

**AMERICAN RECOVERY AND REINVESTMENT ACT
CONSTRUCTION AGREEMENT**

between the

**UTAH RECLAMATION MITIGATION AND CONSERVATION COMMISSION
and
DUCHESNE COUNTY WATER CONSERVANCY DISTRICT,**

for the

**Rehabilitation and/or Replacement of Two Diversion Structures
On the Duchesne River, Utah**

I. Authority

This Agreement, hereinafter the AGREEMENT, between the Utah Reclamation Mitigation and Conservation Commission, hereinafter the COMMISSION and the Duchesne County Water Conservancy District, hereinafter Duchesne County WCD, jointly and collectively known as the PARTIES, is made and entered into pursuant to the Act of Congress of June 17, 1902 (32 Stat. 388), and acts amendatory thereof or supplementary thereto, the Act of April 11, 1956 (70 Stat. 105, 43 U.S.C. 620, et seq. (1982)); and especially pursuant to the provisions of Titles II through VI of the Reclamation Projects Authorization and Adjustment Act of 1992, (P.L. 102-575), and acts amendatory thereof or supplementary thereto, all of which acts are commonly known and referred to as Reclamation Laws; and the American Recovery and Reinvestment Act of 2009 (Recovery Act) (P.L. 111-5).

Titles II through VI of the Reclamation Projects Authorization and Adjustment Act of 1992 contain the Central Utah Project (CUP) Completion Act (the Act), which provides for an orderly completion of the CUP, the largest participating project of the 1956 Colorado River Storage Project (CRSP), by authorizing an increase in the original appropriations ceiling for the CUP. Titles III and IV specifically address fish, wildlife, and outdoor recreation mitigation and conservation opportunities. Section 303 of the Act authorizes mitigation activities described herein. Title III of the Act also established the Commission to plan and administer the expenditure of federal funds appropriated under Titles III and IV.

The American Recovery and Reinvestment Act of 2009 was enacted to preserve and create jobs and promote economic recovery; to assist those most impacted by the recession; to provide investments needed to increase economic efficiency by spurring technological advances in science and health; to invest in transportation, environmental protection, and other infrastructure that will provide long-term economic benefits; and to stabilize State and local government budgets, in order to minimize and avoid reductions in essential services and counterproductive state and local tax increases. This project addresses all of the purposes listed.

II. Background

The Duchesne River above its confluence with the Strawberry River in central Utah is used extensively as a source of irrigation water, and supports a high quality sport fishery. Diversion of surface water for irrigation along the river is typically done without the benefit of permanent structures, and/or requires heavy machinery in the river channels to perform maintenance work annually or more frequently. During periods of low flow, temporary rock dams are constructed in the river channel to direct water to the headworks of irrigation canals. These temporary dams frequently operate as “dry dams”, are often fish migration barriers, require construction and maintenance that is disruptive to aquatic and riparian life, and are marginally effective from a diversion standpoint.

Section 203(a)(5) of the CUP Completion Act authorized \$2.3 million in federal funds for the rehabilitation or replacement of diversion structures on the Duchesne and Strawberry river systems. The funds are authorized under Section 8 of CRSPA; as such, the funds must be used for fish, wildlife or related recreation purposes. The Commission and the Duchesne County WCD have completed rehabilitation of nine diversion structures on the river since 1999. The CUPCA funds are nearly expended. The Recovery Act funds will be used to complete the rehabilitation and/or replacement of the last two major diversions on Duchesne River in the project area.

III. Purpose

The purpose of this Agreement is to establish a cooperative relationship and to obligate funds for the replacement and/or rehabilitation of selected diversion structures on the Duchesne River upstream of its confluence with Strawberry River in Duchesne County, Utah, so that habitat conditions for fish and wildlife and related recreational opportunities are restored or improved.

IV. Term of Agreement

This AGREEMENT shall become effective upon execution by the PARTIES and shall remain in force and effect until September 30, 2010.

