PAYROLL DEDUCTION PROGRAMS

- ❖ **FLEX SPENDING ACCOUNT: A PRE-TAX REIMBURSEMENT PLAN.** DRI offers employees the opportunity to take advantage of Section 125 of the IRS Code through ASI, a plan that enables employees to estimate the annual cost of the following non-reimbursable expenses and have them deducted from their gross pay before taxes: dependent health care premiums, physician, hospital and medication co-pays, dependent care and day care expenses. Section 125 may also be used to pay supplemental insurance premiums with pre-tax dollars.
- ❖ **HEALTH SAVINGS ACCOUNT (HSA):** Participants may use a HSA to pay certain qualifying health care expenses directly. To qualify for the HSA you must be enrolled in the CD PPO HDHP. The employee may contribute pre-tax dollars to the account. The account may earn interest and investment options may be available once the account balance reaches a certain limit. Unused dollars in the account carry over from year to year. The accounts are portable; should the employee leave employment or change to a non-qualifying health plan in future years, the HSA remains with the individual.
