

**PROGRAMMATIC AGREEMENT
FOR
HOUSING AND URBAN DEVELOPMENT-FUNDED PROGRAMS
ADMINISTERED BY THE CITY OF MIAMI, FLORIDA**

WHEREAS, the City of Miami, Florida (City) now administers or may administer in the future certain programs funded by the U.S. Department of Housing and Urban Development (HUD), including, among others, the Community Development Block Program (CBDG); Home Investment Partnership Program (HOME); Housing Opportunities for Persons With AIDS Program (HOPWA); Brownfields Economic Development Initiative Grants (BEDI); and Economic Development Initiatives-Special Projects Grants (EDI) (hereafter "Programs" collectively), which have the potential to affect properties listed in or eligible for listing in the National Register of Historic Places and, therefore, require compliance with Section 106 of the National Historic Preservation Act (16 USC 470f) and its implementing regulation (36 CFR Part 800); and

WHEREAS, the City has determined that the implementation of these programs may affect properties included in or eligible for inclusion in the National Register of Historic Places and has requested the comments of the Advisory Council on Historic Preservation (Council) and the Florida State Historic Preservation Officer (SHPO), pursuant to 36 CFR Part 800, "Protection of Historic Properties," implementing Section 106 and Section 110(f) of the National Historic Preservation Act; and

WHEREAS, the City serves as the responsible entity for HUD-funded programs under statutes that authorize HUD to provide for assumption of environmental responsibilities by recipients of HUD assistance and other responsible entities, in accordance with HUD's Environmental Review Procedures, 24 CFR Part 58, published in the Federal Register on April 30, 1996, and as may be amended from time to time; and

WHEREAS, the City will assist HUD with the administration of HUD's Section 106 compliance responsibilities for programs funded under statutes that do not authorize HUD to provide for assumption of environmental responsibilities by a Responsible Entity, i.e., Public Housing Assistance, HOPE III Program, in accordance with HUD's Environmental Review Procedures; and

WHEREAS, the City has been designated a Certified Local Government under Section 101(a)(c) of the National Historic Preservation Act, as amended, and has agreed to integrate preservation planning and cultural resource identification into local government planning and development; and

WHEREAS, activities which may affect historic properties include but are

not limited to acquisition, relocation, rehabilitation, demolition, new construction, infrastructure improvements and other eligible activities; and

WHEREAS, the City of Miami, SHPO and Council have determined that the execution of a Programmatic Agreement in accordance with 36 CFR 800 will expedite the City's fulfillment of its responsibilities as a recipient and administrator of Federal funds under Section 106 of the National Historic Preservation Act;

NOW, THEREFORE, the consulting parties agree that undertakings assisted or funded by HUD Programs shall be implemented in accordance with the following measures in order to determine the effects of activities on historic properties and to avoid adverse effects:

STIPULATIONS

The City shall ensure that the following measures are carried out:

A. PERSONNEL

- 1 The City shall ensure that its Historic Preservation Section staff include at least two employees with the professional qualifications in architectural history, history and/or historic architecture, as specified in the Secretary of the Interior's Professional Qualifications Standards, 36 CFR Part 61 (hereinafter Certified Staff), with the responsibility to review all undertakings covered by this Agreement, determine compliance with The Secretary of the Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings (hereinafter Standards), consult with the SHPO as needed, and monitor project work. If the City does not have Certified Staff, the City shall consult with the SHPO in all cases, unless an activity is specifically determined to be exempt, as set forth in Stipulation C.
2. The City shall ensure that all activities carried out pursuant to this Agreement are carried out by or under the direct supervision of Certified Staff.
3. The City shall notify the SHPO annually of the staff that the City intends to designate to administer and implement this Agreement. The SHPO shall evaluate the staffs' training and experience and, if appropriate, shall certify them for making determinations of eligibility and effect and applying the Standards.
- 4 If the City experiences a staff vacancy, a consultant approved by the

If the City determines that program activities will involve properties less than fifty (50) years old, no further review is required, including evaluation of the property for National Register eligibility. In addition, the following proposed undertakings, which have limited potential to affect historic properties, may be approved by the Certified Staff without further consultation with the SHPO or Council:

1 Rehabilitation

a. Exterior

Repair or in-kind replacement (installation of a new element that duplicates the material, dimensions, configuration and detailing of the original element) of exterior features, such as doors, windows, porches and architectural details.

