2. Committee Report

The Faculty Policy Oversight Committee met five times to discuss policies that were up for review as part of the review cycle. Policies were presented by Terri Day, and discussed. In some cases recommendations were made to the policy writer and the policy returned to them for review/revision before being presented to the Executive Committee of Faculty Senate for their review and vote. After passing the Executive Committee of Faculty Senate, policies were then brought before the full Faculty Senate for a vote. Susan Smith and/or Terri Day were regular attendees at both the Executive Committee of Faculty Senate and the Faculty Senate to provide regular updates and to bring policies for voting.
