensure that the evidence base informs practice. The central purpose of the Institute's research grant programs is to provide interested individuals and the general public with reliable and valid information about education practices that support learning and improve academic achievement and access to education opportunities for all students. These interested individuals include parents, educators, students, researchers, and policymakers. In carrying out its grant programs, the Institute provides support for programs of research in areas of demonstrated national need.

TYPES OF ASSISTANCE:

Project Grants (Contracts)

USES AND USE RESTRICTIONS:

Grants support basic and applied research, development, dissemination, evaluations, and research training in education. Small Business Innovation Research (SBIR) contracts are awarded to qualified small businesses to conduct innovative research and development projects focused on education technology. Funds also support the What Works Clearinghouse, the Education Resources Information Center, the National Library of Education, and a variety of other dissemination and support activities that are supported by contracts.

Applicant Eligibility:

Applicants that have the ability and capacity to conduct scientifically valid research are eligible to apply. Eligible applicants include, but are not limited to, non-profit and for-profit organizations and public and private agencies and institutions, such as colleges and universities. SBIR contract awards are limited to eligible small businesses.

Beneficiary Eligibility:

Institutions and individuals involved with education will benefit.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program.

Grant competitions are announced in the Federal Register and on the agency website (<http://ies.ed.gov/funding/>). Standard Form 424 ("Application for Federal Assistance"), an application narrative, and required certifications must be submitted by the deadline specified in the Federal Register.

The Requests for Application grant notices (available on <http://ies.ed.gov/funding/>) describe the substantive requirements for applications and provide information on how to prepare and submit applications electronically through Grants.gov. The Application Packages provide all of the required forms and are available on <http://www.grants.gov>. Letters of Intent are encouraged but not required.

Grant applications to Institute of Education Sciences (IES) competitions must be submitted via the Grants.gov government-wide portal that allows potential applicants to find grant opportunities and apply for grants. The Grants.gov registration process can take several weeks. Interested applicants should begin the registration process well in advance of application deadlines.

Individuals planning to submit an application on behalf of their organization must ensure that (1) their institution/organization is registered with Grants.gov and (2) they register themselves as Authorized Organizational Representatives (AORs) well before the competition deadline. Grants.gov registration information can be found at <http://www.grants.gov/web/grants/applicants/apply-for-grants.html>.

The Department provides a forecast of contract opportunities on its website at <http://www2.ed.gov/fund/contract/find/forecast.html> and posts solicitations on the Federal Business Opportunity website (www.fbo.gov). Vendors may view a synopsis, download a solicitation, and register to receive notification of modifications to existing notices.

Award Procedure:

Grant applications that are responsive and compliant to the Requests for Applications are evaluated by expert reviewers for scientific and technical merit. Scientific reviews are conducted in accordance with the review criteria stated in the Request for Applications and the review procedures posted on the IES website, http://ies.ed.gov/director/sro/peer_review/application_review.asp, by a panel of scientists who have substantive and methodological expertise appropriate to the program of research and Request for Applications. Awards are competitive, with the following criteria considered in making award decisions for responsive and compliant applications: Scientific merit as determined by peer review, performance and use of funds under a previous federal award, contribution to the overall program of research described in the Request for Applications, and availability of funds.

For contracts, the Department reviews offers and makes awards to those companies that are determined to provide the value to the government.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 210 to 240 days.

Appeals:

Not Applicable.

Renewals:

Renewals are based on the review of annual performance reports and the recommendation of the project officer. All renewals are subject to the availability of funds.

Formula and Matching Requirements:

This program has no statutory formula. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Projects generally may be supported for 1 to 5 years. Funds are granted on a 12 month basis. All grantee obligations shall be liquidated within 90 days following the end of the award period. Payments may be made according to a

predetermined schedule or by way of reimbursement. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

As required by the Education Department General Administrative Regulations (EDGAR) for direct grant programs (34 CFR 75). Generally, financial reports and program reports must be submitted as required by grant award terms and conditions. Cash reports are not applicable. Annual progress and performance reports are required as part of the submittal of form ED 524B. Annual expenditure reports are required as part of the submittal of form ED 524B. Staff also monitor drawdowns using agency financial reports. Reporting on performance measures is required as part of the submittal of form ED 624B. The Department has established performance measures for the program. The measures are: (1) The percentage of projects that result in peer-reviewed publications. (2) The cumulative number of IES-supported interventions with evidence of efficacy in improving student outcomes. (3) The number of newly developed or modified interventions with evidence of promise for improving student education outcomes.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Each grantee will keep intact, and accessible, records relating to the receipt and expenditure of Federal funds and the expenditures of the grantee's contribution to the cost of the project, if any. Records will normally be retained for 3 years after the date of the submission of the final expenditure report, or for grants that are reviewed annually, 3 years after the date of the award.

Account Identification:

Range and Average of Financial Assistance:

The 2014 grant awards ranged in size from \$100,000 to \$10 million for 1-5 year projects. The 2014 SBIR awards ranged from \$150,000 to \$1,050,000 for Phase I awards and \$134,049 to \$899,995 for Phase II awards.

It is anticipated that the 2015 grant awards will range in size from approximately \$180,000 to \$179,902 to \$10 million. The 2015 SBIR awards ranged from \$145,420 to \$150,000 for Phase I awards and \$485,802 to \$900,000 for Phase II awards.

It is anticipated that the 2016 grant awards will range in size from \$50,000 to \$2,000,000 over the life of the grant for awards of up to 5 years. The 2016 SBIR Phase I contract awards will be in amounts up to \$150,000 for awards up to 6-months in length; the SBIR Phase II contract awards will be in amounts up to \$900,000 for up to 2 years.

TAFS Codes:

91-1100.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2014: In fiscal year 2014, 879 grant applications were received and 93 were funded. In addition, 252 SBIR applications were received and 15 were funded. Fiscal Year 2015: A grant competition was held for the Evaluation of State Education Programs and Policies. Applications were due on June 10, 2015. Information is not yet available on the numbers of applications and awards.

In addition, the Department held a competition for Phase I SBIR contract awards; applications were due on January 15, 2015. After completion of the Phase I stage, most recipients of Phase I awards can compete for Phase II awards. There were 175 SBIR applications received and 21 were funded. Fiscal

Year 2016: The National Center for Education Research (NCER) will hold six competitions: one competition for education research, one competition for education research training, one competition for education research and development centers, one competition for statistical and research methodology in education, one competition for partnerships and collaborations focused on problems of practice or policy, and one competition for research networks. The competitions were announced in the Federal Register on April 15, 2015. It is anticipated that approximately 900 applications will be received and 115 funded.

As used in this program, personnel means special education teachers, regular education teachers, principals, administrators, related services personnel, paraprofessionals, and early intervention personnel serving infants, toddlers, preschoolers, or children with disabilities, except where a particular category of personnel, such as related services personnel, is identified.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

The uses of funds under the State Personnel Development Grants program are described in section 654 of the IDEA (20 U.S.C. 1454). Not less than 90 percent of the grant funds for any fiscal year must be used for spent on professional development activities described in section 654(a) of IDEA (20 U.S.C. 1454(a)), including improving results for children with disabilities

through the delivery of high-quality instruction and the recruitment, hiring and retention of highly qualified special education teachers. Not more than 10 percent of grant funds for any fiscal year must be spent on the other activities described in section 654(b) of IDEA (20 U.S.C. 1454(b)), such as reforming special education and regular education teacher certification (including recertification) or licensing requirements and carrying out programs that establish, expand, or improve alternative routes for State certification of special education teachers.

Applicant Eligibility:

State Educational Agencies.

A State educational agency of one of the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, and the outlying areas (U.S. Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands) may apply.

Beneficiary Eligibility:

Infants and toddlers with disabilities as defined in the IDEA and their families, and children with disabilities as defined in the IDEA and their parents benefit from this program.

Credentials/Documentation:

Contact program office. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. The regulations in 34 C.F.R. Part 80 (Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments) implement OMB Circular A-102. The standard application forms as furnished by the Office of Special Education and Rehabilitative Services must be used for this program. Information about submitting applications for this program can be found in the Notice Inviting Applications for this program for a particular fiscal year and in the approved application package. A notice inviting applications is generally published in the Federal Register annually, depending on the availability of appropriations for a particular fiscal year. Awards are made on a competitive basis based on the availability of funds. The regulations in 34 C.F.R. Part 74 (Administration of Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations) implement OMB Circular A-110. OMB Circular A-110 is not applicable to SEAs; however, it is applicable to SEA partners, such as institutions of higher education or other non-profit organizations.

Award Procedure:

Applications are peer reviewed and grants are made on a competitive basis subject to the approval of the Assistant Secretary, OSERS.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 90 to 120 days.

Appeals:

Not Applicable.

Renewals:

A continuation awards may be made annually for up to 5 years throughout the project period of an approved multi-year grant, depending upon the availability of appropriations and the OSERS Assistant Secretary's determination that the grantee has made substantial progress in meeting the objectives of the approved application.

Formula and Matching Requirements:

This program has no statutory formula. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Typically from one to five years, subject to the availability of appropriations and the grantee's compliance with the requirements of the grant. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

Grantees must submit an annual performance report (APR) as required under EDGAR (34 CFR Part 80 80.41 and 34 C.F.R. Part 75, 75.720 74.50). Final reports are made at the end of the project period. Cash reports are not applicable. Progress is monitored through the grantee's APR. Expenditure reports are not applicable. Program performance is monitored through APR.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

The grantee shall maintain accounts, records, and other evidence pertaining to all costs incurred, revenues or other applicable credits acquired under its grant, as stated in award terms and conditions.

84.324 RESEARCH IN SPECIAL EDUCATION

FEDERAL AGENCY:

Institute of Education Sciences, Department of Education

AUTHORIZATION:

Education Sciences Reform Act of 2002, Part E.

OBJECTIVES:

To support scientifically rigorous research contributing to the solution of specific early intervention and education problems associated with children with disabilities.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Funds may be used for research on children with or at risk for disabilities and training in special education research.

Applicant Eligibility:

Applicants that have the ability and capacity to conduct scientifically valid research are eligible to apply. Eligible applicants include, but are not limited to, non-profit and for-profit organizations and public and private agencies and institutions, such as colleges and universities.

Beneficiary Eligibility:

Infants, toddlers, and children with disabilities or at risk for disabilities benefit from this research.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Grant competitions are announced in the Federal Register and on the agency website (<http://ies.ed.gov/funding/>). Standard Form 424 ("Application for Federal Assistance"), an application narrative, and required certifications must be submitted by the deadline specified in the Federal Register.

The Requests for Application grant notices (available on <http://ies.ed.gov/funding/>) describe the substantive requirements for applications and provide information on how to prepare and submit applications electronically through Grants.gov. The Application Packages provide all of the required forms and are available on <http://www.grants.gov>. Letters of Intent are encouraged but not required.

Grant applications to Institute of Education Sciences (IES) competitions must be submitted via the Grants.gov government-wide portal that allows potential applicants to find grant opportunities and apply for grants. The Grants.gov registration process can take several weeks. Interested applicants should begin

the registration process well in advance of application deadlines.

Individuals planning to submit an application on behalf of their organization must ensure that (1) their institution/organization is registered with Grants.gov and (2) they register themselves as Authorized Organizational Representatives (AORs) well before the competition deadline. Grants.gov registration information can be found at <http://www.grants.gov/web/grants/applicants/apply-for-grants.html>

Award Procedure:

Grant applications that are responsive and compliant to the Requests for Applications are evaluated by expert reviewers for scientific and technical merit. Scientific reviews are conducted in accordance with the review criteria stated in the Request for Applications and the review procedures posted on the IES website, http://ies.ed.gov/director/sro/peer_review/application_review.asp, by a panel of scientists who have substantive and methodological expertise appropriate to the program of research and Request for Applications. Awards are competitive, with the following criteria considered in making award decisions for responsive and compliant applications: Scientific merit as determined by peer review, performance and use of funds under a previous federal award, contribution to the overall program of research described in the Request for Applications, and availability of funds.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

240 days - 330 days.

Appeals:

Not Applicable.

Renewals:

Renewals are based on the review of annual performance reports and the recommendation of the project officer. All renewals are subject to the availability of funds.

Formula and Matching Requirements:

This program has no statutory formula.
Matching requirements are not applicable to this program.
MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Projects generally may be supported for 1 to 5 years. Funds are granted on a 12 month basis. All grantee obligations shall be liquidated within 90 days following the end of the award period. Payments may be made according to a predetermined schedule or by way of reimbursement. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

As required by the Education Department General Administrative Regulations (EDGAR) for direct grant programs (34 CFR 75). Generally, annual financial and progress reports must be submitted as required by grant award terms and conditions. Cash reports are not applicable. Annual progress and performance reports are required as part of the submittal of form ED 524B. Annual expenditure reports are required as part of the submittal of form ED 524B. Staff also monitor drawdowns using agency financial reports. The Department has established performance measures for the program. The measures are: (1) The percentage of projects that result in peer-reviewed publications. (2) The cumulative number of IES-supported interventions with evidence of efficacy in improving education outcomes for students with or at risk for disabilities. (3) The number of newly developed or modified interventions with evidence of promise for improving education outcomes for students with or at risk for disabilities.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

As stated in grant or contract terms and conditions, the awardee shall maintain accounts, records, and other evidence pertaining to all costs incurred, revenues or other applicable credits acquired under this grant or contract.

Each grantee will keep intact, and accessible, records relating to the receipt and expenditure of Federal funds and the expenditures of the grantee's contribution to the cost of the project, if any. Records will normally be retained for 3 years after the date of the submission of the final expenditure report, or for grants that are reviewed annually, 3 years after the date of the award.

84.334 GAINING EARLY AWARENESS AND READINESS FOR UNDERGRADUATE PROGRAMS

(GEAR-UP)

FEDERAL AGENCY:

Office of Postsecondary Education, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, as amended, Title IV, Part A, Subpart 2, Chapter 2.

OBJECTIVES:

Provides 6- or 7-year grants to States and Partnerships to provide support, and maintain a commitment, to eligible low-income students, including students with disabilities, to help the students obtain a secondary school diploma (or its recognized equivalent) and to prepare for, and succeed in, postsecondary education. GEAR UP has two major service components. All projects provide a comprehensive set of early intervention services including mentoring, tutoring, academic and career counseling, services to increase parental involvement, and other college preparation activities like exposure to college campuses and financial aid information and assistance. Some projects provide college scholarships to participating students.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

(1) State Grants. States receiving funds are required (unless they receive a waiver) to provide both the early intervention services and a scholarship component, targeted to low-income students in grades K-12. At least 50 percent, but not more than 75 percent, of the grant funds must be used to provide scholarships to participating students. Conversely, at least 25 percent, but not more than 50 percent, of the funds must be used for required and permissible activities. To meet the matching requirement, States must cover at least 50 percent of the project costs with cash or in-kind contributions from non-Federal sources. (2) Partnership Grants. Eligible partnerships consist of one or more local educational agencies and one or more degree granting institutions of higher education and not less than two other community organizations or entities such as businesses, professional organizations, State agencies, institutions, or other public or private agencies or organizations. Partnerships receiving funds are not required to provide a scholarship component. However, they are required to provide services to at least one cohort or grade level of students beginning no later than the 7th grade, in a school that has a 7th grade, and in which at least 50 percent of the students enrolled are eligible for free or reduced-price lunch, or to an entire grade level of students, not later than the 7th grade, who reside in public housing. This program is subject to non-supplanting requirements and must use a restricted indirect cost rate, which is referenced under 34 CFR 76.564-76.569. For assistance call the Office of the Chief Financial Officer/Indirect Cost Group at (202) 708-7770.

Applicant Eligibility:

A State, or a partnership consisting of one or more local educational agencies

one or more degree granting institutions of higher education; and at least two community organizations or entities, such as businesses, professional associations, community-based organizations, philanthropic organizations, State agencies, parent groups, and/or nonprofit organizations.

Beneficiary Eligibility:

Low-income students and students in high-poverty schools.

Credentials/Documentation:

OMB Circular No. A-21 applies. OMB Circular No. A-122 applies. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. In any fiscal year in which funds are available for new awards, the Department of Education publishes a notice in the Federal Register inviting applications and establishing a deadline date. An application package is available from the Office of Higher Education Programs. Copies are available on the web page and will also be mailed upon request.

Award Procedure:

Peer review panels composed of representatives from public and private higher education, and State, and local education agencies having expertise in elementary, secondary, and higher education.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Notification usually is made within 4 months of the deadline for submission of applications.

Appeals:

Not Applicable.

Renewals:

Applications for renewal of multi-year projects are processed and funded before those for new projects. Renewals are subject to the availability of funds.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: The statute requires a cash or in-kind match from non-Federal sources.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Grants are made for up to 7 years, subject to the availability of funds. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

As required by the Education Department General Administrative Regulations (EDGAR) for direct grant programs (34 CFR 75). Generally, annual performance and financial reports are required. Cash reports are not applicable. Annual performance reports are required as part of the submittal of form ED 524B. Annual expenditures reports are required as part of the submittal of form ED 524B. Staff also monitor grant drawdown using agency financial reports. Reporting on performance measures is required as part of the submittal of form ED 524B.

Audits:

This program is excluded from coverage under 2 CFR 200, Subpart F - Audit Requirements. Grantees are subject to audit requirements as described in 34 CFR 74.26.

Records:

EDGAR for direct grant programs (34 CFR part 75). Generally, records related to grant funds, compliance and performance must be maintained for a period of 3 years after completion of the grant.

84.335 CHILD CARE ACCESS MEANS PARENTS IN SCHOOL

FEDERAL AGENCY:

Office of Postsecondary Education, Department of Education

AUTHORIZATION:

Higher Education Act, as amended, Title IV, Part A, Subpart 7.

OBJECTIVES:

To support the participation of low-income parents in postsecondary education through the provision of campus-based child care services.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Funds must be used to support or establish child care programs serving low-income students enrolled in postsecondary education. Funds may be used to provide before or after school services to the extent necessary to allow students to pursue a postsecondary career. No funds from grants may be used for construction other than minor renovations to meet State or local health or safety needs.

Applicant Eligibility:

An institution of higher education is eligible to apply if the total amount of all Federal Pell Grant funds awarded to students enrolled at the institution of higher education for the preceding fiscal year equals or exceeds \$350,000.

Beneficiary Eligibility:

Low-income student parents enrolled in postsecondary programs will benefit.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from

84.354 CREDIT ENHANCEMENT FOR CHARTER SCHOOL FACILITIES

FEDERAL AGENCY:

Office of Innovation and Improvement, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act of 1965 (ESEA), as amended, Title V, Part B, Subpart 2.

OBJECTIVES:

To provide grants to eligible entities to leverage funds through credit enhancement initiatives in order to assist charter schools in using private-sector capital to acquire, construct, renovate, or lease academic facilities.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Grant recipients must deposit the funds received under this program (other than funds used for administrative costs) in a reserve account established and maintained by the entity for this purpose. Amounts deposited in such an account must be used by the entity to help charter schools access private-sector capital for acquiring, renovating, or constructing facilities. Reserve accounts must be used for one or more of the following purposes: (1) Guaranteeing, insuring, and reinsuring bonds, notes, evidences of debt, loans, and interests therein; (2) Guaranteeing and insuring leases of personal and real property; (3) Facilitating financing by identifying potential lending sources and encouraging private lending and other similar activities that directly promote lending to, or are conducted for the benefit of, charter schools; and (4) Facilitating the issuance of bonds by charter schools or by public entities for the benefit of charter schools. This may be accomplished by providing technical, administrative, and other appropriate assistance, including the recruitment of bond counsel, underwriters, and potential investors and the consolidation of multiple charter school projects within a single bond issue.

Applicant Eligibility:

A public entity, such as a State or local government entity, a private nonprofit entity, or a consortium of such entities may apply.

Beneficiary Eligibility:

Public charter schools as defined in Section 5210, ESEA.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Applications must be prepared and submitted in accordance with a notice published in the Federal Register. By the due date, eligible

applicants must submit to the Department of Education a complete application that addresses the purposes of the program, the selection criteria, any priorities included in the application notice, and all required assurances and signatures.

Award Procedure:

The Department of Education awards these grants on a competitive basis. The program office notifies successful applicants of awards and negotiates and awards grants. Contact the program office for more information.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

The range of approval/disapproval time is approximately 60 to 120 days following the application deadline.

Appeals:

The General Education Provisions Act hearing procedures regarding recovery of funds are applicable to this program.

Renewals:

The Department has historically only made one-time awards under this program.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Funds under this program are available for the Department of Education to obligate by September 30 of the fiscal year in which they are appropriated. Once these funds are obligated, they must be expended from the Federal account in five years. In addition, two years after the grantee's receipt of grant funds, the Secretary may collect any or all funds in a reserve account if the grantee has not made substantial progress or is no longer using the funds for their specified purpose. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

Each grantee under this program annually must submit to the Secretary a report of its operations and activities. Each such annual report must include-- (1) a copy of the most recent financial statements, and any accompanying opinion on such statements, prepared by the independent public accountant reviewing the financial records of the grantee; (2) a copy of any report made on an audit of the financial records of the grantee that was conducted during the reporting period; (3) an evaluation by the grantee of the effectiveness of its use of the Federal funds in leveraging private funds; (4) a listing and description of the charter schools served during the reporting period; (5) a description of the activities carried out by the grantee to assist charter schools; and (6) a description of the characteristics of lenders and other financial institutions participating in the activities undertaken by the grantee during the reporting period. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. 84.356 ALASKA NATIVE EDUCATIONAL PROGRAMS**FEDERAL AGENCY:**

Office of Elementary and Secondary Education, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act (ESEA), as amended, Title VII, Part C.

OBJECTIVES:

To support projects that recognize and address the unique educational needs of Alaska Native students and to support supplemental education programs that benefit Alaska Natives.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Allowable activities include, but are not limited to: (1) the development of curricula and education programs that address the educational needs of Alaska Native students; (2) the development and operation of student enrichment programs in science and mathematics; (3) professional development activities for educators; (4) family literacy services; and (5) dropout prevention programs.

An eligible entity may use not more than 5 percent of the funds received under this program for the administrative costs of carrying out its responsibilities under this Subpart.

Applicant Eligibility:

Alaska Native organizations, education entities with experience in developing or operating Alaska Native programs or programs of instruction conducted in Alaska Native languages, cultural and community-based organizations with experience in developing or operating programs to benefit Alaska Natives, and consortia of organizations may apply. A State educational agency (SEA) or local educational agency (LEA) may apply as part of a consortium involving an Alaska Native organization. The consortia may include other eligible applicants.

Beneficiary Eligibility:

Alaska Natives as defined in the Alaska Native Claims Settlement Act.

Credentials/Documentation:

This program is included under OMB Circular No. A-87. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Applications must be prepared and submitted in accordance with a notice published in the Federal Register. By the due date, eligible applicants must submit to the Department of Education a complete application that addresses the purposes of the program, the selection criteria, and any priorities included in the application notice, and includes all required assurances and signatures.

Award Procedure:

The Department of Education awards these grants on a competitive basis. Applications are reviewed and ranked by a panel of outside reviewers. The Program Office notifies successful applicants of awards and negotiates and awards grants. Contact the Program Office for more information.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

The range of approval/disapproval time is approximately 60 to 120 days following the application deadline.

Appeals:

The General Education Provisions Act hearing procedures regarding recovery of funds are applicable to this program.

Renewals:

Renewals are subject to the availability of appropriations and substantial progress by the grantee.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Funds under this program are available for the Department of Education to obligate by September 30 of the fiscal year for which they are appropriated. Once these funds are obligated, they must be expended from the Federal account by September 30 of the subsequent fiscal year. In addition, two years after the grantee's receipt of grant funds, the Secretary may collect any or all funds in a reserve account if the grantee has not made substantial progress or is no longer using the funds for their specified purpose. Continuation awards are subject to the availability of appropriations and adequate progress on project implementation. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

Each eligible entity receiving a grant under this program annually shall submit to the Secretary a report of its operations and activities. Each annual report shall include: (1) An executive summary; (2) information on project status; (3) budget information; and (4) supplemental information. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. No performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit

Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

In accordance with the General Education Provisions Act and the Education Department General Administrative Regulations (EDGAR), certain records must be retained for 3 years after the end of the grant.

84.358 RURAL EDUCATION

FEDERAL AGENCY:

Office of Elementary and Secondary Education, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act (ESEA), as amended, Title VI, Part B.

OBJECTIVES:

To provide financial assistance to rural districts to carry out activities to help improve the quality of teaching and learning in their schools.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

The program has two components with similar allowable uses of funds. Grantees under the Small, Rural School Achievement (SRSA) program component may use program funds to carry out activities authorized under: ESEA Title I-Part A (Grants to LEAs); Title II- Part A (Improving Teacher Quality State Grants); Title II-Part D (Educational Technology State Grants); Title III (Language Instruction for Limited English Proficient and Immigrant

Students); Title IV-Part A (Safe and Drug-Free Schools and Communities State Grants); Title IV-Part B (21st Century Community Learning Centers); and Title V-Part A (State Grants for Innovative Programs). Grantees under the Rural and Low-Income School (RLIS) program component may use program funds for: teacher recruitment and retention; teacher professional development; educational technology; parental involvement activities; activities authorized under ESEA Title IV-Part A (Safe and Drug-Free Schools and Communities); activities authorized under ESEA Title I-Part A (Grants to LEAs); and activities authorized under ESEA Title III (Language Instruction for Limited English Proficient and Immigrant Students). This program is subject to non-supplanting requirements and must use a restricted indirect cost rate that is referenced under 34 CFR 75.564-76.569. For assistance call the Office of the Chief Financial Officer/Indirect Cost Group on (202) 708-7770.

Applicant Eligibility:

For SRSA, eligible recipients are local educational agencies (LEAs) in which (1) the total number of students in average daily attendance at all of the schools served by the LEA is less than 600 or where each school in the LEA is located in a county with a total population density of less than 10 persons per square mile; and (2) all of the schools served by the LEA are designated as rural by the U.S. Department of Education's National Center for Education Statistics (NCES) using the NCES school locale methodology in place at the time of enactment of the No Child Left Behind Act or the LEA is located in an area of the State defined as rural by a State governmental agency. For RLIS, eligible recipients are State educational agencies (SEAs). SEAs then must distribute funds to local educational agencies (LEAs) on a formula or competitive basis. An LEA is eligible to receive a grant under RLIS only if (1) it is not eligible for funds under SRSA; (2) at least 20 percent of the school children ages 5-17 in the LEA come from families with incomes below the poverty line; and (3) all of the schools served by the LEA are designated with a school locale code of 6, 7, or 8 under the NCES school locale methodology in place at the time of NCLB's enactment. If an SEA chooses not to participate in the program, the Secretary uses the State's allocation to make direct grants to eligible LEAs in the State.

Beneficiary Eligibility:

Elementary and secondary schools, students, and teachers in rural schools.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. LEAs annually submit applications to the Department of Education. For SRSA, however, the Department considers the application requirement to be met if the LEA submitted an application in any prior year. Application forms and instructions are available from the headquarters office. For RLIS, an SEA must submit an application that includes specific, measurable goals and objectives for the activities to be carried out through the grant. If an SEA does not participate in the program, eligible LEAs in the State may submit an application directly to the Department.

Award Procedure:

For SRSA, awards are issued annually directly to eligible LEAs on a formula basis. Awards are made to all that apply and meet the applicable requirements of the Act. Contact the program office for more information. For RLIS, awards are issued annually to SEAs, which make subgrants to LEAs. Awards are made to all SEAs that have RLIS-eligible LEAs and apply and meet the applicable requirements of the Act. SEAs then award subgrants to eligible LEAs in the State either competitively or by formula.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 120 days.

Appeals:

Not Applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: ESEA Title VI, Part B, Sections 6212(b) and Section 6221(a)(2). Funds appropriated for the program are divided equally between SRSA and RLIS.

Matching requirements are not applicable to this program.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Grants are awarded for 1 year. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

Annual financial and performance reports are due within 90 days of the termination of the project period. Cash reports are not applicable. No progress reports are required. Expenditure reports are not applicable. No performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Records must be maintained 3 years after the completion of the activity for which grant funds were used.

Account Identification:

91-1000-0-1-501.

Obligations:

(Formula Grants) FY 14 \$169,840,120; FY 15 est \$169,840,000; and FY 16 est \$169,840,000

Range and Average of Financial Assistance:

Range of new awards for SRSA: \$68 - \$60,000; Average new award for SRSA: \$20,000

Range of new subgrants for RLIS: \$1,000 - \$485,000; Average new subgrants for RLIS: \$42,000.

**84.365 ENGLISH LANGUAGE ACQUISITION STATE GRANTS
FEDERAL AGENCY:**

Office of Elementary and Secondary Education, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act of 1965 (ESEA), as amended, Title III, Part A, Sections 3101-3141.

OBJECTIVES:

To help ensure that limited English proficient (LEP) children, including immigrant children and youth, attain English proficiency and meet the same challenging State academic content and student academic achievement standards as all children are expected to meet.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

The Department makes awards to States and outlying areas using a formula based on their share of limited English proficient (LEP) children and immigrant children and youth. State educational agencies (SEAs) must use at least 95 percent of their allocations to award subgrants to local educational agencies (LEAs) to assist limited English proficient children in learning English and meeting challenging State academic content and student academic achievement standards, and for subgrants to local school districts that have experienced a significant increase in the number of immigrant children and youth. The immigrant subgrants cannot exceed 15 percent of the SEA's total allocation. SEAs may reserve up to 5 percent of their allocations for planning, evaluation and administrative costs, professional development activities, and technical assistance to and recognition for subgrantees. Subgrantees must use funds to increase the English proficiency of LEP children by providing high-quality language instruction educational programs that are based on scientifically based research and effective in increasing LEP students English proficiency and achievement in the core academic subjects. Subgrantees must also provide high-quality professional development to teachers and other educational personnel that is designed to improve instruction and assessment of LEP children, enhance teachers' ability to understand and use curricula, assessment measures, and instructional strategies for LEP students, and is of sufficient intensity and duration to have a positive and lasting impact. Funds may also be used for identifying, acquiring, and upgrading curricula, instructional materials, educational software, and assessment procedures and, providing tutorials and academic or vocational education, and community participation programs, family literacy services and parent outreach and training activities. Subgrantees awarded funds based on a substantial increase in the number of immigrant children and youth must use the funds to provide activities that provide enhanced instructional opportunities, which may include parent training, tutorials, mentoring, and career counseling. This program is subject to non-supplanting requirements and grantees must use a restricted indirect cost rate, which is referenced under 34 CFR 76.564-76.569. For assistance, call the Office of Chief Financial Officer/Indirect Cost Group on (202) 708-7770.

Applicant Eligibility:

States with approved State plans and outlying areas are eligible to receive funds.

Beneficiary Eligibility:

Children with limited English proficiency benefit.

Credentials/Documentation:

2 CFR 200, Subpart E - Cost Principles applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. SEAs apply for grants by submitting a plan to the Department that describes the process they will use in establishing standards and objectives for raising the level of English proficiency LEP students, making sub-grants to eligible entities, and holding sub-grantees accountable for meeting annual measurable achievement objectives. Outlying area applicants may apply under the Consolidated Application Process for outlying areas through which they may combine various program funds. An application submitted under the Consolidated Application Process for outlying areas must address the purpose of the grant, priorities, goals and objectives, activities, evaluation, needs, and include a budget indicating how the funds will be used.

Award Procedure:

The Department allocates funds to any SEA with an approved plan. SEAs must expend at least 95 percent of their Title III allotments to award subgrants to local educational agencies and other eligible entities to meet the educational needs of LEP and immigrant children and youth.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 120 days.

Appeals:

Section 432 of the General Education Provisions Act provides local educational agencies with a right of appeal in disagreements between State and local educational agencies, including disagreements over funding decisions. Where a local educational agency alleges that a denial of funding is "a violation of State or Federal law, rules, regulations, or guidelines governing the applicable program," it may, within 30 days, request a hearing from the State educational agency. Once the hearing is held and the State educational agency issues its written ruling, the local educational agency may appeal a negative ruling to the Secretary.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: The Secretary makes grants to SEAs with an approved plan based on 80 percent of each State/outlying areas share of LEP children and 20 percent of each State/outlying areas share of immigrant children and youth. No SEA receives less than \$500,000. The total amount allotted to Puerto Rico shall not exceed 0.5 percent of the total amount allotted to all States in any given fiscal year.

Matching requirements are not applicable to this program.

This program has MOE requirements, see funding agency for further details.

Length and Time Phasing of Assistance:

Generally, awards to SEAs are made on July 1. In addition, funds remain available to SEAs and LEAs for an additional fiscal year for obligation and expenditure under section 421(b) of GEPA. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

Grantees are subject to the reporting requirements contained in Parts 76 and 80 of the Education Department General Administrative Regulations (EDGAR). In addition, there are program-specific requirements for these formula grants: States prepare and submit reports every year on the programs and activities carried out by the SEA and the effectiveness of such programs and activities in improving the education of children who are limited English proficient. Local educational agencies that receive sub-grants from SEAs must provide States with an evaluation every second year. The evaluation must include: A description of the programs and activities conducted; a description of the progress made by children in learning English and meeting challenging State academic content and achievement standards; the number and percentage of children in the programs attaining English proficiency by the end of each year; and a description of the progress made by children in meeting State academic content and student achievement standards for each of the 2 years after such children are no longer receiving services. Cash reports are not applicable.

Progress reports are not applicable. Expenditure reports are not applicable. Contact program office.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. All grantees are subject to the provisions of the Single Audit Act.

84.366 MATHEMATICS AND SCIENCE PARTNERSHIPS**FEDERAL AGENCY:**

Office of Elementary and Secondary Education, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act of 1965, as amended, Title II, Part B.

OBJECTIVES:

To improve the academic achievement of students in mathematics and science by encouraging States, institutions of higher education (IHEs), local educational agencies (LEAs), and elementary and secondary schools to participate in programs that: improve and upgrade the status and stature of mathematics and science teaching by encouraging IHEs to improve mathematics and science teacher education; focus on the education of mathematics and science teachers as a career-long process; bring mathematics and science teachers together with scientists, mathematicians, and engineers to improve those teachers' teaching skills; develop more rigorous mathematics and science curricula that are aligned with challenging state and local academic achievement standards and with the

standards expected for postsecondary study in engineering, mathematics, and science; and improve and expand training of mathematics and science teachers, including by training such teachers in the effective integration of technology into curricula and instruction.

TYPES OF ASSISTANCE:

Formula Grants

USES AND USE RESTRICTIONS:

Funds may be used for authorized teacher education and professional development activities, including summer workshops or institutes that train teachers to use curricula based on scientific research and aligned with challenging State academic content standards; innovative distance-learning programs; and programs that bring teachers together with working scientists, mathematicians, and engineers to expand teachers subject-matter knowledge and research. Grantees may also use program funds to develop more rigorous mathematics and science curricula that are aligned with challenging State and local academic content standards and recruit individuals with mathematics, science, and engineering majors into the teaching profession through the use of signing and performance incentives, stipends, and scholarships. Funds received under this program must be used to supplement, and not supplant, funds that would otherwise be used for authorized activities.

Applicant Eligibility:

If the program appropriation reaches or exceeds \$100 million, as has been the case since fiscal year 2003, the Department provides grants to States by formula; States then award subgrants competitively to eligible partnerships. Eligible partnerships must include an engineering, mathematics, or science department of an IHE; and a high-need LEA. Partnerships may also include another engineering, mathematics, science, or teacher training department of an IHE; additional LEAs, public charter schools, public or private elementary or secondary schools; a business; or a nonprofit or for-profit organization of demonstrated effectiveness in improving the quality of mathematics and science teachers.

