

09.500          Affiliated Entities

09.501          Rules. The System Administration and each Institution shall adopt a policy for approval by the Board that sets forth rules governing the relationship between a private donor or an organization designed to further the purposes and duties of the System, the System Administration, or an Institution and the System Administration or an Institution and its employees, in accordance with Texas Government Code § 2255.001.

09.502          Agreement. As a condition for the use, or continued use, of the System or an Institution's name or other resources, the Board requires that any private foundation, private association, or private club created for the primary purpose of financial support to the System, the System Administration, or an Institution execute an agreement with the System, the System Administration, or an Institution to comply with the organizational, governance, and fiscal guidelines included in the policies of the System, the System Administration, or the Institution.
