

Basic Energy Sciences Advisory Committee
July 29-30, 2014
Agenda

Bethesda North Marriott Hotel and Conference Center
5701 Marinelli Road
North Bethesda, MD 20852
Phone: 301-822-9200

Tuesday, July 29, 2014		
7:30am – 8:30am	Food Kiosk Available for Purchase	
8:30am – 8:45am	Welcome and Introduction	John Hemminger, BESAC Chair University of California, Irvine
8:45am – 9:15am	News from DOE Office of Science	Pat Dehmer, Deputy Director for Science Programs
9:15am – 10:00am	News from Office of Basic Energy Sciences	Harriet Kung, Director Office of Basic Energy Sciences
10:00am – 10:30am	Break	
10:30am – 11:30am	Center for Applied Mathematics for Energy Research Applications	James Sethian, University of California, Berkeley/Lawrence Berkeley National Laboratory
11:30am – 12:15pm	Big Ideas Summit and DOE Tech Teams Summary	Steve Binkley, Office of Science, Office of Advanced Scientific Computing Research
12:15 - 1:30pm	Lunch on your own	
1:30pm – 2:15pm	JCESR Update	George Crabtree, Argonne National Laboratory
2:15pm – 2:45pm	Chemical Sciences, Geosciences, and Biosciences Division COV Report	Sharon Hammes-Schiffer, University of Illinois-Champaign
2:45pm – 3:15pm	Break	
3:15pm – 3:45pm	Update on the Workforce Development Needs in SC Research Disciplines Charge	John Hemminger, BESAC Chair University of California, Irvine
3:45pm – 5:00pm	Grand Challenge Update and Initial Discussion of BESAC Charge	Mark Ratner, Northwestern University; George Crabtree, Argonne National Laboratory; John Sarraf, Los Alamos National Laboratory
5:00pm – 5:15pm	Public Comment Session	
5:15pm	Adjourn	
Wednesday, July 30, 2014		
8:30am - 9:30am	Evolution of the Energy Landscape	Ellen Williams, Senior Advisor, Office of the Secretary of Energy at Department of Energy
9:30am – 10:00am	Summary of Future of Electron Scattering and Diffraction Workshop	Yimei Zhu, Brookhaven National Laboratory
10:00am – 10:15am	Public Comment Session	
10:15am	Adjourn