Beneficiary Eligibility:

University staff, school administrators, teachers, students, and parents benefit.

Credentials/Documentation:

No Credentials or documentation are required. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Partnerships submit a subgrant application to the State if the appropriation is \$100 million or greater, as has been the case since 2003.

Award Procedure:

The Department awards grants to States by formula. States then award subgrants competitively to eligible partnerships.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Not Applicable.

Appeals:

Not Applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Elementary and Secondary Education Act of 1965, section 2202(a). If the program appropriation reaches or exceeds \$100 million, as has been the case since fiscal year 2003, the Department provides grants to States by formula based on the number of children aged 5 to 17 who are from families

with incomes below the poverty line.

Matching requirements are not applicable to this program.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

States receive formula grants annually. States award subgrants to eligible partnerships for a period of not more than three years. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

State grantees must submit annual performance and financial reports as required by the Education Department General Administrative Regulations (EDGAR) at 34 CFR Part 76. 84.367 IMPROVING TEACHER QUALITY STATE GRANTS

FEDERAL AGENCY:

Office of Elementary and Secondary Education, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act, as amended, Title II, Part A.

OBJECTIVES:

To provide grants to State educational agencies (SEAs), local educational agencies (LEAs), State agencies for higher education (SAHEs) and, though SAHEs, to eligible partnerships of institutions of higher education (IHEs) and high-need local educational agencies (LEAs), in order to increase student academic achievement through such strategies as improving teacher and principal quality and increasing the number of highly qualified teachers in the classroom.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

One percent of the total award for each State is divided between the SEA and SAHE for administrative activities. Of the remaining funds, SEAs must use 95 percent of awards for subgrants to LEAs for the following purposes: to assist schools in effectively recruiting and retaining highly qualified teachers; to afford to LEAs the means of recruiting, hiring, and retaining teachers; to make available professional development activities that address subject-matter knowledge; and other activities as set forth in Section 2123 of the ESEA. This program is subject to non-supplanting requirements for all but SAHE subgrants to partnerships, and all but partnerships must use a restricted indirect cost rate which is described in 34 CFR 76.563-76.569. For assistance on indirect costs call the Office of the Chief Financial Officer/Indirect Cost Group on (202) 708-7770. SEAs retain 2.5 percent of award to conduct State-level activities and 2.5 percent is given to SAHEs for competitive projects carried out by partnerships of institutions of higher education (IHEs) and high-need LEAs.

Applicant Eligibility:

SEAs and SAHEs in States with approved applications.

Beneficiary Eligibility:

Elementary and secondary schools, teachers, and paraprofessionals, principals, students, parents, and pupil services personnel will benefit.

Credentials/Documentation:

2 CFR 200, Subpart E - Cost Principles applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. An SEA is eligible for funding if it submits either a consolidated State application that includes information the Department of Education requires, or a program application that includes Statewide activities based on scientifically based research and an explanation of why the activities will improve student academic achievement. The program application also must: (1) assure compliance by LEAs; (2) assure that the activities are aligned with challenging State academic content, student academic achievement standards, State assessments, and State and local curricula; and (3) describe the use of the funds to improve the quality of the State's teachers and principals. The SEA makes subgrants to local educational agencies (LEAs) on a formula basis. The SAHE makes subgrants, on a competitive basis, to eligible IHE-LEA partnerships to carry out as activities with funding that is reserved for partnerships. 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Contact the program office for additional information.

Award Procedure:

The Department awards funds to any State whose application the Secretary has approved under Section 2112(c) of the ESEA (in the Title II, Part A program statute) or under section 9302 (consolidated State applications). For FY11, all SEAs and SAHEs chose to apply for, and receive funds under, criteria the Department established for consolidated applications. Unless the Department chooses to require amendments to consolidated applications, the Department's approval is for the entire period of the ESEA's authorization.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Not Applicable.

Appeals:

As all consolidated State applications have been approved, appeal procedures are inapplicable. Appeals regarding SAHE's denial of an application for a subgrant would go to the SAHE, as permitted under State law and procedures.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Each State receives the amount of funds that it received under the antecedent Eisenhower Professional Development State Grants and Class Size Reduction programs in fiscal year 2001, totaling around \$2.1 billion. Remaining funds are then allocated to States by formula, with 35 percent of remaining allocations based on States relative shares of the population age 5 to 17, and 65 percent based on States relative shares of children from low-income families age 5 to 17. Each State must receive at least one-half of 1 percent of these remaining funds. The Bureau of Indian Education in the Department of the Interior and the Outlying Areas each receive one-half of 1 percent of the appropriation.

Matching requirements are not applicable to this program.

This program has MOE requirements, see funding agency for further details.

Length and Time Phasing of Assistance:

Generally, awards to States are available for obligation at the Federal level from July 1 to September 30 of the following year. In addition, funds remain available to States for an additional fiscal year for obligation and expenditure. See the following for information on how assistance is awarded/released: Electronic transfer. IHE-LEA partnerships that receive funds from a SAHE have the same period for obligation and expenditure of their awarded funds as does the SAHE.

Reports:

As required by the Education Department General Administrative Regulations (EDGAR) for State-administered programs (34 CFR part 76). Generally, SEAs are subject to the reporting requirements contained Consolidated State Performance Report required by Title IX of the ESEA, Section 9303 (b). Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. No performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Nonfederal entities that expend financial assistance less than \$500,000 in a fiscal year must keep records available for review or audit by appropriate officials of the Federal government.

Records:

SEAs, SAHEs, LEAs, and IHE-LEA partnerships must maintain program records for 3 years from the date those agencies submit to the awarding agency its single or last expenditure report for the period for which it received the funds. A longer retention period is required under specified conditions.

84.370 DC SCHOOL CHOICE INCENTIVE PROGRAM

FEDERAL AGENCY:

Office of Innovation and Improvement, Department of Education

AUTHORIZATION:

Scholarships for Opportunity and Results (SOAR) Act, (Division C of Public Law 112-10, the Department of Defense and Full-Year Continuing Appropriations Act, 2011).

OBJECTIVES:

To provide low-income parents residing in the District of Columbia (District) with expanded options for the education of their children. This program is part of a broader school improvement effort in the District.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

In FY 2009, the Department awarded one grant on a competitive basis to administer the scholarship program for new as well as current student participants. These scholarships of up to approximately \$8,000 per student per school year for grades K-8 and approximately \$12,000 per student per school year for grades 9-12 enable students to attend a participating nonpublic District

elementary and secondary school of their choice and may be used to pay tuition and fees and transportation.

Applicant Eligibility:

An educational entity of the District of Columbia Government; a nonprofit organization; or a consortium of nonprofit organizations.

Beneficiary Eligibility:

To receive an award under this program, an applicant must ensure that a majority of the members of its voting board or governing organization are residents of the District of Columbia. The Secretary gives priority to applications from eligible entities that will most effectively provide students and families with the widest range of educational options; to applications from eligible entities that will most effectively target resources to students and families who lack the financial resources to take advantage of available educational options; and to applications from eligible entities that will most effectively give priority to (A) eligible students who, in the school year preceding the school year in which the student would use the scholarship, attend an elementary or secondary school identified for improvement, corrective action, or restructuring under section 1116 of the Elementary and Secondary Education Act of 1965, as amended (ESEA) (20 U.S.C. 6316); (B) students who have been awarded a scholarship in a preceding year under the current authorizing legislation or the DC School Choice Incentive Act of 2003, as such Act was in effect on the day before the date of the enactment of the current authorizing legislation, but who have not used the scholarship, including eligible students who were provided notification of selection for a scholarship for school year 2009-2010, which was later rescinded in accordance with direction from the Secretary of Education; and (C) students whose household includes a sibling or other child who is already participating in the program of the eligible entity under this division, regardless of whether such students have, in the past, been assigned as members of a control study group for the purposes of an evaluation.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

This program is subject to the regulations in 34 CFR Part 79. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Applicants must submit the following by the designated deadline: (1) The applicant must provide a written narrative, which addresses the selection criteria (and the required application content) that reviewers use in evaluating their applications. (2) Required forms to be submitted with the application include SF424; Sections A, B, and C of ED Form 524; Assurance - Non Construction Programs; Certifications Regarding Lobbying, Debarment, Suspension and Other Responsibility Matters; Drug-Free Workplace Requirements; Disclosure of Lobbying Activity; Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions. (3) Applicants for grants under this program are required to submit applications electronically using the Electronic Grant Application System (e-Application) available through the Department's e-GRANTS system. Specific instructions for submitting applications electronically are included in the application notice.

Award Procedure:

The Department of Education awards this grant on a competitive basis. The program office notifies the successful applicant of the award, negotiates the final budget, and awards the grant. Contact the program office for more information.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application

deadlines.

Range of Approval/Disapproval Time:

Approximately 60 days.

Appeals:

84.372 STATEWIDE LONGITUDINAL DATA SYSTEMS

FEDERAL AGENCY:

Institute of Education Sciences, Department of Education

AUTHORIZATION:

Educational Technical Assistance Act of 2002, Title II, Section 208, Public Law 107-279.

OBJECTIVES:

These grants are intended to enable State educational agencies to design, develop, and implement statewide, longitudinal data systems to efficiently and accurately manage, analyze, disaggregate, and use individual student data, consistent with the Elementary and Secondary Education Act of 1965 and to facilitate analyses and research to improve student academic achievement and close achievement gaps. In 2015, grants will be awarded to carry out projects to address up to two of the following data use priorities: 1) Financial Equity and Return on Investment; 2) Educator Talent Management; 3) Early Learning; 4) College and Career; 5) Evaluation and Research; 6) Instructional Support. In addition, funds are used to support contracts to improve data quality, coordination, and use. The eligible entities for contract awards are public or private organizations or entities.

TYPES OF ASSISTANCE:

Project Grants (Contracts)

USES AND USE RESTRICTIONS:

Grants may support salaries, travel, equipment, and supplies as required to carry out design and implementation efforts. Grant funds shall be used to supplement and not supplant other State or local funds used for developing State data systems.

Applicant Eligibility:

State educational agencies.

Beneficiary Eligibility:

State educational agencies, local educational agencies, non-profit and for-profit organizations, and individuals involved with education will benefit.

Credentials/Documentation:

Applicants for these data systems projects must present a plan and furnish evidence that the scientific competence, facilities, equipment, and supplies are appropriate to carry out the project. Applicants must ensure technical quality; provide for the generation of accurate data, and provide for the timely use of such data needed by State and local educational agencies both to comply with the Elementary and Secondary Education Act of 1965 and to facilitate research

to improve student academic achievement and close achievement gaps; and, meet voluntary standards and guidelines for linking individual student data. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Application notices (available on <http://ies.ed.gov/funding>) describe the substantive requirements for applications and provide information on how to prepare and submit applications electronically through Grants.gov. The Application Packages provide of the required forms and are available on <http://www.grants.gov>.

Grant applications to Institute of Education Sciences (IES) competitions must be submitted via the Grants.gov government-wide portal that allows potential applicants to find grant opportunities and apply for grants. The Grants.gov registration process can take several weeks. Interested applicants should begin the registration process well in advance of application deadlines.

Award Procedure:

Grant applications that are responsive and compliant to the Requests for Applications are evaluated by expert reviewers for scientific and technical merit. Scientific reviews are conducted in accordance with the review criteria stated in the Request for Applications and the review procedures posted on the IES website, http://ies.ed.gov/director/sro/peer_review/application_review.asp, by a panel of scientists who have substantive and methodological expertise appropriate to the program of research and Request for Applications. Awards are competitive, with the following criteria considered in making award decisions for responsive and compliant applications: Scientific merit as determined by peer review, performance and use of funds under a previous federal award, contribution to the overall program of research described in the Request for Applications, and availability of funds. Official notice of an approved application is made through issuance of a Notice of Grant Award.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

The range of approval/disapproval time is approximately 120 to 180 days following the application deadline.

Appeals:

Not Applicable.

Renewals:

Recipients of multi-year grants must submit an annual performance report for each year funding has been approved. A review of the annual performance report is used to determine whether substantial progress has been made toward meeting the project objectives. Renewals are subject to the availability of appropriations.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Projects usually are supported for four years. All grantee obligations shall be liquidated within 90 days following the end of the project period. Payments may be made according to a predetermined schedule or by way of reimbursement. Renewals are subject to the availability of appropriations. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

As required by the Education Department General Administrative Regulations (EDGAR) for direct grant programs (34 CFR 75). Generally, financial reports and program reports must be submitted as required by grant terms and

conditions. Cash reports are not applicable. Progress reports are required. Annual performance reports are required as part of the submittal of form ED 524B. Expenditure reports are required. Annual expenditure reports are required as part of the submittal of form ED 524B. Staff also monitor drawdowns using agency financial reports. Performance monitoring is required.

Reporting on performance measures is required as part of the submittal of form ED 524B. The Department has established performance measures for the program that include: 1) the number of States linking K-12 with early childhood data; 2) the number of States linking K-12 with postsecondary data, and 3) the number of States linking K-12 and postsecondary data with workforce data.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. All expenditures by state governments will be audited by the grantee or at the grantee's direction with reasonable frequency, usually once a year but not less than once every two years. The Secretary of Education, the Director of the Institute, and the Comptroller General of the United States, or any of their duly authorized representatives, shall have access, for the purpose of audit and examinations, to all applicable records and to any other pertinent books, documents, papers, and records of the grantee.

Records:

Each grantee will keep intact, and accessible, records relating to the receipt and expenditure of Federal funds and the expenditures of the grantee's contribution to the cost of the project, if any. Records will normally be retained for 3 years after the date of the submission of the final expenditure report, or for grants that are reviewed annually, 3 years after the date of the award.

Account Identification:

(TIF)

FEDERAL AGENCY:

Office of Innovation and Improvement, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act, as amended, Title V, Part D, Subpart 1; Department of Education Appropriations Acts for Fiscal Years 2006-2015.

OBJECTIVES:

To support programs that develop and implement performance-based compensation systems for teachers, principals, and other personnel in high-need schools. These compensation systems must consider growth in student academic achievement as well as classroom evaluations conducted multiple times during each school year, among other factors, and provide educators with incentives to take on additional responsibilities and leadership roles.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Successful applicants must use these funds to carry out the activities described in their approved applications. Grantees may use the funds to develop and implement performance-based compensation systems, including incentives to take on individual responsibilities and leadership roles. Grantees also may use these funds to develop or improve systems and tools (which may be developed and used for the entire local educational agency) that would enhance the quality and success of the compensation system, such as high-quality teacher evaluations and tools to measure growth in student achievement.

Applicant Eligibility:

Eligible applicants are local educational agencies (LEAs), including charter schools that are LEAs in their State, State educational agencies (SEAs), or partnerships of (1) an LEA, an SEA, or both, and (2) at least one non-profit organization.

Beneficiary Eligibility:

SEAs, LEAs, non-profit organizations, and students, teachers, principals, and other school personnel in an LEA's high-need schools benefit from the program.

84.377 SCHOOL IMPROVEMENT GRANTS

FEDERAL AGENCY:

Office of Elementary and Secondary Education, Department of Education

AUTHORIZATION:

Elementary and Secondary Education Act (ESEA), as amended, Executive Order Section 1003(g), 115 Stat. 1442, 20 U.S.C 6303(g).

OBJECTIVES:

To support competitive subgrants to local educational agencies (LEAs) that demonstrate the greatest need for the funds and the strongest commitment to use the funds to provide adequate resources to raise substantially the achievement of students in their lowest-performing schools. In general, State educational agencies (SEAs) must give priority for subgrants to LEAs with Title I-eligible schools ranked in the bottom five percent of such schools, based on student achievement and lack of progress in improving student achievement, as well as secondary schools with a graduation rate below 60 percent over a number of years. LEAs seeking funding to serve such schools must implement one of four school intervention models: turnaround model, restart model, school closure, or transformation model.

TYPES OF ASSISTANCE:

Formula Grants

USES AND USE RESTRICTIONS:

An SEA must allocate at least 95 percent of the amount of the funds it receives directly to LEAs, primarily to implement specified school intervention models in Title I-eligible schools ranked in the bottom five percent of such schools, based on student achievement and lack of progress in improving student achievement, as well as secondary schools with a graduation rate below 60 percent over a number of years. An SEA may retain up to 5 percent of the grant amount received for administration, evaluation, and technical assistance expenses. At the LEA level, these funds may be used for any reasonable costs associated with implementing required school intervention models, or with carrying out school improvement, corrective action, or restructuring activities described in Section 1116(b) of the ESEA.

Applicant Eligibility:

SEAs with approved State plan amendments are eligible to receive funds.

Beneficiary Eligibility:

To be eligible to receive Title I School Improvement Grant funds, an LEA must have one or more schools identified for school improvement, corrective action, or restructuring under Section 1116(b) of Title I of the ESEA.

Credentials/Documentation:

OMB Circular A-87, 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. ED has issued guidance and an electronic application for this program, which may be found at <http://www2.ed.gov/programs/sif/index.html>.

Award Procedure:

The Department will allocate funds to any State that submits an application meeting the Department's application requirements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Varies with each State.

Appeals:

In programs administered by ED, Section 432 of the General Education Provisions Act provides LEAs with a right of appeal when there are disagreements between State and local educational agencies, including disagreements over funding decisions. Where an LEA alleges that the denial of funding is a violation of State or Federal law, rules, regulations, or guidelines governing the applicable program, it may, within 30 days, request a hearing from the SEA. Once the hearing is held and the SEA issues its written ruling, the LEA may appeal a negative ruling to the Secretary.

Renewals:

Not Applicable.

Formula and Matching Requirements:

Statutory Formula: Under ESEA, ED allocates section 1003(g) School Improvement funds to States through a formula that is based on each State's proportionate share of funds received under ESEA Title I, Part A (Grants to LEAs), Part C (Migrant Education program), and Part D, Subpart 1 (State Agency Neglected and Delinquent program). The Secretary is authorized through appropriations acts to reserve up to 5 percent of available funds for national activities.

Matching requirements are not applicable to this program.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Title I School Improvement funds are available for obligation by State and local educational agencies for 27 months after funds become available on July 1. Funds become available to the Department on July 1, and will be allocated to States on or after that date. They remain available for obligation by LEAs under the initial period of availability for 15 months. Under section 421(b) of the General Education Provisions Act, any funds that remain unobligated may be carried over for obligation for an additional 12 months. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

Grantees are subject to the reporting requirements contained in Parts 76 and 80 of the Education Department General Administrative Regulations (EDGAR). Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Grantees must submit program performance information through their annual Consolidated State Performance Reports.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. In accordance with EDGAR in the Appendix to 34 CFR 80, State and local governments that receive financial assistance of \$500,000 or more within the State's fiscal year shall have an audit made for that year. State and local governments that receive between \$25,000 and \$500,000 within the State's fiscal year shall have an audit made in accordance with the Appendix to Part 80, or in accordance with Federal laws

and regulations governing the programs in which they participate.

Records:

All grantees must maintain and complete records as provided in EDGAR.

84.378 COLLEGE ACCESS CHALLENGE GRANT PROGRAM

FEDERAL AGENCY:

Office of Postsecondary Education, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, as amended, Title VII, Part E, Section 781, 20 U.S.C. 1141.

OBJECTIVES:

To foster partnerships among federal, State and local government entities and philanthropic organizations through matching challenge grants aimed at increasing the number of underrepresented students who enter and remain in postsecondary education.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

States or philanthropic organizations (if a State does not meet the program's matching requirements) use funds to implement services and activities needed to achieve the goals and objectives of the program. The services and activities authorized in the statute include: providing information to students and families regarding the benefits of, opportunities for, postsecondary education; providing information to students and families regarding planning for postsecondary education, including educating them about financing options; providing information to students and parents regarding career preparation; assisting students in completing FAFSA; engaging outreach activities for students at risk of not enrolling in or completing postsecondary education; offering professional development for middle and secondary school guidance counselors, and college admissions counselors and financial administrators; providing need based grant aid; repaying student loans or lower interest rates; and offering tutoring/mentoring services, and other support services. A grantee

may use not more than 6 percent of the total amount of the sum of the federal share provided and nonfederal share required for administrative purposes.

Applicant Eligibility:

An eligible applicant is the State agency with jurisdiction over higher education, or another agency designated by the Governor of the State. The Secretary may award funds to philanthropic organizations in cases where the State fails to meet program requirements.

Beneficiary Eligibility:

The authorized beneficiaries are underrepresented students and families.

Credentials/Documentation:

States or philanthropic organizations (if a State does not meet program's matching requirements) must submit an application containing a description of its capacity to administer and report on grant activities and services, a plan for using grant funds to meet program requirements, including any special efforts the grantee will undertake to benefit underrepresented students. The grantee will also describe how the nonfederal share will be provided, as well as the structure the state has in place to administer the activities and services. The governor of a state must designate in writing which State agency is authorized to administer the grant. A letter from the governor (on letterhead, signed and dated) must be included in the application. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Each State must submit an application covering a 2-year period to the Department of Education.

Award Procedure:

Applications are reviewed for quality and compliance with statutory and regulatory requirements. An allotment is awarded to States or philanthropic organizations if the Assistant Secretary determines the application meets necessary requirements.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

The estimated range of time need to approve/disapprove an application is usually three months after the deadline for submission.

Appeals:

Not Applicable.

Renewals:

State applications are amended as needed.

Formula and Matching Requirements:

Statutory Formula: Funds are awarded on a formula basis to States (or philanthropic organizations if a State does not meet program's requirement). Allotments are based on the relative number of persons between the ages of 5 and 17 and 15 and 44 living below the poverty line. Poverty status data for participating States will be obtained from the Census Bureau. The minimum allotment for each State for a fiscal year cannot be an amount that is less than 1 percent of the total amount appropriated for the program. Matching Requirements: The statute requires a nonfederal matching contribution of not less than 1/3 of the costs of the project activities and services. This may be provided through in-kind and/or cash contributions. This program has MOE requirements, see funding agency for further details. In order to receive a CACG grant, States must meet the MOE requirement in Section 137 of the Higher Education Act, as amended. See funding agency for further details.

Length and Time Phasing of Assistance:

Grants are made annually, subject to the availability of funds. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

States or philanthropic organizations (if a State does not meet program requirements) administering the grant must submit an annual performance report. The report must include: each activity or service that was provided to students and families over the course of the year; the cost of providing each activity or service; and the total contributions from private organizations included as nonfederal share for the fiscal year. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

This program is excluded from coverage under 2 CFR 200, Subpart F - Audit Requirements. Grantees are subject to audit requirements as described in 34 CFR 74.26.

Records:

Grantees must maintain appropriate records pertaining to grant funds, compliance and project performance, for three years after the completion of activities for which the grant or subgrant funds were used. This documentation should be sufficient to establish fiscal accountability and facilitate an effective audit.

Account Identification:

84.379 TEACHER EDUCATION ASSISTANCE FOR COLLEGE AND HIGHER EDUCATION GRANTS (TEACH GRANTS)

FEDERAL AGENCY:

Office of Federal Student Aid, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, as amended, Subpart 9, Title IV, Part A.

OBJECTIVES:

To provide annual grants of up to \$4,000 to eligible undergraduate and graduate students who agree to teach specified high-need subjects at schools serving primarily disadvantaged populations for four years within eight years of graduation. For students who do not fulfill their service requirements, grants convert to Direct Unsubsidized Stafford Loans with interest accrued from the date of award.

TYPES OF ASSISTANCE:

DIRECT PAYMENTS FOR A SPECIFIED USE

USES AND USE RESTRICTIONS:

Undergraduate and graduate students completing coursework or other requirements necessary to begin a career in teaching. Students must attend an institution of higher education that provides high-quality teacher preparation and professional development services; is financially sound; provides, or assists in the provision, of pedagogical coursework; and provides, or assists in the provision, of supervision and support services to teachers.

Applicant Eligibility:

Undergraduate and graduate students completing coursework or other requirements necessary to begin a career in teaching. Students must attend an institution of higher education that provides high-quality teacher preparation and professional development services; is financially sound; provides, or assists in the provision, of pedagogical coursework; and provides, or assists in the provision, of supervision and support services to teachers.

Beneficiary Eligibility:

Students must have a grade-point-average (GPA) comparable to a 3.25 on a scale of zero to 4.0, except that, if the student is in the first year of undergraduate education, the grade point average is determined based on the student's cumulative secondary school grade point average. A student applying for a grant to obtain a graduate degree must be a teacher or a retiree from another occupation with expertise in a field in which there is a shortage of teachers; grants for graduate education may also be obtained by a student who is or was a teacher who is pursuing high-quality alternative certification. In addition, students must sign an agreement to serve as a full-time teacher for not less than four years within eight years of completing the course of study for which they received a TEACH Grant. Service must be performed at a school serving a primarily disadvantaged population and must be in one of the following fields: mathematics, science, a foreign language, bilingual education, special education, as a reading specialist, or in another field documented as high-need. Students must also agree to provide evidence of qualifying employment upon completion of each year of service. Failure to complete the service requirements results in the student's TEACH Grants being treated as Federal Direct Unsubsidized Stafford Loans, with interest accrued from the date of award. Students must also sign a statement of educational purpose, not owe a refund on a Title IV grant, and not be in default on a Title IV loan. Eligible males that are at least 18 years old and born after December 31, 1959, can receive aid only if they have registered with the Selective Service.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Students must complete a FAFSA, and complete an agreement to serve and submit it to the Department of Education.

Award Procedure:

Institutions act as disbursing agents for the Department of Education. The institution that the student attends disburses the TEACH Grants based on the enrollment status of the student.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Approximately 2 to 4 weeks.

Appeals:

Not Applicable.

Renewals:

Students who have applied in the previous award year must continue to meet all eligibility requirements and reaffirm their intention to fulfill the service requirements before obtaining subsequent grants.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program.
Matching requirements are not applicable to this program.
MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Students are limited to one TEACH Grant during an academic year. Funds for these grants will likely be disbursed at least twice during an academic year. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

Institutions will be required to furnish reports periodically on the disbursement of funds, as well as furnish any other reports the Secretary requires. Students must affirm each year that they intend to fulfill their service requirements and submit a certification for each year of required service. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

This program is excluded from coverage under 2 CFR 200, Subpart F - Audit Requirements. Annual audits will be made.

Records:

All records pertaining to the eligibility of each TEACH Grant recipient and all fiscal management records must be maintained by the institution for a period of three years or until an acceptable audit has been completed, whichever is later. Selected students will have the information on their applications verified.

OBJECTIVES:

To strengthen Predominantly Black Institutions (PBI); Asian American and Native American Pacific Islander-Serving Institutions (AANAPISI); and Native American-Serving Nontribal Institutions (NASNTI) that propose to carry out activities to improve and expand such institution's capacity to serve low-income and minority students. For Masters Degree Programs at Historically Black Colleges and Universities (Section 723) and Masters Degree Programs at Predominantly Black Institutions (Section 724) to specified eligible institutions to further advance educational opportunities for African-Americans.

TYPES OF ASSISTANCE:**PROJECT GRANTS****USES AND USE RESTRICTIONS:**

Section 371: Applicants under the PBI program (Section 371(b)(2)(C)) may use funds to carry out programs in science, technology, engineering, or mathematics (STEM); health education; internationalization or globalization; teacher preparation; or improving educational outcomes of African American males. Applicants under the AANAPISI (Section 371(b)(2)(D)(iii)) and NASNTI (Section 371(b)(2)(D)(iv)) programs may use funds to assist such institutions with planning, developing, undertaking and carrying out activities to improve and expand the institution's capacity to serve Asian American and Native American Pacific Islanders and Native Americans and low-income individuals. More specifically, AANAPISI grantees may use funds to carry out activities described in section 311(c). Grantees may use their funds for the purchase, rental, or lease of scientific or laboratory equipment for educational purposes; renovation and improvement in classrooms, libraries, laboratories, and other instructional facilities; support of faculty exchanges, faculty development, and faculty fellowships to assist in attaining advanced degrees in the field of instruction of the faculty; curriculum development and academic instruction; purchase of library books, periodicals, and other educational materials; funds and administrative management, and acquisition of equipment for use in strengthening funds management; joint use of facilities, such as laboratories and libraries; academic tutoring and counseling programs and student support services. Uses of funds are restricted to the allowable activities described in Section 311(c) of the HEA. NASNTI grantees may use funds for the purchase, rental, or lease of scientific laboratory equipment for educational purposes, including instructional and research purposes; renovation and improvement in classroom, library, laboratory, and other instructional facilities; support of faculty exchanges, faculty development, and faculty fellowships to assist faculty in attaining advanced degrees in the faculty's field of instruction; curriculum development and academic instruction; the purchase of library books, periodicals, microfilm, and other educational materials, funds and administrative management, and acquisition of equipment for use in strengthening funds management; the joint use of facilities such as laboratories and libraries; and academic tutoring and counseling programs and student support services. Uses of funds under each program are restricted to the allowable activities described in Section 371 of the HEA. Section 897: Institutions in each program may use their funds to plan, develop, and implement activities that support: purchase, rental, or lease of scientific or laboratory equipment for educational purposes; construction, maintenance, renovation, and improvement in classroom, library, laboratory, and other instructional facilities; purchase of library books, periodicals, technical and other scientific journals, microfilm, microfiche, and other educational materials; scholarships, fellowships, and other financial assistance for needy graduate students to permit the enrollment of the students in, and completion of, a masters degree in mathematics, engineering, the physical or natural sciences, computer science, information technology, nursing, allied health, or other scientific disciplines in which African Americans are underrepresented; establishment or maintenance of an institutional endowment; funds and administrative management; acquisition of real property that is adjacent to the campus in connection with the construction, renovation, or improvement of, or an addition to, campus facilities; education or financial information designed to improve the financial literacy and economic literacy of students or the students' families; tutoring, counseling, and student service programs; and faculty professional development, faculty exchanges, and faculty participation in professional conferences and meetings.

Applicant Eligibility:

At the time of application, PBIs must have an enrollment of undergraduate

students that is at least 40 percent African American students. AANAPISI and NASNTI applicants must have, at the time of application, an enrollment of undergraduate students not less than 10 percent Asian American and Native American Pacific Islanders and Native Americans, respectively. Institutions eligible for Masters Degree Programs at HBCUs and PBIs are specified in Title VII Sections 723 and 724 of the HEA. An institution that is eligible for and receives an award under HEAs Title III Historically Black Graduate Institutions (HBGIs) or Title V Promoting Postbaccalaureate Opportunities for Hispanic Americans (Section 512) for a fiscal year is not eligible to apply for a grant or receive grant funding under Section 897 Masters Degree Programs for HBCUs and PBIs for the same fiscal year.

Beneficiary Eligibility:

The authorized beneficiaries are underrepresented; low-income; first-generation; minority; undergraduate students.

Credentials/Documentation:

Institutions of Higher Education (IHEs) must submit an application responding to the established selection criteria. Applicants must describe in detail, the need for the project and how the proposed activities will address the goals and objectives of the program. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

This program is subject to the requirements of the regulations in 34 CFR Part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for this program. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Each applicant must submit an application covering a period not to exceed 24-months to the Department of Education.

Award Procedure:

Applications are reviewed for quality and compliance with statutory and regulatory requirements. A discretionary grant is awarded to institutions of higher education if they score within funding range and contingent upon funds being available.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

An applicant is notified of award status within 30 days of the end of the competition.

Appeals:

Not Applicable.

Renewals:

Mandatory appropriations for PBIs, AANAPISIs, and NASNTIs are available for each fiscal year until 2019. Mandatory appropriations for Masters Degree Programs at HBCUs and PBIs are available every fiscal year until 2014. Awards are generally made around June 30 of each year.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Grants under Section 371 are made for up to 60 months. Grants under Section 897 are made for 72 months. See the following for information on how assistance is awarded/released: Electronic transfer.

Reports:

Institutions of higher education administering these grants must submit an

annual performance report at the completion of each 12-month performance period. IHEs are also required to submit final reports ninety (90) days after the end of the grant. Staff monitor grants drawdown using agency financial reports. Cash reports are not applicable. Progress reports are not applicable. Expenditure reports are not applicable. Reporting on performance measures is required as part of the submittal of the required annual performance report.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Grantees must maintain appropriate records pertaining to grant funds, compliance and project performance, for 3 years after the completion of activities for which the grant or subgrant funds were used. This documentation should be sufficient to establish fiscal accountability and facilitate an effective audit.

84.403 CONSOLIDATED GRANT TO THE OUTLYING AREAS FEDERAL AGENCY:

Office of Elementary and Secondary Education, Department of Education

AUTHORIZATION:

Title V, Public Law 95-134, 48 U.S.C 1469a.

OBJECTIVES:

To make an annual consolidated grant to assist an Insular Area in carrying out

one or more State-administered formula grant programs of the Department. (i.e., -ESEA, Title I, Part A-Grants to LEAs; ESEA, Title I, Section 1003(g)-School Improvement Grants; ESEA, Title II, Part A-Teacher Quality Grants; ESEA, Title III, English Language Acquisition Grants; ESEA, Title IV, Part B-21st Century Community Learning Centers Grants; ESEA, Title V, Part A-State Grants for Innovative Programs; Adult Education and Family Literacy Act (AEFLA)-Section 243-Adult Education State Administered Program grants; Perkins Act, Title I-Career and Technical Education Basic State Grants; ESEA, Title VI, Part A-State Assessments; McKinney-Vento Homeless Assistance Act-Title VII-B Grants; ESEA, Title II, Part, B-Mathematics and Science Partnerships grants; ESEA, Title VI, Part B, Rural and Low-Income School Program.

TYPES OF ASSISTANCE:

Formula Grants

USES AND USE RESTRICTIONS:

An Insular Area must use the funds it receives under a consolidated grant to carry out, in its jurisdiction, one or more of the programs included in the grant. (See above programs.). An Insular Area may only use and administer funds under the eligible programs to be consolidated described in section 76.125 (c) of Education Department General Administrative Regulations (EDGAR) during a fiscal year for which the Insular Areas is entitled to receive funds under an appropriation for that program.

Applicant Eligibility:

Virgin Islands, Guam, American Samoa and the Commonwealth of the Northern Mariana Islands.

Beneficiary Eligibility:

Contact Program Office.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. An Insular Area applies annually for a grant consolidating two or more of the programs eligible to be consolidated in accordance with the application requirements of EDGAR 76.131-76.132.

Award Procedure:

The Department awards a single consolidated grant annually to each Insular Area that meets the requirements of EDGAR 76.125 through 76.137 and each program under which the grant funds are to be used and administered. The Department may decide that one or more programs cannot be included in the consolidated grant if it is determined that the Insular Area failed to meet the program objectives stated in its plan for the previous fiscal year in which it carried out the programs. The eligibility of a particular Insular Area to receive grant funds under a Federal education program is determined under the statute and regulations for that program (EDGAR 76.130 (a), (b), (d)).

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 30 to 60 days. Approval will be granted upon determination that the application meets the requirements of EDGAR 76.131 (1) and (2).

Appeals:

The Department shall not disapprove a consolidated grant, before offering the Insular Area an opportunity to revise the application and a hearing. (See 34 CFR 76.202.).

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula. Matching requirements are not applicable to this program. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Awards generally run for one fiscal year. See the following for information on how assistance is awarded/released: Contact the program office for the information.

Reports:

As required by EDGAR 76.132(5), an annual report is required to be submitted to the Secretary containing information covering the program or programs for which the grant is used and administered, including the financial and program performance information as required under 34 CFR 74.51-74.52 and 34 CFR 80.40-80.41. No cash reports are required. No progress reports are required. No expenditure reports are required. No performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

As required by EDGAR 76.132(7), the grantee keeps records, including a copy of the application document under which funds are to be spent, which show how the funds received under the consolidated grant have been spent.

