

BA IN ANTHROPOLOGY DEGREE IN THREE ACADEMIC MAP

2018-2019 CATALOG YEAR

A Bachelor of Arts with a major in Anthropology provides the skills needed to work in a world transformed by global economic forces, shifting political borders, national conflicts, ethnic division, food and environmental crises, natural disasters, genocide and public health issues. Anthropology majors pursue careers in Medicine, Diplomacy, Teaching, Urban and City Planning, Public Health, and Museum Administration, among other things. They are able to do this because they are well trained in the basics of persuasive writing, clear presentation of data, and analysis.
