

# UNT College of Health and Public Service

## BS with a Major in Public Health (2018-2019 Catalog Year)

The following four-year plan is one example of a variety of ways in which you can complete your chosen degree in four years, and will serve as guide for you to design your pathway to degree completion.

A bachelor's degree requires the completion of a minimum of 120 hours, with 42 hours being advanced.

Students are encouraged to see their academic advisor each semester for help with program decisions and selection of classes. Students are responsible for meeting all course prerequisites.

The actual semester course selections may vary. The schedule of classes can be viewed online through your myUNT account. Earliest possible date of registration is strongly recommended each semester.
