JOINT RESOLUTION

To create a joint committee to commemorate the one hundredth anniversary of the first inaugural of Abraham Lincoln.

March 1, 1961 [H. J. Res. 155]

Whereas Saturday, March 4, 1961, will mark the centenary of Abraham Lincoln's taking the oath of office as sixteenth President of the United States; and

Whereas the anniversary will be widely observed and noted throughout this land and overseas; and

Whereas the occasion will coincide with exercises commemorative of the American Civil War of 1861-1865; and

Whereas Mr. Lincoln stood at the head of the Government of the United States and its Armed Forces during those years of tragedy and travail; and

Whereas he foresaw the difficulty of the task before him as "greater

than that which rested on Washington"; and
Whereas he sought the guidance of Almighty God, saying, "Without
the assistance of that Divine Being . . . I cannot succeed. With that assistance I cannot fail."; and Whereas one who stood in the audience at his first inauguration would

later write, "the shouts which have resounded for him at the Capitol

are still ringing in my ears."; and
Whereas from a wooden platform, projected from the eastern
portico, beneath an unfinished dome, he pleaded and reasoned that day for reconciliation and the preservation of the Union, saving:

"I take the official oath today, with no mental reservations, and with no purpose to construe the Constitution or laws, by any hypercritical rules I hold, that in contemplation of universal law, and of the Constitution, the Union of these States is perpetual It is safe to say that no government proper, ever had a provision in its organic law for its own termination Before entering upon so grave a matter as the destruction of our national fabric, with all its benefits, its memories, and its hopes, would it not be wise to ascertain precisely why we do it? Will you hazard so desperate a step, while there is any possibility that any portion of the ills you fly from, have no real existence? Will you, while the certain ills you fly to, are greater than all the real ones you fly from? Will you risk the commission of so fearful a mistake? . . . Physically speaking, we cannot separate. We cannot remove our respective sections from each other, nor build an impassable wall between them. A husband and wife may be divorced, and go out of the presence, and beyond the reach of each other; but the different parts of our country cannot do this. They cannot but remain face to face; and intercourse, either amicable or hostile, must continue between them We are not enemies, but friends. We must not be enemies. Though passion may have strained, it must not break our bonds of affection. The mystic cords of memory, stretching from every battlefield, and patriot grave, to every living heart and hearthstone, all over this broad land, will yet swell the chorus of the Union, when again touched, as surely they will be, by the better angels of our nature."; and

Whereas the better angels do, in fact, touch us: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That on Saturday, March 4 next, the one hundredth anniversary of Abraham Lincoln's first inauguration shall be commemorated by such observance as may be determined by the committee on arrangements in cooperation with the national Civil War Centennial Commission, the Civil War Centennial Commission of the District of Columbia, and the Lincoln Group of the District of Columbia.

Immediately upon passage of this resolution, the President of the Senate shall appoint four Members of the Senate and the Speaker of the House shall appoint four Members of the House of Representa-

tives jointly to constitute a committee on arrangements.

Immediately upon passage of this resolution and after the Members of the Senate and House have been appointed, the Speaker shall direct the committee on arrangements to meet and select a chairman from one of their own group and such other officers as will be appropriate and needed who will immediately proceed to plan, in cooperation with the national Civil War Centennial Commission, the Civil War Centennial Commission of the District of Columbia and the Lincoln Group of the District of Columbia, an appropriate ceremony, issue invitations to the President of the United States, the Vice President of the United States, Secretaries of departments, heads of independent agencies, offices, and commissions, the Chief Justice and Associate Justices of the Supreme Court, the diplomatic corps, assistant heads of departments, Commissioners of the District of Columbia, members of the Lincoln Group of the District of Columbia, centennial commissions from the various States, Civil War roundtables, State and local historical and patriotic societies, and such other students and

To establish an effective program to alleviate conditions of substantial and persistent unemployment and underemployment in certain economically distressed areas.

May 1, 1961 [S. 1]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may ment Act. be cited as the "Area Redevelopment Act".

Area Redevelop-

DECLARATION OF PURPOSE

Sec. 2. The Congress declares that the maintenance of the national economy at a high level is vital to the best interests of the United States, but that some of our communities are suffering substantial and persistent unemployment and underemployment; that such unemployment and underemployment cause hardship to many individuals and their families and detract from the national welfare by wasting vital human resources; that to overcome this problem the Federal Government, in cooperation with the States, should help areas of substantial and persistent unemployment and underemployment to take effective steps in planning and financing their economic redevelopment; that Federal assistance to communities, industries, enterprises, and individuals in areas needing redevelopment should enable such areas to achieve lasting improvement and enhance the domestic prosperity by the establishment of stable and diversified local economies and improved local living conditions; and that under the provisions of this Act new employment opportunities should be created by developing and expanding new and existing facilities and resources rather than by merely transferring jobs from one area of the United States to another.

AREA REDEVELOPMENT ADMINISTRATOR

Sec. 3. There shall be appointed by the President, by and with the advice and consent of the Senate, an Area Redevelopment Administrator in the Department of Commerce who shall receive compensation at a rate equal to that received by Assistant Secretaries of Commerce. The Administrator shall perform such duties in the execution of this Act as the Secretary of Commerce (hereinafter referred to as the "Secretary") may assign.

ADVISORY POLICY BOARD

Sec. 4. (a) To advise the Secretary in the performance of functions authorized by this Act, there is created an Area Redevelopment Advisory Policy Board (hereinafter referred to as the "Board"), which shall consist of the following members, all ex officio: the Secretary as Chairman; the Secretaries of Agriculture; Health, Education, and Welfare; Interior; Labor; and Treasury; and the Administrators of the Housing and Home Finance Agency and the Small Business Administration. The Chairman may from time to time invite the participation of officials of other agencies of the executive branch interested in the functions herein authorized. Each member of the Board may designate an officer of his agency to act for him as a member of the Board with respect to any matter there considered.

(b) The Secretary shall appoint a National Public Advisory Committee on Area Redevelopment which shall consist of twenty-five members and shall be composed of representatives of labor, management, agriculture, State and local governments, and the public in general. From the members appointed to such Committee the Secretary shall designate a Chairman. Such Committee, or any duly established subcommittee thereof, shall from time to time make recommendations to the Secretary relative to the carrying out of his duties under this Act. Such Committee shall hold not less than two meetings during each calendar year.

(c) The Secretary is authorized from time to time to call together and confer with any persons, including representatives of labor, management, agriculture, and government, who can assist in meeting the problems of unemployment or underemployment in the several areas designated by the Secretary as redevelopment areas.

REDEVELOPMENT AREAS

Standards.

SEC. 5. (a) The Secretary shall designate as "redevelopment areas" those areas within the United States in which he determines, upon the basis of standards generally comparable with those set forth in paragraphs (1) and (2), that there has existed substantial and persistent unemployment for an extended period of time. There shall be included among the areas so designated any area—

National Public Advisory Committee on Area Redevelopment. (1) where the Secretary of Labor finds that the rate of unemployment, excluding unemployment due primarily to temporary or seasonal factors, is currently 6 per centum or more and has averaged at least 6 per centum for the qualifying time periods specified in paragraph (2); and

(2) where the Secretary of Labor finds that the annual average

rate of unemployment has been at least—

(A) 50 per centum above the national average for three of the preceding four calendar years, or

(B) 75 per centum above the national average for two of

the preceding three calendar years, or

(C) 100 per centum above the national average for one of the preceding two calendar years.

The Secretary of Labor shall find the facts and provide the data to be used by the Secretary in making the determinations required by this

subsection.

(b) The Secretary shall also designate as "redevelopment areas" those areas (including Indian reservations) within the United States which do not meet the requirements set forth in subsection (a) but which he determines are among the highest in numbers and percentages of low-income families, and in which there exists a condition of substantial and persistent unemployment or underemployment. In making the designations under this subsection and before extending any financial assistance as the result of designations under this subsection, the Secretary shall, by regulation, prescribe detailed standards upon which the designations under this subsection shall be based. In the formulation of such standards the Secretary shall consider, among other relevant factors, the number of low-income farm families in the various rural areas of the United States, the proportion that such lowincome families are of the total farm families of each of such areas, the relationship of the income levels of the families in each such area to the general levels of income in the United States, the extent to which "rural development" projects have previously been located in any such area under programs administered by the Department of Agriculture, the current and prospective employment opportunities in each such area, the availability of manpower in each such area for supplemental employment, the extent of migration out of the area, and the proportion of the population of each such area which has been receiving public assistance from the Federal Government or from the State or States in which such area is located or from any municipality therein. In making the designations under this subsection, the Secretary shall endeavor to distribute the projects widely among the several States, so far as is feasible and proper, in order that actual experience with this program may be had in as many States and in as many areas and under as many different circumstances as possible. In making these determinations the Secretary shall be guided, but not conclusively governed, by pertinent studies made, and information and data collected or compiled, by (1) departments, agencies, and instrumentalities of the Federal Government, (2) State and local governments, (3) universities and land-grant colleges, and (4) private organizations.

(c) Upon the request of the Secretary, the Secretary of Labor, the Secretary of Agriculture, the Secretary of the Interior, and such other heads of agencies as may be appropriate are authorized to conduct

such special studies, obtain such information, and compile and furnish to the Secretary such data as the Secretary may deem necessary or proper to enable him to make the determinations provided for in subsection (b) of this section. The Secretary shall reimburse when appropriate, out of any funds appropriated to carry out the purposes of this Act, the foregoing officers for any expenditures incurred by them under this section.

"Redevelopment area."

Limitations.

(d) As used in this Act, the term "redevelopment area" refers to any area within the United States which has been designated by the Secretary as a redevelopment area.

LOANS AND PARTICIPATIONS

Sec. 6. (a) The Secretary is authorized to purchase evidences of indebtedness and to make loans (which for purposes of this section shall include participations in loans) to aid in financing any project within a redevelopment area for the purchase or development of land and facilities (including, in cases of demonstrated need, machinery and equipment) for industrial or commercial usage, including the construction of new buildings, the rehabilitation of abandoned or unoccupied buildings, and the alteration, conversion, or enlargement of existing buildings. Such financial assistance shall not be extended (1) for working capital, or (2) to assist establishments relocating from one area to another. The limitation set forth in clause (2) shall not be construed to prohibit assistance for the expansion of an existing business entity through the establishment of a new branch, affiliate, or subsidiary of such entity if the Secretary finds that the establishment of such branch, affiliate, or subsidiary will not result in an increase in unemployment in the area of original location or in any other area where such entity conducts business operations, unless the Secretary has reason to believe that such branch, affiliate, or subsidiary is being established with the intention of closing down the operations of the existing business entity in the area of its original location or in any other area where it conducts such operations.

(b) Financial assistance under this section shall be on such terms and conditions as the Secretary determines, subject, however, to

the following restrictions and limitations:

(1) The total amount of loans (including purchased evidences of indebtedness) outstanding at any one time under this section (A) with respect to projects in redevelopment areas designated under section 5(a) shall not exceed \$100,000,000 and (B) with respect to projects in redevelopment areas designated under section 5(b) shall not exceed \$100,000,000

section 5(b) shall not exceed \$100,000,000.

(2) Such assistance shall be extended only to applicants, both private and public (including Indian tribes), which have been approved for such assistance by an agency or instrumentality of the State or political subdivision thereof in which the project to be financed is located, and which agency or instrumentality is directly concerned with problems of economic development in such State or subdivision.

(3) The project for which financial assistance is sought must be reasonably calculated to provide more than a temporary alleviation of unemployment or underemployment within the

redevelopment area wherein it is, or will be, located.

(4) No such assistance shall be extended hereunder unless the financial assistance applied for is not otherwise available from private lenders or other Federal agencies on reasonable terms.

(5) The Secretary shall not make any loan without a participation unless he determines that the loan cannot be made on a participation basis.

(6) No evidences of indebtedness shall be purchased and no loans shall be made unless it is determined that there is a rea-

sonable assurance of repayment.

(7) Subject to section 12(5) of this Act, no loan, including renewals or extension thereof, may be made hereunder for a period exceeding twenty-five years and no evidences of indebtedness maturing more than twenty-five years from date of purchase may be purchased hereunder: *Provided*, That the foregoing restrictions on maturities shall not apply to securities or obligations received by the Secretary as a claimant in bankruptcy or equitable reorganization or as a creditor in other proceedings attendant upon insolvency of the obligor.

(8) Loans made and evidences of indebtedness purchased under this section shall bear interest at a rate equal to the rate of interest paid by the Secretary on funds obtained from the Secretary of the Treasury as provided in section 9(a) of this Act, plus one-half of 1 per centum per annum to cover administrative expenses and to provide for losses on loans made and evidences

of indebtedness purchased under this section.

(9) Such assistance shall not exceed 65 per centum of the aggregate cost to the applicant (excluding all other Federal aid in connection with the undertaking) of acquiring or developing land and facilities (including, in cases of demonstrated need, machinery and equipment), and of constructing, altering, converting, rehabilitating, or enlarging the building or buildings of the particular project, and shall, among others, be on the condition that—

(A) other funds are available in an amount which, together with the assistance provided hereunder, shall be sufficient to

pay such aggregate cost;

(B) not less than 10 per centum of such aggregate cost be supplied by the State or any agency, instrumentality, or political subdivision thereof, or by an Indian tribe or a community or area organization which is nongovernmental in character, as equity capital or as a loan repayable only after the Federal financial assistance extended under this section has been repaid in full according to the terms thereof and, if such a loan is secured, its security shall be subordinate and inferior to the lien or liens securing such Federal financial assistance;

(C) in extending financial assistance under this section with respect to a redevelopment area, the Secretary shall require that not less than 5 per centum of the aggregate cost

Maximum loan

of the project for which such assistance is extended shall be supplied by nongovernmental sources as equity capital or as a loan repayable only after the Federal financial assistance extended under this section has been repaid in full according to the terms thereof and, if such a loan is secured, its security shall be subordinate and inferior to the lien or liens securing such Federal financial assistance; and

(D) to the extent the Secretary finds such action necessary to encourage financial participation in a particular project by other lenders and investors, and except as otherwise provided in subparagraphs (B) and (C), any Federal financial assistance extended under this section may be repayable only after other loans made in connection with such project have been repaid in full, and the security, if any, for such Federal financial assistance may be subordinate and inferior to the lien or liens securing other loans made in connection with the same project.

(10) No such assistance shall be extended unless there shall be submitted to and approved by the Secretary an overall program for the economic development of the area and a finding by the State, or any agency, instrumentality, or local political subdivision thereof, that the project for which financial assistance is sought is consistent with such program: Provided, That nothing in this Act shall authorize financial assistance for any project prohibited by laws of the State or local political subdivision in which the project would be located.

LOANS FOR PUBLIC FACILITIES

Conditions for

Limitation.

Sec. 7. (a) Upon the application of any State, or political subdivision thereof, Indian tribe, or private or public nonprofit organization or association representing any redevelopment area or part thereof, the Secretary is authorized to make loans to assist in financing the purchase or development of land for public facility usage, and the construction, rehabilitation, alteration, expansion, or improvement of public facilities, within a redevelopment area, if he finds that

(1) the project for which financial assistance is sought will tend to improve the opportunities, in the redevelopment area where such project is or will be located, for the successful establishment or expansion of industrial or commercial plants or facilities which will provide more than a temporary alleviation of unemployment or underemployment in such area;

(2) the funds requested for such project are not otherwise

available on reasonable terms;

(3) the amount of the loan plus the amount of other available funds for such project are adequate to insure the completion thereof;

(4) there is a reasonable expectation of repayment; and

(5) such area has an approved economic development program as provided in section 6(b) (10) and the project for which financial assistance is sought is consistent with such program.

(b) Subject to section 12(5), the maturity date of any such loan shall be not later than forty years after the date such loan is made. Any such loan shall bear interest at a rate equal to the rate of interest paid by the Secretary on funds obtained from the Secretary of the Treasury as provided in section 9(a) of this Act, plus one-quarter of 1 per centum per annum.

(c) The total amount of loans outstanding at any one time under

this section shall not exceed \$100,000,000.

(d) No financial assistance shall be extended under this section with respect to any public facility which would compete with an existing privately owned public utility rendering a service to the public at rates or charges subject to regulation by a State regulatory body, unless the State regulatory body determines that in the area to be served by the public facility for which the financial assistance is to be extended there is a need for an increase in such service (taking into consideration reasonably foreseeable future needs) which the existing public utility is not able to meet through its existing facilities or through an expansion which it agrees to undertake.

GRANTS FOR PUBLIC FACILITIES

Sec. 8. (a) Upon the application of any State, or political subdivision thereof, Indian tribe, or private or public nonprofit organization or association representing any redevelopment area or part thereof, the Secretary is authorized to make grants for land acquisition or development for public facility usage, and the construction, rehabilitation, alteration, expansion, or improvement of public facilities, within a redevelopment area, if he finds that—

(1) the project for which financial assistance is sought will tend to improve the opportunities, in the redevelopment area where such project is or will be located, for the successful establishment or expansion of industrial or commercial plants or facilities which will provide more than a temporary alleviation of

unemployment or underemployment in such area;

(2) the entity requesting the grant proposes to contribute to the cost of the project for which such grant is requested in propor-

tion to its ability so to contribute;

(3) the project for which a grant is requested will fulfill a pressing need of the area, or part thereof, in which it is, or will be, located, and there is little probability that such project can be undertaken without the assistance of a grant under this section; and

(4) the area for which a project is to be undertaken has an approved economic development program as provided in section 6(b) (10) and such project is consistent with such program.

The amount of any grant under this section for any such project shall not exceed the difference between the funds which can be practicably obtained from other sources (including a loan under section 7 of this Act) for such project, and the amount which is necessary to insure the completion thereof.

(b) The Secretary shall by regulation provide for the supervision of projects with respect to which grants are made under this section

so as to insure that Federal funds are not wasted or dissipated.

(c) No financial assistance shall be extended under this section with respect to any public facility which would compete with an existing privately owned public utility rendering a service to the public at rates or charges subject to regulation by a State regulatory body, unless the State regulatory body determines that in the area to be served by the public facility for which the financial assistance is to be extended there is a need for an increase in such service (taking into consideration reasonably foreseeable future needs) which the existing public utility is not able to meet through its existing facilities or through an expansion which it agrees to undertake.

(d) There is hereby authorized to be appropriated not to exceed \$75,000,000 for the purpose of making grants under this section.

Sec. 9. (a) To obtain funds for the purpose of extending financial assistance under sections 6 and 7, the Secretary may, with the approval of the President, issue and have outstanding at any one time notes and obligations for purchase by the Secretary of the Treasury in an amount not to exceed \$300,000,000. Such notes or other obligations shall be in such forms and denominations, have such maturities, and be subject to such terms and conditions as may be prescribed by the Secretary with the approval of the Secretary of the Treasury. Any such notes or other obligations which are issued by the Secretary to raise funds for financial assistance under section 6 shall bear interest at a rate determined by the Secretary of the Treasury, but such rate shall not be greater than the current average yields on outstanding marketable obligations of the United States of comparable maturities as of the last day of the month preceding the issuance of such notes or other obligations. Any such notes or other obligations which are issued by the Secretary to raise funds for financial assistance under section 7 shall bear interest at a rate determined by the Secretary of the Treasury which shall be not more than the higher of (1) 21/2 per centum per annum, or (2) the average annual interest rate on all interest-bearing obligations of the United States then forming a part of the public debt as computed at the end of the fiscal year next preceding the issuance by the Secretary and adjusted to the nearest one-eighth of 1 per centum. The Secretary of the Treasury is authorized and directed to purchase any notes and other obligations issued under this section and for such purpose is authorized to use as a public debt transaction the proceeds from the sale of any securities issued under the Second Liberty Bond Act, as amended, and the purposes for which securities may be issued under such Act are extended to include any purchase of such notes and other obligations. The Secretary of the Treasury may at any time sell any of the notes or other obligations acquired by him under this section. All redemptions, purchases, and sales by the Secretary of the Treasury of such notes or other obligations shall be treated in every respect as public debt transactions of the United States.

(c) The fund shall contribute to the civil service retirement and disability fund a sum as provided by section 4(a) of the Civil Service Retirement Act (5 U.S.C. 2254(a)), except that such sum shall be determined by applying to the total basic salaries (as defined in that Act) paid to employees performing activities authorized under sections 6 and 7 of this Act and covered by that Act the per centum rate determined annually by the Civil Service Commission to be the excess of the total normal cost per centum rate of the civil service retirement system over the employee deduction rate specified in such section 4(a). The fund shall also pay into the Treasury as miscellaneous receipts that portion of the cost of administration of the civil service retirement and disability fund attributable to employees performing activi-

Government Corporation Control Act, as amended; and

Sec. 10. The Secretary shall aid redevelopment areas and other areas by furnishing to interested individuals, communities, industries, and enterprises within such areas any assistance, technical information, market research, or other forms of assistance, information, or advice which are obtainable from the various departments, agencies, and instrumentalities of the Federal Government and which would be useful in alleviating or preventing conditions of excessive unemployment or underemployment within such areas. The Secretary shall furnish the procurement divisions of the various departments, agencies, and other instrumentalities of the Federal Government with a list containing the names and addresses of business firms which are located in redevelopment areas and which are desirous of obtaining Government contracts for the furnishing of supplies or services, and designating the supplies and services such firms are engaged in providing.

Such assistance shall include studies evaluating the needs of, and developing potentialities for, economic growth of such areas. Such assistance may be provided by the Secretary through members of his staff or through the employment of private individuals, partnerships, firms, corporations, or suitable institutions, under contracts entered into for such purposes. TERMINATION OF ELIGIBILITY FOR FURTHER ASSISTANCE

Sec. 13. Whenever the Secretary shall determine that employment conditions within any area previously designated by him as a redevelopment area have changed to such an extent that such area is no longer eligible for such designation under section 5 of this Act, no further assistance shall be granted under this Act with respect to such area and, for the purposes of this Act, such area shall not be considered a redevelopment area: Provided, That nothing contained herein shall (1) prevent any such area from again being designated a redevelopment area under section 5 of this Act if the Secretary determines it to be eligible under such section, or (2) affect the validity of any contracts or undertakings with respect to such area which were entered into pursuant to this Act prior to a determination by the Secretary that such area no longer qualifies as a redevelopment area. OCCUPATIONAL TRAINING

Sec. 16. (a) The Secretary of Labor is authorized, upon request and whenever he determines such studies are needed, to undertake, or to provide assistance to others for, studies of the size, characteristics, skills, adaptability, occupational potentialities, and related aspects of the labor force of any redevelopment area.

(b) When a redevelopment area has an approved economic development program as provided in section 6(b) (10), the Secretary of Labor, in consultation with the Secretary and the Secretary of Agriculture, shall determine the occupational training or retraining needs of unemployed and underemployed individuals residing in the redevelopment area. The Secretary of Labor shall notify the Secretary of Health, Education, and Welfare of the occupational training or retraining requirements of the area, and shall provide for the orderly selection and referral of those unemployed or underemployed individuals residing in the area who can reasonably be expected to obtain employment as a result of the skill they will acquire in the training which is to be made available. The Secretary of Labor shall cooperate with the Secretary of Health, Education, and Welfare and with existing State and local agencies and officials in charge of existing programs relating to vocational training and retraining for the purpose of assuring that the facilities and services of such agencies are made fully available to such individuals.

(c) Whenever the Secretary of Labor finds that additional facilities or services are needed in the area to meet the occupational training or retraining needs of such individuals, he shall so advise the Secretary of Health, Education, and Welfare. The Secretary of Health, Education, and Welfare shall provide assistance, including financial assistance when necessary, to the appropriate State vocational educational agency in the provision of such additional facilities or services. If the Secretary of Health, Education, and Welfare finds that the State vocational educational agency is unable to provide the facilities and services needed, he may, after consultation with such agency, provide for the same by agreement or contract with public or

private educational institutions.

(d) The Secretary of Labor shall arrange to provide any necessary assistance for setting up apprenticeships, and to promote journeyman and other on-the-job training.

(e) There are hereby authorized to be appropriated such sums, not in excess of \$4,500,000 annually, as may be necessary to carry out the

provisions of this section.

(a) The Secretary of Labor in consultation with the Secretary and the Secretary of Agriculture may, on behalf of the United States, enter into agreements with States in which redevelopment areas are located, under which the Secretary of Labor shall make payments to such States either in advance or by way of reimbursement for the purpose of enabling such States, as agents of the United States, to make weekly retraining payments to unemployed or underemployed individuals residing within such redevelopment areas who are certified by the Secretary of Labor to be undergoing occupational training or retraining under section 16 of this Act. Such payments shall be made only for the period the individual is receiving occupational training or retraining under section 16 of this Act, but not in any event to exceed

making such payments.

