MBA Marketing

The Master of Business Administration program in Marketing provides you with the breadth of a traditional MBA coupled with the ability to specialize in marketing. The curriculum is designed to provide you with an excellent conceptual foundation and managerial skills. You can choose a full-time or part-time program leading to the MBA.

Career opportunities after you complete the MBA program through the Department of Marketing and Logistics are abundant. An MBA in Marketing supports growth and development from two perspectives. One, if you have an established career path, the Marketing concentration provides you the opportunity to gain the broader, more general perspective necessary for promotion to leading managerial positions. Or, if you are preparing for the business world, the combination of an undergraduate degree with an MBA in Marketing provides an excellent foundation for additional career opportunities.