Painting masonry walls, wood siding, or wood components and trim.

- (3) Masonry repair using materials, mortar composition, color, joint profile, and width which match the historic materials.
- (4) Caulking, weatherstripping, reglazing, and/or scraping.
- (5) Rebuilding of wheelchair ramps.
- (6) Installation of exterior decorative or security lights, provided no permanent alteration of original elements or features contributing to the structure's historical significance occurs.
- (7) Replacement of existing roofing materials with alternative roofing materials on roof surfaces not visible from a public street.
- (9) Emergency or required securing of property by boarding over window and door openings.

b. Interior

- (1) Repair or in-kind replacement (installation of a new element that duplicates the material, dimensions, configuration and detailing of the original element) of interior features, such as moldings and mantels.

- (2) Repair, replacement, or installation of heating, plumbing, air conditioning, electrical, fire protection or similar systems, provided no permanent alteration of original elements or features contributing to the structure's historical significance occurs.
- (3) Interior window or door security bars or gates, provided no permanent alteration of original elements or features contributing to the structure's historical significance occurs.
- (4) Weatherization activities, including weatherstripping, roof insulation, and insulation of basements and interior walls.
- (5) Interior surface treatments, including repainting, refinishing, repapering or installing carpet or linoleum, provided no original feature significant to the historic character of the structure is altered or lost.
- (6) Replacement of interior deteriorated plaster with drywall, provided plaster does not have original decorative details.
- (7) Replacement of original lighting fixtures for safety or efficiency.
- (8) Replacement of severely damaged interior doors with replacement doors similar in design.

2. Site and Public Improvements

The following improvements, provided there is no earth disturbance within or changes to previously undisturbed areas:

- a. Reconstruction or resurfacing of roads, and replacement or installation of curbs and/or sidewalks.
- b. In-kind repair or replacement of site improvements, including, but not limited to fences, retaining walls, and landscaping.
- c. Installation of ramps not adjoining buildings and other improvements for accessibility for persons with disabilities.
- d. Replacement/installation of gas, sanitary and storm sewer, water, electrical, cable, or other underground facilities.
- e. Replacement/installation of park and playground equipment,

landscaping, and facilities, excluding buildings.

- f Replacement/installation of traffic signals, street name and regulatory signage, street lights, and street trees.
- g. Installation of temporary construction-related barriers, such as screening or temporary fences.

D. TREATMENT OF HISTORIC PROPERTIES OR CONTRIBUTING PROPERTIES

Individual properties that are determined by the Certified Staff to be eligible for, nominated to, or listed in the National Register, or properties determined by the Certified Staff to be contributing elements within a National Register listed or eligible Historic District will be treated as follows:

1 Rehabilitation

- a. All residential and commercial rehabilitation projects will be done in accordance with the Standards.
- b. Prior to the initiation of project activities, Certified Staff shall review all plans and specifications or work write-ups and ensure compliance with the Standards.
- c. If the Certified Staff determines that the project will have no effect or no adverse effect, the Staff shall issue a Letter of Approval, citing the specific Standards which serve as a basis for the determination; and rehabilitation work may proceed.
- d. The City will retain written documentation, including work write-ups, before and after photographs, and Section 106 review comments, in individual project files.
- e. If the Certified Staff determines that the proposed activity will have an adverse effect, the City shall consult with the SHPO and initiate the procedures set forth in 36 CFR 800.
 - (1) Documentation provided by the City to the SHPO for the consultation shall include, at a minimum, the following: (a) colored photographs of the building's primary facade, the elevation or location where the alteration is proposed, and the streetscape; (b) location map; (c) description of proposed alteration; (d) conditions assessment; (e) analysis of alternatives, including costs; and (f) proposed

mitigation measures to avoid or minimize adverse effects on historic properties.

Known interested or affected parties shall be invited to join in consultation, and opportunity for public comment shall be provided, as set forth in 36 CFR 800.

The SHPO shall provide written comments within 30 days of receipt of documentation. If appropriate, the City and SHPO shall execute a Memorandum of Agreement (MOA), pursuant to 36 CFR 800. The City shall submit the MOA to the Council for comment.

If the City and SHPO fail to reach agreement, the City shall request Council recommendations in accordance with 36 CFR 800 and provide pertinent documentation.

2. New Construction and Additions

- a. New construction or additions to historic or contributing buildings within listed or eligible National Register districts or adjacent to historic properties listed in or eligible for the National Register will be designed in accordance with the guidelines for new construction and additions contained in the Standards and in National Park Service Preservation Brief 14, "New Exterior Additions to Historic Buildings: Preservation Concerns," and will be responsive to the overall character of the historic property in terms of height, scale, massing, set-backs, color, materials, and detailing.
- b. The project architect or designer will submit preliminary plans, including all elevations visible from public streets, lot layout, and descriptions of materials, to the Certified Staff for review and approval. Certified Staff will document findings and the basis for approval. A copy of the preliminary plans and the written determination of approval of the Certified Staff will be sent to the SHPO for review. The SHPO will respond in writing within 30 days of receipt of the preliminary plans. If there is no response within 30 days, the City will assume that the SHPO agrees with the determination of Certified Staff, and work may proceed. The final design will be consistent with approved preliminary plans and modified to address any recommendations by the SHPO.
- c. When Certified Staff determines that the new construction or addition would have an adverse effect on historic resources,

consultation with the SHPO in accordance with 36 CFR 800 will occur prior to work on the design proceeding.

- (1) The City shall submit, at a minimum, the following documentation to the SHPO for comment: (1) brief narrative description of proposed project, including an analysis of alternatives and costs thereof; (2) colored photographs of site to be developed and of the block faces from which the new building or addition will be visible; (3) architectural renderings, including all elevations visible from a public street and description of proposed materials; and (4) proposed mitigation measures.
- (2) Known interested or affected parties shall be invited to join in consultation, and opportunity for public comment shall be provided, as set forth in 36 CFR 800.
- (3) The SHPO shall provide written comments within 30 days following receipt of documentation. If appropriate, the City and SHPO shall execute a Memorandum of Agreement (MOA), pursuant to 36 CFR 800. The City shall submit the MOA to the Council for comment.
- (4) If the City and SHPO fail to reach agreement, the City shall request Council recommendations in accordance with 36 CFR 800 and provide pertinent documentation.

3. Americans with Disabilities Act (ADA) Compliance

- a. The City will explore alternative methods for handicapped accessibility to historic buildings consistent with the Standards, National Park Service Preservation Brief No. 32, "Making Historic Properties Accessible," and the Department of the Interior's report, Access to Historic Buildings for the Disabled: Suggestions for Planning and Implementation.
- b. To the extent feasible, handicapped access ramps and chair lifts will not be located on primary elevations of historic buildings and will not result in the removal of significant historic or architectural features or materials.
- c. If the Certified Staff determines that the proposed ADA improvement will have no effect or no adverse effect, the Staff shall issue a Letter of Approval, citing the specific Standards which serve as a basis for the determination; and work may proceed.

- d. If the Certified Staff determines that the proposed ADA improvement will have an adverse effect, the City shall follow the procedures set forth above in Stipulation D. 1. e.

4. Site Improvements and Public Improvements

- a. Site improvements and public improvements involving or adjacent to historic properties or within historic districts, including installation of landscaping, street lighting, and street furniture, shall adhere to the Standards and be designed to ensure that character defining elements of historic properties are preserved. Any new materials or features introduced in a historic district will be responsive to the character of that district.
- b. Plans and specifications for site and public improvement projects will be reviewed and approved by the Certified Staff. If the Certified Staff determines that the proposed improvements will have an adverse effect, the City shall follow the procedures set forth above in Stipulation D. 1. e.