(b) No weekly retraining payment shall be made to any person otherwise eligible who, with respect to the week for which such payment would be made, has received or is seeking unemployment compensation under title XV of the Social Security Act or any other Federal or any State unemployment compensation law, but if the appropriate State or Federal agency finally determines that a person denied benefits for any week because of this subsection was not entitled to unemployment compensation under title XV of the Social Security Act or such Federal or State law with respect to such week, this subsection shall not apply with respect to such week.

(c) Any agreement under this section may contain provisions (including, so far as may be appropriate, provisions authorized or made applicable with respect to agreements concluded by the Secretary of Labor pursuant to title XV of the Social Security Act) as will promote effective administration, protect the United States against loss, and insure the proper application of payments made to the State under such agreement. Except as may be provided in such agreements, or in the rules and regulations prescribed pursuant to subsection (d) of this section, determinations by any duly designated officer or agency as to the eligibility of individuals for weekly retraining payments under this section shall be final and conclusive for any purposes and not subject to review by any court or any other officer.

(d) The Secretary of Labor and the Secretary shall jointly prescribe such rules and regulations as they may deem necessary to carry

GENERAL PROVISIONS

SEC. 601. The Secretary of each military department may proceed to establish or develop installations and facilities under this Act without regard to sections 3648 and 3734 of the Revised Statutes, as amended (31 U.S.C. 529; 40 U.S.C. 259, 267), and sections 4774(d) and 9774(d) of title 10, United States Code. The authority to place permanent or temporary improvements on land includes authority for surveys, administration, overhead, planning, and supervision incident to construction. That authority may be exercised before title to the land is approved under section 355 of the Revised Statutes, as amended (40 U.S.C. 255), and even though the land is held temporarily. The authority to acquire real estate or land includes authority to make surveys and to acquire land, and interests in land (including temporary use), by gift, purchase, exchange of Government-owned land, or otherwise.

Sec. 602. There are authorized to be appropriated such sums as may be necessary for the purposes of this Act, but appropriations for public works projects authorized by titles I, II, III, IV, and V shall not exceed—

However, the total costs of all projects in each such title may not be more than the total amount authorized to be appropriated for projects in that title.

Sec. 604. Whenever—

(1) the President determines that compliance with section 2313(b) of title 10, United States Code, for contracts made under this Act for the establishment or development of military installations and facilities in foreign countries would interfere with the carrying out of this Act; and

"(q) (1) If the first month for which an individual is entitled to an old-age, wife's, or husband's insurance benefit is a month before the month in which such individual attains age 65, the amount of such benefit for each month shall, subject to the succeeding paragraphs of this subsection, be reduced by—

"(A) % of 1 percent of such amount if such benefit is an oldage insurance benefit, or ²⁵%₆ of 1 percent of such amount if such benefit is a wife's or husband's insurance benefit; multiplied by

"(B) (i) the number of months in the reduction period for such benefit (determined under paragraph (5)), if such benefit is for a month before the month in which such individual attains age 65, or

"(ii) the number of months in the adjusted reduction period for such benefit (determined under paragraph (6)), if such benefit is for the month in which such individual attains age 65 or for any other month thereafter. "(2) (A) If the first month for which an individual both is entitled to a wife's or husband's insurance benefit and has attained age 62 is a month for which such individual is also entitled to—

"(i) an old-age insurance benefit (to which such individual was

first entitled for a month before he attains age 65), or

"(ii) a disability insurance benefit, then in lieu of any reduction under paragraph (1) (but subject to the succeeding paragraphs of this subsection) such wife's or husband's insurance benefit for each month shall be reduced as provided in subparagraph (B), (C), or (D).

"(B) For any month for which such individual is entitled to an old-age insurance benefit, such individual's wife's or husband's insur-

ance benefit shall be reduced by the sum of-

"(i) the amount by which such old-age insurance benefit is

reduced under paragraph (1), and

"(ii) the amount by which such wife's or husband's insurance benefit would be reduced under paragraph (1) if it were equal to the excess of such wife's or husband's insurance benefit (before reduction under this subsection) over such old-age insurance benefit (before reduction under this subsection).

"(C) For any month for which such individual is entitled to a disability insurance benefit, such individual's wife's or husband's insurance benefit shall be reduced by the amount by which such benefit would be reduced under paragraph (1) if it were equal to the excess of such benefit (before reduction under this subsection) over such disability insurance benefit.

"(Ď) For any month for which such individual is entitled neither to an old-age insurance benefit nor to a disability insurance benefit, such individual's wife's or husband's insurance benefit shall be reduced by the amount by which it would be reduced under parameter (1).

For purposes of determining the amount of the reduction under paragraph (1) or (2) in any such increase, the reduction period and the adjusted reduction period shall be determined as if such increase were a separate benefit to which such individual was entitled for and after the first month for which such increase is effective.

"(4) (A) No wife's insurance benefit shall be reduced under this

subsection—

son entitled to child's insurance benefits.

"(B) Any certificate described in subparagraph (A) (i) shall be effective for purposes of this subsection (and for purposes of preventing deductions under section 203(c)(2))

except that such certificate shall not be effective for any month before the month in which she attains age 62, nor shall it be effective for any

month to which subparagraph (A) (ii) applies.

"(C) If a woman does not have in her care a child described in subparagraph (A) (ii) in the first month for which she is entitled to a wife's insurance benefit, and if such first month is a month before the month in which she attains age 65, she shall be deemed to have filed in such first month the certificate described in subparagraph (A) (i).

"(5) For purposes of this subsection, the 'reduction period' for an individual's old-age, wife's, or husband's insurance benefit is the

"(ii) in the case of a wife's insurance benefit, with the first day of the first month for which a certificate described in paragraph (4) (A) (i) is effective, and

"(B) ending with the last day of the month before the month

in which such individual attains age 65.

"(6) For purposes of this subsection, the 'adjusted reduction period' "Adjusted reduction period." for an individual's old-age, wife's, or husband's insurance benefit is the reduction period prescribed by paragraph (5) for such benefit, excluding from such period-

"(A) any month in which such benefit was subject to deductions under section 203(b), 203(c) (1), 203(d) (1), or 222(b),

(d) Section 304(a) of such Act is amended by inserting "(1)" before "To carry out", and by adding at the end thereof the following new paragraph:

"(2) In the further interest of assuring sound operation, any loan made by the Association in its secondary market operations under

this section, and any extension or renewal thereof, shall not exceed 80 per centum of the unpaid principal balances of the mortgages securing the loan, and shall bear interest at a rate consistent with general loan policies established from time to time by the Association's board of directors. Any such loan shall mature in not more than twelve months and the term of any extension or renewal shall not exceed twelve months. The volume of the Association's lending activities and the establishment of its loan ratios, interest rates, maturities, and charges or fees, in its secondary market operations under this section, should be determined by the Association from time to time; and such determinations, in conjunction with determinations made under paragraph (1), should be consistent with the objectives that the lending activities should be conducted on such terms as will reasonably prevent excessive use of the Association's facilities, and that the operations of the Association under this section should be within its income derived from such operations and that such operations should be fully self-supporting. Notwithstanding any Federal, State, or other law to the contrary, the Association is hereby empowered, in connection with any loan under this section, whether before or after any default, to provide by contract with the borrower for the settlement or extinguishment, upon default, of any redemption, equitable, legal, or other right, title, or interest of the borrower in any mortgage or mortgages that constitute the security for the loan; and with respect to any such loan, in the event of default and pursuant otherwise to the terms of the contract, the mortgages that constitute such security shall become the absolute property of the Association."

12 USC 1715v.

TITLE VII—OPEN SPACE LAND

FINDINGS AND PURPOSE

Sec. 701. (a) The Congress finds that a combination of economic, social, governmental, and technological forces have caused a rapid expansion of the Nation's urban areas, which has created critical problems of service and finance for all levels of government and which, combined with a rapid population growth in such areas, threatens severe problems of urban and suburban living, including the loss of

valuable open-space land in such areas, for the preponderant majority

of the Nation's present and future population.

(b) It is the purpose of this title to help curb urban sprawl and prevent the spread of urban blight and deterioration, to encourage more economic and desirable urban development, and to help provide necessary recreational, conservation, and scenic areas by assisting State and local governments in taking prompt action to preserve open-space land which is essential to the proper long-range development and welfare of the Nation's urban areas, in accordance with plans for the allocation of such land for open-space purposes.

FEDERAL GRANTS

SEC. 702. (a) In order to encourage and assist in the timely acquisition of land to be used as permanent open-space land, as defined herein, the Housing and Home Finance Administrator (hereinafter referred to as the "Administrator") is authorized to enter into contracts to make grants to States and local public bodies acceptable to the Administrator as capable of carrying out the provisions of this title to help finance the acquisition of title to, or other permanent interests in, such land. The amount of any such grant shall not exceed 20 per centum of the total cost, as approved by the Administrator, of acquiring such interests: Provided, That this limitation may be increased to not to exceed 30 per centum in the case of a grant extended to a public body which (1) exercises responsibilities consistent with the purposes of this title for an urban area as a whole, or (2) exercises or participates in the exercise of such responsibilities for all or a substantial portion of an urban area pursuant to an interstate or other intergovernmental compact or agreement. The faith of the United States is pledged to the payment of all grants contracted for under this title.

Limitation,

Appropriation.

(b) The Administrator may enter into contracts to make grants under this title aggregating not to exceed \$50,000,000. There are hereby authorized to be appropriated, out of any moneys in the Treasury not otherwise appropriated, the amounts necessary to provide for the payment of such grants as well as to carry out all other purposes of this title.

Restrictions.

(c) No grants under this title shall be used to defray development costs or ordinary State or local governmental expenses, or to help finance the acquisition by a public body of land located outside the urban area for which it exercises (or participates in the exercise of) responsibilities consistent with the purpose of this title.

(d) The Administrator may set such further terms and conditions for assistance under this title as he determines to be desirable.

Review of applications.

(e) The Administrator shall consult with the Secretary of the Interior on the general policies to be followed in reviewing applications for grants. To assist the Administrator in such review, the Secretary of the Interior shall furnish him appropriate information on the status of recreational planning for the areas to be served by the open-space land acquired with the grants. The Administrator shall provide current information to the Secretary from time to time on significant program developments.

PLANNING REQUIREMENTS

SEC. 703. (a) The Administrator shall enter into contracts to make grants for the acquisition of land under this title only if he finds that (1) the proposed use of the land for permanent open space is important to the execution of a comprehensive plan for the urban area meeting criteria he has established for such plans, and (2) a program of

comprehensive planning (as defined in section 701(d) of the Housing

Act of 1954) is being actively carried on for the urban area.

(b) In extending financial assistance under this title, the Administrator shall take such action as he deems appropriate to assure that local governing bodies are preserving a maximum of open-space land, with a minimum of cost, through the use of existing public land; the use of special tax, zoning, and subdivision provisions; and the continuation of appropriate private use of open-space land through acquisition and leaseback, the acquisition of restrictive easements, and other available means.

73 Stat. 678. 40 USC 461.

CONVERSIONS TO OTHER USES

Sec. 704. No open-space land for which a grant has been made under this title shall, without the approval of the Administrator, be converted to uses other than those originally approved by him. The Administrator shall approve no conversion of land from openspace use unless he finds that such conversion is essential to the orderly development and growth of the urban area involved and is in accord with the then applicable comprehensive plan, meeting criteria established by him. The Administrator shall approve any such conversion only upon such conditions as he deems necessary to assure the substitution of other open-space land of at least equal fair market value and of as nearly as feasible equivalent usefulness and location.

TECHNICAL ASSISTANCE, STUDIES, AND PUBLICATION OF INFORMATION

Sec. 705. In order to carry out the purpose of this title the Administrator is authorized to provide technical assistance to State and local public bodies and to undertake such studies and publish such information, either directly or by contract, as he shall determine to be desirable. There are hereby authorized to be appropriated, out of any moneys in the Treasury not otherwise appropriated, such amounts as may be necessary to provide for such assistance, studies, and publication. Nothing contained in this section shall limit any authority of the Administrator under any other provision of law.

JOINT RESOLUTION

Providing for the apportionment to the Commonwealth of Massachusetts of its share of funds authorized for the National System of Interstate and Defense Highways for the fiscal year ending June 30, 1963.

Whereas the Commonwealth of Massachusetts by Act of its Legislature, approved May 25, 1961, (Chapter 523, Massachusetts Acts of 1961) has amended its laws relative to the gross weight load of certain motor vehicles operated on the highways of the Commonwealth including routes on the Interstate System; and

Whereas such amendment, the effect of which would increase the maximum load permitted to be carried on the axles of such vehicles substantially above that legally permitted by State law on July 1, 1956, was enacted and approved without full knowledge of the conflict of such amendment with the provisions of section 127 of title

23. United States Code; and

Whereas section 127 of title 23, United States Code, provides that no funds authorized to be appropriated for the Interstate System for any fiscal year shall be apportioned to any State within the boundaries of which the Interstate System may lawfully be used by vehicles in excess of certain specified weights and dimensions, unless such vehicles could be so lawfully operated within such State on July 1, 1956, and that any funds withheld under these provisions shall lapse; and

Whereas the amendment to the Massachusetts laws approved May 25, 1961, has the effect of exceeding the maximum weight limitations of

section 127 of title 23, United States Code; and

Whereas the withholding from apportionment and consequent lapsing of funds for the Interstate System for the fiscal year 1963 would cause undue hardship to the Commonwealth of Massachusetts, and inasmuch as its legislature, having adjourned, does not have reasonable opportunity to enact corrective legislation in sufficient time to prevent such lapse of funds since the apportionment for the fiscal year 1963 is expected to be made by the Secretary of Commerce in the near future: Therefore be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That notwithstanding section 127 of title 23 of the United States Code, the Secretary of Com- funds. 72 Stat. 902. merce shall apportion to the Commonwealth of Massachusetts its share of funds authorized to be appropriated for the National System of Interstate and Defense Highways for the fiscal year ending June 30, 1963. Such apportionment shall be made in accordance with section 104(b)(5) of title 23 of the United States Code and shall be Stat. 525. subject to the condition that the funds so apportioned shall not be obligated or otherwise expended by such Commonwealth so long as the vehicle weight and width limitations established by the law of such Commonwealth exceed such limitations contained in section 127 of title 23 of the United States Code. If on March 15, 1962, the vehicle weight and width limitations established by the law of such Commonwealth exceed such limitations contained in section 127 of title 23 of the United States Code, then funds apportioned to such Commonwealth under this joint resolution shall lapse. Income taxes.

Membership organizations.

68A Stat. 152.
26 USC 451 et

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That (a) subpart B of part II of subchapter E of chapter 1 of the Internal Revenue Code of 1954 (relating to taxable years for which items of gross income are included) is amended by adding at the end thereof the following new section:

"SEC. 456. PREPAID DUES INCOME OF CERTAIN MEMBERSHIP OR-GANIZATIONS.

"(a) YEAR IN WHICH INCLUDED.—Prepaid dues income to which this section applies shall be included in gross income for the taxable years during which the liability described in subsection (e) (2) exists.

"(b) WHERE TAXPAYER'S LIABILITY CEASES.—In the case of any

prepaid dues income to which this section applies-

"(1) If the liability described in subsection (e) (2) ends, then so much of such income as was not includible in gross income under subsection (a) for preceding taxable years shall be included in gross income for the taxable year in which the liability ends.

"(2) If the taxpayer ceases to exist, then so much of such income as was not includible in gross income under subsection (a) for preceding taxable years shall be included in gross income for the taxable year in which such cessation of existence occurs.

"(c) Prepaid Dues Income to Which This Section Applies—
"(1) Election of benefits.—This section shall apply to prepaid dues income if and only if the taxpayer makes an election under this section with respect to the trade or business in connection with which such income is received. The election shall be made in such manner as the Secretary or his delegate may by regulations prescribe. No election may be made with respect to a trade or business if in computing taxable income the cash receipts and disbursements method of accounting is used with respect to such trade or business.

"(2) Scope of election.—An election made under this section shall apply to all prepaid dues income received in connection with the trade or business with respect to which the taxpayer has made the election; except that the taxpayer may, to the extent permitted under regulations prescribed by the Secretary or his delegate, include in gross income for the taxable year of receipt the entire amount of any prepaid dues income if the liability from which it arose is to end within 12 months after the date of receipt. Except as provided in subsection (d), an election made under this section shall not apply to any prepaid dues income received before the first taxable year for which the election is made.

"(3) WHEN ELECTION MAY BE MADE.—

"(B) WITHOUT CONSENT.—A taxpayer may, without the consent of the Secretary or his delegate, make an election under this section for its first taxable year (i) which begins after December 31, 1960, and (ii) in which it receives pre-

paid dues income in the trade or business. Such election shall be made not later than the time prescribed by law for filing the return for the taxable year (including extensions thereof) with respect to which such election is made.

"(4) Period to which election applies.—An election under this section shall be effective for the taxable year with respect to which it is first made and for all subsequent taxable years, unless the taxpayer secures the consent of the Secretary or his delegate to the revocation of such election. For purposes of this title, the computation of taxable income under an election made under this section shall be treated as a method of accounting.

"(d) Transitional Rule.—

"(1) Amount includible in gross income for election with respect to prepaid dues income, such taxpayer shall include in gross income, for each taxable year to which such election applies, not only that portion of prepaid dues income received in such year otherwise includible in gross income for such year under this section, but shall also include in gross income for such year an additional amount equal to the amount of prepaid dues income received in the 3 taxable years preceding the first taxable year to which such election applies which would have been included in gross income in the taxable year had the election been effective 3 years earlier.

"(2) Deductions of amounts included in income more than once.—A taxpayer who makes an election with respect to prepaid dues income, and who includes in gross income for any taxable year to which the election applies an additional amount computed under paragraph (1), shall be permitted to deduct, for such taxable year and for each of the 4 succeeding taxable years, an amount equal to one-fifth of such additional amount, but only to the extent that such additional amount was also included in the taxpayer's gross income during any of the 3 taxable years preceding the first taxable year to which such election applies.

"(e) Definitions.—For purposes of this section—

"(1) Prepaid dues income.—The term 'prepaid dues income' means any amount (includible in gross income) which is received by a membership organization in connection with, and is directly attributable to, a liability to render services or make available membership privileges over a period of time which extends beyond the close of the taxable year in which such amount is received.

"(2) Liability.—The term 'liability' means a liability to render services or make available membership privileges over a period of time which does not exceed 36 months, which liability shall be deemed to exist ratably over the period of time that such services are required to be rendered, or that such membership privileges are required to be made available.

organization-

"(A) organized without capital stock of any kind, and "(B) no part of the net earnings of which is distributable to any member.

"(4) RECEIPT OF PREPAID DUES INCOME.—Prepaid dues income shall be treated as received during the taxable year for which it is includible in gross income under section 451 (without regard to this section)."

(b) Such notice referred to in subsection (a) of this section shall contain a detailed description of the boundaries of the seashore which shall encompass an area as nearly as practicable identical to the area described in section 1 of this Act. The Secretary shall forthwith after the date of publication of such notice in the Federal Register (1) send a copy of such notice, together with a map showing such boundaries, by registered or certified mail to the Governor of the Commonwealth of Massachusetts and to the board of selectmen of each of the towns referred to in section 1 of this Act; (2) cause a copy of such notice and map to be published in one or more newspapers which circulate in each of such towns; and (3) cause a certified copy of such notice, a copy of such map, and a copy of this Act to be recorded at the registry of deeds for Barnstable County, Massachusetts.

Sec. 4. (a) (1) The beneficial owner or owners, not being a corporation, of a freehold interest in improved property which the Secretary acquires by condemnation may elect, as a condition to such acquisition, to retain the right of use and occupancy of the said property for noncommercial residential purposes for a term of twenty-five years, or for such lesser time as the said owner or owners may elect at the time of such acquisition.

(2) The beneficial owner or owners, not being a corporation, of a freehold estate in improved property which property the Secretary acquires by condemnation, who held, on September 1, 1959, with respect to such property, an estate of the same nature and quality, may elect, as an alternative and not in addition to whatever right of election he or they might have under paragraph (1) of this subsection, to retain the right of use and occupancy of the said property for noncommercial residential purposes (i) for a term limited by the nature and quality of his or their said estate, if his or their said estate is a life estate or an estate pur auter vie, or (ii) for a term ending at the death of such owner or owners, or at the death of the survivor of them, if his or their said estate is an estate of fee simple.

(4) The beneficial owner or owners of a term of years in improved property which the Secretary acquires by condemnation may elect, as a condition to such acquisition, to retain the right of use and occupancy of the said property for noncommercial residential purposes for a term not to exceed the remainder of his or their said term of years, or a term of twenty-five years, whichever shall be the lesser. The owner or owners of the freehold estate or estates in such property may, subject to the right provided for in the preceding sentence, exercise such right or rights of election as remain to them under paragraphs (1) and (2) of this subsection.

(5) No right of election accorded by paragraphs (1), (2), or (4) of this subsection shall be exercised to impair substantially the interests of holders of encumbrances, liens, assessments, or other charges upon

or against the property.

(6) Any right or rights of use and occupancy retained pursuant to paragraphs (1), (2), and (4) of this subsection shall be held to run

with the land, and may be freely transferred and assigned.

(7) In any case where a right of use and occupancy for life or for a fixed term of years is retained as provided in paragraph (1), (2), or (4) of this subsection, the compensation paid by the Secretary for the property shall not exceed the fair market value of the property on the date of its acquisition by the Secretary, less the fair market

value on such date of the said right retained.

(8) The Secretary shall have authority to terminate any right of use and occupancy of property, retained as provided in paragraph (1), (2), or (4) of this subsection, at any time after the date when any use occurs with respect to such property which fails to conform or is in any manner opposed to or inconsistent with any applicable standard contained in regulations issued pursuant to section 5 of this Act and in effect on said date: Provided, That no use which is in conformity with the provisions of a zoning bylaw approved in accordance with said section 5 which is in force and applicable to such property shall be held to fail to conform or be opposed to or inconsistent with any such standard. In the event that the Secretary exercises the authority conferred by this paragraph, he shall pay to the owner of the right so terminated an amount equal to the fair market value of the portion of said right which remained on the date of termination.

(b) (1) The Secretary's authority to acquire property by condemnation shall be suspended with respect to all improved property located within such area in all of the towns referred to in section 1 of this

Act for one year following the date of its enactment.

(2) Thereafter such authority shall be suspended with respect to all improved property located within such area in any one of such towns during all times when such town shall have in force and applicable to such property a duly adopted, valid zoning bylaw approved by the Secretary in accordance with the provisions of section 5 of this Act.

(c) The Secretary's authority to acquire property by condemnation shall be suspended with respect to any particular property which is used for commercial or industrial purposes during any periods when such use is permitted by the Secretary and during the pendency of the first application for such permission made to the Secretary after

(d) The term "improved property," wherever used in this Act, shall mean a detached, one-family dwelling the construction of which was begun before September 1, 1959 (hereinafter referred to as "dwelling"), together with so much of the land on which the dwelling is situated, the said land being in the same ownership as the dwelling, as the Secretary shall designate to be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, together with any structures accessory to the dwelling which are situated on the land so designated. The amount of the land so designated shall in every case be at least three acres in area, or all of such lesser amount as may be held in the same ownership as the dwelling, and in making such designation the Secretary shall take into account the manner of noncommercial residential use in which the dwelling and land have customarily been enjoyed: Provided, however, That the Secretary may exclude from the land so designated any beach or waters, together with so much of the land adjoining such beach or waters as the Secretary may deem necessary for public access thereto.

(e) Nothing in this section or elsewhere in this Act shall be construed to prohibit the use of condemnation as a means of acquiring a clear and marketable title, free of any and all encumbrances.

Sec. 5. (a) As soon after the enactment of this Act as may be practicable, the Secretary shall issue regulations specifying standards for approval by him of zoning bylaws for purposes of section 4 of this Act. The Secretary may issue amended regulations specifying standards for approval by him of zoning bylaws whenever he shall consider such amended regulations to be desirable due to changed or unforeseen conditions.

Submission to Congress.

Issuance of reg-

All regulations and amended regulations proposed to be issued under authority of the two preceding sentences of this subsection shall be submitted to the Congress and to the towns named in section 1 of this Act at least ninety calendar days (which ninety days, however, shall not include days on which either the House of Representatives or the Senate is not in session because of an adjournment of more than three calendar days to a day certain) before they become effective and the Secretary shall, before promulgating any such proposed regulations or amended regulations in final form, take due account of any suggestions for their modification which he may receive during said ninety-day period. All such regulations and amended regulations shall, both in their proposed form and in their final form, be published in the Federal Register.

