

## Work Task C14: Humpback Chub Program Support

FY07 Estimates	FY07 Actual*	Cumulative Accomplishment Through FY07	FY08 Approved Estimate*	FY09 Proposed Estimate	FY10 Proposed Estimate	FY11 Proposed Estimate
\$10,000	\$68	\$38,297	\$10,000	\$200,000	\$0	\$0

\*Funds were transferred as part of 3-year agreement in FY06.

**Contact:** Tom Burke, (702) 293-8310, [tburke@lc.usbr.gov](mailto:tburke@lc.usbr.gov)

**Start Date:** FY 05

**Expected Duration:** FY 55

**Long-term Goal:** Provide \$10,000 per year to support humpback chub (HUCH) conservation.

**Conservation Measures:** HUCH1.

**Location:** Grand Canyon, AZ; Willow Beach, AZ.

**Purpose:** Provide financial support to the Glen Canyon Dam AMP for conservation of HUCH.

**Connections with Other Work Tasks (past and future):** This work is connected to B2 as money will be transferred to USFWS through an agreement for activities at Willow Beach NFH.

**Project Description:** The LCR MSCP will provide \$10,000 per year for 50 years to the Glen Canyon Dam AMP, or other entity approved by USFWS, to support implementation of planned, but unfunded species conservation measures.

**Previous Activities:** Based upon recommendations from the Glen Canyon Dam Adaptive Management Program, funds were provided to USFWS at Willow Beach NFH in FY06 to support care of HUCH from the Little Colorado River held on station. To reduce overhead and eliminate repetitive administrative costs, funds were provided for a 3-year period (FY06-08).

**FY07 Accomplishments:** Monitored progress on agreement with USFWS.

**FY08 Activities:** Monitor progress on agreement with USFWS, and hold coordination meeting with Glen Canyon AMP to identify new work tasks for FY09.

**Proposed FY09 Activities:** Develop and implement multi-year strategy to support HUCH recovery based on coordination meeting with Glen Canyon AMP.

**Pertinent Reports:** At the end of the 3-year period a report will be developed and will be available upon request from the LCR MSCP.
