REAC Industry Day 2017

The REAC IT team invites PHA representatives along with their respective IT vendors for 1.5 days of informative discussions on the following topics: PIC, VMS, and UPCS-V. The information presented at each location will be identical, so we ask that you please only register for one event per agency. Additionally, space will be limited, so we ask that each PHA is only represented by one (1) person and one (1) IT vendor representative.

The goal of these sessions will be to gain insights from PHAs and software vendors into the developments of the programs listed above. We encourage you to share this information with other Housing Authorities.

To register for the Phoenix, AZ session (April 4-5), please click here:
https://www.eventbrite.com/e/spring-2017-industry-day-phoenix-az-tickets-32125618590

To register for the Jacksonville, FL session (April 6-7), please click here:
