2016 Fisheries Sampling Branch Projected Training Schedule

Note: All projected trainings must be requested 45 days prior to the start of the training session to the COTR

11/01/16

Definition Page (alphabetical order)

At-sea Monitor (ASM): is a core certification program comprised of four gear modules; Gillnet, Trawl, Longline, and Handline to observe the Groundfish Fishery.

At-sea Monitor Specialized: is a supplemental ASM certification program comprised of the NEFOP to ASM certification cross training.

At-sea Monitor Recertification I & II (ASM Recert): is the yearly recertification of the ASM certification comprised of four gear modules: Gillnet, Trawl, Longline, and Handline to observe the Groundfish Fishery. ASM Recert I is designed for the first year ASM observer. ASM Recert II is designed for the two year plus experienced ASM observer.

Industry Funded Scallop (IFS): is the core certification program comprised of one gear module of the Scallop Dredge and Scallop Trawl to observe the Sea Scallop Dredge Fishery (both open and access areas).

Industry Funded Scallop Specialized: is a supplemental IFS certification program that can be comprised of either the Scallop Trawl gear module or of an ASM to IFS certification cross training to observe in the IFS program.

Northeast Fishery Observer Program (NEFOP): is the core certification program composed of one or two gear modules: Gillnet, Trawl and/or Lobster to observe the Groundfish Fishery, Small Mesh Fishery, Atlantic States Marine Fisheries Council (ASMFC), Mid-Atlantic Gillnet Fishery and the Lobster Pot and Trap Fishery.

Northeast Fishery Observer Program Specialized: is a supplemental NEFOP certification program composed of various gear modules. Supplemental gear could modules include but not limited to Pot and Trap (PT), Longline (LL), High Volume Fishery (HVF), Shrimp Trawl, Clam Quahog Dredge (CD), NEFOP Scallop Dredge, and NEFOP Scallop Trawl. Or a supplemental NEFOP certification program comprised of the ASM to NEFOP or the IFS to NEFOP certification cross trainings.

Other Event: is an event that the Fisheries Sampling Branch (FSB) supports within the Observer Training Center. Events could be conferences or meetings held by other NOAA Branches. This might affect space availability.

Safety Training: is the safety certification program comprised of two components: a basic Offshore Safety Training (Safety I) and an advanced Offshore Safety Training (Safety II &III).