V. Specific Obligations of the Parties

A. The Parties Mutually Agree:

1. The Parties agree to cooperate fully in implementing the cooperative program described herein, to rehabilitate or reconstruct two diversions diversion structures on the Duchesne River: the New Tabby Diversion and the Jasper-Pike Diversion. The design and construction of the structures should achieve the following objectives:
 - a) Provide for fish passage in both upstream and downstream directions and if warranted, diversions will be designed with screens or other measures to prevent diversion of fish into canals;

- b) Provide bypass capability for bypass of instream flow water, or for bypass of irrigation water for downstream users;
 - c) Provide for automated operation and instrumentation to accurately measure and operate diversions, thereby regulating instream flows more effectively;
 - d) Reduce or eliminate the need for annual maintenance requiring heavy equipment to be operated in the river or on riparian vegetation;
 - e) Increase stability of structures, thereby reducing threat of calamitous failure and damage to riparian and aquatic habitats;
 - f) Gather information regarding the costs, engineering obstacles, environmental impacts, and effects of the rehabilitation or replacement of three selected diversion projects initially, in order to allow for evaluation of the effects of these measures if implemented on additional structures in the Project Area. Information will be used in subsequent NEPA analyses and documentation.
2. The Parties agree to arrange for, or confirm, all necessary compliance with Federal and state laws.
 3. The Parties agree to review progress of work done under this Agreement and notify one another in advance of substantive changes in work to be done or expected accomplishments. All such changes shall be subject to negotiation, agreement, and modification of this Agreement pursuant to Article VIII herein.
 4. The Commission shall not be held responsible for, and shall be indemnified and held harmless by the Duchesne County WCD with respect to damages or third party claims resulting from the modification, construction, operation, maintenance and replacement by the Duchesne County WCD or any third party contractor of any feature in implementation of this Agreement.
 5. The Parties will meet at least quarterly to review progress and discuss the Agreement.
 6. Neither the Commission nor the Duchesne County WCD acquire title or other ownership interest in the rehabilitated or constructed facilities as a result of participating in this Agreement, unless specifically and mutually agreed by the Parties through other agreements not incorporated herein. Ownership will stay with the original owners.
 7. Neither the Commission nor the Duchesne County WCD assume any responsibility for any operation, maintenance, or subsequent replacement costs, actions or liabilities of or for facilities affected by this Agreement.

B. The Commission will:

1. The Commission will reimburse the Duchesne County WCD for all reasonable expenses, equipment and supplies necessary to complete the Scope of Work identified herein, up to \$725,000.00. No legal liability on the part of the COMMISSION for any payment may arise from performance under this AGREEMENT until funds are made available to the COMMISSION for performance.
2. The Commission will be responsible for NEPA compliance and other Federally-required consultations necessary to carry out the Scope of Work described herein. The Commission shall conduct this task in cooperation with the Duchesne County WCD.
3. The Commission will consult with the U.S. Fish and Wildlife Service, Utah Division of Wildlife Resources, and Duchesne County WCD for the purposes of reviewing and obtaining approval for designs and specifications for diversion structure replacement and/or rehabilitation; for determining if screens are warranted to prevent or reduce fish entering canals; and other related matters.
4. The Commission will review draft reports, designs, contracts and other relevant documents submitted for its review by the other Party in a timely manner.
5. The Commission will appoint a Project Officer to represent the Commission in all matters regarding this Agreement and designate staff responsible for monitoring implementation.

C. The Duchesne County WCD will:

1. The Duchesne County WCD will assume the lead role for coordinating, designing and constructing or rehabilitating the New Tabby and Jasper-Pike diversion structures on the Duchesne River, in Duchesne County, Utah .

If any subcontracts are utilized, the terms of the following clause shall apply:

UTILIZATION OF SMALL BUSINESS CONCERNS
AND SMALL DISADVANTAGED BUSINESS CONCERNS

It is the policy of the United States that small business concerns and small business concerns owned and controlled by socially and economically disadvantaged individuals shall have the maximum practicable opportunity to participate in performing grants and cooperative agreements awarded by any Federal agency.

The Duchesne County WCD hereby agrees to carry out this policy in the awarding of sub-agreements and contracts to the fullest

extent consistent with efficient grant/cooperative agreement performance. The Duchesne County WCD further agrees to cooperate on any studies or surveys as may be conducted by the United States Small Business Administration or the awarding agency of the United States as may be necessary to determine the extent of the recipient's compliance with this clause.

