† Except where otherwise noted at option of owner. In case of Treasury bonds now outstanding, such bonds may be redeemed on or before maturity, and 4 months' notice of redemption must be given.

\* Treasury bills are noninterest-bearing and are sold on a discount basis with competitive bids for each issue. The average sale price of these series gives an approximate yield on a bank discount basis as above indicated. Approximate yield if held to maturity.

**TAX EXEMPTIONS:**

(\*) Exempt from the payment of all taxes or duties of the United States, as well as from all taxation in any form by or under State, municipal, or local authority. (The Supreme Court has held that this exemption does not extend to estate or inheritance taxes, imposed by Federal or State authority.)

(b) Exempt, both as to principal and interest, from all taxation now or hereafter imposed by the United States, any State, or any of the possessions of the United States, or by any local taxing authority, except (a) estate or inheritance taxes, and (b) graduated additional income taxes, commonly known as surtaxes, and excess profits and war-profits taxes, now or hereafter imposed by the United States, upon the income or profits of individuals, partnerships, associations, or corporations. The interest on an amount of bonds authorized by the act approved September 24, 1917, as amended, the principal of which does not exceed in the aggregate \$5,000, owned by any individual, partnership, association, or corporation, shall be exempt from the taxes provided for in clause (b) above.

(c) Exempt, both as to principal and interest, from all taxation now or hereafter imposed by the United States, any State, or any of the possessions of the United States, or by any local taxing authority, except (a) estate or inheritance taxes, and (b) graduated additional income taxes, commonly known as surtaxes, and excess-profits and war-profits taxes, now or hereafter imposed by the United States, upon the income or profits of individuals, partnerships, associations, or corporations. The interest on an amount of bonds authorized by the act approved September 24, 1917, as amended, the principal of which does not exceed in the aggregate \$5,000, owned by any individual, partnership, association, or corporation, shall be exempt from the taxes provided for in clause (b) above. For the purposes of determining taxes and tax exemptions the increment in value of savings bonds represented by the difference between the price paid and the redemption value received (whether at or before maturity) shall be considered as interest.

Attention is invited to Treasury Decision 4660 ruling that bonds, notes, bills, and certificates of indebtedness of the Federal Government or its agencies, and the interest thereon, are not exempt from the gift tax.

(\*) Exempt, both as to principal and interest, from all taxation (except estate or inheritance taxes) now or hereafter imposed by the United States, any State, or any of the possessions of the United States, or by any local taxing authority.

(c) Exempt, both as to principal and interest, from all taxation (except estate or inheritance taxes) now or hereafter imposed by the United States, any State, or any of the possessions of the United States, or by any local taxing authority; and the amount of discount at which Treasury bills are originally sold by the United States shall be considered to be interest within the meaning referred to herein.

Any gain from the sale or other disposition of Treasury bills shall be exempt from all taxation (except estate or inheritance taxes), now or hereafter imposed by the United States, any State, or any of the possessions of the United States, or by any local taxing authority; and no loss from the sale or other disposition of such Treasury bills shall be allowed as a deduction, or otherwise recognized for the purposes of any tax now or hereafter imposed by the United States or any of its possessions.

¶ In hands of foreign holders.—Bonds, notes, and certificates of indebtedness of the United States, shall, while beneficially owned by a nonresident alien individual, or a foreign corporation, partnership, or association, not engaged in business in the United States, be exempt both as to principal and interest from all and all taxation now or hereafter imposed by the United States, any State, or any of the possessions of the United States, or by any local taxing authority.

**RECEIVABILITY IN PAYMENT OF CERTAIN TAXES:**

**Federal Estate or Inheritance Taxes.**—Treasury bonds and Treasury notes, bearing interest at a higher rate than 4 per centum per annum, which have been owned by any person continually for at least 6 months prior to the date of his death and which upon such date constitute part of his estate are receivable by the United States at par and accrued interest in payment of Federal estate taxes.

¶ **Federal Income and Profits Taxes.**—Treasury notes, Treasury certificates of indebtedness, and Treasury bills, maturing on tax payment dates, are receivable at par in payment of income and profits taxes payable at the maturity of the notes, certificates, or bills.
