## JOINT RESOLUTION

To support emergency food assistance to India.

April 1, 1967 [H. J. Res. 267]

Whereas the Congress has declared it to be the policy of the United States to combat hunger and malnutrition and to encourage economic development in the developing countries; and

Whereas two years of drought have caused a grave food shortage in India which threatens the lives and health of millions of people;

Whereas the urgency of the need of the Indian people and the time needed for congressional deliberation have required the United States already to commit three million six hundred thousand tons of grain valued at \$275,000,000 as a part of the eight to ten million tons of grain estimated to be required during the calendar year 1967 from outside India to prevent irreparable hardship to the people of India; and

Whereas the programs of economic and agricultural development which have been launched by the Government of India would be seriously impaired if the international community failed to act promptly and on an adequate scale to meet the urgent needs of the people of India: Therefore be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the Congress approves the participation of the United States in cooperation with other assistance. countries and with multilateral organizations, including the International Bank for Reconstruction and Development, the Organization for Economic Cooperation and Development, the Food and Agriculture Organization, and others, in urgent international efforts designed to-

(a) develop a comprehensive self-help approach to the war on hunger based on a fair sharing of the burden among the nations of the world;

(b) encourage and assist the Government of India in achieving food self-sufficiency; and

(c) help meet India's critical food and nutritional needs by making available agricultural commodities or other resources

needed for food procurement or production. Because uncertainty in connection with Public Law 480 transactions

tends to depress market prices, it is the sense of Congress that, in note. carrying out this Aid to India program, the Administration should, subject to the requirement of section 401 of Public Law 480 with respect to the availability of the commodity at the time of exportation, make announcements of intention, purchases and shipments of commodities on schedules and under circumstances which will protect and strengthen farm market prices to the maximum extent possible.

The Congress endorses the President's policy of equal participation on the part of the United States with all other nations, under terms and conditions set forth in Public Law 480, as amended, in assisting the Government of India to meet these needs.

Further, the Congress recommends, on the basis of estimates now available, that the United States provide an additional amount of food grain not to exceed three million tons at an estimated cost of \$190,000,000 as the United States share toward meeting the India food deficit, provided it is appropriately matched, and specifically extends its support to the allocation of approximately \$190,000,000 of funds

The Commissioner thereupon shall file in the court the record of the proceedings on which he based his action, as provided in section 2112 of title 28, United States Code.

"(b) The findings of fact by the Commissioner, if supported by substantial evidence, shall be conclusive; but the court, for good cause shown, may remand the case to the Commissioner to take further evidence, and the Commissioner may thereupon make new or modified findings of fact and may modify his previous action, and shall certify to the court the record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by sub-

Student deferments. 65 Stat. 83.

follows: "(h) (1) Except as otherwise provided in this paragraph, the President shall, under such rules and regulations as he may prescribe, provide for the deferment from training and service in the Armed Forces of persons satisfactorily pursuing a full-time course of instruction at a college, university, or similar institution of learning and who request such deferment. A deferment granted to any person under authority of the preceding sentence shall continue until such person completes the requirements for his baccalaureate degree, fails to pursue satisfactorily a full-time course of instruction, or attains the twenty-fourth anniversary of the date of his birth, whichever first occurs. Student deferments provided for under this paragraph may be substantially restricted or terminated by the President only upon a finding by him that the needs of the Armed Forces require such action. No person who has received a student deferment under the provisions of this paragraph shall thereafter be granted a deferment under this subsection, nor shall any such person be granted a deferment under subsection (i) of this section if he has been awarded a baccalaureate degree, except for extreme hardship to dependents (under regulations governing hardship deferments), or for graduate study, occupation, or employment necessary to the maintenance of the national health, safety, or interest. Any person who is in a deferred status under the provisions of subsection (i) of this section after attaining the nineteenth anniversary of the date of his birth, or who requests and is granted a student deferment under this paragraph, shall, upon the termination of such deferred status or deferment, and if qualified, be liable for induction as a registrant within the prime age group irrespective of his actual age, unless he is otherwise deferred under one of the exceptions specified in the preceding sentence. As used in this subsection, the term prime age group' means the age group which has been designated by the President as the age group from which selections for induction into the Armed Forces are first to be made after delinquents and volunteers.

"Prime age group."

Occupational deferments.

"(2) Except as otherwise provided in this subsection the President is authorized, under such rules and regulations as he may prescribe, to provide for the deferment from training and service in the Armed Forces of any or all categories of persons whose employment in indus-

try, agriculture, or other occupations or employment, or whose continued service in an Office (other than an Office described in subsection (f)) under the United States or any State, territory, or possession, or the District of Columbia, or whose activity in graduate 456. study, research, or medical, dental, veterinary, optometric, osteopathic, scientific, pharmaceutical, chiropractic, chiropodial, or other endeavors is found to be necessary to the maintenance of the national health, safety, or interest: Provided, That no person within any such category shall be deferred except upon the basis of his individual status: Provided further, That persons who are or may be deferred under the provisions of this section shall remain liable for training and service in the Armed Forces under the provisions of section 4(a) of this Act until the thirty-fifth anniversary of the date of their birth. This proviso shall not be construed to prevent 454. the continued deferment of such persons if otherwise deferrable under any other provisions of this Act. The President is also authorized, under such rules and regulations as he may prescribe, to provide for the deferment from training and service in the Armed Forces (1) of any or all categories of persons in a status with respect to persons (other than wives alone, except in cases of extreme hardship) dependent upon them for support which renders their deferment advisable, and (2) of any or all categories of those persons found to be physically, mentally, or morally deficient or defective. For the purpose of determining whether or not the deferment of any person is advisable, because of his status with respect to persons dependent upon him for support, any payments of allowances which are payable by the United States to the dependents of persons serving in the Armed Forces of the United States shall be taken into consideration, but the fact that such payments of allowances are payable shall not be deemed conclusively to remove the grounds for deferment when the dependency is based upon financial considerations and shall not be deemed to remove the ground for deferment when the dependency is based upon other than financial considerations and cannot be eliminated by financial assistance to the dependents. Except as otherwise provided in this subsection, the President is also authorized, under such rules and regulations as he may prescribe, to provide for the deferment from training and service in the Armed Forces of any or all categories of persons who have children, or wives and children, with whom they maintain a bona fide family relationship in their homes. No deferment from such training and service in the Armed Forces shall be made in the case of any individual except upon the basis of the status of such individual. There shall be posted in a conspicuous place at the office of each local board a list setting forth the names and classifications of those persons who have been classified by such local board. The President may, in carrying out the provisions of this title, recommend criteria for the classification of persons subject to induction under this title, and to the extent that such action is determined by the President to be consistent with the national interest, recommend that such criteria be administered uniformly throughout the United States whenever practicable; except that no local board, appeal board, or other agency of appeal of the Selective Service System shall be required to postpone or defer any person by reason of his activity in study, research, or medical, dental, veterinary, optometric, osteopathic, scientific, pharmaceutical, chiropractic, chiropodial, or other endeavors found to be necessary to the maintenance of the national health, safety, or interest solely on the basis of any test, examination, selection system, class standing, or any other means conducted, sponsored, administered, or prepared by any agency or department of the Federal Government,

follows:

"(j) Nothing contained in this title shall be construed to require any person to be subject to combatant training and service in the armed forces of the United States who, by reason of religious training and belief, is conscientiously opposed to participation in war in any form. As used in this subsection, the term 'religious training and belief' does not include essentially political, sociological, or philosophical views, or a merely personal moral code. Any person claiming exemption from combatant training and service because of such conscientious objections whose claim is sustained by the local board shall, if he is inducted into the armed forces under this title, be assigned to noncombatant service as defined by the President, or shall, if he is found to be conscientiously opposed to participation in such noncombatant service, in lieu of such induction, be ordered by his local board, subject to such regulations as the President may prescribe, to perform for a period equal to the period prescribed in section 4(b) such civilian work contributing to the maintenance of the national health, safety, or interest as the local board pursuant to Presidential regulations may deem appropriate and any such person who knowingly fails or neglects to obey any such order from his local board shall be deemed, for the purposes of section 12 of this title, to have knowingly failed or neglected to perform a duty required of him under this title.

(8) Section 10(b) (3) (50 App. U.S.C. 460(b) (3)) is amended by:

(a) Inserting the following new proviso at the end of the first sentence thereof: "Provided, That no person shall be disqualified from serving as a counselor to registrants, including service as Government appeal agent, because of his membership in a Reserve component of

the Armed Forces."

