## Check on Students with the Performance Dashboard

The Performance Dashboard provides Instructors with a window into all types of user activity in a Course or Organization. All users enrolled in the Course are listed, with pertinent information about that user's progress and activity in the Course.

| Step 1 | The Performance Dashboard is accessed through the <b>Evaluation</b> area of the Control Panel.   | Evaluation<br>Course Reports<br>Early Warning S<br>Performance D | s<br>System<br>ashboar | ď                    |                          |            |                  |
