**PART 1032—DIRECT-CONSUMPTION SUGAR**  
INTERPRETATION NO. 1 OF GENERAL PREFERENCE ORDER NO. M-55, AS AMENDED JANUARY 24, 1942

The following official interpretation is hereby issued by the Director of Industry Operations with respect to § 1032.1, *General Preference Order M-55*,<sup>1</sup> as amended January 24, 1942.

Paragraph (a) of General Preference Order No. M-55 incorporates, by reference, the provisions of Priorities Regulation No. 1 (Part 944) to the extent that they are not inconsistent with the Order. § 944.14 of Priorities Regulation No. 1 provides, in part, that no person shall accept delivery of any material if his inventory of such material is, or will by virtue of such acceptance become, in excess of a practicable minimum working inventory. Consequently, the quantity of sugar which may be accepted under subparagraphs (d) (5) (vii), (viii), (ix), and (x), by any person is restricted by the application of the practicable minimum working inventory provision of Priorities Regulation No. 1 to the persons specified in said subparagraphs.

The provisions of General Preference Order No. M-55 do not prevent any receiver from transferring, without charge to his quota, the right to receive sugar due him from a distributor under any contract for future delivery executed prior to December 13, 1941, provided he has not accepted and does not accept actual or constructive delivery of such sugar and provided ultimate delivery is made in accordance with the Order. It is not material whether the cost of such sugar is billed by the distributor to the receiver who held the contract for future delivery or to the ultimate purchaser.

Issued this 19th day of March 1942. (P.D. Reg. 1, amended Dec. 23, 1941, 6 F.R. 6680; W.P.B. Chapter XVI—Office of Censorship

[Regulation No. I]

PART 1804—POSTAL CENSORSHIP REGULATIONS

HANDLING OF PUBLICATIONS CONTAINING SCIENTIFIC, TECHNICAL, OR PROFESSIONAL DATA

- Sec.  
1804.1 License necessary for export.  
1804.2 Application for license.  
1804.3 Questionnaire and affidavits.  
1804.4 Review of publication material.  
1804.5 Issuance of license.  
1804.6 Declaration of content.  
1804.7 Correspondence.  
1804.8 Who shall make application.

§ 1804.1 License necessary for export. Effective April 1, 1942, publications devoted in whole or in part to scientific, technical, or professional data which may contain information, the transmission of which to foreign countries may be inimical to the military interests of the United States, will be licensed prior to export. Before a license will be granted, the conditions set forth in §§ 1804.2 to 1804.6 inclusive, must be complied with.\*

\*§§ 1804.1 to 1804.8, inclusive, issued under the authority contained in E.O. 8985, 6 F.R. 6625.

§ 1804.2 Application for license. Applications for licenses shall be made to the Technical Data License Division, Office of Export Control, Board of Economic Warfare on forms provided by and available at that Agency. A separate application must be made for each license, and a separate license will be required for each issue of each publication. The application will show the name of the publisher, the name of the publication, the period covered by the particular issue, and names of the countries to which export is to be made. With each application there shall be submitted two copies of the publication in galley proof or other copy.\*

§ 1804.3 Questionnaire and affidavits. With the initial application for a license a Censorship questionnaire shall be filed on forms provided by and available at the Technical Data License Division. This questionnaire will show complete information concerning the publisher, including the nationality of all officials and a list of all enemy alien employees. At the time the initial application is made, each publisher will be required to designate from one to three employees to be charged with supervising the wrapping of the publication. Accompanying the questionnaire will be an affidavit of each such employee showing that he is an American citizen or, if not a citizen, that he has been approved by the Chief Postal Censor, length of time employed by the applicant, and that the employee has never been, and is not now, connected with any organization advocating the overthrow of the United States Government by force or violence. Each employee making such affidavit shall furnish three specimens of his signature. Accompanying the questionnaire there will also be an affidavit of the employer which will show the length of time the employees mentioned above have been employed, and that investigation has shown that none is or has been connected with any organization advocating the overthrow of the United States Government by force or violence, and that each such employee is loyal and trustworthy. This affidavit must be signed by a responsible officer of the applicant.\*

