<b>Course Goals or Overview:</b>				

	<p><u>Overview:</u> This course will examine the complex interplay of psychological, sociocultural, and biological factors in the development and expression of sexual attitudes and behaviors. We will cover a wide variety of topics, including the major psychological theories of sexuality, patterns of sexual arousal and response, the development of gender and gender identity, variations in sexual orientation, attraction processes and romantic love, sexual dysfunctions and sex therapy, typical and atypical sexual behaviors, as well as the psychological effects of pornography. Every effort will be made to present the relevance and applicability of each course topic to your own life.</p> <p>By the end of the semester, you should be able to effectively discuss: psychosocial and physiological aspects of sexual health in our contemporary society, topics including love, intimacy, relationships, sex and marketing, sexual diseases, sexual abuse, gender identity and sex roles, socio-cultural influences, values in decision making, and attitudes and behaviors as they relate to sexual well-being and integrity.</p>
	<p><u>Course Goals:</u> The goals of this course are as follows:</p> <ul style="list-style-type: none"> <li>• Develop a greater understanding of your own and others' sexual functioning and practices.</li> <li>• Foster an appreciation for different perspectives on sexuality.</li> <li>• Be able to effectively communicate course topics in both scientific and non-scientific terms.</li> </ul>
<p><b>Learning Objectives/Outcomes:</b> At the end of this course, students will be able to:</p>	
1	Demonstrate an understanding of the study of human sexuality and behavior.
2	Discuss theory, research (basic and applied), and controversial issues related to sexual behavior in a manner that requires critical thinking.
3	Demonstrate the ways in which sexual behaviors are shaped by the individual's social context, with a particular focus on the developmental diversity that exists across social contexts.
4	Be able to demonstrate how biology shapes sexual behavior and interacts with the environment to influence mating preferences and practices.
5	Demonstrate the ways in which sex and gender may influence life choices.

## GRADES

It will be your responsibility to monitor the progress of your course grade by using the grading table provided below. Your individual grade for each assignment will be provided via Blackboard. Please feel free to contact me should you have any questions about how to calculate your grade. You can use the table provided to track points you've earned for each assignment. If you have concerns regarding your grade at any point, please contact me as soon as it arises. Also, it is your responsibility to contact me as soon as possible if you are having difficulty understanding the course material or requirements.

## GRADE SCALE

Final grades will be determined as follows:

PERCENTAGE	POINT SCALE
A = 90% and above	A = 900 - 1000 points
B = 80 to 89.9%	B = 800 - 899 points
C = 70 to 79.9%	C = 700 - 799 points
D = 60 to 69.9%	D = 600 - 699 points
F = 59.9% or below	F = 0 - 599 points

## **University Policies and Procedures**

### **Students with Disabilities (ADA Compliance):**

#### Chapter 7(7.004) Disability Accommodations for Students

The University of North Texas at Dallas makes reasonable academic accommodation for students with disabilities. Students seeking accommodations must first register with the Disability Services Office (DSO) to verify their eligibility. If a disability is verified, the DSO will provide you with an accommodation letter to be delivered to faculty to begin a private discussion regarding your specific needs in a course. You may request accommodations at any time, however, DSO notices of accommodation should be provided as early as possible in the semester to avoid any delay in implementation. Note that students must obtain a new letter of accommodation for every semester and must meet/communicate with each faculty member prior to implementation in each class. Students are strongly encouraged to deliver letters of accommodation during faculty office hours or by appointment. Faculty members have the authority to ask students to discuss such letters during their designated office hours to protect the privacy of the student. For additional information see the Disability Services Office website at <http://www.untdallas.edu/disability>. You may also contact them by phone at 972-338-1777; by email at [UNTDdisability@untdallas.edu](mailto:UNTDdisability@untdallas.edu) or at Building 2, room 204.