(b) Deleting the colon immediately preceding the first-proviso, substituting a period therefor and inserting the following: "No member shall serve on any local board or appeal board for more than twenty-five years, or after he has attained the age of seventy-five. No citizen shall be denied membership on any local board or appeal board on account of sex. The requirements outlined in the preceding two sentences shall be fully implemented and effective not later than January

1, 1968."

(c) Inserting immediately before the last sentence thereof the following: "No judicial review shall be made of the classification or processing of any registrant by local boards, appeal boards, or the President, except as a defense to a criminal prosecution instituted under section 12 of this title, after the registrant has responded either affirmatively or negatively to an order to report for induction, or for civilian work in the case of a registrant determined to be opposed to participation in war in any form: *Provided*, That such review shall go to the question of the jurisdiction herein reserved to local boards, appeal boards, and the President only when there is no basis in fact for the classification assigned to such registrant."

(9) Sections 10(b) (4) (50 App. U.S.C. 460(b) (4)) is amended by deleting the semicolon at the end of the paragraph, substituting a colon therefor, and adding the following: "Provided further, That an employee of a local board having supervisory duties with respect to other employees of one or more local boards shall be designated as the 'executive secretary' of the local board or boards: And provided

Whereas the labor dispute between the carriers represented by the National Railway Labor Conference and certain of their employees represented by the International Association of Machinists and Aerospace Workers; International Brotherhood of Boilermakers, Iron Shipbuilders, Blacksmiths, Forgers and Helpers; Sheet Metal Workers' International Association; International Brotherhood of Electrical Workers; Brotherhood of Railway Carmen of America; International Brotherhood of Firemen and Oilers functioning through the Railway Employees' Department, AFL-CIO, labor organizations, threatens essential transportation services of the Nation; and

Whereas, under procedures for resolving such dispute provided for in the Railway Labor Act as extended and implemented by Public Law 90-10 of April 12, 1967, as amended, the parties have not succeeded completely in resolving all of their differences through the processes of free collective bargaining; and

Whereas related disputes have been settled by private collective bargaining between the carriers and other organizations representing approximately three-quarters of their employees, so that the present dispute represents a barrier to the completion of this round of bar-

gaining in this industry; and

Whereas a Special Mediation Panel appointed by the President upon enactment of Public Law 90-10 proposed settlement terms to assist the parties in implementation of the collective bargaining envisaged in the recommendations of Emergency Board Numbered 169; and

The National Mediation Board is authorized and directed (1) to compensate the members of the Board at a rate not in excess of \$100 per each day together with necessary travel and subsistence expenses, and (2) to provide such services and facilities as may be necessary and appropriate in carrying out the purposes of this resolution. For the purpose of any hearing conducted by the Special Board, it shall have the authority conferred by the provisions of sections 9 and 10 (relating to the attendance and examination of witnesses and the production of books, papers, and documents) of the Federal Trade Commission Act of September 26, 1914, as amended (15 U.S.C. 49, 50).

Sec. 2. The Special Board shall attempt by mediation to bring about a resolution of this dispute and thereby to complete the collec-

At such hearings the parties shall be accorded a full opportunity to present their positions concerning the proposal of the Special Mediation Panel.

Sec. 4. The Special Board shall make its determination by vote of of the majority of the members on or before the sixtieth day after within 60 days. the enactment of this resolution, and shall incorporate the proposal of the Special Mediation Panel with such modifications, if any, as the Board finds to be necessary to (1) be in the public interest, (2) achieve a fair and equitable settlement within the limits of the collective bargaining and mediation efforts in this case, (3) protect the collective bargaining process, and (4) fulfill the purposes of the Railway Labor Act. The determination shall be promptly transmitted by the Board

to the President and to the Congress.

Sec. 5. (a) If agreement has not been reached by the parties upon the expiration of the period specified in section 6, the determination of the Special Board shall take effect and shall continue in effect until the parties reach agreement or, if agreement is not reached, until such time, not to exceed two years from January 1, 1967, as the Board shall determine to be appropriate. The Board's determination shall have the same effect (including the preclusion of resort to either strike or lockout) as though arrived at by agreement of the parties under the Railway Labor Act (45 U.S.C. 151 et seq.).

(b) In the event of disagreement as to the meaning of any part or all of a determination by the Special Board, or as to the terms of the detailed agreements or arrangements necessary to give effect thereto, any party may within the effective period of the determination apply to the Board for clarification of its determination, whereupon

# CHAPTER 1—POLICY

Sec. 101. Section 102 of the Foreign Assistance Act of 1961, as amended, which relates to the statement of policy, is amended to read as follows:

75 Stat. 424. 22 USC 2151.

"Sec. 102. Statement of Policy.—The Congress declares that the freedom, security, and prosperity of the United States are best sustained in a community of free, secure, and prospering nations. In particular, the Congress recognizes the threat to world peace posed by aggression and subversion wherever they occur, and that ignorance, want, and despair breed the extremism and violence which lead to aggression and subversion. The Congress declares therefore that it is not only expressive of our sense of freedom, justice, and compassion but also important to our national security that the United States, through private as well as public efforts, assist the people of less developed countries in their efforts to acquire the knowledge and resources essential for development and to build the economic, political, and social institutions which will meet their aspirations for a better life, with freedom, and in peace.

"In addition, the Congress declares that it is the policy of the United States to support the principles of increased economic cooperation and trade among countries, freedom of the press, information, and religion, freedom of navigation in international waterways, and recognition of the right of all private persons to travel and pursue their lawful activities without discrimination as to race or religion. The Congress further declares that any distinction made by foreign nations between American citizens because of race, color, or religion in the granting of, or the exercise of, personal or other rights available to American citizens is repugnant to our principles.

"The Congress further declares that to achieve the objectives of this Act, programs authorized by this Act should be carried out in accordance with the following principles:

"First, development is primarily the responsibility of the people of the less developed countries themselves. Assistance from the United States shall be used in support of, rather than substitution for, the self-help efforts that are essential to successful development programs, and shall be concentrated in those countries that take positive steps to help themselves. Maximum effort shall be made, in the administration of this Act, to stimulate the involvement of the people in the development process through the encouragement of democratic participation

appropriate to the requirements of the recipient nations. "Second, the tasks of successful development in some instances require the active involvement and cooperation of many countries on a multilateral basis. Therefore, to the maximum extent practicable, other countries shall be encouraged to increase their contributions to development programs and projects so that the cost of such common undertakings, which are for the benefit of all, may be shared equitably

in private and local governmental activities and institution-building

by all.

"Third, assistance shall be utilized to encourage regional cooperation by less developed countries in the solution of common problems and the development of shared resources.

"Fourth, the first objects of assistance shall be to support the efforts of less developed countries to meet the fundamental needs of their peoples for sufficient food, good health, home ownership and decent housing, and the opportunity to gain the basic knowledge and skills required to make their own way forward to a brighter future. In supporting these objectives, particular emphasis shall be placed on utilization of resources for food production and voluntary family planning.

"Fifth, assistance shall wherever practicable be constituted of United States commodities and services furnished in a manner consistent with other efforts of the United States to improve its balance of payments position."

"Sixth, assistance shall be furnished in such a manner as to promote efficiency and economy in operations so that the United States obtains maximum possible effectiveness for each dollar spent.

"Seventh, to the maximum extent practicable, the furnishing of agricultural commodities, disposal of excess property, and United States payments to international lending institutions, undertaken pursuant to this or any other Act, shall complement and be coordinated with

assistance provided under this part.

"It is the sense of the Congress that every effort must be made to permanent peace obtain a permanent peace in the Middle East. To help promote that efforts. objective, the United States should encourage, as part of pacific settlement, direct talks among the parties concerned, using such third party or United Nations assistance as they may wish. To this end, the President should undertake immediately (1) a thorough review of the needs of the several countries of that area, and (2) a reevaluation of United States policies aimed at helping meet those needs and securing a permanent peace in the area.

Air Quality Act

Sec. 2. The Clean Air Act, as amended (42 U.S.C. 1857-18571), is 77 Stat. 39 77 Stat. 39 79 Stat. 392. hereby amended to read as follows:

77 Stat. 392;

# "TITLE I—AIR POLLUTION PREVENTION AND

# CONTROL

"FINDINGS AND PURPOSES

"Sec. 101. (a) The Congress finds—

"(1) that the predominant part of the Nation's population is located in its rapidly expanding metropolitan and other urban areas, which generally cross the boundary lines of local jurisdic-

tions and often extend into two or more States;

"(2) that the growth in the amount and complexity of air pollution brought about by urbanization, industrial development, and the increasing use of motor vehicles, has resulted in mounting dangers to the public health and welfare, including injury to agricultural crops and livestock, damage to and the deterioration of property, and hazards to air and ground transportation;

"(3) that the prevention and control of air pollution at its source is the primary responsibility of States and local govern-

ments; and

"(4) that Federal financial assistance and leadership is essential for the development of cooperative Federal, State, regional, and local programs to prevent and control air pollution.