§ 1804.4 Review of publication material. Upon receipt of each application for a license, the Technical Data License Division, Office of Export Control, Board of Economic Warfare, will review the copies of the publication submitted for objectionable subject matter from the viewpoint of Censorship Requirements and Regulations and national security. Every effort will be made to notify applicants of approval or other decision within forty-eight hours of receipt of the material. If certain portions are not approved for export, such portions will be suitably marked and the material returned to the applicant. The material may then be resubmitted on the same application form for further examination after deletion of the marked portions. Upon final approval of the material, the Technical Data License Division will recommend to the Office of Censorship that a license be granted. Ordinarily, such license will issue immediately thereafter.\*

§ 1804.5 Issuance of license. A license from the Office of Censorship, when granted, will authorize the publisher to export the designated number of copies of the particular issue of the publication to the foreign countries specified therein. The license will not be transferable, and will be subject to revocation without notice. The possession of the license will not relieve the holder of the necessity of obtaining any other permit or license that may be required by any other Governmental Agency. The license will be granted on the express condition that

each copy of the publication mailed thereunder corresponds in every respect to the copy submitted to and approved by the Technical Data License Division, and on the further condition that the wrapping of all copies for export will be under the supervision of one of the employees designated in the questionnaire.\*

§ 1804.6 *Declaration of content.* As soon as the license from the Office of Censorship is granted, the publisher may then release the issue for export subject to the following conditions. Copies for foreign shipment shall be securely wrapped without open ends. A Declaration of Content shall be affixed to the outer cover of each package for export, which Declaration shall show the number of copies, the name of the publisher, the name of the publication, the destination, and the license number. The Declaration shall further state that none of the copies are addressed to persons in enemy or enemy-occupied territory and that the material in the package corresponds in every respect to that approved by the Office of Censorship for which a license with a designated number has been granted. The Declaration shall further state that the package has been wrapped under the supervision of a designated employee of the publisher and that it does not contain any additional enclosures, writings, or other extraneous material. The Declaration shall be signed by the employee under whose supervision it was wrapped and whose name is shown thereon, such employee to be one of those previously designated by the publisher and whose signature is on file in the Office of Censorship. The package may then be posted in the usual manner.\*

§ 1804.7 *Correspondence.* All correspondence concerning the approval, disapproval, deletions, or corrections of the material in the publication shall be directed to the Technical Data License Division, Office of Export Control, Board of Economic Warfare, Washington, D. C.\*

§ 1804.8 *Who shall make application.* Initially, each publisher considered by the Board of Economic Warfare as coming within the provisions of § 1804.1 will be sent a separate letter enclosing blank forms of the application, questionnaire, and affidavits. It shall be the duty, however, of any other publisher engaged in publishing periodicals containing scientific, technical, or professional data to make application for a license prior to exporting such periodicals. After April 1, 1942, no publication coming within the provisions of § 1804.1 will be cleared for export by the Office of Censorship unless a license has been obtained and all the requirements of §§ 1804.5 and 1804.6 have been complied with.\*

## TITLE 33—NAVIGATION AND NAVIGABLE WATERS

## Chapter I—Coast Guard, Department of the Navy

## PART 6—ANCHORAGE REGULATIONS

## REGULATIONS FOR THE CONTROL OF VESSELS IN THE TERRITORIAL WATERS OF THE UNITED STATES

Pursuant to the authority contained in section 1, Title II of the Espionage Act approved June 15, 1917, 40 Stat. 220 (U.S.C. title 50, sec. 191), as amended by the Act of November 15, 1941 (Pub. Law 292, 77th Cong.), and by virtue of the Proclamation and Executive Order issued June 27, 1940 (5 F.R. 2419), and November 1, 1941 (6 F.R. 5581), respectively, the Regulations relating to the control of vessels in the territorial waters of the United States (5 F.R. 2442), issued by the Secretary of the Treasury and approved by the President on June 27, 1940, as amended on October 7, 1941 (6 F.R. 5221), are hereby further amended as follows:

Paragraph (a) of § 6.6, *Special authorization for licenses, etc.*, is changed to read as follows:

§ 6.6 *Special authorization for licenses.*  
(a) Except with respect to the departure of a vessel for which a departure permit is required by § 6.7, or in case of emergency missions to save life or property in distress, no vessel shall depart from the local waters of the United States, its territories or possessions, to a point or place outside of said waters or on the high seas unless the owner, agent, or master of such vessel shall first obtain from the captain of the port in whose jurisdiction the vessel is to depart a license authorizing such departure. The term "local waters," as used in this paragraph and in paragraph (b) of this section, embraces all territorial waters of the United States, its territories and possessions, such as rivers, harbors, bays, sounds, roadsteads, inlets and other arms of the sea between projections of land, and the Great Lakes, but does not include any portion of the high seas below the shore-line along the coasts of the United States, its territories or possessions, or outside the arms of the sea between projections of land, even though within the traditional three-mile limit. Subject to the provisions of paragraph (c) of this section, the captain of the port will issue a license to depart from local waters only in the following cases:

(1) Where the vessel is regularly (or seasonably) employed as a means of livelihood outside of local waters, or on the high seas, such as for fishing, transporting passengers or freight for hire, or for any other legitimate business: *Provided*, That the master, operator, or person in charge of such vessel is a citizen of the United States, or at least fifty percentum of the personnel complement of said vessel are not aliens: *Provided further*, That no departure license shall be granted to any vessel having an enemy alien on board, either in the capacity of master, operator, person in charge, member of the crew or passenger.

(2) Where it is necessary for the vessel to depart from local waters, or from territorial waters outside of local waters, for the purpose of transportation of the vessel under its own power to a permanent location within local waters at some distant point: *Provided*, That if such transportation will involve passage through, or arrival within, waters under the jurisdiction of another captain, or other captains of the port, the captain of the port issuing the license shall send appropriate notification thereof to the captain of the port in each of whose jurisdictions the vessel will proceed and arrive at final destination: *Provided further*, That no departure license shall be granted to any such vessel having an enemy alien on board, either in the capacity of master, operator, person in charge, member of the crew or passenger.

Before making the finding required by paragraph (c) of this section and issuing a departure license under the provisions of this paragraph, the captain of the port shall cause an inspection to be made of the vessel involved and such other investigation as may be deemed necessary, and shall, prior to the departure of said vessel, require every person on board to meet the identification requirements of § 6.4 (b).

Paragraph (b) of § 6.6, *Special authorization for licenses, etc.*, is changed to read as follows:

(b) Except (1) with respect to the departure of a vessel for which a departure permit is required by § 6.7, (2) or for which a departure license is required by paragraph (a) of this section, (3) or in case the vessel is included in a general license issued by the Commandant, with the approval of the Secretary of the Navy, under paragraph (d) of this section, (4) or in case of emergency missions to save life or property in distress, no vessel shall move in local waters of the United States, its territories or possessions, unless the owner, agent, or master of such vessel shall first obtain from the captain of the port in whose jurisdiction the vessel is to move a license authorizing such movement. No license will be issued to a vessel, other than a common carrier primarily engaged in the transportation of passengers for hire over regularly scheduled routes, which has, or intends to have, an enemy alien, as hereinafter defined, on board in any capacity. The captain of the port may, in his discretion and in appropriate cases, issue one license covering the requirements of this paragraph and paragraph (a) of this section. Each license issued by the captain of the port under this paragraph shall contain a condition that such license will not be valid and will cease and determine if the vessel to which it pertains, other than a common carrier primarily engaged in the transportation of passengers for hire over regularly scheduled routes, has on board an enemy alien in any capacity, or that, if the vessel is a common carrier primarily engaged in the transportation of passengers for hire over regularly scheduled routes and has

an enemy alien on board, and such enemy alien has not complied with all applicable travel regulations of the Attorney General, or other proper federal authority. For the purposes of this section, the term "enemy alien" shall include the following:

(1) All aliens of the age of 14 years or older who were or are natives, citizens, or subjects of Germany, Italy, or Japan.

(2) All aliens of the age of 14 years or older who at present are stateless, but who at the time they became stateless were citizens or subjects of Germany, Italy, or Japan.

The term "enemy alien", for the purposes of this section, shall not include the following:

(3) Former German, Italian, or Japanese citizens or subjects who, before December 7, 1941, in the case of former Japanese citizens or subjects, and before December 8, 1941, in the case of former German or Italian citizens or subjects became and are citizens or subjects of any nation other than Germany, Italy, or Japan.

(4) Austrians or Austrian-Hungarians (Austro-Hungarians) or Koreans who registered as such under the Alien-Registration Act of 1940, provided that such persons have not at any time voluntarily become German, Italian, or Japanese citizens or subjects.

But nothing contained in subparagraphs (3) and (4) of this section shall be construed as limiting in any manner the authority of the captain of the port under the last clause of § 6.4 (a) with respect to any person described in subparagraphs (3) or (4) of this section, or any other person, if such action is deemed warranted in any case.

FRANK KNOX,  
Secretary of the Navy.

## PART 9—GENERAL LICENSES FOR MOVEMENTS OF VESSELS WITHIN, OR DEPARTURE FROM, TERRITORIAL WATERS

By virtue of the authority vested in me by § 6.6 (d) of this chapter (6 F.R. 5222), and in accordance with the provisions of § 9.1 (c) (1) (6 F.R. 5342), I hereby find that the continuance in force of General License No. 1 (§ 9.1 *General License No. 1*), with respect to the territorial waters of the United States other than local waters, as hereinafter defined, would be inimical to the interests of national defense and of the safety and protection of vessels or the territorial waters, and accordingly said General License No. 1 (§ 9.1 *General License No. 1*), as amended on December 24, 1941 (7 F.R. 43), is hereby further amended as follows:

The term "local waters", as herein used, embraces all territorial waters of the United States such as rivers, harbors, bays, sounds, roadsteads, inlets and other arms of the sea between projections of land, and the Great Lakes, but does not include any portion of the high seas along the coasts of the United States or outside the arms of the sea between projections of land, even though within the traditional three-mile limit. This license shall not apply to the following:

Paragraph (b) is cancelled and the following substituted therefor:

(b) The waters of the State of Rhode Island commonly known as the West Passage of Narragansett Bay and the Sakonnet River.

A new paragraph (c) is added to read as follows:

(c) Any vessel, which is not a common-carrier, primarily engaged in the transportation of passengers for hire over regularly scheduled routes, that has on board an enemy alien, as defined in § 6.6 (b) of this chapter (6 F.R. 5221), either in the capacity of master, operator, person in charge, member of the crew or passenger: *Provided*, That in the case of a common carrier primarily engaged in the transportation of passengers for hire over regularly established routes, the enemy alien on board shall have complied with all applicable travel regulations of the Attorney General, or other proper federal authority.

The present paragraph (c) is changed to (d).

In all other respects, said General License No. 1 shall remain in full force and effect.

Rear Admiral, U. S. Coast Guard.

IN THE MATTER OF OSCAR VAAL, ALSO KNOWN AS OSCAR B. VAAL, CODE MEMBER

#### NOTICE OF AND ORDER FOR HEARING

A complaint dated March 5, 1942, pursuant to the provisions of section 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937 (the "Act"), having been duly filed on March 9, 1942, by Bituminous Coal Producers Board for District No. 11, a District Board, complainant, with the Bituminous Coal Division (the "Division"), alleging wilful violation by Oscar Vaal, also known as Oscar B. Vaal, (the "Code member"), of the Bituminous Coal Code (the "Code"), or rules and regulations thereunder;

*It is ordered*, That a hearing in respect to the subject matter of such complaint be held on April 23, 1942, at 10 a. m. at a hearing room of the Bituminous Coal Division at the Superior Court Room of Knox Circuit Court, Vincennes, Indiana.

*It is further ordered*, That J. D. Dermody or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, take evidence, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the

premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said Code member and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Act, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given that answer to the complaint must be filed with the Division at its Washington Office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the Code member; and that failure to file an answer within such period, unless otherwise ordered, shall be deemed to be an admission of the allegations of the complaint herein and a consent to the entry of an appropriate order on the basis of the facts alleged.

Notice is also hereby given that if it shall be determined that the Code member has wilfully committed any one or more of the violations alleged in the complaint, an order may be entered either revoking the membership of the Code member in the Code or directing the Code member to cease and desist from violating the Code and regulations made thereunder.