#### Blackboard Learn Accessibility Statement:

University of North Texas at Dallas is committed to ensuring its online and hybrid courses are usable by all students and faculty including those with disabilities. If you encounter any difficulties with technologies, please contact our ITSS Department. To better assist them, you would want to have the operating system, web browser and information on any assistive technology being used. Blackboard Learn course management system's accessibility statement is also provided: <http://www.blackboard.com/Platforms/Learn/Resources/Accessibility.aspx>

**NOTE:** Additional instructional technology tools, such as Turnitin, Respondus, Panopto, and publisher cartridge content (i.e. MyLab, Pearson, etc.) may NOT be fully ADA compliant. Please contact our Disability Office should you require additional assistance utilizing any of these tools.

### **Student Evaluation of Teaching Effectiveness Policy:**

Student's evaluations of teaching effectiveness is a requirement for all organized classes at UNT Dallas. This short survey will be made available to you at the end of the semester, providing you a chance to comment on how this class is taught. I am very interested in the feedback I get from students, as I work to continually improve my teaching. I consider students' evaluations to be an important part of your participation in this class.

### **Assignment Policy:**

All assignments will be administered via Blackboard. For additional information on final grade percentages and calculations, please see the grade table provided within the syllabus.

**Introductions:** In the first week of class you will be asked to provide a personal biography. In an online setting it is important that we get to know and welcome one another early in the course, since the course will rely heavily on discussions with peers. Please see Blackboard for instructions.

Discussion Questions (DQs): You will be asked to answer weekly DQs relating to the weeks readings. These questions will require critical thinking or applications of course topics and will be used to start the weekly class discussion. DQs will be posted Day 1 (Monday) of the week in which it is assigned. Original posts for DQs will be due on the discussion board by 11:59 pm of the assigned date (see course calendar for due dates). You will want to carefully review the Discussion Board Rubric document; this will be used in evaluating your discussion board contributions each week.

Participation (Peer Replies): In addition to answering weekly DQs, you will also be required to interact with your peers in weekly discussions. Your participation grade will consist of replies made to peers. You will be required to reply to at least two peers each week. You are welcome, and encouraged, to post more than the minimum required peer replies, as these discussions make the online experience rich and interactive. The purpose of peer interaction is to aid in processing material, to promote class discussion, and to emphasize the practical applications of some of the concepts learned in class materials and in your readings. Students will NOT be able to make up participation points once the week has ended.

Experiential Learning Assignments: Experiential learning typically involves learning a skill in a work setting or off-campus within a private industry, business, organization or agency. Since the timeframe and format of an online course does not allow for in-depth learning projects, we will have modified weekly exercises that will involve completing an small-scale experience based task or assignment. Details of each weekly assignment will be provided within Blackboard.

Make-Up Assignments: No make-up activities are allowed without proper documentation (e.g., doctor's note, automobile accident report, funeral announcement, etc.). Additionally, make-ups will not be allowed until your documentation has been verified, which means that documentation must provide a contact name and number. Exceptions will be made for legitimate emergencies at the instructor's discretion (e.g., illness, death in the family), but only if you contact me immediately. Computer problems, like crashes or lost/corrupted files, are not acceptable emergencies. Be sure to make back-up files of your work. Legitimate make-up work will only be allowed within one week of the missed assignment. If arrangements are not made in a timely manner, I will need documentation (e.g., hospital notice, etc.) explaining the delay. Otherwise, make-ups will not be allowed beyond one week. Since participation must involve classmates, missed participation cannot be made up once a week has ended.

### **Exam Policy:**

Traditional on-site courses typically have Midterms and Finals. We will have similar assessments, only ours will be administered each week based on individual learning units. Unit Assessments are designed to test your knowledge of assigned weekly readings. Assessments will be multiple choice format, and will only cover information discussed within the designated week; i.e., Week 1's Assessment will only cover information discussed in the assigned readings for Week 1. All Unit Assessments will be administered via Blackboard. Assessment details (availability and due dates) will be provided in Blackboard.