"(b) The purposes of this title are-

"(1) to protect and enhance the quality of the Nation's air resources so as to promote the public health and welfare and the productive capacity of its population;

"(2) to initiate and accelerate a national research and development program to achieve the prevention and control of air-

pollution;

"(3) to provide technical and financial assistance to State and local governments in connection with the development and execution of their air pollution prevention and control programs; and

"(4) to encourage and assist the development and operation of regional air pollution control programs.

#### "COOPERATIVE ACTIVITIES AND UNIFORM LAWS

"Sec. 102. (a) The Secretary shall encourage cooperative activities by the States and local governments for the prevention and control of air pollution; encourage the enactment of improved and, so far as practicable in the light of varying conditions and needs, uniform State and local laws relating to the prevention and control of air pollution; and encourage the making of agreements and compacts between States for the prevention and control of air pollution.

"(b) The Secretary shall cooperate with and encourage cooperative activities by all Federal departments and agencies having functions relating to the prevention and control of air pollution, so as to assure the utilization in the Federal air pollution control program of all appropriate and available facilities and resources within the Fed-

eral Government. "(c) The consent of the Congress is hereby given to two or more States to negotiate and enter into agreements or compacts, not in conflict with any law or treaty of the United States, for (1) cooperative effort and mutual assistance for the prevention and control of air pollution and the enforcement of their respective laws relating thereto, and (2) the establishment of such agencies, joint or otherwise, as they may deem desirable for making effective such agreements or compacts. No such agreement or compact shall be binding or obligatory upon any State a party thereto unless and until it has been approved by Congress. It is the intent of Congress that no agreement or compact entered into between States after the date of enactment of the Air Quality Act of 1967, which relates to the control and abatement of air pollution in an air quality control region, shall provide for participation by a State which is not included (in whole or in part) in such air quality control region.

"RESEARCH, INVESTIGATIONS, TRAINING, AND OTHER ACTIVITIES

"Sec. 103. (a) The Secretary shall establish a national research and development program for the prevention and control of air pollution and as part of such program shall—

"(1) conduct, and promote the coordination and acceleration of, research, investigations, experiments, training, demonstrations, surveys, and studies relating to the causes, effects, extent, prevention, and control of air pollution;

"(2) encourage, cooperate with, and render technical services and provide financial assistance to air pollution control agencies and other appropriate public or private agencies, institutions, and organizations, and individuals in the conduct of such activities;

"(3) conduct investigations and research and make surveys concerning any specific problem of air pollution in cooperation with any air pollution control agency with a view to recommending a solution of such problem, if he is requested to do so by such agency or if, in his judgment, such problem may affect any community or communities in a State other than that in which the source of the matter causing or contributing to the pollution is located;

"(4) establish technical advisory committees composed of recognized experts in various aspects of air pollution to assist in the examination and evaluation of research progress and proposals and to avoid duplication of research.

"(b) In carrying out the provisions of the preceding subsection the

Secretary is authorized to—

"(1) collect and make available through publication

"(1) collect and make available, through publications and other appropriate means, the results of and other information, including appropriate recommendations by him in connection therewith, pertaining to such research and other activities;

"(2) cooperate with other Federal departments and agencies, with air pollution control agencies, with other public and private agencies, institutions, and organizations, and with any industries involved, in the preparation and conduct of such research and other activities;

"(3) make grants to air pollution control agencies, to other public or nonprofit private agencies, institutions, and organizations, and to individuals, for purposes stated in subsection (a) (1) of this section;

"(4) contract with public or private agencies, institutions, and organizations, and with individuals, without regard to sections

3648 and 3709 of the Revised Statutes (31 U.S.C. 529; 41 U.S.C. 5):

suitable qualifications;

"(6) establish and maintain research fellowships, in the Department of Health, Education, and Welfare and at public or non-profit private educational institutions or research organizations;

"(7) collect and disseminate, in cooperation with other Federal departments and agencies, and with other public or private agencies, institutions, and organizations having related responsibilities, basic data on chemical, physical, and biological effects of varying air quality and other information pertaining to air pollution and the prevention and control thereof; and

"(8) develop effective and practical processes, methods, and prototype devices for the prevention or control of air pollution.

"(c) In carrying out the provisions of subsection (a) of this section the Secretary shall conduct research on, and survey the results of other scientific studies on, the harmful effects on the health or welfare of persons by the various known air pollution agents (or combinations of agents).

"(d) The Secretary is authorized to construct such facilities and staff and equip them as he determines to be necessary to carry out his

functions under this Act.

"(e) If, in the judgment of the Secretary, an air pollution problem of substantial significance may result from discharge or discharges into the atmosphere, he may call a conference concerning this potential air pollution problem to be held in or near one or more of the places where such discharge or discharges are occurring or will occur. All interested persons shall be given an opportunity to be heard at such conference, either orally or in writing, and shall be permitted to appear in person or by representative in accordance with procedures prescribed by the Secretary. If the Secretary finds, on the basis of the evidence presented at such conference, that the discharge or discharges if permitted to take place or continue are likely to cause or contribute to air pollution subject to abatement under section 108(a), he shall send such findings, together with recommendations concerning the measures which he finds reasonable and suitable to prevent such pollution, to the person or persons whose actions will result in the discharge or discharges involved; to air pollution agencies of the State or States and of the municipality or municipalities where such discharge or discharges will originate; and to the interstate air pollution control agency, if any, in the jurisdictional area of which any such municipality is located. Such findings and recommendations shall be advisory only, but shall be admitted together with the record of the conference, as part of the proceedings under subsections (d), (e), and (f) of section 108.

## "RESEARCH RELATING TO FUELS AND VEHICLES

"GRANTS FOR SUPPORT OF AIR POLLUTION PLANNING AND CONTROL PROGRAMS

"Sec. 105. (a) (1) The Secretary is authorized to make grants to air pollution control agencies in an amount up to two-thirds of the cost of planning, developing, establishing, or improving, and grants to such agencies in an amount up to one-half of the cost of maintaining, programs for the prevention and control of air pollution and programs for the implementation of air quality standards authorized by this Act: Provided, That the Secretary is authorized to make grants to air pollution control agencies within the meaning of sections 302(b)(2) and 302(b)(4) in an amount up to three-fourths of the cost of planning, developing, establishing, or improving and up to three-fifths of the cost of maintaining, regional air quality control programs. As used quality control in this subsection the term 'regional air quality control program' means program." a program for the prevention and control of air pollution or the implementation of air quality standards programs as authorized by this Act, in an area that includes the areas of two or more municipalities whether in the same or different States.

"(2) Before approving any grant under this subsection to any air pollution control agency within the meaning of sections 302(b)(2) and 302(b)(4), the Secretary shall receive assurances that such agency provides for adequate representation of appropriate State, interstate, local, and (when appropriate) international, interests in the air quality

control region.

"(3) Before approving any planning grant under this subsection to any air pollution control agency within the meaning of sections 302 (b) (2) and 302(b) (4), the Secretary shall receive assurances that such agency has the capability of developing a comprehensive air quality plan for the air quality control region, which plan shall include (when appropriate) a recommended system of alerts to avert and reduce the risk of situations in which there may be imminent and serious danger to the public health or welfare from air pollutants and the various aspects relevant to the establishment of air quality standards for such air quality control region, including the concentration of industries, other commercial establishments, population and natu-

rally occurring factors which shall affect such standards.

"(b) From the sums available for the purposes of subsection (a) of this section for any fiscal year, the Secretary shall from time to time make grants to air pollution control agencies upon such terms and conditions as the Secretary may find necessary to carry out the purpose of this section. In establishing regulations for the granting of such funds the Secretary shall, so far as practicable, give due consideration to (1) the population, (2) the extent of the actual or potential air pollution problem, and (3) the financial need of the respective agencies. No agency shall receive any grant under this section during any fiscal year when its expenditures of non-Federal funds for other than nonrecurrent expenditures for air pollution control programs will be less than its expenditures were for such programs during the preceding fiscal year; and no agency shall receive any grant under this section with respect to the maintenance of a program for the prevention and control of air pollution unless the Secretary is satisfied that such grant will be so used as to supplement and, to the extent practicable, increase the level of State, local, or other non-Federal funds that would in the absence of such grant be made available for the maintenance of such program, and will in no event supplant such State, local, or other non-Federal funds. No grant shall be made under this section until the Secretary has consulted with the appropriate official as designated by the Governor or Governors of the State or States affected.

