

WEBINAR: SEC Contract Requirement to Promote Workforce Diversity and Inclusion

Thursday, August 13, 2020
1-2 p.m. ET

The U.S. Securities and Exchange Commission's Office of Minority and Women Inclusion (OMWI) will host a webinar on the contract standard—SEC 6020.00 Contractor Workforce Inclusion—which requires covered contractors and subcontractors to ensure, to the maximum extent possible and consistent with applicable law, the fair inclusion of women and minorities in their workforces.

OMWI staff will provide an overview of the contract provision and the post-award reviews OMWI conducts to determine whether contractors have taken actions demonstrating good faith efforts to comply with the contractual obligation to promote workforce diversity and inclusion.

Join us to learn about these requirements.
