The Bureau of Land Management (BLM) has a Surface Management and a Surface/Mineral Management series of maps available for the state of Wyoming. The maps are a scale of 1:100,000 and cover an area approximately 30 x 50 miles. The maps are color-coded to show land status (Federal, state or private ownership). These maps do not show private land owner names. Other features on the maps are roads, topographic contour and elevation symbols, rivers, streams and lakes. The Surface/Mineral Management maps also show mineral ownership shading. **These maps are available at any Wyoming BLM office for a fee of \$4.00 each.**

If you wish to purchase any of the 1:100,000 scale maps, please complete this order form: Please include proper payment with your order, as payment must be received before the maps can be forwarded. If you wish to charge your order to VISA, MASTER CARD, DISCOVER or AMERICAN EXPRESS, call (307) 775-6256 to place your order.

NOTE: These maps are designed and published as a planning and management tool. They are prepared from the best available information. The user is cautioned against the use of the ownership information shown on the maps of a specific tract of land for anything except casual use. The official land records in appropriate offices of the Bureau of Land Management should be checked for accurate and up-to-date status on any specific tract of land.