### **Academic Integrity:**

Academic integrity is a hallmark of higher education. You are expected to abide by the University's code of Academic Integrity policy. Any person suspected of academic dishonesty (i.e., cheating or plagiarism) will be handled in accordance with the University's policies and procedures. Refer to the Student Code of Academic Integrity at [http://www.untDallas.edu/sites/default/files/page\\_level2/pdf/policy/7.002%20Code%20of%20Academic\\_Integrity.pdf](http://www.untDallas.edu/sites/default/files/page_level2/pdf/policy/7.002%20Code%20of%20Academic_Integrity.pdf) for complete provisions of this code.

Academic dishonesty includes, but is not limited to, cheating, plagiarizing, fabrication of information or citations, facilitating acts of dishonesty by others, having unauthorized possession of examinations, submitting work of another person or work previously used without informing the instructor, or tampering with the academic work of other students.

Web-based Plagiarism Detection: Please be aware in some online or hybrid courses, students may be required to submit written assignments to Turnitin, a web-based plagiarism detection service, or another method. If submitting to Turnitin, please remove your title page and other personal information.

## **Classroom Policies**

### **Online Attendance and Participation:**

The University attendance policy is in effect for this course. Class attendance in the Blackboard classroom and participation is expected because the class is designed as a shared learning experience, and because essential information not in the textbook will be discussed in the discussion board. Online presence and participation in all class discussions is essential to the integration of course material and your ability to demonstrate proficiency.

Attendance for this online or hybrid course is considered when you are logged in and active in Blackboard, i.e., posting assignments, taking quizzes, or completing Discussion Boards. To maintain financial aid award eligibility, activity must occur before the census date of the session or term of the course. Refer to <http://www.untdallas.edu/registrar> for specific dates. If you are absent/not active in the course shell, it is YOUR responsibility to let the instructor know immediately, upon your return, the reason for your absence if it is to be excused. All instructors must follow university policy 7.005 covering excused absences; however, it is the instructor's discretion, as outlined in the course syllabus, of how unexcused absences may or may not count against successful completion of the course

### **Inclement Weather and Online Classes:**

Online classes may or may not be effected by campus closures due to inclement weather. Unless otherwise notified by your instructor via e-mail, online messaging, or online announcement, students should assume that assignments are due as scheduled.

### **Online "Netiquette:**

In any social interaction, certain rules of etiquette are expected and contribute to more enjoyable and productive communication. Emails, Discussion Board messages and/or any other forms of written communication in the online environment should use proper "netiquette" (i.e., no writing in all caps (usually denotes yelling), no curse words, and no "flaming" messages (angry, personal attacks). Racial, ethnic, or gender slurs will not be tolerated, nor will pornography of any kind.

Any violation of online netiquette may result in a loss of points or removal from the course and referral to the Dean of Students, including warnings and other sanctions in accordance with the University's policies and procedures. Refer to the Student Code of Student Rights Responsibilities and Conduct at <http://www.untdallas.edu/osa/policies>. Respect is a given principle in all online communication. Therefore, please be sure to proofread all of your written communication prior to submission.

### **Diversity/Tolerance Policy:**

Students are encouraged to contribute their perspectives and insights to class discussions in the online environment. However, offensive & inappropriate language (swearing) and remarks offensive to others of particular nationalities, ethnic groups, sexual preferences, religious groups, genders, or other ascribed statuses will not be tolerated. Disruptions which violate the Code of Student Conduct will be referred to the Dean of Students as the instructor deems appropriate.

### **Technology Requirements:**

In order to successfully access the materials in an online or hybrid course, UNT Dallas advises that your computer be equipped with the minimum system requirements.

Blackboard Learn 9.1 is the platform software for this course. Blackboard Learn supports major web browsers such as Windows Internet Explorer, Apple Safari, Mozilla Firefox, and Google Chrome. However, since the latter two are updated continually, some recent versions may not be compatible. If you experience difficulty accessing or using components of the course, try using Internet Explorer. Also, no matter what browser you use, always enable pop-ups. For more information see:
