Report Setup- Prompt Pages

Report Setup - Prompt Pages

All initial **Landing Pages** for reports on the Cognos System will appear similar in format. You will have a set of filtering choices based on the source's available data.

REPORT FOCUS FILTERS / PAGE 1

1. Select your parameter choices. (No parameters within this report are required).

Default will pull "All Units" or you may use the **Dropdown** to **Business Unit** select one particular unit by which to filter the report. The budget year automatically fills with the current **Budget Period** operating year and you may override if you prefer by typing in the box. You can Search by either the DeptID, Dept Descriptions or if Department Manager you know the manager, you may type here and search. For further search features, click the Options Link to expand additional search methods. Your results appear in the left box. Highlight any or all results and click the Insert Button to include as your filter choice here. *Notes: CTRL + Click to choose more than one. If you need to view several departments and have a numbered list, you can use the department selection on the Detailed Filters/Page 2 below.

2. If you are satisfied with your choices and do not need to engage Detailed Filters, click the **Finish Button**. Otherwise, to run by other FoaPs elements, click the **Next Button**.

LAYOUT OVERVIEW

- Report results are typically displayed in an interactive HTML on screen style.
- Based on your selections, if any, the report will only display results that match your initial filtering choices.
- Reports on screen may combine the Level Number result with the
 Description for that level in one single column. (Report results exported to
 XLS will break these out, see the Export XLS directions below.)
- If there is an error in your request or no results can be produced, you
 get a return message showing the parameters you chose that produced
 these results. (See the <u>Error Results section</u> below for more information or to
 troubleshoot.)
- Use the "Page Down" Link at the bottom left to see additional pages (if any).
- Use the "Bottom" Link to skip to the last page of Applied Parameters where you can review what your filtering choices were on the initial Prompt Page selections. Use the "Top" Link then to return to your first page.

IN REPORT FILTERING & CONTROLS

 You can clear any originally selected Filters by returning to the Prompt Pages from within the Report you are currently viewing (without starting over). To do so, click on the Play Button in the upper right hand toolbar of your screen.

Exporting Your Report Results

Exporting Your Report Results

In the upper right of your screen you will see multiple options to use your results.

EMAIL REPORT DIRECTLY

Click the "Keep this Version" Dropdown to select "Email Report". Fill in the desired email address, any additional information, and your onscreen results will be emailed from within the Cognos program.

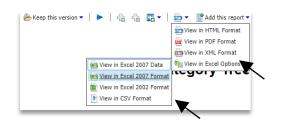

ACROBAT PDF

Click the HTML Paper Dropdown to choose "View in PDF Format".

EXCEL DATA XLS

Click the **HTML Paper Dropdown** to choose **"View in Excel Options".**You will need to also select a further output type. The most common one you will use is **"View in Excel 2007 Format".**

Error Results

Error Results

An example of the standard results message when Cognos cannot determine a match for your requested filters is:

No data available for the parameters chosen, please review the parameters below: Fund Cat: 876

The selection you have made on the prompt page is listed automatically below the "No Data" message. Again, to re-run the report with a different selection, click the Play Button in the upper right toolbar.
