

3rd Coral Reef Task Force Meeting
November 2-3, 1999
St. Croix, U.S. Virgin Islands

Resolution 3-9 - The CRTF adopted the following resolution concerning sewage:

Inadequately treated sewage has been raised as a serious threat to coral reefs. Several serious statements were made about the water quality off the shores of Puerto Rico and the U.S. Virgin Islands. The Task Force asks that the U.S. Environmental Protection Agency review this situation and report on actions and recommendations by the next task force meeting.
