## MBA in Business Studies | Library and Information Technology Emphasis

The MBA degree in Business Studies with a concentration in Library Science and Technology provides you with a breadth of knowledge in various business disciplines while developing a critical understanding of domestic and international financial management. This understanding will help you lead an organization that increases its value to employees and shareholders.

Graduates from the program will have a well-rounded business education, are equipped with the management tools needed to compete in a global market and have an increased understanding of the importance of time management and efficiency. The curriculum emphasizes skills and values essential to successful leadership: ethics, communication, team-work, global perspectives, use of technology, problem recognition and problem solving.

### PROFESSIONAL CERTIFICATIONS

The department recommends that you consider professional certifications in addition to your MBA. Certification recommendations depend upon your area of interest.