F. R.

Zoning bylaws. Approval. The Secretary shall approve any zoning bylaw and any amendment to any approved zoning bylaws submitted to him which conforms to the standards contained in the regulations in effect at the time of the adoption by the town of such bylaw or such amendment unless before the time of adoption he has submitted to the Congress and the towns and published in the Federal Register as aforesaid proposed amended regulations with which the bylaw or amendment would not be in conformity, in which case he may withhold his approval pending completion of the review and final publication provided for in this subsection and shall thereafter approve the bylaw or amendment only if it is in conformity with the amended regulations in their final form. Such approval shall not be withdrawn or revoked, nor shall its effect be altered for purposes of section 4 of this Act by issuance of any such amended regulations after the date of such approval, so long as such bylaw or such amendment remains in effect as approved.

(b) The standards specified in such regulations and amended regulations for approval of any zoning bylaw or zoning bylaw amendment shall contribute to the effect of (1) prohibiting the commercial and industrial use, other than any commercial or industrial use which is permitted by the Secretary, of all property within the boundaries of the seashore which is situated within the town adopting such bylaw; and (2) promoting the preservation and development, in accordance with the purposes of this Act, of the area comprising the seashore, by means of acreage, frontage, and setback requirements and other provisions which may be required by such regulations to be included in a zoning bylaw consistent with the laws of Massachusetts.

(c) No zoning bylaw or amendment of a zoning bylaw shall be approved by the Secretary which (1) contains any provision which he may consider adverse to the preservation and development, in accordance with the purposes of this Act, of the area comprising the seashore, or (2) fails to have the effect of providing that the Secretary shall receive notice of any variance granted under and any exception

made to the application of such bylaw or amendment.

(d) If any improved property with respect to which the Secretary's authority to acquire by condemnation has been suspended by reason of the adoption and approval, in accordance with the foregoing provisions of this section, of a zoning bylaw applicable to such property (hereinafter referred to as "such bylaw")—

(1) is made the subject of a variance under or an exception to such bylaw, which variance or exception fails to conform or is in any manner opposed to or inconsistent with any applicable standard contained in the regulations issued pursuant to this section and in effect at the time of the passage of such bylaw, or

(2) is property upon or with respect to which there occurs any use, commencing after the date of the publication by the Secretary of such regulations, which fails to conform or is in any manner opposed to or inconsistent with any applicable standard contained in such regulations (but no use which is in conformity with the provisions of such bylaw shall be held to fail to conformation of the standard of the stan

form or be opposed to or inconsistent with any such standard), the Secretary may, at any time and in his discretion, terminate the suspension of his authority to acquire such improved property by condemnation: *Provided*, *however*, That the Secretary may agree with the owner or owners of such property to refrain from the exercise of the said authority during such time and upon such terms and conditions as the Secretary may deem to be in the best interests of the development and preservation of the seashore.

Sec. 6. The Secretary shall furnish to any party in interest requesting the same, a certificate indicating, with respect to any property located within the seashore as to which the Secretary's authority to acquire such property by condemnation has been suspended in accordance with the provisions of this Act, that such authority has been so

suspended and the reasons therefor.

Sec. 7. (a) Except as otherwise provided in this Act, the property acquired by the Secretary under this Act shall be administered by the Secretary subject to the provisions of the Act entitled "An Act to establish a National Park Service, and for other purposes", approved August 25, 1916 (39 Stat. 535), as amended and supplemented, and in accordance with laws of general application relating to the national park system as defined by the Act of August 8, 1953 (67 Stat. 496); except that authority otherwise available to the Secretary for the conservation and management of natural resources may be utilized to the extent he finds such authority will further the purposes of this Act.

(b) (1) In order that the seashore shall be permanently preserved in its present state, no development or plan for the convenience of visitors shall be undertaken therein which would be incompatible with the preservation of the unique flora and fauna or the physiographic conditions now prevailing or with the preservation of such historic sites and structures as the Secretary may designate: Provided, That the Secretary may provide for the public enjoyment and understanding of the unique natural, historic, and scientific features of Cape Cod within the seashore by establishing such trails, observation points, and exhibits and providing such services as he may deem desirable for such public enjoyment and understanding: Provided further, That the Secretary may develop for appropriate public uses such portions of the seashore as he deems especially adaptable for camping, swimming, boating, sailing, hunting, fishing, the appreciation of historic sites and structures and natural features of Cape Cod, and other activities of similar nature.

The Secretary shall not interfere with navigation of waters within the boundaries of the Cape Cod National Seashore by such means and

in such areas as is now customary.

Sec. 8. (a) There is hereby established a Cape Cod National Seashore Advisory Commission (hereinafter referred to as the "Commis-Advisory Comsion"). Said Commission shall terminate ten years after the date the seashore is established under section 3 of this Act.

(b) The Commission shall be composed of ten members each appointed for a term of two years by the Secretary as follows:

(e) The Commission established by this section shall act and advise

by affirmative vote of a majority of the members thereof.

(f) The Secretary or his designee shall, from time to time, consult with the members of the Commission with respect to matters relating to the development of Cape Cod National Seashore and shall consult with the members with respect to carrying out the provisions of sections 4 and 5 of this Act.

(g) No permit for the commercial or industrial use of property located within the seashore shall be issued by the Secretary, nor shall any public use area for recreational activity be established by the Secretary within the seashore, without the advice of the Commission, if such advice is submitted within a reasonable time after it is sought.

(h) (1) Any member of the Advisory Commission appointed under this Act shall be exempted, with respect to such appointment, from the operation of sections 281, 283, 284, and 1914 of title 18 of the United States Code and section 190 of the Revised Statutes (5 U.S.C. 99) except as otherwise specified in subsection (2) of this

(2) The exemption granted by subsection (1) of this section shall

not extend-

(i) to the receipt or payment of salary in connection with the appointee's Government service from any sources other than the private employer of the appointee at the time of his appointment;

(ii) during the period of such appointment, and the further period of two years after the termination thereof, to the prosecution or participation in the prosecution, by any person so appointed, of any claim against the Government involving any matter concerning which the appointee had any responsibility arising out of his appointment during the period of such appointment.

Sec. 9. There are authorized to be appropriated such sums as may be necessary to carry out the provisions of this Act; except that no more than \$16,000,000 shall be appropriated for the acquisition of land and waters and improvements thereon, and interests therein, and incidental costs relating thereto, in accordance with the provisions of

this Act.

Subtitle A—Consultation on Agricultural Programs

Sec. 102. "(2) Notwithstanding any other provision of law, each old or new farm acreage allotment for the 1962 crop of wheat as determined on the basis of a minimum national acreage allotment of fifty-five million acres shall be reduced by 10 per centum. The farm marketing excess shall be an amount equal to twice the normal yield of wheat per acre established for the farm multiplied by the number of acres of such crop of wheat on the farm in excess of the farm acreage allotment for such crop unless the producer, in accordance with regulations prescribed by the Secretary and within the time prescribed therein, establishes to the satisfaction of the Secretary the actual production of such crop of wheat on the farm. If such actual production is so established, the farm marketing excess shall be such actual production less the actual production of the farm wheat acreage allotment based upon the average yield per acre for the entire 1962 wheat acreage on the farm: Provided, however, That the farm marketing excess shall not be larger than the amount by which the actual production, so established, exceeds the normal production of the farm wheat acreage allotment."

(f) Section 336 of the Agricultural Adjustment Act of 1938, as amended (7 U.S.C. 1336), is amended by adding at the end thereof the following: "Notwithstanding any other provision hereof, farmers who have not produced in excess of 13.5 acres of wheat in at least one of the years 1959, 1960, or 1961 shall not be entitled to vote in the referendum conducted with respect to the national marketing quota

SEC. 123. Price support for the 1962 crop of wheat shall be made available, as provided in section 101 of the Agricultural Act of 1949, as amended, except that price support shall be made available only to cooperators, only in the commercial wheat-producing area, and if marketing quotas are in effect for the 1962 crop of wheat, wheat of such crop shall be eligible for price support only if the producers on the farm on which the wheat is produced participate in the special 1962 wheat program formulated under section 124 to the extent prescribed by the Secretary.

(4) If the diversion of acreage is made pursuant to the provisions of (1)(i) of this subsection (a), the actual acreage of wheat planted on the farm for harvest in 1962 shall not exceed 90 per centum of the highest actual acreage of wheat planted on the farm for harvest in any of the years 1959, 1960, or 1961; and if the diversion of acreage is made pursuant to the provisions of (1)(ii) of this subsection (a), the farm shall be in compliance with the 1962 farm wheat acreage

allotment.

(b) (1) Upon compliance with the conditions prescribed in subsection (a) producers on the farm shall be entitled to payments which shall be made by Commodity Credit Corporation in cash or wheat equal to 45 per centum of the value, at the basic county support rate per bushel for No. 1 wheat of the 1961 crop for the county in which the farm is considered as being located for the administration of farm marketing quotas for wheat in effect at the time the payment rates for the 1962 special wheat program are established, adjusted to reflect changes between the national support rates for the 1961 and 1962 crops, of the number of bushels equal to the adjusted yield per acre of wheat for the farm, multiplied by the number of diverted acres other than acres devoted to castor beans, guar, safflower, sunflower, or sesame.

(2) The Secretary may make such adjustments in yields for the 1959 and 1960 crop years as he determines necessary to correct for abnormal factors affecting production, and to give due consideration to tillable acreage, crop rotation practices, type of soil, soil and water conservation measures, and topography. To the extent that a producer proves the actual yields for the farm for the 1959 and 1960 crop

years, such yields shall be used in making determinations.

(3) The Secretary shall provide by regulations for the sharing of payments among producers on the farm on a fair and equitable basis.

The medium of payment shall be determined by the Secretary. If payments are made in wheat, the value of the payments in cash shall be converted to wheat at the market price of wheat as determined by Commodity Credit Corporation. Wheat received as payment-in-kind may be marketed without penalty but shall not be eligible for price

support.

(c) (1) Producers who divert acreage on the farm under subsection (a) may divert additional acreage on the farm not in excess of the larger of three times the amount diverted under subsection (a) or such acreage as will bring the total acreage diverted to 10 acres: *Provided*, That the total acreage diverted under subsection (a) and this subsection (c) shall not exceed the larger of (i) the highest actual acreage of wheat planted on the farm for harvest for any of the years 1959, 1960, or 1961, but not to exceed 10 acres or (ii) the 1962 wheat acreage allotment.

(2) Payments shall be made with respect to the acreage diverted under this subsection (c) in accordance with the terms and conditions prescribed in subsection (a): Provided, That (i) 60 per centum shall be substituted for 45 per centum in computing the amount of the payment, (ii) the acreage diverted under this subsection (c) shall be added to and deemed to be acreage diverted under subsection (a) for the purposes of paragraphs (2) and (3) of subsection (a), and (iii) if the diversion under subsection (a) is made pursuant to (1) (i) of said subsection, the actual acreage planted to wheat for harvest on the farm in 1962, shall be reduced below the highest actual acreage of wheat planted on the farm for harvest in any of the years 1959, 1960, or 1961, by the total amount of acres diverted under subsection (a) and this subsection (c), or, if the diversion under subsection (a) is made pursuant to (1)(ii) of said subsection, the 1962 wheat acreage on the farm shall be reduced by the total amount of acres diverted under subsection (a) and this subsection (c) below whichever of the following acreages is the larger-

(A) the farm acreage allotment for the 1962 crop of wheat which would be in effect except for the reduction thereof as provided in section 334(c)(2) of the Agricultural Adjustment Act

of 1938, as amended;

(B) the highest actual acreage of wheat planted on the farm for harvest for any of the years 1959, 1960, or 1961, but not to

exceed fifteen acres.

(d) Any acreage diverted from the production of wheat to conservation uses for which payment is made under the program formulated pursuant to this section shall be in addition to any acreage diverted to conservation uses for which payment is made under any other Federal program except that the foregoing shall not preclude the making of cost-sharing payments under the agricultural conservation program or the Great Plains program for conservation practices carried out on any acreage devoted to soil-conserving uses under the program formulated pursuant to this section.

(e) The Secretary may provide for adjusting any payment on account of failure to comply with the terms and conditions of the

program formulated under this section.

(f) Not to exceed 50 per centum of any payment to producers under this section may be made in advance of determination of performance.

Ante, p. 296.

(g) The program formulated pursuant to this section may include such terms and conditions, in addition to those specifically provided for herein, as the Secretary determines are desirable to effectuate the

purposes of this section.

52 Stat. 31. 7 USC 1281.

(h) Wheat stored to avoid or postpone a marketing quota penalty under the Agricultural Adjustment Act of 1938, as amended and supplemented, shall not be released from storage for underplanting based upon acreage diverted under subsection (a) or (c) above, and in determining production of the 1962 crop of wheat for the purpose of releasing wheat from storage on account of underproduction the normal yield of the diverted acres shall be deemed to be actual production of 1962 wheat.

(i) The Secretary is authorized to promulgate such regulations as

may be necessary to carry out the provisions of this section.

(j) The Commodity Credit Corporation is authorized to utilize its capital funds and other assets for the purpose of making the payments authorized herein and to pay administrative expenses necessary in carrying out this section during the period ending June 30, 1962. There is authorized to be appropriated such amounts as may be necessary thereafter to pay such administrative expenses.

Sec. 125. Section 334(e) of the Agricultural Adjustment Act of 1938, as amended, relating to increased allotments for durum wheat,

is amended to read as follows:

"(e) If, with respect to any of the 1962, 1963, and 1964 crops of wheat, the Secretary determines that the acreage allotments of farms producing durum wheat are inadequate to provide for the production of a sufficient quantity of durum wheat to satisfy the demands therefor (but not including export demand involving a subsidy by, or a loss to, the Federal Government), he shall increase the farm marketing quotas and acreage allotments for such crop of wheat for farms located in counties in the States of North Dakota, Minnesota, Montana, South Dakota, and California, designated by the Secretary as counties which (1) are capable of producing durum wheat (class II), and (2) have produced such wheat for commercial food products during one or more of the five years immediately preceding the year in which such crop is harvested. The Secretary shall determine the percentage factor by which the average acreage of durum wheat (class II) produced during the last two-year period for which statistics are available (excluding any increases in durum wheat acreage as a result of increases in wheat acreage allotments authorized by this subsection) must be increased to satisfy such demand. The wheat acreage allotment for any farm established for such crop without regard to this subsection, after reduction in the case of the 1962 crop as required by section 334(c) (2), (hereinafter referred to as the 'original allotment') shall be increased by an acreage computed by multiplying the average acreage of durum wheat (class II) on the farm during such two-year period (excluding any increase in the acreage of durum wheat as a result of an increase in the wheat acreage allotment for the farm authorized by this subsection) by such percentage factor: Provided, That such increased allotment shall not exceed the cropland on the farm well suited to wheat. The increase in the wheat acreage allotment for any farm shall be conditioned upon the production of an acreage of durum wheat (class II) at least equal to the average acre-

age of such wheat produced during such two-year period plus the number of acres by which the allotment is increased. Any increases in wheat acreage allotments authorized by this subsection shall be in addition to the National, State, and county wheat acreage allotments, and such increases shall not be considered in establishing future State, county, and farm allotments. The provisions of paragraph (6) of Public Law 74, Seventy-seventh Congress (7 U.S.C. 1340(6)), and section 326(b) of this Act, relating to the reduction of the storage amount of wheat shall apply to the allotment for the farm established without regard to this subsection and not to the increased allotment under this subsection. As used in this subsection the term 'durum wheat' means durum wheat (class II) other than the varieties known as 'Golden Ball' and 'Peliss'. Any farm receiving an increased allotment under this subsection shall not be required as a condition of eligibility for price support, or permitted, to participate in the special 1962 wheat program formulated under section 124 of the Agricultural Act of 1961. The Secretary shall give growers and millers of durum wheat and manufacturers of semolina products an opportunity to present their views and recommendations, prior to making any determination hereunder."

SUBTITLE C-1962 FEED GRAIN PROGRAM

Sec. 131. Section 105(c) of the Agricultural Act of 1949 is amended

by adding the following new paragraphs (3) and (4):

"(3) The level of price support for the 1962 crop of corn shall be established by the Secretary at such level not less than 65 per centum of the parity price therefor as the Secretary may determine. Price support for corn, grain sorghums, and barley shall be made available on not to exceed the normal production of the 1962 acreage of corn, grain sorghums, and barley of each eligible farm based on its average yield per acre for the 1959 and

1960 crop acreage.

"(4) The Secretary shall require as a condition of eligibility for price support on the 1962 crop of corn and grain sorghums that the producer shall participate in the special agricultural conservation program for 1962 for corn and grain sorghums to the extent prescribed by the Secretary and (except in the case of a producer of malting barley as hereinafter described) shall not knowingly devote an acreage on the farm to barley in excess of the average acreage devoted on the farm to barley in 1959 and 1960. The Secretary shall require as a condition of eligibility for price support on the 1962 crop of barley that the producer shall participate in the special agricultural conservation program for 1962 for barley to the extent prescribed by the Secretary and shall not knowingly devote an acreage on the farm to corn and grain sorghums in excess of the average acreage devoted on the farm to corn and grain sorghums in 1959 and 1960: Provided, That no producer of malting barley shall be required to participate in the special agricultural conservation program for 1962 for barley if such producer has previously produced a malting variety of barley, plants barley only of an acceptable malting 7 USC 1441 note. variety for harvest in 1962, does not knowingly devote an acreage on the farm to barley in excess of 110 per centum of the average acreage devoted on the farm to barley in 1959 and 1960, and does not knowingly devote an acreage on the farm to corn and grain sorghums in excess of the average acreage devoted on the farm to corn and grain sorghums in 1959 and 1960."

SEC. 132. Section 16 of the Soil Conservation and Domestic Allotment Act, as amended, is amended by adding the following new subsection:

"(d) Notwithstanding any other provision of law-

"(1) The Secretary shall formulate and carry out a special agricultural conservation program for 1962, without regard to provisions which would be applicable to the regular agricultural conservation program, under which, subject to such terms and conditions as the Secretary determines, conservation payments in amounts determined by the Secretary to be fair and reasonable shall be made to producers who divert acreage from the production of corn and grain sorghums, and barley, respectively, to an approved conservation use and increase their average acreage of cropland devoted in 1959 and 1960 to designated soil conserving crops or practices including summer fallow and idle land by an equal amount: Provided, however, That any producer may elect in lieu of such payment to devote such diverted acreage to castor beans, guar, safflower, sunflower, or sesame, if designated by the Secretary. In order to be eligible for a payment, a producer (other than a producer of malting barley as described in section 105(c)(4) of the Agricultural Act of 1949) who participates in the special agricultural conservation program of 1962 for corn and grain sorghums must not knowingly devote an acreage on the farm in excess of the average acreage devoted on the farm to barley in 1959 and 1960, and a producer who participates in the special agricultural conservation program for 1962 for barley must not knowingly devote an acreage on the farm to corn and grain sorghums in excess of the average acreage devoted on the farm to corn and grain sorghums in 1959 and 1960. Such special agricultural conservation program shall require the producer to take such measures as the Secretary may deem appropriate to keep such diverted acreage free from insects, weeds, and rodents. The acreage eligible for payments in cash or in an equivalent amount in kind under such conservation program shall be an acreage equivalent to 20 per centum of the average acreage on the farm planted to corn and grain sorghums, or barley, in the crop years 1959 and 1960 or up to twenty acres, whichever is greater. Such payments in cash or in kind at the basic county support rate for the 1961 crop in effect at the time payment rates for the special feed grain program for 1962 are established, adjusted to reflect any changes between the national support rates for the 1961 and 1962 crops may be made on an amount of the commodity not in excess of 50 per centum of the normal production of the acreage diverted from the commodity on the farm based on its adjusted average yield per acre for the 1959 and 1960 crop acreage. Payments in kind only may be made by the Secretary for the diversion of up to an additional 20 per centum of the average acreage on the farm planted to corn and grain sorghums, or barley, in the crop years 1959 and 1960. Payments in kind on such additional acreage may be made at the basic county support rate for the 1961 crop in effect at the time payments rates for the special feed grain program for 1962 are established, adjusted to reflect

Ante, p. 301.

Ante, p. 6. 16 USC 590p.

any changes between the national support rates for the 1961 and 1962 crops on an amount of corn and grain sorghums, or barley, not in excess of 60 per centum of the normal production of the acreage diverted from the commodity on the farm based on its adjusted average yield per acre for the 1959 and 1960 crop acreage. The Secretary may make such adjustments in acreage and yields for the 1959 and 1960 crop years as he determines necessary to correct for abnormal factors affecting production, and to give due consideration to tillable acreage, crop rotation practices, type of soil, soil and water conservation measures, and topography. To the extent that a producer proves the actual acreages and yields for the farm for the 1959 and 1960 crop years, such acreages and yields shall be used in making determinations. The Secretary may make not to exceed 50 per centum of any payments to producers in advance of determination of performance.

"(2) There are hereby authorized to be appropriated such amounts as may be necessary to enable the Secretary to carry out this section 16(d). Obligations may be incurred in advance of appropriations therefor and the Commodity Credit Corporation is authorized to advance from its capital funds such sums as may be necessary to pay administrative expenses in connection with such program during the fiscal year ending June 30, 1962, and to pay such costs as may be incurred in carrying out section

133 of the Agricultural Act of 1961.

"(3) The Secretary shall provide by regulations for the sharing of payments under this subsection among producers on the farm on a fair and equitable basis and in keeping with existing

contracts."

Sec. 133. Payments in cash shall be made by Commodity Credit Corporation and payments in kind shall be made through the issuance of negotiable certificates which the Commodity Credit Corporation shall redeem for feed grains and, notwithstanding any other provision of law, the Commodity Credit Corporation shall, in accordance with regulations prescribed by the Secretary, assist the producer in the marketing of such certificates at such time and in such manner as the Secretary determines will best effectuate the purposes of the special feed grain program for 1962 authorized by this Act. In the case of any certificate not presented for redemption within thirty days of the date of its issuance, reasonable costs of storage and other carrying charges, as determined by the Secretary, for the period beginning thirty days after its issuance and ending with the date of its presentation for redemption shall be deducted from the value of the certificate.

Sec. 134. Notwithstanding any other provision of law, the Secretary may place such limits on the extent that producers may participate in the special feed grain conservation program for 1962 authorized by this Act as he determines necessary because of an emergency created by drought or other disaster, or in order to prevent or alleviate

a shortage in the supply of corn, grain sorghums, or barley.

SUBTITLE D-MARKETING ORDERS

(2) Section 8a(5) is amended to read as follows:

"(5) Any person exceeding any quota or allotment fixed for him under this title by the Secretary of Agriculture and any other person knowingly participating or aiding in the exceeding of such quota or allotment shall forfeit to the United States a sum equal to the value of such excess at the current market price for such commodity at the time of violation, which forfeiture shall be recoverable in a civil suit brought in the name of the United States."

(3) Section 8c(2) is amended—

"cherries, apples, or cranberries,";

(c) by striking out "and Idaho, and not including fruits, other than olives and grapefruit, for canning or freezing)" and inserting in lieu thereof "Idaho, New York, Michigan, Maryland, New Jersey, Indiana, California, Maine, Vermont, New Hampshire, Rhode Island, Massachusetts, and Connecticut, and not including fruits for canning or freezing other than olives, grapefruit, cherries, cranberries, and apples produced in the States named above except Washington, Oregon, and Idaho)";

(d) by striking out "soybeans,"; and
(e) by striking the period at the end and inserting in lieu thereof the following: "; and (B) any agricultural commodity (except honey, cotton, rice, wheat, corn, grain sorghums, oats, barley, rye, sugarcane, sugarbeets, wool, mohair, livestock, soybeans, cottonseed, flaxseed, poultry (but not excepting turkeys), eggs (but not excepting turkey hatching eggs), fruits and vegetables for canning or freezing, and apples), or any regional or market classification thereof, not subject to orders under (A) of this paragraph, but not the products (including canned or frozen commodities or products) thereof. No order issued pursuant to this section shall be effective as to cherries, apples, or cranberries for canning or freezing unless the Secretary of Agriculture determines, in addition to other required findings and determinations, that the issuance of such order is approved or favored by processors who, during a representative period determined by the Secretary, have engaged in canning or freezing such commodity for market and have frozen or canned more than 50 per centum of the total volume of the commodity to be regulated which was canned or frozen within the production area, or marketed within the marketing area, defined in such order, during such representative period. No order issued pursuant to this section shall be applicable to peanuts produced in more than one of the following production areas: the Virginia-Carolina production area, the Southeast production area, and the Southwest production area. If the Secretary determines that the declared policy of the title will be better achieved thereby (i) the commodities of the same general class and used wholly or in part for the same purposes may be combined and treated as a single commodity and (ii) the portion of an agricultural commodity devoted to or marketed for a particular use or combination of uses, may be treated as a separate agricultural commodity. All agricultural commodities and

products covered hereby shall be deemed specified herein for the purposes of section 8c (6) and (7) of this title."