Limitation.

"(c) Not more than 10 per centum of the total of funds appropriated or allocated for the purposes of subsection (a) of this section shall be granted for air pollution control programs in any one State. In the case of a grant for a program in an area crossing State boundaries, the Secretary shall determine the portion of such grant that is chargeable to the percentage limitation under this subsection for each State into which such area extends.

#### "INTERSTATE AIR QUALITY AGENCIES OR COMMISSIONS

"Sec. 106. (a) For the purpose of expediting the establishment of air quality standards in an interstate air quality control region designated pursuant to section 107(a)(2), the Secretary is authorized to pay, for two years, up to 100 per centum of the air quality planning program costs of any agency designated by the Governors of the affected States, which agency shall be capable of recommending to the Governors standards of air quality and plans for implementation thereof and shall include representation from the States and appropriate political subdivisions within the air quality control region. After the initial two-year period the Secretary is authorized to make grants to such agency in an amount up to three-fourths of the air quality planning program costs of such agency.

"(b) (1) Whenever the Secretary deems it necessary to expedite the establishment of standards for an interstate air quality control region designated pursuant to section 107(a) (2) he may, after consultation with the Governors of the affected States, designate or establish an air quality planning commission for the purpose of developing recommended regulations setting forth standards of air quality to be appli-

cable to such air quality control region.

"(2) Such Commission shall consist of the Secretary or his designee who shall serve as Chairman, and adequate representation of appropriate State, interstate, local and (when appropriate), interna-

tional, interests in the designated air quality control region.

"(3) The Secretary shall, within available funds, provide such staff for such Commission as may be necessary to enable it to carry out its functions effectively, and shall pay the other expenses of the Commission; and may also accept for the use by such Commission, funds, property, or services contributed by the State involved or political

subdivisions thereof.

"(4) Each appointee from a State, other than an official or employee thereof, or of any political subdivision thereof, shall, while engaged in the work of the Commission, receive compensation at a rate fixed by the Secretary, but not in excess of \$100 per diem, including traveltime, and while away from his home or regular place of business, he may be allowed travel expenses, including per diem in lieu of subsistence, as authorized by law (5 U.S.C. 3109) for persons in the Government service employed intermittently.

"AIR QUALITY CONTROL REGIONS, CRITERIA, AND CONTROL TECHNIQUES

"Sec. 107. (a) (1) The Secretary shall, as soon as practicable, but not later than one year after the date of enactment of the Air Quality Act of 1967, define for the purposes of this Act, atmospheric areas of the Nation on the basis of those conditions, including, but not limited to, climate, meteorology, and topography, which affect the interchange and diffusion of pollutants in the atmosphere.

"(2) For the purpose of establishing ambient air quality standards pursuant to section 108, and for administrative and other purposes, the Secretary, after consultation with appropriate State and local authorities shall, to the extent feasible, within 18 months after the date of

enactment of the Air Quality Act of 1967 designate air quality control regions based on jurisdictional boundaries, urban-industrial concentrations, and other factors including atmospheric areas necessary to provide adequate implementation of air quality standards. The Secretary may from time to time thereafter, as he determines necessary to protect the public health and welfare and after consultation with appropriate State and local authorities, revise the designation of such regions and designate additional air quality control regions. The Secretary shall immediately notify the Governor or Governors

of the affected State or States of such designation. "(b)(1) The Secretary shall, after consultation with appropriate advisory committees and Federal departments and agencies, from time to time, but as soon as practicable, develop and issue to the States such criteria of air quality as in his judgment may be requisite for the protection of the public health and welfare: Provided. That any criteria issued prior to enactment of this section shall be reevaluated in accordance with the consultation procedure and other provisions of this section and, if necessary, modified and reissued. Such issuance Federal Register. shall be announced in the Federal Register and copies shall be made available to the general public.

"(2) Such criteria shall accurately reflect the latest scientific knowledge useful in indicating the kind and extent of all indentifiable effects on health and welfare which may be expected from the presence of an air pollution agent, or combination of agents in the ambient air,

in varying quantities.

"(3) Such criteria shall include those variable factors which of themselves or in combination with other factors may alter the effects on public health and welfare of any subject agent or combination of agents, including, but not limited to, atmospheric conditions, and the types of air pollution agent or agents which, when present in the atmosphere, may interact with such subject agent or agents, to produce

an adverse effect on public health and welfare.

"(c) The Secretary shall, after consultation with appropriate advisory committees and Federal departments and agencies, issue to the States and appropriate air pollution control agencies information on those recommended pollution control techniques the application of which is necessary to achieve levels of air quality set forth in criteria issued pursuant to subsection (b), including those criteria subject to the proviso in subsection (b)(1), which information shall include technical data relating to the technology and costs of emission control. Such recommendations shall include such data as are available on the latest available technology and economic feasibility of alternative methods of prevention and control of air contamination including cost-effectiveness analyses. Such issuance shall be announced in the Federal Register. Federal Register and copies shall be made available to the general public.

"(d) The Secretary shall, from time to time, revise and reissue material issued pursuant to subsections (b) and (c) in accordance

with procedures established in such subsections.

"AIR QUALITY STANDARDS AND ABATEMENT OF AIR POLLUTION

"Sec. 108. (a) The pollution of the air in any State or States which endangers the health or welfare of any persons, shall be subject

to abatement as provided in this section.

"(b) Consistent with the policy declaration of this title, municipal, State, and interstate action to abate air pollution shall be encouraged and shall not be displaced by Federal enforcement action except as otherwise provided by or pursuant to a court order under subsection (c), (h), or (k).

"(c) (1) If, after receiving any air quality criteria and recommended control techniques issued pursuant to section 107, the Governor of a State, within ninety days of such receipt, files a letter of intent that such State will within one hundred and eighty days, and from time to time thereafter, adopt, after public hearings, ambient air quality standards applicable to any designated air quality control region or portions thereof within such State and within one hundred and eighty days thereafter, and from time to time as may be necessary, adopts a plan for the implementation, maintenance, and enforcement of such standards of air quality adopted, and if such standards and plan are established in accordance with the letter of intent and if the Secretary determines that such State standards are consistent with the air quality criteria and recommended control techniques issued pursuant to section 107; that the plan is consistent with the purposes of the Act insofar as it assures achieving such standards of air quality within a reasonable time; and that a means of enforcement by State action, including authority comparable to that in subsection (k) of this section, is provided, such State standards and plan shall be the air quality standards applicable to such State. If the Secretary determines that any revised State standards and plan are consistent with the purposes of this Act and this subsection, such standards and plan shall be the air quality standards applicable to such State.

"(2) If a State does not (A) file a letter of intent or (B) establish air quality standards in accordance with paragraph (1) of this subsection with respect to any air quality control region or portion thereof and if the Secretary finds it necessary to achieve the purpose of this Act, or the Governor of any State affected by air quality standards established pursuant to this subsection petitions for a revision in such standards, the Secretary may after reasonable notice and a conference of representatives of appropriate Federal departments and agencies, interstate agencies, States, municipalities, and industries involved, prepare regulations setting forth standards of air quality consistent with the air quality criteria and recommended control techniques issued pursuant to section 107 to be applicable to such air quality control region or portions thereof. If, within six months from the date the Secretary publishes such regulations, the State has not adopted air quality standards found by the Secretary to be consistent with the purposes of this Act, or a petition for public hearing has not been filed under paragraph (3) of this subsection, the Secretary shall promulgate

such standards.

Hearings; board members.

"(3) If at any time prior to thirty days after standards have been promulgated under paragraph (2) of this subsection, the Governor of any State affected by such standards petitions the Secretary for a hearing, the Secretary shall call a public hearing for the purpose of receiving testimony from State and local pollution control agencies and other interested parties affected by the proposed standards, to be held in or near one or more of the places where the air quality standards will take effect, before a hearing board of five or more persons appointed by the Secretary. Each State which would be affected by such standards shall be given an opportunity to select a member of the hearing board. Each Federal department, agency, or instrumentality having a substantial interest in the subject matter as determined by the Secretary shall be given an opportunity to select one member of the hearing board and not less than a majority of the hearing board shall be persons other than officers or employees of the Department of Health, Education, and Welfare. The members of the board who are not officers or employees of the United States, while participating in the hearing conducted by such hearing board or otherwise engaged in the work of such hearing board, shall be entitled to receive compensation at a rate fixed by the Secretary, but not exceeding \$100 per diem,

including traveltime, and while away from their homes or regular places of business they may be allowed travel expenses, including per diem in lieu of subsistence, as authorized by section 5703, title 5, of the United States Code for persons in the Government service employed intermittently. At least thirty days prior to the date of such hearing notice of such hearing shall be published in the Federal Register and given to parties notified of the conference required in paragraph (2) of this subsection. On the basis of the evidence presented at such hearing, the hearing board shall within ninety days unless the Secretary determines a longer period is necessary, but in no event longer than one hundred and eighty days, make findings as to whether the standards published or promulgated by the Secretary should be approved or modified and transmit its findings to the Secretary. If the hearing board approves the standards as published or promulgated by the Secretary, the standards shall take effect on receipt by the Secretary of the hearing board's recommendations. If the hearing board recommends modifications in the standards as published or promulgated by the Secretary, the Secretary shall promulgate revised regulations setting forth standards of air quality in accordance with the hearing board's recommendations which will become effective immediately upon promulgation.

