Student Agreement (check or initial each item)

I have read the Honors College Student Guide to Mentored Research and understand:

- I am responsible for contacting my faculty mentor and initiating regular meetings.
- I am responsible for meeting Honors College project due dates and submission deadlines. Mentored research projects must be submitted to faculty mentors and the Honors College by Reading Day.
- I have attached a proposal that includes the following information:
 - The purpose of the research,
 - My specific responsibilities for the research,
 - How often I will meet with my faculty mentor, and a
 - Description of the final research project I will submit for a grade.
