

Senior Agency Official for Records Management 2019 Annual Report

The National Archives and Records Administration (NARA) requires Senior Agency Officials for Records Management (SAORM) to provide an annual report demonstrating how agencies are handling important records management initiatives as identified by NARA.

NARA uses the reports to determine the overall progress of the Federal Government in managing its records and the transition away from paper to digital formats, and to identify best practices and model solutions within Federal agencies.

On June 28, 2019, the Office of Management and Budget and the National Archives issued a memorandum: *Transition to Electronic Records* (M-19-21) to ensure that all Federal records are created, retained, and managed in electronic formats by December 31, 2022. This year's SAORM report provides an opportunity for agencies to report on plans and progress towards the milestones and target goals in this memorandum, as well as other important records management initiatives.

The reporting period begins on January 13, 2020, with reports due back to NARA no later than March 13, 2020.

NARA plans to post your 2019 SAORM report on the NARA website upon receipt. Please ensure that your agency's report is a publicly releasable version. This action is in the interest of transparency in Government and to promote collaboration and communication among agencies. NARA intends to list any non-responding agencies in a summary report and on the website.

All incoming and outgoing senior officials are required to engage in an on boarding orientation process to include records management procedures and practices and responsibilities. 8. Do you, as the SAORM, see challenges within your agency in meeting the goal of fully-electronic recordkeeping?

- Yes
 No

*Please explain your response (include details of specific challenges, if applicable):
As the agency is a sunset status agency and is working towards phase out and closure by FY 2020, we have contracted with NARA records management officials annually to provide assistance and guidance on maintenance, disposition of all agency records including electronic records, in preparation of closure of the agency.*

9. Do you need support from NARA to ensure a successful transition to fully-electronic recordkeeping?

- Yes
 No

*Please provide details on what support is needed:
As we have downsized our staff and there are limited employees available who are familiar with NARA procedures and regulations on electronic record keeping, the agency will have a need to obtain support from NARA records experts to ensure successful transition to fully electronic records keeping by 2022, depending on whether the agency continues to remain open during that year.*