"(4) Whenever, on the basis of surveys, studies and reports, the Secretary finds that the ambient air quality of any air quality control region or portion thereof is below the air quality standards established under this subsection, and he finds that such lowered air quality results from the failure of a State to take reasonable action to enforce such standards, the Secretary shall notify the affected State or States, persons contributing to the alleged violation, and other interested parties of the violation of such standards. If such failure does not cease within one hundred and eighty days from the date of the Secretary's notifica-

tion, the Secretary-

"(i) in the case of pollution of air which is endangering the health or welfare of persons in a State other than that in which the discharge or discharges (causing or contributing to such pollution) originate, may request the Attorney General to bring a suit on behalf of the United States in the appropriate United States

district court to secure abatement of the pollution.

"(ii) in the case of pollution of air which is endangering the health or welfare of persons only in the State in which the discharge or discharges (causing or contributing to such pollution) originate, at the request of the Governor of such State, shall provide such technical and other assistance as in his judgment is necessary to assist the State in judicial proceedings to secure abatement of the pollution under State or local law, or, at the request of the Governor of such State, shall request the Attorney General to bring suit on behalf of the United States in the appropriate United States district court to secure abatement of the pollution.

In any suit brought under the provisions of this subsection the court shall receive in evidence a transcript of the proceedings of the hearing provided for in this subsection, together with the recommendations of the hearing board and the recommendations and standards promulgated by the Secretary, and such additional evidence, including that relating to the alleged violation of the standards, as it deems necessary to complete review of the standards and to determination of all other issues relating to the alleged violation. The court, giving due consideration to the practicability and to the technological and economic feasibility of complying with such standards, shall have jurisdiction to enter such judgment and orders enforcing such judgment as the public interest and the equities of the case may require.

Violations, jurisdiction. Conference.

"(5) In connection with any hearings under this section no witness or any other person shall be required to divulge trade secrets or secret processes.

"(6) Nothing in this subsection shall prevent the application of this section to any case to which subsection (a) of this section would be

otherwise applicable.

"(d) (1) (A) Whenever requested by the Governor of any State, a State air pollution control agency, or (with the concurrence of the Governor and the State air pollution control agency for the State in which the municipality is situated) the governing body of any municipality, the Secretary shall, if such request refers to air pollution which is alleged to endanger the health or welfare of persons in a State other than that in which the discharge or discharges (causing or contributing to such pollution) originate, give formal notification thereof to the air pollution control agency of the municipality where such discharge or discharges originate, to the air pollution control agency of the State in which such municipality is located, and to the interstate air pollution control agency, if any, in whose jurisdictional area such municipality is located, and shall call promptly a conference of such agency or agencies and of the air pollution control agencies of the municipalities which may be adversely affected by such pollution, and the air pollution control agency, if any, of each State, or for each

area, in which any such municipality is located.

"(B) Whenever requested by the Governor of any State, a State air pollution control agency, or (with the concurrence of the Governor and the State air pollution control agency for the State in which the municipality is situated) the governing body of any municipality, the Secretary shall, if such request refers to alleged air pollution which is endangering the health or welfare of persons only in the State in which the discharge or discharges (causing or contributing to such pollution) originate and if a municipality affected by such air pollution, or the municipality in which such pollution originates, has either made or concurred in such request, give formal notification thereof to the State air pollution control agency, to the air pollution control agencies of the municipality where such discharge or discharges originate, and of the municipality or municipalities alleged to be adversely affected thereby, and to any interstate air pollution control agency, whose jurisdictional area includes any such municipality and shall promptly call a conference of such agency or agencies, unless in the judgment of the Secretary, the effect of such pollution is not of such significance as to warrant exercise of Federal jurisdiction under this section.

"(C) The Secretary may, after consultation with State officials of all affected States, also call such a conference whenever, on the basis of reports, surveys, or studies, he has reason to believe that any pollution referred to in subsection (a) is occurring and is endangering the health and welfare of persons in a State other than that in which the discharge or discharges originate. The Secretary shall invite the cooperation of any municipal, State, or interstate air pollution control agencies having jurisdiction in the affected area on any surveys or

studies forming the basis of conference action.

"(D) Whenever the Secretary, upon receipt of reports, surveys, or studies from any duly constituted international agency, has reason to believe that any pollution referred to in subsection (a) which endangers the health or welfare of persons in a foreign country is occurring, or whenever the Secretary of State requests him to do so with respect to such pollution which the Secretary of State alleges is of such a nature, the Secretary of Health, Education, and Welfare shall give formal notification thereof to the air pollution control

agency of the municipality where such discharge or discharges originate, to the air pollution control agency of the State in which such municipality is located, and to the interstate air pollution control agency, if any, in the jurisdictional area of which such municipality is located, and shall call promptly a conference of such agency or agencies. The Secretary shall invite the foreign country which may be adversely affected by the pollution to attend and participate in the conference, and the representative of such country shall, for the purpose of the conference and any further proceeding resulting from such conference, have all the rights of a State air pollution control agency. This subparagraph shall apply only to a foreign country which the Secretary determines has given the United States essentially the same rights with respect to the prevention or control of air pollution occurring in that country as is given that country by this subparagraph.

"(2) The agencies called to attend such conference may bring such persons as they desire to the conference. The Secretary shall deliver to such agencies and make available to other interested parties, at least thirty days prior to any such conference, a Federal report with respect to the matters before the conference, including data and conclusions or findings (if any); and shall give at least thirty days' prior notice of the conference date to any such agency, and to the public by publication on at least three different days in a newspaper or newspapers of general circulation in the area. The chairman of the conference shall give interested parties an opportunity to present their views to the conference with respect to such Federal report, conclusions or findings (if any), and other pertinent information. The Secretary shall provide that a transcript be maintained of the proceedings of the conference and that a copy of such transcript be made available on request of any partici-

pant in the conference at the expense of such participant.

"(3) Following this conference, the Secretary shall prepare and forward to all air pollution control agencies attending the conference a summary of conference discussions including (A) occurrence of air pollution subject to abatement under this Act; (B) adequacy of measures taken toward abatement of the pollution; and (C) nature of

delays, if any, being encountered in abating the pollution.

"(e) If the Secretary believes, upon the conclusion of the conference or thereafter, that effective progress toward abatement of such pollution is not being made and that the health or welfare of any persons is being endangered, he shall recommend to the appropriate State, interstate, or municipal air pollution control agency (or to all such agencies) that the necessary remedial action be taken. The Secretary shall allow at least six months from the date he makes such recommenda-

tions for the taking of such recommended action.

"(f) (1) If, at the conclusion of the period so allowed, such remedial action or other action which in the judgment of the Secretary is reasonably calculated to secure abatement of such pollution has not been taken, the Secretary shall call a public hearing, to be held in or near one or more of the places where the discharge or discharges causing or contributing to such pollution originated, before a hearing board of five or more persons appointed by the Secretary. Each State in which any discharge causing or contributing to such pollution originates and each State claiming to be adversely affected by such pollution shall be given an opportunity to select one member of such hearing board and each Federal department, agency, or instrumentality having a substantial interest in the subject matter as determined by the Secretary shall be given an opportunity to select one member of such hearing board, and one member shall be a representative of the appropriate interstate air pollution agency if one exists, and not less

than a majority of such hearing board shall be persons other than officers or employees of the Department of Health, Education, and Welfare. At least three weeks' prior notice of such hearing shall be given to the State, interstate, and municipal air pollution control agencies called to attend such hearing and to the alleged polluter or polluters. All interested parties shall be given a reasonable opportunity to present evidence to such hearing board.