(4) Section 8c(19) is amended to read as follows:

"(19) For the purpose of ascertaining whether the issuance of an order is approved or favored by producers or processors, as required under the applicable provisions of this title, the Secretary may conduct a referendum among producers or processors and in the case of an order other than an amendatory order shall do so. The requirements of approval or favor under any such provision shall be held to be complied with if, of the total number of producers or processors, or the total volume of production, as the case may be, represented in such referendum, the percentage approving or favoring is equal to or in excess of the percentage required under such provision. The terms and conditions of the proposed order shall be described by the Secretary in the ballot used in the conduct of the referendum. The nature, content, or extent of such description shall not be a basis for attacking the legality of the order or any action relating thereto. Nothing in this subsection shall be construed as limiting representation by cooperative associations as provided in subsection (12) of this section."

(5) Section 8e is amended to read as follows:

"Notwithstanding any other provision of law, whenever a marketing order issued by the Secretary of Agriculture pursuant to section 8c of this Act contains any terms or conditions regulating the grade, size, quality, or maturity of tomatoes, avocados, mangoes, limes, grapefruit, green peppers, Irish potatoes, cucumbers, oranges, onions, walnuts, dates, or eggplants produced in the United States the importation into the United States of any such commodity, other than dates for processing, during the period of time such order is in effect shall be prohibited unless it complies with the grade, size, quality, and maturity provisions of such order or comparable restrictions promulgated hereunder: Provided, That this prohibition shall not apply to such commodities when shipped into continental United States from the Commonwealth of Puerto Rico or any Territory or possession of the United States where this Act has force and effect: Provided further, That whenever two or more such marketing orders regulating the same agricultural commodity produced in different areas of the United States are concurrently in effect, the importation into the United States of any such commodity, other than dates for processing, shall be prohibited unless it complies with the grade, size, quality, and maturity provisions of the order which, as determined by the Secretary of Agriculture, regulates the commodity produced in the area with which the imported commodity is in most direct competition. Such prohibition shall not become effective until after the giving of such notice as the Secretary of Agriculture determines reasonable, which shall not be less than three days. In determining the amount of notice that is reasonable in the case of tomatoes the Secretary of Agriculture shall give due consideration to the time required for their transportation and entry into the United States after picking. Whenever the Secretary of Agriculture finds that the application of the restrictions under a marketing order to an imported commodity is not practicable because of variations in characteristics between the domestic and imported commodity he shall establish with respect to the imported commodity, other than dates for processing, such grade, size, quality, and maturity restrictions by varieties, types, or other classifications as he finds will be equivalent or comparable to those imposed upon the domestic commodity under such order. The Secretary of Agriculture may promulgate such rules and regulations as he deems necessary, to carry out the provisions of this section. Any person who violates any provision if this section or of any rule, regulation, or order promulgated

TITLE III—AGRICULTURAL CREDIT

Sec. 301. (a) This title may be cited as the "Consolidated Farmers

Home Administration Act of 1961".

(b) The Congress hereby finds that the statutory authority of the Secretary of Agriculture, hereinafter referred to in this title as the "Secretary," for making and insuring loans to farmers and ranchers should be revised and consolidated to provide for more effective credit services to farmers.

SUBTITLE A-REAL ESTATE LOANS

Sec. 302. The Secretary is authorized to make and insure loans under this subtitle to farmers and ranchers in the United States and in Puerto Rico and the Virgin Islands who (1) are citizens of the United States, (2) have a farm background and either training or farming experience which the Secretary determines is sufficient to assure reasonable prospects of success in the proposed farming operations, (3) are or will become owner-operators of not larger than family farms, and (4) are unable to obtain sufficient credit elsewhere to finance their actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in the community in or near which the applicant resides for loans for similar purposes and periods of time.

Sec. 303. Loans may be made or insured under this subtitle for acquiring, enlarging, or improving farms, including farm buildings, land and water development, use and conservation, refinancing existing indebtedness, and for loan closing costs. In making or insuring

loans for farm purchase, the Secretary shall give preference to persons who are married or have dependent families and, wherever practicable, to persons who are able to make initial downpayments, or who are owners of livestock and farm implements necessary successfully to carry on farming operations.

SEC. 304. Loans may also be made or insured under this subtitle to any farmowners or tenants without regard to the requirements of section 302 (1), (2), and (3) for the purposes only of land and water

development, use and conservation.

SEC. 305. The Secretary shall make or insure no loan under sections 302, 303, and 304 which would cause (a) the unpaid indebtedness against the farm or other security at the time the loan is made to exceed \$60,000 or the normal value of the farm or other security, or (b) the loan to exceed the amount certified by the county committee. In determining the normal value of the farm, the Secretary shall consider appraisals made by competent appraisers under rules established by the Secretary. Such appraisals shall take into consideration both the normal agricultural value and the normal market value of the farm.

Sec. 306. (a) The Secretary also is authorized to make or insure loans to associations, including corporations not operated for profit and public and quasi-public agencies, to provide for the application or establishment of soil conservation practices, the conservation, development, use, and control of water and the installation or improvement of drainage facilities, all primarily for serving farmers, ranchers, farm tenants, farm laborers, and rural residents, and to furnish financial assistance or other aid in planning projects for such purposes. No such loans shall be made or insured which would cause an association's unpaid principal indebtedness under this section and the Act of August 28, 1937, as amended, to exceed \$500,000 in the case of direct loans and \$1,000,000 in the case of insured loans at any one time.

(b) The service provided or made available through any such association shall not be curtailed or limited by inclusion of the area served by such association within the boundaries of any municipal corporation or other public body, or by the granting of any private franchise for similar service within such area during the term of such loan; nor shall the happening of any such event be the basis of requiring such association to secure any franchise, license, or permit as a condition to continuing to serve the area served by the association at

the time of the occurrence of such event.

Sec. 307. (a) The period for repayment of loans under this subtitle shall not exceed forty years. The Secretary shall from time to time establish the interest rate or rates at which loans for various purposes will be made or insured under this subtitle but not in excess of 5 per centum per annum. The borrower shall pay such fees and other charges as the Secretary may require.

(b) The Secretary shall take as security for the obligations entered into in connection with loans, mortgages on farms with respect to which such loans are made or such other security as the Secretary may require, and for obligations in connection with loans to associations under section 306, shall take liens on the facility or such other security as he may determine to be necessary. Such security instruments shall constitute liens running to the United States notwithstanding the fact that the notes may be held by lenders other than the United States.

(b) shall retain out of payments by the borrower a charge at a rate determined by the Secretary from time to time equivalent to not less than one-half of 1 per centum per annum on the principal

(b) Moneys in the fund not needed for current operations shall be deposited in the Treasury of the United States to the credit of the fund or invested in direct obligations of the United States or obligations guaranteed by the United States. (c) The Secretary is authorized to make and issue notes to the Secretary of the Treasury for the purpose of obtaining funds necessary for discharging obligations under this section and for authorized expenditures out of the fund. Such notes shall be in such form and denominations and have such maturities and be subject to such terms and conditions as may be prescribed by the Secretary with the approval of the Secretary of the Treasury. Such notes shall bear interest at a rate fixed by the Secretary of the Treasury, taking into consideration the current average market yield of outstanding marketable obligations of the United States having maturities comparable to the notes issued by the Secretary under this subtitle. The Secretary of the Treasury is authorized and directed to purchase any notes of the Secretary issued hereunder, and, for that purpose, the Secretary of the Treasury is authorized to use as a public debt transaction the proceeds from the sale of any securities issued under the Second Liberty Bond Act, as amended, and the purposes for which such securities may be issued under such Act, as amended, are extended to include the purchase of notes issued by the Secretary. All redemptions, purchases, and sales by the Secretary of the Treasury of such notes shall be treated as public debt transactions of the United States.

Notes may be held in the fund and collected in accordance with their terms or may be sold by the Secretary with or without agreements for insurance thereof at the balance due thereon, or on such other basis as the Secretary may determine from time to time. (2) to pay the interest to which the holder of the note is entitled on loans heretofore or hereafter insured accruing between the date of any prepayments made by the borrower and the date of transmittal of any such prepayments to the lender. In the discretion of the Secretary, prepayments other than final payments need not be remitted to the holder until the due date of the annual installment;

(3) to pay to the holder of the notes any defaulted installment or, upon assignment of the note to the Secretary at the Secretary's

request, the entire balance due on the loan;

Sec. 312. Loans may be made under this subtitle for (1) paying costs incident to reorganizing the farming system for more profitable operation, (2) purchasing livestock, poultry, and farm equipment, (3) purchasing feed, seed, fertilizer, insecticides, and farm supplies and to meet other essential farm operating expenses including cash rent, (4) financing land and water development, use, and conservation, (5) refinancing existing indebtedness, (6) other farm and home needs including but not limited to family subsistence, and (7) for

loan closing costs.

Sec. 313. The Secretary shall make no loan under this subtitle (1) which would cause the total principal indebtedness outstanding at any one time for loans made under this subtitle and under section 21 of the Bankhead-Jones Farm Tenant Act, as amended, to exceed \$35,000: Provided, however, That not more than 25 per centum of the sums made available for loans under this subtitle may be used for loans which would cause such indebtedness of any borrower under said Acts to exceed \$15,000, (2) for the purchasing or leasing of land

The Secretary shall make all loans under this subtitle at an interest rate not to exceed 5 per centum per annum, upon the full personal liability of the borrower and upon such security as the Secretary may prescribe. Such loans shall be payable in not more than seven years, but may be renewed for not more than five additional years.

SUBTITLE C—EMERGENCY LOANS

SEC. 321. (a) The Secretary may designate any area in the United States and in Puerto Rico and the Virgin Islands as an emergency area if he finds (1) that there exists in such area a general need for agricultural credit which cannot be met for temporary periods of time by private, cooperative, or other responsible sources (including loans the Secretary is authorized to make under subtitle B or to make or insure under subtitle A of this title or any other Act of Congress), at reasonable rates and terms for loans for similar purposes and periods of time, and (2) that the need for such credit in such area is the result of a natural disaster.

(b) The Secretary is authorized to make loans in any such area (1) to established farmers or ranchers who are citizens of the United States and (2) to private domestic corporations or partnerships engaged primarily in farming or ranching provided they have experience and resources necessary to assure a reasonable prospect for successful operation with the assistance of such loan, and are unable to obtain sufficient credit elsewhere to finance their actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in the community in or near which the applicant resides for loans for similar purposes and periods of time.

Sec. 322. Loans may be made under this subtitle for any of the purposes authorized for loans under subtitle A or B of this title.

Sec. 323. The Secretary shall make no loan under this subtitle in

excess of an amount certified by the county committee.

Sec. 324. The Secretary shall make all loans under this subtitle at a rate of interest not in excess of 3 per centum per annum repayable at such times as the Secretary may determine, taking into account the purpose of the loan and the nature and effect of the emergency, but not later than provided for loans for similar purposes under subtitles A and B of this title, and upon the full personal liability of the borrower and upon such security as the Secretary may prescribe.

Sec. 325. The Secretary may make loans without regard to the designation of emergency areas under section 321(a) to persons or corporations (1) who have suffered severe production losses not general to the area or (2) who are indebted to the Secretary for loans under the Act of April 6, 1949, as amended, or the Act of August 31, 12 USC 1148a-1954, as amended, to the extent necessary to permit the orderly repay- and note, 1148a-2

Sec. 326. The Secretary is authorized to utilize the revolving fund created by section 84 of the Farm Credit Act of 1933, as amended (hereinafter in this subtitle referred to as the "Emergency Credit Revolving Fund"), for carrying out the purposes of this subtitle.

Sec. 327. (a) All sums received by the Secretary from the liquidation of loans made under the provisions of this subtitle or under the Act of April 6, 1949, as amended, or the Act of August 31, 1954, and from the liquidation of any other assets acquired with money from the Emergency Credit Revolving Fund shall be added to and become a part of such fund.

SUBTITLE D-ADMINISTRATIVE PROVISIONS

SEC. 331. For the purposes of this title and for the administration of assets under the jurisdiction of the Secretary of Agriculture pursuant to the Farmers Home Administration Act of 1946, as amended, the Bankhead-Jones Farm Tenant Act, as amended, the Act of August 28, 1937, as amended, the Act of April 6, 1949, as amended, the Act of August 31, 1954, as amended, and the powers and duties of the Secretary under any other Act authorizing agricultural credit, the Secretary may assign and transfer such powers, duties, and assets to the Farmers Home Administration, to be headed by an Administrator, appointed by the President, by and with the advice and consent of the Senate, without regard to the civil service laws or the Classification Act of 1949, as amended, who shall receive basic compensation as provided by law for that office.

provided by law

The Secretary may—

(a) administer his powers and duties through such national, area, State, or local offices and employees in the United States and in Puerto Rico and the Virgin Islands as he determines to be necessary and may authorize an office to serve the area composed of two or more States if he determines that the volume of business in the area is not sufficient to justify separate State offices;

(b) accept and utilize voluntary and uncompensated services, and, with the consent of the agency concerned, utilize the officers, employees, equipment, and information of any agency of the Federal Government, or of any State, territory, or political

subdivision;

(c) within the limits of appropriations made therefor, make necessary expenditures for purchase or hire of passenger vehicles, and such other facilities and services as he may from time to time

find necessary for the proper administration of this Act;

(d) compromise, adjust, or reduce claims, and adjust and modify the terms of mortgages, leases, contracts, and agreements entered into or administered by the Farmers Home Administration under any of its programs, as circumstances may require, but compromises, adjustments, or reductions of claims of \$15,000 or more shall not be made without the approval of the Administrator: Provided, however, That—

(1) compromise, adjustment, or reduction of claims shall be based on the value of the security and a determination by the Secretary of the debtor's reasonable ability to pay considering his other assets and income at the time of the action and with or without the payment of any consideration at the

time of such adjustment or reduction;

60 Stat. 1062. 7 USC 1001 note. 50 Stat. 522. 7 USC 1000. 50 Stat. 869. 16 U S C 590r-590x-4.

63 Stat. 954. 5 USC 1071 note. (2) releases from personal liability may also be made with or without payment of any consideration at the time of adjustment of claims against—

(A) borrowers who have transferred the security property to approved applicants under agreements as-

suming the outstanding secured indebtedness;

(B) borrowers who have transferred the security property to approved applicants under agreements assuming that portion of the secured indebtedness equal to the current market value of the security property or transferred the security property to the Secretary;

(C) borrowers who have transferred the security property to other than approved applicants under agreements assuming the full amount of, or that portion of the secured indebtedness equal to, the current market value of the security property on terms not to exceed five annual installments with interest on the unpaid balance

at a rate determined by the Secretary; and
(D) borrowers who transfer security property under subparagraphs (B) and (C) above for amounts less than the indebtedness secured thereby may be released from personal liability only on a determination by the Secretary that each such borrower has no reasonable debt-paying ability considering his assets and income at the time of the transfer and the county committee certifies that the borrower has cooperated in good faith, used due diligence to maintain the security property against loss, and has otherwise fulfilled the covenants incident to his loan to the best of his ability;

(3) no compromise, adjustment, or reduction of claims shall be made upon terms more favorable than recommended by the appropriate county committee utilized pursuant to

section 332 of this title; and

- (4) any claim which has been due and payable for five years or more, and where the debtor has no assets or no apparent future debt-paying ability from which the claim could be collected, or is deceased and has left no estate, or has been absent from his last known address for a period of at least five years, has no known assets, and his whereabouts cannot be ascertained without undue expense, may be charged off or released by the Secretary upon a report and favorable recommendation of the county committee and of the employee having charge of the claim, and any claim involving a principal balance of \$150 or less may be charged off or released whenever it appears to the Secretary that further collection efforts would be ineffectual or likely to prove uneconomical;
- (5) partial releases and subordination of mortgages may be granted either where the secured indebtedness remaining after the transaction will be adequately secured or the security interest of the Secretary will not be adversely affected, and the transaction and use of proceeds will further the purposes for which the loan was made, improve the borrower's debt-paying ability, permit payments on indebtedness owed to or insured by the Secretary, or permit payment of reasonable costs and expenses incident to the transaction, including taxes incident to or resulting from the transaction which the borrower is unable to pay from other sources:

Provided further, That no such compromise, adjustment, or reduction shall be made hereunder after the claim has been referred to the Attorney General unless agreed to by the Attorney General.

(e) collect all claims and obligations arising or administered under this title, or under any mortgage, lease, contract, or agreement entered into or administered pursuant to this title and, if in his judgment necessary and advisable, pursue the same to final

collection in any court having jurisdiction.

SEC. 332. Committee appointments shall be for a term of three years except that the first appointments for any new committee shall be for one-, two-, and three-year periods, respectively, so as to provide continuity of committee membership. The Secretary may appoint alternate committeemen. The members of the committee and their alternates shall be removable for cause by the Secretary.

Sec. 333. In connection with loans made or insured under this title,

and periods of time;

(b) except for loans under sections 306, 314 and 321(b)(2), the county committee to certify in writing that the applicant meets the eligibility requirements for the loan, and has the character, industry, and ability to carry out the proposed farming operations, and will, in the opinion of the committee, honestly endeavor to carry out his undertakings and obligations; and for loans under sections 306, 314 and 321(b)(2), the Secretary shall require the recommendation of the county committee as to the making or insuring of the loan;

(c) an agreement by the borrower that if at any time it shall appear to the Secretary that the borrower may be able to obtain a loan from a production credit association, a Federal land bank, or other responsible cooperative or private credit source, at reasonable rates and terms for loans for similar purposes and periods of time, the borrower will, upon request by the Secretary, apply for and accept such loan in sufficient amount to repay the Secretary or the insured lender, or both, and to pay for any stock necessary to be purchased in a cooperative lending agency in connection with such loan;

Sec. 334. All property subject to a lien held by the United States or the title to which is acquired or held by the Secretary under this title other than property used for administrative purposes shall be subject to taxation by State, territory, district, and local political subdivisions in the same manner and to the same extent as other property is taxed: *Provided*, however, That no tax shall be imposed or collected

on or with respect to any instrument if the tax is based on—

(1) the value of any notes or mortgages or other lien instru-

Sec. 335. (a) The Secretary is authorized and empowered to make advances, without regard to any loan or total indebtedness limitation, to preserve and protect the security for or the lien or priority of the lien securing any loan or other indebtedness owing to, insured by, or acquired by the Secretary under this title or under any other programs administered by the Farmers Home Administration; to bid for and purchase at any execution, foreclosure, or other sale or otherwise to acquire property upon which the United States has a lien by reason of a judgment or execution arising from, or which is pledged, mortgaged, conveyed, attached, or levied upon to secure the payment of, any such indebtedness whether or not such property is subject to other liens, to accept title to any property so purchased or acquired; and to sell, manage, or otherwise dispose of such property as hereinafter provided.

Such notes shall be in such form and denominations and have such maturities and be subject to such terms and conditions as may be prescribed by the Secretary with the approval of the Secretary of the Treasury. JOINT RESOLUTION

To provide for recognition of the centennial of the establishment of the national system of land-grant universities and colleges.

Whereas July 2, 1962, marks the centennial of the first Morrill Act granting public lands to States and territories in support of colleges to emphasize branches of learning relating to agriculture and mechanical arts, including other scientific and classical studies and military tactics; and

Whereas the Act completed the breakaway of American higher education from the tradition of limited educational opportunity, restricted by heredity, occupation, or money, and opened wide the doors of college to all with the ability and will to learn; and

Whereas the land-grant system of universities and colleges has become the Nation's largest single source of trained and educated manpower and now contributes more than half the Nation's trained scientists and nearly half of all Regular and Reserve officers entering the Armed Forces through the military programs of civilian institutions; and

Whereas May 15, 1962, marks the centennial of the establishment of the United States Department of Agriculture and this department and the land-grant universities and colleges have historically maintained and currently maintain close cooperative relationship which have been a significant factor in producing the unparalleled agricultural revolution that has taken place in this Nation; and

Whereas the land-grant universities and colleges maintain close working relationships with the United States Departments of Commerce, Defense, Health, Education, and Welfare, Interior, Labor, and State; the United States Information Agency; the International Cooperation Administration; and other agencies and departments of the Government: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That it is fitting and proper to commemorate the centennial of this historic Act of Congress by appropriate celebration; that the President is authorized and requested to issue a proclamation recognizing the centennial of the establishment of the land-grant system of universities and colleges and to provide for suitable cooperation of agencies of the Government with the land-grant universities and colleges throughout the period of the centennial observance; that such centennial otherwise appropriately be celebrated; and that the historical and present close cooperative relationship with the departments and establishments of the Government be recognized in connection with such celebration.

To promote the foreign policy, security, and general welfare of the United States by assisting peoples of the world in their efforts toward economic development and internal and external security, and for other purposes.

The Foreign Assistance Act of 1961.

Post, p. 719.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

PART I

CHAPTER 1-SHORT TITLE AND POLICY

Act for International Development of 1961.

Sec. 101. Short Title.—This part may be cited as the "Act for International Development of 1961".

Sec. 102. Statement of Policy.—It is the sense of the Congress that peace depends on wider recognition of the dignity and interdependence of men, and survival of free institutions in the United States can best be assured in a worldwide atmosphere of freedom.

To this end, the United States has in the past provided assistance to help strengthen the forces of freedom by aiding peoples of less developed friendly countries of the world to develop their resources and improve their living standards, to realize their aspirations for justice, education, dignity, and respect as individual human beings, and to establish responsible governments.

The Congress declares it to be a primary necessity, opportunity, and responsibility of the United States, and consistent with its traditions and ideals, to renew the spirit which lay behind these past efforts, and to help make a historic demonstration that economic growth and political democracy can go hand in hand to the end that an enlarged community of free, stable, and self-reliant countries can reduce world tensions and insecurity.

It is the policy of the United States to strengthen friendly foreign countries by encouraging the development of their free economic institutions and productive capabilities, and by minimizing or eliminating barriers to the flow of private investment capital.

In addition, the Congress declares that it is the policy of the United States to support the principles of increased economic cooperation and trade among countries, freedom of the press, information, and religion, freedom of navigation in international waterways, and recognition of the right of all private persons to travel and pursue their lawful activities without discrimination as to race or religion. In the administration of all parts of this Act these principles shall be supported in such a way in our relations with countries friendly to the United States which are in controversy with each other as to promote an adjudication of the issues involved by means of international law procedures available to the parties.

Accordingly, the Congress hereby affirms it to be the policy of the United States to make assistance available, upon request, under this part in scope and on a basis of long-range continuity essential to the creation of an environment in which the energies of the peoples of the world can be devoted to constructive purposes, free of pressure and erosion by the adversaries of freedom. It is the sense of the Congress that assistance under this part should be complemented by the furnishing under any other Act of surplus agricultural commodities and by

disposal of excess property under this and other Acts.

Also, the Congress reaffirms its conviction that the peace of the world and the security of the United States are endangered so long as international communism continues to attempt to bring under Communist domination peoples now free and independent and to keep under domination peoples once free but now subject to such domination. It is, therefore, the policy of the United States to continue to make available to other free countries and peoples, upon request, assistance of such nature and in such amounts as the United States deems advisable and as may be effectively used by free countries and peoples to help them maintain their freedom. Assistance shall be based upon sound plans and programs; be directed toward the social as well as economic aspects of economic development; be responsive to the efforts of the recipient countries to mobilize their own resources and help themselves; be cognizant of the external and internal pressures which hamper their growth; and should emphasize long-range development assistance as the primary instrument of such growth.

The Congress reaffirms its belief in the importance of regional organizations of free peoples for mutual assistance, such as the North Atlantic Treaty Organization, the Organization for Economic Cooperation and Development, the European Economic Community, the Organization of American States, the Colombo Plan, the South East Asia Treaty Organization, the Central Treaty Organization, and others, and expresses its hope that such organizations may be strengthened and broadened, and their programs of self-help and mutual cooperation may be made more effective in the protection of the independence and security of free people, and in the development of their economic and social well-being, and the safeguarding of their

basic rights and liberties.

Finally, the Congress urges that all other countries able to contribute join in a common undertaking to meet the goals stated in this part.

PART II

CHAPTER 1—SHORT TITLE AND POLICY

International Peace and Security Act of 1961. Sec. 501. Short Title.—This part may be cited as the "International Peace and Security Act of 1961".