All persons are hereby notified that the hearing in the above entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging wilful violations by the above named Code member as follows: That said Code member, whose address is St. Meinrad, Indiana, and whose code membership became effective as of August 31, 1938,

2. During the period October 1, 1940 to October 27, 1941, both dates inclusive, failed to file and maintain tickets, sales slips, invoices, other memoranda and records, and data as required by Order

[Dockets Nos. 506-FD, 524-FD, 606-FD,  
1163-FD, 1188-FD, 1323-FD, 1462-FD]

APPLICATION OF PUBLIC SERVICE COMPANY OF INDIANA FOR EXEMPTION UNDER SECTION 4-A OF THE BITUMINOUS COAL ACT OF 1937

ORDER OF THE ACTING DIRECTOR

The Acting Director of the Bituminous Coal Division entered an Order, dated January 21, 1942, in the above-entitled proceedings, providing that the applications for exemption heretofore filed by Public Service Company of Indiana in Dockets Nos. 506-FD, 524-FD, 606-FD, 1163-FD, 1188-FD, 1323-FD, and 1462-FD be denied, effective as soon as temporary or final minimum prices are established for the mines concerning which such applications for exemption were filed, but in no event later than sixty (60) days from January 21, 1942.

The aforesaid Order further stated that it is expected that District Board 11 will promptly apply for the establishment of minimum prices for the mines in question.

On March 10, 1942, District Board 11 filed with the Bituminous Coal Division a Statement of Facts which set forth that the District Board has designated a committee to consider the matter of min-

imum prices for said coals and to submit a recommendation to the District Board, and that it is now in the process of securing data and information with respect to the coals produced from the mines in question, but, due to delay occasioned by other urgent matters and by operating difficulties recently encountered at the mines, it appears impossible at this time to secure the samples and analyses which were to be used as a basis for the proposal of minimum prices for said coals, and to make available the results to the committee and the District Board in sufficient time to enable the District Board to propose to the Division by March 22, 1942, minimum prices for said coals. It is the District Board's opinion that a minimum period of 30 days will be required for it to propose said prices in addition to the 60-day period from January 21, 1942 provided in the Order of January 21, 1942, and it recommends that the Order of the Acting Director of that date, entered in the above-entitled proceedings, be modified by providing that the applications of the Public Service Company of Indiana for exemption under Section 4-A of the Bituminous Coal Act of 1937 shall be denied not later than 120 days rather than 60 days from the date of said Order.

It appears, therefore, that because of the conditions set forth, an extension of time should be granted but not to exceed 30 additional days.

Now, therefore, it is ordered, That the Order of the Acting Director, dated January 21, 1942, be, and it hereby is, modified to the extent that the applications for exemption heretofore filed by Public Service Company of Indiana in Dockets Nos. 506-FD, 524-FD, 606-FD, 1163-FD, 1188-FD, 1323-FD, and 1462-FD be, and they hereby are, denied, effective as soon as temporary minimum prices are established for the mines concerning which such applications for exemption were filed, but in no event later than 90 days from January 21, 1942.

Dated: March 18, 1942.

Acting Director.

Any additional data indicating wage changes that may have occurred since the period covered by the tabulated schedules (October 1941) will also be received, as well as evidence for the purpose of determining what provision, if any, should be made in the prevailing minimum wage determination for the employment of apprentices and learners.

At the hearing an opportunity to be heard, either in person or by duly appointed representatives, will be given to persons engaged in the above named industries, either as employers or as employees, to groups of such persons, and to others within the discretion of the Board. The entire record will be considered by the Secretary of Labor before the wage determination is made.

## NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 17th day of March 1942.

Notice is hereby given that a declaration or application (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Panhandle Eastern Pipe Line Company, a subsidiary of Columbia Oil & Gasoline Corporation, in turn a subsidiary of Columbia Gas & Electric Corporation, a registered holding company and, in turn, a subsidiary of The United Corporation, also a registered holding company; and

Notice is further given that any interested person may, not later than March 26, 1942 at 5:30 P. M., E. W. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter, such declaration or application, as filed or as amended, may become effective or may be granted,

as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act, or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Philadelphia, Pennsylvania.