"(2) On the basis of evidence presented at such hearing, the hearing board shall make findings as to whether pollution referred to in subsection (a) is occurring and whether effective progress toward abatement thereof is being made. If the hearing board finds such pollution is occurring and effective progress toward abatement thereof is not being made it shall make recommendations to the Secretary concerning the measures, if any, which it finds to be reasonable and suitable to secure abatement of such pollution.

"(3) The Secretary shall send such findings and recommendations to the person or persons discharging any matter causing or contributing to such pollution; to air pollution control agencies of the State or States and of the municipality or municipalities where such discharge or discharges originate; and to any interstate air pollution control agency whose jurisdictional area includes any such municipality, together with a notice specifying a reasonable time (not less than six months) to secure abatement of such pollution.

"(g) If action reasonably calculated to secure abatement of the pollution within the time specified in the notice following the public hearing is not taken, the Secretary—

"(2) in the case of pollution of air which is endangering the health or welfare of persons only in the State in which the discharge or discharges (causing or contributing to such pollution) originate, at the request of the Governor of such State, shall provide such technical and other assistance as in his judgment is necessary to assist the State in judicial proceedings to secure abatement of the pollution under State or local law or, at the request of the Governor of such State, shall request the Attorney General to bring suit on behalf of the United States in the appropriate United States district court to secure abatement of the pollution.

"(h) The court shall receive in evidence in any suit brought in a United States court under subsection (g) of this section a transcript of the proceedings before the board and a copy of the board's recommendations and shall receive such further evidence as the court in its discretion deems proper. The court, giving due consideration to the practicability of complying with such standards as may be applicable and to the physical and economic feasibility of securing abatement of any pollution proved, shall have jurisdiction to enter such judgment, and orders enforcing such judgment, as the public interest and the equities of the case may require.

intermittently.

"(j) (1) In connection with any conference called under this section, the Secretary is authorized to require any person whose activities result in the emission of air pollutants causing or contributing to air pollution to file with him, in such form as he may prescribe, a report, based on existing data, furnishing to the Secretary such information as may reasonably be required as to the character, kind, and quantity of pollutants discharged and the use of devices or other means to prevent or reduce the emission of pollutants by the person filing such a report. After a conference has been held with respect to any such pollution the Secretary shall require such reports from the person whose activities result in such pollution only to the extent recommended by such conference, Such report shall be made under oath or otherwise, as the Secretary may prescribe, and shall be filed with the Secretary within such reasonable period as the Secretary may prescribe, unless additional time be granted by the Secretary. No person shall be required in such report to divulge trade secrets or secret processes and all information reported shall be considered confidential for the purposes of section 1905 of title 18 of the United States Code.

"(2) If any person required to file any report under this subsection shall fail to do so within the time fixed by the Secretary for filing the same, and such failure shall continue for thirty days after notice of such default, such person shall forfeit to the United States the sum of \$100 for each and every day of the continuance of such failure, which forfeiture shall be payable into the Treasury of the United States, and shall be recoverable in a civil suit in the name of the United States brought in the district where such person has his principal office or in any district in which he does business: *Provided*, That the Secretary may upon application therefor remit or mitigate any forfeiture provided for under this subsection and he shall have authority to deter-

mine the facts upon all such applications.

"(3) It shall be the duty of the various United States attorneys, under the direction of the Attorney General of the United States, to

prosecute for the recovery of such forfeitures.

"(k) Notwithstanding any other provision of this section, the Secretary, upon receipt of evidence that a particular pollution source or combination of sources (including moving sources) is presenting an imminent and substantial endangerment to the health of persons, and finding that appropriate State or local authorities have not acted to abate such sources, may request the Attorney General to bring suit on behalf of the United States in the appropriate United States district court to immediately enjoin any contributor to the alleged pollution to stop the emission of contaminants causing such pollution or to take such other action as may be necessary.

(a) The Secretary shall by regulation, giving appropriate consideration to technological feasibility and economic costs, prescribe as soon as practicable standards, applicable to the emission of any kind of substance, from any class or classes of new motor vehicles or new motor vehicle engines, which in his judgment cause or contribute to, or are likely to cause or to contribute to, air pollution which endangers the health or welfare of any persons, and such standards shall apply to such vehicles or engines whether they are designed as complete systems or incorporate other devices to prevent or control such pollution.

"(b) Any regulations initially prescribed under this section, and amendments thereto, with respect to any class of new motor vehicles or new motor vehicle engines shall become effective on the effective date specified in the order promulgating such regulations which date shall be determined by the Secretary after consideration of the period

## AN ACT

To grant the consent of Congress to the Wheeling Creek Watershed Protection and Flood Prevention District Compact.

December 8, 1967 [S. 2514]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the consent of Congress is given to the interstate compact relating to the Wheeling Creek Watershed Protection and Flood Prevention District between the Commonwealth of Pennsylvania and the State of West Virginia, ratified by the Commonwealth of Pennsylvania in an Act approved by the Governor of such Commonwealth on August 2, 1967, and by the State of West Virginia in an Act approved by the Governor of such State on March 1, 1967. Such compact reads as follows:

Wheeling Creek Watershed Protection and Flood Prevention District Compact.

# "WHEELING CREEK WATERSHED PROTECTION AND FLOOD PREVENTION DISTRICT COMPACT

# "ARTICLE I. RECITATION OF REASONS FOR COMPACT.

"Whereas, Wheeling Creek, a tributary of the Ohio River, arises in Pennsylvania, flows through Washington and Greene Counties of that commonwealth, enters the State of West Virginia, flows through Marshall and Ohio Counties, West Virginia, and empties into the Ohio River at Wheeling, West Virginia; and

"Whereas, The inhabitants of Marshall and Ohio Counties, West Virginia, and, also, but to a much lesser degree, the inhabitants of Washington and Greene Counties, Pennsylvania, living along Wheeling Creek have over the years experienced loss of life and property from flooding of that stream; and

68 Stat. 666.

16 USC 1001

note.

"Whereas, Surveys made by the Soil Conservation Service of the United States Department of Agriculture indicate that the inhabitants of the four counties named can best be protected from the flooding of Wheeling Creek by flood prevention dams constructed thereon with some of the dams being located on the upper reaches of the stream and its tributaries in the Commonwealth of Pennsylvania; and

"Whereas, The federal Watershed Protection and Flood Prevention Act of 1954, as amended, authorizes, under certain circumstances, federal assistance to local organizations in preparing and carrying out undertakings for flood prevention and the conservation, development, utilization and disposal of water in watershed or subwatershed areas;

"Whereas, No local organization within the meaning of the federal act aforesaid established by or organized under the laws of West Virginia is competent under state laws to acquire land for, construct, and operate with or without federal assistance flood prevention facilities in the Commonwealth of Pennsylvania, and it appears that no such local organization established by or organized under the laws of the Commonwealth of Pennsylvania can justify the expenditure of locally raised funds to construct and operate flood prevention facilities which will benefit primarily the inhabitants of the neighboring State

of West Virginia; and

"Whereas, Facilities erected on the upper reaches of Wheeling Creek and its tributaries for flood control and prevention can nevertheless have a recreational value for the citizens of both West Virginia and Pennsylvania and particularly the citizens of Ohio and Marshall Counties, West Virginia, and Washington and Greene Counties, Pennsylvania; accordingly, for purposes of promoting that potential, as well as providing a vehicle or means whereby federal assistance may be enlisted for the protection of citizens of her neighboring State of West Virginia from the flooding of Wheeling Creek, the Commonwealth of Pennsylvania joins with the State of West Virginia in negotiating and ratifying this compact; now therefore,

# "ARTICLE II. WHEELING CREEK WATERSHED PROTEC-TION AND FLOOD PREVENTION DIS-TRICT CREATED.

"The Commonwealth of Pennsylvania and the State of West Virginia hereby create as an agency and instrumentality of the governments thereof a district to be known as the 'Wheeling Creek Watershed Protection and Flood Prevention District,' hereinafter called the district, which shall embrace all territory in the Commonwealth of Pennsylvania and the State of West Virginia, the water in which flows ultimately into Wheeling Creek or its tributaries.

# "ARTICLE III. WHEELING CREEK WATERSHED PROTEC-TION AND FLOOD PREVENTION COM-MISSION CREATED.

"The Commonwealth of Pennsylvania and the State of West Virginia hereby create as the governing body of the district the 'Wheeling Creek Watershed Protection and Flood Prevention Commission, hereinafter called the commission, which shall be a body corporate, with the powers and duties set forth herein, and such additional powers as may be conferred upon it by subsequent concurrent action of the General Assembly of Pennsylvania and the Legislature of West Virginia or by act or acts of the Congress of the United States.

