CFA RECOGNIZED UNIVERSITY SCHOLARSHIP APPLICATION ANNOUNCEMENT

December 2016 Exam

The FIREL faculty can sponsor up to **three** students for the coming **December 2016** Chartered Financial Analyst exam. The CFA program provides an important certification for those working or intending to work in the investments profession. The scholarship will waive the CFA Program enrollment fee and reduce the exam registration fee (includes access to the curriculum eBook) to US\$350. This is a potential value of \$1,000 or more.

The scholarship candidate must be a currently enrolled student in an undergraduate or graduate degree program at UNT. Once a scholarship candidate has received the Awareness Scholarship from CFA Institute, graduation or other separation from enrollment with the sponsor institution will not void the scholarship.

Students wishing to apply for the CFA scholarship should read about the exam at <http://cfainstitute.org/programs/cfaprogram/Pages/index.aspx> and about the scholarship at http://cfainstitute.org/programs/cfaprogram/scholarships/Pages/awareness_scholarships.aspx
