Maps and Geographic Products

A variety of maps, boundary files, and other geographic products will be available to help users locate and identify geographic areas. These products will be available in various media such as the Internet, CD-ROM, DVD, and in the case of maps, as print-on-demand products.

Census 2000—Puerto Rico Block Maps

**Paper available:
4th quarter 2001**

**PDF files available:
4th quarter 2001**

The Census Bureau's block maps show the greatest detail and most complete set of geographic information. These large-scale maps depict the smallest geographic entities for which the Census Bureau presents data—the census blocks—by displaying the features that form block boundaries and the numbers that identify them. The intent of this map series is to produce a map for each governmental unit (e.g. municipio, place) on the smallest possible number of map sheets at the maximum practical scale. Lowest level of geography: census block. Media: DVD, CD-ROM (custom order only), Internet (PDF), and paper. [Formats: PDF; Size: 36" x 33"]

Census 2000—Puerto Rico Municipio Block Maps

(Redistricting Product)

**Paper and Internet:
AVAILABLE NOW**

**CD, DVD available:
3rd quarter 2001**

Municipio Block Maps are essentially the same type of map as the Census 2000 Block Maps describe above except that they are created for each

municipio unit and they have the voting districts boundaries. The maps show the boundaries, names, and codes for municipio, places, voting districts, census tracts, block groups, and census blocks. Media: DVD, CD-ROM (custom order only), Internet (PDF), and paper. [Formats: PDF; Size: 36" x 33"]

Redistricting Census 2000 TIGER/Line® Files

**Internet, DVD and CD
AVAILABLE NOW**

The first release of the Census 2000 TIGER/Line® files is specifically intended to support the need of the redistricting community. Because of the timing of this release, it does **NOT** include the ZIP Code Tabulation Areas™ (ZCTAs™). Media: DVD, CD-ROM (custom order only), and Internet. [Data Format: ASCII]

Census 2000 TIGER/Line® Files

**Internet available:
4th quarter 2001**

**DVD and CD-ROM available:
4th quarter 2001**

This is the public version of the Census Bureau's digital database of geographic features for Puerto Rico. The database is called TIGER®, which is the source of all Census Bureau geographic products. The TIGER/Line® files include the January 1, 2000 governmental unit boundaries, Census 2000 statistical area boundaries, Census 2000 tabulation block numbers, feature updates from Census 2000 enumeration and ZIP Code Tabulation Areas™. Record layouts are available now on the Internet at URL: www.census.gov/geo/www/tiger/index.html. Media: DVD, CD-ROM (custom order only), and Internet. [Data Format: ASCII]

Census 2000—Puerto Rico Census Tract Outline Maps

**Paper and Internet:
AVAILABLE NOW**

**CD, DVD available:
4th quarter 2001**

These municipio maps show the boundaries and numbers of the census tracts and name the features underlying the boundaries. They also show the boundaries, names, and codes for municipios, municipio subdivisions, and places. Media: DVD, CD-ROM (custom order only), Internet, and paper. [Formats: PDF; Size: 36" x 33"]