5. Lead-Based Paint Hazard Reduction and Abatement

- a. When the City's Lead Specialist finds lead-based paint hazards in residential structures, the Specialist shall determine the degree of lead hazard and identify those surfaces or areas where reduction or abatement of lead-based paint hazards must occur.
- b. The Specialist shall consult with the City's Certified Staff in determining the appropriate methods for treating lead-paint hazards in historic buildings. Evaluation of reduction and abatement activities shall be based upon the Standards, HUD's "Title X Requirements for Housing Receiving Federal Assistance," issued by the HUD Office of Lead-Based Paint Abatement and Poisoning Prevention, and Preservation Brief 37 of the U.S. Department of the Interior National Park Service.
- c. If the Certified Staff determines that the proposed abatement or reduction plan will have no effect or no adverse effect, the Staff shall issue a Letter of Approval, citing the specific Standards which serve as a basis for the determination; and work may proceed.
- d. If the Certified Staff determines that the proposed abatement or reduction plan will have an adverse effect, the City shall follow

the procedures set forth above in Stipulation D. 1. e.

6. Demolition

a. Demolition of Historic or Contributing Buildings

- (1) Demolition of any building identified as a resource under Stipulation B.1. shall be reviewed on a case-by-case basis by the SHPO. At a minimum, the City shall submit the following documentation to the SHPO for review:

Location (U.S.G.S. and/or City map) and description of affected building, including a statement of its historic and/or architectural significance as a resource within the listed or eligible National Register district;

Reasons for demolition, e.g. condemnation of building due to code violations, certification of the property as blighted, creation of a public park, or redevelopment activities, and statement why rehabilitation, reuse, or plan alteration is not feasible or desirable;

Photographs of each elevation, the interior, and any significant architectural elements;

Photographic evidence and written description of the deteriorated condition of the building.

Feasibility analysis for alternatives to demolition, addressing rehabilitation, partial demolition, adaptive reuse for other purposes, stabilization with the intent to market and sell the property, or alteration of redevelopment plans;

- (2) Known interested or affected parties shall be invited to join in consultation, and opportunity for public comment shall be provided, as set forth in 36 CFR 800.
- (3) The SHPO shall review the documentation and within 30 days of receipt of adequate documentation, concur or object in writing to the proposed demolition, and forward an informational copy to the Council. If the SHPO finds that the demolition will have an adverse effect, the City will consult with the SHPO to develop a Memorandum of Agreement in accordance with 36 CFR 800. The City shall submit the MOA to the Council for comment.

- (4) If the City and SHPO fail to reach agreement, the City shall request Council recommendations in accordance with 36 CFR 800 and provide pertinent documentation.

b. Demolition of Nonhistoric or Noncontributing Buildings

- (1) Buildings within or adjacent to listed or eligible historic districts that are identified as nonhistoric or noncontributing in accordance with Stipulation B may be demolished without review by the SHPO following the issuance of a Letter of Approval by Certified Staff. The City will retain documentation of all such demolitions in its project files, including exterior photographs from all elevations of any structure to be demolished.
- (2) Demolition shall be performed in a manner which will have minimal impact on adjoining buildings. Where walls of a building to be demolished adjoin a historic building, the wall of the historic building will be cleaned of debris and, if necessary, faced with a material compatible with its principal facade. Any new structure proposed for construction on a cleared site within a listed or eligible historic district shall be reviewed prior to building plan approval in accordance with Stipulation D.2.

c. Emergency Demolition

- (1) When emergency demolition of a historic property is required to comply with local regulations and to avoid imminent threat to public health and safety, the City will forward documentation to the SHPO via overnight mail, with a request for comments within seven (7) business days. The documentation will include a copy of the official City order requiring demolition, photographs of the property, documentation regarding the property's eligibility and map location (U.S.G.S. and/or City map).
- (2) The SHPO will notify the City in writing of its approval and any required mitigation measures, e.g., recordation, additional photographic documentation, architectural salvage, etc.
- (3) In the event the SHPO objects to the emergency demolition, the City will contact the Council directly to initiate consultation or initiate the demolition procedure in

D.6. above.

