

Managing Pop-ups (Firefox)

- Click the drop down menu on the top-right of the screen
- Select the “Options” icon which looks like a gear

Managing Pop-ups (Firefox)

- Select “Content” and then unselect the “Block pop-ups windows” box. **This is not the recommended method!**
- Preferably select “Exceptions...” tab. The “Block pop-ups windows” box must be checked to activate the “Exceptions” tab.

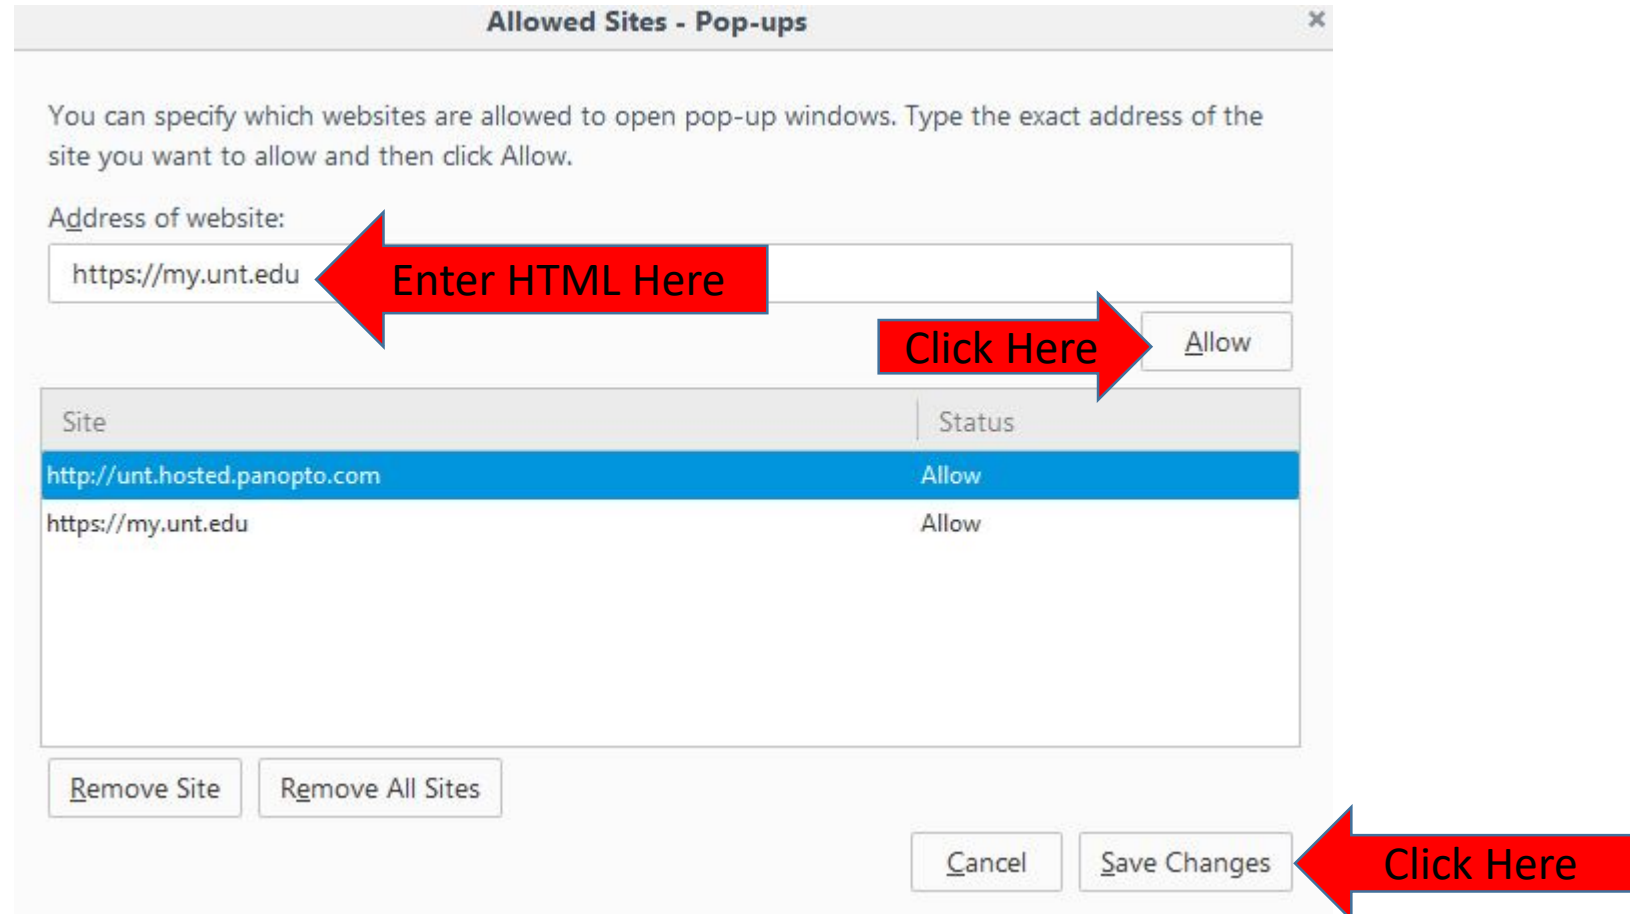

The screenshot shows the Firefox 'Content' settings page. On the left is a dark sidebar with menu items: General, Search, Content (highlighted), Applications, Privacy, Security, Sync, and Advanced. The main content area is titled 'Content' and contains several sections:

- DRM content**: A checked checkbox for 'Play DRM content' with a 'Learn more' link.
- Notifications**: A heading followed by the text 'Choose which sites are allowed to send you notifications' and a 'Learn more' link. Below is an unchecked checkbox for 'Do not disturb me' with the subtext 'No notification will be shown until you restart Firefox'. A 'Choose...' button is on the right.
- Pop-ups**: An unchecked checkbox for 'Block pop-up windows'. A red arrow points from the text 'Click Here' to the 'Exceptions...' button on the right.
- Fonts & Colors**: A section with 'Default font:' set to 'Times New Roman' and 'Size:' set to '16'. It includes 'Advanced...' and 'Colors...' buttons.
- Languages**: A heading with the text 'Choose your preferred language for displaying pages' and a 'Choose...' button.

Managing Pop-ups (Firefox)

- Add <https://my.unt.edu> to the “Address of website” text box and click “Allow”
- Then click the “Save Changes” button
