

## **Protection of Flat-tailed Horned Lizard Habitat**

### **Motion 10-002**

The Steering Committee approved by consensus Reclamation securing 230 acres of existing unprotected occupied flat-tailed horned lizard habitat within the Salt Creek Area of Critical Environmental Concern (ACEC) of the Dos Palmas Conservation Area for a total of \$276,000. PDD 10-001 provides supporting documentation (moved by Bill Werner, seconded by Michael Remington)