As used in this Agreement the term "small business concern" shall mean a small business as defined pursuant to the Small Business Act (15 U.S.C. 631 et seq.) and relevant regulations promulgated pursuant thereto. The term "small business concern owned and controlled by socially and economically disadvantaged individuals" shall mean a small business concern:

- a. Which is at least 51 percent owned by one or more socially and economically disadvantaged individuals; or in the case of any publicly owned business, at least 51 per centum of the stock of which is owned by one or more socially and economically disadvantaged individuals; and
- b. Whose management and daily business operations are controlled by one or more such individuals.

The Duchesne County WCD shall presume that socially and economically disadvantaged individuals include Black Americans, Hispanic Americans, Native Americans, Asian-Pacific Americans, Asian-Indian Americans and other minorities, or any other individual found to be disadvantaged by the Administration pursuant to the Small Business Act (15 U.S.C. 631 et seq.).

The Duchesne County WCD, acting in good faith, may rely on written representation by their sub-recipients or contractors regarding their status as either a small business concern or a small business concern owned and controlled by socially and economically disadvantaged individuals.

2. The Duchesne County WCD will provide draft copies of bid solicitations to the Commission prior to award of any subcontracts so the Commission may review said documents to ensure requested products and/or services will satisfy requirements in accordance with the Act and Article V.A.1. herein.
3. The Duchesne County WCD shall not perform or cause to be performed any modification, construction or replacement of any feature in implementation of this Agreement unless such action is in compliance with NEPA and other Federal fish, wildlife, recreation, and environmental laws and regulations and such proposed course of action has been approved by the Commission, where such approval is necessary.

4. The Duchesne County WCD will prepare and submit monthly progress reports to the Commission summarizing major accomplishments during the month, identifying proposed accomplishments for the next month, identifying issues or matters requiring resolution, and any other related matters. See also Section VI. AMERICAN RECOVERY AND REINVESTMENT ACT and Section VIII. PAYMENT OF FUNDS for additional reporting requirements.
5. Duchesne County WCD will be responsible for obtaining any and all permits, rights of way, easements, agreements with private irrigation companies or individuals, etc. as may be required to implement its Scope of Work described herein.
6. Provide all equipment, facilities and non-expendable supplies necessary to support Duchesne County WCD staff assigned to complete the Scope of Work described herein, which includes construction management, payments to construction contractors, costs of construction materials and costs of construction labor. Also included are administrative costs, engineering and design services, advertisement and award of contracts and bids.
7. The Duchesne County WCD shall submit to the Commission completed Standard Forms 424C, "Budget Information-Construction Programs" and 424D "Assurances - Construction Programs" attached hereto and incorporated herein, to the Commission's Project Officer.
8. The Duchesne County WCD will develop an internal fiscal process that provides financial reports to the Commission detailing expenditures in the following task categories on Form MCC-200: Project Oversight; Design; Construction. See also Article VIII. Payment of Funds.

VI. American Recovery and Reinvestment Act

Funds for this AGREEMENT are provided in whole or in part by the Federal Government from the American Recovery and Reinvestment Act, Public Law 111-5, (the Recovery Act) and the following provisions apply.

A. REQUIRED USE OF AMERICAN IRON, STEEL, AND MANUFACTURED GOODS—SECTION 1605 OF THE AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009 (2 CFR §176.140)

(a) **Definitions.** As used in this award term and condition—
 "Manufactured good" means a good brought to the construction site for incorporation into the building or work that has been --

(1) Processed into a specific form and shape; or

information for Federal Government evaluation of the request, including—

- (A) A description of the foreign and domestic iron, steel, and/or manufactured goods;
 - (B) Unit of measure;
 - (C) Quantity;
 - (D) Cost;
 - (E) Time of delivery or availability;
 - (F) Location of the project;
 - (G) Name and address of the proposed supplier; and
 - (H) A detailed justification of the reason for use of foreign iron, steel, and/or manufactured goods cited in accordance with paragraph (b)(3) of this term and condition.
- (ii) A request based on unreasonable cost shall include a reasonable survey of the market and a completed cost comparison table in the format in paragraph (d) of this term and condition.
- (iii) The cost of iron, steel, and/or manufactured goods material shall include all delivery costs to the construction site and any applicable duty.
- (iv) Any recipient request for a determination submitted after Recovery Act funds have been obligated for a project for construction, alteration, maintenance, or repair shall explain why the recipient could not reasonably foresee the need for such determination and could not have requested the determination before the funds were obligated. If the recipient does not submit a satisfactory explanation, the award official need not make a determination.
- (2) If the Federal government determines after funds have been obligated for a project for construction, alteration, maintenance, or repair that an exception to section 1605 of the Recovery Act applies, the award official will amend the award to allow use of the foreign iron, steel, and/or relevant manufactured goods. When the basis for the exception is nonavailability or public interest, the amended award shall reflect adjustment of the award amount, redistribution of budgeted funds, and/or other actions taken to cover costs associated with acquiring or using the foreign iron, steel, and/or relevant manufactured goods. When the basis for the exception is the unreasonable cost of the domestic iron, steel, or manufactured goods, the award official shall adjust the award amount or redistribute budgeted funds by at least the differential established in 2 CFR 176.110(a).

(3) Unless the Federal Government determines that an exception to section 1605 of the Recovery Act applies, use of foreign iron, steel, and/or manufactured goods is noncompliant with section 1605 of the American Recovery and Reinvestment Act.

(d) **Data.** To permit evaluation of requests under paragraph (b) of this term and condition based on unreasonable cost, the Recipient shall include the following information and any applicable supporting data based on the survey of suppliers:

FOREIGN AND DOMESTIC ITEMS COST COMPARISON			
Description	Unit of Measure	Quantity	Cost (Dollars)*
Item 1:			
Foreign steel, iron, or manufactured good			
Domestic steel, iron, or manufactured good			
Item 2:			
Foreign steel, iron, or manufactured good			
Domestic steel, iron, or manufactured good			

[List name, address, telephone number, email address, and contact for suppliers surveyed. Attach copy of response; if oral, attach summary.]
 [Include other applicable supporting information.]
 [* Include all delivery costs to the construction site.]

B. WAGE RATE REQUIREMENTS UNDER SECTION 1606 OF THE AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009 (29 CFR 5.5)

Note - Applicability to States and their Political Subdivisions: Davis-Bacon Act wage rate requirements **do not** apply to government agencies (such as States or their political subdivisions) where the construction work is performed by the government agency's own employees. Davis-Bacon Act wage rate requirements **do** apply to contracts issued by government agencies for construction work. Monitoring contractor performance and compliance is the primary responsibility of the DUCHESNE COUNTY WCD. The DUCHESNE COUNTY WCD agrees to comply with Article VI.B. for all construction activities performed with an estimated value that exceeds \$2,000.

(1)(a) Certified Payrolls. The DUCHESNE COUNTY WCD will obtain certified payrolls from all contractors and subcontractors performing construction activities in support of this agreement on a weekly basis. Further, the DUCHESNE COUNTY WCD

shall review a representative sample of the data within these payrolls as well as compare them with the independent inspection interviews conducted on site to ensure that all contractors and subcontractors are in compliance with the Prevailing Wage Rates that are Attachment A of this agreement. The Recipient shall provide the certified payrolls, the independent inspection documentation, and the documentation of reviews to the COMMISSION's Project Officer on a monthly basis.

b) Signage Requirements. The wage determination (including any additional classifications and wage rates conformed) and a Davis-Bacon poster (WH-3121) must be posted at all times by the DUCHESNE COUNTY WCD at the site of the work in a prominent and accessible place where it can be easily seen.

c) Independent Inspections. As part of the construction inspection responsibilities of the DUCHESNE COUNTY WCD, the DUCHESNE COUNTY WCD is responsible for ensuring that a sampling of interviews with on-site laborers are conducted on at least a weekly basis. This documentation is to be submitted to the COMMISSION's Project Officer at the same time as the certified payrolls are submitted.

d) Resolution. Resolution of apparent discrepancies noted between the prevailing wage rates and the certified payrolls is the responsibility of the DUCHESNE COUNTY WCD, the COMMISSION's Project Officer, and the contractor. Documentation of any resolutions must be provided to the COMMISSION's Project Officer in a timely fashion.

2. The Recipient shall comply with the following wage rate requirements. In the context of these provisions of this AGREEMENT, the following terms are held to be equivalent:

“Contracting Officer” and “Grants Officer”

a) Section 1606 of the Recovery Act requires that all laborers and mechanics employed by contractors and subcontractors on projects funded directly by or assisted in whole or in part by and through the Federal Government pursuant to the Recovery Act shall be paid wages at rates not less than those prevailing on projects of a character similar in the locality as determined by the Secretary of Labor in accordance with subchapter IV of chapter 31 of title 40, United States Code. These regulations apply to any sub-award made pursuant to this Agreement.

(1) Minimum wages. (i) All laborers and mechanics employed or working upon the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary

of Labor which is attached hereto as Attachment A and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics.

Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (a)(1)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in Sec. 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under paragraph (a)(1)(ii) of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(ii)(A) The contracting officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

- (1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and
- (2) The classification is utilized in the area by the construction industry; and
- (3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(B) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(C) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(ii) (B) or (C) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(iv) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

(2) Withholding. The DUCHESNE COUNTY WCD shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the contractor under this contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), all or part of the wages required by the contract, the COMMISSION may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(3) Payrolls and basic records. (i) Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work (or under the United States Housing Act of 1937, or under the Housing Act of 1949, in the construction or development of the project). Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(ii)(A) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the COMMISSION if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit the payrolls to the applicant, sponsor, or owner (the DUCHESNE COUNTY WCD), as the case may be, for transmission to the COMMISSION. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i), except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Web site at <http://www.dol.gov/esa/whd/forms/wh347instr.htm> or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to the COMMISSION if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit them to the applicant, sponsor, or owner, as the case may be, for transmission to the COMMISSION, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a prime contractor to require a subcontractor to provide addresses and social security

numbers to the prime contractor for its own records, without weekly submission to the sponsoring government agency (or the applicant, sponsor, or owner).

(B) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

- (1) That the payroll for the payroll period contains the information required to be provided under Sec. 5.5 (a)(3)(ii) of Regulations, 29 CFR part 5, the appropriate information is being maintained under Sec. 5.5 (a)(3)(i) of Regulations, 29 CFR part 5, and that such information is correct and complete;
- (2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR part 3;
- (3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(C) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (a)(3)(ii)(B) of this section.

(D) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and section 231 of title 31 of the United States Code.

(iii) The contractor or subcontractor shall make the records required under paragraph (a)(3)(i) of this section available for inspection, copying, or transcription by authorized representatives of the COMMISSION or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, the Federal agency may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

(4) Apprentices and trainees--(i) Apprentices. Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of

Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(ii) Trainees. Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the

corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(iii) Equal employment opportunity. The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended and 29 CFR part 30.

(5) Compliance with Copeland Act requirements. The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract.

(6) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses contained in 29 CFR 5.5(a)(1) through (10) and such other clauses as the COMMISSION may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR 5.5.

(7) Contract termination: debarment. A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

(8) Compliance with Davis-Bacon and Related Act requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract.

(9) Disputes concerning labor standards. Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

(10) Certification of eligibility. (i) By entering into this contract, the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's

firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(iii) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

C. RECOVERY ACT TRANSACTIONS LISTED IN SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND RECIPIENT RESPONSIBILITIES FOR INFORMING SUB-RECIPIENTS

(a) To maximize the transparency and accountability of funds authorized under the American Recovery and Reinvestment Act of 2009 (Public Law 111-5)(Recovery Act) as required by Congress and in accordance with 2 CFR 215, subpart 21 “Uniform Administrative Requirements for Grants and Agreements” and OMB A-102 Common Rules provisions, recipients agree to maintain records that identify adequately the source and application of Recovery Act funds.