Account Identification:

84.407 TRANSITION PROGRAMS FOR STUDENTS WITH INTELLECTUAL DISABILITIES INTO HIGHER EDUCATION

FEDERAL AGENCY:

Office of Postsecondary Education, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, as amended., Title VII, Part D, Section 767 and 777(b), 20 U.S.C 1140G.

OBJECTIVES:

To support model demonstration programs that promote the successful transition of students with intellectual disabilities into higher education.

Funds also will support a coordinating center for institutions of higher education that offer inclusive comprehensive transition and postsecondary programs for students with intellectual disabilities.

TYPES OF ASSISTANCE:

Cooperative Agreements; Project Grants (Discretionary)

USES AND USE RESTRICTIONS:

An institution of higher education (IHE) shall use grant funds to establish a model comprehensive transition and postsecondary program for students with intellectual disabilities that 1) serves students with intellectual disabilities, 2) provides individual supports and services for the academic and social inclusion of students with intellectual disabilities in academic courses, extracurricular activities, and other aspects of the IHEs regular postsecondary program, 3) provides a focus on academic enrichment, socialization, independent living skills, including self-advocacy, and integrated work experiences and career skills that lead to gainful employment, 4) integrates person-centered planning in the development of the course of study for each student with an intellectual disability participating in the model program, 5) participates with the coordinating center established under section 777(b) of the Higher Education Act, as amended, in the evaluation of the model program, 6) partners with one or more local education agencies to support students with intellectual disabilities participating in the model program who are still eligible for special education and related services under the Individuals with Disabilities Education Act, 7) plans for the sustainability of the model program after the end of the grant period, and 8) creates and offers a meaningful credential for student with intellectual disabilities upon the completion of the model program.

The coordinating center will provide recommendations related to the development of standards, provide technical assistance and evaluations for model demonstration programs. The center will assist in the development, evaluation, funding, outreach, and continuous improvement of model transition programs.

Applicant Eligibility:

Institutions of Higher Education or consortia of IHEs are eligible for awards under this program.

Beneficiary Eligibility:

Grant funds establish model comprehensive transition and postsecondary programs for students with intellectual disabilities. Funds also support a coordinating center that provides technical assistance, for all comprehensive transition and postsecondary programs for students with intellectual disabilities.

Credentials/Documentation:

Each IHE or consortia of IHEs desiring a grant under this program shall submit an application to the Department at such time, in such manner, and containing or accompanied by such information as the Department may reasonably require. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Each IHE or

consortia of IHEs must submit an application covering a 5-year period to the Department of Education.

Award Procedure:

Applications are reviewed for quality and compliance with statutory and regulatory requirements, and are scored by peer reviewers based on criteria included in the application package. The Department determines which applications will be funded based on the quality of the applications and the following factors: 1) providing for an equitable geographic distribution of grants, 2) providing grant funds for model comprehensive transition and postsecondary programs for students with intellectual disabilities that will serve areas that are underserved by programs of this type, and 3) giving preference to applicants that form a partnership with any relevant agency serving students with intellectual disabilities such as a vocational rehabilitation agency, integrate students with intellectual disabilities into housing offered to nondisabled students, or involve students attending the IHE who are studying special education, general education, vocational rehabilitation, assistive technology, or related fields in the model program.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days. The estimated range of time need to approve/disapprove an application is usually 3 months after the deadline for submission.

Appeals:

Not Applicable.

Renewals:

Grants are awarded for a period of 5 years, subject to the availability of appropriations.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program.

Matching Requirements: Percent: 25%. Grantees must provide matching funds for model transition programs, in cash or in kind, of at least 25 percent of the cost of the grant.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Grants are made for up to 5 years, subject to the availability of funds. See the following for information on how assistance is awarded/released: Grants funds are awarded by electronic transfer.

Reports:

Grantees must submit an annual performance report at such time, in such manner, and containing or accompanied by such information as the Department may reasonably require. Cash reports are not applicable. Progress report: Report requirements will be included in grant award documents. Expenditure reports: Report requirements will be included in grant award documents. Performance monitoring: Report requirements will be included in grant award documents.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Grantees must maintain appropriate records pertaining to grant funds, compliance and project performance, for 3 years after the completion of activities for which the grant or subgrant funds were used. This documentation should be sufficient to establish fiscal accountability and facilitate an effective audit.

The administration of the discretionary grant program is governed by the statute and EDGAR (34 CFR 74, 75, 77, 79, 82, 84, 86, 97, 98, and 99).

84.408 POSTSECONDARY EDUCATION SCHOLARSHIPS FOR VETERAN'S DEPENDENTS

Iraq and Afghanistan Service Grant (IASG)

FEDERAL AGENCY:

Office of Federal Student Aid, Department of Education

AUTHORIZATION:

Higher Education Act of 1965, Executive Order Subpart 10, Title IV, Part A, Subpart 1.

OBJECTIVES:

To provide eligible veteran's dependent undergraduate postsecondary students with non-need based grant assistance to help meet educational expenses.

TYPES OF ASSISTANCE:

Direct Payments for Specified Use

USES AND USE RESTRICTIONS:

The student must be an eligible veterans dependent whose parent or guardian was a member of the Armed Forces of the United States and died as a result of performing military service in Iraq or Afghanistan after September 11, 2001. At the time of the parent or guardians death, the student was less than 24 years of age or enrolled at an institution of higher education. The student must also be a U.S. citizen or eligible noncitizen who has been accepted for enrollment in, and is making satisfactory academic progress at an eligible institution of higher education. Eligible schools may be public or private nonprofit institutions of higher education, (such as colleges, universities, vocational-technical schools, hospital schools of nursing), and for-profit institutions (proprietary). Eligible males who are at least 18 years or older and born after December 31, 1959, can receive aid only if they have registered with the Selective Service. Graduate students and students who have already earned a bachelor's degree are not eligible for assistance, except those enrolled in an eligible program leading to a professional certification in teaching.

Applicant Eligibility:

The student must be an eligible veterans dependent whose parent or guardian

was a member of the Armed Forces of the United States and died as a result of performing military service in Iraq or Afghanistan after September 11, 2001. At the time of the parent or guardians death, the student was less than 24 years of age or enrolled at an institution of higher education. The applicants must be U.S. citizens or eligible noncitizens and have a high school diploma, or a GED. Applicants must apply annually using the Free Application for Federal Student Aid (FAFSA). To be eligible, the applicant must meet all IAS Grant eligibility requirements, and must not have a Federal Pell Grant eligible Expected Family Contribution (EFC).

Beneficiary Eligibility:

Eligible veterans dependent undergraduate students, and students pursuing a teaching certificate that are U.S. citizens or eligible noncitizens. Students must be: regular students in an eligible program and enrolled in institutions of higher education, making satisfactory academic progress. Incarcerated students, except those incarcerated in local penal facilities, are ineligible. Students must sign a statement of educational purpose, not owe a refund on a Title IV grant, and not be in default on a Title IV loan. Eligible males that are at least 18 years old and born after December 31, 1959, can receive aid only if they have registered with the Selective Service. The eligible veterans dependent student cannot receive both an Iraq and Afghanistan Service Grant and Federal Pell Grant during the same award year.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Student completes a "Free Application for Federal Student Aid" and submits it to the processing agency specified on the form. Students may apply using a paper application, an electronic application, or via the Internet. The Department of Education calculates the student's financial eligibility for assistance and returns a notification to the student of his or her eligibility for assistance. The student submits this notification to the institution of his or her choice in order to have his or her award calculated.

Award Procedure:

Institutions act as disbursing agents for the Department of Education. The institution that the student attends calculates and disburses the IASG. The Secretary shall award grants under this section in the same manner, and with the same terms and conditions, including the length of the period of eligibility, as the Secretary awards Federal Pell Grants, except that the award rules and determination of need applicable to Federal Pell Grants shall not apply to grants under IASG. The amount of the IASG award is the same as the maximum Pell Grant for the award year, adjusted for the students enrollment status and cost of attendance.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Not Applicable.

Appeals:

An institution may adjust on a case-by-case basis a student's FAFSA data elements used to calculate his or her EFC and cost of attendance due to unusual circumstances documented by the institution.

Renewals:

Eligibility is determined annually.

Formula and Matching Requirements:

Statutory Formula: Higher Education Opportunity Act (HEOA), Public Law 110-315; Higher Education Act of 1965, Title IV, Part A, Subpart 1, as amended. The Department shall award grants under this formula section in the same manner, and with the same terms and conditions, including the length of

the period of eligibility, as the Department awards Federal Pell Grants, except that the award rules and determination of need applicable to Federal Pell Grants shall not apply to grants under IASG. The amount of the IASG award is the same as the maximum Pell Grant for the award year, adjusted for the students enrollment status and cost of attendance.

Matching requirements are not applicable to this program.
MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Students are limited to one Iraq and Afghanistan Service Grant during any award year (July 1 through June 30). IASG funds are disbursed by each payment period, at least twice during an award year. Students may only receive an IASG until they have received a bachelor's degree, except for those enrolled in an eligible program leading to a professional certification in teaching. Students are limited to a maximum of 12 semesters or equivalent of IASG funding to receive their bachelors degree. Method of awarding/releasing assistance: lump sum.

Reports:

Not Applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. IAS Grant recipient and all fiscal management records must be maintained by the institutions for a period of 3 years or until an acceptable audit has been completed, whichever is later.

84.411 INVESTING IN INNOVATION (I3) FUND

FEDERAL AGENCY:

Office of Innovation and Improvement, Department of Education

AUTHORIZATION:

American Recovery and Reinvestment Act of 2009 (ARRA), Title XIV, Public Law 111-5.

OBJECTIVES:

To provide competitive grants to (a) local educational agencies (LEAs) or (b) partnerships between a nonprofit organization and one or more LEAs or a consortium of schools with a record of improving student achievement and attainment in order to expand the implementation of, and investment in, innovative practices that are demonstrated to have an impact on improving student achievement or student growth, closing achievement gaps, decreasing dropout rates, increasing high school graduation rates, or increasing college enrollment and completion rates.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

The Department will award three types of grants: Scale-up, Validation, and Development. Funds will (1) allow eligible entities to expand and develop innovative practices that can serve as models of best practice; (2) allow eligible entities to work in partnership with the private sector and the philanthropic community; and (3) support eligible entities in identifying and documenting best practices that can be shared and taken to scale based on demonstrated success.

Applicant Eligibility:

(1) LEAs and (2) nonprofit organizations in partnership with (a) one or more LEAs or (b) a consortium of schools.

Beneficiary Eligibility:

High-need students in LEAs will benefit.

Credentials/Documentation:

OMB Circulars No. A-110 and A-122 apply to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. The Department of Education implements application procedures and criteria to award grants on a competitive basis. Applicants must apply for one of three types of grants: Scale-up, Validation, or Development and must apply to one of four absolute priorities. Applicants for all types of grants may choose to write to any of six competitive preference priorities. Applications are reviewed by panels of peer reviewers. Points are awarded on the basis of the published selection criteria, are ranked on the basis of the points awarded, and are selected for funding based on the rank order.

Award Procedure:

To be eligible to receive an i3 grant, applicants must implement practices, strategies, or programs for high-need students. An LEA applying on its own

must demonstrate that it has: (a) closed achievement gaps or improved achievement for all groups of students, and (b) achieved significant improvement in other areas. A partnership involving a non-profit organization must demonstrate that the organization has a record of significantly improving student achievement, attainment, or retention through its record of work with an LEA or schools. Applicants must also (1) address one of the absolute priorities; (2) secure matching funds from the private sector as specified in the Notice Inviting Applications published in the Federal Register; and (3) meet the evidence requirement applicable to the type of grant for which the applicant applied.

Deadlines:

84.415 STATE TRIBAL EDUCATION PARTNERSHIP (STEP)**FEDERAL AGENCY:**

Office of Elementary and Secondary Education, Department of Education

AUTHORIZATION:

ESEA, Title VII, Part A, Subpart 3.

OBJECTIVES:

To (a) promote increased collaboration between Tribal Educational Agencies (TEAs) and State educational agencies (SEAs) in the administration of the Elementary and Secondary Act (ESEA) State-administered formula grant programs; and (b) build the capacity of TEAs to (1) perform certain State-level functions under those programs for schools located on reservations, and thereby increase TEAs' role in the education of American Indian/Alaska Native (AI/AN) students, including education to meet their unique educational and cultural needs, and (2) improve the achievement of AI/AN children.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

Funds will be used for the implementation of collaborative agreements, entered into by TEAs and SEAs under which the TEAs perform certain State-level functions under State-administered ESEA formula grant programs for schools located on reservations.

Applicant Eligibility:

Eligible entities include a TEA in partnership with an SEA or a consortium of TEAs in partnership with an SEA.

A TEA consortium application must comply with the Department's regulations governing group applications in 34 CFR 75.127-75.129, and must include a signed consortium agreement that identifies each member of the consortium, binds each member of the group to every statement and assurance made by the applicant in the application, and details the activities that each member of the group will perform under the grant. Letters of support from proposed consortium members do not meet the requirement for a consortium agreement.

Beneficiary Eligibility:

TEAs and SEAs, Indian students and teachers will benefit.

Credentials/Documentation:

To be eligible for an award, an applicant must include evidence that supports the applicant's eligibility including: (a) a copy of a written signed Preliminary Agreement between the TEA(s) and the SEA; (b) certification by the eligible Indian Tribe that the applicant TEA meets the definition of a TEA; (c) certification by the eligible Indian Tribe that the tribe has land that meets the definition of Indian Reservation and specifies the census designation under which it qualifies; and (d) confirmation by the SEA that the schools participating in the project are public schools operating on the Indian Reservation. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Potential applicants are strongly encouraged to notify the Department of the applicant's intent to apply for funding by sending the following information via email to STEP@ed.gov; (1) applicant name, mailing address and phone number; (2) contact person's name and email address; (3) name of the SEA; (4) whether the applicant intends to apply as a single TEA or a consortium of TEAs.

84.420 PERFORMANCE PARTNERSHIP PILOTS FOR DISCONNECTED YOUTH

Performance Partnership Pilots (P3)

FEDERAL AGENCY:

Department of Education

AUTHORIZATION:

Executive Order Consolidated Appropriations Act, 2014, Part Division H, Section Section 526, Public Law 113-76.

OBJECTIVES:

To test innovative, cost-effective, and outcome-focused strategies to achieve

significant improvements in educational, employment, and other key outcomes for disconnected youth. The Departments of Education, Labor, and Health and Human Services, as well as the Corporation for National and Community Service and the Institute of Museum and Library Services enter into Performance Partnership agreements with States, localities, or tribal governments. These agreements enable these entities to blend funding they already receive from Federal discretionary programs focused on serving disconnected youth or are designed to prevent youth from disconnecting from school or work, and that provide education, training, employment, and other related services.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

Funds may be used to build capacity to implement Performance Partnerships, including such activities as planning, governance, data collection and analysis, coordination and evaluation. Federal participants may waive statutory, regulatory, or administrative requirements associated with the individual programs contributing funds to the pilots as long as the waivers are in keeping with important safeguards. Specifically, waivers must be consistent with the statutory purposes of the respective Federal programs and necessary to achieve the pilot's outcomes. Federal participants may not waive requirements related to nondiscrimination, wage and labor standards, and allocation of funds to State and sub-State levels.

Applicant Eligibility:

Applicants are States, DC, PR, and the Virgin Islands as well as the trust territories, Indian tribes and local governments.

Beneficiary Eligibility:

Individuals between the ages of 14-24 who are low-income and are homeless; in foster care; involved in the juvenile justice system; unemployed; or not enrolled in or are at risk of dropping out of an educational institution.

Credentials/Documentation:

Contact the program office for this information. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

87.051 GULF COAST ECOSYSTEM RESTORATION COUNCIL COMPREHENSIVE PLAN COMPONENT PROGRAM

RESTORE Council-Selected Restoration Component

FEDERAL AGENCY:

Gulf Coast Ecosystem Restoration Council

AUTHORIZATION:

Resources and Ecosystems Sustainability, Tourist Opportunities, and Revived Economies of the Gulf Coast States (RESTORE) Act of 2012, Sec. 1603(2); 33 U.S.C. 1321(t)(2)., Section 1603, Public Law 112-112-141, 126 Stat. 588, 33 U.S.C 1321(t)(2).

OBJECTIVES:

The primary objective of this program is to disburse funds to eligible entities for the purpose of restoring and protecting the natural resources, ecosystems, fisheries, marine and wildlife habitats, beaches, coastal wetlands, and economy of the Gulf Coast region using the best available science. Projects and programs must achieve one or more of the seven objectives listed in the Gulf Coast Ecosystem Restoration Council Initial Comprehensive Plan: (1) Restore, Enhance and Protect Habitats, (2) Restore, Improve, and Protect Water Resources, (3) Protect and Restore Living Coastal and Marine Resources, (4) Restore and Enhance Natural Processes and Shorelines, (5) Promote Community Resilience, (6) Promote Natural Resource Stewardship and Environmental Education, and (7) Improve Science-Based Decision-Making Processes.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

The primary objective of this program is to disburse funds to eligible entities for the purpose of restoring and protecting the natural resources, ecosystems, fisheries, marine and wildlife habitats, beaches, coastal wetlands, and economy of the Gulf Coast region using the best available science. All projects, programs, and activities must be eligible activities pursuant to clauses (i) and (ii) of 33 U.S.C. 1321(t)(1)(B). Proposals must identify which Comprehensive Plan goals the proposal will address. A proposal sponsor must select a single primary goal. Multiple secondary goals are encouraged to be identified. The Comprehensive Plan goals are as follows. 1. Restore and Conserve Habitat Restore and conserve the health, diversity and resilience of key coastal, estuarine and marine habitats. 2. Restore Water Quality Restore and protect water quality of the Gulf Coast regions fresh, estuarine and marine waters. 3. Replenish and Protect Living Coastal and Marine Resources Restore and protect healthy, diverse and sustainable living coastal and marine resources. 4. Enhance Community Resilience Build upon and sustain communities with capacity to adapt to short- and long-term changes. 5. Restore and Revitalize the Gulf Economy Enhance the sustainability and resiliency of the Gulf economy. Proposals also must clearly identify which Comprehensive Plan objectives the proposal will address. A proposal sponsor must select a single primary objective. Multiple secondary objectives are encouraged to be identified. The Comprehensive Plan objectives are as follows: 1. Restore, Enhance, and Protect Habitats; 2. Restore, Improve, and Protect Water Resources, 3. Protect and Restore Living Coastal and Marine Resources, 4. Restore and Enhance Natural Processes and Shorelines, 5. Promote Community Resilience, 6. Promote Natural Resource Stewardship and Environmental Education, and 7. Improve Science-Based Decision-Making Processes. Additional information may be found in the Initial Comprehensive Plan. Projects must be listed in the Funded Priorities List Addendum to the Initial Comprehensive Plan in order to be eligible for funding. Not more than 3 percent of the amounts received by a Gulf Coast State may be used for administrative costs, as defined in the Department of the Treasury Regulations for the Gulf Coast Restoration Trust Fund, 31 CFR Part 34, publication of Interim Final Rule August 15, 2014 (79 FR 48039); (publication of Final Rule TBD).

Applicant Eligibility:

The Council will periodically request proposals from its eleven state and federal members. The Council members are the only entities eligible to submit proposals. The RESTORE Council does not award Council-Selected

Restoration Component grants directly to other entities or individuals. Under the RESTORE Act, Council members are the Governors of Alabama, Florida, Louisiana, Mississippi, and Texas, the Administrator of the U.S. Environmental Protection Agency, and the Secretaries of the U.S. Departments of the Interior, Commerce, Agriculture, Homeland Security, and Army. When selecting projects and programs to be prioritized for funding under the Comprehensive Plan, the Council assigns primary authority and responsibility for overseeing and implementing projects and programs to a Gulf Coast state or federal agency represented on the Council. Council members may select sub-recipients to carry out approved projects or programs. Interested third parties may contact the Council members listed above to learn more about how the eligible entities select proposed activities.

Beneficiary Eligibility:

Beneficiaries are the people, wildlife, and natural resources of the Gulf Coast region.

Credentials/Documentation:

The Gulf Coast Ecosystem Restoration Council Initial Comprehensive Plan, August 2013, applies to this program. Department of the Treasury Regulations for the Gulf Coast Restoration Trust Fund, 31 CFR Part 34, publication date of the Interim Final Rule August 15, 2014 (79 FR 48039) (publication date of the Final Rule TBD), applies to this program. All proposals must demonstrate that best available science has been taken into consideration and must clearly articulate how it meets each part of the definition of best available science provided by the RESTORE Act. Best available science is defined in the RESTORE Act as science that (A) maximizes the quality, objectivity, and integrity of information, including statistical information; (B) uses peer-reviewed and publicly available data; and (C) clearly documents and communicates risks and uncertainties in the scientific basis for such projects. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

To receive funding under the Council-Selected Restoration Component, Council members must take part in a two-phase submission and application process. Both phases of the submission and application process must be completed before a member will receive an official award from the Council and be able to receive funding. This process is explained in the Notice of Application Process, published May 4, 2015 (80 FR 25294). An environmental impact assessment is required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Eligible applicants will submit proposals for projects and programs to the Gulf Coast Ecosystem Restoration Council who will select projects and programs to be included in the Funded Priorities List (FPL) Addendum to the Initial Comprehensive Plan. A Request for Applications (RFA) will be published on Grants.gov, and, after publication of the FPL addendum to the Initial Comprehensive Plan, eligible entities must submit grant or interagency agreement application documents as specified in the RFA.

Award Procedure:

Applications are approved by the Gulf Coast Ecosystem Restoration Council.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

> 180 Days. Projects and programs submitted to be included in the FPL Addendum to the Comprehensive Plan must be reviewed for eligibility, technical completeness, compliance with submission requirements, best available science, and environmental readiness. Projects are selected for inclusion on the FPL and published for public comment. The final FPL Addendum is then published upon approval by the Council. After the FPL Addendum publication, eligible entities must submit a complete application package to request funding for individual approved projects. Required application materials will be specified in the RFA, publication TBD. Applications are reviewed and approved by the Council.

Appeals:

No formal procedure. If an application is unacceptable, the applicant is fully informed and the applicant may submit a revised application.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Project periods are specified in the grant award and interagency agreement documents. Funds are disbursed on a reimbursement basis, although advances may be authorized as specified in 2 CFR Chapter I, Chapter II, Part 200.

Method of awarding/releasing assistance: lump sum.

Reports:

Individual awards and agreements will specify if and when program reports are required. Individual awards and agreements will specify if and when cash reports are required. Progress reports are required semiannually, unless the risk assessment of the applicant and/or subapplicant indicate that more frequent reports are required. Financial status reports are required semiannually, unless the risk assessment of the applicant and/or subapplicant indicate that more frequent reports are required. Individual awards and agreements will specify performance monitoring requirements. Recipients are responsible for oversight of the operations of award supported activities, including monitoring of subrecipients, to assure that compliance with applicable Federal requirements and performance expectations are being achieved.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

RELATED PROGRAMS:

11.478 Center for Sponsored Coastal Ocean Research Coastal Ocean Program;
21.015 Resources and Ecosystems Sustainability, Tourist Opportunities, and Revived Economies of the Gulf Coast States

EXAMPLES OF FUNDED PROJECTS:

Not Applicable.

CRITERIA FOR SELECTING PROPOSALS:

Focus and emphasis areas will be used to help ensure that the Funded Priorities List (FPL) represents a focused, integrated, and efficient use of currently available funds. Proposals for inclusion in the initial FPL should discuss how the proposed activity is designed primarily to address habitat or water quality. Proposals should also address the following emphasis areas:

1. How a project/program is foundational in the sense that it forms the initial core steps in addressing a significant ecosystem issue and that future projects can be tiered to substantially increase the benefits;
2. How a project/program will be sustainable over time;
3. Why a project/program is likely to succeed; and
4. Whether and how a project/program benefits the human community.

These Focus Areas and Emphasis Areas may be modified for subsequent amendments to the FPL.

Pursuant to the Initial Comprehensive Plan of the RESTORE Council and RESTORE Act, all proposals must include and address elements of the six subsections below.

(1). Initial Comprehensive Plan Goals:

Proposals must identify which goals the proposal will address. A proposal sponsor must select a single primary goal. Multiple secondary goals are encouraged to be identified.

1. Restore and Conserve Habitat Restore and conserve the health, diversity and resilience of key coastal, estuarine and marine habitats.
2. Restore Water Quality Restore and protect water quality of the Gulf Coast regions fresh, estuarine and marine waters.
3. Replenish and Protect Living Coastal and Marine Resources Restore and protect healthy, diverse and sustainable living coastal and marine resources.
4. Enhance Community Resilience Build upon and sustain communities with capacity to adapt to short- and long-term changes.
5. Restore and Revitalize the Gulf Economy Enhance the sustainability and resiliency of the Gulf economy.

(2). Initial Comprehensive Plan Objectives:

Proposals must clearly identify which objectives from the Initial Comprehensive Plan the proposal will address. A proposal sponsor must select a single primary objective. Multiple secondary objectives are encouraged to be identified.

1. Restore, Enhance, and Protect Habitats.
2. Restore, Improve, and Protect Water Resources.
3. Protect and Restore Living Coastal and Marine Resources.
4. Restore and Enhance Natural Processes and Shorelines.
5. Promote Community Resilience.
6. Promote Natural Resource Stewardship and Environmental Education.
7. Improve Science-Based Decision-Making Processes.

(3). RESTORE Act and Initial Comprehensive Plan Priority Criteria:

All proposals must explain if the proposal addresses one or more of the priority criteria as established by the RESTORE Act and Initial Comprehensive Plan and, if so, how.

1. Projects that are projected to make the greatest contribution to restoring and protecting the natural resources, ecosystems, fisheries, marine and wildlife habitats, beaches, and coastal wetlands of the Gulf Coast region, without regard to geographic location within the Gulf Coast region.
2. Large-scale projects and programs that are projected to substantially contribute to restoring and protecting the natural resources, ecosystems, fisheries, marine and wildlife habitats, beaches, and coastal wetlands of the

Gulf Coast ecosystem.

3. Projects contained in existing Gulf Coast State comprehensive plans for the restoration and protection of natural resources, ecosystems, fisheries, marine and wildlife habitats, beaches, and coastal wetlands of the Gulf Coast region.

4. Projects that restore long-term resiliency of the natural resources, ecosystems, fisheries, marine and wildlife habitats, beaches, and coastal wetlands most impacted by the Deepwater Horizon oil spill.

(4). Initial Comprehensive Plan Commitments:

All proposals must demonstrate how the proposal will achieve any or all of the commitments in the Initial Comprehensive Plan. The commitments in the Initial Comprehensive Plan are as follows:

1. Science-based Decision-Making
2. Regional Ecosystem-based Approach to Restoration
3. Engagement, Inclusion, and Transparency
4. Leveraging Resources and Partnerships
5. Delivering Results and Measuring Impacts

(5). Science:

All proposals must demonstrate that best available science has been taken into consideration and must clearly articulate how it meets each part of the definition of best available science provided by the RESTORE Act. Best available science is defined in the RESTORE Act as science that (A) maximizes the quality, objectivity, and integrity of information, including statistical information; (B) uses peer-reviewed and publicly available data; and (C) clearly documents and communicates risks and uncertainties in the scientific basis for such projects.

(6). Environmental Compliance:

All proposed projects and programs must list, using a checklist that will be provided by the Council, all applicable environmental compliance requirements with the associated proposal, as well as the status of those compliance requirements.

87.052 GULF COAST ECOSYSTEM RESTORATION COUNCIL OIL SPILL IMPACT PROGRAM

RESTORE Council Oil Spill Impact Program

FEDERAL AGENCY:

Gulf Coast Ecosystem Restoration Council

AUTHORIZATION:

Resources and Ecosystems Sustainability, Tourist Opportunities, and Revived Economies of the Gulf Coast States (RESTORE) Act of 2012, Title 33, Part 1321(t)(3), Section 1603(3), Public Law 112-141, 126 Stat. 588, 33 U.S.C 1321(t)(2).

OBJECTIVES:

The primary objective of this program is to disburse funds to eligible entities for the purpose of restoring and protecting the natural resources, ecosystems, fisheries, marine and wildlife habitats, beaches, coastal wetlands, and economy of the Gulf Coast region using the best available science in accordance with an approved State Expenditure Plan.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

The intent of this program is to disburse to eligible entities for the purpose of restoring and protecting the natural resources, ecosystems, fisheries, marine and wildlife habitats, beaches, coastal wetlands, and economy of the Gulf Coast region using the best available science in accordance with an approved State Expenditure Plan. All projects, programs, and activities must be eligible activities pursuant to clauses (i) and (ii) of 33 U.S.C. 1321(t)(1)(B) and must be included in an approved State Expenditure Plan (SEP). The projects, programs and activities must contribute to the overall economic and ecological recovery of the Gulf Coast; the State Expenditure Plan must take into consideration the Gulf Coast Ecosystem Restoration Council Initial Comprehensive Plan (Comprehensive Plan), August 2013, and be consistent with the goals and objectives of the Comprehensive Plan. States may select sub-recipients to carryout approved projects in the State Expenditure Plan. No more than 25

percent of the funding made available may be used for infrastructure projects eligible under subclauses (VI) and (VII) of 33 U.S.C. 1321(t)(1)(B)(i) unless the exception in 33 U.S.C. 1321(t)(3)(B)(ii)(II) applies. Not more than 3 percent of the amounts received by a Gulf Coast State may be used for administrative costs, as defined in the Department of the Treasury Regulations for the Gulf Coast Restoration Trust Fund, 31 CFR Part 34, publication of Interim Final Rule August 15, 2014 (79 FR 48039); (publication of Final Rule TBD).

Applicant Eligibility:

Eligible applicants are specified by the RESTORE Act and regulations at 31 C.F.R. Part 34 as the five Gulf Coast States or their administrative agents, as defined in 33 U.S.C. 1321(a)(34), Alabama, Florida, Louisiana, Mississippi, and Texas. For the development of the State Expenditure Plan, the eligible entities for each Gulf Coast State are as follows: in Alabama, the Alabama Gulf Coast Recovery Council; in Florida, a consortia of local political subdivisions that includes at a minimum 1 representative of each affected county; in Louisiana, the Coastal Protection and Restoration Authority of Louisiana; in Mississippi, the Office of the Governor or an appointee of the Office of the Governor; and in Texas, the Office of the Governor or an appointee of the Office of the Governor [33 U.S.C. 1321(t)(3)(B)(iii)]. Only the above-named entities are eligible applicants who may apply for funding. The RESTORE Council does not make Spill Impact Program grants directly to other entities or individuals. States may select sub-recipients to carryout approved projects in the State Expenditure Plan. Interested third parties may contact their jurisdiction listed above to learn more about how the eligible entities select proposed activities.

Beneficiary Eligibility:

The principal beneficiaries are the people, wildlife, economy/businesses, and natural resources of the Gulf Coast region.

Credentials/Documentation:

The Gulf Coast Ecosystem Restoration Council Initial Comprehensive Plan, August 2013, applies to this program.
Department of the Treasury Regulations for the Gulf Coast Restoration Trust Fund, 31 CFR Part 34, publication date of the Interim Final Rule August 15, 2014 (79 FR 48039); (publication date of the Final Rule TBD), applies to this program.
RESTORE Act Spill Impact Component Planning Allocation, 40 CFR Part 1800, publication date of the Final Rule January 13, 2015 (80 FR 1584), applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Eligible entities may apply to the Council for a grant to use the minimum allocation available under the Spill Impact Component of the RESTORE Act for planning purposes. This is a two-phase application process. The first part of the application process is the submission of a planning State Expenditure Plan (SEP), which must be approved by the RESTORE Council Chairperson. The second part of the application process is the submission of grant application materials by the eligible entities. State Expenditure Plan Guidelines have been published and are available at www.restorethegulf.gov. A Request for Applications (RFA) for Planning Assistance was published December 31, 2014 (79 FR 78779; and Grants.gov grant opportunity number GCC-GRANT-SEP-15-001). A subsequent RFA for State Expenditure Plan applications will be published. Eligible applicants must develop and submit a State Expenditure Plan in accordance with the requirements of 33 U.S.C. 1321(t)(3) for approval by the Gulf Coast Ecosystem Restoration Council. Projects will be required to comply with all environmental and permitting requirements, as applicable. NEPA decisions have not been finalized by the Council yet and will be included in the Interim Final and Final Rules for the Spill Impact Program, publication TBD.. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Following the submission and approval of a Planning State Expenditure Plan, eligible entities may submit a request for planning assistance to develop a full State Expenditure Plan by submitting an SF-424 (Application for Federal Assistance) and Form

SF-424A (Budget Information-Non-Construction Programs), and other documents as specified in the RFA for Planning Assistance, publication December 31, 2014 (79 FR 78779). After approval of the State Expenditure Plan, eligible entities must submit a complete application package to request funding for individual approved projects. Required application materials will be specified in the RFA, publication TBD.

Award Procedure:

Applications are approved by the Gulf Coast Ecosystem Restoration Council.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 30 to 60 days.

Appeals:

No formal procedure. If an application is unacceptable, the applicant is fully informed and the applicant may revise the application.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements. The statutory formula for this program applies to the allocation of the funds available under the Spill Impact Component. Once the amount of the allocation has been determined, no further allocation formula is applied with respect to the development of the State Expenditure Plan.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The period of performance is specified in the grant award documents. Funds are disbursed on a reimbursement basis. Method of awarding/releasing assistance: lump sum.

Reports:

Individual awards will specify if and when program reports are required. Individual awards will specify if and when cash reports are required. Progress reports are required semi-annually, unless the risk assessment of the applicant and/or sub-applicant indicate that more frequent reports are required. Financial status reports are required semi-annually, unless the risk assessment of the applicant and/or sub-applicant indicate that more frequent reports are required. Individual awards and risk assessments will specify performance monitoring requirements. Recipients are responsible for oversight of the operations of award supported-activities, including monitoring of subrecipients, to assure that compliance with applicable Federal requirements and performance expectations are being achieved.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

All financial and programmatic records, supporting documents, statistical reports, and other records of recipients or sub-recipients are required to be maintained by the terms of the award. NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

89.001 NATIONAL ARCHIVES REFERENCE SERVICES_HISTORICAL RESEARCH

FEDERAL AGENCY:

National Archives and Records Administration

AUTHORIZATION:

National Archives and Records Administration Act of 1984, Public Law 98-497, 98 Stat. 2280.

OBJECTIVES:

Objectives: To provide professional reference service to members of the general public and employees of the Federal government who are conducting research in Federal records or in historical materials in Presidential Libraries; provide advice and information to the public through conferences, workshops and other outreach activities on the availability and use of Federal records and publications in NARA's custody.

TYPES OF ASSISTANCE:

ADVISORY SERVICES AND COUNSELING; DISSEMINATION OF TECHNICAL INFORMATION; USE OF PROPERTY, FACILITIES, OR EQUIPMENT

USES AND USE RESTRICTIONS:

The assistance provided by NARA is designed to assist the public in obtaining access to information contained in records which are in the custody of the National Archives. Restrictions on the use of accessioned records in the National Archives of the United States are divided into two categories: general restrictions and specific restrictions. General restrictions apply to all records regardless of origin and apply to types of information or classes of records exempt from disclosure under the Freedom of Information Act, for example, national security information. Specific restrictions are specified by the transferring agency or donor and apply only to records in a particular record group or a portion of that record group. Access to records in the records center operations within NARA's regional records services facilities; in the National Personnel Records Center; and in the Washington National Records Center is

controlled by the agency which created the records. General restrictions apply to all records regardless of origin, and apply to types of information or classes of records exempt from disclosure under the Freedom of Information Act. Specific restrictions are specified by the transferring agency or donor, and apply only to records in a particular record group or a portion of that group. All procedures are included in 36 CFR 1256.