"The commissioners shall serve without compensation from the commission, but they shall be paid by the commission their actual expenses

Amending title XI of the Merchant Marine Act, 1936, to authorize the Secretary of Commerce to guarantee certain loans made to the National Maritime Historical Society for the purpose of restoring and returning to the United States the last surviving American square-rigged merchant ship, the Kaiulani, and for other purposes.

Whereas the Kaiulani, the last surviving American-built squarerigged merchant ship, was a gift of the people of the Philippines to the people of the United States; and

Whereas the President of the Philippines formally presented the gift to President Lyndon B. Johnson in a ceremony at the White House on October 5, 1964; and

Whereas the task of restoring the Kaiulani was assigned by President Johnson to the National Maritime Historical Society as trustee for the people of the United States; and

Sec. 2. Meat and meat food products are an important source of the Nation's total supply of food. They are consumed throughout the Nation and the major portion thereof moves in interstate or foreign commerce. It is essential in the public interest that the health and welfare of consumers be protected by assuring that meat and meat food products distributed to them are wholesome, not adulterated, and properly marked, labeled, and packaged. Unwholesome, adulterated, or misbranded meat or meat food products impair the effective regulation of meat and meat food products in interstate or foreign commerce, are injurious to the public welfare, destroy markets for wholesome, not adulterated, and properly labeled and packaged meat and meat food products, and result in sundry losses to livestock producers and processors of meat and meat food products, as well as injury to consumers. It is hereby found that all articles and animals which are regulated under this Act are either in interstate or foreign commerce or substantially affect such commerce, and that regulation by the Secretary and cooperation by the States and other jurisdictions as contemplated by this Act are appropriate to prevent and eliminate burdens upon such commerce, to effectively regulate such commerce, and to protect the health and welfare of consumers.

Sec. 3. Said Act is hereby further amended by-

(a) deleting the phrase "interstate or foreign" wherever it ap-

pears in sections 3 through 23 of title I of said Act; and

(b) deleting in section 3 of said Act (21 U.S.C. 71) the phrase "the Secretary of Agriculture, at his discretion, may" and inserting in lieu thereof the words "the Secretary shall" and deleting the words "of Agriculture" wherever they appear after the word "Secretary" thereafter in title I of the Act.

Sec. 4. Section 4 of said Act (21 U.S.C. 72) is hereby amended by deleting the phrases "for human consumption" and "for transportation or sale", and by inserting after the word "commerce" the phrase "which are capable of use as human food".

SEC. 5. Section 5 of said Act (21 U.S.C. 73) is hereby amended by adding at the end thereof the following: "The Secretary may limit the entry of carcasses, parts of carcasses, meat and meat food products, and other materials into any establishment at which inspection under this title is maintained, under such conditions as he may prescribe to assure that allowing the entry of such articles into such inspected establishments will be consistent with the purposes of this Act."

Sec. 6. Section 7 of said Act (21 U.S.C. 75) is hereby amended by—
(a) deleting the provisions thereof reading as follows: ", and no such meat or meat food products shall be sold or offered for sale by any person, firm, or corporation in interstate or foreign commerce under any false or deceptive name; but established trade name or names which are usual to such products and which are not false and deceptive and which shall be approved by the Secretary are permitted";

(b) designating the remaining provisions as paragraph (a);

and
(c) adding at the end of said section the following provisions as paragraphs (b) through (e), respectively:

"(b) All carcasses, parts of carcasses, meat and meat food products inspected at any establishment under the authority of this title and found to be not adulterated, shall at the time they leave the establishment bear, in distinctly legible form, directly thereon or on their containers, as the Secretary may require, the information required under paragraph (n) of section 1 of this Act.

"(c) The Secretary, whenever he determines such action is necessary for the protection of the public, may prescribe: (1) the styles and sizes of type to be used with respect to material required to be incorporated in labeling to avoid false or misleading labeling in marketing and labeling any articles or animals subject to this title or title II of this Act; (2) definitions and standards of identity or composition for articles subject to this title and standards of fill of container for such articles not inconsistent with any such standards established under the Federal Food, Drug, and Cosmetic Act, and there shall be consultation between the Secretary and the Secretary of Health, Education, and

Welfare prior to the issuance of such standards under either Act relating to articles subject to this Act to avoid inconsistency in such stand-

There shall also be consultation between the Secretary and an appropriate advisory committee provided for in section 301 of this Act, prior to the issuance of such standards under this Act, to avoid, insofar as feasible, inconsistency between Federal and State standards.

"(d) No article subject to this title shall be sold or offered for sale by any person, firm, or corporation, in commerce, under any name or other marking or labeling which is false or misleading, or in any container of a misleading form or size, but established trade names and other marking and labeling and containers which are not false or misleading and which are approved by the Secretary are permitted.

"(e) If the Secretary has reason to believe that any marking or labeling or the size or form of any container in use or proposed for use with respect to any article subject to this title is false or misleading in any particular, he may direct that such use be withheld unless the marking, labeling, or container is modified in such manner as he may prescribe so that it will not be false or misleading. If the person, firm, or corporation using or proposing to use the marking, labeling or container does not accept the determination of the Secretary, such person, firm, or corporation may request a hearing, but the use of the marking, labeling, or container shall, if the Secretary so directs, be withheld pending hearing and final determination by the Secretary. Any such determination by the Secretary shall be conclusive unless, within thirty days after receipt of notice of such final determination, the person, firm, or corporation adversely affected thereby appeals to the United States court of appeals for the circuit in which such person, firm, or corporation has its principal place of business or to the United States Court of Appeals for the District of Columbia Circuit. The provisions of section 204 of the Packers and Stockyards Act, 1921 (42 Stat. 162, as amended; 7 U.S.C. 194), shall be applicable to appeals taken under this section."

Sec. 7. Section 10 of said Act (21 U.S.C. 78) is hereby amended

to read:

"Sec. 10. No person, firm, or corporation shall, with respect to any cattle, sheep, swine, goats, horses, mules, or other equines, or any carcasses, parts of carcasses, meat or meat food products of any such animals—

"Sec. 301. (a) It is the policy of the Congress to protect the consuming public from meat and meat food products that are adulterated or misbranded and to assist in efforts by State and other Government agencies to accomplish this objective. In furtherance of this policy—

"(1) The Secretary is authorized, whenever he determines that it would effectuate the purposes of this Act, to cooperate with the appropriate State agency in developing and administering a State meat inspection program in any State which has enacted a State meat inspection law that imposes mandatory ante mortem and post mortem inspection, reinspection and sanitation requirements that are at least equal to those under title I of this Act, with respect to all or certain classes of persons engaged in the State in slaughtering cattle, sheep, swine, goats, or equines, or preparing the carcasses, parts thereof, meat or meat food products, of any such animals for use as human food solely for distribution within such State.

"(2) The Secretary is further authorized, whenever he determines that it would effectuate the purposes of this Act, to cooperate with appropriate State agencies in developing and administering State programs under State laws containing authorities at least equal to those provided in title II of this Act; and to cooperate with other agencies of the United States in carrying

out any provisions of this Act.

"(3) Cooperation with State agencies under this section may include furnishing to the appropriate State agency (i) advisory assistance in planning and otherwise developing an adequate State program under the State law; and (ii) technical and laboratory assistance and training (including necessary curricular and instructional materials and equipment), and financial and other aid for administration of such a program. The amount to be contributed to any State by the Secretary under this section from Federal funds for any year shall not exceed 50 per centum of the estimated total cost of the cooperative program; and the Federal funds shall be allocated among the States desiring to cooperate on an equitable basis. Such cooperation and payment shall be contingent at all times upon the administration of the State program in a manner which the Secretary, in consultation with the appropriate advisory committee appointed under paragraph (4), deems adequate to effectuate the purposes of this section.

"(4) The Secretary may appoint advisory committees consisting of such representatives of appropriate State agencies as the Secretary and the State agencies may designate to consult with him concerning State and Federal programs with respect to meat inspection and other matters within the scope of this Act, including evaluating State programs for purposes of this Act and obtaining better coordination and more uniformity among the State programs and between the Federal and State programs and

adequate protection of consumers.

"(b) The appropriate State agency with which the Secretary may cooperate under this Act shall be a single agency in the State which is primarily responsible for the coordination of the State programs Ante, p. 584.

Federal contribution, limitation. having objectives similar to those under this Act. When the State program includes performance of certain functions by a municipality or other subordinate governmental unit, such unit shall be deemed to

be a part of the State agency for purposes of this section.