(b) For recipients covered by the Single Audit Act Amendments of 1996 and OMB Circular -133, “Audits of States, Local Governments, and Non-Profit Organizations,” recipients agree to separately identify the expenditures for Federal awards under the Recovery Act on the Schedule of Expenditures of Federal Awards (SEFA) and the Data Collection Form (SF-SAC) required by OMB Circular A-133. This shall be accomplished by identifying expenditures for Federal awards made under Recovery Act separately on the SEFA, and as separate rows under Item 9 of Part III on the SF-SAC by CFDA number, and inclusion of the prefix “ARRA-” in identifying the name of the Federal program on the SEFA and as the first characters in Item 9d of Part III on the SF-SAC.

(c) Recipients agree to separately identify to each sub-recipient, and document at the time of sub-award and at the time of disbursement of funds, the Federal award number, CFDA number, and amount of Recovery Act funds. When a recipient awards Recovery Act funds for an existing program, the information furnished to sub-recipients shall distinguish the sub-awards of incremental Recovery Act funds from regular sub-awards under the existing program.

(d) Recipients agree to require their sub-recipients to include on their SEFA information to specifically identify Recovery Act funding similar to the requirements for the recipient SEFA described above. This information is needed to allow the recipient to properly monitor sub-recipient expenditure of Recovery Act funds as well as oversight by the Federal awarding agencies, Offices of Inspector General and the Government Accountability Office.

D. REPORTING AND REGISTRATION REQUIREMENTS UNDER SECTION 1512 OF THE AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009, PUBLIC LAW 111-5

In addition to the reporting requirements in Article VIII. PAYMENT OF FUNDS of this AGREEMENT, the following reporting requirements apply.

- (a) This award requires the recipient to complete projects or activities which are funded under the American Recovery and Reinvestment Act of 2009 (“Recovery Act”) and to report on use of Recovery Act funds provided through this award. Information from these reports will be made available to the public.
- (b) The reports are due no later than ten calendar days after each calendar quarter in which the recipient receives the assistance award funded in whole or in part by the Recovery Act.
- (c) Recipients and their first-tier recipients must maintain current registrations in the Central Contractor Registration (www.ccr.gov) at all times during which they have active federal awards funded with Recovery Act funds. A Dun and Bradstreet Universal Numbering System (DUNS) Number (www.dnb.com) is one of the requirements for registration in the in the Central Contractor Registration.
- (d) The recipient shall report the information described in section 1512(c) of the Recovery Act using the reporting instructions and data elements that will be provided online at www.FederalReporting.gov and ensure that any information that is pre-filled is corrected or updated as needed.
- (e) The report is to include, at a minimum:
 - i. Amount of recovery funds received
 - ii. Amount of funds obligated / expended; also unobligated balances
 - iii. Detailed list of project activities funded including name, description, evaluation of completion status, estimated numbers of jobs created and retained
 - iv. For infrastructure investments – purpose, total cost, and rationale
 - v. All sub-contracts (1st level, not sub-sub-contracts) are required to submit the same information required in (i) through (iv) of this part, with all data elements required by the Federal Funding Accountability and Transparency Act (FFATA) (P.L. 109-282).
- (f) Recipient’s Failure to Comply with Reporting Requirements - Noncompliance with reporting requirements requires immediate suspension of payments.

E. FRAUD

The DUCHESNE COUNTY WCD and each sub-recipient awarded funds made available under the Recovery Act shall promptly refer to an appropriate inspector general any credible evidence that a principal, employee, agent, contractor, sub-grantee, subcontractor, or other person has submitted a false claim under the False Claims Act or has committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct involving those funds.

F. WHISTLEBLOWER PROTECTIONS UNDER THE AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009

The following applies to the DUCHESNE COUNTY WCD and each contractor and subcontractor awarded funds made available under the Recovery Act:

(a) The DUCHESNE COUNTY WCD shall post notice of employees rights and remedies for whistleblower protections provided under section 1553 of the American Recovery and Reinvestment Act of 2009 (Pub. L. 111-5).

(b) The DUCHESNE COUNTY WCD shall include the substance of this clause including this paragraph (b) in all contracts or subcontracts.

VII. Project Officers

For the Commission:

Mark Holden
Projects Manager
Utah Reclamation Mitigation and Conservation Commission
230 South 500 East, Suite 230
Salt Lake City, Utah 84102
(801) 524-3146 FAX (801) 524-3148

For the Duchesne County WCD:

Randy Crozier, General Manager
Duchesne County Water Conservancy District
855 East 200 North, Suite 112-10
Roosevelt UT 84066
(435) 722-4977 FAX (435) 722-4827

VIII. Payment of Funds

The Duchesne County WCD shall submit to the Commission a completed reimbursement request at or near the end of each month. The reimbursement request shall be submitted with supporting documentation for actual expenditures incurred under this Agreement and *must* include the following forms:

- | | |
|---------------------|---|
| 1. SF-270 | Standard Form 270 Request for Reimbursement |
| 2. MCC-100 | Mitigation Commission Reimbursement Form |
| 3. MCC-200 | Mitigation Commission Task Breakdown Form for the following tasks: Project Administration; Design; Construction |
| 4. Narrative Report | Description of activities and accomplishments under each approved task. Identify activities planned for next quarter. |
| 5. MCC -300 | Property and Capital Equipment Inventory (<i>Only prepare if property or capital equipment is purchased</i>) |
| 6. SF-269A | Standard Form Financial Status Report (<i>Only prepare with final request for reimbursement</i>) |

The Duchesne County WCD shall retain all original receipts, invoices, vouchers, etc. substantiating all expenditures requested for reimbursement. Said records will be available for examination by the COMMISSION or its auditors during Duchesne County WCD's normal business hours for a period of 3 years after Duchesne County WCD's final invoice, to the extent required to verify the cost incurred hereunder.

The Duchesne County WCD shall retain all original receipts, invoices, vouchers, etc. substantiating all expenditures requested for reimbursement. These documents shall be made available to the Commission upon request. All completed reimbursement requests shall be mailed to:

Utah Reclamation Mitigation & Conservation Commission
 Attn: Financial Officer, Channa Vyfvinkel
 230 South 500 East, Suite 230
 Salt Lake City, Utah 84102

The Commission's Project Officer will provide a timely verification and approval of the reimbursement request. Upon approval, the Commission will authorize the Duchesne WCD to utilize the Department of Treasury's Automated Standard Application for Payments [ASAP] system to request reimbursement. ASAP is a recipient-initiated payment and information system designed to provide a single point of contact for the request and delivery of Federal funds. Once a request is made through ASAP, funds are provided to the recipient either through ACH or Fedwire.

The Duchesne County WCD is required to submit, independently, a completed Standard Form 269A, Financial Status Report, along with the final request for reimbursement.

IX. Modifications

Modifications to this Agreement may be proposed by either Party and shall become effective only upon being reduced to a written instrument executed by signature of all Parties.

The Duchesne County WCD will assume all risks, liabilities, and consequences of performing additional work outside their approved Annual Work Plan unless prior written approval is secured from the Commission's Project Officer.

X. Termination

This Agreement may be terminated by the Mitigation Commission or the Duchesne County WCD prior to the completion date specified in Article IV only upon sixty (60) days written notice to the other Parties. Upon receipt of such written notice, the Duchesne County WCD will provide an accounting of remaining funds and outstanding contractual obligations of funds.

The Commission shall pay for all work which, in the exercise of due diligence, the Duchesne County WCD is unable to cancel prior to the effective date of termination. Payments made under this Agreement, including payments under this article, shall not exceed the amount identified in Article V.B.1.

XI. Resolving Disagreements

The Parties agree to work harmoniously to achieve the objectives of the project. When disagreements arise, they must be resolved according to the procedures discussed below:

1. The Parties shall attempt first to resolve disagreements through informal discussion among the subordinate staff responsible for project implementation.
2. If the disagreement cannot be resolved through informal discussion, each shall document the nature of the disagreement and bring it to the attention of their respective Project Officers.
3. After reviewing the facts of the disagreement, the Project Officers will arrange a formal meeting. The Parties will collectively decide on any varied approaches which might be used to resolve the disagreement. The Parties shall be responsible for their individual expenses related to any approach utilized to resolve the disagreement.
4. Ultimately, if all other attempts at resolving the disagreement fail, a decision will be made by the Commission whose decision shall be final and conclusive.