E. ARCHEOLOGY

If major ground disturbance activities are planned as part of a rehabilitation, new construction, or site improvement project, the City, in consultation with the SHPO, shall determine whether the project site contains archeological resources or that a high probability of archeological resources may be present. If archeological resources are found that meet the National Register Criteria, they shall be avoided or preserved in place. If preservation is not feasible, the City will consult with the SHPO to develop a treatment plan consistent with the Council's Handbook, Treatment of Archeological Properties. The plan will be implemented by the City following approval of the SHPO.

F. PROPERTY DISPOSITION

1. When disposing of historic or contributing properties acquired with HUD funds, the City will include adequate restrictions or conditions in the transfer documents to ensure preservation of the property's significant historic features.
2. The City will submit proposed restrictions or conditions to the SHPO for approval 30 days prior to execution of the transfer document.
3. If the City and SHPO cannot agree on acceptable restrictions or conditions, the City shall consult with the Council in accordance with 36 CFR 800.

G. COORDINATION

1. Project Coordination

Certified Staff will advise project sponsors, agencies, recipients, sub recipients, and City departments and staff of the requirements of this Programmatic Agreement and the need to complete Section 106 reviews prior to the initiation of project activities.

2. Coordination with Other Federal Activities

Other Federal agencies providing financial assistance for Program activities covered under the terms of this Agreement may, with the concurrence of the City and SHPO, satisfy their Section 106 responsibilities by accepting and complying with the terms of this Agreement. In such situations, the City and the Federal agency shall notify the SHPO and Council in writing of their agreement. If the

K. PUBLIC PARTICIPATION

1. Public Notice

Each year the City will inform the public, through the publication of a detailed notice in a general circulation newspaper, about the City's current activities funded by HUD and will make available for public inspection documentation on the City's HUD-funded Program activities. Included in this documentation will be general information on the type(s) of activities undertaken with Program funds provided by HUD; information on identified historic properties which might be affected by these activities; the amount of program funds available in the current Program year; and how interested persons can receive further information on the Program activities.

2. Public Objections

- a. In those cases where a timely and substantive public objection related to historic preservation is received by the City, City staff will review the objection to determine the basis of the objection and consult with the objecting party, as appropriate, in order to resolve the issue.
- b. Where the City staff is unable to resolve the objection to the satisfaction of the objecting party, the City will consult with the SHPO, and, if necessary, the Council.

L. AMENDMENT AND TERMINATION

1. Amendment

Any party to the Programmatic Agreement may request that it be amended, whereupon the parties will consult in accordance with 36 CFR 800.

2. Termination

Any party to this Programmatic Agreement may terminate it by providing thirty (30) days notice to the other parties, provided that the parties will consult during the period prior to termination to seek agreement on amendments or other actions that would avoid termination. In the event of termination, the City will comply with 36 CFR 800 with regard to individual undertakings covered by this Agreement.

M. TERM OF AGREEMENT

This Programmatic Agreement will become effective on the date of last signing and will continue in force through and including December 31, 2010. During calendar year 2010, the City, SHPO and Council will review this Agreement for possible modification, termination or extension.

Execution and implementation of this Programmatic Agreement is evidence that the City has afforded the Council and SHPO an opportunity to comment on their HUD-funded programs and their effects on historic properties, that the City has taken into account the effects of their undertakings on historic properties, and that the City and HUD have satisfied their Section 106 responsibilities for all individual undertakings of the programs.

IN WITNESS WHEREOF, the parties to this Programmatic Agreement have hereunto affixed their hands and seals as evidence of their acceptance of the above described process as adequate and appropriate compliance with Section 106 of the National Historic Preservation Act.
