(August 16, 2006)

Date: August 11, 2006

Background:

The Bureau of Reclamation (Reclamation) distributed a *Draft Fish Augmentation Plan* to the LCR MSCP Steering Committee (Steering Committee) for review on March 20, 2006 and posted it on the LCR MSCP website. The draft document was reviewed by a technical work group, as part of the Implementation Report Work Group (Work Group) meetings held in Phoenix on May 22 and 23, 2006, to obtain input and comments.

Based on the Work Group discussions and other comments received by Reclamation, revisions were made to the document addressing the issues raised by the commenters. The *Final Fish Augmentation Plan (August 16, 2006)* was distributed to the Steering Committee on August 16, 2006, and posted on the LCR MSCP website. The Work Group hereby presents the document to the Steering Committee for acknowledgement.

Draft Motion:

Move that the LCR MSCP Steering Committee acknowledge the *Final Fish Augmentation Plan (August 16, 2006)*.
