
Elizabeth Nashold

Director, Fleet Installations and Environment (N46) U.S. Fleet Forces Command

Ms. Nashold graduated with distinction from the U.S. Naval Academy in 1991 with a Bachelor of Science degree in Systems Engineering. She also holds a Master of Engineering degree in Environmental Engineering from the University of Florida with a sub-specialty in hydrologic sciences.

Ms. Nashold entered active duty as a Civil Engineer Corps (CEC) Officer, and her first tour of duty was as Assistant Resident Officer in Charge of Construction (AROICC) at the Naval Air Station, Jacksonville Florida. After a two-year tour, she served as the Facilities Manager for the Naval Hospital in Jacksonville. Following this tour, Ms. Nashold attended graduate school at the University of Florida to obtain her Environmental Master of Engineering Degree. She then served as Assistant Operations Officer and Detail Officer in Charge in Naval Mobile Construction Battalion FIVE in Port Hueneme California from 1996 – 1998, with a deployment to Okinawa Japan and additional details to Norfolk Virginia and Haiti. Following her Battalion tour, Ms. Nashold served as the Assistant Production Officer and Flag Housing Officer at the Navy Public Works Center in Norfolk, Virginia. She then served as the Environmental Officer at Commander, U.S. Atlantic Fleet from 2000 – 2002.

Ms. Nashold departed active duty in March 2002 and continued service to the Atlantic Fleet as the National Environmental Policy Act (NEPA) Program Manager from 2002 – 2005. She then worked as a Program Analyst in the U.S. Fleet Forces Command Executive Directorate from 2005 – 2006. In 2006, Ms. Nashold moved to Hawaii, where she served as an Environmental Engineer at Commander, U.S. Pacific Fleet. She also served as the Head of Facilities Support and Environmental Planning for Naval Facilities Engineering Command, Hawaii between July 2008 and June 2009. Ms. Nashold then served as the U.S. Fleet Forces Command Environmental Readiness Division Resources and Planning Branch Head / Principal Advisor to the Environmental Readiness Division Head for U.S. Fleet Forces Command from June 2009 – March 2013. Ms. Nashold most recently served in a dual-hatted capacity as the Navy Region Mid-Atlantic Environmental Program Director and the Naval Facilities Engineering Command Mid-Atlantic Environmental Business Line Coordinator from March 2013 to May 2016.

In May 2016, Ms. Nashold was selected to be Director, Fleet Installation and Environmental Directorate (N46) at U.S. Fleet Forces Command (USFF) in Norfolk VA, responsible for directing the design, implementation, and management of programs to align the Fleet's activities in accordance with environmental statutes, as well as overseeing Fleet installation and energy portfolios.

Ms. Nashold is a licensed professional engineer in the state of Virginia and is a graduate of the USDA's Executive Potential Program. She received Meritorious Civilian Service Awards in 2006 and 2014 and has also achieved Level III certification in the Defense Acquisition Workforce.