XII. Equipment and Supplies Ownership, Disposition, and Management

Title to all equipment and supplies acquired with cooperative agreement funds shall be vested in the recipient, subject to the condition that the equipment and supplies shall be used for the authorized purpose of the project. Should the recipient wish to take unrestricted title, dispose or change the use of equipment and supplies so acquired, such transaction shall be governed by 43 CFR 12.71 - 12.73 (OMB Circular a-102).

Unless otherwise specified in this AGREEMENT, all procurement of equipment and supplies in excess of \$10,000 using agreement funds shall be approved in writing by the COMMISSION prior to the transaction being initiated. In addition, a physical inventory of all property acquired with AGREEMENT funds greater than \$500 shall be taken and the results provided to the COMMISSION by January 31 of every year. The results of the inventory shall be reconciled with the MCC-300, and any differences shall be investigated to determine the cause of the difference and shall be reported in the annual report.

XIII. Contingent Upon Appropriation

The liability of the Commission under this Agreement is contingent upon appropriation and reservation of funds being made therefore.

XIV. Office of Management and Budget (OMB) Circulars

The following OMB Circulars are incorporated herein by reference and apply to State and Local Governments:

1. 2 CFR Part 225 (Circular A 87), "Cost Principles for State, Local, and Indian Tribal Governments".
2. Circular A-102, as amended August 29, 1997, "Grants and Cooperative Agreements with State and Local Governments" (Grants Management Common Rule, Codification by Department of Interior, 43 CFR 12, Subpart C)
3. Circular A-133, revised June 27, 2003, "Audits of States, Local Governments, and Non-Profit Organizations"

XV. Data Files

All data files (including hardcopy, electronic and magnetic data formats) developed in fulfillment of the terms of this AGREEMENT shall become property of the COMMISSION (this includes but is not limited to GIS coverages, databases, reports, inventories, drawings, maps, etc.). Prior to final payment being made, the COMMISSION's Project Officer shall be contacted to determine the disposition of data. If any subcontracts are utilized, the terms of this Article shall apply:

IN WITNESS WHEREOF, each party hereto has caused this Agreement to be executed by an authorized official on the day and year set forth below.

WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.

=====

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29 CFR 5.5(a)(1)(ii)).

In the listing above, the "SU" designation means that rates listed under the identifier do not reflect collectively bargained wage and fringe benefit rates. Other designations indicate unions whose rates have been determined to be prevailing.

11. Will comply, or has already complied, with the requirements of Titles II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) which provides for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal and federally assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.
12. Will comply with the provisions of the Hatch Act (5 U.S.C. §§ 1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.
13. Will comply, as applicable, with the provisions of the Davis-Bacon Act (40 U.S.C. §§ 276a to 276a-7), the Copeland Act (40 U.S.C. § 276c and 18 U.S.C. § 847), the Contract Work Hours and Safety Standards Act (40 U.S. §§ 327-333) regarding labor standards for federally assisted construction subagreements.
14. Will comply with the flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which required recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is \$10,000 or more.
15. Will comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (E.O.) 11514; (b) notification of violating facilities pursuant to E.O. 11738; (c) protection of wetlands pursuant to E.O. 11990; (d) evaluation of flood hazards in floodplains in accordance with E.O. 11988; (e) assurance of Project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§ 1451 et seq.); (f) conformity of Federal actions to State (Clean Air) Implementation Plans under Section 176(c) of the Clean Air Act of 1955, as amended (42 U.S.C. § 7401 et seq.); (g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended, (P.L. 93-523); and (h) protection of endangered species under the Endangered Species Act of 1973, as amended, (P.L. 93-205).
16. Will comply with the Wild and Scenic Rivers Act of 1968 (16 U.S.C. §§ 1271 et seq.) Related to protecting components or potential components of the national wild and scenic rivers system.
17. Will assist the awarding agency in assuring compliance with Section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. 470), E.O. 11590 (identification and preservation of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. 469a-1 et seq.).
18. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act of 1984.
19. Will comply with all applicable requirements of all other Federal laws, Executive Orders, regulations and policies governing this program.