Sec. 502. Statement of Policy.—The Congress of the United States reaffirms the policy of the United States to achieve international peace and security through the United Nations so that armed force shall not be used except for individual or collective self-defense. The Congress hereby finds that the efforts of the United States and other friendly countries to promote peace and security continue to require measures of support based upon the principle of effective self-help and mutual aid. It is the purpose of this part to authorize measures in the common defense against internal and external aggression, including the furnishing of military assistance, upon request, to friendly countries and international organizations. In furnishing such military

Military assist

assistance, it remains the policy of the United States to continue to exert maximum efforts to achieve universal control of weapons of mass destruction and universal regulation and reduction of armaments, including armed forces, under adequate safeguards to protect complying

countries against violation and evasion.

The Congress recognizes that the peace of the world and the security of the United States are endangered so long as international communism and the countries it controls continue by threat of military action, by the use of economic pressure, and by internal subversion, or other means to attempt to bring under their domination peoples now free and independent and continue to deny the rights of freedom and self-government to peoples and countries once free but now subject to such domination.

It is the sense of the Congress that an important contribution toward military force. peace would be made by the establishment under the Organization of

American States of an international military force.

In enacting this legislation, it is therefore the intention of the Con- Congressional intent. gress to promote the peace of the world and the foreign policy, security, and general welfare of the United States by fostering an improved climate of political independence and individual liberty, improving the ability of friendly countries and international organizations to deter or, if necessary, defeat Communist or Communist-supported aggression, facilitating arrangements for individual and collective security, assisting friendly countries to maintain internal security, and creating an environment of security and stability in the developing friendly countries essential to their more rapid social, economic, and political progress. The Congress urges that all other countries able to contribute join in a common undertaking to meet the goals stated in this part.

Finally, the Congress reaffirms its full support of the progress of the members of the North Atlantic Treaty Organization toward increased cooperation in political, military, and economic affairs. In particular, the Congress welcomes the steps which have been taken to promote multilateral programs of coordinated procurement, research, development, and production of defense articles and urges that such programs be expanded to the fullest extent possible to further the defense of the

North Atlantic Area.

CHAPTER 2-MILITARY ASSISTANCE

Sec. 503. General Authority.—The President is authorized to furnish military assistance on such terms and conditions as he may determine, to any friendly country or international organization, the assisting of which the President finds will strengthen the security of the United States and promote world peace and which is otherwise eligible to receive such assistance, by-

(a) acquiring from any source and providing (by loan, lease, sale, exchange, grant, or any other means) any defense article or

defense service;

(b) making financial contributions to multilateral programs for the acquisition or construction of facilities in foreign countries for collective defense;

(c) providing financial assistance for expenses incident to participation by the United States Government in regional or

collective defense organizations; and

(d) assigning or detailing members of the Armed Forces of the United States and other personnel of the Department of Defense to perform duties of a noncombatant nature, including those related to training or advice.

Sec. 504. Authorization.—(a) There is hereby authorized to be appropriated to the President for use beginning in the fiscal years 1962 and 1963 to carry out the purposes of this part, not to exceed \$1,700,000,000 for each such fiscal year, which sums shall remain available until expended.

Programing and budgeting. (b) In order to make sure that a dollar spent on military assistance to foreign countries is as necessary as a dollar spent for the United States military establishment, the President shall establish procedures for programing and budgeting so that programs of military assistance come into direct competition for financial support with other activities and programs of the Department of Defense.

Sec. 505. Utilization of Assistance.—(a) Military assistance to any country shall be furnished solely for internal security, for legitimate self-defense, to permit the recipient country to participate in regional or collective arrangements or measures consistent with the Charter of the United Nations, or otherwise to permit the recipient country to participate in collective measures requested by the United Nations for the purpose of maintaining or restoring international peace and security.

(b) To the extent feasible and consistent with the other purposes of this part, the use of military forces in less developed friendly countries in the construction of public works and other activities helpful to

economic development shall be encouraged.

Sec. 506. Conditions of Eligibility.—(a) In addition to such other provisions as the President may require, no defense articles shall be furnished to any country on a grant basis unless it shall have agreed that—

(1) it will not, without the consent of the President-

(A) permit any use of such articles by anyone not an officer, employee, or agent of that country,

(B) transfer, or permit any officer, employee, or agent of that country to transfer such articles by gift, sale, or otherwise, or

(C) use or permit the use of such articles for purposes

other than those for which furnished;

(2) it will maintain the security of such articles, and will provide substantially the same degree of security protection afforded to such articles by the United States Government;

(3) it will, as the President may require, permit continuous observation and review by, and furnish necessary information to, representatives of the United States Government with regard

to the use of such articles; and

(4) unless the President consents to other disposition, it will return to the United States Government for such use or disposition as the President considers in the best interests of the United States, such articles which are no longer needed for the purposes for which furnished.

(b) No defense articles shall be furnished on a grant basis to any country at a cost in excess of \$3,000,000 in any fiscal year unless the President determines—

(1) that such country conforms to the purposes and principles of the Charter of the United Nations;

(2) that such defense articles will be utilized by such country for the maintenance of its own defensive strength, and the defensive strength of the free world;

(3) that such country is taking all reasonable measures, consistent with its political and economic stability, which may be needed to develop its defense capacities; and

(4) that the increased ability of such country to defend itself is important to the security of the United States.

Limitation.

SEC. 507. SALES.—(a) The President may furnish defense articles from the stocks of the Department of Defense and defense services to any friendly country or international organization, without reimbursement from funds made available for use under this part, if such country or international organization agrees to pay the value thereof in United States dollars. Payment shall be made in advance or, as determined by the President to be in the best interests of the United States, within a reasonable period not to exceed three years after the delivery of the defense articles, or the provision of the defense services. For the purposes of this subsection, the value of excess defense articles shall be not less than (1) the value specified in section 644(m) (1) plus the scrap value, or (2) the market value, if ascertainable, whichever is the greater.

(b) The President may, without requirement for charge to any appropriation or contract authorization otherwise provided, enter into contracts for the procurement of defense articles or defense services for sale to any friendly country or international organization if such country or international organization provides the United States Government with a dependable undertaking (1) to pay the full amount of such contract which will assure the United States Government against any loss on the contract, and (2) to make funds available in such amounts and at such times as may be required to meet the payments required by the contract, and any damages and costs that may accrue from the cancellation of such contract, in advance of the

time such payments, damages, or costs are due.

Sec. 508. Reimbursements.—Whenever funds made available for use under this part are used to furnish military assistance on cash or credit terms, United States dollar repayments, including dollar proceeds derived from the sale of foreign currency repayments to any agency or program of the United States Government, shall be credited to the current applicable appropriation, and shall be available until expended solely for the purpose of furnishing further military assistance on cash or credit terms, and, notwithstanding any provision of law relating to receipts and credits accruing to the United States Government, repayments in foreign currency may be used to carry out this part.

Sec. 509. Exchanges.—Defense articles or defense services transferred to the United States Government by a country or international organization as payment for assistance furnished under this part may be used to carry out this part, or may be disposed of or transferred to any agency of the United States Government for stockpiling or other purposes. If such disposal or transfer is made subject to reimbursement, the funds so received shall be credited to the appropriation, fund, or account funding the cost of the assistance furnished or to any appropriation, fund, or account currently available for the same gen-

eral purpose.

Sec. 510. Special Authority.—(a) During the fiscal year 1962, the President may, if he determines it to be vital to the security of the United States, order defense articles from the stocks of the Department of Defense and defense services for the purposes of part II, subject to subsequent reimbursement therefor from subsequent appropriations available for military assistance. The value of such orders under this subsection in the fiscal year 1962 shall not exceed \$300,000,000. Prompt notice of action taken under this subsection shall be given to the Committees on Foreign Relations, Appropriations, and Armed Services of the Senate and the Speaker of the House of Representatives.

(b) The Department of Defense is authorized to incur, in applicable appropriations, obligations in anticipation of reimbursements in

Contracts.

Limitation.

Sec. 511. Restrictions on Military Aid to Latin America.—
(a) The value of grant programs of defense articles for American Republics, pursuant to any authority contained in this part other than section 507, in any fiscal year beginning with the fiscal year 1962, shall not exceed \$57,500,000: Provided, That an amount equal to the amount by which the foregoing ceiling reduces the program as presented to the Congress for the fiscal year 1962 shall be transferred to and consolidated with the appropriation made pursuant to section 212 and shall be used for development grants in American Republics.

(b) Internal security requirements shall not, unless the President determines otherwise and promptly reports such determination to the Senate Committee on Foreign Relations and to the Speaker of the House of Representatives, be the basis for military assistance programs

(b) The policy of the Federal Government is to assist in developing techniques for the prevention and control of juvenile delinquency and youth offenses, and to encourage the coordination of efforts among governmental and nongovernmental educational, employment, health, welfare, law enforcement, correctional, and other agencies concerned

with such problems.

DEMONSTRATION AND EVALUATION PROJECTS

(c) The Secretary is further authorized to enter into contracts for any such projects with public or other agencies, organizations, or

institutions, and with individuals.

(d) The full amount (as determined by the Secretary) of any grant for a project made under this section shall be reserved from the appropriation for the fiscal year in which the grant is made; and payments on account of such grant in that and subsequent fiscal years may be made only from the amount so reserved.

(e) Payments under this section may be made in installments, and in advance or by way of reimbursement, as may be determined by the Secretary, and shall be made on such conditions as he finds necessary

to carry out the purposes of this section.

TRAINING OF PERSONNEL

Sec. 4. (a) For the purpose of training personnel employed or preparing for employment in programs for the prevention or control of juvenile delinquency or youth offenses, the Secretary is authorized to make grants for programs for such purpose which in his judgment hold promise of making a substantial contribution to the prevention or control of juvenile delinquency or youth offenses. Such programs may include, among other things, the development of courses of study, and the establishment of short-term traineeships with such allowances for travel and subsistence expenses, as the Secretary may determine to be necessary.

(b) Such grants may be made to any Federal, State, local, or other public or nonprofit agency, organization, or institution; and to the extent he deems it appropriate, the Secretary shall require the recipient of any grant to contribute money, facilities, or services for carrying out

the program for which such grant was made.

(c) The Secretary is further authorized to enter into contracts for any such programs with public or other agencies, organizations, or

institutions, and with individuals.

(b) The Secretary is authorized to collect, evaluate, publish, and disseminate information and materials relating to studies conducted under this Act, and other matters relating to prevention or control of juvenile delinquency or youth offenses, for the general public or for agencies and personnel engaged in programs concerning juvenile

SEC. 2. An ultimate goal of the United States is a world which is free from the scourge of war and the dangers and burdens of armaments; in which the use of force has been subordinated to the rule of law; and in which international adjustments to a changing world are achieved peacefully. It is the purpose of this Act to provide impetus toward this goal by creating a new agency of peace to deal with the problem of reduction and control of armaments looking toward ultimate world disarmament.

Arms control and disarmament policy, being an important aspect of foreign policy, must be consistent with national security policy as a whole. The formulation and implementation of United States arms control and disarmament policy in a manner which will promote the national security can best be insured by a central organization charged by statute with primary responsibility for this field. This organization must have such a position within the Government that it can provide the President, the Secretary of State, other officials of the executive branch, and the Congress with recommendations concerning United States arms control and disarmament policy, and can assess the effect of these recommendations upon our foreign policies, our national security policies, and our economy.

This organization must have the capacity to provide the essential scientific, economic, political, military, psychological, and technological information upon which realistic arms control and disarmament policy must be based. It must be able to carry out the following primary functions:

(a) The conduct, support, and coordination of research for

arms control and disarmament policy formulation;

(b) The preparation for and management of United States participation in international negotiations in the arms control and disarmament field;

(c) The dissemination and coordination of public information

concerning arms control and disarmament; and

"JUDICIAL REVIEW OF ORDERS OF DEPORTATION AND EXCLUSION

"Sec. 106. (a) The procedure prescribed by, and all the provisions of the Act of December 29, 1950, as amended (64 Stat. 1129; 68 Stat. 961; 5 U.S.C. 1031 et seq.), shall apply to, and shall be the sole and exclusive procedure for, the judicial review of all final orders of deportation heretofore or hereafter made against aliens within the United States pursuant to administrative proceedings under section 242(b) of this Act or comparable provisions of any prior Act, except that—

"(1) a petition for review may be filed not later than six months from the date of the final deportation order or from the effective

date of this section, whichever is the later.

"(2) the venue of any petition for review under this section shall be in the judicial circuit in which the administrative proceedings before a special inquiry officer were conducted in whole or in part, or in the judicial circuit wherein is the residence, as defined in this Act, of the petitioner, but not in more than one circuit:

"(3) the action shall be brought against the Immigration and Naturalization Service, as respondent. Service of the petition to review shall be made upon the Attorney General of the United States and upon the official of the Immigration and Naturalization Service in charge of the Service district in which the office of the clerk of the court is located. The service of the petition for review upon such official of the Service shall stay the deportation of the alien pending determination of the petition by the court, unless the court otherwise directs;

"(4) except as provided in clause (B) of paragraph (5) of this subsection, the petition shall be determined solely upon the administrative record upon which the deportation order is based and the Attorney General's findings of fact, if supported by rea-

66 Stat. 208. 8 USC 1252. sonable, substantial, and probative evidence on the record con-

sidered as a whole, shall be conclusive:

"(5) whenever any petitioner, who seeks review of an order under this section, claims to be a national of the United States and makes a showing that his claim is not frivolous, the court shall (A) pass upon the issues presented when it appears from the pleadings and affidavits filed by the parties that no genuine issue of material fact is presented; or (B) where a genuine issue of material fact as to the petitioner's nationality is presented, transfer the proceedings to a United States district court for the district where the petitioner has his residence for hearing de novo of the nationality claim and determination as if such proceedings were originally initiated in the district court under the provisions of section 2201 of title 28, United States Code. Any such petitioner shall not be this Atlanta the section issue determined under

section 360(a) of this Act or otherwise;

"(6) if the validity of a deportation order has not been judicially determined, its validity may be challenged in a criminal proceeding against the alien for violation of subsection (d) or (e) of section 242 of this Act only by separate motion for judicial review before trial. Such motion shall be determined by the court without a jury and before the trial of the general issue. Whenever a claim to United States nationality is made in such motion, and in the opinion of the court, a genuine issue of material fact as to the alien's nationality is presented, the court shall accord him a hearing de novo on the nationality claim and determine that issue as if proceedings had been initiated under the provisions of section 2201 of title 28, United States Code. Any such alien shall not be entitled to have such issue determined under section 360(a) of this Act or otherwise. If no such hearing de novo as to nationality is conducted, the determination shall be made solely upon the administrative record upon which the deportation order is based and the Attorney General's findings of fact, if supported by reasonable, substantial and probative evidence on the record considered as a whole, shall be conclusive. If the deportation order is held invalid, the court shall dismiss the indictment and the United States shall have the right to appeal to the court of appeals within thirty days. The procedure on such appeals shall be as provided in the Federal rules of criminal procedure. No petition for review under this section may be filed by any alien during the pendency of a criminal proceeding against such alien for violation of subsection (d) or (e) of section 242 of this Act;

"(7) nothing in this section shall be construed to require the Attorney General to defer deportation of an alien after the issuance of a deportation order because of the right of judicial review of the order granted by this section, or to relieve any alien from compliance with subsections (d) and (e) of section 242 of this Act. Nothing contained in this section shall be construed to preclude the Attorney General from detaining or continuing to detain an alien or from taking him into custody pursuant to subsection (c) of section 242 of this Act at any time after the

issuance of a deportation order;

"(8) it shall not be necessary to print the record or any part thereof, or the briefs, and the court shall review the proceedings on a typewritten record and on typewritten briefs; and

"(9) any alien held in custody pursuant to an order of deportation may obtain judicial review thereof by habeas corpus proceedings.

66 Stat. 273. 8 USC 1503. "(b) Notwithstanding the provisions of any other law, any alien against whom a final order of exclusion has been made heretofore or hereafter under the provisions of section 236 of this Act or comparable provisions of any prior Act may obtain judicial review of such order

by habeas corpus proceedings and not otherwise.

"(c) An order of deportation or of exclusion shall not be reviewed by any court if the alien has not exhausted the administrative remedies available to him as of right under the immigration laws and regulations or if he has departed from the United States after the issuance of the order. Every petition for review or for habeas corpus shall state whether the validity of the order has been upheld in any prior judicial proceeding, and, if so, the nature and date thereof, and the court in which such proceeding took place. No petition for review or for habeas corpus shall be entertained if the validity of the order has been previously determined in any civil or criminal proceeding, unless the petition presents grounds which the court finds could not have been presented in such prior proceeding, or the court finds that the remedy provided by such prior proceeding was inadequate or

ineffective to test the validity of the order."

(b) This section shall take effect on the thirtieth day after its approval and, notwithstanding the provisions of any other law, including section 405 of the Immigration and Nationality Act, shall then be applicable to all administrative proceedings involving deportation or exclusion of aliens notwithstanding (1) that the person involved entered the United States prior to the effective date of this section or of the Immigration and Nationality Act or (2) that the administrative proceeding was commenced or conducted prior to the effective date of this section or of the Immigration and Nationality Act. Any judicial proceeding to review an order of deportation which is pending unheard in any district court of the United States on the effective date of this section (other than a habeas corpus or criminal proceeding in which the validity of the deportation order has been challenged) shall be transferred for determination in accordance with this section to the court of appeals having jurisdiction to entertain a petition for review under this section. Any judicial proceeding to review an order of exclusion which is pending unheard on the effective date of this section shall be expedited in the same manner as is required in habeas corpus. All laws or parts of laws inconsistent with this section are, to the extent of such inconsistency, repealed. If any particular provision of this section, or the application thereof to any person or circumstance, is held invalid, the remainder of this section and the application of such provision to other persons or circumstances shall not be affected thereby.

JOINT RESOLUTION

To create a regional agency by intergovernmental compact for the planning, conservation, utilization, development, management, and control of the water and related natural resources of the Delaware River Basin, for the improvement of navigation, reduction of flood damage, regulation of water quality, control of pollution, development of water supply, hydroelectric energy, fish and wildlife habitat, and public recreational facilities, and other purposes, and defining the functions, powers, and duties of such agency.

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled,

PART I

COMPACT

Delaware River Basin Compact. Whereas the signatory parties recognize the water and related resources of the Delaware River Basin as regional assets vested with local, State, and National interests, for which they have a joint responsibility; and

Whereas the conservation, utilization, development, management, and control of the water and related resources of the Delaware River Basin under a comprehensive multipurpose plan will bring the greatest benefits and produce the most efficient service in the public welfare; and

Whereas such a comprehensive plan administered by a basinwide agency will provide effective flood damage reduction; conservation and development of ground and surface water supply for municipal, industrial, and agricultural uses; development of recreational facilities in relation to reservoirs, lakes, and streams; propagation of fish and game; promotion of related forestry, soil conservation, and watershed projects; protection and aid to fisheries dependent upon water resources; development of hydroelectric power potentialities; improved navigation; control of the movement of salt water; abatement and control of stream pollution; and regulation of stream flows toward the attainment of these goals; and

Whereas decisions of the United States Supreme Court relating to the waters of the basin have confirmed the interstate regional character of the water resources of the Delaware River Basin, and the United States Corps of Engineers has in a prior report on the Delaware River Basin (House Document 179, Seventy-third Congress, second session) officially recognized the need for an interstate agency and the economies that can result from unified development and control of the water resources of the basin; and

Whereas the water resources of the basin are presently subject to the duplicating, overlapping, and uncoordinated administration of some forty-three State agencies, fourteen interstate agencies, and nineteen Federal agencies which exercise a multiplicity of powers and duties resulting in a splintering of authority and responsibilities; and

Whereas the joint advisory body known as the Interstate Commission on the Delaware River Basin (INCODEL), created by the respective commissions or Committee on Interstate Cooperation of the States of Delaware, New Jersey, New York, and Pennsylvania, has on the basis on its extensive investigations, surveys, and studies concluded that regional development of the Delaware River Basin is feasible, advisable, and urgently needed; and has recommended that an interstate compact with Federal participation be consummated to this end; and

Whereas the Congress of the United States and the executive branch of the Government have recognized the national interest in the Delaware River Basin by authorizing and directing the Corps of Engineers, Department of the Army, to make a comprehensive survey and report on the water and related resources of the Delaware River Basin, enlisting the technical aid and planning participation of many Federal, State, and municipal agencies dealing with the waters of the basin, and in particular the Federal Departments of Agriculture, Commerce, Health, Education, and Welfare, and Interior, and the Federal Power Commission; and

Whereas some twenty-two million people of the United States at present live and work in the region of the Delaware River Basin and its environs, and the government, employment, industry, and economic development of the entire region and the health, safety, and general welfare of its population are and will continue to be vitally affected by the use, conservation, management, and control of the water and related resources of the Delaware River Basin; and

Whereas demands upon the waters and related resources of the basin are expected to mount rapidly because of the anticipated increase in the population of the region projected to reach thirty million by 1980 and forty million by 2010, and because of the anticipated increase in industrial growth projected to double by 1980; and

Whereas water resources planning and development is technical, complex, and expensive, and has often required fifteen to twenty years from the conception to the completion of a large dam and reservoir; and

Whereas the public interest requires that facilities must be ready and operative when needed, to avoid the catastrophe of unexpected floods or prolonged drought, and for other purposes; and

Whereas the Delaware River Basin Advisory Committee, a temporary body constituted by the Governors of the four basin States and the mayors of the cities of New York and Philadelphia, has prepared a draft of an interstate-Federal compact for the creation of a basin agency, and the signatory parties desire to effectuate the purposes thereof: Now therefore

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the United States hereby consents to, and joins the States of Delaware, New Jersey, and New York and the Commonwealth of Pennsylvania in, the following compact:

ARTICLE 1

SHORT TITLE, DEFINITIONS, PURPOSE AND LIMITATIONS

Section 1.1 Short title. This Act shall be known and may be cited as the Delaware River Basin Compact.

1.2 Definitions. For the purposes of this compact, and of any supplemental or concurring legislation enacted pursuant thereto, except as may be otherwise required by the context:

(a) "Basin" shall mean the area of drainage into the Delaware River and its tributaries, including Delaware Bay;

(b) "Commission" shall mean the Delaware River Basin Commission created and constituted by this compact;

(c) "Compact" shall mean Part I of this act;
(d) "Cost" shall mean direct and indirect expenditures, commitment, and net induced adverse effects, whether or not compensated for, used or incurred in connection with the establishment, acquisition, construction, maintenance and operation of a project;

(e) "Facility" shall mean any real or personal property, within or without the basin, and improvements thereof or thereon, and any and all rights of way, water, water rights, plants, structures, machinery and equipment, acquired, constructed, operated or maintained for the beneficial use of water resources or related land uses including, without limiting the generality of the foregoing, any and all things and appurtenances necessary, useful or convenient for the control, collection, storage, withdrawal, diversion, release, treatment, transmission, sale or exchange of water; or for navigation thereon, or the develop ment and use of hydroelectric energy and power, and public recreational facilities; or the propagation of fish and wildlife; or to conserve and protect the water resources of the basin or any existing or future water supply source, or to facilitate any other uses of any of them;

(f) "Federal government" shall mean the government of the United States of America, and any appropriate branch, department,

bureau or division thereof, as the case may be;

(g) "Project" shall mean any work, service or activity which is separately planned, financed, or identified by the commission, or any separate facility undertaken or to be undertaken within a specified area, for the conservation, utilization, control, development or management of water resources which can be established and utilized independently or as an addition to an existing facility, and can be considered as a separate entity for purposes of evaluation;

(h) "Signatory party" shall mean a state or commonwealth party

to this compact, and the federal government;

(i) "Water resources" shall include water and related natural resources in, on, under, or above the ground, including related uses of land, which are subject to beneficial use, ownership or control.

1.3 Purpose and Findings. The legislative bodies of the respec-

tive signatory parties hereby find and declare:

(a) The water resources of the basin are affected with a local, state, regional and national interest and their planning, conservation, utilization, development, management and control, under appropriate arrangements for intergovernmental cooperation, are public purposes of the respective signatory parties.

(b) The water resources of the basin are subject to the sovereign right and responsibility of the signatory parties, and it is the purpose of this compact to provide for a joint exercise of such powers of sovereignty in the common interests of the people of the region.

(c) The water resources of the basin are functionally inter-related, and the uses of these resources are interdependent. A single administrative agency is therefore essential for effective and economical direction, supervision and coordination of efforts and programs of federal, state and local governments and of private enterprise.

(d) The water resources of the Delaware River Basin, if properly planned and utilized, are ample to meet all presently projected demands, including existing and added diversions in future years and ever increasing economies and efficiencies in the use and reuse of water resources can be brought about by comprehensive planning, program-

ming and management.

(e) In general, the purposes of this compact are to promote interstate comity; to remove causes of present and future controversy; to make secure and protect present developments within the states; to encourage and provide for the planning, conservation, utilization, development, management and control of the water resources of the basin; to provide for cooperative planning and action by the signatory parties with respect to such water resources; and to apply the principle of equal and uniform treatment to all water users who are

similarly situated and to all users of related facilities, without regard

to established political boundaries.

1.4 Powers of Congress; Withdrawal. Nothing in this compact shall be construed to relinquish the functions, powers or duties of the Congress of the United States with respect to the control of any navigable waters within the basin, nor shall any provision hereof be construed in derogation of any of the constitutional powers of the Congress to regulate commerce among the states and with foreign nations. The power and right of the Congress to withdraw the federal government as a party to this compact or to revise or modify the terms, conditions and provisions under which it may remain a party by amendment, repeal or modification of any federal statute applicable thereto is recognized by the signatory parties.

1.5 Existing Agencies; Construction. It is the purpose of the signatory parties to preserve and utilize the functions, powers and duties of existing offices and agencies of government to the extent not inconsistent with the compact, and the commission is authorized and directed to utilize and employ such offices and agencies for the purpose of this compact to the fullest extent it finds feasible and advantageous.

1.6 Duration of Compact.

(a) The duration of this compact shall be for an initial period of 100 years from its effective date, and it shall be continued for additional periods of 100 years if not later than 20 years nor sooner than 25 years prior to the determination of the initial period or any succeeding period none of the signatory states, by authority of an act of its legislature, notifies the commission of intention to terminate the compact at the end of the then current 100 year period.

(b) In the event that this compact should be terminated by operation of paragraph (a) above, the commission shall be dissolved, its assets and liabilities transferred, and its corporate affairs wound up,

in such manner as may be provided by act of the Congress.

The commission shall have, exercise and discharge its functions, powers and duties within the limits of the basin, except that it may in its discretion act outside the basin whenever such action may be necessary or convenient to effectuate its powers or duties within the basin, or to sell or dispose of water, hydroelectric power or other water resources within or without the basin. The commission shall exercise such power outside the basin only upon the consent of the state in which it proposes to act.

ARTICLE 3

(a) The commission, without the unanimous consent of the parties to the United States Supreme Court decree in New Jersey v. New York, 347 U.S. 995 (1954), shall not impair, diminish or otherwise adversely affect the diversions, compensating releases, rights, conditions, obligations, and provisions for the administration thereof as provided in said decree; provided, however, that after consultation with the river master under said decree the commission may find and declare a state of emergency resulting from a drought or catastrophe

and it may thereupon by unanimous consent of its members authorize and direct an increase or decrease in any allocation or diversion permitted or releases required by the decree, in such manner and for such limited time as may be necessary to meet such an emergency

condition.

(b) No allocation of waters hereafter made pursuant to this section shall constitute a prior appropriation of the waters of the basin or confer any superiority of right in respect to the use of those waters, nor shall any such action be deemed to constitute an apportionment of the waters of the basin among the parties hereto: *Provided*, That this paragraph shall not be deemed to limit or restrict the power of the commission to enter into covenants with respect to water supply, with a duration not exceeding the life of this compact, as it may deem necessary for a benefit or development of the water resources of the basin.

(c) Any proper party deeming itself aggrieved by action of the commission with respect to an out-of-basin diversion or compensating releases in connection therewith, notwithstanding the powers delegated to the commission by this compact may invoke the original jurisdiction of the United States Supreme Court within one year after such action for an adjudication and determination thereof de novo. New York, 347 U.S. 995 (1954) which would increase or decrease the diversions authorized or increase or decrease the releases required thereunder, except that a proceeding to modify such decree to increase diversions or compensating releases in connection with such increased diversions may be prosecuted by a proper party to effectuate rights, powers, duties and obligations under Section 3.3 of this compact, and except as may be required to effectuate the provisions of paragraphs IIIB3 and VB of said decree.

3.5 Supreme Court Decree; Specific Limitations on Commission. Except as specifically provided in sections 3.3 and 3.4 of this article, nothing in this compact shall be construed in any way to impair, diminish or otherwise adversely affect the rights, powers, privileges, conditions and obligations contained in the decree of the United States Supreme Court in New Jersey v. New York, 347 U.S. 995 (1954). To this end, and without limitation thereto, the commission shall not:

(b) No signatory party shall permit any augmentation of flow to be diminished by the diversion of any water of the basin during any period in which waters are being released from storage under the direction of the commission for the purpose of augmenting such flow, except in cases where such diversion is duly authorized by this compact, or by the commission pursuant thereto, or by the judgment, order or decree of a court of competent jurisdiction.

4.3 Assessable Improvements. The commission may undertake to

The commission, after such public hearing may classify the waters of the basin and establish standards of treatment of sewage, industrial or other waste, according to such classes including allowance for the variable factors of surface and ground waters, such as size of the stream, flow, movement, location, character, self-purification, and usage of the waters affected. After such investigation, notice and hearing the commission may adopt and from time to time amend and repeal rules, regulations and standards to control such future pollution and abate existing pollution, and to require such treatment of sewage, industrial or other waste within a time reasonable for the construction of the necessary works, as may be required to protect the public health or to preserve the waters of the basin for uses in accordance with the comprehensive

Neither the commissioners nor any person executing the bonds shall be liable personally on the bonds of the commission or be subject to any personal liability or accountability by reason of the issuance thereof.

12.4 Funding and Refunding. Whenever the commission deems it expedient, it may fund and refund its bonds and other obligations whether or not such bonds and obligations have matured. It may provide for the issuance, sale or exchange of refunding bonds for the purpose of redeeming or retiring any bonds (including the payment of any premium, duplicate interest or cash adjustment required in connection therewith) issued by the commission or issued by any other issuing body, the proceeds of the sale of which have been applied to any facility acquired by the commission or which are payable out of the revenues of any facility acquired by the commission. Bonds may be issued partly to refund bonds and other obligations then outstanding, and partly for any other purpose of the commission. All provisions of this compact applicable to the issuance of bonds are applicable to refunding bonds and to the issuance, sale or exchange thereof.

12.5 Bonds: Authorization Generally. Bonds and other indebtedness of the commission shall be authorized by resolution of the commission. The validity of the authorization and issuance of any bonds by the commission shall not be dependent upon nor affected in any way by: (i) the disposition of bond proceeds by the commission or by contract, commitment or action taken with respect to such proceeds; or (ii) the failure to complete any part of the project for which bonds are authorized to be issued. The commission may issue bonds in one or more series and may provide for one or more consolidated

bond issues, in such principal amounts and with such terms and provisions as the commission may deem necessary. The bonds may be secured by a pledge of all or any part of the property, revenues and franchises under its control. Bonds may be issued by the commission in such amount, with such maturities and in such denominations and form or forms, whether coupon or registered, as to both principal and interest, as may be determined by the commission. The commission may provide for redemption of bonds prior to maturity on such notice and at such time or times and with such redemption provisions,

including premiums, as the commission may determine.

12.6 Bonds; Resolutions and Indentures Generally. The commission may determine and enter into indentures providing for the principal amount, date or dates, maturities, interest rate, denominations, form, registration, transfer, interchange and other provisions of the bonds and coupons and the terms and conditions upon which the same shall be executed, issued, secured, sold, paid, redeemed, funded and refunded. The resolution of the commission authorizing any bond or any indenture so authorized under which the bonds are issued may include all such covenants and other provisions other than any restriction on the regulatory powers vested in the commission by this compact as the commission may deem necessary or desirable for the issue, payment, security, protection or marketing of the bonds, including without limitation covenants and other provisions as to the rates or amounts of fees, rents and other charges to be charged or made for use of the facilities; the use, pledge, custody, securing, application and disposition of such revenues, of the proceeds of the bonds, and of any other moneys of the commission; the operation, maintenance, repair and reconstruction of the facilities and the amounts which may be expended therefor; the sale, lease or other disposition of the facilities; the insuring of the facilities and of the revenues derived therefrom; the construction or other acquisition of other facilities; the issuance of additional bonds or other indebtedness; the rights of the bondholders and of any trustee for the bondholders upon default by the commission or otherwise; and the modification of the provisions of the indenture and of the bonds. Reference on the face of the bonds to such resolution or indenture by its date of adoption or the apparent date on the face thereof is sufficient to incorporate all of the provisions thereof and of this compact into the body of the bonds and their appurtenant coupons. Each taker and subsequent holder of the bonds or coupons, whether the coupons are attached to or detached from the bonds, has recourse to all of the provisions of the indenture and of this compact and is bound thereby.

12.7 Maximum Maturity. No bond or its terms shall mature in more than fifty years from its own date and in the event any authorized issue is divided into two or more series or divisions, the maximum maturity date herein authorized shall be calculated from the date on the face of each bond separately, irrespective of the fact that different dates may be prescribed for the bonds of each separate series

or division of any authorized issue.

12.8 Tax Exemption. All bonds issued by the commission under the provisions of this compact and the interest thereof shall at all times be free and exempt from all taxation by or under authority of any of the signatory parties, except for transfer, inheritance and estate taxes.

12.9 Interest. Bonds shall bear interest at a rate of not to exceed

six percent per annum, payable annually or semi-annually.

12.10 Place of Payment. The commission may provide for the payment of the principal and interest of bonds at any place or places within or without the signatory states, and in any specified lawful coin or currency of the United States of America.

12.11 Execution. The commission may provide for the execution and authentication of bonds by the manual, lithographed or printed facsimile signature of officers of the commission, and by additional authentication by a trustee or fiscal agent appointed by the commission. If any of the officers whose signatures or counter signatures appear upon the bonds or coupons cease to be officers before the delivery of the bonds or coupons, their signatures or counter signatures are nevertheless valid and of the same force and effect as if the officers had remained in office until the delivery of the bonds and coupons.

12.12 Holding Own Bonds. The Commission shall have power out of any funds available therefor to purchase its bonds and may hold, cancel or resell such bonds.

12.13 Sale. The commission may fix terms and conditions for the sale or other disposition of any authorized issue of bonds. The commission may sell bonds at less than their par or face value but no issue of bonds may be sold at an aggregate price below the par or face value thereof if such sale would result in a net interest cost to the commission calculated upon the entire issue so sold of more than six percent per annum payable semi-annually, according to standard tables of bond values. All bonds issued and sold for cash pursuant to this act shall be sold on sealed proposals to the highest bidder. Prior to such sale, the commission shall advertise for bids by publication of a notice of sale not less than ten days prior to the date of sale, at least once in a newspaper of general circulation printed and published in New York City carrying municipal bond notices and devoted primarily to financial news. The commission may reject any and all bids submitted and may thereafter sell the bonds so advertised for sale at private sale to any financially responsible bidder under such terms and conditions as it deems most advantageous to the public interest, but the bonds shall not be sold at a net interest cost calculated upon the entire issue so advertised, greater than the lowest bid which was rejected. In the event the commission desires to issue its bonds in exchange for an existing facility or portion thereof, or in exchange for bonds secured by the revenues of an existing facility, it may exchange such bonds for the existing facility or portion thereof or for the bonds so secured, plus an additional amount of cash, without advertising such bonds for sale.

12.14 Negotiability. All bonds issued under the provisions of this compact are negotiable instruments, except when registered in the name of a registered owner.

12.15 Legal Investments. Bonds of the commission shall be legal investments for savings banks, fiduciaries and public funds in each of the signatory states.

12.16 Validation Proceedings. Prior to the issuance of any bonds, the commission may institute a special proceeding to determine the legality of proceedings to issue the bonds and their validity under the laws of any of the signatory parties. Such proceeding shall be instituted and prosecuted in rem and the judgment rendered therein shall be conclusive against all persons whomsoever and against each of the signatory parties.

12.17 Recording. No indenture need be recorded or filed in any public office, other than the office of the commission. The pledge of revenues provided in any indenture shall take effect forthwith as provided therein and irrespective of the date of receipts of such revenues by the commission or the indenture trustee. Such pledge shall be effective as provided in the indenture without physical delivery of the revenues to the commission or to the indenture trustee.

12.18 Pledged Revenues. Bond redemption and interest payments shall, to the extent provided in the resolution or indenture, constitute a first, direct and exclusive charge and lien on all such rates, rents, tolls, fees and charges and other revenues and interest thereon received from the use and operation of the facility, and on any sinking or other funds created therefrom. All such rates, rents, tolls, fees, charges and other revenues, together with interest thereon, shall constitute a trust fund for the security and payment of such bonds and except as and to the extent provided in the indenture with respect to the payment therefrom of expenses for other purposes including administration, operation, maintenance, improvements or extensions of the facilities or other purposes shall not be used or pledged for any other purpose so long as such bonds, or any of them, are outstand-

ing and unpaid.

12.19 Remedies. The holder of any bond may for the equal benefit and protection of all holders of bonds similarly situated: (a) by mandamus or other appropriate proceedings require and compel the performance of any of the duties imposed upon the commission or assumed by it, its officers, agents or employees under the provisions of any indenture, in connection with the acquisition, construction, operation, maintenance, repair, reconstruction or insurance of the facilities, or in connection with the collection, deposit, investment, application and disbursement of the rates, rents, tolls, fees, charges and other revenues derived from the operation and use of the facilities, or in connection with the deposit, investment and disbursement of the proceeds received from the sale of bonds; or (b) by action or suit in a court of competent jurisdiction of any signatory party require the commission to account as if it were the trustee of an express trust, or enjoin any acts or things which may be unlawful or in violation of the rights of the holders of the bonds. The enumeration of such rights and remedies does not, however, exclude the exercise or prosecution of any other rights or remedies available to the holders of bonds.

12.20 Capital Financing by Signatory Parties; Guarantees.

(a) The signatory parties will provide such capital funds required for projects of the commission as may be authorized by their respective statutes in accordance with a cost sharing plan prepared pursuant to Article 11 of this compact; but nothing in this section shall be deemed to impose any mandatory obligation on any of the signatory parties other than such obligations as may be assumed by a signatory party in connection with a specific project or facility.

(b) Bonds of the commission, notwithstanding any other provision of this compact, may be executed and delivered to any duly authorized agency of any of the signatory parties without public offering and may be sold and resold with or without the guaranty of such signatory party, subject to and in accordance with the constitutions of the respective signatory parties.

(c) The commission may receive and accept, and the signatory parties may make, loans, grants, appropriations, advances and payments of reimbursable or non-reimbursable funds or property in any form for the capital or operating purposes of the commission.

ARTICLE 13

PLAN, PROGRAM AND BUDGETS

Section 13.1 Comprehensive Plan. The commission shall develop and adopt, and may from time to time review and revise, a comprehensive plan for the immediate and long range development and use of the water resources of the basin. The plan shall include all public and private projects and facilities which are required, in the judgment of the commission, for the optimum planning, development, conserva-tion, utilization, management and control of the water resources of the basin to meet present and future needs; provided that the plan shall include any projects required to conform with any present or future decree or judgment of any court of competent jurisdiction. The commission may adopt a comprehensive plan or any revision thereof in such part or parts as it may deem appropriate, provided that before the adoption of the plan or any part or revision thereof the commission shall consult with water users and interested public bodies and public utilities and shall consider and give due regard to the findings and recommendations of the various agencies of the signatory parties and their political subdivisions. The commission shall conduct public hearings with respect to the comprehensive plan prior to the adoption of the plan or any part of the revision thereof.

13.2 Water Resources Program. The water resources program shall include a systematic presentation of:

1) the quantity and quality of water resources needs for such

period;

13.3 Annual Current Expense and Capital Budgets.

(a) The commission shall annually adopt a capital budget including all capital projects it proposes to undertake or continue during the budget period containing a statement of the estimated cost of each

project and the method of financing thereof.

(b) The commission shall annually adopt a current expense budget for each fiscal year. Such budget shall include the commission's estimated expenses for administration, operation, maintenance and repairs, including a separate statement thereof for each project, together with its cost allocation. The total of such expenses shall be balanced by the commission's estimated revenues from all sources, including the cost allocations undertaken by any of the signatory parties in connection with any project. Following the adoption of the annual current expense budget by the commission, the executive director of the commission shall:

1) certify to the respective signatory parties the amounts due in accordance with existing cost sharing established for each

project; and

2) transmit certified copies of such budget to the principal budget officer of the respective signatory parties at such time and in such manner as may be required under their respective budgetary procedures. The amount required to balance the current expense budget in addition to the aggregate amount of item (1) above and all other revenues available to the commission shall be apportioned equitably among the signatory parties by unanimous vote of the commission, and the amount of such apportionment to each signatory party shall be certified together with the budget.

(c) The respective signatory parties covenant and agree to include the amounts so apportioned for the support of the current expense budget in their respective budgets next to be adopted, subject to such review and approval as may be required by their respective budgetary processes. Such amounts shall be due and payable to the commission in quarterly installments during its fiscal year, provided that the commission may draw upon its working capital to finance its current expense budget pending remittances by the signatory parties.

Any person, association or corporation who violates or attempts or conspires to violate any provision of this compact or any rule, regulation or order of the commission duly made, promulgated or issued pursuant to the compact in addition to any other remedy, penalty or consequence provided by law shall be punishable as may be provided by statute of any of the signatory parties within which the offense is committed; provided that in the absence of such provision any such person, association or corporation shall be liable to a penalty of not less than \$50 nor more than \$1,000 for each such offense to be fixed by the court which the commission may recover in its own name in any court of competent jurisdiction, and in a summary proceeding where available under the practice and procedure of such court. For the purposes of this section in the event of a continuing offense each day of such violation, attempt or conspiracy shall constitute a separate offense.

14.18 Tort Liability. The commission shall be responsible for claims arising out of the negligent acts or omissions of its officers, agents and employees only to the extent and subject to the procedures prescribed by law generally with respect to officers, agents and employ-

ees of the government of the United States.

(n) The officers and employees of the Commission (other than the United States member, alternate United States member, and advisors, and personnel employed by the United States member under direct Federal appropriation) shall not be deemed to be, for any purpose, officers or employees of the United States or to become entitled at any time by reason of employment by the Commission to any compensation or benefit payable or made available by the United States solely

and directly to its officers or employees.

(o) Neither the Compact nor this Act shall be deemed to enlarge the authority of any Federal agency other than the Commission to participate in or to provide funds for projects or activities in the

Delaware River Basin.

(p) The United States district courts shall have original jurisdiction of all cases or controversies arising under the Compact, and this Act and any case or controversy so arising initiated in a State Court shall be removable to the appropriate United States district court in the manner provided by § 1446, Title 28 U.S.C. Nothing contained in the Compact or elsewhere in this Act shall be construed as a waiver by the United States of its immunity from suit.

The right is hereby reserved to the Congress or any of its standing committees to require the disclosure and furnishing of such information and data by the Delaware River Basin Compact Commission as is deemed appropriate by the Congress or any such committee.

- (r) The provisions of section 2.4 and 2.6 of Article 2 of the Compact notwithstanding, the member and alternate member appointed by the President and advisor there referred to may be paid compensation by the United States, such compensation to be fixed by the President at the rates which he shall deem to prevail in respect to comparable officers in the executive branch.
- (s) 1. Nothing contained in this Act or in the Compact shall impair or affect the constitutional authority of the United States or any of its powers, rights, functions, or jurisdiction under other existing or future legislation in and over the area or waters which are the subject

of the Compact including projects of the Commission: Provided, That whenever a comprehensive plan, or any part or revision thereof, has been adopted with the concurrence of the member appointed by the President, the exercise of any powers conferred by law on any officer, agency or instrumentality of the United States with regard to water and related land resources in the Delaware River Basin shall not substantially conflict with any such portion of such comprehensive plan and the provisions of Section 3.8 and Article 11 of the Compact shall be applicable to the extent necessary to avoid such substantial conflict: Provided further, That whenever the President shall find and determine that the national interest so requires, he may suspend, modify or delete any provision of the comprehensive plan to the extent that it affects the exercise of any powers, rights, functions, or jurisdiction conferred by law on any officer, agency or instrumentality of the United States other than the Commission. Such action shall be taken by executive order in which such finding and determination shall be set forth.

2. For the purposes of paragraph 1 hereof, concurrence by the member appointed by the President shall be presumed unless within 60 days after notice to him of adoption of the comprehensive plan, or any part or revision thereof, he shall file with the Commission notice of his nonconcurrence. Each concurrence of the member appointed by the President in the adoption of the comprehensive plan or any part or revision thereof may be withdrawn by notice filed with the Commission at any time between the first and sixtieth day of the sixth year after the initial adoption of the comprehensive plan and of every

sixth year thereafter.

(t) In the event that any phrase, clause, sentence or provision of Section 1.4 of Article 1 of the Compact, is declared to be unconstitutional under the constitution of any of the signatory parties, or the applicability thereof to any signatory party, agency or person is held invalid by a court of last resort of competent jurisdiction, the United States shall cease to be a party to the Compact, except to the extent that the President deems remaining a party necessary and proper to protect the national interest, and shall cease to be bound by the terms thereof.

(u) All Acts or parts of Acts inconsistent with the provisions of this Act are hereby amended for the purpose of this Act to the extent necessary to carry out the provisions of this Act: Provided, however, That no act of the Commission shall have the effect of repealing,

modifying or amending any Federal law.

SUSPENSION OF LICENSES; CEASE AND DESIST ORDERS

"Sec. 309. (a) A license may be suspended by the Administration—
"(1) for false statements knowingly made in any written statement required under this title, or under any regulation issued under this title by the Administration, for the purpose of obtain-

ing the license;

"(2) if any written statement required under this title, or under any regulation issued under this title by the Administrator, for the purpose of obtaining the license, fails to state a material fact necessary in order to make the statement not misleading in the light of the circumstances under which the statement was made;

"(3) for willful or repeated violation of, or willful or repeated

failure to observe, any provision of this Act;

"(4) for willful or repeated violation of, or willful or repeated failure to observe, any rule or regulation of the Administration authorized by this Act; or

"(5) for violation of, or failure to observe, any cease and desist

order issued by the Administration under this section.

"(b) Where a licensee has not complied with any provision of this Act, or of any regulation issued under this Act by the Administration, the Administration may order such licensee to cease and desist from such action or failure to act; and the Administration may further order such licensee to take such action or to refrain from such action as the Administration deems necessary to ensure compliance with the Act and the regulations. The Administration may also suspend

Cooperation with banks or other investors. the license of such licensee until the licensee has complied with such

order.

"(c) Before suspending a license pursuant to subsection (a), or issuing a cease and desist order pursuant to subsection (b), the Adminis-

ing a cease and desist order pursuant to subsection (b), the Administration shall serve upon the licensee involved an order to show cause why an order suspending the license or a cease and desist order should not be issued. Any such order to show cause shall contain a statement of the matters of fact and law asserted by the Administration and the legal authority and jurisdiction under which a hearing is to be held, and shall inform the licensee that a hearing will be held before the Administration at a time and place stated in the order. If after hearing, or a waiver thereof, the Administration determines on the record that an order suspending the license or a cease and desist order should issue, it shall promptly issue such order, which shall include a statement of the findings of the Administration and the grounds and reasons therefor and specify the effective date of the order, and

shall cause the order to be served on the licensee.

"(d) The Administration may require by subpena the attendance and testimony of witnesses and the production of all books, papers, and documents relating to the hearing from any place in the United States. Witnesses summoned before the Administration shall be paid by the party at whose instance they were called the same fees and mileage that are paid witnesses in the courts of the United States. In case of disobedience to a subpena, the Administration, or any party to a proceeding before the Administration, may invoke the aid of any court of the United States in requiring the attendance and testimony of witnesses and the production of books, papers, and documents.

Petition.

Subpena.

"(e) An order issued by the Administration under this section shall be final and conclusive unless within thirty days after the service thereof the licensee appeals to the United States court of appeals for the circuit in which such licensee has its principal place of business by filing with the clerk of such court a petition praying that the Administration's order be set aside or modified in the manner stated in the petition. After the expiration of such thirty days, a petition may be filed only by leave of court on a showing of reasonable grounds for failure to file the petition theretofore. The clerk of the court shall immediately cause a copy of the petition to be delivered to the Administration, and the Administration shall thereupon certify and file in the court a transcript of the record upon which the order complained of was entered. If before such record is filed the Administration amends or sets aside its order, in whole or in part, the petitioner may amend the petition within such time as the court may determine, on notice to the Administration. The filing of a petition for review shall not of itself stay or suspend the operation of the order of the Administration, but the court of appeals in its discretion may restrain or suspend, in whole or in part, the operation of the order pending the final hearing and determination of the petition. The proceedings in such cases in the court of appeals shall be made a preferred cause and shall be expedited in every way. The court may affirm, modify, or set aside the order of the Administration. If the court determines that the just and proper disposition of the case requires the taking of additional evidence, the court shall order the Administration to reopen the hearing for the taking of such evidence, in such manner and upon such terms and conditions as the court may deem proper. The Administration may modify its findings as to the facts, or make new findings, by reason of the additional evidence so taken, and it shall file its modified or new findings and the amendments, if any, of its order, with the record of such additional evidence. No objection to an order of the Administration shall be considered by the court unless such objection was urged before the Administration or, if it was not so urged, unless there were reasonable grounds for failure to do so. The judgment and decree of the court affirming, modifying, or setting aside any such order of the Administration shall be subject only to review by the Supreme Court of the United States upon certification or certiorari as provided in

section 1254 of title 28, United States Code.

