

To receive the Environmental Volunteerism Graduation Cord (EVGC) through the LLELA (Lewisville Lake Environmental Learning Area) Track, you must complete this Self -Tracking form with 75 or more volunteer hours at LLELA and meet the requirements below. Once you complete and submit this Self-Tracking Form via email, you must fill out a completion survey about your volunteer experiences before collecting your graduation cord. The completion survey will be sent to you via email if your recorded hours meet the requirements for the cord. After these steps, you will receive your cord and have the opportunity to apply to the LLELA Restoration Intern Program.

For all volunteer scheduling at LLELA or questions about the LLELA Restoration Intern Program, contact Richard Freiheit (freiheit@unt.edu).

PLEASE TYPE ALL RESPONSES AND EMAIL COMPLETED FORM TO
ENVIROVOLUNTEERISMCORD@UNT.EDU

Deadlines to submit this Self-Tracking Form are based on when you will graduate:

Submit no later than **November 15th** for fall graduation or **April 15th** for spring graduation to receive your cord.

If you plan to apply to the LLELA Restoration Intern Program, it is advised to complete the 75 volunteer hours earlier in your degree plan to be able to participate in the intern program while still a UNT Student.

EVGC Volunteer Requirements

- All volunteer efforts must be **environmentally** focused
- Reported volunteer efforts must not be considered as class requirements, course credit, employment, nor court ordered community service
- Monetary compensation must not be accepted for volunteer efforts
- Hours must be completed during your time as a student at UNT

Once you complete and record 75 environmentally focused volunteer hours at LLELA,
EMAIL FORM TO ENVIROVOLUNTEERISMCORD@UNT.EDU

Title your form Semester-Year-Your Name-COMPLETED

Change the highlighted words to reflect your graduation date and your name.
(ex: Fall-2019-Jane Doe-COMPLETED)

You must fill out a completion survey about your volunteer experiences before collecting your graduation cord. Completion surveys will be sent to you via email if your recorded volunteer hours meet the requirements for the cord.

To apply for the LLELA Restoration Intern Program after completing the 75 hour requirement for the cord, contact Richard Freiheit (Freiheit@unt.edu).

IMPORTANT: If you are unable to complete all 75 of your volunteer hours at LLELA, you can still qualify for the Environmental Volunteerism Graduation Cord if you volunteered for other environmentally focused efforts during your time at UNT. If you have a combined amount of 75 environmentally focused volunteer hours at LLELA and other locations, please fill out the General Track Self-Tracking form to report your efforts. The General Track allows you to report volunteer efforts from any location that focuses on the betterment of the environment.