All interested persons are referred to said declaration or application, which is on file in the office of said Commission, for a statement of the transactions therein proposed, which may be summarized as follows:

Declarant proposes to commence on or about April 1, 1942 to acquire and redeem shares of its 5.60% Cumulative Preferred Stock in amounts required for the years 1942 and 1943 by the sinking fund provisions contained in the Certificate relating to said Preferred Stock, whereunder \$100,000 is to be deposited on April 1, 1942 in a segregated account and a sum sufficient to redeem not more than 3½% of the largest par amount at any time outstanding (presently \$525,000) on April 1, 1943.

The declarant may anticipate, at any time or from time to time, all or any part of the sinking fund payments due annually on April 1 (a) by delivering to the sinking fund shares of the said Preferred Stock which have been purchased or otherwise acquired, or (b) by redeeming shares of said Preferred Stock at \$108.00 per share, plus accrued dividends; the number of shares of said Preferred Stock acquired in anticipation of sinking fund payments is to be limited to the amount necessary to satisfy the next succeeding payment.

Any acquisitions are to be in compliance with the restrictions contained in declarant's Mortgage and Deed of Trust dated November 1, 1940, as supplemented on January 1, 1942, restricting, among other things, the acquisition and retirement of any stock to the amount of surplus earned since January 1, 1940, plus \$1,500,000. As provided in the Certificate relating to said Preferred Stock, no acquisition will be made while there is default in dividends except with the consent of the holders of the majority of said Preferred Stock. According to the declaration, no acquisition will be made from affiliates or associate companies except when shares of said Preferred Stock are called by lot for redemption; no acquisition of said Preferred Stock will be made from any Principal Underwriter during the period of distribution thereof; and all purchases are to be made at the best price obtainable but not to exceed the sinking fund redemption price (\$105.00 per share), and all purchases in the open market are to be made only through or from licensed brokers and dealers.

To the extent that shares of said Preferred Stock acquired will be insufficient to meet the requirements of said sinking fund, then the moneys remaining in said sinking fund will be applied to the redemption of shares of said Preferred Stock, to be selected by lot, at the sinking fund redemption price (\$105.00 per share) as provided by the

Certificate relating to said Preferred Stock.

Section 12 of the Act and Rule U-42 promulgated thereunder are designated as being applicable to the proposed transactions.

SUPPLEMENTAL FINDINGS AND ORDER

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 18th day of March, A. D. 1942.

The Commission having made findings and entered an order herein on March 3, 1942, granting the application, as amended, and permitting the declaration, as amended, to become effective forthwith, except that no findings were made in regard to the price to the Louisville Transmission Corporation (Kentucky), spread and distribution thereof and redemption prices applicable to the First Mortgage Sinking Fund Bonds due March 1, 1967, to be issued and sold by said Corporation, and the Commission having reserved jurisdiction in said order in regard thereto;

An amendment to said application and declaration having been filed as provided in Rule U-50 (c), specifying the proposals which had been received for the purchase of said Bonds pursuant to the invitation of competitive bids therefor, and stating that Louisville Transmission Corporation (Kentucky) had accepted a bid from The Northwestern Mutual Life Insurance Company of 100% for the Bonds bearing coupons of 3½%, said bonds to be redeemable initially at 101½% in the case of redemption for sinking fund purposes or in case of redemption after a merger of Louisville Transmission Corporation (Kentucky) and Louisville Gas and Electric Company (Kentucky), and otherwise at 103½%, said redemption prices diminishing thereafter at the rate of ½% of the initial premium on March 1, 1943, and by an additional ½% of the initial premium on each March 1, thereafter;

The Commission having examined the record and making no adverse findings under section 7 (d) of the Public Utility Holding Company Act of 1935 in regard to the price to the issuer and redemption prices applicable to said Bonds, and there being no spread as the purchaser is not reselling said Bonds to the public;

*It is ordered*, That said application, as amended, be and it is hereby granted and said declaration, as amended, be and it is hereby permitted to become effective forthwith in regard to the price to the issuer and redemption prices applicable to said Bonds subject, however, to the terms and conditions prescribed in Rule U-24.

By the Commission.
