* "Federal personnel" are referred to in the DoD IT Portfolio Repository (DITPR) as "Federal employees."

b. If "No," ensure that DITPR or the authoritative database that updates DITPR is annotated for the reason(s) why a PIA is not required. If the DoD information system or electronic collection is not in DITPR, ensure that the reason(s) are recorded in appropriate documentation.

c. If "Yes," then a PIA is required. Proceed to Section 2.

SECTION 2: PIA SUMMARY INFORMATION

a. Why is this PIA being created or updated? Choose one:

- New DoD Information System
- Existing DoD Information System
- Significantly Modified DoD Information System
- New Electronic Collection
- Existing Electronic Collection

b. Is this DoD information system registered in the DITPR or the DoD Secret Internet Protocol Router Network (SIPRNET) IT Registry?

c. Does this DoD information system have an IT investment Unique Project Identifier (UPI), required by section 53 of Office of Management and Budget (OMB) Circular A-11?

- Yes
- No

If "Yes," enter UPI

If unsure, consult the Component IT Budget Point of Contact to obtain the UPI.

d. Does this DoD information system or electronic collection require a Privacy Act System of Records Notice (SORN)?

A Privacy Act SORN is required if the information system or electronic collection contains information about U.S. citizens or lawful permanent U.S. residents that is retrieved by name or other unique identifier. PIA and Privacy Act SORN information should be consistent.

f. Authority to collect information. A Federal law, Executive Order of the President (EO), or DoD requirement must authorize the collection and maintenance of a system of records.

(1) If this system has a Privacy Act SORN, the authorities in this PIA and the existing Privacy Act SORN should be the same.

(2) Cite the authority for this DoD information system or electronic collection to collect, use, maintain and/or disseminate PII. (If multiple authorities are cited, provide all that apply.)

(a) Whenever possible, cite the specific provisions of the statute and/or EO that authorizes the operation of the system and the collection of PII.

(b) If a specific statute or EO does not exist, determine if an indirect statutory authority can be cited. An indirect authority may be cited if the authority requires the operation or administration of a program, the execution of which will require the collection and maintenance of a system of records.

(c) DoD Components can use their general statutory grants of authority ("internal housekeeping") as the primary authority. The requirement, directive, or instruction implementing the statute within the DoD Component should be identified.

Knowledge Integration Toolkit (KIT) DADMS 25545, a module of Keyport Integrated Production and Application Development System (KPT-IPADS), DADMS 21718, is a series of interrelated modules designed to help with all issues related to personnel data. The single underlying database is comprised of data pulled from the Defense Civilian Personnel Data System (DCPDS) and specific information related to employees in the areas of training/Equal Employment Opportunity (EEO) and other personnel specific areas. It is used to assist documenting and tracking leave and overtime requests, helps with personnel actions; tracking equal employment opportunity actions; tracking overall training records and helps identify gaps in training. It is a compilation of all personnel related issues using data from DCPDS, the DoD authoritative data source.

PII collected: Name, SSN, Gender, Race/Ethnicity, Birth Date, Security Clearance, Financial Information, Disability Information, Employment Information, Education Information.

Naval Undersea Warfare Center (NUWC) Division Keyport and Code 104 Information Services Division has put many processes in place to minimize the probability of threats being carried out, including vulnerability assessment testing, service patch installation, pre-release testing, traffic monitoring, logging auditing and physical security. The Privacy Coordinator routinely scans for PII and submits applicable forms.
