Jennifer Skidmore or Amy Sloan, (301) 427-8401.

SUPPLEMENTARY INFORMATION: On May 20, 2010, notice was published in the **Federal Register** (75 FR 28239) that a request for a permit to acquire releasable California sea lions for public display had been submitted by the above-named applicant. The requested permit has been issued under the authority of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 *et seq.*) and the regulations governing the taking and importing of marine mammals (50 CFR part 216).

This permit authorizes the acquisition of releasable stranded California sea lions (two males and six females) from west coast stranding facilities for public display purposes. The receiving facility,

IMMS; (1) Is open to the public on a regularly scheduled basis with access that is not limited or restricted other than by charging for an admission fee; (2) offers an educational program that is consistent with professionally recognized standards of informal education in aquaria and zoos, including the Association of Zoos and Aquariums; and (3) holds an Exhibitor's License, number 65-C-0540, issued by the U.S. Department of Agriculture under the Animal Welfare Act (7 U.S.C. 2131-59). The permit is valid through October 5, 2016.

An environmental assessment (EA) was prepared analyzing the effects of the permitted activities on the human environment in compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*) and made available for public comment on April 11, 2011 (76 FR 19976). Based on the analyses in the EA, NMFS determined that issuance of the permit would not significantly impact the quality of the human environment and that preparation of an environmental impact statement was not required. That determination is documented in a Finding of No Significant Impact (FONSI), signed on September 28, 2011.

Dated: October 5, 2011.

Chief, Permits and Conservation Division, Office of Protected Resources, National Marine Fisheries Service.