"(f) If any licensee against which an order is issued under this section fails to obey the order, the Administration may apply to the United States court of appeals, within the circuit where the licensee has its principal place of business, for the enforcement of the order, and shall file a transcript of the record upon which the order complained of was entered. Upon the filing of the application the court shall cause notice thereof to be served on the licensee. The evidence to be considered, the procedure to be followed, and the jurisdiction of the court shall be the same as is provided in subsection (e) for applications to set aside or modify orders. The proceedings in such cases shall be made a preferred cause and shall be expedited in every way.

28 USC 1254. Enforcement.

"INVESTIGATIONS

"Sec. 310. The Administration may make such investigations as it deems necessary to determine whether a licensee or any other person has engaged or is about to engage in any acts or practices which constitute or will constitute a violation of any provision of this Act, or of any rule or regulation under this Act, or of any order issued under this Act. The Administration shall permit any person to file with it a statement in writing, under oath or otherwise as the Administration shall determine, as to all the facts and circumstances concerning the matter to be investigated. For the purpose of any investigation, the Administration is empowered to administer oaths and affirmations, subpena witnesses, compel their attendance, take evidence, and require the production of any books, papers, and documents which are relevant to the inquiry. Such attendance of witnesses and the production of any such records may be required from any place in the United States. In case of contumacy by, or refusal to obey a subpena issued to, any person, including a licensee, the Administration may invoke the aid of any court of the United States within the jurisdiction of which such investigation or proceeding is carried on, or where such person resides or carries on business, in requiring the attendance and testimony of witnesses and the production of books, papers, and documents; and such court may issue an order requiring such person to appear before the Administration, there to produce records, if so ordered, or to give testimony touching the matter under investigation. Any failure to obey such order of the court may be punished by such court as a contempt thereof. All process in any such case may be served in the judicial district whereof such person is an inhabitant or wherever he may be found.

"INJUNCTIONS AND OTHER ORDERS

"Sec. 311. (a) Whenever, in the judgment of the Administration, a licensee or any other person has engaged or is about to engage in any acts or practices which constitute or will constitute a violation of any provision of this Act, or of any rule or regulation under this Act, or of any order issued under this Act, the Administration may make application to the proper district court of the United States or a United States court of any place subject to the jurisdiction of the United States for an order enjoining such acts or practices, or for an order enforcing compliance with such provision, rule, regulation, or

order, and such courts shall have jurisdiction of such actions and, upon a showing by the Administration that such licensee or other person has engaged or is about to engage in any such acts or practices, a permanent or temporary injunction, restraining order, or other order, shall be granted without bond. The proceedings in such a case shall be made a preferred cause and shall be expedited in every way.

"(b) In any such proceeding the court as a court of equity may, to such extent as it deems necessary, take exclusive jurisdiction of the licensee or licensees and the assets thereof, wherever located; and the court shall have jurisdiction in any such proceeding to appoint a trustee or receiver to hold or administer under the direction of the court the assets so possessed."

AN ACT

To amend the Shipping Act, 1916, as amended, to authorize ocean common carriers and conferences thereof serving the foreign commerce of the United States to enter into effective and fair dual rate contracts with shippers and consignees, and for other purposes.

Shipping Act, 1916, amendments. 40 Stat. 903. 46 USC 842.

Foreign commerce.

Common carriers, dual rate contracts. Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Shipping Act, 1916, is amended by adding after section 14a a new section to read as follows:

"Sec. 14b. Notwithstanding any other provisions of this Act, on application the Federal Maritime Commission (hereinafter 'Commission'), shall, after notice, and hearing, by order, permit the use by any common carrier or conference of such carriers in foreign commerce of any contract, amendment, or modification thereof, which is available to all shippers and consignees on equal terms and conditions, which provides lower rates to a shipper or consignee who agrees to give all or any fixed portion of his patronage to such carrier or conference of carriers unless the Commission finds that the contract, amendment, or modification thereof will be detrimental to the commerce of the United States or contrary to the public interest, or unjustly discriminatory or unfair as between shippers, exporters, importers, or ports, or between exporters from the United States and their foreign competitors, and provided the contract, amendment, or modification thereof, expressly (1) permits prompt release of the contract shipper from the contract with respect to any shipment or shipments for which the contracting carrier or conference of carriers cannot provide as much space as the contract shipper shall require on reasonable notice; (2) provides that whenever a tariff rate for the carriage of goods under the contract becomes effective, insofar as it is under the control of the carrier or conference of carriers, it shall not be increased before a reasonable period, but in no case less than ninety days; (3) covers only those goods of the contract shipper as to the shipment of which he has the legal right at the time of shipment to select the carrier: Provided, however, That it shall be deemed a breach of the contract if, before the time of shipment and with the intent to avoid his obligation under the contract, the contract shipper divests himself, or with the same intent permits himself to be divested, of the legal right to select the carrier and the shipment is carried by a carrier which is not a party to the contract; (4) does not require the contract shipper to divert shipment of goods from natural routings not served by the carrier or conference of carriers where direct carriage is available; (5) limits damages recoverable for breach by either party to actual damages to be determined after breach in accordance with the principles of contract law: Provided, however, That the contract may specify that in the case of a breach by a contract shipper the damages may be an amount not exceeding the freight charges computed at the contract rate on the particular shipment, less the cost of handling; (6) permits the contract shipper to terminate at any time without penalty upon ninety days' notice; (7) provides for a spread between ordinary rates and rates charged contract shippers which the Commission finds to be reasonable in all the circumstances but which spread shall in no event be more than 15 per centum of the ordinary rates; (8) excludes cargo of the contract shippers which is loaded and carried in bulk without mark or count except liquid bulk cargoes, other than chemicals, in less than full shipload lots: Provided, however, That upon finding that economic factors so warrant, the Commission may exclude from the contract any commodity subject to the foregoing exception; and (9) contains such other provisions not inconsistent herewith as the Commission shall require or permit. The Commission shall withdraw permission which it has granted under the authority contained in this section for the use of any contract if it finds, after notice and hearing, that the use of such contract is detrimental to the commerce of the United States or contrary to the public interest, or is unjustly discriminatory or unfair as between shippers, exporters, importers, or ports, or between exporters from the United States and their foreign competitors. The carrier or conference of carriers may on ninety days' notice terminate without penalty the contract rate system herein authorized, in whole or with respect to any commodity: Provided, however, That after such termination the carrier or conference of carriers may not reinstitute such contract rate system or part thereof so terminated without prior permission by the Commission in accordance with the provisions of this section. Any contract, amendment, or modification of any contract not permitted by the Commission shall be unlawful, and contracts, amendments, and modifications shall be lawful only when and as long as permitted by the Commission; before permission is granted or after permission is withdrawn it shall be unlawful to carry out in whole or in part, directly or indirectly, any such contract, amendment, or modification. As used in this section, the term 'contract shipper' means a person other than a carrier or conference of carriers who is a party to a contract the use of which may be permitted under this section."

Sec. 2. Section 15, Shipping Act, 1916, is amended to read as fol-

"Sec. 15. That every common carrier by water, or other person subject to this Act, shall file immediately with the Commission a true copy, or, if oral, a true and complete memorandum, of every agreement with another such carrier or other person subject to this Act, or modification or cancellation thereof, to which it may be a party or conform in whole or in part, fixing or regulating transportation rates or fares; giving or receiving special rates, accommodations, or other special privileges or advantages; controlling, regulating, preventing, or destroying competition; pooling or apportioning earnings, losses, or traffic; allotting ports or restricting or otherwise regulating the number and character of sailings between ports; limiting or regulating in any way the volume or character of freight or passenger traffic to be carried; or in any manner providing for an exclusive, preferential, or cooperative working arrangement. The term 'agreement' in this section includes

understandings, conferences, and other arrangements.

"The Commission shall by order, after notice and hearing, disapprove, cancel or modify any agreement, or any modification or cancel- proval. lation thereof, whether or not previously approved by it, that it finds to be unjustly discriminatory or unfair as between carriers, shippers, exporters, importers, or ports, or between exporters from the United States and their foreign competitors, or to operate to the detriment of the commerce of the United States, or to be contrary to the public interest, or to be in violation of this Act, and shall approve all other agreements, modifications, or cancellations. No such agreement shall be approved, nor shall continued approval be permitted for any agreement (1) between carriers not members of the same conference or conferences of carriers serving different trades that would otherwise be naturally competitive, unless in the case of agreements between carriers, each carrier, or in the case of agreements between conferences, each conference, retains the right of independent action, or (2) in respect to any conference agreement, which fails to provide reasonable and equal terms and conditions for admission and readmission to con-

reasonable notice without penalty for such withdrawal.

"The Commission shall disapprove any such agreement, after notice and hearing, on a finding of inadequate policing of the obligations under it, or of failure or refusal to adopt and maintain reasonable procedures for promptly and fairly hearing and considering shippers'

requests and complaints.

"Any agreement and any modification or cancellation of any agreement not approved, or disapproved, by the Commission shall be unlawful, and agreements, modifications, and cancellations shall be lawful only when and as long as approved by the Commission; before approval or after disapproval it shall be unlawful to carry out in whole or in part, directly or indirectly, any such agreement, modification, or cancellation; except that tariff rates, fares, and charges, and classifications, rules, and regulations explanatory thereof (including changes in special rates and charges covered by section 14b of this Act which do not involve a change in the spread between such rates and charges and the rates and charges applicable to noncontract shippers) agreed upon by approved conferences, and changes and amendments thereto, if otherwise in accordance with law, shall be permitted to take effect without prior approval upon compliance with the publication and filing requirements of section 18(b) hereof and with the provisions of any regulations the Commission may adopt.

Every agreement, modification, or cancellation lawful under this section, or permitted under section 14b, shall be excepted from the provisions of the Act approved July 2, 1890, entitled 'An Act to protect trade and commerce against unlawful restraints and monopolies', and amendments and Acts supplementary thereto, and the provisions of sections 73 to 77, both inclusive, of the Act approved August 27, 1894, entitled 'An Act to reduce taxation, to provide revenue for the Government, and for other purposes', and amendments and Acts supple-

mentary thereto.

action."

Sec. 3. Notwithstanding the provisions of sections 14, 14b, and 15, Shipping Act, 1916, as amended by this Act, all existing agreements which are lawful under the Shipping Act, 1916, immediately prior to enactment of this Act, shall remain lawful unless disapproved, canceled, or modified by the Commission pursuant to the provisions of the Shipping Act, 1916, as amended by this Act: Provided, however, That all such existing agreements which are rendered unlawful by the provisions of such Act as hereby amended must be amended to comply with the provisions of such Act as hereby amended, and if such amendments are filed for approval within six months after the enactment of this Act, such agreements so amended shall be lawful for a further period of not to exceed one year after such filing. Within such year the Commission shall approve, disapprove, cancel or modify all such agreements and amendments in accordance with the provisions of this Act.

Sec. 4. Section 18, Shipping Act, 1916, is hereby amended as follows:

(a) Insert "(a)" immediately after the section number "18".

(b) Add the following subsection 18(b):

Such tariffs shall plainly show the places between which freight will be carried, and shall contain the classification of freight in force, and shall also state separately such terminal or other charge, privilege, or facility under the control of the carrier or conference of carriers which is granted or allowed, and any rules or regulations which in anywise change, affect, or determine any part or the aggregate of such aforesaid rates, or charges, and shall include specimens of any bill of lading, contract of affreightment, or other document evidencing the transportation agreement. Copies of such tariffs shall be made available to any person and a reasonable charge may be made therefor. The requirements of this section shall not be applicable to cargo loaded and carried in bulk without mark or count.

"(2) No change shall be made in rates, charges, classifications, rules or regulations, which results in an increase in cost to the shipper, nor shall any new or initial rate of any common carrier by water in foreign commerce or conference of such carriers be instituted, except by the publication, and filing, as aforesaid, of a new tariff or tariffs which shall become effective not earlier than thirty days after the date of publication and filing thereof with the Commission, and each such tariff or tariffs shall plainly show the changes proposed to be made in the tariff or tariffs then in force and the time when the rates, charges, classifications, rules or regulations as changed are to become effective: Provided, however, That the Commission may, in its discretion and for good cause, allow such changes and such new or initial rates to become effective upon less than the period of thirty days herein specified. Any change in the rates, charges, or classifications, rules or regulations which results in a decreased cost to the shipper may become effective upon the publication and filing with the Commission. The term "tariff" as used in this paragraph shall include any amendment, supplement or reissue.

(4) The Commission shall by regulations prescribe the form and manner in which the tariffs required by this section shall be published and filed; and the Commission is authorized to reject any tariff filed with it which is not in conformity with this section and with such regulations. Upon rejection by the Commission, a tariff shall be void and its use unlawful.

October 3, 1961 [H. R. 84] AN ACT

To stabilize the mining of lead and zinc by small domestic producers on public, Indian, and other lands, and for other purposes.

Lead and zinc mining. Stabilization. Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of the Interior is hereby authorized and directed to establish and maintain a program of stabilization payments to small domestic producers of lead and zinc ores and concentrates in order to stabilize the mining of lead and zinc by small domestic producers on public, Indian, and other lands as provided in this Act.

Sec. 2. (a) Subject to the limitations of this Act, the Secretary shall make stabilization payments to small domestic producers upon presentation of evidence satisfactory to him of their status as such producers and of the sale by them of newly mined ores, or concentrates produced therefrom, as provided in this Act. Payments shall be made only with respect to the metal content as determined by assay.

(b) Such payments shall be made to small domestic producers of lead as long as the market price for common lead at New York, New

York, as determined by the Secretary, is below 141/2 cents per pound, and such payments shall be 75 per centum of the difference between 141/2 cents per pound and the average market price for the month in

which the sale occurred as determined by the Secretary.

(c) Such payments shall be made to small domestic producers of zinc as long as the market price for prime western zinc at East Saint Louis, Illinois, as determined by the Secretary, is below 14½ cents per pound, and such payments shall be 55 per centum of the difference between 141/2 cents per pound and the average market price for the month in which the sale occurred as determined by the Secretary.

(d) The maximum amount of payments which may be made pursuant to this Act on account of sales of newly mined ores or concentrates produced therefrom made during the calendar year 1962 shall not exceed \$4,500,000; the maximum amount of such payments which may be made on account of such sales made during the calendar year 1963 shall not exceed \$4,500,000; the maximum amount of such payments which may be made on account of such sales made during the calendar year 1964 shall not exceed \$4,000,000; and the maximum amount of such payments which may be made on account of such sales made during the calendar year 1965 shall not exceed \$3,500,000.

Sec. 3. (a) Subject to the provisions of subsection (b) and subsection (c) of this section, no stabilization payments under this Act shall be made to any small domestic producer on sales, or further processing in lieu of sales, in the twelve-month period ending December 31, 1962, in excess of one thousand five hundred tons of zinc and one thousand five hundred tons of lead; or in the twelve-month period ending December 31, 1963, in excess of one thousand two hundred tons of zinc and one thousand two hundred tons of lead; or in the twelve-month period ending December 31, 1964, in excess of nine hundred tons of zinc and nine hundred tons of lead; and in the twelve-month period ending December 31, 1965, in excess of six hundred tons of zinc and six hundred tons of lead, subject to the further limitation that no producer may be paid in any such calendar year for an amount in excess of his maximum production during any calendar year between January 1, 1950, and December 31, 1960. Payments shall be made only with respect to ores and concentrates produced from an operating unit which was operated during the whole or some part of the period January 1, 1956, to August 1, 1961. No payments shall be made on any production from any property acquired by sale, lease, permit, or otherwise (except devise or inheritance) subsequent to August 1, 1961: Provided, however, That any person or firm acquiring a property by sale, lease, permit, or otherwise may qualify as a small domestic producer if such person or firm produced ores or concentrates from a mine specified in a lease, permit, or contract during the whole or some part of the period January 1, 1956, to August 1, 1961.

(b) No stabilization payments under this Act shall be made on any domestically produced material which is sold to or eligible for sale to the United States Government, or any agency thereof, pursuant to a contract made under the provisions of the Defense Production Act of 1950, as amended, or the Strategic and Critical Materials Stockpiling Act. Any such material shall be applied to reduce the annual limitations specified in this section, and the quarterly limitations as

fixed by the Secretary.

(c) For purposes of administration the Secretary may fix quarterly limitations on the total amounts of each material on which stabilization payments are made for the purpose of achieving stabilization in the annual rates of production.

Sec. 4. The Secretary is authorized to establish and promulgate such regulations and require such reports as he deems necessary to carry out

the purposes of this Act, but such regulations shall assure equitable distribution of the benefits of the programs provided by this Act among the small domestic producers affected.

Sec. 5. The Secretary may delegate any of the functions authorized

by this Act to the Administrator of General Services.

Sec. 6. (a) For the purposes of this Act—

(1) The term "Secretary" means the Secretary of the Interior.

(2) The term "small domestic producer" means any person or firm engaged in producing ores or concentrates from mines located within the United States or its possessions and in selling the material so produced in normal commercial channels who, during any twelve-month period between January 1, 1956, and the first day of the period for which he seeks payments under this Act, has not produced or sold ores or concentrates the recoverable content of which is more than three thousand tons of lead and zinc combined, recoverable content being computed as 95 per centum of the lead content of the ores or concentrates and 85 per centum of the zinc content of the ores or concentrates.

(3) The term "sale" means a bona fide transfer for value of ores and concentrates from a producer to a processing plant. In the event that a producer further processes ores or concentrates, a sale shall be deemed to have occurred when such ores or concentrates are shipped to

the processing plant.

(4) The term "newly mined" means domestic material processed into concentrates or severed from the land subsequent to the date of enactment of this Act, but shall not exclude normal inventories of crude ore. The term does not refer to material recovered from mine dumps, mill tailings, or from smelter slags and residues derived from material mined prior to the date of enactment of this Act.

(5) The term "quarter" means the calendar periods commencing on the first day of the months of January, April, July, and October.

(b) For the purposes of this Act, the Secretary may determine what constitutes a single operating unit producing ores and, in the event that more than one producer claims payment for sales from production of a single operating unit, the Secretary may determine the quantity of sales for each such producer to which the above limitations apply.

(c) For purposes of this Act, sales of concentrates produced from ores sold to a mill or processing plant in accordance with regulations issued pursuant to this Act shall not be considered as the sales of the owner of the mill, but shall be considered as the sales of the small

domestic producer of the ores.

Sec. 7. No payment shall be made under this Act on any ores or concentrates sold, or processed in lieu of sale, after December 31, 1965; but authorized payment shall be made only if application therefor is filed not later than March 31, 1966, in accordance with regulations established by the Secretary.

Sec. 8. The Secretary shall make an annual report with respect to operations under this Act not later than March 1 of each year to the Congress of the United States. Any such report shall contain such

recommendations as the Secretary may deem appropriate.

Sec. 9. (a) Whoever, for the purpose of procuring a payment to which he is not entitled under this Act and the regulations issued pursuant thereto or for the purpose of assisting another to procure a payment to which the other is not entitled under this Act and the regulations issued pursuant thereto, misrepresents any material fact, knowing the same to be false, fictitious, or fraudulent, shall be guilty of an offense against the United States and shall be fined not more than \$5,000 or imprisoned not more than two years, or both, and shall thenceforth be entitled to no benefits under this Act.

Report to Congress.

(b) Whoever accepts a payment under this Act to which, or any portion of which, he is not entitled, knowing that he is not entitled thereto or whoever, having accepted a payment under this Act to which, or any portion of which, he is not entitled, retains the same, knowing that he is not entitled thereto, shall be required, in a civil action instituted by the Attorney General, to refund treble the amount accepted or retained by him. The acceptance or retention of any payment as aforesaid shall also constitute an offense against the United States punishable by a fine of not more than \$5,000 or imprisonment for not more than two years, or both, and any person who shall be convicted of such offense shall thenceforth be entitled to no benefits under this Act.

(c) No producer shall be eligible for payment under this Act if he is operating under a lease, contract, or permit obtained after the effective date of this Act from another producer of lead and zinc who has placed a larger portion of his mining properties under lease, contract, or permit to other producers than he had placed at his highest production level since January 1, 1956, to the effective date of this

JOINT RESOLUTION

To waive certain provisions of the Atomic Energy Act of 1954 so as to permit the agreement for cooperation between the United States and France to be made immediately effective.

72 Stat. 277. 42 USC 2153. Whereas on September 7, 1961, the President submitted to the Congress pursuant to section 123 d. of the Atomic Energy Act of 1954, a proposed agreement for cooperation between the Government of the United States of America and the Government of the French Republic, signed at Paris, July 27, 1961; and

Whereas section 123 d. of the Atomic Energy Act of 1954 provides in effect that such an agreement may not enter into force for the United States until sixty days have expired while the Congress is in session after the submission of the agreement, without adverse

action thereon by the Congress; and

Whereas it appears that the full sixty-day period will not have expired during this session of the Congress and that the proposed agreement, therefore, would not in the ordinary course of events be brought into force until Congress reconvenes; and

Whereas the Congress is satisfied that the proposed agreement is within the scope of the Atomic Energy Act of 1954, particularly

sections 91 c. (1) and 144 b.; and

Whereas the proposed agreement is similar to the agreements for cooperation already in effect with the Federal Republic of Germany, Greece, Italy, the Netherlands, and Turkey; and

Whereas recent international developments warrant proceeding with such cooperation with France as expeditiously as possible; and

Whereas the Congress recognizes that the early entry into force of this proposed agreement would contribute to the strength of the free world and thus enhance the common defense and security: Now, therefore, be it

AN ACT

October 4, 1961 [H. R. 7377]

To increase the limitation on the number of positions which may be placed in the top grades of the Classification Act of 1949, as amended, to provide certain additional research and development positions, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Classification Act of 1949, amendments.

TITLE I—POSITIONS IN TOP GRADES OF CLASSIFICA-TION ACT OF 1949

CONGRESSIONAL FINDINGS AND DECLARATION OF POLICY WITH RESPECT TO TOP GRADES OF CLASSIFICATION ACT OF 1949

Sec. 101. (a) The Congress hereby finds that—

(1) the public interest requires that effective limitations and controls be established and maintained with respect to the allocation of positions—whether by law or by administrative action—to grades 16, 17, and 18 of the Classification Act of 1949—the so-called top grades below the Federal executive level in the Government service—in order to prevent the unwarranted allocation of positions to such grades and to promote efficiency and economy in the operation of the Government;

(2) one of the principal purposes of the Classification Act of 1949, as originally enacted and as amended from time to time, was, and continues to be, the establishment and maintenance, by specific provisions of such Act, of a coordinated and comprehensive authority and control over the allocation of positions to these top

grades of such Act;

(3) under the rules of the Senate and the rules of the House of Representatives, as applicable, and the Legislative Reorganization Act of 1946, the Committee on Post Office and Civil Service of the Senate and the Committee on Post Office and Civil Service of the House of Representatives are vested with exclusive legislative jurisdiction, and charged with the duty of exercising legislative oversight and supervision, with respect to all matters within the purview of the Classification Act of 1949 and the administration thereof, including the allocation of positions to these top grades of such Act;

(4) this legislative authority, duty, and jurisdiction of such committees, and the orderly and established legislative processes of the Congress generally in this respect, are being undermined by the increasing practice, resulting from certain solicitations from individual departments and agencies in the executive branch and elsewhere, of allocating additional numbers of positions to such top grades by means of appropriation Acts and other laws and reorganization plans (other than the Classification Act of 1949) which disregard the numerical limitations or the standards and procedures, or both, with respect to the allocation of positions to such grades;

(5) at the present time, therefore, the pertinent provisions of the Classification Act of 1949 do not reflect, even by approximation, the existing state of the law with respect to the total number of positions which may be allocated to the top grades of such Act;

and

(6) this state of affairs subverts and undermines the object and purpose of the Classification Act of 1949 with respect to the allocation of positions to such top grades of such Act.