OBJECTIVES:

The Office for Civil Rights (OCR) in the Department of Health and Human Services (HHS) promotes and ensures that people have equal access to and the opportunity to participate in and receive services from all HHS-funded programs without facing unlawful discrimination, and that the privacy of their health information is protected. OCR protects the civil rights of all individuals who are subjected to discrimination in health and human services programs, and protects the health information privacy rights of consumers, and ensures that electronic protected health information is safeguarded against unauthorized use of disclosure through investigations, voluntary dispute resolution, enforcement, technical assistance, policy development and information services.

TYPES OF ASSISTANCE:

ADVISORY SERVICES AND COUNSELING; INVESTIGATION OF COMPLAINTS

USES AND USE RESTRICTIONS:

The Office for Civil Rights (OCR) in the Department of Health and Human Services (HHS) is responsible for promoting and ensuring that people have equal access to and the opportunity to participate in and receive services from all HHS-funded programs without facing unlawful discrimination, that the privacy of their health information is protected, and that electronic protected health information is safeguarded against unauthorized use or disclosure. These HHS funded programs are provided through state agencies, nursing homes, skilled nursing facilities, medical laboratories, hospitals, day care centers, social service agencies and other providers. Any person who believes that an individual has been discriminated against in the provision of these services because of race, color, national origin, disability, age, sex or religion, may file a complaint with OCR. An individual who believes that discrimination on the basis of disability has occurred in a health or social services program of a state or local government entity may file a complaint with OCR under Title II of the Americans with Disabilities Act of 1990, regardless of whether the entity receives Federal funds. Individuals may also file complaints of denials of health care for reasons other than the need and availability of services, by recipients of Hill-Burton grants and loans. In addition, a person may file a complaint under the Multiethnic Placement Act of 1994, as amended by Section 1808 of the Small Business Job Protection Act of 1996, alleging that an adoption or foster care agency or entity funded by HHS discriminatorily relied on a parents or child's race, color, or national origin in making a placement decision. OCR will investigate complaints and take steps to ensure compliance with applicable civil rights laws.

OCR also enforces the Health Insurance Portability and Accountability Act (HIPAA) Privacy Rule and Security Rule as well as the HITECH Breach Notification Rule and the confidentiality provisions of the Patient Safety and Quality Improvement Act (PSQIA) of 2005. OCR's activities under the Privacy, Security and Breach Notification Rules include enforcement actions, including conducting investigations, taking compliance actions, and making penalty determinations, and conducting public education, technical assistance and other outreach activities: to health care providers, health care clearinghouses, health plans, and business associates of covered entities to ensure that they understand

their responsibilities under the Rules; to other entities that may be impacted by the Rules, including Federal, State and local government agencies, and researchers; and to consumers, to inform them of their rights under the Privacy Rule. Anyone who believes that a person, agency or organization covered under the HIPAA Privacy and Security Rules ("a covered entity") has violated the Privacy and/or Security Rules may file a complaint with OCR. In addition, the Breach Notification Rule requires HIPAA covered entities to promptly notify affected individuals of a breach, as well as the HHS Secretary and the media in cases where a breach affects more than 500 individuals; OCR is required to publish a list of entities that incur large breaches. Where a breach of unsecured protected health information occurs at or by a business associate, the business associate must notify the covered entity following the discovery of the breach. Additionally, the HITECH Act now makes business associates accountable for protecting the privacy and security of protected health information and directly liable for criminal and civil penalties for violations of HIPAA and Security Rules.

OCR's activities under PSQIA include administering an enforcement program regarding the confidentiality protections, including conducting investigations, taking compliance actions, making penalty determinations, and interpreting standards for confidentiality protections and the enforcement program for guidance and technical assistance to Patient Safety Organizations (PSOs), providers and public information.

Applicant Eligibility:

Anyone who believes he or she has been discriminated against in the manner outlined, seeks information concerning civil rights, and recipients of Federal financial assistance who desire technical assistance and information for the purpose of assuring their compliance with nondiscrimination laws. Regarding the HIPAA Privacy and Security Rules, anyone who believes that the Privacy and/or Security Rules have been violated in the manner outlined or who seeks information about these Rules; consumers that need to know their rights under the Privacy Rule; and entities that need technical assistance and information for the purpose of assuring compliance with the Privacy and Security Rules.

Beneficiary Eligibility:

Individuals subject to discrimination and recipients who require technical assistance and information. Regarding the HIPAA Privacy Rule, individuals subject to violation of their health information privacy, covered entities, and others needing or seeking technical assistance and information concerning the Rule.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Complaints of discrimination and alleged violations of the HIPAA Privacy and Security Rules may be filed, and technical assistance information and public education may be requested, at the Headquarters and Regional Office locations of the Office for Civil Rights.

Award Procedure:

None.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

A complaint must be filed not later than 180 days of the alleged discrimination, unless the time for filing is waived for good cause. Complaints under the Privacy and/or Security Rules must be filed within 180 days of the date when the complainant knew, or should have known, that the act or omission complained of occurred, unless the time limit is waived for good cause. Complaint processing time varies considerably based on the type of complaint, the complexity of the issues, and current OCR caseload.

Appeals:

Individuals can appeal a civil rights discrimination complaint determination in some instances by submitting, in writing, a request for reconsideration to the Director, Office for Civil Rights. OCR imposes civil money penalties (CMPs) on covered entities and their business associates found to be in violation of the HIPAA Privacy, Security and/or Breach Notification Rules. If CMPs are imposed, the covered entity, or any applicable business associates, may request a hearing in which an HHS administrative law judge (ALJ) decides if the CMPs are supported by the evidence in the case. OCR is required to present the evidence to support the imposition of CMPs to the ALJ. The covered entity and/or business associate(s) may also then appeal the ALJ's decision to the HHS Departmental Appeals Board (DAB) and ultimately to the U.S. Courts of Appeal.

93.004 COOPERATIVE AGREEMENTS TO IMPROVE THE HEALTH STATUS OF MINORITY POPULATIONS

FEDERAL AGENCY:

Office of Minority Health, Department of Health and Human Services

AUTHORIZATION:

OMH is authorized to conduct this program under 42 U.S.C. Section 300 u-6, Section 1707 of the Public Health Service Act, as amended.

OBJECTIVES:

To provide support for activities which have the potential to improve the health status and/or quality of life of racial/ethnic minorities, with the objective of reducing the excessive burden and death borne by minority and disadvantaged populations in the United States.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Funds are to be used for support of projects or activities consistent with the mission of the Office of Minority Health. Funds are not to be used for the provision of health care services, construction, augmentation of on-going Office of Minority Health (OMH) supported demonstrations, or supplementation of on-going project activities.

Applicant Eligibility:

Public and private nonprofit entities may apply. Faith based organizations are eligible to apply.

Beneficiary Eligibility:

Members of the minority and disadvantaged groups: Blacks; Hispanics; American Indians; Alaska Natives; Asian/American Pacific Islanders; or subgroups of these.

Credentials/Documentation:

Proof of nonprofit status is required as part of the application submission. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. All open grant opportunities are posted on www.grants.gov. Additional information may be requested by calling 240-453-8822 or writing to: Office of Assistant Secretary of Health (OASH) Office of Grants Management, 1101 Wootton Parkway, Suite 550, Rockville, MD 20852.

Award Procedure:

Accepted applications will be reviewed by a review panel that will make recommendations on the technical merit based on the published criteria. After considering the recommendations of the panel, the Deputy Assistant Secretary for Minority Health, will make a final decision on funding projects and a notice of grant award will be issued.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 90 to 120 days.

Appeals:

Not Applicable.

Renewals:

> 180 Days. Varies, but a project period is generally limited to 5 years or less. Within a project period, continuation applications must be submitted annually on a noncompeting basis for each year of support.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

The cooperative agreements will have a project period not to exceed 5 years, with 12-month budget periods. Following the initial budget period, continued funding is subject to the availability of funds and satisfactory program performance. Necessary instructions regarding payment procedure will be provided at the time the award is issued. Method of awarding/releasing assistance: by letter of credit.

Reports:

Annual Program reports are required. Quarterly SF425 Federal Financial Reports must be submitted to Payment Management Services 30 days after the end of each calendar quarter. Progress reports are required quarterly for each budget period. 93.006 STATE AND TERRITORIAL AND TECHNICAL ASSISTANCE CAPACITY DEVELOPMENT MINORITY HIV/AIDS DEMONSTRATION PROGRAM

(CTA/CD)

FEDERAL AGENCY:

Office of Minority Health, Department of Health and Human Services

AUTHORIZATION:

OMH is authorized to conduct this program under 42 U.S.C. Section 300 u-6, Section 1707 of the Public Health Service Act, as amended.

OBJECTIVES:

A collaborative effort to demonstrate that the involvement of State and Territorial Offices of Minority Health in coordinating a statewide response to the HIV/AIDS crisis in minority communities can have a greater impact on the communities' understanding of the disease, and the coordination of prevention and treatment services for minority populations, than agencies and/or organizations working independently; and to stimulate and foster the development of effective and durable service delivery capacity for HIV prevention and treatment among organizations closely linked with the minority populations.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Funds are to be used to support minority-targeted health education and prevention strategies which will help to eliminate or reduce the risk for acquiring or transmitting HIV/AIDS and increase access to services and treatment; and to provide technical assistance and capacity development to community based minority-serving organizations to enhance their delivery capacity for HIV/AIDS prevention and treatment. Funds are not to be used for the provision of health care services, construction, augmentation of ongoing Office of Minority Health (OMH) supported demonstrations, or to supplant ongoing project activities.

Applicant Eligibility:

State/Territorial Offices of Minority Health or, for those states and territories that do not have established Office of Minority Health, a state or territorial minority health entity located within a State or Territorial Department of Health which functions in the capacity of an Office of Minority Health; and community based, minority-serving organizations.

Beneficiary Eligibility:

Members of the minority groups: American Indians or Alaska Natives; Asians; Blacks or African Americans; Hispanics or Latinos; Native Hawaiians or other Pacific Islanders; or subgroups of these populations.

Credentials/Documentation:

Listed below are some criteria used to review applications: (1) consistency of project's goals and objectives with the Office of Minority Health's mission; (2) coherence and feasibility of methodology and activities selected to address the problem as evidence in the proposed implementation plan; (3) strength of proposed grant organization's management capability; (4) adequacy of qualifications, experience and cultural competence of proposed personnel; and (5) strength of analysis of potential impact or innovation the project proposes to generate.

93.007 PUBLIC AWARENESS CAMPAIGNS ON EMBRYO ADOPTION

Embryo Donation/Adoption

FEDERAL AGENCY:

Office of the Secretary, Department of Health and Human Services

AUTHORIZATION:

This program is authorized by Section 1704 of the Public Health Service Act, 42 U.S.C. Section 300u-3, 42 U.S.C 300u-3.

OBJECTIVES:

The purpose of the program is to increase public awareness of embryo adoption as a method of family building and to provide services to infertile individuals so as to facilitate their use of embryo donation/adoption.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

The increasing success of assisted reproductive technologies (ART) has resulted in a situation in which an infertile couple typically creates several embryos through in-vitro fertilization (IVF). During IVF treatments, couples may produce many embryos in an attempt to become pregnant with several being cryopreserved (frozen) for future use. If a couple becomes pregnant without using all of the stored embryos, they may choose to release the remaining unused embryos for donation and adoption allowing other infertile couples the experience of pregnancy and birth. Embryo donation and/or adoption is a relatively new process in which individuals who have extra frozen embryos agree to release the embryos for transfer to the uterus of another woman, either known or anonymous to the donor(s) for the purpose of the recipient(s) attempting to bear a child and be that child's parent. Individuals may not apply for this assistance.

Applicant Eligibility:

Eligible applicants include public agencies, nonprofit organizations, and for-profit organizations. Eligibility to compete for this announcement is limited to particular applicant organizations. Only agencies and organizations, not individuals, are eligible to apply. One agency must be identified as the applicant organization and will have legal responsibility for the project. Additional agencies and organizations can be included as co-participants, subgrantees, subcontractors, or collaborators if they will assist in providing expertise and in helping to meet the needs of the recipients. Faith-based and

community-based organizations meeting the eligibility requirements may apply, or they may be included as co-participants, subgrantees, subcontractors, or collaborators if they will assist in providing expertise and in helping to meet the needs of recipients. Eligibility is limited to organizations that can demonstrate previous experience with embryo adoption and are knowledgeable in all elements of the process of embryo adoption.

Beneficiary Eligibility:

The beneficiary populations for this program are potential donors and/or recipients of frozen embryos.

Credentials/Documentation:

Proof of nonprofit status is required of nonprofit organizations and institutions. OMB Circular No. A-87 applies to this program. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. To apply, access the announcement through www.grants.gov. Enter the CFDA# and follow the website instructions. Applications submitted after the deadlines will not be accepted for review. The submission deadline will not be extended. Applications which do not conform to the requirements of the grant announcement will not be accepted for review and will be returned to the applicant. Applications may only be submitted electronically via www.grants.gov. Any applications submitted via any other means of electronic communication, including facsimile or electronic mail, will not be accepted for review.

Award Procedure:

Applications will be screened upon receipt. Those that are judged to be ineligible will be returned to the applicant. Accepted applications will be evaluated by a technical review panel composed of independent experts. The final funding decision will be determined by the Agency Director, who will take into consideration the recommendations of the review panel; programmatic needs, stated preferences; geographic location; and recommendations of DHHS Regional Health Coordinators. All applicants will be notified in writing of actions taken on their applications. Applications that are approved and funded will be issued A Notice of Award.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 30 to 60 days.

Appeals:

Not Applicable.

Renewals:

> 180 Days. New projects are approved for a 2 year project period.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program.

This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Grant Project Periods are for 2 years. Method of awarding/releasing assistance: by letter of credit.

Reports:

Annual Program reports are required. Cash Reports are due on a minimum basis of quarterly. Progress reports are required for each budget period. Federal Financial Reports (SF425) are due quarterly. A final performance report is due 90 days following the end of the project period.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

HHS and the Comptroller General of the United States or any of their designated authorized officials shall have the right of access to any books, documents, papers, or other records of a grantee, sub-grantee, contractor, or subcontractor, which are pertinent to the HHS grant, in order to make audits, examinations, excerpts and transcripts. In accordance with 45 CFR, Part 74.53 and 45 CFR, Part 92, grantees are required to maintain grant accounting records 3 years after the end of a budget period. If any litigation, claim, negotiation, audit or other action involving the records has been started before the expiration of the 3-year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

93.009 COMPASSION CAPITAL FUND

(CCF)

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Section 1110 of the Social Security Act governing Social Services Research and Demonstration activities; the Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act of 2004, Public Law 107-116.

OBJECTIVES:

To provide grants to charitable organizations to emulate model social service programs and to encourage research on the best practices of social service organizations. This is accomplished through the goal of assisting faith-based and community organizations to increase their effectiveness, enhance their ability to provide social services, expand their organizations, diversify their funding sources, and create collaborations to better serve those most in need. This is accomplished by funding experienced intermediary organizations in well-defined geographic locations with a proven track record of providing technical assistance to smaller faith-based and community organizations in their communities, providing one-time \$50,000 grants to smaller faith-based and community organizations to build their capacity, and providing grants to strengthen broad-based collaborative community that are working to reduce gang involvement, youth violence, and child abuse and neglect and to foster positive youth development.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Intermediary organizations use the CCF funds to provide two services within their communities: 1) Training assistance to faith-based and community organizations; and 2) Financial support through sub-awards to some subset of the faith-based and community organizations in their communities. Technical assistance activities funded under CCF are to be conducted at no cost to interested faith-based and community organizations. Applicants must have demonstrated experience in the delivery of capacity-building assistance to smaller organizations in several of the following areas: strategic planning, financial management, board development, fund development, and outcome measurement. Technical assistance should be provided on a long-term, on-going basis to smaller organizations. The program goals are further accomplished through the issuance of sub-awards by the funded intermediary organizations to a diverse set of small faith-based and community organizations that seek to increase program and organizational effectiveness for a 12-month period. Sub-award recipients must adhere to the following: sub-award recipients must be chosen from fair and open competitive process; sub-award recipients must not be pre-selected; the awarding process must be fair and open competition and include outreach to both faith-based and community organizations; intermediary organizations must provide on-going technical assistance and capacity-building support to the organizations to which they issue sub-awards; and the criteria for selection must not include consideration of the religious nature of the program it offers. Priority for sub-awards is given to organizations that historically have not received grants from the Federal government. Intermediaries must not require sub-award applicants to provide matching funds even if the applicants offer matching funds in their applications. Intermediaries must not require sub-award applicants to have 501 (c) (3) status or to identify a sponsoring organization with 501 (c) (3) status; Organizations that partner with an intermediary to deliver technical assistance or provide a cost-sharing fund for the proposed project are not to be eligible for sub-awards, unless approved by the Administration for Children and Families; Sub-awards should not be used to assist organizations in differing stages of development.

Sub-awards may also be provided to promising organizations to expand the reach of existing programs; Sub-awards must not be used to provide direct services, but rather improve the sub-awardee's efficiency and capacity. The Office of Community Services (OCS) will not fund any project, where the role of the applicant is primarily to serve as a conduit for funds to organizations other than the applicant. The applicant must have a substantive role in the implementation of the project for which funding is requested. This prohibition does not bar the making of sub-grants or sub-contracting for specific services or activities needed to conduct the project. CCF monies shall not be used to support inherently religious practices such as religious instruction, worship, or proselytization. Grant or sub-award recipients, therefore, may not and will not be selected based on religious criteria. Neutral, non-religious criteria that neither favor nor disfavor religion must be employed in a selection of a grantee and sub-award recipients.

93.011 NATIONAL ORGANIZATIONS OF STATE AND LOCAL OFFICIALS

NOSLO

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Sections 311(a) of the Public Health Service (PHS) Act, as amended.

OBJECTIVES:

The purpose of the NOSLO cooperative agreement is to improve health, promote a skilled healthcare workforce, and achieve health equity for communities by: (1) strengthening the organizational capacities of state and local health departments, Primary Care Organizations (PCOs), State Offices of Rural Health (SORHs), small rural hospitals and clinics, State Medicaid agencies, and legislatures through information exchanges and participation in learning communities that support quality improvement and innovative public and private sector initiatives; (2) developing technical assistance materials and training activities that benefit HRSA grantees such as health centers, state maternal child health programs, health professions training programs, state and local Ryan White grantees, and public health agencies/entities providing services to underserved communities; and (3) engaging national organizations, representing state and local officials, to provide training and technical assistance to promote primary care and public health integration initiatives for their constituencies.

The NOSLO program has the following goals: (1) address a broad range of cross-cutting matters that affect state and local governments, such as implementation of the Affordable Care Act (ACA), through policy and data and environmental analyses associated with emerging health reform issues; (2) improve public health programs at the national, state, and local levels by partnering with state and local government entities and programs that contribute to population health and health policy development; (3) strengthen the organizational capacities of state and local health agencies, Medicaid agencies, and health care entities to collaborate and implement innovative initiatives which improve health and achieve health equity; (4) leverage key strategic interests at the state and local level, including safety net provider workforce development, health information technology and exchange, health equity, and safety net funding programs, such as Medicare and Medicaid; (5) promote the integration of primary care and public health activities and examine key issues that affect health care delivery in underserved urban and rural communities; and (6) incorporate into practice the indicators of primary care and public health system integration, such as establishing multi-stakeholder coalitions that align with national, regional and local health and human services initiatives.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

This program will support national organizations that represent the following groups: State/Territorial Health Department Officials, Local County and City Health Department Officials, State Medicaid Directors, and State Legislatures to address cross-cutting, publicly-funded health program integration and health access issues identified by the states and local governments and entities. The NOSLO cooperative agreements are multi-faceted and include opportunities for policy information exchange and collaboration, as well as for providing training and technical assistance to health centers, public health agencies, and other health care entities to address the needs of the underserved and targeted populations. Specifically, under the NOSLO program, each awardee will be responsible for carrying out activities tailored to its own constituencies needs (i.e., its target audience). The cooperative agreements will also address program priorities for the U.S. Department of Health and Human Services, such as the implementation of health reform activities at the state and local level, including addressing the implications of health reform provisions to achieve improved outcomes for beneficiaries and better services and value for state Medicaid programs.

Applicant Eligibility:

Eligible applicants include nonprofit service and/or membership organizations that can provide training and technical assistance on a national level to strengthen the infrastructure capacities of states and local government entities. The applicants must have effective organizational infrastructures and capacities (i.e., systems, leadership, resources) to carry out the proposed activities.

Beneficiary Eligibility:

Eligible beneficiaries include the following entities: Federal; Interstate; Intrastate; State; Local; Public nonprofit institution/organization; Other public institution/organization; Non-Governmental General; Minority group; Specialized group (e.g., health professionals, students, veterans); Small business (less than 500 employees); Private nonprofit institution/organization; Quasi-public nonprofit institution/organization; Anyone/general public; Native American Organizations; Health professional; Black; American Indian; Spanish origin; Asian; Other non-white; Migrant; U.S. citizen; Refugee/Alien; Veteran/Service; Person/Reservist (including dependents); Women; Disabled (i.e., Deaf, Blind, Physically Disabled).

Credentials/Documentation:

Applicants should review the individual HRSA funding opportunity announcement issued under this CFDA program for any required proof or certifications which must be submitted prior to or simultaneous with submission of an application package. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or

her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

Administration for Community Living, Department of Health and Human Services

AUTHORIZATION:

Older Americans Act of 1965, Title III, Parts A and B, Public Law 89-73, as amended; Public Law 90-42, 81 Stat. 106; Public Law 91-69, 83 Stat. 108; Public Law 93-29, 89 Stat. 301; Public Law 93-351, 88 Stat. 357; Public Law 94-135, 89 Stat 713; Public Law 95- 65, 91 Stat. 269; Public Law 95-478, 92 Stat. 1513; Public Law 97-115, 95 Stat. 1595; Public Law 98-459, 98 Stat. 1767; Public Law 100-175; Section 705, Public Law 100-628; 42 U.S.C. 3022-3030d; Public Law 106-501.

OBJECTIVES:

To encourage State Agencies on Aging and Area Agencies on Aging to concentrate resources to develop and implement comprehensive and coordinated community-based systems of service for older individuals via Statewide planning, and area planning and provision of supportive services, including multipurpose senior centers. The objective of these services and centers is to maximize the informal support provided to older Americans to enable them to remain in their homes and communities. Providing transportation services, in-home services, and other support services, this program insures that elders receive the services they need to remain independent.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Funds are awarded to States to develop and strengthen comprehensive and coordinated service delivery systems through designated State Agencies on Aging and Area Agencies on Aging. A State plan covering 2, 3, or 4 years, with annual amendments as necessary, must be submitted for approval to the Assistant Secretary for Aging. Area Plans also cover 2, 3, or 4 years, and are to be submitted to State agencies for approval. These funds are distributed by intrastate funding formulas to area agencies in States with planning and service areas and directly to service providers in the 13 States designated as single-planning-and-service-area States. In addition to supportive nutrition services, these funds may be used to support other services in relation to multipurpose senior centers.

Applicant Eligibility:

Only State and U.S. Territories which have State Agencies on Aging designated by the Governors are eligible to receive these grants.

Beneficiary Eligibility:

Individuals age 60 and over, targeting those older individuals with the greatest economic needs, the greatest social needs, and those residing in rural areas.

AUTHORIZATION:

Older Americans Act of 1965, Parts A and C, Public law 89-73, as amended; Public law 90-42, 81 Stat. 106; Public Law 91-69, 85 Stat. 108; Public Law 92-258, 86 Stat. 88; Public Law 93-87 Stat. 301; Public law 93-351, 88 Stat. 357; Public law 94-135, 89; Stat. 713; Public Law 95-65, 91 Stat. 269; Public law 95-478, 92 Stat. 513; Public law 97-115, 95 Stat. 1595; Public Law 98-459, 98 Stat. 1767; Title III, Part C, Public Law 100-175; public Law 100-628; 42 U.S.C. 3030e-3030g; Public Law 102-375; Public 106-501.

OBJECTIVES:

To provide grants to States and U.S. Territories to support nutrition services including nutritious meals, nutrition education and other appropriate nutrition services for older adults in order to maintain health, independence and quality of life. Meals and nutrition services are to be served in a congregate setting or delivered to the home, if the older adult is homebound.

TYPES OF ASSISTANCE:

FORMULA GRANTS

USES AND USE RESTRICTIONS:

Funds are made available to State Units on Aging and U.S. Territories for use by local nutrition projects. Local projects must provide an appropriate meal, which complies with the current Dietary Guidelines for Americans and provides one-third of the Dietary Reference Intakes (DRI). Meals must be provided at

least once per day, 5 or more days per week, except in rural areas where such frequency is not feasible, to eligible people aged 60 and over and their spouses. Local projects may also use funds to provide nutrition education, nutrition counseling and other nutrition services, as appropriate, based on the needs of meal participants.

Applicant Eligibility:

Only States and U.S. Territories which have State Units on Aging designated by the governors are eligible to receive these grants.

Beneficiary Eligibility:

For Title III congregate meals, persons who are older adults (age 60 years and above) or a spouse of an older adult, regardless of age; disabled adults who live in housing facilities primarily occupied by older adults where a congregate site is located; disabled adults under age 60, who reside at home with older adults; and volunteers, regardless of age, who assist in meal service during meal hours. For Title III home-delivered meals, an older individual must be assessed to be homebound. The spouse of a homebound individual regardless of age or condition may receive a meal if receipt of the meal is assessed to be in the best interest of the homebound older adult.

Credentials/Documentation:

Applicable costs and administrative procedures will be determined in accordance with Part 75 of Title 45 of the Code of Federal Regulations. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Administration for Community Living, Department of Health and Human Services

AUTHORIZATION:

Older Americans Act of 1965, Title VI, Public Law 89-73, 92 Stat. 1513.

OBJECTIVES:

To promote the delivery of supportive services, including nutrition services, to American Indians, Alaskan natives, and Native Hawaiians that are comparable to services provided under Title III.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Funds are available through grants to eligible Indian Tribal Organizations for services comparable to those provided under Title III. Services must include nutrition services and information and referral, and may include transportation and other services authorized under Title III. Funds may be used for staffing senior centers. Indian Tribes receive funds based on a formula that considers the number of eligible elder Indians sixty years of age or older represented by the tribal organizations with population ranges from 50-100, 101-200, 201-300, 301-400, 401-500, 501 to 1,500, and 1,501+. Grants also are available to private or nonprofit organizations having the capacity to provide services to older Native Hawaiians.

Applicant Eligibility:

Tribal organizations of Indian tribes eligible for assistance under Section 4 of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450b), and public or nonprofit private organizations which serve Native Hawaiian Elders, which represent at least 50 Indians or Hawaiians 60 years of age or older. Applicants must demonstrate that they have the ability to deliver supportive and nutrition services.

Beneficiary Eligibility:

Indians who are 60 years of age and older, and in the case of nutrition services, their spouses. Tribes also have the authority to define Indians under 60 years of age as "older Indian" making them eligible for services.

93.051 ALZHEIMER'S DISEASE DEMONSTRATION GRANTS TO STATES

Alzheimer's Disease Supportive Services Program

FEDERAL AGENCY:

Administration for Community Living, Department of Health and Human Services

AUTHORIZATION:

Sec 398 of the Public Health Service Act (P.L. 78-410; 42 U.S.C. 280c-3.

OBJECTIVES:

To expand the availability of diagnostic and support services for persons with Alzheimer's Disease and Related Dementias (ADRD), their families, and their caregivers, as well as to improve the responsiveness of the home and community-based care system to persons with dementia.

There are three types of ADSSP grants: Dementia capability grants require states to help ensure that people with dementia and their family caregivers have access to a home and community-based services system that identifies those with dementia, ensures that program staff have appropriate dementia care training, and assures delivery of quality services. Evidence-based grants require states to demonstrate how existing evidence-based interventions that help people with ADRD and their family caregivers can be translated into effective supportive service programs at the community level. Innovation grants require states and their partners to explore innovative approaches to improving the delivery of supportive services at the community-level to people with ADRD and their family caregivers.

TYPES OF ASSISTANCE:

Cooperative Agreements (Discretionary Grants)

USES AND USE RESTRICTIONS:

(1) Not less than 50 percent of the federal grant must be spent on home health care, personal care, day care, companion services, short-term care in health facilities, and other respite care to individuals with Alzheimer's disease and related disorders. (2) Grant funds cannot be used to replace existing, State, Federal, or private insurance funds. (3) Matching funds are required. (4) Not more than 10 percent of the grant will be expended for administrative expenses.

Applicant Eligibility:

State government agencies are eligible for grant awards; the applicant agency is encouraged to have the support and active involvement of the Single State Agency on Aging. Only one application per State will be funded, however, multiple state and local agencies are encouraged to collaborate in planning and carrying out the project.

Beneficiary Eligibility:

(1) Individuals with Alzheimer's disease and related disorders; (2) families of those individuals; and (3) care providers of those individuals.

Credentials/Documentation:

Applicants must submit: (1) A description of intended use of the grant; (2) information describing programs and activities to be supported; (3) the number of individuals receiving services and the cost of services; and (4) a plan describing coordination of such services. 93.059 TRAINING IN GENERAL, PEDIATRIC, AND PUBLIC HEALTH DENTISTRY

S.748 General, Pediatric, and Public Health Dentistry and Dental Hygiene

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Title VII, Section 748, 42 U.S.C. 293k-2 as amended as amended by the Patient Protection and Affordable Care Act, Section 5303, P. L. 111-148.

OBJECTIVES:

The purpose of the Training in General, Pediatric, and Public Health Dentistry and Dental Hygiene programs are to improve access to and the delivery of oral health care services for all individuals, particularly low income, underserved, uninsured, minority, health disparity, and rural populations by increasing the supply of a qualified dental workforce and enhancing dental workforce education and training.

To support the following program areas/activities:

(1) Predoctoral Training in General, Pediatric or Public Health Dentistry and Dental Hygiene; (2) Post-doctoral Training in General, Pediatric and Public Health Dentistry; (3) Faculty Development Training in General, Pediatric and Public Health Dentistry and Dental Hygiene; and (4) Dental Faculty Loan Repayment.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

1) Predoctoral Training in General, Pediatric or Public Health Dentistry and Dental Hygiene:

- a. Funds may be used to plan, develop, and operate, or participate in, an approved professional training program in the field of general, pediatric, or public health dentistry for dental or dental hygiene students, dental hygienists, or other approved primary care dental trainees, that emphasizes training for general, pediatric, or public health dentistry.
- b. Funds may be used to provide financial assistance to dental or dental hygiene students, or practicing dental hygienists who are in need thereof, and who are participants in any such training program, and who plan to work in the practice of general, pediatric or public health dentistry or dental hygiene.
- c. Funds may be used in support of an accredited masters in public health program for dental and dental hygiene students in need of such support. Note that support is limited to students only.
- d. Funds may be used to meet the costs of projects to establish, maintain, or improve predoctoral training in primary care dentistry (general, pediatric, and public health dentistry and dental hygiene) programs.

2) Postdoctoral Training in General, Pediatric and Public Health Dentistry:

- a. Funds may be used to plan, develop, and operate, or participate in, an approved professional training program in the fields of general, pediatric, or public health dentistry for dental residents, or practicing dentists or other approved primary care dental trainees that emphasizes training for general, pediatric and public health dentistry.
- b. Funds may be used to provide financial assistance to dental residents or practicing dentists who are in need thereof, and who are participants in any such training program, and who plan to work in the practice of general, pediatric or public health dentistry.
- c. Funds may be used in support of an accredited masters degree in public health program for dental residents in need of such support. Note that support is limited to residents only.
- d. Funds may be used to meet the costs of projects to establish, maintain, or

improve postdoctoral training in primary care dentistry programs.

3) Faculty Development Training in General, Pediatric and Public Health Dentistry and Dental Hygiene:

- a. Funds may be used to plan, develop, and operate a program for the training of oral health care providers who plan to teach in general, pediatric, public health dentistry or dental hygiene.
- b. Funds may be used to provide financial assistance in the form of traineeships and fellowships to dentists who plan to teach, or are teaching, in general, pediatric, or public health dentistry.
- c. Funds may be used to meet the costs of projects to establish, maintain, or improve dental faculty development programs.

4) Dental Faculty Loan Repayment:

- a. Funds may be used to plan, develop, and operate a dental faculty loan repayment program for faculty engaged in primary care dentistry to include general, pediatric, and public health dentistry and dental hygiene.
- b. Individuals participating in the program must agree to serve as full-time faculty members.
- c. The program must agree to pay the principal and interest on the outstanding student loans of the individuals. Upon completion by an individual of each of the first, second, third, fourth, and fifth years of service, the program shall pay an amount equal to 10, 15, 20, 25, and 30 percent, respectively, of the individuals student loan balance as calculated based on principal and interest owed at the initiation of the agreement.

Restricted Uses: Indirect costs under training awards to organizations other than State, local or American Indian tribal governments will be budgeted and reimbursed at 8 percent of modified total direct costs rather than on the basis of a negotiated rate agreement, and are not subject to upward or downward adjustment.

Student support through stipends, tuition, and fees is not eligible for support. Grants may not be used for new construction or patient services.

Applicant Eligibility:

Eligible applicants are accredited dental or dental hygiene schools, public or private not-for-profit hospitals, or other public or not for profit entities, which the Secretary has determined is capable of carrying out such a grant. Eligible entities include entities that have programs in dental or dental hygiene schools, or approved residency or advanced education programs in the practice of general, pediatric, or public health dentistry. Federally Recognized Indian Tribal Government and Native American Organizations may apply if otherwise eligible.

Eligible entities may partner with schools of public health for the education of dental students, residents or dental hygiene students for a masters in public health in an accredited program.

Training activities must be conducted by an accredited entity; therefore, either the applicant or a partner organization responsible for the dental or dental hygiene training must be accredited.

Beneficiary Eligibility:

Beneficiaries include a full range of trainees: dental or dental hygiene students, dental hygienists, dental residents, practicing dentists, other approved primary care dental trainees and dental faculty.

Credentials/Documentation:

Applicants should review the individual HRSA funding opportunity announcement (FOA) issued under this CFDA program for any required proof or certifications which must be submitted with an application package. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Depending on Agency priorities and availability of funding, during the final budget year of the approved project period competing continuation applications may be solicited from interested applicants.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program.

Matching requirements are not applicable to this program.

This program has MOE requirements, see funding agency for further details.

The recipient must agree to maintain non-federal funding for grant activities at a level which is not less than expenditures for such activities during the fiscal year prior to receiving the award.

Length and Time Phasing of Assistance:

This funding opportunity provides support for a 5-year project period. See the following for information on how assistance is awarded/released: Recipients drawdown funds, as necessary, from the Payment Management System (PMS).

PMS is the centralized web based payment system for HHS awards.

Reports:

The recipient will be required to submit semi-annual performance and annual progress reports. Cash reports are not applicable. A Federal Financial Report (SF-425) is required according to the schedule in HRSA's Application Guide. A final report is due within 90 days after the project period ends. If applicable, the recipient must submit a Tangible Personal Property Report (SF-428) and any related forms within 90 days after the project period ends. New awards (Type 1) issued under this funding opportunity announcement are subject to the reporting requirements of the Federal Funding Accountability and Transparency Act (FFATA) of 2006 (Pub. L. 109282), as amended by section 6202 of Public Law 110252, and implemented by 2 CFR Part 170. Grant and cooperative agreement recipients must report information for each first-tier subaward of \$25,000 or more in federal funds and executive total compensation for the recipients and subrecipients five most highly compensated executives as outlined in Appendix A to 2 CFR Part 170 (The FFATA details are available online at <http://www.hrsa.gov/grants/ffata.html>). Competing continuation recipients, etc. may be subject to this requirement and will be so notified in the Notice of Award. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Grantees are required to maintain grant accounting records three years after the date they submit the FFR. If any litigation, claim, negotiation, audit or other action involving the award has been started before the expiration of the three-year period, the records shall be retained until completion of the action

and resolution of all issues which arise from it, or until the end of the regular three-year period, whichever is later.

CRITERIA FOR SELECTING PROPOSALS:

Procedures for assessing the technical merit of grant applications have been instituted to provide an objective review of applications and to assist the applicant in understanding the standards against which each application will be judged. Critical indicators have been developed for each review criterion to assist the applicant in presenting pertinent information related to that criterion and to provide the reviewer with a standard for evaluation. Competing applications are reviewed by non-Federal expert consultant(s) for technical merit recommendations. Applications will be reviewed and evaluated against the following criteria: (1) Purpose and Need; (2) Response to Program Purpose; (3) Impact; (4) Organizational Information, Resources and Capabilities; and (5) Support Requested. See the most recent Funding Opportunity Announcement for detailed selection criteria.

**93.060 COMPETITIVE ABSTINENCE EDUCATION (CAE)
(CAE)**

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Social Security Act, Title XI, Section 1110; General Departmental Management for the Office of the Secretary under Division G, Title II of The Consolidated and Further Continuing Appropriation Act, 2015, Public Law 113-235.

OBJECTIVES:

To promote abstinence education, as defined by Section 510(b)(2) in Title V of the Social Security Act, for adolescents. The entire focus of these programs is to educate young people and create an environment within communities that supports teen decisions to postpone sexual activity until marriage.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

Funds are for making competitive grants to provide abstinence education (as defined by section 510(b)(2)(A)-(H) of the Social Security Act) to adolescents, and for Federal costs of administering the grant. Grants made under the authority of section 510(b)(2)(A)-(H) of the Social Security Act shall be made only to public and private entities that agree that, with respect to an adolescent to whom the entities provide abstinence education under such grant, the entities will not provide to that adolescent any other education regarding sexual conduct, except that, in the case of an entity expressly required by law to provide health information or services the adolescent shall not be precluded from seeking health information or services from the entity in a different setting than the setting in which abstinence education was provided.

Pursuant to Section 510(b)(2) of Title V of the Social Security Act, the term "abstinence education," for purposes of this program means an educational or motivational program that:

- (A) Has as its exclusive purpose, teaching the social, psychological, and health gains to be realized by abstaining from sexual activity;
- (B) Teaches abstinence from sexual activity outside marriage as the expected standard for all school age children;
- (C) Teaches that abstinence from sexual activity is the only certain way to avoid out-of-wedlock pregnancy, sexually transmitted diseases, and other associated health problems;
- (D) Teaches that a mutually faithful monogamous relationship in the context of marriage is the expected standard of human sexual activity;
- (E) Teaches that sexual activity outside of the context of marriage is likely to have harmful psychological and physical effects;
- (F) Teaches that bearing children out-of-wedlock is likely to have harmful consequences for the child, the child's parents, and society;
- (G) Teaches young people how to reject sexual advances and how alcohol and drug use increases vulnerability to sexual advances; and
- (H) Teaches the importance of attaining self-sufficiency before engaging in sexual activity.

Applicant Eligibility:

"Grants made under the authority of section 510(b)(2)(A)(H) of the Social Security Act shall be made only to public and private entities that agree that, with respect to an adolescent to whom the entities provide abstinence education under such grant, the entities will not provide to that adolescent any other education regarding sexual conduct, except that, in the case of an entity expressly required by law to provide health information or services the adolescent shall not be precluded from seeking health information or services from the entity in a different setting than the setting in which abstinence education was provided..."

Statutory Authority - This program is funded generally under the authority of Section 1110 of the Social Security Act, 42 U.S.C. 1310, and specifically by the appropriation for General Departmental Management for the Office of the Secretary under Division H, Title II of the Consolidated and Further Continuing Appropriations Act, 2015, Public Law 113-235.

Beneficiary Eligibility:

Adolescents with a focus on those adolescents that are most likely to bear children out-of-wedlock or who live in areas with high birth rates to

adolescents.

Credentials/Documentation:

Nonprofit organizations must submit proof of nonprofit status. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Specific instructions are published in a program announcement made available through www.grants.gov.

Award Procedure:

All applications are reviewed by a panel of nonfederal expert peer reviewers that assigns scores according to the published criteria in the funding opportunity announcement. The panel's scores are factored into the recommendations for funding. Scores and recommendations are reviewed by the Associate Commissioner of the Family and Youth Services Bureau. Recommendations are made to the ACYF Commissioner, who makes the final funding decisions after approval is granted by the Office of Grants Management.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days.

Appeals:

Not Applicable.

Renewals:

A grant review took place in FY2014 and 11 awards were made for a 24 month budget and project period. A funding opportunity announcement was published in FY2015 to make a fourth cohort of grant awards to approximately 10 applicants.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

In FY 2014, a third cohort of 11 grant awards were made for a budget and project period of 24 months. See the following for information on how assistance is awarded/released: Periodic draw downs based on need and project progress.

Reports:

Grantees are required to submit performance progress reports, financial status reports and performance measure data. Grantees are required to submit program progress reports semi-annually throughout the project period. Program progress reports are due 30 days after the reporting period. Final programmatic reports are due 90 days after the close of the project period. Grantees are required to submit financial reports (SF-425) semi-annually throughout the project period. Financial reports are due 30 days after the reporting period. Final financial reports are due 90 days after the close of the project period. Performance monitoring occurs by reviewing program progress reports, conducting monitoring phone calls and conducting monitoring site visits. No cash reports are required. Competitive grantees under the Abstinence Program will be required to submit progress reports semi-annually. Reports will be due 30 days after the conclusion of the reporting period.

Failure to submit reports on time may be a basis for withholding grant funds, suspension, or termination of the grant. In addition, all funds reported after the obligation period will be recouped.

Performance Progress Report Cover Page

A cover page must accompany the Performance Progress Report and must include the CFDA Number 93.060 and Competitive Abstinence Education Program as the priority area to which the grantee is responding.

93.062 BIOMONITORING PROGRAMS FOR STATE PUBLIC HEALTH LABORATORIES

NA

FEDERAL AGENCY:

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

Section 317 of the Public Health Service Act, (42 U.S.C. Section 247 b), as amended.

OBJECTIVES:

To support the development or expansion of state-based biomonitoring programs, including necessary infrastructure, that will increase the capability and capacity of state public health laboratories (1) to assess human exposure to environmental chemicals within their jurisdictions; (2) to determine which chemicals people are exposed to and the levels of those chemicals in peoples bodies; (3) to determine the prevalence of people with levels of chemicals that are above a known toxicity threshold; (4) to determine whether levels of selected chemicals are higher among minorities, children, women of childbearing age, or other potentially vulnerable groups; (5) to assess the effectiveness of state public health actions to reduce the exposure of their residents to specific chemicals of concern; (6) to compare state-generated biomonitoring data with CDC national biomonitoring data; and (7) to track trends in levels of chemicals in a states population or subgroups of that population over time.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Cooperative agreements may be made to eligible entities for the support of

projects to develop or expand state-based biomonitoring programs. Funding may be used for personnel salaries (for full-time, part-time, or contractor positions), laboratory instruments and supplies, training, travel, and indirect costs. Funds may not be used for research, clinical care, furniture or office equipment, pre-award costs, or the construction of new laboratory space. In addition, the direct and primary recipient in the cooperative agreement program must perform a substantial role in carrying out project objectives and not merely serve as a conduit for an award to another party or provider who is ineligible.

Applicant Eligibility:

No additional information.

Beneficiary Eligibility:

No additional information.

Credentials/Documentation:

Applicants should review the individual CDC Guidance documents issued under this CFDA program for any required proof or certifications that must be submitted with the application package. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

93.064 LABORATORY TRAINING, EVALUATION, AND QUALITY ASSURANCE PROGRAMS

(Quality Assurance in Pathology and Laboratory Medicine)

FEDERAL AGENCY:

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Section 317(k)(2), 42 U.S.C 247b(k)(2).

OBJECTIVES:

To improve the quality of laboratory testing practices relevant to clinical and

public health settings and to determine standardized approaches to quality assurance in pathology and laboratory medicine that can be applied in multiple, diverse settings (e.g. community hospitals, academic medical centers, and independent laboratories) that demonstrate measurable and sustainable improvements over time.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Funding opportunities are made available to evaluate quality assurance methods for addressing the pre-analytic, analytic, and post-analytic components of laboratory testing in clinical and public health laboratory settings; and to provide technical assistance and training to public health laboratory scientists and leaders on laboratory standards and quality improvement models applicable to laboratory management services.

Applicant Eligibility:

Applications may be submitted by public and private nonprofit organizations and by governments and their agencies, such as: Public nonprofit organizations, private nonprofit organizations, universities, colleges, research institutions, hospitals, community and faith based organizations, State and local governments or their Bona Fide Agents (this includes the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, the Commonwealth of the Northern Mariana Islands, American Samoa, Guam, the Federated States of Micronesia, the Republic of the Marshall Islands, and the Republic of Palau).

Beneficiary Eligibility:

Applicants must have experience in the administration and evaluation of standardized quality assurance programs in multiple, diverse laboratory sites (including community hospitals and academic medical centers). This experience is required for an applicant to be able to assess the effectiveness of these quality assurance programs and to determine best practices.

Credentials/Documentation:

Title 2 of the United States Code section 1611 states that an organization described in section 501(c)(4) of the Internal Revenue Code that engages in lobbying activities is not eligible to receive Federal funds constituting an award, grant, or loan. For all other nonprofit grantees, costs will be determined in accordance with HHS Regulations 45 CFR 74, Subpart Q. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Application forms and instructions are available on the CDC web site, at the following Internet address: www.cdc.gov/od/pgo/forminfo.htm If you do not have access to the Internet, or if you have difficulty accessing the forms on-line, you may contact the CDC Procurement and Grants Office Technical Information Management Section (PGO-TIM) staff at: Telephone: (770) 488-2700. Applications must be submitted through www.grants.gov.

Award Procedure:

Applications will be evaluated for completeness and responsiveness by the agency program and CDC Procurement and Grants Office (PGO). CDC will not review incomplete and non-responsive applications. After review and approval, a notice of grant award (NoA) will be prepared and processed, along with appropriate notification to the public. Initial award provides funds for the first budget period (usually 12 months) and the NoA will indicate support recommended for the remainder of the project period, allocation of Federal funds by budget categories, and special conditions, if any.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 90 to 120 days.

Appeals:

Not Applicable.

Renewals:

Cooperative agreement project periods are 1 to 5 years. Subject to availability of funds, after initial awards, projects may be renewed non-competitively contingent upon satisfactory progress by the recipient (as documented in required reports) and the determination that continued funding is in the best interest of the Federal government.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching requirements are not applicable to this program. MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Financial assistance is available for a 12-month budget period within project periods ranging from one to five years. Method of awarding/releasing assistance: lump sum.

Reports:

Annual or semiannual progress reports are required. Financial status reports are required no later than 90 days after the end of each budget period. Final financial status and performance reports are required 90 days after the end of the project period. Cash reports are not applicable. Annual or semiannual progress reports are required. Financial status reports are required no later than 90 days after the end of each budget period. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. In addition, grants and cooperative agreements are subject to inspection and audits by DHHS and other Federal governments officials.

Records:

Financial records, including documents to support entries on accounting records and to substantiate charges to each grant, must be kept readily available for review by personnel authorized to examine HHS grant accounts. Records must be maintained for three years after the end of a budget period. If questions still remain, such as those raised as a result of audit, related records should be retained until the matter is completely resolved.

93.067 GLOBAL AIDS**FEDERAL AGENCY:**

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

Sections 307 and 317(k)(2), Public Health Service Act, 42 U.S.C. 242I and 247b(k)(2) as amended; United States Leadership Against HIV/AIDS, Tuberculosis and Malaria Act of 2003, Public Law 110-293, the Tom Lantos and Henry J. Hyde United States Global Leadership Against HIV/AIDS, Tuberculosis, and Malaria Reauthorization Act of 2008, 22 U.S.C 7601; PEPFAR Stewardship and Oversight Act of 2013 (P.L. 113-56).

OBJECTIVES:

The U.S. President's Emergency Plan for AIDS Relief (PEPFAR) is the U.S. Government initiative to help save the lives of those suffering from HIV/AIDS around the world. This historic commitment is the largest by any nation to combat a single disease internationally, and PEPFAR investments also help

alleviate suffering from other diseases across the global health spectrum. PEPFAR is the cornerstone and largest component of the U.S. Presidents Global Health Initiative. With a special focus on improving the health of women, newborns and children, the Global Health Initiatives goal is to save the greatest number of lives by increasing and building upon what works and, then, supporting countries as they work to improve the health of their own people.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Reimbursement of pre-award costs is not allowed. No funds shall be used to distribute sterile needles or syringes for the hypodermic use of any illegal drug. Funds may be spent for reasonable program purposes, including personnel, travel, operating costs including supplies, fuel for transportation, utilities, staff training costs including registration fees and purchase and rental of training related equipment, renovation of clinical or lab facilities; and purchase of HIV testing reagents, test kits and laboratory equipment for HIV testing and services. Equipment may be purchased if deemed necessary to accomplish program objectives; however, prior approval by CDC officials must be requested in writing. All requests for funds contained in the budget shall be stated in U.S. dollars. Once an award is made, CDC will not compensate foreign grantees for currency exchange fluctuations through the issuance of supplemental awards. The costs that are generally allowable in grants to domestic organizations are allowable to foreign institutions and international organizations, with the following exception: With the exception of the American University, Beirut, and the World Health Organization (WHO), Indirect Costs will not be paid (either directly or through sub-award) to organizations located outside the territorial limits of the United States or to international organizations regardless of their location. The applicant may contract with other organizations under this program; however the applicant must perform a substantial portion of the activities (including program management and operations, and delivery of prevention services for which funds are required). You must obtain an annual audit of these CDC funds (program-specific audit) by a U.S. - based audit firm with international branches and current licensure/authority in-country, and in accordance with International Accounting Standards or equivalent standard(s) approved in writing by CDC. A fiscal Recipient Capability Assessment may be required, prior to or post award, in order to review the applicant's business management and fiscal capabilities regarding the handling of U.S. Federal funds.

Applicant Eligibility:

Competition is limited, or single eligibility by authorizing legislation.

Beneficiary Eligibility:

This is only for non-research and research activities supported by CDC/ATSDR. For the definition of research, please see the CDC web site at the following Internet address: <http://www.cdc.gov/od/science/quality/resources>.

93.069 PUBLIC HEALTH EMERGENCY PREPAREDNESS

PERLC: PREPAREDNESS AND EMERGENCY RESPONSE LEARNING CENTER (PERLC) (Supporting PHEP; awards other than PHEP Cooperative agreement not recorded under 93.074

FEDERAL AGENCY:

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Section 319C-1, Public Law 112-10; Public Health Services Act, Section 317(a); Public Health Services Act, Section 317(d).

OBJECTIVES:

The PHEP program is a critical source of funding, guidance, and technical assistance for state, territorial, and local public health departments. Preparedness activities funded by the PHEP program are targeted specifically for the development of emergency-ready public health departments that are flexible and adaptable. These efforts support the National Response Framework (NRF), which guides how the nation responds to all types of hazards including infectious disease outbreaks; natural disasters; biological, chemical, and radiological incidents; and explosions.

To help public health departments with their strategic planning, CDC identified 15 public health preparedness capabilities to serve as national public health preparedness standards. State and local jurisdictions can use CDC's Public Health Preparedness Capabilities: National Standards for State and Local Planning to better organize their work and identify the capabilities they have the resources to build or sustain. These standards help ensure that federal preparedness funds are directed to priority areas within individual jurisdictions.

The 2012 PHEP program is currently funded via a joint cooperative agreement award and aligned with the Hospital Preparedness Program (HPP). PHEP program guidance assists the 62 PHEP awardees in demonstrating measurable and sustainable progress toward achieving the 15 public health preparedness capabilities and other activities that promote safer and more resilient communities.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

The purpose of the Public Health Emergency Preparedness (PHEP) program is to assist state, local, and territorial/freely associated state health departments in demonstrating measurable and sustainable progress toward achieving the 15 public health preparedness capabilities and other activities that promote safer and more resilient communities. Funds can only be used for non-research activities.

Applicant Eligibility:

State health departments of all 50 States, the District of Columbia, the nation's three largest municipalities (New York City, Chicago and Los Angeles County), the Commonwealths of Puerto Rico and the Northern Mariana Islands, the territories of American Samoa, Guam and the U.S. Virgin Islands, the Federated States of Micronesia, and the Republics of Palau and the Marshall Islands.

Beneficiary Eligibility:

All State, County, and Local Health Departments.

Credentials/Documentation:

Applicants should review the individual CDC Guidance documents issued under this CFDA program for any required proof or certifications which must be submitted prior to or simultaneous with submission of an application package. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. CDC provides an Internet-based system for submitting applications, including narrative and budget, electronically. This system will also enable applicants to complete most required forms electronically, which can then be signed and uploaded into the system. Applicants are required to use this system in lieu of paper-based applications. Under separate cover, CDC will provide detailed instructions on obtaining a digital certificate to access the CDC web portal <https://sdn.cdc.gov> and use the electronic application system. This program is subject to the provisions of 45 CFR Parts 74 and 92, as appropriate.

Award Procedure:

After review and approval of an application, a notice of award is made in writing and issued by the Grants Management Officer, Procurement and Grants Office, CDC. Also, appropriate notification is made to the public.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: Percent: 10%. This program has a statutory formula.

This program has MOE requirements, see funding agency for further details.

Maintenance of Funding (MOF)

PHEP awardees must maintain expenditures for healthcare preparedness and public health security at a level that is not less than the average level of such expenditures maintained by the awardee for the preceding two-year period. This represents an awardees historical level of contributions or expenditures (money spent) related to federal programmatic activities that have been made prior to the receipt of federal funds. The MOF is used as an indicator of nonfederal support for public health security and healthcare preparedness before the infusion of federal funds. These expenditures are calculated by the awardee without reference to any federal funding that also may have contributed to such programmatic activities in the past. The definition of eligible state expenditures for public health security and healthcare preparedness includes: Appropriations specifically designed to support healthcare or public health emergency preparedness as expended by the entity receiving the award; and

Funds not specifically appropriated for healthcare or public health emergency preparedness activities but which support healthcare or public health emergency preparedness activities, such as personnel assigned to healthcare or public health emergency preparedness responsibilities or supplies or equipment purchased for healthcare or public health emergency preparedness from general funds or other lines within the operating budget of the entity receiving the award.

Please see Agency Funding Opportunity Number CDC-RFA-TP12-1201 for further details on the maintenance of funding requirements.

Length and Time Phasing of Assistance:

Awards are made annually and assistance is available for a 12-month budget period. There are five separate budget periods within the 5-year project period. After awards are issued, funds are released in accordance with DHHS payment procedures, which may be through an Electronic Transfer System or a Monthly Cash Request System. Method of awarding/releasing assistance: lump sum.

Reports:

Semiannual and year end progress reports are required. No cash reports are required. Semiannual and year end progress reports are required. Financial status reports are required no later than 90 days after the end of each budget period. Final financial status and performance reports are required 90 days after the end of a project period. Performance monitoring is maintained by oversight of Project Officers.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. In addition, grants and cooperative agreements are subject to inspection and audits by DHHS and other Federal government officials.

Records:

Grantees are required to maintain grant accounting records for a minimum of three years after the end of a grant period. If any litigation, claim, negotiation, audit or other action involving the record has been started before the expiration of the 3-year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later. AUTHORIZATION:

Public Health Service Act Sections 301, 307, 311, 317, and 319C (42 U.S.C. Sections 241, 2421, 243, 247b and 247d-3), as amended, Public Law 109-417, Public Law 109-147, U.S.C 241-2421-243.

OBJECTIVES:

To bring public health and epidemiologic principles together to identify, clarify, and reduce the impact of complex environmental threats, including terrorist threats and natural disasters, on populations, domestic and foreign. These programs and activities focus on safeguarding the health of people from environmental threats; providing leadership in the use of environmental health sciences-including environmental epidemiology, environmental sanitation, and laboratory sciences-to protect public health; and responding to issues and

sharing solutions to environmental health problems worldwide. To accomplish the above, the CDC: (1) conducts surveillance and investigations that increase the knowledge about the relation between human health and environmental threats; (2) uses this knowledge to develop national public health programs and policies to prevent or control public health problems; (3) plans, prepares, and responds to emergencies, including terrorist threats, technologic accidents, and natural disasters; (4) provides direct service delivery to partners engaged in environmental health services such as food, safety, rodent control, water quality, and sanitation; (5) develops and applies laboratory science to prevent disease and death caused by exposure to environmental chemicals and to improve the diagnosis, treatment, and prevention of selected chronic diseases; (6) conducts Biomonitoring to assess individual human exposure to environmental chemicals by measuring them in human specimens (e.g. blood and urine); and, (7) conducts activities on emerging environmental threats such as climate change and the built environment.

93.076 TANF PROGRAM INTEGRITY INNOVATION GRANTS**FEDERAL AGENCY:**

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Consolidated Appropriations Act, 2010.

OBJECTIVES:

The Partnership Fund for Program Integrity Innovation at the Office of Management and Budget funds pilot projects for improving the stewardship of federal dollars in assistance programs through the following measures: reducing improper payments; improving administrative efficiency; improving service delivery; and protecting and improving program access for eligible beneficiaries.

TYPES OF ASSISTANCE:

Cooperative Agreements (Discretionary Grants)

USES AND USE RESTRICTIONS:

According to Public Law 111-117, assistance can be used for pilot projects that address Federal programs that have a substantial State role in eligibility determination or administration or where Federal-State cooperation could otherwise be beneficial; in aggregate, save at least as much money as they cost; demonstrate the potential to streamline administration or strengthen program integrity; and do not achieve savings primarily by reducing the participation of eligible beneficiaries..

Applicant Eligibility:

State (including the District of Columbia, Guam, Puerto Rico, and the Virgin Islands) human services agencies are eligible to receive assistance.

Beneficiary Eligibility:

State (including the District of Columbia, Guam, Puerto Rico, and the Virgin Islands) human services agencies are eligible to receive assistance to conduct

pilot projects to improve the program integrity of their TANF programs, which serve low-income families, and to evaluate those pilot projects.

93.077 FAMILY SMOKING PREVENTION AND TOBACCO CONTROL ACT REGULATORY RESEARCH

NIH-FDA Tobacco Control Regulatory Research

FEDERAL AGENCY:

National Institutes of Health, Department of Health and Human Services

AUTHORIZATION:

The Public Health Service Act and the Family Smoking Prevention and Tobacco Control Act, Public Law 111-31, 42 U.S.C 300u-3.

OBJECTIVES:

The Family Smoking Prevention and Tobacco Control Act (TCA) provides the authority to regulate tobacco product manufacturing, distribution and marketing. Regulatory research will provide the scientific evidence to guide the implementation of this authority. Research areas include (1) understanding the diversity of tobacco products, (2) reducing addiction to tobacco products, (3) reducing toxicity and carcinogenicity of tobacco products and smoke, (4) understanding the adverse health consequences of tobacco use, (5) understanding communications about tobacco products, (6) understanding tobacco product marketing, and (7) understanding how economics and policies affect tobacco product use. This regulatory research will help understand tobacco and its ingredients and constituents, tobacco addiction, tobacco marketing and labeling, and childhood tobacco use. The strategic priorities for these research areas can be found at <http://www.fda.gov/TobaccoProducts/PublicHealthScienceResearch/Research/ucm311860.htm>.

TYPES OF ASSISTANCE:

Cooperative Agreements; Project Grants; Project Grants (Contracts); Training

USES AND USE RESTRICTIONS:

(1) Research project grants provide support for clearly defined projects or a small group of related research activities, and when appropriate, support of

research conferences; (2) program project and center grants support large-scale, broad-based programs of research, usually interdisciplinary, consisting of several projects with a common focus; (3) exploratory/development and clinical exploratory/developmental grants encourage the development of new research activities in categorical program areas; (4) cooperative agreements support single or a group of related research activities with significant involvement of federal staff; (5) small grants support newer, less experienced investigators; investigators at institutions without a well developed research tradition and resources; the testing of new methods or techniques; small-scale exploratory and pilot studies, or exploration of an unusual research opportunity; small grants provide research support of up to \$50,000 direct costs per year for a period of up to 2 years; (6) research training grants including fellowships and institutional training grants, career development grants and loan repayment contracts; and (7) SBIR Phase I grants (of approximately 6-months' duration) are to establish the technical merit and feasibility of proposed research or research and development efforts to determine the quality of performance of the small business grantees. Phase II grants are for the continuation of the research initiated in Phase I and that are likely to result in commercially viable products or processes. Only Phase I awardees are eligible to apply for Phase II support; STTR Phase I grants (normally of 1-year duration) are to determine the scientific, technical, and commercial merit and feasibility of the proposed cooperative effort that has potential for commercial application and the quality of performance of the small business concerns. Phase II funding is based on results of research initiated in Phase I and scientific and technical merit and commercial potential of the Phase II application. Research must directly support the Family Smoking Prevention and Tobacco Control Act and the Center for Tobacco Products, Food and Drug Administration Research Priorities found at <http://www.fda.gov/downloads/TobaccoProducts/NewsEvents/UCM293998.pdf>.

Applicant Eligibility:

Applicants should review the eligibility information in the individual funding opportunity announcements issued under this CFDA.

Beneficiary Eligibility:

This Tobacco Control Regulatory Research Program will support research aimed at providing guidance and evidence to develop regulation for tobacco product manufacturing, distribution and marketing. The general public will ultimately benefit.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is generally not applicable, though applicants requesting direct costs of \$500,000 or more for any one year must contact the appropriate NIH Institute or Center no later than 6 weeks before the anticipated submission date. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Most applications must be prepared and submitted electronically. Most applicants use the SF 424 (Research & Related) for electronic submission. Information about the SF 424 form may be found on <http://grants.nih.gov/grants/funding/424/index.htm>, but application packages should be accessed through the appropriate funding opportunity announcement, found either on the NIH Guide to Grants and Contracts (<http://grants1.nih.gov/grants/guide/index.html>) or through the Grants.gov website (<http://www.grants.gov/>). Some institutions may submit the grant data directly (using what is called a system-to-system transfer). For further details, see grants.gov or eRA Commons. Application forms for SBIR and STTR grants may be obtained through the SBIR/STTR funding announcements posted on the NIH Guide to Grants and Contracts and the Grants.gov sites (see URLs listed above). All SBIR and STTR applications must be submitted electronically. The timeline for transition to electronic applications and the new forms may be found at: <http://era.nih.gov/ElectronicReceipt/>. For further assistance contact GrantsInfo, Telephone (301) 435-0714, Email: GrantsInfo@nih.gov.

Consultation on a proposed project may be obtained from the Office of Disease Prevention in the Division of Program Coordination, Planning, and Strategic Initiatives at NIH. Applications are reviewed by principally nonfederal consultants recruited nationwide. The amounts of the award and period of support are determined on the basis of merit of the project and the nature of the grant mechanism. Electronic applications are submitted through the Grants.gov website.

Award Procedure:

All applications for research grants, cooperative agreements, training, and SBIR and STTR grants are evaluated for scientific and technical merit by an appropriate scientific peer review panel and by the National Advisory Council of the NIH Institute or Center that will manage the award. All competitive applications compete for available funds on the basis of scientific and technical merit, program relevance, and program balance. FDA Center for Tobacco Control will make final decisions on the relevance and program balance.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

> 180 Days. Review the individual Funding Opportunity Announcement under this CFDA for any application-specific deadlines.

Appeals:

A principal investigator may question the substantive or procedural aspects of the review of his/her application by communicating with the staff of the Institute. A description of the NIH Peer Review Appeal procedures is available on the NIH homepage <http://grants.nih.gov/grants/guide/notice-files/NOT-OD-11-064.html>.

Renewals:

Renewal grants may only be submitted in response to a specific funding opportunity announcement under this CFDA.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Award length may vary depending on the recommendation of the scientific review group, the national advisory council, successful annual performance, and availability of funds, with project periods ranging from 1 to 5 years. Funding commitments are made annually. See the following for information on how assistance is awarded/released: A formal notification in the form of a Notice of Award (NoA) will be provided to the applicant organization.

Reports:

Annual progress and financial status reports for continuing projects and final reports on all projects upon conclusion are required. Cash are applicable and will be submitted on the SF425. Annual progress reports for continuing projects are required to access progress. Interim reports may also be required or requested. Expenditure reports are applicable and will be submitted monthly on the SF425. No performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Expenditures and other financial records, and also administrative records, must be retained for 3 years from the day on which the grantee submits the last expenditure report for the grant period.

Scientific data must be maintained to comply with Circular A-110 Shelby Amendment.

Account Identification:

Funding decisions are based on scientific merit (42 CFR 52h) and program relevance. Scientific merit review encompasses: the peer review criteria detailed in the specific funding announcement, as well as the significance, approach, and innovation of the proposed research; the competency of the principal investigator; the adequacy of the resources and environment; the proposed budget and requested period of support; and, where applicable, the adequacy of the measures for protecting against adverse effects upon humans, animals, or the environment. Relevance to Tobacco Control Regulatory Research program priorities will also be taken into consideration.

93.078 STRENGTHENING EMERGENCY CARE DELIVERY IN THE UNITED STATES HEALTHCARE SYSTEM THROUGH HEALTH INFORMATION AND PROMOTION

FEDERAL AGENCY:

Office of the Secretary, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Section 1703 (a), 42 U.S.C. Section 300u-2.

OBJECTIVES:

To assist in planning or developing emergency care health information and promotion activities, documents or materials that focus on strengthening emergency care and service delivery and the development of regionalized, coordinated and accountable systems of emergency care in the United States that can address both daily demands and those resulting from a public health emergency or disaster.

TYPES OF ASSISTANCE:

Cooperative Agreements; Project Grants

USES AND USE RESTRICTIONS:

Grant funds may only be used for planning health information and promotion activities and materials that are related to strengthening emergency care

delivery and the development of regionalized, coordinated and accountable systems of emergency care. Grants funds may not be used for basic research (e.g. scientific or medical experiments.). When appropriated and apportioned, all funds available will be used for discretionary grant awards.

Applicant Eligibility:

Domestic public or private non-profit entities including state and local governments, Indian tribal governments and organizations (American Indian/Alaskan Native/Native American), faith-based organizations, community-based organizations, hospitals, and institutions of higher education.

Beneficiary Eligibility:

Domestic public or private non-profit entities including state and local governments, Indian tribal governments and organizations (American Indian/Alaskan Native/Native American), faith-based organizations, community-based organizations, hospitals, and institutions of higher education.

Credentials/Documentation:

Applicants should review the individual Assistant Secretary for Preparedness and Response (ASPR) funding opportunity announcement (FOA) issued under this CFDA program for any proof of certifications which must be submitted prior to or simultaneous with submission of an application package. OMB Circular A-122 applies to this program. OMB Circular No. A-87 applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

93.079 COOPERATIVE AGREEMENTS TO PROMOTE ADOLESCENT HEALTH THROUGH SCHOOL-BASED HIV/STD PREVENTION AND SCHOOL-BASED SURVEILLANCE

NA

FEDERAL AGENCY:

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Title III, Part B, Section 317(b)(k)(2), 42 U.S.C 247(b)(k)(2).

OBJECTIVES:

Funding will build the capacity of state, territorial, and local (STL) agencies and support the efforts of national, non-governmental organizations (NGO) to help school districts and schools develop and implement sustainable program activities to: 1) Reduce HIV infection and other STD among adolescents; and 2) Reduce disparities in HIV infection and other STD experienced by specific adolescent sub-populations. It is also expected that applicants activities will reinforce efforts to reduce teen pregnancy rates.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Throughout the 5-year cooperative agreement, awardees will conduct the Youth Risk Behavior Survey (YRBS) and the School Health Profiles (Profiles) and will aim to improve the sexual health of high school students within their jurisdiction by delaying the onset of sexual activity; reducing the number of sexual partners; promoting the dual use of condoms and a highly effective contraceptive method among adolescents who are sexually active; increasing STD and HIV testing, counseling, and treatment; and addressing key social determinants of health to ensure we are reaching youth at most disproportionate risk for HIV infection and other STD. Separate funding pools are available for State and Territorial Education Agencies (SEA/TEA); Local Education Agencies (LEA); and National Non-Governmental Organizations. In addition, state, territorial, and local health agencies may be eligible for School-Based Surveillance funding if the education agency in their jurisdiction does not apply for it. Funding will be for agencies and organizations to implement four key strategies:

Strategy 1: School-Based Surveillance

Strategy 2: School-Based HIV/STD Prevention

Strategy 3: Capacity Building Assistance for School-Based HIV/STD Prevention

Strategy 4: School-Centered HIV/STD Prevention for Young Men Who Have Sex with Men.

Cooperative agreement funds may be used to support personnel, purchase equipment, supplies, services, and travel directly related to program activities and consistent with the scope of this program. Cooperative agreement funds are used to help schools prevent sexual risk behaviors that result in HIV and STD infection, especially among youth who are at highest risk. CDC believes that the specific scope and content of HIV education programs in schools should be locally determined and should be consistent with parental and community values. CDC supports local decision making by providing sound scientific information to grantees who work directly with schools, communities, and parents. Funds may be expended for written materials, pictorials, audiovisuals, questionnaires, or survey instruments, and educational group sessions related to HIV education youth, school, and college populations if approved in accordance with the document Content of AIDS-Related Written

Materials, Pictorials, Audiovisuals, Questionnaires, Survey Instruments, and Educational Sessions in Centers for Disease Control and Prevention (CDC) Assistance Programs. Cooperative agreement funds are also used to build state education and state health agency partnership and capacity to implement and coordinate school health programs across agencies and within schools. For example, cooperative agreement recipients implement and integrate effective policies, environmental changes, and educational strategies to reduce risky behaviors; leverage resources to avoid duplication at the state and local levels; and evaluate school health capacity-building efforts while implementing effective strategies to reduce priority health risks. Funds may not be used to conduct research projects, provide direct delivery of patient care or treatment services, or purchase or disseminate condoms. Although public health may have an assurance role in clinical testing and screening, funds are not to be used to provide clinical testing or screening services. Funds may not be used for purchasing computer equipment, office equipment, or furnishing, renting, or leasing office space, or to support constructions or renovation unless specifically approved.

Applicant Eligibility:

All 50 state education agencies, plus the District of Columbia, and the territorial education agencies in Puerto Rico, the U.S. Virgin Islands, American Samoa, Northern Mariana Islands, Federated States of Micronesia, Guam, Republic of the Marshall Islands, and Republic of Palau are eligible to apply for Strategies 1 and 2. SEA and TEA are not eligible for Strategy 3. If a state or territorial education agency declines to apply for Strategy 1, the health agency in the same jurisdiction or the health agency's Bona Fide Agent may apply on their behalf. Either the education agency or the health agency in a state or territory must be awarded for Strategy 1 and include at least four of the seven sexual behavior questions on the 2015 YRBS questionnaire in order for the education agency in that state or territory to be awarded for Strategy 2. SHA/THA are not eligible for Strategy 2, 3 or 4. Thirty-one local education agencies are eligible to compete for Strategies 1 and 2, and twelve of the 31 LEA are eligible to compete for Strategy 4. LEA are not eligible for Strategy 3. If a local education agency declines to apply for Strategy 1 funding, the health agency in the same jurisdiction or the health agency's Bona Fide Agent may apply on its behalf. Either the local education agency or the health agency in the same jurisdiction must be awarded for Strategy 1 and include at least four of the seven sexual behavior questions on the 2015 YRBS questionnaire in order for the education agency in that jurisdiction to be eligible for funding for Strategies 2 and 4. LHA are not eligible for Strategy 2, 3 or 4.

NGO eligibility to compete for Strategy 3 funding is limited to:

Public and private non-profit organizations that serve education organizations;

National non-profit organizations with 501 C (3) IRS status (other than institutions of higher education); and

National non-profit organizations without 501 C (3) IRS status (other than institutions of higher education).

NGO include those that represent constituencies (e.g., members, networks, affiliates and/or chapters within ten (10) or more states) with the greatest potential to affect national initiatives facilitated by CDC/DASH PS13-1308 awarded STL education agencies. An NGO must have a specific charge from its Articles of Incorporation, bylaws, or a resolution from its executive board or governing body to operate nationally within the United States or its territories. NGO are not eligible for Strategy 1 and 2.

Beneficiary Eligibility:

Official state education agencies in states and territories in the United States (including the District of Columbia, the Commonwealth of Puerto Rico, American Samoa, Commonwealth of the Northern Mariana Islands, Federated States of Micronesia, Guam, the Republic of the Marshall Islands, the Republic of Palau, and the U.S. Virgin Islands); local education agencies; public and private non-profit organizations that serve education organizations; school-aged youth; and school personnel including, but not limited to, teachers, school nurses, paraprofessionals, and school administrators.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program.

Award Procedure:

Application Deadline Date: April 26, 2013, 11:59 p.m. U.S. EST, on www.grants.gov, Phase I Review: all eligible applications will be initially reviewed for completeness by the CDC's Procurement and Grants Office (PGO) staff. In addition, eligible applications will be jointly reviewed for responsiveness by the CDC and PGO. Incomplete applications and applications that are non-responsive to the eligibility criteria will not advance to Phase II review. Applicants will be notified that the application did not meet eligibility and/or published submission requirements. Phase II Review: An objective review panel will evaluate complete and responsive applications according to the criteria listed in the criteria section of the funding opportunity announcement (FOA) for all strategies. This review will consist of a programmatic and budget assessment to ensure that the proposed project is technically and scientifically sound and the awarded entity is capable of performing the project. Applicants will be provided a copy of the technical, scientific, and budget assessment of their application. Phase III Review: All applications deemed eligible and technically acceptable by the review panel will be awarded in order of score and rank within their funding tier. In addition, the following factors may affect the funding decision: availability of funds and geographic diversity. Strategy 2 will be awarded after awards have been determined for the LEA awarded in Strategy 1. Strategy 4 will be awarded after awards have been determined for Strategy 2. It is anticipated that a variety of NGO will be awarded in Strategy 3. CDC will provide justification for any decision to fund out-of-rank order; factors such as geographical distribution and organizational diversity will be taken into consideration when making final funding decisions. Successful awardees will receive an electronic copy of the Notice of Award (NoA) from PGO. The NoA shall be the only binding, authorizing document between the awardee and CDC. The NoA will be signed by an authorized grants management official (GMO) and emailed to the awardee program director. Any application awarded in response to the FOA will be subject to the DUNS, SAM Registration and Federal Funding Accountability And Transparency Act Of 2006 (FFATA) requirements. Unsuccessful applicants will receive notification of the results of the application review by email with delivery receipt or by mail.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

From 90 to 120 days.

Appeals:

Not Applicable.

Renewals:

From 60 to 90 days. Renewals will be based upon the conditions in the funding opportunity announcement and are subject to the availability of funds under Section 317 of the Public Health Service Act.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Project period can be up to 5 years. Budget periods are for 12 months. Payment under this program is made available through HHS Payment Management System (PMS) Method of awarding/releasing assistance. Method of awarding/releasing assistance: lump sum.

Reports:

No program reports are required. No cash reports are required. The awardee must submit the Annual Performance Report (APR) via www.grants.gov 120 days before the end of the budget period.

Performance Measures (including outcomes) Awardees must report on performance measures for each budget period and update measures, if needed
Evaluation Results Awardees must report evaluation results for the work completed to date (including any impact data)
Work Plan Awardees should update work plan each budget period.

Administrative Reporting

SF-424A Budget Information-Non-Construction Programs
Budget Narrative

Indirect Cost Rate Agreement. The Annual Federal Financial Report (FFR) SF 425 is required and must be submitted through eRA Commons within 90 days after the end of each budget period. The FFR should only include those funds authorized and disbursed during the timeframe covered by the report. The final FFR must indicate the exact balance of unobligated funds and may not reflect any unliquidated obligations. There must be no discrepancies between the final FFR expenditure data and the Payment Management Systems (PMS) cash transaction data. Failure to submit the required information in a timely manner may adversely affect the future funding of this project. If the information cannot be provided by the due date, you are required to submit a letter explaining the reason and date by which the Grants Management Officer will receive the information. CDC programs require awardees to submit performance measures at least annually. CDC may require more frequent reporting of performance measures. Performance measure reporting should be limited to the collection of data. CDC/DASH will require reporting at least semi-annually, due 120 days before the end of the budget period as part of the Annual Performance Report and 90 days after the end of each budget period.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Records must be available for review or audit by appropriate officials of the Federal agency, pass-through entity, and General Accounting Office (GAO). The grantee is to also ensure that the sub-recipients receiving CDC funds also meet these requirements (if total Federal grant or grants funds received exceed \$500,000). The grantee should include this requirement in all sub-recipient contracts.

Records:

Financial records, supporting documents, statistical records, and all other records pertinent to the program shall be retained for a minimum of 3 years, or until completion and resolution of any audit in process or pending resolution. In all cases records must be retained until resolution of any audit questions.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2014: DASH funded partners have worked to build the capacity of secondary schools to:

- implement exemplary sexual health education programs;
- increase student access to sexual health services including HIV and STD testing;
- create safe and supportive environments for all students, particularly those at greatest risk for HIV infection and other STDs; and
- assess existing school policies related to HIV/STD prevention and educate key decision makers on policy issues.

CDC released the Morbidity and Mortality Weekly Report (MMWR)

Surveillance Summary, Youth Risk Behavior Surveillance United States, 2013. The report summarizes results from the 2013 National Youth Risk Behavior Survey (YRBS), conducted among more than 13,000 students in grades 9‒12. This Surveillance Summary also includes results from 42 state surveys and 21 large urban school district surveys. Fiscal Year 2015: DASH funded partners have worked to build the capacity of secondary schools to:

- implement exemplary sexual health education programs;
- increase student access to sexual health services including HIV and STD testing;
- create safe and supportive environments for all students, particularly those at greatest risk for HIV infection and other STDs; and
- assess existing school policies related to HIV/STD prevention and educate key decision makers on policy issues. Fiscal Year 2016: No Current Data Available

CRITERIA FOR SELECTING PROPOSALS:

Applications will be reviewed for completeness by the Procurement and Grants Office (PGO) staff and for responsiveness jointly by the National Center for

HIV/AIDS, Viral Hepatitis, STD and TB Prevention and PGO. Incomplete applications and applications that are non-responsive to the eligibility criteria will not advance through the review process. Applicants will be notified if the application did not meet submission requirements. CDC will conduct an objective review to evaluate complete and responsive applications according to the criteria listed in Part II, Section E. Application Review Information within the individual funding opportunity announcement. Applicants will be notified if their application did not meet program requirements.

93.080 BLOOD DISORDER PROGRAM: PREVENTION, SURVEILLANCE, AND RESEARCH

Division of Blood Disorders - Prevention, Surveillance and Research

FEDERAL AGENCY:

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act Sections 301, 301(a), 311, and 317C (42 U.S.C. Sections 241, 241(a), 237b-4, 243, 247-4, and 247b-4, as amended.

OBJECTIVES:

To work with State health agencies and other public and private and nonprofit organizations in planning, development, implementation, coordination, or evaluation of programs or other activities related to improved blood disorders. To provide a national, State or local focus for the prevention of conditions in persons with blood disorders; to employ epidemiological methods to set priorities, build capacity and direct health promotion interventions for persons with blood disorders; to expand public health training opportunities through fellowships to introduce geneticists, epidemiologists, and clinicians to public health practice through education, training and career-enhancing experiences.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Funds may be used to strengthen, to expand, to build upon or to enhance surveillance, health promotion, education and training, prevention/intervention activities that contribute to the mission and activities of the Division of Blood Disorders. Funds may be used to improve and strengthen State and local public health infrastructure by providing technical assistance to other appropriate health agencies, organizations, special groups or coalitions. Funds may be used to support capacity building, program planning, development, implementation, evaluation, and surveillance for blood disorders outcomes, including related health promotion, education and training, and prevention/intervention. Funds may also be used to coordinate the dissemination of prevention information to the general public, target populations and among state and local agencies and public and private sector organizations in the United States. Funds may not be used for direct curative or rehabilitative services.

Applicant Eligibility:

N/A.

Beneficiary Eligibility:

N/A.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. OMB Circular No. A-102 applies to this program. OMS Circular No. A-110 applies to this program. Information on the submission of applications may be obtained from the Grants Management Officer, Grants Management Branch, Procurement and Grants Office, Centers for Disease Control and Prevention, 2920 Brandywine Road, Room 3000, Atlanta, GA 30341. Telephone: (770) 488-2700. Funding announcements will be posted on www.grants.gov. Forms and instructions are

available in an interactive format on the Grants.gov web site, at the following Internet address: www.grants.gov. Submit the final application using the www.grants.gov website.

Award Procedure:

After review and approval, a Notice of Award from the CDC Procurement and Grants Office (PGO) is prepared and signed by an authorized Grants Management Officer and mailed to the recipient officer identified in the application, along with appropriate notification to the public. The initial award provides funds for first budget period (usually 12 months) and Notice of Award indicates support recommended for the remainder of project period, allocation of Federal funds by budget categories, and special conditions, if any. Cooperative agreement awards and grants, competitive and single eligibility, are determined by an internal objective committee review process at CDC, including peer reviews for research activities. Awards will be based on evaluation criteria set forth in the respective Funding Opportunity Announcements, the availability of funds, and such other significant factors as deemed necessary and appropriate by CDC.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 90 to 120 days. After review and approval, a Notice of Award from the CDC Procurement and Grants Office (PGO) is prepared and signed by an authorized Grants Management Officer and mailed to the recipient officer identified in the application, along with appropriate notification to the public. The initial award provides funds for first budget period (usually 12 months) and Notice of Award indicates support recommended for the remainder of project period, allocation of Federal funds by budget categories, and special conditions, if any.

Cooperative agreement awards and grants, competitive and single eligibility, are determined by an internal objective committee review process at CDC, including peer reviews for research activities. Awards will be based on evaluation criteria set forth in the respective Funding Opportunity Announcements, the availability of funds, and such other significant factors as deemed necessary and appropriate by CDC.

93.082 SODIUM REDUCTION IN COMMUNITIES

FEDERAL AGENCY:

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

This program is authorized under Section 317(k)(2) of the Public Health Services Act (PHS Act), 42 U.S.C. 247b(k)(2) as amended.

OBJECTIVES:

The purpose of this program is to reduce Americans sodium intake to limits recommended by the Dietary Guidelines. Because the majority of sodium that people consume is already present in foods before purchase or preparation, reducing sodium intake may require increased availability and accessibility of lower sodium items. Efforts to reduce sodium in the food supply are occurring at a national level; however movement is also needed at the community level to affect change. Because community-wide efforts to reduce sodium intake are relatively new, more practice-based evidence would support identification and refinement of effective strategies. Therefore, this program will aim to implement and evaluate population-based strategies to increase access to lower sodium food in communities, and decrease sodium intake.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Project funds may be used for costs associated with planning, organizing, conducting, and supporting sodium reduction strategies at the community and/or state level. Applicants must adhere to all CDC guidelines regarding allowable and unallowable expenses. CDC will have substantial involvement with the award recipient during performance of the funded activity. Applicants must adhere to all CDC guidelines regarding allowable and unallowable expenses and activities.

Applicant Eligibility:

a. An official state health department (or its bona fide agent), or its equivalent, as designated by the Governor, is to serve as the lead/fiduciary agency for Small City and Rural Community applications. For this announcement, the term State includes the 50 states and the District of Columbia. The term small city is defined as a local health department that serves a jurisdiction with a population between 50,000 250,000 people. The term rural area is defined as a local health department that serves a jurisdiction with a population of 50,000 people and below. b. An official local health department (or its bona fide agent), or its equivalent, as designated by the mayor, county executive, or other equivalent governmental official, will serve as the lead/fiduciary agent for a Large City application. For this announcement, the term large city is defined as a local health department that serves a jurisdiction with a population of more than 500,000 people. c. Federally recognized Tribal Governments, Regional Area Indian Health Boards, Urban Indian organizations, and Inter-Tribal Councils will serve as the lead/fiduciary agency for Tribal Community applications.

Beneficiary Eligibility:

Credentials/Documentation:

Applicants should document the need for assistance, state the objectives of the project, outline the method of operation, describe the evaluation procedures, and provide a budget with justification of funds. OMB Circular No. A-87 applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program.

Award Procedure:

Awardees will receive an electronic copy of the Notice of Award (NoA) from the CDC PGO. The NoA shall be the only binding, authorizing document between the awardee and CDC. The NoA will be signed by an authorized GMO and emailed to the awardee program director. Any application awarded in response to this FOA will be subject to the DUNS, CCR Registration and Federal Funding Accountability And Transparency Act Of 2006 (FFATA) requirements. Unsuccessful applicants will receive notification of the results of the application review by email with delivery receipt.

93.083 PREVENTION OF DISEASE, DISABILITY, AND DEATH THROUGH IMMUNIZATION AND CONTROL OF RESPIRATORY AND RELATED DISEASES

FEDERAL AGENCY:

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Title 42, Section 243, 247b(k)(2).

OBJECTIVES:

The purpose of this program is to strengthen capacity to prevent disease, disability, and death through immunization and control of respiratory and related diseases. The specific objectives may include but are not limited to: 1. Increase the population of children and adults who are free from respiratory infectious disease complications. 2. Strengthen local, state, and national capacity for the early detection, investigation, response and control of respiratory infections in order to accelerate early recognition of respiratory threats and to mitigate the impact of their spread. 3. Control the rise in antimicrobial resistant respiratory infections in the community. 4. Strengthen prevention and control of respiratory infections in institutional settings, such as health care facilities and workplaces. 5. Reduce mortality from pneumonia and other severe respiratory infections. 6. Strengthen capacity for early detection, investigation, response, and control of respiratory infectious threats.

TYPES OF ASSISTANCE:

Project Grants (Cooperative Agreements)

USES AND USE RESTRICTIONS:

Project funds may be used for costs associated with planning, organizing, conducting, and supporting programs directed towards prevention of disease, disability, and death through immunization and control of respiratory and related diseases, and for the implementation of other program elements as described above in Section 50 and through CDC allowable and unallowable expenses. Recipients may only expend funds for reasonable program purposes, including personnel, travel, supplies, and services, such as contractual. Awardees may not generally use HHS/CDC/ATSDR funding for the purchase of furniture or equipment. Any such proposed spending must be identified in the budget. The direct and primary recipient in a cooperative agreement program must perform a substantial role in carrying out project objectives and not merely serve as a conduit for an award to another party or provider who is ineligible. Reimbursement of pre-award costs is not allowed. Recipients may not use funds for construction or building projects.

93.084 PREVENTION OF DISEASE, DISABILITY, AND DEATH BY INFECTIOUS DISEASES

FEDERAL AGENCY:

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Title 42, Section 243, 247b(k)(2).

OBJECTIVES:

Strengthen public health fundamentals, including infectious disease surveillance, laboratory detection, and epidemiologic investigation: Modernize infectious disease surveillance to drive public health action. Expand the role of public health and clinical laboratories in disease control and prevention. Improve capacity for epidemiologic investigations and public health response. Advance workforce development and training to sustain and strengthen public health practice.

Identify and implement high‐impact public health interventions to reduce infectious diseases

Identify and validate high‐impact tools for disease reduction, including new vaccines; strategies and tools for infection control and treatment; and interventions to reduce disease transmitted by animals or insects. Use proven tools and interventions to reduce high‐burden infectious diseases, including vaccine‐preventable diseases; healthcare‐associated infections; HIV/AIDS; foodborne infections; and chronic viral hepatitis.

Develop and advance policies to prevent, detect, and control infectious diseases: Ensure the availability of sound scientific data to support the development of evidence‐based and cost‐effective policies. Advance policies to improve prevention, detection, and control of infectious diseases, with specific focus on those that help integrate clinical infectious disease preventive practices into U.S. healthcare. Increase community and individual engagement in disease prevention efforts. Strengthen global capacity to detect and respond to outbreaks with the potential to cross borders. Address microbial drug resistance. Promote One‐Health approaches to prevent emergence and spread of zoonotic diseases.

CRITERIA FOR SELECTING PROPOSALS:

Applications are reviewed on the basis of scientific/technical merit, with attention given to such matters as: (1) The degree to which the applicant satisfies the essential requirements and possesses other desired characteristics, such as depth, breadth, and scientific merit of the overall application relative to the types of research and demonstration projects proposed; (2) clarity of purpose and overall qualifications, adequacy and appropriateness of personnel to accomplish proposed prevention research projects and demonstration projects, and the nation's health priorities and needs; (3) ability to generalize, translate and disseminate to State or local health departments, boards of education and other appropriate national regional, and local public health agencies and organizations; (4) reasonableness of the proposed budget in relation to the work proposed.

93.085 RESEARCH ON RESEARCH INTEGRITY

FEDERAL AGENCY:

Office of the Secretary, Department of Health and Human Services

AUTHORIZATION:

Section 301, Title III of the Public Health Service Act (42 U.S.C. 241 et seq.)

OBJECTIVES:

The primary purpose of this grant program is to foster innovative approaches to empirical research on societal, organizational, group, and individual factors that affect, both positively and negatively, integrity in research. Integrity is defined as the use of honest and verifiable methods in proposing, performing, and evaluating research and reporting research results with particular attention to adherence to rules, regulations, guidelines, and commonly accepted professional codes or norms. The Office of Research Integrity (ORI) seeks to support research and conferences designed explicitly to: (a) identify risk factors

that make misconduct more likely; (b) create an evidence base for proactive interventions; and (c) build on lessons learned through previous research and the experiences of those who have been involved in guiding research misconduct proceedings. The core assumption of this announcement is that the social, cultural, and behavioral mechanisms underlying research misconduct must be understood to address the problem of misconduct.

Secondarily, this grant program seeks to support research to develop and test methods to better identify falsification, fabrication, and plagiarism. The tools necessary for detecting misconduct need to be constantly upgraded, tested, verified, and made available to the research community.

TYPES OF ASSISTANCE:

Project Grants

USES AND USE RESTRICTIONS:

Research project grants provide support for clearly defined projects by a named investigator in an area representing his/her specific interests and competencies. Applicants are asked to address the societal, organizational, group or individual factors that affect integrity in research, both positively and negatively. Successful projects will be designed to produce clear evidence of problem areas in community standards, self-regulation, practice norms, and non-adherence to accepted codes of conduct, and/or to solutions to these problems. Funds may also be used for the creation and testing of tools that can be used to identify research misconduct. Funds may not be used for construction or renovation of buildings. This program is subject to the provisions of 45 CFR 75.

Applicant Eligibility:

Public, private or nonprofit agencies (including State and local government agencies) eligible Federal agencies, universities, colleges, hospitals and academic or research institutions may apply for research grants.

Beneficiary Eligibility:

Individuals and public, private, profit or nonprofit organizations.

Credentials/Documentation:

Nonprofit organizations must provide evidence of tax-exempt status. When projects involve the collaborative efforts of more than one organization or require the use of services or facilities not under the direct control of the applicant, written assurances of specific support or agreements must be submitted by the affected parties. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Applications are submitted in response to specific announcements posted on Grants.gov. All applications must be submitted using the Department of Health and Human Services Standard Form 424. Each announcement provides specific additional instructions regarding the contents of the narrative description of the project, budget justification, and other required information. Application will be screened upon receipt. Those that are deemed to be ineligible will be returned to the applicant.

Award Procedure:

Application packages should be accessed through the appropriate funding opportunity announcement, found on Grants.gov website (<http://www.grants.gov/>). Consultation on a proposed project may be obtained from the Division of Education and Integrity staff responsible for the research. Applications are reviewed by principally nonfederal consultants recruited nationwide from the research and research integrity fields. The amounts of the award and period of support are determined on the basis of merit of the project and the nature of the grant mechanism. All applications are evaluated for scientific and technical merit by a panel of independent experts who make recommendations for action to the Office of Research Integrity. After considering the recommendations of the panel, the Director of the Office of Research Integrity makes the final decision on the funding of applications. All applicants are notified in writing of actions taken

on their applications. A formal notification in the form of a Notice of Award (NoA) will be provided to the applicant organization.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 60 to 90 days.

Appeals:

Not Applicable.

Renewals:

Support is recommended for a specified project period, not in excess of five years. Prior to termination of a project period, the grantee may apply for renewal of support for a new project period. An application for renewal is processed as a new competing request.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Grants are generally funded on a 12-month basis. Support beyond the first year is contingent upon acceptable evidence of satisfactory progress, continuing program relevance, and availability of funds. A formal notification in the form of a Notice of Award (NoA) will be provided to the applicant organization. See the following for information on how assistance is awarded/released: Bank transfer.

Reports:

Program reports are required. Quarterly and annual Federal Financial Reports (FFR); quarterly and annual programmatic reports describing progress, delays and next steps. No cash reports are required. Quarterly and annual reports describing progress, delays and next steps.

- 1) Interim progress reports annually as part of a non-competing application for previously recommended support; (2) terminal progress report within 90 days after end of project support. 1. Grantees must submit quarterly SF425 Federal Financial Reports (FFR) due on one of the standard due dates below by which cash reporting is required to be submitted to PMS or at the end of a calendar quarter. The FFR is due 30 days after the end of each calendar quarter.
2. Also, grantees must submit an annual SF425 Federal Financial Report due 90 days after the end of the budget period/project period end date.
3. Reports are to be submitted electronically through Grant Solutions.
4. Quarterly/Annual Reporting Deadlines Budget Period Due Date: 1st Quarter FFR Due 30-Jan; 2nd Quarter FFR Due 30-Apr; 3rd Quarter FFR Due 30-Jul; 4th Quarter FFR Due 30-Oct; Annual FFR Due 30-Jan. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

HHS and the Comptroller General of the United States or any of their authorized representatives, shall have the right of access to any books, documents, papers, or other records of a grantee, subgrantee, contractor, or subcontractor, which are pertinent to the HHS grant, in order to make audits, examinations, excerpts and transcripts. In accordance with 2 CFR 200.333, grantees are required to maintain grant accounting records 3 years after the end of a project period. If any litigation, claim, negotiation, audit or other action involving the records has been started before the expiration of the 3-year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

93.086 HEALTHY MARRIAGE PROMOTION AND RESPONSIBLE FATHERHOOD GRANTS

(HMRP)

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Social Security Act, Title IV, Part A, Section 403; The Claims Resolution Act of 2010 (CRA), Public Law 111-291.

OBJECTIVES:

Included three objectives: (1) To fund Healthy Marriage Promotion activities that will help couples, who have chosen marriage for themselves, gain greater access to marriage education services on a voluntary basis. These services will help couples acquire the skills and knowledge necessary to form and sustain a healthy marriage; (2) To fund Responsible Fatherhood promotion activities specifically designed to promote responsible fatherhood to reverse the rise in father absence and its subsequent impact on our nation's children. ACF will award these funds on a competitive basis to States, territories, Indian tribes and tribal organizations, and public and nonprofit community entities, including faith-based organizations; and (3) Award competitive based demonstration

projects designed to test the effectiveness of tribal governments or tribal consortia in coordinating the provision to tribal families at risk of child abuse or neglect of child welfare services and services under tribal programs funded under this part.

TYPES OF ASSISTANCE:

DISSEMINATION OF TECHNICAL INFORMATION; Project Grants (Discretionary)

USES AND USE RESTRICTIONS:

The Secretary may not award funds on a noncompetitive basis, and may not provide any such funds to an entity for the purpose of carrying out healthy marriage promotion activities or for the purpose of carrying out activities promoting responsible fatherhood unless the entity has submitted to the Secretary an application which describes how the programs or activities proposed in the application will address, as appropriate, issues of domestic violence; and what the applicant will do, to the extent relevant, to ensure that participation in the programs or activities is voluntary, and to inform potential participants that their participation is voluntary; and contains a commitment by the entity to not use the funds for any other purpose; and to consult with experts in domestic violence or relevant community domestic violence coalitions in developing the programs and activities.

Applicant Eligibility:

The Healthy Marriage and Responsible Fatherhood grants were competitively awarded for a one (1) year budget period and three-year (3) project period. An additional one-year continuation was granted in March 2014. The awards were made final in September 2011 and will run for four consecutive years up through September 2015. There are no subsequent competitive awards for this program. For years two through four, awards were made via non-competitive continuation application. Eligible organizations for Healthy Marriage Grants in general were public and private entities. This included, but was not limited to: States; County governments; City or township governments; Special district governments; State controlled institutions of higher education; Native American tribes and tribal organizations; Nonprofit organizations; Private organizations of higher education; For-profit organizations; and faith-based and community organizations. Application Eligibility for Responsible Fatherhood Grants included: States; territories; Indian tribes and tribal organizations; and public and non-profit community entities, including Faith-based organizations. Application Eligibility for Tribal TANF Child Welfare TA Grants included Native American Tribal governments.

Beneficiary Eligibility:

Families, couples, individuals in need of assistance with Healthy Marriage services, including marriage enhancement and relationship education and Responsible Fatherhood activities, including parenting education, economic stability services. In general these funds assist in the efforts to enhance and expand the ability of States, Native American governments, local governments, for-profit organizations, non-profit community organizations and other public entities to provide family formation and responsible fatherhood services to those in need.

Credentials/Documentation:

Any nonprofit agency was required to provide proof of its nonprofit status through one of the following: (a) A reference to the applicant organization's listing in the Internal revenue Service's (IRS) most recent list of tax-exempt organizations described in the IRS code. (b) A copy of a currently valid IRS tax exemption certificate (c) A statement from a State taxing body, State Attorney General, or other appropriate State official certifying that the applicant organization has a nonprofit status and that none of the net earnings accrue to any private shareholders or individuals. (d) A certified copy of the organization's certificate of incorporation or similar document that clearly establishes nonprofit status. (e) Any of the items in the subparagraphs immediately above for a State or national parent organization and a statement signed by the parent organization that the applicant organization if it's local nonprofit affiliate. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs."

An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Applicants needed to complete all the standard forms required for making application for awards under this announcement. Applicants that requested financial assistance submitted Standard Forms 424, 424A, 424B and the associated certifications and assurances. Specific instructions were published in the official program announcement.

Award Procedure:

Applications received by the due date were reviewed and scored competitively. Peer reviewers, generally persons from outside the Federal government, used the evaluation criteria listed in Section V of the Funding Opportunity Announcement to review and score the applications. The results of the review were a primary factor in making funding decisions. ACF also had the option to solicit comments from other Federal agencies. ACF had the option to consider a variety of factors in addition to the review criteria identified above, including geographic diversity/coverage and types of applicant organizations, in order to ensure that the interests of the Federal Government are met in making the final selections. The successful applicants were notified through issuance of a Financial Assistance Award document which sets forth the amount of funds granted, the terms and conditions of the grant, the budget period for which initial support will be given, and the total project period for which support is contemplated. In accordance with the authorizing legislation, preference was given to those applicants that were awarded any prior Responsible Fatherhood, Healthy Marriage, or Tribal Child Welfare funds between 2005 and 2010 and that have demonstrated the ability to have successfully carried out their program.

Deadlines:

Jun 28, 2011 to Jul 28, 2011: HHS-2011-ACF-OFA-FO-0196. The Healthy Marriage and Responsible Fatherhood grant deadlines have closed. All awards for these programs were made in fiscal year 2010. The grants were one time for a three-year (3) project period through fiscal year 2013, with an additional one-year continuation granted in fiscal year 2014. No other applications are being accepted and no future funding is anticipated.

Range of Approval/Disapproval Time:

From 60 to 90 days. Range of Approval/Disapproval Time: All grants were approved/disapproved by September 2011.

Appeals:

Targeted Grants to Increase the Well-Being of, to Improve the Permanency Outcomes for, and Enhance the Safety of Children Affected by Parental Substance Abuse

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Social Security Act, as amended, Title IV, Part B, Section 437(f), 42 U.S.C 629g.

OBJECTIVES:

To provide, through interagency collaboration and integration of programs activities and services that are designed to increase the well-being of, improve permanency outcomes for, and enhance the safety of children who are in an out-of-home placement or are at risk of being placed in an out-of-home placement as a result of a parent's or caretaker's substance abuse.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Grants are provided for services or activities that are consistent with the purpose of section 437(f) of Title IV-B of the Social Security Act and may include the following: (1) family-based comprehensive long-term substance abuse treatment services; (2) early intervention and preventative services; (3) children and family counseling; (4) mental health services; (5) parenting skills training; (6) replication of successful models for providing family-based comprehensive long-term substance abuse treatment services. Other suggested activities and services are listed in the program announcement. 100% of funds are set-aside for discretionary activities.

Applicant Eligibility:

State governments, County governments, Local Governments, City or township governments, Regional Organizations, U.S. Territory or Possession, Independent school districts, Public and State-controlled institutions of higher education, Indian/Native American Tribal governments (Federally recognized), Indian/Native American Tribal organizations (other than Federally recognized), Indian/Native American Tribally Designated Organizations, Public/Indian Housing Authorities, Non-profits with 501(c)(3) IRS status (other than institutions of higher education), Non-profits without 501(c)(3) IRS status (other than institutions of higher education), Private institutions of higher education, For-profit organizations (other than small businesses), Small businesses, Hispanic-Serving Institutions, Historically Black Colleges and Universities (HBCUs), Tribally Controlled Colleges and Universities (TCCUs), Alaska Native and Native Hawaiian Serving Institutions, and Special district governments. Foreign entities are not eligible under this announcement. Applications must represent regional partnerships formed by a collaborative agreement. Applications must identify a primary applicant responsible for administering the grant. The primary applicant must be one of the regional partnership organizations listed above. The primary applicant cannot be an individual. The regional partnership must include either the State child welfare agency that is responsible for the administration of the State plan under title IV-B or title IV-E of the Social Security Act or an Indian tribe or tribal consortium but the regional partnership may not consist of only State entities.

Beneficiary Eligibility:

Agencies or organizations serving children and families who have experienced or are at risk of experiencing an out of home placement as a result of a parent's or caregiver's substance abuse.

Credentials/Documentation:

Non-profit agencies must submit proof of nonprofit status. Applicable costs and administrative procedures will be determined in accordance with 45 CFR Part 75. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Standard application forms as furnished by DHHS must be used for this program. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Announcement of availability of funds is posted to grants.gov. Eligible applicants submit applications by specified deadlines.

Award Procedure:

Grant applications are reviewed by a panel of non-federal professionals with expertise in the fields of child welfare and substance abuse treatment. Final

decisions are made by the Commissioner, Administration for Children, Youth and Families (ACYF).

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Three to six months.

Appeals:

Appeals are processed in accordance with HHS regulations in 45 CFR Part 16.

Renewals:

Projects are awarded with a provision for non-competitive renewal during the selected award period (3 or 5 years).

Formula and Matching Requirements:

Statutory formulas are not applicable to this program.

Matching Requirements: The required match must increase over the course of the grant period, such that 5-year grantees must contribute 15 percent of the costs of grant-funded services and activities in year 1 and year 2, 20 percent of such costs in year 3 and year 4, and 25 percent of such costs in year 5.

The 2-year extension grants match is 30% in 2012 and 35 % in 2013.

MOE requirements are not applicable to this program.

Length and Time Phasing of Assistance:

Grants were available for a 24 - or 60-month period. Renewal funding for multiple-year grants is dependent upon grantee performance and availability of funds. Method of awarding/releasing assistance: by letter of credit.

Reports:

Grantees must select and track performance indicators that measure the extent to which grant-funded activities and services enhance the safety, permanency, and well-being of children and their families. Financial reporting is conducted via the PSC 272. Program progress reports are required semiannually with a final report at completion of the project. Financial expenditure reports are required semiannually with a final report at completion of the project. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Audits are conducted in accordance with requirements in 45 CFR 75 Subpart F.

Records:

All financial records are to be maintained for 3 years after termination of the project or until audit is completed, whichever comes first.

93.089 EMERGENCY SYSTEM FOR ADVANCE REGISTRATION OF VOLUNTEER HEALTH PROFESSIONALS

(ESAR-VHP)

FEDERAL AGENCY:

Office of the Secretary, Department of Health and Human Services

AUTHORIZATION:

Title III, Section 319I, Public Health Service Act (42 U.S.C. 247d-7b), as amended by the Pandemic and All-Hazards Preparedness Reauthorization Act (PAHPRA) of 2013, Public Law 113-5.

OBJECTIVES:

To establish and maintain a national interoperable network of state systems. Each system is maintained by a State or group of States for the purpose of verifying the credentials, certifications, licenses, relevant training, and hospital privileges of health care professionals who volunteer to provide health services during a public health emergency.

TYPES OF ASSISTANCE:

Project Grants (Discretionary)

USES AND USE RESTRICTIONS:

Grant funds may be used for ESAR-VHP related activities only. Grants funds may not be used for construction and/or major rehabilitation of buildings. Grants funds may not be used for basic research (e.g. scientific or medical experiments.). When appropriated and apportioned; all funds available will be used for discretionary grant awards.

Applicant Eligibility:

State health departments of all 50 States, the District of Columbia, the nation's three largest municipalities (New York City, Chicago and Los Angeles County), the Commonwealths of Puerto Rico and the Northern Mariana Islands, the territories of American Samoa, Guam and the United States Virgin Islands, the Federated States of Micronesia, and the Republics of Palau and the Marshall Islands.

Beneficiary Eligibility:

All State health departments listed above, hospitals and supporting health care systems.

Credentials/Documentation:

Applicants should review the individual ASPR funding opportunity announcement issued under this CFDA program for any proof or certifications which must be submitted prior to or simultaneous with submission of an application package. OMB Circular A-122 applies to this program. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Grant applications and required forms for this program can be obtained through Grants.gov - FIND. Applicants should visit Grants.gov - FIND for the funding opportunity announcement and Grants.gov - APPLY to download application materials to complete and submit their applications in accordance with the funding opportunity announcement (FOA).

Award Procedure:

Applications that successfully proceed through initial screening (as outlined in the FOA) will be objectively reviewed based upon the review criteria specified in the FOA. Applications selected for funding will be processed and the applicant notified in writing through the issuance of a Notice of Award from the Office of the Assistant Secretary for Preparedness and Response.

Deadlines:

Sep 30, 2010: Applicable deadlines and due dates are specified in the funding opportunity announcement.

Range of Approval/Disapproval Time:

From 90 to 120 days. None.

Appeals:

Not Applicable.

Renewals:

Not Applicable.

Formula and Matching Requirements:

This program has no statutory formula.
This program has no matching requirements.
This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Project periods are limited up to 36 months. Budget periods are limited up to 12 months. See the following for information on how assistance is awarded/released: Awardee is issued a Notice of Award, a legal document that informs the awardee that a grant award has been made. Awardee may draw down funds in advance of the incurrence of an expenditure (up to three days) from the Payment Management System.

Reports:

Grantees are required to submit program reports, also know as Program Progress Reports. Recipients must report cash transaction data via the Payment Management System (PMS) using the cash transaction data elements captured on the Federal Financial Report (FFR), Standard Form (SF) 425. Recipients will utilize the Transactions section of SF425 in lieu of the SF272. The FFR SF425 cash Transaction Report is due 30 days after the end of each calendar quarter. Grantees are required to submit semi-annual Program Progress Reports as well as final Program Progress Reports. ASPR requires cumulative financial reporting through consecutive funding periods on the SF269 FSR long form. The FFR SF425 was designed to replace the Financial Status Report SF269 and the Federal Cash Transactions Report SF272 with one comprehensive financial reporting form. Until HHS fully migrates to the SF425 FFR, recipients are still required to submit the SF269 Financial Status Report (FSR) semi-annually within 30 days after the first 6 month period and within 90 days of the budget period end date. Grantees are required to submit final Financial Status Reports (SF-269). Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Records must be kept available for 3 years after submission of the final expenditure report.

93.090 GUARDIANSHIP ASSISTANCE**FEDERAL AGENCY:**

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Social Security Act, Title IV, Part E, Section 473.

OBJECTIVES:

To provide Federal financial participation (FFP) to States, Indian Tribes, Tribal organizations and Tribal consortia (Tribes) who opt to provide guardianship assistance payments for the care of children by relatives who have assumed legal guardianship of eligible children for whom they previously cared as foster parents. This assistance is intended to prevent inappropriately long stays in foster care and to promote the healthy development of children through increased safety, permanency and well-being.

TYPES OF ASSISTANCE:

Formula Grants

USES AND USE RESTRICTIONS:

Federal assistance may be used only in support of the care of children who meet the eligibility requirements and their siblings under certain situations as specified in the statute. All relatives assuming guardianship of such children are eligible for the nonrecurring expenses associated with obtaining legal guardianship up to \$2,000. A State or Tribe may receive FFP only if its title IV-E plan has been approved by the Secretary.

Applicant Eligibility:

Funds are available to States (including the District of Columbia, Puerto Rico, the U.S. Virgin Islands, Guam and American Samoa) and to Tribes with approved title IV-E plans.

Beneficiary Eligibility:

Beneficiaries are children who meet the following requirements: (1) the child has been eligible for title IV-E foster care maintenance payments while residing for at least six consecutive months in the home of the prospective relative guardian; and (2) the State or Tribe has determined that the permanency options of being returned home or adoption are not appropriate for the child; and (3) the child demonstrates a strong attachment to the prospective relative guardian and the prospective guardian is committed to caring permanently for the child; and (4) for children who have attained the age of 14, the child has been consulted regarding the kinship guardianship arrangement. Beneficiaries may also be siblings of eligible children placed in the same kinship guardianship arrangement. FFP is available to States and Tribes for payments made to a relative guardian in accordance with a kinship guardianship agreement that is in writing, negotiated and binding.

The program was amended (through Public Law 13-183) effective September 29, 2014 to allow continuation of title IV-E kinship guardianship assistance payments if the relative guardian dies or is incapacitated and a successor legal guardian is named in the agreement (or in any amendments to the agreement).

Credentials/Documentation:

Costs are to be determined in accordance with 45 CFR Part 75. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. 091-Consultation is available to States and Tribes from ACF Regional Offices.

092-Applications are made in the form of a title IV-E Plan, prepared in the format provided by the ACF Children's Bureau. Title IV-E plans and amendments must be submitted to the ACF Regional Child Welfare Program Manager for approval.

Award Procedure:

Quarterly awards are made on the basis of estimated expenditures, which are later revised to include only actual allowable claimed expenditures. Next quarter estimates are due on July 30, October 30, January 30 and April 30 each year. Final decisions and awards are made by the Headquarters Office.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

Health and Human Services (HHS) will approve/disapprove applications (title IV-E plans or amendments to them) within 45 days of receipt by HHS.

Appeals:

Appeals are processed in accordance with HHS regulations in 45 CFR Part 16.

Renewals:

Awards remain effective without plan renewal but title IV-E plans may be amended as necessary.

Formula and Matching Requirements:

Statutory Formula: Funding is provided on an open-ended basis in accordance with sec. 474(a) of the Social Security Act.

Formula Grant Funding Level: FFP is equal to the applicable Federal Medical Assistance Percentage (FMAP) rate (as defined by sec.1905(b) (sec. 479B(d) for Tribes) of the Social Security Act (i.e. from 50% to 83%, depending on the State or Tribe and the fiscal year) and was temporarily enhanced (from FY 2009 through the 3rd quarter of FY 2011) through Section 5001 of Public Law 111-5, the American Recovery and Reinvestment Act of 2009 (ARRA)) for the total expended for kinship guardianship assistance payments; 75% of staff training costs; and 50% of other administrative costs. Short term training provided to kinship guardians was subject to a special FFP rate that varied by fiscal year from FY 2009 through FY 2012, but which was set at 75% for FY 2013 and thereafter.

Matching Requirements: The non-Federal share of program costs (difference between total cost and FFP) in each funding category constitutes the required match to be met by this title IV-E agency. Matching funds from State agencies must be appropriate monies raised from non-Federal revenue sources.

Matching funds from Tribal agencies must also be appropriated monies, but may at the option of the Tribe include Federal funds specifically authorized by Federal statutes to be used as match for other Federal programs and, in accordance with 45 CFR 1356.68, for administration and training cost only, and in-kind expenditures (or contributions) from allowable third party sources. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Federal financial participation is available to a State or Tribe operating under an approved title IV-E plan. The title IV-E agency may implement and claim allowable guardianship assistance program costs beginning on the first day of the quarter in which an approvable title IV-E plan amendment is submitted to the Administration for Children and families (ACF) to implement the guardianship assistance program. See the following for information on how assistance is awarded/released: Method of awarding/releasing assistance: Quarterly, through a letter of credit.

Reports:

Title IV-E agencies must report on the children assisted, as required by the Secretary. No progress reports are required. Title IV-E agencies use form CB-496 to report estimates and expenditures and the number of children assisted; the expenditures report is required 30 days after the end of the quarter. Other reports may be necessary as required by the Secretary. No performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Audits are conducted in accordance with the requirements in 45 CFR 75 Subpart F.

Records:

States and Tribes must maintain all financial and programmatic records necessary for the proper and efficient operation of the program, including records of applications, determinations of eligibility, utilization of awarded grants and other funds for the provision of financial assistance and allocated indirect and direct administrative and training costs in accordance with requirements in Health and Human Services regulations at 45 CFR 75, and written guidance from the Administration for Children and Families.

Account Identification:

75-1545-0-1-609 - ARRA grants: 75-1545-0-1-609.

Obligations:

(Formula Grants) FY 14 \$89,707,012; FY 15 est \$109,000,000; and FY 16 est \$123,400,000

Range and Average of Financial Assistance:

FY 2014: \$49,338 to \$32,577,392 with an average of \$2,990,233. The program became available as an option for States as of October 7, 2008, and for Tribes as of October 1, 2009. Title IV-E agencies began separate financial reporting

of program costs for quarters commencing in FY 2011. A number of States and Tribes may still be in the process of submitting FY 2014 title IV-E claims for these costs. Therefore, complete data on the range and average of financial assistance is not yet available.

TAFS Codes:

75-1545.

PROGRAM ACCOMPLISHMENTS:

Fiscal Year 2014: Grants were provided to total of 30 States (including the District of Columbia). Fiscal Year 2015: It is anticipated that a total of 32 States (including the District of Columbia) and 5 Tribes will receive grant awards.

Fiscal Year 2016: It is anticipated that a total of 32 States (including the District of Columbia) and 5 Tribes will receive grant awards.

93.092 AFFORDABLE CARE ACT (ACA) PERSONAL RESPONSIBILITY EDUCATION PROGRAM

(PREP)

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

The Patient Protection and Affordable Care Act, Title II Role Of Public Programs, Subtitle L, Maternal and Child Health Services, Title V, Section 2953, Public Law 113-93, 42 U.S.C 713(c)(1); The Medicare Access and CHIP Reauthorization Act of 2015, Section 215, Public Law 114-10.

OBJECTIVES:

The purpose of this program is to educate adolescents and young adults on both abstinence and contraception for the prevention of pregnancy and sexually transmitted infections, including HIV/AIDS. The Affordable Care Act was established and provided funding for this program through FY 2014. The program was extended through September 30, 2017 in P.L. 114-110.

TYPES OF ASSISTANCE:

Formula Grants; Project Grants

USES AND USE RESTRICTIONS:

To carry out personal responsibility education programs designed to educate adolescents on both abstinence and contraception for the prevention of pregnancy and sexually transmitted infections, including HIV/AIDS. The State program component must fund teen pregnancy prevention and personal

responsibility education programs that have been proven on the basis of rigorous scientific research, to change behavior, which means delaying sexual activity, increasing condom or contraceptive use for sexually active youth, or reducing pregnancy among youth. State programs must teach adulthood preparation subjects including healthy relationships, adolescent development, financial literacy, parent-child communication, educational and career success, and healthy life skills. Applicants for innovative program funding should describe the research base for proposed projects, such as the rationale for substantial modifications to evidence-based models and/or developmental research that suggests an innovative model is likely to be effective with a vulnerable or underserved population. Additionally, the innovative practices component must implement programs to target high-risk, vulnerable, and culturally under-represented youth populations. Such programs must be either significant modifications of the above list of evidence-based models or are based upon other promising approaches with a strong research basis. All programs must agree to participate in a rigorous Federal evaluation of their project. Innovative programs must conduct their own rigorous, independent evaluations unless they are selected for the Federal evaluation. The list of evidence-based models was developed and is updated by the HHS Office of the Assistant Secretary for Planning and Evaluation (ASPE). From the \$75,000,000 appropriation, \$10,000,000 (13.3%) is designated for PREIS, which are demonstration grants for innovative teen pregnancy prevention and personal responsibility education programs (PREIS); \$3,250,000 (5% of the appropriation after the \$10,000,000 is removed) is set aside for Tribes and Tribal organizations; \$6,500,000 (10% of the appropriation after the \$10,000,000 is removed) is designated for program support and evaluation. The remaining \$55,250,000 (73.7% of the appropriation) is for States to implement evidence-based demonstration projects and is allotted by formula. However, beginning in 2012, funds from States that did not apply for FY10 or FY11 funding was distributed on a discretionary basis to community-based organizations within those States. These Competitive PREP projects have a three year project period.

Applicant Eligibility:

There is \$55,250,000 appropriated annually to fund 59 States and Territories to enable them to carry out Personal Responsibility Education Programs (PREP). Eligible applicants include the 50 United States, the District of Columbia, Puerto Rico, Virgin Islands, Guam, American Samoa, Northern Mariana Islands, Federated States of Micronesia, the Republic of the Marshall Islands, and the Republic of Palau.

If any States or Territories did not apply for funding in FY 2010 or 2011, they are no longer eligible to apply for this program and their allotments were made available as Competitive PREP grants to community-based organizations for the same State or territory. The annual award for the first cohort of Competitive PREP was \$18,856,405. The estimated annual award for the second cohort of Competitive PREP grants to be awarded in FY2015 is \$10,000,000.

Funds (\$10,000,000) shall be reserved to award PREP Innovative Strategies (PREIS) grants to entities to implement innovative youth pregnancy prevention strategies and target services to high-risk, vulnerable, and culturally under-represented youth populations.

Funds (\$3,250,000) shall be reserved for Tribal PREP grants to Indian tribes and tribal organizations.

Funds (\$6,500,000) shall be reserved for program support that may be provided directly or through a competitive award process. Program support includes research, training and technical assistance, providing consultation and resources on a broad array of teen pregnancy prevention strategies, and developing materials to support grant activities. Funds shall also be reserved to evaluate PREP programs and activities.

Beneficiary Eligibility:

PREP shall provide services to adolescents and young adults. Applicants are encouraged to serve youth populations that are the most high-risk or vulnerable for pregnancies or otherwise have special circumstances, including youth in and aging of out foster care, homeless youth, youth with HIV/AIDS, pregnant youth who are under 21 years of age, mothers who are under 21 years of age, and youth residing in areas with high birth rates for youth. Applicants must include the most recent pregnancy data for the State for youth ages 10 to 14 and youth

ages 15-19, and the most recent birth rates among the same age groups, and trends in those rates for the most recently preceding 5-year period for which data are available.

Credentials/Documentation:

A signed letter from the authorized representative must accompany each application; it should include documentation establishing the authorized representatives authority to apply for and administer the PREP grant program funds on behalf of the State or Territory.

For other funding available under this CFDA number, non-profit organizations applying for funding are required to submit proof of their non-profit status. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. The PREP program includes formula and competitive grant awards to a range of entities. The OMB circulars that are relevant vary according to the funding opportunity and the kind of organization that will be implementing the grant award.

Award Procedure:

For FY 2010 and FY 2011 funds allotted to States and Territories (States), the Administration for Children and Families (ACF) advised States and Territories of the funding opportunity through a Federal Register notice and/or by a Funding Opportunity Announcement (FOA). Applications were rated Approved, Approved with Conditions, or Approval Pending by Program administrators. Applicants that received an Approved rating received grant awards and did not need to send further information. States that submitted applications that were Approved with Conditions" received grant awards with descriptions of weaknesses and subsequent conditions that were to be met in order to receive Approved status. The States were given a set period to send to a response to ACF that addressed the identified weaknesses. States that submitted applications that were rated Approval Pending received a list of weaknesses cited by the reviewer and directions for submitting an amended application that addressed the weaknesses. States and Territories that were awarded FY 2010 and/or FY 2011 funds were to submit a letter of intent in order to receive awards in FY 2012, FY 2013 and FY 2014. There are 49 State PREP grantees.

A FOA was published to award funds to community based organizations in the States and Territories that did not receive FY 2010 and FY 2011 PREP funding. Applications were reviewed by an Objective Review Committee which applied the criteria given in the Funding Opportunity Announcement (FOA) in order to derive priority scores. The review panels consisted of expert peer reviewers who reviewed each application that met the responsiveness and screening criteria. Federal staff provided oversight to the review process. Thirty-seven applicants were awarded Competitive PREP funding in FY2012 for a three year project period.

For funds reserved for PREIS grants, applications were reviewed on a nationwide basis and in competition with other submitted applications. Eligible applications were reviewed by an Objective Review Committee which applied the criteria given in the Funding Opportunity Announcement (FOA) in order to derive priority scores. The applications were reviewed by expert peer reviewers who reviewed each application that met the responsiveness and screening criteria. Federal staff provided administrative oversight to the grant review process. The review results formed the basis for development of the programmatic terms and conditions of the cooperative agreement. Funding decision recommendations were provided to the Director of the Office of Adolescent Health and the Commissioner for the Administration on Children, Youth and Families (ACYF) in order by score and rank determined by the review panel. Final award decisions were made collaboratively by the Director of OAH and the Commissioner of ACYF. In making the award decision, the Director and the Commissioner took into account the score and rank order given by the Objective Review Committee, and other considerations given in

the FOA. Thirteen applicants were awarded cooperative agreements in FY2010 and two grantees relinquished their funding. There are 11 funded PREIS projects.

Funds reserved for grants to Indian tribes and tribal organizations were made available in a manner determined by the Secretary, in consultation with Indian tribes and tribal organizations, to be appropriate. In FY 2011, a funding opportunity announcement was issued for the award of the grants. Sixteen applicants were awarded Tribal PREP funding through the discretionary grant review process.

Deadlines:

Not Applicable.

Range of Approval/Disapproval Time:

From 90 to 120 days. Consult the FOA or contact the headquarters office, as appropriate, for application deadlines.

Appeals:

Not Applicable.

Renewals:

From 90 to 120 days.

Formula and Matching Requirements:

Statutory Formula: Title V, Public Law 113-93.

This program has no matching requirements. Cost sharing or matching of non-Federal funds is not required. However, funded programs should build on but not duplicate or replace current Federal programs as well as state, local or community programs, and programs should coordinate with existing programs and resources in the community.

This program has MOE requirements, see funding agency for further details. This program has an MOE (Maintenance of Effort) requirement for states and local entities to require that expenditure of non-federal funds for activities, programs or initiatives allowed in this program be no less than such expenditures in FY 09. The intent is to supplement and not supplant the funds expended in FY 09 or the year prior to new awards.

Length and Time Phasing of Assistance:

Funds allotted to States and Territories for a fiscal year shall remain available for expenditure by the State through the end of the second succeeding fiscal year. If a State or territory did not submit an application for FY2010 or FY2011, they are no longer be eligible to submit an application to receive funds from the amounts allotted to the State for each of fiscal years 2010 through 2014. State PREP grantees awarded in FY2010 and FY2011 will submit a letter of intent to receive FY2015 funding.

State PREP allocated funded that was not requested by States is used to award three year discretionary grants to local organizations and entities for the same purpose and in the same geographic regions in FY2012. The Competitive PREP grant funding is available over a 36 month project period from FY2012 through FY2014. Annual funding for this program is to be expended within 12 months of award. A funding opportunity announcement will be drafted and published to award FY2015 appropriated Competitive PREP funding.

The PREIS grantees were awarded funding through cooperative agreements over a five year project period. The annual funding is to be expended at the end of each 12 month budget period. Funding available through the FY2015 extension of the program will be awarded through non-competing continuation to current PREIS grantees.

Tribal PREP grants are discretionary awards with a four year project period. Annual awards are to be expended at the end of each 12 month budget period. Funding available through the FY2015 extension of the program will be awarded through non-competing continuations to current Tribal PREP grantees.

Additional information about the availability of funding is provided in the funding opportunity announcements. See the following for information on how assistance is awarded/released: Periodic draw downs are based upon need and project progress.

Reports:

Each award recipient will submit semi-annual performance progress, fiscal and performance measure data reports. Grantees must submit all required reports in a timely manner and in the recommended format provided. The grantees shall submit an annual Financial Status Report (FSR). An FSR is due no later than 90 days after the end of the applicable 12 month period and failure to submit these in a timely manner could affect future funding. The report is an accounting of expenditures for each budget year of the project. There is a requirement for performance measurement data collection and performance progress reporting (e.g., monitoring requirements) for the State PREP, PREIS, Tribal PREP and Competitive PREP grantees. Tribal consults were conducted prior to the finalization of the Tribal PREP funding opportunity announcement, to include discussion on the reporting requirements. The recipient shall submit an annual Financial Status Report (SF-425) due no later than 90 days after the end of the applicable 12 month period. The report is an accounting of expenditures for each year of the project. More specific information on this reporting requirement was included in the Notice of Grant Award. No performance monitoring is required.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503. Grantees must comply with the relevant sections of the Code of Federal Regulations and OMB circulars to perform required audits.

Records:

All financial records are to be maintained for three years after termination of the project or until the audit is completed, whichever occurs first.

Account Identification:

Range and Average of Financial Assistance:

Each State or Territory shall be allotted at least \$250,000 or an amount determined by a formula, using the number of individuals who have attained age 10 but not attained age 19 in the State or Territory to the total number of such individuals in the entire U.S. based on the most recent Census data, whichever is greater. Applicants for which Census data are not available will be eligible for the minimum allocation of \$250,000. The range for State PREP awards to 49 states and territories is \$250,000 to \$6,455,009. The range for the awards to 11 PREP Innovative Strategies grantees is \$400,000 to \$933,907. The range for the awards to 16 Tribal PREP grantees is \$138,000 to \$325,425. The range for the awards to the 37 Competitive PREP grantees is \$250,000 to \$900,000.

RELATED PROGRAMS:

93.060 Competitive Abstinence Education (CAE); 93.235 Abstinence Education Program

EXAMPLES OF FUNDED PROJECTS:

Not Applicable.

CRITERIA FOR SELECTING PROPOSALS:

Funded State programs must replicate evidence-based, effective programs or strategies that substantially incorporate elements of effective programs that have been proven on the basis of rigorous scientific research to change behavior, which means delaying sexual activity, increasing condom or contraceptive use for sexually active youth, or reducing pregnancy among youth. The programs must include activities to educate youth who are sexually active regarding responsible sexual behavior with respect to both abstinence and the use of contraception. Such activities should teach adulthood preparation subjects including healthy relationships, adolescent development, financial literacy, parent-child communication, educational and career success, and healthy life skills. The programs must: be medically-accurate and complete; include activities to educate youth who are sexually active regarding responsible sexual behavior with respect to both abstinence and the use of contraception; place substantial emphasis on both abstinence and contraception for the prevention of pregnancy among youth and sexually transmitted infections; and must provide age-appropriate information and activities. The information and activities carried out under the program must be provided in the cultural context that is most appropriate for individuals in the particular population group to which they are directed.

REQUIREMENTS OF INNOVATIVE STRATEGIES PROJECTS: Proposals were funded based on how effectively they can develop, replicate, refine, and test innovative strategies for preventing teenage pregnancy. Programs must be medically accurate, age appropriate, and target services to identified vulnerable and at-risk populations. Funded projects are expected to generate lessons learned so others can benefit from these strategies and innovative approaches and increase the capacity of communities to develop, implement, and evaluate interventions for dissemination and replication by others. Funded projects must show that the proposed intervention is: (a) based on some preliminary evidence of effectiveness; (b) a significant adaptation of an evidence-based program; or (c) is a new and innovative approach to teenage pregnancy prevention with a sound basis in research.

REQUIREMENTS OF TRIBAL PROJECTS: Criteria for Tribal projects were developed by the Secretary, in consultation with Indian Tribes and Tribal Organizations that were deemed appropriate. Tribal PREP funding is directed toward the development of culturally appropriate comprehensive teen pregnancy prevention programs that incorporate medically accurate approaches replicating effective programs or elements of programs that have been demonstrated to change behavior. Tribal PREP focuses on the same fundamental requirements as the State PREP projects—the education of youth on both abstinence and contraception and on other adulthood preparation subjects with the goal of preventing teen pregnancy and sexually transmitted infections (STIs) including HIV/AIDS. Funds support PREP efforts that are dedicated to the development of comprehensive, high quality interventions and services that rely on the best available research evidence to inform and guide practice. Since there are few studies of teen pregnancy prevention programs targeting youth in Tribal communities, adaptation and innovation are important. Further, programs that currently serve Native youth have not been rigorously evaluated and may not offer strong models for replication. Tribes and tribal organizations are encouraged, therefore, to adapt evidence-based (EB) models (or elements of EB models) that address the unique cultural needs of their communities. Adaptation must retain core elements of proven effective programs.

REQUIREMENTS OF COMPETITIVE PREP PROJECTS: Competitive PREP funds support projects that educate youth between the ages of 10 and 19, and pregnant and parenting youth, under age 21, on abstinence and contraception for teen prevention of pregnancy and sexually transmitted infections (STIs), including HIV/AIDS. Applicants must also provide programming on at least three of six adulthood preparation subjects that are

discussed in the published funding opportunity announcement. Further PREP funding is directed toward the development of comprehensive, teen pregnancy prevention programs that incorporate medically accurate approaches, while replicating evidence-based programs or elements of programs that have been demonstrated to change behavior. FYSB Competitive PREP funding supports efforts that are dedicated to the development of comprehensive, culturally appropriate interventions and services that rely on the best available research to inform and guide practice.

93.093 AFFORDABLE CARE ACT (ACA) HEALTH PROFESSION OPPORTUNITY GRANTS

HPOG

FEDERAL AGENCY:

Administration for Children and Families, Department of Health and Human Services

AUTHORIZATION:

Social Security Act, Title XX, Section 2008, Public Law 111-148, 42 U.S.C 1397, as amended by Protecting Access to Medicare Act of 2014, Title II, Section 208, Public Law 113-93.

OBJECTIVES:

To provide education and training to Temporary Assistance for Needy Families (TANF) recipients and other low-income individuals for occupations in the health care field that pay well and are expected to either experience labor shortages or be in high demand.

TYPES OF ASSISTANCE:

Cooperative Agreements (Discretionary Grants)

USES AND USE RESTRICTIONS:

The funds may be used to provide education and training to TANF recipients and other low-income individuals for occupations in the health care field that pay well and are expected to either experience labor shortages or be in high demand. Funds may be used for participant supportive services, including financial aid, child care, and case management. Section 2005(a) (other than paragraph (6)) of the Social Security Act (42 U.S.C 1397d(a)) applies to grants awarded in this program to the same extent and in the same manner as such section applies to payments to States under this Title XX of the Social Security Act (the Social Services Block Grant). All funds are set aside for discretionary activities.

Applicant Eligibility:

An eligible applicant is a State, an Indian tribe or tribal organization, an institution of higher education, a local workforce investment board established under section 117 of the Workforce Investment Act of 1998, a sponsor of an apprenticeship program registered under the National Apprenticeship Act or a community-based organization.

Beneficiary Eligibility:

Eligible individual beneficiaries are individuals receiving assistance under the State TANF program; or other low-income individuals described by the eligible entity in its application for a grant under this section.

Credentials/Documentation:

Non-profit organizations applying for funding are required to submit proof of their non-profit status. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Applicants must demonstrate that they have consulted with the State agency responsible for administering the State TANF program, the local workforce investment board in the area in which the project is to be conducted (unless the applicant is such board), the State workforce investment board established under section 111 of the Workforce Investment Act of 1998, and the State Apprenticeship Agency recognized under the Act of August 16, 1937 (commonly known as the National Apprenticeship Act) (or if no agency has been recognized in the State, the Office of Apprenticeship of the Department of Labor) and that the project will be carried out in coordination with such entities. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official

designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Complete application instructions were given in the Funding Opportunity Announcements (Nos. HHS-2015-ACF-OFA-FY-0952 and HHS-2015-ACF-OFA-FX-0951).

Award Procedure:

Grant applications are reviewed and evaluated by objective review panels using the criteria given in the Funding Opportunity Announcement. Each panel is made up of experts with knowledge and experience in the area under review.

Deadlines:

Mar 30, 2015 to May 29, 2015 The program office anticipates award grants in Fiscal Year 2015 for five year projects. After awards are made for the first year of the project, non-competing awards will be made for subsequent years of the project period.

Range of Approval/Disapproval Time:

From 90 to 120 days.

Appeals:

Not Applicable.

Renewals:

From 60 to 90 days. Each year following the initial competitive funding, non-competitive continuation applications will be received and processed within 60-90 days.

Formula and Matching Requirements:

This program has no statutory formula.

This program has no matching requirements.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

The HPOG program uses the project period system of funding. Projects are programmatically approved for support in their entirety, but are funded in annual increments called budget periods. Through a competitive process HPOG projects are approved for five year project periods. Each new budget period begins September 30. In general, funding for each budget period must be obligated within the budget period. Recipients are required to submit a non-competing continuation application and semi-annual performance progress reports as a prerequisite to approval and funding of each subsequent budget period within the approved project period. Funding for each budget period is contingent on satisfactory progress, the availability of funds, and the continued best interests of the Federal government. See the following for information on how assistance is awarded/released: Funds are drawn down by grantees on a periodic basis, typically each month.

Reports:

Grantees must submit semi-annual performance progress reports. Each semi-annual progress report is due no later than 30 days after the end of the reporting period. Grantees must submit an annual Financial Status Report (FSR). An FSR is due no later than 90 days after the end of the applicable 12 month period and failure to submit these timely could affect future funding. The SF 425 FFR will be used to report Financial Status and Cash Transactions. The report is an accounting of expenditures under the project that year. Grantees must submit semi-annual performance progress reports. Each semi-annual progress report is due no later than 30 days after the end of the reporting period. The grantees shall submit an annual Financial Status Report (FSR). An FSR is due no later than 90 days after the end of the applicable 12 month period and failure to submit these timely could affect future funding. The SF 425 FFR will be used to report Financial Status and Cash Transactions. The report is an accounting of expenditures under the project that year. Federal staff primarily use the semi-annual performance progress reports for the purpose of performance monitoring. Actual progress is compared to projected outcomes.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000

or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

93.094 WELL-INTEGRATED SCREENING AND EVALUATION FOR WOMEN ACROSS THE NATION

WISEWOMAN

FEDERAL AGENCY:

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

This program is authorized under sections 1501-1510 [42 U.S.C. 300k, 42 U.S.C. 300l, 42 U.S.C. 300m, 42 U.S.C. 300n, 42 U.S.C. 300 n-1, 42 U.S.C. 300 n-2, 42 U.S.C. 300 n-3, 42 U.S.C. 300 n-4, 42 U.S.C. 300 n-4a, 42 U.S.C. 300 n-5] of the Public Health Service Act, as amended. WISEWOMAN must follow the legislative requirements detailed in these sections.

OBJECTIVES:

WISEWOMAN is intended to improve the cardiovascular health of

low-income, uninsured and under-insured women, ages 40-64, who are participants in the National Breast and Cervical Cancer Early Detection Program (NBCCEDP). Supplements to Public Law 101-354 expand the preventive health services provided through NBCCEDP to: (1) include screenings regarding blood pressure and cholesterol, and health education; (2) provide appropriate referrals for medical treatment of women receiving services pursuant to screenings; (3) ensure, to the extent practicable, the provision of appropriate followup services; and (4) evaluate activities conducted under paragraphs (1) and (2) through appropriate surveillance or program monitoring activities.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Funds can be used for salaries for personnel to plan, implement, monitor and evaluate the program activities; for contracts or agreements with clinical entities to provide the cardiovascular screenings; risk reduction counseling; diagnostic office visits for abnormal screening values; contracts or agreements with community based organizations to provide health education and lifestyle support programs, or to improve the health of the physical environment (for example to improve access to healthy food, physical activity, or decrease tobacco exposure); or other activities that promote or support healthy behaviors and improved cardiovascular health in women. Funds can be used to pay for activities or expendable equipment necessary to provide the services outlined here, including self-blood pressure monitoring equipment and counseling to enhance medication adherence. Funds can be used to develop and maintain data collection systems to collect and report bio-measures and behavior information and for monitoring systems to augment control of hypertension. Funds cannot be used for research or construction or for ongoing medical treatment of participants. In accordance with Public Law 101-354 and its amendments, at least 60 percent of cooperative agreement funds awarded must be used to provide direct client services for eligible women. Direct client services include screening; health education/lifestyle intervention sessions; diagnostic tests; laboratory fees; tracking; follow-up; and support services to maximize participation in screening and lifestyle intervention sessions. No more than 40 percent of cooperative agreement funds can be used to support the following: program management and planning; data management, which includes using data to track due dates or attendance at appointments; quality assurance/quality improvement; public education initiatives; professional development; partnerships; community engagement; evaluation; and administration. Administrative costs are limited to no more than 10% of the total amount awarded.

Applicant Eligibility:

Applicants must be recipients of the National Breast and Cervical Cancer Early Detection Program (NBCCEDP).

Beneficiary Eligibility:

Low Income, uninsured or under-insured women.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. Applicants must download supplemental application forms from www.Grants.gov. Supplemental applications must be submitted electronically at www.Grants.gov. If an applicant does not have access to the Internet, or if they have difficulty accessing the forms online, contact the CDC Procurement and Grants Office, Technical Information Management Section (PGO-TIMS) staff. For this, or further assistance, contact PGO-TIMS: Telephone: 770-488-2700,

email: PGOTIM@cdc.gov. HHS/CDC Telecommunications for the hearing impaired: TTY 770-488-2783

Award Procedure:

All applications submitted by the deadline that are complete and responsive to competitive supplemental grant and cooperative agreement announcements will undergo an objective review process, receive a written critique and be scored according to published review criteria. Successful applicants will receive a Notice of Award (NoA) from the CDC Procurement and Grants Office. The NoA shall be the only binding, authorizing document between the recipient and CDC. The NoA will be signed by an authorized CDC Grants Management Officer.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

> 180 Days.

Appeals:

Not Applicable.

Renewals:

From 120 to 180 days. Renewals will be based upon the conditions in the funding announcement, program performance including meeting program requirements and performance measures, submission of an acceptable request for continuation funding and are subject to the availability of funds.

Formula and Matching Requirements:

This program has no statutory formula.

Matching Requirements: Percent: 40.%. Recipient financial participation is required for this program in accordance with the authorizing legislation. Section 1502(a) and (b)(1), (2), and (3) of the PHS Act, as amended, requires matching funds from non-Federal sources in an amount not less than one dollar for every three dollars of Federal funds awarded under this program. However, Title 48 of the US Code 1469a (d) requires DHHS to waive matching fund requirements for Guam, U.S. Virgin Islands, American Samoa, and the Commonwealth of the Northern Mariana Islands up to \$200,000. The match requirement may include third-party in-kind contributions, as well as expenditures from the grantee. The matching funds may be cash, in-kind or donated services or equipment. Public Law 93-638 authorizes tribal organizations contracting under the authority of Title I to use funds received under the Indian Self-Determination Act as matching funds. Matching funds may not include: 1) payment for treatment services or the donation of treatment services; 2) services assisted or subsidized by the Federal government; or 3) the indirect or overhead costs of an organization. All costs designated as meeting the match requirement must be documented by the applicant and will be subject to audit. Documentation of appropriate matching is to be provided in the detailed budget and narrative justification.

This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Financial assistance is available for a 12-month budget period and 48-month project period. Method of awarding/releasing assistance: lump sum.

Reports:

The reporting schedule will be based on the requirements listed in the funding opportunity announcement. An Annual Progress Report is due 90 days after the end of the budget period. Federal Financial Reports (SF 425) and Final Progress Report are due 90 days after the end of the budget period. In addition, minimum data elements will be submitted not more than twice a year. Cash reports are not applicable. An Annual Progress Report is due 90 days after the end of the budget period. The Annual Progress Report will describe successes, challenges and progress toward meeting program goals and objectives and program measures. An annual Federal Financial Report is due 90 days after the end of the budget period. A final FFR is due 90 days following the end of the project period. Through the annual progress report, programs will describe progress in meeting program goals, objectives and performance measures.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000

or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Financial records, supporting documents, statistical records, and all other records pertinent to the program shall be retained for a minimum of 3 years, or until completion and resolution of any audit in process or pending resolution. In all cases records must be retained until resolution of any audit questions. Property records must be retained in accordance with 45 CFR 92.42.

CRITERIA FOR SELECTING PROPOSALS:

Phase I Review: All eligible applications will be initially reviewed for completeness by the CDC's Procurement and Grants Office (PGO) staff. In addition, eligible applications will be jointly reviewed for responsiveness by the CDC NCCDPHP and PGO. Incomplete applications and applications that are non-responsive to the eligibility criteria will not advance to Phase II review. Applicants will be notified that the application did not meet eligibility and/or published submission requirements. Phase II Review: An objective review panel will evaluate complete and responsive applications according to the criteria listed in the criteria section of the FOA. Applicants will be notified electronically if the application did not meet eligibility and/or published submission requirements thirty (30) days after the completion of Phase II review. Applications will be funded in order by score and rank determined by the review panel.

93.095 HHS PROGRAMS FOR DISASTER RELIEF APPROPRIATIONS ACT - NON CONSTRUCTION FEDERAL AGENCY:

Department of Health and Human Services

AUTHORIZATION:

Relief Appropriations Act of 2013, Public Law 113-2.