"(c) (1) If the Secretary has reason to believe, by thirty days prior to the expiration of two years after enactment of the Wholesome Meat Act, that a State has failed to develop or is not enforcing, with respect to all establishments within its jurisdiction (except those that would be exempted from Federal inspection under subparagraph (2)) at which cattle, sheep, swine, goats, or equines are slaughtered, or their carcasses, or parts or products thereof, are prepared for use as human food, solely for distribution within such State, and the products of such establishments, requirements at least equal to those imposed under title I and IV of this Act, he shall promptly notify the Governor of the State of this fact. If the Secretary determines, after consultation with the Governor of the State, or representative selected by him, that such requirements have not been developed and activated, he shall promptly after the expiration of such two-year period designate such State as one in which the provisions of titles I and IV of this Act shall apply to operations and transactions wholly within such State: Provided, That if the Secretary has reason to believe that the State will activate such requirements within one additional year, he may delay such designation for said period, and not designate the State, if he determines at the end of the year that the State then has such requirements in effective operation. The Secretary shall publish any such designation in the Federal Register and, upon the expiration of thirty days after such publication, the provisions of titles I and IV shall apply to operations and transactions and to persons, firms, and corporations engaged therein in the State to the same extent and in the same manner as if such operations and transactions were conducted in or for commerce. Thereafter, upon request of the Governor, the Secretary shall revoke such designation if the Secretary determines that such State has developed and will enforce requirements at least equal to those imposed under title I and title IV of this Act: And provided further, That, notwithstanding any other provision of this section, if the Secretary determines that any establishment within a State is producing adulterated meat or meat food products for distribution within such State which would clearly endanger the public health he shall notify the Governor of the State and the appropriate Advisory Committee provided by section 301 of the Act of such fact for effective action under State or local law. If the State does not take action to prevent such endangering of the public health within a reasonable time after such notice, as determined by the Secretary, in light of the risk to public health, the Secretary may forthwith designate any such establishment as subject to the provisions of titles I and IV of the Act, and thereupon the establishment and operator thereof shall be subect to such provisions as though engaged in commerce until such time as the Secretary determines that such State has developed and will enforce requirements at least equal to those imposed under title I and title IV of this Act.

(2) The provisions of this Act requiring inspection of the slaughter of animals and the preparation of carcasses, parts thereof, meat and meat food products shall not apply to operations of types traditionally and usually conducted at retail stores and restaurants, when conducted at any retail store or restaurant or similar retail-type establishment for sale in normal retail quantities or service of such articles to consumers at such establishments if such establishments are subject to such inspection provisions only under this paragraph (c).

(3) Whenever the Secretary determines that any State designated under this paragraph (c) has developed and will enforce State meat inspection requirements at least equal to those imposed under titles I and IV, with respect to the operations and transactions within such State which are regulated under subparagraph (1), he shall terminate the designation of such State under this paragraph (c), but this shall not preclude the subsequent redesignation of the State at any time upon thirty days notice to the Governor and publication in the Federal Register in accordance with this paragraph, and any State may be designated upon such notice and publication at any time after the period specified in this paragraph whether or not the State has theretofore been designated upon the Secretary determining that it is not effectively enforcing requirements at least equal to those imposed under titles I and IV.

(4) The Secretary shall promptly upon enactment of the Wholesome Meat Act and periodically thereafter, but at least annually, review. review the requirements, including the enforcement thereof, of the several States not designated under this paragraph (c), with respect to the slaughter, and the preparation, storage, handling and distribution of carcasses, parts thereof, meat and meat food products, of such animals, and inspection of such operations, and annually report thereon to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture and Forestry of the Senate in the report

When a decree of condemnation is entered against the article or animal and it is released under bond, or destroyed, court costs and fees, and storage and other proper expenses shall be awarded against the person, if any, intervening as claimant of the article or animal. The proceedings in such libel cases shall conform, as nearly as may be, to the proceedings in admirality, except that either party may demand trial by jury of any issue of fact joined in any case, and all such proceedings shall be at the suit of and in the name of the United States.

"(b) The provisions of this section shall in no way derogate from authority for condemnation or seizure conferred by other provisions

of this Act, or other laws.

# AN ACT

To prohibit age discrimination in employment.

Age Discrimination in Employment Act of 1967.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Age Discrimination in Employment Act of 1967".

#### STATEMENT OF FINDINGS AND PURPOSE

Sec. 2. (a) The Congress hereby finds and declares that—

(1) in the face of rising productivity and affluence, older workers find themselves disadvantaged in their efforts to retain employment, and especially to regain employment when displaced from jobs;

(2) the setting of arbitrary age limits regardless of potential for job performance has become a common practice, and certain otherwise desirable practices may work to the disadvantage of

older persons;
(3) the incidence of unemployment, especially long-term unemployment with resultant deterioration of skill, morale, and employer acceptability is, relative to the younger ages, high among older workers; their numbers are great and growing; and their employment problems grave;

(4) the existence in industries affecting commerce, of arbitrary discrimination in employment because of age, burdens commerce

and the free flow of goods in commerce.

(b) It is therefore the purpose of this Act to promote employment of older persons based on their ability rather than age; to prohibit arbitrary age discrimination in employment; to help employers and workers find ways of meeting problems arising from the impact of age on employment.

### EDUCATION AND RESEARCH PROGRAM

Sec. 3. (a) The Secretary of Labor shall undertake studies and provide information to labor unions, management, and the general public concerning the needs and abilities of older workers, and their potentials for continued employment and contribution to the economy. In order to achieve the purposes of this Act, the Secretary of Labor shall carry on a continuing program of education and information, under which he may, among other measures-

(1) undertake research, and promote research, with a view to reducing barriers to the employment of older persons, and the

promotion of measures for utilizing their skills;

(2) publish and otherwise make available to employers, professional societies, the various media of communication, and other interested persons the findings of studies and other materials for the promotion of employment;

(3) foster through the public employment service system and through cooperative effort the development of facilities of public and private agencies for expanding the opportunities and potentials of older persons;

(4) sponsor and assist State and community informational and

educational programs.

(b) Not later than six months after the effective date of this Act, the Secretary shall recommend to the Congress any measures he may deem desirable to change the lower or upper age limits set forth in section 12.

Recommendation to Congress.

### PROHIBITION OF AGE DISCRIMINATION

Sec. 4. (a) It shall be unlawful for an employer—

(1) to fail or refuse to hire or to discharge any individual or otherwise discriminate against any individual with respect to his compensation, terms, conditions, or privileges of employment, because of such individual's age;

(2) to limit, segregate, or classify his employees in any way which would deprive or tend to deprive any individual of employment opportunities or otherwise adversely affect his status as an employee, because of such individual's age; or

(3) to reduce the wage rate of any employee in order to comply

with this Act.

(b) It shall be unlawful for an employment agency to fail or refuse to refer for employment, or otherwise to discriminate against, any individual because of such individual's age, or to classify or refer for employment any individual on the basis of such individual's age.

(c) It shall be unlawful for a labor organization-

(1) to exclude or to expel from its membership, or otherwise to discriminate against, any individual because of his age;

(2) to limit, segregate, or classify its membership, or to classify or fail or refuse to refer for employment any individual, in any way which would deprive or tend to deprive any individual of employment opportunities, or would limit such employment opportunities or otherwise adversely affect his status as an employee or as an applicant for employment, because of such individual's age;

(3) to cause or attempt to cause an employer to discriminate

against an individual in violation of this section.

(d) It shall be unlawful for an employer to discriminate against any of his employees or applicants for employment, for an employment agency to discriminate against any individual, or for a labor organization to discriminate against any member thereof or applicant for membership, because such individual, member or applicant for membership has opposed any practice made unlawful by this section, or because such individual, member or applicant for membership has made a charge, testified, assisted, or participated in any manner in an investigation, proceeding, or litigation under this Act.

(e) It shall be unlawful for an employer, labor organization, or employment agency to print or publish, or cause to be printed or published, any notice or advertisement relating to employment by such an employer or membership in or any classification or referral for employment by such a labor organization, or relating to any classification or referral for employment by such an employment agency, indicating any preference, limitation, specification, or discrimination, based on

age.

(f) It shall not be unlawful for an employer, employment agency, or

labor organization-

(1) to take any action otherwise prohibited under subsections (a), (b), (c), or (e) of this section where age is a bona fide occupational qualification reasonably necessary to the normal operation of the particular business, or where the differentiation is based on reasonable factors other than age;

(2) to observe the terms of a bona fide seniority system or any bona fide employee benefit plan such as a retirement, pension, or insurance plan, which is not a subterfuge to evade the purposes of this Act, except that no such employee benefit plan shall excuse

the failure to hire any individual; or

(3) to discharge or otherwise discipline an individual for good cause.
