To parents and teachers:

This coloring book was developed to promote safety awareness to children who may encounter remnants of military munitions (ammo) while playing or exploring. Discuss with your children any areas where the military may have used munitions or installations on which the military currently trains. You are encouraged to teach your children the 3Rs (Recognize, Retreat, Report) safety message.

Recognize

- Realize when you may
- have seen ammo

Retreat

- Do not touch, move, or
- disturb ammo — carefully
- leave the area, but do not run
