

# Joann Peters Chemistry Scholarship Application

The Joann Peters Chemistry Scholarship is available for qualified students who are currently full time, or its equivalent, Chemistry majors. Student applicants must be active members of the Association for Women in Science.

To qualify, the following conditions must be met:

1. Must be a declared undergraduate major in Chemistry in good standing with the Department and College of Science.
2. Be an active member and in good standing with the Association for Women in Science for 12 months prior to award.
3. A set of transcripts of all college work must accompany the application.
4. You must be enrolled at UNT in the upcoming Fall and Spring semesters.

**DEADLINE FOR APPLICATIONS IS MARCH 31, 2018.**
