Federal Aviation Administration

Notice to Manufacturers of Airport Lighting and Navigation Aid Equipment

AGENCY: Federal Aviation Administration (FAA), US DOT.

ACTION: Notice to manufacturers of airport lighting and navigation aid equipment.

SUMMARY: Projects funded under the Airport Improvement Program (AIP) must meet the requirements of 49 U.S.C. 50101, Buy American Preferences. The Federal Aviation Administration (FAA) is considering issuing waivers to foreign manufacturers of certain airport lighting and navigation aid equipment that is lit with Light Emitting Diode (LED) lighting. This notice requests information from manufacturers of systems meeting the technical requirements to determine whether a waiver to the Buy American Preferences should be issued.

FOR FURTHER INFORMATION CONTACT: Ms. Nancy S. Williams, Airports Financial Assistance, APP 501, Room 619, FAA, 800 Independence Avenue SW., Washington, DC 20591, Telephone (202) 267-3831.

SUPPLEMENTARY INFORMATION: The Federal Aviation Administration (FAA) manages a federal grant program for airports called the Airport Improvement Program (AIP). AIP grant recipients must follow 49 U.S.C. 50101, Buy American Preferences.

Under 49 U.S.C. 50101(b)(3), the Secretary of Transportation may waive the Buy American Preference requirement if the goods are not produced in a sufficient and reasonably available amount or are not of a satisfactory quality.

The purpose of this notice is to request manufacturers of L-850A, L850B, L852K, and L852S LED airport lighting equipment, LED Runway End Identified Lighting (REIL) equipment, and LED Precision Approach Path Indicator (PAPI) equipment, both domestic and foreign, to advise FAA of the system that they manufacture and whether it can meet the FAA Advisory Circular technical requirements. The detailed instructions for submitting the qualifications statement, including

forms, may be found on the FAA Web site at: http://www.faa.gov/airports/aip/procurement/federal_contract_provisions/ at the tab entitled, Airport Lighting and Navigation Aid Equipment Request For Qualifications. The FAA wants to determine if there is sufficient quantity of domestic manufacturers capable of meeting the FAA technical requirements. If the FAA cannot find that there are USA manufacturers, it will issue a nationwide waiver to the foreign manufacturers identified as being capable of meeting the technical requirements.

Technical Requirements: FAA Advisory Circular (AC) 150/5345-46D, Specification for Runway and Taxiway Light Fixtures provides the technical requirements for the L-850A, L-850B, L-852K and L-852S lighting equipment. FAA Advisory Circular 150/5345-51B, Specifications for Discharge-Type Flashing Light Equipment, provides the technical requirements for the REILs. FAA Advisory Circular 150/5345-28G, Precision Approach Path Indicator (PAPI) Systems, provides the technical requirements for the PAPI equipment.

After review, the FAA may issue a nationwide waiver to Buy American Preferences for foreign manufacturers or United States manufacturers that do not meet the Buy American Preference requirements. Waivers will not be issued for manufacturers that do not fully meet the technical requirements. This "nationwide waiver" allows equipment to be used on airport projects without having to receive separate project waivers. Having a nationwide waiver allows projects to start quickly without have to wait for the Buy American analysis to be completed for every project, while still assuring the funds used for airport projects meet the requirements of the Act.

Items that have been granted a "nationwide waiver" can be found on the FAA Web site at: http://www.faa.gov/airports/aip/procurement/federal_contract_provisions/ at the tab entitled, Equipment Meeting Buy American Requirements.

Issued in Washington, DC on December 7, 2011.

Frank J. San Martin,

Manager, Airports Financial Assistance Division.

Federal Highway Administration

[Docket No. FHWA-2011-0126]

Agency Information Collection Activities: Notice of Request for Renewal of Two Previously Approved Information Collection

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice and request for comments.

SUMMARY: The FHWA invites public comments about our intention to request the Office of Management and Budget's (OMB) approval to renew two information collections, which are summarized below under **SUPPLEMENTARY INFORMATION**. We published a **Federal Register** Notice with a 60-day public comment period on this information collection on October 11, 2010. We are required to publish this notice in the **Federal Register** by the Paperwork Reduction Act of 1995.

DATES: Please submit comments by January 12, 2012.

ADDRESSES: You may send comments within 30 days to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 17th Street NW., Washington, DC 20503, Attention DOT Desk Officer. You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the FHWA's performance; (2) the accuracy of the estimated burden; (3) ways for the FHWA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized, including the use of electronic technology, without reducing the quality of the collected information. All comments should include the Docket number FHWA-2011-0126.

SUPPLEMENTARY INFORMATION:

Title 1: A Guide to Reporting Highway Statistics.

OMB Control Number: 2125-0032.

Abstract: A Guide to Reporting Highway Statistics provides for the collection of information by describing policies and procedures for assembling highway related data from the existing files of State agencies. The data includes motor-vehicle registration and fees, motor-fuel use and taxation, driver licensing, and highway taxation and finance. Federal, State, and local governments use the data for transportation policy discussions and decisions. Motor-fuel data are used in

attributing receipts to the Highway Trust Fund and subsequently in the apportionment formula that are used to distribute Federal-aid Highway Funds. The data are published annually in the FHWA's Highway Statistics. Information from Highway Statistics is used in the joint FHWA and Federal Transit Administration required biennial report to Congress, Status of the Nation's Highways, Bridges, and Transit: Conditions and Performance, which contrasts present status to future investment needs.

Respondents: State and local governments of the 50 States, the District of Columbia and the Commonwealth of Puerto Rico.

Estimated Average Burden per Response: The estimated average reporting burden per response for the annual collection and processing of the data is 825 hours for each of the States (including local governments), the District of Columbia and the Commonwealth of Puerto Rico.

Estimated Total Annual Burden: The estimated total annual burden for all respondents is 42,900 hours.

FOR FURTHER INFORMATION CONTACT: Mr. Ralph Erickson, (202) 366-9235, Department of Transportation, Federal Highway Administration, Office of Policy, Office of Highway Policy Information, Highway Funding and Motor Fuels Division (HPPI-10), 1200 New Jersey Avenue SE., Washington, DC 20590. Office hours are from 7 a.m. to 4:30 p.m., Monday through Friday, except Federal holidays.

Title 2: Highway Performance Monitoring System (HPMS).

OMB Control Number: 2125-0028.

Abstract: The HPMS data that is collected is used for management decisions that affect transportation, including estimates of the Nation's future highway needs and assessments of highway system performance. The information is used by the FHWA to develop and implement legislation and by State and Federal transportation officials to adequately plan, design, and administer effective, safe, and efficient transportation systems. This data is essential to the FHWA and Congress in evaluating the effectiveness of the Federal-aid highway program. The HPMS also provides miles, lane-miles and travel components of the Federal-aid Highway Fund apportionment formulae. The data that is required by the HPMS has recently been reassessed and streamlined by the FHWA.

Respondents: State governments of the 50 States, the District of Columbia and the Commonwealth of Puerto Rico.

Estimated Average Burden per Response: The estimated average burden
