regulatory analysis of the proposed
amendments, and a section-by-section
explanation of the proposed
amendments. The Commission
encourages members of the public to
comment on the proposed amendments
as well as on whether the language of
the proposed amendments is
sufficiently clear for users to
understand.

If the Commission decides to proceed
with this rulemaking after reviewing the
comments filed in response to this
notice, the proposed rule revisions will
be promulgated in accordance with the
procedures provided for in the
Administrative Procedure Act (5 U.S.C.
553), and will be codified in 19 CFR
parts 201, 206, 207, and 210.

Background

Section 335 of the Tariff Act of 1930
(19 U.S.C. 1335) authorizes the
Commission to adopt such reasonable
procedures, rules, and regulations as it
deems necessary to carry out its
functions and duties. This rulemaking
seeks to improve provisions of the
Commission's existing Rules of Practice
and Procedure. The Commission
proposes amendments to its rules
covering proceedings such as
investigations and reviews conducted
under title VII and section 337 of the
Tariff Act of 1930 (19 U.S.C. 1337, 1671
et seq.), sections 202, 406, 421, 422 of
the Trade Act of 1974 (19 U.S.C. 2252,
2436, 2451, 2451a), and sections 302
and 312 of the North American Free
Trade Agreement Implementation Act
(19 U.S.C. 3352, 3372). The Commission
invites the public to comment on all of

these proposed rule amendments. In any
comments, please consider addressing
whether the language of the proposed
amendments is sufficiently clear for
users to understand. In addition please
consider addressing how the proposed
rule amendments could be improved,
and/or offering specific constructive
alternatives where appropriate.

Consistent with its ordinary practice,
the Commission is issuing these
proposed amendments in accordance
with provisions of section 553 of the
APA (5 U.S.C. 553), although such
provisions are not mandatory with
respect to this rulemaking. The APA
procedure entails the following steps:
(1) Publication of a notice of proposed
rulemaking; (2) solicitation of public
comments on the proposed
amendments; (3) Commission review of
public comments on the proposed
amendments; and (4) publication of
final amendments at least thirty days
prior to their effective date.

The Commission proposes to require
that most filings with the agency be
made by electronic means. When a
filing is made by electronic means, the
electronic version will constitute the
official record document and any paper
form of the document must be a true
copy and identical to the electronic
version. The Commission's Electronic
Document Information System (EDIS)
already accepts electronic filing of
certain documents, and will be the
mechanism by which participants in
Commission proceedings electronically
file their documents in the future.
Whereas submitters have only been
permitted to file public documents into
EDIS, the proposed rule amendments
would provide for the electronic filing
of documents containing confidential
business information and business
proprietary information into EDIS. A
Handbook on Filing Procedures will
supersede the Commission's current
Handbook on Electronic Filing
Procedures, and will provide more
detailed information on the filing
process. The Commission plans to seek
public comment concerning the new
handbook in a separate notice. Persons
seeking to file documents will be
required to comply with the revised
rules and the Handbook on Filing
Procedures.

The Commission estimates that
electronic filing of most documents will
significantly reduce the cost to the
agency of processing documents. These
costs include labor costs for scanning
paper documents into EDIS, storage
costs for paper documents, and costs for
continuity of operations. Electronic
filing also is expected to improve the
efficiency and effectiveness of the filing

process by entering documents into EDIS more rapidly. Electronic filing also accords with government-wide initiatives encouraging agencies to do business electronically.

Although the Commission intends to require electronic filing of most documents, documents generally will also be submitted in paper form. Moreover, witness testimony and hearing materials in import injury investigations and reviews would be submitted only in paper form, and public versions of testimony would be accepted at the relevant conference or hearing. The proposed rules would provide the Secretary to the Commission with the authority to establish exceptions and modifications to the requirement to electronically file documents.

The proposed changes to the filing process are not intended to affect the current practice with respect to the filing of responses to Commission questionnaires in import injury investigations and reviews.

Regulatory Analysis of Proposed Amendments to the Commission's Rules

The Commission has determined that the final rules do not meet the criteria described in section 3(f) of Executive Order 12866 (58 FR 51735, Oct. 4, 1993) and thus do not constitute a significant regulatory action for purposes of the Executive Order.

The Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) is inapplicable to this rulemaking because it is not one for which a notice of final rulemaking is required under 5 U.S.C. 553(b) or any other statute. Although the Commission has chosen to publish a notice of proposed rulemaking, these proposed regulations are "agency rules of procedure and practice," and thus are exempt from the notice requirement imposed by 5 U.S.C. 553(b).

These proposed rules do not contain federalism implications warranting the preparation of a federalism summary impact statement pursuant to Executive Order 13132 (64 FR 43255, Aug. 4, 1999).

No actions are necessary under the Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1501 *et seq.*) because the proposed rules will not result in the expenditure by State, local, and tribal governments, in the aggregate, or by the private sector, of \$100,000,000 or more in any one year, and will not significantly or uniquely affect small governments.

The proposed rules are not major rules as defined by section 804 of the Small Business Regulatory Enforcement Fairness Act of 1996 (5 U.S.C. 801 *et*

seq.). Moreover, they are exempt from the reporting requirements of the Contract With America Advancement Act of 1996 (Pub. L. 104-121) because they concern rules of agency organization, procedure, or practice that do not substantially affect the rights or obligations of non-agency parties.

The amendments are not subject to section 3504(h) of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), because the amendments would impose no new collection of information under the statute.

Section-by-Section Analysis

Section 201.8 generally provides the requirements for filing documents with the Commission. The Commission proposes to revise the language of § 207.10(a) to specify that petitions are to be filed in paper form and to require the submission of all exhibits, appendices, and attachments to the petition on certain approved electronic media.

Section 207.15 addresses written briefs and conferences in title VII proceedings.
