

Student Health & Wellness Center

Lab Specials Spring 2020

Available Dates:

January 21-24

February 10-14

March 2-6

April 6-10

April 27-May 1

Complete Metabolic Panel & Complete Blood Count (CBC & CMP) - \$35.00

The CMP evaluates many blood values such as blood sugar, total cholesterol and liver and kidney function.

*8 – 12 hour fasting is required

Lipid Profile - \$20.00

Lipid Profile is a group of tests that are used to determine risk of coronary heart disease. The profile includes: Total Cholesterol, HDL-C (good cholesterol), LDL-C (bad cholesterol), and triglycerides.

*8 – 12 hour fasting is required

Thyroid Stimulating Hormone (TSH) - \$35.00

TSH screening determines whether your thyroid gland is functioning properly and if there is a need for further testing.

*No fasting is required

Hemoglobin A1-C - \$50.00

The A1C test result reflects your average blood sugar level for the past three months.

*No fasting is required

Things to know: No appointment is necessary but UNT ID is required. Results will be available the following business day and will be sent to the patient through our online portal. The patient is responsible for taking the results to the physician of their choice for any follow up.