63 Stat, 954. 5 USC 1071 note.

60 Stat. 812. 2 USC 72a note. 63 Stat. 954.

5 USC 1071 note.

(b) It is, therefore, hereby declared to be the sense of the Congress-

(1) that the matter of requesting the allocation of additional numbers of positions to the top grades of the Classification Act of 1949, whether by groups of positions or on an individual basis, is properly within the jurisdiction of those standing committees of the Senate and House of Representatives having jurisdiction over the Classification Act of 1949 in accordance with orderly and established legislative processes—the Committee on Post Office and Civil Service of the Senate and the Committee on Post Office

and Civil Service of the House of Representatives;

(2) that the Director of the Bureau of the Budget, the United States Civil Service Commission, and other authority designated by the President exercise to the fullest extent the authority and responsibility of disapproving requests of the departments and agencies in the executive branch for individual exceptions (to be attained through the enactment of laws outside the jurisdiction of the committees above referred to) from the numerical limitations or the standards and procedures, or both, imposed by the Classification Act of 1949 with respect to the allocation of positions to the top grades of such Act; and

(3) that, if need should develop for increasing such numerical limitations or waiving such standards or procedures, or both, in any case or cases, the matter should be presented promptly to the Congress in a manner consistent with the legislative authority, duty, responsibility, and jurisdiction of the respective Committees on Post Office and Civil Service of the Senate and House of

Representatives.

INCREASE IN NUMBER OF AUTHORIZED TOP GRADE POSITIONS UNDER CLASSIFICATION ACT OF 1949

63 Stat. 959; 74 Stat. 305.

Sec. 102. (a) Subsection (b) of section 505 of the Classification Act of 1949, as amended (5 U.S.C. 1105(b)), relating to the maximum number of positions authorized at any one time for grades 16, 17, and 18 of the General Schedule of such Act, is amended to read as follows:

"(b) Subject to subsections (c), (d), (e), (f), (g), and (j) of this section, a majority of the Civil Service Commissioners are authorized to establish and, from time to time, revise the maximum numbers of positions (not to exceed an aggregate of nineteen hundred and eightynine) which may be in grades 16, 17, and 18 of the General Schedule at any one time, except that under such authority-

"(1) not to exceed 25 per centum of such aggregate number may be placed in grade 17 and not to exceed 12 per centum of such

aggregate number may be placed in grade 18;
"(2) fifty of such positions shall be available only for allocation, with the approval of the President, for agencies or functions created after the date of enactment of this subparagraph;

"(3) fourteen of such positions shall be available only for allocation to the United States Arms Control and Disarmament

Agency;

"(4) six of such positions shall be available only for allocation to the Immigration and Naturalization Service of the Department of Justice; and

"(5) four of such positions shall be available only for allocation

to the Federal Home Loan Bank Board."

(b) Subsection (j) of such section 505, as amended (5 U.S.C. 1105(j)), relating to positions authorized for the Department of Defense in grades 16, 17, and 18 of the General Schedule of the Classifica-

Ante, p. 631.

73 Stat. 700.

tion Act of 1949, is amended by striking out "three hundred seventytwo positions" and inserting in lieu thereof "four hundred seven positions".

(c) Such section 505, as amended, is amended by adding at the end

thereof the following new subsection:

"(m) In any case in which, during the Eighty-seventh Congress, provisions are included in any Act of Congress (other than those contained in this Act) which authorize any agency of the Government to place additional positions in grade 16, 17, or 18 of the General Schedule, the Commission is authorized and directed to withdraw from such agency the allotments of a number of positions (equal to the number of such additional positions authorized under such Act of Congress) made by the Commission for such agency out of the number of positions authorized by subsection (b) of this section, to the extent possible in the light of the number of positions so allotted to such agency and in the light of the number of such additional positions authorized under such Act of Congress."

(1) Striking the present subsection (b) and inserting in lieu thereof

the following:

"(b) In order to promote the construction of new, safe, and efficient vessels to carry the domestic and foreign waterborne commerce of the United States, the Commission is authorized, subject to the provisions of this section, to acquire any obsolete vessel in exchange for an allowance of credit. The obsolete vessel shall be acquired by the Commission, if the owner so requests, either at the time the owner contracts for the construction or purchase of a new vessel or within five days of the actual date of delivery of the new vessel to the owner. The amount of the allowance shall be determined at the time of the acquisition of the obsolete vessel by the Commission. In the event the obsolete vessel is acquired by the Commission at the time the owner contracts for the construction or purchase of the new vessel, the allowance shall not be paid to the owner of the obsolete vessel, but shall be applied upon the purchase price of a new vessel. In the case of a new vessel constructed under the provisions of this Act, such allowance may, under such terms and conditions as the Commission may prescribe, be applied upon the cash payments required under this Act. In case the new vessel is not constructed under the provisions of this Act, the allowance shall, upon acquisition of the obsolete vessel by the Commission, be paid, for the account of the owner, to the shipbuilder constructing such new vessel. In the event that title to the obsolete vessel is acquired by the Commission at the time of delivery of the new vessel, the allowance shall be deposited in the owner's capital reserve fund. This subsection shall apply to obsolete vessels exchanged for new vessels hereafter contracted to be built, or eligible for such exchange but not exchanged in connection with a contract for new vessels executed prior to October 1, 1960."

(2) Striking the present subsection (d) and inserting in lieu thereof

the following:

"(d) The allowance for an obsolete vessel shall be the fair and reasonable value of such vessel as determined by the Commission. In making such determination the Commission shall consider: (1) the scrap value of the obsolete vessel both in American and foreign markets, (2) the depreciated value based on a twenty or twenty-five year life, whichever is applicable to the obsolete vessel, and (3) the market value thereof for operation in the world trade or in the foreign or domestic trade of the United States. In the event the obsolete vessel is acquired by the Commission at the time the owner contracts for the construction of the new vessel, and the owner uses such vessel during the period of construction of the new vessel, the allowance shall be reduced by an amount representing the fair value of such use. The rate for the use of the obsolete vessel shall be fixed by the Commission for the entire period of such use at the time of execution of the contract for the construction of the new vessel."

CHINA

August 31, 1961 [S. Con. Res. 34]

Whereas the Government of the United States enjoys close and friendly relations with the Government of the Republic of China, including treaty obligations which this Government honors; and Whereas the Republic of China has faithfully discharged its obliga-

tions under the Charter of the United Nations; and

Whereas the Chinese Communist government has flagrantly violated basic human rights, has imposed on the Chinese people one of the most brutal regimes known to history, and is without authority to speak for the Chinese people other than the authority that derives

from usurpation and tyranny; and

Whereas the Chinese Communist regime by its aggression in Korea, its repression in Tibet, its threats against its neighbors, its failure to release American prisoners as promised, its export of narcotics to non-Communist countries, in collaboration with criminal elements in these countries, on a scale that makes it the major source of the international illicit narcotics traffic, and its hostility toward the United States and the United Nations has demonstrated that it is not qualified for representation in the United Nations: Therefore be it

> Representat i on in United Nations.

"UNCLE SAM"

Whereas in a world largely hostile to the idea of freedom we must keep alive the cherished values of our way of life; and

Whereas at a moment in our history when we need all our sense of purpose and capability to match the challenge of disciplined communism some say that our national symbol of "Uncle Sam" is archaic and should be disowned; and

Whereas the symbol of "Uncle Sam" was evoked out of the needs of a young Nation, and is linked to a grassroots character, Samuel Wilson, of Troy, New York, who still represents the strength and idealism that made up the greatest Nation in the world; and

Whereas the years 1766 to 1854, the years in which Samuel Wilson lived, witnessed the birth and glorious progress of the United States, spanning as they did the period before the Declaration of Independence to the emergence of the United States as a world power; and

Whereas no congressional action has ever been taken to make the symbol of that American tradition, the symbol of "Uncle Sam," official and permanent: Therefore be it

Salute to "Uncle Sam" Wilson.

Resolved by the Senate (the House of Representatives concurring), That the Congress salutes "Uncle Sam" Wilson, of Troy, New York, as the progenitor of America's national symbol of "Uncle Sam".

WORLD ECONOMIC PROGRESS ASSEMBLY AND EXPOSITION, 1962

Whereas the encouragement of private and public participation in international economic development is vital to the achievement of a free and democratic economic growth process, and the responsibility for stimulating international economic growth, and especially the growth of those nations in the less-developed areas, must be shared and supported, in accordance with their capacity, by the peoples of the world, whether as individuals or through their private organizations and their governments; and

Whereas the Government of the United States and its people have consistently endorsed the aspirations of all peoples and nations to realize a free and prosperous society and have, toward these ends, actively supported and participated in programs for free economic

development; and

Whereas the success or failure of these objectives and the freedom of the individual, his nation, and the world, depend upon the scope and quality of public understanding and the ability of the individual to focus on this historic movement of our century, and is dependent upon the ability of the leaders in the great endeavor to understand each other and each other's efforts and thus find ways by which mutual efforts can be joined for the good of all mankind; and

Whereas in order to assist in bringing about a greater understanding and acceleration of this effort, a World Economic Progress Assembly and Exposition, privately organized, financed, and sponsored, will be presented in November 1962, in Chicago, Illinois, at the new

exposition center known as McCormick Place; and

Whereas the purpose of this assembly and exposition is to bring together for the first time a world assembly to examine and explore the many diverse elements of mankind's struggle to assure to itself adequate food, clothing, shelter, health, education, and other elements of its well-being and to provide the means through exhibits, meetings, and special events to translate what is now a vague topic

to many into an understandable reality; and

Whereas further purposes of this assembly and exposition are to provide the opportunity to bring to the United States, which has spearheaded the effort for the betterment of mankind, representatives of national governments and international and national government and private agencies including foundations and educational, religious, labor, banking, and business organizations and institutions and the general public to enable them, and their American counterparts, to come together to report, explain, and evaluate their progress, roles, and operations, catalog needs as yet unmet, exchange views and plan within a coherent framework the new opportunities for private and government cooperation, chart new and mutually productive and advantageous paths into a future, and achieve a closer understanding and collaboration in this great and essential endeavor; and

Whereas it is the declared policy of the United States to encourage the contribution of United States enterprise toward economic strength of less-developed countries, through private trade and investment abroad and exchange of ideas and technical information, and to increase mutual understanding between the people of the United States and the people of other countries, using to the maximum extent practicable the facilities of private agencies, and the World Economic Progress Assembly and Exposition will provide a unique and effective means of carrying out these objectives; and

Whereas the President of the United States, recognizing that the assembly and exposition provide a response to the urgent need to

broaden understanding, at home and abroad, of the progress and challenge of international economic development and that the participation of the American people through various United States Government programs in the development of the economies of other nations and in the evolution of international economic growth is an integral part of the story to be projected at the proposed assembly and exposition, has therefore instructed the various agencies and departments of the Government concerned to assist in every way possible in contributing to the success of the event: Now, therefore,

Endorsement.

Resolved by the House of Representatives (the Senate concurring), That it is the sense of the Congress that the World Economic Progress Assembly and Exposition is consistent with the objectives of the Government of the United States and has an unusual opportunity to make a significant contribution to the objectives of the United States and to all who seek to realize a society in which man and nations can realize their potential in freedom and peace.

SEC. 2. The President of the United States is requested to issue a proclamation reciting the purposes of the World Economic Progress Assembly and Exposition and inviting participation by all concerned

with international economic development.

IMPOSING IMPORT QUOTAS ON TUNG OIL AND TUNG NUTS

By the President of the United States of America A Proclamation October 27, 1960 [No. 3378]

WHEREAS, pursuant to section 22 of the Agricultural Adjustment Act, as amended (7 U.S.C. 624), the Secretary of Agriculture advised me he had reason to believe that tung oil and tung nuts are practically certain to be imported into the United States under such conditions and in such quantities as to render or tend to render ineffective, or materially interfere with, the price-support program undertaken by the Department of Agriculture with respect to tung nuts; and

62 Stat. 1248.

62 Stat. 1248. 7 USC 624. WHEREAS, on August 30, 1960, I requested the United States Tariff Commission to make an investigation under the said section 22 with respect to this matter; and

WHEREAS the Tariff Commission has made such investigation and has reported to me its findings and recommendations made in connection therewith: and

WHEREAS, on the basis of the investigation and report of the Tariff Commission, I find that, in the absence of import restrictions beyond October 31, 1960, tung oil and tung nuts are practically certain to be imported into the United States under such conditions and in such quantities as to materially interfere with the said price-support program: and

WHEREAS I find and declare that the imposition of the limitations on imports of tung oil and tung nuts hereinafter proclaimed is shown by such investigation of the Tariff Commission to be necessary in order that the entry of tung oil and tung nuts will not materially interfere with such price-support program: and

WHEREAS I find that the limitations on imports of tung oil and tung nuts hereinafter proclaimed will not reduce the permissible total quantity of tung oil and tung nuts which may be entered, or withdrawn from warehouse, for consumption, to proportionately less than 50 per centum of the average annual quantity of tung oil and tung nuts entered during the representative period November 1, 1952, to October 31, 1956, inclusive:

NOW, THEREFORE, I, DWIGHT D. EISENHOWER, President of the United States of America, acting under and by virtue of the authority vested in me by section 22 of the Agricultural Adjustment Act, as amended, do hereby proclaim as follows:

1. For each of the three twelve-month periods beginning on November 1, 1960, November 1, 1961, and November 1, 1962, the total aggregate quantity of tung oil

and tung nuts (in terms of their oil equivalent) entered, or withdrawn from warehouse, for consumption shall not exceed 26,000,000 pounds, of which not more than 6,500,000 pounds shall be entered or withdrawn during the first quarter of each such twelve-month period.

2. Of the 26,000,000 pounds specified in paragraph 1 not more than 22,100,000 pounds shall be the product of Argentina, nor more than 2,964,000 pounds shall be the product of Paraguay, nor more than 936,000 pounds shall be the product of other foreign countries; and of the 6,500,000 pounds specified in paragraph 1 not more than 5,525,000 pounds shall be the product of Argentina, nor more than 741,000 pounds shall be the product of Paraguay, nor more than 234,000 pounds shall be the product of other foreign countries.

For the purposes of this proclamation the oil equivalent of tung nuts shall be computed on the basis of 15.9 pounds of oil for each 100 pounds of whole nuts, and on the basis of 35.8 pounds of oil for each 100 pounds of decorticated nuts.

In order to assure equitable treatment to supplying countries, all tung oil and tung nuts entered or withdrawn pursuant to this proclamation shall have been a direct shipment destined to the United States on an original through bill of lading from the country of production.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the United States of America to be affixed.

THANKSGIVING DAY, 1960

By the President of the United States of America

November 11, 1960 [No. 3380]

A Proclamation

WHEREAS it has long been our custom as a people to pause from our labors for one day at the close of the harvest season and give special thanks to Almighty God for the bounty which He has bestowed upon our land; and

WHEREAS again this year we have been blessed with an abundant harvest; and

WHEREAS it is fitting and appropriate at this time of national thanksgiving that we should remember and respond to the needs of those of other lands; and

WHEREAS the Congress of the United States, by a joint resolution approved December 26, 1941 (55 Stat. 862; 5 U.S.C. 87b), has designated the fourth Thursday of November in each year as Thanksgiving Day:

NOW, THEREFORE, I, DWIGHT D. EISENHOWER, President of the United States of America, in consonance with the aforesaid resolution of Congress, do hereby proclaim Thursday, November 24, 1960, as a day of national thanksgiving; and I urge the people of the United States to give grateful thought to the observance of this day.

Furthermore, I call upon our people, while giving thanks for our blessings, to direct their thoughts to the peoples of other lands less fortunate than we. In particular, I urge my fellow Americans to support and assist the efforts which we as a Nation, working individually and in cooperation with other nations, are directing toward the solution of the world-food problem.

Under our Food-for-Peace Program, a distinguished company of voluntary citizens' groups and religious societies is making heart-warming contributions to this effort. I ask our people to give them continued support.

At the same time, I urge my fellow Americans to assist in the Freedom-from-Hunger Campaign of the United Nations Food and Agriculture Organization. Our Government fully supports the objectives of this organization. But success of its campaign requires the active cooperation of generous citizens, and of public and private groups, in our country and around the world.

Let us hope that some day, under a benevolent Providence and through the best use of the world's God-given resources, each nation will have reason to celebrate its own thanksgiving day.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the United States of America to be affixed.

CIVIL WAR CENTENNIAL

December 6, 1960 [No. 3382]

By the President of the United States of America

A Proclamation

The years 1961 to 1965 will mark the one-hundredth anniversary of the American Civil War.

That war was America's most tragic experience. But like most truly great tragedies, it carries with it an enduring lesson and a profound inspiration. was a demonstration of heroism and sacrifice by men and women of both sides who valued principle above life itself and whose devotion to duty is a part of our Nation's noblest tradition.

Both sections of our now magnificently reunited country sent into their armies men who became soldiers as good as any who ever fought under any flag. Military history records nothing finer than the courage and spirit displayed at such battles as Chickamauga, Antietam, Kenesaw Mountain, and Gettysburg. That America could produce men so valiant and so enduring is a matter for deep and abiding pride.

The same spirit on the part of the people at home supported and strengthened those soldiers through four years of great trial. That a Nation which contained hardly more than thirty million people. North and South together, could sustain six hundred thousand deaths without faltering is a lasting testimonial to something unconquerable in the American spirit. And that a transcending sense of unity and larger common purpose could, in the end, cause the men and women who had suffered so greatly to close ranks once the contest ended and to go on together to build a greater, freer, and happier America must be a source of inspiration as long as our country may last.

By a joint resolution approved on September 7, 1957 (71 Stat. 626), the Congress established the Civil War Centennial Commission to prepare plans and programs for the nationwide observances of the one-hundredth anniversary of the Civil War, and requested the President to issue proclamations inviting the people of the United States to participate in those observances.

NOW, THEREFORE, I, DWIGHT D. EISENHOWER, President of the United States of America, do hereby invite all of the people of our country to take a direct and active part in the Centennial of the Civil War.

I request all units and agencies of government—Federal, State, and local and their officials to encourage, foster, and participate in Centennial observances. And I especially urge our Nation's schools and colleges, its libraries and museums, its churches and religious bodies, its civic, service, and patriotic organizations, its learned and professional societies, its arts, sciences, and industries, and its informational media. to plan and carry out their own appropriate Centennial observances during the years 1961 to 1965; all to the end of enriching our knowledge and appreciation of this momentous chapter in our Nation's history and of making this memorable period truly a Centennial for all Americans.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the United States of America to be affixed.

WHEREAS an unconscionable number of lives and approximately a billion dollars worth of property are lost each year because of fires which could have been prevented or controlled; and

WHEREAS our communities and the Nation can ill afford this inexcusable waste of our resources:

NOW, THEREFORE, I, JOHN F. KEN-NEDY, President of the United States of America, do hereby designate the week beginning October 8, 1961, as Fire Prevention Week.

I urge State and local governments. the American Red Cross, the Chamber of Commerce of the United States, and business, labor and farm organizations. as well as schools, civic groups, and public-information agencies, to observe Fire Prevention Week by bringing fire safety facts effectively to the attention of the public. I call upon all citizens to understand and personally support the fire prevention and control efforts of their respective community fire departments. I also direct the appropriate Federal agencies to assist in this effort to reduce the shameful waste caused by preventable fires.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the United States of America to be affixed.

AMERICAN EDUCATION WEEK, 1961

By the President of the United States of America

July 25, 1961 [No. 3422]

A Proclamation

WHEREAS wide knowledge and the free interchange of thought are essential to the growth and vitality of our Nation; and

WHEREAS our political and social institutions depend for their perpetuation and strength upon an informed, responsible, and confident people; and

WHEREAS we are at a time of growth in our country which gives us not only greater means for the satisfaction of our material needs but also more opportunities for the cultivation of learning and wisdom; and

WHEREAS it is appropriate that a special period be set aside each year to mark the importance of education and the continuing need to improve and strengthen it:

NOW, THEREFORE, I, JOHN F. KENNEDY, President of the United States of America, do hereby designate the period from November 5 through November 11, 1961, as American Education Week.

I urge that all of us during that week take part, through school and community, in observances to focus attention upon the force for good which education has been and must continue to be in our national life; and that we honor our teachers and school officials for whom every week is education week.

The education of our people should be a lifelong process by which we continue to feed new vigor into the lifestream of the Nation through intelligent, reasoned decisions. Let us not think of education only in terms of its costs, but rather in terms of the infinite potential of the human mind that can be realized through education. Let us think of education as the means of developing our greatest abilities, because in each of us there is a private hope and dream which, fulfilled, can be translated into benefit for everyone and greater strength for our Nation.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the United States of America to be affixed.

DONE at the City of Washington this twenty-fifth day of July in the year of our Lord nineteen hundred and [SEAL] sixty-one, and of the Independence of the United States of America the one hundred and eighty-sixth.

JOHN F. KENNEDY

DEAN RUSK, Secretary of State.

culture with respect to cotton or products thereof: and

NOW, THEREFORE, I, JOHN F. KEN-NEDY, President of the United States of America, acting under and by virtue of the authority vested in me by section 22 of the Agricultural Adjustment Act, as amended, do hereby proclaim that the total aggregate quantity of cotton products produced in any stage preceding the spinning into yarn, except cotton wastes, which may be entered, or withdrawn from warehouse, for consumption in any 12-month period, beginning September 11 in 1961 and in subsequent years shall not exceed 1,000 pounds, which permissible total quantity I find and declare to be proportionately not less than 50 per centum of the total quantity of such articles entered, or withdrawn from warehouse, for consumption during the representative period from January 1, 1940, to December 31, 1953, inclusive.

EXPLANATION

General.

The following tables are designed to serve as a guide to prior laws and other Federal instruments which are patently amended, repealed, referred to, or otherwise cited by the textual provisions of the public laws contained in this volume. These tables were initiated as a separate pamphlet to accompany Volume 70 of the United States Statutes at Large. Beginning with Volume 71, they are being published as an integral part of each volume.

From time to time the tables will be cumulated and made separately available as a convenience to users. Tables 1-9 of Volumes 70-74 covering the years 1956 through 1960 have been cumulated and published as a separate pamphlet. Coverage and arrangement of the tables are subject to change with a view to improved usefulness.

The arrangement of the tables is outlined above. There are two basic groups: (1) Tables 1-10 cover amendments, repeals, and other actions directly affecting prior laws and other Federal instruments; and (2) Tables 11-19 cover all citations and other references to prior laws and other Federal instruments.

Details of Arrangement.

Tables 1-9 are limited to cases in which prior laws and other Federal instruments are expressly affected.

Table 10 is a catch-all table designed as a finding aid to relationships which are expressed in general terms. Listed in this table are all public laws in this volume

which contain such provisions as "notwithstanding any other provision of law," and "all laws in conflict with this law are hereby repealed."

Tables 11-19 cover all other cases in which prior laws or other Federal instruments are mentioned in the text of the public laws in this volume, without regard to the

purpose underlying such reference.

In each of the basic groups the first and largest table is entitled "General Legislation," and contains listings of all laws affected which have not been codified in the Revised Statutes, the Internal Revenue Codes, or in those titles of the United States Code which have been enacted into positive law. Succeeding tables cover these codified provisions, as well as other instruments such as reorganization plans, veterans' regulations, Executive orders and proclamations, and treaties and international agreements. The numbering of the tables in the two groups is parallel. Thus Table 2 and Table 12 both relate to the Revised Statutes; Table 7 and Table 17 both relate to veterans' regulations.

Table 1 is arranged chronologically. In preparing this table the "basic act" principle has been followed. Under this principle the key listing of amendatory legislation will be found under the basic act affected, rather than under intervening amendments thereto. Furthermore, all laws included are treated as if tables covering prior volumes of the United States Statutes at Large were in existence. Thus, no attempt is made to give an historical picture of a law, and only the latest amendment in the chain will be reflected. Occasionally, to promote clarity, cross references

have been supplied at key points.

Users of Table 1 should, therefore, look under the date, public law number, or statutes volume and page number of the basic act affected, in order to determine whether changes have been made by the public laws contained in this volume. Although a given section of any act may have been added at a later date, the section is carried under the date and statutes citation of the basic act. For this reason the page numbers in the column headed "Statutes volume and page" are the numbers of the page on which each act begins.

All tables are arranged chronologically, except where the existence of a system of codification makes possible a sequential arrangement from the lowest to the highest title or section number. In Tables 1–10 there is a "Comment" column, in which the nature of the affecting action is described. These are editorial comments, intended to reflect what is patent in the laws reviewed, and every effort has been made

to avoid interpretations.

In Tables 11-19 the "Comment" column is unnecessary, since in each instance the comment would be "Cited" or "Referred to." In these tables, moreover, the number of columns has been held to a minimum in the interest of brevity. Thus Table 11 contains only three columns listing the date and number of the law referred to, and the page number in this volume at which the reference may be found.

Caveat.

All the tables are editorially compiled and presented as reference guides only. Hence they have no evidentiary status or legal effect. Indirect or implied relationships are not included. These may be found through use of the Subject Index or through research based on the text itself.

The Office of the Federal Register invites criticisms or suggestions with a view

to improving the tables wherever possible.