OBJECTIVES:

As written in the Relief Appropriations Act of 2013, this program will fund disaster response and recovery, and other expenses directly related to Hurricane Sandy, which are in the FEMA-declared major disaster states, relevant to the following:

The Head Start program, but not including the base grant and not subject to allocation requirements of section 640(a) of the Head Start Act; Social Services Block Grant, in addition to the entitlement grants; Health services (including mental health services); Costs of renovating, repairing, or rebuilding health care facilities, child care facilities, or other social services facilities; Supporting the recovery of losses due to the hurricane at non-Federal biomedical or behavioral research facilities.

TYPES OF ASSISTANCE:

Cooperative Agreements; Formula Grants; Project Grants

USES AND USE RESTRICTIONS:

These funds can be used for research, renovation and repair, constructions, training, and counseling to address the objectives identified in section 050. Funds appropriated in this paragraph shall not be available for costs that are reimbursed by the Federal Emergency Management Agency, under a contract for insurance, or by self-insurance;

Amounts are designated by the Congress as being for an emergency requirement pursuant to section 251(b)(2)(A)(i) of the Balanced Budget and Emergency Deficit Control Act of 1985; and

In accordance with OMB guidance and the disaster appropriation, benefits of this project must be restricted to all or part of the FEMA declared major disaster states, which are: Connecticut, Delaware, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Ohio, Pennsylvania, Rhode Island, Virginia, West Virginia and the District of Columbia. All funds except those going to Social Services Block Grants or Head Start grantees, both through Administration for Children and Families.

Applicant Eligibility:

For Head Start and Social Services Block Grant, applicants must be current grantees. Applicants will be required to attest (at time of application) that funds requested will not be used for costs that are reimbursed by the Federal Emergency Management Agency, under a contract for insurance, or by self-insurance. Terms and Conditions of the award will stipulate that the grantee must reimburse HHS for any costs that are subsequently covered by the Federal Emergency Management Agency, under a contract for insurance, or by self-insurance. Definition: Self-Insurance is a formal plan, pursuant to law or regulation, in which amounts are set aside in a fund to cover losses of specified types and amounts, typically by a commercial insurance company. Appropriated funds are precluded from expenses that are or can be reimbursed by the formal self-insurance plan.

Beneficiary Eligibility:

Beneficiaries must be those impacted by Hurricane Sandy in 2012.

Credentials/Documentation:

Applicants will be required to attest (at time of application) that funds requested will not be used for costs that are reimbursed by the Federal Emergency Management Agency, under a contract for insurance, or by self-insurance. Terms and Conditions of the award will stipulate that the grantee must reimburse HHS for any costs that are subsequently covered by the Federal Emergency Management Agency, under a contract for insurance, or by self-insurance. 2 CFR 200, Subpart E - Cost Principles applies to this program.

93.097 STRENGTHENING THE NATION'S PUBLIC HEALTH SYSTEM THROUGH A NATIONAL VOLUNTARY ACCREDITATION PROGRAM FOR STATE, TRIBAL, LOCAL AND TERRITORIAL HEALTH DEPARTMENTS

A National Voluntary Accreditation Program for State, Tribal, Local and Territorial Health Departments

FEDERAL AGENCY:

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

This program is authorized under section 317(k) (2) of the Public Health Service Act [42 U.S.C. 247(b)(k)(2)].

OBJECTIVES:

This project will support the operations and continuous improvement of a national accreditation program for state, tribal, local and territorial public health departments. This program will result in increased visibility for accreditation, a stronger public health accreditation program, increased demonstration of accountability of public health programs to decision makers and to the public, increased adoption of evidence based practices, increased use of quality improvement, improved capacity for state, tribal, local and territorial health departments to meet nationally established accreditation standards, and increased recognition of public health roles and value by leaders and the public.

Specific objectives may/will include but are not limited to:

1. Support communications and education regarding the accreditation program.
2. Establish a process of continuous improvement of the accreditation standards, tools, and processes to ensure a relevant, current and smoothly functioning program (all elements of the current program can be found at www.phaboard.org).
3. Strengthen strategic partnerships to support accreditation.
4. Strengthen the evidence base for accreditation.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Project funds may be used for costs associated with planning, organizing, conducting, and supporting the National Voluntary Accreditation Program for

State, Tribal, Local and Territorial Health Departments, and for the implementation of the Public Health Accreditation Board (PHAB) program elements as described in Section 050 above and through CDC allowable and unallowable expenses. Per CDC-RFA-OT13-1301, Part II Section D.15 Funding Restrictions, page 27. Detailed budget restrictions will be specified in corresponding most recent Notice of Award. Public Health assigns these funds for this Budget Activity.

Applicant Eligibility:

1. Eligible Applicants: Public Health Accreditation Board (PHAB), a nonprofit with 501(c)3 IRS status.
2. Special Eligibility Requirements: The only eligible applicant for this award is the Public Health Accreditation Board (PHAB), a 501(c)3 independent accrediting body that administers the national voluntary public health department accreditation program.
3. Justification for Less than Maximum Competition: The nature of the activities under this award are best employed by focusing on the entity to which this cooperative agreement is limited, per memorandum for approval for single-eligibility competition, which was approved and dated December 20, 2012.

PHAB was found to be uniquely qualified, as it is the organization that has been established as the national accrediting body for state, tribal, local and territorial health departments. PHAB was determined to have the experience and program infrastructure, which includes field-driven and tested standards, measures and accreditation assessment process. PHAB is also widely accepted as the national accrediting body for state, local tribal and territorial health departments by the constituency organizations for these agencies and as evidenced by the visible mention of PHAB within national policy documents (e.g., Institute of Medicine reports, Healthy People 2020).

Beneficiary Eligibility:

State, Tribal, Local and Territorial Public Health Departments via a National Voluntary Accreditation Program administered by the Public Health Accreditation Board (PHAB), a 501(c)3 independent accrediting entity.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

Award Procedure:

Phase I Review: Eligible application will be initially reviewed for completeness by the CDC's Procurement and Grants Office (PGO) staff. In addition, eligible application will be jointly reviewed for responsiveness by CDC OSTLTS and PGO. Incomplete and/or non-responsive application to the eligibility criteria will not advance to Phase II review. Applicant will be notified that the application did not meet eligibility and/or published submission requirements. Phase II Review: An objective review panel will evaluate complete and responsive application according to the criteria listed in the criteria section of the FOA. Applicant will be notified electronically if the application did not meet eligibility and/or published submission requirements thirty (30) days after the completion of Phase II review. Successful applicant will receive a Notice of Award (NoA) from the CDC Procurement and Grants Office. The NoA shall be the only binding, authorizing document between the recipient and CDC. The NoA will be signed by an authorized CDC Grants Management Officer.

Deadlines:

Jul 01, 2013 to Jul 30, 2018: Five year project period.

Range of Approval/Disapproval Time:

93.099 COLLABORATION WITH THE WORLD HEALTH ORGANIZATION AND ITS REGIONAL OFFICES FOR GLOBAL HEALTH SECURITY AND THE INTERNATIONAL HEALTH REGULATIONS (IHR 2005)**FEDERAL AGENCY:**

Centers for Disease Control and Prevention, Department of Health and Human Services

AUTHORIZATION:

Public Health Service Act, Section 307 as amended [42 U.S.C. 241 and 2421].

OBJECTIVES:

On September 19, 2011, the Government of the United States of America and the World Health Organization (WHO) signed a memorandum of understanding (MOU) to help WHO Member States strengthen their capabilities to support the International Health Regulations (IHR), an international agreement that requires Member States to prevent and respond to acute public health risks that have the potential to cross borders. The MOU includes specific statements that authorize WHO and its regional offices to pursue activities that improve the ability of all nations to detect, report, and respond to infectious diseases quickly and accurately. The purpose is to assist WHO in implementing the MOU regarding the International Health Regulations, including the development and implementation of coordinated plans and networks that enable national governments and regional authorities globally to better address infectious diseases, particularly emerging infections. Specific activities will focus on improving infectious disease surveillance and response; enhancing knowledge generation, innovation, and tools for improved management that build public health infrastructure and strengthen regional health leadership and collaboration; sharing knowledge, tools and other resources in support of applied epidemiology; and developing improved infectious disease surveillance, prevention and control strategies.

TYPES OF ASSISTANCE:

Cooperative Agreements

USES AND USE RESTRICTIONS:

Support implementation of the IHR by analyzing regional, national, and local resources devoted to infectious diseases and identifying areas for implementation of infectious disease activities consistent with the purpose of this cooperative agreement. Develop, implement, and conduct projects to enhance infectious disease surveillance, response, prevention, and control. Strengthen regional and national public health networks and inter-sectorial co-operation and collaborate with other health organizations, academic institutions, and community groups as appropriate to accomplish program activities. Strengthen regional and national public health leadership and collaboration. Monitor and evaluate overall program performance and the progress of individual projects or activities. Publish and disseminate findings, program evaluations, and lessons learned. Recipients may not use funds for research.

Recipients may not use funds for clinical care.

Recipients may only expend funds for reasonable program purposes, including personnel, travel, supplies, and services, such as contractual.

Awardees may not generally use HHS/CDC/ATSDR funding for the purchase of furniture or equipment. Any such proposed spending must be identified in the budget.

The direct and primary recipient in a cooperative agreement program must perform a substantial role in carrying out project objectives and not merely serve as a conduit for an award to another party or provider who is ineligible.

Reimbursement of pre-award costs is not allowed.

Applicant Eligibility:

Only the World Health Organization and its regional offices are eligible to apply. For purposes of this document, the term WHO includes its regional offices (e.g., PAHO, EMRO, AFRO, SEARO, etc). WHO is the only international and intergovernmental agency qualified to conduct activities under this cooperative agreement because:

WHO is an international public health agency that works to improve health and living standards globally. WHO is part of the United Nations system. As such, WHO has a unique position among the world's health agencies as the lead technical agency for health globally. For additional information, please see <http://www.who.org>

WHO and its Regional Offices are at the apex of global public health organizations and thus have an exclusive status as the United States governments key partners for global public health.

On September 19, 2011, the Government of the United States of America and the World Health Organization signed a memorandum of understanding (MOU) to help developing nations strengthen their capabilities to support the International Health Regulations (IHR). The IHR (2005) is an international agreement that requires WHO Member States to prevent and respond to acute public health risks that have the potential to cross borders and threaten people worldwide. The U.S. Government and WHO share a commitment to strengthen cooperation in the area of global health security to ensure that the international community effectively manages public health risks. Improving the ability of all nations to detect, report, and respond to infectious diseases quickly and accurately lies at the heart of the global community's ability to address all infectious disease threats, as reflected in the IHR. The MOU establishes a framework for collaboration in line with the provisions set forth in the IHR, which provides a construct for coordinating the management of actions in the event of a public health emergency of international concern. The MOU was signed by Secretary Kathleen Sebelius, Department of Health and Human Services, and Director-General Margaret Chan, World Health Organization, and subsequently by Ambassador Betty E. King, United States Permanent Representative to the United Nations in Geneva. The full text of the MOU can be accessed at:

<http://www.globalhealth.gov/global-health-topics/health-diplomacy/agreements-and-regulations/20110922-mem.html>.

The MOU includes the following specific statements that support sole-source consideration of WHO and its regional offices (including PAHO) for funding activities that fall under the scope of the MOU: Section 8.a.: The United States Department of Health and Human Services (DHHS) continues to serve as the primary substantive interface with WHO on global health and health security. DHHS plans to ensure coordination with other U.S. Government departments, agencies, and entities that collaborate on health matters within the scope of this Memorandum to enhance the effectiveness of such activities. The U.S. Government agencies intend to develop programs and provide funds through mechanisms that may be determined jointly by the U.S. Government agency and WHO. Section 8.b.: Specific funding mechanisms are intended to be developed and U.S. Government agencies intend to collaborate with WHO to define specific work to be undertaken by the Participants and the division of responsibilities..

Beneficiary Eligibility:

The World Health Organization and its regional offices work will benefit individuals worldwide, including in the U.S., through collaboration with National Ministries of Health and other organizations/institutions.

The purpose is to support WHO to reduce the global disease burden through improved international capacity to detect and respond to emerging infectious diseases and other threats.

Credentials/Documentation:

No Credentials or documentation are required. This program is excluded from coverage under 2 CFR 200, Subpart E - Cost Principles.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is excluded from coverage under E.O. 12372.

Application Procedures:

This program is excluded from coverage under 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for

Federal Awards. Applicants must download and submit the SF424 application package associated with specific Funding Opportunity Announcements (FOAs) issued by CDC via Grants.gov. Specific application instructions will be included in the FOAs. Applications are not solicited nor will they be accepted outside of a published FOA process.

Award Procedure:

Eligible applications submitted in response to published FOAs will be initially reviewed for completeness by the Procurement and Grants Office (PGO) staff. In addition, eligible applications will be jointly reviewed for responsiveness by CDC program staff and PGO. Incomplete applications and applications that are non-responsive to the eligibility criteria will not advance through the review process. Applicants will be notified the application did not meet eligibility and/or published submission requirements. A review will be conducted to evaluate the eligible, complete, and responsive applications according to the criteria listed in the applicable FOA. As part of the review process, the applicant will receive a written Technical Review that summarizes the review findings regarding strengths, weaknesses, and recommendations. The eligible application will be selected and funded based on the findings of the review process. Successful applicants will receive a Notice of Award (NoA) from the CDC Procurement and Grants Office. The NoA shall be the only binding, authorizing document between the recipient and CDC. Unsuccessful applicants will receive notification of the results of the application review by mail. here to enter text.

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 30 to 60 days.

Appeals:

Not Applicable.

Renewals:

Awards under this Program are typically issued for 1- to 5-year project periods. Renewals at the end of each project period are expected to be made available via publishing of a new/continuation FOA with a complete application and review/award process as described above. Annual renewals within an awarded multi-year project period are made via a non-competitive process.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. This program has no matching requirements. This program does not have MOE requirements.

Length and Time Phasing of Assistance:

Assistance is available for a 12-month budget period within a 1- to 5- year project period. After awards are issued, funds are released in a manner and timeline in accordance with the payment procedure established by the grantee institution with DHHS (typically the Payment Management System). See the following for information on how assistance is awarded/released: Funding is awarded in accordance with established procedures for HHS/CDC-funded cooperative agreements.

Reports:

Federal Funding Accountability And Transparency Act Of 2006 (FFATA): Public Law 109-282, the Federal Funding Accountability and Transparency Act of 2006 as amended (FFATA), requires full disclosure of all entities and organizations receiving Federal funds including grants, contracts, loans and other assistance and payments through a single publicly accessible Web site, www.USASpending.gov. The Web site includes information on each Federal financial assistance award and contract over \$25,000, including such information as:

1. The name of the entity receiving the award
2. The amount of the award
3. Information on the award including transaction type, funding agency, etc.
4. The location of the entity receiving the award
5. A unique identifier of the entity receiving the award; and
6. Names and compensation of highly-compensated officers (as applicable)

Compliance with this law is primarily the responsibility of the Federal agency.

However, two elements of the law require information to be collected and reported by recipients: 1) information on executive compensation when not already reported through the Central Contractor Registry; and 2) similar information on all sub-awards/subcontracts/consortiums over \$25,000.

For the full text of the requirements under the Federal Funding Accountability and Transparency Act of 2006, please review the following website:
http://frwebgate.access.gpo.gov/cgi-bin/getdoc.cgi?dbname=109_cong_bills&ocid=f:s2590enr.txt.pdf.

Each funded applicant must provide CDC with an annual Interim Progress Report submitted via www.grants.gov:

1. The interim progress report is due no less than 90 days before the end of the budget period. The Interim Progress Report will serve as the non-competing continuation application, and must contain the following elements:
 - a. Standard Form (SF) 424S Form.
 - b. SF-424A Budget Information-Non-Construction Programs.
 - c. Budget Narrative.
 - d. Indirect Cost Rate Agreement.
 - e. Project Narrative.

Additionally, funded applicants must provide CDC with an original, plus two hard copies of the following reports:

2. Financial Status Report* (SF 269) no more than 90 days after the end of the budget period.
3. Final performance and Financial Status Reports*, no more than 90 days after the end of the project period.

*Disclaimer: As of February 1, 2011, current Financial Status Report (FSR) requirements will be obsolete. Existing practices will be updated to reflect changes for implementation of the new Federal Financial Reporting (FFR) requirements.

These reports must be submitted to the attention of the Grants Management Specialist listed in the Section VII below entitled Agency Contacts. Cash reports are not applicable. Described above. Described above. Described above.

Audits:

93.103 FOOD AND DRUG ADMINISTRATION_RESEARCH

General Grant Funding

FEDERAL AGENCY:

Food and Drug Administration, Department of Health and Human Services

AUTHORIZATION:

Radiation Control for Health Safety Act of 1968, Title XVII, Public Law 90-602, 42 U.S.C 300u; 2012 Defense Authorization Act (P.L.112-81), Public Law 112-81; Public Health Service Act as amended, Title III, Section 301(c), Public Law 78-410, 42 U.S.C 241 and 263; Pediatric Medical Device Safety and Improvement Act of 2007, Section 305.

OBJECTIVES:

To assist institutions and organizations, to establish, expand, and improve research, demonstration, education and information dissemination activities; acquired immunodeficiency syndrome (AIDS), biologics, blood and blood products, therapeutics, vaccines and allergenic projects; drug hazards, human and veterinary drugs, clinical trials on drugs and devices for orphan products development; nutrition, sanitation and microbiological hazards; medical devices and diagnostic products, radiation emitting devices and materials; food safety and food additives. These programs are supported directly or indirectly by the following Centers and Offices: Center for Biologics Evaluation and Research (CBER); Center for Drug Evaluation and Research (CDER); Center for Devices and Radiological Health (CDRH); Center for Veterinary Medicine (CVM), Center for Food Safety and Applied Nutrition (CFSAN), National Center for Toxicological Research (NCTR), the Office of Orphan Products Development (OPD), the Center for Tobacco Products (CTP), and Office of Regulatory Affairs (ORA), and the Office of the Commissioner (OC). Small Business Innovation Research (SBIR) Programs: to stimulate technological innovation; to encourage the role of small business to meet Federal research and development needs; to increase private sector commercialization of innovations derived from Federal research and development; and to foster and encourage participation by minority and disadvantaged persons in technological innovation. Funding support for scientific conferences that are relevant to the

FDA scientific mission and public health are also available.

TYPES OF ASSISTANCE:

Cooperative Agreements (Discretionary Grants); Project Grants (Discretionary)

USES AND USE RESTRICTIONS:

Research grants are awarded to eligible institutions in the name of a principal investigator for applications that are responsive to programmatic requirements as stated in the Funding Opportunity Announcement (FOA). Funds are to be used for costs as identified in the FOA and as directly allocable, necessary and reasonable to carry out the proposed research aims and objectives. Small Business Innovation Research (SBIR) Phase I grants are to establish the technical merit and feasibility of a proposed research effort that may lead to a commercial product or process. SBIR Phase II grants for this program are for the competitive continuation of the research initiated in Phase I, and are likely to result in commercial products or processes. Only Phase I awardees are eligible to apply for Phase II support. Conference grants provide partial support for domestic scientific conferences related to the FDA mission. Funding restrictions are noted in the Funding Opportunity Announcement and the Terms and Conditions of award.

Applicant Eligibility:

Applicants should review the individual funding opportunity announcement issued under this CFDA program to see which applicant organizations are eligible to apply.

Beneficiary Eligibility:

Applicants should review the individual funding opportunity announcement issued under this CFDA program to see which applicant organizations are eligible to apply.

Credentials/Documentation:

Applicants should review the individual funding opportunity announcement issued under this CFDA program for any required proof of certification which must be submitted prior to or simultaneous with submission of an application. 2 CFR 200, Subpart E - Cost Principles applies to this program.

93.104 COMPREHENSIVE COMMUNITY MENTAL HEALTH SERVICES FOR CHILDREN WITH SERIOUS EMOTIONAL DISTURBANCES (SED)

(CMHS Child Mental Health Service Initiative)

FEDERAL AGENCY:

Substance Abuse and Mental Health Services Administration, Department of Health and Human Services

AUTHORIZATION:

Public Health Services Act, Title V, Part E, Section 561, Public Law 102-321, 42 U.S.C.

OBJECTIVES:

To provide community-based systems of care for children and adolescents with a serious emotional disturbance and their families. The program will ensure that services are provided collaboratively across child-serving systems; that each child or adolescent served through the program receives an individualized service plan developed with the participation of the family (and, where appropriate, the child); that each individualized plan designates a case manager to assist the child and family; and that funding is provided for mental health services required to meet the needs of youngsters in these systems.

TYPES OF ASSISTANCE:

Project Grants (Discretionary)

USES AND USE RESTRICTIONS:

Grant funds may be used for salaries, wages and fringe benefits of professional and support staff; travel directly related to carrying out service activities; supplies, communications, and rental of equipment and space; training specifically aimed at one of the following: the development of individualized service plans; the provision of therapeutic foster care, group home care; intensive home-based services, or intensive day treatment services; administration of the system; and appropriate continuing education of two days or less; contracts for performance of activities under the approved project; and other such items necessary to support project activities. Grant funds and required matching funds may not be used for: other required services; to purchase or improve real estate property; provide residential care and/or services in residential treatment centers serving more than 10 children in inpatient hospital settings; any training activities with the exception of those mentioned above; and non-mental health services including mental health medical services, educational services, vocational counseling and rehabilitation, and protection and advocacy. 100% of funds are set aside for discretionary activities.

Applicant Eligibility:

States, political subdivisions of a State, such as county or local governments, and Federally Recognized Indian Tribal governments.

Beneficiary Eligibility:

Children under age 22 with a diagnosed serious emotional disturbance, serious behavioral disorder, or serious mental disorder.

Credentials/Documentation:

In order for an entity to be eligible it must provide the following credentials or documentation along with an application for assistance: (1) Documentation that the State mental health agency of the applicant receives funds from the Center for Mental Health Services Community Mental Health Services Block Grant; (2) documentation that the applicant entity is qualified to deliver services under the State Medicaid Plan and has an agreement to do so, either directly or through a service provider organization; (3) documentation that the State has an approved plan for the development of a system of care for community-based services for children with a serious emotional disturbance approved by the Secretary of the U.S. Department of Health and Human Services. For the purpose of this program, an approved State Mental Health Plan for children and adolescents with serious emotional disturbance submitted in accordance with the requirements of Section 1912 of the Public Health Service Act, will be accepted as such a plan; and (4) matching requirements. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is required. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

93.107 AREA HEALTH EDUCATION CENTERS POINT OF SERVICE MAINTENANCE AND ENHANCEMENT AWARDS

(AHEC-POSME)

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Title VII, Sec. 751 of the Public Health Service Act (42 U.S.C. 294a), as amended by Sec. 5403 of the Patient Protection and Affordable Care Act, Public Law 111-148.

OBJECTIVES:

The Patient Protection and Affordable Care Act, Public Law 111-148, amended the PHS Act, Section 751, Area Health Education Centers. The required program activities in the amended legislation embrace the following goals to: (1) educate and train students to become culturally competent primary care health professionals who will provide healthcare in underserved areas and to health disparity populations; (2) increase the number and variety of primary care health professionals who provide care to underserved populations in Health Professional Shortage Areas (HPSAs) and other medically underserved areas; and (3) recruit into health careers individuals from underrepresented minority populations or from disadvantaged or rural backgrounds. The Area Health Education Centers (AHEC) Point of Service Maintenance and Enhancement (POSME) awards consist of cooperative agreements with accredited schools of medicine and nursing to maintain and improve the effectiveness and the capabilities of an existing AHEC program, and make other modifications to the program that are appropriate due to changes in demographics and needs of populations served. The AHEC awardees link the academic resources of medical schools and participating health professions schools with local

educational and clinical sites, and thereby establish a network of primary care oriented community-based training sites to provide educational services to health professions students, faculty-preceptors and health care providers in underserved areas, and ultimately to improve the delivery of health care in an underserved region or in an entire state. Grantees shall allocate not less than 75 percent of the award to AHEC centers to coordinate community-based training and interdisciplinary/interprofessional training in underserved areas and for health disparity populations. AHEC health careers recruitment activities shall be coordinated, where feasible, with Department of Labor workforce investment boards, and shall include an emphasis on careers in public health. Interdisciplinary/interprofessional training shall involve physicians, physician assistants, nurse practitioners, nurse midwives, dentists, psychologists, pharmacists, optometrists, community health workers, public health and allied health professionals, as practicable.

TYPES OF ASSISTANCE:

Cooperative Agreements; Project Grants

USES AND USE RESTRICTIONS:

Funds shall be used to recruit individuals from underrepresented, disadvantaged, or rural backgrounds into the health professions; establish and maintain community-based placements or preceptorships with an emphasis on primary care; conduct interdisciplinary/interprofessional training involving an array of health professionals; deliver or facilitate continuing education; propose and implement outcomes measurement and evaluation strategies. Not less than 75 percent of the total amount provided to an Area Health Education Centers (AHEC) program under subsection 751(a) (2) shall be allocated to the AHEC centers participating in the program. The aggregate amount of awards to schools in the state for the fiscal year under Point of Service Maintenance and Enhancement AHEC authority shall be not less than \$250,000 annually per AHEC center, including program office funds. If amounts appropriated to carry out Section 751 are not sufficient to comply with the amount stated in the preceding sentence, the Secretary may reduce the per center amount as necessary.

Restricted Uses: Indirect costs under training awards to organizations other than State, local or American Indian tribal governments will be budgeted and reimbursed at 8 percent of modified total direct costs rather than on the basis of a negotiated rate agreement, and are not subject to upward or downward adjustment. Student support through stipends, tuition, and fees is not eligible for support.

Applicant Eligibility:

An entity eligible to apply for AHEC Point of Service Maintenance and Enhancement awards under section 751 (a) (2) means an entity has received funds under this section (751), is operating an area health education center program, including an area health education center or centers, and has a center or centers that are no longer eligible to receive financial assistance under subsection (a)(1.). Eligible entities are accredited public or nonprofit schools of allopathic medicine or osteopathic medicine, the parent institution on behalf of such schools, and accredited schools of nursing, which have received funds under section 751 to operate an AHEC program.

Beneficiary Eligibility:

Beneficiaries include a full range of trainees: high school students from underrepresented minority populations or from disadvantaged or rural backgrounds, health professions students, faculty, and practitioners.

Credentials/Documentation:

Applicants should review the individual HRSA funding opportunity announcement issued under this CFDA program for any required proof or certifications which must be submitted with an application package. 2 CFR 200, Subpart E - Cost Principles applies to this program.

Preapplication Coordination:

Preapplication coordination is not applicable. Environmental impact information is not required for this program. This program is eligible for coverage under E.O. 12372, "Intergovernmental Review of Federal Programs." An applicant should consult the office or official designated as the single point of contact in his or her State for more information on the process the State requires to be followed in applying for assistance, if the State has selected the program for review.

Application Procedures:

2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards applies to this program. HRSA requires all applicants to apply electronically through Grants.gov.

All eligible, qualified applications will be forwarded to an objective review committee. Based on the advice of the objective review committee, the HRSA program official with delegated authority is responsible for final selection and funding decisions. Notification is made in writing by a Notice of Award.

Award Procedure:

Notification is made in writing (electronic) by a Notice of Award.

When making final funding decisions regarding Section 751 awards, consideration will be given to the Sense of the Congress that there be an area health education center program in each state..

Deadlines:

Contact the headquarters or regional office, as appropriate, for application deadlines.

Range of Approval/Disapproval Time:

From 120 to 180 days.

Appeals:

Not Applicable.

Renewals:

Depending on Agency priorities and availability of funding, during the final budget year of the approved project period competing continuation applications may be solicited from interested applicants.

Formula and Matching Requirements:

Statutory formulas are not applicable to this program. Matching Requirements: Percent: 50%. With respect to the costs of operating a program through a grant under section 751, to be eligible for assistance under section 751, an entity shall make available (directly or through contributions from state, county, municipal governments or the private sector) recurring nonfederal contributions in cash or in kind toward such costs in an amount that is equal to not less than 50 percent of such costs. Thus, the matching ratio for AHEC awards is 1:1 (federal funds to non-federal contributions). At least 25 percent of the total required non-Federal contributions shall be in cash. This program has MOE requirements, see funding agency for further details. The recipient must agree to maintain non-federal funding for grant activities at a level which is not less than expenditures for such activities during the fiscal year prior to receiving the award.

Length and Time Phasing of Assistance:

This funding opportunity provides support for a five year project period. See the following for information on how assistance is awarded. Recipients draw down funds, as necessary, from the Payment Management System (PMS). PMS is the centralized web based payment system for HHS awards. See the following for information on how assistance is awarded/released: Grantees drawdown funds, as necessary, from the Payment Management System (PMS). PMS is the centralized web based payment system for HHS awards.

Reports:

The recipient will be required to submit semi-annual performance and annual progress reports. Cash reports are not applicable. . A Federal Financial Report (SF-425) is required according to the schedule in HRSA's Application Guide. A final report is due within 90 days after the project period ends. If applicable, the recipient must submit a Tangible Personal Property Report (SF-428) and any related forms within 90 days after the project period ends. New awards (Type 1) issued under this funding opportunity announcement are subject to the reporting requirements of the Federal Funding Accountability and Transparency Act (FFATA) of 2006 (Pub. L. 109282), as amended by section 6202 of Public Law 110252, and implemented by 2 CFR Part 170. Grant and cooperative agreement recipients must report information for each first-tier subaward of \$25,000 or more in federal funds and executive total compensation for the recipients and subrecipients five most highly compensated executives as outlined in Appendix A to 2 CFR Part 170 (The FFATA details are available online at <http://www.hrsa.gov/grants/ffata.html>). Competing continuation recipients, etc. may be subject to this requirement and will be so notified in the

Notice of Award. Expenditure reports are not applicable. Performance monitoring is not applicable.

Audits:

In accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, non-Federal entities that expend financial assistance of \$750,000 or more in Federal awards will have a single or a program-specific audit conducted for that year. Non-Federal entities that expend less than \$750,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in 2 CFR 200.503.

Records:

Recipients are required to maintain grant accounting records three years after the date they submit the Federal Financial Report (FFR). If any litigation, claim, negotiation, audit or other action involving the award has been started before the expiration of the three year period, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular three year period, whichever is later.

CRITERIA FOR SELECTING PROPOSALS:

Procedures for assessing the technical merit of grant applications have been instituted to provide an objective review of applications and to assist the applicant in understanding the standards against which each application will be judged. Critical indicators have been developed for each review criterion to assist the applicant in presenting pertinent information related to that criterion and to provide the reviewer with a standard for evaluation. Competing applications are reviewed by nonfederal reviewers for technical merit recommendations. Applications will be reviewed and evaluated against the following criteria: (1) Purpose and Need; (2) Response to Program Purpose; (3) Impact; (4) Organizational Information, Resources and Capabilities; and (5) Support Requested. See the most recent funding opportunity announcement at www.grants.gov for detailed review criteria.

93.110 MATERNAL AND CHILD HEALTH FEDERAL CONSOLIDATED PROGRAMS

Special Projects of Regional and National Significance (SPRANS), including the Community Integrated Service Systems (CISS); Public Health Service Act - Section 399BB Programs under the Combating Autism Act of 2006 as amended by the Combating Autism Reauthorization Act of 2011 (P.L. 11232) and the Autism CARES Act of 2014 (P.L. 113157), and the Heritable Disorders Program

FEDERAL AGENCY:

Health Resources and Services Administration, Department of Health and Human Services

AUTHORIZATION:

Social Security Act, Title V, Section 502(a)(1) and (b)(1), as amended; 42 U.S.C. 702.; Section 399BB of the Public Health Service Act; Section 1109, 1111 and 1112 of the Public Health Service Act and Section 399T of the Public Health Service Act.

OBJECTIVES:

To carry out special maternal and child health (MCH) projects of regional and national significance; to conduct training and research; to conduct genetic disease testing, counseling, and information development and dissemination programs; for the screening of newborns for sickle cell anemia, and other genetic disorders; and to support comprehensive hemophilia diagnostic and treatment centers. These grants are funded with a set-aside from the MCH Block grant program. SPRANS grants are funded with 15 percent of the Block Grant appropriation of up to \$600 million. When the appropriation exceeds \$600 million, 12.75 percent of the amount over \$600 million is set aside for the Community Integrated Service Systems grants. 15 percent of the balance remaining over \$600 million is also for SPRANS. The CISS program is to develop and expand the following: (1) Home visitation; (2) increased participation of obstetricians and pediatricians; (3) integrated service delivery systems; (4) maternal and child health centers for women and infants, under the direction of a not-for-profit hospital; (5) services for rural populations; and (6) integrated state and community service systems for children and youth with special health care needs. In FY 2008, Congress first funded the Combating Autism Act program, which is for early detection, education and intervention activities on autism and other developmental disorders.

First funded in 2004, the Heritable Disorders Program is established to improve the ability of States to provide newborn and child screening for heritable disorders and affect the lives of all of the nations infants and children. Newborn and child screening occur at intervals across the life span of every child. Newborn screening universally provides early identification and follow-up for treatment of infants affected by certain genetic, metabolic, hormonal and/or functional conditions. It is expected that newborn and child screening will expand as the capacity to screen for genetic and congenital conditions expands.

TYPES OF ASSISTANCE:

PROJECT GRANTS

USES AND USE RESTRICTIONS:

Training grants are made to institutions of higher learning for training personnel for health care and related services for mothers and children. Research grants

are for the purpose of research activities which show promise of a substantial contribution to the advancement of maternal and child health services. Genetic grants are for genetic disease testing, counseling and information development and dissemination. Hemophilia grants are for the support of centers which provide hemophilia diagnostic and treatment services. Sickle cell disease grants are made to support follow up for infants with sickle cell identified through newborn screening. Heritable Disorders grants are made to improve the ability of States to provide newborn and child screening for heritable disorders. Other special project grants are designed to support activities of a demonstration nature which are designed to improve services for mothers and children.

Restricted Uses: Indirect costs that are allowed for administrative costs incurred as a result of the training grants project, are limited to 8 percent of direct costs. Student support through stipends, tuition, and fees is not eligible for support.

Applicant Eligibility:

Training grants may be made to public or private nonprofit institutions of higher learning. Research grants may be made to public or private nonprofit institutions of higher learning and public or private nonprofit private agencies and organizations engaged in research or in Maternal and Child Health (MCH) or Children with Special Health Care Needs (CSHCN) programs. Any public or private entity is eligible for hemophilia and genetics grants and other special project grants, including CISS. Eligible entities for the Heritable Disorders Program include a State or a political subdivision of a State; a consortium of 2 or more States of political subdivisions of States; a territory; a health facility or program operated by or pursuant to a contract with or grant from the Indian Health Service; or any other entity with appropriate expertise in newborn screening, as determined by the Secretary.

Beneficiary Eligibility:

For training grants: (1) Trainees in the health professions related to MCH; and (2) mothers and children who receive services through training programs. For research grants: public or private nonprofit agencies and organizations engaged in research in MCH or CSHCN programs. For hemophilia, sickle cell, thalassemia or genetics, and other special projects: (1) Public or private agencies, organizations and institutions; and (2) mothers and children, and persons with genetic conditions including hemophilia (any age), who receive services through the programs.

Credentials/Documentation:

Applicants should review the individual HRSA funding opportunity announcement issued under this CFDA program for any required proof or certifications which must be submitted prior to or simultaneous with submission of an application package. 2 CFR 200, Subpart E - Cost Principles applies to this program.
